### JURY ACQUITS

#### ARTHUR MILLS

VERDICT OF NOT GUILTY REACHED IN SHORT TIME BY JURY AFTER JUDGE'S CHARGE

The Mills case closed last Saturday and the Jury, after deliberating fifteen minutes, returned a verdict of not guilty.

Arthur Mills was tried on a charge of killing his father, C. C. Mills, on the Mills ranch, in the western part of this county, on the night of May 8, 1908. The State's chief witness was Hayner Patton, who was employed on the ranch at the time of the killing. At the examining trial shortly after the tragedy, Patton was adjudged insane and placed in the asylum at Terrell. He was released shortly afterwards and returned to Haskell. At the session of the recent grand jury, an indictment was found against young Mills, who was then attending the law department of the State University at Austin. Mills was arrested at once, brought back here and tried. The trial was attended by large crowds every day and a great deal of interest was taken in the case by the people. Physicians were placed on the witness stand during the trial, who declared that Patton's mind is still feeble.

Toward the close of the trial, Mills himself, took the stand and gave his story of the mysterious killing of his father. He was severely cross-examined by District Attorney Scully, but he stuck to his story and, from the verdict rendered, convinced the jury of his innocence.

**Unsuccessful Operation Here.**  
Dick Barron, of near Ivan, was operated upon by physicians here last week for a tumor which had grown on his right side. The tumor, which was extremely large, was removed and the operation was so successful that he was able to return home Tuesday morning after having been here but six days.

### Dies This Morning.

Mrs. Elizabeth Morris died this morning at the residence of G. W. Bishop in northwest Graham. She came in on last night's train from a visit to her brothers and sisters in Titus County, Texas, and expected to go out this morning to her home, which she makes with her daughter, Mrs. M. J. James, in Ming Bend, but was taken seriously ill during the night and was found in an unconscious condition this morning and died before the doctors could arrive. She was apparently in her usual good health and did not seem to be worn or worried from her trip when she retired last night. She was near eighty years old and leaves one daughter and several grandchildren to mourn her departure.

The remains will be carried to the James home today and buried in the Ming Bend Cemetery at 10 o'clock tomorrow.

### Tommy's Wife.

The three-act comedy, "Tommy's Wife," will be presented by local talent, under the direction of Miss Kaykendall, at the opera house Friday night, October 11, for the benefit of a fund being raised to place electric lights in the Graham High School building.

Besides the comedy, which is rich in humor, there will be plenty of splendid specialties and a chorus which is unusually good. Miss Kaykendall has given our people some of the very best entertainments we have ever had, and as this one will be given for the benefit of a fund which will profit all, she should be accorded the largest crowd which has ever attended a home talent play here. The Leader will have more to say of "Tommy's Wife" next week. Look for it. But in the meantime talk it over with your friends and insist that everybody attends.

### Big Cattle Deal.

Clark & Jackson sold last Monday to Johnny Washington, forty cars of cattle, which were shipped to Oklahoma Tuesday. This is the largest cattle deal that has been made here this season.

### OUR OIL MILL STARTED YESTERDAY

COTTON OIL MILL STARTS ON SEASON'S RUN WITH BRIGHTEST PROSPECTS IN MANY YEARS

The Graham Cotton Oil Mill started yesterday on this season's run. Prospects for a splendid business are much brighter than they have been in several years on account of the increase in the cotton acreage in this section of the country and improved crop conditions. The mill will work over thirty men this season and will run day and night until closing time next spring if sufficient seed can be secured at reasonable prices.

F. F. Parrish will be the manager again this year. He has been busily engaged for some time past in getting everything in readiness for a record run this season and everything is now in fine shape and seed is being received from all over the surrounding towns, a great deal being hauled by wagon from Newcastle, Woodson, Murray, Banger and Loving, besides several wagons of the mill which are on the road continually. The Graham Cotton Oil is one of the very best in all West Texas and they are sure to do a big business this season.

At the Methodist Church. The subject for the morning sermon at the Methodist Church next Sunday will be "Peter's Method of Stirring up the Church"—a mild but efficient means.

H. Buckler, one of the progressive farmers out at Proffitt, was in to see us last Monday. He said that he had put up six or seven thousand bundles of feed from his first crop and that he would have lots more to gather before winter sets in. The cotton out there is extra good and the people are as busy as bees.

### Merchants Enjoy Good Trade.

Our merchants have this week been enjoying a good trade, although it is not quite what they would like owing perhaps to the fact that the country people are too busy picking cotton and caring for their feedstuff to come to town. But those who do come are either buying good bits of goods and paying cash or straightening up old accounts which have been accumulating for the past three years.

The Leader has been getting its share of collections on subscriptions for which we feel thankful, and all other lines of business seems to be doing extremely well. Of course the real busy season will not open before the first of next month, but things are so much better than they have been for the past four years that it seems to have already begun. Then too, Graham is receiving cotton and business from over a larger section of country than any town in West Texas and our merchants are rustling after trade. Cotton has been coming in at a lively rate this week, some of it from a distance of over forty miles.

### Concert Season Closes.

The free open air concerts by the Firemen's Band closed last Friday night. There was a good crowd in attendance and the program which was shorter than usual, seemed to please the people. These open air concerts have attracted large crowds every Friday night through the summer, many people coming from several miles in the country and the town folks turning out in full force. The concerts will be resumed next May and continued through the warm months, if nothing happens to keep the boys from putting in good practice hours during the winter season. This they fully expect to do and are now making plans to arrange a special program to be put on at the Opera House about Christmas.

A. J. Wheat, one of the prominent farmers of the northern part of the county, and who was for years county commissioner from his precinct, was looking after business and talking with old friends here yesterday.

### ROCK ISLAND REPAIRING ROAD

FIFTY THOUSAND DOLLARS TO BE SPENT IN REPAIRING BRANCH ROAD BETWEEN THIS CITY AND BRIDGEPORT

It will be good news to many of our readers to know that the Rock Island railroad has started work on their Graham branch and that by January 1, next, the road to this end of the line will be equal to that between Bridgeport and Fort Worth. This was decided upon shortly after Mayfield's visit here, but the undertaking was so large that it took until a few days ago to get in readiness to take up the work in earnest. We are reliably informed that the Rock Island people have set aside \$50,000.00 to be used in this work and that new rails and ties will be put in on every foot of the line and the road leveled up until there will be but little jolting or bumping of the coaches. After this is done it is believed by some that the trip to Fort Worth will be made in much shorter time and the night schedule will be more closely kept. By the middle of this month a great deal of the work will already have been done, but it will require until the first of the year to complete the good work started.

### W. L. Nelson Dead.

R. E. Lynch, cashier of the Beckham National Bank of this city, received a message from his wife at Albany Tuesday evening, informing him of the death of her father, W. L. Nelson, at his home in that city that morning. Mr. Nelson was one of Albany's leading business men and will be greatly missed by the citizens of that town. He was fifty years old and had been in health for a long time, and had undergone several operations recently and spent nearly a year in the sanitarium at Temple, Texas. Many friends of Mrs. Lynch will be in sympathy with her sorrow.

### Old Pioneer Here.

Joshua B. West, who is visiting City Street Commissioner Sam Copeland, was one of the first settlers in Young county. He was down town Monday talking with old friends and among other things, said he was on Salt Creek in 1865 and worked a month at the old salt works near where Graham now stands for five hundred pounds of salt. He traded one hundred pounds of salt for one hundred pounds of pork, which shows the value of salt in those days. He remembers shooting a buffalo twice near the present site of Graham yet failed to bring him down. Most everyone in those days had plenty of buffalo meat, also deer and turkey meat. Mr. West is seventy-five years old and recalls with pleasant memory his association with A. B. Med'an, L. P. Brooks and other early settlers in this county.

### Old Maud Did It.

The Leader was over a day late last week. It was the fault of "Maud," our gasoline engine. Everything was in readiness on time for the press work on the last run of the Leader, but Maud refused to do her part and we were at our wits' end until we persuaded her to pull us out and by that time we were over twenty-four hours behind time. We tried most everything on her and sat up all night Thursday night trying to find some excuse or reason for her refusal to work and Friday morning got everything to working as usual and got the papers in the mail. Those who have had to contend with gasoline engines will overlook the lateness of last week's paper, we are sure, for there is nothing on earth quite so provoking there never will be any will quit work on a thing that our little and we not be the

Kinard-Bryant.

Mr. Albert Kinard and Miss Ruby Bryant were united in marriage at the bride's home, 609 Tyler Street Waco, Texas, Tuesday evening, September 17, at 8 o'clock, by Rev. Benjamin S. Crow, of Loving.

This wedding was a very impressive affair, the minister using that most beautiful ritualistic ring ceremony.

The home was brilliantly lighted and decorated with greenery and beautiful colors. In one corner of the parlor hung a snowy white bell with the letters K. and B. draped just beneath.

There were four attendants, who preceded the bride and groom, and at the sound of the wedding march marched to the bower of beauty and formed a square, the minister taking his position just to the right, and the couple stepping to the center just under the bell. It was indeed a sacred occasion, with per-

fect quietness as the holy bonds were administered. Many were the congratulations from friends and loved ones.

The bridal party and the guests were served to ice cream and cake, while most appropriate music was being rendered. Only a few relatives, including Mr. and Mrs. W. R. Bryant and daughter of Dallas, were present. Some friends of the city were invited guests. Some substantial and lovely gifts were sent them.

The couple departed for their future home, at 8 o'clock. They will be domiciled on Grand Avenue, Beaumont, Texas.

Mr. Kinard is a newspaper man with the Daily News, a circulation manager.

Miss Bryant has lived in Waco many years and is a very accomplished young lady.

We wish them great success and many happy days in life's journey. U. D. M.

**Baraca Class Entertained.**  
Mr. and Mrs. J. T. Rickman entertained fifty guests Friday evening from 8 to 11 o'clock, with a "contest party," in honor of the Baraca Sunday School Class of the Baptist Sunday School.

The first contest was forming a sentence with twenty-five letters pinned in various places in the different rooms. Miss Mizell was the first who formed the sentence correctly, "The Royal Baraca's Welcome," and won the bow of class colors.

In another contest of naming the pictures of advertisements and of prominent men, pinned around in each room, Mrs. McLendon was successful in naming all except one, and was presented with another bow of class colors to wear.

Messrs. Joe Wootton, Wright McClatchey, Ed Jeffry and Mabry Short Tour of the boy's in the Baracaclass, assisted by Mr. and Mrs. N. S. Farmer and Mrs. Rickman, served in the dining room, punch and cake to the guests.

Miss Miller gave some interesting readings, and Miss Bladen Garrett rendered some piano selections during the evening.

#### Mrs. Zula Wadley Hart.

Wednesday morning about four o'clock, the death angel visited the home of Archie Hart and claimed the spirit of his helpmate and companion, Mrs. Zula Wadley Hart, aged twenty-two years.

The funeral services were conducted yesterday morning by Rev. Wallace R. Evans, pastor of the Methodist church. A large concourse of friends followed the remains to their resting place.

Mrs. Hart was well and favorably known to the majority of our citizens having resided here since childhood. She was united in marriage about two years ago to Archie Hart, who with three infant children, twins of two days, and the other about a year old, survive the demise of the wife and mother.

The Record joins the many friends of the family in extending our sincere sympathy to the bereaved ones, in this their sad hour.—Reeves County (Pecos) Record.

Mrs. Hart was well known to many Lakewood people, she having visited here during her girlhood and by her bright cheerful manner and happy disposition made many warm friends who will be saddened by the news of her untimely death. The Progress family, who are friends of the deceased of long years—standing, deeply sympathize with the sorrowing father, mother, brothers and sisters, but we realize that no words of ours can heal the broken heart, and would therefore point them to Him who is both able and willing to give peace to the troubled soul.—Lakewood (New Mexico) Progress.

Mrs. Hart was born here and several years of age before her parents moved west. Her father, James Wadley, was at one time county treasurer, of this county. There are yet many people here who

remember them well and will be grieved to learn of the death of Mrs. Hart, whom they knew as Zula Wadley.

Rev. Mallard and Messrs. Hackley and Callahan, prominent citizens of Jacksboro, are here today attending a meeting of the Masonic lodge.

The South Bend gin has been doing a good business and was crowded this week with loads of cotton and wagons were compelled to wait over nights. Let good crops come on.

Dr. R. O. Prideaux, of Archer county, was here one day last week with his daughter, Miss Elsie, and son, Chester, who took the train for Georgetown, Texas, where they entered school.

T. T. Black, of Olney, who was visiting here, left for Lorenz, Texas, in response to a message stating that his daughter was very sick. He writes back that his daughter is much improved and will now likely recover.
