Please read your schedule carefully, also familiarize yourself with the rules governing the contests. This will prevent misunderstandings.

Miss Ola Belle Brown Getting Ready to Open Stand in P. O.

Miss Ola Belle Brown will go to Lubbock this week or next, to buy supplies for her stand in the new postoffice building.

Her father has already made the cabinet for her magazines, which has the capacity for several hundred. This rack is made with portable doors so that she can lock them up without having to remove the magazines and paper.

Her cases for candies, cigars and other things she will sell also is fixed with locks. Miss Ola Belle hopes to add to her stock a line of other things that the government will allow her to sell in a stand of this kind.

Her business is sponsored by the local Lions Club. They were also instrumental in getting the stand for Mrs. Chambliss in the court house.

Panhandle-Plains Dairy Show Apr. 18-22

PLAINVIEW, March 21

When visitors arrive for the twelfth annual Panhandle-Plains Dairy Show, to be held in Plainview April 18-22, they will find that this year as never before the entertainment features of the Show will be stressed. This is especially true for the night program, each of the five nights of the Show. On Tuesday, April 18, opening night of the Show, the annual Pageant and Queen's Ball will be given when princesses from neighboring towns will be presented, and the queen of 1939 Show crowned.

On Wednesday, Thursday and Friday evenings, one-act plays, two each evening, will be given by home demonstration club groups, with E. B. Miller, Plainview, serving as local director. Time for these plays has already been asked for by Floyd, Parmer, Lamb, Cochran, Kent and Lubbock counties.

As an added attraction for this year, there will be a fireworks display one night of the Show; a square dance calling contest is tentatively planned for another evening; and contact has already been signed with one of the best carnivals in the show business, and a number of new features in connection with this carnival are expected to add to the entertainment of visitors, say show officials.

Educational features of the Show are expected to be of unusual interest this year, according to Miss Lucille Shultz, Hale county home demonstration agent, who is a member of the educational division. Exhibits, educational displays, lectures, team demonstrations and judging demonstrations are all to be used to bring the work of this division before Dairy Show visitors. Members of the educational committee are K. M. Renner and Ray Mowery, Texas Technological College, Lubbock; Miss Lida Cooper, E. R. Eudaly, and G. G. Gibson, all of Texas Extension Service, A & M College, and Miss Lucille Shultz, Plainview.

Revival

The revival effort is a most important affair in any business. I see merchants have some one come, who is an expert in reviving business; that is what they follow; they are specialists in that line. I see machinery men having expert men sent out by the factory to explain and interest the trade, to show wherein their products are of special value. This sort of thing is generally practiced in the business world.

However, some to fail to understand why such should be practiced in the church. But why not? In answer to this need the Methodist church is exceedingly fortunate in their selection of a minister who is scheduled to come June 4 to 18th. He used to be a member of this conference, now of West Texas. He was for a summer pastor, student pastor at Pampa. He has made a great reputation as a revivalist. He has sense, experience as pastor, has unusual ability, and has religion with it.

Put this date down on your Day Book — June 4th — 18th. He has with him an expert song leader.

Moved To New Location

Butler's Fine Food Store No. 2, formerly Brownfield Cash grocery moved to the building formerly occupied by the Helpy-Selfy grocery on the east side of the square this week.

We didn't learn what Mr. Bill Edwards plans were, but his brother, Wayland, the former manager, will have charge of the market and be manager.

Clyde Perry, an old employee of the firm is still with them and also S. A. (Bus) Holder, he and Clyde will take care of the front.

John Wall, who has been confined to his bed with a badly infected foot the past two weeks, is able to be about on crutches.

Tech President Having Trouble

Clifford B. Jones, newly elected President of the Tech College at Lubbock is having quite an ordeal over same. Mr. Jones had been a member and chairman of the Board of Regents of the college for several years, when a majority of the board elected him President last November, and it seems

CLIFFORD B. JONES

three members of the board protested the election, not because of any personal dislike to Mr. Jones, or his ability, but through a technical idea, the board could not legally elect a member of its board and our new Attorney General, Gerald Mann ruled, that because of his membership on the board he would be ineligible, and his election was void. He had resigned from the board before his election and his successor has long since been appointed and serving.

Then last week one of those 'injunctive' judges down in East Texas enjoined the board from, now, electing him. But the Board met later in Houston, early this week, and elected him anyway, disregarding the injunction, so the legal phase is up to the Court of Appeals.

No attack has been made on his ability or integrity, nor could such be urged successfully, but rests solely on legal grounds and those very technical, and seems to us, too little for big men to quibble over. It is now belatedly suggested by one of the objective members that he had hoped to get a man with a "doctor" degree, or some Educator of National repute. One of our reasons for rejoicing at Mr. Jones' election was that he was not a "doctor," but an all round, sensible, successful man, a business man, and as the Tech is a million dollar institution with millions of dollars going through its activities, what could be more sane than to put a man like Clifford B. Jones at its head. Surely a business man can come as near running a college as some of these "professors" or "Doctors" can running several departments of our government.

New Low Water Rates In Effect April First

We are authorized to announce by Mayor Clyde C. Coleman, that the new low water rates will go in effect the First day of April.

Minimum charge for 5000 gallons is \$1.50; next 10,000 gallons 15 cents per thousand; all over 10,000 at 10 cents per thousand.

These rates are as cheap as will be found anywhere and should be an incentive for more pretty yards.

Mayor Coleman also stated that plans were under way for a real city-wide clean-up and that each civic organization of the town would be asked to take part. He has had the promise of the services of a man from the state health department at Austin. The clean-up will be staged the later part of April or first of May. Watch the paper for further particulars.

Mrs. D. D. Smith of Tokio was operated on at the local hospital Sunday afternoon for appendicitis. She is the daughter of C. B. Worsham and sister of J. B. Worsham.

John McLeod of Lubbock was here Thursday, the guest of his sister, Mrs. Jim Jones.

Parents and Teachers To Meet in Crosbyton

CROSBYTON, March 22. — Approximately 500 delegates and visitors are expected here for the Eleventh Conference of Texas Congress of Parents and Teachers, Fourteenth District, which will be held on Friday and Saturday, March 31-April 1. The district is comprised of 24 West Texas counties.

Program for the Conference has been arranged so as to be of interest to both teachers and parents, and will contain many entertainment features as well as educational talks and group discussions. Many leading professional men and women from over the state and district are scheduled to appear on the two-day program.

Many Entertainment Features

A dinner honoring the Board of Managers of the Conference will be given Thursday evening, preceding the official opening. At 12 o'clock Friday a new flag pole, which has been erected on the Crosbyton school campus, will be dedicated with an appropriate ceremony; and at 5:30 p. m. Friday delegates will be guests at a "Meal of Nations," a courtesy of the Crosbyton Parent-Teacher Association. The program will end Saturday with a massed chorus of Mother Singers from all over the district. Several local units will present musical programs during the two days.

Of special interest will be a large exhibit prepared by the Crosbyton grade school, showing a cross section of the work done in the local school the past year. Year books and other records of local units will be judged and placed on exhibit.

Mrs. M. L. H. Baze, Brownfield is chairman of the permanent publicity committee, and is expected to be present for the conference, along with other Brownfield leaders.

Farmers Agree On Uniform Cottonseed

In response to joint efforts of our Chamber of Commerce and the U. S. Agricultural Department, through the County Agent, Mr. McClain, some 200 farmers met in the District Court room to hear the much discussed question of one variety of cotton to be raised in the county. Wood E. Johnson was elected chairman and Mr. McClain acted as secretary. It is pointed out and believed that a uniform seed, one variety of cotton to be raised by all the farmers of the county, by bringing a more even staple and a sameness brings a better price, as shown by some from \$4.00 to \$10.00 per bale over normal prices. We understand the gins have agreed to co-operate by taking day about to gin and protect the lint and seed of the variety agreed upon. By a majority vote of the assemblage it was decided to use Rogers Acala seed, and some 1200 bushels were promptly subscribed, and that Mr. McClain will attend to further orders for same, which costs about \$1.00 per bushel.

Schools Receive Half Show Ticket Sales

As has been his custom several years, Earl Jones owner of the Rialto, Ritz and Rio Theatres, gave the schools of Terry county half of the sales of tickets, exclusive of the box office sales, on last Friday for them to apply on trophies for the interscholastic meet, which meets here beginning on the night of March 30th.

Through Mr. Jones' generosity many under privileged child sees the show for the first time. It's nothing unusual for some poor little ragged child to step up to the box office and say: "Mr. Jones I didn't have to pay." It's people like Mr. and Mrs. Earl Jones that make life worth living. May they live long, and prosper.

Mrs. Will Winn was over from Gomez Tuesday.

Cemetery Meting Accomplishes Results

As per schedule, the cemetery meeting at the court house last Tuesday was attended by a large crowd of interested people of this vicinity. Burton G. Hackney acted as Chairman, and a permanent organization was effected, with R. A. Simms as President and L. E. McClish, Secretary, H. R. Winston and B. G. Hackney, Vice Presidents.

The following were elected as a Board of Directors: Fred Smith, M. B. Sawyer, Ame Flache, Mrs. W. M. Copeland, W. W. Price, W. E. Winn, E. L. Redford, J. O. Gillham, W. M. Adams, E. D. Ballard, F. M. Burnett, Geo. W. Neill, with authority to purchase a site, and further organize the details of the association. A Finance Committee was then appointed to raise necessary funds, composed of J. O. Gillham, B. G. Hackney and Fred Smith, another Committee to select proper name for the cemetery, composed of Mrs. W. M. Copeland, W. W. Price, and H. R. Winston.

It was the consensus of opinion of the meeting that no purpose or effort be made to abandon the present cemetery, but that same ought to be beautified and means effected to maintain it in better condition, but that the continual growth of the town and vicinity, required additional grounds. A proposition is pending to procure 40 acres about one mile northwest from the present site heretofore inspected by several interested parties. Quite a few voice the sentiment, that it is desirable to create and maintain what is known as a "perpetual care" for one, that is, the party pay enough for a lot or block, to lay up a reserve fund to keep and maintain the cemetery in good condition perpetually, pointing out an opportunity for anyone to buy and pay for a lot, while living, to care for them when dead, and not wait until that unheeded, but inevitable time comes to all.

The Board of Directors will meet again next Tuesday at 2 o'clock in the County Judges office, to try to work out plans and to put in effect these purposes. The matter is not at all a closed one, and they need further help and suggestions and cooperation of the people of this county. The bad condition of our present cemetery was stressed by most of those in attendance, and all hoped that others interested would come in and help to beautify it. It was suggested that the community should have more civic pride in maintaining general appearance of our little city of the dead, than has heretofore been shown.

April First Dead Line For Car License

Regardless of the notorious name and fame, by which April 1st is generally known, it is the last day in which to pay your annual car license and registration, without a penalty and extra cost being added. This means Saturday week. The Collector urges all parties to bring their old registration, or car papers with them, as it will greatly expedite the registration, as it will save much time, on the Collector as well as the waiting list.

City Likely to Have Ice Cream Plant

We have it on good authority that Brownfield is to have a new business firm in the near future, under the name of the Banner Ice Cream Co. They are to be located on the corner of Tate street and the Lubbock highway.

This firm will make ice cream of all the popular flavors, ice, butter and handle produce of all kinds. They will employ something like 15 men, which will mean much to the payroll of Brownfield.

We see no reason at all why a business of this kind should not pay well here, for there is not a day passes that one doesn't see from one to three trucks from out of town delivering such commodities to the people of Brownfield.

If, and when the firm is established, let's give them a hearty welcome and support them and make a bigger and better Brownfield.

Gaston Ships 72 Bales of Cotton

Mr. J. J. Gaston will leave next week for Houston, Texas, with 72 bales of cotton to put on the market. In conversation with Mr. Gaston he stated that 52 bales of this cotton went over one inch in staple. If we are not mistaken there is a premium of \$2. per hundred, or there about, on this kind of cotton, above market quotations.

Of course Mr. Gaston had to have someone to show him around, while in the big city, and who else could fill this mission better than Cam Sears. You see Cam has been to town before and knows all the tricks and turns (and what not's) of the city life, so he should make an excellen escort for J. J. But be careful boys and bring back all the bacon.

Benefit Donkey Basketball Game, Mar 27

Yes, Siree, folks. Once again you will have the privilege of seeing your fellow townsmen trying to stay on the backs of the tricky little mule, called the donkey. You'll laugh until your sides hurt watching such men as Sam White, Joe Price C. C. Primm, James H. Dallas, Dr. R. B. Parish, Tom May and others trying to put the ball through the hoop from the backs of these balls of dynamite. And believe you me, it is one hard job, especially when this intelligent looking animal decides he doesn't want you to accomplish the feat.

But, more than getting your money's worth of entertainment, you will be contributing to one of the most worthy causes of your life. That is, to help one of your unfortunate neighbors, to become independent. This is none other than Miss Ola Belle Brown, who is blind. All the proceeds derived from this game will go to buy stock and equipment for a confection stand in the new postoffice for Miss Brown. And may we ask who would mind contributing 25c for a cause of this nature, even if you didn't receive much more than that in entertainment.

We know of no one more deserving, more accomplished and efficient than Ola Belle Brown. She has spent many long hours of study and training, handicapped as she is for this chance to become independent, make her own way through life without being a burden to anyone.

Now, after these hours of toil, let's not let her down, but remember, Monday night, March 27th, at the High School Gym. We'll be seeing you.

Incidentally, this game is to be a return engagement between the Lions and Rotary Clubs. Results of the game between these two teams last Thursday, was 6 to 4, in favor of the Lions Club.

Mrs. Lolan Flippin and little daughter, Betty, of Breckenridge came in Thursday of last week, to visit her parents, Mr. and Mrs. W. L. Bandv. Mr. Flippin came up Tuesday for them.

This Week We Give You — Aryain D. G.

As Ed Aryain of Aryain Dry Goods is leaving soon, we know of no better commercial firm to write about this week as he and his excellent family are preparing to move to Seminole to enter business in that coming oil center.

Ed was born near the city of Damascus. He migrated to the United States in young manhood, first settling in New York but later came west, entering business in Missouri. Here he met and married Miss Etta Stone, a true Missourian. Their boys, Jameil and Eddie are both in school and favorites of their classmates, making excellent grades.

Coming here in 1932 from Sudan, Texas, where he had been in business four years, some years he did pretty well, some years not so good, always been a question about the later. Ed is well liked, even his competitors say he is very fair.

Our idea is that one of the controlling factors is that his store is out of the dry goods area. Be as it may, the last year in particular has been discouraging to this firm.

This store has on a store-wide sale of seasonal merchandise, some priced below cost and the new goods coming in daily are also included in this sale. Mr. and Mrs. Aryain were in Lubbock attending the markets Sunday and making purchases for the store here and new stock for the future store in Seminole at which place his aim is to have as high class store as he had here, and we understand he has an excellent location there.

A more likeable, civic minded fellow is hard to find. He and Mrs. Aryain are both members of the Baptist church. Tracing his business dealings back before he came here we find all above board and that he left each community as he found it—not owing it anything. The same applies to Brownfield and will apply to Seminole, to which place he is moving.

The Herald joins other business interests of town in recommending the Aryain family to the good people of Seminole.

AAA Compliance Checks Mailed Mar. 16

We have before us a copy of a telegram sent to Colege Station, by Secretary of the C. of C., Mr. J. E. Shelton, and a reply to this telegram which should be very gratifying to farmers and business men in general of Terry county.

The telegram sent was of a questionnaire nature, asking the Administration Officer in Charge why Terry county had not received these checks, as they were supposed to be mailed to counties in alphabetical order. But it seems as if some counties further down the line had already received their checks. In answering this, the telegram read: "Brownfield C. of C., Brownfield, Texas. 654 applications released to General Accounting office on March 16 and 18. Checks should be received in your county in about three weeks. B. F. Vance."

Due to the fact that Terry county had the shortest crop last year that it has had in many a year, and the banks have gone their limit toward the lending of money, and as time is drawing near to begin the planting of another crop, these checks will be what you might call a "soul winner."

We have no figures as to the amount of these checks, but they should run up to several thousand dollars.

Mr. and Mrs. Ollie Bruton, Jr., formerly of this place, announce the arrival of a daughter, Patricia Ann, on the 10th of March. Mrs. Bruton is the former Miss Luna Maud Gore. Mr. Bruton has a jewelry shop in Wewoka, Okla.

Mesdames Clovis and Spencer Kendrick took Mrs. Daniel Davis to her home in Tahoka last Thursday. She has been here visiting her sister, Mrs. Spencer Kendrick.

The Official Paper of Terry County and the City of Brownfield

Well, Hitler again this week filed on another tract of land, up near Russia's boundary. He said he had a lot of kinfolks living on it. It seems he is trying to get all the land joining him. Europe just shakes, while Hitler takes. Looks like all he has to do to keep the other powers from mumbing too much over what he takes is just to cut another slice somewhere else, and that changes the subject. They've done forgot about what once was known as the Czechs. Anyway, that's their affair over there, we don't need to jump on them about it. We fought the last war over there, and we think it fair for them to come over here for the next one.

The Legislature is going round and round this week over the pension problem, and how to pay it. They first had up a 2 1/2 percent sales tax, then sidestepped, voted on an income tax, defeated that, ignored the transaction tax from the start, came back and took up sales tax, reduced it to 2 percent, and started around again. One irate lawmaker protests about passing the buck back to the people, and making them pay it. Well now if this said Statesman (?) can involve a plan to pay a Thirty million dollar pension, without costing anybody something, let's have it, we would be in favor of it. Maybe that fellow heard of the story Geo. E. Tiernan was telling us, about an investigating committee going through the country, come to a family of a man, wife and five children, all rather ragged, but looked fat and well fed. They found no growing crops, or food in the house, and asked him how the family lived, and replied they drank milk. They saw one cow in the lot but no feed or forage on hand and no pasture near by and then asked him, what he fed the cow. "Oh, he said, she sucks herself."

Judge Neill comes forward with a plan for the oldsters. He suggests that we send all the men over 60 to the army, be as cheap as paying the pension, the young men investigators, could go along keep the roster, and check up on them, would not knock anyone out of a job and save lot of traveling expenses. The old can stop a bullet as well as a youngun and they are straighter shooters. It would be more or less of a standing army anyway, they wouldn't have to tramp, tramp, tramp cause we houl 'em in trucks nowadays, only work they might have to do, is dig a trench, and when the enemy got to shooting close, chances are they would dig it pretty quick. Course we'd let the young men be the captains and lieutenants, draw the big pay, plans and blue prints, and those that stayed at home keep the civil offices, stores, shows and filling stations going. And then too, the army camps wouldn't be bothered with a lot of feminine followers, and naturally there would be no, A. W. O. L's. And might result in a stronger race back home.

Note: On a check up we find Mr. Neill is 58.—Ed.

ANOTHER BIRTHDAY

Forty-three years have come and gone since the first issue of The Stayer, now The Canyon News, was issued in a small plant equipped with crude machinery in contrast to that of today. The paper the outgrowth of several publications which had sprung up in the few years prior to its establishment, only to cease publication, saw this country at that time as almost an open frontier, but its founder had a vision. He could see into the distant future the possibilities of development and progress and in a country so new and promising as this he felt that it would not fail.

foundings of The News, it has served as a mirror to reflect the advancement of the people of this city and surrounding territory. Recording each week the current happenings which have resulted in a marvelous change in the years, it is practically the oldest living institution in the county.

In the pages of its files have been chronicled the achievements of the people of this country; their goings and comings, marriages, births and deaths; always pointing with vision of brightness to the future in times of depression and ever ready to aid any worthy cause.

From the little sheet of forty-three years ago and the small crudely equipped plant, The News has grown to what it is today—one among the leaders in the newspaper field of the Panhandle, a position which it is proud to claim. It is with the same type of vision, that its founder had, that

The News, today, looks into the future with the aim and desire to better serve.—The Canyon News.

Local physicians who attended the meeting of the State Medical Association at Dallas last week, are quite enthusiastic over discovery of a new remedy for pneumonia, which was disclosed and explained at the meeting. A very eminent physician, who lectured on the remedy, informed them, that like most other remedies, has been thoroughly tried out and tested, and assured them it was nearer sure cure, than any heretofore practiced. Medical science is advancing beyond any doubt, and it is wonderful and we hope it true, that a successful remedy has been discovered to cure this mighty ailment which has taken so many lives among our young and middle aged. Our local physicians are equipping themselves with this remedy.

PAPER CHANGES HANDS

The Lockney Beacon comes to our desk this week with a new name at the mast head, that of R. J. (Bill) Deason. Mr. Deason is a former editor of the Hale Center American, and the past four years has been working for the Texhoma Natural Gas Co. He received his education at Canyon, and Texas Tech, being on the payroll of the Canyon News, Canyon, and the Collie Printing Co., at Lubbock, during his school career. The Herald extends a hearty welcome to "Bill" into the newspaper profession on the South Plains.

Mr. Suits will retire to his irrigation farm south of Lockney, and we predict he will some day be back at the head of some good paper putting out a mighty good sheet.

Our third anniversary! That probably doesn't mean a great deal to anyone but the members of our staff. To them, however, it means a great deal. It means that another volume number goes up under the flag and that our necks must be bowed and mental, as well as physical muscles flexed for the long pull through another year of service to the people of Winkler county. Speaking for Editor Jim Dow, who founded The News three years ago this month and who still is associated with us, and the entire staff, we express our appreciation for the generous support we have had. Our hope is that we shall continue to merit your friendship and support, without which no business could survive.—Winkler County News.

The Winkler County News came out last week with sixteen pages, celebrating their third anniversary and the patronage given them at all times show the people at Kermit really appreciate their efforts in giving Winkler county a first class newspaper.

NINE HEAD WILD TURKEY PLACED ON RANCH IN GRAY COUNTY

Nine head of wild turkey were released on the J. C. McNeal ranch in the southeast part of the county last week by Jim H. Canon, of Matador, state game warden. Mr. Canon and Mr. McNeal were in Crosbyton Saturday and stated that with the help of the people open season on the wild turkey could be possible in a few years by protecting the first release. Turkeys have been placed in counties east of Crosby, Mr. Canon stated, and Crosby is the furthest west in which they have been placed.

The planting of wild turkey in the county is in line with the Game Preserve Demonstration, Mr. Canon said of which there are a group of 39 already in the county who have enrolled as demonstrators in game management with the idea of protecting the wild game birds of the county.

Mr. McNeal, who is a pioneer settler of the county, said that it has perhaps been 30 or 40 years since there were wild turkey in the county.—Crosbyton Review.

The Herald deeply sympathizes with Editor Mrs. Pauline Campbell of the O'Donnel Index in the loss of her daughter, Wilda Gene Campbell, who passed away on Sunday, March 12th.

Mrs. R. S. Heartsill and son, James, visited relatives at Stephenville last week.

Remember the date Monday, March 27th is W. M. U. meeting and all day quilting. So make plans to come and enjoy the day.

There will also be services at the local Baptist church this week end. You have a special invitation to attend.

Don't forget tonight, March 24th at the local school auditorium, the two one act plays, will be presented by Gomez high school pupils. If you want to forget your troubles and have a good old time laugh, come! Adults 10c, children 5c and the whole family for 35c.

The Sing Song at the local school auditorium was enjoyed by a nice audience Sunday afternoon.

Recent Newly Weds Are Recipients of Miscellaneous Shower

HARMONY

Mr. and Mrs. A. C. Wilhite had as their guests last Sunday, her sister and family, Mr. and Mrs. H. F. Maner and children, Loreta Joyce and John Franklin of Lubbock.

In the contest at Meadow for places in declamation and story telling Harmony won first place in declamation by Claudine Garrett and second place by Weneda Proctor, Junior girls. Story telling, first place was won by Delmin Murry. We are proud of the work our teachers are doing and our children winning these goals.

Several from our community have gone on a fishing trip. Those going were Messrs. W. A. Smith, Geo. Murry, Ocie Murry and M. D. Smith. They were accompanied by their mother and the latter's grandmother Mrs. W. J. Murry, who will visit in San Angelo. They left last Saturday for Mertzon, where they will visit Mr. and Mrs. J. A. Hood, who for several years lived in our community. We understand Mr. Hood will go with them to the Cocho to fish. Here's luck to them.

Mr. and Mrs. J. W. Ball and daughters, Misses Hazel, Julia and Orlena, also Mr. and Mrs. C. G. Garrett and family with Miss Velma McMannis and others whose names we failed to get attended the sing song at Gomez last Sunday afternoon.

Rev. Curtis Jackson local Baptist pastor preached for us last Sunday. He with Mrs. Jackson and children were dinner guests in the home of Mr. and Mrs. Geo. Long.

Mr. and Mrs. W. C. Thompson were visitors last Sunday in the home of Mr. and Mrs. Harvy Davis.

Mr. and Mrs. Elmer Phillips visited his parents Mr. and Mrs. G. M. Phillips last Sunday.

This item was handed to the reporter:

Harmony Junior Track and Field: First place in 100 yard dash. Second place in high jump. Second place in broad jump. Fourth place in relay.

Paul Hargrove starring for the Harmony team, making it possible for the team making the above places. His record in high jumping was four feet and eight and one half inches. He had made five feet in practice. His record in broad jumping was fourteen feet and eleven.

His time in the dash was not obtained, but he left his opponents like they were tied to a tree.

All members made good showing but mostly were too small for competition and all were inexperienced.

Charles Reynolds, with the Berhaney Drilling Co., got his hand badly mashed Monday while on duty out in the Bennett oil field. Mr. Reynolds lives in the Cruce apartment.

MEADOW

The farmers had a meeting at the school house last Monday night. The County Home Demonstration Agent from Levelland made an interesting talk on "Well Planned Meals for a Family of Five." Mr. Dennis Lilly made a talk on getting a loan to build a home on a farm. Mr. McClain, County Agent assisted the farmers in arranging a plan for an "Ideal Home." A committee was appointed by Mr. A. L. Hartzog to assist our County Agent in these plans.

The Methodist people, assisted by their pastor, worked on their church yard one afternoon last week.

Mrs. Howard Simpson and little son of New Mexico are here at the bedside of her mother, Mrs. Justice. The latter is improving slowly and expects to accompany Mrs. Simpson home as soon as she recovers.

Mrs. Clay of Seagraves visited her sister, Mrs. Wyly, recently.

The music pupils of Miss Ann Tyler of Lubbock presented a Recital at the grade school auditorium last Monday night.

The Meadow High School basketball girls won second place at the State meet at Waco, Texas. Quite a number from here attended the State Meet to see our girls play ball.

Miss Alma La Verne Walker had guests Sunday.

Mr. A. J. Nelson went to Abilene last Thursday.

Mrs. Milton Greer and sons ate dinner with Mrs. D. J. Harris and daughter Sunday. The younger son, James, is visiting with the Harris a few days.

DRIVERS LICENSES' GETS INDEFINITE EXTENSION

AUSTIN, March 21. — Police administrators of other states were notified today of an indefinite extension period for Texas driver's licenses after April 1, Ralph L. Buell, chief of the licensing bureau, announced.

The bureau head said a measure is pending before the legislature to provide for the reissuance of driving permits which expire April 1, after three years of validity. The new licenses will be issued by the public safety department instead of by tax collectors who distributed them when the law went into effect in 1936.

Chief Buell said temporary licenses will be assigned to drivers who pass examinations for their first permits and will remain valid until the amended statute becomes effective. Chauffeurs' licenses, however, will not be affected by the extension period as they are issued annually.

Newspapers will be advised of plans to renew licenses of drivers at a future date, he said.

GROVER BARRIER PASSES

The many friends here of Grover Barrier will be sorry to hear of his death which took place Sunday evening at a hospital in Lubbock, where he was rushed after suffering a heart attack. Burial was in the Lubbock cemetery, Tuesday.

The Barriers once operated a store many years ago here in Brownfield, and are widely known to our people. Mr. Raymond Barrier is yet one of our leading citizens and property owners, and we join them in their bereavement.

MRS. JOHN C. HYLES PASSES

Bertie Clark Bagwell was born December 23, 1890 at Rome, Ga., at the age of eight, she with her parents, Mr. and Mrs. J. W. Bagwell moved to Palo Pinto, Texas, and later to Erath county, where they have resided ever since. At the age of twelve she was converted and joined the Methodist church. In 1912 she was married to John C. Hyles at Stephenville, Texas. To this union were born ten chil-

dren, eight of which are still living as follows: Gladys (Mrs. William F. Whitney) Vester, Clifford, Thurman, Dalphine, Laverne, Dolores and Verlin. Besides her husband and children she leaves her parents, eight brothers and sisters.

There are many friends who mourn the passing of this devoted wife, loving mother, loyal Christian and true friend. How we miss her smiling face.

Local Boy Breaks Own Record

ONE RECORD! — University of Texas' great javelin thrower, **GILLHAM GRAHAM**, broke his own record in the special spear-throwing event at the Southwest-

ern Exposition track meet Saturday with a magnificent heave of 214 feet, 7 inches.

Gillham Graham, black-haired Texas javelin man, smashed his own record in the special spear-throwing event. Although he had been ill all week, and lost some 12 pounds, Graham turned loose one toss that

traveled 214 feet, 7 inches. He did 209 feet, 6 inches in setting the record last year, the first time the special javelin throw was held. Nobody came very close to the winning chunk. Jack Wilson, mightily muscled Baylor freshman from Paris Junior who is due to play a lot of football next Fall,

was second with 197 feet. S. M. U's O'Neil, who pushed Graham at times last year, was a poor third.

Mrs. James Harley Dallas and Carol visited her sister, Mrs. John Merchison in Plainview, Friday, Saturday and Sunday.

"AMERICAN"
by *Fostoria*

"AMERICAN" FOR GIFTS
So Easy To Give . . . So Nice To Get

There are many ways to settle your difficult gift problems. But none easier than selecting "American." For here is a crystalware pattern that has fascinated many generations. It sparkled once upon a time in ancestral homes. Recreated, by Fostoria, it sparkles again in modern homes which are sympathetic to colonial traditions.

Rightly, "American" has proved to be America's most popular pattern. Its fascination derives from sheer simplicity of design, and its jewel-like capacity for reflecting light and color.

You will be proud to give "American" gifts to everyone. Prices are exceedingly attractive; some individual pieces costing as little as 50c each. And, in our displays, you will find a great variety for your selection.

FIRST PRESBYTERIAN CHURCH

Fred A. Walker, Pastor

Sunday School, 10 o'clock. Morning Worship, 11:00 o'clock. Senior C. E., 6:30 o'clock. Evening Worship, 7:30, o'clock. The subject for the morning sermon is, "Doctoring a Falling Faith," and at night, "Spring in the Heart." Last Sunday was one of our best days and we are planning a fine day's program for this Sunday. Come for Sunday School and study the Word with us. You are invited to all services.

MRS. LEE BROWNFIELD HOSTESS TO MAIDS AND MATRONS

A very interesting program was heard on Chili and Bolivia last Thursday afternoon when Mrs. Lee Brownfield was hostess to the Maids and Matrons club.

The program rendered was: "Bolivia, Land of Festas," Mrs. Bell. "Historical Background of Chile," Mrs. Telford. "Industries of Chile," Mrs. Price.

Mrs. J. W. Hendrix was voted a new member of the club.

The hostess served sandwiches and coffee to members, Mesdames Bailey, Moore, Jacobson, Turner, Telford, Graves, Randal, Bell, Wingerd, Perry, Price, Smith, Fulton and guest, Mrs. Grady Goodpasture, and Misses Sloan, Fitzgerald and Edwards.

Mr. and Mrs. J. M. Welborn returned from the Fat Stock show this week. Mrs. Welborn had been at Alvarado visiting her mother and Mr. Welborn joined her for the Fort Worth trip.

MAIDS AND MATRONS TO SPONSOR FLOWER EXCHANGE

The Maids and Matrons club will again this year sponsor a flower and plant exchange. The time has been set for the 15th of April and if a suitable day, the exchange will be held on the court house lawn.

This is open to everyone whether you have anything to exchange or not and is an annual affair of the club to help beautify the town. Watch for further particulars.

METHODIST W. M. S.

The W. M. S. of the Methodist church met at 3 p. m. Monday in a Bible study in the church. A most interesting lesson was lead by Mrs. Judson Cook. Twelve members were present.

Plans were made for organizing a new circle next Monday at 3 p. m. This group is to include all of the ladies not members of circle No. 1. Some out of town speakers are being invited to share in the program being arranged.

The latest interpretation of membership in the Methodist church says that each lady who is or becomes a member of the church, is a member of the organizations of that church whether she acknowledges it or not. Membership in the W. M. S. included. This move is none other than an effort to urge them to acknowledge that membership and act upon the privilege.—By the Pastor

Mrs. Woody Reed of Plains was a Sunday visitor in Brownfield.

SCHOLARSHIP AWARD ANNOUNCED FOR HIGH SCHOOL PIANIST

DENTON, March 21 — The annual piano contest sponsored by the State Federation of Music Clubs for high school graduates who have not attended college will be held in Austin, Friday, April 21 at 10:30 a. m. Winner will receive the Louise Pace King Scholarship of one year (1939-40) of piano study with Elizabeth Leake at the Texas State College for Women.

Contestants may choose their own selections, three in number, and must play them by memory. Applications to the contest should be sent to the president of the Federation, Mrs. R. T. Craig, Park Highland, Athens, Texas.

METHODIST CHURCH

John Witt Hendrix, Pastor

Last Sunday was a good day. There is always present an interesting congregation. They are interesting to preach to. The church has a rather large membership. Last week letters were sent to the church, not to individuals, more to families, and over two hundred letters were required.

Church school opens its session at 9:45 a. m. and closes at 10:15 a. m. You are urged to be present at least sixty minutes of that hour!

Public worship both morning and evening. At each hour the pastor will deliver a sermon. At each hour the choir will lead you in singing some appropriate and select hymns. The subject of the morning sermon will be: "IS GOD DISCOURAGED?"

Some underlying laws which produce discouragement will be revealed and treated. Has God run out of plans? Is he confused as to what to do next? Is he about to give up?

Subject for the evening hour: "THE TEMPO OF CHRISTIANITY." For two evenings the pastor has discussed subjects leading up to correct living. What we must do about our mistakes and sins. Last Sunday evening he endeavored to explain that pure abstaining from sins. It is here the plan to enter into the spirit of Christianity, that element where in it is finer in spirit and quality Christian living was more than all of these things. It means to classify life. Every endeavor is being put into these discussions to make them profitable. Suppose you take a chance and come.

Jack Smith of Big Spring visited his aunt, Mrs. B. C. Hancock, last Friday night.

ACE HIGH BRIDGE CLUB ENTERTAINED

On Wednesday afternoon, Mar. 22nd, Mrs. L. M. Wingerd was hostess to members of the Ace High Bridge club and several guests. Easter was the motif of the party, and decorations, covers for the refreshment tables, and tallies all carried out the pleasant spring theme.

First prize, a yellow lily, went to Mrs. Collins. Second prize, a pottery jar filled with ivy, was won by Mrs. Christopher. Plate favors were white Easter bunnies. Sandwiches, salad, spring time punch, Devils food cake, and strawberry Sundae were served to the following guests:

Mesdames W. R. McDuffie, J. J. McGowan, Jno. Turner, W. H. Collins, Clovis Kendrick, Jim Graves, Wilson Collins, Roy Herold, Glenn Akers, Mon Telford, Jack Bailey, M. E. Jacobson, Ned Self, Ray Christopher, Raymond Taylor and Mrs. Gaster Spencer.

ANNOUNCES MARRIAGE

The Herald received an announcement this week of the marriage of Miss Violet McBurnett to C. F. Franklin of Odessa. They were married last July the 4th and are just now announcing it.

Mrs. Franklin is the accomplished daughter of Mrs. F. M. McBurnett and was raised and finished high school here. After finishing high school she held numerous responsible positions with business firms here and at Lubbock. She has many friends who wish them luck and much happiness.

They are at home at 618 North Grant Street, Odessa, Texas.

RANCH GIRLS HONORED

Among the courtesies given the eight ranch girls honored by the Southwestern Exposition and Fat Stock Show, was a breakfast given by Miss Mary Ann Lilly of 1504 Thomas Place, at the River Crest Country Club, Fort Worth.

Miss Fern Sawyer of Cross Roads, N. M., was one of the eight to be signally honored and is the granddaughter of Mr. and Mrs. M. B. Sawyer and Mrs. R. R. Lewis of this city.

Mr. and Mrs. Johnnie Rayburn of this place and Mr. and Mrs. G. G. Young of Tahoka returned Saturday from a vacation spent in California, attending the San Francisco Exposition. They were away two weeks.

Sonny Treadaway is quite ill this week with the flu.

BAPTIST CHURCH NEWS

The attendance last Sunday was not up to expectation as the weather was better than usual but a large number have since claimed they were sick.

The way a lot of people make excuses for not going to church is alarming, and some folks think they must give some good excuse instead of telling the simple truth about it, that they preferred to stay at home or go elsewhere, which they did.

Regular church attendance is a habit that is much enjoyed by those who engage in it, and the sinner who does not belong to the church owes an obligation to God and should be in the services to hear His word proclaimed.

The W. M. U. meets at the church next Monday for missionary program, and business meeting and it is hoped they will have a record attendance in view of the protracted services to begin with Wednesday evening of next week, March 29th.

Rev. Hugh Bumpas, pastor First Baptist Church of Ennis has consented to preach for ten days for this, what is hoped to be a revival of religion for all Christians who will attend the services in a soul winning campaign.

It is the wish of this church that much may be accomplished in this campaign, primarily to win those who are lost to Christ and all Christian people are urged to bring under the influence of this meeting their unsaved friends.

The people will be delighted to see brother Bumpas bring his message in his own unique and earnest manner and we bespeak for him a good hearing from the church as well as all Christians who are interested in seeing their friends brought to Christ.

Full announcement will be made for this meeting at the service Sunday morning and an all day prayer meeting will be held next Wednesday when it is expected that continuous prayer may be made throughout the day without intermission, where all Christians are asked to stop for a while during the day to implore Divine blessings upon the people.

We fully realize that all Christians need to get back to God and when we do so He will bestow his blessing upon us and save the lost who will accept Him.

May we have a record attendance in the Bible Study Sunday morning and all friends and strangers will be welcome.

FARM SECURITY BOOKLET ON SMALL HOUSES READY

Plans for the five room houses built by the Farm Security Administration for about \$1,100 became available to the public today in a small booklet published by the Department of Agriculture. The booklet, entitled "Small

Houses," includes house plans for the \$1,100 houses built on the Farm Security Administration's Southeast Missouri project, and also for typical homes constructed at eight other FSA projects.

Most of the houses described in the booklet: are farm houses, without plumbing, but a few are urban or suburban homes. All are small homes that fall within the broad category of "low cost" structures.

The Farm Security Administration has received a great many requests for plans for the Southeast Missouri homes, almost 100 of which were built at an average cost of \$1,105 by making use of a pre-fabrication and pre-cutting system. The booklet issued today illustrates this method of construction with pictures, gives the floor plan for one of the typical houses, and describes the materials used.

While the mass construction savings are not available to individual builders, adaptations of the plans for the Southeast Missouri homes are being used by farmers throughout the South who are building homes under loans from the Farm Security Administration for purchase of farms. Private contractors in some regions are building them for as little as \$1,300.

Copies of the booklet may be obtained from the Superintendent of Documents, Washington, D. C., for 10 cents.

NOBODY'S BUSINESS

By Julian Capers, Jr.

AUSTIN—Like the carefully planned moves in a chess-game, developments in the scheme of special interest lobbyists to write a sales tax on poverty into the Constitution of Texas moved swiftly this week-end toward the final denouement. The sales-taxers, who have been working haphazardly and individually for six years, have combined forces with each other and with Gov. W. Lee O'Daniel at this session, and their chances of success seems better at this writing than at any time since propaganda for a sales tax first began.

The plot, whose opening move was the proposal by O'Daniel of a preposterous transactions tax—a plan written by the special interest lobby—proceeded toward the ultimate goal of the passage of a sales tax by carefully prepared steps. The public reaction to the transactions tax was so violently unfavorable, just as the special interests had anticipated, that the way was made easy for introduction of the sales tax proposal. The lobbyists for various

special interests were invited into a scheme by the small group which originally planned it, when all the revenue bills went to committee. There, working in harmony with a super-conservative revenue committee, aided by Lt. Gov. Coke Stevenson, and backed by an almost solid lobby, the committee constitutional amendment was framed and reported. It was a catch-all amendment, designed to enlist support of all the various groups—those who want pensions for all old folks, regardless of the cost or where the money comes from; the special interests, including gas, oil, sulphur, amusements, utilities; the the ad valorem tax reductionists; and other groups with an axe to grind. Something went into the amendment to appeal to each of these groups.

Strange Bedfellows

A small tax on natural resources was put in, for instance. This created the first snag hit by the amendment, as the natural resource taxation group demanded higher levies on oil, gas and sulphur. The House accepted a higher rate on gas, and when recess was taken, was preparing to hike the rates on oil and sulphur. The young liberal group in the House led by Cornett of Clarksville, Hale of Farmersville, Derden of Marlin, and others, rallied behind an income tax as a substitute for the sales tax feature, and mustered sufficient strength to put it over temporarily. That night every special interest lobbyist in Austin turned on the heat. Sales of thick sirloin steaks and drinking whiskey broke all existing records. Next morning, 15 votes had been switched, and out came the income tax. The sales taxers still lacked 10 votes of the necessary 100 to put the sales tax amendment across, and not a special interest lobbyist went home last weekend. They all stayed over in Austin, and the work

of "persuading" wavering House members continued.

Sunday morning, the sales taxers fired their big gun, when Gov. O'Daniel took the air. With the agility of the young man on the flying trapeze, the Governor abandoned his pious resolution, taken four weeks ago, not to discuss legislative matters while they were pending before the Legislature. He sailed in, begged the folks to write or wire their legislators, and help push the sales tax across. His reversal of policy came as easily, apparently, as his earlier reversals—as, for instance, when he promised \$30 pensions for everybody during the campaign, and then abandoned that pledge unceremoniously as soon as he was elected. He, sweetened the nauseous sales tax dose by telling the folks that he didn't personally like it, but he believed it was the best plan that could be effectuated, and would prevent demagogic candidates from "making a political football out of the pension issue." Gov. O'Daniel ought to know about that practice, since he originated it.

What Future Holds

The remainder of the program runs about like this: If the sales tax can be jammed through the House this week, as is now indicated, it will go into the Senate. The program there is to cut out the contribution of the natural resource group, probably substitute a 2 per cent sales tax rate for the 2½ percent House rate, offer some ad valorem tax remissions, if necessary to get the votes of that group, and fire the butchered amendment back to the House. There it will prove unacceptable, of course, and a conference committee will settle the matter during the dying days or hours of the session. Both Houses will be given the alternative either of taking the sales tax, or taking no tax legislation. Of course, the plan may slip at any stage.

If that happens, the special interests probably will still be in good shape. If no tax legislation at all is passed, they cannot lose. If the sales tax is passed, they have achieved the optimum result—the pension problem will be solved, with the poor folks carrying the load, and the solution will be frozen into the Constitution, where it can't be easily taken out. It is now the general opinion here that almost any tax plan submitted to the voters will carry, during this, an off political year with low poll tax payments, and the gimmecrats ready to trade their right eye if necessary, for a mess of pension pottage.

Court Fight On Bond Grab

Having obtained through political pressure a reversal by the Solicitor General of the Department of Agriculture of the previous ruling from the Federal Good Roads Bureau that passage of the County Judges Bond bill would constitute the kind of diversion of gasoline tax money that would result in a penalty on Texas Federal good roads money, proponents of the bill to saddle \$190,000,000 of "dead horse" county bonds upon the state, drove forward toward passage of the measure this week. They got a favorable report from the Senate committee on Highways, and in the House committee, Vice Chairman Cecil Rhodes of Hearne, maneuvered a fast one in the absence of the chairman and five members of the committee who opposed the bill. The bill came out of the House committee without even a hearing, Rhodes ruling it was unnecessary to hear the large group of county judges and others who thought the people ought at least to be given a chance to air their opposition to unloading \$190,000,000 of county debts upon the State for the benefit of a small group of counties. If the bill is passed, as seems likely under heavy political pressure from the county judges' group headed by Jake Loy, of Sherman, it is sure to strike a snag in the courts. Good lawyers who have read the Constitution and the bill, say they find a specific prohibition of the State paying the debts of counties or other political units with State tax money, and the courts are likely to be hard to convince that the diversion scheme is legal. Both the Texas Good Roads Association, and the Texas Press Association have condemned the proposed grab by a small group of counties, who would get over 50 per cent of the benefit, at the expense of the other four-fifths of the counties.

Notes

The Senate definitely killed George Moffett's bill to set up a budgetary control system, under

control of the Governor, and apparently the Board of Control, the largest spending body in the State government, will continue to make the budgets for the other departments to spend by . . . As forecast, in this column, Gerald Mann ruled local option race horse gambling unconstitutional, and probably killed it as well as the liquor by the drink bill for this session . . . No more rumors about about the Highway Commissioners' post are heard, and John Wood continues to serve as a holdover. He may remain so.

PRESENT DAY BABIES LIVE 14 YEARS LONGER

Austin, Texas, March 21.—one often hears about the good old days when grandfather was a boy but according to Dr. Geo. W. Cox, State Health Officer, now are the good days for babies. A baby born today can expect to live until he is 62 years of age. This is almost twice the expectancy of babies born 100 years ago. There has been a gain of 14 years since 1900.

While still somewhat below the biblical promise of "three score and ten" Texas can look forward to reaching that goal within a few years.

The fact that a child born in 1938 who weathered the infantile storms of the first year could expect to live 62 years in contrast to the boy born in 1850, who could live only 38 years is a tribute to the American Medical Profession and the preventative technique of public health, Dr. Cox believes.

Vaccination is a preventive measure that saves thousands of lives annually. Prophylactic measures against typhoid, diphtheria and smallpox have greatly reduced the incidence of these diseases in Texas. Widespread sanitation efforts safeguard the water we drink, the food we eat and our environmental surroundings to lessen the spread of communicable disease germs.

Semi-annual physical examinations which have become a health habit for many of our citizens check illnesses at their onset and allow for simpler cures.

Science has provided us with effective drugs to combat the spread of syphilis and gonorrhea, diseases which take an annual toll of blindness, insanity, locomotor ataxia, bone infections, enlargement of arteries and deformity of infants.

Tuberculosis and Cancer have been brought into the curable classification of professions making this a safer nation in which to live and at the same time a nation in which to live longer.

HOW FARM SHARES IN AUTO PROFITS

Results of the Ford Motor Company campaign to develop new farm crops that industry can use are indicated by an article in the 1939 Ford Home Almanac now being distributed throughout the United States.

For every million Ford cars and trucks built, the company uses 89,000,000 pounds of cotton—the crop from 558,000 acres—the Almanac article shows. Other purchases of farm products necessary for the manufacture of a million Ford units are listed as follows: Five hundred thousand bushels of corn, for making rubber substitute, butyl alcohol and solvents; 2,400,000 pounds of linseed oil, for making paints, core oil, soft soap and glycerine; 2,500,000 gallons of molasses, for making anti-freeze,

shock absorber fluids and solvents. Three million, two-hundred thousand pounds of wool, which helps to make upholstery, gaskets, anti-rust, floor coverings and lubricants; 1,500,000 square feet of leather, for making upholstery and hide glues; 20,000 hogs to supply the lard oil for lubricants, oleic acid and brush bristles, and 2,000,000 pounds of soybean oil for enamel, plastics and many other uses.

MEETING OF ASSOCIATED LICENSED CARRIERS

LUBBOCK, Texas, March 21.—The Associated Licensed Carriers of Texas have called a special meeting for Friday evening, Mar. 24, at 8:00 p. m., at the Hilton Hotel for a discussion of matters most vital. This meeting will be open for the public.

Mr. W. N. Bynum, Director of the Department of Public Relations of the Transportation Insurance Agency, will be one of the principal speakers. Mr. Bynum will discuss the present status of legislation affecting the business of the carriers. Among others who will appear on the program will be Mr. Jack Pinkston, Executive Secretary of the Association, and Mr. Ed Ives of San Angelo, Texas.

This organization is dedicated to the advancement of motor transportation and the special meeting scheduled for Lubbock is conducted by Transportation Insurance Agency on behalf of Associated Licensed Carriers of Texas.

Other meetings to be held in the immediate area will be at Big Spring, Amarillo, Childress and Sweetwater.

Mrs. Borden Davis is to go to Rule this week to spend the week end with her parents.

Mr. and Mrs. J. M. Welborn were business visitors to Abilene, Wednesday.

Mr. and Mrs. Chas. Stahler and Mrs. Bertha Stahler went to Roswell, Sunday. Mrs. Chas. Stahler remained over to visit with her mother.

LYNN RANCHER DEATH VICTIM

TAHOKA, March 21.—A horse grazing without a rider in the saddle led to discovery by a ranch hand this morning of the body of Wilburn Timmons, 64, rancher near Lakeview community.

Stricken with a heart attack, the stockman who had lived in Lynn county since 1905, fell from his saddle and died before help was procured, a doctor said.

Fear Expressed

Timmons was born May 1, 1874, at Graham. Before moving to Lynn county to operate his three-section ranch, he lived in Briscoe county. Fears for his safety had been expressed when relatives learned he was having periodic trouble with his heart.

He was lying a half mile from his ranchhouse when found about 11 o'clock this morning. Death had been an hour and a half, it was believed.

Last Rites Today

Funeral services will be read by Reverend Horn, Missionary Baptist church pastor, at 2 o'clock Wednesday afternoon at the ranch house, and burial, through direction of Harris Funeral home of Tahoka, will be in Meadow cemetery.

Survivors are H. H. Timmons of 2007 Fifteenth street in Lubbock,

I Give You Texas

By Boyce House

Apropos our "oldest joke" contest, someone sends in this rhyme: Whatever trouble Adam had, No man in days of yore Could say when Adam cracked a joke, "I've heard that one before." Among the most ancient is the story of the negro who was about to be hanged. Thousands were assembled about the scaffold. "Have you got anything you want to say?" the sheriff asked. And the condemned man replied, "Jest this, white folks; this shore am gwine to be a lesson to me." Do you know where Hickory Grove is? If not, Jerry Sadler will be glad to describe the exact location of the town in which he was born. The Railroad Commissioner says, "Hickory Grove is south of Denson Springs, north of Red Prairie, east of Stuckbook and west of Blackjack—to be exact, it's 21 miles due east of the depot at Palestine." Abou ben Adem said, "Write

me down as one who loves his fellow man." Because E. C. Stovall of Graham likewise is one who loves humanity, a modern health resort has sprung up near the little town of South Bend in Young county. When an oil gusher on his land changed overnight into a sulphur water gusher, Stovall found that the water had remarkable curative qualities and he built a bathhouse for his own use. Noticing one morning that tracks led from the building, he saw that others were making use of the water so he erected a larger bathhouse and, making no charge, gave two boys the towel concession in return for running the place. From that modest beginning, a resort hotel costing perhaps \$50,000 has been constructed and, last year, there were 30,000 who bathed in the hot, curative waters. Feeling that the waters are God-given, the philanthropist has not sought to profit and, where a person is too poor to pay even the nominal chare, he is welcome to bathe without cots. Visitors came last year from almost every State

and from several foreign countries. newspapers, big and little, opposed to the fair trades and anti-discrimination bills, sentiment against the measures is growing in both Houses as citizens from small towns and rural communities write in. A small group of legislators actively for the bills were pledged early by merchants who thought the measures would benefit them but some of those business men now are becoming doubtful that it would be advantageous to place in the hands of manufacturers the power to dictate the price that housewives of Texas must pay. Those out-of-state manufacturers might take it into their heads to jump prices on their products 10 thereby levy a tribute on Texas or 20 per cent over-night and running into millions of dollars annually. A valiant fight against the price-fixing measures is being waged in the House by three representatives from widely-separated points—Abe Mayes of Atlanta, Harold Hankamer of El Paso and Jim Taylor of Kerens.
