

# THE GRAHAM LEADER

ESTABLISHED AUGUST 16th, 1876.

WITH MALICE TOWARD NONE; WITH CHARITY FOR ALL

OLDEST NEWSPAPER IN NORTHWEST TEXAS

VOLUME XLIV.

GRAHAM, TEXAS, THURSDAY, JUNE 10, 1920.

NUMBER 41.

## BASE BALL SEASON OPENS IN GRAHAM

Many of our citizens who are interested in baseball have been working for some time to create an interest in baseball in Graham. Some interest has been shown but it is the desire of our baseball enthusiasts that enough of our citizens get sufficiently interested to make the season a success.

The first games of the season will be played here Thursday, Friday and Saturday of this week. The local team will play Decatur during these three days. Decatur has a strong team and will put up a good game. It is the hope of those who have the games in charge that our people will come out in large numbers so that our team can feel like they have the support of our people.

These games will be played this week at the ball ground on the west side of town. The ground has a new and attractive fence around it and the grandstand has been completed. The new stand has a seating capacity of 500.

The team played Newcastle last Sunday at Newcastle and the Graham team was victorious by a score of 16 to 7. The main features of the game was the hard slugging by the Graham boys. They showed up in good form and easily won the game. Do not forget the dates for the games this week with Decatur, Thursday, Friday and Saturday.

## RECEIVED DEGREE AT UNIVERSITY OF TEXAS

Austin, Texas, June 8.—Among the 411 graduates who received degrees at the University of Texas at the regular commencement, June 7, was Miss Catherine Craig, B. A., from Graham. President Robert Ernest Vinson, of the University, delivered the baccalaureate sermon Sunday, June 6, and President W. B. Sizell, of the Agricultural and Mechanical College of Texas, made the commencement address.

The degrees granted were as follows: Bachelor of Arts, 223; Bachelor of Business Administration, 24; Bachelor of Journalism, 2; Bachelor of Science in Home Economics, 11; Bachelor of Science in Medicine, 10; Bachelor of Science in Architecture, 3; Bachelor of Science in Civil Engineering, 7; Bachelor of Science in Electrical Engineering, 10; Bachelor of Science in Mechanical Engineering, 2; Degree of Civil Engineer, 3; Bachelor of Laws, 62; Master of Arts, 42; Master of Business Administration, 1; Master of Journalism, 1; teachers' diplomas were awarded to 30 students. Twenty-three graduates were elected to membership in Phi Beta Kappa, national honorary scholarship fraternity, which is the highest academic honor awarded at the University of Texas, the eighth of the class making the highest record being elected.

## TEACHERS' EXAMINATION

An examination for teachers' certificates was held at the court house last Friday and Saturday under the direction of the County Superintendent, Miss Etta Wilkinson.

The following applicants took the examination: Berde Jennings, Bonnie Langston, Lois McBrayer, H. H. Avants, Mrs. Gladys Cherryhomes Sims and Miss Allie Hogue.

## FAMOUS FARCE FILMED

George Broadhurst's amusing stage farce, "Why Smith Left Home," has been made into a Paramount-Arctcraft picture and will be shown at the National Theatre Thursday, June 17, with Bryant Washburn in the stellar role. On the screen the adventures of the handsome young Smith while on his honeymoon are said to be even more laugh-provoking than in the spoken form. Some rather startling effects have been produced, notably with the train wreck, hotel fire, and earthquake scenes. In the cast are such film favorites as Lois Wilson, Mavm Kelo, Walter Hiers, Margaret Loomis, and Winter Hall.

## GRAHAM WINS FIRST GAME

The Decatur baseball team came in today. They are a husky bunch of boys and will give the Graham boys a hard fight.

The first game was played this afternoon and Graham won by the close margin of 9 to 8. The Leader goes to press just as the game closes and we have no further information about the game than that Graham won.

## SANITARY GROCERY OPEN FOR BUSINESS

The Sanitary Grocery, the first concern to get under headway in the new commercial district on the east side of the square, opened its doors to the public last Saturday. All who have visited this new shop have found that we now have in our city one of the most up to date and attractive grocery stores to be found anywhere. The building is a neat brick structure one hundred and forty feet in length and designed especially for this business. All fittings for the interior are of special design and finished in white enamel which together with the large fans and concrete floor gives the store a remarkably clean and cool appearance.

The proprietors, Messrs. F. M. Burkett, J. M. Burkett and I. E. Carson, state that only about one-half of the splendid selection of fixtures they have purchased have arrived. To quote one of them, "When our white enameled bin counters, refrigerator cases, and display stands are in place, we'll have the classiest looking and best grocery store in Nova Scotia." The owners also state that it is their intention to handle only the best goods on the market and to sell them at fair and reasonable prices.

This new concern is indeed a creditable addition to our business enterprises and if it is to be taken as an example in the completion of the other top brick structures going up on the same street, Elm street will soon be the pride of Graham's commercial district and West Texas.

## FAILS TO SET ASIDE FUND TO MAINTAIN GUARD

Austin, June 8.—Proponents of the bill appropriating \$100,000 for expenses of state military forces, when called into active service by the governor, failed to get the required two-thirds vote to make the appropriation available at once to take care of the troops now on duty at Galveston. After reconsideration had been obtained, Bertram and Biggers offered to cut the appropriation, the former's amendment proposing \$50,000 and the latter \$25,000. Both were voted down. Bertram complained that too many boys are taken from the farms for military service at Galveston.

King of Erath declared that "a half dozen Rangers with a Bible" could easily handle the situation, and Biggers expressed that "no emergency existed for sending troops to Galveston."

On final passage the bill failed to get the two-thirds vote necessary to make the funds available immediately. The vote was 88 to 14. When the bill was first passed it received 89 votes. Miller, of Dallas, after changing his vote from aye to nay, moved to reconsider and spread on the Journal for the purpose of later on making another attempt to get a two-thirds vote.

## BLATHERWICK-JOHNSTON

Derwin Blatherwick, of Los Angeles, California, and Miss Georgia Johnston, of Whitt, Texas, were married recently at the home of her mother, Mrs. J. N. Johnston. Immediately after the ceremony they left for California, where they will reside.

Mr. Blatherwick is a civil engineer of California and Miss Johnston is a daughter of Superintendent Johnston, of Newcastle, at present, but formerly superintendent of the Graham public schools. Miss Johnston was a successful teacher, having taught with her father at Newcastle last session.

## EDITOR BOWRON HAVING A GOOD TIME

The editor of The Graham Leader is out of town for a few days enjoying a vacation. He is visiting relatives and friends in Illinois and Indiana and is so busy that he has no time to write except a post card occasionally to tell that he is continually moving. It keeps Mrs. Bowron busy to look after Mr. Bowron and their two youngest children. In fact Mrs. Bowron is too busy to even write a post card.

After sixteen years of continuous service he deserves a few days away from his post of duty.

Miss Catherine Erwin returned last week from Fort Worth, where she had been attending school. She graduated from the Fort Worth North High school.

John Lynch and Reno Stinson left Austin yesterday for a six weeks trip studying geology.

## THE REVIVAL AT THE METHODIST CHURCH

The revival services began at the Methodist church last Sunday. The evangelist, Dr. D. V. York, and his singers, the Rev. D. T. McMahon and wife, are here to lead the meeting. Dr. York is a forceful speaker and is preaching the old time gospel. He does not preach a sugar-coated gospel to please the world, but preaches the Word as he finds it recorded in the Bible.

Bro. McMahon is organizing a good choir and is furnishing good music. Those who sing, from all the churches, are cordially invited to join the choir and help in the song service. The services thus far are well attended and the interest in the meeting is growing daily. The meeting is held in a large tent on the church yard and it is a pleasant place to worship.

Everybody is welcome. Come out and hear the old time gospel. Dr. York announces the following subjects for Sunday, "Whatever a Man Soweth that Shall He also Reap," or "A Nation Without a God." At night: "The Unpardonable Sin—the Dead Line."

## FAVORABLE WEATHER FOR FARMERS

This has been a fine week for the farmers in this section. The farmers who had been delayed on account of the recent rains have been making good use of the sunshine and are fast clearing their crops of the weeds. Corn has been growing fast and much of it has been plowed for the last time. Corn prospects have made a wonderful improvement during the last ten days. The warm sunshine this week has been good for cotton. If the favorable weather continues, cotton will soon show up in good shape. All farming including gardens has been late this year.

The reaping machines are busy this week cutting grain. If the good weather will last another week a large part of the grain will be in the shock. The yield of grain is not as heavy this year as we some times have in this country, but a fair yield is promised. The farmers are optimistic. Good crops together with the oil in this section will keep Graham and surrounding territory "booming."

## HARMON-JOINER

Ralph Harmon, of Graham, and Miss Florian Joiner, of Newcastle, were married at the home of the bride's parents, Dr. and Mrs. Joiner, at 5:30 yesterday. The happy couple left immediately for Graham, where they took the train for Galveston and other points on the coast. They will be at home in Graham after June 25. Mr. Harmon is a very popular young business man, being connected with the firm of Simpson & Harmon. He has lived here several years and has a large number of friends in this section.

The bride is the talented daughter of Dr. and Mrs. Joiner of Newcastle, and is popular with her large circle of friends.

The Leader joins in congratulations to this happy couple and wishes for them many years of happiness and prosperity.

## J. C. RICKMAN MARRIES JUNE 17

The friends of J. C. Rickman are receiving this week the following invitation: "Judge and Mrs. Jacob Patterson Coon invite you to be present at the marriage of their daughter, Imogene, to Mr. Jesse Crawford Rickman Thursday evening, the seventeenth of June, nineteen and twenty, at seven o'clock, First Baptist church, Kaufman, Texas."

Mr. Rickman has been reared in Graham and is well and favorably known. He graduated with the highest honors from the Graham high school. He then entered Baylor University, where he graduated with distinction in 1919. He is now connected with the firm of R. F. Short and Company.

Miss Coon is the daughter of Judge and Mrs. J. P. Coon, of Kaufman, Texas. She graduated from the Kaufman high school and then entered Baylor University, where she met Mr. Rickman. She is a talented young lady and Graham will be glad to receive her into the social life of our fast growing city.

Miss Lillian Manning came in Monday from Dallas to spend several days visiting relatives.

## REPUBLICAN CONVENTION IN CHICAGO

The delegates to the Republican convention in Chicago have been gathering for several days. There have been various caucuses and conferences held preceding the convention but it seems that very little was accomplished by these meetings. The absence of the old time leaders is very noticeable.

The convention spent two hours in its first sessions, Tuesday, the principal business of which was to perfect its temporary organization and hear the keynote speech by Senator Lodge of Massachusetts. After that the convention adjourned until 11 o'clock Wednesday and meanwhile committees went to work.

Senator Lodge had written his speech and it took one hour and eighteen minutes for him to read it. The keynote of his address was the defeat of the "Wilson Dynasty" as he termed the president's administration. He assailed President Wilson and the peace treaty. His speech, while attempting to lay a ground scheme for getting together, committed the party to only one thing; that it is against the covenant as presented by President Wilson.

It is impossible to say at this time who will be the nominee for the presidency. Lowden has been gaining at a rapid rate. Wood and others are still hopeful. There is some talk of a "dark horse" appearing on the scene. The nominee will probably be selected tomorrow.

## DOYLE-GOODE

J. A. Doyle and Miss Fannie May Goode were united in marriage at the home of the bride's parents at South Bend last Sunday afternoon at 2:30 o'clock. Rev. C. R. Taylor, of Graham, performed the ceremony.

The groom is a promising young man who lives near Orth. The bride is very popular with all who know her. She has been a successful teacher in the county.

The Leader joins their many friends in extending congratulations.

## SYDNEY SELF MARRIED

Word has reached Graham that Sydney Self, who used to live here, is married. We were not able to learn the name of the lady that he married. He resides in Dallas and it is presumed that he married a Dallas lady.

Mr. Self attended the high school here several years. He was a very popular student and made many friends in Graham.

The Leader joins his many friends in extending congratulations.

Close with Lord's Prayer.

## OAK GROVE CEMETERY FUND

Oak Grove Cemetery is maintained entirely by the donations of those who are interested. A goodly number have contributed liberally year after year while others have failed to do their part.

The cause is a worthy one and the need for funds is great—don't fail to do your part. Donations should be paid to J. W. Still or left with any Bank in Graham for the credit of the Oak Grove Cemetery Fund.

R. V. TIDWELL, A. A. MORRISON, E. S. GRAHAM, Cemetery Committee.

Miss Bessie James left last Friday for her home at Post, Texas, after a three weeks' visit to friends here. She was honored at a number of dinners while here.

## BIG CELEBRATION AT ELIASVILLE

Eliasville has always known how to do big things. The Old Reunion grounds is known all over Texas. When the news goes abroad that there will be a Reunion at Eliasville everybody knows that a good time is in store for every one who is fortunate enough to be on hand.

At the present time Eliasville is experiencing her most prosperous times and she wants all Texas to know about it and help her enjoy the good times. In order to give the people from all section of Texas an opportunity to come to Young county and have the time of their lives a Big Three-Days' Celebration has been planned. A live committee has been appointed to prepare for the Reunion which will be at Eliasville June 30, July 1 and 2, on the banks of the Clear Fork.

This Big Celebration will be known as the Ex-Service Men, United Confederates, and Oil Men's Reunion. Three days of real fun and amusement for all. No one is too young and no one too old to spend three days on the bank of the Clear Fork under the shade of the big trees. There will be plenty of room for campers. The committee invites everybody to come in their cars prepared to spend the three full days. Amusements of various kinds will be furnished. Prominent political speakers with statewide reputation will be on hand. There will be a big barbecue. A big parade is being planned. There will be bronco busting, steer tying, bulldogging, aeroplane exhibitions, swimming, boating, fishing, boxing, wrestling and all athletic sports. Swimming races, diving contests, canoe races, and motor boating for all interested in these sports. Big ball games have been provided by the committee. All kinds of shows will be on the grounds.

The committee was in to see the Leader last week and ordered 2500 large posters. You will find their large ad in the paper for three weeks. days gone by will return for this the Look it up.

The thousands of people who have enjoyed outings on the Clear Fork in BIGGEST of all CELEBRATIONS ever held in the county and bring thousands of others with them. Eliasville will leave nothing undone to really entertain the large numbers who come from every section of Texas and Oklahoma.

## WEDDING OF POULAR YOUNG PEOPLE MONDAY

Miss Willie Leberman and Mr. Carl Wainwright, both at present of Newcastle, were married here at the Methodist parsonage Monday, May 31, at 8:30 p. m., the Rev. T. H. Burton officiating.

The bride is a daughter of Mr. and Mrs. George Leberman, and was one of a pioneer family of this section, and is both beautiful and accomplished. She has been connected as a teacher in the Newcastle public schools for the past term.

The groom is a popular and energetic young business man of Newcastle, and has been in business there for a number of years. He is successful, honest, capable and hard working, and has a host of friends both in Newcastle and in this city.

The Enterprise joins in extending to this young couple its heartiest congratulations and best wishes for a long and happy married life.—Olney Enterprise.

## PRATT-PRICE

G. W. Pratt and Mrs. Ellen Price, of Eliasville, were married at the residence of W. L. Yancey in Graham Thursday, June 3. A friend of Mr. Pratt's who came over from Eliasville with him, reported to The Leader man that Mr. and Mrs. Pratt will spend their honeymoon in Newcastle. Eliasville is such a busy, bustling place now that they wanted a get away and rest for a few days.

Mr. Pratt seems to be the happiest man in the country. If the oil situation around Eliasville has not made him in reality a millionaire the fact that he is a new married man makes him feel like a full fledged millionaire. Mr. and Mrs. Pratt have lived at Eliasville many years and their numerous friends congratulate them and wish for them many happy and prosperous years.

Mr. and Mrs. M. B. Costello were in town Monday from the Costello ranch.

## OIL ACTIVITIES IN YOUNG COUNTY

There has been very little change in the oil situation since last week. The companies are all busy and startling news is expected daily from some of the wells.

The Johnson well, near Eliasville, came in last week, producing about 2,000 barrels daily.

The pipe line has reached the Johnson well and is coming on north to the South Bend fields. It is expected to be completed to South Bend soon. When this is completed more will be heard about the drilling activities at South Bend. The Leader was unable to get a complete report of the activities in Young county, but we give below a partial list of the wells now being drilled. The presence of several prominent oil men in town this week and the amount of supplies arriving daily are good indications that the oil activities have just begun in Young county.

Texas Co. Blair-Hughes No. 2, on S. A. & M. G. Ry. Co. Survey 262, drilling at 3300 feet.

Arkansas Oil and Gas Co., Jeffery No. 1, T. E. & L. Co. Survey 330, drilling at 3000 feet.

Made-over garments are being staged in many cities in an attempt to awaken the public to the possibility of cutting down the high cost of living by refusing to buy at present prices. Most of the editors' wives learned this art years ago and did not have to wait for the present high cost of living to teach them this phase of economy. Editors and their families are also familiar with made-over dishes at the table.

Elsewhere in this issue mention is made of one woman, who died at the age of 113, and of another, who is still living at the age of 100. We read often of people who have attained the age of 100 and more. Are people longer lived now than in former years or do we have a better opportunity through the newspapers to find out about the old people? Probably both are true. The people are giving more attention to the laws of health and by the skill of our learned physicians we know better how to ward off disease. More people read the newspapers than ever before and more publicity is given people who attain advanced years.

#### MASSACHUSETTS GOVERNOR SUSTAINS U. S. CONSTITUTION

The law-making body of Massachusetts recently passed a law permitting 2.75 beer in that State. The Governor of the State vetoed the bill giving the following reason for doing so:

"When I took office I gave an oath to support the Constitution of the United States. That Constitution and the laws of Congress are declared to be the supreme law of the land. It may be that the eighteenth amendment and the act under it are one or both void. So far as any court has decided, I understand the amendment has been sustained. They have been before the Supreme Court for some time, where up to now they both stand as law. That which the court hesitated to decide I shall not hasten to declare. It would be extremely improper to undertake to influence that decision by the action of the law-making power of Massachusetts. Do not anticipate it, await it. My oath was not to take a chance on the Constitution, it was to support it. When the proponents of this measure do not intend to jeopardize their safety by acting under it, why should I jeopardize my oath by approving it?"

#### TEMPLE PLANS TO ASSIST FARMERS

A novel plan for helping the farmers adjacent to Temple work out their crops this summer has been planned. Temple has an unusually large number of young men attending colleges and universities. These are now at home and with the large number of high school boys, will make a large army to fight the weeds.

Squadrons of these young men will be organized into teams of twenty members each with a chosen leader who will contract with farmers for labor. Each squadron will have its own cook and camping outfit.

There is a large number of energetic young college men and high school boys all over the country who are willing and anxious to work if some one would take hold and help organize them and put them in touch with the work. It is true that many individuals find places and render valuable assistance to the farmers but there are large numbers that never find their way to the fields and only need some one to organize them and take the lead.

Many of our boys that are considered shiftless and worthless are full of energy and would prove valuable to the communities in which they live if some one would direct their activities and lead them into useful

work. We hope the movement planned at Temple will spread rapidly over the entire country so that large numbers of our energetic and promising school boys will render valuable assistance during the summer months while the schools are closed.

#### SUPREME COURT UPHOLDS FEDERAL PROHIBITION

In a sweeping decision handed down by the Supreme Court last Monday, it declared that the prohibition amendment to the constitution is valid and held that the Volstead act enforcing it is constitutional.

The Court's action means that the the Volstead law prohibiting the sale of any beverage containing one-half of 1 per cent or more of alcohol must be enforced in every State of the Union regardless of whether the State has ratified the amendment. State laws providing higher alcoholic content, such as have been enacted in New Jersey, Wisconsin and Rhode Island, are nullified.

The decision dispels the hope of the brewing interests that the properties could be used for the manufacture of light wines and beer and thus minimize the losses due to national prohibition. The Court dismissed petitions filed by Rhode Island to have Federal officials enjoined from enforcing prohibition in that State; also injunction proceedings brought by the State of New Jersey to prevent enforcement of prohibition in that State was dismissed. Many other petitions and injunctions from other sections were set aside. Levy Mayer, of Chicago, who argued the case for the distillers in the Supreme Court, said on hearing of the decision: "The fight is lost. The avenue of the Court is now exhausted."

**FOR SALE**—Two-year-old Jersey milk cow and calf. Good milkers.—GREY HOWARD.

Ballard, J. C. Jones, F. W. Dent, J.  
P. Dent, Mrs. J. C. Jones, J. S. Orr,  
Mrs. J. S. Orr, and M. L. Jones by  
alleging that the names and  
Jones are Defendants, and said pe-  
residences of Defendants other than  
above stated are unknown to Plaintiffs.  
For cause of action Plaintiffs  
further allege that Plaintiffs own in  
fee simple 640 acres of land in  
Young County, Texas, being Sur.  
No. One, Block No. Two, Abst. No.  
264, patented to J. A. Jones, Assignee  
of S. P. R. R. Co., by Pat. No. 578,  
Vol. 6, dated June 1, 1875, recorded in  
Vol. 2, page 364, Deed Records,  
Young County, Texas; said petition  
further alleges that Plaintiff R. W.  
Davis is the owner in fee simple of all  
that certain real estate described in  
four tracts in a deed executed to him  
by the First National Bank of Weath-  
erford, Texas, on Jan. 29, 1820, re-  
corded in Vol. 80 at page 552 Deed  
Records, Young County, Texas, and  
Vol. 67 at pages 124 et seq. Deed Re-  
cords Jack County, Texas; Plaintiffs  
further allege that being in possession  
of the above described lands on May  
1st, 1920, the Defendants unlawfully  
entered same and unlawfully ejected  
Plaintiffs therefrom and now unlaw-  
fully withhold possession thereof from  
Plaintiffs to their damage \$10,000;  
Plaintiffs further allege that the De-  
fendants are asserting some sort of  
pretended interest, title, claims and  
liens on said lands the nature of which  
is unknown to Plaintiffs but same  
casts a cloud upon their title thereto,  
as above set forth. Plaintiffs further  
say that H. W. Davis on April 22,  
1879, executed a deed of trust on the  
above described J. A. Jones 640 acre  
survey of record in Vol. 10 at page  
119 of the deed or deed of trust  
records of Young county, Texas, in  
order to secure R. J. Davis and others  
in their suretyship by reason of their  
having signed the bond of H. W.  
Davis as survivor in community of  
himself and his deceased wife, D.  
Davis, all of which more fully appears  
from said deed of trust; that H. W.  
Davis has been dead for over 20 years  
and said estate long since closed and  
thereby said deed of trust satisfied and  
same has never been released; Plaintiffs  
further aver that on October 5,  
1897, J. G. Slover and Sallie R.  
Slover sold their interest in all of the  
above four tracts of land above de-  
scribed belonging to Plaintiff R. W.  
Davis, to one A. S. Lewis, as shown  
by deed recorded in Vol. 45 at page  
10, Deed Records, Young County,  
Texas; that in said deed the vendors  
lien was retained to secure a series  
of three notes for \$200 each, signed  
by said Lewis and payable to Sallie  
R. Glover all fully described in said  
deed; that said notes have long since  
been paid but not released of record.  
Plaintiffs further allege that on Sep-  
tember 5, 1883, Albert Jones con-  
veyed the above mentioned 160 acres  
Albert Jones survey to J. C. Jones  
and Company, by deed recorded in  
Vol. 16, at page 114, Deed Records,  
Young County, Texas; that in said  
deed the vendors lien was retained to  
secure a note for \$800 due September  
10, 1884; that said note has long since  
been paid but not released of record;  
Plaintiffs further allege that on July  
10, 1890, Josie F. Hutchison by deed  
recorded in Vol. 21 at page 257, Deed  
Records, Young County, Texas, con-  
veyed to W. J. Carson and T. D. Lewis  
the aforesaid Albert Jones 160 acre  
survey; that in said deed the vendors  
lien was retained to secure a note for  
\$1070 of even date with said deed due  
at 12 months that said note is fully  
described in said deed; that Josie F.  
Hutchinson endorsed same to W. F.  
Campbell to whom same was paid  
and she has no further interest in  
said land; Plaintiffs further allege  
that on Oct. 12, 1892, W. J. Carson et  
al, executed to E. S. Graham a cer-  
tain option recorded in Vol. 22, at  
page 533, Deed Records, Young  
County, Texas, to sell the above lands  
belonging to R. W. Davis said option  
expiring June 1, 1893; that no sale  
was ever made under said option but  
same has never been released of  
record and constitutes a cloud upon  
Plaintiff R. W. Davis' title to said  
land. Plaintiffs further allege that J.  
C. Jones and J. P. Dent on April 24,  
1884, by instrument recorded in Vol.  
13 at page 552, Deed Records or deed  
of trust records, Young County, Texas  
created a deed of trust lien upon the  
P. B. Ballard survey above mentioned  
to secure a note for \$1272.61, fully de-  
scribed therein; that said note has  
long since been paid but no release

given. Plaintiffs further allege that  
on Mar. 31st, 1876, A. B. Grant exe-  
cuted a deed of trust upon the above  
J. A. Jones 640 acre survey to secure  
J. R. Coutts & Co., in payment of a  
note for \$2232.93 fully described  
therein dated Jan. 25, 1876; that said  
note has long since been paid and  
released by the trustee but never re-  
leased by the owners, said deed of  
trust recorded in the deed or deed of  
trust records of Young County, Texas,  
in Vol. 27, at page 274. Plaintiffs  
further allege that John James et  
ux. executed to E. S. Graham on  
September 13, 1892, a certain option  
to sell a portion of the above lands  
belonging to R. W. Davis, which said  
option expired June 1, 1893, all more  
fully shown by instrument recorded  
in Vol. 22 at page 459, Deed Records,  
Young County, Texas; that said parties  
owned no interest in said lands  
at said time, but the execution of  
said instrument and record thereof  
creates a cloud upon Plaintiff R. W.  
Davis' title thereto. Plaintiffs further  
allege that Horace Baker on July 1,  
1890, executed a deed to the 110 acres  
of land of the Wm. and Fannie Bragg  
survey mentioned in the above deed to  
R. W. Davis, recorded in Vol. 20 at  
page 559, Deed Records, Young  
County, Texas; that in said deed a  
lien was retained to secure a note for  
\$25 due at 12 months; that said note  
has been paid and Horace Baker has  
no further interest or lien on said  
land. Plaintiffs refer to all the above  
instruments and records as afore-  
said for full description of all the  
above lands, notes and liens and op-  
tions and all matters to which they  
relate; Plaintiffs further allege that  
if they are mistaken in the allega-  
tions that each and all of the above  
notes have long since been paid and  
said options expired, then they say  
that same have never been renewed or  
extended of record as required by  
law, and they plead the statutes of 1,  
4 and 10 years in such cases provided  
by law in bar of said notes, liens and  
options as aforesaid. And Plaintiffs  
further plead the 5 and 10 years sta-  
tutes of limitations against said un-  
lawful entry by Defendants on said  
land and against any cause of action  
in Defendants either for said lands  
or to assert any character of lien or  
option thereon.

**WOMAN 113 YEARS OLD DEAD**  
Mrs. Narsis Burns, 113 years old,  
died last Saturday afternoon at the  
home of her daughter in Houston. She  
came from Tennessee to Texas when  
8 years old and spent the rest of her  
life in Texas. She spent 80 years in  
one home in Shelby county.  
The fact that she refused to per-  
mit her troubles to worry her and  
that she always indulged in outdoor  
exercises were given by Mrs. Burns  
as the secret of her longevity. Only  
last fall she was able to walk a mile  
with little sign of exertion and she  
made many long railroad trips alone.  
Mrs. Burns had never used a tele-  
phone nor ridden in an automobile.

pray upon trial they be decreed to be  
the owners in fee simple of the above  
described lands as above set forth  
and entitled to possession thereof for  
their writ of possession, their dam-  
age and costs; they further pray that  
all clouds cast upon their title to said  
lands as aforesaid by any and all  
pretended claims, interests, liens and  
title which may have heretofore been  
asserted by Defendants be removed;  
that each and all of the above liens  
be cancelled and removed from their  
title to said lands, that they be

#### DANGEROUS CULVERT

There is a dangerous culvert at the intersection of Virginia and 3rd streets. People who have been living in Graham some time will know it better by calling it the culvert; at the corner of McCain's residence. The ditch is deep and the culvert is narrow. It is probably wide enough for two cars to pass in day time by driving very slowly and carefully.

Several accidents have happened at the culvert during the last year. There is no street light at this intersection. The greatest danger is when two cars meet here at night. The drivers are blinded by the light from the approaching car and as a result the driver fails to notice the narrowness of the culvert and runs into the ditch. Only last Saturday night Mr. Hudson's Roamer missed the culvert. It was at this place Mrs. Woolfolk was hurt some time ago. Mr. Gideon and others have missed this culvert in the past months. Many people have expressed the opinion that the culvert should be widened before some one is seriously hurt.

#### BAILEY ASKS FOR NAME ON DEMOCRATIC BALLOT

Ex-Senator Joseph W. Bailey has made application to the Democratic Executive Committee to have his name placed on the Democratic ballot as a candidate for Governor of Texas. Many protests have been filed with the committee to keep his name off the ballot on the grounds that he is not a resident of Texas.

The matter of his residence will be a proposition for the courts to settle. The committee will likely place his name on the ballot. The State Democratic Executive Committee is not a court and would err in pronouncing judgment on a doubtful question. Mr. Bailey should not be denied the privilege of running for Governor of Texas if he wants to do so unless the courts hold that he is legally barred.

The large brick building being erected by Owen and Robinson, on the east side of the square, is being finished rapidly. The upstairs will be fitted up for an up to date rooming house. Mrs. Barnes, who has been in charge of large rooming houses for fifteen years, has already moved here to take charge as soon as the building is completed. She comes here from Mineral Wells and has the best of recommendations from the traveling public.

#### ARREST FOLLOWS THEFT OF MONEY AND CHECK

Theft of \$900 from an oil lease broker from Breckenridge Monday night led to an arrest Tuesday night and the confiscation of four gallons of alcohol, several cases of "jake" and other fluids that might cause one to stray from the straight and narrow. The arrest was made by Deputy Sheriffs LeGett and Dearing and Arch Tyler, prohibition agent.

The soft drink stand where the confiscation was made was closed by the deputies.

An oil lease broker complained to the sheriff's office Tuesday morning that he had been robbed of a check for \$675 and three \$100 bills while under the influence of the brew. The arrest soon followed.

An innocent looking trunk, confiscated by the prohibition officers Tuesday in a Main street hotel contained nearly 1,000 labels of well known brands of whiskey and also a few bottles on the side.

Two bags ordinarily used for hot water, were also found in the trunk and investigation proved that they contained some of the well known and popular "corn whiskey." Carrying "corn" in hot water bags is a new one on the prohibition officers.

#### TOMBSTONE STOLEN

An aged negro woman walked into police headquarters in Fort Worth last week and reported the theft of a tombstone from the grave of her two sons in Trinity Cemetery. She said she had no idea when the stone was stolen, as she has been sick for some time, but that it was there last January when she visited the graves of her sons. The stone was a large one, being about five or six feet high, and weighing about a ton. We have heard of the theft of practically everything including dead bodies from the graves, but this is the first time we have ever heard of tombstone being stolen from a grave.

Misses Mary Craig who is teaching in St. Mary's College at Dallas and Catherine Craig, who attended State University, came in Tuesday night. Miss Catherine received her A. B. degree this year.

#### NAPLES WOMAN OBSERVES HUNDRETH BIRTHDAY

Naples, Texas, June 5.—Mrs. Bethiah Hendrix, who makes her home with Mr. and Mrs. O. A. Lunday, celebrated her 100th birthday anniversary May 29. Mrs. Hendrix is a distant relative of Mrs. Lunday. She and her husband raised Mrs. Lunday's mother from infancy. They lived in Tennessee at that time. Her husband, L. B. Hendrix, died in Tennessee a few years ago, and Mrs. Hendrix came to Texas in 1903 and has resided with Mr. and Mrs. Lunday ever since. A brother of Mrs. Hendrix, Wylie Riggs, died in Tennessee at the age of 90, and she had a sister die at McGregor, Texas, a few years ago at the age of 96.

Mrs. Hendrix is in remarkably good health for a person so old. She is feeble, but is hearty and is up and stir around some every day. She loves to read and talk, and nothing pleases her better than to have the neighbors come and see her and talk with her about things that happened in Tennessee years ago. She is a native of Warren county, Tennessee.

On the occasion of her 100th birthday a number of friends called to see her and she was the recipient of many nice presents. One of the presents she received was 100 dimes given by 100 people of the town.

#### TWO MORE TEMPLES FOR TEXAS SHRINERS

Dallas, June 5.—At a special meeting of the Texas Shrine council here Saturday applications of Wichita Falls and Amarillo for temples were granted. Final action on the applications will be taken at the meeting of the imperial council at Portland in June. Shriners say the imperial council will grant the dispensations and that the new temples will be installed during the summer. Other matters transacted at the special meeting were of a routine nature. Every shrine in Texas except Fort Worth was represented at the meeting.

#### 1,500 Enroll at Denton Normal

Denton, June 19.—More than 1,500 students have enrolled at the Normal College for the summer session and prospects are good for the total to reach 2,000, the largest summer enrollment by 300 ever known.

#### BAYLOR UNIVERSITY'S DIAMOND JUBILEE

Waco, June 10.—The program for the commencement exercises of Baylor University's Diamond Jubilee celebration, to be held June 11-16, has been announced by Dr. S. P. Brooks, president of the institution. The baccalaureate sermon will be preached by Dr. Geo. W. McDaniel, of Richmond, Virginia, Sunday, June 13, and Dr. Geo. W. Truett, of Dallas, will deliver the commencement address June 16. The Hon. Albert S. Burleson, Postmaster General of the United States, will be present as the personal representative of President Wilson and will also deliver an address. Among others who will be on the program are: Hon. J. Hamilton Lewis, United States Senator, from Chicago; Dr. O. H. Cooper, a former president of Baylor University; R. C. Crane, of Sweetwater, Texas, and R. A. Burleson, of Dallas, both of whom will address the Alumni Association.

The Browning Benefit, to be given June 14, will include on its program the noted poets, Edwin Markham, Vachel Lindsay, Amy Howell, Harriet Monroe, and Judd Mortimer Lewis, poet laureate of Texas. President Brooks will give a reception on the campus to former students and friends of the University. Other social features, such as class dinners and receptions, and society reunions, will be held. Musical features of the program include band concerts by the United States Roving Marine Band and the Baylor Band; the rendering of "The Passion According to St. Matthew," the comic opera, "Pie before," and a pageant depicting the progress of Christian education in Texas.

On June 15 commencement exercises proper will be held, and a monument to John S. Tanner, and a bronze tablet to Baylor men who fell in the war will be unveiled.

#### HERSCHEL EDDLEMAN CAME IN THIS WEEK FROM OZONA, TEXAS

Herschel Eddleman came in this week from Ozona, Texas. Herschel is enjoying ranch life. He has purchased the Chambers ranch, east of Graham and has shipped about 1000 goats from Ozont, which he will put on the ranch he just purchased.

Mrs. M. K. Graham entertained with a 2 o'clock dinner party Tuesday, the guests being Mrs. Bert Anderson, of Austin Mrs. G. C. Walstad, of Pampa Miss Lillian Manning, of Dallas, Mrs. L. A. Ringdenberg, Misses Bladen Garrett and Lonia Graham.

Some boob once said that all the world loves a lover. The's jest right too. Loving is about the popularist thing there is. Course there's all kinds of loves and lovers, jest like there's all kinds of cold drinks and soda jerkers. But the kind of love usually spoken of is the Dan Cupid heart-breaking kind. When a young feller gets hit by one of them so-called darts he jest naturally ain't fit for nothin but killin' until the contract is consummated or declared null and void. Yess sir, love is a wonderful thing and has a powerful influence over people's lives and happiness. But you can't live on love alone, there's got to be grub. And you can't always be lovable if your digestive machinery don't work right. It jest resolves to this: good food makes you happy and lovable. Take my advice and get your foods at the SANITARY and then you'll have a cinch on everything from health and happiness to love and affection.

#### SHERIFF'S NOTICE OF ELECTION

THE STATE OF TEXAS  
 County of Young  
 Notice is hereby given that an election will be held on the 26th day of June, 1920, at School House in Common School District No. 27, of this county, as established by order of the Board of County School Trustees of this county, of date the 2nd day of June, 1916, which is recorded in Book 1, page 210, of the School District Boundary Record, to determine whether a majority of the legally qualified property taxpaying voters of that district desire to tax themselves for the purpose of supplementing the State School Fund appropriated to said district, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually a tax of and at the rate of not to exceed 50 cents on the \$100.00 valuation of taxable property in said district for said purpose.

All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election.

Said election was ordered by the county judge of this county by order made on the 29th day of May, 1920, and this notice is given in pursuance of said order.

Dated the 27th day of May 1920.  
 M. M. WALLACE,  
 Sheriff Young County, Texas.

#### SHERIFF'S SALE

STATE OF TEXAS  
 County of Young

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of Young County, Texas, on the 26th day of March, 1920, by the District Clerk of said County for the sum of Two Hundred Seventeen and 90-100 Dollars and costs of suit, under a judgment in favor of J. T. Vaughan in a certain cause in said Court, No. 6141 and styled J. T. Vaughan vs. Dora Brunson, placed in my hands for service, I, M. M. Wallace as Sheriff of Young County, Texas, did on the 6th day of May, 1920, levy on certain Real Estate, situated in Young county, Texas, described as follows, to-wit: Being one-half (1-2) of Lot Number Eighteen (18) and all of Lot Number Nineteen (19) in Block Number Two (2) of the Vaughan-Stone Addition to the City of Graham, Young county, Texas, as per plat of record in Vol. 64, page 311 Deed Records of Young county, Texas, fronting 25 feet on Second Street and extending 150 feet to a 16-foot alley, and levied upon as the property of Dora Brunson and that on the first Tuesday in July, 1920, the same being the 6th day of said month, at the Court House door, of Young county, in the city of Graham, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Dora Brunson.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in The Graham Leader, a newspaper published in Young county.

Witness my hand, this 27th day of May, 1920.  
 M. M. WALLACE,  
 Sheriff Young County, Texas.

**CONFEDERATES TO MEET IN HOUSTON**

The Confederate national reunion will be held at Houston this year. October 5, 6, 7, and 8 are the tentative dates and there is little doubt of the selection of these four days, that there may be no conflict with the Texas State Fair, which will be held October 9 to 24, inclusive. These reunion dates have been chosen especially for the accommodation of Confederates and sons who may want to come to the fair.

General Nathan Bedford Forrest, grandson of Lieutenant General N. B. Forrest of the Confederate Army, who is commander in chief of the Sons of Confederate Veterans, was in Dallas yesterday. He had just come from Houston, where he had made arrangements for the reunion. General Vanandt of Fort Worth, commander in chief of the United Confederate Veterans, wired Houston on Thursday his acceptance of the offer of Houston to entertain the veterans this year.

There have been only three of these annual reunions held west of the Mississippi River. The first was at Houston in 1895, twenty-five years ago, but that one was literally drowned out by a continuous daily and nightly downpour of rain, say Confederates who were there. The second one was in Dallas in April, 1902, and was an eminent success.

The people of Dallas contributed \$55,000 for this entertainment, says the secretary of the committee of ar-

rangements. The third was held at Tulsa, Oklahoma, last year.

General Forrest, commander in chief of the Sons of Confederate Veterans, will shortly move his headquarters from Biloxi to Dallas, he says, and will direct the affairs for the reunion of sons from this city. He says he will not recognize any camp of sons less than 500 strong and only member camps can get rates on railroads. The rates on all railroads this, General Forrest says, will be 1c a mile for Confederates and sons. Houston, General Forrest says, is greatly enthused over the opportunity to entertain the Confederates, their sons and daughters again and is determined to make amends for what they could not help by reason of rain twenty-five years ago.

The State Fair Association will be asked to make a special Confederate day, either October 9 or 10, that the gathering of the Confederates from the reunion may be immense.—Dallas News.

**MUTE COURTSHIP ENDS IN WORDLESS WEDDING**

A courtship without words; a wedding without words and married life without words!

This is the experience of Miss Beatie Walker and Charles M. Wilson, who were married Sunday in Coleman, Texas. Rev. H. L. Munger officiated and was assisted by Mrs. Jack Durham, a sister of the bride, who supplied the words.

The courtship of the bride and groom went on while both were students in the Deaf and Dumb Institute at Austin. They are mutes.

Mr. and Mrs. Wilson will make their home in Fort Worth.—Star-Telegram.

**TOMBSTONE STOLEN**

An aged negro woman walked into police headquarters in Fort Worth last week and reported the theft of a tombstone from the grave of her two sons in Trinity Cemetery. She said she had no idea when the stone was stolen, as she has been sick for some time, but that it was there last January when she visited the graves of her sons. The stone was a large one, being about five or six feet high, and weighing about a ton. We have heard of the theft of practically everything including dead bodies from the graves, but this is the first time we have ever heard of tombstone being stolen from a grave.

Don't lay down and say the town is going to the devil fast. Buck up and open that old weasel-skin purse and spend a dime for advertising. In the meantime, we are still serving those delicious Hamburgers at the WHITE DERRICK. The Dolman House is next door. 39tc.

### NEW YORK IS STILL SECOND CITY IN POPULATION

Washington, June 5.—New York has fallen more than a million short of being the world's greatest city, according to figures given out at the Census Bureau Saturday night. The American metropolis has a population of 5,621,151 persons, according to the 1920 census. Official figures obtained here showed London, with 6,726,763, is still the world's metropolis.

Since 1910 New York has gained 854,263 in population. The 1910 population of New York was 4,766,883, showing that in the past ten years the size of the city has increased 17.9 per cent. London, it is estimated, had a larger population before the war than now. New York, however, is easily the second city of the world. Paris in 1920 had 2,888,000 inhabitants; Tokio in 1916 had 2,244,796, and Berlin in 1919 had 2,071,000. It is not believed that any other cities have had sufficient growth during them to the level of New York.

Coming to this side of the water, census officials expect New York to have a larger population than most States. While complete figures are not available, it is expected that only Ohio, Texas, Pennsylvania, Illinois and New York state itself will exceed the population of New York City.

In giving out New York's population, the bureau also made public the population of the five boroughs.

The figures show that one borough, Manhattan, with 2,284,103 inhabitants, is greater than the 1920 population of any city given out at the census bureau so far. It may exceed Philadelphia, Manhattan, however, is not as large as ten years ago, the population having decreased 2 per cent. Brooklyn, with 2,022,262, is now almost even with Manhattan.

### COURT SHEARS BOARD OF MUCH TICK CONTROL

The decision of the Court of Criminal Appeals, declaring the penal provisions of the act creating the Livestock Sanitary Commission as "faulty and incomplete" and decreeing them inoperative, practically nullifies the administrative functions of the commission, according to S. C. Rowe, attorney for the Cattle Raisers Association of Texas. The Court of Criminal Appeals Wednesday granted the application for a writ of habeas corpus in the case of J. M. Leslie from Milam county who was arrested because he failed to comply with the orders of the court.

The Commission, under the court's decree, become impotent in any effort it may make to compel obedience to its orders for the dipping of unclean cattle. The Commission, stripped of its penal functions, however, remains intact and can prevent the movement of unclean cattle into white or clean territory.

Rowe said that an effort may be made to get the present extraordinary session of the Legislature to so amend the law creating the Commission as to meet with the approval of the Court of Criminal Appeals. Judge Dayton Moses, now in Breckenridge, may go to Austin and obtain the submission of the entire act to the Legislature for consideration.—Star-Telegram.

### GUSHER ON OUTSKIRTS OF BRECKENRIDGE COMES IN

Breckenridge, June 4.—Castleman well No. 1, on Stephens County Oil and Gas Company's lease, came in today making fifty-four barrels in twenty-eight minutes flowing by heads. Gray lime was struck at 3,045 feet. The drill went thirty feet into lime when the well flowed. The flow ceased after several hours. The well is being drilled deeper into lime.

The Castleman well is just two blocks from Main street and just outside the proposed city limits.

The C. R. Brown No. 4, two miles south of Breckenridge, and C. B. Brown No. 3, one-half mile south of No. 4, have taken a jump in production since being brought in on Tuesday and the former well, which was brought in at 720 barrels a day and which increased the second hour to 2,400 blew off the oil saver and went over the top. The estimated production now is 3,600 barrels a day.

The Brown No. 3, which came in simultaneously, making 1,500 barrels a day, increased to 2,000 barrels. Both Brown wells are on the Magnolia tract.

Mrs. Robert LaPrade, of Stroud, Oklahoma, is expected this week for a visit to her parents, Rev. and Mrs. B. A. Snoddy.

A. J. Ernest, of Dallas, is in the city this week on business.

Mr. Cunningham, secretary Y. M. C. A. of Sherman, is spending a few days with relatives at Eliasville.

Mrs. Emily Padgett returned Tuesday from a ten days visit in the home of Henry Moore near Bryson.

Mrs. Parkinson, east of town, has been suffering with appendicitis but is some better today.

### BIG WILD ANIMAL SERIAL A THRILLER

Natives and Wild Animals of the African Jungle All Play Their Parts

The most weird, strange and certainly most thrillingly sensational screen offering of recent years is soon to burst upon the excitement loving public in the form of a fifteen episode serial production, "The Lost City," a story of the African jungle and its never-ceasing thrills and adventures, featuring the beautiful and daring Juanita Hansen, who is supported by George Chesbro and a big cast of clever screen talent, will begin its run at the National Theatre on Monday, June 14.

Who has not, at some time or other, read of the dangers of the jungle in the classic tales of the African jungle without a compelling desire to see for themselves these daring adventures with their own eyes? And this desire has not been confined alone to the younger element. Old and young revel in such scenes as only the wild and mysterious jungles can offer, and in the presentation of this extraordinary serial story the producer whisks the spectator into a strange land, among strange people, and a long series of hazardous adventures that could never be described in words as it can be shown in thrilling motion pictures upon the screen.

Elephants, tigers, lions, leopards, camels, gorillas, alligators, eagles, and all the other wild denizens of the African jungle and scorching desert, each play their important part in this swift-moving story, crowding sensation upon sensation in such rapid sequence that the spectator is hardly allowed to recover from one gasp before another is forced upon him.

Unlike other animal productions of the past "The Lost City" is presented with really ferocious and untamed animals, rather than with the subdued or drugged beasts hitherto shown in many films. It was fortunate for the production itself that Miss Hansen possessed that daring courage that made it possible to use these savage specimens which have added so very much to the rush and "pep" of the story.

It was something more than luck that brought the plucky little star through her countless dangerous scenes unharmed, although she was badly scratched in one scene in which a particularly vicious leopard attempted to spring upon her from a high rock. The scene called for the hero, played by George Chesbro, to rush up in the nick of time, hurl a lasso about the neck of the springing animal in mid air, and bring it to the ground before it could strike the cowering heroine. True to its aim, the lasso encircled the neck of the beast, but its own momentum carried it close enough to fasten upon the arm and shoulder of the daring little star, who was given one fearful scratch that stopped the making of the picture for several days.

### T. C. U. GETS \$200,000 OF ENDOWMENT FUND

Texas Christian University will receive \$200,000 as the first portion of the endowment which members of the Christian churches in Texas have raised for the university according to an announcement Wednesday by the board of directors when notes were signed placing the \$200,000 to the credit of the university officials. Plans were made for raising \$500,000 additional among the Christian churches in the state and a committee composed of Van Zandt Jarvie, Fort Worth; Samuel J. McFarland, Dallas, and Andrew Shirley, of Anna, were named to carry out the plans.

Daniel D. Rogers, of Dallas, reported to the committee that more than \$60,000 is on deposit to apply toward the erection of the new gymnasium, ground for which will be broken Thursday on the University campus.—Fort Worth Record.

### INVEST IN W. S. S.

The business of getting ahead requires the close personal attention. It is an important business.

The following statistics given out by Dinsmore W. Hume, Federal District Director of the Government Savings Division, are significant. Each is a sermon on thrift and savings.

Ninety per cent of the business men in the United States reach old age without an adequate income.

Nineteen out of twenty people fail to provide for old age or their families.

Thirty-five per cent of the widows in this country are in want.

Ninety per cent of the children in the United States must leave school to go to work before reaching the eighth grade.

Eighty per cent of the adult population in the United States leaves no estate at death.

One or more War Savings Stamps invested in every pay day will help make any one's business of getting ahead a success.

### IS OLDEST MILITARY BODY

Organization of Knights of Windsor, Still in Existence, Was Founded by King Edward III.

The Military Knights of Windsor is the oldest military body in the world, having been founded by Edward III from the veterans of Crecy and Poitiers, originally having had the prefix "Sir." They are now selected by the king from the old regular officers of the British army.

The Windsor knights are picturesque old gentlemen, their uniforms consisting of a scarlet coat with gold epaulets. Their somewhat expansive waists are lashed round with a crimson sash and they have a very dandy-looking cross-belt of white leather, of which is a breastplate embossed with the garter arms, the garter sword hanging from the belt. There is a bright crimson stripe on the outside of their trousers. Their hats are the most luxurious creation of feathers, plumes and cockades.

The duties of these old warriors are not now very exacting. At one time they were bound to attend the chapel of St. George at Windsor twice a day. Their devotional duties were later reduced to their presence at divine service only once a week and on the birthdays of certain members of the royal family. The strength of the corps at the present time is only 18, which consists of 13 knights of the upper foundation and five in the lower.

### GOT RID OF MALCONTENTS

Pilgrim Fathers Had a Highly Effective Way of Dealing With the Colony's Undesirables.

Deportation of "undesirables" is not an innovation in this country. The Pilgrim Fathers, confronted with the problem of dealing with malcontents among them, shipped the disgruntled ones overseas. Governor Bradford's story of the Plymouth colony shows how things were done in those days.

According to Bradford's story the "reds" in the Plymouth colony were represented by John Lifford and John Oldham, who conspired together, both against the church and the government of the colony, endeavoring to entice others with them. Oldham refused duty when called upon by Captain Standish, whereupon it was determined to place Oldham and Lifford on trial, all the members of the colony being present. They were convicted, the court ordering them expelled from the colony, both being deported ultimately.

Oldham came once again to the colony and created a serious breach of the peace, whereupon they committed him till he was tamer, and then appointed a guard of musketeers which he was to pass through, and everyone was ordered to give him a thump on the back, with the butt end of his musket and then was conveyed to ye water-side, where a boat was ready to carry him away. Then they bid him goe and mend his manners."

### Eucalyptus Fuel

Eucalyptus trees planted on tropical mountain sides would produce fuel at the rate of 20 tons, dry weight (60 pounds to the cubic foot), per acre annually. This in perpetuity, the plantations when cut reproducing themselves without further expense.

Such is the declaration of a scientist who says that by this means the sun's heat in hot latitudes can be economically stored, the dry eucalypt timber being heavier than coal and possessing more heating power, bulk for bulk.

An acre of eucalypts in the tropics, he asserts, would produce the equivalent of at least twenty tons of coal per annum, the only requirements being powerful sunshine and heavy rainfall to insure rapid growth. So, with such a possible resource available, why worry about the threatened exhaustion of the coal mines?—Exchange.

### Janitor Rang Class Gong

New York university has just come into possession of an original photograph of the first janitor of that institution, equipped with the gong and stick with which he called the students to classes, says the New York Evening Sun.

When the university was founded, January 8, 1830, and students met in the original building back of the city hall, there was, of course, no electric bell ringing system. The responsibility of attendance at recitation was shunted onto the janitor.

Promptly on the hour he would proceed through the corridors armed with a huge metal gong in one hand and the gong stick in the other. Pausing outside the classrooms, he would beat his tattoo until the professor ceased his lecture and the students moved on to the next room on their program.

### Friendship

The capacity for making friends, the ability to win others to us, to fasten them to our souls with hooks of steel, to surround ourselves with those who are loyal and true, is a wonderful power. Some possess it in a marvelous degree; they make friends without effort. But although comparatively few are thus gifted it is possible for every one to develop the power in greater or less degree.

"Only be admonished," as Emerson says, "not to strike leagues of friendship with persons where no friendship exists. Our impatience betrays us and foolish alliances."—O. Marden, in Chicago Daily News.

### KEEP MAN GUESSING, SAYS OLD MAMMY

"Old Mamma" is one of the quaint characters in "The Inferior Sex," a picture starring Mildred Harris Chaplin which will be shown at the National Theatre on Saturday, 19th.

The old negress had been oft married, and as she expressed it, "Four ob dem having promised to lub and obey me."

As the cook in the home of the young married couple, she gives some wholesome advice to the wife, who spends all her time trying to please an indifferent husband.

"Keep him guessin'," said Old Mamma. "De onliest way to get along with men is to keep 'em happy. An de onliest way to make 'em happy is to make 'em unhappy. Keep 'em guessin and dey will be ohappy and den dey'll lub you and be happy."

Sheriff, Young County, Texas.

## Pull Together for an American Merchant Marine

The war resulted in the creation of a great merchant marine—10,000,000 tons of American ships which cost us \$3,000,000,000.

Everybody agrees that we must keep this fleet on the seas.

If we fall back to pre-war conditions—when only 9 per cent of our foreign trade was carried in American ships—We shall be in the position of a department store whose goods are delivered in its competitor's wagons.

Congress is considering legislation which will perpetuate our war-built merchant marine.

Until this is done the ships we have should not be sold to face conditions which, prior to the war, resulted in the decline of our merchant marine to insignificance.

This Committee calls attention to these facts because a right solution of our shipping problem is vital to the future prosperity of shipbuilding, but equally vital to the safety and prosperity of the nation.
