

# THE GRAHAM LEADER

ESTABLISHED AUGUST 16th, 1876.

WITH MALICE TOWARD NONE; WITH CHARITY FOR ALL

OLDEST NEWSPAPER IN NORTHWEST TEXAS

VOLUME XLIV.

GRAHAM, TEXAS, THURSDAY, MAY 20, 1920.

NUMBER 33.

## STATEMENT OF COMMISSIONERS' COURT

Graham, Texas, May 12, 1920.

To the Voters of Young County:

The Grand Jurors of Young County have for many years reported our jail to be in bad condition. Going a step beyond its predecessors, the last Grand Jury condemned our jail in the following terms, to-wit:

"We beg to report that we have examined the jail and find as follows: The building is old, walls cracked, floors worn and not strong enough to support the weight of cells if filled with prisoners. Its location, being near to a large frame building, makes it dangerous for the prisoners in case of fire.

It is too small for the County, not sanitary, poorly ventilated, and we consider it not a fit place to confine prisoners and we respectfully condemn the present jail building."

In all of which, this Court concurs unanimously.

It may be said that the present is not a good time to do any building, yet school houses are building where needed; and you have only to investigate the facts and realize the dire need of a new jail at this time.

Many prisoners are unfortunate enough in having to go to jail at all, without having to endure the extreme discomfort and risk of being confined in our jail where men, women, boys and lunatics are all indiscriminately huddled near together, without conveniences and without regard to the evil effects on them, morally, mentally, and physically.

The present jail and site will doubtless sell to advantage. After deducting the sum thus realized, the cost of the new jail may fall considerably below the amount of the bonds to be voted on and we assure you that no more bonds will be sold than will be needed for a jail that will reasonably answer our needs.

(Signed) W. P. STILES, Commissioner Pre. No. 1  
W. C. BURNS, Commissioner Pre. No. 2  
H. S. McCREADY, Commissioner Pre. No. 3  
SAM BIRD, Commissioner Pre. No. 4  
W. H. REEVES, Commissioner Pre. No. 5

## CIVIC LEAGUE PROTESTS AGAINST VAUDEVILLE SHOWS

In a meeting of the Civic League yesterday afternoon at the Methodist church a protest was registered by the organization against the class of vaudeville and variety shows that have been run at a local play house successively for several weeks. In the opinion of the Civic League, the shows are unfit morally for the young people of the town and the influence is such as to be particularly objectionable. The formal protest was unanimously endorsed by the organization.

A special feature of the afternoon was the address of Mr. M. K. Graham, representing the Chamber of Commerce, on the commission form of government. This talk was much appreciated by every member present. Mr. Graham also spoke of the need of a new jail and the coming election to vote bonds to erect a new building. The League voted to give this movement hearty support, and to help in every way possible through talk and encouragement, though it cannot yet, by ballot.

The committee appointed to formulate plans for next year's work was instructed not to arrange a course of study, but to prepare for something of interest at each first Wednesday meeting of the month, leaving the third Wednesday for business. Thirteen members were present. The next and last meeting of this year will be June 2.

## SIMS-CHERRYHOLMES

Mr. W. S. Sims and Miss Gladys Cherryholmes were united in marriage by Rev. A. W. Franklin at the home of the bride's mother, Mrs. G. T. Cherryholmes, in Tonk Valley, last Sunday morning at 10 o'clock.

The groom has been a resident of Young county for many years and is considered a steady, hard-working young man, fully competent to take care of and provide for a home.

The bride has been reared here and is a popular and attractive young lady possessing scores of friends and admirers.

The Leader joins the many friends of these young people in extending sincerest best wishes.

## LEADER INSTALLS LARGER MACHINERY

To keep step with the progress of the town and be fully prepared to publish a daily paper when the time for one arrives, The Leader this week installed a large press and other material which makes the equipment one of the best to be found in this section of the country. From Friday morning until last night the time was all consumed in the work of installing the new material and as a result the paper is very short of news this week. But we are now prepared to issue a better paper on time each week and next Thursday we will endeavor to give an issue that will fully make up for shortness of this one. Come to see us.

## LOVING BAPTIST MISSIONARY SOCIETY MEETS

The Missionary Society of the Loving Baptist church rendered an interesting program at the church Saturday, May 8, which was inspiring to all present. Victory was our subject.

Victory messages, psalms of joy for blessings received and for opportunities open from our leaders in the 75 Million Campaign were read. We felt a thrill of joy in our hearts as we listened to the messages because each of us had a part in this great victory. The women and girls of our church and Sunday School pledged \$585.00 to the 75 Million Campaign.

Come on with your pledges all of you who have not already pledged and receive a blessing, a joy that you have not felt. Do not let selfishness rob you of this blessing. Be a true Christian, a living demonstration of the power of God. The Captain of our salvation is calling us to awake and be about our Father's business for the world is perishing while we sleep. Bring "all the tithes into the storehouse."

MRS. I. N. BURNETT, President.

If you are interested in Graham or Young county and desire information as to progress, development, etc., wire or write R. E. ERWIN, Graham.

150-Egg Incubator for sale—Dr. Petty.

## LITERARY CLUB

Mrs. C. R. Taylor was hostess on the past Wednesday afternoon to the Chautauqua Literary & Scientific Circle with Mrs. E. H. Morrison presiding. The program was wholly Southern in scope, having for its inspiration the study, "The Old South" by Thaps Nelson Page. "Dixie" was sung in chorus by the club and Mrs. R. G. Hallam read from "Marse Chon."

Mrs. E. H. Morrison talked interestingly about authorship in the South before the war and Mrs. B. W. King gave an inspirational report of the meeting of the district federation in Amarillo. Mrs. King reported that this club had outdistanced practically all the clubs in the district for actual work accomplished the past few years. Every member of the Literary Club should have heard her splendid report.

The final meeting of the club year will be held at the home of Miss Bettie Scott on Wednesday, May 26, at 3 o'clock.

## REPORTER.

### W. M. U. PROGRAM

To be held at the Loving Baptist church Saturday, May 22, at 3 p. m.: Topic—Our Mountain Schools.

Hymn, Bible Readings—Isa. 35:1-8; 52:7-10; Ps. 125:1-2.

Prayer, Rivers—Evelyn Marshall. Song—Send the Light.

Mountain School Opportunities—Mrs. Drew Wheat.

Mountain School Achievements (a) Physical—Mrs. Henry Burdick, Mrs. Holland.

(b) Educational—Mrs. Paul Bratcher.

(c) Spiritual—Mrs. Pearl Shaw. Our Mountain Schools—Mrs. Smyth Mrs. Lula Hickerson, Mrs. McCarey.

Message from Mountain School Superintendent—Mrs. I. N. Burnett.

Some Pertinent Questions—Mrs. O. E. Dickson.

## METHODIST WOMAN'S MISSIONARY SOCIETY

The Woman's Missionary Society of the Methodist church entertained at the home of Mrs. F. M. Burkett Monday afternoon in honor of Mrs. E. E. White, who leaves this summer for her home in Ann Arbor, Michigan. Mrs. R. A. Duncan gave a reading and a number of novel games were enjoyed. Mrs. Burkett made the presentation speech when Mrs. White was given a lovely box of Mary Garden perfume and toilet water by her many friends.

Besides the members enjoying a delightful afternoon the following were present: Mesdames R. A. Duncan, Dowd, B. R. Smith, J. A. Young, Harrell, Sherwood, James Aiken, Charles Smith and Miss Nelle Graham.

W. W. GREGG,  
W. A. SHAWN,  
Directors.

## ELIASVILLE NOW ENJOYS GREAT OIL BOOM

Eliasville, May 18, 1920.

Dear Mr. Editor:

Some six months ago oil was found in paying quantities about two and one-half miles of our sleepy little village. Since that time two more wells have been brought in, making things look mighty good. At present there are some thirty rigs in a radius of five miles of our little town.

Our town is not one of those mushroom oil towns, but is building every day, and building good substantial buildings, one whole block being of stone, and a 25x80 stucco building for the national bank. Our Guaranty State Bank will occupy one of the rooms of the stone block. At present we have five grocery stores, two gents furnishing, one dry goods, one hardware and furniture combined, two drug stores, tailor shop, three good meat markets, city bakery, ice house, three good rooming houses with cafe and four rooming house wired for electric lights and pipe laid in every room for gas stoves, three cold drink parlors, two hamburger and cold drinks combined, one restaurant, good barber shop, two garages and three filling stations, two lumber yards, paint shop, feed, open air dome almost completed, one blacksmith shop and the good old Eureka flour mill, 50-barrel capacity run by a 36 horse power turbine water wheel; also harnessed so as to run with gas.

The citizens had a well dug and the town has plenty of good water on the south side of the river. A contract is let for well in the Riverside Addition to our city and is to be a free gift from the owner of this addition. A nice park is being made close in for tourists to spend their outings with us at reasonable rates. Some of our citizens have a nice pavillion under construction and already have motor boats and canoes, fishing tackle and a most desirable place to take your lunch under the cool shades of the trees. Bath house on the ground where you can don your bathing suit and motor away to the bathing beach to enjoy yourself in the sunny waters or take your rod along and hook one of those channel cats and get the thrill of real sport in your bones. And when Sunday comes, you are invited to meet with us in Sunday School and church worship. Three good churches to choose from; all of them will welcome you.

Her life was brief in this world. However, it was useful and well spent as she was a pious, earnest, faithful Christian; one who loved her church and revered and loved her God and His Kingdom wherever she was. She bore her cross of life with patience and a determined hope in the reward that is to be revealed to her in the latter days. She was a loving faithful wife, ever striving to illuminate her home and the lives of her loved ones with the performance of her full duties as the heart of her home. She was a most affectionate and loving mother; she so oftentimes entreated her God for the salvation and care of her husband and child. She was also a good neighbor and was loved by her many friends. She always strove to make those about her pleased in which work she well succeeded, for she forgot not the things that becometh charity.

Her death did not only break up a home and rob it of its most precious jewel; but it brings sorrow and gloom to the hearts of her many friends who mourn her loss and miss her so much from the walks of life. Yes, many are they who sympathize and mourn with her loved ones while they mourn, and weep with them as they weep.

To her heart-broken husband and parents and other loved ones we would humbly say, "It is the Lord's doing, and though it is hard to give her up; yet we should endeavor to submit to His divine will, for can He not do whatsoever He pleases with that which is His own? We earnestly pray that God's consoling presence will be a balm to your broken hearts and that when the great Reunion

shall come, it may be as well with you as with her. And we are sure that it will if you will continue in God's way and lean upon His blessed promise, and die in the faith in which she lived."

A FRIEND.

REMARKABLE RECOVERY

Extraordinary Curative Power of Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I want to let you know what good Lydia E. Pinkham's Vegetable Compound has done me. I had organic troubles and am going through the Change of Life. I was taken with a pain in my side and a bad headache. I could not eat or sleep. I suffered something terrible and the doctor's medicine did me no good at all—my pains got worse instead of better. I began taking the Vegetable Compound and felt a change from the first. Now I feel fine and advise any one going through the Change of Life to try it, for it cured me after I had given up all hopes of getting better. You can publish this and I will tell any one who writes to me the good it has done me."—Mrs. MARGARET DANZ, 743 N. 25th Street, Phila., Pa.

Prayed for Cure Finds it After 10 Years Food Would Sour and Boil —Teeth Like Chalk

Mr. Herbert M. Gessner writes from his home in Berlin, N. H.: I had stomach trouble over ten years; kept getting worse. I tried everything for relief but it came back worse than ever. Last fall I got awfully bad; could only eat light loaf bread and tea. In January I got so bad that what I would eat would sour and boil; my teeth would be like chalk. I suffered terribly. I prayed every day for something to cure me. One day I read about EATONIC and told my wife to get me a box at the drug store as I was going to work at 4 p. m. I took one-third of it and began to feel relief; when it was three-fourths gone, I felt fine and when it was used up I had no pains. Wife got me another box but I have felt the pain but twice. I used five tablets out of the new box and I have no more stomach trouble. Now I write to tell you how thankful I am that I heard of EATONIC. I feel like a new man; I eat what I like, drink plenty of water, and it never hurts me at all.

SUPPORTERS OF TAX ON DIVIDENDS LOSE

FIGHT TO MAKE 10 PER CENT LEVY FOR SOLDIERS BONUS TO BE RENEWED.

THERE WILL BE NO SALES TAX

Move to Limit Bonus to \$500 for Home Service and \$625 for Overseas Opposed.

Washington.—On a tie vote with one member absent, republican supporters of a stock dividend tax to finance soldier relief legislation in the house yesterday means committee lost their fight for 10 per cent levy retroactive to last March 15. The majority members of the committee divided seven to seven.

The fight, opponents of the tax said, would be renewed this week when democrats of the committee meet with the republicans to take final action on the relief bills. The new bill differs little from the original measure which met a check in the house last week. The sales tax has been eliminated, and the four other forms of taxation extended to three years' instead of two. A further fight in committee against the cash bonus, the maximum limit for which is now fixed at \$500 for service in this country and \$625 for overseas service, is threatened. Besides the bonus, the bill offers four options, the value of each to be 40 per cent greater than that of the cash provision.

USURPATED AUTHORITY RESENTED BY WILSON

DECLARES RIDER TO BIG SUPPLY BILL PUTS CENSORSHIP ON PRINTING OFFICE.

Washington.—President Wilson has pointedly informed congress that in his opinion the legislative branch of the government was showing an increasing tendency to interfere unduly with the exercise of executive functions. Taking as a vehicle for his admonition a sharply-phrased veto of the annual legislative, executive and judicial appropriation bill, the president declared that one of the riders of the big supply measure would muzzle executive officers with a "censorship" regulated by the congressional joint committee on printing.

Immediately the president's position, both on the general principle involved and the specific case cited, was challenged by republican leaders of the senate and house. Whether passage of the bill unchanged will be attempted or whether the feature objected to by the president will be eliminated has not been decided. The president also cited several other measures proposed in the present congress to support his charge that there had been "an invasion of the province of the executive, calculated to result in unwarranted interference in the processes of good government."

"The section of the appropriation bill which led to the veto would prohibit the printing or mimeographing of any government publication except by authority of the joint committee. I am in entire sympathy with the efforts of the congress and the departments to effect economies in printing and in the use of paper and supplies, but I do not believe that such a provision as this should be come law. If we are to have efficient and economic business administration of government affairs the congress, I believe, should direct its efforts to the control of public moneys along broader lines. This can be accomplished by the enactment of legislation establishing an effective budget system, which I have heretofore urged. The congress and the executive should function within their respective spheres. The congress has the power and the right to grant or deny an appropriation or to enact or refuse to enact a law, but once an appropriation is made or a law is passed the appropriation should be administered or the law executed by the executive branches of the government."

WILSON TOLD NAVY TO WIN BY DARING

PRESIDENT'S INSTRUCTIONS DELIVERED AUG. 11, 1917, MADE PUBLIC.

Washington.—President Wilson's hitherto unpublished war instructions to the officers of the Atlantic fleet, given in person on the quarterdeck of the flagship Pennsylvania on Aug. 11, 1917, and bidding them "throw tradition to the wind," strike the word prudent from their vocabularies and "do the thing that is audacious and to the utmost point of risk and daring," were made public here by Secretary Daniels. The president spoke as commander in chief of the navy and at a time when the German submarine menace was uncurbed. In laying the text of his remarks before the senate naval investigating committee, Secretary Daniels said they showed "the bold and vigorous policy the president has outlined for the navy."

"Do not stop to think what is prudent for a moment," the president said. "You will win by the audacity of method when you can not win by circumspection and prudence. I think that there are willing ears to hear this in the American navy and the American army, because that is the kind of folks we are. There will have to come a new tradition into a service which does not do new and audacious and successful things." The president also expressed his dissatisfaction with progress then being made toward curbing the submarine campaign. "We are hunting hornets all over the farm and letting the nest alone," he said. "I am willing, for my part, and I know that you are willing, because I know the stuff you are made of—I am willing to sacrifice half the navy Great Britain and we together have to crush that nest, because if we crush it the war is won."

Highway Meeting at Hobart, Oklahoma Denuver-Canadian-Dallas Line is Logged for 1,500 Miles. Hobart, Okla.—Despite interrupted train traffic due to torrential rains Monday night, more than 250 delegates from Colorado, Oklahoma and Texas attended the annual convention of the Denver-Canadian-Dallas Highway Association here. Governor Robertson opened the convention with a good roads talk, advocating a system of roads connecting all county seat towns in the state. The association endorsed an entire system of hard surfaced roads as fast as the divisions are able to finance the proposition. In the future all D-C-D stretches must be regularly dragged and all turns must have good corners, according to a definite declaration of policy by the convention. The D-C-D highway is now logged from Galveston to Denver, a distance of 1,500 miles.

MEXICAN CONGRESS HAS BEEN CALLED

CONVENED BY DE LA HUERTA TO CHOOSE A PROVISIONAL PRESIDENT

Vera Cruz.—President Carranza, who, with a force of loyal troops, has been resisting rebel attacks near San Marcos, state of Puebla, for the last five days, has broken through the rebel lines to the southeast, and, accompanied by 1,000 men, has fled into the mountains between Puebla and Oaxaca, according to advices received here. El Paso, Texas.—Adolfo de la Huerta, supreme commander of the revolutionary movement in Mexico, has issued a call for the Mexican congress to convene on May 24 and name a provisional president, it is announced here. De la Huerta is the man most likely to be selected, it was said, although Fernando Iglesias Calderon of Mexico City is prominently mentioned for the place.

Methodists Elect Several New Bishops Committee on Unification Will Make its Report Next Week. Des Moines, Iowa.—The first two ballots for the election of bishops of the Methodist-Episcopal church were taken by the general conference here. The first ballot was confined to the election of the missionary superintendents, resulting in the unanimous election of Missionary Bishops Frank W. Warne of Lucknow, India; John W. Robinson of Bombay, India, and Eben S. Johnson of Umrali, Rhodesia, Africa, as regular, bishops with full powers as general superintendents. The special committee appointed by the general conference to consider the report upon the plan of unification of the Methodist Episcopal Church, South, expects to have its recommendations ready to submit to the general conference some time next week.

AGUTE INDIGESTION SOON RELIEVED

Arkansas Lady Says She Was In a Serious Condition, But Promptly Recovered After Taking Thedford's Black-Draught.

Peach Orchard, Ark.—Mrs. E. M. Cox, of this place, says: "Some time ago I had a spell of acute indigestion, and was in a bad fix. I knew I must have a laxative, and tried Black-Draught. It relieved me, and I soon was all right. "I can't say enough for Thedford's Black-Draught, and the great good it did for me. "It is fine for stomach and liver trouble, and I keep it for this. A few doses soon make me feel as good as new. I am glad to tell others the good it did." Acute indigestion is a serious matter and needs prompt treatment or dangerous results may ensue. A physician's help may be needed, but a good dose of Thedford's Black-Draught will be of benefit by relieving the system from the undigested food which is the cause of the trouble. Thedford's Black Draught is purely vegetable, not disagreeable to take and acts in a prompt and natural way. So many thousands of persons have been benefited by the use of Thedford's Black-Draught, you should have no hesitancy in trying this valuable, old well-established remedy, for most liver and stomach disorders. Sold by all reliable druggists.—Adv.

We triumph without glory when we conquer without danger.—Cornelius.

Lift off Corns!

Doesn't hurt a bit and Freezes costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callous. Instantly it stops hurting, then shortly you lift that bothersome corn or callous right off, root and all, without one bit of pain or soreness. Truly! No humbug!—Adv.

The rattle of pans and dishes in the kitchen sounds better to a hungry man than classical music.

HOOPER SEES LONG SHORTAGE OF SUGAR

Two or Three Years Before Supply Equals Demand, He Says.

Washington.—Two or three years will be required for the sugar situation to get back to normal, Herbert Hoover, former food administrator, estimates. Mr. Hoover, expressing what he said was an "off hand" opinion, asserted that there would have been a "less rapid" rise in domestic sugar prices had Attorney General Palmer not agreed that Louisiana producers could sell their crop at 17c and 18c a pound. "Prices have never been fixed by the government or mortgaged by threats of jail," declared Mr. Hoover. "They have got to be fixed by the business process of purchase and sale." Purchase of the Cuban crop last July with government control over distribution would have given the people 12 1/2 cent sugar at this time instead of 25c sugar, Mr. Hoover testified.

OIL FIRE CAUSES LOSS OF \$100,000

Lubricants and Gasoline in Warehouse, Tanks and Cars Destroyed.

Fort Worth, Texas.—Spontaneous combustion may be the cause of a \$100,000 fire which spread like a sheet over the warehouse of the Producers Refining company and destroyed two tanks of gasoline, one of lubricating oil and two carloads of lubricating oil which were inside the warehouse. Three other tanks of oil were damaged. Of the \$100,000 loss sustained, \$95,000 is covered by insurance. Damage to the amount of \$12,500 was caused by lightning which struck a 5,500 barrel oil tank belonging to the Magnolia Petroleum company at its refinery plant at Hodge Station, several miles north of Fort Worth. The tank contained 3,600 barrels of oil and is a total loss.

Hungarians Order Troops to Mobilize

Paris.—The Hungarian government has ordered mobilization of four classes of the army, a Budapest dispatch says.

Educational Bill May Go Over.

Austin, Texas.—S. B. Cowell, chairman of the state board of control, announces that because of the limited time before the special session of the legislature meets, the board of control will not undertake to construct an appropriation bill carrying \$6,600,000 as requested for the schools and educational institutions of the state, but will transmit to the special session the various recommendations by the school authorities for items aggregating the \$6,600,000.

FREIGHT TIED UP AT MANY TERMINAL POINTS

Reports Reach Washington of Serious Congestion of Cars

Washington.—Congestion of freight in the principal railroad terminals, probably the worst since the hard winter of 1917, is beginning to be felt in business and commerce all over the country. Appeals for relief pouring into Washington to the interstate commerce commission, the railroad administration and to congress picture the big railroad gateways choked with thousands of loaded freight cars unable to move because of shortage of men and motive power. Although the situation has been showing local effects the last two weeks, it is now being shown in its nation-wide aspects and the appeals for relief coming to Washington contain predictions that unless the jam is broken it will be reflected more than ever in decreased production, slowing down industry and probably a tremendous labor turnover.

BAPTISTS AGAIN SELECT TEXAS MAN AS LEADER

Washington.—The Southern Baptist convention, which opened its 75th annual session here Wednesday morning, disregarded all precedent when it elected for the fourth term as president Dr. J. B. Gambrell of Fort Worth. His selection was practically unanimous, although Dr. W. W. Landrum of Russellville, Ky., and Dr. J. D. Mell of Athens, Ga., also were nominated. In presenting his name to the convention Dr. W. S. Wiley of Muskogee characterized the Texas man as "a young man who, living in the present, bears the billows of the future roll." In seconding the nomination William D. Georgia, referred to Dr. Gambrell as the Baptist Gladstone of America, from the greatest Baptist state in the union.

Indiana Instructs for Wood.

Indianapolis, Ind.—Indiana's four delegates at large were instructed to support Gen. Leonard Wood for the presidential nomination so long as he has a "clear and fair" chance.

Congressman Major Retains Seat.

Washington.—After hearing the contest of James D. Salts, the house elections committee recommended that Representative Major (Dem.) of Missouri retain his seat as a member from the seventh congressional district.

Bank At Cooper is Closed

Cooper, Texas.—The Farmers National bank of Cooper failed to open for business Friday morning. The affairs of the institution are in charge of Bank Examiners Fred S. Mansfield and A. B. McCann. Deposits of city and county aggregating more than \$500,000 were held by the Farmers National. The failure of the bank to open for business had no effect on other banks in Cooper.

Work Begins on Interurban.

Waco.—Tuesday morning work was begun on construction of the Central Texas Electric railway, an interurban to be built from Waco to Temple. Warships to Take on Supplies. New York.—The dreadnought Oklahoma and three destroyers—the Herbert, Freble and Sills—were taking on supplies in the Hudson river early Tuesday preparatory to sailing for southern waters as soon as possible.

GREEN ESTATE MUST PAY NEW YORK TAX

\$24,006,151.56 and Certain Additional Securities Subject to Levy.

New York.—The appellate division of the supreme court unanimously decided that out of \$28,000,000 Hetty Green had invested in this city, \$24,006,151.56, together with bank deposits interest-bearing bonds, securities and certificates of deposit, whose value is not given, are subject to a state transfer tax. The decision reverses the finding of former Surrogate Fowler, which was that the former "leading business woman of the world" did not have any capital invested in business in this state at the time of her death. The amount of tax which will be collected is estimated at \$1,000,000 to \$1,500,000.

Robs Mail Car and is Later Killed.

Chicago, Ill.—Federal officers are investigating the disappearance of \$5,000 from a satchel containing \$75,000 stolen from the New Orleans limited on the Illinois Central railroad by a man identified as Horace Walton of St. Joseph, Mo., who later was killed in a fight with policemen, one of whom was slain. The money was on its way to a Chicago bank from the Citizens National bank of Decatur, Ill.

Express Company Declares Embargo.

Dallas.—The American Railway Express company has placed an embargo on the receipt and dispatch of each express shipment weighing more than 200 pounds. The embargo will take effect at once, and has been declared on account of abnormal traffic and a shortage of cars. No shipment of more than 200 pounds will be received on any one day from any consignor for any one consignee.

Ginners Elect Officers.

Dallas.—Without opposition, E. E. Woods, of Childress was elected president of the Texas Cotton Ginners' association, to succeed T. F. Justice at the closing session of the annual convention of the organization in this city, J. T. Andrews of Waxahachie was elected vice president and S. S. Frazer was re-elected secretary.

Plans to Finance Interurban Line.

Dallas.—An agreement has been reached between local interests and the General Electric people on a plan of financing the building of the Dallas-Wichita Falls Interurban. The sum of \$4,500,000 is to be provided on first mortgage bonds, the remainder of the money to be apportioned with Dallas, Wichita Falls and territory between putting up half and the General Electric interest contributing the other half of the required amount.

# Vote For the Jail Bonds

**Saturday, May 29th**

**Read the Following Statement of the Commissioners' Court**

Graham, Texas, May 12th, 1920.

To the Voters of Young County:—

The Grand Juries of Young County have for many years reported our jail to be in bad condition. Going a step beyond its predecessors, the last Grand Jury condemned our jail in the following terms; to-wit:—

"We beg to report that we have examined the jail and find as follows: The building is old, walls cracked, floors worn and not strong enough to support the weights of the cells it filled with prisoners. Its location, being near to a large frame building, makes it dangerous for the prisoners in case of fire:

"It is too small for the County, not sanitary, poorly ventilated and we consider it not a fit place to confine prisoners and we respectfully condemn the present jail building".

In all of which this court concurs unanimously.

It may be said that the present is not a good time to do any building and yet school houses are building where needed; and you have only to investigate the facts to realize the dire need of a new jail at this time.

Many prisoners are unfortunate enough in having to go to jail at all, without having to endure the extreme discomfort and risk of being confined in our jail, where men, women, boys and lunatics are all indiscriminately huddled near together, without conveniences and without regard to the evil effects on them, morally, mentally and physically.

The present jail and site will doubtless sell to advantage. After deducting the sum thus realized, the cost of the new jail may fall considerably below the amount of the bonds to be voted on and we assure you that no more bonds will be sold than shall be needed for a jail that will reasonably answer our needs.

We feel that the taxpayer should thoroughly acquaint himself with the condition of the jail now being used, before casting his vote for or against the building of a new jail.

(Signed) W. P. STINSON, County Judge

(Signed) W. C. BURNS, Com. Prec't No. 1

(Signed) H. S. McCREADY, Com. Prec't No. 2

(Signed) SAM BIRD, Com. Prec't No. 3

(Signed) W. H. REEVES, Com. Prec't No. 4

## List of Grand Jurors Who Condemned Jail After Inspection, March 4, 1920

J. T. Rickman	M. F. Wells	H. M. Donnell	G. W. Hutchings
J. F. Larimore	F. H. Wilson	Arthur Wilborn	J. V. Hamm
R. V. Tidwell	T. J. Eddleman	Henry Griswell	Ed. Slater

## YOUR GRAND JURY HAS CONDEMNED YOUR JAIL

Your County Commissioners concur in this and unless a new jail is built they will have to spend considerable money repairing the old jail. Your officers say that unless a new jail is built at once it may be necessary to take prisoners to some other city. Will you risk the health and morals of your fellowman for a few dollars?

### How Much Will It Cost You?

It will cost you very little—only 5 cents per year if you render \$100 worth of property for taxation; only 50 cents if you render \$1,000.00; only \$2.50 if you render \$5,000.00.

**The Cost Is Small    The Need Is Great**

# **VOTE FOR THE BONDS**

## CITY MEN BADLY NEEDED ON FARMS

Shortage of Hired Labor Threatens to Curtail Production of Food.

### MEREDITH MAKES AN APPEAL

Increase of Wages From 15 to 25 Per cent Fails to Relieve Situation—Total Acreage Undoubtedly Will Be Reduced.

Washington—With a shortage of hired farm labor, as acute as in 1918, threatening to curtail food production on American farms, E. T. Meredith, secretary of agriculture, has issued an appeal to city men, college students and others to spend their vacations working on farms, particularly as helpers in harvest fields.

Reports secured by the federal department from its representatives in practically every state in the Union show that the supply of hired farm labor in this country is only about 72 per cent of the normal supply, compared with approximately 84 per cent of a normal supply a year ago. This year's shortage is almost exactly the same as that of two years ago when large numbers of men were in military service.

#### May Cut Production.

The present shortage has arisen in spite of the fact that farm wages are 15 to 25 per cent higher than last year. The situation, unremedied, cannot fail to have unfavorable effect on production, according to the United States department of agriculture, and will tend to prevent any reduction in the prices of farm products. While the total acreage undoubtedly will be reduced as a result of the present situation, it will not be in as large proportion as the reduction in the labor supply, because the farmers with their families are exerting themselves to the utmost to overcome their handicap. Cultivation this year will be less intensive than formerly. More land will be put into grass and such other crops as require a minimum of labor. It is said, and the tilled fields will be less intensively cultivated.

Secretary Meredith calls on all business men and students to spend their summer holidays helping relieve the present situation and so aid in combating high living costs. In making

## FLAGSHIP TO BE USED AS TARGET

The U. S. S. Iowa, in its day the pride of the American navy and flagship of the late "Fighting Bob" Evans, unless plans of naval experts fall, will be used as a moving target for modern dreadnoughts, its movements directed by powerful wireless apparatus invented by John Hays Hammond. The Iowa is about thirty years old and is of no further use as a fighting machine.

this appeal it is recognized that, at the outset at least, such labor is not as efficient as experienced farm labor, but the excellent results secured in 1918, when city men in large numbers aided the farmers, leave no doubt as to the success of the present drive if the men will respond.

#### Plan to Help Farmers.

The United States department of agriculture was represented by Asher Hobson at the meeting of the National Farm Labor conference held in Kansas City recently and the office of farm management, of which Mr. Hobson is assistant chief, is laying plans looking toward offering effective aid in dealing with the farm labor situation, particularly in the harvest season. It is expected that definite announcement regarding work along this line will be made in the near future. Until other provision has been made by the department all persons interested in finding work on farms should write to the directors of agricultural extension at the agricultural colleges in the various states. These directors are pre-

pared to supply the names of county agents having farms in their respective counties that need farm labor. By this method anyone desiring to help on a farm can get in direct communication with the farmer.

### ONE DRINK JAILS BRIDEGROOM

Brooklyn Judge Lets Him Go to Try to Square Things With His Wife-to-Be.

Brooklyn, N. Y.—Togged out in his wedding finery, namely, a perfectly correct afternoon outfit, Alexander Kioskowsky, aged forty, woke up in a cell.

His recollections of what happened were vague. He remembered he had started from his boarding house to make his first venture in married life. His wife-to-be was waiting for him. His disposition to be prompt at the altar was fixed in his mind, but a tempter whispered to him that one little glass of half of 1 per cent beer would not hurt him. The barman whispered "try whisky," as if he was doing him a favor, and he did. That was the last recollection he had until the cell custodian woke him up and told him to get ready to go to court.

The facts in the case were duly presented to Magistrate McGuire by Patrolman McGovern, who had picked the expectant bridegroom out of the gutter.

"If you promise me that you will not take another drink until you are safely married I'll let you go," said the magistrate.

Kioskowsky promised, with marked fervor, and then started out to square things with the woman who may or may not consent to be Mrs. Kioskowsky.

### King Alfonso Was Fined for Walking on Grass

Madrid.—King Alfonso was fined two pesetas for walking across the grass in the Gardens of the Alcazar. Every member of his suite who followed the king across the greensward likewise was fined.

The first intimation the royal party had that it had committed an offense was when a guardian approached and said: "Your majesty, walking on the grass is forbidden. I must fine you according to my instructions." At first King Alfonso was abashed, then he laughed and paid the money.

Later the mayor of the town called at the palace and apologized to the king, but his majesty told him the guardian had acted properly and should be rewarded for devotion to duty.

## POULTRY

### RIGHT STOCK FOR BREEDING

Fowls Should Be Healthy and Vigorous for Best Success—Yearling Hens Preferred.

For success in raising chickens it is necessary to have healthy and vigorous breeding stock, for the lack of vigor in the newly hatched chicks is often traceable to weak parents. Only the most vigorous and the best grown birds should be put in the breeding yards. Each bird should be full of life and energy and free from any serious deformity.

Yearling hens are usually better than pullets for breeders, because hens are more mature and do not lay so many eggs during the early winter, and consequently do not reduce their vitality

Select Only Most Vigorous and Best-Grown Birds for Breeding Pens.

so much before the breeding season. Vigorous hens two to four years old can often be advantageously retained in the breeding yard.

The male bird chosen should be young and active. An early hatched, well-developed cockerel is usually satisfactory, poultry specialists of the United States department of agriculture affirm, or a good, vigorous yearling or two-year-old cock may be chosen. The hens used for breeding purposes should be given the best care possible; they should be provided with large runs and should not be forced for heavy egg production during the early winter.

### DEADLY FOE OF LAZY FOWLS

When Trap Nests Are Used No Amount of Cackling Will Deceive Owner of Poultry Flock.

Trap nests are the deadly foe of the lazy hen. When they are used, no amount of cackling and appearance of industry can conceal the fact that she isn't delivering the goods. They are the one accurate way by which the owner of a flock can check up on the laying ability of the individual hens.

Besides being valuable in locating the drones, their use is advisable for the following additional reasons: They help to make the birds tame, thereby tending toward increased egg production.

They furnish definite knowledge concerning the egg production of individual fowls.

They furnish the most satisfactory basis for utility or other breeding. They show which hen lays each individual egg, thus furnishing the essential basis for pedigree breeding.

### YIELD WHITE-SHELLED EGGS

Mediterranean Breeds Are Best Suited for Production—Do Not Make Good Sitters.

Poultry of the Mediterranean or egg breeds are best suited for the production of white-shelled eggs. Representatives of this class are bred largely for the production of eggs rather than for meat production. Among the popular breeds of this class are: Leghorn, Minorca, Ancona and Andalusian. One of the outstanding characteristics of the egg breeds is the fact that they are classed as nonsitters. That is, as a rule, they do not become broody and hatch their eggs. When fowls of this class are kept, artificial incubation and brooding are usually employed.

## POULTRY NOTES

Small or dirty eggs should be used at home.

Early cockerels are going to bring good prices this spring.

Feed growing chicks a dry mash to which they can help themselves.

Stand by the hen, handle her right, and she will lay eggs with all her might.

Fine cut clover and sprouted oats are healthful and stimulating to young chicks.

Be sure that growing chicks have plenty of feed so that they will make continuous rapid growth.

Never overfeed chicks by thickly scattering the scratch feed in the litter. Feed small amounts frequently.

Preserve eggs in the spring and summer for use during the fall and winter when eggs are scarce and high in price.

## DAIRY

### MAKING MILK DISEASE-FREE

Thriving Vermont Municipality First Small City to Adopt Strict Regulations.

Barre, Vt., a thriving municipality of about 15,000, is the first small city in the United States which requires dairymen furnishing it with milk to place their herds under federal-state supervision for the eradication of tuberculosis. The result has been accomplished by close and persistent cooperation on the part of the mayor and other municipal authorities, the United States department of agriculture, the state commissioner of agriculture, the local veterinarian.

Eradication of tuberculosis was begun in a thoroughly systematic manner. The regulations of the federal bureau of animal industry and of the state commissioner of agriculture were supplemented by a city ordinance. The city provided at its own expense a large barn, in which were assembled

The Sort of Cow Condemned by Dairy Experts.

all small herds, scattered lots, and individual cows. The city also furnished necessary conveyances, and employed a man who devoted his time to notifying owners when to bring their cattle in for test, assigning them stalls as they came in, and keeping the cattle moving out promptly after tests were completed.

Two hundred and sixteen herds, composed of 2,107 individuals, were tested, and 379 reactors—17.9 per cent of the total—were found. Those reacting to the test were promptly shipped out and slaughtered under federal inspection.

Among the larger cities whose milk is obtained entirely or chiefly from tuberculin-tested cattle that have passed federal and state tests are Birmingham, Ala., and Washington, D. C. In addition, numerous others have ordinances requiring the tuberculin test applied under local supervision.

### PROPER MANAGEMENT OF COW

Ration Should Be of Such Kind That Animal Will Be in Good Flesh on Freshening.

During the dry period, the cow should be given a good ration so that she will be in good flesh when she freshens. This will improve the quality as well as the quantity of the milk. Just before freshening the grain ration should not be too heavy and should contain plenty of bran. The boxes should be kept well regulated. If necessary, one to one and one-half pounds of Epsom salts may be used as a drench. The cow should have a period of rest of four to six weeks in order to give the best supply of milk during the period of lactation.

### GOOD COWS ARE ECONOMICAL

Animals Provide Cheapest, Best and Most Wholesome Feed—No Way of Doing Without Them.

The first reason for having good milk cows on the farm comes from the fact that they provide the cheapest, best and most wholesome food for the family. Their value is hard to estimate when we consider the amount saved on the bills. Their produce is a superior substitute for many foods necessarily purchased at high prices. In fact, there is no economic way of doing without plenty of good milk cows on the farm.

### SILO HAS MANY ADVANTAGES

Owner Can Carry Maximum Number of Cows and Supply Necessary Succulent Feed.

The farmer who has a silo can carry a maximum number of cows and supply his herd with a palatable, succulent feed of a uniform quality at any time during the year, conditions favorable to a large milk production.

## DAIRY NOTES

Use clean bedding only.

In selecting a sire attention must be paid to the average type of females in the herd.

The old country breeders were very careful in the females selected to replenish their herds.

Improvement of the herd comes through the sire. Therefore, make sure you get a right good one.

A good-sized barrel in a dairy cow indicates large capacity for digestion. There should be a good spring of ribs,

## Sure Relief

## HOW TO GET RID OF CONSTIPATION

It's needless and dangerous to suffer from a clogged up system because it often lays the foundation for a lifetime of misery and ill-health.

### 99 OUT OF 100

Of the little ills and burts, such as Toothache, nervous Headache, or soreness anywhere may be quickly relieved by applying Vacher-Balm, which is harmless. Keep it handy, and avoid imitations.

If you cannot buy Vacher-Balm locally, send 30c in stamps for a tube, to E. W. Vacher, Inc., New Orleans, La.—Adv.

From Seed to Seed in Eight Days. Cress is one of the quickest growing of plants. Under perfect conditions it has been known to flower and seed within eight days of planting.

Every department of housekeeping needs Red Cross Ball Blue. Equally good for kitchen towels, table linen, sheets and pillowcases, etc.

### Pleasure Missed.

"O!" said Marjorie as the dessert came on, "how I wish you had told me this morning, mamma, that you were going to have strawberries and cream for dinner!"

"Why, what difference would that have made?" inquired her mother.

"O, lots!" with a sigh. "I could have looked forward to it all day then."

The Australian wattle is an acacia.

## Accepted for Life Insurance

Easily Passed Examination Although Previously Told Condition Was Hopeless

"I was so bad off with kidney trouble I had to give up my work as engineer," says J. B. Ragles, 210 West 60th Street, Chicago, Ill. "My back gave out completely. It was as weak as if it were broken. Often I tossed and turned the whole night long. I became dizzy and would have to grab the nearest object to keep from falling. At times the kidney secretions hardly passed at all, while again they would be profuse and oblige me to arise time and time again. The urine burned cruelly. I lost twenty-five pounds in weight; and I had taken so many things without relief I became discouraged; in fact, I was told there was no help for me."

"At last I began with Doan's Kidney Pills, and they made a new man of me. It wasn't any time before I was back to normal weight and had passed a life insurance examination, without any trouble. Over twelve years have since gone by and my cure is still permanent. Sworn to before me. GEORGE W. DEMPSTER, N. P."

## Discovers Way to Balk Idiocy

Surgeon Perfects New Method of Treating Tumor of the Human Brain.

### SAVES SCORES OF PERSONS

Discovery Is Result of Long Series of Experiments on Animals—Locates Tumors and Obstructions Every Time.

Baltimore, Md.—Dr. Walter E. Dandy, associate in surgery at Johns Hopkins hospital, has discovered a process by which purified air is pumped into the channels of the human brain, thus making possible a study of the living brain.

The discovery is regarded of tremendous importance in that it already has saved scores of persons from idiocy and premature death, by making possible the exact location of brain tumors, and thus their eventual removal.

The discovery of Doctor Dandy is the result of a long series of experiments on animals.

#### Fluid That Feeds the Brain.

In each hemisphere of the brain there is a large ventricle or chamber connecting with an elaborate system of channels filled with a fluid produced apparently by one of the glands and delivered to the brain through the spine. This fluid passes slowly to

the surface of the brain, there to be absorbed by the brain tissue, and it might be described as the fluid on which the brain feeds.

An excess of this fluid is known as hydrocephalus, or water on the brain. Doctor Dandy has discovered that it frequently follows a tumor which blocks the passage of the fluid. Nature provides but one method of disposing of it, absorption. When that is prevented by a tumor, the fluid collects and presses against the brain, destroying it. Sometimes patients will live for years as imbeciles.

#### Trial So Far Successful.

In every case where it has been used the method has been successful in locating tumors and other brain obstructions—within a hair's breadth. One of the most remarkable features of the discovery is that it is most efficacious when only a local anesthetic is used. It was discovered that the patient felt no ill effects and was able to give assistance to the surgeon.

In one case described by Doctor Dandy a patient was operated on half a dozen times for a tumor of the brain without success. Doctor Dandy used his process and located the tumor, which was removed from a point not considered by diagnosticians.

A photograph of the patient prior to the operation showed a face with sagging lines and the vacant stare of imbecility. A photograph a few months after the operation showed a man apparently in full possession of his senses.

## R. F. SHORT & CO.

# CALOMEL

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

## Take "Dodson's Liver Tone" Instead!

"Dodson's Liver Tone" is a pleasant, vegetable liquid which starts your liver just as surely as calomel, but doesn't make you sick and can not salivate. Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless. Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.—Adv.

## A Classy, Stream-Line One-Man-Top for Ford

Why have the entire appearance of your Ford car marred by a slouchy, sagging and baggy looking top?

Why be inconvenienced any longer with the unsightly front bows and tension straps that obstruct the vision, hinder passage thru the front door and cramp the elbows?

## THE PENNYPACKER TOP CONVERTER

Turns your present top whether new or old into a strictly "one man" top with all the graceful appearance and convenience of the most expensive car equipment.

It eliminates the unsightly front bows and tension straps that obstruct the view, hinder passage through the front door and cramp the elbows.

Easily and quickly installed by any car owner with a hack saw and screw driver.

Price complete ready to install for either touring car or runabout \$7.50

If your dealer cannot supply you, we will ship it postpaid on receipt of purchase price. Pennypacker Mfg. Co., 1009 Michigan Ave., Chicago, Ill.

## ALL OF FAMILY NOT THERE WOULD HAVE TO CALL EARLY

How Many of Spain's Daughters Were Missing Had to Be Left to the Imagination.

In Spain, and particularly in the province of Andalusia, families are so large that even Theodore Roosevelt would have been appalled.

Hamilton Fyfe, the well-known writer, was touring Andalusia on horseback one winter and spent the night in a fonda near Los Bofiches. At dinner over his hominy soup, Mr. Fyfe was amazed to see the multitude of daughters that the innkeeper possessed.

"You have a fine, a very fine family of daughters there," he said. "Ah, señor," said the innkeeper, "we've been very unfortunate with our daughters. During a 1917 terral, the chimney fell in and killed all but eleven of them."

**Males Outnumber Females.** The latest available compilation shows the United States to be one of the four leading countries in the world where the male population outnumbers the female. The proportion of females to each thousand males is as follows: United States, 934; England, 1,068; Germany, 1,020; France, 1,033.

Lots of women would make secret gifts to charity if they could only keep the secret.

When you hear a man praising his neighbors it's doughnuts to fudge he wants to sell his home.

Indianapolis Man Learned Something When He Set Out to Buy Second-Hand Auto.

Bob Devericks, head of the manuscript department, state board of education, tells a good one about two automobiles and a man of the people. Says Bob:

"I thought I'd try to pick up a second-hand automobile and enjoy some of the delights of the rich, and so began scanning the 'for sale' columns of the newspapers. I saw an advertisement that told about a Ford sedan only slightly used and for sale at a reasonable price.

"I called the telephone number given. A woman answered the call. She said her brother had advertised the machine; that he had bought the Ford to use while he was having his National painted. I told her I'd call the next morning and talk to the brother and received the reply:

"Well, I don't know whether you can get him unless you call very early. He leaves at five o'clock, because he drives a milk wagon."

**The Building Crisis.** Kujaker—The house divided against itself will fall.

Bocker—Nowadays it won't get built.

Excessive politeness seldom has anything in common with the truth.

Talk is said to be cheap, but a married man will tell you that it comes high.

## For Every Home A table drink that refreshes, but leaves no after-depression— Instant Postum

Much used nowadays instead of coffee as a breakfast beverage because of its similarity in flavor to coffee, but with entire absence of ill effect, since Postum contains no "caffeine."

Instant Postum is made quickly in the cup, with economy as well as convenience.

Sold by Grocers Everywhere

## FEED IMPORTANT IN DUCK RAISING

Ready Market for Fowls 8 to 12 Weeks Old and Command Good Price.

## FEED FOR YOUNG DUCKLINGS

Nothing Needed Until They Are 24 to 36 Hours Old, After Which They Should Be Fed Often— Good Fattening Ration.

(Prepared by the United States Department of Agriculture.) Young ducks forced for rapid growth and marketed at from 8 to 12 weeks of age are called green ducks. They weigh from 5 to 6 pounds and are the principal source of income on commercial duck farms. The owner of a small flock of ducks will also find it profitable to crowd the growth of at least part of the ducklings that he raises and market them at 2 months of age.

**Feeding Young Ducklings.** Ducklings do not need feed until they are from 24 to 36 hours old, after which they may be fed five times daily on a mixture of equal parts, by measure, of rolled oats and bread crumbs, with 3 per cent of sharp sand mixed in the feed. About the third day this feed is changed to equal parts bread, rolled oats, bran, and corn meal; then after the seventh day to 3 parts of bran, 1 part each of low-grade wheat flour and of corn meal, 10 per cent of green feed, and 5 per cent of beef scrap, with about 3 per cent of sand or grit in all of the rations.

Feed four times daily after the seventh day until the ducklings are 2 or 3 weeks old, when they need to be fed only three times daily. After

the ducklings are a week old the grit or sand may be fed either in the mash or in a hopper, but the common practice is to feed grit in all duck rations. Beef scrap is not usually fed until the ducks are a week old, when about 5 per cent is added to the ration, which amount is gradually increased to 15 per cent by the end of the third week. From this time on gradually increase the proportion of corn meal and decrease the bran until the ration becomes the fattening ration given below for those ducklings which are to be marketed.

**Fattening Before Killing.** For two weeks before killing the ducklings to be marketed should be fattened on a ration made of 3 parts, by weight, of corn meal, 2 parts of low-grade flour or middlings, 1 part of bran, one-half part of beef scrap, with 3 per cent grit and 10 per cent green feed. Feed this mash three times daily, or use a mash of 3 parts meal, 1 part low-grade wheat flour, 1 part bran, 5 per cent beef scrap, and 3 per cent oyster shell, with the green feed and grit added.

The green feed is sometimes left out of the ration during the last seven days of fattening, as it tends to color the meat and may produce a slightly flabby rather than a firm flesh; however, it is easier to keep the ducklings in good feeding condition on a mash containing green feed. Boiled fish may replace the beef scrap, but should only be fed up to within two weeks before they are killed, as it may give a fishy taste to their flesh.

Green ducks are marketed at from 8 to 12 weeks of age, according to their condition and weight. Two or 3 per cent of oyster shell is recommended in most fattening rations, but bone ash, ground or cracked bone, or bone meal would appear to be better mineral feeds to add to these mixtures. If milk is available at profitable feeding prices, the rations recommended for crate-fattened chickens would give good results in fattening ducklings, producing a well-bleached milk-fed green duck.

Pekin Ducks About Seven Weeks Old in Feeding Pen.

## GREENS IN GARDENS THROUGHOUT SEASON

List to Select From Includes Different Varieties.

Culture of Various Plants Is Similar In Many Respects—Each Requires Rich Soil and Cultivation to Keep Surface Loose.

No home garden is complete without greens. The list from which to choose includes spinach, kale, chard, mustard, turnip tops, sour dock, barseilla, and young beets. By proper seedling and the use of the right kind of plants, some kind of greens can be had growing in the garden throughout the frost-free season, according to garden specialists, United States department of agriculture.

Cabbage stored in a pit during the winter will produce a tender growth during the spring and may be used the same as spinach or other greens. The secret lies in getting a tender growth early in the spring, when our systems call for greens of some sort.

The culture of the various greens is similar in many respects. Each requires rich soil and sufficient cultivation to keep the surface loose and free from weeds. Spinach is a fall, winter, and early spring crop throughout the Southern states, a spring and fall crop in the middle states, and a late spring crop in the extreme northern part of the country. From Norfolk, Va., southward along the Atlantic coast, it is customary to cut spinach and kale during the winter, and ship it to the northern markets. Turnip tops are used almost universally throughout the South during the winter and early spring months as greens.

Spinach is generally grown on a bed raised three or four inches above the surrounding surface to insure good drainage. The beds are made about five or six feet in width, five to seven rows being planted lengthwise. Cover the seed about one-half inch and when the plants appear cultivate the ground between the rows. Fall sown spinach can be protected during the winter with a little straw or leaves and will come out in good condition in the spring provided the temperature does not go below 10 degrees or 12 degrees above zero during the winter, and providing the ground does not freeze and thaw too often.

manner as cabbage, except that the seed is planted where the plants are to stand, and thinned to eight inches or one foot apart in the rows.

Mustard seed is so small that a very little of it goes a long way. Simply open a very shallow furrow in the early springtime and sow the seed very thinly in this drill. When the plants appear they should be thinned, the thinnings being used as greens. The entire plant should be used before it starts to shoot the seed. Young, tender mustard plants make delicious greens, having a pungent flavor. They can be mixed with spinach or kale.

Swiss chard is one of the newer vegetables used as greens and likewise one of the best. It develops large leaf stems and very little root. It can be planted early and the young plants pulled out in thinning can be used for greens. Later the tender, fleshy leaf stems left in the row may be pulled off and used for greens. When finally thinned out, the plants should stand six to eight inches apart in the row. Swiss chard thrives best on a deep, rich, mellow soil similar to that required for beets. The variety known as Lucullus is considered the best.

## DISCARDS TWO HALF-BREEDS

North Carolina Live Stock Owner Does Away With Scrubs to Purchase Prebred Sire.

After careful calculation W. T. Kilby, a North Carolina live stock owner, decided to sell two half-breed bulls and to replace them with one pure bred. The United States department of agriculture, which recently enrolled this farmer in the "Better Sires—Better Stock" movement, approved his judgment.

## POULTRY NOTES

There are a great many good methods of brooding chicks, but after all they are very much alike.

Eggs shipped to market should never be washed. It opens the pores and lessens the keeping qualities.

Sodium fluoride is recommended by the United States department of agriculture for the extermination of lice. It is a white powder and can be purchased at any drug store.

## PE-RU-NA and MANALIN Cured Me

Mrs. E. M. Harris, R. R. No. 3, Ashland, Wis., sends a message of cheer to the sick:

"After following your advice and using Peruna and Manalin, I was cured of catarrh of the nose, throat and stomach, from which I had suffered for several years. When I commenced taking Peruna I could not make my bed without stopping to rest. Now I

Catarrh of the Nose, Throat and Stomach.

do all my work and am in good health. I recommend this valuable remedy to all suffering from any disease of the stomach. Peruna is Sold Everywhere. Liquid or Tablet Form.

## BLOOD WILL TELL

If YOUR blood tells a tale of depletion and run-down condition, MAKE it tell a tale of health and the joy of life; by the use of Dr. Thacher's Liver and Blood Syrup; which purifies and vitalizes the Blood, regulates the Liver, keeps the Bowels open and tones up the whole system. Sold by your druggist.

Mrs. Tennis Parker, of Santee, N. C., says: "I was sick 13 years. Had numb spells, my feet and hands cold, pain in my left side; not able to do anything. I tried several doctors. One said I had heart trouble and was liable to

drop dead any time. So I quit doctors and began taking 'DR. THACHER'S LIVER AND BLOOD SYRUP.' It has cured me—I am well now and able to do all of my work. My weight is now 145 pounds."

THACHER MEDICINE CO. Chattanooga, Tenn., U. S. A.

## DR. THACHER'S LIVER AND BLOOD SYRUP

## The Right Way

In all cases of DISTEMPER, PINKEYE INFLUENZA, COLDS, ETC.

of all horses, brood mares, colts and stallions is to "SPOHN THEM"

on the tongue or in the feed with

## SPOHN'S DISTEMPER COMPOUND

Give the remedy to all of them. It acts on the blood and glands. It routs the disease by expelling the germs. It wards off the trouble, no matter how they are "exposed." A few drops a day prevent those exposed from contracting disease. Contains nothing injurious. Sold by druggists, harness dealers or by the manufacturers, 50 cents and \$1.15 per bottle. AGENTS WANTED.

## SPOHN MEDICAL COMPANY, GOSHEN, IND.

The more we need advice the less likely we are to appreciate the kind we get.

## GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lax liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

## Its Fitting Kind.

"Jim said when he went outdoors this morning, he saw a snake coiled around the garden hose."

"Of course, it was hardly necessary for him to state it was a garter snake."

It's a mean man who will snore in church and keep the others awake.

## "DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.—Adv.

## Handicapped.

"I tried to tell that lady about my new Paris gown, but she wanted to talk about the new books."

"Embarrassed you, eh?"

"Yes; I don't know a thing about the latest style in books."—Louisville Courier-Journal.

Economy may be made a passion; though a passion entirely without thrills.

## WOMEN! DON'T BUY POOR DYE!

Say You Want "Diamond Dyes"—No Other Kind! Don't Spoil or Streak Your Material

Each package of "Diamond Dyes" contains directions so simple that any woman can diamond-dye a new, rich, fadeless color into worn, shabby garments, draperies, coverings, whether wool, silk, linen, cotton or mixed goods. Buy "Diamond Dyes"—no other kind—then perfect results are guaranteed even if you have never dyed before. Druggist has color card.

JULIA BAYNES,

County Treasurer Young County, Texas

Sworn to and subscribed before me, this 11th day of May, 1920.

C. W. HINSON, County Clerk

(SEAL)

By MADELINE LONG, Deputy

**ORDER OF ELECTION**  
For the Purpose of Voting on the  
Issuance of Jail Bonds  
Young County

On this the 21st day of April, 1920, the county commissioners' court of Young county, Texas, convened in regular session at a regular term of said court, all members being present, to-wit: W. P. Stinson, County Judge, W. C. Burns, Commissioner of Precinct No. 1; H. S. McCreedy, Commissioner of Precinct No. 2; Sam Bird, Commissioner of Precinct No. 3, and W. H. Reeves, Commissioner of Precinct No. 4, and passed the following order:

"Whereas, the present jail of Young county is in bad condition inadequate and unsanitary and it is believed to be to the best interest of the court that a modern structure be erected, it is therefore ordered by the County Commissioners' Court of Young county, Texas, that an election be held in each and every voting precinct in Young county, Texas on the 29th day of May, A. D. 1920, for the purpose of determining whether or not the legally qualified voters within said county desire the issuance upon the faith and credit of the county of Young bonds for the purpose of erecting a jail for said county and to issue said bonds in accordance with Title No. 18, Chapter No. 1, Article No. 610, Acts 1911, page 204, Section No. 1, as set out in the Revised Civil Statutes of the State of Texas relating to the erection of such jail.

Said bonds to be numbered consecutively from one to twenty, both inclusive, and shall be of the denomination of \$2,000.00 each and aggregating \$40,000.00.

They shall be dated the 10th day of June, 1920, and shall become due and payable twenty years from date, but may be redeemed at the option and pleasure of the county, at any time after ten years from said date.

They shall bear interest at the rate of five per cent per annum payable semi-annually on the 10th day of April and October, 1921, and on the 10th day of April and October of each year thereafter until all are paid. Principal and interest shall be payable upon presentation and surrender of the bond or coupon, in lawful money of the United States at the office of the County Treasurer of Young county, State of Texas.

The said bonds shall be signed by the County Judge and duly countersigned by the County Clerk and registered by the County Treasurer and the seal of the County Commissioners Court shall be impressed upon each of them.

It is further ordered by the court that to pay interest on said bonds and create a sinking fund sufficient to discharge them at maturity a tax of 5 cents on each one hundred dollars valuation of all taxable property in said County of Young shall be annually levied on said property, and annually assessed and collected until said bonds with interest are paid, and said tax is here and now levied for the (current) year 1920, and for each succeeding year while said bonds are outstanding, and the same shall be assessed and collected for the (current) year and annually thereafter, and applied to the purposes named.

It is also ordered that Chas. C. Triplett be authorized to take and have charge of said bonds pending their investigation by the Attorney General, and upon their approval shall have authority to negotiate their sale and receive for the County the proceeds thereof.

All persons who are qualified voters under the Constitution and laws of this State will be allowed to vote at said election, which shall be held in conformity with law. The ballots at said election shall have written or printed thereon the following words: "For the Jail Bonds."

"Against the Jail Bonds."

W. P. STINSON,

County Judge Young County, Texas.

W. C. BURNS,

Commissioner of Precinct No. 1.

H. S. McCREEDY,

Commissioner of Precinct No. 2.

SAM BIRD,

Commissioner of Precinct No. 3.

W. H. REEVES,

Commissioner of Precinct No. 4.

Attest:

C. W. HINSON,

County Clerk and Ex Officio Clerk of the County Commissioners' Court of Young County, Texas.

THE STATE OF TEXAS

County of Young

I, C. W. Hinson, clerk of the County Court and Ex Officio Clerk of the Commissioners' Court in and for Young county, Texas, do hereby certify that the above and foregoing is a true and correct copy of an Order of Election for the purpose of voting on the issuance of Jail Bonds passed by the Commissioners' Court of Young County, Texas, on the 21st day of April, A. D. 1920.

Witness my hand and seal of office in Graham, Texas, this the (L. S.) 23rd day of April, A. D. 1920.

C. W. HINSON,

Clerk of the County Court and Ex Officio Clerk Commissioners' Court in and for Young County, Texas.

**NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS**  
No. 458

Notice is hereby given, to whom concerned, that E. C. Stovall, the post office address of whom is Graham, Texas, did on the 22nd day of April, A. D. 1920, file his application in the office of the Board of Water Engineers for the State of Texas, in which he applies for a permit to appropriate from the unappropriated waters of the State of Texas sufficient water for the purposes of irrigation and mining, said water to be diverted from the Clear Fork of the Brazos River, in Young County, Texas, by means of three pumping plants to be located at a point which bears 176 varas N. 72 degrees 8-minutes East to first pump from the S. W. corner of James Tobin Survey, Abst. 279, on the North bank of the Clear Fork of the Brazos River, in Young County, Texas, distant in a Southwesterly direction from Graham, Texas, ten miles.

You are hereby further notified that the said E. C. Stovall proposes to irrigate 1021.6 acres of land out of the James Tobin Survey, Abst. No. 279, in Young County, Texas, and appropriate 300 acre-feet of water per annum for the purposes of mining.

A hearing on the application of the said E. C. Stovall will be held by the Board of Water Engineers for the State of Texas, at its office in Austin, Texas on Monday, May 31st, A. D. 1920, beginning at ten o'clock a. m. at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of said Board, in Austin, Texas, this the 22nd day of April A. D. 1920.

W. T. POTTER  
C. S. CLARK,  
JNO. A. NORRIS,  
Board of Water Engineers.

Attest: A. W. McDonald, Secretary

CITATION BY PUBLICATION

THE STATE OF TEXAS  
To the Sheriff or any Constable of Young County—Greeting:

YOU ARE HEREBY COMMANDED to summon George Scrogum, J. A. Scrogum, L. G. Scrogum, Matilda Pruitt and her husband—Pruitt, M. Davis, Cordal P. Edwards and her husband E. A. Edwards by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 30th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 30th Judicial District, to appear at the next regular term of the District Court of Young County, to be holden at the Court House thereof, in Graham, Texas, on the 1st Monday in September, A. D. 1920, the same being the 9th day of September, A. D. 1920, then and there to answer a petition filed in said Court on the 5th day of February A. D. 1920, in a suit numbered on the docket of said Court No. 6153, wherein T. C. McCloud and D. M. Spearman are Plaintiffs, and George Scrogum, J. A. Scrogum, L. G. Scrogum, Matilda Pruitt and her husband—Pruitt, Louisa Davis and her husband M. Davis, Cordal P. Edwards and her husband E. A. Edwards are Defendants and said petition alleging that Plaintiffs and Defendants are the joint owners in fee simple of the land hereinafter described situated in Young County, Texas, known as 80 acres of the B. C. King Survey, Abstract No. 1470, described as follows: Beginning at a rock 355 vrs. North of the S. E. corner of the said B. C. King Survey; Thence West 426 vrs. to a rock; Thence North 351 vrs. to a rock; Thence East 246 vrs. to a rock; Thence South 140 vrs; Thence West 186 vrs.; Thence North 795 vrs. on S. B. line of the Sylphia Tynes Survey; Thence East with said line 850 vrs. a rock; Thence South 655 vrs. to the place of beginning. That the Plaintiffs are the owners of 50 acres undivided interest in said land and that the balance is owned by the Defendants. That the Plaintiffs and Defendants are the sole owners of said land so far as is known to the Plaintiffs and that the estimated value of same is \$500.00; that the Defendants be cited to appear and answer this petition and that they have judgment for partition and division of said land and premises, etc.

Herein Fall Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness Willie Riggs, Clerk of the

NOTICE—Any erroneous reflection  
upon the character, standing or repu-  
tation of any person, firm, or corpora-  
tion which may appear in the columns  
of The Leader will be gladly corrected  
upon its being brought to the atten-  
tion of the publishers.

The question of pay is too often  
confounded with wages, but the man  
who works merely for the returns he  
gets in dollars and cents never  
amounts to much. It is the man who  
puts heart and soul into his work and  
who finds satisfaction in the pride  
experienced over results that gets the  
most out of life. He feels well paid  
even if his pay envelope is light and  
as long as he gets enough to satisfy  
his simple tastes there is not much  
chance of his being disappointed.  
There are thousands of such men,  
thousands who count the satisfaction  
experienced over the product of  
hands or brain as being a part of the  
pay to whom a word of praise of work  
well done is as welcome as a raise in  
wages. And these men get much more  
out of life than do the men who work  
merely for the money that is in it  
and who are constantly looking for-  
ward to the hour when the day's work  
is done. If you are in the latter class  
you are missing the best years of  
your life, for whether you will or not  
you have so many hours to put into  
labor and it rests largely with you  
to determine whether these hours are  
a misery or a joy. We have seen  
workers who figured that they had to  
put in so many hours in order to get  
their pay, working side by side with  
men who felt that they had to work  
so many hours in order to earn it and  
the latter were invariably getting the  
most out of life. It is natural that  
should be for the cross we have  
to bear is bound to seem all the heav-  
ier if we brood over it and bemoan  
our fate. We all have our work to  
do and if we face it bravely and make  
up our mind to do the best we can and  
find pleasure in the doing, there is a  
rest in the task and we find that we  
are securing joys out of life unknown  
to those who face the world's work  
as if it was a punishment to be  
slighted and neglected at our con-  
venience.

We confess that we have no pa-  
tience with the men who are con-  
stantly striving to sow the seeds of  
bitterness, to array class against class  
and who appeal to prejudice. We pride  
ourselves on the intelligence of our  
people and yet you will note that the  
demagogue usually has a large fol-  
lowing. We preach the Golden Rule  
—and look to the other fellow to  
practice it. We see much of this spirit  
in Texas today. You will hear men  
proclaim that the farmer is taxed too  
high, while the corporation escapes;  
that the rich man must pay his taxes,  
but that it is all right for the poor  
man to evade his. What we want is  
less of demagoguery and more of  
proof. Quit inflaming the public mind  
against corporations as such and hold  
up to scorn and punishment the cor-  
porations which deserve it. That is  
but justice and unless a wise discrim-  
ination is used in weeding out the bad  
from the good and placing blame  
where it belongs, the seeds of evil  
sowed by these preachers of the doc-  
trine of unrest will spring into weeds  
detrimental to good government, good  
citizenship and industrial peace.  
There is no place in Texas for class  
hatred. We have the useful as well  
as the useless rich, just as we have  
the useful and useless poor, and it is  
neither just nor right that we should  
indiscriminately blame or praise.  
Good citizens, whether they be rich or  
poor, think alike. Each one is anx-  
ious to get along in the world and as  
he knows the necessity for good gov-  
ernment he is willing to pay a share  
proportionate to his means. His idea  
of a square deal means not merely  
that the men of small means shall not  
be unjustly burdened, but he just as  
firmly believes that wealth shall not  
be unjustly harassed. A square deal  
means fair play—fair play for all  
men, regardless of their worldly  
wealth, their nationality or their  
creed, and any man who attempts to  
array class against class, poor against  
rich or farmer against merchant or  
corporation is not to be trusted, for  
the doctrines so taught are un-  
American, demagogical and unworthy of  
consideration by an intelligent people.

NOTICE OF HEARING TO APPRO-  
PRIATE PUBLIC WATERS OF  
THE STATE OF TEXAS  
No. 445

Notice is hereby given, to whom  
concerned, that R. O. Moore, the post-  
office address of whom is Brecken-  
ridge, Texas, did on the 16th day of  
March A. D. 1920, file his application  
in the office of the Board of Water  
Engineers for the State of Texas, in  
which he applies for a permit to ap-  
propriate from the unappropriated  
waters of the State of Texas suffi-  
cient water for a municipal water  
supply for the City of Eliasville,  
Texas, and its environs, to be im-  
pounded in and diverted from the  
Clear Fork of the Brazos River, in  
Young county, Texas, water to be  
diverted by means of a pumping plant  
to be located at a point which bears  
N 57 degrees W. 2,000 feet from the  
S. E. corner of the J. L. Dobbs Sur-  
vey, in Young county, on the South  
banks of the Clear Fork of the Brazos  
River, and is distant in a Southerly  
direction from Graham twenty miles.

You are hereby further notified  
that R. O. Moore is to construct a dam  
across the Clear Fork of the Brazos  
River, in Young County, creating a  
reservoir with an impounding capac-  
ity of 454 acre-feet of water, and to  
divert therefrom by means of a  
pumping plant 2088 acre-feet per  
annum for the purpose of a municipal  
water supply.

A hearing on the application of R.  
O. Moore will be heard by the Board  
of Water Engineers for the State of  
Texas, at its office in Austin, Texas,  
on Saturday, May 1st, A. D. 1920,  
beginning at ten o'clock a. m., at  
which time and place all parties in-  
terested may appear and be heard.  
Such hearing will be continued from  
time to time, and place to place, if  
necessary, until such determination  
has been made relative to said applica-  
tion as the said Board of Water  
Engineers may deem right, equitable  
and proper.

Given under and by virtue of an  
order of the Board of water Engi-  
neers for the State of Texas at the  
office of said Board, at Aus-  
tin, Texas, this the 16th day  
of February, A. D. 1920.

W. T. POTTER,

**SHERIFF'S NOTICE OF ELECTION  
THE STATE OF TEXAS**

County of Young  
Notice is hereby given that an elec-  
tion will be held on the 22nd day of  
May, 1920, at School House in Com-  
mon School District No. 36, of this  
county as established by order of the  
Board of County School Trustees of  
this county, of date the 2nd day of  
June 1916, which is recorded in Book  
1, page 284, of the minutes of School  
District Boundary Record, to deter-  
mine whether a majority of the legal-  
ly qualified property taxpaying voters  
of that district desire to tax them-  
selves for the purpose of supplement-  
ing the State School Fund appor-  
tioned to said district, and to deter-  
mine whether the Commissioners' Court  
of this county shall be author-  
ized to levy, assess and collect an-  
nually a tax of and at the rate not  
to exceed 50 cents on the \$100.00  
valuation of taxable property in said  
district for said purpose.

All persons who are legally qual-  
ified voters of this State and county  
and who are resident property tax-  
payers in said district shall be en-  
titled to vote at said election.  
Said election was ordered by the  
County Judge of this county by order  
made on the 19th day of April, 1920,  
and this notice is given in pursuance  
of said order.

Dated the 19th day of April, 1920.  
34  
M. M. WALLACE,  
Sheriff, Young County, Texas.

**"PROOF OF THE PUDDING IS IN THE EATING"**

**MOTHER!**

"California Syrup of Figs"  
Child's Best Laxative

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless physic for the little stomach. Liver and bowels. Children love its fruity taste. Full directions on each bottle. You must say "California."—Adv.

When people get tired of looking for statistics to support their argument they invent some.

**COUGHING, WEAK AND RUN-DOWN AFTER FLU**

Regained flesh and strength quickly, and tells how.

"I nearly died from 'flu' last October, and it left me with a terrible cough. The doctor gave me one bottle of medicine after another, but it did me no good. Went to Charlotte, N. C., and took treatment of a specialist without any permanent benefit.

"I saw Milk's Emulsion advertised and started using it. It helped me right from the start. I had no appetite and my stomach was in bad shape. But 12 bottles have straightened me out entirely. I eat anything without distress, my cough is gone, and I have gained back my strength and flesh."—Emma Withers, Box 56, Belmont, N. C.

Don't trifle with a weak, run-down condition. It leaves you open to serious diseases. Get your strength back. Milk's Emulsion costs nothing to try. Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions, and if not satisfied with the results your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

Anyone can make predictions, though few can make them stay predicted.

**SWAMP-ROOT FOR KIDNEY AILMENTS**

There is only one medicine that really stands out pre-eminent as a medicine for curable ailments of the kidneys, liver and bladder.

Dr. Kilmer's Swamp-Root stands the highest for the reason that it has proven to be just the remedy needed in thousands upon thousands of distressing cases. Swamp-Root makes friends quickly because its mild and immediate effect is soon realized in most cases. It is a gentle, healing vegetable compound.

Start treatment at once. Sold at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

The Natural Place.  
"Where is the best place to observe the dog star?" I guess it is the Lick observatory."

**FRECKLES**

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from your druggist, and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than one ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove freckles.

Truth is better than falsehood, but false teeth are better than no teeth at all.

Cuticura for Sore Hands.  
Soak hands on retiring in the hot suds of Cuticura Soap, dry and rub in Cuticura Ointment. Remove surplus Ointment with tissue paper. This is only one of the things Cuticura will do if Soap, Ointment and Talcum are used for all toilet purposes.—Adv.

The Reason.  
"When money talks, everybody listens." "But when money talks, it always talks cents."

A torpid liver condition prevents proper food assimilation. Tone up your liver with Wright's Indian Vegetable Pills. They act gently and surely.—Adv.

The Birds.  
"Those birds fly over here to feed. Their sleeping place is many miles away, but they return every night."  
"I see. They commute."—Louisville Courier-Journal.

**FARM STOCK**

**KEEPING SHEEP FOR MUTTON**

There Are Many Areas Where Animals Could Be Kept to Advantage for Meat and Wool.

Sheep are not very generally kept on farms for supplying the home family with meat. There are many areas, especially in hilly or mountainous regions, where nearly every farm could keep a few mutton sheep to advantage. Boys and girls' clubs in some parts of the country have done much to foster home production of mutton. Sheep naturally graze over rather wide areas and seek variety of plants.

Sheep Are Useful in Pasturing Off Weeds in Standing Corn After Cultivation Stops.

This habit particularly adapts them to being kept in large numbers on lands of sparse vegetation or furnishing a variety of grasses or other plants, says the United States department of agriculture. They do better on short and fine grasses than on coarse or high feed. They will eat a good deal of brush and, if confined to small areas, will do a fair job at cleaning up land. When used in this way, or on land producing brush only, they can not be expected to prove very satisfactory in the production of good lambs or good wool.

**PROPER CARE OF YOUNG PIGS**

First Thing to Be Done is to Cut Off Four Sharp, Hard Tusks—Never Pull Them.

Soon after pigs are born, the four sharp, hard tusks, two in the upper and two in the lower jaws should be cut off. Take a pair of nippers and cut the teeth off, but not too near the gums. Often these tusks cut the sow's teats, make them sore and she will not let the pigs suck. Then, also, the pigs cut themselves with those tusks, and sometimes, stick them through their tongue, cannot suck, and starve. They cause sore mouth. They are soft and easily removed.

A pair of sharp scissors will cut them easily but under no circumstances should they be pulled out. If it is seen that a pig is getting too fat, it is evidence that it is robbing its mates. To prevent this, take a sharp knife and cut its rooster in two or three places, deep enough to make it sore, and it will stop taking more than its share.

**OPPORTUNITIES FOR PROFITS**

Only About 4 or 5 Per Cent of Live Stock is Purebred and Demand Steadily Growing.

There are many opportunities for good profits in the breeding of purebred live stock. When it is considered that only about 4 or 5 per cent of all our stock is purebred and that the demand for better stock is steadily growing it must be clear that there is still room for capable men with a love for live stock to make breeding a profitable business. But the man who is not prepared either through training or inclination to devote a large part of his time to the care and management of his stock is surely making a mistake to engage in the purebred business.

**LIVE STOCK NOTES**

Self-feeders save time and labor in feeding swine.

The hog is the cheapest producer of animal fat.

No animal parasite is quite so persistent as the hog louse.

With the sow particularly good feeding and plenty of exercise are important.

If proper care is given the ewe precious to lambing many losses can be prevented.

In the selection of the brood sow it is essential that uniformity of size and quality be maintained.

Necrobacillosis, known in pigs as sore mouth, bull nose and sniffles, is controlled by cleaning and disinfecting house and feeding places, and isolation of affected pigs.

**Catarrhal Deafness Cannot Be Cured** by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces. ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists Rec. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

The prosperous cannot easily form a right idea of misery.—Quintilian.

**A BRIGHT, CLEAR COMPLEXION**

is always admired, and it is the laudable ambition of every woman to do all she can to make herself attractive. Many of our southern women have found that Tetterine is invaluable for clearing up blotches, itchy patches, etc., and making the skin soft and velvety. The worst cases of eczema and other torturing skin diseases yield to Tetterine. Sold by druggists or sent by mail for 50c. by Shuprine Co., Savannah, Ga.—Adv.

Enthusiasts.  
Mrs. Gabbiegh (at the musical)—Oh, Mrs. Noodle, I had so much to say to you, and now the pianist is through.  
Mrs. Noodle—I'm just dying to hear it. Let's encore him.

**IN BUYING ASPIRIN ALWAYS SAY "BAYER"**

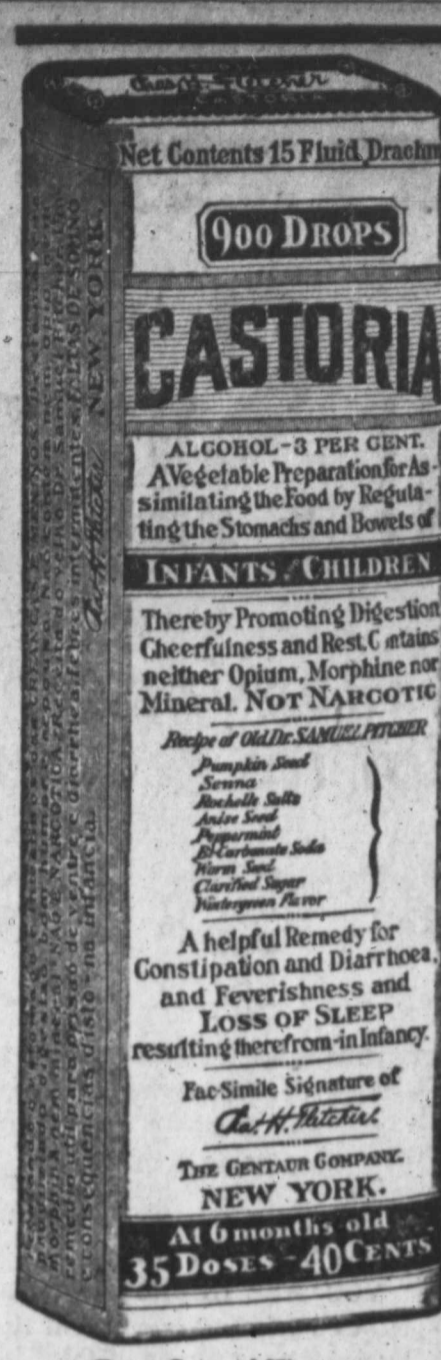

Look for the name "Bayer" on tablets, then you need never worry.

"Bayer Tablets of Aspirin" can be taken safely for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Joint Pains, Neuritis, and Pain generally.

To get quick relief follow carefully the safe and proper directions in each unbroken package of "Bayer Tablets of Aspirin." This package is plainly stamped with the safety "Bayer Cross."

The "Bayer Cross" means the genuine, world-famous Aspirin prescribed by physicians for over eighteen years. Handy tin boxes of 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monocetate of Salicylic acid.—Adv.

Skies Fortell Weather.  
A deep-blue colored sky, even when seen through clouds, indicates fair weather, while a growing whiteness indicates an approaching rain.

Exact Copy of Wrapper.

**Children Cry For Fletcher's CASTORIA**

**Special Care of Baby.**

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for Infants and Children? Don't be deceived.

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

**GENUINE CASTORIA ALWAYS**

Bears the Signature of

*Chas. H. Fletcher*

THE CENTAUR COMPANY, NEW YORK CITY.

**WINTERSMITH'S CHILL TONIC**

SOLD FOR 50 YEARS.

For MALARIA, CHILLS and FEVER. ALSO A FINE GENERAL STRENGTHENING TONIC. Sold by All Drug Stores.

**Changing the View.**

A cylindrical tool, described in the Popular Mechanics Magazine is meant to aid the portrait photographer in posing his subjects. From a switch mounted on the rear of the camera, wires lead to an electric motor concealed in the base of the stool. With his hand on the switch, the photographer is constantly able to turn his subject until the desired view, profile, full face, etc., is seen.

Some men are too lazy to make either enemies or friends.

Why buy many bottles of other Vermin-fuges, when one bottle of Dr. Peary's "Dead Shot" will act safely and promptly?—Adv.

A Tramp's Reply.  
"Have you no friends?"  
"No, ma'am; I cannot afford luxuries these days."

#### CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Young County—Greeting:

YOU ARE HEREBY COMMANDED to summon Guy and Will Hudson by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 30th Judicial District, but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 30th Judicial District, to appear at the next regular term of the District Court of Young County, to be holden at the Court House thereof, in Graham, Texas, on the 1st Monday in September, A. D. 1929, the same being the 6th day of September, A. D. 1929, then and there to answer a petition filed in said Court on the 21st day of January, A. D. 1929, in a suit numbered on the docket of said Court No. 6135, where-

in Frankie Bailey and her husband John Bailey are Plaintiffs and Sallie Hudson for self and as guardian of Clarence Hudson, Clyde Hudson, Newell Hudson, Ewell Hudson, Clifford Hudson, all minors, and each individually R. G. Hallam, Tom Hudson, Guy Hudson, Willie Hudson, Elsie M. Jones, feme sole, James R. Jones, Mary Weatherford and husband Lee Weatherford, Lizzie Dean and husband Claud Dean, Tommie Holder and husband W. A. Holder, Mary Crawford and husband John Crawford, Maud Gibbs and husband John Gibbs, W. W. Corbin, M. L. Jamison and Jim Hudson are Defendants, and said petition alleging Plaintiffs and Defendants are the joint owners in fee simple of the following described land, to-wit: In Young County, Texas,

1st. 160 acres the S. 1-2 of T. E. & Co. Sur. No. 702, Abst. No. 807.

2nd. 160 acres the S. 1-2 of T. E. & L. Co. Sur. No. 701, Abst. No. 806.

3rd. 80 acres the South part of T. E. & L. Co. Sur. No. 498, Abst. No. 689

Plaintiffs and Defendants are also owners of a large amount of personal property, amount and value of which is unknown and Plaintiffs allege that the said estate is worth Fifty Thousand (\$50,000) Dollars. Plaintiffs ask judgment for a partition, division and distribution of said estate, for judgment cancelling the oil and gas mineral leases held by Defendants R. G. Hallam, W. W. Corbin and M. L. Jamison, and for general and special relief.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness Willie Riggs, Clerk of the District Court, of Young County.

Given under my hand and the seal of said Court, at office in (L. S.) Graham, Texas, this 6th day of May, A. D. 1929.

36-9c WILLIE RIGGS,  
Clerk District Court, Young County Texas.

**FOR SALE**—Fine two year old Jersey bull full blood.—C. L. BURTON, Loving, Texas. 38-41p

Mrs. J. M. Powell and daughter, Miss Ione, of Avalon, Ellis county, are the guests this week of Mrs. Hattie Miller and Miss Berencie Miller.

#### SCREEN FAVORITE ENTITLED TO CLAIM OF "MOST BEAUTIFUL"

When Howard Chandler Christy declared that Katherine MacDonald's title, "the most beautiful woman in pictures," was well earned and accounted for her beauty by saying it represented the glory of a dauntless character, he little knew that Miss MacDonald's next story would enable her to enact a role of this nature.

In "The Turning Point," the latest attraction of "the American Beauty" which will be shown at the National Theatre Wednesday, May 26, Miss MacDonald plays the part of Diana Tennant who greets the news of the loss of a fortune with indifference and becomes a professional society hostess. The events that come within her experience in this work are most unusual and interesting.
