## NELSON-PRIMM DRUG, YOUNG FIRM, SHOWS PHENOMENAL GROWTH

This week, we are giving you the story of the Nelson-Primm Drug Company. Starting with a modest though complete stock in 1936, this firm has more than doubled its stock in less than three years. This store features the Walgreen line of drugs and sundries. This line of merchandise, while relatively new—the Nelson-Primm Drug Store being one of the first to stock these preparations in this area—it is now nationally-known and well-established everywhere. The floor-plan and color scheme of the

Graves, bought out the Corner Drug Store. In 1936, he sold his interest in that store to Mr. Graves, and in July of the same year, he and C. C. Primm opened the Nelson-Primm Drug Store in its present location.

C. C. Primm has spent most of his life in Brownfield and Terry County, and the whole community is proud of the excellent example he has set for other boys to follow. Born in Hopkins County, he and his family moved into the south part of the county in 1923. Primm finished his edu-

C. C. PRIMM

store is carried out to correspond generally with other Walgreen agency stores throughout the country, giving the maximum of convenience and accessibility to both clerk and customer. The confectionery department of the store is well stocked and complete in every detail.

And now for a word about Homer Nelson, senior partner of the firm. Born in Arkansas and graduating from the Little Rock College of Pharmacy, Mr. Nelson came to West Texas and went to work for the Alexander Drug Company in Littlefield. He came to Brownfield in October 1928, as a partner in the Alexander Drug store here. In February, 1933, Mr. Nelson, together with Jim

H. W. NELSON

education in the local schools, working his way through school in a local bakery. After graduating, he worked in the Alexander Drug Store and the Corner Drug Store until he and Mr. Nelson formed their partnership. Mr. Primm is extremely well versed in drug store management and operation. This store also serves the community as a bus station and C. C. is in charge of this department.

Lynn Nelson, a jeweler and incidentally, a brother of Homer, has been located here almost since the beginning of the store.

Elmer Mosier, Burdette Aurburg, and Archie Karr, courteous and efficient clerks, complete the personnel of the store.

## "Ize Been Hospitalized"

Not more than a few weeks ago, with a resounding whack of bare knuckles upon wood, the "Old He" of this sheet, announced to an assembly of his immediate family that "he was the only one of the shebang that had never been in some hospital, for some kind of an operation." Still no operation, but, "Ize Been Hospitalized."

The Flu Bug got us last week, and Sunday decided to go to Drs. Treadaway and Daniels' hospital, after Dr. Treadaway informed us that we had a "small spot." That is just a modern polite way of telling you, you are developing pneumonia.

Twenty years ago last January, the late Dr. T. L. Treadaway Sr., informed us about the same thing about ourself following the 1918-19 epidemic. We tried to get back to the office too soon. We'd missed 3 issues—and finally missed six, but doggoned if we didn't go and buy a linotype machine while laying flat abed, we believe the second on the South Plains outside of Lubbock.

Our first experience of being hospitalized is far from bad. True, the medicine isn't good and comes at frequent and regular intervals, but the nurses always smile and offer a chaser in the form of some kind of fruit juices.

And no matter how many times one winks the lights, there is no frown, but we have done our best to be as easy on them as possible. We have seen some patients that we know sorely tried the souls of patient nurses.

Haven't been in position to hear much, being one of the "confined" but a little gentleman was born to Mr. and Mrs. David Pounds, Monday night. Miss Florence Weaver of Loop was brought in this week with epidemic sneezing, doing as well as could be expected.

In closing will state that the lady who presides over the kitchen is an artist in appeasing jaded appetites of sick folks, but even she is no match for those whose eating capacity has had a k. o. from old Flu.

## Car Demolished As It Plunges Into Ditch

A mad scamper in a stolen car was halted abruptly for two youths by gunfire of a Tahoka officer Monday afternoon.

The young men, 17 and 18, who told county officers they were brothers, miraculously escaped serious injury when the automobile somersaulted twice 14 miles west of Tahoka on the Brownfield highway after Ed Sanders, Lynn county deputy sheriff, had sent a slug into a rear tire.

Mrs. Morton J. Smith of the Hilton hotel saw one of the youths as he drove the car away from a grocery store at Broadway and Avenue M. Her husband, a Lubbock real estate man, was owner of the car.

Blanket notifications to law enforcement officers in the area led Tahoka authorities to catch sight of the pair as they neared that town. In the ensuing chase, the heavier stolen car nearly outdistanced that of the officers.

Finally reaching within 150 yards of the fleeing youths, Sanders fired four bullets through a rear window and another into a rear tire. The blow-out sent the machine catapulting into a ditch and over twice.

The youths said their parents were dead and that they had no home, but further than that they refused to make statements. Asked why they continued to flee in the face of pursuit and possible death one replied, "Hell I don't like these jails." — Lubbock Morning Avalanche.

## West Texas Judges Meet At Lubbock

County Judge Raymond Simms and our County Commissioners are in attendance at the West Texas County Judge's and Commissioner's Association which convened at Lubbock Thursday for a three-day session. At which time they will discuss the various problems confronting their offices.

Judge Simms anticipates the hottest discussion will be over whether the Association shall by resolution endorse and recommend the Legislature, to divert part of the gasoline tax to the payment of county road bonds heretofore issued by various counties including near all of the larger counties, especially those with large cities, and quite a few smaller ones in West Texas also. This question has been much agitated in Texas for the past few years, but like the weather, there's nothing been done about it.

It seems that the counties having such bonds will vote aye for the State to pay them off, and the counties without bonds will vote No. It doesn't look quite so fair to take the money from such counties as Terry, who didn't vote road bonds, but drove along through the sand and mud for several years till their tax was sufficient to build roads, and pay off other county bonds to those who got prematurely progressive and imbibed a longtime debt on themselves. It's their self-inflicted debt, now let them pay it, besides as we understand it at that time, the State and perhaps the Federal Government matched their cost of construction.

## Local Man Wins Prize In Continental Contest

Sixty dealers, commission representatives and agents from Lubbock, Lorenzo, Crosbyton, Tahoka, Slaton, Ropesville, Brownfield, Levelland and Seagraves met Monday night in the Hilton hotel to hear G. L. Oden, assistant division manager of Fort Worth, who presided at a dinner program designed to outline spring advertising of Continental Oil company.

The campaign will begin March 15 and is designed to go further into the theory that advertising, plus value, pays.

Three prizes on a contest "ranking the ads" were awarded: First award went to Bill Fitzgerald of Brownfield, a dealer who made a higher grade than the supervisor who released the advertising campaign at Fort Worth. Bill received, a watch chain, key ring, tie clasp and belt buckle. Second prize went to Bill Pope, dealer in Lubbock, and third to Tom Verner dealer of Meadow.

The party was guest at a dinner in the Chimayo room of the hotel.

Cris Quante is Brownfield agent for Continental.

## Street Paving Progressing Nicely

Paving of the six blocks on east Tate street, from the Seagraves highway east, is rapidly nearing completion. Curbs are all set, street leveled, preparatory to laying the hard surface and hot-topping which is expected to be done in the next few days.

Ground broken and work began also on Broadway from the square east to the highway, which will be paved, following the first job above.

## Social Life of Our Pioneer Young People

One would naturally think that the society in Brownfield, in its early days was a drab affair, but quite to the contrary, our hostesses in those days having none of our modern methods or gadgets for the entertainment of her guests, set herself to the task of fashioning puzzles and charades, of which she could claim the authorship, and for her ingenuity, receive the praise and thanks of her guests. There were very few musical instruments, so these gatherings were greatly enlivened by voluntary song feasts, accompanied by chance a guitar, organ, harp or if need be an obligato of voices that were a surprise in their peculiar primitive harmony.

Then often the young people would assemble for a serenade, and on these occasions, every home in Brownfield was visited and at nearly every one we would receive a "hand-out," in the form of some kind of refreshments. Then there were the dances at the Old Courthouse where young and old alike kept time with merry feet to the rhythmical strains of violin and guitar, our improvised orchestra of that time.

We learned to love the young people, and to feel a kind of God-mother interest in their hopes and aspirations, and like the Cinderella Godmother of old, would try to bring things to pass for them but in some instances lacked the magic power, or the pumpkins, or the mice, or what was it?

Suffice it is to say, that if disappointments came their way, they, in every instance proved themselves able to "take it on the chin," until success was theirs.

In those first little disappointments, a beginning was being made. A boy or girl was beginning a course of training that is now making itself manifest in the husbands and wives, the fathers and mothers, of our town.

We are proud of them. Proud to have had a part with them during this earlier period of their development. To fill her offices, to serve our country, if need arises. We know they will show the spirit of their ancestry, in all things, with meekness in success and courage in defeat and as in the good old times with mother and dad, if need arises and I may, I'd like to be your Godmother.

—Mrs. W. G. Hardin

## Just Another Sandstorm

Old Boreas, or whatever his name is, God of the winds, threw us a curve Saturday. After pitching straight from the west all morning, he suddenly, about 3 p. m., swung his right from the north and played a shut-in game all evening, with more fury than a woman scorned, eclipsing the sun with his sandy clouds, and making visibility shorter than a republican's memory, then quietly subsided at night fall. But the next morning as usual, we are still here. Also as usual we heard many say this is the "worst ever seen." But the old timers have too good a memory and more respect for the sandies of the past, to say that. "Tis true, starting with the ferocity of that one Saturday, and graduate it backwards and downward to a gentle zephyr, would take one quite a long ways back into the past. But West Texas has always had sandstorms, about this time of the year. It seems that March cometh in like a Lion and goes out the same way. We've no they are rather provoking while in apology nor endorsement for them, transit, but are always followed by several "forgetting-days" of warm sunshine and quiet, pure fresh air.

And in this case we appreciate the morning after the day before; for we all know that ere long the April showers will bring May flowers. Yes, we are still here, and living, and so is our property. We may have to dig a little to retrieve some of it, but it is not blowed to splinters, nor carried down the rio. So we just get a

## CHAMBER OF COMMERCE ANNUAL BAN- QUET BIG AFFAIR WEDNESDAY NIGHT

Robert Lee Bobbitt is Principal Speaker.

The annual banquet of the Brownfield Chamber of Commerce, was held Wednesday night at the High School Gymnasium, attended by 200 enthusiastic citizens and many visitors from neighboring towns. Supper was served by the West Ward P. T. A. Laides.

H. R. Winston, serving as toastmaster, introduced J. O. Gillham, president of the local Chamber of Commerce, who gave a brief outline of the goals to be sought thru 1939, and who in turn introduced the following guests: J. R. Garrison, District Engineer of the Highway Department; L. B. Kerr, his assistant; E. H. Anderson, Local Resident Engineer; L. T. Wright, high official of the Arizona Chemical Co., who operate the huge chemical plant near Brownfield; Stoney Wall and A. H. Meinicke, Lubbock business men; R. D. Shrinkle, representative of the Lubbock Chamber of Commerce; J. Sam Lewis, noted West Texas news reporter; D. B. McGinty and wife, A. E. McGinty, P. G. Stanford, Mr. Webber, and Judge McEntyre, all of Plains; A. L. Duff and son, Seminoles; Garnett O. Reeves and Jim Collins; County Judge White, of Pampa; Alex Howard, Secretary, Chamber of Commerce, and Carl Hyatt, editor of the Banner, Ralls; and some others whose names we failed to get.

Mayor Coleman then delivered a welcome address to the visitors and pledged a city administration to the progress of the town. Two

quartettes were then well rendered by Clyde Lewis, Emmett Smith, W. W. Price and Alton Webb, the latter from Meadow.

Judge Simms then introduced the principal speaker of the evening, Hon. Robert Lee Bobbitt, former Attorney-General of Texas, and now a member of the State Highway Commission, who had just arrived by plane from Albuquerque, New Mexico, where he had conferred with an official of that State about interstate roads and whom he complimented very highly. Mr. Bobbitt tendered greetings from the entire State Highway Commission, praised the spirit of West Texas, its progress and fair dealing, stating that he felt at home in talking with county judges, commissioners and chamber of commerce men for many of them had conferred with the Commission, in fact, it was they who mostly brought to attention of the Highway Commission, the needs of given roads. He then launched into an eulogy on the usefulness of the Chamber of Commerce to a town, it was the medium of their progress that kept the town's flag afloat in the commercial winds.

He made no promises about future highways in this section, pointing out the enormity of the work before his board, saying they strived to give each county its just share of its administration. His speech was well received and roundly applauded by the audience.

He was followed by Homer Winston, our local Bob Burns, who in his blunt, but humorous vein, sent the audience away laughing.

## Car License Sales Behind Same Date Last Year

Mrs. Bennie Arnett Smith, assistant in County Tax Collector's office, says people are not registering as fast this year for car licenses as they did last. Only 273 to date and at the same time last year something over 300 had registered.

Be sure to take your car papers with you when going for your license as this will save time and trouble as it is necessary to have your papers to get licenses. You will have until April 1st to register.

## Business' Changes

The Brownfield Cash Grocery operated by Mr. Edwards and Associates are moving from the building where they have been for the last year, near the Rialto Theatre, to the Brownfield building, on the east side of the square, formerly known as the Help-Self store.

Workmen are busy this week remodeling the building on east Broadway, formerly occupied by the Teague Motor Co., and it is understood the same is to be used by Cye Tankersley, Chevrolet Agency.

The Barrier building on the north side of the square, which burned out some weeks ago, is nearing completion again. The upper floor is to be occupied by the I. O. O. F. and W. O. W. Lodge rooms, and part of the lower floor to be re-occupied by Mr. Serman with his barber shop.

## Meadow Basketeers Off for State Meet

The Meadow girls basket team, champions of this district and who have heretofore attracted state-wide mention, left early this week to enter the State Inter-scholastic tournament at Waco. This is just another case of showing the American Opportunity is not limited to big cities. The small town guy (or girl) can accomplish success if they'll just get up and "play ball."

Broom and shovel, scratch out, inhale a few breaths of this purified air, take a sunbath, and read with regret in the papers about the flooded rivers, ice bound roads and the cold blizzard of the central and New England states.

## Air Cavalcade Tells Tale of Sky Pioneers

"Men With Wings," the new Technicolor cavalcade of the air, which will have its local opening next Sunday at the Rialto Theatre presents a bird's-eye view of the progress of flying over three decades in the story of three young Americans who devote their lives to the development of aviation. Its all-star cast is headed by Fred MacMurray, Ray Milland and Louis Campbell.

The story opens with the historic flight of the Wright Brothers over Kitty Hawk in 1903 and traces the progress of flying through the early heartbreaking years of experimentation, through the tumultuous World War years, the fabulous boom days of the Coolidge era, the bleak years of the depression and down to the present of round-the-world flights at lightning speed.

MacMurray and Milland will be seen as two fliers who typify the birdmen who have made aviation what it is today. MacMurray is the devil-may-care adventurer who blazes trails across the sky but cannot stay in any one place long enough to make lasting contributions to aviation. Milland, on the other hand, is the patient experimenter, the far-visioned man who builds the planes for tomorrow's fliers. Miss Campbell, in her first big dramatic role plays the pioneer airwoman whom both love.

## Hale Center Man Kill- ed; Man Posts Bond

HALE CENTER, March 13. — A heated argument between two prominent Hale county landowners at Cotton Center ended in the killing of J. C. White, 45, this afternoon.

Rill Moody, 62, posted bond of \$5,000 after a charge of murder was filed against him in justice court of T. E. Wall here. At an inquest, Judge Wall ruled that Moody shot down White "voluntarily and with malice afore thought."

A bullet from a .38 caliber pistol entered White's chest causing almost instant death, Sheriff O. R. Martine of Hale county said.

George Lynch of Amarillo, was a recent visitor in the home of his grandmother, Mrs. G. W. Graves.

## Terry County Edi- tor Is Ill

The Herald Editor bowed to the fashionable ailments of the flu during the wee hours of Thursday morning, March 9th, and has been quite ill. On Sunday his condition seemed to be bordering on pneumonia and the attending physician deemed it advisable to have him moved to the local hospital where he has, under the able care of Dr. Treadaway and his splendid corps of nurses, been steadily improving and unless complications set up will be out, good as new, within a few days.

We wish to at this time, extend thanks to Mrs. W. G. Hardin and Geo. W. Neill for their contributions to the Herald this week. Mr. Neill is a former newspaperman and realizes what it is to have sickness in the newspaper force. Mrs. Hardin is a writer of some mighty good poetry which has been accepted in some of our better national magazines of which we will give you some later.

It was just by accident she told the writer of some of her good luck in having one of her favorite poems accepted by one of the largest literary magazines in America. We hope to give you this piece through the columns of the Herald real soon.

Dick Chisholm, who recently moved to Lubbock, is real ill following a relapse from the flu. His many friends wish for him a speedy recovery.

 The Official Paper of Terry County and the City of Brownfield

The editorial policy this week may or it may not be the exact sentiment of the editor, but he being in bed, the pro-tem will take all the blame then next week he will have something to write about.

Well, Hitler, this week, picked up his elastic boundary line, and stretched it around another little country over in Europe. Some of these days, we hope, and it's possible, he will stretch it a little too far, something will slip, and it will slap him back in his face, and set him back in his own back yard. Elastic does that way sometimes.

Quite an eloquent skirmish was indulged in the State Senate last week, over whether or not, to place an emblem of a longhorn steer, or a Star, on the 1940 motor license plates. As the longhorn steer was a native of West Texas, naturally those East Texas Senators were again him so he failed of confirmation, and the Star will shine on your plates next year.

The editor received a complimentary press card to the Press conference with Mrs. Franklin D. Roosevelt, the First Lady, after her lecture at Hardin Simmons, the 10th. This conference was for newspaper men only, and we regret very much in not being able to have a representative. We think knowing our presidents, whether they be Republicans or Democrats, makes us better citizens, and but for a chosen few the only way we have knowing is as the immortal Will Rogers said, "just what I read in the papers." We think Mrs. Roosevelt has during the President's administration done as great a work in her line as he has in his, she has made us all more humanitarian in that if you do reach to highest position its possible for a lady or man to reach in America you can still be human and charitable.

The Shamrock Texan comes to our desk this week with a thirty-six page St Patrick Day edition, printed on green in commemoration of St Patrick's birthday. They are to have an Irish festival, this is to be Shamrock's second of the kind, and the paper shows that hours of research delving into Irish history, literature and customs of the Irish people and gives a rich insight to that famed country. We doubt if one had gone over specially for this history could have gotten out a better edition. The paper gives a full program for the day for the unique celebration and the whole Panhandle section is looking for the day in that there has never been another like it in the whole southwest or perhaps United States. The patronage of the business houses given the paper in this undertaking to put Shamrock and its possibilities before the public shows faith in the "Press being mightier than the Sword."

We have heard a great deal about Politicians, professional and otherwise, promises made and unfulfilled, how they will tell us anything to get our votes, but when they get down there, why, well, don't get it. We think the voters should look a little closer home. There are mitigating circumstances. When a beautiful maiden, though unnoticed, puckers them pretty rouged lips, tilts her head to one side, it's just mighty tempting for a man to do some osculation, and when a voter sticks his chin out, with some selfish words and phrases, it's mighty tempting for a candidate with a burning desire for office, to tickle it. If you don't want him to tickle your political chin, don't stick it out. Most such

promises are invited, directly or indirectly. A person or group of persons who exact promises to use official power and authority for their private gain, ought not to complain if it goes unfulfilled. Quit kiddin' yourselves. There are others, you know. Who does the electing, anyway? We often wonder if the Legislators and other officials wouldn't do an all around better governmental job for us if we would send them there with confidence and trust to do what they collectively thought best and quit tantalizing them. It is our observation that the lawmaking bodies, generally in the end do about the best thing to be done.

Geo. W. Neill attended the funeral of his cousin, Mrs. Minnie Lasater, at Lubbock, Tuesday, who died there Monday night. Remains were carried to Gorman, their old home for interment.

This is "Tax-week" in Austin. After many committee hearings, proposals, endorsements and objections, the Tax Committee of the lower house submitted one of its own: A 2 1/2 per cent general retail sales tax, including a host on natural resources of 25 per cent, estimating it to raise some \$33,000,000.00 which is thought to be sufficient to pay off the old age pension, and other similar things. There are some who oppose this kind of taxation, of course some oppose any tax. No tax is very tasteful to any of us. Any tax is seldom welcome. Taxation is the price we pay for the Government we have. Nearly all of us have at times asked for one or more things, which incurs government expense. We are often inviting Santa Claus to visit us and our bunch, with a mental hope the cost will be paid by the other fellow. A large majority of the people voted for the pension

most of the lawmakers were elected on those pledges, but when it comes to paying it, why, that's a different horse with another color. We are not saying which plans are fairest, best, or better, but it does seem this whole bedlam of taxation the last few years has been to "spare me, spare me," but tax the other fellow. It's owing to whose ox is taxed. We have been playing "anti-over" with the tax question for several years while the old folks in the house, are getting nervous over the noise. You can't pay the pensions without taxation, they go together. The Legislature just as well face the tax and the people face the tax. It is hoped the Legislature will raise itself above, some of their petty policies, and chinticking attitude and ascend into the realm of statesmanship, and pass some wholesome tax laws and regulations, and follow that 100 year old mandate in our constitution, to wit: "Taxation shall be equal and uniform."

Senator Gordon Burns is again trying to put the state prison in the printing business with a bill before the state senate. The senator evidently has failed to inform himself of the confidential nature of the printing business. His bill would provide the education necessary for the criminal forger to prey upon society in an effective manner after his prison term is ended. A prison printing school would for dangerous criminals. Printing has always been a high class industry with craftsmen who maintain high standards, carrying trade and professional secrets in the ordinary course of their work that would ruin their customers if betrayed. Prisoners cannot be expected to have any such high ethics, and have no business learning the trade.—McLean News.

We wonder why when all the intellectuals get together at Austin that they don't enact some laws to help protect little business from small business. Just last week we saw Jim's Repair Shop set up on the curb on the north side of the square. Of course he had paid his car license but he hadn't paid a property license to help keep our schools, churches and build streets. His building was his car, then there is the chain store tax, we wonder about that. There is no justice in this. You may say, "well he didn't get much," that's not the point. We have repair shops here that help with every civic undertaking, that pay taxes of every kind, besides paying their car taxes, and these other folks have no such obligations, they just come in and set their business up on the curb and they are neither here, or there when assessment time comes. We think there should be a law enacted to help take care of the established businesses and make the person that comes into a town pay county and city taxes, school taxes, and assess him in every way that the established business' are, when this is done you will see our established businesses prosper. As it is they stay through thick and thin and then some John comes in, rakes in the coins and goes to the next place, tax-free, except for car licenses.

Since receiving the Shamrock Texan we at last know the why of G. S. Webber's beard. In the Shamrock country all good Irishmen are growing beard for the Shamrock Festival, however we never dreamed of G. S. being of Irish decent.

It would be surprising to those who have not driven around town lately, to know of the great number of residences, both large and small, that are now under construction in Brownfield, and of additions and repairs to others. It is indeed very nice to hear again the music of the hammer and the saw.

**"LEST WE REGRET"**

The Travelers Insurance Company, Hartford, Conn., is putting out a very comprehensive booklet, "Lest We Regret" on Public Safety. The booklet is full of facts pertaining to safe driving that should be read by everyone who drives a car. This booklet, the ninth in a series of annual publications, is distributed free in the interest of street and highway safety. Quantities for distribution to clubs, schools and other organizations may be obtained for the asking.

It will be remembered the Maids and Matrons club placed this company's publication "Death Begins at Forty," put out last year, in every school in the county.

Miss Mable Whitney of Valley Mills, Texas, Home Supervisor in the Farm Security office, is ill of the flu at the home of Mrs. A. J. Stricklin. Miss Whitney recently resigned as teacher in the Coahoma high school to take the position of home supervisor of Terry and Yoakum counties.

**NOTICE OF CITY ELECTION**

Notice is hereby given that an election will be held on the 4th day of April, 1939, within the Incorporate Limits of the City of Brownfield, Terry County, Texas, in obedience to a Resolution and Order of the City Council of the City of Brownfield passed on the 13th day of March, 1939, for the purpose of electing three City Councilmen.

Said election will be held in the City Hall of said City and the polls will open at 8 o'clock A. M. and close at 6 o'clock P. M.

All resident citizens within the Incorporate Limits of said City, qualified to vote under the Constitution and Laws of the State of Texas are entitled to vote at said election.

All candidates wishing their names placed upon the official ballot shall file the same, with a request therefor, with the City Secretary on or before 12 o'clock Noon on the 25th day of March, 1939.

Said election shall be held in accordance with the general election laws of the State of Texas.

Roy M. Herod, City Secretary, City of Brownfield. 33c.

## BETROTHAL DATE OF MISS MERCEDES LIBBY AND BILL COLLINS IS REVEALED

### Marriage Will Take Place April 12; Bride-Elect's Sister Gives Luncheon

The attention of week end society is focused on the approaching marriage of Miss Mercedes Libby and Bill E. Collins which will take place April 12 at 12 o'clock noon, the First Methodist church. The date was announced Saturday afternoon at a luncheon given by Mrs. Alfred B. Strehli, sister of

the bride-elect, in the Hilton hotel Chimayo room.

Covers were laid for 36 guests. White stock and baby's breath centered the table. Place cards bore white miniature bridal bouquets under which were concealed names of the betrothed couple and the wedding date.

Miss Libby is the daughter of Mrs. Fredrick E. Libby of Puerto Rico, a former resident of Lubbock. She attended Boston university and at present is employed at Texas Technological college as secretary to W. T. Gaston,

business manager.

Mr. Collins is the son of Mr. and Mrs. W. H. Collins of Brownfield. He is a graduate of Texas Technological college where he was a prominent figure in campus activities. He is immediate past president of the American Business club.

After their wedding trip, the couple will make their home in a residence recently completed at 3114 Twenty-second street.—Lubbock Avalanche.

## MESDAMES BANDY-HOGUE HONORED ON BIRTHDAY

Honoring Mesdames W. L. Bandy and T. C. Hogue on their birthday, friends arrived with well-filled baskets at Mrs. Bandy's home at the noon hour, Sunday March 12.

Those present to enjoy the occasion were:

Mr. and Mrs. C. Sears, Mr. and Mrs. T. G. Sexton and family, Mr. and Mrs. W. A. Tittle, Mrs. G. W. Graves, Mr. and Mrs. T. L. Redford and Billie, Mr. and Mrs. L. A. Rhyne, Mr. and Mrs. R. L. Bandy and Baby, Mr. and Mrs. Walter Hogue, Mr. and Mrs. T. C. Hogue and family and Mr. and Mrs. W. L. Bandy and son.

A bounteous meal, served buffet style, was enjoyed by all present.

## 1937 QUILTING CLUB

Mrs. Jim Jackson was hostess to the 1937 Quilting club on last Wednesday, March 8th, with eighteen members present.

After spending a couple of hours with needles sewing, the hostess served sandwiches, chocolate, cookies and salad to the foli-ams, Bandy, Green, Joe Scott, Redford, McClish, Scott, Walters, Hogue, Tittle, Holgate, Culver, McPherson, Daugherty, Broun and Carpenter.

## MRS. VIOLA MULLINS HOSTESS TO WOODMEN CIRCLE

Ten members of the Woodmen Circle were present at the home of Mrs. Viola Mullins, Friday the 10th. Plans were made for the trip to San Antonio and all preparations made. Everyone was urged to be ready when the word go is said.

The next meeting will be with Mrs. Helen Mangum on the 17th of March at 3 o'clock.

## W. M. S. NEWS

The W. M. S. of the Methodist church met in the church in a Business and World Outlook program, Monday afternoon at 3 o'clock.

The theme: "Widening Landscapes," was very ably discussed by Mesdames Longbrake, Thompson and Harris. Mrs. Cook was the leader. These discussion groups are most interesting.

## WOODMEN CIRCLE NEWS

Mrs. Jennie Lindlebloom of Amarillo, district manager of the Woodmen Circle, met with the local lodge at the gymnasium on the 3rd, and gave an interesting talk about the approaching convention to be held in San Antonio the 27, 28 and 29th of March.

## METHODIST CHURCH

### J. W. Hendrix, Pastor

Yes Siree, the Sunday school picked up some in numbers and a lot in the spirit of it. If we all, who come from time to time, should all come at once we'd have a packed house. The hour 9:45 to 10:45 a. m.

Morning Worship at 11 a. m. This is coming to be an event in the program of those who attend. It offers good old hymns of the church, well rendered. The pastor delivers a sermon.

Perhaps our crash of '30 came by extended credits but let's try another kind which has never failed, a sort which finds its security in the underwriters of the Divine.

Evening Worship comes on at 7:30 p. m. and lasts one hour. Into that hour is crowded singing of popular songs, and the pastor delivers a sermon, practically and time is, "On Changing Our Minds." Do we need to? If so, in what direction should we proceed? Have you been out lately? You see, you might like it; it might be easier to take than you think!

Leagues begin at 6 p. m., one and another at 6:45 p. m. The young people have their own meeting after their own order, on subjects of interest. If you are young, do not attend such a service elsewhere, this one invites you.

Drs. and Mesdames A. H. Daniel and John R. Turner are in Dallas this week attending the Southern Medical Clinic. They will likely return home Friday.

## BAPTIST CHURCH NEWS

Attendance was improved at all services of the church Sunday and with better weather coming on it should be greatly improved. Superintendent White has named a new goal for average attendance for the Sunday school of four hundred present by Easter Sunday, and is giving out the goals for the different departments and calling on all officers and teachers to make their attendance goals. He especially desires that while attendance records are being obtained that the teachers make full preparation for good teaching services, remembering that the pupils must get something worthwhile in their study of the Bible. It is astonishing the ignorance of many people of the Word of God, who are ready to believe anything told them about it instead of giving it serious study themselves.

The W. M. U. met in circles Monday with 29 present. They meet next Monday at 2:30 p. m. in circles for their industrial day of the month.

The Reagan circle with Mrs. Vernon, the Lockett with Mrs. L. M. Rogers, the Lottie Moon with Mrs. E. L. Redford, the Annie Long with Mrs. Floyd Roe. These circles mean much to the social life of the women of the church as well as a better knowledge of the missionary work of Southern Baptist. If you have not been in attendance as a woman of the church it is your great privilege to do so. Make your life count for something worthwhile as every year some will pass on to their reward, and such opportunities must be used or lost.

Plans are being worked out with the expectation of building the auditorium over our basement this year and every member of the church as well as any friends who may desire to do so are reminded to seek to make provision for this work by their contributions.

An accurate record is being kept of all receipts to the building fund as well as the general fund and you are urged to use the envelopes provided for that purpose.

Bring your friends to church Sunday with you as they will enjoy the fellowship and will feel welcome.

—Church Reporter

Noah Bell was able to be moved to his home on Monday. He stated to a Herald representative that he wished he felt as good as he did twenty-four years ago, Monday, when he left to attend the Fat Stock Show in Fort Worth.

## MRS. JOHN L. CRUCE ENTERTAINS WITH BRIDGE

Mrs. John L. Cruce very graciously entertained with three tables of bridge on last Thursday, March 10th at the home of Mrs. J. L. Cruce.

High score was made by Mrs. Dallas and second by Mrs. Lee O. Allen, each receiving pottery.

A delicious refreshment plate was served Mesdames Lee O. Allen, Spencer and Clovis Kendrick, R. L. Bandy, Dell Smith, Gutherie Allen, Wilson Collins, C. C. Primm, J. H. Dallas, Bill Lane, Gillmore and Miss Virginia May.

## TEXAS UNIV LOAN LIBRARY SAVES TAXPAYERS MONEY

AUSTIN, Texas, March 13. — Texas taxpayers have reaped a \$75,000 benefit from the drama service of The University of Texas extension division, Frank L. Winship, dramatics director, declares.

During the last decade, Mr. Winship estimates, the division's drama loan library has saved Texas high school funds between \$7,000 and \$9,000 each year by lending their drama departments play which otherwise would have to be purchased outright from publishers.

The extension library, largest of its kind in the world, chalked up the heaviest month in its history in January, mailing 4,461 plays to Texas drama groups, he stated.

The library counts a total of 7,000 different plays, Mr. Winship declared.

Among the many visitors to see Noah Bell, Sunday, who has been in the hospital several days, were Mrs. Annie Raymer and daughter, Helen Ruth, Mrs. Pearl Arnett and Mrs. Will Arnett all of Lubbock and Mrs. Bob Welch, Meadow.

According to information released by Anna D. Linn, Registrar of Sul Ross State College, Sam Chisholm, student of Brownfield was on the honor roll for the fall semester of 1938-39.

## W. B. IRVIN ELECTED PRESIDENT OF W. T. T. A.

LUBBOCK, Texas, Mar. 13.—W. B. Irvin, Superintendent of Public Schools in Lubbock, was elected President of the West Texas Teachers Association at the annual convention held in Lubbock Mar. 10 and 11. B. F. Minor of Levelland was elected vice president. These men succeeded Hayes Holman of Post and Dr. Albert Barnett of Texas Technological College.

George Gentry, Assistant Superintendent at Big Spring, and O. J. Laas, Superintendent of Plainview schools, retained their offices as secretary and treasurer respectively.

At least 2,000 attended the two day session with an actual registration of 1,432. "It's the largest convention we ever had," remarked this year's president, Hayes Holman.

Dr. E. C. Davis is in Dallas this week attending the Southern Clinical Conference. Texas, Oklahoma, Colorado, New Mexico, Arizona, Arkansas and Louisiana comprise the Conference. Some of the foremost doctors in the United States are scheduled to speak.

Dr. H. H. Hughes attended a lovely birthday dinner with his sister, Mrs. Josie Scott in Lubbock, Sunday. Mrs. A. N. Hughes, mother of Mrs. Scott and Mrs. R. C. Forrester, a sister, and Miss O'Bera Forester all of Tahoka were guests.

Miss Martha McClish was a Lubbock visitor last Friday. She was accompanied home by Misses Vineta and Ernestine Hudgens, who spent the week end with she and their brother, Glen Hudgens and family, who have charge of the bus from here to Roswell, New Mexico.

Shug Bennett of Needmore was in Monday.

Tom May made a business trip to Big Spring, Tuesday.

## TEETH FOR DRIVING LAWS

Drivers' license laws of Texas have proved highly effective, despite their weakness in many respects. Last year traffic deaths in this State dropped 22.5 per cent, largely because many incompetent reckless and physically-impaired drivers were kept off streets and highways by licensing restrictions.

Safety experts agree that supervision over the new drivers' license law was carefully and wisely handled by the department of public safety. That law paid valuable dividends in conservation of human life, reduction in suffering from injuries and sharply decreased property damage caused by motor accidents.

The effectiveness of licensing having been demonstrated conclusively, it is only common sense procedure to seek for Texas the maximum benefits which can be obtained.

That is the purpose of two bills now before the Legislature, Senate Bill No. 3 and House Bill No. 50. The authors, Senator Rogers Kelley and Representative Homer Thornberry, are attempting to eliminate loopholes in present licensing laws, and to provide them with enforcement teeth. Thirty-eight States have adopted and are using successfully similar laws. If the Kelley and Thornberry measures are adopted by the Legislature and signed by the governor, this State will have provided for its motorists the utmost legislative protection against the dangerous or incompetent driver.

The licensing bills have the approval of the Texas Safety association, numerous other influential safety organizations and of thousands of citizens interested in reducing the appalling slaughter of human beings on the highways and streets of Texas.

The Legislature can perform a real service by passing these bills thereby providing for law enforcement officers a potent weapon in their campaign to protect the lives of those millions of Texans who use the streets and highways daily.—Houston Post.

## I Give You Texas

By Boyce House

Representative Gene Worley of Shamrock tells about the cowboy who registered at a big city hotel one night. "Do you want to leave a call?" the clerk asked. "No, I want to sleep straight on through till daylight," the cowboy replied. Austin is filled with people whose ways of making a living are a mystery. They are almost always to be seen in the hotel lobbies and apparently they never work yet they are well-dressed and well-fed. Two men were talking about a mutual acquaintance recently and one of the said:

"I wonder how he makes a living?"

"Funny thing, he was asking the same thing about you yesterday," the other replied.

Folks who have chuckled about Jerry Sadler's requests for permission to have a coal oil lamp or lantern in his office because Capitol lights don't come on till 6 a. m. will be interested to learn that the Railroad Commissioner really is an early riser. He has long been in the habit of getting half a day's work done by the time lots of people are rolling out of bed. The habit goes back to his day on the farm at Hickory Grove. Already he knows a

she just looks in the little black book. Opponents contend that such laws reduce advertising and raise prices to the consumer, not only in the cities but in the small towns. The National Grange, with 800,000 farmers as members, passed a resolution branding such laws as unfair to the buying public and also as being opposed by President Roosevelt and the Federal Trade Commission.

In the words of the poet: "Laugh, and the world laughs with you; Snore, and you sleep alone."

A friend who served in Russia during the World War said the names of the soldiers were so unpronounceable that, one day, he sneezed during roll call and nine men answered, "Present."

## THE HEART

Austin, Texas, — "The fact that the human heart contracts more than 30,000,000 times a year, 86,000 times every twenty-four hours discounting the additional beats caused by violent physical and emotional efforts, is little known to the average person," states Dr. Geo. W. Cox, State Health Officer.

"The heart expels from its left side approximately 2,000 gallons of life-sustaining blood every day, or 730,000 gallons annually. Thus it takes little imagination to realize the astounding amount of work that a fifty-year-old heart has behind it, though the source of this remarkable energy is unnoted to man.

"Assuming that the heart is sound at middle-age, it should continue to perform satisfactorily for many years, barring serious illness or accident. But this is no

excuse for failing to realize that one who has lived fifty or more years has a heart, however unconscious of the heart's effort one may be.

"The heart's ceaseless activity, except for the pause between beats, is bound to result in some wear and tear. Obviously, no heart can possess, after fifty years of untiring work, the resiliency of former years. A proper appreciation of the excellent past performance of this vital organ, therefore, involves a rational attitude toward its continued satisfactory action. While in this connection there is definitely no place for a heart-complex or heart-worry, positive cooperation is indicated. Such an attitude will be reflected by adhering to certain basic living principles including the moderate use of tea, coffee, tobacco, and other stimulants; eight hours' sleep daily; refraining from sudden or prolonged exertion; reduction of emotional stress and worry to an absolute minimum; and avoidance of overweight through temperate eating, or, if one's poundage already is excessive, then the seeking of medical advice so that this embarrassment to the heart's best performance safely may be removed.

"If to a non-fantical application of hygienic living be added the annual physical check-up by the family physician, a continuing satisfactory performance of the middle-aged heart logically can be expected for many years to come."

Coasting in neutral is not allowed by the Police Department, and it is also disregarding your safety rule.

## HEALTH OF THE UNBORN

AUSTIN, Texas, Mar. 7. — "Never in history have there been safeguards available to protect the health of the unborn child as there are today. With the family physician supervising the mother through the expectant period, essential advice influencing a favorable outcome for both mother and offspring is available to all those who will take advantage of this protection," states Dr. Geo. W. Cox, State Health Officer.

"Unfortunately, the value of this service is overlooked by many expectant mothers. Indeed negligence in this regard annually is responsible not only for thousands of avoidable maternal deaths but for the birth of physically and mentally handicapped children, for many miscarriages and for the majority of stillbirths. Syphilis plays a significant part in these casualties.

"It follows that every expectant mother should make sure that she is free of syphilis by requesting a blood test when she goes to her physician for a prenatal examination. The earlier the discovery is made the better. However, if the examination is conducted before the end of the fifth month of pregnancy, thanks to the defense mechanism of the body that resists the passage of the syphilis germ to the unborn child, proper treatment will insure the birth of a normal child.

"Were this policy generally adopted the tragedy of 60,000 syphilitic babies being born each year in the United States could be lessened, not to mention the miscarriages and stillbirths—calamities that occur to eighty-three

per cent of untreated syphilitic women at childbirth.

"It is, therefore, of paramount importance that women early in pregnancy should have a blood test, so that if infection is found, treatment may be promptly instituted."

## THE 'ISMS' PREACHERS

"There are persons who constantly clamor. They complain of oppression, speculation and pernicious influence of accumulated wealth. They cry out loudly against all banks and corporations and all means by which small capitalists become united in order to produce important and beneficial results. They carry on mad hostility against all established institutions. They would choke the fountain of industry and dry all streams. In a country where prop-

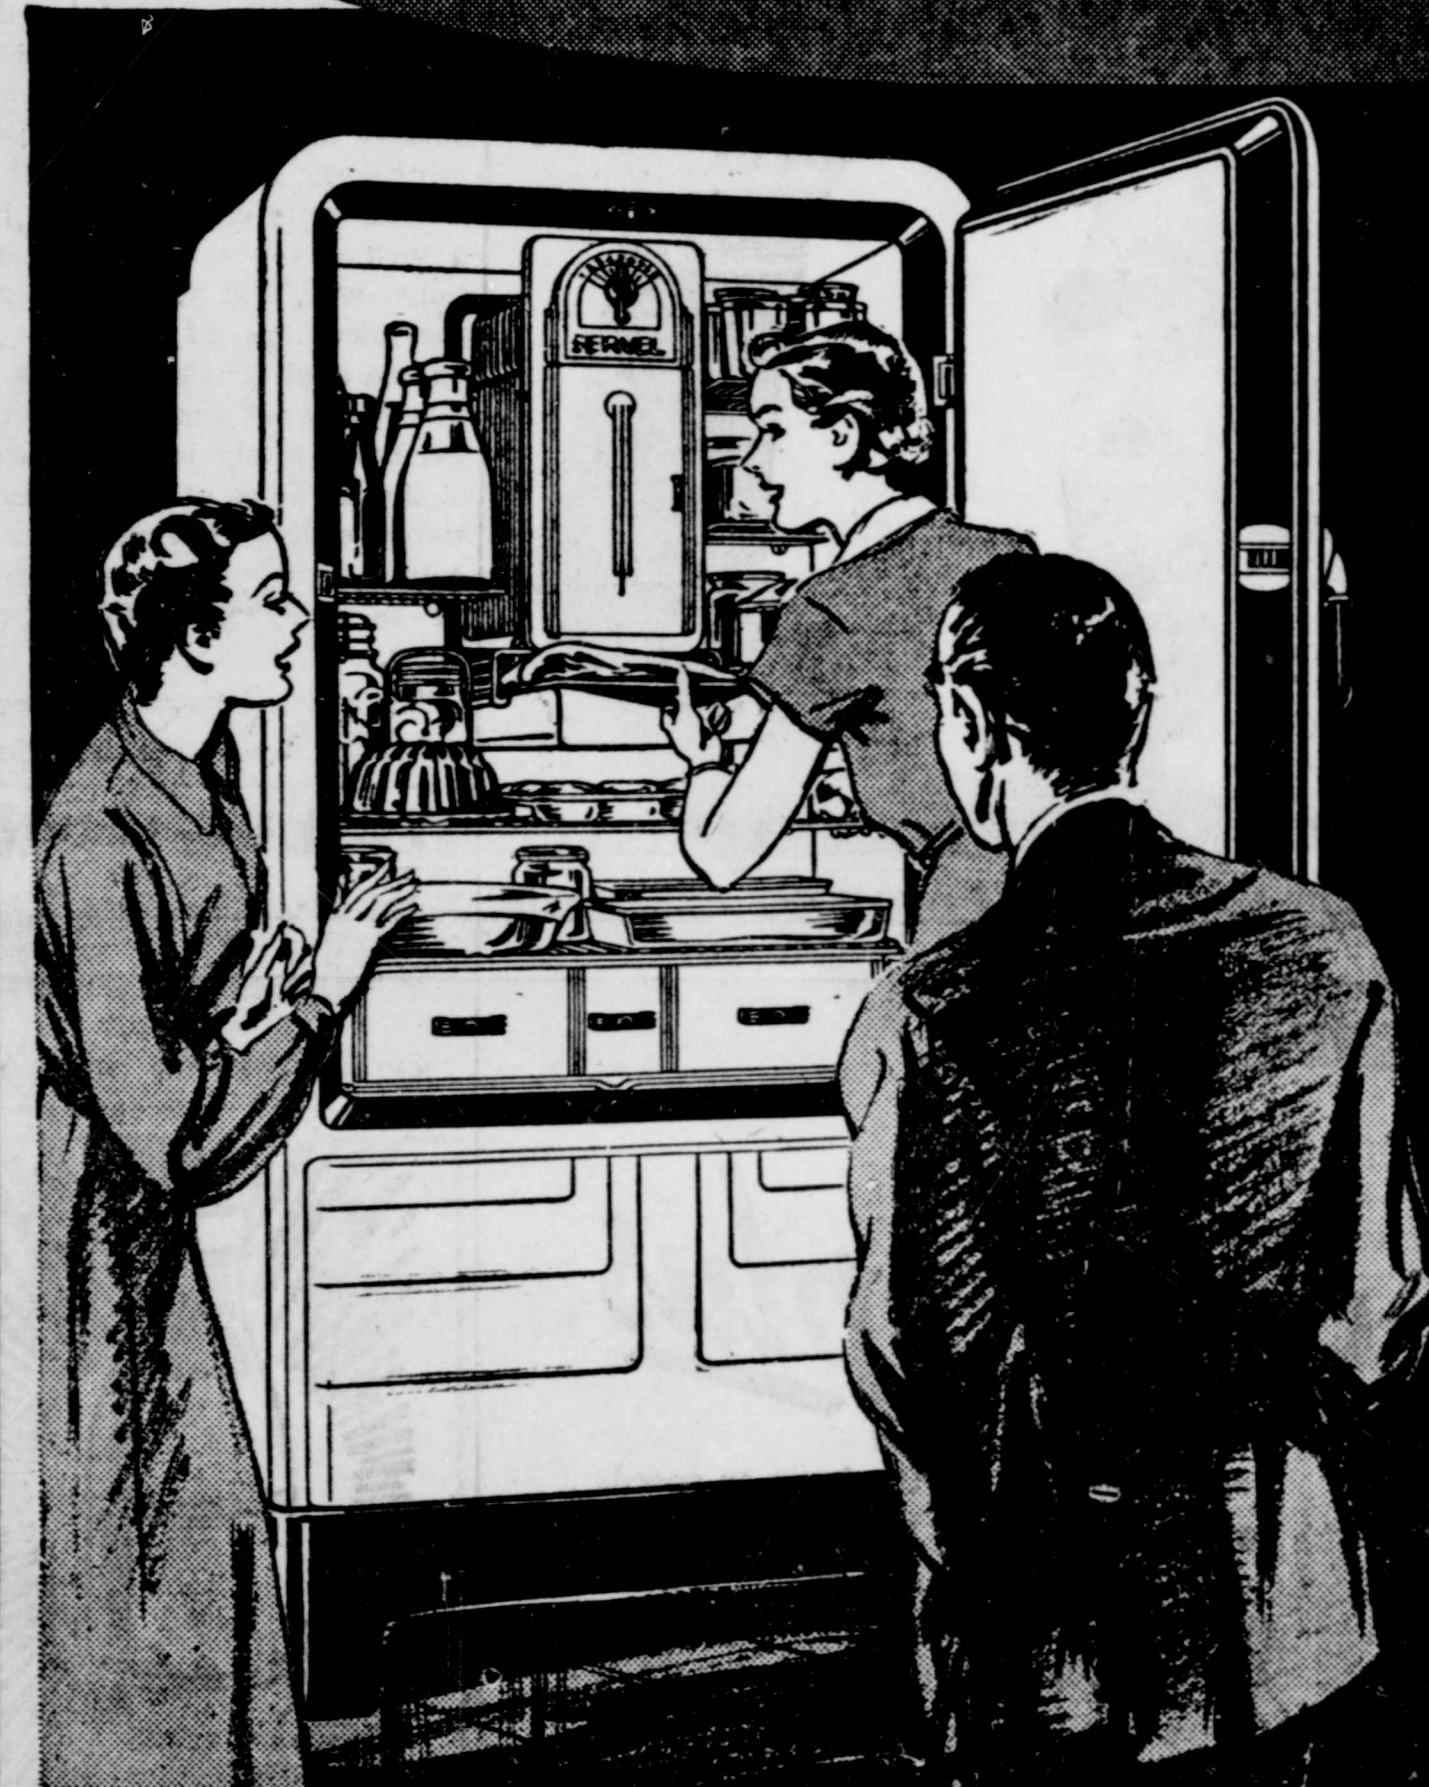

## THE ALTERNATIVE

Whipper: "My college son is poor at football and worse at track."  
Snapper: "He might as well go in for an education."

From start to finish of feeding give a calf that is being fattened for beef all the roughage he will eat, says Geo. W. Barnes, animal husbandman of the Texas A. and M. College Extension Service. This does not require any figuring, simply give him what he will eat.

and complete economic waste. It is a drain on the resources of the nation.

The direct loss by fire has been running in the neighborhood of \$300,000,000 a year. It is estimated that the indirect loss is several times as great; which would bring the total to a billion, at a low estimate.

That billion dollars would give employment to a million workmen at \$1,000 a year each. It would build more than 300,000 homes costing \$3,000 each. It would buy more than 1,200,000 automobiles at \$800. It would build 200,000 miles of splendid highway. It would give university educations to 250,000 young men and women. It would provide annual pensions of \$50 a month each to 2,000,000 old people.

This, then, is what fire destroys — wealth, opportunity, and ir-

Lubbock, Texas

replaceable resources. America's criminal carelessness with fire is one of the blackest spots on our national escutcheon. A fire you never heard of may have deprived you of a job, or an order for your factory. It may have raised your taxes. For fire hits everybody—and it's everybody's business to help prevent it.

SOME BABY

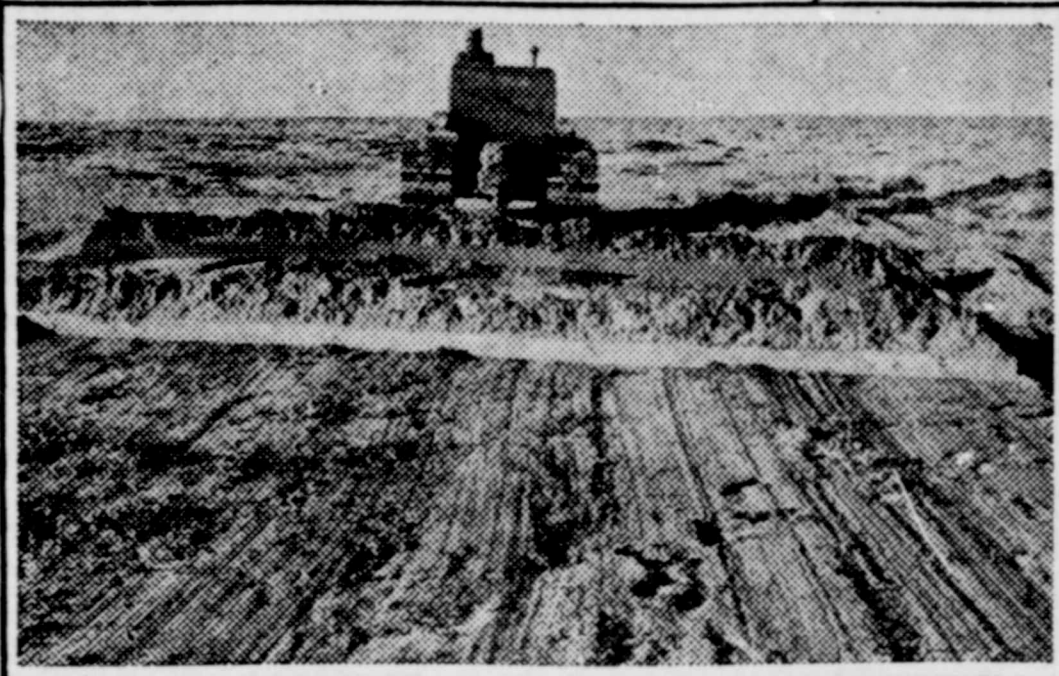

A jubilant oil well drilling contractor in Kansas telegraphed a friend after the well he had been drilling came in. The telegram read: "30-lb. baby born 8:45 tonight." The telegraph operator by mistake made it read: "30-lb. baby born 8:45 tonight."

PROMOTED

"How is your son getting along in the Ford factory, Joe?"  
"Fine, Ed—he's been promoted."  
"Promoted? You don't say!"  
"Yes! He used to put on chassis nut number 34, and they jumped him right up to chassis nut number 37."

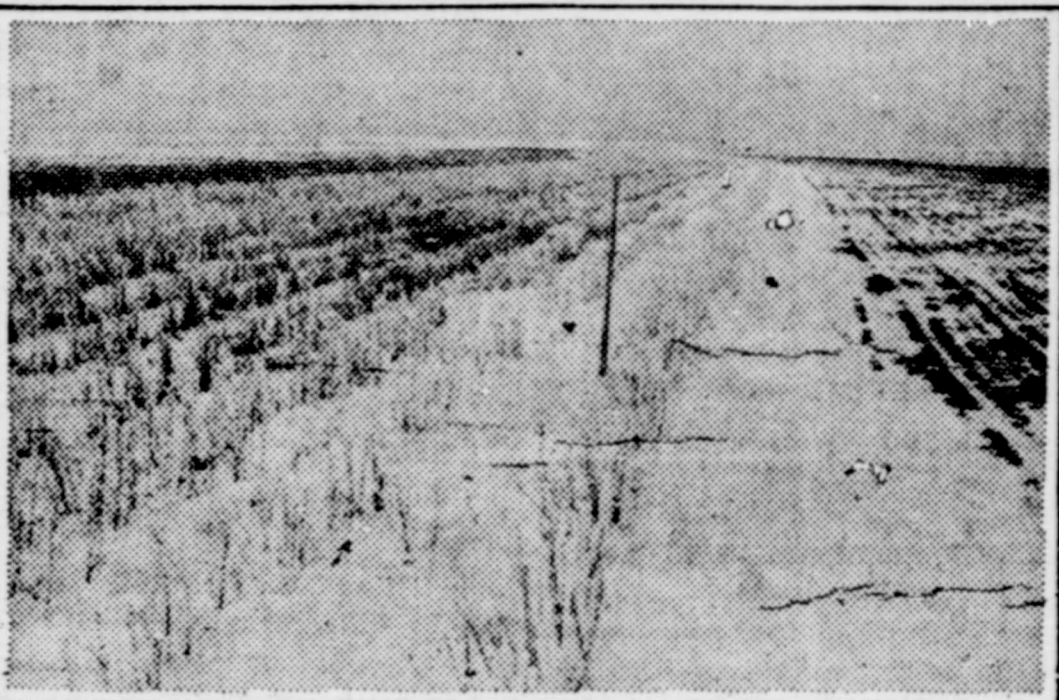

Herald want ads get results

Leveling Hummocked Field

The first step in restoring a vegetative covering to a field which has been damaged by blowing is the leveling of hummocks or soil drifts. Often during periods of high winds an unprotected field becomes so cluttered with drifts that tillage is impossible. After the field is leveled, it can be listed in preparation for planting a cover crop. This cooperor of the Soil Conservation Service is leveling his field by pulling heavy steel rails with a tractor.

Hold Snow Where It Falls

Snow held on the ground where it falls means more moisture for crop and grass growth in the Spring. Terraces, contour furrows, grain stubble and strips of vegetation all catch and hold the snow. If the ground is smooth and there is no obstruction to hold the snow, it is swept into gullies, ditches and drifts by the force of high winds. Stubble on this terraced field in a Soil Conservation Service demonstration area is holding the snow on the land.

WAR TOO GHASTLY FOR NATIONS TO RISK AVERS SHAW

There is not the least chance of a world war happening in the near future. That is the firm belief of George Bernard Shaw, distinguished dramatist and author, revealed in an interview with his friend W. R. Titterton for the current Rotarian Magazine. If there were, it would when there was more inflammatory talk and even feeling than there was from the Agadir incident to the bombardment of

Liege.

"What would happen first in a world war?" asks Shaw. "The airplanes of A, B, C. and D would bomb the cities of E, F, G., and H so effectively that the white flag would be hoisted at approximately the same time in the several capitals, and abject pleas for peace would cross each other in the air."

The tragic nastiness of this latest development of warfare is that the attack of the civilian population is absurdly easy, he points out. Because adequate defense is impossible, the danger to civilians

*More than "making the motions"*  
when you change to **OIL-PLATING**

**...the oil-change plus**

**D**ump Winter-fouled oil. Whatever you do, drain and refill now with something. But drain and refill with Conoco Germ Processed oil and then your engine's OIL-PLATED. Then it's got more than swell fresh oil down in the crankcase—it's got another big plus all the way up... It's got fresh surfacing... OIL-PLATING. That comes from the actual union of this patented oil direct with inner engine surfaces. Conoco Germ Processing gives this oil so much "power of attraction" that it cannot drain down and leave engine parts bare, though

your car stands by the hour or speeds by the hour.

Never all Spring and Summer, with Germ Processed oil, can your engine suffer rasping "dry starts"... not with every square inch always oiled in advance by drain-proof OIL-PLATING. Nor will four to five thousand revolutions per minute whirl away this implanted OIL-PLATING. It stays on. It helps the oil-level to stay up. Your OIL-PLATED engine and Germ Processed oil will both be giving you plus mileage. Change today to Your Mileage Merchant. Continental Oil Company

**CONOCO GERM PROCESSED OIL**  
*from Your Mileage Merchant*

of wholesale extinction is greater than ever before. Governments of the civilized countries—those well equipped with the latest means of destruction — are well aware of this fact.

"I think that man is on trial," declares Shaw. "If we are proved definitely to be a mistake, we shall be scrapped, and God will use some other creatures a trifle less stupid to carry on His purpose. Our opportunities have been great, our stupidities have been monstrous. And, no doubt, war is one of the greatest of these.

"But, don't delude yourself with the notion that when nations are at peace with each other, they are at peace with themselves, or that slums and unemployment and inhuman working conditions and sweating wages are far more admirable than the miserable squalor of war," he continues. "As long as pugnacity is considered to be a virtue, you will have international war, and you will have all the blessings of peace I have enumerated. I see no signs that, however great a mistake man may be, he is likely to be superseded in the lifetimes of our present national leaders. God works on a big canvas, and we are only an inch or so away from the Siege of Troy.

"In a war everybody loses, but formerly it was possible for one

Hudson Motor Car Company

**BIG TELESCOPE ARRIVES AT MOUNT LOCKE**

Alpine, Texas, Feb. 27. — Installation of the huge two and one-half ton, 82-inch lens for the University of Texas' McDonald Observatory will be completed this week and the second largest finished telescope in the world will be ready for use. The giant lens arrived here last Tuesday and was carefully transported by truck 32 miles to the top of Mount Locke, 6,791-foot high Observatory site.

The lens is one-foot thick and accurate to one millionth of an inch. Scientists predict it will place the University of Texas and University of Chicago astronomers in a position to probe the mysteries of outer space more accurately than any efforts heretofore.

Second in size only to the Mount Wilson Observatory lens, the McDonald Observatory glass has been in the progress of manufacture and polishing since December 31, 1933.

When the mirror rests securely in its steel cradle inside the dome, fulfilled will be the desire of the late W. J. McDonald, Paris, Texas banker and amateur scientist, who willed on his death, in 1926, a \$1,000,000 estate to the University of the University for the study of and equipping of an astronomical observatory to be kept and used in connection with and as a part of the University for the study and promotion of the study of astronomical science.

Turning on the gas is one way to commit suicide. Stepping on it is another.

# NOBODY'S BUSINESS

By Julian Capers, Jr.

AUSTIN — The prospect of a deadlock session of the 46th Legislature, which might end its 120-day regular sitting without passing any additional tax legislation, loomed large this week end, as the House of Representatives prepared to begin floor consideration of the omnibus constitutional amendment carrying a 2½ per cent sales tax plus a 25 per cent hike on natural resource taxes, which its committees drafted and reported out last week. The split among house members over the sales tax feature was graphically shown, when it voted down efforts to set the amendment for special order, with 51 votes registered against it. The anti-sales tax group, which proposes to offer various substitutes for the sales tax feature, including stiffer rates on natural resources, a state income levy, and a gross receipts tax, caucused, and reported 56 votes pledged against the sales tax. Labor officially entered a vigorous protest against the sales tax. Various other groups, including retail merchants, are prepared to fight

to the last ditch against the sales levy. But debate on the House floor, and the test votes which will follow shortly, will be the only true indication of whether sufficient House votes can be held in line to beat the sales tax.

**Won't Pay the Bill**  
On the other hand, the very interests which have fostered the committee amendment built around the sales tax, will fight to the last ditch against a state income levy, which they cannot pass on to somebody else, or against higher natural resource taxes than the 25 per cent which they seem willing to take, if it is coupled with a sales tax that will put most of the pension burden upon the poor, and "freeze" the rates into the Constitution.

Indicative of carelessness in preparation of the amendment is the revelation that the sales tax amendment, if it yields the revenue estimated by the committee, it will still fall about \$9,000,000 short of the sum necessary to finance the social security program, including the \$35,000,000 needed to guarantee an income of \$30 monthly to all over 65—the plan urged by the governor after he had won the election, as a substitute for his earlier flat promise of \$30 cash for everybody, which he made during the campaign. The committee estimated its amendment would raise \$33,000,000 a year. It is proposed to devote \$4,000,000 to teachers pensions and aid for destitute children. The committee estimated it would cost \$26,000,000 to guarantee an income of \$30 a month to all over 65, but later estimates place this requirement at \$35,000,000. Thus, the committee appears to have made a little \$9,000,000 error, which has added nothing to the popularity of its proposal.

yer and lobbyist who enjoys the friendship of most legislators, as Chairman of the Board of Insurance Commissioners and Life Commissioner, went far toward healing the breach over appointment between the Senate and the Governor. His confirmation followed withdrawal by O'Daniel of the name of J. C. Hunter of Abilene to be Highway Commissioner. If the Governor names some reputable East Texan now to be Highway Commission chairman, it is likely he will be quickly confirmed, and the battle over nominations will be over. The governor no longer sees the reporters, so hotel lobbies are full of rumors concerning a dozen prospective nominees for the highway post, without anyone having definite information.

**Politics Is Evident**  
Proponents of legislation to effect budgetary and auditing reforms ran into a snag this week, when action on Sen. George Moffett's bill to create a State Budget director, named by the governor, ran into strong opposition and adjournment was necessary to save it from defeat. Some senators do not want to pass the bill until the House and the governor have acted upon the bill already passed by the Senate, to permit the Legislature to name the State Auditor. Declaration was made on the floor that the Governor is trying to "horse trade" on the bill, and Moffett, while denying any such deal, declared if he were governor, he would never sign the auditor bill until the legislature had passed his measure permitting the Governor to name the budget director. Both measures are badly needed as a first step toward modernizing the fiscal setup of the State, but political manipulation prevent passage of either.

**Test On Road Bill Up**  
This week probably will see a test of strength in the fight between certain County Judges who are sponsoring the bill seeking to have the State Board of County Bond Indebtedness assume \$180,000,000 worth of "dead horse" county lateral road bonds. So far, no indication has come from Washington that the Department of Agriculture will reverse its previous opinion that passage of the County Judges' bill would constitute diversion of gasoline tax money, and would result in Texas being penalized \$4,000,000 of its Federal road aid allocation, under the Federal Hayden-Cartwright law. Sen. Clint Small plans to call up his bill renewing the present agreement to pay off bonds on county roads which have been taken into the state highway system, and will seek to amend it to incorporate the compromise plan of the Texas Good Roads Association. The latter plan proposes to refund to the counties payments made during past years on the bonds used for State roads by the counties, when the income from the 1 cent of the gasoline tax was insufficient to meet the payments in full, as it now does. Sen. Will Pace of Tyler, will seek then to substitute the County Judges bill, with but faint prospect of success, unless the Washington ruling should be reversed.

**CARLOADINGS INCREASE OVER LAST YEAR**  
The Santa Fe System carloadings for the week ending March 11, 1939 were 18,063 as compared with 17,470 for the same week in 1938. Received from connections were 5,157 as compared with 4,440 for the same week in 1938. Total cars moved were 23,220 as compared with 21,910 for the same week in 1938. The Santa Fe handled a total of 23,644 cars during the preceding week this year.

## Meadow

Our school had a holiday last Friday for the teachers to attend a meeting in Lubbock.

Mr. C. T. Pendergrass who has been ill and in the sanitarium was able to be brought home Sunday.

Mr. and Mrs. S. W. White visited their sons in Hobbs, N. M., Sunday.

Mr. and Mrs. Ben Finley and family were in Levelland, Sunday afternoon.

Mr. P. E. Chesshire returned last week from a visit with his mother in Arkansas. He left his mother much better than she was when he arrived.

Miss Wanda Anderson of Brownfield visited her sister Mrs. Jim Finley and family over the week end.

Mr. Wade Turbough had an attack of appendicitis last week but is improving from it.

Mr. and Mrs. J. A. Wheeler attended church in Brownfield Saturday and Sunday.

Miss Hammock was shopping in Lubbock, Saturday.

The Primitive Pre-destinaire Baptist had preaching Sunday and dinner at the hotel afterward.

Mrs. Earl Norman was in Brownfield, Monday shopping.

Mr. and Mrs. G. T. Mitchell returned from an extended visit to California. No place like home, I guess, even if the sand storms do continue here.

Mrs. Justiss, was able to be brought home from the sanitarium, Sunday.

Mrs. Tony Balch is visiting her husband at Sweetwater this week.

Mr. Alton Webb, employed at Cave's Variety Store in Brownfield visited home folks at Meadow, Sunday.

The Meadow W. M. U. met Monday with ten ladies present. Mrs. Leverett read 2nd Corinthians, 5th chapter, 14th verse for the devotional and then taught the book "Go Forward," which was very interesting. We are to meet Friday and quit.

We urge all our ladies to come out to W. M. U. You are needed. Reporter.

## POOL

The sand still blows over here. The Harben family visited friends in Ropesville Sunday.

Mr. and Mrs. Redding and family and Maurine Ticer spent Sunday in the home of Mr. and Mrs. Otis Aldridge.

Those visiting in Lubbock County over the week end were: Mr. and Mrs. G. B. Sterling and Thelma, Mr. and Mrs. Jack Brown and children, Mrs. J. M. Trussell, Leola and Victor Trussell.

Vernon Aldridge, Mr. Trussell and Curtis, spent Sunday with Mr. Zornes.

Eugene Ticer spent the week end with home folk.

Mr. and Mrs. J. J. Gunter and family visited Mrs. Gunter's brother Sunday, Mr. and Robert Chambliss and family of Plains.

Mr. and Mrs. B. W. Young and little son spent the week end with home folk here.

Mrs. W. C. Aldridge and daughter, visited Mr. and Mrs. S. V. Newsome Sunday.

Miss Mildred Jones spent the week end with her parents in Lubbock.

## Wellman

Superintendent J. B. Bell, of the Wellman schools, presented his resignation to the board of trustees, last Tuesday, March 7,

having been appointed distributing supervisor of the Continental Oil Company. Immediately after this appointment, Mr. Bell was also appointed by the United States Government to take over supervision of Indian Field Service in Arizona. He plans to accept the position with the oil company immediately and schedule supervision of Indian Field Service next September.

We regret very much that Mr. Bell is leaving. We realize what he has done for Wellman School, and he certainly will be missed as we feel that no one can take his place and carry on the work he has done, although we are wishing him great success in his new undertaking.

Mr. M. C. McWhirter, Principal of the grammar school, was elected by the board of trustees to take Mr. Bell's place as Superintendent of the High School.

Mr. A. L. Baker came home from Mineral Wells last Wednesday, where he was visiting his daughter. He reported that her health was much improved.

Mrs. W. B. Bennett left Thursday to visit her daughter near Mineral Wells.

Mrs. B. S. Little, Sr., is seriously ill in the Hospital at Brownfield.

The Senior and Junior classes of Wellman are planning highly on a different type of entertainment, a "kid party." Members of the classes will invite one friend and the faculty. Everyone will wear children's costumes: girls, short dresses; and boys are compelled to wear short pants. The classes are inviting Mr. and Mrs. Dalton Caffey as special guests.

## PLAINS

Mr. and Mrs. Marion McGinty have been visiting relatives at Austin the past week.

Imogene Forrest and Wanda Bartlett have been sick with the flu.

Miss Chanut of Sligo visited her sister, Mrs. Arthur Cotten last Sunday.

Mrs. T. C. Coke and daughters, Sidney, Christine and Jimmie, Mrs. L. McLaren, Mrs. Sallie Forrest and Mrs. J. H. Morris attended the show in Brownfield, Mon-

day night.

Mr. and Mrs. L. D. Camp are having a new residence built on the southwest part of town.

Mr. and Mrs. Sanderson visited their home town in Dickens last week end.

Mrs. Arthur Cotten, James and Bennie and Mr. and Mrs. Jesse Criswell were in Brownfield Monday night attending the show.

## LAMESA TO HOLD FIRST AUCTION SALE

LAMESA, March 14 — Announcement was made here today that the recently organized Dawson County Auction and Commission Company of Lamesa will hold its first sale on Monday, March 27th. The sale is being started in Lamesa because of the need for better and quicker market for livestock in this territory. The plant is now under construction, and when finished will be one of the best in this section. Sales are to be held each Monday, and all farmers and stockmen who have livestock for sale are invited to come and try the Lamesa market.

## S. K. GRIMES PASSED AWAY

Mr. S. K. Grimes who had resided here for many years, better known to our people as the man who rode the horse, passed away at his residence in east Brownfield last Thursday night, March 9th, and was buried Friday.

Mr. Grimes left surviving him four sons, Jim, Frank and Joe all of Hobbs, N. M., who attended the funeral, and a son, Bud Grimes, who lives in the State of Washington, and a granddaughter, Miss Weather, living in California.

Mr. Grimes was predeceased by his wife and a daughter several years ago. He was a very friendly and kind old gentleman and many neighbors will miss him from the community.

Funeral services were held at the Methodist church, with the Brownfield Funeral Home in charge.

## Head Cold

Sufferers get complete relief within 20 minutes, by using BROWN'S NOS-O-PEN. It cools, soothes and heals! Opens the nostrils instantly! Guaranteed. \$1.00 at Nelson-Primm Drug

Those from here and Gomez attending the funeral of Rojene Porter, daughter of Mr. and Mrs. Champ Porter in Clovis, N. M., last Thursday were Messrs. and Mesdames Wes Key, Hosey Key, Dock Key, Beryl Black, Charlie Moore, and Mrs. Will Moore, Mr. A. P. Moore and Miss Marie Moore. Rojene was the granddaughter of E. A. Key, who used to reside here and at Gomez, and a great granddaughter of Mr. A. P. Moore.

J. D. McCullough received word Saturday evening of the serious illness of his sister who lives in Corsicana, Texas. His son, Jack Benton, carried him to Slaton, Saturday night where he caught the train to go to her bedside.

## Amon G. Carters Invited To Texas Tech

LUBBOCK, Texas, March 13 — President Clifford B. Jones of Texas Technological College has invited Mr. and Mrs. Amon G. Carter of Fort Worth to come to Lubbock at their earliest convenience for a formal presentation of the bronze bust of Vice-President John N. Garner which Mr. and Mrs. Carter presented to the college.

Plans for the presentation ceremony will be completed when Mr. Carter sets the date for his trip to Lubbock.

Having served as the first chairman on the board of directors of Texas Technological College, Mr. Carter presented the bronze bust of Vice-President Garner to the college as a token of his friendship for the college and as a tribute to the vice-president of the United States.

## Parent-Teacher Council To Meet

The County Council of Parents and Teachers will hold a special meeting in the District Court room in Brownfield on Saturday, March 18, at 3 o'clock. All the different local units in the county are urged to be present, as this is the annual meeting to elect council officers for the next year.

Mrs. M. L. H. Baze, Publicity Chairman.

We were informed by Judge Simms, this week, that the right-of-way for the new cut-off road to Levelland was just about fully acquired. Only a few tracts to be finished with, and that road construction would begin possibly by May 1st. Press reports have it that paving work has already started from Littlefield south toward Levelland, on the same highway connecting at Levelland. Also that initial work preparatory to paving is in progress from Tokio to Plains on our Roswell road.

Mrs. Perryman, of Mertens, Texas, who has for several weeks been here visiting her sister, Mrs. Treadaway Senior, returned home Sunday.

Miss Evelyn Smith, formerly with Knight Hardware Store here, and with our Chamber of Commerce, has accepted a position as assistant manager of the Butane Gas Co., at Artesia, New Mexico.

Jake Warnecke, formerly employed at the Corner Drug store, now traveling for Parke-Davis Co., was in town Wednesday.

## 4-H FFA BOYS TO MEET IN LUBBOCK, APRIL 5

LUBBOCK, Texas, March 13. — Two thousand 4-H Club and FFA boys and more than 20 bands are expected to take part in the second annual 4-H-FFA Boys Parade to be held in Lubbock, Wednesday, April 5, according to an announcement made by Ray Farmer, Chairman of the Parade and Entertainment Committee for the South Plains Junior Fat Stock Show.

The parade will begin promptly at 11 a. m. in front of the City Hall at Lubbock and march over the downtown streets. Parade Marshal Chas. A. Still will give final instructions to all unit leaders at assembly thirty minutes before the parade.

Units composed of members of 4-H Clubs and FFA Chapters from 36 West Texas counties and 3 Eastern New Mexico counties will vie for awards. To the winning 4-H Club unit and the winning FFA Chapter unit a large banner will be presented. Some of the clubs and chapters are already making preparations for entering floats in the parade.

Invitations have been extended all the school bands throughout the area to participate in the parade. Cash awards will be presented the four winning bands. First prize will be \$20.00; second prize \$15.00; third prize \$10.00, and fourth prize \$5.00. Judging will be based on playing, marching and uniforms.

Thousands of visitors will line the streets of Lubbock to witness the general mobilization of young manhood.

Mr. and Mrs. M. R. Hemphill accompanied by Mesdames Ray Brownfield, Charles Stahler and Bertha Stahler were Lubbock visitors Monday. They remained over Monday evening for the style revue.

### BLIGHT RESISTANT MILO SEED NOW SAID TO BE AVAILABLE

An estimated 2,000,000 pounds of blight resistant milo seed is available from seed developed at the Lubbock state experiment station, Don L. Jones, superintendent, believes.

"We should have enough seed to plant about a million acres," Mr. Jones said. "That is, unless there is considerable difficulty with replanting, and there frequently is."

Last year approximately 20,000 pounds was distributed through the Lubbock station, with the Chillicothe station supplying a comparable amount and some from Spur station. Yields as reported to Mr. Jones, were exceptionally good. R. E. Dickson at the Spur station reported yields of 3,000 pounds of seed per acre, and better.

Distribution was made to a select group of farmers through county agents and vocational teachers in more than 30 counties. Farmers were asked to make the crop harvested last fall available to their neighbors as foundation seed.

Experiment station agronomists worked for years on developing a milo that would resist blight that was destroying the sorghums in West Texas. Through breeding and selection the new type was developed.

original number, the individual should apply at once for a duplicate for which there is no charge. Prompt action is always advisable, since a duplicate cannot be secured as readily as the original.

To obtain a duplicate, Reed said, the worker makes application on Form SS-5, filling it out exactly as he did in applying for his original number, making sure that the data are the same as before, and adding a statement that a duplicate is requested. That is all that is necessary. In some instances, it has been reported that some individuals have been charging a fee for aiding workers to secure duplicate numbers. It is not necessary for an applicant to buy such services, Reed stated, since the procedure for obtaining a duplicate is quite simple. After forms have been completed for this purpose, they should be mailed to the Social Security Board at 324 New Postoffice Building, and a duplicate account number card will be prepared and mailed to the individual.
