

### CAME NEAR DYING

Finally Used Doan's and Was Restored to Health. Has Been Strong and Well Since.

"Malaria fever weakened my kidneys when I was a young man," says L. W. Garrison, 23 F St., Anderson, S. C. "Finally, ten years ago, I was in such bad shape that I expected to die. Medicine wouldn't help me any more. My back pained as if it were pierced with a knife. Many times I have fallen in the street and didn't have any strength to move until the awful misery was eased up. I couldn't sleep in bed for two years. The kidney secretions passed every few minutes and scalding hot water couldn't have burned any worse. I thought I was doomed to die, but a friend pleaded with me to try Doan's Kidney Pills and I owe my life to his visit. Doan's helped me from the start and eleven boxes made a permanent cure which has lasted eight years. I have not had one sick minute since, nor missed a day from work." *Signs to before me.*

### "CALIFORNIA FIG SYRUP" IS CHILD'S LAXATIVE

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.  
Mother! You must say "California."

### WHEN KIDNEYS ACT TOO OFTEN

If bothered with that form of kidney trouble which causes too frequent or excessive passage of urine, don't expect relief from medicines that are intended for common kidney complaint. These remedies generally are intended to increase kidney action.

Liquid Shu Make should always be used where the kidneys are over active during the day or at night. It is not a cure for all forms of kidney trouble, but is intended for over-activity of the kidneys of both children and adults alike, especially for children bothered with kidney action at night.

Ask any druggist for Liquid Shu Make or enclose sixty cents to the Shumake Remedy Company, Fort Worth, Texas, for a bottle by return mail.—Adv.

## STORIES OF AMERICAN CITIES

### Saves Wife From a Pauper's Grave; Faces Prison

BANGOR, ME.—To save his wife from a pauper's grave and get food and medicine for his six children, Herbert Sherwood, postmaster of the little village of Bancroft, far up in the northern Maine wilderness, took money from the government funds, then confessed his fault to a post office inspector, was arrested and brought to Bangor, and in default of \$1,000 bail was sent to jail to await trial in the United States district court.

Bancroft's post office used to pay \$11 a month. Since last spring it has paid \$13 a month. This, with what little the postmaster could coax from the grudging soil, constituted the income of the family. Yet the Sherwoods were happy in their little home until the influenza epidemic swept Maine last year and the wife and mother fell ill. Then one by one, four of the six children fell ill with influenza. There was no one to do the housework, no one to care for the younger ones or nurse the sick but the overworked farmer-postmaster himself, and in two weeks he was a physical and almost a mental wreck.

The wife and mother died. Up to this time the bills had been paid. Now all Sherwood's resources were exhausted. None of his neighbors was able to lend.

There was money in the post office safe. He saw no way out except to borrow of the United States government. With anything like decent luck he could put it back before the next accounting time. He took enough to pay for a decent burial for his wife, then a little more for medicine for the four sick children and a few visits from the doctor.

But the postmaster's luck in the following months was far from decent. His crops were almost nothing, his cow died. He struggled bravely along with his sixteen-year-old daughter, eldest of the children, as his only helper and comforter, and possibly might have pulled through if his own health had not failed. But pulmonary tuberculosis had laid hold upon him and his constitution, never strong, gave way under the combined strain of work, worry and disease.

He wrote to the post office inspector that he had taken \$500 of government money.

### Chicago Juliet a True Capulet, So Romeo Is Dead

CHICAGO.—There was bitter enmity between the houses of Baronti and Boccacero. It began about four years ago—on the day when Boccacero acquired a wife and a wound. The wife was Jennie Baronti, and the wound was a dagger thrust through the right hand, given by John Baronti, Jennie's father.

The Boccaceros went to live at 704 South Paulina street after their elopement, and if Jennie ever went to the home of her parents and her brothers and her sisters it was by stealth.

The bitterness grew, for every time Boccacero looked at his hand he remembered the dagger thrust. And frequently, the neighbors say, the vengeance lust mastered him and he went in search of Baronti.

The climax came—and with it the dilemma of Jennie Boccacero. Her husband had a gun and had announced his intention of giving wound for wound.

What should she do? If she warned her father he might kill her husband. If she did not warn him he might himself be killed.

She hurried to her father's home, 2319 West Twenty-fourth street. She told the family of her husband and pleaded with them, her parents, her brothers, her sisters not to provoke him if he came.

The Boccacero and the Baronti met on South Oakley avenue.

Two shots blended almost as one. The younger man fell, still shooting. The older man fired from the protection of the corner, and then took refuge behind a stalled motortruck and put four more bullets in the body of his son-in-law. He had hit him six times out of six.

"It was either Roberto or my father," cried the Boccacero widow, born Baronti. "I tried to stop it, but I couldn't. What should I have done?"

### Women Will Discuss This Odd Case for Many a Day

NEW YORK.—Ellis Island has been the storm center of an aftermath of the war that has attracted nation-wide attention and caused discussion that will rage for many a day. The facts made public are these:

Lieut. Perley R. Spiker of Baltimore, is a sheet-steel roller, earning \$100 a week. He has money in the bank and owns his home. He has been married eight years and has one child. While in an aviation training camp in England he met Miss Emily Knowles of Manchester, England, in September, 1918. A son was born in September, 1919. Spiker came home and told his wife. She forgave him. They wrote the young mother to come to America, sending passage money and offering to support her and adopt the child.

The young English girl, now twenty-one, came with her baby to Ellis Island. She told her story frankly and said she was going to the home of relatives, Mr. and Mrs. William Battersby, Fall River, Mass. Under the law, mother and son could not enter. She was an improper person who should be sent back home.

The Spikers came promptly to her rescue. Perley Spiker gave the facts to the immigration officials. Mrs. Spiker offered bond. The Battersbys swore she was a respectable girl of good family and offered her a home. Guy S. Spiker, a younger brother of Perley, offered to marry the girl and adopt the boy. The department of labor, ordered mother and child admitted for three months and placed in the care of the Battersbys.

At Fall River, Guy Spiker took out a marriage license. The wedding took place five days later.

### Red River Brings About Oklahoma-Texas Oil War

BURKBURNETT, TEXAS. (Censored by the Postmaster.)—War—for \$200,000,000 worth of oil land—between Texas and Oklahoma is raging amid a steady bombardment of injunctions, court decrees, appeals, counter-appeals and writs.

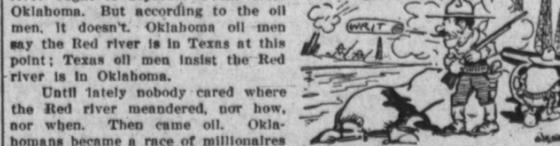

According to the map, the Red river ought to separate Texas from Oklahoma. But according to the oil men, it doesn't. Oklahoma oil men say the Red river is in Texas at this point; Texas oil men insist the Red river is in Oklahoma.

Until lately nobody cared where the Red river meandered, nor how, nor when. Then came oil. Oklahoma became a race of millionaires on the north bank of the Red river, and the Texans were oil plutocrats on the south bank. Peace reigned.

But the Red river, being bolshevik in character and disposition, changed her channel and did her best to make oil leases mere scraps of paper. The river shifted northward. That left land which had been on the north bank on the south bank, and Texans grabbed the oil-soaked land. Oklahoma men tried to hold on.

Governor Hobby (Texas) ordered out the rangers, first line defense of Texas.

Both sides appealed to the United States courts.

# CALOMEL

UGH!

### Would you knowingly drink Quicksilver?

Calomel is mercury; quicksilver! It shocks the liver and salivates! Beware!

"Dodson's Liver Tone" is a harmless, vegetable liquid—pleasant to take, which acts on a sluggish liver better than dangerous calomel, and doesn't make you weak and sick. Don't lose a day's work!

### INSTEAD, TAKE "DODSON'S LIVER TONE"

Every druggist in town—your druggist and everybody's druggist, has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but

a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience like violent calomel.

### NEW ENGLAND'S COLD SPELL

Period of Frosty Weather That Will Long Be Remembered by Those Who Endured It.

Three or four winters ago, when the whole of New England was buried in snow and gripped in ice, Nantucket had one of its worst ordeals. The cold was intense, ten below zero, in early February. For miles on all sides of the island the ice pack stretched, to old eyes as far as the horizon. Day after day passed and the Sankaty did not run. The harbor was choked with ice, like that of St. Anthony in Labrador. The main ship channel from Monomoy Point light to Nantucket was frozen over. No mails or supplies were received on the island for eight days. The Cross Rip lightship was forced from its moorings when the pack broke and the lonely ship with its tolling bell was carried out to sea and lost, ten men on board. It was a hard winter on the mainland, a season of deep snows and killing cold, and on Nantucket it is an ugly memory. The island is often no longer sea-girl, but ice-locked, and the most imaginative summer loiterer could not believe how dreary the "purple isle" of his summer dreams can be when the snow's blanket lies deep upon it and the gale rages from Tuckernuck to Wauwinet.

### Simply No Demand at All

Comment Made by Pretty Girl Seemed to Explain the Situation Very Thoroughly.

The man shortage, due to the horrible slaughter of the world war, led President Lewis of the United Mine Workers to say in Indianapolis:

"If we licked the Germans, the world was to be a better place to live in, but it seems to become a worse place every day."

"Take the shortage of young men—and the young men that are left can't marry on account of the profiteer. Why, millions of pretty girls all over the world are never going to get married!"

"A crowd of pretty girls were taking tea the other afternoon when a rag man passed."

"Old rags!" he yelled. "Old rags, old bones, old iron!"

"And then, as he trudged slowly along the street, he yelled again: 'Old copper! Old tin! Old bottles! Old papers! Old shoes!'"

"The prettiest girl in the group made a dramatic gesture of despair."

"Girls," she said, "he wants everything but old maids!"

Crown Balm.

When General Pershing arrived in Washington after his return from France he had with him a trunk containing a mass of medals, citations and ribbons and the correspondence concerning it. Attaches of the war department were detailed to go through the material. They had not gone far when they ran across this memorandum which bore the signature of one of the general's aids and a date several months old:

"The King of ——— was here yesterday and left a couple of medals."

In one corner of the memorandum, over the initials of the C-in-C, was this pencilled notation:

"Write him something pretty."

Any young girl can tell you that her mother's only fault is the good advice she is constantly giving.

### One and the Same.

Student, farmer, author, politician and reformer, Sir Horace Plunkett is one of the most versatile of Ireland's sons.

He is very witty also. On one occasion he delivered a lecture in Dublin on the best way to improve the conditions among the poor. At that time he was not exactly a finished speaker, and then, as now, a bachelor.

The day following his address he received from a lady a note which read: "What you need are two things—first a wife; second, lessons in elocution."

To this he replied: "These are only one."

Wanting a little the best of it is usually at the bottom of most lawsuits.

Millions of people who worry, are dependent, have spells of mental depression, feel blue and are often melancholy, believe that these conditions are due to outside influences over which they have little or no control. Nearly always, however, they can be traced to an internal source—acid-stomach. Now is it to be wondered at, Acid-stomach, beginning with such well defined symptoms as indigestion, belching, heartburn, bloating, etc., will, if not checked, in time affect to some degree or other all the vital organs. The nervous system becomes deranged. Digestion suffers. The blood is impoverished. Health and strength are undermined. The victim of acid-stomach, although he may not know the cause of his ailments, feels his hope, courage, ambition and energy slipping. And truly life is dark—not worth much to the man or woman who has acid-stomach!

Get rid of it! Don't let acid-stomach hold you back, wreck your health, make your days miserable, make you a victim of the "blues" and gloomy thoughts! There is a marvelous modern remedy called EATONIC which brings, oh! such quick relief from your stomach miseries—sets your stomach to rights—makes it strong, cool, sweet and comfortable. Helps you get back your strength, vigor, vitality, enthusiasm and good cheer. So many thousands upon thousands of sufferers have used EATONIC with such marvellously helpful results that we are sure you will feel the same way if you will just give it a trial. Get a big 50 cent box of EATONIC—the good tasting tablet—that you eat like a bit of candy—from your druggist today. He will return your money if results are not even more than you expect.

**TO "CONQUER AND DESTROY STATE," U. S. COMMUNISTS CALL FOR LABOR REVOLT**

Revolutionary Pamphlet, Found in U. S. Department of Justice Investigations, Gives Message of Communists in Chicago to Russian Headquarters.

Extracts from "Manifesto and Program—Constitution—Report to the Communist International" by the Communist Party of America, Chicago, Ill.

Communism does not propose to 'capture' the bourgeois parliamentary state, but to conquer and destroy it. As long as the bourgeois state prevails, the capitalist class can battle the will of the proletariat.

In those countries in which historical development has furnished the opportunity, the working class has utilized the regime of political democracy for its organization against Capitalism.

The older unionism was based on the craft divisions of small industry. The unions consisted primarily of skilled workers whose skill is itself a form of property. The unions were not organs of the militant class struggle. Today the dominant unionism is actually a bulwark of Capitalism, merging in Imperialism and accepting State Capitalism.

The proletarian revolution comes at the moment of crisis in Capitalism, of a collapse of the old order. Under the impulse of the crisis, the proletariat acts for the conquest of power, by means of mass action. Mass action concentrates and mobilizes the forces of the proletariat, organized and unorganized; it acts equally against the bourgeois state and the conservative organizations of the working class. Strikes of protest develop into general political strikes and then into revolutionary mass action for the conquest of the power of the state. Mass action becomes political in purpose while extra-parliamentary in form; it is equally a process of revolution and the revolution itself in operation.

The Communist Party is the conscious expression of the class struggle of the workers against capitalism. Its aim is to direct this struggle to the conquest of political power, the overthrow of capitalism and the destruction of the bourgeois state.

The Communist Party prepares itself for the revolution in the measure that it develops a program of immediate action, expressing the mass struggles of the proletariat. These struggles must be inspired with revolutionary spirit and purposes.

The Communist Party is fundamentally a party of action. It brings to the workers a consciousness of their oppression, of the impossibility of improving their conditions under capitalism. The Communist Party directs the workers' struggle against capitalism, developing fuller forms and purposes in this struggle, culminating in the mass action of the revolution.

The Communist Party shall make the great industrial struggles of the working class its major campaigns, in order to develop an understanding of the strike in relation to the overthrow of capitalism.

(a) The Communist Party shall participate in mass strikes, not only to achieve the immediate purposes of the strike, but to develop the revolutionary implications of the mass strike.

(b) Mass strikes are vital factors in the process out of which develops the workers' understanding and action for the conquest of power.

(c) In mass strikes under conditions of concentrated capitalism there is latent the tendency toward the general mass strike, which takes on a political character and manifests the impulse toward proletarian dictatorship.

In these general mass strikes the Communist Party shall emphasize the necessity of maintaining industry and the taking over of social functions usually discharged by the capitalists and the institutions of capitalism. The strike must cease being isolated and passive; it must become positive, general and aggressive, preparing the workers for the complete assumption of industrial and social control.

(a) Every local and district organization of the Party shall establish contact with industrial units in its territory, the shops, mills and mines—and direct its agitation accordingly.

(b) Shop Committees shall be organized wherever possible for the purpose of Communist agitation in a particular shop or industry by the workers employed there. These committees shall be united with each other and with the Communist Party, so that the party shall have actual contact with the workers and mobilize them for action against capitalism.

The Communist Party must engage actively in the struggle to revolutionize the trade unions. As against the unionism of the American Federation of Labor, the Communist Party propagandizes industrial unionism and industrial organization, emphasizing their revolutionary implications. Industrial Unionism is not simply a means for the everyday struggle against capitalism; its ultimate purpose is revolutionary, implying the necessity of ending the capitalist parliamentary state. Industrial Unionism is a factor in the final mass action for the conquest of power, as it will constitute the basis for the industrial administration of the Communist Commonwealth.

(a) The Communist Party recognizes that the A. F. of L. is reactionary and a bulwark of capitalism.

(b) Councils of workers shall be organized in the shops as circumstances allow, for the purpose of carrying on the industrial union struggle in the old unions, uniting and mobilizing the militant elements; these councils to be unified in a Central Council wherever possible.

(c) It shall be a major task of the Communist Party to agitate for the construction of a general industrial union organization, embracing the I. W. W., W. I. L. U., independent and secession unions, militant unions of the A. F. of L., and the unorganized workers, on the basis of the revolutionary class struggle.

The Communist Party shall encourage movements of the workers in the shops seeking to realize workers' control of industry, while indicating their limitations under capitalism; concretely, any movement analogous to the Shop Stewards of England. These movements (equally directed against the union bureaucracy) should be related to the Communist Party.

The unorganized unskilled workers (including the agricultural proletariat) constitute the bulk of the working class. The Communist Party shall directly and systematically agitate among these workers, awakening them to industrial union organization and action.

**ILLINOIS DOCTOR PRESCRIBES IT**

Says He Has Never Known Medicine to Produce Results Like Tanlac

B. H. Elder, M. D., with offices at 410 Schradzki Building, Peoria, Illinois, comes out with his unqualified endorsement of Tanlac.

Dr. Elder graduated from Butler University of Indianapolis, Ind., later took a post graduate course at Rush College, Chicago, and has also studied abroad.

He has been in active practice over forty years—twenty-five years in Peoria—and is one of the best known physicians of that city.

"So far as my knowledge goes," said Dr. Elder, in an interview recently, "medical science has never produced a medicine that brings results like Tanlac. It is altogether too good to keep from suffering humanity and I have been prescribing it in my practice for some time with remarkable results."

"For years I had suffered from stomach trouble and rheumatism and had devoted my best thought trying to find relief but all to no avail. Right after eating, gas would form in my stomach and affect my heart, causing poor circulation, cold hands and feet, dizzy spells, spots before my eyes, peculiar feelings, terrible headaches, and cramps in my stomach. The rheumatic acid deposits in the blood, which find their way into the joints, and the pain was so great I could hardly stand to move my legs and arms."

"So, it's no surprise that I devoted lots of time and thought, using all my powers, trying to free myself of these troubles. But nothing I ever found until I got Tanlac afforded me more than a little temporary relief. And here is how I found out the powers of Tanlac. I had a patient who had suffered for years with the same kind of troubles and while I did all I could for him, the same as for myself, he failed to improve any. Well, this party came to my office one day, after having been away for about six months, and I never in all my life saw a man look in better health or seem to feel better. While sitting there in my office he told me Tanlac was what brought about the wonderful change. I could not doubt it, for I knew what an awful condition he had been in, and I made up my mind then and there to try Tanlac in my own case. So I did and the results are that a few bottles relieved me entirely of stomach trouble and rheumatism and all my other ailments as well. I am an extra hearty eater, especially of meat and such foods as often produce effects, but none of these I disagree with me any more. So, as I have discovered the value of Tanlac I am ready to honor it as one of the most beneficial of all medicines. I have prescribed it, in cases of rheumatism, kidney and bladder disorders and a rundown condition, with wonderful results. I feel that I ought, for the benefit of suffering humanity, to give my experience with Tanlac to the general public."

Tanlac is sold in Graham by Sloan Drug Co., and in Newcastle by Leon Slaughter & Co.

**HENRY CHAPEL**

Well, kind Editor and Correspondents, if we have any, not a one in our last issue. Are all sick with influenza? Or what is the trouble? There has been quite a lot of influenza in our community the past few weeks.

Jim McLaren had high fever Sunday night and Monday, but is better this morning.

Grandma George and Mrs. McCannan are still confined to their beds.

Geo. Boyles' family are well except Mrs. Boyle. She is still very weak.

Bro. Franklin visited the sick people in our community Monday.

Grandpa Mauldin and family, of Finis, are down with influenza.

John Logan and family are nearly all sick.

Farmers are all very busy sowing oats, and breaking corn land. Quite a lot of oats sowed here.

School is progressing nicely. Have a little program every two weeks which is interesting.

Mr. and Mrs. Wasson, Mrs. Lenora Gilmore of Graham, spent Sunday with J. P. Gilmore and family.

Mrs. H. T. Glidewell, little Mary and Hugh spent Sunday with home folks.

Mr. and Mrs. Rome Wade were trading in Graham Thursday.

**\$92,000 IN TAXES BEING WITHHELD BY OIL COMPANIES**

In round numbers, \$92,500 taxes is being withheld from payment to Stephens county and the State by the different oil companies holding leases in the county. The oil companies allege that the county and State has no legal right to place a tax on leases carrying the clause "deemise, lease and let" and have thus far refused to pay the tax levied. They are also withholding the payment on leases carrying the clause "grant, sell and convey," but do not allege illegal taxation in these cases. The Mid-Kansas Company has recently enjoined the commissioners' court and tax collector from collecting the taxes first mentioned above and it is expected that all other oil companies will take the same action in the near future. The decision of the question in the district court is awaited with much interest. In the meantime the county is without the money due it and a number of schools will have the present term of school cut short by reason thereof.—Brook enridge Democrat.

**MRS. PARKS DIES IN FT. WORTH**

Mrs. Mary S. Parks, 95, who came to Fort Worth in a wagon forty-six years ago, died Monday morning at the home of her son, J. H. Parks, in Riverside. Mrs. Parkes came to Texas in 1874 from Illinois. She came to Sherman on the Missouri, Kansas & Texas, and from there overlaid to Fort Worth. She lived in Fort Worth only a short time, moving to Dallas and then to Graham. She returned in 1903 and has lived here since. She is survived by two sons, R. A. and J. A., and three grandchildren. Funeral services will be held at 2 o'clock Tuesday afternoon from the residence in Riverside. Burial will be in Mount Olivet cemetery.—Star-Telegram.

cently by Mr. Lloyd George, only one,  
Lord Curzon is a hereditary peer, and  
only four out of twenty-four belonged  
to the landed aristocracy.

**NOTICE OF APPLICATION FOR  
LETTERS—GUARDIANSHIP  
THE STATE OF TEXAS**  
To the Sheriff or any Constable of  
Young County—Greeting:  
**YOU ARE HEREBY COMMAND-  
ED** to cause the following notice to  
be published in a newspaper of gen-  
eral circulation which has been con-  
tinuously and regularly published for  
a period of not less than one year pre-  
ceding the date of the notice in the  
County of Young, State of Texas, and  
you shall cause said notice to be  
printed at least once each week for  
the period of ten days exclusive of the  
first day of publication before the  
return day hereof:

**NOTICE OF APPLICATION FOR  
LETTERS—GUARDIANSHIP  
THE STATE OF TEXAS**  
To all persons interested in the  
welfare of the person and estate of  
Henry Edward Barron, a minor:  
B. E. Barron has filed in the County  
Court of Young County, an applica-  
tion for Letters of Guardianship of  
the person and estate of Henry Ed-  
ward Barron, a minor, which will be  
heard at the next Term of said Court,  
commencing the First Monday in  
April, A. D. 1920, at the court house  
thereof, in the city of Graham, Texas,  
at which time all persons interested  
in the welfare of such minor may ap-  
pear, and contest such application  
should they desire to do so.  
Herein I fail Not, but have you then  
and there before said Court this Writ,  
with your return thereon endorsed,  
showing how you have executed the  
same.

Given under my hand and the seal  
of said Court at Graham,  
(L. S.) Texas, this February 21st,  
A. D. 1920.

"Comrades! Drop this dirty work.  
Turn your guns on your real enemies,  
the swasters and capitalists."  
"Come with us in the for nobler  
struggle to establish the triumph of  
labor the world over."  
(Signed) N. LENIN

"East and Central Europe is  
adone with the revolt. The exploiting  
class has in some countries fallen, and  
in others are on the point of falling.  
The dawn of the day of Labor's eman-  
cipation has come!"

"You have arms. You know how to  
use them. Will you, like slaves, use  
them in defense of your master, or  
will you use them to help your class  
be free? If the former, then you  
know that you will meet with deter-  
mined resistance of the united revolu-  
tionary people of East and Central  
Europe, and History will be your  
judge. If the latter, then here's a  
heartly welcome into the ranks of in-  
ternational labor."

"We want you to understand that  
every country in the world—including  
your own—can become a socialist  
state, a workmen's country. If only it  
follows the Russian example. Every  
nation in the world—including the  
'yankee race'—can become a really  
free nation, if it only does away with  
the trusts, the money lords and the  
bloodthirsty exploiters. It is up to  
you American soldiers to do it! It is  
up to you to bring the great lesson  
of the Russian Revolution home to your  
toiling and suffering brothers. It's  
up to you to start it there—in your  
own America, you just start it—and  
your brothers will follow you! You just  
start. You have nothing to lose but  
your chains. You have a world to  
gain."

"You just dare to take home with  
you the Red Banner of the Revolution  
—and inscribe upon it:  
"Down with capitalism!  
"Long live Industrial Freedom!  
"Long live Socialism!"

"You probably would let us alone  
and go home, if your officers would let  
you. But they do not intend to let  
you do so. You are under their orders,  
and they are under the orders of "high-  
er ups," and these are under the orders  
of "still higher ups," etc. At the top  
of the whole pile are the wealthy  
capitalists who want to get their  
greedy hands upon the mines and  
factories, railways, etc., of Russia.  
That is the reason you are here to rob  
workingmen and make millionaires  
richer."

"We know that you are bound, hand  
and foot by discipline and have been  
in blind ignorance of what you were  
doing here or why you came. The only  
way that you can do the decent thing  
is by breaking the discipline that  
drives you to this crime against your  
own kind, the working class."

"The war is over. There is no hon-  
est reason for you to submit to mili-  
tary orders. You are not fighting  
German militarism. You are sub-  
mitting to it when you obey the com-  
mands of your own officer."

"You can break away. We know  
that you can, for we did. You are  
powerful enough and numerous enough  
to arrest the officers or to do with  
them what you please. Or you can  
come over to us."

## Is he digesting?

It's not what the horse eats—it's what he digests that makes him strong. Oats is a good feed but up to 20% passes through the system whole—undigested, a total waste.

The oats in **Purina O-Molene Feed** are crushed and then sprayed with hot molasses, none wasted. The corn also is cracked.

**Purina O-Molene Feed**, the heavy crushed grain ration, contains all the elements to give a horse energy and to produce muscle, blood, hair and hide in proper proportion.

### EARLY HISTORY OF PARKER COUNTY FRONTIER DAYS

The early history of Parker county is only the history of all frontier counties and the trials of the good people were possibly as numerous as those of this day and time with the addition of the Indian troubles and troubles from lawless people who followed the frontier, according to the Weatherford Herald, telling of a remarkable document filed in Weatherford reciting an incident in the early history of Parker county. This is a story of mob violence, when an entire family was wiped out. The story follows:

History tells us of numerous cases where people of a marauding disposition caused the frontiersman equally as much trouble as the savages who roamed the prairies. When people of this class were caught in their depredations their cases were handled in ways peculiar to the frontiersmen, and they were either put where they could not ply their nefarious trades or driven from the country in short order. The filing of a document in the county clerk's office in this city this week, to clear the title to a piece of land that is situated in the Springtown community, places on record a bit of ancient history of Parker county, and shows just how lawless people were dealt with by the men who blazed the path of civilization and made Parker county a veritable garden spot in this section of Texas.

The following affidavit was made by two of Parker county frontiersmen, and the circumstances therein will be remembered by a number of the older citizens of the county.

Before me, the undersigned, authoritatively, personally appeared G. W. Tackett and A. L. Thomas, both of whom are well known by me to be credible citizens of Parker county, Texas, and each whom deposes and says that he has resided in Parker county, Texas, since 1864 and that he was well acquainted with Allen C. Hill and wife, Dusky Hill, and that the said Allen C. Hill and Dusky Hill were the parents of only the following named children: Nance, Jack, Katherine (known as Kate), Martha, Adeline, Eliza, Belle and Allen Hill. Neither Jack, Nance, Katherine, Adeline, Eliza, Martha or Eliza were ever married, and neither left any heirs of their bodies. Allen C. Hill was killed during the winter of 1863 in Parker county, Texas, over what was supposed to be, at that time prejudices growing out of the Civil War, he being a Union sympathizer; Jack Hill, the elder of the two sons, was killed in Palo Pinto county, Texas, in a difficulty with Aaron Bloomer, in either 1869 or 1870. Nance Hill, the oldest of the two daughters, was supposed to have been a bad character a disturbing element in the community, and having gotten wind of the fact that she was to be waited upon by a posse of citizens of the Springtown neighborhood endeavored to make her escape but was followed, captured and hung by the enraged mob seeking her. This capture and hanging taking place in 1877, near the line between Wichita and Clay counties, Texas. A few days after the death of Nance Hill and the return to the Springtown community of those who had hanged her, the mob spirit still prevailing, Martha and Katherine Hill were taken from their home and hung at a spot about three miles southwest from Springtown in Parker county, Texas. Only a day or so after Martha and Katherine were hung, the spirit of the mob not having changed, and its vengeance not being complete, the farm house of the Hills was burned, Mrs. Dusky Hill with her daughters, Adeline, Eliza and Belle and son, Allen, escaping at this time, but they were followed and overtaken when Allen and Belle, the two youngest of the Hill children, were driven back while Mrs. Dusky Hill and her two daughters, Adeline and Eliza, were taken to a point near the present sight of Agnes, Parker county, Texas, where they were shot and killed. The entire Hill family were thus wiped out with the exception of the two youngest children, Belle and Allen. These two remaining children of the ill-fated family were cared for for a time by friendly disposed people in the Springtown community and finally were taken over by one Wes Hedrick, at the time

## Carrying a Ton a Mile for less than a Cent

Freight rates have played a very small part in the rising cost of living.

Other causes—the waste of war, under-production, credit inflation—have added **dollars** to the cost of the necessities of life, while freight charges have added only **cents**.

The average charge for hauling a ton of freight a mile is less than a cent.

A suit of clothing that sold for \$30 before the war was carried 2,265 miles by rail from Chicago to Los Angeles for 16½ cents.

Now the freight charge is 22 cents and the suit sells for \$50.

The cost of the suit has increased **20 dollars**.  
 The freight on it has increased only **5½ cents**.

Other transportation charges enter into the cost of the finished article—carrying the wool to the mills and the cloth to the tailors—but these other charges amount to but a few cents more.

The \$10 pair of shoes that used to sell for \$5 goes from the New England factory to the Florida dealer for a freight charge of 5½ cents—only one cent more than the pre-war rate.

Beef pays only **two-thirds of a cent** a pound freight from Chicago to New York.

American freight rates are the lowest in the world.

Before me, the undersigned, authoritatively, personally appeared G. W. Tackett and A. L. Thomas, both of whom are well known by me to be credible citizens of Parker county, Texas, and each whom deposes and says that he has resided in Parker county, Texas, since 1864 and that he was well acquainted with Allen C. Hill and wife, Dusky Hill, and that the said Allen C. Hill and Dusky Hill were the parents of only the following named children: Nance, Jack, Katherine (known as Kate), Martha, Adeline, Eliza, Belle and Allen Hill. Neither Jack, Nance, Katherine, Adeline, Eliza, Martha or Eliza were ever married, and neither left any heirs of their bodies. Allen C. Hill was killed during the winter of 1863 in Parker county, Texas, over what was supposed to be, at that time prejudices growing out of the Civil War, he being a Union sympathizer; Jack Hill, the elder of the two sons, was killed in Palo Pinto county, Texas, in a difficulty with Aaron Bloomer, in either 1869 or 1870. Nance Hill, the oldest of the two daughters, was supposed to have been a bad character a disturbing element in the community, and having gotten wind of the fact that she was to be waited upon by a posse of citizens of the Springtown neighborhood endeavored to make her escape but was followed, captured and hung by the enraged mob seeking her. This capture and hanging taking place in 1877, near the line between Wichita and Clay counties, Texas. A few days after the death of Nance Hill and the return to the Springtown community of those who had hanged her, the mob spirit still prevailing, Martha and Katherine Hill were taken from their home and hung at a spot about three miles southwest from Springtown in Parker county, Texas. Only a day or so after Martha and Katherine were hung, the spirit of the mob not having changed, and its vengeance not being complete, the farm house of the Hills was burned, Mrs. Dusky Hill with her daughters, Adeline, Eliza and Belle and son, Allen, escaping at this time, but they were followed and overtaken when Allen and Belle, the two youngest of the Hill children, were driven back while Mrs. Dusky Hill and her two daughters, Adeline and Eliza, were taken to a point near the present sight of Agnes, Parker county, Texas, where they were shot and killed. The entire Hill family were thus wiped out with the exception of the two youngest children, Belle and Allen. These two remaining children of the ill-fated family were cared for for a time by friendly disposed people in the Springtown community and finally were taken over by one Wes Hedrick, at the time

It has been so long since we wrote The Leader that we don't know whether it worth while to offer an excuse or not.

The "Flu" has not bothered us much in this immediate neighborhood, but on Duff Prairie just north of us we are told it has been quite prevalent and in some cases very severe.

Mrs. W. E. Reid has been very sick for some time and our last word from her was to the effect that not much improvement was perceptible. We hope, however, that she will soon recover.

At this writing Mrs. E. F. Duncan is said to be quite sick with the flu.

Roy West, of Tiffany, Colorado, visited his uncle, J. W. Dooley, here last Sunday.

Henry Wesley was under treatment of the doctor for an affection of the head, but we believe now he is almost fully recovered.

## ARNS NATION OF RED PERIL

S. Department of Justice Urges Americans to Guard Against Bolshevism Menace.

### CALLS RED PLANS CRIMINAL

Press, Church, Schools, Labor Unions and Civic Bodies Called Upon to Teach True Purpose of Bolshevik Propaganda.

Washington.—Calling for the patriotic support of all true Americans in a fight to protect their homes, religion and property from the spreading menace of Bolshevism, the United States Department of Justice has issued a warning against the insidious propaganda of the "Reds" during the new year. It reads:

"It would be extremely helpful to the cause of good government, the maintenance of law and order and the preservation of peace and happiness in our country if the people on this New Year's day would resolve to study, understand and appreciate the so-called 'Red' movement. They can counteract it most effectively by teaching its purpose through the press, the church, the schools, patriotic organizations and labor unions, all of which are within the range of its insidious attacks.

"Red" Theorists Criminal.  
The 'Red' movement does not mean an attitude of protest against alleged defects in our present political and economic organization of society. It does not represent the radicalism of progress. It represents a specific doctrine—namely, the introduction of dictatorships the world over by force and violence. It is not a movement of liberty-loving persons, but a distinctly criminal and dishonest movement. Lenin himself made the statement at the Third Soviet Conference, 'Among one hundred so-called Bolshevists there is one real Bolshevist, thirty-nine criminals and sixty fools.' It advocates the destruction of all ownership in property, the destruction of all religion and belief in God. It is a movement organized against Democracy and in favor of the power of the few built by force. Bolshevism, syndicalism, the Soviet Government, sabotage, etc., are only names for old theories of violence and criminality.

Russian Labor Crushed.  
Though their adherents in this country are advocating and fomenting strikes, Lenin and Trotsky forbid strikes, and trade unions are being broken up and completely subordinated to the will of the few demagogues in control in Russia. This Bolshevik experiment on the living body of the Russian people has not proven in any of the word an experiment inocracy. The Bolshevik leaders repudiate democratic principles we understand them. It has a gamble which meant for Russia, indeed, for the whole of humanity, enormous losses in lives as well as in material resources. The Soviets have run up a colossal bill for the Russian worker and peasant will have to pay.

"Reds" Menace America.  
Having lived at the expense of the Russian people for two years, these exploiters in human lives and other people's earnings are trying to move their heads to the east and to the west in order to take advantage of the present stress and confusion of the world, which luxury funds itself upon the blood of millions of five years.

These exploiters in this country are trying to take advantage of the present stress and confusion of the world, which luxury funds itself upon the blood of millions of five years.

Protection Promised.  
This department, as far as existing laws allow, intends during the forthcoming year to keep up an unflinching, persistent, aggressive warfare against any movement, no matter how cloaked or disguised, having for its purpose either the promulgation of these ideas or the excitation of sympathy for those who spread them. The movement will not be permitted to go far enough in this country to disturb our peace and well-being or create any widespread distrust of the people's government. It will fall away before the light of popular knowledge and the force of its own purposes.

## "OVERTHROW WORLD ORDER!" CRY COMMUNISTS

Manifesto of Communist International, Seized in U. S. Department of Justice Raids, Tells "Reds" Own Story of Their Plans for World Wide Plunder.

Extracts from "Manifesto of the Communist International—Adopted by the Congress of the Communist International at Moscow, March 2-8, 1919, and signed by Comrades C. Rakovsky, N. Lenine, M. Zinovjev, L. Trotsky and Fritz Platten."

Alongside the dethroned dynasties of the Romanoffs, Hohenzollerns and Hapsburgs, and the capitalistic cliques of these lands, the rulers of France, England, Italy and the United States stand revealed in the light of unfolding events and diplomatic disclosures in their immeasurable villainess.

Spurning the half-heartedness, hypocrisy and corruption of the decadent official socialist parties we, the Communists assembled in the Third International, feel ourselves to be the direct successors of the heroic efforts and martyrdom of a long series of revolutionary generations from Babeuf to Karl Liebknecht and Rosa Luxemburg. As the First International foresaw the future development and pointed the way; as the Second International gathered together and organized millions of the proletariat, so the Third International is the international of open mass-action of the revolutionary realization, the international of deeds. Socialist criticism has sufficiently stigmatized the bourgeois world order. The task of the International Communist Party is now to overthrow this order and to erect in its place the structure of the socialist world order. We urge the working men and women of all countries to unite under the Communist banner, the emblem under which the first great victories have already been won.

Proletarians of all lands! In the war against imperialistic barbarity, against monarchy, against the privileged classes, against the bourgeois state and bourgeois property, against all forms and varieties of social and national oppression—UNITE!

Under the standard of the Workingmen's Councils, under the banner of the Third International, in the revolutionary struggle for power and the Dictatorship of the Proletariat, proletarians of all countries UNITE!

The revolutionary era compels the proletariat to make use of the means of battle which will concentrate its entire energies, namely, mass action, with its logical resultant, direct conflict with the governmental machinery in open combat. All other methods, such as revolutionary use of bourgeois parliamentarism, will be of only secondary significance.

The indispensable condition for successful struggle is separation not only from the direct servitors of Capitalism and enemies of the communist revolution, in which role the Social Democrats of the Right appear, but also from the Party of the Center (Kauskians), who desert the proletariat at the critical moment in order to come to terms with its open antagonists.

The growth of the revolutionary movement in all lands, the dangers of suppression of this revolution through the coalition of capitalist States, the attempts of the Socialist betrayers to unite with one another (the formation of the Yellow "International" at Berne), and to give their services to the Wilsonian League; finally, the absolute necessity for co-ordination of proletarian actions—all these demand the formation of a real revolutionary and real proletarian Communist International. This International, which subordinates the so-called national interests to the interests of the international revolution, will personify the mutual help of the proletariat of the different countries, for without economic and other mutual helpfulness the proletariat will not be able to organize the new society.

Incalculable are the sacrifices of the working class. Their best—Liebknecht, Rosa Luxemburg—they have lost. Against this the proletariat must defend itself, defend at any price. The Communist International calls the entire world proletariat to this final struggle.

DOWN WITH THE IMPERIAL CONSPIRACY OF CAPITAL!  
LONG LIVE THE INTERNATIONAL REPUBLIC OF THE PROLETARIAN COUNCILS!

Moscow, March 2-8, 1919.

### WHAT REDS WOULD HAVE US SING

—From I. W. W. Songs—Seized in Red Raids of U. S. Department of Justice.

One day as I sat phing,  
A message of cheer came to me,  
A light of revolt was shining  
On a country far over the sea.  
The forces of rulers to sever  
And the flag of the earth to unfold  
To secure our freedom forever  
And a world of beauty unfold.

We have lived in meek submission  
Thru ages of toil and despair,  
To comply with the plutes' ambition  
With never a thought nor a care.  
An echo from Russia is sounding  
"Tis the chimera of a True Liberty,  
It's a message for millions resounding  
To throw off your chains and be free.

CHORUS.  
All hail to the Bolsheviki!  
We will fight for our Class and be free,  
A Kaiser, King or Czar, no matter  
Which you are  
You're nothing of interest to me;  
If you don't like the red flag of Russia,  
If you don't like the spirit so true,  
Leave just be and see our in the story  
And lick the hand that's robbing you.

**ENTRIES FOR BIG  
FORT WORTH SHOW  
CLOSE ON FEB. 28**

SHEEP AND HOG EXHIBITIONS  
ARE BEING GIVEN ESPECIAL  
ATTENTION THIS YEAR—POUL-  
TRY SHOW TO BE UNDER CON-  
TROL OF STOCK SHOW.

Entries for all classes of livestock  
in the Southwestern Exposition and  
Fat Stock Show, which will be held  
at Fort Worth, March 6-13, will close  
Feb. 28, according to official an-  
nouncement of M. Sansom Jr., secre-  
tary-manager, and so stated in the  
premium lists that have been spread  
broadcast to prospective exhibitors  
throughout the land.

While the cattle classes have been  
amplified and the greatest and most  
representative exhibit in history is  
anticipated, with contestants from  
many states other livestock depart-  
ments of the show have not been ne-  
glected. Around three times as much  
money as in the past has been hung  
up in the sheep department. J.

Jones, Texas A. & M. College, has  
been secured as manager of the sheep  
and goat department and, after a  
thorough canvass of the situation, de-  
clares that the exhibition will be far  
and away better than any previous  
one ever held at Fort Worth. G. R.  
Watson, of Sotora, will officiate as  
superintendent in the sheep depart-  
ment. The judges will be: R. S.  
Matheson, head buyer for Swift &  
Co. at Chicago, carlot sheep; W. J.  
Kennedy, Sioux City, Iowa, fat weth-  
ers; R. P. Miller, Texas A. & M.,  
registered sheep; E. M. Peters, Son-  
ora, goats.

Special classes have been made  
this year for Angora and milch goats.

A. L. Ward of Paris has been made  
superintendent of the students live-  
stock judging contest, which will be  
divided into two sections this year—  
one for college and one for voca-  
tional schools. Strong competition is  
expected in both classes. Prof. H.  
W. Mumford of Ann Arbor, Michigan,  
will be judge of the contest.

George P. Lillard of Arlington, for-  
mer president of the Texas Swine  
Breeders' association, has been se-  
cured as manager of the swine depart-  
ment. D. W. Williams of A.  
& M. will be superintendent, while  
Eck Gentry, Armour & Co.'s head  
buyer at Chicago, will judge the car-  
lots. Prof. H. W. Mumford of Ann  
Arbor, Mich., will judge the pens  
and barrows.

Especially effort is being made to  
build up a fine barrow show and  
early indications are that it will be  
all that is hoped for. Additional ap-  
propriations have been made for this  
class.

W. H. Furse will again be depart-  
ment manager for horses and W. J.  
Kennedy of Sioux City, Iowa, will be  
judge.

Tom Hines of Venus has been ap-  
pointed manager of the mules, jacks  
and jennets department, W. T. Wheel-  
er of Baird superintendent, and Cap-  
tain Tuck Hill of McKinney, judge.

C. C. Miller of Fort Worth will be  
department manager for poultry,  
which is under direct control of the  
stock show this year. Walter Bur-  
ton of Arlington will be superinten-  
dent. The poultry show promises  
better than ever this year.

Carnival features of the stock show  
will be better in every detail this  
year. J. George Loos has twenty car-  
loads of paraphernalia and has been  
accorded extra space on the Coliseum  
grounds for the handling of many new  
amusement devices, a number of  
which few of the stock show visitors  
have ever seen.

No detail is being overlooked to  
make this year's show the best in  
history from every standpoint. Work  
of preparation was begun early and  
competent men are handling every  
department.

The Rodeo, the big night perform-  
ance of the stock show, gives greater  
promise even than last year. The  
best bucking horse and trick riders,  
the champion ropers and the best cow-  
girl performers of the country have  
been lined up.

A purse of \$1,000 has been set aside  
for the cutting contest, which again  
will be a big feature of the Rodeo.

This will be a "clean" show. How-  
ever, there will be a sales division on  
the regular stockyards for bulls from  
below the line.

The sales events, both public and  
private, promise exceptionally well.

### DID YOU KNOW

That diamonds are advancing in value faster than west Texas lands; that very few diamonds are being mined; that the demand was never great as now; that all the diamonds that have been mined in all the world would make only a good wagon load and a great many of these have been lost, many of them being in the bottom of the sea? That a 1 carat imperfect stone may not be worth \$200.00; that a 1 carat Blue Jaeger perfect stone is worth \$775; THAT WE SELL YOU A DIAMOND and tell you the exact quality; that we will guarantee you a square deal?

## IN OLDEN DAYS

In olden days, insurance agents insured buildings and merchandise against FIRE only. Rates were based on "Non-Hazardous" risks, and a stiff fee was charged for writing the policy.

Now, rates are made scientifically, and measure closely the fire risk. Place your insurance in the hands of an Agency which knows the business thoroughly.

Consultation without obligation.
