Graham, \$50.00 by the Masonic Lodge, and \$50.00 by Mr. C. L. Woods had been made before the circulation of the subscription lists, thus bringing the total forwarded by the city to \$1,089.58. The money has been forwarded by the Beckham National Bank.

SUPREME COURT UPHOLDS CONVICTION OF D. M. HARDY

Washington, Oct. 13.—The Supreme Court today upheld the conviction of D. M. Hardy and others of Wichita Falls, Texas, for violating the Reed bone dry act, by refusing to review the decisions of the lower court. Hardy was convicted of transporting liquor into Indian Territory. D. M. Hardy was sentenced to two years in the federal penitentiary at Leavenworth, Kansas, and fined \$10,000 on charges of conspiring to transport and causing to be transported liquor from Wichita Falls to various points in Oklahoma. Indicted with him were J. O. Elliott, who was sentenced to two years in federal prison upon conviction, and Jim R. Young, who was sentenced to serve 15 months in federal prison. Eugene Flowers, alias J. B. Flowers was indicted with Hardy, Young and Elliott, but he jumped bail for \$5000, which was forfeited. Flowers was not tried with Hardy and the others on the liquor charge, but was tried in connection with the bribery cases, and now is at liberty upon \$10,000 bond pending the appeal of that case. His \$5,000 bond, which was forfeited, was paid to the government by Brown Harwood and Elmo Sledd, of Fort Worth, his bondsmen. There still hangs over Hardy's head a sentence of two years and a fine of \$500, which were imposed following his conviction, together with H. M. Splawn, Jack Lankford, and Eugene Flowers, alias J. B. Flowers, on charges of conspiracy to bribe a federal officer. Hardy's bond in the bribery case is \$10,000, while Lankford and Splawn also are at liberty under bond. The indictments charged that expenses were committed during a period extending from July 1, 1917, to March 1, 1918. The arrests were made March 9, 1918, and the trials commenced at the term of federal court held by Judge Meek in May, 1918. The trials started May 8 and lasted 10 days. The jury's verdict of guilty was returned May 18, and sentences imposed by Judge Meek on the same day. The case then was appealed to the U. S. circuit court of appeals at New Orleans and the findings of the lower court were affirmed early this year. The case then was appealed to the U. S. supreme court, with the result that the trial court's findings were sustained Monday. The mandate of the supreme court is expected to reach U. S. Commissioner Lantz this week, at which time Hardy, Elliot and Young will be re-arrested, if they do not voluntarily appear, it was announced by Lantz.

ORGANIZE ROOSEVELT MEMORIAL ASSOCIATION

The Roosevelt Memorial Association, a national organization, has been organized in Young county. The purpose of the Association is to raise ten million dollars for the purpose of purchasing the Roosevelt home at Oyster Bay, and turning the same over to the Government as a National Park, similar to Mount Vernon and Monticello. Also to erect a suitable memorial at Washington, D. C., commensurate with the memory of Theodore Roosevelt. This memorial will no doubt take the form of a hospital rather than cold marble. The Association is entirely non-partisan in its nature and plans. It seeks only to make opportunity for all Americans to give permanent expression to their regard for Colonel Roosevelt through a memorial. It seeks thus to perpetuate the inspiration and stimulus of his life upon the lives of America's boys and girls that they also may be inspired to achieve those qualities of honor, fearlessness, fair play, aggressive righteousness, unselfish service and intense love of country which characterized him. The county organization is not yet complete, however, the following is a list of the organization so far as organized: J. C. Vaughan, chairman at Graham. Sam Hardy, chairman at Newcastle. A. A. Cooper, chairman at Olney. Will Seddon, chairman at Tonk Valley. C. W. JOHNSON, JR., County Chairman.

SAFETY FIRST CAMPAIGN

The Safety Section United States Railroad Administration have instituted a National Railroad Accident Prevention Drive to begin at 12:01 a. m. October 18th, and end at midnight of October 31st, and during this period two million men, employees of 187 railroads covering approximately 231,000 miles will concentrate their every effort to go through the period mentioned without having an injury among them while on duty. This National Drive follows a Regional Drive recently closed and in which a most remarkable record was made in the reduction of casualties and fatalities on railroads under federal control. The Central Western Region in which the Rock Island lines are located shows a decrease in 1919 over the same period of 1918 of 76.96 per cent and it is anticipated that on the entire seven regions who will take part in the National Drive this already high percentage will be increased by a noticeable margin. The National Drive centers primarily among railroad men but it is the desire of the employees of the Rock Island lines to go further in their efforts to conserve life and limb and enlist the support and co-operation of the various authoritative and civic bodies, automobile clubs, business men, citizens and school children in the cities and towns through which the Rock Island lines run. AT CHRISTIAN CHURCH. A cordial welcome awaits you at all the services of Christian Church. Bible School at 10:00 a. m. Communion at 11:00 a. m. Preaching at 11:15 a. m. Junior C. E. at 3:00 p. m. I. Hauling wheat to market and picking cotton are the principal business in this part at present. Not much preparation for sowing the fall crop has been made yet. Will and John Steele, of Caddo, visited home folks here last Saturday. Lamb Rutherford and family arrived here from Oklahoma a few days ago. Floyd King, of Caddo, was visiting friends at this place Sunday. The erection of a new school house in this community will soon be begun. We believe the acreage of wheat sown here will be smaller than last year. CEDARITE. WANTED—A man to clean up the City Park—MRS. F. M. BURKETT. Have you a shovel in your car? If not, get one. The 187 railroads, covering nearly 231,000 miles, are putting on a "Safety First" campaign beginning Saturday and lasting through the balance of October. A similar campaign last year showed wonderful results in reducing the number of accidents while it lasted, and better results are looked for this year. In the official notice elsewhere in this issue The Leader endorses the idea and a "Safety First" campaign for auto drivers the year round.

LIFE OF DOG IN BELGIUM

Does Not Lead as They Do in America, but is Put to Pulling Carts.

The expression, "a dog's life," must have originated in this part of Europe. In Belgium and Holland the dogs do not loaf about as they do in America. In Holland I saw one dog pulling a cart in which three men were sitting, and on the roads we passed many dogs pulling carts, writes a Belgian correspondent in the Kansas City Star. Even more dogs are used to pull carts in Belgium, as the Germans left very few horses in this country. To judge by appearances, virtually all the husky able-bodied dogs in Belgium are "broke," to harness. But the roads are good and the carts not heavy, usually, and the dogs seem to like it. The drivers were holding back rather than driving many of the dogs we passed, and in one village we saw a dog bark and beg to be hitched up when a woman started out on a short trip with a push cart. When she yielded and hitched up the dog we saw why she had hesitated. The dog was a big, strong fellow, and so eager to pull that she had a hard time holding him back.

MONKEY BRIDGES ARE MYTH

Famous Scientist Attempts to Explain the Origin of the Story.

From our school geographies we used to learn that South American monkeys cross alligator-infested streams by linking their tails and legs to form a living bridge. In school "readers" published as late as 1897 there are pictures of this extraordinary feat of monkey acrobatics. Prof. E. W. Gudger, in an article quoted by the Scientific American, attempts to explain the origin of this story, that is not believed by any recent explorers.

So far as it can be traced it was first told by Padre Jose Acosta in 1539. The first person to dispute its veracity was Baron Humboldt. Finally Messrs. Leo E. Miller and George K. Cherrie of the American Museum of Natural History, who have done so much traveling and collecting in South America, suggest to Professor Gudger that the story of the "monkey bridge" has come about through observation of a procession of monkeys crossing a ravine or stream on a pendant liana.

Underrated.

"I'm afraid I'll never be able to teach you anything, Maggie," was the despairing utterance of a Trenton woman to a new Irish domestic. "Don't you know that you should always hand me notes and cards on a salver?"

"Sure, muma, I knew," answered Maggie, "but I didn't know you did."

The pecan crop around Smithville is the largest in a number of years and the nuts are now beginning to be brought in and are bringing a good price.

A permit to do business in Texas has been granted to Guffey-Gillespie Oil Company of Wilmington, Del., capital stock \$52,000,000, with headquarters at Austin.

The Texas railroad commission has formally fixed the valuation of the Sugarland Railroad at \$638,746. This is a short line operating from Sugarland, on the Southern Pacific, into the sugar plantations.

The department of marketing has succeeded in filling an order from France for 5,000,000 bushels of oats, most of this having been shipped from Texas; but Kansas and Oklahoma took a part of the order.

F. C. Wetner, chairman of the drought relief committee, is returning to those who are paying the notes due the fund all interest. The notes were originally made out bearing interest, but it was afterward determined that this was not fair and no interest is being collected.

Cost of building Dallas County's road system will be almost prohibitive on the basis of bids submitted, County Judge Simpson says. The commissioners rejected the first of a series of bids for the proposed \$6,500,000 road system. The bid was 25 per cent higher than the engineer's estimate.

Texas state bank resources had shown an increase of \$29,316,975 on September 12 over those of June 29, according to a statement by the commissioner of insurance and banking Friday. Every item of resources except real estate, furniture and fixtures, and guaranty fund assessments showed an increase. Total resources of the 923 banks were \$318,301,248. Deposits, with a total of \$238,921,706, showed an increase of \$30,312,592.

The purpose for which the delegates to the state convention of the Texas Equal Suffrage Association met at San Antonio was accomplished Saturday with the dissolution of the suffrage organization; as such, and the formal adoption of the constitution of the Texas League of Women Voters. This movement has been in the minds of the women for some time, but it remains for the convention to provide an opportunity for the signal change.

It was decided to take steps to urge the legislation to appoint a state board for the equalization of taxes at the next session, at the annual meeting of the Tax Equalization Association held in San Antonio. A board of directors, consisting of 13 leading citizens of San Antonio, was appointed, and \$5000 appropriated for immediate expenses. Organizers will be sent out through the state to further the cause and interest other counties in the movement.

Out of thousands of books and records containing data of all business transactions conducted on the Texas coast by the United States customs office for the past fifty years, only one small document has been recovered since the tropical storm swept the customs office at Port Aransas away. It is a tag bearing the name of Max Luther, customs agent at that point, and the date September, 1935. With other wreckage, the tag was picked up several days ago on the beach near Galveston.

The remaining stock of spring wool held in storage at Mertson by the West Texas Wool and Mohair Association has been sold to H. F. Roddie of Brady. Four hundred thousand pounds changed hands at a price that approximated \$250,000. The Mertson warehouse has so far during 1919 disposed of more than 1,000,000 pounds of wool, and the prospects for the spring clip are regarded as so good that it is expected that 2,000,000 pounds will be handled in 1920.

The logical consequences of the "fee system," in its relation to the new game laws, effective Oct. 22, in the state of Texas, were outlined this week by T. R. Leggett, deputy oyster, fish and game warden, at Galveston, as follows: "A fact that may not be generally known," said Mr. Leggett, "is that any peace officer, from a sheriff down to a town marshal, is authorized to demand that he be shown the license of a hunter encountered in the field, and that such peace officer, under the 'fee system,' is allowed the sum of \$10 for every arrest he makes under the new laws."

It was announced this week by the industrial welfare commission that the initial session will be held in Houston, Oct. 22 to 25, inclusive, for the purpose of taking testimony of all persons interested in the working conditions and wages paid women and minors by mercantile establishments, factories, laundries and telephone companies. The initial session was to have been held in Dallas, but it was postponed to a date in November yet to be fixed. Hearings will be held generally over the state. Only the minimum wage is considered.

GREAT BELIEVER IN BLACK-DRAUGHT

Oklahoma Lady Tells How Her Husband Believes in Black-Draught and Uses It For Many Ailments.

Nowata, Okla.—Mrs. W. B. Dawson, a resident of this place, says: "My husband is a great believer in Black-Draught and thinks it cures about everything.

It is splendid for headache, constipation (which usually causes headache), indigestion or any kind of stomach trouble, and we just keep it for these troubles. I don't know when we haven't used it, and we always find it satisfactory.

I know it has done us both a lot of good and saved us many dollars. I use it in teaspoon doses at first and follow with small doses, and it sure does make a person feel like new.

It cleanses the liver better than any other liver tonic I have ever used, and after taking a thorough course nature asserts itself and you are not left in a constipated condition that follows a lot of other active medicines. This is one thing I like especially about it."

For over 70 years Thedford's Black-Draught has been in use for many simple ailments and today is a recognized standard remedy in thousands of family medicine chests. It will pay you to keep Black-Draught in the house for use when needed. Your druggist sells it.—Adv.

At the Critical Moment.

I was attending the theater with some friends. The hero and heroine had reached the critical moment, but, as he held her in his arms, he hesitated. As the seconds ticked on with no further action, the suspense grew too much for me, and I finally shouted at the top of my lungs (as it seemed to me later)—"Kiss her, you boob!" Needless to say, I did not enjoy the last few moments of the performance.

Honest Advertising.

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Imitations are to be found in some stores and only because of the Castoria that Mr. Fletcher created. But it is not the genuine Castoria that Mr. Fletcher honestly advertised, honestly placed before the public and from which he honestly expects to receive his reward.

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for infants and children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

C. Roberts, 714 W. 3rd Ave., Corsicana, Texas, says: "I was troubled with my back about kidneys. My back pained pretty bad, more so at night, and I usually had to lie in one position. My kidneys acted very frequently at night, too, and my sleep was broken. I heard of Doan's Kidney Pills and gave them a trial. One box of Doan's rid me of the backache and regulated my kidneys. My cure has lasted."

Bad Sickness Caused by Acid-Stomach

If people only realized the health-destroying power of an acid-stomach—the many kinds of sickness and misery it causes—the lives it literally wrecks—they would guard against it as carefully as they do against a deadly plague. You know in an instant the first symptoms of acid-stomach—pains of indigestion; distress; belching; bloating; sour, gassy stomach; belching; food repeating; heartburn etc. Whenever your stomach feels this way you should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, acid-intoxication, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver; sometimes even catarrh of the stomach and intestinal ulcers and cancer.

If you are not feeling right, see if you have acid-stomach that is the cause of your ill health. Take EATONIC, the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, bloating, belching, and heartburn that indicate acid-stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Results are marvellously quick. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief. So get a big 50-cent box of EATONIC from your druggist today. If you are not satisfied return it and he will refund your money.

EATONIC (FOR YOUR ACID-STOMACH)

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

ANOTHER INDUSTRIAL PROGRAM PRESENTED

DECLARE FOR "OPEN SHOP" AND ACCEPT RIGHT OF STRIKE OR LOCKOUT.

Washington.—Deadlocked in the committee of fifteen, or the "steering committee," over labor's proposal to arbitrate the steel strike, has brought about adjournment of the National Industrial conference until Tuesday. In the meantime the "steering committee" will hold a meeting in an attempt to agree on a report to lay before the conference when it reassembles.

Adjournment came after the conference had received the proposals of the employers' group declaring for the principle of the open shop and affirming that "no employer should be required to deal with men or groups of men who are not his employees or chosen by or from among them."

The latter principle created quite a stir in the conference and was considered by some of the delegates as approval of the stand taken by Judge Elbert H. Gary, chairman of the United Steel corporation, in refusing to meet the steel strikers.

Other principles enunciated in the declaration of the employer included: Acceptance of the right of strike or lockout, except in the case of government employees.

Opposition to sympathetic strikes and lockouts.

Insistence on the function of management in directing industry.

Emphasis of shop unions as opposed to the industrial councils proposed by organized labor.

A declaration that co-operative relations between capital and labor should be worked out in individual establishments with due regard to local factors, instead of along the lines of "entire industries, as suggested by labor."

"High industrial efficiency," was stated by the employers as the touchstone of sound industrial relations.

Vice President Promptly Puts Stop to Demonstration in Senate Galleries.

Washington.—A quick, barking command from Vice President Marshall at the conclusion of a dramatic appeal by Senator Walsh (Dem.) of Massachusetts, for a league of nations that would do justice to the oppressed nations of the world, and for reservations to the pending league covenant, broke up in its very beginning a demonstration that threatened for a moment to sweep through the senate galleries.

For more than an hour senators and visitors had listened intently to the address, and as Senator Walsh laid down the last page of his manuscript and with arms raised high pleaded against approval for the Shantung settlement, and the "dangers lurking in Art. 10 of the league covenant, a faint ripple of applause was instantly followed by a more pronounced outburst.

The Irish sportsman named the Shamrock IV as the challenger. She left for this country under her own sail in July, 1914, but was forced to put into Bermuda when war was declared. Later she was brought to New York, dismantled and placed in dry dock in the Erie Basin. The defender is expected to be the Resolute.

No trace of the two balloonists was found, the message amplified.

POULTRY FACTS

MAKE PROFITABLE SIDE LINE
Success May Be Attained With Pigeons by Careful Attention to Many Little Details.

(Prepared by the United States Department of Agriculture.)

Many people can keep pigeons successfully as a side issue, although this requires constant oversight and careful attention to details. The greatest difficulties confronting the successful raiser of pigeons seem to be in securing good breeding stock, and finding a market for the produce of a small flock. Pigeons are a profitable source of income on general farms where they may secure much of their feed from the fields, provided they are not a nuisance and the loss by shooting and by hawks, owls and cats is not large. They can also be raised successfully on farms where they are closely confined, provided the squabs can be marketed to good advantage.

Of the squab-raising varieties the Homer is considered the most popular variety. The habit of this bird of returning home if allowed freedom makes it necessary to confine pigeons purchased from other lofts. The Carneau pigeon has recently become popular as a squab producer. This variety is somewhat larger than the Homer and it is stated is about as prolific. Several other varieties of pigeons, larger than the Homer are used on a small scale in squab raising, especially in crossing with the Homer and Carneau, to increase the size of squabs. The Runt

Englishman (in the bay of Naples, watching Vesuvius)—You've nothing like that in America!
Yank—No, but we've got Niagara Falls, and they'd put the darned thing out in five minutes!

"CALIFORNIA FIG SYRUP" IS CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Homer Pigeon Is Most Popular.

It is one of the largest, but is not as prolific or as good a breeder or feeder as the Homer.

Some of the other varieties reported used as squab breeders are the Dragon, White Maltese, or hen pigeon, the White King, and the common pigeon.

BIG RETURNS FROM POULTRY

Arizona Farmer Made Profit of Nearly \$300 From Small Flock in Short Space of Time.

(Prepared by the United States Department of Agriculture.)

A net return of nearly \$300 in two and one-half months from a side line on the farm is the record made by a Glendale, Ariz., farmer who is carrying on his operations under the direction of the poultry extension expert of the United States department of agriculture. In connection with his general farm work he kept a flock of 210 hens, which produced an average of ten dozen eggs during the four winter months. During February the eggs brought an average of 55 cents a dozen, or approximately \$150, while the feed bill, including the feed for the young chicks, amounted to \$50. The following month the flock showed a profit of a little over \$100. During the first half of April the gross receipts were \$97.50. In April the extension specialist conducted a culling demonstration on this farm and weeded 56 hens from the flock. The culled hens were kept in a separate pen for a week following the demonstration, and made practically no returns in egg yields. This indicates, the specialist says, that the remaining 154 hens probably made the record with which the entire 210 had been credited.

GET RID OF DISEASE GERMS

Drive Out Fowls, Close House Tightly and Burn Sulphur in it for an Hour—Then Air It.

To rid the house of disease germs and vermin drive out the fowls, close the house tightly and burn sulphur in it until the entire house is full of blue fumes. Let it remain closed an hour and then air it thoroughly before the fowls return.

SMALL BACK YARD FOR HENS

Whether They Can Be Kept at Advantage Depends on Whether They Get Proper Care.

The smallest back yard affords an opportunity to keep a few hens. Whether the occupant of the premises can keep those few hens to advantage depends upon whether he or she can and will give them the necessary care.

As Dead as the Dodo

Every druggist here, yes! your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.
"Calomel is dangerous and people know it, while Dodson's Liver Tone is safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large family-sized bottle costs but a few cents and if you find it doesn't take the place of dangerous, salivating calomel, you have only to ask for your money back.

Take "Dodson's Liver Tone"

Dodson's Liver Tone is a pleasant-tasting, purely vegetable medicine, harmless to children and adults. Take a spoonful at night and wake up feeling fine, no sick headache, biliousness, ague, sour stomach or clogged

bowels. Dodson's Liver Tone doesn't gripe or cause inconvenience all next day like calomel.

Take a dose of calomel tonight and tomorrow you will feel sick, weak and nauseated. Don't lose a day's work!

Take "Dodson's Liver Tone"

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up with your head clear, your liver active, bowels clean, breath sweet and stomach regulated. You will feel cheerful and full of vigor and ready for a hard day's work.

You can eat anything afterwards without risk of salivating yourself or your children.

Get a bottle of Dodson's Liver Tone and try it on my guarantee. You'll never again put a dose of nasty, dangerous calomel into your stomach.

ECZEMA!

THIS isn't one of those fake free treatment offers you have seen so many times. We don't offer to give you something for nothing—but we do guarantee that you can try this wonderful treatment, entirely at our risk, and this guarantee is backed by your local druggist.

This makes the offer one which you can absolutely depend upon, because the druggist with whom you have been trading would not stand behind the guarantee if he did not know it to be an honest and legitimate one.

Hunt's Salve, formerly called Hunt's Cure, has been sold under absolute money-back guarantee for more than thirty years. It is especially compounded for the treatment of Eczema, Itch, Ring Worm, Tetter, and other itching skin diseases.

Thousands of letters testify to its curative properties. M. Timmerlin, a reputable dry goods dealer in Durant, Oklahoma, says: "I suffered with Eczema for ten years, and spent \$1,000.00 for doctors' treatments, without result. One box of Hunt's Cure entirely cured me."

Don't fall to give Hunt's Salve a trial—price 75 cents, from your local druggist, or direct by mail if he does not handle it.

AROUND THE WORLD WITH THE AMERICAN RED CROSS.

The veritable mountains of relief supplies turned out by the millions of chapter workers during the war made the American Red Cross one of the biggest "manufacturing concerns" in the world, with great warehouse space at scores of strategic points all around the globe.
 One of the biggest distribution centers was at Saloniki, Greece, and in this picture Bulgarian prisoners of war are seen there unloading a Red Cross cargo of 2,300 boxes from a French transport. At the right is seen one of the American Red Cross camions, fleets of which were used in rushing relief to points where the suffering was greatest.

Lieutenant Maynard Covers 2701 Miles to San Francisco in Record Time.

New York—Lieutenant Belvise W. Maynard, the "flying parson," won the first coast to coast leg of the army air race, it is announced by officials of the American flying club...

It is actual flying time for the 2,701 miles from Roosevelt field, Minola, N. ONE KILLED AND SEVERAL INJURED IN RAILWAY WRECK

Wagoner, Ok.—Mattie Bryant 14 years old, of Row, Ok., was killed outright and 20 persons seriously injured Sunday when a northbound Iron Mountain passenger train struck a broken rail one mile out of the little station of Neodasha, five miles northwest of Wagoner.

The injured were brought back to Wagoner on a special train and received treatment at a local hospital.

Cotton Belt Is Not Unsafe.

Washington—Walker D. Hines, director general of railroads, has sent a letter to the Texas railroad commission, denying the charge made by J. M. Herbert, president of the Cotton Belt railroad, that portions of the tracks of this road in Texas had been made unsafe through failure and neglect by the United States railroad administration. He declares that the government spent \$1,103,000 on this system between Jan. 1, 1918, and Aug. 31, 1919, "of which an over expenditure of \$247,000 was made on the St. Louis Southwestern of Texas."

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy. The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

It is scientifically compounded from vegetable herbs. It is not a stimulant and is taken in teaspoonful doses. It is not recommended for everything. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large. VAN ZANDT AGAIN CHOSEN C. V. CHIEF

REUNION, DECLARED TO BE MOST SUCCESSFUL HELD, ADJOURNS AT ATLANTA.

Atlanta, Ga.—Singing "God Be With You Till We Meet Again," the gray haired heroes of the '60s, members of the United Confederate Veterans association, have brought their meeting here to a close, and adjourned sine die, all declaring this to be one of the most enjoyable and successful reunions ever held.

The election of officers was the final act of the session and resulted in the unanimous selection of Gen. K. M. Van Zandt of Fort Worth for another term as commander-in-chief as well as the three department commanders, who are General Julian S. Carr of North Carolina, commanding the army of northern Virginia; Gen. Calvin B. Vance, commanding the army of Tennessee, and Gen. V. V. Cook commanding the Trans-Mississippi department.

No selection of a place for the reunion next year was made. No invitations were received and arrangements were left in the hands of the commander-in-chief and the three department commanders.

The resolutions reported by the committee on resolutions, through its chairman, Gen. R. A. Sneed, of Oklahoma, and adopted, provide that the congress of the United States States be memorialized and urged to pass a law to pension ex-confederate soldiers on the same basis that union soldiers are pensioned in order to compensate them for property confiscated, cotton taxation and taxes from the south expended during the past 50 years to pension federals.

Another resolution was to the effect that the press and people be urged to discontinue the use of the term "civil war" to designate the war between the states, and that it be termed "war between the states."

CINCINNATI REDS ARE VICTORS OVER WHITE SOX

Box Make Heroic Effort in Late Rounds, But Lead is Then Too Big.

Chicago, Ill.—For the first time in history a baseball team bearing the name of Chicago White Sox has tasted defeat in a world series. For the first time in 60 years a world championship flag is floating over Redland Field at Cincinnati.

A well earned honor is this that Pat Moran's clan of castoffs has won. The eighth and final game here proved their superiority over Kid Gleason's veterans when they crashed through nine innings of fight and feverish scrapping to the tune of 10 to 5.

The knock out punch came from the bats of the National leaguers with a sweep that sent the White Sox staggering.

The Gleasonites made a heroic effort to come back in the eighth inning when the slugging crew got busy and drove out four hits for as many runs. Eller became careless and for a while it appeared the rally would never end. But the weak end of the batting list was finally reached and Ray Schalk ended the hopes of the more than 39,000 fans with a roller to Rath.

QUIET IS ENFORCED IN STEEL REGIONS

STATE AND FEDERAL SOLDIERS MAINTAIN ORDER IN ILLINOIS AND INDIANA.

Chicago, Ill.—With federal troops in Gary, Ind., martial law enforced by Indiana militia in Indiana Harbor and East Chicago, Illinois, local authorities reinforced and alert at South Chicago and Waukegan, quiet reigns in the Chicago district of the steel strike. Union leaders at the three Indiana centers emphasized the fact that they welcomed the troops as they thereby were assured of impartial protection for union interests.

The usual claims and counter-claims as to the return of strikers to the plants were in evidence, the most significant being an announcement from Illinois Steel company sources at South Chicago that for the first time since Sept. 23 some skilled workers had returned to their jobs.

Greatest interest again centered in Gary, where some 1,500 regulars held a firm grip on the situation and busied themselves in carrying out a general order issued by Major General Leonard Wood immediately on his arrival in the steel city. Furthering the campaign of federal authorities to quell radicalism, raids were made on socialist headquarters and four residences.

A quantity of literature was seized in the raids and several arrests were made. The persons and evidence were turned over to department of justice agents.

WILL ABANDON SUNDAY FUNERALS IN DALLAS

Undertakers, Cemetery Workers and Pastors Want Sundays Off Hereafter.

Dallas.—Undertakers, cemetery workers and members of the Dallas Pastors association have agreed to abandon the practice of holding funerals on Sunday in so far as it is possible consistent with public health.

"At a meeting of the General Pastors' association Hood F. Smith, representing the undertakers and the cemetery companies, appeared and made the following statement of facts, to-wit:

"That the practice of holding funerals on Sunday worked a hardship on the workmen in the cemeteries and deprived them and all employees of the undertaking companies of the day of rest which by right belongs to all men. That the cemetery employees have requested that no funerals be held on Sunday and have all but refused to work. The undertakers and cemetery committees have requested that no funerals be arranged for Sundays."

PRESIDENT'S CONDITION CONTINUES TO IMPROVE

Appetite is Decidedly Better and He is Sleeping Well, Says Bulletin.

Washington.—President Wilson's condition is improving and his appetite, the failure of which has been one of the serious drawbacks to his recovery, shows a decided change toward normal, according to late bulletins. So far has progressed that his two married daughters, Mrs. William G. McAdoo of New York, and Mrs. Frances B. Sayre of Cambridge, Mass., who came to his bedside several days ago, have returned to their homes, after consultation with the president's physician.

Two Laws Unconstitutional.

Austin, Texas.—An opinion of state-wide importance prepared by Assistant Attorney General Dumas, and approved by the attorney general's department, holds two laws unconstitutional. A general law declared unconstitutional was passed by the third called session of the 35th legislature. It amends Art. 925, revised statutes, and attempts to authorize cities and towns incorporated under the general law to levy and collect a 25c tax for general purposes and in addition 25c for erection of public buildings, except school buildings, and 15c for street improvements. The second act held invalid was that of 1919, a special law attempting to repeal the act of 1909 creating the Bowie Independent school district.

The state also has filed a cross bill asking for \$1,000,000 and for damages aggregating \$200,000. The Blue Ridge farm was made famous in Texas by the fact that transactions concerning it were the subject of legislative investigations last summer.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and

headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham Med. Co., Lynn, Mass.

AROUND THE WORLD WITH THE AMERICAN RED CROSS. Junior Red Cross.

Early in the participation of the United States in the world war, the American Red Cross perceived the value of mobilizing the school children of the country and the Junior Red Cross was organized. Before the war ended nine million children were enrolled and helped in the war fund and membership campaigns, in chapter production of relief supplies and manufacturing furniture for the refugees whose homes and household goods were destroyed.

Children everywhere in the United States responded to the call to service sounded by President Wilson as head of the American Red Cross. This photograph is that of an enthusiastic young Japanese member of the Junior Red Cross of Spokane, Wash., starting out on the ambitious undertaking of collecting "a mile of pennies" for war relief. A comprehensive peace program is now being worked out for the Junior Red Cross, which is being held intact.

AROUND THE WORLD WITH THE AMERICAN RED CROSS. In Serbia.

As far back as the first winter of the war, the Red Cross sent to Serbia a sanitary-commission that effectively checked the scourge of typhus, but after the United States entered the conflict, the Red Cross was able, in August, 1917, to send a full commission that carried on extensive relief operations among the suffering refugees of the tortured nation. Hospitals were established, the refugees fed, clothed and given medical attention, the army supplied with much needed dental treatment, farm machinery, and seeds provided to help the Serbs redeem their land to productivity, and, not least, measures undertaken for the savor of the children. The terrible condition into which these helpless victims of the war had fallen is well portrayed by this photograph of a little Serbian girl wearing the rags and expression of hopeless dismay that were all she possessed when the Red Cross came.
