

GET READY

THE GRAHAM LEADER

PUBLISHED AUGUST 16th, 1876.

WITH MALICE TOWARD NONE; WITH CHARITY FOR ALL

OLDEST NEWSPAPER IN NORTHWEST TEXAS

VOLUME XLIV.

GRAHAM, TEXAS, THURSDAY, JANUARY 1, 1920.

NUMBER 19

HERMAN T. McBRAYER

Representative 99th District
Leader takes pleasures in an-
nouncing the candidacy of Herman
Brayer, who aspires to the office
representative for this, the 99th
district.

McBrayer had intended to an-
nounce for the legislature last term,
but owing to the fact that he was en-
gaged in serving his country in a
combat capacity—namely, in the U.
S. service in the late war against
Germany in which the freedom and
rights of the peoples of the earth
were at stake. His duty was to en-
dure and do his duty in helping win
the war instead of going to the State
legislature. He was among the first
roll for training when the call
came for men to enlist. He be-
came a member of the Reserve Offi-
cers' Training Corps and became a
lieutenant, where he continued until
his discharge and inductment into
the U. S. navy (being enlisted as a
midshipman). After the armistice was
signed he remained an officer of the
United States Coast Guard, in the legal department
of the service. He assisted in the discharge
of over 50,000 men.

When these duties were finished he
returned to the University of Chicago
to continue and finish his
course in that school.

Mr. McBrayer attended rural
high school in this county; is
graduate of N. T. S. N. C., at
Graham, Texas; attended the law school
of the University of Texas, and did
graduate work in the law depart-
ment of the University of Chicago
for three years. His journey through
these schools have been by no means
easy. He worked a large part of his
time on the farm, in hotels, restau-
rants, bakeries, libraries and by
other means. He claims no extra credit
for this, but believes it is really a
privilege and a help rather than an
obstacle. He would rather have the
credit (where it belongs) for this
achievement, to his mother's never-
failing assistance, the assistance and
encouragement of neighbors and
friends all over the county.

Mr. McBrayer expects at an early
date to open a law office some-
where in Young county. He is 100
per cent Democrat and 100 per cent
American—nothing less—and believes
in economical administration that
will show 100 cents for every dollar
expended and we feel that he is
competent and prepared to represent
the people of the 99th District
in a manner that should be satis-
fying to all the people. He is a
strong advocate for better rural
roads and believes that every home
should be protected and safe-guarded,
no matter how humble or poverty-
stricken.

Mr. McBrayer will appreciate your
aid in speaking to your friends
in behalf of his candidacy and asking
that they join in this campaign.

To the Honorable Voters of the
99th District:

I wish to take this opportunity
of thanking the entire citizenship of this
district for their loyal support in my
campaign in the last election and assure
each and every one that the honor
is very much appreciated. Also to
state that I will not be a candidate
for re-election and desire that my
friends throughout the District give
my worthy friend Herman T.
McBrayer that same degree of loyalty
that they so kindly favored me with
in the last election.

The following reasons prompt my
requesting this action:

1. He intended to become a candi-
date for the legislature last term, but be-
cause of his voluntary enlistment in
the service he was deprived of this
privilege.
2. I have known him from child-
hood and believe him competent and
worthy of any trust that may be bo-
rowed upon him. I therefore, have
no hesitancy in recommending his
candidacy for this high office, appre-
ciating the duties involved
in the office and the true merits
that are required to fill same with
credit.
3. I believe him eminently quali-
fied for this office.
4. He expects to enter the practice
of law in Young county and believe
encouraging our young men in

Masquerade Party.

Mr. and Mrs. Charles E. Hinson
entertained the younger set Monday
evening with a masquerade party.
Among those present were Rip Van
Winkle, Rube, Clowns, a fair young
debutante the male persuasion, Cow-
boys, Spanish Dancers, etc. After
voting on the best masked, the prize,
a "Splash-Me," was presented to
Mr. Dewey Matthews. The remainder
of the evening was spent in playing
bunco, Miss Catherine Craig receiv-
ing high score prize in a tie with Mr.
Thomas Osborne. Miss Mary Hudson
furnished music during the evening.
Refreshments of chocolate and cake
were served to the following guests:
Misses Mary and Catherine Craig,
Sadie Scott, Mary Eichelberger, Mary
Hudson, Lois and Eloise Morrison,
Messrs Otto Deats, Floy Hinson
Ernest Babb, Fred Hudson, and John
Morrison. Out of town guests were
Misses Esther Ruth and Lyda Jack-
son and Lois Loving, of Jermyn;
Messrs Osborne, of Dallas; Matthews
of Guyton, Oklahoma; Johnson, of
Newcastle, and Loving of Jermyn.

PUBLIC MEETING

Notice is hereby given that a
public meeting will be held at the
court house in Graham, Texas, on the
10th day of January, 1920, at 2
o'clock p. m., for the purpose of
effecting an organization to promote
the holding of a reunion annually at
the battle grounds of the Indian Fight
near the head of Little Salt creek in
Young County. There is only one
survivor of this fight, and he and
some of his friends have met an-
nually at the place for the past three
years, and the experience of this
lone survivor (Uncle Billy Kutch) is
worth going miles to hear. Every-
body, and especially the old settlers,
are invited to be on hand at the meet-
ing.

W. P. STINSON
County Judge, Young County, Texas.

The Woman's Missionary Society
of the Methodist Church will meet
Monday, January 5th, at 3 o'clock at
the Parsonage. All ladies of the
church are invited and all members
are expected to be present.

CIVIC LEAGUE NOTICE

Be sure and attend the meeting of
the Civic League to be held January
7th, Wednesday, of next week. This
will be the first meeting of the new
year, and there are several very im-
portant things to be discussed and
decided.

A letter received from the Presi-
dent of the Federation, states that
at the State Convention held at Fort
Arthur, the Federation pledged the
aid of all Federated Clubs in the
Poll-tax Campaign now on. She
says, "In order that we may not fail
to meet our responsibility I am asking
that January 6 be made Poll Tax day.
Be not deterred by anything that is
told you. There is every probability
that we shall continue to vote in the
primary elections. Of the \$1.75 paid
for your poll tax \$1.00 goes for State
school funds; 50 cents to the State
general fund, and in some counties
25 cents for the county general fund."

The poll tax must be paid in order
that you may vote and it must be
paid before January 31. So make
January 6th your poll tax day.

FINAL SALE ON READY-TO-WEAR

And Millinery starts Saturday,
January 3rd.

STREET & CO.

WANTED—To buy four or five-
room modern residence southeast
part of town. Inquire at Leader of-
fice. 18p.

Born to Mr. and Mrs. W. H. Green,
December 23, a boy. The little fellow
has been named Thomas Weaver.

Mrs. Boyd, of Fort Worth, has
been employed as matron of the
teachers' dormitory.

Wishing you a prosperous New
Year, I am

Very respectfully,
W. F. PARSLEY.

NEW GUARANTY STATE BANK ELECTS OFFICERS

The Guaranty State Bank elected
officers and directors for the first
year as follows:

Arthur Mauldin, president; R. G.
Hallam, vice president; J. Wiley
Moore, vice president; Miss Lina
Price, assistant cashier; L. B. Wig-
gins, assistant cashier. Directors:
Arthur Mauldin, J. J. Gallaher, W. M.
Miller, R. G. Hallam, J. Wiley Moore.

Mr. Mauldin, the president, states
that the Guaranty State Bank has
some of as good people as stockhold-
ers as there are in Graham and sur-
rounding country. He states also that
he thinks there is plenty of room in
Graham for a third bank, as the town
in Graham for a third bank, as the town
is growing and new people coming in
all the time, and that the bank will
do a straight forward legitimate
banking business and will be operated
under the Guaranty Fund plan, thus
securing the non-interest bearing de-
posits of the bank, and just as soon
as the safe and fixtures arrive and are
installed the bank will be open for
business. They both have been
shipped and the bank will likely open
by January 10th, 1920, or as soon
thereafter as the fixtures and safe
arrive.

When we get open we respectfully
solicit a share of your business, prom-
ising you good and efficient service
at all times.

MRS. B. C. VARDY DEAD

Mrs. B. C. Vardy (nee Miss Roxie
Williams) died at the home of her
sister, Mrs. J. B. Terrell, at Newcastle
Saturday night, about 7:30, December
27th, 1919, after an illness of about
eight weeks.

Mrs. Vardy was born in Mahary,
Oklahoma, now called Fess, Okla-
homa, February 11, 1898. She came
at the age of three years old to make
her home with Mrs. Terrell, having
lost her mother, and since that time
she has lived there. On the 22nd of
August, 1918, she was married in that
home to B. C. Vardy. They lived a
short time in Oklahoma, when her
husband was called to the training
camp for service. He came home in
December, 1918, and they made their
home at Newcastle.

Mrs. Vardy was buried at True be-
side her little baby girl, Elnora. Rev.
Bailey, pastor of the Methodist
church at Newcastle, with Rev.
Thomas, pastor of Baptist church,
conducted the funeral service at the
grave. There were many beautiful
flowers and a host of friends followed
the casket to the grave.

She leaves a husband, one sister
and one brother, besides a host of
friends, to mourn their loss.

GRAHAM MISSION

Our first quarterly conference will
meet at Briar Branch Saturday, Jan-
uary 10th. Let every official member
be present. Our presiding elder, Bro.
Bicksey will preach at 11 o'clock and
hold the conference in the afternoon.

A. W. FRANKLIN.

OUTING FLANNEL 25c
All Outing, light, dark, white, pink,
blue, on sale at 25c at

STREET & CO.

ANNOUNCEMENT

New Year's Greetings to all.
Every Methodist in Graham is ur-
gently requested to attend the ser-
vices Sunday at the Methodist church.
Let's make it a record day for at-
tendance and an epochal day other-
wise. Special attention will be di-
rected toward a new church. Theme,
"The Needs and Possibilities of a
New Church." No collection will be
taken, we want to get it on our minds.
Come in time for Sunday School.

Missionary Society meets Monday
afternoon at 3 o'clock at the par-
sonage. The ladies have made a won-
derful record this year. Come Mon-
day and hear about it.

T. E. BOWMAN.

SHOE WORK CASH

All Shoe and Boot Work strictly
cash. Don't ask for credit.—EDDLE-
MAN BROS. SADDLERY CO. 19

Milton H. McConnell returned Sun-
day from Dallas where he spent
Christmas.

LET'S PULL FOR GRAHAM

The last meeting of our Chamber
of Commerce showed that our citizens
realize that co-operation counts.
Co-operation, team work and deter-
mination wins every time. It is this
combination that should dominate the
action in all our movements for the
town of Graham.

A Chamber of Commerce is nothing
but a chamber of citizens. Cities are
built by men—no city is without its
natural advantages and every town
has enough to exploit and we will fail
if we do not couple up other induc-
ements besides our natural advantages.
The manufacture of automobiles in
Detroit, of cash registers in Dayton,
of shoes in Brockton, Mass., they
came not on bonuses given or "nat-
ural advantages," but by the brain
management that went with them.
The human element is always the
controlling factor—these things come
when the right man beckons to them.

The most dependable means of im-
proving business is to steadily raise
the plane of living for the average
man. It is the interests of mankind
that must be considered first if busi-
ness is to prosper.

The cry went up if prohibition be-
came effective business would suffer,
business houses would become vacant,
etc. All agree man was made to live
better and business prospered, more
clothing was bought and children
were better fed.

We all owe a debt to our commu-
nity. Our school, our magnificent mill
and our banks would be monuments
of failure if our city were taken
away. What would a shoe repair shop
be worth if our community were to
go elsewhere? It is only because men
can not bring themselves to believe
that a town will ever disappear that
they refuse to give service and
money. It is mankind that builds
cities and tears them down.

Marshal Fech taught his students
in military college that the morale
of an army was more important than
numbers and later proved it. Kipling
sang, "It ain't the guns nor the arma-
ment, but the everlasting teamwork
of every blooming soul."

The Chamber of Commerce is the
mechanism through which forward-
looking citizens of Graham must
work for the good of our community.
Let's have team work, stand together;
let no man prosper at the expense of
some other man, and we will grow
and when we grow in that way you
will be surprised how your material
wealth will have multiplied in pay-
ment for the civic interest.

Will the skeptic please tell probable
price of building lots in a city where
every man was as skillful, enterpris-
ing, inventive, serviceful, exuberantly
happy and healthy as Divine Provi-
dence wishes His children to be?
Even the cynic knows that the civil-
ized world would stand in line for
the privilege of bidding on a lot.

A family reunion, at which twenty
were present, was enjoyed at the
home of Mr. and Mrs. J. C. Owen
during Christmas week. Those pres-
ent were Mrs. Owen's mother, Mrs.
M. J. Makeig, seventy-seven years
of age; Mr. and Mrs. Henry Makeig
and three children, of Antelope, B. E.
Makeig, of Jermyn; Mrs. Bertie
Bussey, of Petrolia; Floyd Bussey,
wife and children, of Petrolia. They
enjoyed a large turkey for Christmas
dinner and all the other good things
that go to make a meal complete for
an occasion of the kind. Jim says
that bird was so large that it re-
quired sixty-two servings to get
rid of it and the trimmings.

Supt. Earl L. Howell returned Sun-
day night from his home at DeLeon
where he spent Christmas.

LOST—Casing and Rim for Over-
land car was lost between Graham
and the Salem school house. Finder
return to Babb's Garage, or notify
W. E. CRICK. 19p

Mrs. Ida V. Boyd and Mrs. Palmer,
both of Fort Worth, have assumed
charge of the teachers' home. Mrs.
Boyd is an experienced matron, hav-
ing been matron in Texas colleges
for eight years. Mrs. Palmer has
had experience in culinary depart-
ments of similar institutions for
years.

C. C. MAYES SUICIDES

C. C. Mayes, an old and prominent
citizen of this city, committed suicide
at about 10:30 o'clock yesterday
morning by shooting himself behind
the right ear with a 38 calibre Smith
& Wesson revolver. Death was in-
stantaneous. Following the report of a
pistol shot Mr. Mayes' body was
found in a shed room of the barn. He
had been melancholy for some time,
it is reported, but none of his friends
or members of the family had even
suspected he contemplated taking his
own life. Those who saw and con-
versed with him in town early in the
morning saw nothing unusual about
him and the news of the tragedy
came as a great shock to our people.

C. C. Mayes was born in Spring-
field, Missouri, in May, 1871, and
came to Graham with his parents
when a boy. He was a member of the
Baptist church, a Mason, a Knight
of Pythias and a Woodman of the
World.

Funeral services were conducted at
the residence at 3 o'clock this evening
by Rev. C. R. Taylor, pastor of the
Baptist church, after which in-
terment was in Oak Grove cemetery.

Besides his wife he leaves eight
children, four girls and four boys;
an aged mother, five brothers and one
sister.

HAMILTON-GILMORE

On Thursday morning, December
25, at 6 o'clock, in the presence of a
large number of friends and relatives,
Rev. T. E. Bowman, pastor of the
Methodist church, united in marriage
John P. Hamilton, Jr., and Miss Ethel
Hester Gilmore, at the home of the
bride's mother in this city. Immedi-
ately after the ceremony the happy
couple left on the eastbound Rock
Island for Dallas and other east Texas
points, where they spent the holidays,
returning here Sunday night to make
Graham their home.

Both the bride and groom were
reared in Graham and are among our
most popular young people, possess-
ing many friends in Graham and over
the entire surrounding country, with
whom The Leader joins in extending
sincerest best wishes.

SALE STARTS SATURDAY, JAN. 3

On all Ladies' Coats, Suits and
Dresses.

STREET & CO.

GEORGE BLACK FOR PUBLIC WEIGHER

George Black is a candidate for the
office of Public Weigher of this Pre-
cinct and his name will be found in
the column set aside for aspirants to
office.

George Black has been reared in
Graham and is known to be an honest,
hard working man, fully qualified for
the office of Public Weigher, and if
elected will no doubt serve the people
in a thoroughly business-like manner.

He asks the consideration of his
claims by the voters at the polls on
primary election day, and if elected
promises to show his appreciation of
the trust imposed in him by giving
the best services he is capable of.

GANN-CORBETT

William A. Gann, a prominent citi-
zen of the Ivan country, and Miss Iva
Lee Corbett, the popular young
daughter of Mr. and Mrs. W. H. Cor-
bett, were united in marriage at the
home of the bride's parents in this
city Sunday, December 21st. They
will make their home at Ivan.

The Leader extends to them very
best wishes.

NOTICE TO PARENTS

The compulsory attendance period
of the Graham Independent School
District begins Monday, January 4,
and runs for a period of one hundred
days. Every boy and every girl over
eight years and under fourteen years
of age September 1, 1919, will be re-
quired to attend every day, unless
legally excused.

GRAHAM SCHOOL BOARD.

MARRIED AT MARKLEY

At the home of the bride's parents
near Markley, December 21st, Rev.
J. L. Hayes united in marriage Mr.
L. D. Ward and Miss Bessie Dalley.
The groom is a son of Mr. and Mrs.
W. M. Ward, of Jean, and the bride
is a popular young lady of the Mark-
ley community.

"ROUND THE CLOCK WITH THE DEBUTANTES"

Big Local Talent Production to Be
Staged Here Next Week.

Miss Frankie Terrell, of New York
City, formerly of Texas, who with her
brother, Chas. Ernest Terrell, staged
"Ferguson of Troy" here several
years ago, is now in the city direct-
ing her new novelty production under
auspices of Graham Literary and
Scientific Circle to strengthen a fund
for the library.

The play is a musical comedy in
three acts with 36 novelty features
including one hundred in the cast.
Two hours and ten minutes are re-
quired in staging it with no long
waits between scenes and no response
to encores.

Following are clippings from near-
by cities:

FORT WORTH—We commend Miss
Terrell to any organization who
may consider producing a production
of the very highest class and one that
will give complete satisfaction both
to the organization presenting it and
to the public. We have no hesitancy
in stating the production as presented
by Miss Terrell for Moslah Temple
Shrine Patrol is conceded to be by
far the highest class home talent pro-
duction ever put on in the city of
Fort Worth.

This was due to Miss Terrell's in-
genuity, her initiative and her splen-
did ability, as well as her untiring
efforts in rehearsing and drilling the
talent which she has been so success-
ful in getting together in this city.
We feel certain that any organization
that is fortunate enough to secure
her services will surely thank us for
having armed her with this letter.

Signed by the committee in charge
of Moslah Temple.

OKLAHOMA CITY—4,000 attended
"Round the Clock With the Debutan-
tes" and with a total attendance of
4,000 in three nights and one matinee,
the show went over big in a financial
way, and the Shrine and the Patrol
will go to Indianapolis next summer.

The attendance sets a new record
for any show that has ever been
staged in Oklahoma City during a
similar "stand."

A special feature of the attendance
was a number of out-of-town people
present, more than one hundred towns
and cities being represented. People
came from as far away as Shattuck
to see the play.

Leslie H. Swain, the illustrious po-
tentate of the India Temple Shrine,
expressed the thanks of the Shrine,
in a statement last night. He said
"Every member fully appreciates
Oklahoma City's talent in helping to
put over the comedy, 'Round the
Clock With the Debutantes' and we
feel that it has been a credit to In-
dian Temple Shrine as well as to every
person taking part and especially to
Oklahoma City."

NEWELL-ARDIS

Greene E. Newell and Miss Allye
Ardis were united in marriage by
Rev. W. H. McCullough, at the home
of the bride's parents, Mr. and Mrs.
R. H. Ardis, at Ellaville, at 7 o'clock
on the evening of December 30th,
1919.

The groom is a son of Dr. and Mrs.
D. J. Newell, old and high respected
citizens of Ellaville. He is one of
Young county's very best and most
promising young men.

The bride was reared at Ellaville
and is an accomplished, attractive
young lady, possessing a very large
circle of friends and admirers. She
taught school last year and this year
was a saleslady with R. F. Short &
Co., which has given her an acquaint-
ance over all the country. The
Leader joins the numerous friends of
these popular young people in extend-
ing very best wishes and sincerest
wishes for a long, happy and prosper-
ous life.

L. D. Wilson, of Fort Sam Houston,
a soldier boy in the regular army,
spent Christmas here with his pa-
rents, Mr. and Mrs. G. V. Wilson.

D. M. Norris and Miss Lottie E.
Williamson, of Henry Chapel, were
united in marriage by Judge G. D.
Brewton at the court house at 1
o'clock yesterday evening, December
31st.

PE-RU-NA

Made Me a Well Man

Mr. Louis Young, 1652 Clifford St., Rochester, N. Y., writes: "I suffered for thirty years with chronic bowel trouble, stomach trouble and hemorrhages of the bowels. We bought a bottle of Peru-na and I took it faithfully, and I began to feel better. My wife persuaded me to continue, and I took it for some time as directed. Now I am a well man."

Suffered thirty years with stomach trouble and hemorrhages of the bowels.

Liquid or Tablet Form

A New Life.
"I have heard tell," said Cactus Joe, that getting married makes a heap of difference in a man's way of livin'."
"It does; it does," replied Three Finger Sam. "In almost every instance he has to quit playin' poker an' take up bridge whist."

Quite So.
"Did you see where a singer has come back from Paris with a dress full of mirrors?"
"That idea must have required a great deal of reflection."

YOU'LL SOON LOOK OLD FROM HERE UP

Let "Danderine" check that nasty dandruff and stop hair falling.

Get a small bottle of "Danderine" at any drug store for a few cents, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications often remove every bit of dandruff and stop falling hair. Every hair on scalp shortly shows more life, vigor, brightness, thickness and color.—Adv.

Disturbing Medley.
"Miss Pounders," said the head of the firm, not crossly, but with the evident purpose of administering a mild rebuke, "I believe you enjoyed the performance of 'The Jazz Girl' last night."
"Why—so I did, Mr. Foster," answered the stenographer, in some confusion. "How did you know I was at the theater?"
"I was there myself, and—ahem—you've been humming all the song bits of that piece ever since you came down this morning."—Birmingham Age-Herald.

A Wiry Lamb.
The Smiths were at dinner. The second course was brought on, and there was a period of silence, broken only by the sound of fork and knife.
Then Smith looked up. "What is this?" he asked, pointing to the meat.
"The butcher said it was spring lamb," replied Mrs. Smith.
"He is right," granted Smith. "I've been chewing one of the springs for the last five minutes."

An Impossibility.
"Reds' have gone on strike," said the man who was reading a newspaper.
"Can't be done," commented the man who was cleaning his pipe. "In order to strike a person has to quit work, and no red was ever known to be at work in the first place."

Not as It Sounds.
"How about that mill location?"
"They say it is a dam good site."—Exchange.

Nasty Colds

Get instant relief with "Pape's Cold Compound"

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes nice. Contains no quinine. Insist on Pape's! Ad.

Chinese Beauties.
An expert has turned his attention to what he calls "the exquisite complexion of the Chinese women." This, he claims, is not due to emmelling, as is generally supposed, but to careful manipulation of the face by the most expert masseuses.
They begin by a gentle pinching of the cheeks between the tips of their fingers, an operation that consumes a period of ten minutes. Lotions are applied by means of absorbent cotton, then comes an argemint and there follows a kneading of the cheeks with an extreme delicacy of touch, always proceeding from the nose and commissures of the lips toward the ears.

Just Grievance.
"Somebody else has got to wait on that guy in the green suit," said Maggie, the belle of the beanery.
"What's the matter, Mag?" asked her—for that day—dearest friend.
"He said, 'Pull yourself together, my girl, and rush that order of ham and eggs.' Any guy that talks to a lady like she's scattered herself all over the place ain't no gentleman. That's what I say!"—Birmingham Age-Herald.

What Tim M ght Do.
Old Goldbags—What's that! You really mean to tell me you love my daughter for herself alone?
Hardup—Yes, sir; but I think I could learn to love you t-foo, sir, in t-time, sir.—London Tit-Bits.
A good handicraft has a golden foundation.
Often the explanation has nothing to do with the case.

INDIANS' PART IN WAR TOLD

Commissioner Recites Deeds of 10,000 Redskins Who Fought Kaiserism.

MANY PLAYED HERO ROLES

Probably Nothing More Helpful Has Come to Ancient Race Than Benefit Received From Military Service, Says Sells.

Washington.—There are 333,702 Indians in the United States, exclusive of Alaska, according to Carlo Sells, commissioner of Indian affairs, who has just made public his annual report to the secretary of the interior. Oklahoma has by far the largest number of them, 119,101, while Delaware, with five, has the least.

The following table shows the Indian population as it is distributed by states:

Alabama	909	Montana	12,138
Arizona	43,346	Nebraska	2,418
Arkansas	400	Nevada	5,840
California	16,213	N. Hampshire	34
Colorado	321	New Jersey	168
Connecticut	132	New Mexico	20,581
Delaware	68	New York	4,467
Dist. Columbia	68	N. Carolina	8,272
Florida	578	North Dakota	8,391
Georgia	26	Ohio	127
Idaho	1,006	Oklahoma	119,101
Illinois	188	Oregon	6,007
Indiana	278	Rhode Island	254
Iowa	358	S. Carolina	331
Kansas	1,441	South Dakota	22,829
Kentucky	234	Tennessee	216
Louisiana	790	Texas	702
Maine	897	Vt.	2,048
Maryland	32	Vermont	28
Massachusetts	68	Virginia	139
Michigan	7,512	Washington	10,885
Minnesota	12,447	West Virginia	36
Mississippi	1,252	Wisconsin	10,211
Missouri	312	Wyoming	1,312

Indian's Part in the War.

Probably nothing is of greater interest in the report than the chronicle of the part the Indians played in the war, and the benefit military service has proved to them. So noteworthy has this been that the heading given to this section of the report is "War as a Civilizer." "Probably nothing more helpful has come to this ancient race," it reads, "than the enrollment of 10,000 of its sons study as American soldiers to challenge the barbarous rule of central Europe. The immediate benefit comes from the equal opportunity they had with their white comrades for gaining knowledge, for maturing judgment, for developing courage through contact with events and conditions."
Numerous Indians won medals and recognition for distinguished service abroad. Their citations rank them with the bravest of the brave. The most striking is that of Private Joseph Oklahombi, a full-blood Choctaw, company D, One Hundred and Forty-first infantry, Bismarck, Oklahoma. His citation reads as follows:

"Under a violent barrage, Private Oklahombi dashed to the attack of an enemy position, covering about 210 yards through barbed-wire entanglements. He rushed on machine gun nests, capturing 171 prisoners. He stormed a strongly held position containing more than 50 machine guns and a number of trench mortars. Turned the captured guns on the enemy and held the position four days in spite of a constant barrage of large projectiles and of gas shells. Crossed No Man's land many times to get information concerning the enemy, and to assist his wounded comrades."
Progress in Education.
Satisfactory progress is being made in the matter of education. The policy of encouraging Indian children to attend the state public schools, the federal government paying the tuition therefor, is growing in favor. Any prejudice on the part of white members of the schools against the Indian is rapidly disappearing. The educational program that is now under way is to provide for Indian children's attendance at public schools wherever the facilities are available and maintain special reservation schools only where the facilities are not adequate. Industrial education is receiving large attention, an impetus having been

given it by the war. According to the reports of various superintendents, the Indian soldiers have returned with a greater self-confidence, an ambition to engage in useful occupations and a desire to fulfill the obligations to country by living up to all the requirements of citizenship. Agriculture is being encouraged and trade schools established. Health conditions are reported satisfactorily improved, with the exception of the inroads made by the influenza.

MEXICO CITY QUIET AT NIGHT

Every Place Is Closed Up by 2 A. M. Except Two Outdoor Lunch Stands.

Mexico City, Mex.—Mexico City is a quiet place after dark. Business of practically every sort stops promptly at seven at night, when doors are bolted and heavy steel curtains are drawn over the entire front of the building. Avenida Francisco Madero, the main thoroughfare, dimly lighted at best, looks like a blind alley after eight and is enlivened for a few moments only when, shortly after midnight, the theater crowds hurry home. There is but little after-theater life here. Saturday night offers an exception for two cafes are open then for dancing and drinking, with foreigners for the most part, the patrons.
The human owls of the United States who turn night into day will find it difficult to believe that Mexico City, which has a population approximating 1,000,000, has no all-night restaurants and that after two in the morning it is next to impossible to buy so much as a cup of coffee. The "open day and night" cafe is unknown here and early risers or late retires face the alternative of carrying a pocket lunch or of finding one of the two outdoor lunch stands that cater to that distinctive class of night workmen, the newspaper printer. These two "pueblitos," as

they are called, consist merely of makeshift tents which cover a few boards serving as tables and chairs. They open for business at 3 a. m. and by 7 are hauled down. Here one may buy coffee, tamales, tortillas and meat highly flavored with chili.

CREDITS 100 YEARS TO BIBLE

Mrs. Katherine Tibball of New York Has Read the Scriptures Faithfully.

New York.—To faithful reading of the Bible does Mrs. Katherine Tibball, one hundred years old, attribute her long life.
Fate has borne rather heavily on the Tibballs. The centenarian's only daughter, who keeps house for her, is deaf and dumb, and her son, who has just celebrated his golden wedding, is stone blind. Still they are a cheerful family and proud of their old mother, whose faculties remain almost unimpaired.
Mrs. Katherine Tibball was born in Westchester county, New York, and went to school in this city. She has always been a quiet home woman and "never bothered about woman suffrage and such things," her son says.

Farm for Each Child.

Marysville, Pa.—Jacob Barner of Pfoots valley, desiring to distribute some of his estate while yet alive, at a recent family gathering presented each of his children with a fully equipped farm. Seven children were included, as follows: Charles Barner, Lee Barner, Roy Barner, Lutheran Barner, Mrs. Mary Spicer, Mrs. Margaret Lyter and Mrs. Milton Goinett. All live within a few miles of Liverport.

Daily Thought.

The race by vigor, not by vaunts, is won.—Pope.

HAS NEW WORLD MAP FOR FLYERS

Globe-Girdling Aviators to Use "Butterfly" Chart Instead of Mercator's

DEvised BY CALIFORNIA MAN

Aviator Using Mercator Projection Would Go 1,000 Miles Out of His Way in Trip From Panama to Yokohama, Says Inventor of Map.

San Francisco, Cal.—Flyers in the proposed 1920 world-girdling air derby will not travel by Mercator's projection, but by a new "butterfly" map, devised by J. S. Cahill of Oakland, Cal., which has just been adopted by Maj. Charles J. Glidden, executive secretary of the aerial derby commission, now on his way to the far East, and who gave the map his approval before leaving here.
Mr. Cahill, who is the originator of San Francisco's \$12,000,000 "civic center" plan, said that an aviator using the Mercator projection as a guide,

Let Old House Burn; Fear Chilling Ghosts.

Sayville Depot, L. I.—The oldest landmark in Sayville, the unoccupied historic Gordon homestead, has been burned to the ground. It belonged jointly to the estate of the late banker, James T. Wood, who was associated with the notorious defaulting banker, Robin, when Wood placed the property in the name of a strange woman, whose whereabouts are unknown. This ghostly dwelling was removed in answer to many prayers of an incendiary nature. Local firemen were at the scene, but withheld the water, fearing to chill the ghosts dancing in the flames.

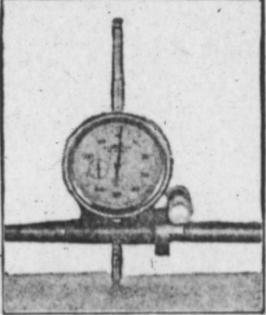

FINDING WEAR OF HIGHWAYS

Instrument Recently Designed and Made to Determine Wear of Concrete and Other Roads.

(Prepared by the United States Department of Agriculture.)

Every user of concrete and other improved highways will be interested in an instrument which has recently been designed and made in the research division of the bureau of public roads, for measuring wear of concrete and other surfaces. It is anticipated that from readings made with this instrument a large amount of valuable data may be collected not only regarding concrete roads, but also concerning brick, macadam, and other types of surfaces. The instrument consists essentially of two bearing plates each 2 inches in diameter, pivoted on uniform joints to a spanner 1 1/2 inches long. In the mid point is mounted a micrometer whose plunger has a travel of 1 inch and whose dial is graduated to read to

Measures Wear of Roads.

one one-thousandth of an inch. In order to form a base to which measurements can be referred from year to year, brass plugs are set in the pavement where readings are desired. Readings are taken by resting the bearing plates on the road's surface and allowing the plunger to rest on the base plate of the plug. The instrument is plumbed with the aid of a level and the spanner bar is held parallel to the center line of the road. Other readings may be taken with the bar at right angles to the center line of the road.

An important advantage of this instrument is that accurate data can be acquired rapidly and without interrupting traffic. The base plate in the pavement is protected between readings by covering it with cotton waste and tamping with putty. The brass plugs are readily set in any pavement while it is being laid, and at any future time by drilling holes with star drills and setting the plug in cement grout.

PAY ATTENTION TO ROADSIDE

It Should Be One of First Places by Which Appearance of the Farm Is Improved.

Some farmers evidently consider the roadside along their farms as distinctly separate from and wholly outside of their jurisdiction, and any time or labor expended in keeping it up as so much gratuitously donated to the public. Every farmer should consider the roadside along his farm as deserving as much of his attention as the farm itself. He should consider the road the "front way" to his farm, and instead of its receiving secondary attention, it should be one of the first places by which the appearance of the farm is improved.

MOVEMENT TO BETTER ROADS

State of Maine Votes to Increase Bonded Indebtedness From \$2,000,000 to \$10,000,000.

(Prepared by the United States Department of Agriculture.)

Maine, by an overwhelming vote, recently endorsed the proposal to raise the bonded indebtedness of state highways from \$2,000,000 to \$10,000,000, giving an additional \$8,000,000 to be spent on the state road system. This is one of the instances showing a country-wide movement for better highways, as reported to the United States department of agriculture, which administers the federal aid road act.

Roads Not Developed.

That the roads in this country, although greatly improved since the coming of the automobile, are not yet universally developed to the point where they should be was demonstrated during the stress of war.

Save Truck Owners Money.

Truck owners know that good roads not only save them money but the shipper and public as well, because they can make faster time and at a saving in operating expense.

No race with Coffee prices!

POSTUM CEREAL

is still selling at the same fair price, and is better for you.

DAIRY FACTS

COW-TESTING IS PROFITABLE

Best Scientific Agency for Isolating and Eradicating Drones From Dairy Herd.

Prepared by the United States Department of Agriculture.) Practical reports from the various cow-testing associations throughout the country show the value of this work of separating the chaff from the wheat in cowdom. The modern cow-testing association is the best scientific agency for isolating and eradicating the drones from the herd, while it also is of value as a detector of the highest producing animals. Such studies of the cow's appetite, digestion and production are the economical and logical methods of increasing the net earnings of the dairy.

One Ohio cow-testing association, whose members owned 385 cows last year, reports an association average of 345 pounds of butterfat per cow, and that the present production of the cow's is 72 pounds of fat more apiece than it was at the first of the year.

Another cow-testing association announces that its expenses during the last five years have been below \$4,000 while the value of the increased production during only the last year has aggregated over \$11,000. This remarkable increase in income is not abnormal for this particular association, as during each year the production of the cows has improved and the returns greatly increased. Members from another association report that all other cow owners are feeding the individual animals according to the capacity and production of each cow. This is a re-

Cow-Testing Associations Improve Production and Increase Returns From Dairy.

markable change from conditions a few years back when the cows' feed boxes at milking time always contained the same allowance of feed. "There is certainly all the difference in the world between bulls," comments a member of a successful bull club. "Do you recollect that old 'Bonnie' cow of mine whose record was only 537 pounds of fat? I have raised three heifers from her, the best of which produced 715 pounds of fat during the last year, while the other two heifers, which are younger, yielded respectively, 363 and 361 pounds of fat. These heifers were sired by different purebred bulls and evidently the difference in the qualifications of the sires as regards fat production is aptly characterized in the production of their daughters."

RETAIN ALL DAIRY ANIMALS

More People Than Ever in Country to Feed and Milk Will Be Used if Price Is Fair.

There are more people to feed than ever in this country and if prices can be brought to a point where they can afford to buy they will buy and use a great deal more milk than they did. As for selling of dairy cows, think how disastrous it would be. Many do not even now get as much milk as they would like, and thousands and thousands of pounds of butter substitutes are used every year.

HERD BULL REQUIRES GRAIN

Good Ration Is Composed of Oats, Barley or Speltz, Bran, Oatmeal and Wild Hay.

A herd bull in heavy service should be fed grain. A ration composed of 6 parts oats, 2 parts of barley or speltz, 2 parts of bran, 1 part of oatmeal, together with good upland wild hay makes a good ration.

HAVE COWS FRESHEN IN FALL

Practice of Many Good Dairymen Is That Profitable Work Is Furnished Farm Hands.

Many dairymen have cows freshen in the fall, so that profitable work is furnished the farm hands in the winter when work is sometimes slack on an average farm.

WINTER in SWITZERLAND

St. Moritz in Winter.

NOW that peace has come, Switzerland is busily preparing to assume her old place as the favorite playground of the old world. The little Helvetic republic of proverbial beauty, and far more beautiful still in the eyes of many—for as an angel of mercy has shown her real worth in the world's tragedy—is fairly brimming over with attractions sought by lovers of the medieval and quaint and curious, and will now more than ever become a haven of blissful rest and healthful enjoyment, writes Marie Widmer in the New York Herald.

During the last five winters, in spite of the war, the numerous winter sport resorts tucked away in all those lovely spots over 3,000 feet above sea level, managed to have a "season" on a limited scale, and now that conditions are once more becoming normal it is expected that the winter 1919-1920 will see a great many visitors flock to that snowclad Alpine land, which, although in the midst of that fierce turmoil, has remained intact.

Switzerland in her winter garb! To the newcomer it means a vision of paradise—to the habitue a coming home to a beloved haunt. Once a master study in artistic color combinations, the country appears now as a glorious symphony in white. Jack Frost has imprinted a silencing kiss upon the babbling lips of every tiny brook and mountain stream and glistening sheets of ice cover also the limpid blue eyes of ponds and Alpine lakes. Ice and snow everywhere and above a glorious expanse of deep blue sky. The air itself seems to have gained some new miraculous qualities and faces which yesterday looked weary and tired have a cheerful and energetic expression today.

Land of Winter Sports. For the natives the time of pleasant sociability has now come. Visits between friends and relatives are frequently interchanged—by sleigh in the case of the older set, and by ski in the case of the younger generation. Even some of the passes are quite unobscured, as winter is the time of the great transport of merchandise over mountains, such as the Veltliner wines in the case of the Grisons. From the high lying pastures they slide down to the valley the hay which had been stored in the picturesque huts, and the woodcutters, in their turn, are busy in the high forest. The proud tree-trunks fall cracking before the axe and the logs dart like arrows down snow-runs to the traffic-bearing roads below.

Nowhere on earth have the possibilities of winter sport been so keenly realized than in Switzerland, and that is why we find in this small land such a great choice of resorts which possess scientifically laid out toboggan and bobsleigh runs, ice rinks, thrilling ski-jump, etc. Very soon we find everybody interested and engaged in some form of winter sport. There is skating, of course, but many games compete now with this oldest of sports on the ice, which has, however, been developed into an art which charms the onlooker by the gracefulness of its movements, now astonishing by the cool daring of its swift rushes. As in summer over the lawn, so flies the tennis ball over the ice in the game of hockey. Curlers are frantically sweeping their "stones" toward the coveted goal, and the unlimited diversity of gymnastic stunts offers constant amusement for the players as well as for the onlookers. The improved appliances for sport requirements have nearly ousted the old-fashioned herdsman's sleds, which are now only occasionally used by timid beginners. The up-to-date vehicle is the so-called skeleton, a low, yard-long toboggan, on which the rider lies flat, steering the craft with hands and feet. Like an arrow it darts up to the ice walls of the curves, and as the bewildered spectator fearfully anticipates an accident, the toboggan shoots down into the furrow and around a beautifully shaped curve.

One of the most attractive, and certainly a very social sport, is bobsleighbing. Long, low padded toboggans, seating as many as six persons are used, and under this heavy burden the bobsleigh shoots down its course with amazing speed. As the leader swings, almost automatically the closely crowded team bend themselves, thus guiding the sleigh to the right or left; they apply a brake by letting themselves drop on the snow or drive to greater swiftness by bending forward like jockeys. Strong iron spikes, which are driven by a lever into the ice, enable the leader to stop the vehicle almost instantly, but a sudden application of these brakes whips up the ice and snow in clouds; shaking and jolting the riders. Skiing has taken root to an extraordinary extent in Switzerland. Even the poorest youth does not want to do without skis, though they might only consist of a couple of crudely adjusted barrel staves. Thanks to the ski the boys and girls living on remotely situated farms are now able to attend school every day; their parents are no longer isolated for the best part of the long winter months, and thanks also to these "wooden wings" the mail and newspapers can be delivered regularly.

Sport is furthermore made easier by the different mountain railways, which in winter run toboggan trains. Thus one can travel a couple of stations upward and arrive at the starting point of a mountain road without exertion and waste of time. Then one can descend to the valley on toboggan, ski or skates, or, vice-versa, go down first and return by train to winter quarters. Races, competitions, sleigh drives, ice carnivals, ski excursions and an equal variety of fascinating indoor entertainments transplant the happy winter visitor into a totally different world where sorrow and care seem to be banished and where every human being seems to realize that the best life after all is found right next to Nature's heart.

Had Long Experience. Romance is very powerful, but some things much more common are more so. Take for instance hunger. The other day a young bride and bridegroom came from a little country town to Indianapolis to buy furniture for their new home. About 11:30 the bridegroom departed on an errand and told his wife that he would meet her at 12:30 at a certain restaurant.

He was detained until almost one o'clock. Then he rushed into the restaurant and found his new bride very calmly eating the lunch she had ordered. Amazed, he rushed to her table. "Oh, I was so worried over being late," he began. "I was so afraid you couldn't eat without me."

The bride looked up from her soup. "Why, I did it for 23 years," she returned, and turned to her roast pork and apple sauce.—Indianapolis News.

America's First Newspaper.

The first real newspaper, continuously printed, in America was the Boston News Letter, of which the initial number was published 215 years ago. A single number of a journal called Public Occurrences, Foreign and Domestic, had been printed a little more than thirteen years before; but, like many of its successors, its first number was also its last. John Campbell was the entire staff of the News Letter, from managing editor to printer's "devil." The publication lasted 72 years and its circulation remained steady at about 300 copies weekly.

Ter Bad.

He was young and handsome. She was young and beautiful. She seemed to hang over every word he spoke. Suddenly his handsome face darkened with repugnance. "It's too bad!" he exclaimed. The beautiful girl paled. Nevertheless, his sensitive nostrils quivered. She knew he was right. So she took the egg away and brought him another. And she didn't charge it on the check!

I'M SO GLAD I DIDN'T TAKE NASTY, SICKENING CALOMEL

"Dodson's Liver Tone" Makes You Feel Just Grand and You Can Eat Anything and Not Be Salivated

Calomel salivates! If you feel bilious, headachy, constipated. If your skin is sallow, your breath bad, your stomach sour, just go to any druggist and get for a few cents a bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous Calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty Calomel and without making you sick, you just go back and get your money. If you take Calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, with a hearty appetite, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children.—Adv.

SPRAINS

"The best pain and sprain reliever I have ever found," says O. C. Cook. "I am much pleased with Hunt's Lightning Oil." The powerful healing warmth of Hunt's Lightning Oil relieves pain when other liniments fail. Just try a bottle for that sprain or for rheumatism, neuralgia, etc., and see for yourself how quickly and gently the pain ceases and disappears. "Hunt's Lightning Oil does all you claim for it—and MORE," says one enthusiastic user. Walk right into the first drug store you come to and get a 25c or a 70c bottle. A. B. Richards Medicine Company, Inc., Sherman, Texas.

HUNT'S LIGHTNING OIL

Well Done. "I understand both your daughters have been satisfactorily married." "Yes; one married a baker, who, of course, can always raise the dough, and the other married a butcher, who knows how to make both ends meet."

"CALIFORNIA FIG SYRUP" IS CHILD'S LAXATIVE

Look at tongue! Remove poisoning from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear. "Mother! You must say "California."—Adv.

A Sure Way.

"Why don't you get a woman detective to make that financier show his hand?" "How could a woman do it?" "By disguising herself as a man-curtain."

BOSCHEE'S SYRUP.

A cold is probably the most common of all disorders and when neglected is apt to be most dangerous. Statistics show that more than three times as many people died from influenza last year, as were killed in the greatest war the world has ever known. For the last fifty-three years Boschee's Syrup has been used for coughs, bronchitis, colds, throat irritation and especially lung troubles. It gives the patient a good night's rest, free from coughing, with easy expectation in the morning. Made in America and used in the homes of thousands of families all over the civilized world. Sold everywhere.—Adv.

As a hero worshiper the matinee girl takes the lead.

It's a great work of art to make art pay.

MURINE

For YOUR EYES
Night and Morning. Have Strong, Healthy Eyes. If they Tire, Itch, Smart or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Soothes, Refreshes. Safe for Infant or Adult. At all Druggists. Write for Free Eye Book. Home Eye Remedy Co., Chicago.

What is a voice from the tombs like? "I guess it is on the order of a skeleton's articulation."

"Cold in the Head"

Is an acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. All Druggists Sell. Testimonials free. \$10.00 for any case of catarrh that HALL'S CATARRH MEDICINE will not cure. F. J. Cheney & Co., Toledo, Ohio.

A handsome shoe often pinches the foot.

The history of the war waits on the epilogue.

Women Made Young

Bright eyes, a clear skin and a body full of youth and health may be yours if you will keep your system in order by regularly taking

GOLD MEDAL HARLEM OIL CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles, the enemies of life and looks. In use since 1895. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation.

The railways of the United States are more than one-third,
nearly one-half, of all the railways of the world. They
carry a yearly traffic so much greater than that of
any other country that there is really no basis for compar-
ison. Indeed, the traffic of any two nations may be com-
bined, and still it does not approach the commerce of
America borne upon American railways.
—United States Senator Cummins.

**Ask Any Doughboy Who
Was "Over There"**

and he will tell you that American railroads are
the best in the world.

He saw the foreign roads—in England and
France, the best in Europe—and in other Con-
tinental countries—and he knows.

The part railroads have played in the develop-
ment of the United States is beyond measure.

American railroads have achieved high stand-
ards of public service by far-sighted and courage-
ous investment of capital, and by the constant
striving of managers and men for rewards for work
well done.

We have the best railroads in the world—we
must continue to have the best.

But they must grow.

To the \$20,000,000,000 now invested in our
railroads, there will have to be added in the next
few years, to keep pace with the nation's business,
billions more for additional tracks, stations and
terminals, cars and engines, electric power houses
and trains, automatic signals, safety devices, the
elimination of grade crossings—and for recon-
struction and engineering economies that will re-
duce the cost of transportation.

To attract to the railroads in the future the in-
vestment funds of many thrifty citizens, the direct-
ing genius of the most capable builders and man-
agers, and the skill and loyalty of the best work-
men—in competition with other industries bid-
ding for capital, managers and men—the railroad
industry must hold out fair rewards to capital, to
managers and to the men.

American railroads will continue to set world
standards and adequately serve the Nation's needs
if they continue to be built and operated on the
American principle of rewards for work well done.

FISH CREEK

This being one of the finest days
in the settlement, we thought it would
not be out of order to write The Lead-
er a few items from this thriving
little burg called Murray.

Health of the community is very
good at present so far as we know.

Since our last report there have
been some weddings in the Huff-
stutle community joining us. But
b'v'as we are unable to call their names
we must leave it off.

A. C. Golden and family returned
Saturday from Ballinger, Texas,
where they spent Christmas with
relatives and friends.

Tom Gibson and wife, of Hale Cen-
ter, are here visiting relatives and
friends.

Tom Dixon, Weldon Ritchie and L.
E. Shifflett have lately bought Ford
cars.

Miss Jewell Donnell, who is in a
sanitarium at Fort Worth suffering
from a spider bite which she received
in the early fall, is yet unable to re-
turn home.

As I am asked quite often when I
am in Graham concerning the sick
and dying hogs up here, will say they
have quit dying so far as I know. If
there is any sick ones we don't know
it.

The Christmas tree at Fish Creek
was reported as a good one.

Owing to so much rain this last
fall the farmers never got to sow near
as much wheat as they wished to
sow. Cotton picking is still on hand
in this community.

Well, as my letter is growing a
little lengthy I'll close.

KID.

I will throw some an maize at
my place four miles east of town on
Thursday, January 8.

A. J. BRYAN

Stephens County Offers the Best Opportunities to Oil Investors

This is Striking Close to Home. INVEST NOW.

Many fortunes have been made in **TEXAS OIL** in the past twelve months, and by investigation it will be seen that some of the very largest ones have been made in **STEPHENS COUNTY**. One of the greatest oil pools yet discovered is that in Stephens County. Here you will find the largest wells. Some of them producing as high as 10,000 barrels of oil daily. With such large production in this county and with hundreds of drilling wells all about us, we cannot but feel that we will be fortunate enough to get one or more good producing wells on our **80-ACRE TRACT**. Investors who buy a few shares in our company may see it grow into a small fortune, for we are determined to make money for our stockholders. Read about the wells that are close to our tract, then invest today while you can get this stock at par.

THOS. H. YANCEY, Sec. Treas.
Breckenridge, Texas.
Property owner in Breckenridge and one of the best known men in Stephens county, having lived in this county for more than 40 years.
Depository
GUARANTY STATE BANK
Breckenridge, Texas

OUR HOLDINGS

80 acres located in northeast Stephens county, J. H. Washburn tract, survey 1118.
This lease is 1 1/2 miles southwest of the **DONNELL** well which is now producing about 50 barrels of oil per day.
To the west of our 80 ACRES lies the **LYDON** well which is also a good producer, making 500 barrels per day.
To the southwest we have the **GRAHAM** and **HILL** wells. The **GRAHAM** well is now one foot in the sand and is being held for storage and pipe line connections.
One-half mile northwest of our lease the **ROXANA** Oil Co. is drilling the **McCHAREN** well. A 1,000-barrel well here would prove up our acreage and make it worth many times its present value.
Two and one-half miles south of us the **MILAM** well has been drilled in by the **Mid-Kansas Co.** and is being held for pipe line connections.
Our holdings are located in what is known as the **IVAN FIELD** and the daily papers report many favorable things about this new field. The prospect is very bright and acreage is selling readily at from \$700.00 to \$1,000.00 per acre.
See Mr. Earl T. Moor, Fiscal Agent, at Delman Hotel, or mail check to Company.

FIX STOMACH RIGHT UP

"Pape's Diapesin" at once ends indigestion, gases, Sourness, Acidity

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn or headache, from acidity, just eat a tablet of Pape's Diapesin and the stomach distress is gone.

Millions of people know the magic of Pape's Diapesin as an antacid. They know that indigestion and disordered stomach are so needless. The relief comes quickly, no disappointment, and they cost so little too.—Adv.

Matching.

"Her affinity is a shoemaker." "Then it was natural for him to want a sole mate."

Important to Mothers

Examine carefully every bottle of CASTORIA, that famous old remedy for infants and children, and see that it bears the Signature of *Dr. J. C. Fletcher* In Use for Over 30 Years. Children Cry for Fletcher's Castoria

Resolve to be thyself; and know that he who finds himself loses his misery.—Matthew Arnold.

Watch Cuticura Improve Your Skin. On rising and retiring gently smear the face with Cuticura Ointment. Wash off Ointment in five minutes with Cuticura Soap and hot water. It is wonderful sometimes what Cuticura will do for poor complexion, dandruff, itching and red rough hands.—Adv.

It may be a little farther around the corners of a square deal, but the road is better.

The occasional use of Roman Eye Balsam at night will prevent and relieve tired eyes, watery eyes, and eye strain. Adv.

Success is the happy art of getting away well with the precious little you happen to have.

48,000 Drug Stores Sell It.

Five million people use it to KILL COLDS

Standard cold remedy for 20 years—no habit-forming, safe, sure, no nausea—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine has a red cap with Mr. Hill's picture. At All Drug Stores

BILIOUSNESS Caused by Acid-Stomach

If people who are bilious are treated according to local symptoms they seldom get very much better. Whatever relief is obtained is usually temporary. True biliousness is its source and remove the cause and the chance are that the patient will remain strong and healthy.

Doctors say that more than 75 non-organic diseases can be traced to an acid stomach. Biliousness is one of them. Indigestion, heartburn, belching, sour stomach, flatulence, and gas are other signs of acid stomach. EATONIC, the marvelous modern stomach remedy, brings quick relief from these stomach ailments which lead to a long train of ailments that make life miserable if not corrected.

EATONIC (FOR YOUR ACID-STOMACH)

Money back without question if RUNT'S SALVE fails in the treatment of ITCH, ECZEMA, RINGWORM, TETTER or other itching skin diseases. Price 75c at druggists, or direct from A. S. Roberts' Medicine Co., Sherman, Tex.

Coughing

Is annoying and harmful. Relieve throat irritation, tickling and get rid of cough, colds and hoarseness at once by taking

PISO'S

WOOD ALCOHOL KILLS OVER SEVENTY-EIGHT

AUTHORITIES BELIEVE FATAL DRINK WAS MIXED IN NEW YORK.

MUCH EVIDENCE IS FOUND

Band of Italians Suspected of Having Been Engaged in Making Beverage to Be Sold as Whisky.

New York.—New York detectives seeking the source of "whisky" manufactured from wood alcohol, which has caused scores of deaths in the east within the last few days, express the opinion that hundreds of barrels of the poison liquor were made in this city by a band of Italians and shipped to Connecticut and near-by states. They predicted a number of arrests soon would be made.

More than 78 persons have died and scores of others are suffering from paralysis and blindness due to drinking wood alcohol "hisky," according to reports received from seven eastern cities and Chicago.

The detectives made this prediction after a raid on what is believed to have been an illicit still on Baxter street, where eleven bottles marked "whisky flavor" and whisky extract were found concealed among bags of sawdust. Many more bottles containing ingredients ordinarily used in the manufacture of Italian and Spanish cordials, also were discovered, according to the police. There were many bottles labeled "brandy extract." The proprietors of the basement in which the alleged still was located was arrested.

INDUSTRIAL TRIBUNAL PLAN IS SUBMITTED

Conference Outlines Details for Machinery to Prevent Labor Conflicts.

Washington.—Tentative recommendations for the establishment of machinery to prevent or retard labor conflicts in private industry were announced by the president's industrial conference with a view to obtaining constructive criticism before a final plan is adopted.

The plan as outlined now contemplates the creation of a national industrial tribunal and regional boards of inquiry and adjustment, which would move to the settlement of disputes before there was any stoppage of production. Decisions would have the full force and effect of a trade agreement between the parties to the dispute.

Remarking that some public utilities, such as railroads, are essential to the very existence of the people, the conference's tentative statement expressed the opinion that the "inter-ruption in such public utilities is intolerable." But the conference states that further consideration is required of the problem whether some method can be arrived at that will avert all danger of interruption to service.

NAVAL AWARDS TO BE FULLY INVESTIGATED

Congress and Also Secretary Daniels Will Make Separate Investigations.

Washington.—Full investigation of the controversy over awards of decorations for war service to naval officers, brought to a head by Rear Admiral William S. Sims' recent protest against the tentative list issued by the navy department, will be made both by congress and by the department.

On the heels of Secretary Daniels' announcement that the naval board, headed by Rear Admiral Knight, had been ordered reconvened to review its findings on recommendations for medals or other decorations, Representative Lufkin, (Rep.) of Massachusetts, of the house naval committee, conferred with members of the senate committee and said that a joint committee would take up the whole question when congress reconvened.

Take Evidence in Boundary Dispute Oklahoma City, Ok.—Attorney General Freeling says that the attorney general of Texas and himself will meet in Washington in a few days and appoint a commission composed of two one to be named by the Texas attorney general and the other by Mr. Freeling, to take all proof in the Oklahoma-Texas dispute on Red river bed interests. When this is all gathered it will be presented by the commission to the court.

Man Sandbagged by Negroes Dallas.—J. J. Osborne, 65-year-old real merchant, was sandbagged and robbed by two negroes Monday night as he entered his home. His assailants took about \$700.

Remove Duty From Cotton Yarn Tokio.—The Japanese government has decided to prohibit the exportation of cotton yarns and cotton tissues in order to check the advance of prices.

Deputies Sheriff Locked in Jail Toledo, Ohio.—Six men called at the county jail Christmas morning and exchanged greetings with three deputy sheriffs, locked them in a cell, then liberated four notorious burglars and safeblowers.

RAILWAY MECHANICS SERVE ULTIMATUM

NOTIFYING CONGRESS THEY WILL NOT SUBMIT TO ENACTMENT OF ANTI-STRIKE BILL

Washington.—Organized railway machinists, through their president, has served notice on congress that they would not submit to enactment of the Cummins railroad bill with its drastic anti-strike provision.

Voting more than a month ago, 98 per cent of the 125,000 members of the union favored an immediate walk-out in event of the bill's passage by both houses of congress, but the result was not made known through fear that the brotherhood might appear in the light of attempting to coerce the lawmaking branch of the government.

The machinists, according to William H. Johnson, president of the international association, are the only railway employees who have taken a strike vote, but the heads of all the brotherhoods, fourteen in all, have been summoned to meet here to consider pending railway legislation and define precisely their positions on the clause in the Cummins bill which prevents strikes and puts strikers in jail.

The call for the conference was issued by Samuel Gompers, president of the American Federation of Labor, but Mr. Gompers and other labor leaders refused to discuss probable action by the brotherhood leaders. President Wilson's Christmas Eve announcement that the roads would be handed back to their owners March 1 was a distinct disappointment to labor leaders, who had been pleading for a two-year extension of government control. They agreed, however, that if the roads were to go back, it was a good thing to let it be known.

JENKINS CASE AGAIN ATTRACTS ATTENTION

One Official Act of Day in Washington is Signing of Edge Bill.

Washington.—The national capital, officially and privately, spent a quiet Christmas. All departments of the government were closed and congress was in the midst of its two-weeks' holiday recess.

The only official act of the day was the signing by President Wilson of the Edge bill, passed by congress just before the holiday recess began and designated to promote American participation in foreign trade.

With the exception of attaching his signature to the bill, the president rested, spending most of the morning in the White House garden and at noon eating a Christmas dinner in his room.

BAN PUT ON CROSSING BORDER TO GET DRINK

No Temporary One-Way Passports Issued at El Paso for Visit to Juarez.

El Paso, Texas.—Hundreds of El Pasoans and tourists who planned to visit Juarez, Mexico, where liquors of all kinds can be bought, were turned back at the international bridge between the two cities.

No temporary one-way passports are issued, and the only persons allowed to cross the Rio Grande were those holding permanent passports giving permission to enter Mexico on Sundays and holidays.

Mexican fiscal guards captured a lot of liquor, being started across the international boundary for Christmas sale. They said as prevailing prices the liquor would have brought \$20,000 on the American side. It is expected to be sold by the Mexican customs service for \$2,000.

XMAS QUIETLY OBSERVED AT THE WHITE HOUSE

No Official Confirmation of Reported Plan to Bring a Third Charge

Washington.—No official confirmation has reached Washington of published reports from Mexico City that the Mexican authorities are planning to bring a new charge against William O. Jenkins, American consul agent at Puebla, "that he delivered arms and ammunition to the bandits who captured him."

Jenkins was first charged with having conspired with Federico Cordoba and his band, who first robbed and then kidnapped him, requiring the payment of \$150,000 ransom. After the state department took up the matter vigorously Mexican officials, including officials of the state of Puebla, who had publicly charged him with conspiracy, announced they had no serious intention of prosecuting the American consul agent on this charge.

Gen. Pershing Will Visit Dallas Dallas.—General John J. Pershing, commander of the American forces in France, will be the guest of the people of Dallas Friday, February 6.

Kaufman Buys McClure's Publications New York.—McClure's Magazine has been bought by Herbert Kaufman, poet, author and editorial writer, it is announced by Frederick L. Collins, president of the company.

Will Ship Liquor Stock Louisville, Ky.—Arrangements for shipping approximately 30,000 gallons of whisky out of the United States before Jan. 16, when exportation of liquor will be prohibited, have been concluded by John T. Barbee & Co.

REDS' INVESTIGATION IS TO BE CONTINUED

CONGRESSIONAL INQUIRY WILL BE INSTITUTED EARLY NEXT MONTH

Washington.—Institution early next month of a general congressional inquiry into radical activity in the United States is announced by leaders in both the senate and house.

Chairman Johnson of the house immigration committee said that his committee planned to resume its hearings on radicalism soon after the holidays at eastern points and that meantime the members of the committee here would review the large mass of seditious documents seized in recent department of justice raids. He also said that there were many radicals, anarchists and communists in western jails who would follow Alexander Berkman and Emma Goldman and 247 others from this country.

Officials of foreign governments have been notified of the action of the United States in deporting Berkman and Goldman and many of their assist ants.

The department's message explaining deportation of radicals follows: "There are being deported from the United States to Soviet Russia about 250 citizens of Russia who are undesirable here. These persons, while enjoying the hospitality of this country, have conducted themselves in a most obnoxious manner, and while enjoying the benefits and living under the protection of this government have plotted its overthrow. They are a menace to law and order. They hold theories which are antagonistic to the orderly process of modern civilization. They have indulged in practices which tend to subvert the rights which the constitution of the United States guarantees to its citizens. They are arrayed in opposition to government, to decency, to justice. They plan to apply their destructive violence and derogation of law.

"They are anarchist. They are persons of such character as to be undesirable in the United States of America and are being sent whence they came. The deportation is in accordance with the law.

"Precaution has been taken to remove for their safe conduct and humane treatment at the hands of the authorities under whose jurisdiction they will pass en route to soviet Russia."

WACO IS HEADQUARTERS FOR AMERICAN PARTY

Walter L. Morris of Fort Worth is Named Chairman of Texas Committee.

Dallas.—Walter L. Morris of Fort Worth was named chairman of the national executive committee for Texas of the American party by Chairman W. P. Sebastian, following the meeting of the executive committee in this city. Other members of the committee named by Mr. Sebastian are James E. Ferguson of Temple, S. W. Porter of Sherman, A. A. Clarke of Albany, Bruce McMahon of Greenville and W. N. Jones of Wood county.

Waco was selected as the party headquarters. The committee selected J. L. Hudson of Houston campaign manager; Clyde Essex of Waco, secretary and William Blakeslee of Austin, treasurer.

RAIL RATE REVISIONS HAVE BEEN ORDERED

Interstate Commerce Commission Hands Down Ruling for Much of Southwest

Washington.—Sweeping rate revisions on railroads in the southwest and along the Mississippi river have been ordered by the interstate commerce commission in its decision in the Memphis-Southwestern case.

The decision prescribes reasonable class and commodity rates affecting Memphis, Tenn.; St. Louis; Natchez, Miss.; Monroe and Shreveport, La. and points in Arkansas, southern Missouri and Oklahoma.

Takes Care of Ex-Service Men

Washington.—Local welfare movements in different parts of the country for the benefit of ex-soldiers are not necessary, according to the war department, as all steps have been taken to give the men adequate attention, particularly those who have become in any manner incapacitated. Large sums have been appropriated at various times by congress to care for former soldiers, sailors and marines who have contracted illness or suffered casualties as a result of the war.

Decides Can Tax Railroads Washington.—The supreme court holds that counties can, for the purpose of constructing public highways, tax railroads whose property is in a road building district, according to the physical valuation of the lines so affected.

Three Men Change Pleas Grand Rapids, Mich.—Three men indicted on election fraud charges with noted States Senator Truman H. Newberry have changed their pleas from "mute" to nolle contendere.

Interest Aroused in Teachers' Pay Washington.—Efforts are being put forward throughout the country to increase the pay of school teachers, who are recognized as among the poorest paid in view of the requirements, in the public service.

AVIATORS MURDERED DISCOVERER TESTIFIES

JOE ALLEN RICHARDS DESCRIBES FINDING BODIES OF WATERHOUSE AND CONNOLLY.

El Paso, Texas.—Lieutenants Cecil Connolly and Frederick Waterhouse, American aviators who lost their lives after being forced to descend in Lower California, Mexico, were murdered, according to testimony before the senate subcommittee investigating Mexican affairs, given here by Joe Allen Richards.

Richards, an American, discovered the bodies Sept. 21 last on the beach of the Baya de Los Angeles when he went ashore from a little Mexican steamer to aid in replenishing the water supply of the boat.

According to his testimony, Richards was arrested by the Mexican authorities at Santa Rosalie when he arrived there Sept. 25, for his action in reporting the discovery of the bodies to the master of the American steamer Providence, which was in the harbor of Santa Rosalie at the time. He said he was kept in a cement cell for more than a day.

Richards said he first discovered an offensive odor while walking the beach, awaiting the Mexican crew of the boat on which he was traveling to return from a spring with their water casks. He saw a mound and, digging with a shell, uncovered a skull. He continued his exploration and came upon a leather boot. Pulling at the boot, he uncovered the entire body and continued work brought the other body to light.

Wild animals had attacked the bodies of the aviators, according to Richards, who were buried only under six inches of sand when he found them.

In the rough grave Richards said he found a bar of iron two feet long. The skull of Waterhouse had been crushed, he said, and Connolly's body and clothing indicated he had been stabbed.

Richards related warnings he alleged were made by the Mexican captain of the boat on which he traveled down the gulf of California again reporting discovery of the bodies.

Richards told of the noise to their families left by the aviators and markings on the airplane wings which indicated they had been there seventeen days and had been forced to drink water from their radiator, all the time steadily losing strength and hope of rescue.

SEVEN GERMAN SHIPS WILL GO TO BRITISH

President Orders Liners Used to Bring Back American Troops Deported.

Washington.—The controversy between the shipping board and British officials over possession of seven German liners used to bring back American troops, and now held idle in New York harbor, ended abruptly with the announcement that President Wilson has ordered the vessels turned over to Great Britain. The transfer will be made without delay and the ships assigned to passenger service on British lines.

No explanation of the order was made beyond the statement that the state department had found there was no warrant for holding the ships, now that the object for which they were assigned by the interallied shipping commission to American use—the return of the American army—was accomplished. The eighth ship of the group, the Imperator, has already been turned over to the British and is being operated by the Cunard line.

Board of Control Named

Austin, Texas.—Governor Hobby has appointed the first board of control under the new law, naming former State Senator S. B. Cowell of Grayson county, Adam R. Johnson of Austin and Louis W. Tittle of Cherokee county. The latter's acceptance vacated the comptroller's office and that was filled by the appointment of Representative Mark Wigginton, who has spent some time in Austin with the legislative committee examining the books of the state treasury.

General Revenue Fun \$2,750,000

Austin, Texas.—The general revenue fund will open the new year with comparatively a healthy balance, the state treasurer reporting that it will be approximately \$2,750,000, nearly all of which is in state depository banks drawing interest. Tax collections are heaviest in January and remittances will be extraordinarily large in February.

Going Back to Paris

Paris.—The German is finding his way back to Paris. How he evades the passport regulations and enters Paris is something of a mystery, but he is here and quietly and unobtrusively preparing to resume business at the old stand.

Sugar Arrives

New York.—The first cargo of the new crop of Cuban sugar, consisting of 24,000 tons, reached here on the steamship Matanzas. The sugar is consigned to American refiners.

To Import Oil From Roumania

Geneva.—Contracts have just been closed by the Standard Oil company with the Roumanian government and with private firms there for half a million barrels of refined petroleum, according to a dispatch.

LONG FACES

"Cascarets" for Liver and Bowels bring back Smiles

Turn the "kill-joys" out—the headache, biliousness, indigestion, the sick, sour stomach and misery-making gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels, or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep.—Adv.

Adornment.

"Here, this article talks about the ornamental government bureaus. What do they ornament them with?" "I believe it is generally with big nob's."

ASPIRIN FOR COLDS

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Rheumatism, Neuralgia, Lumbago, and Headache. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Mono-aceticacidester of Salicylicacid.—Adv.

Why Trespass on the Sabbath? There are enough hours between Monday morning and Saturday night in which to do the work of the week.

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it.

Women's complaints often prove to be nothing else but kidney trouble, or the result of kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

You may suffer pain in the back, headache and loss of ambition.

Poor health makes you nervous, irritable and may be despondent; it makes any one so.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

Many send for a sample bottle to see what Swamp-Root, the great kidney, liver and bladder medicine, will do for them. By enclosing ten cents to Dr. Kilmer & Co., Binghamton, N. Y., you may receive sample size bottle by Express Post. You can purchase medium and large size bottles at all drug stores.—Adv.

Kind Advice.

Belle—I am having trouble keeping my complexion all right. Nell—Are you sure your jars are airtight?

HER FADED, SHABBY APPAREL DYED NEW

"Diamond Dyes" Freshen Up Old, Discarded Garments.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods.—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings—everything!

The Direction Book with each package tells how to diamond dye over any color.

To match any material, have dealer show you "Diamond Dye" Color Card.—Adv.

Force of Practice.

"We have a baseball player in our choir." "I suppose he always knows how to pitch his voice."

KEEP IT HANDY

If you paid a specialist \$25.00 for a prescription, you would not get anything that would give quicker relief for Croup, Catarrh, Colds, or Sore Throat, than VACHER BALM, which only costs 25c in jars, or tubes.

Write for Samples and Agent's Prices. Beware of imitations. E. W. Vacher, Inc., New Orleans, La.—Adv.

To live within one's income is not an ignoble ambition.

There is nothing more satisfactory after a day of hard work than a line full of snowy white clothes. For such results use Red Cross Ball Blue.

Worry is thought without purpose or object.

HAPPY NEW YEAR!

Year 1919 has gone, taking with it joy and sorrow—success and disappointment. The curtain has fallen upon the final scene of one of most eventful periods in all history.

For many it has been a year of marked success and prosperity; others have felt the touch of failure and disappointment. For us it has been a year of uncertainties and difficulties, but through it all we have done our best to serve the needs of our friends and customers thruout this community.

We thank you for your patronage during the closing year, and solicit a continuance of your co-operation during the year 1920. We wish for you and yours a full measure of success and happiness for the New Year.

THREE IN FAMILY REAP BENEFITS
Jackson Is Relieved of Indigestion By Tanlac—Gains Twelve Pounds

"Tanlac soon ended my troubles and I gained twelve pounds by taking it," said W. E. Jackson, of 724 North 4th street, Birmingham, Ala.

"I work at night," he continued, "and eating at unusual hours gave me indigestion. My food would sour on my stomach and I suffered terribly after every meal. I lost weight and became so nervous I couldn't sleep hardly at all. Smoking too aggravated my trouble and I had to quit it. I felt all down and out and was miserable all the time. I tried everything I could hear of, but got no better and was just about to give up when I read about Tanlac helping some one having the same trouble that was worrying me.

"I felt better right after starting on it and improved so much that I was able to enjoy my pipe again and get restful sleep. My appetite is now fine and I can eat anything I want and I am not nervous and all unstrung like I was before. I believe I am in better shape today than in seven years. My father, too, was benefitted a whole lot by taking Tanlac; my wife took two bottles and it helped her more than anything she has ever taken. I will never fail to recommend Tanlac to anybody I see suffering from stomach trouble."

Tanlac is sold by leading druggists everywhere.

Willard STORAGE BATTERY

Can You Answer These?

- Is your generator working properly?
- Are your starting motor brushes O. K?
- Are your spark plugs clean?
- Is solution at the proper level?
- Is the charge too low?
- Are the terminals tight or loose?
- Is the battery firmly wedged or clamped into place?

Drop in and see us and we'll give you the answers in a few minutes. It may save you a repair bill.
