CARUSO DIES FOLLOWING OPERATION FOR ABSCESS

"Enrico Caruso is dead" was the news flashed over the world Tuesday, August 2.

The gallant and spectacular fight which the world famous tenor had waged against disease ended early Tuesday morning, when the opera idol, with his wife beside him, died in Naples, Italy, from acute peritonitis.

Caruso became ill last week and was brought from Sorrento to Naples where facilities for medical treatment were better. Four specialists were retained.

Upon diagnosis, it was found he was suffering from an abscess between the liver and the diaphragm. Caruso was very weak and his lungs had suffered from the strain of his previous illness, but an operation was decided on as the only means of saving his life.

Acute peritonitis then set in and Caruso grew steadily worse Sunday and Monday. He knew that death was near, but maintained his old-time cheerfulness.

Word of Caruso's death immediately was cabled to friends in New York by Mrs. Caruso and a few hours later cablegrams of condolence began arriving.

No arrangements have been made for the funeral, but it is believed the singer will be buried near his old home in Italy.

Not only music-lovers, but persons prominent in many other walks of life felt the blow of Caruso's death. This was shown from the number of cables that continued to pour in this afternoon. They came from business men and financiers as well as from grand opera stars. The music world of the entire globe cast into gloom.

FELIX URY LEAVES FOR BUSINESS TRIP TO VARIOUS CITIES

Felix Ury, Young county's biggest booster, is very optimistic about the future development of oil in this county. He believes that business will "pick up" with the beginning of fall and that by January 1, 1922, oil will have advanced materially in price and that everything will be going good.

Mr. Ury is leaving this week for a three month's trip to various sections of the United States. He made the following statement to the Leader before leaving:

"I think very favorably of both Young and the territory north of Graham and believe that Young county's pipe line runs by January 1, 1922, will be 25,000 barrels daily. The people must be optimistic as to the future.

"I will be away from Graham three months and will visit the principal cities of the northern and eastern states. It is my intention to keep in close touch with the oil situation here.

"During my stay in Graham and vicinity I have made some very good friends and I appreciate them too. I still hope to help put this county on the map as one of the greatest producing counties in the country."

REV. GARY SMITH TAKES VACATION

Reverend Gary Smith and family left in their car yesterday for a month's vacation in Southwest Texas.

Brother Smith has developed a reputation for catching big fish and he will, no doubt, convince other sections of Texas that he knows how to handle big fish.

He asks us to announce that during his absence from the city that there will be no preaching services at the Presbyterian church. All other services will be held as usual.

J. W. Busby, prominent stockman and banker of Baylor county, was here this week visiting his daughter, Mrs. Elmer Graham.

A. J. Ernest of Dallas is a business visitor in Graham this week.

GRAHAM SCHOOLS READY TO OPEN SEPTEMBER 12

At a recent meeting of the board, it was decided that the Graham public schools would open September 12, 1921.

The conditions at present seem to indicate that the local school will be as badly crowded as it was last session. It is true that a \$65,000.00 bond issue was voted, but as yet the board has not been able to sell the bonds. Superintendent Cogdell is planning to accommodate the children in the present building or in case of necessity, to ask that a temporary building be erected.

The teachers elected to date are: H. B. Cogdell, Supt.; T. H. Glenn, principal; Miss Lille B. Pate, Miss Johnnie Agnew, Miss Arrie Barrett, Miss Bess McWilliams, Miss Edna Reath Robinson, Miss Margaret Short, Miss Amy Newsom, Miss Nell Sammons, Miss Winnie D. Hamilton, Miss Jewel Drew, Miss Florence Blair, Miss Virginia Hight, Miss Attye Griffith, Miss Lois K. Green, Miss Lois Fry, Miss Mayne Inman, Miss Lottie Peevey, Miss Vera Precise and Miss Pauline Curry. Teachers are yet to be elected for the Spanish and public school music.

The date for the opening of school will soon be here, and we all should do our best to be ready and have all children enter the first day.

FIRE DESTROYS TWELVE HOUSES IN RANGER

Man and Girl Injured Leaping to Ground; Loss is Near \$50,000.00

Ranger, Aug. 1.—Fire, starting at 1:30 o'clock this afternoon, wiped out nearly a block of frame structures on Marston street, between Walnut and Cherry, and three buildings on Walnut.

Ten or twelve buildings were destroyed, all small except the Wilson hotel and the Robinson bath and rooming house. The loss is substantial, on account of the nature of the buildings, but probably will run between \$30,000 and \$50,000. No insurance was carried, as the block was nearly all of flimsy construction, erected during the early boom days.

S. P. Evans, a baker, had a narrow escape from death. He was sleeping on the third floor of the Robinson building, and was surrounded by flames before he awoke. He was badly burned about the face and hands and sustained a broken ankle in jumping from a window. Miss Clara Fowler also injured her back in jumping from the same building.

The flames were discovered in an old garage building on Marston street, from which it quickly spread to the Robinson building, a three-story frame and beaverboarded affair, and to the Wilson hotel, a two-story frame building, which adjoined the garage at the rear.

Working from the large Texas garage to the east of the hotel firemen prevented a spread in that direction, but several small business houses to the west of the hotel were burned. A two-story concrete building checked the spread to the west, and it, together with a wooden building on the corner of Walnut and Marston, was saved. Meanwhile the flames, fanned by a brisk wind, quickly devoured the row of small wooden houses facing Marston street. Firemen were able to prevent the flames jumping the street, and they were brought under control at 3 o'clock.

LIGHTNING STRIKES WELL AT TOM CORBETT

Lightning struck Corbett well No. 2 in the town of Tom Corbett yesterday afternoon. The rig and equipment were burned. This well has been producing several months. The amount of the loss has not been determined.

RANGER GAS CO. OPENS OFFICE IN LYNCH BUILDING

Work on the extension of the gas line from South Bend to Graham will begin as soon as the tools and equipment arrive.

J. B. Owen, vice president and general manager of the Ranger Gas Company has opened an office in the Lynch building on the east side of the square and will spend the greater part of his time in Graham while the line is being installed. Mr. Owen states that the pipe to be used on the inside of buildings and the welding equipment has been shipped and is expected to arrive in Graham any day. Pipe for the main line has been bought subject to inspection and will be shipped soon if found satisfactory on inspection.

W. J. Colgrove, field superintendent, J. W. Sanders, assistant field superintendent, and L. A. Porter, general utility man, have moved to Graham and several other families will move here as soon as the construction work begins.

The company expects to have the line completed in sixty days from the time work on the line begins. Gas is a great convenience and the property owners should begin to install the pipes in their buildings at once so that connections can be made as soon as the main line is completed.

ENJOYABLE VISIT TO HOSPITABLE HOME OF MR WARE

The editor and his family went out to Uncle John Ware's Monday afternoon. They had not been there long when Uncle John brought out a 46 pound watermelon. The editor and his family are very fond of melons but it was too big for them to make way with all of it.

Mr. and Mrs. Ware and Miss Mollie West, who lives with them, are hospitable hosts. They have a fine home and take delight in entertaining their guests. Mr. Ware, known to most people as Uncle John, moved here from Stephens county last fall. He has a large ranch in Stephens county but rented it out and came to Graham and bought a fine home.

Graham is proud to have such substantial citizens move here. He is progressive and believes in everything that means the upbuilding of the community. He does not believe in mushroom progress but in material progress.

Hamon-Kell Will Connect August 10

Work is going forward at a rapid rate on the Wichita Falls and Southern railway. Train service has been established as far as Ellaville.

Linking up of the north and south ends of the Hamon-Kell railway will be completed by Aug. 10 and trains will begin operating from Wichita Falls to Breckenridge on that date. This announcement was given out by J. H. Fraser, vice president of the Hamon line, who says it is the assurance given him by Frank Kell.

The Kell construction forces have proven accurate in their promises; every instance heretofore, reaching both South Bend and Ellaville on the date set, and unless something entirely unforeseen interferes, they will make good in this prediction. The grade and bridgework between Ellaville and Jinkurn have been completed and only the final step of laying the rails remains. With the laying together of the two roads, the dream of direct connection between the two great pools of the North Central fields—Ranger and Burkburnett—will have materialized.

KILLS SISTER AND THEN SHOOTS SELF

Kirbyville, Texas, Girl Fires Pistol at Luncheon With Fatal Results

Beaumont, July 31.—Miss Nellie Palmer shot and killed her sister, Mrs. W. L. Wilson, and then fired a shot into her own brain, dying instantly. The tragedy occurred at the home of Mrs. Wilson in Kirbyville, Texas, near here, this afternoon.

GRAHAM HAS IDEAL WHOLESALE BUTCHER AND STORAGE PLANT

The Graham Wholesale Butcher Company is a new institution in Graham. The gentlemen who organized the enterprise are so quiet that many Graham people who have been enjoying the products of their business do not even know they have such a deserving institution in the city.

Through the kindness of Mr. Batchler, the reporter had the privilege Tuesday of inspecting the entire plant. The first visit was to the slaughter house where the reporter was surprised to find such well equipped plant. Everything is strictly sanitary. There is positively no flies around the plant. Every room is screened so that no flies can get in. All refuse is carried away in a galvanized chute that is kept scrupulously clean. The reporter was more than pleased with the sanitary condition of the premises.

The next visit was to the cold storage in the Wichita Falls and Southern yards where we found an ideal cold storage plant. The cooling room where the meat is first hung is kept at a temperature of about forty degrees. After the meat is kept in this room several hours it is transferred to a room kept at about thirty-two degrees.

This company kills only the choicest steers and are prepared at all times to furnish this entire section with the very best beef obtainable. Their prices are in keeping with the Fort Worth market and their products are better. The markets in this section should investigate this new enterprise. If our people will visit the plant near the Southern depot they will insist upon their market handling home products. Home enterprises should be given first consideration. No better sanitary conditions prevail anywhere than at the Graham Wholesale Butcher Company. The firm is composed of M. S. Jordan, Dan Cambern and W. H. Batchler.

B. Y. P. U. Enjoys Trip To Loving

The Graham B. Y. P. U. went to Loving last Thursday night to assist the Union being organized there in rendering a program. Miss Robbins of Oklahoma has been in the county some time assisting the young people in different parts of the county organize Unions. The young people of the Graham Union have been assisting her.

The following went to Loving Thursday night: Misses Leila Calvin, Raye Thomas, Mary Thomas, Bessie Mayes, Faye Steen, Evelyn McLendon, Robbie D. Jones, Myrtle Kemp; Messrs. Mayes, McCoye, Penix, Willingham, Peavy, Hutchings and Dr. Warrick.

Clare Hutchings, Spencer Mayes, Clarence Willingham, Chauncey Penix, Faye Steen, Bessie Mayes and Lillie Mae Calvin assisted in rendering the program.

The trip was enjoyed by the young people.

PETTY BURGLARIES CONTINUE IN GRAHAM

Petty burglaries, evidently by young boys, continue in Graham. In addition to Snoddy and Son, Russell and Company and Norris-Johnson Hardware Company reported as victims of the burglaries in last week's issue of the Leader, are added Paris Tailors, Young County Hardware and Furniture Company and The Sanitary Grocery. We do not know the loss sustained by these firms but understand that it is small. Mr. Burkett of the Sanitary Grocery said that about twenty-five dollars left in the cash drawer was taken also some candy.

Tracks on the concrete floor in one of the stores entered prove that boys are connected with the burglaries. In most instances the putty around the glass in windows was removed by knives so that the window pane could be easily removed. Efforts have been made to get into other buildings but were abandoned as it seemed to be too great an effort to get the windows open. A window was broken to enter the Sanitary Grocery.

LEGISLATURE STRIKES BLOW AT UNIVERSITY SALARIES

TWO NEW WELLS FOR WEEK WITH OTHERS ON SAND

Interest at present is centered in the Barnes well in the Bunger field. This well is drilling around 1900 feet. Several tests are being made in this field but the Barnes is nearest the sand and is being watched closely.

The Casey-Mercier Jeffery No. 1 four miles north of Graham is running 8-inch casing at 2135 feet. There have been some good showings in the well and a commercial producer is expected at 2300 feet.

The O. P. & G.-McCluskey No. 3 has been completed at 1900 feet and is producing about 200 barrels.

The Connor-McCluskey No. 5 has been completed at 2100 feet and is producing 250 barrels. This is an offset to Ford No. 2.

The Kentucky Company completed its Vick No. 2 last week for an estimated 1,000 barrels per day. The new producer is located about one and one-half miles northwest of Ivan.

The Vick is an offset to the No. 1 well which was completed some three months ago by the Kentucky Company with an initial production of 4000 barrels per day. It is said to be still flowing 750 barrels every 24 hours.

SHERIFF REPORTS BUSY TIMES FOR HIS ENTIRE FORCE

Sheriff John Saye returned Saturday from California where he went to get W. O. Nelson, who was wanted in Texas for violating the Federal Banking Laws and in Young county for embezzlement of funds belonging to Pat Acosta.

Sheriff Saye was gone one month. He expected to return with his prisoner in a few days but legal technicalities kept him a month. He brought Nelson to Fort Worth and turned him over to Federal officers.

The warrant for his arrest on the charge of embezzlement in Young county is in the hands of the Fort Worth officers and at any time he makes bond on the Federal charge he will be arrested on the local charge.

Nelson was in jail in California several weeks. He is now in the Fort Worth jail not being able to make the bond thus far.

Sheriff John W. Saye and his deputies made a raid on the Wellington hotel last Sunday and captured one barrel of "choc" beer, two bottles of whisky, one bottle Mumm's champagne and two Pullman blankets. Two arrests were made.

Sunday night a raid was made on Cluskey City and two cases "choc" beer and a small amount of whisky was captured.

Monday night the force raided South Bend but only secured one quart of Holland gin. J. D. West, deputy sheriff at Olney, arrested R. F. Griffith on a charge of burglary and theft. He was brought to Graham Monday. He made a confession and was taken to Fort Worth and lodged in jail.

MR. AND MRS. JOHN FISHER VISIT GRAHAM

Mr. and Mrs. John Fisher of Galveston were pleasant callers at the Leader office Tuesday afternoon. John has many friends here who were glad to see him and meet Mrs. Fisher.

John's father was with the Leader at the time of his death. He was recognized as the best printer that has ever lived here. John worked some in the printing business but took up railroad work and has been a popular employe of the Santa Fe several years. He began at Cleburne but was soon transferred to the main office at Galveston. He is one of Graham's most deserving boys, and his friends are always glad to see him.

The action of the House in reducing the salaries of some of the University professors has attracted the attention of the people throughout the State more than anything; the legislature has considered thus far during the special session. The vote in the House was 83 to 37 in favor of cutting the salaries from ten to twenty per cent. Professors receiving \$5000.00 would be cut to \$4000.00. Those receiving a lesser salary would get a smaller cut. It is thought that there may be some modification of this cut as there has developed a strong opposition to this form of economy.

The House seems determined to support the Governor in his retrenchment policy.

Little has developed in the graft charges made by the Governor. The biggest graft seems to be in the management of the penitentiary system. The committee appointed to investigate the affairs of the penitentiary joined the Governor in asking W. G. Pryor to resign. He refused to heed the request of the committee. The committee is asking the Legislature to pass a law that will reach such cases.

The committee found that Commissioners Pryor and Sam D. W. Low, the latter since resigned and now a member of the House, purchased 560 mules and horses for \$39,000, and that these animals were actually worth \$15,800, and that the state was grossly defrauded out of \$23,400. The committee recommends that the attorney general's department investigate this deal and bring suit against Bassett Blakley, seller of the mules, for damages. They also recommend that the deferred payments on the Fort Bend cotton oil mill be not paid, and that the attorney general's department bring suit to set aside this purchase. The committee found that the mill was purchased for \$125,000 which was far above its worth.

The committee recommends a centralization of the entire system, with absolute sale of all lands and relocating the centralized system at a point within 50 miles of Austin. They recommend that factories be constructed and properly equipped with sufficient farm land adjoining it for the employment of convicts peculiarly fitted for farm work; that no farming be done to any extent with the exception of that which would make the penitentiary system self-supporting. Under the centralized plan they point out that separation of prisoners as to age, sex, color, prison record and criminal inclination would be more practical and effective.

Rock Crushing Plant

A rock crushing plant to be operated in conjunction with the state highway department is recommended.

The committee points out that they have given careful thought to the penitentiary system and are convinced that until a centralized system is adopted, mismanagement, brutality and mistreatment of prisoners, and financial loss will continue. When the system is centralized and placed under efficient management "then, and not until then, can the people of Texas expect relief from the enormous burden of taxation for the support of this system."

The committee found nearly every regulation and law of the penitentiary had been violated, that the sanitary, food and living conditions were grossly neglected, and cited specific instances confirming their findings. The educational, spiritual and medical attention of the prisoners had been grossly neglected and in this connection the committee recommend the discharge of a number of sub-heads.

Probing of the killing of Jack Baldwin and John Ludwig, state convicts by a guard on the Eastham prison farm began Monday when two convicts, a prison guard and the Eastham farm manager appeared before the joint penitentiary investigating committee.

It was brought out by the money of the guard, John Ludwig, it is a general understanding among penitentiary guards that if a con-

NOTICE—Any erroneous reflection upon the character, standing or reputation of any person, firm, or corporation which may appear in the columns of The Leader will be gladly corrected upon its being brought to the attention of the publishers.

ARE WOMEN MERCILESS?

Is it true that a woman who sits in judgment on another woman is more "cold blooded and merciless" than a man would be? The lawyer who was in charge of the defense of Mrs. Kaber, central figure in a murder case of national interest, thinks so. Said he: "The history of the world shows that whenever one woman has sat in judgment on another she has been hard on that woman."

If it be true that women are as Mrs. Kaber's lawyer describes them, the state should more often endeavor to put women in the jury box. The country needs a little less of that emotionalism which is mis-called mercy but which oftener is silly sentimentality. Too many persons, especially women, who kill "get away with it." Too many wives kill husbands or other men and go free because they weep prettily or wear pretty clothes or use a dimple to a good effect.

Men are too prone to be merciful when women are on trial; maybe the Kaber lawyer was merely stating, in another way, the fact that women are really not too merciless toward each other but are too nearly fair to suit women on trial. A tendency to see that justice is done has not infrequently been termed "mercilessness."

WEARING "CIVIES" AGAIN

The army is put finally on a peace-time footing by Secretary of War Weeks' order permitting officers and enlisted men to wear civilian clothes within continental limits of the United States, "except when on duty or at a military post or reservation."

During the war wearing of the uniform was obligatory, whether one was on duty or off. Then there were so many soldiers about that the uniform ceased to attract the attention that it gets now when the forces have been demobilized. Both officers and enlisted men will welcome the opportunity to get into "civs" for a change. Before the war it was not unusual for enlisted men both of the army and navy to be denied admission to places of amusement and entertainment when in uniform.

While the present order applies only to the army, and soldiers, doubtless, would prefer to doff their uniforms when going out for pleasure, it would be a rash individual who now would deny admittance to a soldier or sailor in uniform. Since over 4,000,000 men donned the uniform there is a jealous regard for what it means that would abode ill for one who might dare to insult it by intimating that it is not a proper garb for any occasion.

The uniform is not an emblem of militarism but of the willingness to fight despotism if need be. It is the badge of patriotism, a patriotism that seeks no aggression, but will permit no invasion of our own rights.

SITUATION MUST BE ALARMING

Now Republicans in congress are in revolt against the oligarchy of leaders. With thousands of their fellow countrymen they have tired of the failure of the reigning dynasty to translate campaign pledges into administrative performances. They cannot forget that congress has been in session just about four months and accomplished virtually nothing. Business men are more at sea than if congress had never met.

To this warranted criticism of congress there is not partnership. This revolt has not come from Democratic sources. It started with Republicans and conditions must be alarmingly bad when Republican congressmen complain in public about them.

PRINT

We may live without credit or style. We may win without energy, skill or a smile, without patience or aptitude, purpose or wit. We may even succeed if we're lacking in grit, but take it from me as a mighty safe hint—a civilized man can't live without print.—Inland Printer.

THE SECRETARY OF COMMERCE

Political harpies are croaking a big blow-up in the Harding cabinet within a year. They point to Herbert Hoover as a barrel of powder a fuse and a match. All that's needed is some feather-brained politician to do the ignition stunt, they say.

"Hoover has a profound scorn for petty politicians," say these birds. "He is doing a lot of offending in trying to run the nation's business like it was a business. Hoover is getting the bureaucrats in Washington sore at him because he is trying to grab off a bunch of their commissions and bureaus, to add to Department of Commerce. Even his fellow cabinet members are getting a little chilled towards him. They seem to fear that they will get up some morning and find that Hoover has recommended the total abolishment of their portfolio on the grounds that a clerk could run the job better."

"Sure, Hoover is one of the cabinet members who has the nation's confidence," they admit, "but that's no reason why he should grab all the publicity."

"Hoover is a big man," said the head of a division of the Department of Commerce. "I was in the Department before he came and can see the difference in the ways things are being done. But I'm afraid it won't last. Hoover does not have to hold this job down unless he wants to. He can get a better one."

If Hoover has any designs on a job bigger than running the business of the greatest business nation on earth he has kept it to himself.

Here are a few sidelights on the Secretary of Commerce: He slanders who says Herbert Hoover can't smile. The other day a newspaperman made a slip of the tongue and called the Secretary of Commerce "Herbie." The flash of Hoover's smile eased the awed silence that followed.

Hoover is an easy man to talk to. That's it—easy to talk, too. He makes you feel like you had something to say whether you have or not. This trait never failed to make a man popular.

No other cabinet member gets the publicity Hoover does. He keeps the clipping bureaus working overtime.

One of the reasons for this is that Hoover works a novel system with newspapermen. Whenever a big story is about to break and reporters suddenly find that the usual news sources have decided to emulate the clam, Hoover will hold an "executive session" and lay the whole yarn bare. "Executive session" stories can't be used until they officially break, but when this occurs the writer finds many angles of the story—have been illuminated by Hoover, which is the reason Hoover's name creeps into many utterly unrelated stories.

If Hoover ever runs for President he will not get the barber vote. He passes up to many chances for getting a hair cut. It is even rumored that he shaves himself with an old-fashioned razor.

To find fault with your home town is next kin to finding fault with your own family. Fault finding in the home leads to divorce, dissolution of family ties and destruction of the home. It is indiscreet to continually criticize the people or business enterprises of your home town, for you're undermining the structure of your own building. The church, school, office, store or shop are here located. The business man, professional man and tradesman are at your service. The paving, sidewalks, lights and water system, picture show, the band and other organizations contribute to your welfare, comfort and pleasure. Is not this sufficient inducement for your hearty cooperation?—Clarks (Neb.) Enterprise.

"PIPE LINE" FOR TIPS ON OIL

Another "pipe line" between Washington and Wall Street is suspected. Cautiously enough it is supposed to have carried oil information with the result that the brokers "in the know" made millions.

A report on Mexican oil conditions made confidentially for the United States shipping board reached members of congress and Chairman Porter of the house foreign relations committee ordered the report published without the knowledge of the shipping board. Seven members of Mr. Porter's committee did not know of the action and were quite as much upset by the development as shipping board members themselves.

Mr. Porter's exact role in the mystery has not been made clear. It ought to be. The foreign relations committee and Mexican oil ought not to be allowed to mix.

It all makes a big noise to announce that Washington departments must keep within estimates, but the American people want something more than the noise of sweetness and light. It remains for the Harding administration to show savings that count in 10 figures.

BEVAQUA RIDICULES TARIFF AS EXPEDITING EXHAUSTING U. S. OIL

Whoever told the ways and means committee and the House and Senate that exhaustion of the oil resources of the country would be hastened by the imposition of an import tax on foreign oil didn't know what he was talking about, in the opinion of A. Bevaqua, an oil operator of Shreveport, who expresses the opinion in a letter to President Harding in support of the tariff. The letter follows:

"Many years of study and experience in and among various oil fields has given me a varied experience. Naturally I have followed closely the proceedings of the House and Senate relative to the tariff on Mexican oil. I am a naturalized American citizen.

"I notice that the majority of the House and Senate has voted to admit the Mexican oil free from all duty for the reason that to put a duty on this oil would cause the use of additional oil from the fields of the United States, and thus exhaust the oil resources.

"Whoever furnished the information as to the exhaustion of the oil in the United States, whether government geologists or prominent speculators, are absolutely in error, for the following reasons:

"With all the production that we can secure in the United States the oil resources of this country can never be exhausted for the period of the life of the world. Approximately one-third of the land of this country is underlaid with oil—to which additional oil is constantly being added, due to the oil formation, which is being dissolved by the heating of the earth and the constant percolation increase into the natural cavity storage into the oil strata.

"We will never reach the time when the oil resources of this country will be exhausted. Perhaps other inventions and discoveries in the near future will take the place now occupied by oil—for example, the air.

"There are between 5,000,000 and 6,000,000 people dependent upon the oil industry, with its allied lines, for their livelihood. The oil industry, with its allied lines, is the main artery of commerce in this country today. With the opening up of the oil industry, which can be accomplished by putting a tariff on Mexican oil, you will see the crude oil increase to a price near \$2 per barrel. The business depression will disappear and good times will follow in its wake. If this government would buy a reserve of 100,000,000 barrels at the present price for the proper needs there would be no oil left in storage in this country for the market and in 24 hours' time oil would be selling at \$5 per barrel.

"It will also increase the value of the national resources and help redeem the war debts. Surely no one using machinery of any kind, whether on land, sea or air, would object to paying a few cents more than at present for their necessary supply which brings resource and profit to the country. I am sure the information which the House and Senate had at the time of the defeat of this bill was absolutely wrong, and that after additional investigation you will find that I am right.

"Should this bill be again called up in congress for a rehearing, you and the House and Senate may have fortified yourselves with additional evidence which will enable you to use your influence to have an import duty placed on Mexican oil. I would be glad to furnish you with an information that would be of benefit."

The world is all right; America is all right; Texas is all right; Young county is all right; Graham is all right. The oil business is bound to come back, and when it does the folks who did not prepare for the new day will regret it. But then if you will compare your fortunes of this day with that of a few years ago, you will find that hard times have not come upon us, but the days before the war have come back. All will come out all right. The quicker we get used to conditions as they are, the better off we will all be.

A NEW CROP

She had been visiting on a farm for a week and was letting the world know it. Her companion, also, apparently had seldom been off the brick streets.

"And how is the corn this year?" the companion asked.

"Doing just fine," was the reply, "but the alpaca needs irritating. Mr. Brown said."

Young Leeds, it is announced, will be made a Greek prince following his marriage to a Greek princess which we say, is a wedding gift of dubious worth.

WHAT WON THE WAR

Various writers, speakers and thinkers have put forward various ideas as to just what won the war. The ex-service man has heard of everything winning the war from the Military Police to cognac. As a matter of fact the generals of the American Army, who commanded brigades and divisions know what won the war. It was transportation. If it had not been for the wonderful highways of France Joffre could never have sent his "taxicab" army to stop the German march through Belgium and the American Army never would have had an opportunity to bring aid to France's shores.

Ask any ex-doughboy who served in Europe if there was any one thing where Europe had America bested and he will tell you. Speak to him of modern plumbing and present day comfort and he will grin as he thinks how far behind Europe is, but mention roads and he will tell you enthusiastically of straight, smooth roads miles and miles and hundreds of miles bordered with magnificent trees, surfaced with such wonderful skill that even the explosion of enormous shells only dented them, roads everywhere; roads that withstood the most gruelling traffic the world has ever known. He will tell you that this is the only thing wherein Europe surpasses America, and he will tell you that we could never have gotten our food, our ammunition or our soldiers to the front the way we did, if the battlefield had been America. Road building has been the backbone of progress since the world began. We are far behind in road building and it is time we caught up.

A bond issue in precinct number one would enable us to build roads to our oil fields so that the development of the field could be increased 50 per cent when conditions improve. The farmers could bring their products to market with some satisfaction. The taxes for good roads would be small compared to the cost of wear and tear caused by running over the roads in their present condition. Good roads save time and money.

DO YOU KNOW STATE NICKNAMES?

- Utah, Honeybee State. Georgia, Cracker State. Louisiana, Pelican State. Florida, Peninsular State. Delaware, Blue Hen State. Rhode Island, Little Rhode. South Carolina, Palmetto State. Pennsylvania, Keystone State. Tennessee, Volunteer State; Texas Lone Star State. Ohio, Buckeye State; Oklahoma, Sooner State; Oregon, Webfoot State. Alabama, Land of Fowers; Arkansas, Bear State. Kansas, Sunflower State; Kentucky, Blue Grass State. Vermont, Green Mountain State; Virginia, Old Dominion. West Virginia, Panhandle State; Wisconsin, Badger State. Illinois, Sucker State; Indiana, Hoosier State; Iowa, Hawkeye State. California, Golden State; Colorado, Centennial State; Connecticut, Nutmeg State. STATUS OF MASKED MEN IS SUMMARIZED FOR WEEK

Houston, July 30.—The heavy artillery in the war of the masked bands of Texas was hushed tonight. A lull presaging the zero hour hung over the battlefield, while the opposing "armies" took cognizance of the week's activities.

Federal authorities declared in a statement at Dallas that they were investigating the Ku Klux Klan.

The Ku Klux Klan in a statement to the United Press at Dallas, denied their organization was responsible for recent violations of the law and declared emphatically they do everything in their power in the upholding of the law.

From Beaumont, Goose Creek and Dallas came the reports that anti-Ku Klux Klan organizations had been perfected to wage war against the Ku Klux Klan.

The Texas House of Representatives defeated, by a vote of sixty-nine to fifty-four, a resolution asking the Governor to strengthen the existing laws against secret organizations.

Thirty investigators of the Ku Klux Klan were believed to be in Texas and Oklahoma to investigate the local chapters of that organization. The investigators were to be sent by the imperial wizard of the Klan from Atlanta, according to a statement made there last week.

said bonds and to provide a sinking fund sufficient to pay the principal at maturity. All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words "For the Bonds." And those opposed shall have written or printed on their ballots the words: "Against the Bonds." A. J. Cantwell has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners court of this county as is required by law for holding a general election. Said election was ordered by the county judge of this county by order made on the 11th day of July, 1921, and this notice is given in pursuance of said order. Dated the 19th day of July, 1921. JOHN W. SAYE, Sheriff Young County, Texas.

OBITUARY

Mrs. C. T. Richardson was born Sept. 16, 1843, and departed this life Apr. 25, 1921, at the home of her daughter, Mrs. Jim Blakney, of Wichita Falls, Texas.

Mrs. Richardson was Miss Elizabeth Brenier and was married July 31, 1861, to C. T. Richardson who is now moderator of our little church at True and one of whom we can say with all sincerity, "To know him is to love him." To this union were born five children, two sons and three daughters, all living. She joined the Primitive Baptist church about the year 1879. She lived a consistent member until God, in His allwise providence, called her home.

She was very much afflicted for some time before her death but she bore her affliction with patience.

All that loving hearts and willing hands could minister to relieve her suffering and prolong life proved unavailing for it was the will of God to call her from us. Funeral services were conducted by Elder J. H. Fisher and the body was laid to rest in the True cemetery.

May the sorrowing husband and children and all the mourning relatives and friends be comforted of God in His never failing loving kindness for "He doeth all things well."

Resolutions of Respect

By the Church of Christ at True, Young county, Texas, for Mrs. C. T. Richardson.

Whereas, it has in the providence of an allwise God, who has seen proper to call from our number at True church, Young county, Texas, our beloved sister, Mrs. C. T. Richardson who departed this life on the twenty-fifth day of April, nineteen hundred twenty-one, and passed serenely and peaceably into that sweet sleep in Jesus, from which none ever wake to weep.

Both Sister Richardson and her husband, who is now moderator in the True church, were in the constitution of the church in which she lived a devoted member until her death, and whereas our church at True has sustained a great loss in the departure of this good and faithful sister, be it

Resolved, therefore, that we bow in humble submission to the will of our Heavenly Father and endeavor to bless the rod that smites and say, "Thy will be done," with our sincere sympathy to the bereaved.

Resolved, further, that a copy of these resolutions be spread on the church book, a copy sent to the Signs of the Times, a copy to the Newcastle Register and a copy to the Graham Leader for publication.

A. J. WHITE,
MRS. J. I. NORRIS,
MRS. E. J. LARIMORE,
Committee.

By order of the church in conference.

C. T. RICHARDSON, Moderator.
A. J. WHITE, Church Clerk.

WACO PLANS CAMPAIGN FOR ROAD BOND ISSUE

Waco, July 31.—Plans are being made by General Chairman W. E. Terrell to have the campaign in behalf of the proposed bond issue of \$5,500,000 for good roads in McLennan county begin this week. An executive committee will be appointed, together with a general committee, the latter committee to have one member from every voting precinct in the county. The election will be held two weeks from next Saturday, August 20.

85 TO RETURN TO WORK AT MARSHALL T. & P. SHOPS

Marshall, July 31.—Eighty-five men will go back to work at the Texas & Pacific shops here tomorrow morning, it was announced yesterday on good authority. This is the first increase in the working force since nearly 2,000 men were laid off two months ago.

The men will be distributed through the various departments excepting the freight car shop which will remain closed. The eighty-five to return are blacksmiths, machinists, boiler-makers, and helpers. It is expected that the car shops will be opened with a small force within a few days.

LEGION CONDEMNS PARDONING PRISONERS

Indianapolis, July 29.—In a promising fight to a finish if Eugene V. Debs and other war prisoners were pardoned at this time, John G. Emery, national commander of the American Legion, today wired President Harding that such action would be interpreted as a license to disregard law and order. The Legion commander assured the President that no action the administration could take would draw the fire of ex-service men more promptly or unitedly than the pardon of Debs.

Mr. Young Man have you ever stopped to consider that it is just as important for you to make a good showing in a financial way as it is to put on a natty appearance in a social way.

A bank account not only eliminates thoughtless spending, but gives you a credit rating in your community which may be a positive influence to your future success.

HENRY IS WITH PRESIDENT

Washington, July 27.—Henry Ford is solidly behind President Harding's disarmament program. The automobile manufacturer plans to assist the President in removing the causes of war with every resource at his command.

This developed as a result of a frank informal talk of the two during the week-end camping expedition in the Maryland hills.

Ford outlined his disarmament views in an exclusive interview given to the United Press during a quiet hour at the camp.

Munition makers and international bankers, Ford believes are trying to keep the war game alive. His plan is to turn the spotlight of publicity upon them.

Bringing the force of public opinion to bear down on anyone who attempts to obstruct the disarmament program, is advocated.

"The munition makers were responsible for Germany's arming to the teeth," Ford said. "Now they are trying to do the same thing with Japan. With Germany gone they are now trying to find another reason for keeping up the war business and at present they are trying to use Japan as an excuse."

THE BIGGEST MONEY-MAKER

The Standard Oil Company of New Jersey made more money in 1920 than any other business in the United States, according to the Wall Street Journal. Its net profits before dividends, we are told, amounted to \$164,461,409, which was \$55,000,000 more than the United Steel Corporation earned, and over \$100,000,000 in excess of the earnings of the Standard Oil of Indiana, the second largest money maker of the Standard Oil group.

The Standard Oil of New Jersey as at present constituted is a great deal larger organization, both in earning power and in assets, than the entire old Standard Oil group before it was disintegrated. For the first time its history the New Jersey Company is admittedly a "Billion-Dollar Corporation"—its assets are given in the report at \$1,102,312,595.

Ford was sitting on the edge of an old broken down bed in a deserted log cabin on the camping enclosure. He had thrown off his coat revealing a stout pair of old-fashioned suspenders. His lean figure became tense as he talked.

"If we get anywhere with this disarmament business every man has got to put his soul into it," Ford said.

"I think the President is taking exactly the right course. I'm for him absolutely in this."

Ford discussed the alleged "banking ring" but declined to mention names for publication.

"But there is an inner ring of bankers—a world ring—that is causing all the trouble," he said.

"They work in Washington, in London, and all around the world. It was that kind of a ring around the Kaiser that got Germany into trouble."

"They put up the money, munition makers make the guns and powder, and the people get killed and maimed."

Ford took opportunity to indicate that he felt his views regarding the Jewish race had been misstated. "I have hundreds of Jews working in my plant at Detroit," he said: "I'm not talking about this kind of people. It's those who are in the international banking ring that I'm fighting."

CONTRACTOR SHOT
RESISTING ARREST
AT ELIASVILLE

R. C. Braden, teaming contractor and garage man at Eliasville, was shot Friday night by City Marshal Jim Hill. It is alleged that Braden had disposed of mortgaged property and the Marshal was attempting to arrest him. He resisted arrest according to reports reaching this office. Mr. Hill approached him a second time when Mr. Braden pulled his gun. Mr. Hill shot him through the jaws which caused Mr. Braden to drop his gun but he reached for it again, according to the officer, and it was with difficulty he was overcome.

Mrs. Braden was in the car with her husband and during the fight she attracted a crowd by her screams. After the shooting Mr. Braden was brought to a hospital in Graham. The Leader has not learned how serious the wound is. It was first reported that the man was seriously wounded.

REVIVAL MEETING AT ORTH

Rev. J. L. Haddock, Trinity Orth, will be in a protracted meeting at Orth, Wednesday, August 10, 1921. Mr. Haddock is an evangelist of marked ability in the Christian church. He is well known to a number of Young county people, having held two camp meetings on the Old Truro camp ground years ago. Many of his old friends will be glad to hear him again. Extensive preparations are being made for the meeting and the members of the Orth church invite and urge a large attendance. Especially the old camp-meeting folks are requested to come and renew the fellowship of the past. Free wood and water furnished to anyone who will come and camp during the meeting.

CITATION BY PUBLICATION
THE STATE OF TEXAS
To the Sheriff or any Constable of Young County—Greeting:

YOU ARE HEREBY COMMANDED to summon Blanche Nelle Bloom Givens by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Young County, to be held at the Court House thereof, in Graham, on the 1st Monday in September A. D. 1921, the same being the 5th day of September A. D. 1921, then and there to answer a petition filed in said Court, on the 2nd day of August A. D. 1921, in a suit numbered of the docket of said Court No. 6526, wherein the Plaintiff, Blanche Nelle Bloom Givens, is Plaintiff and the Defendant, Lowell E. Oder, is Defendant, and said petition alleging that Plaintiff and Defendant were married on or about the 24th day of September A. D. 1919, and continued to live together until on or about the 10th day of October A. D. 1919, when by reason of the cruel and harsh treatment and improper conduct of Defendant toward Plaintiff, he was forced and compelled to permanently abandon her, since which time they have not lived together as husband and wife.

Plaintiff alleges that during the time he and Defendant lived together as aforesaid, he was kind and affectionate to her and always provided for her support, but Defendant unkindly and cruelly treated Plaintiff, she was forced and compelled to permanently abandon her, since which time they have not lived together as husband and wife.

Plaintiff alleges that during the time he and Defendant lived together as aforesaid, he was kind and affectionate to her and always provided for her support, but Defendant unkindly and cruelly treated Plaintiff, she was forced and compelled to permanently abandon her, since which time they have not lived together as husband and wife.

Witness: Willie Riggs, Clerk of the District Court of Young County. Given under my hand and the Seal of said Court, at office in (L.S.) Graham, Texas, this 3rd day of August A. D. 1921.

WHEREFORE Plaintiff prays the court that Defendant be cited to appear and answer herein and for judgment dissolving said marriage relations, for costs of suit and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

SWIMMING PARTY
HONORING GUESTS
FROM PALESTINE

Honoring Mrs. Cora Wise, Mrs. Florence Payne and Miss Mary Rees of Palestine, Mr. and Mrs. Chas. A. Russell entertained Thursday evening with a swimming party. The guests gathered at the home of Mr. and Mrs. W. F. Johnson at 6 o'clock where a truck was ready to take them to the river. After a very enjoyable swim a fire was built and supper cooked. Then a regular sing song was enjoyed. At a late hour ice cream and watermelon were served.

Those who enjoyed Mr. and Mrs. Russell's hospitality were: Mr. and Mrs. Frank Willingham, Mr. and Mrs. Henry Schlitter, Mr. and Mrs. H. L. Tidwell, Mr. and Mrs. Owen Faust LeRoy, Mr. and Mrs. W. F. Johnson, Mr. and Mrs. J. B. Fore, Mrs. Jno. B. Rhea, Misses Leona Willingham, Esther, Ruth and Jennie B. Russell; Messrs. Geo. Wise and Jack Faust LeRoy and the honor guests.

North Side Square **S.B. Street & Co.** THE DRY GOODS STORE Graham, Texas

March 4th, 1919, and lived together as husband and wife until on or about the 20th day of December, 1920, when by reason of the cruel treatment of Defendant toward Plaintiff, she was forced to permanently abandon him, since which time they have not lived together as husband and wife. That Plaintiff at all times, was kind and affectionate to him and conducted herself as a faithful, true and loving wife should, but Defendant about one year prior to the time of said separation, began a course of unkind, harsh, cruel and tyrannical treatment towards her until she was forced to abandon him. That Defendant often cursed and abused Plaintiff and called her a "she devil" and a "man chaser" and other ugly names. That on or about December 19th, 1920, in Cisco, Texas, he cursed and abused her and called her a "prostitute" and publicly accused her of living in adultery with another man other than himself, all of which were false and untrue; that Defendant's actions and conduct toward her are of such a nature as to render their further living together as man and wife insupportable. That Defendant be cited to appear and answer herein, and for judgment dis-

solving said marriage relations, for costs of suit, etc. HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Witness: Willie Riggs, Clerk of the District Court of Young County. Given under my hand and the Seal of said Court, at office in (L.S.) Graham, Texas, this 3rd day of August A. D. 1921.

CITATION BY PUBLICATION THE STATE OF TEXAS To the Sheriff or any Constable of Young County—Greeting: YOU ARE HEREBY COMMANDED to summon W. R. Shankle, a transient person by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Young County, to be held at the Court House thereof, in Graham, on the First Monday in September, A. D. 1921, the same being the 5th day

of September A. D. 1921, then and there to answer a petition filed in said Court on the 25th day of March A. D. 1921, in a suit numbered on the docket of said Court No. 6353, wherein Prentiss Seale is Plaintiff, and W. R. Shankle, is Defendant and said petition alleging that Defendant is indebted to Plaintiff in the sum of \$1500.00 by virtue of the sale and delivery to Defendant by L. C. McFall, at the special instance and request of the Defendant of two 500 barrel, Butler Bolted steel storage tanks of the value of \$1500.00, which were to be paid for by the Defendant within 80 days from the date of sale, to-wit: December 16th, 1921. That said tanks are now being used by said Defendant on an oil lease owned by said Defendant on a certain tract of land known as the "Dooley Lease" about four or five miles west of South Bend, Texas; That on the 16th day of January, 1921, payment of said sum was duly demanded but Defendant has failed and refused to pay the same or any part thereof. That prior to the filing of this petition, Plaintiff purchased said debt and claim against Defendant from L. C. McFall, doing business under the name of The Standard Tank and Steel Works, therefore Plaintiff shows his right to bring this suit. That Defendant be cited to appear and answer herein, and that Plaintiff have judgment for his debt of \$1500.00, interest, attorney's fees, and all costs of suit, etc. HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same. Witness: Willie Riggs, Clerk of the District Court of Young County. Given under my hand and the Seal of said Court, at office in (L.S.) Graham, Texas, this 3rd day of August A. D. 1921.

FORMER TEXAS NEWSPAPER MAN GOES TO JAPAN Palestine, July 30.—Clarence Dubose, well known among the younger set of newspaper men in Texas, now with the United News, will go to Tokyo, Japan, as its Eastern representative. Dubose began his newspaper career as a reporter on the Dallas-Galveston News. During the war he served with the Red Cross in Europe.

Mr. S. E. Harris and granddaughters, Robbie D., Nancy Lou and Esther Jones, went to Fort Worth Friday after a visit with Mr. and Mrs. Edgar McLendon.

J. F. McNabb and family returned Monday from an extended trip to the Pacific states. They ran up into Canada and on their return visited Jaurez, Mexico.

Mrs. Jake Jones and Emmett Askew left Saturday for a month's visit to different places in California. They will see a number of former Young county people in Sunny California.

ANNOUNCEMENT

William E. Hawkins, for eight years Associate Justice of the Supreme Court of Texas, and Lyndsay D. Hawkins, recently of the Legal Department of the Texas Pacific Coal and Oil Company, are now engaged in the general practice of law, under the firm name of Hawkins & Hawkins, with offices over the First National Bank in Breckenridge, Texas, making a specialty of all matters involving the law of oil and gas.

Dr. M. H. Chism spent Sunday in Olney.

See H. B. COGDELL for preserving Pears.

J. A. Brown was in the city Monday looking after business matters.

Mr. and Mrs. J. H. Henry returned Monday from a visit to Glenrose and Mineral Wells.

George Frenberger is able to be out after a four weeks' seige with typhoid fever.

Edgar Steele left Tuesday with L. B. Padgett for an overland trip to New Mexico.

Mr. and Mrs. Cleve Wesson, Earle Fonder, Mrs. Yagisburger and daughter, Terrell, Texas, are the house guests of Mr. and Mrs. James Akin.

SILK BLOUSES AT HALF PRICE. Big lot fine Georgette and Crepe de Chene Blouses go on sale at Half Price.

STREET & CO. Sheriff John W. Saye returned last Saturday from a trip to California. He brought back to Texas W. O. Nelson wanted in Texas on various charges.

John Ware brought two fine melons to the Leader office, Friday afternoon. He has a fine home in the edge of town where he can raise anything to eat.

SALE! SALE! SALE! On Ladies, Misses and Children's Pumps and Oxfords.

STREET & CO. Miss Mabel Ricker, who is here visiting her brother, Robert P. Ricker, sang at the Methodist church Sunday. Miss Ricker has a sweet voice and her solo was enjoyed by the congregation.

Some of our people who are returning from the mountains are feeling the effects of these hot days. They have been in snow storms in July and a temperature of 100 and above is quite a contrast to snow.

HAIR ERUBE SALE! On Ladies' Silk Dresses, Organdie Dresses, Sport Skirts, White Wash Skirts, Silk Blouses, Misses White Dresses.

STREET & CO. Edgar Kemp returned this week from College Station where he spent several days taking some special work in A. and M. College. Mr. Kemp is a close student in his line of work and is anxious to render the most service possible to the people of Young county.

Mr. and Mrs. C. P. Lamons and daughter, Lillian, of Chickasha, Oklahoma, and their son, William, and wife, of Duncan, Oklahoma, were in the city yesterday. They were on an automobile trip to El Paso and stopped over to spend the day with relatives.

BARGAINS BARGAINS BARGAINS. In Women's, Misses and Children's Pumps and Oxfords at STREET & CO.

William E. Hawkins, for eight years Associate Justice of the Supreme Court of Texas, and Lyndsay D. Hawkins, recently of the Legal Department of the Texas Pacific Coal and Oil Company, are in the city on legal business. They now have offices in Breckenridge, their firm name being Hawkins & Hawkins.

Mr. and Mrs. Frank Reeves and son were in the city Tuesday. Frank has been with the Swenson Company at Stamford several years. He is returning from a trip to several of the northern states and Canada where he has been on some of the company's interests. While in Detroit he bought a new Ford first hand and made the return in the car.

TELL YOUR NEIGHBORS. That there is a real sale on Women's, Misses and Children's Pumps and Oxfords at STREET & CO.

R. F. Short and son, Dr. Short of Dallas came in yesterday for a few days vacation.

Byron Rickman returned yesterday from a visit to the Ingleside ranch.

Mrs. J. C. Rickman of Terrell arrived Tuesday for a visit with relatives in Graham.

Miss Lillie Swain is visiting her brother in Fort Worth.

Miss Fay Rummage of Jacksboro visited Mrs. Romma Gray last week.

Mrs. Robert Wright and little Tampico, Mexico, to join her husband, Ozell, left Wednesday for band who preceded her several months ago. Mr. Wright has a position with an oil company in Mexico.

H. J. Sparks and family and son, Frank Sparks and family returned Saturday from a week's sight-seeing trip through West Texas.

Master Weyman Leader of Dallas will spend a few weeks with his aunt, Mrs. H. K. Weems.

Mrs. L. R. Gray and children left Saturday for a few weeks visit to relatives in Dallas and Denton and a friend at Winsboro.

Horace Allen and sisters, Misses Ruby and Dollie, visited friends at Hite Center last week.

Mrs. W. B. Mann and children of Jacksboro spent last week with her parents, R. H. Gray and wife.

Mr. and Mrs. J. L. Jordan and daughter, Miss Jessie and son, Grady, are visiting relatives in West Texas.

The Jean State Bank will begin this week the erection of a nice brick bank building on their corner lot across the street from R. P. Willis and Son. The building when completed will add much to the looks of our town.

W. Dackworth and family of Graham were guests of Dr. and Mrs. H. K. Weems Saturday.

HAZEL EYES.

INDIAN MOUND. Well, it's still hot and dry. The farmers are needing rain, yet the stubble breaks fine, but the water-melons and June corn will soon cook in the sun, to say nothing about the eggs.

Health of the community is very good. In fact it's fine for the hot weather.

Thrashing is all done and everybody is resting, eating fried chicken and watermelons.

Mrs. J. G. Elliott's brother and family from Denton county spent last week visiting here.

Mr. and Mrs. Marvin Edwards of Roswell, New Mexico, are visiting her mother, Mrs. Elliott.

W. Hawkins and wife, also Perry and Jess, are visiting on the Plains.

Miss Mellie Minor of Olney is visiting her aunt and uncle, Mr. and Mrs. H. C. Kunkel.

Henry Dollins and wife have moved to the new house on Mr. McCombs' place.

Mr. Dodd is moving to Loving this week.

Floyd McCombs moved to the Plains last week.

Mr. McCary and family of Olney visited Mr. Kunkel and family last week.

Had a good attendance at Sunday School last Sunday, also a large crowd at prayer meeting. Bro. Grubbs led the meeting which was extra good. Everyone seems to be anxious for the meeting to start Friday night.

Our school starts the first week in September. Miss Bessie Graves will be our teacher. We are hoping for a good school again this year.

TOPSY. The good features of all machines are combined in the new Woodstock at The Leader office.

NOTICE. I have sold my interest in the Young County Ice Cream Company to N. B. Feagins who will conduct the business in the future and be solely responsible for all debts made by the company and collect all outstanding accounts.

C. A. BREWER. 47-55

Delightful Party

Mr. and Mrs. Owen Faust LeRoy of 895 Brazos St., entertained Friday evening with a lawn party complimentary to Mrs. Cora Wine, Mrs. Florence Payne, and Miss Mary Rees, all of Palestine. Punch, ice cream and cake were served to the following guests: Mr. and Mrs. Chas. A. Russell, Mr. and Mrs. Henry W. Schlitter, Mr. and Mrs. Jno. E. Rhea, Mr. and Mrs. W. F. Johnson, Mr. and Mrs. Harry Cramer, Dr. and Mrs. Elder of Weatherford, Messrs. W. L. Askey and Will Simpson.

CORRECTION

In calling attention to the E. F. Highway convention last week and giving the names of the towns on the route Graham was inadvertently left out of the list. Beginning at Fort Worth the towns on the route are: Fort Worth, Weatherford, Mineral Wells, Garford, Graham, Olney, Seymour, Benjamin, Crowell, Paducah, Matador, Floydada, Lockney, Plainview, Farwell, and Clovis, New Mexico. Graham is one of the important towns on the route and will do her part to see the Highway put in first class condition. Good roads are a necessity and the only way to build permanent roads is to vote a good strong bond issue. Half a million dollars spent in present number one during the next twelve months would help us tide over.

MARRIAGE LICENSES

TEXAS IS SECOND IN VALUE OF LIVESTOCK

Dallas, July 30.—Texas ranks second in value of livestock and third in value of all farm property, the Texas Industrial Congress announced today, citing 1920 census figures. Value of all farm property is given at \$4,461,597,497, compared with \$2,218,645,164 in 1910, and livestock \$589,321,953, against \$318,646,509. This is increase of 90.1 and 62.4 per cent respectively.

Iowa outranks Texas in livestock valuation, while Iowa and Illinois lead the states in value of all farm property.

What the winner of a heavyweight championship gets these days for the deciding poke is no pig in a poke.

TAX AGAINST RETAIL TOBACCO DEALERS PROPOSED

Austin, July 29.—The levying of an occupation tax against retail dealers in cigars, cigarettes, snuff and tobacco and providing for the collection of such tax was among the twenty-seven subjects submitted to the Legislature today. All of the other subjects are of local nature, most of them providing for creation of independent school districts.

Most of the discussion of the fight now comes from the "I told you so's."

Mr. Taft's rise to fame is not so remarkable when it is remembered that he got his start in a newspaper office.

MANY COUNTIES IN TEXAS SECURED THEIR NAMES FROM EARLY STATESMEN

Early statesmen of Texas gave their names to seventeen counties of the State. The men and their offices on achievements were:

Kenneth L. Anderson, district attorney and vice president of the Texas Republic; Barnard E. Bee, Secretary of War and Secretary of State; Peter H. Bell, soldier; Stephen Crosby, Chief Clerk in the Land Office; General James Hamilton, as Governor of South Carolina, helped Texas; J. Pickney Henderson, first Governor of the State; Volney E. Howard, Legislator and Judge; General Memucan Hunt, soldier, Legislator and Secretary of Navy; Robert A. Irion, Senator; W. H. and P. C. Jack, both soldiers and Legislators. Collin McKinney, for whom Collin county was named, sat in the first four congresses of the Republic of Texas. He was a signer of the Texas declaration of independence and helped to frame the Texas constitution. McKinney, the county seat, was also named in his honor.

Dr. Anson Jones, soldier, Secretary of State and President of the Republic; David S. Kaufman, Legislator and Congressman; Mirabeau B. Lamar, soldier and second President of the Republic; Emory Rain, Legislator; Isaac Van Zandt, Congressman; James C. Wilson, soldier and George T. Wood, ranger and soldier.

Early jurists of Texas were honored in the naming of the State's counties. They were:

Henry P. Brewster, James T. Collingsworth, James W. Dallam, Stockton P. Donley, Benjamin, C. Franklin, Peter W. Gray, John M. Hanaford, Oliver C. Hartley, Judge Hemphill, Anderson Hutchinson, Abner S. Lipscomb, John T. Mills, W. B. Ochiltree, Williamson S. Oldham, John S. and O. M. Roberts, General James Webb and Royal T. Wheeler.

Under the colonization laws of 1841, Henry Castro, empresario, introduced settlers into Texas. Castro county was named for him.

The annexation of Texas and the Mexican war are recalled in the names of eleven counties. They are: Baylor, Calhoun, Cass, Dallas, Gillespie, Hays, Polk, Tyler, Upshur, Walker and Wise.

Henry W. Baylor was a soldier in the Mexican war. John C. Calhoun prepared the first annexation treaty, which was rejected. General Lewis Cass, as United States Senator from Michigan, helped in the annexation of Texas. George L. Dallas, Senator from Pennsylvania, advocated Texas annexation. Richard A. Gillespie was a soldier, as was John C. Hays. Polk and Tyler counties were named for the two presidents of the United States, James K. Polk and John Tyler.

Abel Packer Uphur negotiated for annexation of Texas while Secretary of State under President Tyler. Walker county was named for Samuel H. Walker, state ranger. Henry A. Wise, Congressman from Virginia, advocated Texas annexation.

DIXON-TOMLINSON

T. E. Dixon and Miss Tressie Tomlinson were united in marriage, Saturday afternoon at the Baptist church in Graham by the pastor, Dr. C. R. Taylor. Only a few friends were apprised of the fact that they were going to be married.

They are popular young people of the Murray community. Mr. Dixon formerly lived east of Graham and has many friends here who join with his Murray friends in congratulating him on winning such an attractive young lady as Miss Tomlinson.

AN OLD COMPLAINT

A rural editor received this question from one of his readers:

"What is the matter with my hens? Every morning I find one of them laid out stiff and cold on the henhouse floor."

Next day this answer appeared: "Your fowls are suffering from death. It is an old complaint. The only treatment that we can prescribe is burial."

When They Call it an "Orphan"

An orphan in automobile talk is a car that is bought from some person not able or disposed to guarantee service and satisfaction to the owner.

The term recognizes the specific value that a good dealer gives to any car he sells.

No car we sell ever becomes an "orphan".

AGED CITIZEN MEETS DEATH HERE SATURDAY

J. J. Greenwade, widely and favorably known here met death at his home Saturday morning as a result of the discharge of a shotgun. Mr. Greenwade was more than seventy-six years old, and was one of the old residents this city. The funeral services were conducted at the residence that afternoon by Rev. Sam J. White, interment taking place in the Citizens' Cemetery. Mr. Greenwade had been in ill health for months, and it had seemed that the end was inevitably near. He is survived by his wife and a daughter, Mrs. D. E. Hesse, and leaves a host of friends who will mourn his going. The News joins with friends in extending a message of sympathy to the bereaved members of the family. —Clarendon News.

RUSSIANS TO RELEASE ALL U. S. PRISONERS

Riga, July 30.—Soviet Russia has agreed to release American prisoners just at the moment the United States has renewed trade relations and perhaps diplomatic relations between Russia. J. France, special representative brought with him one of the prisoners, Mrs. Marguerite E. Harrison of Boston who was freed by his efforts at Moscow.

Senator France, who entered Russia several weeks ago was skeptical of the advantage of immediate diplomatic relations with the Soviet but believing that trade relations were advisable, has returned an ardent enthusiast for both.

While American officials in the Baltic are speculating to what effect the release of the prisoners and the entrance of the American Relief Association into Russia will have to clearing up the Russian situation, Senator France declared that the Lenin government was starting a new line development in Russia which "cannot slide back into radical communism again."

Triple murderer. It is also said that William E. McCauley, State commander of the American Legion, has joined with Wanderer's attorneys in a request for the reprieve. Wanderer was a lieutenant in the overseas forces and this fact has brought him assistance of the Legion.

GRAHAM LOSES TO NEWCASTLE IN CLOSE GAME

Graham lost to Newcastle Sunday by a score of 4 to 3. It was a pitchers' battle between Still and Goode, Goode having 9 strike outs and Still 8. But the many errors and bad base running for Graham lost the game.

The one unusual feature of the game was that Graham did not have a man left on base. This is probably a world record. Games will be played each Sunday on the local diamond. This team is managed by Collier of the Graham Tailoring Company.

Box score follows:

| Newcastle | AB | R | H | PO | A | E |
|----------------|-----------|----------|----------|-----------|-----------|----------|

THE VALUE OF A MAN

Just what is the corporeal value of a man? Some of you chesty fellows who've been strutting round all puffed up about how valuable you are should carefully digest the following clipped from a current issue of Collier's. After reading and digesting it you'll find that your wife was right in the estimate she sometimes puts upon your value:

"An employee of the Marathon Paper Mills Company, tired of hearing men boast of their importance, dug up the fact that, according to scientific investigation, the ingredients of a man, plus water, are as follows:

- Fat enough for seven bars of soap.
- Iron enough for a medium size nail.
- Sugar enough to fill a shaker.
- Lime enough to whitewash a chicken coop.
- Phosphorus enough to make 2,200 match tips.
- Magnesium enough for a dose of magnesia.
- Potassium enough to explode a toy cannon.
- Sulphur enough to rid a dog of fleas.

This whole collection is worth ninety-eight cents, and that in a day when things are three times as high as they used to be."

Russia, it is reported, is threatened with famine. It is believed, however, that Lenin and Trotsky will not be among the starving.

BUICK COMPANY PUTS OUT NEW 4 CYLINDER CAR

Announcement is made today of the presentation before the motoring public of Buick's new four-cylinder line. There are four models in the line, including roadster and five-passenger touring in the open cars, and three-passenger coupe and five-passenger sedan in the closed models.

Inasmuch as it has been known in the automotive trade for some time that Buick purposed adding a line of fours, considerable interest attaches to the specifications covering the new models. In motor construction Buick has adhered to the valve-in-head principle with which its name has been so prominently connected for twenty years. The cylinder bore is 3 3/8 inches with stroke of 4 and 3-4 inches. The motor develops between 35 and 40 brake horse power and road tests have shown that the power will deliver up to 50 miles an hour with ease. Features of motor construction are the large three-bearing crankshaft and 12-inch long connecting rods, extra long rods being provided to reduce vibration to a minimum. A circulating splash oiling system gives automatic lubrication throughout. Another important feature, which is standard equipment on all Buick cars, is the automatic carburetor heat control through which ideal vaporizing conditions are obtained.

John Bower, the local agent, will be glad to tell you all about any Buick car. See his ad in this issue of the Leader.

IT IS FUN TO SWIM. BUT BE CAREFUL

The Brazos river is literally full of swimming parties every day in the week. The water has been fine since the heavy rains some time ago and hundreds of Graham people have been going to the river.

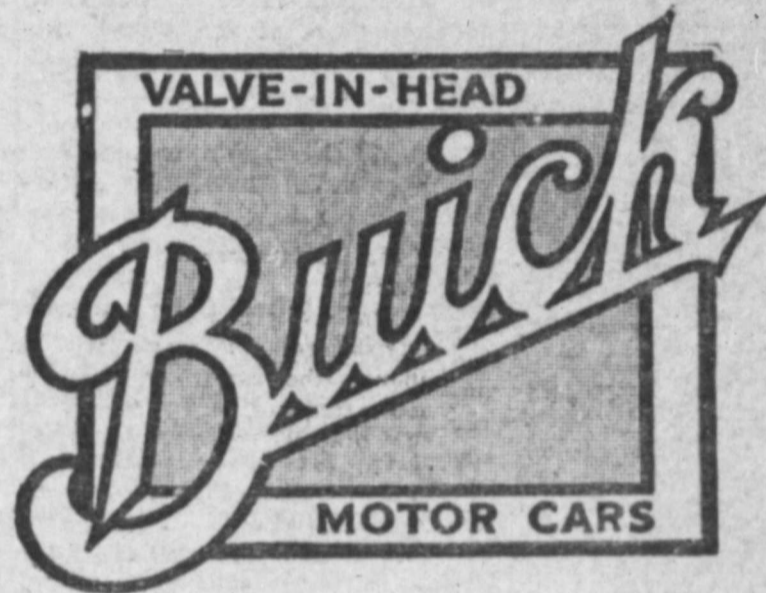

It is no uncommon sight to see little girls ten years old swimming around like "old timers." It is fine for boys and girls to learn how to swim. This week the state papers carried the news that near Dallas a boy, who could not swim, fell into a stream and his father, who could not swim, jumped in to save him and both were drowned.

Pardon this word of caution: Many of our people have been going into the Brazos while the stream is swollen and the current strong. This is likely to cause one or more of our citizens to lose their lives. And again after each rise the stream changes its course and washes out deep holes where there were none before. Parents and friends taking out children and others who can not swim should survey the water carefully before letting those who can not swim get into the river. It is fun to swim but let no pall cover our city on account of the death of some of our loved ones, caused by drowning in the Brazos.

WANDERER AGAIN HAS "BEATEN ROPE"

Chicago, July 29.—Carl Wanderer, who was slated to expiate the crimes of slaying his girl wife, her unborn child and an unidentified stranger on the gallows this morning, again has "beaten the rope."

Governor Small granted him a reprieve until Sept. 30. This stay of execution was granted, it is said, so that one member of the Supreme Court will have opportunity to investigate the alleged insanity of the

Announcing The New Buick "Four"

A Thoroughbred Four, Completing the Famed Buick Line

The new Four-Cylinder Buick, here announced, is a thoroughbred—a pedigreed car well worthy of its name.

Down to the very last detail, this new model possesses every quality of enduring serviceability, complete comfort, and distinctive appearance that have always characterized Buick automobiles.

The advent of this new Four makes the Buick 1922 line complete. It offers to purchasers of a car of this size all the quality and service that go to make up the name "Buick."

The engine, of course, is of the time-tested Buick Valve-in-Head type. The year-after-year concentration of Buick's engineering skill and experience in building Valve-in-Head motors assures the highest standard of performance obtainable today.

Every other unit is of a quality equal to the power plant. The whole assembly constitutes a perfectly balanced chassis which is of typical Buick construction. The equipment of Cord Tires is merely evidence of the quality which characterizes the entire car.

Two open and two closed body types mounted on the Buick built chassis comprise the new series.

Even the most casual inspection of the details of design and workmanship will reveal that full measure of quality which motorists have learned to associate with Buick.

Obviously a high grade automobile—a genuine Buick production—the prices listed below make this great Four even greater. A value such as this is possible only because of the combination of Buick engineering skill devoted to the one ideal of quality, Buick production facilities developed over nearly a quarter of a century, and Buick's nation-wide distribution and service organization.

The Buick Motor Company is proud of the Buick Four. It has the faith of long experience in this newest addition to its line. It places upon it unreservedly the Buick guarantee carried by every Buick automobile produced. That its confidence is well placed is manifested not only by the keen interest with which motorists have awaited this announcement, but also the advance orders placed by distributors, dealers, and the general public.

The Buick Valve-in-Head Engine A Power Plant That Has Proved Itself—

A Great Car, Prices Make It An Even Greater Value

Legislature Strike Blow At University Salaries

(Continued from page 1)

vict escapes without the guard in charge of him "getting blood" that guard is immediately discharged from the system or suspended for a time. However, Captain J. B. Barfield, manager of the farm, said that in his twenty-five years of service with the system he had never heard of such understanding, and in his eight years as manager he had never issued such an order. Walls is one of the guards that shot the two convicts. Another guard shot at the same time, and it is unknown who really killed the convicts. The convicts were attempting to escape, it was brought out.

The Legislature has endorsed President Harding's disarmament policy which has been given in the papers for some time.

In a special message Monday morning Governor Neff asked the Legislature to strengthen Texas laws so as to break up secret organizations of the Ku Klux Klan type.

Many bills have been introduced but very few have been passed upon at this time.

The Governor is pleading for an economical administration. He is asking for the abolition of many

clerks and for the consolidation of certain departments. He recommends among other things that the work of the warehouse and marketing department be transferred to the Department of Agriculture. This was explained fully in last week's issue of the Leader.

The following excerpt from his message to the Legislature, last Saturday gives a partial list of his recommendations for a more economical administration of the State's affairs.

"On investigation I am sure the Legislature will find it wise to abolish the agricultural experiment substation board that has in charge the branch experiment stations of the State. The duties of this board should be given to the board of directors of the A. & M. College. This last-named board has control of the main experiment station located at College Station and appoints the director for the entire agricultural experiment station system, including the substations, but, strange as it may seem, the substation board which is entirely independent of the board of directors of the A. & M. College, appoints the employees of the substations.

"The duties, functions and entire work of the Mining Board and the Mine Inspector should all be transferred to, and operated by the De-

partment of Labor, or to some other established department. This work can all be done by this department with but little additional expense of energy.

"There are various other departments of the government that should have applied to them the principle of elimination and consolidation, but I have not had time to think through them sufficiently at this time to make any recommendations to you, "Too Many Clerks"

"It is my judgment that we have too many clerks, stenographers and employes generally on the pay roll of the State. If I owned Texas and were running the government for my private benefit, the first thing I would do would be to weed out every employe except just enough to do the work of the State by working eight full hours a day. This principle should be put to the practical test in every department.

"The last Legislature appropriated approximately \$1,000,000 to be used not in paying the salaries, but the traveling expenses of the representatives of the State government. This statement tells a story of its own. Perhaps the most reckless waste today of the people's money goes to the superfluous perambulating agents of the State. The government seems to have been put on wheels. It is acting as guardian for too many private enterprises. This is not only paternalistic, but maternalistic. If wrongs are being perpetuated let the law prescribe penalties and let the courts enforce the laws and then it will not be necessary to have some traveling representative of the State to daily investigate either public or private affairs. After this long list of travelers has been properly reduced, require those who remain to travel as economically as those who pay the bills. A man who spends his own money should spend it as he sees fit, but those who are entrusted with public funds should not spend in traveling expenses accounts, as some have done, around \$300 a month. A person who travels that fast is going too fast to do much work. He should decrease his motion and increase his services.

MRS. ANNIE GARNER DEAD

Mrs. Annie D. Garner died at the home of her sister, Mrs. Mary Fisher, Virginia street, Saturday night. The body was shipped to Waxahachie, Monday.

Mrs. Garner had lived here only a short time. She was seventy-six years old at the time of her death.

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Young County—Greeting:

YOU ARE HEREBY COMMANDED to summon Harry Calvin Neal by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Young County, to be holden at the Court House thereof, in Graham, on the First Monday in September A. D. 1921, the same being the 5th day of September A. D. 1921, then and there to answer a petition filed in said Court on the 11th day of May, A. D. 1921, in a suit number on the docket of said Court No. 6400, wherein Mary Adeline Neal is Plaintiff, and Harry Calvin Neal is Defendant and said petition alleging that Plaintiff and Defendant were lawfully married on or about the 29th day of March, 1919, and lived together as husband and wife until on or about the 3rd day of January, A. D. 1921, when by reason of the cruel treatment of Defendant toward Plaintiff she was forced and compelled to permanently abandon Defendant, since which time they have not lived together as husband and wife; that she was at all times kind and affectionate to him, but Defendant failed to provide for Plaintiff's support and maintenance and about one year prior to their separation began a course of unkind, harsh, cruel and tyrannical treatment toward Plaintiff and cursed and abused her and slapped Plaintiff thereby humiliating and injuring the Plaintiff by such treatment; that said marriage relations between Plaintiff and Defendant still exist. That Plaintiff's maiden name before marriage was Mary Adele Graffman. That the Defendant be cited to appear and that on final trial she have judgment dissolving said marriage relation, that her maiden name be restored, and for all costs of suit.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next-regular term, this writ with your return thereon, showing how you have executed the same.

Witness, Willie Riggs, Clerk of the District Court of Young County. Given under my hand and the Seal of said Court, at office in (L. S.) Graham, Texas, this 3rd day of August A. D. 1921. 49-52c **WILLIE RIGGS,** Clerk District Court Young County, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Young County—Greeting:

YOU ARE HEREBY COMMANDED to summon Loyd Woods, whose residence is unknown to plaintiff by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Young County, to be holden at the Court House thereof, in Graham, on the 1st Monday in September, A. D. 1921, the same being the 5th day of September, A. D. 1921, then and there to answer a petition filed in said Court on the 27th day of July, A. D. 1921, in a suit numbered on the docket of said Court No. 6510, wherein Lessie Woods is Plaintiff, and Loyd Woods is Defendant and said petition alleging that plaintiff and defendant were married on the 8th day of March, 1920, and continued to live together as husband and wife until on or about the 23rd day of May, 1921; when defendant by reason of his inherent meanness, began a course of unkind, harsh and cruel treatment towards plaintiff, and failed to support her, and just prior to their separation defendant began a course of insidious accusations against plaintiff. That he accused her before other members of her family of infidelity and improper conduct with other men, none of which were true, and which greatly impaired plaintiff's health. That the defendant is now living in adultery with other women, and that his conduct is of such a nature as to render their further living together as husband and wife insupportable. That there are no children and no community property. That defendant be cited to appear and answer herein for judgment dissolving said marriage relations and for decree restoring plaintiff's maiden name Lessie Bush, and for costs of suit, etc. etc.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness Willie Riggs, Clerk of the District Court of Young County. Given under my hand and the Seal of said Court, at office in (L. S.) Graham, Texas, this the 27th

Ten Degrees Cooler on a Sleeping Porch

Do you know that it is actually 10 degrees cooler on a sleeping porch just outside your coolest bedroom, than it is INSIDE of the same room? This is an undoubted fact.

Suppose you let us call around and advise how you may make a delightful SUMMER RESORT of your home.

Drop us a line or ring us on the phone and we will drop round, make a survey of your home, and then talk it over with you.

It will be a real pleasure to do this, whether or not you buy, and no obligation would rest upon you.
