## JUDGENS GROCERY KNOWN ALL OVER THIS AREA FOR ITS SQUARE DEALINGS

The Firm Takes Great Pride in Its Line of Nationally Advertised Line of Goods, and Especially Its Fine Connection with Fruit and Vegetable Truck Lines.

When a grocery, or any other store is more popular with their customers after fifteen years of business dealings than it was the first year it started, gives evidence that it was started off right, and has been giving its customers a square deal since it started. When the sum total of its customers keeps steady growth with the increase of population in the trade area, it shows that they are not losing any customers, but are adding new ones a step years ago by.

This popular west side of the square grocery started during the early twenties in a 25x80 feet building, just one door north of where the store is now located, and the firm was known as Ashworth & Knight, Mr. Ashworth selling his interest to L. F. Hudgens and son, Claude, now of Lubbock and Levelland in 1924. The stock then consisted of a grocery one side of the building, and hardware on the other. This was greatly enlarged to care for their growing trade a year or two later by leasing the adjoining building for the hardware and furniture, and confining the greatly enlarged stock of groceries to the original building.

In January, 1934, Clarence Hudgens and Kyle Graves bought the interests of all the other stockholders, and continued the business in the same building until July, when they moved into the M. V. Brownfield estate building one door south. This gave the firm much larger quarters, as this building is 30x100 feet, and with higher ceiling that permits a lot of balcony storage in the rear end. This building had been remodeled for modern grocery needs.

No firm in this section takes more pride in their stock, quality as well as quantity, than the Hudgens Grocery Co. Indeed, their stock is well made up of nationally advertised products, are Charley Green, Ted Hardy products perhaps that cost a bit more who'seale, but will stand up to the wishes of their customers, and being always uniform in materials. Their argument is, that you may fool a customer once, but

not twice, with poor quality. For instance, in their flour line, they handle such well known brands as Bewley's Best, Light Crust and Amaryllis, flours that have stood the test for the past several decades, and still going strong.

**Fruit and Vegetable Dept.**  
Another department they take particular pride in is their fresh fruit and vegetable department. Each week, trucks from Florida and California meet at Hobbs, N. M., and exchange the best from both states, giving this firm the picks and choice of both fruit and vegetables from each state, as well as from other trucks from the Valley of Texas. They report that they have customers from all over the Brownfield trade area that tell them they come to Brownfield to trade with them because they always have such a nice selection of fresh fruits and vegetables.

**Sell Only Choice, Prime Meats**  
Another department of special pride is the market or fresh meat department. They buy only prime beef, pork, lamb, etc., and have created a great demand for their market products, as their customers have always found them uniform. Jack Spence is in charge of the market department. This firm operates what may be termed a Service Store. In other words customers are allowed 30 days time to pay their bills, at the first of each month, providing their bills are met promptly, otherwise they are made cash customers. Therefore to keep your credit A-1 the customer must show his worthiness. Credit is a good thing if used wisely, and is lots of times vastly more convenient than paying cash as you go.

Personnel of the store, other than the owners, Hudgens & Graves, and Mr. Spence mentioned above, Mr. Spence is assisted by Earl Anthony, Sr., of Saturdays. In the other departments are Charley Green, Ted Hardy and Don Hudgens, the later being a son of one of the owners. And on Saturdays, M. J. Akers and Noah Limley assist. A more courteous and accommodating personnel would be hard to find.

## Believes He Has Discovered Gold in Terry

A young man was in this week to renew his Herald and informed us that he was pretty positive he had run onto some gold down more than 100 feet under the surface of Terry county, which was discovered while they were drilling water wells. It was found in a carbon formation, he stated. We are not telling you who the man was, or what part of the county lives in, or where the land is that had the gold thereon. In fact he did not disclose its location.

It seems that he, his father and brothers decided the metal was copper, when they discovered it, but they recently had it analyzed at Brownwood, and was told it was almost pure gold. The family are trying to lease the land for mineral rights and try to develop the claim more extensively.

It seems that no water was found above the strata of metal, but was found immediately below it.

## Stephens-Latham Co. Rearranging Store

Everett Latham and his helpers have been busy all the week painting, moving apparel cases and shoe shelves to different locations, making nicer arrangements to display their new stock of new spring merchandise.

The ready-to-wear will be on the east side in the rear, also the shoe department will be on the west in the rear, with hat display and piece goods through the center of the store, and underneath the balcony, is the dressing and alteration and storage room. This makes a very nice arrangement.

## Reading Between the Lines of the Grand Jury Report

While the grand jury had much to commend of local officers, there was one slight criticism, that of permitting those serving jail sentences to have liberty before their term expires. Just whose fault this is, we do not know. But the grand jury makes it plain that such is not to be permitted hereafter.

The mention of prostitution as well as that of gambling brings on another angle of work for the local officers, which heretofore has not been noticeable, especially to those of us who go home and stay there at night, or perhaps come to town only for a show. But doubtless, this phase of crime has been noted by someone and reported to the grand jury. This is a very fast way to ruin the morals of the youth of our city, as well as a sure road of spreading social diseases, and we are inclined to think the local officers will boost them out of our city as fast as they are found.

We learn that one of the men wanted here for burglary was tried at the past session of the district court and given four years in the pen, and two others had been caught and billed. The officers have also apprehended the man wanted for breaking into a safe at the courthouse.

This is all fine work on the part of the officers, and the better citizenship of the town and county should encourage and help them as much as possible, and not hold up and hinder their work by taking the part of the criminally minded. One can aid criminals in two ways, by actually helping them by word of mouth, or by ignoring crime commission with a hands off attitude, saying that it is none of our business.

Well, it is the business of every taxpayer and law-abiding man, woman and child in the county. It costs you real money every time a case comes up for trial, and it costs your neighbor and friends money when their property is stolen or destroyed.

## Deputy State Superintendent Visits Terry County Schools

Deputy State Superintendent, E. Estin Day, with the members of the county trustees and County Superintendent Lee Fulton visited all the accredited and standardized schools of the county beginning February 7th. One half day was spent in each of the accredited schools except Brownfield where almost an entire day was consumed. There are eight standardized schools in which two days were spent.

The group was entertained by the Lion's club on Wednesday and by the Rotary club on Friday. Deputy Superintendent Day made short talks at both places. He complimented the clubs for the work they were doing in the educational field.

In comparison to the various schools of the county as they were in October when Mr. Day inspected for rural aid, there was progress evident in most every school. There had been screened lunch shelves, hand washing facilities, and more sanitary drinking fountains provided in all the standardized schools. The very fact that the inspector was coming caused many things to be renovated that might not have been done during the entire year had the inspection not been made.

Most of Friday was in visiting the Brownfield system. There was evidence of good teaching in most every room Mr. Baze invited the group into. Especially did Mr. Day compliment the organization of the system as well as the teaching staff.

Mr. and Mrs. J. P. York of Lubbock, were Sunday dinner guests of Mr. and Mrs. Money Price.

## Popular Show at Rialto to Sunday-Monday

It is a perfectly safe bet to wager anyone you know that he can't keep his feet out of motion

Eleanor Powell in "Honolulu"

through the showing of "Honolulu," at the Rialto Theatre, Saturday night prevue, Sunday and Monday.

The tap dancing of Eleanor Powell and the music that accompanies it, are both so lively that nothing less than a cigar store Indian, or an Eskimo totem pole, could resist the urge to beat rhythm.

In addition to Miss Powell, this new musical mirth-piece from Metro-Goldwyn-Mayer, has the versatile Robert Young in an amusing dual role, the irrepressible George Burns and Gracie Allen, of screen and radio fame, and charming Betty Jaynes and Douglas McPhail, the youthful singing proteges of Jeanette MacDonald. Others in a smart modern cast are Rita Johnson, Ruth Hussey and Eddie Anderson.

The expert hand of Eddie Buzzell, former Broadway musical comedy star, is evident in the direction of "Honolulu," in every scene. The producer was Jack Cummings, who turned out "Born to Dance," "Broadway Melody of 1938" and other highly successful pictures.

Miss Powell offers such an amazing versatility in a series of dance specialties that there is no way to determine arbitrarily which is the best. The audience will be ready to concede that after she has performed the "Hymn to the Sun" number, based on Hawaii's traditional folk dance. Then she does "A Pair of New Shoes" and that will win them just as emphatically. The dancer taps to a high climax in an imitation of Bill Robinson's famous stair dance and concludes with a comedy number with Gracie Allen.

## A. L. TURNER HAS OTHER LEG REMOVED

A. L. Turner, local citizen, had his other leg taken off Monday at the Treadaway-Daniel hospital. Considering his age, and the length of time he has been a semi-invalid, he stood the shock of the operation fine. Mr. Turner is a Confederate veteran.

Several years ago, one of his lower limbs became infected, and was removed, and recently the other became infected, necessitating its removal to save his life.

## One Yoakum Farmer Don't Plant Cotton

My reason for not planting cotton is this, says Ray Lackey, of Plains: In the fall of 1937, I hauled a bale of cotton to the gin. After I had paid the ginning, I had \$10 and the picking to pay out of hat. That afternoon I took a case of eggs to Plains, and received 10.50 for them.

In 1938, Ray did not plant any cotton. All of his crop was feed. He devoted his spare time to raising poultry. He kept accurate records on the cost of producing the eggs that he sells the year around. Study this record. All the feed that the chickens consumed was charged to them, and he had to buy all the grain, as well as the mash, that he fed, during 1938. The record was kept from Feb. 1, 1938 until Jan. 1, 1939. After paying all feed bills, net income per month was \$47. For the 11 months net income was \$517.

Of course, Ray said, I did not realize all of this from the sale of eggs. I raised 500 or 600 fryers. The feed for the fryers was charged to the hens. The hens paid for the baby chicks. I credited the money received from the fryers to the hens. In addition to this, I raised 175 pullets and added them to my original flock. I did not credit the hens' record with them. Neither did I include \$92 worth of turkeys that they fed out for me. I estimate the value of the pullets and turkeys, to be not less than \$300.

A total of \$817 from poultry. Over \$70 per month. And the records to show for it. No guess work. How many hens? Only 200.

Mrs. Lackey is interested in living at home. In the cellar, you will find all kinds of vegetables, beans, peas, carrots, corn, beets, tomatoes, different kinds of fruits and meats, hundreds of jars of them.

This young couple with their 3 year old son have found that they can live at home on the farm, and make money, even in short crop years.

## RECEIVE FOOD PROTECTION AWARDS TERRY AND YOAKUM FARM FAMILIES

These Farm Families in the Two Counties Are Not Wondering Where the Next Meal Will Come From. But They are Not Lazy Families—Workers, Not Drones

By Myrtle A. Peden, Home Supervisor

Five farm women reached the goal of 75 per cent living at home in the Farm Security Administration program in Terry and Yoakum counties in 1938. They are Mrs. D. J. Jones, Mrs. W. D. McMillian, Mrs. I. L. Smith, of Meadow; Mrs. R. R. Webb of Plains, and Mrs. M. T. Hontana of Harmony.

Twelve others reached the 60 per cent living at home mark. They are Mrs. O. B. Atchinson of Lahey; Mrs. Sewell Dean, Mrs. J. B. Donathan of Forrester; Mrs. T. J. Broome, Mrs. R. H. Decker of Gomez; Mrs. R. S. Bingham of Harmony; Mrs. O. E. Franklin of Meadow; Mrs. J. W. Loyd, Mrs. L. O. Smith of Brownfield, Mrs. E. J. Holt, Seagraves, Mrs. G. D. Miller, Pride; and Mrs. W. A. Spencer, Wellman.

They have received certificates bearing blue and red ribbons from the state supervisor, Ruby DeLong Mathews, to attest to their merit.

Eighty-nine families in West Texas reached the blue ribbon class; and 123 the red ribbon of 60 per cent living. Many excellent homemakers were handicapped by the lack of sufficient vegetables for canning.

To reach the 75 per cent mark, the homemaker must have canned at least 100 quarts of vegetables per person in the family, Mrs. Matthews says. Other requirements are 20 quarts of fruit per person; two hogs to butcher, one beef to can, 50 hens and the raising of 150 baby chicks, and a good record book of income and expenses.

The 60 per cent mark is reached by those who use 80 cans of vegetables per person, 15 quarts of fruit per person, with other requirements slightly lower.

One of the first avenues toward more secure living for the farmer is the building of a live-at-home program," Mrs. Matthews points out. "We hope to have every farm family in West Texas in the blue ribbon class in a few years.

Encouragement of building of the cold frame for early spring use is one of the methods by which Mrs. Matthews hopes to raise the number of families with a 75 per cent record living at home. She gives the following instructions:

Have the frames built on the south side of the house or other windbreak, any length desired, but not over four or five feet wide (this so it can be cultivated without stepping in it.) The walls should be about 12 inches high, and can be made without cost by using scraps of old lumber, tow sacks, and is for the dual purpose of keeping out the cold and avoiding the hazards of high winds.

Have cover so it will roll back, and on warm days roll it back so the garden may have the benefit of the sun, but cover it again at night.

## Grand Jury Makes Report of Works

THE STATE OF TEXAS  
COUNTY OF TERRY  
In the District Court of Terry County, Texas. January Term, A. D. 1938.

To the Honorable Judge of said Court:

We, your grand jury for the January term, 1939, of the district court of Terry county, Texas, respectfully report that we have been in session 5 days as a grand jury and we have returned into court 13 bills of felony indictments, and 2 bills of indictments for misdemeanor offenses.

We desire to recommend to our officers that when defendants are convicted and placed in jail to serve their sentences, that they be kept in jail until the sentence is finally served and that they not be released without an order from the judge of the court trying such case.

Information has come before us that some gambling is going on in our county, and that some prostitution has been carried on here though we have not received sufficient evidence to return indictments in such last named cases, we here and now call upon our good citizens and local officers to report, apprehend and try such offenders.

We have inspected the courthouse and jail and find the same being kept in a good and sanitary manner.

We desire to thank the good citizens of this county who came before us and gave their testimony to the end that we might fully investigate all matters called to our attention. We also thank our district judge, district clerk, sheriff and bailiffs, our county and district attorneys, and all other officers for their courtesies extended to us during our work as a grand jury.

Having finally concluded our work, we ask that we be finally discharged for the term.  
J. S. Smith,  
Foreman of the grand jury.

## Terry County Farmers Met Here Tuesday

It is reported that some 300 farmers met Tuesday afternoon at the courthouse to see if there could be some agreement on what

requirements are 20 quarts of fruit per person; two hogs to butcher, one beef to can, 50 hens and the raising of 150 baby chicks, and a good record book of income and expenses.

The 60 per cent mark is reached by those who use 80 cans of vegetables per person, 15 quarts of fruit per person, with other requirements slightly lower.

## Huge Crowd See the Bearded Boys Play

One of the largest if not the largest crowds ever to see a basketball game in history of Brownfield, was on hand last Friday night to witness the taming of four of Terry county's crack basketball teams, Brownfield, Wellman, Meadow and Johnson, each one quarter, and then beat the consolidated 20 men in five minute play.

The game was as much of a show as a contest, and the House of David Boys kept the house in an uproar with their pranks and fake plays, one of which was a football huddle and a run around the end for a touchdown.

The game was also a financial success, the gate being around \$80.00. Mr. Baze, superintendent of schools remarked some time ago, that he was trying it as an experiment to make Brownfield basketball conscious as well as football conscious. Evidently he had something there when he brought in the bearded quint.

## Banks Close On Lincoln's Birthday

The Brownfield State and First National Banks closed Monday on account of the birthday of President Abe Lincoln, which happened Sunday, but in view of the fact that all Federal Reserve banks took Monday, no transactions with that institution could be made.

Next Wednesday, they will be closed again on account of the birthday of President George Washington, so it will be well for those who wish to transact any banking business to do so Tuesday afternoon, or wait till Thursday morning.

We might again call attention to the fact that banks are closed here Saturday afternoon at 12 noon, on account of complying with the wage-hour law.

kind of cotton seed should be planted here in order to obtain a better grade and staple lint. Don Jones, of the Lubbock experiment station was one of the principal speakers.

So far as we could learn, the meeting was rather long drawn out, and several left before any decision was made. However, it seems to us it is very important that some concerted action be taken in the matter before planting time.

His aggressive newspaper style and wit have made him well known to people of that area.—Publishers' Auxiliary.  
The above was taken from the current issue of Publishers' Auxiliary official publication of Western Newspaper Union, published at Chicago. We thank the Auxiliary for the kind words, noting however that they accidentally left out the qualifying "nit" in front of wit. As for the aggressive, we never get that way with any except other newspapermen, who are separated from us by several miles. **A SENSELESS BILL**

Senator Gordon Burns of Huntsville has introduced in the Legislature a bill described as the most severe ever placed before that body to regulate the practice of a profession.  
This bill would restrict the advertising of optometrists to such an extent that they would be unable to use the columns of newspapers, the radio, printed handbills, billboards, display signs or any other device, means or method to tell of their services.

The optometrist, under this bill, could be fined \$500 and put in jail for six months for advertising his business address or office location in type larger than his name, and each day would be a separate offense of. It would allow cancellation of licenses of optometrists for 13 practices and make 15 practices punishable by jail sentences and fines.

If Dr. Joe Doakes purchased the most modern and expensive equipment obtainable for use in his practice, he would be prohibited by law from telling any of his friends and patients about it in any form of advertising.

This bill, in short, would put a senseless restraint upon optometrists. It would make it virtually impossible for department stores and other merchants to lease space to optometrists as a convenience to their patrons, for the important reason that they would be unable to state in their advertising that first class service was obtainable in their establishments.

Advertising is a legitimate means of telling of one's goods or services. The optometrist should have the same opportunity to tell of his services as the merchant, the manufacturer, or what-not.  
The avowed purpose of the bill is to stamp out "unethical advertising." But going about it by stamping out ALL advertising is like throwing away a whole barrel of apples to get rid of a rotten one.  
The Burns bill has no place on the Texas statute books. It should be defeated.—Houston Press.

one of his workers.  
Under the new regulations it is a criminal offense if any employer fails to discharge a worker who is absent or late without legitimate reason. In this particular case, secret police found an absent employee at home in bed. They said his excuse wasn't legitimate, so the employer now faces a prison sentence of six months or three years.

The other story concerned a new speed-up of the work speed-up system. By official government decree, factory workers must now do 25 per cent more work each day and be paid 14 cents less for it.

It would seem, therefore, that soap-box orators who shout "down with the American Way" and advocate the "Communist way," are not giving all the facts.  
With these facts it isn't hard to choose. We'll still stick to the old American custom of living and working the American Way.—Amariolo Times.

**EFFECTS OF TOBACCO**  
Almost anything can be proved by statistics and examples. This appears to be particularly true with respect to the effects of tobacco, long a subject of spirited argument.  
So far as physical consequences go, its effects seem to depend largely upon the individual. Many who lived to an extreme old age were users of the weed, while others were not. Leading physicians and scientists report that little influence is exerted upon the intellectual powers by the use of tobacco. Many literary men believe that smoking is a stimulant to their creative pulses.  
Among the outstanding figures of the past may be named the following smokers: Washington, Bismark, Kitchener, Spurgeon, Huxley, Keats, Browning, Carlyle, Dickens, Stevenson, Howells, Grant, and Mark Twain, the last two being inordinate users of tobacco.  
Among the non-smokers were Lincoln, Greeley, Wellington, Tolstoi, Ruskin, Haecel, Whittier and others.  
An interesting trend of the tobacco habit in the last few years is shown by the increasing and almost universal popularity of the cigarette. In spite of strenuous attempts to discourage its use, more than 150 billion are manufactured in the United States annually.  
While tobacco is no doubt injurious to the young, its detrimental effects, physically or otherwise, upon mature persons have been perhaps greatly exaggerated.—Ex.

February grants will total \$1,594,689 and average more than \$13.

### They Favor O'Daniel Transaction Tax

At the mass meeting held at Union school house, Terry County, Texas, February 6, 1939, the following resolutions were unanimously adopted:

WHEREAS, we believe it is necessary to raise new revenue or money to meet the obligations of the state to our old citizens, teachers, and others.

WHEREAS, the policy of borrowing and issuing tax exempt interest bearing bonds will sooner or later bankrupt our state.

WHEREAS, we believe that a tax system should be created whereby all citizens should pay his or her part to run the state in accordance of their ability to pay it.

WHEREAS, we believe that such a tax system can be obtained by enacting governor W. Lee O'Daniel's recommendation of the transaction tax.

WHEREAS, land monopolists are farming great bodies of our most fertile land with the tractor and other improved machinery for their own selfish gain creating a great surplus of farm products, as those machines in the hands of a few big land holders are pushing millions of tenant farmers into the ranks of unemployment and on relief.

THEREFORE, be it resolved that we respectfully request our

State Legislature to support and pass our governor's transaction tax proposal.

Be it further resolved that we oppose the abolishment of the ad valorem tax but instead enact a graduated land tax strong enough to abolish land speculators and land monopolists.

Be it further resolved that a copy of this resolution be sent to Hon. G. H. Nelson, member of the State Senate, and a copy be sent to Hon. Alvin R. Allison, member of the House of Representatives, and a copy be sent to each of the Brownfield newspapers.

### WE APPRECIATE

the nice volume of business that you people of Terry and adjoining counties are favoring us with. We are continually working for improvement in our hatching flocks, in order to merit the confidence that you have placed in us. And as a result we offer you better chicks.

We want you to see them, we know that they will please you.

### LARGE - HEALTHY VIGOROUS

The greatest story told "in chickens."

### OUR "TRUE STORY"

Only this past week, a customer came 48 miles, from his home to our hatchery, to get his White Leghorn chicks. And he came through a town where there is more than one hatchery. Why? Because he bought our chicks last year. They made strong, large bodied hens, the kind that lay lots of eggs and made money for him. And he came back for more of them. SO LARGE "I DIDN'T BELIEVE THEY WERE LEGHORNS—BUT THEY WERE." said this customer

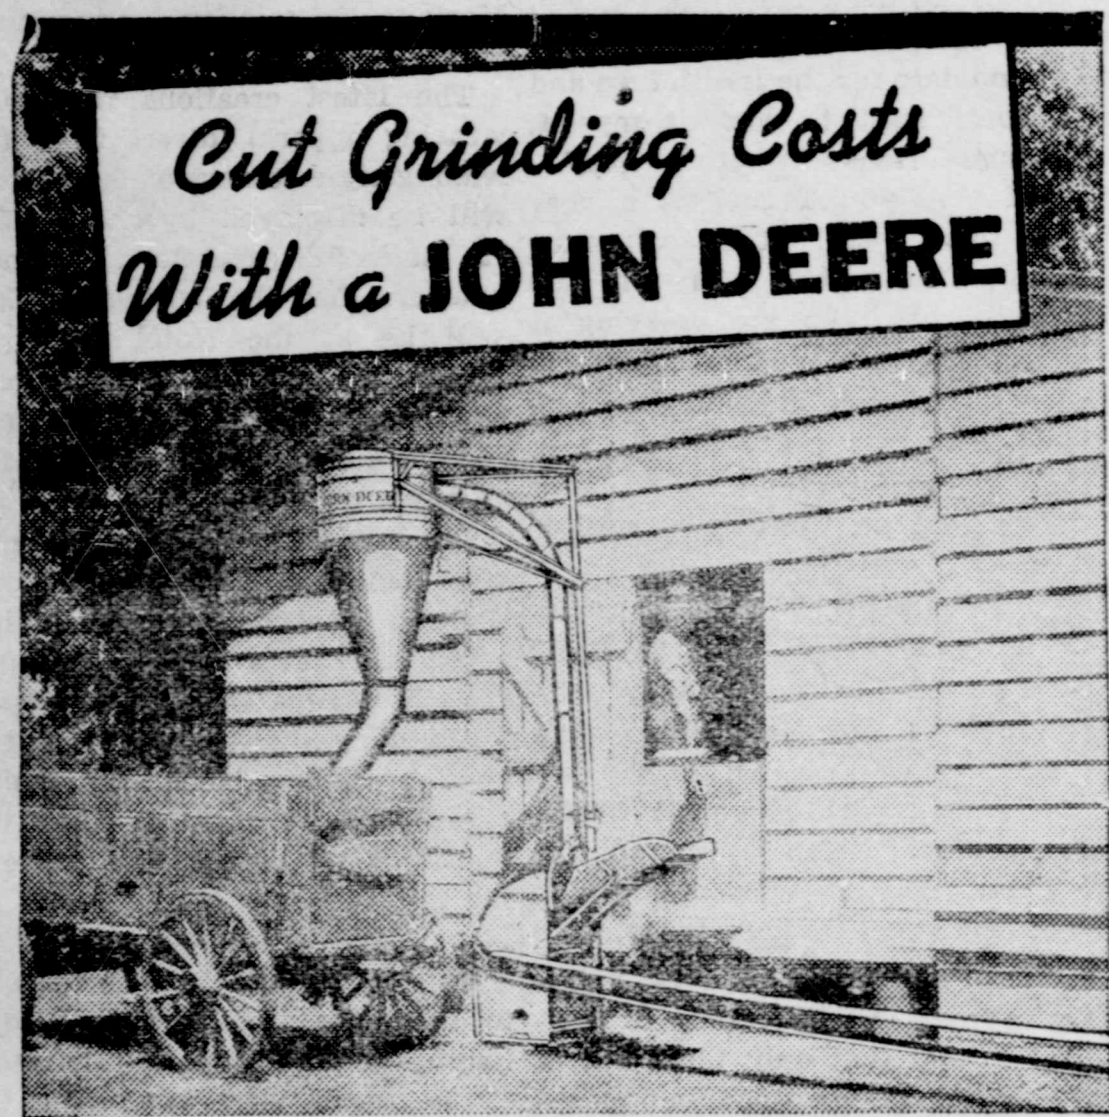

Large Healthy Vigorous

### YOUR OPPORTUNITY TO GET STARTED CHICKS

Perhaps the very best chance that you will have during this season, to buy started chicks up to 3 weeks of age. Started pullets up to 2 weeks of age. BETTER SEE THEM. They are just what you want for early fryers and early layers.

IF YOU WANT A FEW FOR THE OLD HEN, OR IF YOU WANT TO FILL THE BROODER HOUSE, WE HAVE THEM FOR YOU.

**A Good Luck Charm That Will Work**

By T. C. RICHARDSON, Secretary Breeder-Feeder Association

A four-leaf clover is an efficient good luck charm if there's enough of it in the pasture or in hay; but the regular three-leaved sort is just as good. This is one way of saying that the fellow who has "good luck" with livestock or poultry doesn't depend on a rabbit's foot, a horse shoe or a single four-leaf clover.

Most of his good luck comes from giving them what they need when they need it.

This and next month are the most critical periods of the year in the Southwest. Sudden changes from dry balmy weather to wet northerly or snow storms, are liable to occur at any time during the next several weeks. The degree of cold has less to do with the effect on animals and fowls than the extremes to which they are subjected. Shelter and feed are the best charm against shrinkage or death losses.

It is particularly important that dairy cows not only be protected and well fed, but that they should also have plenty of water at a drinkable temperature. Most of the falling off in milk is due to the cows failing to drink enough icy water to supply the fluid in milk—nearly nine-tenths by volume. The cow can convert feed into heat to keep the body temperature normal, but she cannot turn feed into water. It costs a good deal more in extra feed and care to bring the milk flow back than to hold it in the first place and if the cow is in the latter part of her lactation period the shrinkage may never be overcome.

Cows heavy with calf and ewes bred for early lambing also require extra consideration if one is to have "good luck." "Roughing them through" on just anything that will fill them up is poor economy, when they must nourish the developing embryo in addition to their own bodily

requirements. A little grain, cottonseed cake, or even whole cottonseed in limited quantities, and in most cases some lime and bone meal, should be added to the roughage ration. Less of the proteins and minerals will be needed if alfalfa and other good legume hay is fed.

The minerals are especially important during the period of gestation. If an adequate supply is not in the daily ration the young cannot develop good bone structure. Lime may be supplied in the form of limestone flour or ground oyster shell, and bone meal is the best supply of phosphorus. The amount needed is so small that the cost is insignificant compared to its value to both the dam and the embryo.

The sorghums, both sweet and grain, are notably deficient in minerals. Old dry forage is less digestible than new, and experiments indicate that it is also more deficient in other respects than that from last season's harvest. If stacked roughage carried over from the 1937 crop must be fed and green pasture is lacking, it should be heavily supplemented with the highly nutritious grains and proteins.

There is likely to be little trouble in calving or lambing if dams are kept in vigorous health and condition during the last few months of gestation, but weak dams mean weak offspring as well as danger that the dam herself may be unable to withstand the strain of giving birth.

The same general principles hold good for sows, with the extra precaution of being on guard against wet or cold at farrowing time. The good husbandman makes his own "good luck" by watching his animals closely and being on hand when the crisis occurs. If they don't freeze to death from exposure in the first half hour, little pigs may get pneumonia and die later.

**FARM TENANCY BILL**

Rural Texas has an important stake in the Corry bill on farm tenancy, now being studied by the House committee on agriculture in Austin. Unlike most remedial proposals on tenancy, this measure does not seek to convert tenants into farm owners. Instead, it aims to remove the evils of tenancy and make tenancy contracts of longer duration, with benefits for both parties.

In Texas, the average farm tenant stays only two years on one place. In England he stays fifteen years. The Corry bill seeks to make the terms of Texas tenancy more like those of the English system, which has been copied elsewhere in Europe and has been widely advocated here. It would apply, however, only to tenant farmers who provide all or part of their operating capital. Gains for the tenant from the

proposed changes would be a more habitable dwelling, the right to raise food for his family and his livestock and compensation for improvements he might make on the farm—such as buildings, irrigation or drainage ditches, fences, terracing roads or bridges. The landlord would gain by having more enterprising tenants who would improve the property; and he would be protected against a tenants moving out without notice.

The Corry bill aims to make the landlord and tenant partners instead of antagonists. More than legislation will be required to gain this end, but it is hard to see how any harm could come from trying the method now proposed. For the tenant who is above the share-cropper class but who cannot become a landowner or does not wish to do so, this plan offers improved living conditions and longer tenure. If it can gain measurable progress toward these ends, all Texas will benefit.—Dallas News.

**DOPE PEDDLERS AID WHOLE SALE DEALERS**

AUSTIN—Illegal trafficking in narcotics is one of the biggest problems facing enforcement officers in Texas as well as other states, according to Captain J. B. Wheatley, veteran Texas ranger who heads the comparatively new narcotic section of the public safety department.

"There is no such thing as a 'small-time' narcotic offender," he tersely declared, pointing to a newspaper account of the apprehension of a band of addicts and peddlers described in that manner.

The old-timer, who served many years along Texas' crime battle fronts before his selection as chief of the narcotics enforcement section of seven inspectors, said that addicts and peddlers, "whether they use or sell a fraction or an ounce of dope" are the back bone of the narcotics market.

Wholesale distributors, Captain Wheatley continued, remain stagnated without the thousands of channels for marketing their smuggled quantities of heroin, opium or morphine.

"If an addict or peddler disposes of one cigarette of marijuana or one grain of 'white' narcotics at a time they contribute largely to the support of the wholesale dealers," he said.

Then, too, addicts without funds obtain the required money for supplying their needs from sales of stolen articles. Captain Wheatley estimated that 50 percent of minor thefts are committed by dope addicts. Major criminals, too, find nerve to commit their heinous offenses under the influence of narcotics.

He described illegal narcotics distributions in Texas as "alarming," but declined to specifically locate distribution centers except to say:

"You'll find the greatest number of peddlers and addicts where there are oil booms and large payrolls."

**I Give You Texas**

By Boyce House

Ben Woodall, former Harrison county prosecuting attorney and new assistant Attorney General, had a brief and amusing experience as a newspaperman. He was correspondent for one of the State dailies and, one day, hearing a whistle, he asked an acquaintance what it meant. "The railroad shops are on fire" was the answer. So Woodall dashed to the telegraph office and sent a message: "Marshall shops on fire; will send details." The newspaper issued on an "extra" but meanwhile the ambitious young correspondent found that the whistle had meant only a fire drill. He telegraphed his resignation.

News from the literary front: Stark Young, who wrote "So Red the Rose" (best-seller a few years ago) is on the eleventh floor of an Austin hotel, working on another novel.

J. Frank Dobie ("Vaquero of the Brush Country" and "Coronado's Children") is out in the Chisos Mountains, gathering material for more writing.

J. Evetts Haley ("Life of Colonel Goodnight") returned a few days ago to his ranch duties after considerable time in Austin assembling data for a biography of Major Littlefield.

Incidentally, some wealthy oil man could become a patron of letters—and at no more expense than a trip to the World's Series (with incidentals, of course); no more than he puts up without hesitation for a "cut" in a wild-cat well that chances are 87 to 1 will be dry. A capable writer, with a real subject, often finds himself without the amount needed for food and shelter during the time necessary to write the book, and so it is unwritten. Wealthy men of ancient Greece and Rome used to endow writers who, in turn, wrote a poem in honor of the patron or dedicated a volume to him, handing his name on to posterity.

A note of informality was injected into a session of the State Railroad Commission recently. For years, everyone has called Ernest O. Thompson, member of the commission, "Colonel," in recognition of his service during the World War, his erect carriage and his military precision. But drawing Jerry Sadler, newest member of the commission, greeted him the other day as "Red." Thompson beamed and said: "That's the nickname that all the fellows had for me when I was a boy and, after all, the war is over, isn't it?" So, next time, you see Colonel—beg pardon, we should say "Red"—greet him with his old-time title, revived by Jerry Sadler.

The new Governor's transactions tax measure is very careful to exempt the fees of lawyers but levies a tax on newspaper advertisements. Lawyers hold more offices and do more talking about affairs of government and pay less than any other class. Some time somebody is going to run for office on a platform to put lawyers on the same basis with the rest of us folks—and that candi-

diate will be elected, hands down. Come to think of it, it's such a good idea, believe I'll run myself.

Also the Governor has made a remarkable series of nominations—for labor commissioner, a man who doesn't belong to any of the generally recognized labor unions; for another high position, a carpetbagger; for chairman of the highway commission, a man from Dallas—giving that city two members of the commission, the rest of the state, one member.

New State officials have been sworn in although, as these lines are written, James V. Allred hasn't taken the oath as federal judge. With all the inaugurations, there comes to mind a story (it is told simply as a joke, of course):

An uncouth sort of fellow ran against a county judge, who was highly educated, and beat the thunder out of the judge. So, on Jan. 1, the successful candidate called at the office of his outgoing rival and said: "Judge, I want you to qualify me." The official said: "I'll swear you in but all I—can't qualify you."

"Oldest joke" contest entry: a revivalist called on all who wanted to go to heaven to rise. Everybody stood but one man. The preacher then called on all who wanted to go to the infernal regions to rise but still the man kept his seat. "Why didn't you get up on either proposition?" the evangelist demanded. "Well, you see," the other explained, "I'm a candidate for the legislature and I don't want to commit myself; I've got friends in both places."

**COLLEGE STUDENTS VOTE FOR AIR TRAINING**

AUSTIN, Texas, Jan. 24. College students of America thoroughly approve President Roosevelt's plan to put wings on 20,000 college students as part of his \$500,000,000 national defense program, the current poll of Student Opinion Surveys revealed here today.

Results from 82 colleges, measured from The University of Texas, showed that only three out of every ten college students opposed the program which would spend

\$10,000,000 for training young aviators at aerially-strategic campuses over the nation.

As a trial balloon, aviation would become a vital part of the training for 300 volunteers in the universities of Washington, Alabama, Minnesota, and at Purdue University, Texas Agricultural School of Technology and Massachusetts Institute of Technology, and Mechanical College, Georgia. If successful, the program would be expanded to include other colleges and universities, it was pointed out.

The course would provide six months training in solo and dual flying calculated to build a reserve of 100,000 American pilots with fifty or more flying hours, the Surveys stated.

Collegians voted 71.8 to 28.2 percent to "approve President Roosevelt's plan to train an air reserve corps of 20,000 men now in college."

In an earlier poll, the college students voted 62 percent to 38 percent in favor of the President's huge rearmament program.

**MARKET WEEK AT LUBBOCK MARCH 18-21**

LUBBOCK—Retail buyers from over West Texas and Eastern New Mexico will gather in Lubbock March 18, 19, 20 and 21 for the 18th semi annual Market Week, sponsored by the Western Wholesale Market Association, announced Sam S. Rosenthal, president.

The latest creations in spring wearing apparel, direct from the leading style centers of the nation, will be displayed by more than 75 national exhibitors. Headquarters for the spring market will be at the Hotel Lubbock, where five floors of display rooms will house hundreds of thousands of dollars in merchandise for milady's wardrobe.

The market this season is starting Saturday and continuing through Tuesday, thus giving ample time for inspection by busy West Texas merchants. Arranged for Monday night, March 20, is the annual dinner-dance at which registered buyers will be the guests of the association and exhibitors.

Ross Black and Bill Carter aim to farm the tractor way, having purchased new tractors, this week. Farmers are very optimistic for the crop outlook this year.

**American Boy Magazine Companion to Thousands**

Hundreds of thousands of boys and young men read THE AMERICAN BOY Magazine every month and consider it more as a living companion than as a magazine.

"It's as much a buddy to me as my neighborhood chum," writes one high school senior. "THE AMERICAN BOY seems to understand a boy's problems and considers them in such a sympathetic and helpful way. It gives advice and entertaining reading on every subject in which a young fellow is interested. It is particularly helpful in sports. I made our school basketball team because of playing tips I read in THE AMERICAN BOY."

Many famous athletes in all sports credit much of their success to helpful suggestions received from sports articles carried in THE AMERICAN BOY Magazine. Virtually every issue offers advice from a famous coach or player. Football, basketball, track, tennis, in fact every major sport is covered in fiction and fact articles.

Teachers, librarians, parents and leaders of boys clubs also recommend THE AMERICAN BOY enthusiastically. They have found that as a general rule regular readers of THE AMERICAN BOY advance more rapidly and develop more worthwhile characteristics than do boys who do not read it.

Trained writers and artists,

famous coaches and athletes, explorers, scientists and men successful in business and industry join with an experienced staff to produce in THE AMERICAN BOY, the sort of reading matter boys like best.

THE AMERICAN BOY sells on most newsstands at 15c a copy. Subscription prices are \$1.50 for one year or \$3.00 for three years. Foreign rates 50c a year extra. To subscribe simply send your name, address and remittance direct to THE AMERICAN BOY, 7430 Second Blvd., Detroit, Michigan. 281c

**STIFF UPPER LIPS**

"I like parrots," a customer informed the owner of a pet shop, "but I want one that can keep its mouth shut. I don't want my wife to know everything that's going on."

The storekeeper pointed to a multi-colored parrot.

"Here's one that speaks French," he advised. "Yet all you have to do is to tell him to keep quiet and he shuts up like a clam."

The customer hesitated.

"Is that the most intelligent parrot you have?" he asked.

The proprietor looked around. Finally, he pointed to another bird.

"If you're looking for a really intelligent parrot," he confided, "that's the one you want. Would you believe it, sir, that bird can keep its mouth shut in six different languages."

**MORE PAPER MILLS SEEN IN SOUTH**

SAVANNAH, Ga., Feb. 12. — Southern state governments and financial interests have pledged their cooperation in expanding the newsprint industry in the South, Donald R. Brewster, field director of the Herty Foundation here, has announced.

An official in the laboratory of the late Dr. Charles Herty, who perfected the process of making newsprint from Southern pine, Mr. Brewster predicted the South would have forty or fifty newsprint mills within a few years to supply newspapers with a product which now must be imported. Newsprint imports exceed \$200,000,000 annually.

**BISHOP IVAN LEE HOLT**

Bishop Ivan Lee Holt paid a visit to the local Methodist church last Monday afternoon, at 2:45. He is a great man with a great undertaking. He has under his charge four big conferences—Texas, North Texas, Northwest Texas, New Mexico conferences, and he is attempting to visit each charge in each of these conferences. Last Sunday he visited and gave a short devotional in fourteen charges.

His visit to the local church called together a goodly number of interesting listeners.

Those from here attending the funeral other than his daughter and family were Mr. and Mrs. Gay Price, Mr. and Mrs. Joe Price and Mr. and Mrs. Oden Miller. Burial was at Peacock, on Thursday.

**NEW U OF T PRESIDENT SPEAKS TO LEGISLATURE**

AUSTIN—Free public education is Democracy's chief bulwark, Dr. Homer Price Rainey, president-elect of the University of Texas, told Texas solons in joint legislative session last week.

In Austin for his first visit since his election last month as president of the State's largest educational institution, Dr. Rainey delivered the first college president's address to a State legislature in recent times.

The present director of the American Youth Commission cited "training for citizenship and increasing wealth of the people" as the immediate results of higher education. He later cited five general goals toward which he would work as University president after taking office early this summer.

**I GIVE YOU TEXAS**

Sign in a Fort Worth lunch room: "Try our sandwiches; no-body likes a coward."

The day's bit of philosophy: "He who has a thousand friends Has not a friend to spare; And he who has one enemy Will meet him everywhere."

The mass of mail pouring in or Texas legislators is the heaviest in history. Most of the letters from the cities are protesting against the Fair Trade Act and Anti-Discrimination Bill. Very little has been heard yet from small towns and rural sections; and representatives of those districts are wondering about the attitude of their constituents toward these price-fixing measures which, it is pointed out, would raise prices in every town in Texas.

Many merchants are of the opinion the bills would help them but Jim Carroll, widely known newspaperman and executive secretary of the Texas Merchants Association, takes the position that the bills would surrender to out-of-state manufacturers the power to fix the price that Texas consumers must pay; that, though the price to the consumer would be raised, there would be no corresponding increase in payment for raw materials or wages, consequently it would amount to a reduction in income for the consumer and, as proof, cites New York where the price of 4,800 items was raised 8 per cent after

a price-fixing law was passed. President Roosevelt is opposed to such laws and the effect in Texas would be to knock out the anti-trust laws that James Stephen Hogg labored so hard to place on the statute books.

Other interesting bills are pending before the Legislature. For centuries, the village smithy has stood beneath the spreading chestnut tree (to quote Longfellow) and the blacksmith has plied his trade as a rugged individualist, untrammelled and unfettered by government. But now a law has been proposed to make the blacksmiths take out a license and (you guessed it) there will be a state board and more government jobs.

Another bill provides for licensing high school janitors. Why discriminate against college janitors, ward school janitors and kindergarten janitors? Let's have a separate board, with more fees and more appointments, for each group!

One of the handiest new canned foods is—believe it or not—potatoes. They come already boiled and ready to serve, put up in a light brine and selected for small size. When you're in a hurry, you can have them instantly available for use in potato salad, or can brown them in butter or heat and serve with your favorite sauce.

She: "And if I refuse you, will you kill yourself?"  
He: "That has been my usual custom."

and cherry pie are synonymous, as one makes me think of the other, and hoping you are as fond of cherry pie as the writer, I wish to give you my favorite recipe:  
 1 can of sour red pitted cherries  
 1 half cup of sugar  
 1 box of Jello  
 Drain the syrup off of cherries and add enough water to this to make 1 and 1-4th cup of liquid, heat and pour over Jello and add the cherries, let mixture set until jelled then put in ready cooked pastry shells or pie crusts, top with whipped cream. This is a delicious pie and so easy to fix.

February is the birthday month of most of the great and near great, but when Washington, that great immortal's birthday comes around, we think of cherry pie. It seems the name Washington

in conversation with Mrs. M. L. H. Baze, principal of the Grammar School, she told of the condition of some of the children that they are giving free milk. For awhile there was enough money put in the jars in town to purchase the

milk, but since the holidays the donations are falling far below that needed. These children, since they have been given milk daily have gained in weight as well as doing better school work.

As little as you might think of it, right here in our town are children as poorly clothed and under nourished as any in the slums of our larger cities, but they can't help it, they are victims of circumstances, their parents are doing their best. Mrs. Baze stated there were cups, saucers and spoons in the building that belonged to the P.-T. A., that they were welcome to use any time anyone wanted to give any food. A child can't, neither can an adult give their best work on an empty stomach. There are some thirty-five of these very unfortunate children and it would take such a short while to cook cup cakes or cookies to go with their milk.

We will venture to say that some of you have small daughters that would be thrilled to try their hands at cooking. We know of one little Miss of seven, Little Yvonne Forbus, who would love for her family to adopt all unfortunate children and her teacher tells me she never saw anyone as concerned for unfortunate children as she is. Not even a grown person, and we feel sure if a vote was taken for the most beloved child in school Little Yvonne would be IT. Not because of her elfin beauty and pretty clothes, but because of her bigness in sharing with others her very all. She receives nothing without thinking can I divide this. Her mother too, as well as others have helped more than one child this winter in keeping warm. And we can't stop without mentioning one other outstanding child or rather a young Miss, who has helped many a child want to go to school by her kind words of encouragement and including them in all the games. It's no other than Patsy Ruth Carter. Were there more Patsy Ruths and Yvonne's, we would see more girls and boys finish high school and be fitted to take their place in life. We salute their mothers.

ONA FAYE TITTLE MAKES H-SU HONOR ROLL

ABILENE—Twenty-two students made the honor roll for the fall semester at Hardin-Simmons University, with straight A in five or more major subjects, Mrs. J. A. Beard, registrar, announced today.

Five fine arts students, and seventeen in literary subjects, comprise the honor roster, led by the junior class, having ten such awards. The senior class follows closely with nine, while the Sophomores complete the list.

Included among the students receiving such distinction is Ona Faye Tittle, of Brownfield. Miss Tittle is a member of the senior class, and was elected by student vote to "Who's Who in American Colleges and Universities" this year. She is associated with the Baptist Student Union, the Y. W. C. A., and the student council. She is also active in the Cow-girl organization, campus society for girls. She is the daughter of Mr. and Mrs. W. A. Tittle.

MARRIED

Mr. Duane Moorhead of this city, and Miss Dean Upton, of Meadow, were married last Friday afternoon about 2 o'clock at the Baptist parsonage at Meadow, Rev. W. K. Horn, officiating.

The happy young couple will make their home in Brownfield, as the groom is employed by the Corner Drug Store.

FRANCIS JANE AND NANCY WEIR ENTERTAIN

Little Miss Francis Jane and Nancy Weir were charming hostesses to number of their little friends of their neighborhood last Saturday afternoon.

After the games, Valentines were exchanged and refreshments of caramel cake and fruit punch were served.

Mrs. Ewell Davis and small son, Kenneth Allen, of Abilene, spent the week end with Mr. and Mrs. Dick Brownfield, Mrs. Davis' mother.

Mr. and Mrs. Joe Bailey were here from Lubbock, Sunday on business.

VALENTINE PARTY

Valentine was the inspiration for twelve girls of the Baptist Sunday school to get together in a jolly party in the home of their teacher, Mrs. M. G. Tarpley on Monday night. After games, singing and the exchanging of Valentines the following little girls were served pink heart cookies and hot chocolate:

Joyce Smith, Margaret Howell, Christine McDuffie, Patsy Ruth Carter, Tennie Evelyn Jenkins, Lila Hopkins, Marjorie Neal, Minnie Ruth Foster, Corine Thrasher, Peggy Lewis and Wanda Hahn.

Mr. and Mrs. T. O. Hobbs of the Harmony section, were in Monday.

KOLONIAL KARD KLUB

Kolonial Kard Klub members were guests of Mrs. C. J. Smith, last Friday afternoon when three tables for bridge were placed. Special guests were Mrs. R. M. Kendrick and Mrs. W. H. Collins.

Peach and cheese salad, nut cake squares, potato chips, pickles, olives and spiced tea was served to the following members: Mesdames Treadaway, Stricklin, Price, Telford, Cave, Sawyer, Jones, Graves, Wingerd and Davis. Mrs. Price scored high and Mrs. Lester Treadaway second. Each received a lovely piece of Fiesta pottery.

BIRTHDAY PARTY

On Wednesday afternoon Mrs. C. B. Stice was hostess to a group of Barbara Ann's little friends on the occasion of her sixth birthday.

The Valentine motif was carried out in the games and refreshments. The little guests were invited into the dining room and gathered around the table where they enjoyed the "card blowing" ceremony and the traditional ice cream and cake.

Those attending the party were Verna Loy Wynn and Thomas Wynn, Herby Kendrick, Dennie Ballard, Sandra Bailey, Cynthia Delora Don Murphy, Thomas Lee Cadenhead and Fredia Jean Cadenhead.

METHODIST CHURCH NEWS

The Senior League department has elected new officers for the new year. Frances Brock was elected President. S. F. Coker was elected Vice-President. He is a new person from Pool and is a steady member. Eleanor Gillham was elected Secretary and Treasurer. Ray Elliott was elected Publicity Chairman. The attendance of the League is gradually increasing and it won't be long until we have a good attendance.

The League is having the honor of having charge of the night service Feb. 19. They are planning the program, and it will be made up entirely of young people in both the Senior and High League. They are taking up a new series of programs which is called the "Youths Crusade." The program is as follows.

Prelude, by Eleanor Gillham. Call to Worship, Mrs. Flache. Young People's Choir, "An Evening Prayer," accompanied by orchestra.

Hymn, "My Faith Looks up to Thee," Orchestra also. Prayer, led by Mr. Simms. Special Musical, "Follow the Gleam," by Emma Gene Coleman, Helen Gillham, Eldora Lewis, and Minnie Lee Walton.

Scripture, Harold Simms. Offertory, With Orchestra. Introduction, Mrs. Flache. Talk, S. F. Coker.

Poem, Bobbie Nell Newsome. Special, Frances and Florence Brock and Mrs. Smith.

Talk, by Frances Brock, "The Youth Crusade has a Far Vision." Crusaders prayer, Florence Brock.

Dedication Service, Rev. J. W. Hendrix. Prayer.

"Take My Life and Let It Be," Piano. "Are Ye Able," Accompanied by orchestra.

That will conclude the program and it is on a very interesting subject.

Mrs. Dalton Lewis has been quite ill of pneumonia the past ten days.

Mrs. Herman Heath was brought home from the West Texas hospital one day last week.

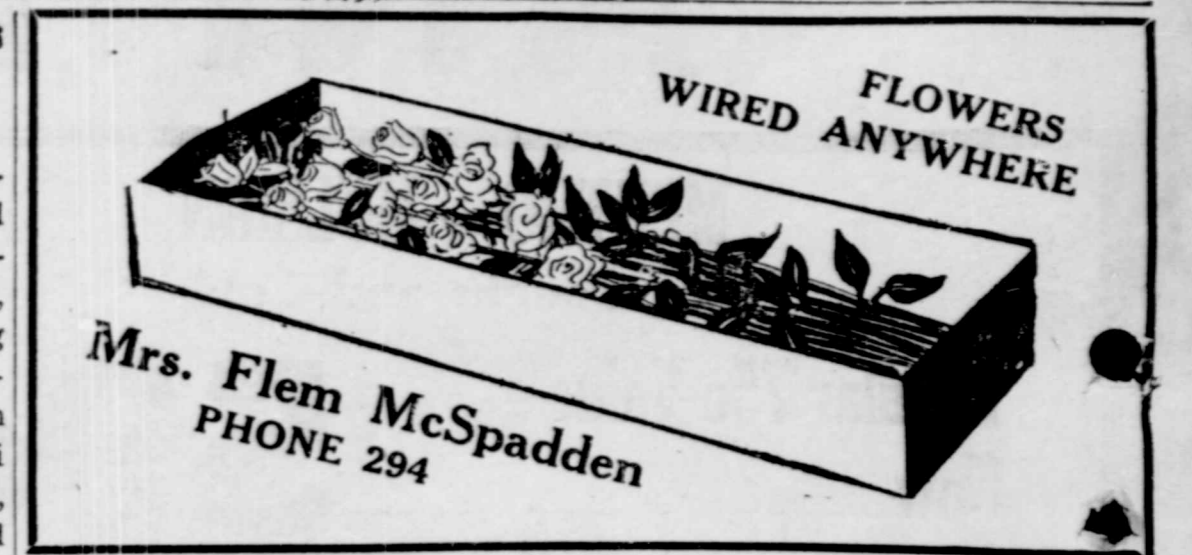

Grandma Brown Was 85 Years Old Sat.

By invitation the writer dropped in on Grandma Brown and two of her children, that is, middle aged children, late Saturday, to talk for awhile. It is interesting to talk to people the age of Grandma Brown. Grandma was born in Illinois, but moved to Missouri with her parents in childhood, where she grew up and married her late husband, J. O. Brown. The Brown family moved to Texas, where most of the family was raised, first settling in Van Alstyne, and later moving to Coleman, before coming to Brownfield about 1917.

Grandma has been in rather poor health of late, suffering with her throat and head, and one eye has been slightly defective from a cataract. She is being treated by a Lubbock specialist of head and eye diseases. While hard of hearing on account of head catarrh, she can carry on a conversation as usual, although her physician has advised against much talking on her part. Grandma says however, that she has always been used to talking, and wants to keep it up.

Among her hobbies is that of stamp collection. She has every stamp from letters or cards that was ever sent her in a large discarded tailor book. In another book, she has ever canceled check she has ever written, as well as many that her husband wrote, including the one he paid for their original quarter block her new home stands on, as well as the rent houses that have been built. She stated to us that she got great pleasure in doing this, and the many birthday cards she receives from friends. These are also saved.

In the splendid new home she had erected last fall, she has one room devoted to pictures, cards, stamps and other relics and souvenirs. Gradually she is straightening them out, putting cards for each year to themselves. A great lot of her friends as well as children and grandchildren, visited her Saturday, and the two great cakes she received were sure fine. We know, because she insisted

that we take a sample home with us. Evidently she taught her daughters the fine art of good cooking.

Although rather hard for her to remember the names of people now, she likes for her friends to call.

QUILTING CLUB

Mrs. Ed Ballard very graciously entertained the 1937 Quilting Club at her home on East Broadway, last Wednesday, February 8th.

The ladies brought hand work instead of quilting and a very enjoyable evening was spent.

The hostess served cherry pie a-la-mode and tea, to the guests, Mesdames Holgate, Tittle, Howell, Walter Hogue, Frank Ballard, Carpenter and Graves.

The next meeting will be at the home of Mrs. Lester McPherson, February 22nd.

SURPRISE BIRTHDAY PARTY

Mrs. Roy Herod honored her mother, Mrs. W. B. Downing on last Saturday afternoon with a surprise birthday party. Mrs. Downing, on her way to the show,

was invited to go by Mrs. Herods and was prevailed upon to stay and sit on the guests began to arrive, bringing their handwork, and that was the first she knew that it was to be her birthday shower.

Some seventeen ladies came to wish her happy returns of the day and several others sent gifts. Mrs. Herod's gift to her mother was a starter set of Fiesta pottery and several others also brought pottery.

The hostess served osgood pie with whipped cream, tuna fish salad and coffee.

Mr. and Mrs. J. A. Roberts, Mrs. Bob Powell and Misses Lucille Thompson and Mattie Spear of Coahoma, Texas, and Mr. and Mrs. E. C. Roberts of Seagraves were guests of Mr. and Mrs. A. J. Stricklin, last Sunday. Miss Lucille and Miss Mattie returned home that afternoon, but the others remained over to be with Mrs. Powell's sister, Mrs. E. C. Roberts who is to undergo surgery this week at Lubbock Sanitarium.

Mr. and Mrs. A. J. Lloyd were in shopping Tuesday.

# NOBODY'S BUSINESS

By Julian Capers, Jr.

AUSTIN — With the cart before the horse, as is often the method of the Legislature, the House committees on constitutional amendments and revenue and taxation, began work this week, opening with joint consideration of Gov. O'Daniel's Townsend inspired transaction tax, and its accompanying constitutional amendment.

So far, nobody has suggested in the Legislature how much revenue, if any, needs to be raised. There is a deficit in the general fund, and certain phases of the social security program are as yet unfinanced. But the Senate's economy committee recommended savings in governmental cost that would probably cover these costs, and there is evident a strong determination on the part of many legislators to put all or most of the recommendations in effect. To save \$5,000,000 a year, would of course, be better legislation than to load \$5,000,000 of new taxes onto the backs of the taxpayers.

Nobody knows, or has guessed, how much, if any, new pension money is required, because the Legislature has not even discussed yet what the future pension policy will be. The governor himself has abandoned his original promise of \$30 a month for everybody over 65. His substitute plan of \$30 total income" apparently pleases neither the old folks nor the Legislature. The two committees are to hear proposals for submitting a sales tax to the voters after the testimony on the transaction tax is in, and the consideration of natural resource taxation bills will follow in order. Out of these hearings probably will come bills upon which the real taxation fight of the session is to be predicated.

### Folks Write Solons

An unprecedented interest in public affairs is reflected in the

### Constipated?

flood of mail which members of both houses are receiving. This probably is partly inspired by Gov. O'Daniel's radio pleas to the folks to write in support of the transaction tax, and by the vigorous opposition to the transaction tax and the sales tax proposals which has developed. O'Daniel claims most of those writing him favor the transaction tax, while legislators report their mail records an opposite view. The battle over raising the truck-load limit also has brought thousands of letters and cards, obviously inspired by the railroads, and mostly favoring their view that the limit should not be raised.

The truck bill, authored by Sen. Rogers Kelley, got off to a start with 2,000 persons favoring it attending a hearing and cheering loudly as farmers, fruit growers, produce men, cattlemen and various other groups urged raising the load limit. Railroad opposition will be heard this week.

### Editors Join Bond Fight

Diversion of part of the gasoline tax money to pay off the "dead horse" bonds of counties, issued to build lateral roads with which the State has no concern, was vigorously opposed this week end when the Texas Press Association adopted resolutions condemning the plan of some County Judges to shift millions of dollars of county debts onto the state. Lowry Martin, Corsicana publisher, and ex-president of the Press Association, as well as President of the Texas Good Roads association, explained the judges' plan to unload two hundred millions of local debts onto the State, and the association declared the plan "detrimental to the best interest of the State, its counties and the users of the highways." One of the hardest hurdles the diversion bill will have to hurdle is the unequal distribution of the county bonded debt, as more than half the debt is owned by a small group of 28 counties, and the legislators from the other 226 counties are beginning to register opposition to having the State act as Santa Claus to this favored group of counties.

### Senate Rejects Smith

The Senate proved it has no grudge against the governor, by confirming his nominee for Labor commissioner, Joe Kunschik, of Austin, member of an independent union in spite of bitter opposition from both AF of L and CIO union leaders. Then, to demonstrate its independence, it rejected Truett B. Smith, of Tahoka, as Life Insurance Commissioner. Smith was rejected, not because of any personal objection to him, but because he was sponsored in the

Senate by Sen. G. H. Nelson, his former law partner. Nelson inflicted bitter wounds in numerous Senatorial bids when he ran last year for Lieutenant Governor on a unicameral legislature issue, and criticized the senate unmercifully. His opponent was Coke Stevenson, but Stevenson alone didn't block Smith's confirmation. He had plenty of help from Senators who resented Nelson' injudicious criticism of the upper house.

### Why Pays For Pensions?

In view of the pension discussion, it is interesting to see who is now paying \$20,500,000 a year for old age pensions in Texas. Half the money is furnished by the federal government. Examination of the financial statements of the Pension Bureau for 1938 discloses that of each dollar paid out by the State, liquor and beer taxes paid 48.8 cents; cigaret taxes paid 48.3 cents; vending machine taxes paid 2 cents. The balance, a fraction of a cent, came from interest on daily balances, and from late collections from the now defunct race gambling tax. Not a dime is shown by the records to come from the great resource corporations which are annually taking millions of dollars of irreplaceable gas, oil and sulphur from Texas soil, and now seek to nail the pension burden to the backs of the farmer, the small wage earner and the consumer, with a sales or transaction tax, and freeze the tax into the Constitution, where it couldn't be taken out for years.

### Austin Notes

Abolition of the death penalty, recommended as emergency legislation by Gov. O'Daniel, will not come for many years in Texas, if expressions of the legislators are any indication. Lawyers oppose it about 10 to 1, and most of the solons are lawyers. . . Both houses quickly passed emergency legislation to borrow \$900,000 at 1.6 per cent interest to prevent reduction in current payments, averaging \$13.80 each, until the legislature works out the troublesome pensions-taxation program. Recurrent criticism of the handling of State School lands by Ex-Land Commissioner Bill McDonald caused both houses to enact with record speed a bill recommended by Bascom Giles and Gov. O'Daniel, withholding leases on school land until 90 days after the Legislature adjourns. Meanwhile, a bill setting up a school land leasing board to handle sale and leasing of school lands is in the hopper. . . The CIO boys at Houston who want to "recall" Gov. O'Daniel are barking up a blind alley. There is no provision in Texas law for "recalling" any state official, and impeachment is only possible for "high crimes and misdemeanors." "I have stepped on so many poli-

tical toes that I probably couldn't be elected dog-catcher again in Texas." Gov. O'Daniel remarked in addressing the Press Association. He urged somebody to volunteer to "explain" the transaction tax. Sen. Manly Head of Stephenville volunteered to "explain" it on the Senate floor if it ever gets that far.

### I-DEAL BRIDGE CLUB

Mrs. Raymond Taylor was the charming hostess to members of the I-Deal Bridge club on Tuesday afternoon at 3 p. m. Mrs. Tommie McWilliams was tea guest.

Gifts of Wrisley's bath salts were awarded Mesdames Ray Christopher and Clyde Cave for high and second high scores.

A dainty salad course was enjoyed at the close of the games by Mesdames Ralph Carter, Clyde Cave, Glenn Akers, J. H. Dallas, Ike Bailey, Arthur Sawyer, J. J. McGowan, Dick McDuffie, Ray Christopher, E. C. Davis, Jim Graves, Roy Herod.

### HARMONY

There will be preaching next Sunday and Sunday night by the Baptist pastor, Rev. Curtis Jackson. We would be so glad to see you at Sunday School. Come and get acquainted with your neighbors.

On account of Mrs. John Garner, our president of the local Parent Teacher Association, having an operation last week, the "Founders Day Program" was postponed, and since she is improving, we are announcing this program for Friday night, Feb. 24, at eight o'clock. An interesting program has been planned.

Mr. and Mrs. A. W. Fore and family have moved to the Ward farm about half a mile from the school house.

Mr. and Mrs. Cecil Coe, accompanied by Mrs. Jesse Coe of Lubbock spent Sunday afternoon with Mr. and Mrs. Harvey Davis. Mrs. Geo. Murry returned from Clovis, N. M., where she has been attending Mr. Geo. Murry, who is taking treatments there. We are glad to report Mr. Murry is improving.

During the past week Mrs. Hershall Hargrove spent Thursday with Mrs. Harvey Davis and Friday, Mrs. Ervan Smotherman of Gomez visited Mrs. Harvey Davis also.

Mrs. Clint Carter of Plainview is attending the bedside of her mother, Mrs. John Garner, who is in the local hospital.

Mr. and Mrs. Paul Gracey and little daughter Peuleta and Mr. and Mrs. C. A. White were visitors in the home of Mr. and Mrs. Joe A. Davis last Sunday afternoon.

### BAPTIST CHURCH NEWS

Last Sunday was a good day in our church with 292 in Bible study in the morning.

The audience was especially attentive and there was a fine spirit of fellowship.

"Forget not the assembling of yourselves together as the manner of some is" could be applied to many members of our church as well as to people of Bible

times to whom it was addressed. The B T U meeting at 6:45 P. M., and preaching at 7:45 had the best attendance for some time and is promising to improve in attendance and it is hope in interest.

The unsaved have a cordial invitation to these services and all members of the church should invite them as they are in need of the Christ.

The W. M. U. met Monday in circles with 30 present.

They meet at the church next Monday at 3:00 P. M., when the Annie Long circle will provide a social hour and a large attendance is expected. Those who have not finished their study of the missionary book "Go Forward" will be given opportunity to finish next week, the day to be announced Sunday morning.

The improvement of the church basement has been going forward and it is expected that it will be finished this week. This is a much needed work as the openings in the building had never been weather stripped, and it is being made ready for starting the auditorium which it is hoped will be able to get under way by early Spring. It will take sacrificial giving to complete this improvement without incurring considerable indebtedness which the church desires to avoid. Friends of the church who feel in their hearts a willingness and desire to render assistance in this undertaking will be given an opportunity to do so. It must be a free-will offering on their part. The church membership is showing a spirit of liberality which is characterized by those least able to give as well as those who are able.

"The Lord loveth a cheerful giver."

### Our Nephew Has Found Paradise

Our nephew, Aubrey Thomas of Ropes, has at last found his paradise on earth, near the little town of Blossom in old Lamar County. A recent letter tells us the mighty good things he has met with in the new home, after trying the bitter of living in the best section of the south Plains for so these many years. Reversing our motto, found on the front page of the Herald, he closes with, "the last stand of the farmer, and the future home of the cattleman."

Oh! he paints a glowing picture of the land flowing with milk and honey. Near a good school. Near a good highway, and near good hunting and fishing. Even as he writes he sees a squirrel playing in the branches of the trees. Yes, sir, it is all very wonderful and breath-taking. But wait. We have lived in that section, or at least in an adjoining county, Fannin.

Just wait till this summer when the heat, the chiggers and seed ticks begin climbing those thin shins of Aubrey's. We have seen them eat all the feathers off chicken's legs and heads, and we have had them fairly clot around our sock supporters. Wait till the winds and the rains descend, and he can't get in his field for weeks, and old Aubrey will pray for a

good old fashioned sandstorm, to clear up matters so he can get the weeds and grass that are higher than his feed cleaned out.

Then Aubrey will wish for his tractor and his double row outfit and a place where the skies are not cloudy all day. We imagine your dad-in-law, George Carter, will reserve one of the places for you next year, Aubrey.

### WILLIAM HARVEY VERNON

William Harvey Vernon, the 14 year old son of Mr. and Mrs. J. V. Vernon of the Wellman community died Wednesday, Feb. 8th after being ill some two years of an incurable disease, according to his father, who said the lad fought manfully to recover, but never gave up until the very last. Following funeral services at the Wellman school auditorium, conducted by Rev. Young at 2:30 last Thursday, the body was brought to Brownfield and buried in the local cemetery. Arrangements in charge of the Brownfield Funeral Home.

William Harvey was born at Electra, Texas on July 10th, 1924, and was moved to Terry county by his parents in 1931, they settling in the Wellman section. Survivors other than the parents, are his grandmother, Mrs. E. W. Brown, Whiteface; two uncles, W. G. Brown of Genoa, and Babe Brown of Borger, neither of which were able to attend the funeral; five aunts, all attending the funeral, were Mrs. C. W. Ward and son, Whiteface; Mrs. J. C. Denny and husband, Electra; Mrs. W. R. Cooper, Mrs. Jean Gavrin, Mrs. May Steiwick, and Paul Vernon, and uncle, all of Dalhart, and two cousins, Dock Goelett and Jim Clingenbeard, both of Dalhart.

### The Plains Ship 1000 Tons of Sugar Beets

LUBBOCK, Texas, Feb. 12.—More than 1000 tons of sugar beets that will net between \$5 and \$6 per ton to producers were shipped by fifty South Plains irrigation farmers to Rocky Ford, Colo., during the season just closed.

It was the first large commercial production of beets in this section, although a quarter of a century ago D. L. McDonald of Amarillo, then living at Hereford, shipped three or four cars to Kansas.

Texas Technological College participated in the experiment this year to determine if production of sugar beets in commercial quantities could be made.

Indications are that 1939 will see a decided increase in acreage. Floyd county is the leader with 5,000 acres already signed up. Other production centers are Muleshoe, Tulia, Hale Center, Anton and Roundup.

The largest number of cars shipped this year were from Lockney, where twenty-two carloads of this new cash crop, each car averaging thirty tons, were billed to the Colorado destination.

There are some local people interested in erecting a small sugar refinery, but a survey indicates that requirements for even the smallest of a plant amount to 20,000 acres.

### WOODMEN CIRCLE NEWS

Members of the Woodmen circle met Friday the 10th in the District Court room. They will meet there on Friday the 24th, and will hold meetings there until further notice is given.

Guardian Effie Smith being absent, Laura Smith presided. The new officers for this year are: Past Guardian, Nannie Lowe; Guardian Effie Smith; Adviser, Laura Smith; Financial Secretary, May Howell; Banker, Ruth Moore, Chaplain, Mary Neill; Attendant, Serena Warren; Assistant Attendant, Stella Jackson; First Auditor, Rose Mayfield; Second Auditor, Helen Mangum; Third Auditor, Hazel Ragsdill; Inner Sentinel, Jaunita Little; Outer Sentinel, Vera Jackson; Captain, May Cook; Musician, Pat Culver; Junior Counselor, Fay Mullins; Reporter, Cornelia Moore.

Effie Smith was elected as delegate to attend the State convention at San Antonio, Texas, March 27, 28 and 29. Alternate, Laura Brown. The members will miss Sovereign Thelma Blair who has moved to Odessa, who was a faithful and cheerful worker of the grove.

Mr. and Mrs. Bill Jennings, of Midland, spent the week end with Mr. and Mrs. Ernie Greenfield.

If the ticking of a bedroom clock keeps you from sleeping, cover it with a glass bowl.

### Construction Work on REA Project Soon

The Lyntegar Electric Cooperative, Inc. with offices in Tahoka, is in the process of constructing approximately 325 miles of rural electric lines in Lynn, Terry, Garza and Hockley counties. Mr. Garland Pennington, Project Superintendent states that at present 225 miles of this line has been staked, and the necessary maps and records are being prepared for the purpose of issuing a work order to Reinhart and Donovan, Contractors. This work order will be completed in the near future, and the contractors will begin actual construction within ten days after receiving the work order.

Mr. Pennington states that these lines have been very carefully designed and surveyed, and that a very reliable contractor has been secured which will insure the building of lines to serve this territory which will be strictly modern and reliable. Much thought and effort has been expended in securing as much line as is possible from the available funds, and at the same time insuring a type of construction which will require a minimum of expense for operation and maintenance in the future. In a short time the citizens of this district will be able to enjoy all of the conveniences and advantages that the coming of electrical energy will bring.

**Bronchial Coughs Need Creomulsion**

Just a common cough, a chest cold, or a bronchial irritation of today may lead to serious trouble tomorrow. They may be relieved now with Creomulsion, an emulsified Creosote that is pleasant to take. Creomulsion is a medicinal combination designed to aid nature in soothing and healing infected mucous membranes by allaying irritation and inflammation and by aiding in loosening and expelling germ-laden phlegm.

The Medical Profession has for generations recognized the beneficial effect of Beechwood Creosote in the treatment of coughs, chest colds, and bronchial irritations. A special process was worked out by a chemist, for blending Creosote with other ingredients so that now in Creomulsion you get a good dose of genuine Beechwood Creosote which is palatable and may be taken frequently by both adults and children.

Creomulsion is one preparation that goes to the very seat of the trouble to help loosen and expel germ-laden phlegm. When coughs, chest colds and bronchial troubles—due to common colds—hang on, get a bottle of Creomulsion from your druggist, use it as directed and if you are not satisfied with the relief obtained, the druggist is authorized to refund your money. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

PHONE 48  
Mrs. W. H. Dallas

Quite a story in the Sunday-Avalanche Journal about the report of a horrible murder in Terry county, the murdered one being dragged quite a distance. But when officers found the shallow grave, it turned out to be a coyote's body. Long rest its bones.

Children and grandchildren who ate the birthday dinner with Grandma J. O. Brown on the 11th, were her two sons, Tilden C., and wife, Post; N. E. Brown, Houston; a daughter, Mrs. H. E. Moses, Houston; a grandson, J. W. Brown, wife and daughter, Velma Florence, aged 5 months, city. Many other relatives responded with messages, flowers or cards.

Little J. Warner Hayhurst of Plains, who has been quite ill at the home of his aunt, Mrs. Jim Graves, the past week, is reported to be improving.

Mr. and Mrs. Clarence Lewis are having a four room and bath stucco cottage erected on east Hill street, for Clarence's mother, Mrs. R. R. Lewis. Grandmother Lewis has made her home with her daughter, Mrs. Eldora A. White, the past several years. She will have an elderly lady for a companion and to do the work. It is hoped Grandmother Lewis will live to spend many happy years in her new home.

## RESOLUTION OF RESPECT

Whereas on the 20th day of January, 1939, God in His infinite wisdom saw prudent to call to realms of eternity, William Beverly Toone, who so faithfully administered to the wants and needs of those with whom he came in contact, and whereas he was the husband of Mrs. Lela Toone, who is a member of this order, therefore, be it resolved, that we, the committee on resolutions, herewith tender the following:

1. That we deeply feel his passing but realize the useful tenure of his life and know of God's pleasure in ever finding him faithful to his trust.
2. That we humbly look his emulation of Christ's principles as a guide to our lives and point others to his work and influence.
3. That we offer our sincerest sympathies and condolences to his immediate family and relatives and point them to the solace of the promise of the great beyond.
4. That a copy of these resolutions be furnished the local press for publication. A copy be tendered the family and a copy be read in the Eastern Star Chapter and placed on record in its minutes.

Respectfully submitted,  
Mrs. Cornelia Moore  
Mrs. Della Thompson  
Mrs. Laura Smith

Uncle Joe Bryant, of the Union community, was in Saturday sporting a new walking cane. Uncle Joe said it was more trouble than a help but a friend gave it to him and he didn't want the man disappointed if he saw him without it. He is ninety-one years old but as active as lots of men at sixty-five.

Boy Scout county and city officers were sworn in Thursday morning. Full report of week's activities next week.

Teacher: "Do you know why we call English the mother tongue?"

**METHODIST CHURCH**  
J. W. Hendrix, Pastor

Church school offers you an unusual opportunity, to you and to your family. It is founded on the family basis. It assumes a family life. It begins with the cradle and has a message for all on to the grave, of every age. Opens 9:45 p. m.

Under the leadership of Bishop Paul B. Kern the last General conference, last May in Birmingham, Alabama, a Youth Crusade was set as the project for the next four years. The spiritual goal of the last quadrennium as the endeavor to refresh the church through its study of Aldersgate experience. This is to reach the young life of the church with a message such as to give their lives worthwhile direction.

This coming Sabbath features Youth Crusade Special.

Morning Worship brings for your pleasure and profit choice devotional music and a sermon by the pastor, Subject, "Wanted Lamb Feeders." The pastor will endeavor to define some projects of the modern church; perhaps point out some startling ways in which the church has missed the way. You might be interested.

Evening Hour comes on at 7:30 and the Young People have charge of this service. They have been rehearsing, having selected appropriate music and rehearsed it; have selected responsible persons on the program. Their program will appear elsewhere in the paper. Look for it. They will be greatly encouraged by your presence, hence you manifest interest.

When buying extra fuses to keep on hand for emergencies, be sure to buy the proper size — which in most cases is 15 amperes. Only a fuse of the right size protects your home against damage or fire. New non-temperable fuses, known as fustats, are built so that you are automatically protected for the wrong size cannot be inserted. With the ordinary type fuse care must be used in the selection of the proper rating.

West Ward Parent-Teacher Association has started work on the plans for beautifying and equipping the school grounds. The aims of the Association are to supply a playground that will provide worthwhile entertainment for the pupils in beneficial, physical activities and also add beauty to our thriving little city. Every year nine months of each child's life is spent in school and the playground is the general meeting place for all. Cities take pride in building parks with ample facilities to care for leisure hours. And a child goes to the park only when he wishes. A child is sent to school and for him, school life should be useful, happy and complete living. The Association hopes to build and equip a playground that will encourage children to gain knowledge in a happy atmosphere and get an education that will fit them to the good American citizens.

**REVIVAL CONTINUES**

Revival services at the Four-square Tabernacle are to continue the third week, with Rev. and Mrs. Warren Johnson preaching. There has been a marked increase in interest and attendance and souls have been saved as the old time gospel has been preached.

Monday night Sister Johnson preached on "Famous Last Words" and there were eleven at the altar for salvation.

Friday night the Evangelist will again speak on "Divine Healing," he subject being, "The Faithfulness of God."

Saturday at 2 p. m., Children's church.

Saturday, 7:30 p. m. Sister Johnson speaks.

Sunday 10 a. m., Sunday school.

Sunday 11 a. m., Missionary service.

Sunday 7:30 p. m., the subject is, "Trifling With God."

The services will continue each night at 7:30. Sister Lee, pastor, extends a cordial invitation for all to attend.
