GRAHAM CHAPTER OF EASTERN STAR GIVES BANQUET TO MASONS

Thanksgiving day, November 24, 1921, will be long remembered by the Masonic lodge and Order of the Eastern Star in Graham. It was the greatest day for Masonry Graham has ever known. A special meeting had been called at 6 o'clock p. m. for work in the third degree. A special degree team put on the work in an impressive manner.

The largest attendance ever seen in the Masonic temple witnessed the degree work. Immediately after the closing of the lodge the Masons repaired to the Morrison building on the north side of the square where the Graham Chapter of the Order of the Eastern Star had prepared a sumptuous feast. A regular turkey dinner with everything to match was served to more than 200 Masons and Eastern Star members. Some of the ladies present were not members of the Eastern Star but it is hoped that every woman in Graham, who is eligible to membership, will soon become a member of the order.

The building, in which the banquet was held, was appropriately decorated representing the harvest season. Mrs. S. A. Penix, Past Grand Matron, Order of the Eastern Star, was mistress of ceremonies. She is a woman of rare ability and conducted the evening's program satisfactorily to everyone present.

The following program was rendered:

Invocation—Rev. J. E. Evans.

The True Spirit of Fraternity—Hon. Elmer Graham.

Vocal Solo—Mrs. R. A. Duncan.

Young County Masonic Lodge—C. B. Hockaday.

Quartet.

Reading—Mrs. Mary Taylor Hal-

lam.

Masonry and the Eastern Star—Judge S. A. Penix.

Address by Youngest Master Mason—Stanley H. Peavy.

The Masonic quartet rendered several numbers in addition to the numbers appearing on the program. All the numbers were appreciated and the entire evening was enjoyed by more than 200 present.

W. S. McJimsey was the oldest member of the local lodge present but he was not the oldest Mason present. Dr. R. A. Petty was probably the oldest Mason present. He has been a Mason sixty years. A man must be twenty-one years old before he is eligible to join the Masonic lodge. Of course Dr. Petty is not an old man. He is still active and looks after his business personally.

The editor of The Leader joins with all the other Masons in the community in hoping that this will be made more than an annual affair. We voice the sentiments of the Masonic fraternity when we say that we believe it would be good for both orders if occasions of this kind could take place every quarter.

ERNEST HOWARD SUFFERS FROM BROKEN ARM

The first football accident of the season here was suffered last Saturday when Ernest Howard had the bone in his left arm broken. He had been in the game only a few minutes when he collided with one of his fellow players.

The Graham high school football has had a successful season and the entire town learned with regret of the painful accident. Ernest received medical assistance immediately. He is carrying his arm in a sling and a speedy recovery is hoped for by his friends.

ODD FELLOWS AND REBEKAHS BANQUET DECEMBER 8TH

The Odd Fellows and Rebekahs are planning a big banquet on December 8th. These are two of the liveliest institutions in the city and a great time is assured.

The officers of both the Odd Fellows and Rebekahs have worked faithfully and diligently during the past year and their efforts have been rewarded. They are planning for a great occasion on the eighth of December. Every member of both orders is asked to make plans to be present at the banquet.

Light Rains Fall In Young County

Light rains have fallen over this section this week. It has not rained enough to furnish stock water nor to aid the farmers in breaking land. Some sections have had more rain than others.

The dust nuisance has been stopped for a few days and it is hoped that it will continue to rain until the ground will be thoroughly wet so that farmers can do some plowing and some effective road work can be accomplished. The ground has been so dry that it has been impossible to do any substantial road work.

\$10,500 LOSSES IN HOMES AND OFFICES AT BRECKENRIDGE

Two fires, believed to be incendiary origin, last Thursday night destroyed the residence occupied by E. M. Walker on Lindsey street in Breckenridge, damaged an adjoining residence occupied by H. W. Mitchell to the extent of \$1,500 and destroyed the office building of the T. E. Castle Lumber Company's yard on Butte avenue a block north of East Walker street.

The fire department saved the residence of Mr. Mitchell from total loss and prevented the spread of the flames to an unoccupied building just west of the Walker residence. At about 8:30 o'clock, when it had brought the Lindsey street fire under control, the second blaze broke out.

It was necessary to pick up a line of hose before the department could answer the second call. Fast time was made in this work and the Butte avenue blaze quickly subdued. The lumber shed at the Castle lumber yard was saved from serious damage.

The loss from the two fires is estimated at \$10,500, partly covered by insurance.

SHERIFF JOHN W. SAYE MOVES INTO NEW JAIL

Sheriff John Saye and his family are moving into the jailer's apartment of the new jail this week. The lower floor was planned and equipped for the jailer.

The second and third floors are for the exclusive use of the prisoners. The Sheriff is well pleased with the jail and feels that a great burden has been lifted from his shoulders. It has been very inconvenient to take prisoners to Fort Worth and other places for safe keeping.

Young county has one of the best jails in the country. It was well planned and well built. The structure completed including sewer, lighting, heating, etc., cost \$53,050.80. The original contract price was a little less than \$50,000.00 but after it was learned that the material in the old building was unfit for the new building and new cells had to be installed which caused the building to cost a little above \$50,000.00.

The new jail is modern in every particular and the prisoners can be cared for humanely.

MISS PATE IS HONORED BY STATE ASSOCIATION

Miss Lillie B. Pate, for several years an efficient and popular teacher in our local high school, was elected one of the vice presidents of the State Teachers' Association in session at Dallas last week.

The honor is well bestowed. Miss Pate has been in Graham several years and is recognized as one of the most popular teachers that has ever taught here. She is a friend to everybody and everybody is her friend.

THANKSGIVING SERVICE AT CHRISTIAN CHURCH

An impressive Thanksgiving service was held at the Christian church at 10 o'clock last Thursday morning. The auditorium of the church was filled and Rev. Gary Smith, pastor of the Presbyterian church, brought a good message.

It has been the custom in Graham for years to take an offering on this occasion for United Charities. About sixty dollars was contributed which was turned over to the United Charities.

TEACHERS INSTITUTE CONVENES IN GRAHAM DECEMBER 19 TO 23

County Superintendent H. W. Dobson, of Jack county, was in the city Monday consulting with Superintendent Avants relative to the joint teachers' institute to be held in Graham December 19 to 23. A good program has been planned and the teachers of Young and Jack counties are looking forward to the best institute ever held in this section. Several educators of statewide reputation have been employed to conduct the institute.

No appropriations are made to pay for these instructors and the teachers have to pay for them out of their salaries which, in most instances, are too small. The teachers will be at a heavy expense in attending the institute. This is the reason The Leader has been persistent in its efforts to get our people to entertain the teachers the few days they are here as cheaply as possible. It is hoped that the teachers will be able to secure board and room at \$1.50 a day.

Superintendent Avants says our people are responding nobly and that he believes that all the teachers will be able to secure board and room at that price. Several have telephoned him that they will be glad to take the teachers.

No greater gathering of people come to our city and every loyal Graham citizen is asked to join in entertaining our guests royally. If you can take some of the teachers please notify Superintendent H. H. Avants at his office in the court house.

High School Honor Roll 1st Quarter

The Graham high school has just completed the work of the first quarter of the year. The superintendent and principal say that this has been an unusually good quarter's work. The students beginning the year with a seriousness of purpose and a determination to succeed. One striking feature of the work this year has been the return to school of a great many pupils who dropped out during the last few years to work or for other purposes. They are back in school now with a thorough realization of the value of high school training and the majority of them are working satisfactorily.

Below are the honor rolls of the high school for the first quarter. On the high honor roll are the names of those who have made an average of 90 or above on each subject studied. On the honor roll are the names of those who made an average of 80 or above on each subject studied but who are not entitled to a place on the high honor roll.

High Honor Roll

Eleventh grade: J. B. Batchelor.

Tenth grade: Floyd Lisle, Rufus McAfee, Mary Bowman, Martha Mae Morris, Mary Margaret McNamara.

Ninth grade: Cecil Porter, Willie Allen, Avis Calvin, Alice Graham, Margaret Owings, Willet Watson, Elizabeth Wright.

Eighth grade: Juanita Jackson.

Honor Roll

Eleventh grade: Robert Stewart, Carl Smith, Odessa Long.

Tenth grade: Russell Cates, Mack Harlan, Walter Moreland, Grady Nance, Ira Woods, Ruth Anthony, Frances Bell, Reba Mae Davis, Winnie Lisle, Jessie B. Stegall, Beatrice Scott, Kate Stringer.

Ninth grade: Winifred Harmon, Robert Lynch, T. J. Price, Chap Smith, Charley Watson, Velma D. Adams, Ethel Donnell, Lola Hodge, Katherine Morris, Alta Saye, Marie Sealy, Artie Slater, Eileen Slater, Elsie Schlittler.

Eighth grade: Melburne Burnett, Norman Burnett, Lee McGuire, Beryl Anthony, Esther Ruth Russell.

S. W. Hutton and Miss Smoot are at the Christian church Friday, Saturday and Sunday this week conducting a Bible School Institute. Sunday School workers of the city are invited to come and bring their problems. Mr. Sutton has been engaged in this line of work for years and will be able to help the Sunday School teacher.

GRAHAM HIGH TEAM DEFEATS HENRIETTA THANKSGIVING DAY

The Graham high school football team defeated the heavy Henrietta high school team here Thanksgiving day in the hardest fought game ever played in this city. The teams had met earlier in the season at Henrietta when Graham suffered defeat at the hands of the Henrietta team.

Both teams were desirous of winning in the game here last Thursday and it was hard fought from the first sound of the whistle until the close of the game when Graham had the big end of 7 to 6 score. Henrietta recovered a fumble in the first quarter and ran for a touchdown. For a few minutes in the second quarter the Henrietta made some gains but throughout the last half the Graham team outplayed their opponents. With the exception of the touchdown made when a fumble was recovered, the Graham goal was at no time in danger.

Graham displayed a superior type of football. The team is light but knows how to play the game. Coach Harrison has done good work with the boys this season and has produced the best team Graham has ever had and one that will compare favorably with the best in the State this year.

Every member of the team did good work in the game last Thursday and it would be hard to pick the stars. Wallace Price probably deserves first mention but Emmett Stewart, Malcolm Williams and others came close after him. It was not a one man game but all eleven of the men deserve credit. The quarterback displayed good judgment, and deserves to be mentioned with those above.

Graham is proud of her good team this season and hopes that a post season game will be played here. The fans would be glad to see Electric come here before our boys disband. The season is now over and unless a post season game is arranged the team will soon disband.

RESIGNATION OF C. E. KING ACCEPTED BY BOARD OF CONTROL

Austin, Nov. 29.—The State Board of Control today accepted the resignation of C. E. King, superintendent of the Juvenile Training School at Gatesville, by the unanimous vote of its three members.

The board held that King had no right to withdraw the resignation after presenting it formally to the controlling body and refused to consider his request of yesterday that it be withdrawn.

His successor will not be appointed for some time, Chairman S. B. Cowell announced after this morning's conference. The resignation does not take effect for sixty days.

A committee of three Waco citizens appeared before the board at its conference yesterday and urged it to reject King's resignation and to retain him as superintendent of the school. The committee members were Rev. P. A. Heckman, a Catholic priest; Mrs. D. B. Humphreys, and Mrs. G. W. Royalty. All three, in short talks, urged the board to retain King and praised his work and his treatment of the boy inmates.

Mrs. Royalty, in pleading for King's retention, broke into tears and wept as she described the fatherly treatment of one boy by King when the two, with Mrs. Royalty's husband, were caught in a storm.

"And that is the man who is being condemned," she cried.

Mrs. Royalty lived in Gatesville for twenty-five years. She moved to Waco three years ago.

CIVIC LEAGUE

The Civic League will meet at the Presbyterian church at 3 p. m. Dec. 7. It is very essential that a large number of the members be present as there are matters of importance to come up at this the last meeting of the year.

E. H. Casburn and family are moving to Fort Worth this week.

Home Talent Show Majestic Theatre

Home talent shows are always popular. The American Legion has enlisted the cooperation of the best talent in the city and will furnish a most excellent program at the Majestic Theatre Friday night December 2, 8 o'clock.

A treat is in store for everyone who attends this entertainment and the boys have placed the admission fee so low that it is within the reach of everyone. A good program is assured.

The American Legion will furnish one number that will be worth the price of admission. Several of the most talented musicians of the city have agreed to give numbers.

CHAMBER COMMERCE WORKS FAITHFULLY OIL FIELD ROADS

The Chamber of Commerce is working faithfully to keep the roads to our oil fields passable. On account of the continued dry weather it is difficult to do any road work of permanent nature. The ground is so dry that no kind of dirt put in the roads will hold. Every one who has given road building any thought knows that it is impossible to build up the roads until it rains.

Secretary Walker has this week tried oiling a section of the worst road to see if that will help. He has taken several out over the road to see if some one could not suggest some method for getting better results while the roads are so dry. He will gladly entertain suggestions from any who knows of any method of helping the road.

The Commissioner, the Chamber of Commerce and citizens generally will join in an effort, as soon as it rains, to put the roads in good condition. The heavy traffic on our oil field roads is very damaging to any kind of road and during the continued dry weather the sand beds become almost impassable.

Secretary Walker had considerable road experience before moving here but he is at a loss to know what to do under the present conditions. The prospects for rain are good at the time this is written and if rain falls the roads can then be put in good condition.

The Harp Singers Please Audience

A fair sized crowd greeted the Harp Singers at the high school auditorium last Friday night. These musicians brought a refreshing novelty feature that won favor with the audience. The street songs of Italy by the four charming artists, appropriately costumed, were especially pleasing.

The Harp Singers stressed the singing part of their program but rendered a varied program including readings and harp solos. The American Legion is to be congratulated for bringing such splendid entertainments to our city. Other numbers will follow through the winter and our people should plan to see all the programs as they are high class and will be entertaining.

RED TAG SALE AT STREET AND COMPANY'S

This issue of The Leader carries a double page advertisement, printed in red, by S. B. Street and Company. Mr. Street is a firm believer in newspaper advertising as evidenced by The Leader from week to week.

He has a large stock to select from and asks the thousands of people in this section to call at his store and supply their winter needs. The Red Tags reveal the unusual bargains offered during this sale.

ARITHMETIC TEXTS ADOPTED

Austin, Nov. 30.—The State Text Book Commission today adopted Wentworth and Smith's Arithmetic for the public schools for one year and White's Mental Arithmetic for five years.

Mrs. J. C. Vaughan and daughter, Miss Annie, returned to their home at Hubbard Texas, last Saturday, after spending a week here visiting Mrs. J. L. Vaughan and other relatives.

PRODUCTIVE FIELDS ATTRACT OFFICIALS OF BIG COMPANIES

Each week shows increased development in the Young county oil fields. The South Bend pool was discovered nearly two years ago and development was rapid until the decline in the price of crude several months ago. There are now more than 100 producing wells in this pool. Since the recent advance in the price of crude some deals have been made and drilling activities have increased. Several wells are drilling and new locations are being made each week. The No. 2 B. F. Scott on the Smith survey which came in at 3490 feet has encouraged operators to drill for the lime which many think is an extension of the regular Breckenridge producing formation. Many have thought that this lime formation would be found beneath the several true sands.

This new well making nearly 1000 barrels has increased the possibilities of the famous South Bend field. A special train of oil men from New York and other sections of the country visited South Bend recently. As a result of their visit many wells will be drilling before many weeks.

The Bunker pool, eight miles south of Graham, has been a revelation to the oil fraternity. The Owen discovery well came in about the middle of August and at the present time there are eighteen producing wells and about forty drilling, with thirty new locations made this week.

The most serious problem confronting the operators is the water situation. There is sufficient water at present but without rain soon the supply will be limited. The Clear Fork of the Brazos is furnishing water for several hundred wells in Stephens and Young counties.

Considerable importance is attached to the visit of the officials of the Texas and Gulf companies to the Young county fields this week. They left their private car at Parks in Stephens county and visited the field in autos taking their private car at Graham Tuesday. Both these companies have important holdings in the Bunker pool.

The rapid growth of Oil City, the latest oil town, is an index of the future of the Bunker pool. In a few weeks time it has grown from an oil camp to a town of several hundred people. Every enterprise needed to make a good town is found in the new city. There are more than twenty business establishments at present and new houses are going up every day. Several supply houses have opened yards at Oil City.

Locations have been made and derricks are going up east of the Bunker pool. Another pool equal to or better than the South Bend and Bunker pools is expected across the river toward Finis. In fact, oil experts believe that the entire territory east of South Bend for miles will be a great oil field. The two pools mentioned above are two of the best to be found. Neither has been declined as wells coming in each week prove revelations.

NATIONAL THEATRE BOOKS NEW PICTURES

The National Theatre has booked ten of the best and newest pictures now being shown. Dr. Box, senior member of the National Theatre, is in the city this week arranging with the local manager, Mr. Larmour, for these pictures to be shown here beginning December 12. Each show will be shown three days, beginning on Monday each week. The first of these unusual shows will be "Way Down East," a picture of eleven reels and will be shown at the National December 12, 13 and 14.

Dr. Box and Mr. Larmour believe that Graham is entitled to the best. These ten great pictures cost them \$4,000.00. The management has the exclusive right of these big pictures for Archer, Throckmorton and Young counties. Read elsewhere in this issue about the first of the pictures, "Way Down East," which will be shown here beginning December 12.

NOTICE—Any erroneous reflection upon the character, standing or reputation of any person, firm, or corporation which may appear in the columns of The Leader will be gladly corrected upon its being brought to the attention of the publishers.

Retail merchants in every town, large or small, who do any credit business should have an organization of some kind in which they could discuss their problems. This is a complex age and it is only by proper organization that any business or institution can be carried on successfully.

Much may be accomplished along many lines if they will only act in accord which will be for the benefit of the merchants and for that of their customers.

Take for instance, this matter of the "riders" who go from merchant to merchant and "ride" them with charge accounts; paying little or nothing for what they secure. In that one instance alone the merchants can save many thousands of dollars every year—can build up a list of customers who will pay promptly, as they should; and who will not buy when they know they cannot pay.

COLONEL HUMPHRIES

Colonel A. E. Humphries, southern gentleman, multimillionaire and the discoverer of the greatest oil field in the Southwest, stands out pre-eminent as a man in every sense of the word. He is a devout believer in the Supreme Being and his remark made during his address to his guests at Mexia Tuesday that "every dollar that I make will be used to glorify God," is typical of the man.

The colonel has become successful in spite of the many obstacles that have confronted him and unlike many wealthy men is using his wealth to benefit mankind.

At the age of 27 he found himself "broke" with \$200,000 worth of debts confronting him. This did not daunt him, however, and he started to work to amass another fortune and in a few years he had paid back the full amount. Then again he was overtaken by disaster with approximately \$1,000,000 to make good and again he paid his debts in full. His ability to succeed in spite of failure, due to his "sticktoitiveness," is alone enough to make one admire and respect the man. A man who can succeed in spite of reverses is a man indeed.

His most admirable trait of character however is his firm belief and trust in God. It was not many years ago when a group of physicians held a consultation in a southern California home and agreed that there was no hope for the man whom they had just examined. The patient overheard the verdict of the physicians, who were consulting in the next room, and arising from his bed, got on his knees and offered a prayer to God. He made the promise there on his knees that if God would make him fit once more and he amassed a fortune he would use it to further His teachings. That man was Colonel Humphreys. He declares today that "God answered my prayer at that time and made me fit again when the physicians had given up hope, and I fully intend to fulfill my half of the bargain."

Today in Charleston, S. C., stands one of the best missions in the nation, one of a chain which is growing every year. This mission was founded by Colonel Humphreys and is known throughout that section as a place where the orphan child will be taken care of, the homeless man sheltered and the outcast girl cared for.

Colonel Humphreys is a man respected, admired and loved by all with whom he comes in contact, and he stands out as a leader of men, an example of clean living, and as a lover of God. He is an excellent type of American manhood and is a fit ideal for young America. To know him is to love him. Texas, Limestone county, Mexia, are to be congratulated upon his coming.—Fort Worth Record.

BURNING CORN

Iowa reports some of its farmers are selling their corn as low as 17 cents a bushel, with the average around 22 cents. Corn sold for 14 cents a bushel in 1896, but it was grown on land worth about a fifth as much as corn-bearing land of 1921.

All around, the corn raiser is in about the tightest corner of all. He has been hit terrifically by the crash

in corn prices. This prevents him from becoming a normal buyer, so the corn situation reacts on all of us, a ball-and-chain on business recovery. The American Farm Bureau Federation estimates that on November 1, corn stocks totaled 3,452,000,000 bushels, not counting that stored in country mills and elevators.

This is 370,000,000 bushels more than ever were consumed and exported in any one year. The law of supply and demand has played havoc with prices and the prosperity of corn growers.

With starvation in many parts of world, situation rises in which middle west farmers say they must burn corn this winter because it is cheaper than coal.

Department of Agriculture says that, in heat value.

Bushel of Corn at	Ton of Coal at
14 cents equals.....	\$ 7.00
17 cents equals.....	8.50
20 cents equals.....	10.00
22 cents equals.....	11.00
24 cents equals.....	12.00
26 cents equals.....	13.00
30 cents equals.....	15.00
32 cents equals.....	16.00

For instance, according to this table, if the farmer cannot get more than 20 cents a bushel for his corn, it is as cheap to burn the corn for fuel as to buy coal at \$10 a ton. And so on.

Secretary Mohler of the Kansas State Board of Agriculture disagrees. He believes that corn, even at present low price, cannot be used to greater advantage than in fattening livestock.

Corn, fed to hogs, is stored as food for humans. A hog, fattened on cheap corn now, will in all probability bring a satisfactory price later when it goes to market.

Burning corn for fuel keeps the coal miner idle.

Burning corn for fuel holds down the nation's supply of hogs, which have decreased nearly 8,000,000 since 1918.

In some instances, burning corn as fuel may be compulsory. But, as a general proposition it is an economic fallacy that will only increase the cost of living, curtail available supplies of food, and hinder return to normal conditions.—Wichita Times.

AN APPEAL FOR THE QUAIL

The following is an appeal made in behalf of the quail by Will Ellbracht, of San Antonio:

"Bob White, the Texas quail, is the farmer's best friend and the boll weevil's worst enemy. Why not save the quail from the destructive hunters, and thereby destroy the so destructive boll weevil. Last year among four quails killed, one had eleven and the other seventeen boll weevils in their craws. The writer has watched and studied the quail for many years, and I venture to say that if you turn loose 500 to 600 of them in a one hundred-acre cotton field, they would practically destroy all boll weevils in that cotton field."—Coleman Democrat.

It is a well established fact that the quail is the farmer's best friend and the boll weevil's worst enemy. Then it behooves the farmers of Texas to protect this friend. If every farmer in Texas will diligently guard his premises and make positive announcement that he will not allow hunting on his lands, and then himself also refrain from shooting quail, Texas in this manner could be freed from the boll weevil pest in but few years. To do this, however, every farmer and land owner must be in sympathy with the movement and all work toward that one end.

DO YOU KNOW THAT

With its 300,000 employees the Postal establishment handles 1,700,000 letters an hour? It sells one stamp daily to every million of the over one hundred million people, a total of 14,000,000,000 stamps sold annually. Besides these the post office sells 9,000,000 stamped envelopes daily.

The annual turnover of the postal establishment is \$3,000,000,000 with expenses of nearly \$600,000,000.

It satisfies debts to the amount of \$1,500,000,000 through the sale of 150,000,000 money orders annually? Over 2,500,000,000 parcels are handled annually by the parcel post.

The earth could be wrapped around thirty times with the twine we use in tying mail in bundles annually; 800,000 miles of twine is thus used?

How would you like to find \$55,000 without any claimant. The Dead Letter Office does that every year. The careless public either puts no address on the envelope or only partially addresses it.

The Dead Letter Office handles 19,000,000 undelivered letters annually. The New York post office alone handles over 200,000 misdirected letters daily, readdressing them from city directories before they can be delivered. It costs the taxpayers millions to correct their own carelessness.

Thought knows not fear but dares all things in search for truth.

TO ALL INTERESTED IN WEEVIL EXTERMINATION

To the Cotton Planter:

The whole South is today interested in the matter of how to check the ravage of the boll weevil. You have doubtless read the paper prepared by Prof. B. R. Coad and issued from the Delta Laboratory, Tallulah, Louisiana, under date of July 6, 1921, on "the efficacy of poisoned molasses mixture for the control of the boll weevil."

This paper is well worth the careful perusal by every cotton planter in the South, inasmuch as it stands out prominent as the first real authoritative statement on the use of molasses or syrup as a base for applying the weevil poison in this form. I am and have been for some time past preparing an exhaustive treatise in pamphlet form for absolutely free distribution among the cotton planter of the South. Taking the observations of Prof. B. R. Coad and other entomologists as the basis of my investigations, I think this world and all in it will reprint the report of Prof. Coad, and give much detailed information for mixing syrup and molasses and calcium arsenate, and how it is applied to obtain the best results, according to my general research and conclusions; when it should be applied and how often, etc. My treatise will contain all the late reports, including the above mentioned report of Prof. B. R. Coad, (which will be given in full), and excerpts from U. S. D. A. bulletins, papers, and pamphlets.

I am distributing this pamphlet absolutely free and at my own expense to the cotton planter and I only ask that they send their names and addresses on a postal and also the names of other planters who may wish to be informed on the subject of "boll weevils and how to control them," and syrup or molasses and calcium arsenate will do the work if properly handled and applied. The crowning fault of the average

planter is indifference, but present conditions are fast awakening them and I want this treatise on the subject of destroying weevils to reach every cotton planter in the South within the next three months. As I expect to send out literature from time to time, I want a mailing list to include every farmer in Dixie.

something that their predecessors in the boom business never dreamed of.

Mexia knows that not more than a half of the people on the streets there now are steady residents, or are likely to become residents. Business is rushing while they are there, though, and inexperienced business men will take the crowd for a substantial one, pay enormous prices for a building and put up business

houses which will be left high and dry when the excitement subsides after a week or two. Eliasville knows something about that phase of town building.—Eliasville Journal.

God takes his own part in the world; but man's intelligence cannot comprehend the action of God nor fit the movement of God into human formulas.—W. H. Wilson.

BRUNK'S COMEDIANS AT GRAHAM ALL NEXT WEEK

Brunk's Comedians, one of the largest and best comedy companies ever presented under a tent theatre, comes to Graham next Monday night, Dec. 5, for one week's stay. This company is well and favorably known throughout the State of Texas, known for its excellence, cleanliness and for its quality in every department. Their plays are all good and wholesome and they cater to your entire family.

The prices are a feature. The children 12 years and under are admitted for 15c and adults for 35c. These prices include the war tax. As a special inducement each lady is admitted free on Monday night provided she is accompanied by a gentleman escort holding a paid 35c ticket. The play for Monday is a 4-act comedy, "When Dreams Come True." Band concert on the streets Monday 4 p. m., and every night at 7:15 p. m. at the tent when the doors are open. Performance starts at 8 o'clock promptly.

PIONEER RESIDENT OF GOREE IS DEAD

Munday, Nov. 28.—E. M. Coffman, a well known resident of Goree, this county, led at that place Friday night and was buried Saturday afternoon. Mr. Coffman, familiarly known as Uncle Ebb, was about 75 years old, having spent more than 35 years of that time in Knox county, and by dint of hard work and good judgment had succeeded in accumulating a handsome little fortune, consisting of brick and stone business houses in Goree, farm lands around the town and a small but well stocked ranch in Sherman county, Texas.

Uncle Ebb was never married, a couple of sisters keeping house for him for many years. Later one of these sisters died, the other remaining with him until his death.

Rev. R. E. L. Stutts, for several years pastor of the First Methodist church at Goree, now of Clyde, Callahan county, delivered the funeral address at the cemetery, followed by highly eulogistic talks by John H. Bales, an old friend and neighbor, and Judge J. A. P. Dickson of Seymour.

Although not a member of any church, Mr. Coffman was nevertheless a liberal supporter of church and charitable work, and his death will be a distinct loss to his home town. He belonged to that class of quiet, unpretentious men possessed of a personality peculiarly his own, whose closest friends and relatives fail to appreciate their real sterling worth to the community until they are gone. He is survived by three brothers and two sisters, one of the sisters living at Roaring Springs, Texas. The remainder of the family are prominent and substantial citizens of the Goree community.

Sam Goldwater, for the past two years county agent for the American Home Builders Association of Dallas, and now a merchant in Bunker, received a message Saturday morning informing him of the death of his mother at her home in Cooper, Texas. He left on the train that evening and arrived at Cooper in time to attend the funeral, which was held at 10 o'clock Sunday morning. The deceased was sixty years old and had resided at Cooper for the past twenty years.

GRAHAM HIGH DEFEATS NEWCASTLE SATURDAY

The Newcastle high school football team came over to try their luck with the fast Graham high school team. The Newcastle boys lacked training but they were a plucky bunch and played a clean game. Their pivotal man was hurt early in the game and from that time were unable to cope with the Graham boys.

Graham played, with few exceptions, only second team men. Coach Harrison has put out a first team this year that is a winner. All the boys that have come out for practice this year were given a chance to play in the game Saturday. The score resulted 62 to 0 in Graham's favor.

The only accident of the season happened in this game when Ernest Howard's left arm was fractured. Ernest had played very little and was not familiar with the signals.

GRAND JURY FILES

REPORT ON KLAN

Beaumont, Nov. 27.—Deploring the fact that a number of county and city officials are members of the Beaumont klan and declaring that further acts of the local Ku Klux body would most certainly lead to bloodshed, the Jefferson county grand jury adjourned Saturday morning, without returning indictments against members of the klan. It was declared that the evidence was insufficient to warrant indictments. It is said that many citizens who were called before the grand jury refused to answer questions regarding membership in the body, standing on their constitutional rights.

A portion of the report reads: "We have found no bills of indictment for the tarring and feathering of J. S. Paul and R. F. Scott, because we have been unable to secure sufficient evidence upon which to base the same or that would in our opinions, support convictions."

"We deplore the fact that in our community such violations of law and disregard for our constitution unjustified; are not only violations of could have occurred. Such occurrences are wholly inexcusable and our statute laws, but aim at the very foundation of our government and the destruction of its institutions."

"We condemn these acts most emphatically and regret our inability to

bring the perpetrators to justice.

"We have made the most rigid investigation possible of the charges that the Ku Klux Klan has been responsible for, and participated in administering punishment to our citizens, and fomenting religious dissension and strife. If such be true, we condemn the practices."

"We were charged to investigate rumor that officers of the law belong to the Ku Klux Klan. We have ascertained that many city and county officials have belonged to this organization. We most emphatically condemn any officer who owes a duty to the entire public who belongs to any organization whose acts are questionable as those of the Ku Klux Klan."

"We realize that no man or set of men in this country can long promote such acts as tarring and feathering, for we do not believe citizenship will tolerate it, and will lead to unnecessary bloodshed. Such incidents as those occurring here will, of their own weight, if not otherwise, seal the doom of any organization that indulges in or promotes them."

WHY THE TELEPHONE WAS INVENTED IN THE UNITED STATES

That the telephone was born in America, and that Alexander Graham Bell made his discovery of the only way in which speech could be transmitted, in Boston, was due to circumstance full of the deepest human interest. That Bell came to Boston to teach his father's method of visible speech, was due to the insistence of a New England woman, Miss Sarah Fuller, principal of the Horace Mann School for deaf mutes, who so impressed the Boston school board with the importance of this method of instruction for the unfortunate children under his care, that, after vainly trying to secure of Bell's father, who had invented the system, the board, upon his recommendation, offered the son, Alexander Graham Bell, \$500 to come to Boston and give a course of instruction at the school.

He went there April 1, 1875, and thereafter divided his time between teaching the theory of visible speech to the teachers, and in practical instructions to the pupils. In 1872 he opened a normal school for teachers. In 1873 he accepted an appointment as professor of vocal physiology in the school of oratory of Boston University. In 1875, Professor Bell made the happy discovery that led to the invention of the telephone. He was then twenty-eight years old.

ABOUT THE MAIL ORDER HOUSE

Whenever Sears-Roebuck & Co. or Montgomery-Ward can get the name of a man or woman out in the small town or rural districts they think enough of that name as a business prospect to invest the sum of \$2 or more twice annually on an advertising catalogue.

The sales manager of Sears-Roebuck & Co. made a statement the other day in which he declared that the columns of the country newspapers gave him his principal cue when and where to advertise. When he found the local merchants slow on advertising he doubled his own volume of advertising efforts in that district and felt sure of getting double response. He found it useless, he added, to spend money advertising his wares where the local merchants showed any enterprise along that line. For instance, the mail order catalogues are not distributed in the cities because they are useless against the volume of local store advertising in the papers.

The semi-monthly mail ad-catalogue can not compete with the merchants' daily and weekly price messages. Dun and Bradstreet figures on bankruptcy cases in the United States the past year, as published the other day, show that 84 per cent of the failures were non-advertising firms.

Also, put this test to any town you know of—the best advertised store in that town, if established any length of time does the biggest business.

"WHAT IS IN A NAME?"

Is a question often asked. Last Saturday, Governor Neff appointed H. C. V. Terrell as State Treasurer of Texas, to fill an unexpired term. In the last half century the name Terrell has played an important part in the political affairs of this state. Longer ago than that, Judge A. W. Terrell was district judge and member of the Legislature. A little later came J. O. Terrell, of Terrell, Texas, who served in the Texas Senate. A dozen years ago, when the writer entered the Senate, there were three Terrells in the Senate and a couple of Terrells in the lower house of the Legislature. These were J. M. Terrell, C. V. Terrell and H. B. Terrell in the Senate and Chester Terrell and Geo. B. Terrell in the House. Before this, John J. Terrell had served for many years as Land Commissioner. Later on, H. B. Terrell was elected Comptroller, and Chester Terrell Speaker of the House. Still later, George B. Terrell was elected Agricultural Commissioner, in which position he is now serving. Now comes to the front again C. V. Terrell as State Treasurer. Another name that might illustrate the same point is the name of Davidson. For forty years there has never been a time when there was not a Davidson on the State ticket of Texas. They were General R. V. Davidson as Senator and later Attorney General. Then there was Judge W. L. Davidson, first Assistant Attorney General and later for many years on the Court of Criminal Appeals. There was A. B. Davidson in the lower house and later in the Senate, then later Lieutenant Governor. There was T. W. Davidson, a candidate for Lieutenant Governor and now a member of the Senate. There is Lynch Davidson, a member of the House, a member of the Senate, and now Lieutenant Governor. A third example of the prestige of a name in politics is that of Mayfield. Allison Mayfield was private secretary to Governor Culbertson, later Secretary of State, and then Railroad Commissioner. Then there was Earle B. Mayfield, a member of the Senate, later Railroad Commissioner, and now a candidate for the U. S. Senate. There was C. C. Mayfield, of Coleman, who made two races for Comptroller and came near being

HENRY CHAPEL

We are having some beautiful weather. Health is good. Grandma Young has been quite sick but is better now.

A good crowd met at the cemetery and did a lot of work the 19th. Then again the 26th. There was a good crowd of willing workers there Saturday evening.

Mrs. Wright, from Arkansas, left last Sunday after several weeks visiting with her daughter, Mrs. J. F. Gilmore, of this community and Mrs. John McClure of Graford. She is still well pleased with Arkansas. Mrs. J. F. Gilmore and little daughter Vera Mae, spent Thursday evening with Mrs. Jaragin and family. Mr. and Mrs. Wilbur Perkins, Mrs. Jessie Tackett, of Graham are spending the week end with Messrs. Perry and families in our community.

Mrs. O. L. Campbell, Marguerite and Jarnagin, spent last Saturday night with H. T. Glidewell and family.

We have a norther this morning. Several have killed hogs here.

Mrs. Arthur Vick, Astia and June, of Finis, spent Tuesday night and Wednesday with her mother and family.

The young people enjoyed Thanksgiving evening with Mr. and Mrs. John Sadberry and family making candy of several different recipes.

Mrs. H. T. Glidewell and little Hugh spent Monday with homefolks. There is some oil talk in our community. Several derricks are in sight.

Stock water is getting low again. Messrs. Charlie and Matt McMillan have been at Mr. Dillenders this week making a tank to be ready for that rain we are all hoping will come soon.

Sunday was preaching day and we had a good crowd at both hours. A good crowd at prayermeeting last night. Our superintendent was absent Sunday.

The school children enjoyed their two holidays. Mr. and Mrs. Stepp went to Dallas to the teachers' convention.

FARMER.

lected, although he was illiterate, never went out from home, and was only a horse trader. These three names have been names to conjure with in Texas politics in the past half century. Neither one is a common name, but either one is a demonstrated asset in vote getting in this state.

The coming campaign will perhaps see all of these names well represented down the State ticket. There will be C. V. Terrell for State Treasurer, George B. Terrell for Commissioner of Agriculture, Lynch Davidson for Lieutenant Governor, Earle B. Mayfield for U. S. Senator, and Allison Mayfield for Railroad Commissioner.

The common names like Jones and Brown don't often appear on the ticket. There must be something in a name, after all.—Hall County Herald.

SOUTH BEND

(Intended for last week)
Ed Steel, the popular Deputy Tax Collector, was in town Thursday for the purpose of giving tax payers an opportunity to pay their taxes.

Misses Betty Dawson and Lois Fry former teachers here, spent the week end here visiting friends.

Obie Dodd, of Graham, was in town Friday.

A box supper for the benefit of the basket ball team was held at the school house Friday night. Every one report a most enjoyable time. Judge Walker, secretary of the Graham Chamber of Commerce, was in town Monday.

The South Bend school basket ball team played Lake City two games Friday afternoon. The score between the boys' team being 14 to 1 in favor of South Bend and between the girls teams 8 to 4 in favor of South Bend.

The principal of the school, Stanley H. Peavy, is spending the Thanksgiving holidays in Graham. The other teachers, Misses Ora and Luna Harty, are at Murray.

COLLECTION OF TAXES DOUBLE OVER LAST YEAR

Tax collections in Young county during October this year have been nearly twice as large as the same month last year, and the November figures are expected to show an even greater percentage, according to D. D. Cusenbary, county tax collector at Graham.

These figures officially "put to sleep" the hard times argument that has been heard on every hand for a long time.

"I won't say that times are more prosperous, but they are far more substantial," says Cusenbary. "If the people did not have the money they certainly would not be paying taxes. The sentiment among the majority of the tax payers seems to be: 'Well, I have the money now and I may as well pay my taxes.'"

A total of 434 men and women of Young county have paid their poll taxes this far this year. As women are required to pay poll tax this year along with their property, or community property tax, the voting strength of the county will be approximately a third larger than last year on that score alone.

Deputy Collector Edgar Steele visited several places in the county collecting taxes and reports a liberal response from the tax payers.

38 THANKSGIVING PARDONS GRANTED

Austin, Nov. 24.—Governor Neff has granted pardons to thirty-eight convicts to become effective on Thanksgiving Day. Information to that effect was contained in a telegram received today by Private Secretary R. B. Walthall from the Governor, who is at Huntsville making an inspection of the State penitentiary. This is by far the largest number of pardons granted at one time since Governor Neff was inducted into office last January.

While it was not said in the telegram from the Governor, it is presumed that the records of the convicts granted Thanksgiving pardons were investigated by the executive on his present trip of inspection.

OIL BROKER IS ARRESTED AFTER SHOOTING MAN

Breckenridge, Nov. 26.—H. Marlin, an oil field worker employed on the J. C. Nolan lease, was shot three times shortly before 12 o'clock today. It is reported his condition is serious.

Following the shooting R. L. McGinnis, an oil broker, went to the office of his attorneys, where he surrendered to the sheriff's department.

McGinnis was released on \$2,000 appearance bond. His preliminary trial was set for Monday. At the hospital it is said that Marlin is in no immediate danger. Three bullets passed through the man's hips and legs.

Mr. Lake: "Naw, it couldn't have been; or, if it was, he's the only porter that ever said such a thing."

SHERIFF'S SALE THE STATE OF TEXAS County of Young

By virtue of an Order of Sale issued out of the Honorable District Court of Young County, on the 3rd day of November, A. D. 1921, by the Clerk thereof, in the case of Employees Lumber Company vs. R. A. Fain, No. 6580, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in December, A. D. 1921, it being the 6th day of said month, before the Court House door of said Young County, in the City of Graham, the following described property, to-wit:

Lot No. 2 Block J, of the South Bend Townsite Addition to the town of South Bend, in Young County, Texas, together with the improvements thereon situated including the building known as the South Bend Garage, located on said lot and upon which said labor was performed and material furnished, levied on as the property of R. A. Fain to satisfy a judgment amounting to \$1855.20 in favor of Employees Lumber Company and costs of suit.

Given under my hand, this 7th day of November, A. D. 1921.

12-14c JOHN W. SAYE, Sheriff, in and for Young County, Texas.

By GEO. BLACK, Deputy.

NIMRODS LEAVE FOR SOUTHWEST TEXAS

H. L. Morrison, Will Bell, A. B. Eddleman, Wm. Morton, F. M. Burkett, W. D. Norman and W. B. Tullis left last Friday morning for the San Angelo country for a week or ten days hunting trip. This company of nimrods carried a negro man along to take care of the game killed. Three cars carried the party.

Just where they went and how long they will be gone were not given out but they plan to meet other hunters in the southwest and hunt until they find something. They plan to visit Devil's River before returning.

FOR VEGETABLE MATTER

The value of refuse hay straw litter and other rubbish for vegetable matter on orchard and garden soil has hardly been realized. Much of this material goes to waste every year that might be used to enrich the garden and orchard soil.

Now is the time to apply such materials to the soil, as it will take some time for it to decay and be of use to the soil. By applying this fall and turning it under the soil will then be revived and enriched and hence made ready for preparation and planting next spring.

Most gardens could be made far more productive than they have been. To do this it will be necessary to begin in time. Humus is the greatest need in most instances, for without it little can be done in good preparation and ample cultivation.

Barnyard manure is better than waste litter, straw, etc., but manure is generally scarce, not enough being available to improve the soil on most farms. To supplement manure all waste vegetable matter should be used.

In the District Court of the United States for the Northern District of Texas, Wichita Falls Division. In the matter of Graham Drug Company, a partnership, alleged bankrupt. No. 82 in Bankruptcy.

Whereas, a petition was on the 13th day of August A. D. 1921, filed herein for an adjudication of bankruptcy against Graham Drug Company, a partnership composed of T. G. Durham, R. C. Richardson, I. F. Roebuck and John F. Davis, of Graham, in Young county, State of Texas, in said District, and it appears therefrom that the said T. G. Durham and I. F. Roebuck are not within this district, and that personal service of subpoena herein cannot be made on them, now, on motion of Allen & Allen, attorneys for the petitioners herein,

It is ordered,

That service of such subpoena be made by publishing this order, together with the subpoena, in the Graham Leader, a newspaper published at Graham, Young county, in said district, once a week for two consecutive weeks, the last of such publications to be on the 1st day of December, A. D. 1921, and by mailing a copy of this order and said petition and subpoena to the last known place of abode of the said T. G. Durham and I. F. Roebuck, in said district, on or before the day of the first publication.

Witness the Honorable James C. Wilson, Judge of said Court, and the seal thereof, at the city of Wichita Falls, in said District, on the 19th day of November A. D. 1921.

12-14c LOUIS C. MAYNARD, Clerk.

By B. LANTZ, Deputy.

United States of America, Northern District of Texas

To T. G. Durham and I. F. Roebuck, members of the firm of Graham Drug Company, in Young County, in said District—Greeting:

For certain causes offered before the District Court of the United States of America, within and for the Northern District of Texas, as a Court of Bankruptcy, we command and strictly enjoin you, laying all other matters aside and notwithstanding any excuse, that you personally appear before our said District Court to be holden at Wichita Falls, Texas, in said district, on the 12th day of December, A. D. 1921, at 10 o'clock a. m., to answer a petition filed by the J. W. Crowder Drug Company, of Dallas county, Texas, H. W. Williams & Company, of Fort Worth, Texas, and Texas Drug Company, of Dallas county, Texas, in our said Court, praying that you may be adjudged a bankrupt; and to do further and receive that which our said District Court shall consider in this behalf. And this you are in no wise to omit, under the pains and penalties what may befall thereon.

Witness the Honorable Edward R. Meek, Judge of said Court, and the seal thereof at Wichita Falls, (L.S.) Texas, this 19th day of November A. D. 1921.

12-14c LOUIS C. MAYNARD, Clerk.

By B. LANTZ, Deputy.

SHERIFF'S SALE THE STATE OF TEXAS County of Young

By virtue of an Order of Sale issued out of the Honorable District Court of Tarrant County, on the 4th day of November, A. D. 1921, by the Clerk thereof, in the case of The American Seating Co. vs. The McDowell Co., No. 56715, and to me, as Sheriff, directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the first Tuesday in December, A. D. 1921, it being the 6th day of said month, before the Court House door of said Young County, in the City of Graham, the following described property, to-wit:

550 Black Mahogany Chairs, described and known as Theatre Chair Style No. 27, American Seating Co., and being in the possession of the Sheriff of Young County, Texas, and stored in the County Jail, City of Graham, Young County, Texas, said chairs being those formerly located in the Strand Theatre, Graham, Texas, levied on as the property of The McDowell Company to satisfy a judgment amounting to \$1399.75 in favor of American Company and costs of suit.

Given under my hand, this 9th day of November, A. D. 1921.

12-14c JOHN W. SAYE, Sheriff, in and for Young County, Texas.

FOCH'S ITINERARY IN TEXAS IS ANNOUNCED

Houston, Nov. 28.—The itinerary of Marshal Foch and party through Texas, together with all stops contemplated was announced from Goliad yesterday by Wayne Davis, commander of the American Legion, Department of Texas. The marshal will reach El Paso at 3:30 p. m. on Dec. 6, leaving at 5:30, reach San Antonio at 10:30 a. m. the next day, departing for Houston at 12:30 noon, arriving here for the only program to be tendered him in the State, at 5:30 p. m. He will leave for New Orleans at 10 p. m. Commander Davis left Sunday afternoon for San Antonio and El Paso to consult Legion officials concerning the visit of the general.

An elaborate program has been arranged for the entertainment of the Allied generalissimo while in Houston.

DR. W. T. ROUSE UPHOLDS KU KLUX KLAN ACTIVITIES

Vernon, Nov. 28.—Knights of the Ku Klux Klan received a hearty commendation here last night in a sermon preached by the Rev. W. T. Rouse at the First Baptist church. Hundreds thronged the auditorium and heard the pastor assert that if the Klan actually stands for the principles it espouses there is a great place for it today in American society.

Dr. Rouse especially scored the citizens who shirk responsibility and do not aid peace officers in enforcing the law. In the event that citizens take no measures to prevent certain vices being carried on in Vernon, said Dr. Rouse, then "God speed the Ku Klux."

Mother: "Did you remember to pray for everybody, dear?"
Daughter: "Well, mummy, I prayed for you, but Jack prayed for daddy. He's looking, after him 'just now.'"

TUBERCULOSIS CAN BE CURED IN EARLY STAGES

Austin, Nov. 29.—If tuberculosis is discovered and treatment begun early enough it can be cured. This has been established as a fact by the experience of thousands of cases over a large period of years. The chief difficulty encountered in anti-tuberculosis work is the reluctance of persons to heed the danger signals of tuberculosis in its earlier stages and submit themselves for examination by a competent physician, so that they may be informed definitely of their condition and take steps to remedy it.

The striking example between the number of persons known to have tuberculosis and the number of cases actually existing was brought out recently in Framingham, Massachusetts. When the health demonstration was begun there, only 27 cases of tuberculosis were on record. In the survey they conducted, 223 additional cases were disclosed.

The Texas Public Health Association with its affiliated organizations is carrying on a campaign of education to show the necessity for providing clinics where examinations may be made free of charge for those who cannot afford to pay for them.

General education in regard to tuberculosis and the promotion of means whereby it may be discovered early enough for successful treatment are phases of the work carried on by these organizations. Funds for this work are obtained from the sale of Tuberculosis Christmas Seals, and every dollar's worth of Seals sold is a blow aimed directly at tuberculosis.

QUAIL SEASON OPENS

The quail season opens today. Hunters have been cleaning their guns for several days and were ready bright and early this morning. The open season begins December 1 and last until January 31. The limit for one day is 15 birds.

The hunters will find birds plentiful in this section. There was an unusually large number until the continued drouth caused large numbers to migrate. Quail are said to be good boll weevil destroyers and many hope that hunters will not ruthlessly slay the birds.

What I must do is all that concerns me, not what people think.—Emerson.

SHERIFF'S SALE

THE STATE OF TEXAS

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Young County—Greeting:

YOU ARE HEREBY COMMANDED to summon C. O. Pease by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 80th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 30th Judicial District, to appear at the next regular term of the County Court of Young County, to be holden at the Court House thereof, in Graham, on the first Monday in January A. D. 1922, the same being the Second day of January, A. D. 1922, then and there to answer a petition filed in said Court on the 4th day of November, A. D. 1921, in a suit, numbered on the docket of said Court No. 954, wherein R. L. Smith is Plaintiff, and C. O. Pease is Defendant, and said petition alleging: That the Plaintiff performed certain work and labor for the Defendant, which labor amounted to the sum of \$350.00.

That said account is past due and unpaid, and Defendant, though often requested, has hitherto failed and refused, and still fails and refuses to pay the same or any part thereof, to the Plaintiff's damage in the sum of Three Hundred Fifty and no-100 Dollars.

Wherefore, Plaintiff prays the Court that Defendant be cited to appear and answer this petition, and that he have judgment for his debt in the sum of Three Hundred Fifty and no-100 Dollars, interest, cost of suit, and for such other and further relief, special and general in law and in equity that he may be justly entitled to and in duty bound will ever pray.

Herein Fail Not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Witness, W. H. Kennedy, Clerk of the County Court of Young County.

Given under my hand and the seal of said Court, at office in (L. S.) Graham, this, the 8th day of November, A. D. 1921.

AUGUSTA, GEORGIA HAS A \$2,000,000 DAMAGE BY FIRE

Augusta, Ga., Nov. 26.—Nearly one half of the 700 block of Broad street and the entire eastern side of the 200 block of Jackson street, both in the heart of Augusta's business section, were destroyed by fire early today with a total loss of about \$2,000,000.

The fire started about 2:00 o'clock in the five-story Johnson building at the corner of Jackson and Broad streets and was not brought under control until daylight.

The following buildings were in the path of the flames:

- Johnson building, total loss.
- Harrison building, total loss.
- Albion Hotel, total loss.
- Genesta Hotel, partly burned.

The Augusta Chronicle, the offices and plant of which were in the Harrison building, were a complete loss. Six other business establishments on Broad street were destroyed. While the main fire was raging another broke out on Jackson street, sweeping three buildings.

The origin of the principal fire had not been determined tonight.

To the Sheriff or any Constable of Young County—Greeting: YOU ARE HEREBY COMMANDED to summon Beuna Fields by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to be holden at the Court House thereof, in Graham, Texas, on the first Monday in March, A. D. 1922, the same being the sixth day of March A. D. 1922, then and there to answer a petition filed in said Court on the 15th day of August A. D. 1921, in a suit, numbered on the docket of said Court as No. 6559, wherein H. C. Fields, Jr., is Plaintiff, and Beuna Fields is Defendant, and said petition alleging: That on or about October 19, 1917, defendant without any provocation from Plaintiff whatever deserted Plaintiff and has not since said time resided with him as his wife. That such abandonment has continued for more than three years.

That the community estate existing between Plaintiff and Defendant consists of two lots in the Town of Newcastle. Wherefore Plaintiff prays that Defendant be cited to appear and answer this petition and that on a final trial he have judgment annulling the bonds of matrimony existing between them, for division of the community estate, cost of suit and such other and further relief as the court may deem him entitled to and in duty bound will ever pray.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Griffith's "Way Down East" Coming

D. W. Griffith's picturization of "Way Down East," based on the stage play by Lottie Blair Parker, which for the past twenty-two years was one of the rural classics of the American theatre, will be presented at the National Theatre on Monday, December 12, for three days with the following cast: Lillian Gish, Richard Barthelmess, Mary Hay, Burr McIntosh, Lowell Sherman, Creighton Hale, Mrs. Morgan Belmont, Kate Bruce, Edgar Nelson, George Neville, Vivia Ogden, Porter Strong, Josephine Bernard, Mrs. David Landau, Patricia Fruen, Florence Short, Emily Fitzroy and Myrtle Sutch.

Mr. Griffith's production of "Way Down East" represents ten months work of the most exacting character, for in this screen version of the story he has endeavored to follow closely the narrative of the stage play, with here and there a digression for the purpose of dramatic value or elaboration.

"Way Down East" is the biggest production Mr. Griffith has made. Several Griffith innovations are promised, including a thrilling snowstorm and a genuine New England ice break on the river.

Following the premiere performance, the production will be offered daily, matinee and evening.

A nearsighted man lost his hat in a strong wind. He gave chase, but every time he thought he was catching up with it it was whisked from under his very hand. A woman screamed from a nearby farmhouse: "What are you doing there?" He mildly replied that he was trying to retrieve his hat. "Your hat?" exclaimed the woman. "There it is over there under that stone wall; that's our little black hen you've been chasing."

Tiffany by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to be holden at the Court House thereof, in Graham, on the 1st Monday in January, A. D. 1922, the same being the 2nd day of January, A. D. 1922, then and there to answer a petition filed in said Court on the 26th day of November A. D. 1921, in a suit, numbered on the docket of said Court as No. 967, wherein Norris Johnson Hardware Co., a partnership composed of G. B. Johnson and Mrs. J. B. Norris, and Mrs. Paul Telcamp, are Plaintiffs, and C. M. Tiffany is Defendant, and said petition alleging: That heretofore to-wit, on the 12th day of April, 1921, the deft. executed and delivered to Plaintiff seven certain promissory notes due weekly from said date, six of which are for \$25, and the last one for \$30.80, providing for 10 per cent interest from the date until paid and 10 per cent attorney's fees. That said notes are past due and unpaid and though often requested defendant has failed and refused to pay same and still refuses and fails to pay same.

That plaintiff sold and delivered certain goods, wares and merchandise to defendant of the value of \$10.85, being a balance due on an account of \$20.85. That defendant has failed and refused to pay said notes and accounts to plaintiff's damage in the sum of \$250.00. That said notes have been placed in the hands of an attorney for collection, and plaintiff has promised to pay 10 per cent provided in said notes for said services. Wherefore plaintiff prays that citation issue according to law and that on final hearing they have judgment for their debt, interest, attorney's fees, costs of suit, and such other and further relief, special and general, in law and equity, to which they may be entitled and for which they will ever pray.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

BUY CHRISTMAS SEALS TO FIGHT TUBERCULOSIS

Austin, Texas, Nov. 24.—The Texas Public Health Association states that in the 36 years since Dr. Edgard Livingston Trudeau started his Sanatorium in the Adirondacks for the treatment of tuberculosis, the idea has spread throughout the United States.

The important fact has been established that sanatorium treatment for tuberculosis is effective in any climate and in almost any altitude, exploding the old idea that a patient had to go to certain sections of the country. The Texas Public Health Association with its affiliated organizations is constantly working to present the idea to the public that the average person who has tuberculosis can best be treated in a sanatorium near his home.

Education as to the present on of tuberculosis and the best means of treating it is disseminated by the Texas Public Health Association and its affiliated organizations with the result that the number of sanatoria is increasing yearly. Funds for carrying on this work are obtained from the sale of Tuberculosis Christmas Seals, and the 14th Annual Christmas Seal Sale will start Thanksgiving Day.

Would a man enjoy rest, let him first endure labor and suffer fatigue. The fatigue of the body relieves the fatigue of the mind. Bodily fatigue, if not carried too far, is pleasurable, being succeeded by rest. There is no pleasure arising from mental fatigue.—W. H. Wilson.

D. 1922, the same being the 2nd day of January, A. D. 1922, then and there to answer a petition filed in said Court on the 26th day of November A. D. 1921, in a suit, numbered on the docket of said Court as No. 966, wherein The John E. Morrison Co., a corporation acting by and through J. P. McKinley, Gen. Manager, is Plaintiff, and C. M. Tiffany is Defendant, and said petition alleging: That on the 1st day of November, 1919, the defendant for a valuable consideration to him in hand paid by plaintiff made, executed and delivered to this plaintiff his certain promissory note of that date for the sum of \$20.00 due on or before Oct. 1, 1920, with int. from date at rate of 10 per cent per annum from date and providing for 10 per cent Atty. fees if sued on or placed in the hands of an atty. for collection. That said note is credited with a payment of \$10.00 on Nov. 2, 1920.

That on the 30 day of Sept. 1920, the deft. for a valuable consideration to him in hand paid by the Plif. made, executed and delivered to this plaintiff his certain promissory note of that date for the sum of \$335.98 due and payable at the rate of \$20.00 or more monthly beginning Oct. 15, 1920, with int. from date at rate of 10 per cent per annum and providing for 10 per cent additional on principal and int. due as attorneys fees if sued on or placed in the hands of an attorney for collection. That said note is credited with payment of \$20.00 on Nov. 30, 1920, and \$60.00 on Jan. 29, 1921. That said notes are now due and unpaid and deft. fails and refuses to pay the same or any part thereof.

That plaintiff does not know the whereabouts of defendant and prays that he be cited to appear and answer this petition by publication and that on a final trial that it have a judgment against deft. for its debt, interest, attorney fees, cost of suit, and relief both general and special.

Herein Fail Not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GOVERNOR EXERCISES HIS APPOINTIVE POWER

Few Texas Governors, if any, have ever had the opportunity to appoint as many officers to high places in so short a time as has Governor Neff during the past week. He has made the following appointments:

C. M. Cureton, Chief Justice Supreme Court, to succeed Nelson Phillips, resigned.

W. A. Keeling, Attorney General, to succeed C. M. Cureton, resigned.

C. V. Terrell, of Decatur, was appointed State Treasurer to succeed G. N. Holton, who was appointed to the position of actuary of the State Fire Insurance Commission.

A. H. Dunlap, of Ward county, has been appointed as a member of the Board of Water Commissioners to succeed W. T. Potter, deceased.

C. K. Quinn, of Columbus, has been appointed Judge of the court in the Twenty-fifth Judicial District, filling the vacancy caused by the resignation of Judge M. Kennon.

Newman Phillips, of Cooper, Delta county, has been named as Judge of the Sixty-second District to succeed Judge A. P. Dahoney, resigned.

Practically all those resigning give as their reasons inadequate salaries.

GRAYSON AWARDS ROAD CONTRACTS

Sherman, Nov. 25.—The Grayson county Commissioners' Court this afternoon accepted the bid of T. J. Larkin & Sons, Dallas for construction of almost \$500,000 worth of additional gravel roads in Grayson county. The roads are to be built in three districts in the county which have voted bonds for the purpose in the following amounts: Gunter, \$190,000; Howe, \$150,000, and Southmayd, \$99,000.

Immediate commencement of the work is expected to help the employment situation in this section. While the roads are district ones primarily, some will afford even better routes for county traffic than the present principal highway routes, as all of the new roads will be straightened.

The contractors bidding on the road work were: Womack Construction Company, Sherman; T. J. Larkin & Sons, Dallas; C. C. O'Neil, Dallas; Perkins & Stiff, McKinney; Cobb & Jenkins, Dallas; Newman B. Gregory, Texarkana.

The bids were made both for purchase of the bonds and building of the roads in the three districts.

CAMPERS FIRE BURNS 70 SECTIONS OF GRASS

Hereford, Nov. 24.—Seventy sections of grass, a strip twenty miles long and five wide, burned twenty miles southwest of here yesterday. The grass caught from a camper's fire. More than 200 men fought the flames before they were finally extinguished by back firing.

GOVERNOR RETURNS FROM PRISON TOUR

Austin, Nov. 27.—"There is nothing in the State prison system which necessitates a special session of the Legislature," assured Governor Neff today upon his return from a week spent in investigation of the Hunts, penitentiary and the prison farms, "and there will be no special session as a result of my inspection of penal affairs." This set at rest the rumors of a possible special session.

Governor Neff declined to discuss his findings or his program of remedies pending the filing of a written report by the Board of Supervisors, who accompanied the Governor and the prison commission on the trip of investigation.

"This report has been promised me within the next week or ten days," said the Governor, "and when it is received I will prepare a statement for the public, giving the full details of the inspection and what is in prospect for the future."

Further than that the Governor would not discuss his trip, except to say that within the next few days he will issue a statement concerning the several pardons he has granted, and he may extend clemency to others.

Members of the advisory board who were with the Governor were J. T. Harrington of Waco, Mrs. J. E. King of Kerrville and Homer D. Wade of Stamford. The board exists by virtue of a new law which became effective Nov. 14 and the members were selected by the Governor. The board continues in office two years and is to advise with the Governor and the Prison Commission in the matter of prison policies. This was the first meeting and inspection of the State prison system.

A special session is now imminent because of prison finance, though the Governor's reply on that score did not preclude it in the future. He was asked if the system had found some way to get maintenance money to tide it over until the next crop harvest and his reply was that "there is nothing now to warrant a special session of the Legislature and I have no intention of calling it at this time."

He did not say whether or not a line of credit had been obtained. It will be recalled that the Prison Commission asked the Legislature for an appropriation of \$879,000 to carry it until the next crop income is available, but the money was refused because the Governor would not submit the subject of prison reform as advocated in the recommendations of the joint legislative committee which investigated the prison system.

PRINCIPAL LAWS ENACTED BY SESSION OF CONGRESS

Washington, Nov. 23.—Here are the principal laws enacted by the special session of Congress, now ended, according to the tabulation of Representative Mondell, Republican leader.

The anti-beer bill, banning beer as medicine and correcting the administration of prohibition.

The budget act, designed to put expenditures on a business-like, scientific basis.

The peace resolution, ending war with the Central Powers.

The veterans' bureau act, consolidating soldier relief agencies under a single administration.

The bill amending the war finance act to provide relief for the farming and livestock industries.

The maternity and infancy act.

The emergency tariff, imposing high duties on farm products.

The immigration restriction act.

The packer control act.

The act to prevent gambling in grain futures.

THE COWBOY

I've heard the winds at sundown sweep
On a lonesome stretch of trail,
As I trekked along through the silence deep
In a wild, rock-capped vale;
And heard the wolf howl cut the gloom
By the wings of the night wind fanned
From the rim of the plains where the foothills loom
O'er a moon washed belt of sand,
I've seen the sky line fade from sight
O'er leagues of sage and stone,
And heard the geese in rapid flight
Cleave on from zone to zone.
I've seen the stars on cactus gleam,
And heard the night bird's cry,
Or camped by some cool starlit stream
And watched the embers die.
Thank God, for me no puny pen
Nor stifling walls of stone,
But an open road, red-blooded men,
And a soul to call my own.
—Harvy McKenzie, in Montreal Daily Star.

BANK CASHERS ADVISED AGAINST DEALING IN OIL

Austin, Nov. 29.—Ed Hall, Commissioner of Insurance and Banking, is advising State banks over the State, where occasion arises, that cashiers of such institutions can not remain in their positions and engage in the promotion of oil companies at the same time. Mr. Hall says the cashiers should either resign from the bank or give up their oil enterprises, that each constitutes large and important business enough for one man and one business might be handicapped by attention to the other.

Mr. Hall said that he is giving this advice as a result of several notices he has received from over Texas that cashiers of State banks are promoting oil companies.

CITY RE-ESTABLISHES STOCK WATERING TROUGH

The public watering trough for stock in Graham has been out of order for some time but the city is this week building a substantial watering place on the west side of the square.

For years and years Graham has had a public watering trough which has been appreciated by the public. There is not the need for it now as in former years but it is necessary for farmers to come to town in their wagons occasionally and they will appreciate the new watering place on the west side of the square.

ENDEAVOR SOCIAL

One of the most delightful socials of the season for the Junior Endeavorers was given by Mrs. Tom Price Friday evening. Very early the guests began to arrive and by seven o'clock about forty had assembled. Many merry games had been planned, one of the most unique and interesting being "A Visit to the Zoo." The Juniors are a jolly "live" bunch and made the house ring with their laughter.

Mrs. Price was ably assisted in entertaining by her daughter, Mrs. Jaro Smith, and Mrs. John Pohlman. Delicious refreshments of hot chocolate and cake were served, after which good byes were said; all pronouncing Mrs. Price as the best hostess ever.

The superintendent of the C. E. greatly appreciate these socials as they stimulate attendance and work in the Societies. To keep Juniors working you have to give them some play.

BIBLE SCHOOL INSTITUTE

S. W. Hutton, the Southwest Bible School superintendent, with Miss Smoot, the Intermediate superintendent, will be at the First Christian church Dec. 2, 3 and 4 in a Bible School Institute. If you are a Bible School teacher, or interested in the Bible School work, you have a cordial welcome to be at this school. If you have perplexing problems with yourself or your class, let these trained workers help you solve them.

Bro. Hutton and Miss Smoot have spent years in studying and working in this work. Their experience will be of great value to you.

J. E. EVANS, Pastor.

Greatest of All Photoplays Coming

D. W. Griffith's wonder spectacle, "Way Down East," which comes to the National Theatre for three days, commencing Monday, December 12, is assured a wonderful reception from the hearty response that Manager M. W. Larmour has evidenced from his patrons.

No theatrical attraction of the year has created the stir that has followed since the opening presentation of this production at the 44th Street Theatre in New York City early in September, 1920. It crowded the theatre twice daily from the start and was given such unstinted praise that it has been acclaimed the greatest picture of all times.

"Way Down East" as you know was a play by Lottie Blair Parker which Joseph R. Grismer helped adapt to the stage and enjoyed unusual popularity for over a decade upon the regular stage. D. W. Griffith has taken this basic story and by his new art form which represents a combination of music, drama and motion pictures, has produced a classic. It pictures New England rural life with a fidelity and charm which cannot be approached under any other circumstances. To this absorbing tale of love and lovers Mr. Griffith has given it those something touches which make his work something apart from all other forms of dramatic and pictorial entertainment. Its great punch comes after the former story would ordinarily terminate and is the great act scene ever conceived in the theatre.

VALUATIONS IN STEPHENS OVER 53 MILLIONS

Breckenridge, Nov. 26.—County Tax Assessor Ben Grant yesterday announced that the taxable value of Stephens county real and personal property was \$53,840,000, or \$13,000,000 more than was estimated and lacking less than \$3,000,000 of twice last year's figures.

Oil companies have \$24,000,000 in real estate and \$11,000,000 in personal property on which they will pay taxes at the rate of \$2.02 per \$100.

Unlawful To Do A Lot of Things

Here are a few new ones from the Attorney General at Austin:

An Amarillo merchant recently operated a "grab" sale in connection with a general sale. That is, he put articles of different values in packages of the same size and appearance and sold them for the same price. That was against the law, so the Attorney General says.

A merchant in Coryell County is giving away with each dollar purchase a ticket for use in drawing a free automobile Christmas. This, too, is against the law.

Any man who operates a box-ball alley, or any other game where the low score man must pay for all, is likewise subject to prosecution.

Rolled Stockings And Flappers Are Hit By Teachers

Dallas, Nov. 27.—Texas school teachers have gone on record against cigarettes. The State Teachers Association in convention here adopted a resolution recommending a law to prohibit the sale of cigarette or cigarette papers.

The cigarette resolution, rural education and the high school flapper today held the center of the stage. Probably the most interesting discussion was over the bobbed hair and rolled stockings of the modern high school girl. But she had an ardent supporter in Miss Edith L. Clark of the North Texas Normal School at Denton.

"There is much good even in the most 'flippant flapper,'" Miss Clark declared, and added: "Much of the prattle and frivolity is mere bubble and after the effervescent silly giggling stage the girl grows into a young woman—of whom we are proud."

BOND ISSUE OF \$15,000 SOUGHT FOR NEW SCHOOL

The sum of \$15,000 has been decided upon by the Ellisville school trustees as the requirement for a new school building, and formal petitions asking the Commissioners' Court to order an election to vote bonds for this amount are now in circulation throughout the district.

According to the estimate of the trustees, the sum of \$15,000 will be sufficient to construct a two story, eight room school building with a basement. They propose to issue this amount without additional taxation—that is, the bonds will be refunded out of the regular tax money.

The school district embraces portions of both Young and Stephens counties.—Ellisville Journal.

SUPREME FLOUR

THE PEOPLE'S CHOICE

Time shows development from small things to great. Not but one quarter of a century ago "Supreme" was only a community flour; today it is used in thousands of homes in Texas as well as in foreign lands. Then—the question—Why its growth? Because of its unflinching uniformity. This Company has worked conscientiously, carefully, and painstakingly to excel in quality. You are due it to yourself to take advantage of an extra quality flour when offered. "Supreme" is no longer a chance, but a sure hit.

K. OF P. TO GIVE BANQUET MONDAY, DECEMBER 5TH

The Knights of Phythias lodge of Graham has reaped a large harvest of new members during the past few months and to show its appreciation, the lodge will give a banquet to the new members next Monday night, December 5.

The K. of P. lodge is one of the oldest fraternal organizations in the city. It is a popular organization and has at all times taken pride in the personnel of its membership. A great time is in store next Monday night and the new members will realize more fully that they are members of a truly fraternal organization.

MEMBERS OF LEADER FORCE ENJOY DINNER

Accepting an invitation to partake of a turkey dinner on Thanksgiving, a party composed of John Perkins, Mr. and Mrs. Wilburn Perkins and little daughter, Ranell, and Mr. and Mrs. J. L. Small drove out to the home of George Perkins, five miles west of Graham, where ample arrangements for the occasion had been made.

Arriving there long before noon, the men sought diversion amid the surrounding scenes. It was a typical farm home with much evidence of prosperity—horses, cattle, fat hogs, chickens, etc., which contribute immeasurably to the happiness and welfare of rural life.

Soon it was learned that jack rabbits were numerous in that locality, and, much to the delight of the guests, a shot gun and plenty of ammunition were brought out and placed at their disposal, all of whom qualified as expert nimrods, except John Perkins, who is too much of a lady's man to indulge in such pastime. John, however, claimed to be familiar with the "lay of the land" and kindly consented to chaperone the party. The drive was made, but those rabbits were too wise to be felled by amateur sportsmen. Scouting danger from a far off, they got up and hiked, and "hiked" is the word, for shots at long range merely served to accelerate their speed. At the last minute, however, a large rabbit failed to avail himself of his rights and was brought down while attempting to make a get-away at close range.

The dinner was excellent and fittingly exemplified the spirit of Thanksgiving. In fact the food was so tempting the party readily accepted an invitation to remain until after supper.

PRYOR'S EFFORT TO REGAIN PLACE FAILS

Austin, Nov. 30.—The supreme court today denied the application of W. G. Pryor, suspended prison commissioner, for permission to file a petition for a writ of mandamus seeking to regain his office, from which he was suspended by order of Judge Cooper Sansom, of the Twenty-sixth district court, located in Austin.

The court rendered no opinion in the case.

Pryor was seeking reinstatement as commissioner and also to prevent his successor, Walker Sayles, from fulfilling the duties of the office. Mr. Sayles was appointed by Judge Sansom to serve during Pryor's suspension. This action of the court is final and means that Pryor has no recourse through the supreme court.

Pryor was suspended from office by Judge Sansom under provisions of a law enacted at the last session of the legislature. Proceedings against him were brought by the attorney general's department at the direction of Governor Neff after he had refused to resign. The law provided for his suspension until final judgment of the charges brought against him.

INCORPORATION FAILS TO CARRY IN SOUTH BEND

The election for incorporation of South Bend last Saturday failed by one vote, the result being 19 to 20 against the incorporation. At the same time an election was held for officers to man the city should the election for incorporation carry.

The following officers were elected: J. W. Travers, mayor; Otis Tittle and J. C. Mouton, commissioners.

Mr. Travers, editor of the South Bend Derrick, and mayor-elect, had worked hard for the incorporation in order that the much needed improvements for the city could be carried forward. South Bend is a new town and many of the people had not lived there long enough to entitle them to a vote. Another election will be held next year when more of the people are qualified voters.

In the meantime, according to Mr. Travers, the officers will function. It is hoped to raise a sufficient sum of money monthly to maintain street lights, board of health, park committees, and other needed improvements. A city council of forty members will be appointed and it is believed that the work of the city can be carried on successfully until another election can be held.

FORT WORTH MAN TO SEEK GOVERNOR'S OFFICE

Corsicana, Nov. 29.—L. H. Middleton, of Fort Worth, who was in Corsicana today, announced that he was a candidate for Governor. He said he was a contracting builder and a native of Texas. Mr. Middleton has a typewritten copy of what he calls the platform upon which he will make the race for Governor. He regards according to this platform, the prison system as the biggest issue before the people of the State and declares that convicts should be put to building highways instead of producing cotton in opposition to the farmers.

WILBARGER GETS \$203,000 IN STATE HIGHWAY AID

Vernon, Nov. 23.—A total of \$203,000 has been allotted Wilbarger county by the Federal Government through the State Highway Commission to supplement county bond money to be used in laying concrete on the Colorado-to-Gulf Highway. This is dollar for dollar on the amount which will be expended by the county, and will take the paved road just twice as far as would otherwise be possible.

The pavement now extending 2.6 miles east of Vernon will reach Oklaunion, nearly eight miles distant, and will be laid six miles west of town. This will mean fourteen miles of concrete across the county. This allotment was made by the State Highway Commission upon application of a Wilbarger county commission composed of the County Judge, a commissioner and the manager of the Chamber of Commerce.

Several facts governed the highway commission in making this allotment. One of these is an appreciation of the fact that Wilbarger county people want good roads, as evidenced by the four to one vote for the \$600,000 in bonds. Another factor is the importance of the two big interstate highways which pass through Wilbarger county. These highways, which run over the same road, are the Colorado-to-Gulf Highway and the Highway Five from the Eastern states to the Pacific.

Approval of Wilbarger bonds is being pressed before the Attorney General now. It is expected to start work at paving early in the spring.

The captain was receiving the new middy with the usual kind encouragement.

"Well, my boy, it's the old story, I suppose—the fool of the family sent to sea?"
"Oh, no, sir!" replied the boy. "That's all altered since your day."

UNITED CHARITIES ACCEPT OFFERING

The United Charities of Graham are very much pleased with the offering made at the Thanksgiving service at the Christian church last Thursday. The amount received was \$63.20.

With this assistance in the way of funds the committee hopes to finish the year. A drive will be made for funds for the United Charities organization some time after the first of the year. A good work has been done this year and with the proper cooperation on the part of the entire citizenship the charity work of the city could be properly cared for.

There has been too much street begging this year. Graham would soon be relieved of the professional beggars if every appeal for help would be referred to the United Charities. Only worthy cases are considered by the organization. Many professionals come into our city and in a few hours work the business section and pass on to other places. Only a few of these are deserving; all others should be dealt with as their case deserves.

PELLAGRA

Pellagra is not a catching disease but everyone should assist the Health Officer by reporting each case. There is no danger of getting it by being around a sick person, neither should one feel disgraced for having it. Because it is attributed to a faulty or restricted diet, by no means restricted the disease to the poor. In fact although the rich are usually able to purchase any kind of food-stuffs they want it is found that the children of those families are more frequently undernourished and more underweight than the children of the less prosperous families. This is because the children of the rich are frequently allowed to choose their own diet and usually restrict it to sweets, and their bodies are therefore deprived of the required body building foods. The children of the middle class family are not lavished with luxuries and their diet is usually made up of possibly plain but most frequently a conservative variety of substantial food. Statistics prove conclusively that the nutrition worker while much needed for instruction in the middle class are much more needed among the wealthy. Nutrition instruction in its several phases is being offered by the Red Cross and the Department of Agriculture demonstration agents. Consult these persons in your county and community.—Red Cross Bulletin.

AIRPLANE STUNTS ENTERTAIN PEOPLE

Floyd Muncie has been furnishing entertainment for some time with his airplane. He knows all the tricks and has thrilled our people with his daring feats. Last Saturday his friend, Mr. Miller, assisted him in entertaining. Mr. Miller climbed over the machine and under it while it was high in the air. A rope thirty feet in length was suspended from the plane and Mr. Miller descended on this rope and performed in mid air. It was a thrilling sight but the crowds below are willing to let Mr. Muncie and Mr. Miller claim all the honor.

Mr. Muncie has been here several months and has been a great help in entertaining the crowds on several occasions. He added a great deal to the success of the Armistice Day celebration. Any one desiring to take a ride in the air should see Mr. Muncie.

FINDS BOLL WEEVIL UNDER ENGINE HOOD

S. A. Castleberry, if he possessed any skepticism heretofore concerning the presence of the boll weevil in Wilbarger county, has been converted to the faith. Convictions on the part of the local citizen is not through argument or persuasion of any sort, but through the convincing channels of experience.

Mr. Castleberry drives a six cylinder Franklin car, air cooled, and his business takes him frequently out into the country. Returning recently from a trip to the Waggoner Colony, a journey of thirty-two miles, he had occasion to examine his engine and found clustered about each hot cylinder perfect heaps of real, unadulterated boll weels, roasted alive.

The insects had been sucked up from the road by the powerful fan which drives air to the engine, and deposited in heaps on the cylinders. Grasshoppers and a few other bugs were also in evidence, but a majority of the harvest consisted of boll weevil.

"There is no answering that argument," said Mr. Castleberry yesterday. "The strange part about it is that these weevils were gathered in a non-cotton producing part of the country. Wheat is the principal crop grown in that section. It simply shows how thick the insects have become over Wilbarger county."—Vernon Record.

GRIFFITH LATEST PICTURE GREATEST OF THEM ALL

Unusual interest attaches to the opening of the coming engagement in this city of D. W. Griffith's great spectacle, "Way Down East," which will be seen for the first time here on Monday, December 12, at the National Theatre. "Way Down East" will be presented here for a period of three days.

If such be possible, this latest masterful production by the genius of the screen bids fair to eclipse even the enormous vogue enjoyed by "The Birth of a Nation." Now being offered in the leading cities of the land, "Way Down East" is attracting capacity throngs and seats are sought weeks in advance.

This picturization of the famous stage success furnished by Lottie Blair Parker and Joseph Grismer goes much farther than the original tale. Mr. Griffith has begun where they halted. He has not made it a provincial thing; attempting to explain nothing he has welded a theory of eternal love and in so doing has removed his people from time and period. Possessed of a vision and mentality too great to be handicapped by anything, he has brought forth an epic far more than clever—it has the ring of genius. The simple fun of plain people is brought forth in greater measure than the stage play could ever hope to attain and offers keen contrast to the sufferings and woe of Anna Moore, her hopes and struggles. Probably the greatest cast of capable players ever assembled for a motion picture production was engaged in the making of this work and it ends in a thrilling climax of spectacular scenes amid the veering flares of a New England blizzard and the explosive breaking of a river ice gorge, all of which enthrall as only a Griffith effort can move audiences. The tender moments, the tragic episodes, the laughable situations and the stirring scenes are accentuated by an unusual orchestral accompaniment, pronounced the most ambitious yet attempted in the theatre.

Would a man enjoy rest, let him first endure labor and suffer fatigue. The fatigue of the body relieves the fatigue of the mind. Bodily fatigue, if not carried too far, is pleasurable, being succeeded by rest. There is no pleasure arising from mental fatigue.—W. H. Wilson.
