#### GRAHAM'S GREATEST TRADES DAY

LAST MONDAY'S CROWD THE LARGEST EVER SEEN HERE IS THE VERDICT OF CITIZENS OF TOWN

Last Monday was the greatest Trades Day Graham has ever had. People were here from nearly everywhere. One man was here from Jack county who had not been in Graham for forty-two years and there were many others who had never been in the town before. People began to arrive Sunday evening and by 10 o'clock Monday morning there was but little available hitching room for teams around our large court yard square. Every line of business enjoyed a good trade, especially the dry goods stores, the restaurants and the hotels, which were crowded nearly all day. There was some trading done on the streets and some goods were sold at auction but in this respect the day did not seem much different from the previous Big Mondays.

The program arranged was carried out extremely well. F. A. Kessler acting as master of ceremonies and awarding the prizes.

The first thing on the program for the afternoon was a slow mule race. This seemed to interest and excite the crowd which gathered on the east side of the square to witness the event. It was a difficult task to keep the track for the race clear and the crowd with cheers and laughter followed the three mules that trudged along for the prize of being the slowest. One mule who had been backed up most of the day. The prize in the slow mule race was won by J. R. Funderburg.

The fast mule race was won by Chas. N. Keen and V. M. Burkett two prizes being awarded.

H. W. Sanders won first prize in both mule races.

We failed to learn who won the numerous other prizes, and will try to give them next week.

#### Prominent Socialist Dead.

Kansas City, Mo., Nov. 10.—J. A. Wayland, owner of Appeal to Reason, a Socialist paper, at Girard, Kan., shot and killed himself last night at his home in that city, according to a telephone message received here early this morning.

So far as is known Wayland left no word explaining his action, but it was stated by Fred Warren, editor of the Appeal, that Wayland had been despondent for several days.

Picture Show Draws Big Crowds. The moving picture show at the opera house has been drawing large crowds the past two weeks and all former records were broken Monday night when over three hundred attended. The films used are good and interesting and the machine brings out a clear picture.

Hal Jackson continues to improve in the hospital at Fort Worth, where he recently underwent an operation for appendicitis. His father, J. W. Jackson went down there yesterday to be with him a few days. Hal speaks often of his Graham friends and contends that he will soon be able to return home.

#### Pass to Panama Exposition.

R. E. Mabry received this week the first pass we have seen to the Panama-California Exposition which is to be held in San Francisco, California in 1915. The pass is from Senator T. J. Mabry, of New Mexico, a relative of our Mr. Mabry. The pass is signed by L. G. Monroe, Secretary, and D. C. Collier, director-general, and is stamped San Diego, California, 1915.

Although there was a fierce sand storm blowing from the south all day, which made it disagreeable out of doors, the crowd seemed to enjoy the occasion immensely; everyone seemed in a jolly good humor and out for a pleasant time.

The credit for the success of the day belongs to the West Texas Reporter. The proprietors of the paper solicited the funds and managed the program for the day. It was through their efforts that last Monday was made the greatest of all Trade Days in Graham.

#### GRAHAM MAN MAKES GOOD

FORMER EDITOR OF THE LEADER BECOMING FAMOUS IN THE SOUTHWESTERN FIELD OF JOURNALISM

The following from The Publishers Auxiliary, published in New York, will be of interest to the many friends here of James M. Wood, who will be glad to know he is doing so well:

James M. Wood, editor of the Lakewood Progress, who was elected president of the Pecos Valley Press Association at the recent meeting held at Roswell, is one of the best known newspaper men in the southwest, and is a shining example that a good newspaper can be published at a profit in a town of less than 1,000.

Mr. Wood was born in East Tennessee, his father moving to Texas when he was a baby. He was raised in Texas and began active editorial work on the Graham Leader, which he served for several years. He founded the Young County News at Graham in 1901 and conducted it for six years. Came to the Pecos Valley of New Mexico in 1906 and bought the Progress, which has since run him. Has made a success in every way, in a town of less than 1,000, and is recognized as the champion in a land of country boosters.

Mr. Wood owns his shop and home, owes no man a cent, is loved and respected by the fraternity and his people, and should be good for forty more usefulness. He is proud of his town, his paper, and the fact that both of the prize winners at this year's ad. and letter head of the P. V. P. A. were his "boys." Mr. Heath being now his foreman, and Mr. Riley employed by the Roswell Printing Co.—The Publishers' Auxiliary.

New Nuts. Walnuts, Brazil, almonds, pecans, etc.—W. I. Tidwell & Sons.

#### Buys 850 Fruit Trees.

J. B. Norris purchased yesterday 850 fruit trees from W. D. Spivey, the representative of the Waxahachi Nursery. In this order are to be 500 plum trees and 350 apple trees. Mr. Norris contemplates purchasing another 350 apple trees if he can get the land prepared in time for planting them. The Norris orchard is perhaps the best in all West Texas, but Mr. Norris continues to improve it and will some day have one that will be noted over all the state. This is a fruit country and the man who gives the proper attention to orchard raising here is sure to reap a reward.

#### Cupid's Conquest.

Marriage license have been issued to the following since our last report:

C. E. Duncan and Miss Attie Watkins.

J. E. Norris and Miss Florence Stringer.

M. V. Scobee and Miss Myrtle Holder.

J. M. Rogers and Miss Nora Burgess.

A. W. McEwen and Miss Leola Blewett.

Seth Boynton and Miss Emma Kelly.

#### Duncan-Watkins.

C. E. Duncan and Miss Ada Watkins were married on the South Bend bridge at 10 o'clock Sunday morning, Rev. C. A. Ferguson officiating. These young people are quite popular and have the best wishes of numerous friends as they start out on life's uncertain journey.

At Storms, of Sand Valley, in Palo Pinto county, marketed wheat here and mingled with the big crowd Monday. He said there was lots of cotton yet to pick in his country.

D. K. Lyon, of Spring Creek, came in Monday bringing with him pumpkins, peanuts, maise, turkeys, oats and mules for our markets. Mr. Lyon is a merchant, school teacher and farmer.

New crop—1912 pack—Seeded raisins, currants, citron, pure spices for your Christmas cake.—W. I. Tidwell & Sons.

#### "HEART SMILES" PLEASURES MANY

SECOND NUMBER OF LYCEUM COURSE MAKES HIT AT OPERA HOUSE FRIDAY NIGHT

Harry Bowser, the second of the series of six lyceum numbers contracted for by the W. C. T. U. of this city, delivered his lecture, "Heart Smiles," to a fair sized audience at the opera house last Friday night. The lecture was one of the best ever heard here and seemed to please every one present. Mr. Bowser is naturally a gifted speaker, a trained orator, and the subject he has taken for his lecture has been given close and hard study. His word pictures showed wonderful talent and memory and never failed to impress the audience.

Mr. Bowser spoke to the High School pupils Friday afternoon, impressing upon them the need of system and application for success in school life and told a few humorous stories of his own life to illustrate it.

There are four more of these numbers to appear here this season. On November 27, the Strollers Male Quartette, a musical organization of nation wide fame, will appear at the opera house as the third number. Every lover of music should arrange to hear this number. We will have more to say of them next week.

The fourth number will be here on December 6, but if you have not already secured a season ticket, you should arrange now for a good seat for The Strollers Male Quartette.

Mrs. J. L. Woods and children returned Monday night from a visit with relatives in Wise county. Mr. Woods, who has been visiting a brother in Denton county, will return to Graham in a few days. He is very much improved in health.

Judge P. A. Martin and family have moved to Wichita Falls where they will make their home in the future.

#### Rogers-Burgess.

J. M. Rogers and Miss Nora Burgess were married at the home of the bride's parents, Mr. and Mrs. Will Burgess, prominent citizens of the South Bend community, last Sunday evening, Rev. C. A. Ferguson officiating. The Leader joins the many friends of this popular young couple in wishing for them a life of happiness and prosperity.

M. M. Wallace was here from Markley Monday to deliver some stock he had sold recently.

#### Will Undergo Operation.

Wat Mayes will have his rheumatic leg amputated today. This seems to be the only thing to be done to save his life, as he has gradually grown worse during the past eighteen months. We hope to be able to report him doing nicely in our next issue.

Ernest Craig left Monday for Edna Texas, where he will make his home. Mrs. Craig and children left Saturday for Italy, Texas, where they will remain with relatives until Mr. Craig has arranged for them to join him in their new home. We regret very much to see these excellent young people leave us, but hope they may live long and prosper in their new location and occasionally pay their old friends here a visit.

#### Suicide at Olney.

Joe Minor, of Bridgeport, committed suicide at Olney Tuesday evening by taking carbolic acid. At time of going to press we are unable to get any particulars further than the facts stated.

W. S. Porselley, of Loving, was here Monday with some mares and colts. One of the colts was an extra nice one, of good size and shape. Mr. Porselley says that the coal mines at Loving are now about ready to be operated, and the track is laid down to the level of the five foot vein of fine coal.

#### Change in Schedule.

The Rock Island has changed the time for the departure of their passenger train from Graham. That train now leaves at 7 o'clock a. m., instead of 6:30. The night train is due to arrive in Graham at 8:45.

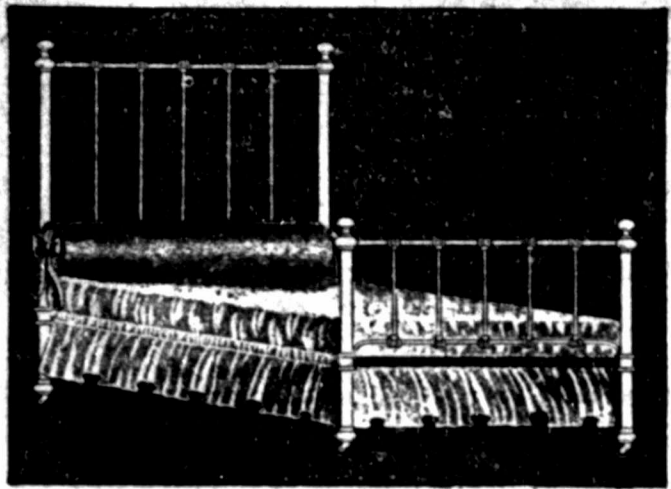

# HURRAH! WILSON IS ELECTED

Woodrow Wilson is our President. Don't be afraid, but buy you a home and buy it now. It will be higher soon. You cannot keep a good man down, so come on and get one of the good improved farms that we have listed for less money now than it will ever be as long as Wilson is President. Any size tract and on terms that you can handle.

If you want to borrow money on your land, let us have your application. We are here for that purpose. We get the money.

If it is Abstracts that you want, give us your order, we have them to spare. It will please us and I am sure you will feel better. Give us your order. THANKS.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Leader, will be gladly corrected upon its being brought to the attention of the publisher.

John Beall Sneed is being tried again in Fort Worth for the murder last January of Capt. A. G. Boyce.

W. H. Butler and W. R. Rogers, of Elbert, and L. W. Smith, of Padgett, won the prizes for bringing the largest loads of cotton to Olney on First Monday.

The Ellaville Cornett Band, the oldest musical organization in this county, furnished music for the First Monday Trades Day at Breckenridge. The prizes there were drawn instead of contested for.

The great success of last Monday as Trades Day in Graham should induce our citizens to arrange a corn show here next fall. We can make a success of it and at the same time encourage the boys of the country in their work on the farm.

Fort Worth is arranging to give a big carnival on November 27 to 30 and are planning to be used to carry advertising literature over every town within a radius of two hundred miles and distribute it in the air. As Graham is within the distance specified, we may expect a visit of the advertising bird-men during their tour.

### SWEEPING CHANGES

#### IN BOOKS ORDERED.

Austin, Tex., Nov. 8.—Reports of committees on revision adopted by the State Textbook Board today provide for sweeping changes in several of the books adopted. The books will not be accepted by the board until the requirements are met.

Probably the largest number of changes are asked for from the MacMillan company, publishers of the geography. When the changes are made Texas will be extensively treated and in it will appear a large number of scenes in Texas.

The committee was strong in its recommendations that a picture of President Woodrow Wilson be substituted for that of President William Howard Taft, which appears in the book submitted to the board.

The committee also asked that in the pictures of cotton fields in the book the negroes be eliminated, as "this is a reflection on a great many white people of Texas."

Among the scenes of Texas recommended to appear in the geography are: Wharf scene at Galveston, oil steamers at Port Arthur, cotton oil mill at Sherman, viaduct at Dallas, Galveston seawall, milk maize field in West Texas. These are to be substituted for scenes in Northern States. The report was unanimously adopted, as were also reports made on basic readers, supplementary readers, books for English, arithmetic, civics, physical geography, beginners' history and algebra. No changes are to be made in supplementary readers and Wentworth's Algebra.

The board expects to wind up its work of hearing reports of committees on revisions tomorrow and adjourn. When the contracts shall have been arranged the board will reconvene.

Herewith is a complete list of school books adopted by the State Textbook Board, giving price, name of publishers, etc. The contract covers six years. The list follows:

### A Pure Cream of Tartar Powder

Dr. Wm. Sedgwick Saunders, Medical Officer of Health of the city of London, Eng., was good enough to say that a long and universal experience has proved a cream of tartar powder the most efficient, safe and economical, making food which could not be deleterious to the most delicate stomach.

In England the sale of baking powder containing alum is absolutely prohibited.

WHEN BUYING BAKING POWDER, READ THE LABEL.

Defers Payment of Interest.  
 Barstow, Texas, Nov. 13.—News of the recent ruling of Land Commissioner Robinson regarding the postponement of forfeitures for nonpayment of interest due on school land was gladly received in this section. Mr. Robinson recently made a trip through this country and by request of a number of settlers in West Texas deferred payment from November 1st, 1912 to August 1st, 1913. It is reported that the Thirty Third Legislature will consider enacting legislation upon this matter and the time will be further extended.

Team Wanted.  
 To haul cotton seed.  
 Graham Cotton Oil Co.

What a pity every man who reads these lines will not proceed at once to examine his chimneys, flues, fireplaces, grates and stoves and to put them in first-class order for winter use. Already the fire bell has begun to ring, and surely the warnings are numerous and startling. Why will any man who is worth the powder and lead that it would take to kill him persist in postponing one of the most urgent of all the means of self defense?—Dallas News.

Kirkpatrick-Keen.

Sunday afternoon at the Methodist parsonage in this city, Rev. Sterling Richardson officiating, Mr. A. J. Kirkpatrick and Miss Nola Keen were united in marriage.

Both of these young people are well and favorably known in the community, the young man having been in business in Olney for several years, and the bride being the daughter of Mr. and Mrs. W. H. Keen, pioneer settlers in this country.

Their marriage was quite a surprise to many of their friends, but all join in wishing for them a journey of unalloyed prosperity and happiness over seas matrimonial.

They are now at home in the Matchett house in west Olney. The Enterprise heartily joins their host of admiring friends in wishing them happiness.—Olney Enterprise.

## Our Religious Column

**Sunday Services.**

On Sunday November 3rd, the Baptists led the Sunday Schools with 180 present and \$23.50 offering. At the morning service Mr. and Mrs. J. C. Owens were welcomed to membership. The morning lesson was the 3rd chapter of 2 Peter, text, "O that they were wise that they understood this, that they One sure mark of wisdom is a careful prudent consideration of the future welfare, not simply worry and anxiety but thoughtful preparation for the future. This holds good in school work, in business, in national affairs, but finds its highest application not in things of this world, but in preparing for a future life. At the evening service Bro. Taylor spoke from the text, "By faith Moses, when he was come to years, refused to be called the son of Pharaoh's daughter; choosing rather to suffer affliction with the people of God than to enjoy the pleasures of sin for a season." After a brief review of the early life of Moses, he spoke of the great choice which Moses made in which he renounced the throne and the pleasures of luxurious Egypt, and chose the companionship of God's ployment; suffering with his people and eternal life, thus coming into possession of everything God promises His children. The interest was good at both services.

The Methodists had 165 present with \$7.60 offering. Rev. Bowman's morning sermon was on the 12th chapter of 1st Samuel. The subject was "Samuel giving account of his stewardship." In this lesson it is to be seen how, while all the people are gathered together, that Samuel calls on them to say who he has oppressed or defrauded during all of the years that he has been their Judge. And no man can be found

that can find anything wrong in the administration of this grand old man. The preacher referred to the life of several old men, among them Judge Lynch of Albany, now dead, and of what a great thing it is to be able to look back on a life well lived. The general question of stewardship was discussed. And then in conclusion the parting words and acts of Samuel were referred to. It was shown how he reminded them of their sin but told them that if they would repent that God would not forsake his people. The beautiful thought in the lesson was how after being deposed as Judge that Samuel did not grow sour, and become disgruntled, but retired to Ramah and there established the schools of the prophets and taught the young men of his day, and opened the way for the various divinity schools that were to follow. The text for the night sermon was found in Matthew 8:11. "And many shall come from the east and the west and shall sit down with Abraham and Isaac and Jacob in the Kingdom of God." The League had a profitable study of Missions, led by Miss Kathleen Stewart.

The Christians had 127 present with \$7.00 offering. Rev. Stallings had thought he would be back in time for service, but the interest manifested in the meeting at Newcastle justified his remaining. He will fill his pulpit here next Sunday.

The Presbyterians had 119 present with \$13.82 offering. They hope that this increase in offering means some more converts to tithing which the pastor and Ladies Aid have been working toward for some time. Rev. Hall's morning text was the last three verses of Matthew 28, subject, "The Great Commission." He said the command was not only to the 12 or the 70 but to all be-

lievers at all times whenever there is an unconverted person. It is not only to the preacher but to everyone who loves God. Of everyone God expects some fruit. The authority is of God whose power is unlimited. Man's work is finished at his death, but Christ's work continues in the lives of his disciples. The object is to go as opposed to sitting still in idleness. We should go, not because the people are needy, but because He commanded. We have the encouragement of His promise to be with us. Are we conscious of His presence? Are we about His business? The special music was an appropriate anthem by the choir. Eighteen members were dismissed by letter so as to organize a church at Connor Creek, which included the Finis and Henry Chapel communities. This was accomplished and officers installed in the afternoon, by Revs. Hall and Wysor. The subject for the evening sermon was, "The Open Door," John 10:7-9. A door may be made of anything and for anything. He showed the necessity for this door that those groping in sin could see the light. We can go through into the field to work, into the fold for protection. Those who truly repent may use the door. Faith is the key that unlocks it. He gave a simple illustration here. If one remains outside and doesn't enter in where there is a fire he will remain cold, even though he believes the fire is there and would warm him. If he remains outside the storm house it will not protect him from cyclones. He spoke of the privileges of those who have entered, of salvation, of liberty and freedom of home, of protection and spiritual nourishment. The sermon was well illustrated and closed with an invitation to enter the fold. The special music was a gospel solo by Mrs. Rose, with the choir in chorus, "Not Half Has Ever Been Told." Mrs. W. H. Vaughn was welcomed to membership the previous Sunday. Mr. Ben Nea has kindly consented to sing at the evening service next Sunday, "The Pilgrim," by Speaks, which he sang at the July song service.

**A Gift With A Thought In It.**

There's one very simple way out of the Christmas shopping problem: don't shop, but sit quietly at home and subscribe for The Youth's Companion. The chances are, too, that if present you could buy for the young friend or he family you delight to honor could confer so much pleasure as this gift of The Youth's Companion for a whole round year—fifty-two weeks' issues, and the fifty-second as keenly anticipated and enjoyed as the very first.

There will be stories for readers of every age; sound advice as to athletics; suggestions for the girl at college or making her own way in the world; good things for every member of the family—all for \$2.00—less than four cents a week.

The one to whom you give the subscription will receive free all the remaining issues of 1912, as well as The Companion Window Transparency and Calendar for 1917, in rich, translucent colors. It is to be hung in the window or over the lamp-shade. You, too, as giver of the present will receive a copy of it.

**Railroad Activity.**

The finishing of the extension of the G. T. & W. from Jacksboro to Salesville is nearing an end. The steel has been laid to the Los creek and the pile driver is at work putting in the bridge. By the time the bridge is completed the rock work will be about done. It is thought and the steel laying will begin in earnest. The heavy rock cut at the crossing of the Rock Island three miles from town is all that now needs to be done and this is being finished as fast as possible.

The contractor for laying the steel is organizing his forces and getting ready to begin work in two weeks. The rest of the roadway along the line is ready for the steel.

Vice President Cain and Secretary Knox were here Wednesday and walked and drove over the line on a tour of inspection. Accompanying them is M. D. Louis Perrin of Chicago who goes along as a spectator, and who is here looking after his property and right of way about two miles of his ranch property.—Jacksboro News.

**Order of Sale.**

The State of Texas, County of Young. To the Sheriff or any Constable of Young County, Texas—Greeting:

WHEREAS, on the 20th day of September 1912, J. J. Gray reeve in the District Court of Young County, a judgment against L. H. Ellison and E. C. Enlow, for the sum of seven hundred twenty-three and 15-100 dollars (\$723.15-100) with interest thereon from the 20th day of September 1912, at the rate of six per cent per annum and costs of suit; and, whereas, the said judgment is a foreclosure of a vendors lien on the following described property, to-wit:

40 acres of land out of the Texas Emigration & Land Company survey No. 89, abstract No. 365, situated in Young County, Texas, same being the North half of the West half of the East half of said survey, as said vendors lien existed on the 8th day of August, 1912, and it is ordered and decreed by said judgment that said property be sold as under execution in satisfaction of said judgment. And if said property shall sell for more than sufficient to pay off and satisfy said sums of money, the excess should be paid over to the said defendant, L. H. Ellison. But if said property should not sell for enough to pay off said sums of money, the balance due shall be made as under execution, and such order of sale shall have the force and effect of a writ of possession, and the officer executing same shall make a good and sufficient deed, and place the purchaser of said property in possession thereof within thirty days from date of sale.

THEREFORE, you are hereby commanded that you proceed to seize and sell the above described property, as under execution, and make good and sufficient deed, and to place the purchaser of the same in possession thereof within thirty days after the day of sale, and you apply the proceeds thereof to the payment and satisfaction of said sum of seven hundred twenty-three & 15-100 dollars, together with the interest that may be due thereon, and the further sum of fifteen and 70-100 dollars, costs of suit, together with your legal fees and commissions for executing this writ. And if the said property shall sell for more than sufficient to pay off and satisfy said sums of money, then you are hereby directed to pay over the excess thereof to the defendant, L. H. Ellison. But if you fail to find said property, or if the proceed of such sale be insufficient to satisfy said judgment, then you are directed to make the money, or any balance thereof remaining unpaid, out of any other property of defendant, as in case of ordinary executions.

HEREIN FAIL NOT, but due return make hereof within Ninety days, showing how you have executed the same.

Given under my hand and the seal of the District Court of Young County, at my office in Graham, this 23 day of October 1912.

J. L. Vaughan, Clerk  
(Seal) District Court Young County, Texas.

Mrs. H. A. Wadsworth and Mrs. G. Q. Street entertained Les Hiboux Club last Thursday afternoon from 3:30 to 5:30 o'clock with progressive bridge. Four games were played in which Miss Dot Graham won the high score favor and Mrs. Jim Matthews won second favor in a cut with Mrs. John Gay, and Mrs. Frank Parrish was presented with the consolation.

A fruit course with cake was served to sixteen guests.

Miss Lillian Manning will be the next hostess.

Miss Bladen Garrett entertained informally Tuesday evening with the new game "broodies." Four very interesting games were played in which Miss Lillian Manning made highest score and Miss Odie Kidwell next.

Dainty refreshments with salted nuts were served to the guests.

### NOTICE.

The State Fire Insurance Board will give cities and towns credit for good fire record. We want Graham to be among the first to get this reduction. Examine your flues and be careful with fire especially during the winter months.

### Priscilla Club.

Members of the Priscilla Club and other guests spent a pleasant afternoon with Mrs. A. W. Kay Tuesday.

The invited guests outside the Club members were Mesdames Lowe, W. H. Vaughn, Hudson and Gallaher and Misses Isaacs, Zella Allen and Mayzelle Morrison.

Mrs. L. B. Kidwell will be hostess next Tuesday afternoon.

"There could be no better medicine than Chamberlain's Cough Remedy. My children were all sick with whooping cough. One of them was in bed, had a high fever and was coughing up blood. Our doctor gave them Chamberlain's Cough Remedy and the first dose eased them, and three bottles cured them," says Mrs. R. A. Donaldson, of Lexington, Miss. For sale by Sloan Drug Co. (Adv.)

Mrs. M. J. Tankersley, after a two months visit with her son, E. M. Tankersley, at El Paso, returned Monday night.

Rev. J. Hall Bowman favored the pupils of the Graham High School with a short talk during the opening exercises last Wednesday morning which was well received by them.

A. C. Ozmer, one of our old friends at Snyder, called in to see us last Tuesday morning. He is now living at Newcastle and says he is well pleased with the mining town.

Mesdames E. Kidney, J. H. Alford and Robbins were pleasant callers last Monday to see through the printing office and the Linotype at work.

Misses Gertie Owen and Grace Benger, of Bunker, were Big Monday visitors to Graham and remembered the Leader with a pleasant call.

Contractor J. H. Cochran and son, Claud, are at Murray building a new school house on the site of the one which was recently destroyed by fire.

Homer and Guy Ramey, accompanied by their grandmother, Mrs. Ramey, came in from Ellaville Saturday and traded some with our merchants.

Don't waste your money buying strengthening plasters, Chamberlain's Liniment is cheaper and better. Dampen a piece of flannel with it and bind it over the affected parts and it will relieve the pain and soreness. For sale by Sloan Drug Co.

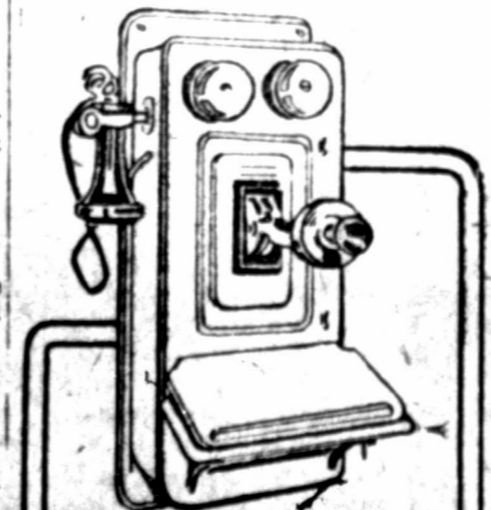

Mrs. David Attlebury, after attending the funeral of her sister, Mrs. E. S. Cusenbary, returned Friday to her home near Wellington, Texas. Her niece, Mrs. A. C. Cox, and little daughter, Nora, of the town of Wellington, accompanied her on the trip.

### Card of Thanks.

To the many good friends who rendered us every kindness and assistance during the illness and death of my beloved wife, I wish to express my sincerest gratitude and thanks, wishing for each and every one the same thoughtful care of good friends when in need of them, and pray that when the grim messenger of death enters and saddens your home you may find friends just as true and faithful.  
 E. S. Cusenbary.

Dallas—Special trains were run from Wichita Falls and Comanche to the State Fair October 22nd. Several hundred people availed themselves of the opportunity to visit the Exposition and examine the large displays of products from Wichita and Comanche counties.

### Cotton Factories For Texas.

One of the Texas railroads makes the following statement in its literature:

"It is estimated that the Texas cotton crop occupies about 10,000,000 acres, while the cotton factories of England will not cover 10 square miles of ground, and yet the English man makes twice as much out of the staple as the Texan. It is said that if only twenty-five per cent of the crop in this state was manufactured, it would mean \$100,000,000 in added value. If each cotton grower would give the tenth bale each year for ten years, with a like amount from the cities, towns and railroads, the state would soon be full of cotton mills and ahead of any state or country in the manufacture of her raw cotton.

There has been a great deal of talk for years about having mills to manufacture our cotton, but in the actual securing of the factories there seems to be a nigger in the woodpile somewhere. According to the above extract the railroads certainly favor the home manufacture of cotton. Whatever the hindrance may be in securing the mills, a state committee should be appointed to inquire into the matter to find where the trouble lies and endeavor to remedy it and then go after the business. If not, the state should quit talking about cotton mills and give up the idea. If the difficulty in a ten per cent rate of investment money or any other remedial trouble, the Texas Farm Life Bureau of the Commercial Secretaries Association will work out the solution of the problem.

### Texas Needs Great Hogs.

Many articles have appeared in the press of late contending that Texas needs great men. The editors in some instances have questioned it; the politicians have denied it and the alleged greats have defied it but no one who reads Col. I. T. Pryor's report to the Texas Welfare Commission on live stock will deny that "Texas Needs Great Hogs."

According to the report there is shipped into the State \$52,000,000 worth of pork and its products per annum. Our hogs are worth 27 per cent less than the average in the United States. We are badly in need of more hogs and better hog men who can raise great hogs are the kind of great men Texas needs.

### TOM FINTY, JR.

Da'las, Texas, November 11—Tom Finty, Jr., staff correspondent of the Dallas News and one of the most competent citizens in Texas, has rendered a report to the Texas Welfare Commission on Compensation to Employees for Casualties Occurring in Course of Employment, in which he directs attention to the waste resulting from our present system of settling personal injury cases. Mr. Finty quotes from a statement by the committee of the Wisconsin Legislature, which investigated the subject and drafted the workmen's compensation law of that state. It says that "under the old system (similar to the one now in use in Texas) in order for an employer to pay about \$15 to an injured employe for or on account of injury, it required \$82 to carry the \$18 to him." The damage suit lawyer, who suffers no injury whatever, usually gets half the award, and court costs and other items make up the remainder of the expense.

Mr. Finty recommends the establishment of an industrial court of competent jurisdiction, similar to that now employed by the state of Wisconsin, to settle personal injury claims and eliminate as far as possible the waste resulting from our present system and give all injured workmen reasonable and prompt compensation.

The City's Show Window. The enterprise of a merchant can best be gauged by his show windows. There is nothing more impressive than attractive show windows. Likewise there is nothing more repulsive than ill-kept and dirty show windows.

The streets and walks are the show windows of a city and their condition reflects the enterprise of the citizenship. There is nothing more inviting than paved streets and shaded walks and parks, but a city with muddy streets and dirty alleys will never convince visitors. A city should keep its show windows in good condition.

### Champion Corn Grower.

Palestine, Texas, Nov. 11.—Earl Davis of this city has been crowned champion corn grower of Texas. He raised 122 1-2 bushels of corn off one acre of ordinary land without the aid of irrigation or fertilizer at a cost of 5 1-2 cents per bushel. His brother, Orian, received second honor with a record of 116 2-3 bushels per acre off the same quality of land and at the same expense. The former high record for corn produced by a boy farmer was 114 bushels. The farm on which the crop was raised is located a few miles from here and Mr. Davis, father of the boys, has raised corn successfully for several years; his corn this year will average around 70 bushels per acre. Anderson county has produced the champion boy corn grower for two consecutive years and last season a loving cup was awarded the successful contestant by the State Fair Association. The same token will be bestowed upon the winner this year.
