

THE GRAHAM LEADER

ESTABLISHED AUGUST 16th, 1876.

WITH MALICE TOWARD NONE; WITH CHARITY FOR ALL.

OLDEST NEWSPAPER IN NORTHWEST TEXAS

VOLUME XLIV.

GRAHAM, TEXAS, THURSDAY, MAY 6, 1920.

NUMBER 36.

RAIN, CROPS, OIL AND PROSPERITY

A heavy rain fell over Young county Tuesday night and a heavier one gave the earth a thorough soaking and cleansing last night. Tuesday night's rain became heaviest about ten o'clock and continued unceasingly for over two hours. Last night's rain was not of so long duration as that of the previous night, but it fell much harder and is reported to have covered a greater area.

All streams are swollen and the Brazos river is reported to be the highest it has been this year. The rain of last week was sufficient to revive small grain and loosen up the earth so that the heavy rains of this week were largely absorbed and as a result we have now one of the best seasons in the ground we have had for many years, practically insuring a bumper small grain crop and a good stand of cotton. Corn, which had begun to suffer from the drought before the first shower came last week, has revived and now bids fair to make a good yield if the hot winds do not come during the summer months.

With such promises for excellent crops on top of the ground and a greater oil pool in the sands underneath, Young county people are truly the most favored to be found anywhere and Graham the most fortunate town, with the brightest future of any in this greatest and most prosperous section of the United States.

COMMERCIAL SECRETARY TENDERS RESIGNATION

Milton H. McConnell, secretary of the Graham Chamber of Commerce for the past six months tendered his resignation this week to accept a similar position at Marshall, Texas.

Mr. McConnell has been a faithful and diligent worker and with assistance of the president of the Chamber of Commerce, Mr. M. K. Graham, has secured many desirable things and changes for the city, among them being the day train and steam laundry, and the change from aldermanic to commission form of government. He is a versatile writer, a newspaper man of ripe experience, having spent many years with some of the best publications in the State, and is a member of a family prominent in journalism for over half a century. He is a refined, polished gentleman, quick to make friends among all classes, and possesses the energy and ability to accomplish most any undertaking. Mr. McConnell's many friends here will regret to know that he and his accomplished wife have decided to leave us.

A new secretary for the Chamber of Commerce has not yet been secured.

AT THE METHODIST CHURCH

"Mothers Day" will be observed at the Methodist church Sunday morning at 11 o'clock. No set program just a simple service intended to cause us to pause and think of her to whom we owe more than to any other person in all the world. All are invited to worship with us in this service.

T. E. BOWMAN, Pastor.

JACKSBORO-GRAHAM GAME

Last Friday afternoon Jacksboro and Graham teams played a very interesting game on the home ground. Graham winning the game.

The business houses closed and there was a large attendance who boosted for the home team, but the visitors just made the best play that time. The home boys are not expecting to allow themselves defeated very often.—Jacksboro Gazette.

Mothers' Day will be observed at the Baptist church next Sunday. Come and let us thank God for our mother. Let us have an unusually large attendance of mothers and grandmothers. Our aim is an attendance of 300 at Sunday School, and a full house at the preaching service. Sunday School opens at 9:45.

S. L. Thornton, who was so seriously hurt when he was kicked in the face by a horse at his home near South Bend two weeks ago, is able to be about again. His right arm was so badly injured that it was necessary to have it removed.

51 BODIES TAKEN FROM STORM RUINS

Muskogee, Okla., May 3.—The toll of the dead and injured at Peggs, in Cherokee county, virtually destroyed by a tornado about 9 o'clock Sunday night, continued to increase to-day as rescue parties from surrounding towns press their search of the ruins of the town. Shortly before dusk fifty-one bodies had been taken from the wreckage and it was established that approximately 100 persons had been injured, some seriously. No estimate of property loss was available. Only three houses were left standing.

Relief parties from Talequah, fifteen miles from Peggs and the nearest railroad town, and from Locust Grove and Muskogee, which had arrived at the stricken village this morning, searched all day in the mud and tangled wreckage for victims of the storm. In the relief parties were many nurses and physicians who had seen service in France during the war.

The first trainload of injured, numbering between thirty and forty, arrived at Muskogee early tonight. Other trains loaded with injured were to be sent to Talequah and Vinita.

Wire communication with the storm-swept area was impossible to-day, information being relayed by messenger to nearby towns, where it was sent out by telephone.

CIVIC LEAGUE MEETS

The Civic League met at the Methodist church yesterday afternoon at 4 o'clock. A heavy shower of rain at about that time prevented a very large attendance but the meeting was one of interest. Mrs. W. H. Dyer, the newly elected president of the organization, was in the chair with Mrs. L. M. Davis as secretary.

The spring season is full of opportunity for the Civic League. It is not only time to clean up premises to prevent the summer fly but it's time for planting of vegetable and flower gardens and for planning to be in the race for a "home beautiful" of which Mrs. M. K. Graham is chairman. A committee was appointed to confer with the mayor in selecting a thorough clean-up of Graham. Mrs. E. J. Bumsted's name was added to the membership list.

The League will issue an invitation to some well informed leader of the Chamber of Commerce to address the League at the next meeting upon the new form of city government, re-adopted by Graham.

Mrs. C. F. Clarke, Mrs. Hattie Miller and Mrs. R. G. Hallam were appointed to draft a year book and to submit a course of study for the League's approval.

The outstanding feature of the meeting was the report of Mrs. W. H. Dyer, who represented the League at the recent district meeting of Federated clubs in Amarillo. Her report was replete in interest. Among other things of note in the club world, she reported that civic organizations generally were studying Americanization, Citizenship.

C. E. PROGRAM PRESBYTERIAN CHURCH

Ideals, Leader—Gaston Hallam. Song, America. Prayer, that America may not lose sight of the high national ideals followed during the war. Bible Reading in concert. Special Music, Offering. Leader's Talk. Living a High Ideal—Mr. Phillips. Give the Girl a Great Ideal—Miss Elsie Rubenkoing. Our National Ideal—Nat Price. Business. Mizpah.

HOUDINI

By Russell Holman. Intrepid wonder-man, Behind those smiling eyes What secret magic lurks That bonds and chains defies? What charm hangs o'er your head While you "The Grim Game" play And guides you safe through feats That other mortals slay? Has Fate adopted you Her favorite here below And bid "Hands off!" to Death, Your watchful, jealous foe? NATIONAL Saturday, May 15.

CARRANZA WILL NOT QUIT ORDERS ELECTION HALTED

Mexico City, May 5.—Absolute refusal to give up the government of Mexico to his enemies was announced tonight by President Carranza.

In his manifesto addressed to the people, he called upon all loyal citizens to support his government against the widespread rebellions which have turned Mexico once more into a seething mass of trouble.

Because of the revolutions throughout the country, President Carranza said he was firmly decided to postpone the national election at which his successor would be chosen next July 4.

"The revolts of General Obregon and General Gonzales are nothing but military plots to overthrow the government by actual force," said the proclamation, "and in view of the actions of these former candidates now it is almost impossible to hold presidential elections next July 4, as ordered by the Mexican constitution."

Before Generals Obregon and Gonzales revolted, the country was "nearly pacified," the document said.

The manifesto closed with a stirring appeal to patriotic Mexicans to loyally support the government and the army in this trying crisis.

Washington, May 6.—Torreon, one of the most important cities of Mexico and a strategic point, has revolted and is in the hands of the Mexican rebels, according to advices to the agency of the Sonora revolution here today. Gen. Cesarjo Castro, federal commander in the city, is reported under arrest.

El Paso, May 6.—Plans are being rapidly formulated today for the advance of the rebel army of 20,000 or more men southward on Mexico City from Juarez, with the object of overthrowing President Carranza.

"Pancho" Villa, bandit leader, who several days ago declared he would not support the revolution because it is backed by General Obregon, apparently has undergone a change of heart, for word was received here today he has joined the rebels with his force of 2,000 men.

It is announced by the rebel leaders that the advance will start with 6,000 men from Chihuahua and that 4,000 will join this main column as it proceeds southward. When the Villa forces will join it has not been disclosed.

PET WOLF ATTACKS CHILD

Dallas, May 6.—Paul Miller, four-year-old son of Paul F. Miller of Oak Cliff, was attacked and so terribly torn and mutilated by a big timber wolf Wednesday afternoon that he may not recover.

The little boy was playing on the sidewalk when the wolf, a pet of a neighbor, leaped over the yard fence and attacked him. The little boy was badly bitten about the neck and arms and a large piece of flesh torn from his back when the vicious animal tried to carry him off. Doctors who examined the little fellow believe he has a slight chance of recovery.

DEMOCRATIC CONVENTION

At both the precinct conventions held at the different boxes of the county last Saturday and the county convention held here Tuesday evening, the Democratic administration under President Wilson was endorsed, and at the latter delegates to the State convention to be held in Dallas on May 25, were instructed to so express themselves.

The county convention was not largely attended, owing to the fact that the recent rains had gotten the roads in such a condition many of the delegates from distant districts did not arrive in time to participate.

The delegates elected to the State convention are M. K. Graham, Judge W. P. Stinson, C. B. Hockaday, Rev. J. L. McCord, W. F. Parsley, and O. B. Stowe.

Good 5-room bungalow at Bryson, with closed in hall, 7x20 foot porch, front and rear, sink in kitchen, water piped in house and around yard, good out houses and best well of water in town, elevated cypress tank and gasoline engine to pump water and run the washing machine; good storm cellar 8x10 feet. Two lots 100x150 each fenced with 48-inch poultry wire; all above for \$3000.00. Here is your chance for a good buy where you have good school close by and good neighbors and good churches. Call me over the phone.—L. H. CHAMBERS, phone 205-11s. 36-7p

STORM REPORTED AT BRECKENRIDGE

Unconfirmed reports have reached our office of a severe storm at Breckenridge and over the oil fields of South Stephens county Tuesday night in which two men lost their lives. It is reported that twenty-five or thirty derricks were blown down and several business and residence houses in Breckenridge were destroyed but no lives lost in the city.

Nearly every house in the town was damaged to some extent. Window glass could not be secured in the city to replace the ones broken by the storm. The wind was most severe a few miles south of Breckenridge, in the vicinity of the Parks field, according to the reports, and work out there has been suspended on account of it. There was but little hail with the wind which reached great velocity.

It was also reported here that Stamford was blown away by a storm at about the same time of the one at Breckenridge, but investigation proved this to be untrue. A heavy rain fell over the Stamford country but there was no storm.

PRESBYTERIAL MEETS HERE

The nineteenth annual session of the Fort Worth Presbyterian convened here Wednesday evening of the past week at the Presbyterian church with delegates registering from many points in the district. The district is a large one, embracing counties from Hillboro to Haskell; from Wetherford to Cisco.

Prominent among the leaders present were: Mrs. Chris G. Dullin, synodical president, of San Antonio; Mrs. Charles Shawhan, parliamentary expert, of Mobile, Alabama; Mrs. Charles J. Rootes, district president, of Grandview; Mrs. P. E. Bock, synodical representative, of Mineral Wells.

Rev. J. E. McLean, of Fort Worth, home missionary for this district, made an address on Friday morning and Dr. Patterson, for twenty-five years a missionary to the foreign field, delivered an address on Thursday evening. The Presbyterian choir rendered special music on this occasion and the juniors of the Sunday School department entertained with a delightful pageant under the direction of Mrs. R. A. Duncan.

The welcome greeting in behalf of the local Auxiliary was made by Mrs. R. G. Hallam, which was responded to by Mrs. W. E. Sims, of Fort Worth. Mrs. Gary L. Smith and Mrs. I. L. Cunningham represented the Graham Auxiliary with reports of work accomplished the past year.

One o'clock luncheon was served the visitors at a local restaurant on both days of their visit and an automobile ride over the city was a feature of Thursday afternoon followed by a sumptuous picnic supper on the beautiful lawn of Mrs. A. A. Morrison. The menu was distinguished by home made barbecue, the contribution of the host.

The hospitality of the Presbyterian church is typical of the spirit of Graham. The visitors expressed themselves as charmed with the "hills of Young," with the entertainment given them, and as harboring a wish that the Presbyterian might meet every year in Graham.

The register showed the names of some thirty-six delegates from Itasca, Cisco, Handley, Wetherford, Mineral Wells, Eliaeville, Bridgeport, Fort Worth, Grandview, Cleburne, and other points.

STREET SIGNS IN GRAHAM ARE BEING ERECTED

Workmen are now busy erecting the street signs over the city of Graham. Enough signs are provided to practically cover the entire town. Immediately after their erection houses will be numbered.

This will be a wonderful civic improvement besides a great aid to the stranger in reaching his destination. Thanks are due the ladies of Graham and the Chamber of Commerce for this needed improvement.

Application will be made for free mail delivery, by postman, as soon as the work in hand is completed. Graham is now entitled to mail delivery, the receipts at the postoffice long since having passed the mark required to obtain this service.

If you want to buy or sell city property see R. E. ERWIN. 34

STOP, LOOK AND LISTEN

22 years ago, on May 1, Dewey destroyed the Spanish fleet in Manila Bay. Their slogan then was: "Remember the Maine." Our slogan now is VOTE FOR GEO. BLACK FOR PUBLIC WEIGHER. 34-6p

SCOTT WELL CONTINUES TO FLOW—PRATT STRONGER—TIMMONS AT 100 BARRELS

The Scott well, ten miles southwest of Graham on the Johnson Survey, which is being drilled by the Ray Colcord Drilling Co., continues to flow, and from recent reports the flow is increasing. It was the intention to drill this well in several days ago, but they have had trouble in setting the casing as there has been so much trouble in collapsed casing in the wells. Every precaution is being taken by Mr. Colcord to have a dry hole and completely shut off the water before he attempts to drill in as he is fully convinced he has a good well, and it is not good business to rush matters and meet with bad luck and possibly ruin the hole. It is not flowing quite so often since some of the cave has been removed but parties who have seen it think it flows from 50 to 75 barrels each time. At the present rate and in its present stage it is making around 125 barrels; so if it does not make 500 barrels or 1000 barrels, we have a good paying shallow field. But most every one thinks it will be a gusher when completely drilled in. This oil is being sold to other wells drilling at \$4.00 per barrel, or about \$500.00 per day, \$12,000.00 per month, \$182,500.00 per year. Ten wells producing oil at this rate would make the neat sum of \$1,825,000.00 revenue per year. When these wells can be drilled in twenty to thirty days at an expense of from \$10,000 to \$20,000 per well there is bound to be rapid development in this section. People are not going to hesitate longer to invest their money in leases and development, and we predict many independent companies will enter this territory. Already parties from fields that are getting quiet are on the ground picking up leases and we understand they have money to develop them and are buying their leases with this intention, so we can not see any other way but big development for the Graham territory.

With the many wells drilling some are going to put oil over the derrick so strong and continuous it is going to take pipe line facilities so we can readily save and market the oil and while a pipe line with southern connections is being seriously considered we would like to see a pipe line into Graham with Rock Island loading racks and possibly a refinery or two here. When this is done we will see more wells brought in and not held back. We all know it would not pay to bring in a gusher and waste the oil, besides we understand, there is a State law against it. Pipe lines ought to be rushed to our territory, and, no doubt, during the next thirty days they will cover the territory southwest of town.

There are a number of desirable leases to be had in this shallow belt at prices ranging from \$250 to \$1,000 per acre, and some of the lease contracts call for wells in thirty or sixty days.

It is reported a well will go in the Clear Fork bed north of South Bend on the south side and down the river from the Stoval dam. It will be drilled by C. F. Colcord and others.

The Pratt well, on Survey No. 1110, up the river from the Scott, has cleaned the hole and set casing and is now drilling. It is reported to be making considerable more oil but there is not enough gas to throw it out although it is proving a much better well than the offset. They are still drilling and as we go to press we understand they are on top of another sand and may strike the Scott sand and plenty of gas to put the oil out without pumping. The Pratt sand is 1856, whereas the Scott is 2156, so by going deeper better pay may be encountered.

The McCluskey, which is being drilled by the Panhandle Refining Co., on the north 100 acres of Survey No. 3415, is drilling around 1300 feet and would have been much deeper or possibly to the said, had they not had continued trouble with a stem; but understand they are now running and making a race ahead of any other well for the pay. Some think this is going to be a mighty good well from its location and it is now being watched very closely. If it comes in a well it will be hard to hold this territory down. Graham will march to the front as an oil town and will double in population in a short time.

There has been an impression out for some time that people could not

get beds here; but a number of small hotels and rooming houses have recently gone in, and we understand a limited amount of people can be accommodated, so do not stay away from Graham on this account. The people here are making every effort to take care of the rush and you will bet a bed, unless, possibly, you arrive on the night train; but the bus men will find you a place, so make the Graham field a visit and see the oil flow.

The Lee Donnell well, north of Eliaeville, on Survey 1212, was shot with 40 quarts of nitroglycerine and is now making by pipe line count over 300 barrels and we understand the Sun Company will put in more wells at once. This is a Young county well and has direct connection with the pipe line at the Lydon well. It is the best producer we have from a completed well and all of this territory looks mighty good and extends the field for some distance.

It is reported the Victor Stewart well, eighteen miles northeast of Graham, which is being drilled by the Cosden people, is around 4500 feet with the hole standing 3500 feet in a good grade oil. No doubt it will make a paying producer. This is possibly the Arnold sand and may produce for years to come on account of its

The Arnold well continues to put the oil in the tank at the rate of around 100 barrels per day and we understand the other wells in this section are now moving along nicely. It is thought more rapid progress will be made on these wells as the Company has had the experience on these deep tests and it may be that the Arnold sand can be reached in 120 days with capable drillers at the helm.

The Timmons well, five miles southwest of town, flowed yesterday for twenty minutes over the top of the derrick and is reported to have made over 100 barrels. We understand they have the boiler out, but on account of the shot making such a hole it is much trouble to keep the hole depth.

With their continued efforts we hope to report good news at an early date.

Water was getting scarce with some of the wells, but with the big rains this is a thing of the past. We see nothing but good in the future for Graham territory—for things to hum—and we hope to report definitely many more new locations in our next issue; possible some other wells in. We can't tell what one day will bring forth, but with a shallow field at our door we can't help but hope and think for big things.

INDIAN FIGHT REUNION

The annual meeting commemorating the Indian fight on Little Salt creek will be held on the 16th day of May, 1920, near the ranch house on the Eichelberger ranch in Young county. This date will fall on Sunday, but Uncle Billie Kutch, only survivor, says he can not consent to have the meeting on any other date. Everybody is invited to come and bring dinner.

W. P. STINSON, Acting for Committee.

How annoying to have your old sweetheart call up to propose just after you've married the wrong man. "If my husband is going to bring this courtship on our honeymoon, I'll take you, Jimmy dear." "I'm going, being married to you won't be a steady job." That's just like the vivacious Billie Burke to be seen at the NATIONAL Wednesday, May 12, in "SADIE LOVE."

NOTICE

To people having shares in Horton pasture:

I am busy and can't get around to see you. Please call at my place of business and settle for same. If you haven't paid by Saturday, will take it for granted that you don't want it and will let the other man have it. 36c T. J. EDDLEMAN.

Cemetery Working at Center Ridge There will be grave and yard working at Center Ridge cemetery on Saturday, May 8th. All parties interested, who can do so, are requested to come with dinner prepared to stay all day and assist in the work.

DIDN'T KNOW 'T WAS SO GOOD

Texas Lady Storekeeper, Who Carries Black-Draught in Stock, Has Found It "Best Liver Medicine" Obtainable.

Barker, Tex.—Relating her experience with Theodor's Black-Draught. Mrs. A. L. Fromme, of this place. says: "I had for some time used . . . and other liver medicines, which would nauseate and make me feel bad. We have a store, and our customers called for Black-Draught so often that I decided it must be good, so thought I would try it myself."

COMPLETE VICTORY FOR ADMINISTRATION

SUPPOSED STRONGHOLDS SEND ADMINISTRATION DELEGATIONS

BAILEY STRENGTH NEGLIBLE

Men and Women Turn Out in Support of Nation's Chief in All Parts of State

Dallas.—Wilson's administration was overwhelmingly endorsed by Texas Saturday the movement headed by J. W. Bailey losing in a veritable landslide. In precinct conventions all over the state men and women democratic voters voted a tremendous tribute to the national, democratic administration and did it with decisiveness. Mr. Bailey failed to show substantial strength in any part of the state.

MUCH OPPOSITION TO SOLDIER BONUS TAX

TWO REPUBLICANS BOLT COMMITTEE AND JOIN RANKS OF INSURGERS.

Washington.—Opposition among house republicans to a sales tax for raising part of the \$1,800,000,000 needed for soldier relief legislation has led to an open break at the final meeting of the republican-members of the ways and means committee, called to complete the draft of the measure.

Representatives Young, North Dakota, and Frear, Wisconsin, bolted and joined in conference with republican insurgents to lay plans for the opposition fight at their party caucus. Their withdrawal from the ways and means committee conference left the republicans with a majority of but one in the full committee.

Republican committeemen have finally completed the committee draft of the relief bill, making few changes in the general scheme. In adopting the sales tax of 1 per cent, on gross monthly business, the republicans decided this levy would not apply unless the aggregate sum exceeds \$1,000 instead of the previously adopted limit of \$500.

Other forms of taxation approved by the republicans include a tax on all stock exchange transactions and increased taxes on incomes, tobacco and real estate sales.

Taxes, it was decided would be effective next Jan. 1, with the cash bonus payments to be made in installments, beginning April 1, 1921. For the other forms of relief, including land settlement, home purchases, vocational training and paid-up insurance, the republican committeemen decided to appropriate \$25,000,000 to be available for carrying out these plans when the bill is approved by the president.

The sales tax, the republican committeemen also decided, should apply to hotels and restaurants, but by increasing the exemption limit to \$1,000 a month they pointed out that only the big caterers would be subject to this levy.

A final favorable report on the measure will not be formally sought until the last of this week.

Renewing his attack on soldier bonus proposals, Senator Thomas (Dem.), Colorado, arraigned congress and the public alike for what he termed their indifference to government finances.

LABOR MEN PROTEST AGAINST MEXICANS

Charge is Made They Are Being Imported to Displace Americans in Texas.

Cleburne, Texas.—The Texas State Federation of Labor, by resolution, went on record as opposing the importation of Mexican labor and telegraphed a strong protest to Secretary of Labor Wilson, charging that certain interests are importing Mexican labor to displace white labor, taking as an excuse, the needs of the farmers for cheap labor.

"Delegates present at the convention of the Texas State Federation of Labor wish you to advise congress that Mexican laborers are being recruited by various interests to displace American labor, and are being employed by oil men to displace white labor, and are being employed by the railroads to displace maintenance of way workers, and by the packing houses, and thousands have been shipped north for all purposes to displace Americans."

CONGRESS IN BLAMED FOR HIGH PRICE OF SUGAR

Palmer Says Wilson Was Refused Authority to Buy Cuban Crop.

Washington.—Defending his own action in accepting 17c and 18c as fair prices for Louisiana sugar, Attorney General Palmer testified before a house investigating committee that President Wilson would have bought the entire Cuban crop last year at a low figure if congress had not ignored his request for necessary legislation.

Asserting that it was not proper for congress to attempt to place responsibility on the president, and denying that he was attempting to shield him from attack by political opponents, Mr. Palmer said "passing the buck" was a familiar pastime in Washington and one not often misunderstood by the public.

Mr. Palmer said in approving the Louisiana price he "exercised lawfully his discretion" and had "no apology," contending that millions were saved the American public.

PAPER SHORTAGE ALSO FELT IN WASHINGTON

Congressional Record Has But Two Days' Supply on Hand and May Suspend.

Washington.—The Congressional Record, published daily at the government printing office and containing all the speeches delivered the day before in congress, may have to suspend this week. The shortage of print paper, which is severely handicapping all the newspapers of the country, is the reason.

The large number of long speeches made during the present session has had a lot to do with using up the supply.

SENATE INCREASES NAVY APPROPRIATIONS

ITEMS FOR WHICH HOUSE AUTHORIZED \$424,500,000 RAISED TO \$464,891,000.

Washington.—Passing on appropriations with record-breaking rapidity, the senate has virtually completed consideration of the annual naval appropriation bill. Within 30 minutes, and virtually without debate, appropriations of \$464,891,000 were ordered, as compared with \$424,500,000 authorized by the house.

With the exception of one minor item, the bill was made ready for passage.

There was no discussion whatever of the building program, for which appropriations were increased from \$48,000,000 to \$52,000,000 in order to expedite completion of the three-year program authorized in 1916.

As fast as the clerk could read the bill the senate voted its approval of items carrying millions of dollars, including an increase from the house appropriation of \$15,876,000 to \$25,000,000 for naval aviation and an initial appropriation of \$1,000,000 for a new naval base on San Francisco Bay.

Virtually the only discussion came upon the naval aviation and San Francisco base items. Senator Lodge of Massachusetts, republican leader, and Chairman Page of the naval committee emphasized necessity for increasing naval defense on the western coast, the former declaring that any immediate danger to the United States lay in the Pacific.

LABOR MEN PROTEST AGAINST MEXICANS

Charge is Made They Are Being Imported to Displace Americans in Texas.

Cleburne, Texas.—The Texas State Federation of Labor, by resolution, went on record as opposing the importation of Mexican labor and telegraphed a strong protest to Secretary of Labor Wilson, charging that certain interests are importing Mexican labor to displace white labor, taking as an excuse, the needs of the farmers for cheap labor.

"Delegates present at the convention of the Texas State Federation of Labor wish you to advise congress that Mexican laborers are being recruited by various interests to displace American labor, and are being employed by oil men to displace white labor, and are being employed by the railroads to displace maintenance of way workers, and by the packing houses, and thousands have been shipped north for all purposes to displace Americans."

PAPER SHORTAGE ALSO FELT IN WASHINGTON

Congressional Record Has But Two Days' Supply on Hand and May Suspend.

Washington.—The Congressional Record, published daily at the government printing office and containing all the speeches delivered the day before in congress, may have to suspend this week. The shortage of print paper, which is severely handicapping all the newspapers of the country, is the reason.

The large number of long speeches made during the present session has had a lot to do with using up the supply.

Louisiana Paper to Use Wallpaper

Hammond, La.—Faced with possible suspension of publication, due to the shortage of news print paper, the Hammond Vindicator, official journal of the parish of Tangipahoe, contracted with an Atlanta manufacturer for a large quantity of light-colored wall paper to use as a substitute for news print paper.

Dealers Plan To Limit Sugar

Chicago Ill.—One pound of sugar a week to each household until the present critical sugar shortage is relieved is advocated here by wholesale grocers.

King of Spain Is Fined

Madrid.—King Alfonso has been fined two pesetas for walking across the grass in the gardens of the Alcazar. Every member of his suite who followed the king across the grounds were likewise fined.

CALOMEL

Calomel is a dangerous drug. It is mercury—quicksilver—and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take "Dodson's Liver Tone" Instead!

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money.

Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.—Adv.

BETTER DEAD

Life is a burden when the body is racked with pain. Everything worries and the victim becomes despondent and downhearted. To bring back the sunshine take

GOLD MEDAL HAARLEM OIL CAPSULES

The national remedy of Holland for over 200 years; it is an enemy of all pains resulting from kidney, liver and uric acid troubles. All druggists, three sizes. Look for the name Gold Medal on every box and accept no imitation

Loggert's King Pin CHEWING TOBACCO

Has that good licorice taste you've been looking for.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach, liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California".—Adv.

Love is not always the least harmful of the various intoxicants that make the world go round.

WATER WITH ASPIRIN

Bayer Company, who introduced Aspirin in 1900, give proper directions.

The Bayer Company, who introduced Aspirin, tell in their careful directions in each package of genuine "Bayer Tablets of Aspirin" that to get best results one or two glasses of water should be drunk after taking tablets.

"Bayer Tablets of Aspirin" to be genuine must be marked with the safety "Bayer Cross." Then you are getting the genuine, world-famous Aspirin, prescribed by physicians for over eighteen years.

Each unbroken "Bayer" package contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis and Pain generally.

Handy tin boxes of twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.—Adv.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.—Adv.

Hope springs eternal. Every married man hopes to be able to do just as he pleases some day.

A Lady of Distinction

Is recognized by the delicate fascinating influence of the perfume she uses. A bath with Cuticura Soap and hot water to thoroughly cleanse the pores, followed by a dusting with Cuticura Talcum Powder usually means a clear, sweet, healthy skin.—Adv.

No, Harry, a man doesn't necessarily have paint in his eyes when he is color blind.

Safe Dependable

FRANTIC WITH PAIN

A Physical Wreck From Kidney Trouble, But DOAN'S Made Her Well.

"Kidney trouble made a complete wreck of me," says Mrs. Wm. Harvey, 621 N. Eighth St., Grants Pass, Ore. "I was so despondent and miserable it seemed I had nothing left to live for. Death would have been a welcome relief. For six months I was in bed and never expected to leave it alive. I was too weak to move without the help of my nurse and so nervous I screamed when she touched me. My back and head hurt like a throbbing toothache. I had awful dizzy spells, my eyesight failed, my hands and feet felt dead. I was pained racked all over. The kidney secretions looked like thick, black coffee and burned terribly. They almost stopped passing and then my feet bloated like bags of water. I was frantic with pain, and thought I would lose my reason."

"I had lost all faith in medicine and tried Doan's Kidney Pills only because a dear friend asked me. Right from the start I began to feel better. Doan's cured me."

Start to before me. A. H. PARSONS, Notary Public.

Anetin, Texas.—In a letter to T. S. Minter, director of bureau of markets, Texas department of Agriculture, W. G. Campbell, acting chief of bureau of chemistry, United States department of agriculture, states that Texas shippers in interstate commerce of peaches and other fruits and vegetables must in addition to any requirements of the Texas laws plainly mark all packages with a statement of the quantity of the contents therein.

\$150,000 DAMAGE DONE BY FIRE AT GORMAN

Gorman, Texas.—Property loss estimated at \$150,000 was caused here Thursday afternoon by a fire which started in a livery stable. The flames were swept by a hard wind toward the water works plant and it was feared for a time that the entire city would be wiped out.

Not until late in the afternoon was the fire got under control and then it was after the wind had changed and the flames were carried in another direction. Among the property losses are the following, part of which are covered by insurance.

Gorman Bakery \$4,500; Cash Grocery and Market \$16,000; Kirtley harness shop \$5,000; Gambell Bros. \$15,000; Gorman Electric Supply company \$2,500; Connor Hotel \$2,000; Hicks Rubber company \$3,500; Millarky garage \$15,000; Dr. E. W. Kimble building \$20,000; Howard & Grey \$15,000; Presbyterian church \$5,000; Purdy's garage building \$10,000; Perry's gin \$1,500 and Small's garage \$2,500.

Atlanta Man Gets Federal Judgeship

Washington.—The personnel of the United States court of the fifth circuit was completed when the president nominated Alexander C. King of Atlanta, solicitor general of the United States, to fill the remaining vacancy. The Texas senators who had given Barry Miller of Dallas strong backing entertained little hope that their nominee would receive the appointment following the naming several days ago of former Senator Bryan of Florida for the place vacated by R. L. Batts of Austin. For the first time in years Texas loses representation upon the circuit court.

Poles Successful in South Ukraine

Warsaw.—The resistance of the Bolsheviks has been broken in South Ukraine, according to communique, which announced that the Poles have captured Mohyl and are now moving southeast along the Dniester.

Wichita Falls Votes School Bonds

Wichita Falls, Texas.—By a vote of 152 to 1, a bond issue of \$300,000 for new school building was approved Saturday.

300 Longshoremen Quit Work

New Orleans, La.—About 300 longshoremen and screwmen have quit work on the river front, declaring that they would not handle freight checked by nonunion clerks.

Clothes On 15 Per Cent Margin

Birmingham, Ala.—Local clothing merchants have issued a challenge to overall clubs and offer to sell cotton garments at cost and have agreed to confine their net profits to 15 per cent on men and women's wear.

BIG LOSS AT CAMP TRAVIS BY FIRE SUNDAY

Military Equipment Lost in Blaze Believed to Be Of Incendiary Origin.

San Antonio, Texas.—Fire, believed by military authorities to have been of incendiary origin, did damage estimated at \$500,000 in an ordnance department warehouse at Camp Travis Sunday. Rifles, machine guns, automatic rifles and revolvers, trench knives of various types, all new equipment and valued at \$1,000,000, were stored in the building, which was burned during a high south wind.

MUNSEY SAYS MUST CUT USE OF PAPER

Exhaustion of Wood Pulp in 25 Years Predicted by New York Publisher.

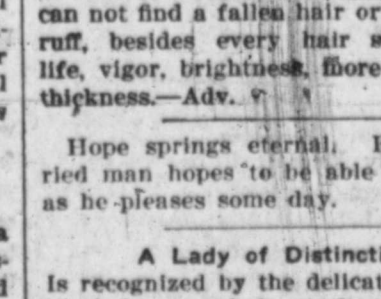

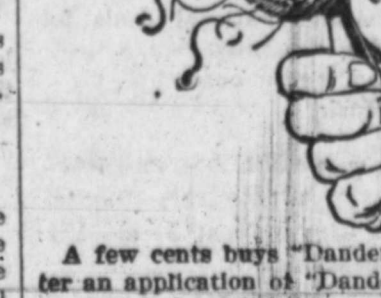

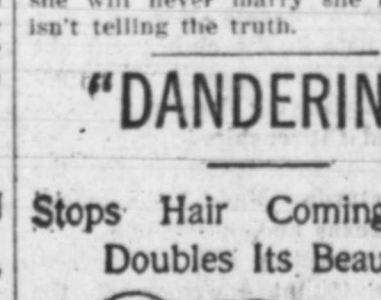

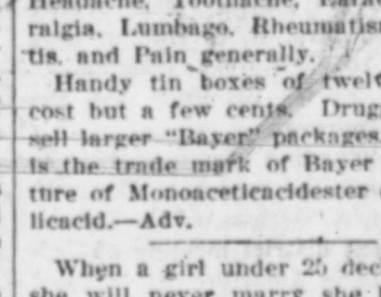

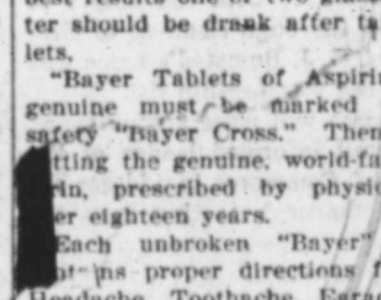

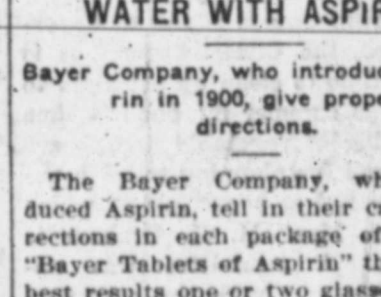

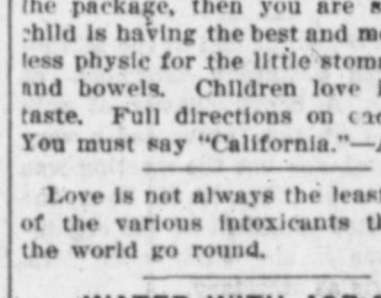

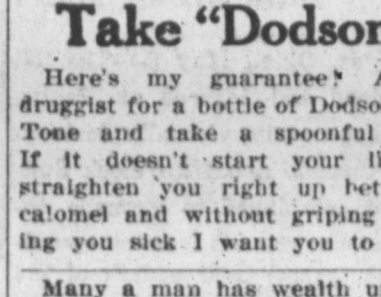

New York.—The New York Sun-Herald prints a warning for newspaper publishers to expect the complete exhaustion of wood pulp within 25 years and for the public to expect prices of daily papers to go to 5c and even 10c in the event that there is not some regulation or restriction of the use of newsprint paper, was voiced before the senate manufacturers committee by Frank A. Munsey, New York publisher.

French Troops Reported Wiped Out

Constantinople.—French troops have been wiped out in the evacuation of Urfa, in the northwest part of Mesopotamia. Details are lacking.

Fruit Shipped Must Show Quantity

Anetin, Texas.—In a letter to T. S. Minter, director of bureau of markets, Texas department of Agriculture, W. G. Campbell, acting chief of bureau of chemistry, United States department of agriculture, states that Texas shippers in interstate commerce of peaches and other fruits and vegetables must in addition to any requirements of the Texas laws plainly mark all packages with a statement of the quantity of the contents therein.

"SHIP BY TRUCK" EXCURSION

A moving picture show, given in connection with a "ship by truck" and good roads demonstration, will be given in this city on May 18 when the "Ship by Truck" tourists from Wichita Falls arrive here. The dealers who participate in the trip will carry their own moving picture equipment and will present the performance at some convenient place near the business district. There will be comedy and drama reels in addition to the more serious parts of the program.

The truck-trippers are due in Graham late in the evening of May 18 and will spend the night here, leaving early next morning for Throckmorton. In their camp, they will occupy tents electrically lighted through the Delco system, and will have all the comforts of the home. This plan was decided upon because of the crowded condition of Northwest Texas hotels, making it impracticable to depend upon them for accommodations.

The primary purpose of the trip is to show the people of Northwest Texas how useful the motor truck can be, and to demonstrate the advantages of shipping goods and farm products by truck instead of by wagon or by rail. None of the dealers will be allowed to advertise his particular make; the trip is planned to advertise shipping by truck as a general proposition.

This trip is one of a large number being held throughout the country to further the use of trucks for shipping purposes. The Firestone Tire Company is fathering the movement to encourage the use of trucks, knowing that as more trucks are sold, more tires will be used.

ORDER OF ELECTION

For the Purpose of Voting on the Issuance of Jail Bonds Young County

On this the 21st day of April, 1920, the county commissioners' court of Young county, Texas, convened in regular session at a regular term of said court, all members being present, to-wit: W. P. Stinson, County Judge, W. C. Burns, Commissioner of Precinct No. 1; H. S. McCreedy, Commissioner of Precinct No. 2; Sam Bird, Commissioner of Precinct No. 3, and W. H. Reeves, Commissioner of Precinct No. 4, and passed the following order:

"Whereas, the present jail of Young county is in bad condition inadequate and unsanitary and it is believed to be to the best interest of the court that a modern structure be erected, it is therefore ordered by the County Commissioners' Court of Young county, Texas, that an election be held in each and every voting precinct in Young county, Texas on the 29th day of May, A. D. 1920, for the purpose of determining whether or not the legally qualified voters within said county desire the issuance upon the faith and credit of the county of Young bonds for the purpose of erecting a jail for said county and to issue said bonds in accordance with Title No. 18, Chapter No. 1, Article No. 610, Acts 1911, page 204, Section No. 1, as set out in the Revised Civil Statutes of the State of Texas, relating to the erection of such jail.

Said bonds to be numbered consecutively from one to twenty, both inclusive, and shall be of the denomination of \$2,000.00 each and aggregating \$40,000.00.

They shall be dated the 10th day of June, 1920, and shall become due and payable twenty years from date, but may be redeemed at the option and pleasure of the county, at any time after ten years from said date.

They shall bear interest at the rate of five per cent per annum payable semi-annually on the 10th day of April and October, 1921, and on the 10th day of April and October of each year thereafter until all are paid. Principal and interest shall be payable upon presentation and surrender of the bond or coupon, in lawful money of the United States at the office of the County Treasurer of Young county, State of Texas.

The said bonds shall be signed by the County Judge and duly countersigned by the County Clerk and registered by the County Treasurer and the seal of the County Commissioners Court shall be impressed upon each of them.

It is further ordered by the court that to pay interest on said bonds and create a sinking fund sufficient to discharge them at maturity a tax of 5 cents on each one hundred dollars valuation of all taxable property in said County of Young shall be annually levied on said property, and annually assessed and collected until said bonds with interest are paid, and said tax is here and now levied for the (current) year 1920, and for each succeeding year while said bonds are outstanding, and the same shall be assessed and collected for the (current) year and annually thereafter, and applied to the purposes named.

It is also ordered that Chas. C. Triplett be authorized to take and have charge of said bonds pending their investigation by the Attorney General, and upon their approval shall have authority to negotiate their sale and receive for the County the proceeds thereof.

All persons who are qualified voters under the Constitution and laws of this State will be allowed to vote at said election, which shall be held in conformity with law. The ballots at said election shall have written or printed thereon the following words: "For the Jail Bonds."

"Against the Jail Bonds."
 W. P. STINSON,
 County Judge Young County, Texas.
 W. C. BURNS,
 Commissioner of Precinct No. 1.
 H. S. McCREADY,
 Commissioner of Precinct No. 2.
 SAM BIRD,
 Commissioner of Precinct No. 3.
 W. H. REEVES,
 Commissioner of Precinct No. 4.

Attest:

NOTICE OF APPLICATION FOR LETTERS—ESTATES THE STATE OF TEXAS

To the Sheriff or any Constable of Young County—Greeting:

YOU ARE HEREBY COMMANDED to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Young, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE OF APPLICATION FOR LETTERS—ESTATES OF DECEASEDS

The State of Texas,
To all persons interested in the Estate of J. A. Wade and Tempy G. Wade, deceased, J. S. Wade has filed in the County Court of Young County, an application for Letters of Administration which will be heard at the next Term of said Court, commencing the First Monday in July A. D. 1920, at the court house thereof, in the city of Graham, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein Fail Not, but have you then and there before said Court this Writ with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court, at Graham, Texas, this April, 29, A. D. 1920.

NOTICE BY PUBLICATION OF FINAL ACCOUNT No. 724

THE STATE OF TEXAS

To the Sheriff or any Constable of Young County—Greeting:

E. L. Goudy, Temporary Administrator of the Estate of Frank H. Goudy, deceased, having filed in our County Court his Final Account of the condition of the Estate of said Frank H. Goudy, deceased, together with an application to be discharged from said administration.

YOU ARE HEREBY COMMANDED, that by publication of this Writ for Twenty Days in a newspaper regularly published in the County of Young, you give due notice to all persons interested in the Account of Final Settlement of said Estate, to file their objections thereto, if any they have, on or before the July Term, 1920, of said County Court, commencing and to be holden at the court house of said County, in the city of Graham, on the 5th day of July A. D. 1920, when said Account and Application will be considered by said Court.

Witness C. W. Hinson, Clerk of the County Court of Young County.

Given under my hand and seal of said Court, at my office in (L.S.) the city of Graham, this 19th day of April A. D. 1920.

C. W. HINSON,
Clerk of the County Court of Young County.

A TRUE COPY, I certify:
M. M. WALLACE, Sheriff.

H. C. Wilke and family, of Ballinger, have moved to Graham to make their home. Mr. Wilke is the manager of the Employes Lumber Co., a new concern for Graham. The headquarters of this company is at Houston. A full line of lumber, building materials and hardware will be carried in stock. This yard is located just west of the Dolman House.

Will blood tell in the end? Can love between a man and a maid bridge a difference in blood strain? Do rivers unite or divide a people? If a girl is a half-breed Mexican or American, which strain predominates? Can a half-breed be loyal to both blood strains? Do women rule with their heads or their hearts? Does daring win the hearts of women? Would a good father teach his half-breed daughter to hate her mother's country? Can love really turn to hate? Can happiness and peace be won by hatred and fighting? Can a new found love displace a girl's early training? Can love overcome all obstacles? Can gratitude be mistaken for love? Must evil be overcome by evil, or does right always triumph? Is there a higher law than the call of honorable love? Should a woman blindly obey her husband? Answered at the NATIONAL Friday, May 14, in "RIO GRANDE."

EXPERIENCE IS EXPENSIVE

If fire insurance matters, experience with unknown companies is likely to be expensive if not disastrous. Our experience teaches that it is better to prevent a fire than to pay a loss under a policy. If loss comes, it is comforting to know you are insured by an agency that has promptly paid every honest loss.

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS No. 445

Notice is hereby given, to whom concerned, that R. O. Moore, the post-office address of whom is Breckenridge, Texas, filed on the 16th day of March A. D. 1920, his application in the office of the Board of Water Engineers for the State of Texas, in which he applies for a permit to appropriate from the unappropriated waters of the State of Texas sufficient water for a municipal water supply for the City of Eliaeville, Texas, and its environs, to be impounded in and diverted from the Clear Fork of the Brazos River, in Young county, Texas, water to be diverted by means of a pumping plant to be located at a point which bears N 57 degrees W. 2,000 feet from the S. E. corner of the J. L. Dobbs Survey, in Young county, on the South banks of the Clear Fork of the Brazos River, and is distant in a Southerly direction from Graham twenty miles. You are hereby further notified that R. O. Moore is to construct a dam across the Clear Fork of the Brazos River, in Young County, creating a reservoir with an impounding capacity of 454 acre-feet of water, and to divert therefrom by means of a pumping plant 2088 acre-feet per annum for the purpose of a municipal water supply.

A hearing on the application of R. O. Moore will be heard by the Board of Water Engineers for the State of Texas, at its office in Austin, Texas, on Saturday, May 1st, A. D. 1920, beginning at ten o'clock a. m., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of water Engineers for the State of Texas at the office of said Board, at Austin, Texas, this the 16th day of February, A. D. 1920.

W. T. POTTER,
C. S. CLARK,
JNO. A. NORRIS,
Board of Water Engineers.

SHERIFF'S NOTICE OF ELECTION THE STATE OF TEXAS

County of Young
Notice is hereby given that an election will be held on the 22nd day of May, 1920, at School House in Common School District No. 36, of this county as established by order of the Board of County School Trustees of this county, of date the 2nd day of June 1916, which is recorded in Book 1, page 284, of the minutes of School District Boundary Record, to determine whether a majority of the legally qualified property taxpaying voters of that district desire to tax themselves for the purpose of supplementing the State School Fund apportioned to said district, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate not to exceed 50 cents on the \$100.00 valuation of taxable property in said district for said purpose.

All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election.

Said election was ordered by the County Judge of this county by order made on the 19th day of April, 1920, and this notice is given in pursuance of said order.

Dated the 19th day of April, 1920.
M. M. WALLACE,
Sheriff, Young County, Texas.

USE GEOPHONE IN MINE WORK

Listening Device Invented During the War Found Valuable in Industries.

LOCATES ENTOMBED MINERS

Greatest Value in Mining Will Be in Connection With Rescue Work—Can Detect Human Voice 150 Feet Away.

Washington.—After a series of important tests with the geophone, a listening device invented during the war by the French, to detect and locate enemy underground operations, the bureau of mines, department of the interior, announces that this delicate instrument may be put to a number of remarkable uses in mining and other industries.

The most extraordinary result of these tests is that the bureau of mines men have been able, not only to hear and locate sounds through the earth, but have actually understood talking through 50 feet of solid coal and have detected the human voice fully 150 feet away. What this may mean in the near future can only be conjectured. An engineer of the bureau was able through 300 feet of coal to distinguish nine out of ten different coal mining tools that were used at different times, so characteristic are the sounds. In one mine where experiments were being made at the face of a tunnel, the mine foreman who was listening heard workmen in another tunnel preparing to blast and ordered the engineers to retire until the blast was fired. The sounds were so clear he did not realize that the tunnel headings were over 300 feet apart.

Value in Mining. The greatest value of the geophone in mining, so far as known, will be in connection with rescue work in mines. Quite frequently miners are entombed in coal mines following explosions, and these men may be located quickly and accurately through the geophone.

MEXICAN PEONS LURED INTO TEXAS

A dinner of canned beans, corned beef and bread, prepared by hospitable Texas women, was recently served to 600 Mexican peons, who are said to have been lured into San Antonio, Texas, by labor offers of \$3 and \$4 a day. Only a few of the laborers could speak English, and many were without money. This photograph shows the Mexicans being served with dinner.

In metal mines also where men may be imprisoned behind falls or be barricaded in some part of the mine to which they have retreated in order to protect themselves from the fumes of a fire—these too may be rescued through prompt location.

When the bureau first began its experiments with the geophone, it was questionable whether the geophone could hear sounds far enough away to make it practicable. The experiments show that sounds can be detected through the earth a distance of 1,500 feet in a mined-out area in a coal mine, through solid coal, 2,000 feet. The geophone is also of great practical value in metal mines where two tunnels have to be connected. At times in spite of correct surveying as is possible the two tunnel headings fail to come together. Just recently bureau of mines engineers were in a

mine where the two ends of the tunnel failed to meet, and the geophones, locating the error, showed the miners the right direction.

Locates Fire in Mine. Observations with the geophone have also been made at mines which were on fire, where it was found that the fire made noise enough to be heard some distance, either because of its drawing air or the breaking off of bits of coal and slate. The geophones by thus locating the fire give information which may enable the mine management to erect fire stopping in the proper places or to make a direct attack on the fire as for example by drilling holes for injecting water to the seat of the fire.

It is also the custom in some mining localities to drill a hole from the surface into a mine to carry pipe lines or cables. Oftentimes these drill holes do not go to the right places, and it is with considerable difficulty and expense that tunnels are driven to meet the drill hole. With the aid of the geophone, the drills can be guided better, especially since drilling can be detected for nearly a mile.

Very satisfactory results have been obtained in attempts made to locate leaks in water mains. The water circulating in the ordinary city main can be heard with the geophones when they are placed on the surface, ten to twelve feet above the pipe. In the business district of Pittsburgh one leak was located within a few minutes, although the water department had been trying to find it for two weeks.

EXHUME MARINES IN FRANCE

Navy Department Prepares to Send Bodies of Yank Heroes to United States.

Paris.—Exhumation of the bodies of United States marines and sailors who died outside the battle zones in this country during the war has been commenced by the American naval department.

There are now 200 flag-draped coffins at Brest awaiting shipment to the United States, and the first shipment will be made late in April. There are about 600 American navy men in this category buried in France, mostly at base ports, and of these 400 will be sent to America.

Relatives of the remainder have expressed a desire that their dead be left in France. More than 6,000 marines died in the battle zones and these will be exhumed by navy units next November.

USE FOR CELLARETTE

When prohibition came on, Mr. E. J. McMullin, a Philadelphia artist, found a very good and antique cellarette on his hands. He purchased necessary parts of a phonograph and converted the cellarette into an excellent talking machine which now dispenses grand opera or jazzy music instead of wine.

FARM ANIMALS

POINTERS FOR BEEF GROWERS

One Method of Bringing Down Price of Meat Is Improvement in Type of Animals.

General improvement in the type and quality of beef animals the country over is one of the means urged by the United States Department of Agriculture for bringing down the high cost of meat to the consumer and, at the same time, increasing the profit of the producer. Some of the most es-

The Demand for Purebred Stock is Steadily Increasing.

sential items in growing beef on the farm, specialists of the department say, are:

Plenty of pasture and feed. The right kind of cows—those that will produce good calves regularly. A good, pure bred registered bull—one that will sire good calves persistently.

A large calf crop. This means that all cows shall drop calves, and that the calves shall be properly cared for at birth.

Proper care of the breeding herd and the calves. Selection of good heifer calves to replace old or inferior cows.

Prevention of disease among the breeding herd and the younger stock. Shelter sufficient to protect the cattle from both severe cold and extremely hot weather.

A practical knowledge of fattening cattle for market.

Marketing to advantage. There is a farmers' bulletin, No. 1073, on growing beef on the farm that may be had free on application to the Division of Publication, United States Department of Agriculture.

HOGGING DOWN RYE UNWISE

Practice Is Unprofitable, According to Pork Production Tests at the Ohio Station.

Hogging down rye is an unprofitable practice, according to tests made in pork production at the Ohio experiment station. The tests show that it is generally more profitable to harvest the grain and sell it as a cash crop or to feed the grain to hogs after thrashing rather than to allow the hogs to harvest the grain themselves.

Specialists point out that the daily increase per pig when hogging down rye is generally less than half a pound and that the amount of grain required to produce 100 pounds of gain is much higher than where the grain is fed directly to the hogs. As a rule, about 611 pounds of rye, hogged down, were required to produce 100 pounds of gain, whereas hogs fed on corn with tankage and clover pasture required but 331 pounds of concentrates to produce the same amount of gain.

The unprofitableness of hogging down rye is attributed to the fact that hogs are either unable to secure rye in sufficient quantities or are inclined to eat only slightly more than is required for maintenance.

LIVE STOCK NOTES

Hogging down corn pays. Mud wallows are unsanitary and breed disease. There is a tendency to feed too much roughage to horses. Oats, especially for little pigs, should be ground and hulls sifted out. The early lamb gets a larger supply of milk from the ewe than the late lamb does. Water should be kept in the lots all the time. Never force hogs to drink from a stagnant pool. Judge a sow by the size and vitality of her litter, as well as by her conformity to the breed type. Young pigs cannot learn to eat too soon. They should be encouraged to eat when as young as three weeks of age. A variety of crops are available for pig pasture, including the alfalfa, red clover, rape, Canada field peas mixed with oats and barley. Winter or hairy vetch is a valuable crop.

CO-OPERATION TO FIGHT FLY PEST

Much Alfalfa and Clover Seed Can Be Saved by Community War on Insect.

SOME MEASURES SUGGESTED

Standing Plants Along Fences and in Waste Places Should Be Burned Over and Fields Cultivated During Winter Season.

(Prepared by the United States Department of Agriculture.)

Thousands of dollars can be saved annually by fighting the chalcis fly in the districts where alfalfa seed and clover seed are grown, although it cannot be hoped to eradicate this pest from any seed-producing locality. This is stated as a result of investigations conducted by the bureau of entomology.

Control Measure Suggested. The rapid dispersion of the adults of this species makes it vitally important that control methods should be taken up by community action rather than by the individual. The following control measures are suggested:

Standing alfalfa and red-clover plants along fence lines and waste areas should be burned over in autumn to destroy hibernating larvae. Cultivation of alfalfa seed fields during the winter is of much value in covering the infested alfalfa seeds containing hibernating larvae.

Whenever possible, the alfalfa seed grower should do most of his irrigating in early spring, or before the seed crop is grown.

Every farmer in an alfalfa seed-growing district should cut all of the standing alfalfa along fence lines, ditch banks, and other waste areas at the time of cutting a hay crop and before a seed crop is grown.

Hay crops should be cut carefully so that no stems will remain standing

Interior View of an Alfalfa Seed-Cleaning Plant Where the Infested Seeds, Together With Weed Seeds, Are Removed Before the Product Is Sold for Planting.

to develop seed in advance of the greater seed crop.

Animals Render Valuable Service. Horses, cattle and sheep may render valuable service by destroying plants that have escaped the mower.

All seed fields should be handled so that a heavy setting of pods will be secured with the first bloom and the crop will be removed from the field as early as possible.

Attempts to grow second crops of alfalfa seed in a single season will meet almost certain failure because of the increased abundance of chalcis flies late in the summer.

It is a mistake to pasture alfalfa seed fields which have become too severely infested to yield a crop worth harvesting. Live stock walking through the ripe alfalfa cause the seeds to be shelled out, and those infested with the hibernating larvae of the chalcis fly fall on the ground, where they become the source of infestation the following year.

FOOD SHORTAGE TO CONTINUE

Condition Exists as Result of Decrease in Production Due to Scarcity of Labor.

Food supply surveys recently made give conclusive evidence of a more disastrous food shortage than during the war period. This condition exists as a result of a decrease in production due to the scarcity and high cost of labor. To help overcome such a condition and to guard against the disastrous results that will naturally follow, every home should provide for a vegetable garden and begin at once to prepare to grow the needed supply of fresh vegetables and a surplus for canning.

GIVE PASTURE GOOD CHANCE

Grass Is Weakened if Cattle Are Turned on It Just as It Begins to Show Above Ground.

If you turn your stock onto the pasture just as the first green grass begins to show, the grass is weakened, and never makes a strong stand. To get the best results the grass should show a good covering over the entire ground. It is better to wait too long than to be too hasty.

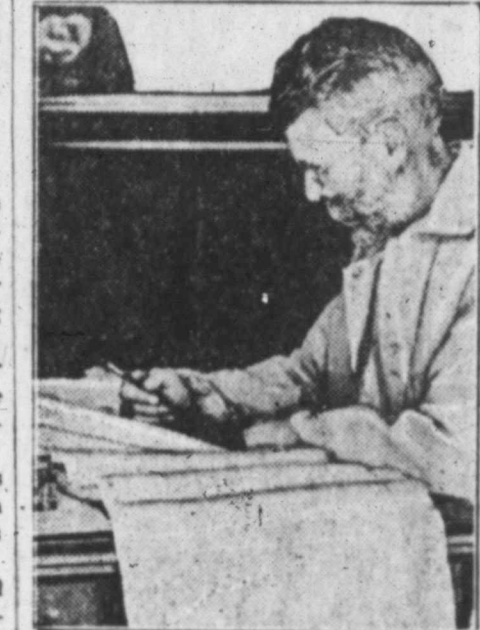

BOOKKEEPING STUDY IS MOST ESSENTIAL

Interests Farmer in Efficient Farm Management.

Accounting Courses Now Being Conducted in Many States Through Co-Operation of Department of Agriculture.

(Prepared by the United States Department of Agriculture.)

One-day farm accounting courses are now being given in 15 states through the co-operation of the United States department of agriculture and the state agricultural colleges in farm management extension work. The primary object of these courses is to interest the farmer in farm bookkeeping as an essential to efficient farm management. While the assistance which the courses give in calculating a

More Farmers Than Ever Before in the History of the Country Realize the Value of Keeping Farm Accounts.

farmer's income tax is of great value, it is necessarily secondary.

This is the first year in which this method of introducing farm accounting has been undertaken on such a large scale. The schools are carried on in co-operation with the county agents. The one-day sessions are occupied with calculations made by the farmers themselves under the supervision of the instructor, and discussions of such topics as the relative value of various crops, the size of crop yields, the quality and quantity of live stock for a farm of given size, the size of the farm business as a whole, and the farm layout, and the use of labor—all factors vitally affecting farm efficiency.

HOME GARDEN IS IMPORTANT

One Way to Have Food at Reasonable Cost Is to Produce It in Your Own Yard.

(By SECRETARY E. T. MEREDITH, United States Department of Agriculture.)

All discussion about the high cost of living aside, one way to have food at a reasonable cost is to grow it in your own yard.

The garden can't do it all; but it can help wonderfully, especially with such important necessities as potatoes and beans.

It is true that the war taught Americans the value of home gardening. While complete statistics of the production in gardens are lacking, it is the belief of the department of agriculture and state workers in this field, based on wide observation, that more food was produced in home gardens last year than during the war years of 1918.

The department of agriculture believes that many hundreds of thousands of people will share its view about the importance of growing food at home in 1920, and that they will welcome expert advice from time to time.

The department is prepared to give the public the benefit of its information gathered by practical, scientific gardeners, and requests will bring publications that should be of value to the experienced man as well as to the beginner.

POULTRY NOTES

The freshest eggs hatch best. Allow at least one drake to every five ducks; this will be sufficient males if they are lively. Most turkey geese when fully feathered are fattened in large numbers by buyers who make a specialty of this business. Cleanliness is one of the greatest means of combating lice, mites and fleas and other insidious insects which prey on poultry. Not more than two geese should be allowed for each gander, and what is better yet is to have them in pairs during the breeding season.

Grill is essential to the health of the fowls and to economy in feeding, as it takes the place of teeth in preparing the feed for further digestion.

Practically any kind of wild game or varieties of fish which are not valuable for human food purposes are highly satisfactory in the poultry dietary.

UGLIEST WOMAN LOVES BEAUTY

Says Love Cannot Exist Where Every Sense Is Repelled by What It Sees.

HAS MISSED MANY THINGS

Never Worn an Easter Hat or Attended a Dance—Has Never Known Tribute of Other Women's Jealousy—Not Always Ugly.

New York.—How it feels to be the "homeliest woman in the world," her emotions as pretty hats and pretty gowns make a mockery of her every feature, and whether happiness and love have passed her by are questions answered by Mrs. Mary A. Bevan with the remark:

"Without beauty—some beauty of line or coloring—woman falls of her mission."

Mrs. Bevan has come to this country to capitalize her face—for her job is just to be herself with an American circus. She continued:

"Attractiveness may be X, the unknown quantity. But to 'remove' it completely you get—me! Ah! Other women do not know what it is to

have people look at them and look away, and then look again, fascinated against every instinct. They do not know curiosity which is like a knife turning round and round in the heart.

"You see, I do not feel different from anyone else. I love beautiful things, and I would like friends and entertainment. But those I shall never have."

Something of the distortion in Mrs. Bevan's ugly features creates an impression of unreality. It makes one feel as if he were talking to a figure in a weird dream. And this despite her sweet gentleness of manner and her fascinating voice.

"You see," she went on, "the basic principle of a woman's life, whether she will admit it or not—is love. It is love of husband, children, humanity at large. And how can love exist where every sense is repelled by what is before the eyes?"

These are some of the things which Mrs. Bevan says she alone, of all the women in the world, has never experienced:

She has never worn an Easter hat. She has never attended a dance. She has never been offered a seat in a street car.

She has never known the tribute of other women's jealousy.

It is true that Mrs. Bevan has the solace of four attractive and affectionate children, and it is for their support that she is to work as an exhibit in the circus, ultimate result of a contest to find the homeliest woman, held in the little town in England where she lived last summer.

"My marriage?" She repeated my question. "Oh, that was long ago, when I was a girl. You see, I wasn't so ugly then—hadn't arrived at the full perfection of ugliness. I was a nurse in a hospital and the cap and gown were becoming."

"Besides, my husband had opportunity to become acquainted with the real me that lives behind my face and my great stocky hands and my gorilla figure before he asked me to marry him. He never saw me like this, and I am glad. He is the one bright memory with my children. They love me. So I have happiness and love in a measure. Life hasn't passed me by."

"But, oh, tell other women what they have! Tell them to make the most of their beauty, for they all have some."

Pig Proves Bear.

Tarrytown, N. Y.—Louis Murray, an employee on the estate of Mrs. Finley J. Shepard, saw a black animal in his path while walking along the Croton aqueduct. He thought it was a pig. He walked close to it, heard a growl instead of a grunt, and found it was a small black bear. Murray best it quick.

Simmons College summer school and Abilene summer normal, according to a ruling by State Superintendent of Schools shall not be less than nine weeks, and only one series of examinations, and these are scheduled for August 16-17, inclusive. No teacher will be allowed to take the examination who has been in school less than twenty-eight school days.

NOTICE OF APPLICATION FOR LETTERS—ESTATES THE STATE OF TEXAS

To the Sheriff or any Constable of Young County—Greeting:
YOU ARE HEREBY COMMANDED to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Young, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE OF APPLICATION FOR LETTERS—ESTATES OF DECEASED

The State of Texas,
To all persons interested in the Estate of J. A. Wade and Tempy G. Wade, deceased, J. S. Wade has filed in the County Court of Young County, an application for Letters of Administration which will be heard at the next Term of said Court, commencing the First Monday in July A. D. 1920, at the court house thereof, in the city of Graham, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein Fail Not, but have you then and there before said Court this Writ with your return thereon endorsed, showing how you have executed the same.
GIVEN under my hand and the seal of said Court, at Graham, L. S., Texas, this April, 29, A. D. 1920.

C. W. HINSON,
Clerk County Court, Young County, Texas.

Mrs. K. Bays has sold her interest in the White Derrick to C. A. St. Clair, who is now sole proprietor and will not be responsible for any debts contracted by Mrs. K. Bays in the firm's name.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Young County—Greeting:
YOU ARE HEREBY COMMANDED to summon Guy and Will Hudson by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in

the 30th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 30th Judicial District, to appear at the next regular term of the District Court of Young County, to be holden at the Court House thereof, in Graham, Texas, on the 1st Monday in September, A. D. 1920, the same being the 6th day of September, A. D. 1920, then and there to answer a petition filed in said Court on the 5th day of February A. D. 1920, in a suit numbered on the docket of said Court No. 6153 wherein T. C. McCloud and D. M. Spearman are Plaintiffs, and George Scrogum, J. A. Scrogum, L. G. Scrogum, Matilda Pruitt and her husband—Pruitt, Louisa Davis and her husband M. Davis, Cordai P. Edwards and her husband E. A. Edwards are Defendants and said petition alleging that Plaintiffs and Defendants are the joint owners in fee simple of the land hereinafter described situated in Young County, Texas, known as 80 acres of the B. C. King Survey, Abstract No. 1470, described as follows:

Beginning at a rock 355 vrs. North of the S. E. corner of the said B. C. King Survey; Thence West 426 vrs. to a rock; Thence North 351 vrs. to a rock; Thence East 246 vrs. to a rock; Thence South 140 vrs.; Thence West 180 vrs.; Thence North 795 vrs. on S. E. line of the Sylphia Tynes Survey; Thence East with said line 850 vrs. a rock; Thence South 655 vrs. to the place of beginning. That the Plaintiffs are the owners of 50 acres undivided interest in said land and that the balance is owned by the Defendants. That the Plaintiffs and Defendants are the sole owners of said land so far as is known to the Plaintiffs and that the estimated value of same is \$500.00; that the Defendants be cited to appear and answer this petition and that they have judgment for partition and division of said land and premises, etc.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your returns thereon, showing how you have executed the same.

Witness Willie Riggs, Clerk of the District Court, of Young County. Given under my hand and the seal of said Court, at office in (L. S.) Graham, Texas, this 6th day of May, A. D. 1920.

Spohn's Distemper Compound

HORSES COUGHING? USE

Spohn's Distemper Compound

To break it up and get them back in condition. Twenty-six years' use has made Spohn's indispensable in treating Coughs and Colds, Influenza and Distemper, with their resulting complications, and all diseases of the throat, nose and lungs. Acts marvelously as a preventive, acts equally well as a cure. 40 cents and \$1.15 per bottle at drug stores.

SPORN MEDICAL COMPANY, Goshen, Ind.

HIRAM EVIDENTLY A SNORER AT WORK ON BIG PROBLEMS

Faithful Wife Thought She Recognized Porcine Lamentations as Wadchen Her Lord and Master.

An amazingly fat couple boarded a sleeping car just before the train pulled out of the Pennsylvania station in New York, and soon retired, the woman taking the lower berth and the man the upper of a section. It was necessary to enlist the aid of the porter and a couple of friendly passengers to enable the man to attain to his lofty couch, but it was accomplished and the car presently became quiet.

Some time during the night the train was held up on a siding, and, as it happened, the sleeping car, was stopped right alongside a car loaded with uncomfortable and loudly protesting hogs, the noise of whose lamentations ascended to the stars.

"Oh, Lord!" the occupant of the lower berth was heard to moan. "Just listen to that! Hiram has started to snore and I can't get up there to make him turn over!"

A Triple Alibi.

Teacher—Benzie Benzbrough, were you making faces at Herman Hemmandhaw?

Benzie—No, ma'am, I wasn't.

"He said you were."

"I wasn't, teacher; you see, I had a tooth pulled and I can't keep my tongue out of the hole, and there is something in my eye and my nose itches so I have to twitch it."—Youngstown Telegram.

Grandson of Huxley Seeking, Among Other Things, the Secret of Perpetual Youth.

The secret of perpetual youth and renewed vigor, the determination of sex and the curing of certain human diseases are some of the problems which it seems are being solved in the laboratories of Oxford, England, by Julian Huxley, grandson of the famous biologist, Thomas Henry Huxley.

The actual achievements included the change of tadpoles into frogs within three weeks; the production of a new sort of creature; the restoration of a flatworm to youth, and the control of the sex of frogs' eggs, producing 90 per cent of males at the will of the experimenter.

The Daily Mail, which makes this news public, comments in an editorial on the great possibilities of Julian Huxley's discovery and says: "We seem to be nearer some of the hardest and most enthralling mysteries of life."

Reasoning.

"Yes, doctor, I know the fish wasn't fresh, but it would have been entirely spoiled by the next day if I hadn't eaten it."

"Wouldn't it have been better to let the fish spoil than to upset your stomach?"

"Well, no. You can give me something to fix my stomach all right, but I'm blessed if there is anything you can do for a really spoiled fish."—Judge.

Instant Postum

still sells at the same low price as before the general rise in costs

—and great is the number of families who now use this table beverage in place of coffee.

Attracted to its use by continued low cost, they found its agreeable coffee-like flavor much to their liking.

With no health intent behind their action they discovered better nerves followed the change.

All Grocers sell Postum, and your trial is invited

STATE NEWS

Fort Worth was selected as the place for the 1921 convention of the Texas Interdenominational Sunday School association.

More than 300 business men and their wives met at a banquet and completed the organization of the Bowie chamber of commerce.

A half dozen bankers and merchants of Snyder volunteered their services to procure full value rendition of all city property for taxation. The people are responding well.

The city council of Texarkana passed a resolution providing for the expenditure, in the near future of \$600,000 for street improvements on the Texas side of town.

The Collin County Jersey club distributed fifty registered Jersey heifer calves to as many members of the Collin County Boys and Girls' Jersey Calf club at McKinney last Saturday.

Organization of the Trinity River Navigation company, with a capital stock of \$50,000 started at a meeting of the Trinity River Navigation and Development association, held in Dallas last week.

The State Barbers' association of Texas, in session at Cleburne, went on record as favoring the barbers' license law, also strict sanitary laws covering both individual barbers and places of business, to be governed by county and city health officers.

With the exception of a few departments in which a reorganization is expected, practically all city departmental heads of Dallas were reappointed for the year beginning May 1, with increases in salary following the approval of nominations by the board of commissioners.

The North Texas Gas company has filed notice with the mayor and city commissioners of Sherman that an increase in local and domestic gas rates is desired there. It is proposed to raise the rates to 75c per 1,000 cubic feet, together with a customer's charge of 59c a month.

A meeting of the Lubbock County Cotton Growers' and Marketing Association was held at Lubbock last week, at which Isham Tubbs was elected president, J. F. Goodnight vice president, R. E. Karper secretary and C. E. Maedgen treasurer. It was voted to retain the services of a cotton classifier at Lubbock at a salary of \$2,500 a year.

The Dallas Railway company has formally accepted the franchise ordinance voted at the election April 6, allowing them to build a single interurban line to Wichita Falls in lieu of the two lines required in their original franchise, in a statement signed by W. C. Hobson and J. F. Strickland and presented to the board of commissioners.

Property valuations in Wichita county are being assessed at 80 per cent of their true worth, as compared with an average of 33 1/3 per cent assessed in many other Texas counties, according to figures being considered by the chamber of commerce. The organization is looking into the situation, which is said to result in Wichita county paying an undue proportion of state taxes.

The record price for cotton in west Texas was received by the superintendent of the state experiment farm at Lubbock, who sold a bale of long staple for \$5c per pound. This bale was raised on a 1/4 acre tract which produced an average of a bale per acre. The tract was irrigated in the early spring, before planting, and about half of same was slightly irrigated after planting.

J. M. Montgomery of Dallas was elected president of the Southwestern Photographers' association at Dallas. W. D. Orr of Memphis was re-elected vice president for Texas, D. M. Marks of Fort Smith was re-elected vice president for Arkansas, W. E. Brooks of Shawnee was elected vice president for Oklahoma and Mrs. Tessie Dickson of Shreveport was re-elected vice president for Louisiana.

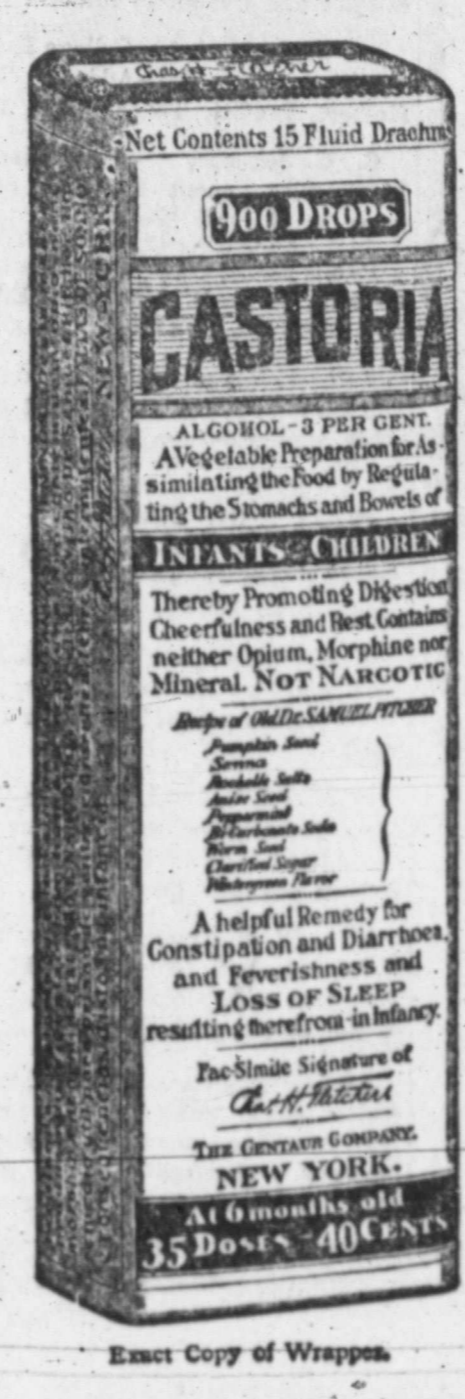

Decision to hold the 1920 convention at Galveston June 7 to 9 was reached at a special meeting of the Texas Cotton Seed Crushers' association in Dallas. Members of the rules committee of the association will meet in Galveston three days prior to the opening of the convention. In the absence of John A. Underwood of Honey Grove, president of the association, Harry Lands of New Braunfels was chairman of the meeting. About 100 delegates attended from all sections of the state.

Theo Thompson of Fort Worth was re-elected chairman of the Railway Carmen's Legislative association of Texas at the concluding session of the bi-annual convention held at Fort Worth last week.

Dr. I. C. Chase of Fort Worth was elected president-elect at a meeting of the house of delegates of the Texas Medical association in Houston last week. Dallas was selected as the meeting place of the next annual convention.

Baby Specialists.

THAT there are Physicians who specialize on Infant ailments you know. All Physicians understand Infant troubles: all Physicians treat them. It is his profession, his duty, to know human ills from the Stork to the Great Beyond. But in serious cases he calls in the Specialist. Why? He knows as every Mother knows, or ought to know, that Baby is just a baby, needing special treatment, special remedies. Can a Mother be less thoughtful? Can a Mother try to relieve Baby with a remedy that she would use for herself? Ask yourself; and answer honestly! Always remember that Baby is just a baby. And remembering this you will remember that Fletcher's Castoria is made especially for Infants and Children.

Children Cry For Fletcher's CASTORIA

The False and the True.

Advertising by the use of large space, the expenditure of huge sums of money have placed on the market, have put in your home, perhaps, many articles that today have been discarded, as you will readily admit. Do you recall anything that has more modestly appealed to the public than has Fletcher's Castoria; modest in all its claims, pleading at all times—and truthfully—for our babies? The big splash, the misleading claims may win for a time, but the honest truth-telling advertiser is like the old story of the tortoise that beat the hare. Mothers everywhere, and their daughters, now mothers, speak frankly, glowingly, enthusiastically in praise of Fletcher's Castoria. Speak of it lovingly as a friend that has brought comfort, cheer and smiles to their little one. There are substitutes and imitations as there are for the diamond, for anything of value. One might almost say that that which is not copied has no value. So you have had the signature of Chas. H. Fletcher and a copy of the genuine wrapper kept constantly before you that you may guard against the false and the untrue. MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of *Chas. H. Fletcher*

THE CENTAUR COMPANY, NEW YORK CITY.

BEDFAST EVERY WINTER; STOMACH TROUBLE GONE

Mrs. Mershon Found Speedy Relief After 18 Years' Suffering.

"I had suffered from stomach trouble for 18 years, and had spent hundreds of dollars doctoring. Every winter I was bedfast most of the time. I commenced taking Milks Emulsion last fall, and before I had taken six bottles my stomach trouble disappeared and I have had no return of it since. This is the first winter in 18 years that I have not been bedfast. I also give Milks Emulsion to the children for coughs, with splendid results."—Mrs. W. G. Mershon, Brazil, Ind.

Thousands of people who have suffered for years from stomach and bowel troubles, as Mrs. Mershon did, have found the same wonderful relief and lasting benefit from Milks Emulsion. Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength Milks Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in restoring and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

The Proper Place.

"Where in your desk shall I put these articles on the dove of peace?"

"Put them in some pigeon hole."

FRECKLES

New Is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove freckles.

This the Exception.

She (after the quarrel)—You used to say that you liked to see me in anything.

He—I hadn't seen you in a rage then.—London Answers.

"What Killed Bill?"

Every man, woman and child in the world has "Liver Trouble" some times. Many of them Die from it and never realize it. No use in this. And folks are learning better. Thousands have found out that Dr. Thacher's Liver and Blood Syrup will relieve "Liver Troubles". Will keep the Bowels open and the Blood rich and red. You ought to try this old doctor's prescription—before "Liver Trouble" gets in its deadly work on you—like it did on "Bill." Get it from your drug store.

"Some Sort of Liver Trouble!"

Hiraulte Courage.

"The Arabs follow the custom of their prophet Mohammed, who never shaved."

"I suppose that is one reason why they are always so ready to beard their enemies."

During the honeymoon a man smiles inwardly if his wife confesses that she married him to reform him.

Many a man has been turned down while waiting for something to turn up.

The unfortunate man's friends live a long way off.

ALLEN'S FOOT-EASE DOES IT.

When your shoes pinch or your corns and bunions ache get Allen's Foot-Ease, the antiseptic powder to be shaken into shoes and sprinkled in the foot-bath. It will take the sting out of corns and bunions and give instant relief to Tired, Aching, Swollen, Tender feet. Sold everywhere. Don't accept any substitute.—Adv.

Airy.

She—That girl's heir—

He—Isn't it awful—

She—To three millions.

He—nice.—The Tale Record.

WOMEN! DYE RIGHT! SAY "DIAMOND DYES"

Don't Spoil or Streak Material in a Poor Dye

LIFE WAS A MISERY TO HER

Says this Woman Until Relieved by Lydia E. Pinkham's Vegetable Compound.

Carrollton, Ky.—"I suffered almost two years with female weakness. I could not walk any distance, ride or take any exercise at all without resting. If I swept the floor or did any kind of work it would bring my sickness on. I was weak and languid, had no energy, and life was misery to me. I was under the care of a good physician for several months and tried other remedies. I had read of Lydia E. Pinkham's Vegetable Compound and decided to try it. After taking twelve bottles I found myself much improved and I took six more. I have never had any more trouble in that respect since. I have done all kinds of work and at present am an attendant at a state hospital and am feeling fine. I have recommended your Vegetable Compound to dozens of my friends and shall always recommend it."—LILLIAN THARP, 824 S. 6th St., Carrollton, Ky.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

Eczema MONEY BACK

Without question if Hunt's Salve fails in the treatment of eczema, tetter, ringworm, itch, etc., you become discouraged because other treatments fail. Hunt's Salve has relieved hundreds of such cases. You can't lose, on our money-back guarantee. Try it at our risk TODAY. Price 50c. at drug stores. A. B. Richards Co., Sherman, Texas.

HUNT'S Salve

Time may be money in some cases, but many a man with nothing but time has managed to starve to death.

WHY DRUGGISTS RECOMMEND SWAMP-ROOT

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder medicine.

It is a physician's prescription. Swamp-Root is a strengthening medicine. It helps the kidneys, liver and bladder to do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it should help you. No other kidney medicine has so many friends.

Be sure to get Swamp-Root and start treatment at once. However, if you wish first to test this best preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Condensed Austin News

The annual reunion of former students of the University of Texas will be held in Austin Monday, June 7.

The attorney general has approved \$100,000 road bonds for commissioner's precinct No. 4, Callahan county, serials, 5 1/2%.

The Southwestern Telegraph and Telephone company has paid the state a tax of \$37,524 on gross receipts of \$2,501,652 for the quarter ending March 31, 1920.

The railroad commission has considered the petition of Texas grain men and flour millers for restoration of pre war minimums on grain and grain products.

Dallam county has the distinction of being the first county to provide for the establishment of a county library, according to announcement by Miss Elizabeth H. West, state librarian.

According to reports received by State Fire Marshal English, which are yet incomplete, Texas, is doing full duty in bringing the 1920 fire loss of the United States up to record figures.

The 51 life insurance companies doing business in Texas wrote \$230,523,076 worth of new business in Texas during the year 1919, according to statistics compiled by Commissioner of Insurance and Banking J. C. Chidsey.

Arthur A. Stiles, state reclamation engineer has gone to Wichita Falls, where he will co-operate with representatives of the federal government and the state of Oklahoma in making a joint survey of lands formerly held under the Texas landership.

Railroad Commissioner Clarence E. Gilmore has been notified that he has been appointed a member of the committee authorized at a conference of railroad commissioners recently held at St. Louis to consider the application of the express companies for an increase in rates in the third express zone.

The state board of education has granted permission to school districts whose bonds have heretofore been purchased by the board for the benefit of the permanent school fund to redeem such bonds before maturity in order that the funds thus obtained may be immediately reinvested in new school bonds.

The Texas fire escape law applies to elevators and mills, according to a ruling given by the state fire insurance commission, which has under way a campaign for enforcement of the fire escape statute. The campaign is being conducted by Upshur Vincent, chief inspector of the fire prevention bureau of the commission.

The attorney general has approved the following bond issues: Shelby county road district No. 4, the sum of \$300,000, and district No. 7, \$50,000, both serials the first bearing 5 per cent and the last 5 1/2 per cent. He also approved \$25,000 waterworks extension and \$25,000 fire station bonds for the city of Belton, 20-40s, 5s.

The state board of control approved contractors' estimates for building improvements at the Southwestern insane asylum at San Antonio amounting \$10,000. Approval was made with the understanding that the action of the board was not to be violative of the injunction which restrains the board from interfering with the management of the asylum.

Practical patching and darning, re-avovating of old clothes and stockings and cutting down adults' clothing for use by children are some of the home economic teachings in high schools, is the report of Miss Lillian Peek, assist ant state director of home economics, who has returned, after visiting twenty-six high schools in fourteen days, all seeking affiliation credits.

Upon recommendation of Dr. George C. Butte, chief oil and gas supervisor, the railroad commission holds that wasteful process of manufacturing carbon black out of natural gas, as now frequently used, is prohibited by the conservation law of this state, but that employment of such appliances as will save usable commercial gas in the manufacture of carbon gas is not prohibited.

The state board of control is entirely renovating the confederate home. A force of men has been at work razing shacks heretofore housing the old men which they erected themselves out of old boards and pieces of tin. All the bathtubs are being replaced with new tubs, toilets are being reconstructed, vermin is being destroyed, the entire place is being made sanitary and 100 new mattresses have been purchased. The old mattresses have been burned.

Personal property permanently located within the state is subject to taxation in this state, regardless of the domicile of the owner, is an opinion given by the attorney general's department.

A foreign corporation doing purely interstate business is not required to procure a permit to do business in Texas is the ruling made by the attorney general's department, Assistant Attorney General C. W. Taylor writing the opinion.

SUBSTITUTE FOR PEACE PROPOSAL IS FRAMED

SENATE RESOLUTION STATES WAR WITH AUSTRIA-HUNGARY ALSO AT AN END.

Washington.—A joint resolution proposing repeal of resolutions by congress declaring a state of war with Germany and Austria-Hungary, has been reported out by the senate foreign relations committee, by strict party vote.

Introduced by Senator Knox (Rep.) of Pennsylvania, as a substitute for the republican resolution recently passed by the house, the measure was formally presented to the senate by Senator Lodge, the republican leader.

Leaders of both parties predict several weeks of discussion with little prospect for action until near the time set for a recess for national conventions. In some quarters the opinion was expressed that President Wilson, in the midst of the debate, might return the treaty of Versailles to the senate.

Virtually solid democratic opposition to the substitute was predicted by leaders of the party. Senator McCumber (Rep.), member of the foreign relations committee, who did not attend the meeting, said he and probably other republicans would oppose it. The vote on the Knox resolution was 9 to 4.

Senator Shields (Dem.) of Tennessee also was absent. Republicans said it was designed to meet objections raised in the house that a resolution declaring the war ended would be unconstitutional and beyond the power of congress.

Straight-out repeal of the war resolutions is the principal object of the Knox substitute, which would require the president to establish friendly diplomatic and commercial relations with Germany and with "the governments and people of Austria and Hungary."

INFLATION IS CHARGED TO EXCESSIVE LOANS

Strict Control of Bank Credits Only Remedy, Economist Says.

New York.—Asserting the world as a whole must "tighten its belt if there is to be enough for all," Paul M. Warburg presented a comprehensive discussion of "inflation as a world problem and our relation thereto" at the semi-annual meeting of the academy of political science.

Mr. Warburg held that the belt referred to is a strict control of bank credit, "without which the world will continue to gorge itself and inflate." "There is no doubt," said Mr. Warburg, "that from the economist's point of view our topsy-turvy globe looks gravely ill just now. What is the matter with Mr. World?"

"The truth is that he has passed through a very severe attack of his old trouble—war. This last attack, however, was so grave that Mr. World has made up his mind to sign a pledge that he will thoroughly reform his mode of living—if only he could survive."

MAY 24 IS LIKELY DATE FOR SPECIAL SESSION

Gov. Hobby Will Issue Proclamation Convening Legislature.

Austin, Texas.—Governor Hobby will shortly issue his proclamation convening a special session of the legislature. It is his present intention to call it for Monday, May 24. He will not make it any later than that date, but may decide to move it up a few days.

By convening it on May 24 thirty days will expire on June 23 or just in time for the Texas delegates to leave for the San Francisco convention.

LONGSHOREMEN END STRIKE AT BOSTON

Coastwise Companies at New York Accepting Freight for Gulf.

Boston, Mass.—The strike of coastwise longshoremen at this port has ended. The 800 cargo handlers who went out originally in sympathy with the longshoremen in New York and later made demands for deep sea rates of pay have returned to work without receiving any advance. Union officials said the men expected higher wages in September.

Green Faction Claims Success

Dallas.—That E. H. R. Green of Terrell and Ed McCarthy of Galveston have received overwhelming majorities in the republican precinct conventions for delegates at large to the national republican convention at Chicago is the report made by Harry Beck of Dallas, chairman of the Green-McCarthy campaign committee.

\$3,000,000 To Interchurch Movement.

New York.—An anonymous gift of \$3,000,000 to the united financial campaign of the Interchurch World Movement is announced at campaign headquarters.

Want U. S. Protection

Washington.—Forty thousand Chinese in Mexico without consular protection have petitioned the state department for permission to cross the border in case they are threatened by the revolution in that country.

10c

All work and no play is apt to make a dull sermon.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin caluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callous. Instantly it stops hurting, then shortly you lift that bothersome corn or callous right off, root and all, without one bit of pain or soreness. Truly! No humbug!

It sometimes happens that faith, hope and charity fill the stage to the exclusion of gratitude.

A SOFT, VELVETY SKIN

should be the ambition of every woman as there is nothing so attractive as a fair, smooth skin. Neither soaps nor powders can give this. Thousands of southern women know from experience that Tetterine will quickly rid the skin of its disfiguring pimples and blotches and give it that bright, clear appearance so much admired. Tetterine is sold by druggists or sent by mail for 50c. by Shuprine Co., Savannah, Ga.—Adv.

The mantle of clarity is soon worn threadbare by a hypocrite.

A Needless Remark. "Has your wife a voice?" "She never gave me the slightest reason to believe the contrary."

99 OUT OF 100

Of the little ills and hurts, such as Toothache, nervous Headache, or soreness anywhere may be quickly relieved by applying Vacher-Balm, which is harmless. Keep it handy, and avoid limitations.

If you cannot buy Vacher-Balm locally, send 30c in stamps for a tube, to E. W. Vacher, Inc., New Orleans, La.—Adv.

That Depends.

"How I would like to taste her cherry lips!" "Why, do you fancy the lipstick flavor?"

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists Sell Circulars free. F. J. Cheney & Co., Toledo, Ohio.

One Girl and the Others. "Are you your mother's only little girl?" asked the kindly old man. "Yes, sir," replied the five-year-old. "The rest of us is boys."—London Answers.

For speedy and effective action Dr. Peery's "Dead Shot" has no equal. One dose only will clean out Worms or Tape-worm.—Adv.

Taking Joy Out of Life. "The meanest man I know is a young fellow who boards with us." "What is the matter with him?" "He is trying out an invention to keep subscribers from listening when a party line is being used."

The occasional use of Roman Eye Balsam at night will prevent and relieve tired eyes, watery eyes, and eye strain.—Adv.

It's an easy matter for a judge to issue an order restraining a woman from talking, but what's the use? The nearer you get to a dollar the smaller it looks.

An injury forgiven is better than an injury revenged.

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lax liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after-effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

An Awful Calldown. "The Funny Editor—What's wrong with my column? I thought it had been pretty good." "The Managing Editor—Good! Why, it's the laughing stock of the whole city."

The occasional use of Roman Eye Balsam at night will prevent and relieve tired eyes, watery eyes, and eye strain.—Adv.

It's an easy matter for a judge to issue an order restraining a woman from talking, but what's the use? The nearer you get to a dollar the smaller it looks.

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

No. 458
 Notice is hereby given, to whom concerned, that E. C. Stovall, the post-office address of whom is Graham, Texas, did on the 22nd day of April, A. D. 1920, file his application in the office of the Board of Water Engineers for the State of Texas, in which he applies for a permit to appropriate from the unappropriated waters of the State of Texas sufficient water for the purposes of irrigation and mining, said water to be diverted from the Clear Fork of the Brazos River, in Young County, Texas, by means of three pumping plants to be located at a point which bears 176 varas N. 72 degrees 8 minutes East to first pump from the S. W. corner of James Tobin Survey, Abst. 279, on the North bank of the Clear Fork of the Brazos River, in Young County, Texas, distant in a Southwesterly direction from Graham, Texas, ten miles.

You are hereby further notified that the said E. C. Stovall proposes to irrigate 1021.6 acres of land out of the James Tobin Survey, Abst. No. 279, in Young County, Texas, and appropriate 300 acre-feet of water per annum for the purposes of mining. A hearing on the application of the said E. C. Stovall will be held by the Board of Water Engineers for the State of Texas, at its office in Austin, Texas on Monday, May 31st, A. D. 1920, beginning at ten o'clock a. m. at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of said Board, in Austin, Texas, this the 22nd day of April A. D. 1920.

W. T. POTTER
 C. S. CLARK
 JNO. A. NORRIS,
 Board of Water Engineers.
 Attest: A. W. McDonald, Secretary

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Young County—Greeting:

YOU ARE HEREBY COMMANDED to summon George Scrogum, J. A. Scrogum, L. G. Scrogum, Matilda Pruitt and her husband—Pruitt, M. Davis, Cordai, P. Edwards and her husband E. A. Edwards by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 30th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 30th Judicial District, to appear at the next regular term of the District Court of Young County, to be holden at the Court House thereof, in Graham, Texas, on the 1st Monday in September, A. D. 1920, the same being the 6th day of September, A. D. 1920, then and there to answer a petition filed in said Court on the 21st day of January, A. D. 1920, in a suit numbered on the docket of said Court No. 6135, wherein Frankie Bailey and her husband John Bailey are Plaintiffs and Sallie Hudson for self and as guardian of Clarence Hudson, Clyde Hudson, Newell Hudson, Ewell Hudson, Clifford Hudson, all minors, and each individually R. G. Hallam, Tom Hudson, Guy Hudson, Willie Hudson, Elsie M. Jones, feme sole, James R. Jones, Mary Weatherford and husband Lee Weatherford, Lizzie Dean and husband Claud Dean, Tommie Holder and husband W. A. Holder, Mary Crawford and husband John Crawford, Maud Gibbs and husband John Gibbs, W. W. Corbin, M. L. Jamison and Jim Hudson are Defendants, and said petition alleging Plaintiffs and Defendants are the joint owners in fee simple of the following described land, to-wit: In Young County, Texas, 1st. 160 acres the S. 1-2 of T. E. & Co. Sur. No. 702, Abst. No. 807. 2nd. 160 acres the S 1-2 of T. E. & L. Co. Sur. No. 701, Abst. No. 806. 3rd. 80 acres the South part of T. E. & L. Co. Sur. No. 498, Abst. No. 689. Plaintiffs and Defendants are also owners of a large amount of personal property, amount and value of which is unknown and Plaintiffs al-
