The Terry County Herald

A BOOSTER FOR TERRY COUNTY FOR THIRTY-FIVE YEARS—"BELIEVE IT OR NOT."

PRINTED IN TERRY COUNTY, ON THE SOUTH PLAINS, THE IDEAL DIVERSIFIED FARMING SECTION FOR THE FEEDER-BREEDER OF LIFE STOCK—WHERE THE ANIMALS AND ABUNDANCE OF FEED CONVERGE
VOLUME THIRTY-FOUR BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY June 23, 1939 NUMBER 46

LIONS CLUB TO STAGE CARNIVAL HERE FRIDAY AND SATURDAY NIGHTS

Every Penny of the Net Income Will Be Used to Purchase Glasses for the Underprivileged. Lions Doing Much Charity Work in the City and Brownfield Area.

As last year with a minstrel, so this year with a carnival, the local Lions are coming to the rescue of local underprivileged children, the main feature being to purchase glasses for those in need of them. Up to this time the Brownfield Lions Club has spent around \$1,000 in helping the helpless to provide glasses and they are not satisfied yet.

So, this carnival Friday and Saturday is to help further in this campaign, and the Herald is glad to donate a page at this week in helping to advertise the affair and make it a success as far as possible. Two blind ladies of the city, Mrs. Chambliss and Miss Ola Belle Brown, owe their start with concessions at the courthouse and post office, respectively to the generous help of the Lions.

Truly, the Lions are up and doing. They are all the name and aims of the club imply, they are a SERVICE club, and they are demonstrating every day, every week, month and year, that they stand ready, not just to have some fun and eats, but to put over something for the betterment of underprivileged humanity.

Just a few words about the Carnival. There will be drinks and eats served by Lionesses, such as sandwiches, lemonade, tea, pop and ice cream. The band will play, and there will be rides for the kiddies, ducking stands, bingo tables, doll racks, hoop throwing stands, penny pitching boards, balloon, and in fact everything that goes with a carnival. All booths run by local Lions and helpers.

The booths and rides will be located around the square in Brownfield. Your help and encouragement will be appreciated whether you spend little or much.

Arthur and Irene See Sights of the City

Arthur Sawyer and wife, and daughter, Miss Queenelle, are certainly trying to make us jealous by writing in every few days what they are seeing up in little old New York, and it's the World's Fair, which includes the city of tomorrow. Well, just wait till they bring in a well on our back lot, and we'll get off and write back on fancy post cards to them.

In 1936, on our way home from Tennessee, we stopped one night at the Cassa Bannanna at Fort Worth, and when we parked our car and got out who should we face but this Sawyer bunch. Well, we just took in thing together, and they are real good takers-in. When we retired from the grounds around mid-night, the thing was going in high gear, but we were tired and needed sleep and rest.

However, Arthur and the writer slipped off from our wives—we thought—to visit Sally Rand's ranch, and just as we were enjoying a pleasing view to us, those gals stepped up and spoiled our evening in there.

However, they stated that they had just as much right in there as we, which we could not deny. Women are a lot of trouble along when the old Hes are trying to show off, and pretending to be 30 some odd when in fact they are approaching the 60 year mark all too close.

W. H. Hague and family are entitled to a pass to the—

Bruce Hancock Leases Hotel Coffee Shop

Bruce Hancock, owner of the popular Hancock Cafe on east Main, has leased the Brownfield Hotel Coffee Shop, the deal being completed last Saturday, Bruce taking charge on that date. The former leasee, Ben Hill, late of the Blackstone at Seagraves, was offered the lease on a new place in that city, and returned there to take over the operation of the new cafe. Mr. Hill made many friends while in Brownfield.

Mr. Hancock is too well known in the cafe business in Brownfield to need an introduction to any save perhaps those who have been here but a very short time. Will say, however, that he has maintained a reputation here for years, not only as a good cook himself, but as a good proprietor as well. One never goes into his place and comes out hungry, as his plates are always bountiful and well cooked and seasoned. Prices in line with those in the Hancock Cafe will be maintained in the new place.

By the end of this week, Mr. Hancock hopes to have the Coffee Shop air conditioned. Indeed the air conditioning apparatus has already been ordered, and unless held up in shipment, it will be installed by the later part of the week. With this in, to make customers comfortable, together with a good menu, he hopes to within a few weeks build up as good trade as he is now enjoying in the east end of the business district.

Mr. Hancock has surrounded himself with a personnel he is really proud to announce. The morning cook will be his own son, George Bruce, who is moving back from Seagraves. The evening cook will be that veteran of Brownfield cooks, John Wall. Both are known to be par excellent. The waitresses are Missies Jerry Martin, LaVada Jones and Reba Reynolds, and of course will be assisted by Mr. Hancock when needed.

Mr. Hancock announces that in the Coffee Shop, he will be prepared to put on banquets, parties, dinners, etc., and wants those interested to come in and figure with him. He will also specialize in Sunday luncheons and dinners for families or individuals.

Ellis Speaks at Jaycee Banquet Tues. Night

The regular monthly banquet of the Local Junior Chamber of Commerce was held Tuesday night in the building recently vacated by the Arvayn Dry Goods Co. Some sixty members and guests were in attendance.

Main speaker for the evening was Jimmie Ellis, County Judge of Hockley county. His subject was "The Attitude of the Young Man." At the conclusion of the speech, a short business session was held, reports of the various committees being given. Several musical numbers were rendered throughout the program by Messrs. Cavendess and Emmitt Smith.

Heavy Rains, Cyclone Strike Nearby Area

We would sure like to see a good rain, say around two inches fall, but we are inclined to dread rains of proportions that have been visiting west Texas sections the past few days, and especially winds of cyclonic velocity that visited the Shallowater and Levelland section Tuesday afternoon.

George Bragg, whose wife is here in the hospital, was at home Tuesday afternoon, and watched the cloud that killed one man, W. H. Jackson and seriously injured his wife, who is not expected to live, and more or less seriously injured several others in the Urdyke section in Hockley county. George says the cloud came boiling out of the northeast, first turning green then black, and seemed to get nearly over Levelland, then turn east.

George could not come the Levelland-Brownfield road as lakes covered the road several feet deep in places, and was well over the highway between Lubbock and Levelland in places. Another storm struck Shallowater, and like the Levelland section, was flooded, and the roads left impassable. Another tornado struck in New Mexico, just over the State line.

So far, no moisture has visited Terry county as this is being written Wednesday afternoon. If we have been having rain, we would say the indications were good, but as it has been so dry so long, clouds may not mean anything. Anyway, we don't crave a twister.

Herald Advertisers Report Great Days

The Herald advertisers, and especially the three grocery stores now using space in it, report that they had mighty good days both Friday and Saturday last week. This is a mighty fine report, and the Herald rejoices with them.

Hundreds and hundreds of dollars worth of groceries were sold by Piggly Wiggly those two days, and one of the cashiers, behind the counter who sacks groceries and totals the amounts, informed a Herald representative Saturday afternoon about three p. m. that "sure would be glad to see closing time come."

Kyle Graves, of the Kyle Grocery informed us Monday that he had the best day that his store had enjoyed in over a year. He reports that it looked like that they were going to run out of all fresh vegetables and fruits. He was more than pleased with his opening day.

Elmer McCollum of the McCollum Grocery complained of being very tired Saturday afternoon, when he emerged from the store long enough to go home and eat a bite. He said: That write-up and ad you gave me this week sure has done some good; ours has been a very busy store yesterday and today."

Bob's Cafe Moves To New Location

Bob's Cafe is moving this week from the middle of the first block west of the square, on the north side of Main street to the building until recently occupied by Smitly's Cafe. This building has lately been remodeled, and the walls repainted, giving them a much better place for a first class cafe.

New counters and stools have been installed painted black and red, while the walls are white. Nice clean tables have also been installed for those with tables. Mr. and Mrs. Bob Helm are the proprietors, and very proud of their place.

In a 321 mile race from Appeldern, Holland, to Berlin, a German racing pigeon averaged a speed of 60 miles an hour.

Janice and Melba Corning of Big Springs, Texas are guests of their grandparents, Mr. and Mrs. J. S. Corning.

Graham Stands Fifth At Los Angeles

Recently the State of Texas sent five athletes to the NCAA at Los Angeles, included among them was "Tight" Graham, son of Mr. and Mrs. E. A. Graham of this city, who is in his senior year at the University of Texas. Tight has always specialized in javelin throwing, although he has proven himself adept at other field sports as well.

Tight was to have thrown both Friday and Saturday, but he hurt his arm at Fort Worth earlier in the season in the state meet, and it appears his good right has not altogether mended as yet. He contested Friday only, putting the rod 201 feet and five inches, to stand fifth in the nation.

However, by next year, Tight will no doubt have a good arm thoroughly healed, and he will stand an excellent chance to get a trial at the International Olympic in Finland, where he will really have some mean competition, as they say those Fins really put the spear places.

There was an effort last fall from some source to disqualify Tight, but he was later "cleared" and had he not badly strained his throwing arm, there is a likely chance that he would have been tops at Los Angeles.

Fauley Hobknobbing With Royalty

Judge Neill had a letter recently from our mutual friend, Editor Wilbur F. Fauley of the New York Times, in which he gave us a pleasing picture of his close association and friendship with fair officials, which in turn permitted him to be connected closely with the king and queen of England, while they were in New York, and especially the day they visited the fair. Mr. Fauley says the king is a likeable fellow, and that the queen is every inch a queen in ways as well as beauty.

Mr. Fauley says the fair is great and rather takes the Herald to task for not giving it more publicity. Will say that last year and this, we guess off-hand that the Herald has given the fair some \$100 worth of advertising, if charged at inch rates, which is some donation for a country paper we call it. And as Judge Neill suggests in an editorial elsewhere in this issue, the New York Times has not devoted any space to the Terry county fair.

He was pleased to learn through the Herald that Brownfield is growing rapidly, and is building paved streets, enlarging the water plant, etc. He promises to "father" Jim Neill while Jim is up there playing with the New York Giant professional football this fall and winter.

Ola Belle Brown Receives "Excellent"

Miss Ola Belle Brown, who with the aid of the local Loins Club is owner and manager of the confectionary, tobacco and magazine concession at the new post office, is showing her friends her report card recently received from the Commissioner of the Blind at Austin, and no wonder, he gave her the best possible grade, which was "excellent."

This was for the first month of her operation, and part of that time she was not stocked up as now, especially with a line of magazines and other periodicals. Ola Belle felt that she was doing nicely all the time, and this card confirmed her belief.

Let's not forget to make regular purchases of things we need when in the post office. And this goes for Mrs. Chambliss at the courthouse. If you are over there, and need a smoke, cigarette, cold drinks, and such, buy them from these two ladies. Mrs. Chambliss has a family to support.

T. A. Proctor of Tokio sent in another dollar last week, thanks.

L. F. Hudgens of Lubbock dropped in last week end for a chat and to renew his Herald.

Here's Brief Outline Of Huge Relief Bill

WASHINGTON, June 17—Here's the \$1,735,000,000 relief bill in brief.

It would: Provide WPA jobs for an average of almost 2,000,000 unemployed during the twelve months beginning July 1. (This compares with an average of 3,000,000 given work during the present fiscal year.)

Substitute a three-member, bipartisan board for the present single administrator of the WPA. Require establishment of a monthly wage schedule to replace the prevailing wage system.

Require workers to labor 130 hours a month, those without dependents being permitted to work less at reduced pay.

Remove from relief rolls all person employed thereon continuously more than 18 months—except World War veterans and family heads at least 45 years old. Permit those laid off to resume work after 60 days.

Abolish the Federal theatre project. Require written agreement from project sponsors to finance an "adequate" share of the total cost.

Require WPA administrative and supervisory personnel to take an oath to "support and defend" the Constitution.

Prohibit payment of relief funds to aliens and person advocating overthrow of the Government by force.

Strengthen prohibitions against political activity by administrative and supervisory employees of relief agencies.

Transfer \$125,000,000 of the \$1,447,000,000 requested by President Roosevelt for the WPA to the Public Works Administration.

Buffalo Springs Resort Now Open

LUBBOCK, June 23—Sportsmen on the high and windy Plains of West Texas take a definite step forward in promulgation of summer sports June 23-24, when Buffalo Springs Park, swimming and fishing resort near here, conducts its first annual South Plains Bait and Fly Casting Tournament.

Entries from ten surrounding Texas Counties have been indicated. There will be no entrance or registration fee other than regular ten cents gate admission charge for the event, which has been proved highly successful at lakes near Waco, Fort Worth, Dallas and Wichita Falls.

One hundred and twenty-five dollars in sporting goods prizes have been posted here, including a tempered steel rod and reel to be given winner of Friday's qualifying round. There will be four divisions in the tournament, with two prizes offered in each division.

Promoters announced the tournament would be conducted similar to golf meets, with finals scheduled Saturday, following qualifying trials on June 23. Climaxing Lubbock's week-end of fishing extravaganza, will be an exhibition of fly and bait casting by Jack Lamb, nationally prominent professional fisherman, Sunday, June 25. The event is scheduled for 4 p. m.

The tournament is the first of a series of entertainment features scheduled for Buffalo Springs park during the next three months. Plans are near completion for motorboat races to be held here July 4.

SANTA FE CARLOADINGS

The Santa Fe carloadings for the week ending June 17, 1939 were 22,925 as compared with 21,894 for the same week in 1938. Received from connection were 4,814 as compared with 4,577 for the same week in 1938. The total cars moved were 27,739 as compared with 26,471 for the same week in 1938. The Santa Fe handled a total of 26,168 cars during the preceding week this year.

LET'S ALL TURN OUT AND VOTE FOR THE STREET IMPROVEMENT BONDS

Right Now is the Time to Make Our Improvements With As Little Money Outlay as Possible. Increase in Population to Care For Any Additional Taxes.

Generally speaking, most people are opposed to bond issues, when they are considered unreasonable, and put an unreasonable tax on real estate. Too, we have seen town and cities as well as counties greatly overdo themselves in voting bonds. Some counties want to excel all nearby counties in beauty and expensive courthouse; some schools want to excel in the beauty and symmetry of its school buildings, and furnish same with the most expensive furnishings, procurable. They consider the hard grind of paying these taxes very little, or that pressing taxes will ultimately cause some one to lose their home or business.

But there are times when a community can and do vote a reasonable amount of bonds that means a saving in the future, and is considered a real saving—an investment—if you please. We believe Brownfield city is confronted with just such a condition today.

The WPA has granted the city around \$55,000 for street improvements, but the city which is really more on a cash basis than perhaps any in this section, with water towers and reservoirs, water main extensions, sewer extensions, etc., has about run out of ready cash. So, in order to accept the \$55,000 of government funds, it becomes necessary to vote the small amount of \$15,000 to carry on our part of this work.

When these donating bureaus at Washington finally close up letting money to political subdivisions to build and maintain the needed improvements, the cost of paving a front foot will perhaps cost the average city two or three times the amount an equal investment will today. And sooner or later people on every street are going to demand paving. They are going to see the advantages of people in their own and other towns that live on nice, clean paved streets, and they'll want them. But the cost is going to be much greater. Not only will they have to foot the whole bill for material, but the labor and contract price will be a sight greater than now with WPA labor, and money furnished by the Federal government.

And right here, let us consider the labor part. There are a number of families in Brownfield and Terry county that must still be given employment as WPA laborers, or become outright reliefers. Now, which is the better method, giving these men, most of them with families some work that will be for the upbuilding and beautifying of the city, or put up the funds for outright relief? You are not going to see these families suffer hunger, or for raiment, and you know it. So it is pointedly the cheaper and better method to give these people work until there is private employment for them if and when a crop is made.

Maybe some of us feel that our particular portion of the city has not been given a square deal in improvements along with some other portion. We have felt that way ourselves in years past, but there are some things now to consider aside from any particular benefit we may derive personally. And that is food and clothing for a number of persons, many of them perhaps living in a portion of the city that has felt that they were not given a square deal by the rest of the city. So, let us consider this bond issue from every angle before we vote Saturday.

Brownfield has a very small amount of outstanding bonds compared to other cities of like size, and it is believed that by 1945 Brownfield will be almost clean of bonds except the sewer bonds that are not optional. The addition of \$15,000 will make but little difference with anyone's taxes, as we have a very low rate of 40 cents on the hundred dol-

Neely the Vocational Agricultural Teacher

Thomas Neely, who qualified this June, in Tech for his Smith-Hughes Certificate, was elected by the local school board to head the new department of Vocational Agriculture in the Brownfield high school, for the coming year. Mr. Neely's home is in Sayre, Oklahoma, and he is visiting his parents there at the present time. He will assume his duties in Brownfield July 1st.

The need of a Vocational Agriculture Department in Brownfield high school has been felt for several years. Brownfield's existence is dependent upon its agriculture, for it rests in the heart of one of the greatest agricultural sections in Texas. Certainly, this being the case, agriculture should be of greatest importance in the education of our youth. It is the earnest desire of the administration of the school that every farmer in the trade territory of Brownfield assist the newly established agriculture teacher in his effort to make his department useful, practical and of service to this community.

Mr. Neely will have his office in the Brownfield high school beginning July 1st, and everyone in the community, who is interested in this service is cordially invited to visit with him and discuss plans for the coming year. Boys, who wish to enroll in Vocational Agriculture next year, are especially invited to meet Mr. Neely and get lined up early. Vocational Agriculture carries one and one-half credits of affiliation per year.

R. B. Perry Brings In Another Well

No, this is not an oil well—just a water well, but, R. B. Perry states that he got what he went after—plenty water. He did not state where the well was located, but there is another good water well in Terry county, which on the average represents an investment, complete with windmill and tower of about \$200.00.

We quizzed R. B. about gold nuggets in the bottom of the well but he denied seeing any. In the several years that Mr. Perry has been a well driller in Terry county, he perhaps has brought in more water wells than any other individual driller.

Prof. Baze Reports On Football

For the benefit of the Athletic Councils and any others that might be interested in such matters, I am filing with Glen Akers, school secretary, and with Judge R. A. Simms, a Council member, a complete and detailed account of all receipts and disbursements of the football season of 1938. I would appreciate an examination of these reports by anyone who might be interested or curious about the football finances of 1938.

M. L. H. Baze

Buys Sewer System

A deal is being closed this week by Mayor Dean Nowlin, and the Tahoka City Council with the Southern Sewer Company of San Antonio for the purchase of the sewer system in Tahoka, it was announced last week by the Lynn County News. The deal approximates \$15,000.

The system originally represented an investment of approximately \$50,000, it is said. Three years ago it was offered for sale to the city for \$25,000.

Our present city government is against running bonds and paying interest on them any longer than is absolutely necessary.

 The Official Paper of Terry County and the City of Brownfield

Whether you are 'fur' or 'agin' the bond issue, turn out Saturday for the election and cast your vote. Let us have a representative vote of the city so there can be no cause to gripe if the election don't go to suit you. You will be allowed a vote if you are a resident, property tax paying citizen within the incorporate limits of the city, and have a poll tax receipt, providing your property has been rendered for taxes. The voting place will be the city hall, and the hours will comply with those on general elections for the State of Texas.

While the United States is the greatest coffee consuming nation on earth, the some 130,000,000 people using around fourteen pounds each, we lack five pounds per capita of consuming as much coffee as Sweden. A few years ago when beer first came back, those who sell milk and coffee, as well as ice cream, took the jitters for fear their market would be ruined. But despite this, the consumption of milk and ice cream, if not coffee has steadily increased. There are no substitutes in America for milk and butter, ice cream and coffee, and we might add that there are probably two dozen glasses of iced tea drank in summer to one beer in the U. S.

Editor E. I. Hill of the Lynn County News, Tahoka, has in these last days started out to be a "columnist," coming in with his first home run last week. We got quite a kick out of his first effort, including his alluding to the fact that the writer gave him the name he will use in his column, "Eee Eye Hill." The column was interesting from start to close—we read all of it. By the way, Editors Hill and Richards of the Anton News are not altogether agreed on the value of the Texas Press Association to the country newspaper. Hill says it's "putty" good, and Richards allows it's not worth a tinker's dam, or words to that effect. Which shows that all great minds are not agreed.

Again, the Herald would warn local merchants against fly-by-night "newspapermen." And by the way, we are going to take some advice to ourselves. Several weeks ago, one came in and made up a special Brownfield edition to be printed and circulated principally in New Mexico. He was going to kill the big, bad wolf, and have the greatest weekly in West Texas or New Mexico. A lot of the local business men that will not give an ad to local newspapers, had good spaces in the sheet. And this is where we come in. We loaned the bird a number of our valuable cuts that have not been returned to this day. After printing several issues, the promoter missed several, and the owner of the paper has taken it back, and promises a good paper commensurate to the size of the little New Mexico town, and he'll do it. Last week another gentleman with no machinery or supplies, and perhaps no cash applied to the Herald to print a daily paper for him to be issued under a Seagraves date line. We promptly turned him down. Monday early, a Seagraves man was phoning us to check up the "publisher." He seemed surprised when we told him we had never seen the man but once in our life and therefore could not recommend him. Better stay with the home papers, and men you know. You'll get better results for the money expended, to boot. And we don't mean by that not to patronize papers outside of Brownfield. But be sure they have something besides their

brown hands; some machinery, printing supplies, a circulation, and above all a well established paper.

Perhaps we should apologize to our good friend Mr. Fauley, for not giving more publicity to the New York World's fair, but it is just a little out of our trade territory, while Chicago was not, and besides we don't want to get San Francisco peeved at us, we being just midway between the two fairs, and like our late Senator Culberson once said, when asked his opinion about heaven and hell, "I have friends in both places" and declined to comment, and too, we haven't noticed much 'write up' in the N. Y. Times about our Terry county fair. Anyway, despite our silence, there have been several already gone, and several more contemplating going to the New York, as well as the San Francisco World fairs. Then, again, Mr. Fauley might be thankful for it if we had published his name and address, our folks, having country customs, might drop by to stay all night with him, not knowing he is a bachelor. We greatly appreciate Mr. Fauley, who owns a fine farm in this county and has been a long time reader of the Herald.—G. W. N.

IN CASE OF DROWNING

AUSTIN, Texas, June 16.—"No elaborate equipment is needed to save a life from drowning," is the opinion of State Health Officials. "In fact, actual harm has been done by the misuse of so-called lung motors. Modern resuscitation apparatus has been perfected so that oxygen and carbon dioxide can be used without inflicting more damage to cases of asphyxiation and drowning. It is tragic enough to have a drowning accident, but it is far more tragic if no one present at the time knows how to save a life by artificial respiration.

"The prompt application of artificial respiration is of primary importance, and for this purpose the prone pressure method is easiest, simplest and most effective. This should begin at once and continue rhythmically until natural breathing is established—this may take four or more hours. Procedure:

First: Kneel and straddle the patient below the hips placing hands on small of the back with fingers over the lowest ribs, tips of fingers just out of sight.

Second: With arms straight, while counting one, two, swing forward bearing weight on body firmly but not violently.

Third: Swing backward while counting one, straightening up and thus relieving pressure—this allows air to be drawn into the lungs.

Fourth: Rest in this position for two counts.

Fifth: Repeat these movements rhythmically, forward and backward, without interruption, about twelve to fifteen a minute until natural breathing is restored.

Sixth: Meanwhile, if assistance is at hand, a physician should be sent for, the patient's tight clothing should be loosened at neck, chest, waist and he should be kept warm. The patient should not be moved until he is breathing normally and then should not be allowed to get up but should be carried in a lying position to a place where he can be kept warm and receive medical attention.

NO NEWSPAPER FOUND IN WASTE BASKET

Not long ago a local business man was standing in the post office lobby of the local post office. He noticed a man remove his mail from his box and glance through the letters. Without taking half a look at a brightly colored circular, he tossed it into the large waste basket near the desk just under the clock. He never took so much time as to ascertain what it was or where it came from. Another business man noticed the fate of the circular and they got to talking. They looked in the waste basket and found 27 such circulars. Not a one had been opened. They cost money and then more for postage, but failed to reach the prospective customer. The odd part of the whole matter is that the two men comment that not a newspaper was in the waste basket. One of these business men had in times past mailed out just such circulars, he said, before he learned that people seldom read their

TYPHOID SHOTS ARE SURE PREVENTATIVE

AUSTIN, Texas, June 23.—If you have not been vaccinated against typhoid fever within the last two or three years, go to your family physician and have him give you the three "shots" that will protect you against that disease.

This advice comes from the Texas State Health Department, and is addressed particularly to those persons planning vacations away from home or those who regularly go on camping, fishing or such trips.

Typhoid is contacted by way of the mouth. Each case comes directly or indirectly from some previous case. You eat or drink the germs that cause the disease, in food, water or milk contaminated by the discharges from persons who are ill with the disease. Modern medical and public health practices have greatly reduced the occurrence of typhoid, but it is still a menace to those unprotected against the disease. Protection of public water supplies from pollution, pasteurization of milk, inspection and supervision of food supplies, improvement in household sanitation and hygienic habits, better sewage disposal and careful investigation of typhoid outbreaks to determine the source of the disease are measures which have contributed to the diminution of the incidence of typhoid in Texas. But there are still sources of infection to which individuals are exposed, that cannot be reached by public measures, and for which vaccination affords additional protection.

Persons who are apparently well, but who have had the disease at some time, may continue to discharge the typhoid germs. Such persons are known as "carriers" and if they are not careful in their personal habits they are liable to contaminate any food they touch. Flies carry germs from contaminated sources to food, and are another source of typhoid infection.

Health departments, state, city, and county, are waging warfare against typhoid all the year. Special efforts are made during the vacation period through the sanitary supervision of summer camps, parks, and public eating places to reduce any possible danger of vacation typhoid from such sources. But vaccination and sanitation are the only means to personal safety against the disease. So see your physician today for a vacation unmarred by typhoid.

TPA ATTENDANCE LOW

The Newsman attended the convention of the Texas Press Association at Lubbock Thursday and Friday. Lubbock certainly did everything possible to entertain royally the guests. The attendance was a great disappointment. Those fellows from down state expect Panhandle publishers to attend meetings 300 to 500 miles away, but hesitate to attend them when held out this way. There were a few high spots on the program, but on the whole the program was not so good as the one held annually by the Panhandle Press Association. After all no place produces such fine newspapers and such superior newspaper men and women as West Texas.—Canyon News. Amen, Brother Warwick!

CARD OF THANKS

We wish to take this means of expressing our appreciation of the many forms of kindness shown by our many friends during the sickness and death of our loved one.

May the Lord richly bless each one.—Mrs. T. A. Proctor and Children.

Mrs. Jim Sneed of Abilene, is house guest of Mr. and Mrs. Pat Brothers.

CITATION BY PUBLICATION

The State of Texas, To the Sheriff or any Constable of Terry County—Greeting: YOU ARE HEREBY COMMANDED to summon W. A. Melson, Mrs. Jessie Johnson, B. J. Johnson, Ray Johnson, Doss Windham, Clariet Melson, and the heirs and the legal representatives of each of said defendants; and also the heirs and legal representatives of Mrs. E. M. Windham, and the heirs and legal representatives of Mrs. E. M. Windham Melson; by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published

in your County, if there be a newspaper published therein, but if not, in the nearest County where a newspaper is published, to appear in the next regular term of the District Court of Terry County, to be holden at the Court House thereof, in Brownfield, on the fourth Monday in August, A. D. 1939, the same being the 28th day of August A. D. 1939, then and there to answer a petition filed in said Court on the 16th day of June, A. D. 1939, in a suit numbered on the docket of said Court No. 2527, wherein Jesse Ferguson and Leah Ferguson, husband and wife are Plaintiffs, and W. A. Melson, Mrs. Jessie Johnson, B. J. Johnson, Ray Johnson, Doss Windham, Clariet Melson, and the heirs and the legal representatives of each of said defendants, and also the heirs and the legal representatives Mrs. E. M. Windham Melson are Defendants, and a brief statement of the plaintiffs cause of action, being as follows:

That, heretofore, on the 1st day of June, 1939, they were lawfully seized and possessed of, and did own by fee simple title, that certain tract or parcel of land situated in Terry County, Texas, being Lot 6, in Block 1, of the A. M. McBurnett Subdivision of part of Block 6, of the East Addition to the town of Brownfield, in Terry County, Texas; that on the date aforesaid the defendants unlawfully entered upon said premises and ejected said plaintiffs therefrom, and do continue to withhold from them the possession hereof, to their damages, \$5000.00.

That the defendants, and each of them, are or may be asserting or claiming some adverse estate or interest in and to the real estate involved in this suit, and this suit is brought for the purpose of determining each estate or interest and canceling and removing the same and granting the title and possessions to plaintiffs.

Prayer that all defendants be cited and that plaintiffs have judgement for the title and possession of the land, for all costs of suit, and all other relief to which they are entitled, including a decree for removing and canceling all adverse estate or interest of the defendants, and each of them, in and to said land.

HEREIN FAIL NOT but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and seal of said Court, at office in Brownfield, Texas, on this 16th day of June, A. D. 1939.

Eldora A. White, Clerk, District Court, Terry County, Texas. 49c

NOTICE OF DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership between R. K. Wooten, Effie D. Wooten, J. W. Simmons, Rebekah Simmons, G. A. Simmons and T. B. Simmons (or any of them) under the firm name of Quannah Cotton Oil Company, was dissolved on May 31, 1939. The business will be continued in the name of Quannah Cotton Oil Company, a Texas corporation. All debts and obligations owing to the partnership should be paid to the partnership at Quannah, Hardeman County, Texas. All debts and obligations owing by the partnership should be presented to the partnership at Quannah, Hardeman County, Texas.

This notice is published once each week for four consecutive weeks in each of the counties where the partnership has a place of business, as required by Article 6132 of the Revised Civil Statutes of Texas.

Dated at Quannah, Texas, May 31, 1939.

Quannah Cotton Oil Company, a partnership, By J. W. Simmons, Rebekah Simmons, G. A. Simmons, T. B. Simmons, Surviving Partners: John B. Wooten, Executor and trustee of the estate of R. K. Wooten, deceased, Effie Wooten Siddons, Executor and trustee of the estate of R. K. Wooten, deceased, and as executor and trustee of the estate of Effie D. Wooten, deceased.

Annie Victoria Durand, Executor and trustee of the estate of Effie D. Wooten, deceased. 47c.

CITATION BY PUBLICATION THE STATE OF TEXAS:

To the Sheriff or any Constable of Terry County, Greeting: YOU ARE HEREBY COM-

MANDED to summon Jim Key, if he be living and the unknown heirs of Jim Key if he be deceased by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Terry County, to be holden at the Court House thereof, in Brownfield, Texas, on the Fourth Monday in August A. D. 1939, the same being the 28th day of August A. D. 1939, then and there to answer a petition filed in said Court on the 19th day of May A. D. 1939, in a suit, numbered on the docket of said Court as No. 2359, wherein Ima Lee Martin, and her husband, T. Martin, Leona Knight and her husband, Winter Knight, and Jess Key are Plaintiffs, and Wm. H. Key, Earl A. Key, Boss L. Key, Jewell Black and her husband, Burl Black, Dock A. Key, Lastell McRaven, and her husband, Haskeel McRaven, Velma Lee Rhinehart and husband, Roy Rhinehart, Anna Collum and her husband, Charlie Collum, H. M. Key and Key, if living, and if dead, the unknown heirs of Jim Key, deceased, are Defendants, and said petition alleging that the Plaintiff, Ima Lee Martin and the defendants Wm. H. Key, Earl A. Key, Boss L. Key, Jewell Black, Dock A. Key, Lastell McRaven, Velma Lee Rhinehart, Anna Collum, H. M. Key, and Jim Key, if living and if dead, the unknown heirs of Jim Key are the joint owners in fee simple and together are the sole owners of the W. half and S. E. ¼ of Sec. 98, Blk. 4-X containing 480 acres of land and all of Blk. 35 and 36 of the First Add. to the Town of Gomez, being part of Sec. No. 1, Blk. D-12, containing about 15 acres of land, all situated in Terry County, Texas, each owning an undivided 1-8 interest in said lands, and that the defendants Velma Lee Rhinehart and Lastell McRaven are the children and only children and heirs at law of Jim Key, deceased, and if the defendant is dead, and if the above named defendants are in fact the only children and heirs at law of the said Jim Key, they own jointly an undivided 1-8 interest in said real estate.

That said defendant Jim Key mysteriously disappeared and have not been heard of for more than seven years next before the filing of this suit and that the presumption at law is that said Jim Key is now deceased and that at the time and before his disappearance the defendant Anna Collum was the wife of Jim Key and that if he died, he died intestate, and that

the defendant Anna Collum is claiming some right, title or interest in the 1-8 interest owned by the said Jim Key, if living, or his heirs and unknown heirs, if he be dead.

That such real estate is of the estimated value of \$10,000.00 that the said land and premises are in the possession of the defendants, or some of them with the consent of the plaintiffs and that the plaintiff Ima Lee Martin is entitled to an undivided 1-8 interest in and to the above described land and premises and an undivided 1-8 interest in and to all personal property owned by S. H. Key at the time of his death, plaintiff being the child and only heir at law of Mark Key, deceased and is entitled to said property, or an interest therein, by virtue of the last will and testament of her grandmother, Lucindy Key, deceased.

That plaintiffs Leona Knight and Jess Key being the children and only heirs at law of G. E. Key, deceased, have a valid and unsatisfied claim against the estate of Lucindy Key and S. H. Key, deceased, in that the last will of Lucindy Key and S. H. Key provided for the payment out of said estate to these plaintiffs the sum of \$500.00 each; that the said claim has never been paid and that these plaintiffs are entitled to a lien against any property of the state, to secure the payment of such sum of money, and they pray for judgement against the estate for the amount of their claim and the foreclosure of their lien.

Plaintiffs pray for a partition, and that upon final hearing they have judgement by the court determining whether or not the defendant Jim Key is dead or living and if dead, who are his heirs and only heirs at law; that said real estate be partitioned among such joint owners; that commissioners be appointed to divide and partition such real estate and personal property and an accounting be had for the rents and revenues of such property and that the plaintiffs Leona Knight and Jess Key have judgement against the defendants for the sum of \$100.00 with interest thereon; that a lien be declared against the joint owners of said real estate and that such lien be foreclosed and for cost of suit.

HEREIN FAIL NOT, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

GIVEN UNDER MY HAND and Seal of said Court, at office in Brownfield, this the 19th day of May, A. D. 1939.

Eldora A. White, District Clerk, District Court, Terry County. 46c

HOT CHECK WRITING TO DRAW STIFF PENALTIES

AUSTIN, June 14—The cost of writing hot checks in Texas is going up.
By a vote of 103 to 9, the House Tuesday adopted a conference committee bill imposing stiff penalties for the writing of worthless checks in any amount. The existing law was heavy penalties only when the check exceeds \$50.
Under the bill, imprisonment would be possible for the first hot check offense and mandatory for subsequent offenses. Either a fine or a jail sentence could be assessed an initial offender. The penalty for the second offense would be imprisonment for 30 days to two years and that for the third and subsequent imprisonment from two to ten years.
Persons who filed a hot check complaint and then withdrew it because the debt was paid would be subject to a fine up to \$500.

BUSINESS REVIVAL

"The stage is set for a considerable business revival of business this Summer," says the orthodox Republican Terre Haute Star editorially, after quoting such authorities as the National City Bank of New York and the Alexander Hamilton Institute. "The bigger units of business, realizing that they must function whether conditions exactly please them or not, have succeeded in making money. It can be done. It is being done. What the country needs right now is: forget partisanship, forget griping, and saw wood."

A strong democratic paper in Connecticut allows as how Mr. Garner could not be elected. First, this paper tells of how he 'snubbed' a certain singer's recital at the Lincoln Memorial in Washington. He was asked to be present. Later he was phoned to be present. Despite all that, he did not go. The singer was Marion Anderson, a nigger woman, and Garner no doubt had heard niggers sing while a kid living down in Red River County, Texas long ago. He likely enjoys more the beat of a Uvalde county sheep at this age. He most certainly is not the type of man to desire votes or prestige in any form by lending his presence to a social function—nigger or otherwise.—Clarendon Leader.

PLAINS—

Mr. J. P. Roberson passed away Sunday in the Brownfield hospital. The body was carried to Throckmorton, Texas and laid to rest in that cemetery. The people of Plains sympathize with the bereaved ones.

Mrs. J. H. Morriss and Mrs. Tubbs returned home Friday after a week's visit in Alamosa, Colorado.

The Christian meeting is in progress. Brother Jones of Georgia is doing some good preaching.

Charlie Clements, of Tatum, visited in the L. D. Camp home Sunday.

Mrs. W. H. Hogue and Mrs. L. D. Camp were Lubbock shoppers Saturday.

Mr. and Mrs. J. L. Cleveland and Marie and Rev. J. C. Anderson attended the funeral of Mr. Roberson in Throckmorton, Monday.

Mr. and Mrs. Caryol Light and daughter, returned Sunday from Liberal, Kansas, where they spent a week with relatives.

Earnest, Earl and Sam Rhader and Bud Cotten of Fort Worth, are attending court in Plains this week.

POOL

Still hot and dry. Little Luther Ray Newsom is still improving.

Mr. and Mrs. W. E. Pool have returned home from Hot Springs, N. M. Mr. Pool's health is improved.

The League Council met at the home of Mr. and Mrs. H. H. Harben last Wednesday night. After the business meeting, refreshments were served to the following: J. W. Young, Victor and Curtis Trussell, A. J., John and Maurine Ticer, L. T., Edna, Holland and Annie Lou Redding, Joe and Jeff Duran, Mr. and Mrs. W. C. Aldridge, Vernon, Wanda Fae and Geneva and Mr. and Mrs. J. J. Gunter, Flois, Foy, Glennas, G. W. and D. W. and the Harben family.

Mrs. J. J. Smith and children visited Mr. and Mrs. S. V. Newsom Sunday.

Mr. and Mrs. James Trussell of County Line spent the first part of the week with their parents, Mr. and Mrs. G. B. Sterling.

L. M. Waters, Jr. returned home last week from college, bringing with him a bride. He married Miss Christine Jayroe of Brownwood, Texas.

Mr. and Mrs. J. H. Ticer had for their guests over the week end their daughters and families, Mr. and Mrs. J. L. Neville and baby; Mr. and Mrs. J. H. Mabry all of Loveland, Texas.

J. T. and Nettie Jean Newsom visited in the Gunter home Sunday.

Mrs. L. M. Water, Jr. spent the past week visiting relatives in Central Texas, Mrs. Wiley Powell at Abilene and Mrs. A. A. Tinker of Brownwood.

Mr. and Mrs. J. P. Rowe visited their son and family, Mr. and Mrs. Burton Rowe of Tokio Sunday.

Leola Trussell is visiting her brother and family, Mr. and Mrs. James Trussell, of County Line, this week.

Mr. and Mrs. Arnold Waters, Jr. have gone to California.

METHODISTS OFFER THANKS!

It is our desire to offer thanks to all those who generously helped us providing for our revival period. The press was generous in offering space, to the Herald, the News and the Shopper we give thanks. The lumber yards, all three of them, were extra fine in providing lumber for the out-of-door pavilion. Plenty of volunteer help responded in erecting and tearing it down. The city Light and Power Co. are due thanks for aid in lighting, also The Seale Electric for wiring the pavilion. The South Plains Music Company for furnishing the piano. The people are to be thanked for throwing open their homes in such generous hospitality to the preacher force of the meeting. We deeply appreciate Mrs. Roy Herod's faithfulness as pianist and Mrs. Jacobson as assistant, and to the choir which responded in such a fine way. Praise to the young people who were so loyal throughout the meeting and to every one who helped to make the meeting a success. Then there must always be some expense and the people, even of other churches, helped to distribute the burden by their liberal contributions. We had a

attendance at all the services and there is no way by which we can assess the value of such a meeting, such high classed singing and excellent preaching will not, could not return void. God only can estimate the final value.

Smokey Taylor Opening The Silver Moon

Smokey Taylor, well-known cafe man of this city, is opening up the Silver Moon dance and dining hall one-half east of the city on the Tahoka highway, according to information given the press Wednesday.

Mr. Taylor promises a good time to all who like to dance at his place, with good eats and cold drinks at their pleasure. He will open tomorrow, Saturday, June 24th.

Law enforcement officers are always welcome.

Mr. and Mrs. E. L. Martin of Union community are entertaining a girl that made her appearance Sunday the 18th. A nice Father's Day gift.

A son made his appearance at the home of Mr. and F. B. Bain, Monday, June 19th. They live in the Needmore section.

Miss Marie Webber was over from Lovington, New Mexico, to spend the week end with her mother.

LOSES GRANDMOTHER

C. Z. Sherman, owner of the Sanitary Barber Shop, lost his grandmother, Mrs. John Sherman, who lived at Rusk, Texas, last Friday. Mrs. Sherman was 86 years of age, and a native of that county, never having lived any where else.

Mr. Sherman had a letter from his mother Friday stating that his grandmother was very ill, and saw an article in the Star-Telegram of the same date that she died. Mr. Sherman stated that his grandmother, while just a girl during the Civil War, could remember much about it.

CHECKER TOURNAMENT TO BE HELD AT PARIS

At air conditioned Club Royal, Lubbock, Monday.

one mile north of Paris, Texas on a highway, the all-southwest Checker Tournament will be held July 10-11-12th. Checker experts from the states of New Mexico, Oklahoma, Arkansas and Louisiana, as well as those from Texas, are expected to participate.

The entrance fee will be \$1.00 and cash prizes are assured, according to H. B. Robinson, Tournery manager, at the headquarters in the Texas Hotel, Fort Worth.

LOCAL OLD TIMERS TO ATTEND REUNION

Veteran Texas cowhands who rode range and trail 35 or more years ago will gather in Stamford for the tenth annual meeting of their association during the Texas Cowboy Reunion July 3, 4 and 5.

The following oldtime cowboys of Brownfield are members of the Association:

Bill Pool, A. L. McBride, Geo. E. Tierman, J. N. Fitzgerald, L. P. Price, M. B. Sawyer.

Joe Chisholm was a visitor in

UNIFORM?

One of our popular beauty operators was standing out on the sidewalk in front of her shop the other morning and a strange car drew up—asked if they could get curb service—these spick and span white uniforms get the business one way or another.

W. M. S. OF THE METHODISTS

Circle No. 1 met at the parsonage at 2:30 p. m. and studied the book of Ruth, and next Monday will study the first five chapters of I Samuel.

Circle No. 2 met at the parsonage at 2:30 p. m. and studied chapter four of the Radiant

Heart. Next Monday this circle will meet with Mrs. House and study chapter five of this same book.

At the business session plans were made for a birthday party to be given at the church at 8:30 p. m. Wednesday, June 28th. Each person to bring a penny for each year of his age. A musical

program will be given in the church and then different age groups will enjoy games on the lawn. Refreshments will be served. Every one invited.

BAPTIST CHURCH NEWS

There was good attendance at the morning hour services last Sunday with one addition to the church, but it was noticeable that the attendance was not up to average.

All churches find that the hot weather and vacation period makes difficulty in holding the full attendance of their congregations but the work of the church should be of first importance to all people.

Work will begin on the church building as soon as the architect completes the plan in detail

and contract can be let for the work as it has been definitely decided to proceed with this improvement this Summer, but it is needed so very badly in the teaching service that some become impatient.

The WMU met in circles last Monday evening for their Industrial day meeting, when they make clothing, etc. for those in need and children in Buckner Orphan's Home. This is a Christ-like service they are rendering as well as a social hour with each other and should be shared by many women not rendering like service. They will meet at the church next Monday evening at 4 p. m. in business and missionary meeting, and a large attendance will be helpful.

The Brotherhood met last Monday evening with 42 men present,

right in the dust storm. Their program for the evening was missions in Europe when the different mission fields of Southern Baptists in Europe were studied. It was found that much religious persecution has been suffered in some of these countries where people cannot worship as they desire but are expected to conform to the State church or no church as in Russia where many have met death in the last few years because of their religion. The program was followed by cake and ice cream all of which was greatly enjoyed by the men. Men who are staying away from this meeting of the Brotherhood each month should join in these meetings for their profit and enjoyment as well as to assist in promoting the work of the church. The men have been failing in the work of the Kingdom and leaving too much of this work for the women but they are beginning to take their rightful place in this work.

Bring your visitors with you to the services next Sunday morning and do not use the Lord's day to visit yourselves but as it is intended for worship.

Church Reporter

MEN'S FELLOWSHIP CLASS

The men of the Methodist Church are sponsoring a Bible class at the Wines Hotel. They meet at 9:30 a. m. and serve coffee in a fellowship season. The class session begins at 10 a. m. Every one who does not attend another class is welcome.

Mr. and Mrs. Earl Denton are the parents of a little daughter who made her appearance last Thursday, June 15th.

Mr. and Mrs. J. A. Rushing of the Tolia section, and daughter, Miss Pearl, were in Tuesday shopping. Mrs. Rushing has been semi-invalid for the past year or two with inflammatory rheumatism. The Rushing family are old timers, having settled in Terry about 1912.

Mighty glad to see Martin Line on the streets again and at work again over at Cicero Smith's, following a long seige of flu-pneumonia, and then an operation for appendicitis.

Mr. and Mrs. Shade Daniell of Seminole, are up taking care of the home and premises of Dr. A. H. Daniell, their son, who with his family are off on vacation. Other children are looking after their property in Seminole.

Mrs. George Carter and two of her grandchildren were down from Ropes last Saturday, shopping with our merchants. Mrs. Carter informed us that they had recently visited their son-in-law, A. A. Thomas and family in Lamar county, and that personally she was not stuck on that section.

G. I. Simms of the Loop community stopped over a while and informed his brother-in-law, Lefty Blair that as he returned from Jones County through Snyder, that hardware, groceries, furniture and what have you were piled everywhere in that city, following the flood Sunday night. Well, we want a rain, but can do on less than flood proportions.

A very hard wind blew from

the southeast Tuesday afternoon, which is feared was very damaging to crops.

Mr. and Mrs. R. L. Stallings were in from the Johnson section Saturday. Glad to see Mrs. Stallings up again, after her fall here which put her in bed several weeks. She still uses a crutch.

As much as a million pounds of dynamite has been shipped on a single vessel from the United States to the Phillipine gold fields.

BROWNFIELD HOTEL COFFEE SHOP

UNDER NEW MANAGEMENT

I take this means of announcing to the general public that I have leased the Brownfield Hotel Coffee Shop, and will endeavor to give the people the service they expect in a nice, centrally located place like this. We have had years of experience in the cafe business in towns the size of Brownfield and larger, and we feel that we know the needs and desires of hungry people.

I have surrounded myself with some of the best cooks in this section, who have catered to the appetites of all kinds of people. Waitresses who seem to anticipate your every want, and make your luncheon or dinner hour most enjoyable.

We are prepared to take care of banquets in the best of style, as well as parties or private families on short notice, and guarantee to please. And don't forget our SUNDAY DINNERS are par excellent. Why cook while it is so hot?

By the last of the week, we hope to have our air-conditioning plant installed, and then we will not only have one of the most comfortable, but one of the most attractive dining rooms in this entire area.

COME IN AND TRY US JUST ONCE!

METHODIST CHURCH
John Witt Hendrix, Pastor

Church school invites you to attend its session and be numbered among its members. You can do so by being present at 9:45 a. m. Every preparation will be made to make your attendance profitable.

The pastor left Tuesday morning early accompanied by Rev. Jessie Young, for Pastor's school at S. M. U., Dallas, and will be away till some time next week. To this session will come ministers from all Texas and New Mexico, even some from Oklahoma. The University has left nothing undone to make this an extra fine session.

In his absence provisions have been made to have the pulpit filled by a very able preacher, Rev. Frank Luker who has held some of our very best appointments, was for several years pastor of the Herring Avenue Church, Waco, the church which serves the orphanage. The church will be highly pleased with his visit. The leagues will meet at their usual time—6:30 p. m. and 7:30 p. m. Preparations for good programs are being made.

MR. ROBINSON PASSES

Mr. J. L. Robinson, 61, groceryman of Plains, passed away last Sunday morning about nine o'clock at the local hospital following an illness of several weeks. He leaves a wife and some children, one son being an employee of the Miller Service Station, this city.

The body was prepared by the Brownfield Funeral Home, and carried to Throckmorton, Texas, where burial was had Monday.

Gomez

The W. M. U. met Wednesday afternoon in the home of Mrs. W. G. Swain. A very interesting and inspiring program on "Missionary Education of our Young People" was discussed by five members, also quilted a quilt to help finance our W. M. U. featured the evening entertainment.

Mr. and Mrs. W. J. Washman visited Sunday in the F. G. Moore home.

Messrs and Mesdames Rutt McLeroy, Kellie Sears and families and Mr. Butch Landre of Pool ranch visited Sunday in the C. J. McLeroy home.

Mrs. Wayne Rutherford was hostess to the Gomez Study Club, Thursday, June 15, in the home of Mrs. W. G. Swain. Quilting and piecing quilts featured the afternoon's entertainment. Refreshments of iced punch and cake were served to nine members and two visitors. The next meeting will be with Mrs. B. Stice on July 6.

Mr. and Mrs. Kenneth Furr and children, Joe, Anna and Keith, visited relatives and friends in Post over the week end.

Mr. and Mrs. Lee Walker and children, accompanied by Miss Dollie McLeroy spent the day Sunday with Mr. and Mrs. F. B. Condra, Jr. of Ropesville.

Mr. and Mrs. W. G. Carter and family visited in the Sedgwick home Sunday afternoon.

Mrs. Lloyd Clark and daughter Myrna Joyce of Needmore, and Jack Frank Fletcher of Southland, visited Mrs. Kenneth Furr, Monday afternoon.

Mrs. Ross Black and children and Miss Maxine Kelley returned home Sunday from Lubbock, where Mrs. Black has been attending Arlene's Beauty School.

Mr. and Mrs. J. J. Gaston visited several days last week with their son, Fincher and family near Ralls, Texas.

Mrs. Fanny Decker and children from Colorado City, Texas visited during the week end in the Rob and Henry Decker homes.

Mr. and Mrs. W. H. Key and family visited with relatives in Brownfield Sunday.

We are glad to welcome into our community Mr. and Mrs. Terry C. Redford and little daughter Dixie Jean, who is now occupying the local teaching.

Mr. and Mrs. R. W. Hudson and children visited relatives near the Pool community Sunday.

Mr. and Mrs. Wayne Rutherford and family were guests in the H. M. Austin home Sunday, near Brownfield.

Mrs. Cyame Black and three granddaughters were guests Saturday in the J. J. and R. A. Whitley homes.

Mrs. Robert Welch from Meadow visited during the week end in the W. G. Swain home.

Several from this community attended the Sing Song Sunday afternoon and reported a good singing.

Mr. R. H. Franklin and two sons visited Sunday in the home of Mr. and Mrs. J. B. Draper.

A birthday dinner was given Sunday in the home of Mr. and Mrs. A. P. Daugherty in hon-

or of Miss Louise Daugherty, Mrs. Robert Young and Mr. W. W. Waddell. We understand these three have enjoyed birthday dinners together for the past five years. Those who enjoyed this lovely affair were: Messrs. and Mesdames, Druery Mayfield, Therman Patterson, Robert Young and family, W. W. Waddell, Ed Ballard and family; Miss Estelle Swain.

Messrs. R. A. Whitley, B. H. Bartlett and son made a business trip to Lubbock Monday afternoon.

Dr. E. C. and Mrs. Davis, together with his sister and brother-in-law from Ohio, left Tuesday, for ten day vacation to San Francisco Fair, and other parts of the west.

Mrs. Joe Patterson and son, Bobbie Joe, of this place and Mrs. Gene West and daughter Sandra, of Levelland, spent Father's Day in Sudan with their parents, Mr. and Mrs. Coonauger. Bobbie Joe remained for a visit.

THEY'VE GOT SOME-THING, THERE

Seems to us that the Covington (Ala.) News had something on the ball when they wrote ran the following in a black-bordered box:

"To Whom It May Concern: If you have frequent headaches, dizziness, fainting spells, lame back accompanied by chills, cramps, bunions, Jaundice, chilblains, or epileptic fits, it's a sign you are not well and liable to die any minute. So hasten to this office and pay your subscription a year in advance, and make yourself solid for a good obituary notice!"

HARVEST BEGINS AROUND PLAINVIEW

Generally speaking yields of wheat on dry land farms around Plainview were far from satisfactory as wheat harvest got under way in earnest this week. However, one wheat grower, on the L. W. Guthrie farm, east of Plainview, reported an average yield of 18½ bushels per acre on non-irrigated land.

Many who expected their wheat to average around 7 bushels were disappointed, however, and yields which hardly paid for combining have been reported. No reports were available on yields on irrigated fields for most of these are barely ready to harvest.

The grain, thanks to extremely dry weather, was ripening fast, and nearly all crops will be ready for the combine by the last of this week.

Wheat is worth only 62 cents per bushel on the local market. —Community Weekly

QUEER SUPERSTITONS

Superstitions regarding the prevention and cure of disease have persisted from time immemorial, many of them being still prevalent in the more backward sections of the country. A few were called to mind by a recent writer, in noting the death of an aged Kentuckian who continued to wear earrings to the last, in the belief that they were good for the eyesight.

Another old-time notion was that wearing a mustache was beneficial to weak eyes, just as it was thought that carrying a buckeye or a potato in the pocket would prevent or cure rheumatism.

One doesn't have to be so very old to remember when children were caused to wear a little bag of asfetida strung around the neck as a protection against

"I thought I knew all about automobiles!"

A LOT of folks have had their eyes opened wide by a ride in a 1939 Ford V-8. They just didn't realize how much more value and how many improvements we've put in this car the last few years.

Today's advanced Ford is a product of progressive engineering, fine materials and honest

construction. It is backed by an experience of building far more cars than anybody else in the world.

One ride in today's Ford — with its smooth 8-cylinder engine, stabilized chassis, hydraulic brakes — will prove it's the modern car in the low-price field.

FORD V-8

EASY TO BUY

EASY TERMS

See Your FORD Dealer for Generous Trade-in

"catching" diseases and when in many home bunches of various dried herbs were hung about for the same purpose. Some believed that keeping a goat around the house was a prime health measure.

The writer remembers being warned when a boy not to wade in water when affected with hives, "lest they strike to his heart and kill him". He waded, nevertheless, and lives to tell the tale.

These superstitions, like the belief that a horsehair placed in a rain barrel would turn into a snake, are gradually dying out—but many presumably intelligent persons to this day will refuse to take the third light from a match, or walk under a ladder, for fear of dire consequences. —Post Dispatch.

UNTWISTS TWISTERS

An Arkansas man claims to have invented a dingus for untwisting twisters. A Kansas man had a similar experience some years ago when he noticed that twisters came through a cut in the sandhills on the "west 40". Having harvested and laid in his supply of flour, he hauled several barrels of it out to the cut, set the barrels a few feet apart and opened the tops. The next day he noticed a white fog at the cut and saw a twister winding dough streaks high in the air. The rain moistened the flour and the electricity cooked it. The twister got tangled up with that dough and fell down in the pasture near the house. The old boy went out and looked at the bread which resembled cordwood as much as anything. Well sir, believe it or not, he hauled in several loads of this bread filling his barn and smokehouse. A few days later, clouds thickened and a low hum was heard back of the house. The noise increased till the old man went out to take a look. Just as he stepped out, the barn and smokehouse went in all directions. "Twister seed" in that bread had been brought to action by perfect cyclonic conditions and small twisters were going in all directions. The family barely made it to the storm cellar, and little remained above the ground when they came out next day.—Clarendon Leader.

FRANK MERRIWELL IS BEING RESURRECTED BY CREATOR

NEW YORK, June 14—Frank Merriwell, hero of paper-backed novels of long ago, is being resurrected by his creator, but things won't be the same.

Frank, and his halfbrother, Dick, will achieve social consciousness. Instead of the villainous Toby Baxter they will fight intolerance.

The baseball games at Fardale academy will still have the same ninth inning setup: Two out, bases filled, four runs needed to win, Frank at bat and the count two strikes and three balls.

But there will be a Jewish boy on the team and a boy named Hans united in friendship by Frank.

Burt L. Standish, who wrote

the 1,236 stories and 17,660,000 words in the Merriwell saga which sold 123,600,000 copies, said a Protestant minister had inspired the revival.

The minister, Standish said, pointed to the persecution of minorities under the dictatorships and suggester Frank and Dick could make all Americans more conscious of tolerance.

THE OPENING OF THE—

Brownfield Body & Fender Works

We take pleasure in announcing to the automobile, truck and tractor owners of the Brownfield section that we are now equipped with all new, modern tools to take care of your needs in the repair line. We have some of the best mechanics in this area, ready and willing to give you a job that you will be proud of.

Why go around with dented, ugly fenders, when you can have them straightened and repaired like new. Ask us for the names of customers that are more than pleased. Then, you can talk to them.

With all new tools and appliances, we know that we can please you. Come in and ask the cost of having the body of your car made like new. Or, if it is the motor, generator, the clutch or any part of the car, we can fix it.

This Week Brings—

News of storms here and round about, disastrous both to life and property — we, Brownfieldians have a lot to be thankful for . . .

Word has been received that the Ray Brownfield party is having a wonderful time, and is now on their way to a cooler climate, Canada . . .

If you go south, fishing, you will probably get a fish and a few chiggers—if you go east you will get a fish, maybe, but better take along the bacon and eggs, —if you go to Ruidoso you are liable to get smallpox—so take your pick, lucky vacationists or consult some of the Brownfield gentry who give you the pure, unadulterated dope on vacations.

The longest day in the year, —half of 1939 a closed book.

CAKE RECIPE

We publish this week a delicious small cake recipe just the size for June brides to bake for the way to hold a man is to keep him well fed. This is the favorite recipe of Mrs. Herman Trigg.

- 1 cup flour.
- 1 cup sugar.
- 2 heaping tablespoons Cocoa.
- 1 cup sour cream.
- 1 teaspoon soda.
- 1 cup nuts.
- 1 teaspoon vanilla.
- 2 eggs.

Beat five minutes and bake very slow till done. This can be cooked as a loaf or layer and iced.

Dr. and Mrs. R. B. Parrish are entertaining his parents, from Houston, Minn. They have visited the Carlsbad Caverns since they have been here. Mr. Parrish is a game Warden in Minnesota. Elizabeth Ann Smith is visiting relatives in Hollis, Okla.

Miss Evelyn Day has recently accepted a position as bookkeeper at Knight Hardware. Miss Day is the daughter of Prof. Day of Union school.

I-IDEAL CLUB

The beautiful home of Mrs. Dick McDuffie was the scene of one of the loveliest parties on Wednesday afternoon when she was hostess to members and guests of the I-Deal Bridge Club.

Mrs. Treadway receiver pyrex covered bowls and Mrs. Akers an ice cube crusher, for high scores.

Dainty rainbow color three tier combination sliced sandwiches and salad and fresh peach short-cake and whipped cream was served to Mesdames Treadway, Daugherty, Stricklin, Allen, Davila, Graves, Taylor, Kendrick, Evans, Dallas, Telford, Bowers, Akers, Stice and Nicholson.

Miss Edna Cobb, of Cobb's Dept. Store came in last week from Dallas, where she has been visiting several days. She was accompanied by her mother, Mrs. Ann Cobb, and has taken one of the Tankersly Apartments where she, Joe Cobb and Miss Edna will live.

LAF-A-LOT CLUB

Mrs. Jim Graves was hostess to the Laf-a-Lot Club on Thursday afternoon to four tables of bridge enthusiasts, including Mesdames Spencer Kendrick, Clovis Kendrick, Dick McDuffie, Pete Tierman, Vance Glover, Earl Anthony, R. L. Bandy, John L. Cruce, Jack Bailey, Troy Noel, Ike Bailey, Guthrie Allen, Wilson Collins, V. L. Patterson, J. M. Welborn, Anderson, Evert Latham.

Fiesta pottery candlesticks and teapots were presented to Mrs. Wilson Collins for high score and Mrs. Troy Noel for second high. A dainty salad course was served at the close of the games.

Delbert Swindle is back on the job again at the Palace Drug after a vacation and visit with home folks in Abilene.

Mesdames Ethel Jones and Glen Akers were visitors in Lubbock Friday.

PLEASURE CLUB MEETS

The Pleasure Club met at Mrs. Sawyer Graham's Wednesday, June 14 at 3:00 o'clock for an afternoon at bridge.

Enjoying the afternoon were Mesdames Dell Smith, Blue Graham, Guthrie Allen, C. C. Primm, R. L. Bandy, John L. Cruce, James P. Davis, Miss Virginia May and the hostess. Mrs. Adolphus Smith from Arizona was tea guest.

A delightful salad course was served, iced tea, delightfully cut open-face sandwiches and sliced fruit cake topped with whipped cream.

Mrs. Del Smith was presented with "Old Spice" talcum for scoring high during the afternoon.

A short business meeting was held to elect the following: Mrs. Guthrie Allen, President; Mrs. John L. Cruce, Vice Pres; Virginia May, Reporter.

TAHOKA NEWSPAPERMAN MARRIED TO MISS RUTHEL ANDERSON

The marriage of Miss Ruthel Anderson, daughter of Mr. and Mrs. J. B. Anderson of New Home to William E. Hill of Tahoka, son of Mr. E. I. Hill, Lynn County News publisher, was solemnized at the bride's home Saturday afternoon at 6 o'clock.

Only a few close friends and relatives were present for the ceremony, which was read by Rev. Cobb, Baptist minister at New Home.

The couple left immediately after the ceremony for Amarillo for a three-day honeymoon.

They will reside in Tahoka. Mr. Hill is also connected with the News with his father and Frank Hill, Brother.—O'Donnel Press.

Mrs. Frank Ballard, and daughter Patsy, visited in Stamford, Texas, last week in the home of Mrs. O. G. Shaw. Mrs. Shaw will be remembered as the former Miss Lena Mae Ballard.

Mr. and Mrs. Ralph Carter are vacationing in Ruidoso.

KOLONIAL KARD KLUB

Members of the Kolonial Kard Klub enjoyed the regular meeting at the home of Mrs. Jim Graves.

Mrs. Ray Christopher scored high and Mrs. Dick McDuffie second high. Both received "Old Spice" toiletries as prizes.

The guest list included Mesdames Clyde Cave, Garrett Daugherty, Herman Heath, M. E. Jacobson, Wilson Collins, Mon Telford, E. C. Davis, Dick McDuffie, Reba Boyd, Ray Christopher, Raymond Taylor, and Ike Bailly.

Mrs. Clyde Cave and little daughter Joan left Saturday for McKinney to visit her sister

TRIO ON VACATION

A party composed of Vermal Brothers, Barton McPherson and John J. Kendrick left last week for Denver Colorado, and other delightful vacation spots in the northwest.

P. B. Brothers had a Father's Day wire from Vermal Sunday and the trio were in Cheyenne, Wyoming.

METHODIST YOUNG PEOPLE

In the absence of Rev. J. W. Hendrix the Methodist young people will have charge of the Sunday night service. Rev. Hendrix is in Dallas attending a pastor's school. The evening program will be as follows:

The Etiquette of not Drinking
Call to Worship—Florence Brock, leader.

Hymn—"Rescue the Perishing."
Prayer—Florence Brock
Scripture Reading—Virginia Stroup.

Duet—"I Would Be True" Vivian and Evelyn Seale.

Talk—"Recognizing Social Pressure"—Beatrice Bradberry.

Talk—"Conviction vs. Conventions"—Ray Elliot.

Meditation—Reva Newsome accompanied by Eleanor Gilham.

Hymn—"Take My Life and Let it Be."

Talk—"Turning the Tables"—S. F. Coker.

Hymn—"Yield Not to Temptations."

Talk—"The Responsibility We Must Shoulder"—Frances Brock.

Duet—"Minnie Lee Walton and Emma Gene Coleman.

Facts—"Accented Opinion in Regard to Alcohol."

Story—Helen Gilham.

Hymn—"Let the Lower Lights be Burning."

—Benediction—

NEW BRIDES MUST GET DRIVER'S LICENSE

AUSTIN, June 16—It being June and all, the state driver's license division today took cognizance of romance.

The brides were reminded of a provision in the law requiring them to notify the department of public safety of changes of name and address so that corrected driver's licenses may be issued. Such notification should be given the department within ten days of the name-changing.

All in all the newlyweds have been fairly thoughtful in keeping the division posted on marriage data, Chief Ralph L. Buell said. "We have two rush seasons on changing names—June and October," he commented. "And it looks like this June will be up to par."

Sad as the news will be to Dan Cupid, the name-changing works both ways. Divorcess also notify the department when the courts restore their maiden names or otherwise make a change in nomenclature.

Applications for corrected licenses need upset no bridal budgets, since the department makes no charge for issuing the new certificates.

PREPARES FOR THE BIG RAIN

As the clouds began to gather Wednesday morning Jake Gorr of Collins Dry Goods took the weather phophets words literally and prepared for the big deluge as he started to the post office wearing a slicker, high top rubber boots and a rain hat.

It hasn't come yet, but there's nothing like preparedness, and too, Jake is the real business man, had the rain started a user-son would know just where to find weather goods.

Mrs. Pat Brothers had her sister, Mrs. J. W. Sneath, of Abilene, as guest from Saturday to Tuesday.

Bobbie and Sammy Jones returned Tuesday from a visit with their grandparents Mr. and Mrs. J. L. Barton in Lubbock.

MRS. HOWZE HOSTESS

A very delightful afternoon was spent by the members of the "Stitch and Chatter" Club of Union June 15, with Mrs. Ada Howze as hostess.

Congeaed salad on lettuce, cake and punch being served to twenty members and three visitors.

The club meets with Mrs. Parker June 29.

THREE LITTLE WORDS

"These are voted tops as the 3 sweetest words in the English language:

- I love you.
- Dinner is served.
- Keep the change.
- All is forgiven.
- Sleep until noon.
- Here's the five.

And the saddest were:

- External use only.
- Buy me one.
- Out of gas.
- Dues not paid.
- Funds not sufficient.
- Rest in peace.
- Clarendon Leader.

Lanias Williams of Seagraves was a Sunday visitor in Brownfield.

Mr. and Mrs. George Bruce Hancock and little son have moved back from Seagraves. George will be associated with his father in the management of his newly acquired business, the Brownfield Hotel and Coffee Shop.

Mr. and Mrs. Cy Tankersley and children have returned from a ten-day vacation trip to New Mexico.

PLUMS for canning, jelly or cobbler at my place 1 1/2 miles southeast on Lamesa road. See W. E. Stone. 47p.

Mrs. Clarence Lewis is improving rapidly.

THREE PHASES OF LIFE

Grandpa. When I was a young man, my big ambition was to have a gig and a gal.

Dad. I only wanted a fliver and a flapper.

Son. Hey, Pop! How about me having a plane and a jane? Ex.

MEAT COOKERY

The meat roast of yesterday was often quite dry and tasteless. That of today is juicy, tasty and has several more slices than the other roast. It is less trouble to prepare, has a superior flavor, and besides going farther, saves time and fuel in the bargain. Yes, today's roasting methods are truly revolutionary.

The roast of yesterday was salted, preferably overnight, so as to "take the salt". It was then rolled in flour, generously, and seared at a high temperature either in a very hot oven or over flame. This process was thought to retain the meat juices. Today, we know that seasonings do not penetrate very far and they go into the gravy so this point is immaterial. This modern roast is not floured because the flour is more liable to burn and the black flecks are not very appetizing in the gravy. If a rich, brown gravy is desired, it is a simple matter to brown the flour in the fat later.

At this point a decision must be made. What is the result to be? If the crusty, brown surface is desired, the meat is seared in a pre-heated 300 degree F. oven about twenty minutes and then roasted in a slow (300 degree F) oven for the balance of the time. If same color throughout is desired, meat is cooked in a slow oven for the entire period of time. This searing process is for appearance only. The searing does not retain the juices and if the high temperatures are continued too long, the roast become dry and tasteless.

While longer cooking time must be allowed for this low temperature of roasting, superior results are assured. Regardless of type of stove or fuel, lower oven temperatures produce tastier roasts.

The change in pan styles is significant. Yesterday the pan was of the double variety and quite expensive. Today the pan is shallow and has no lid. It is expensive and often does double duty, sharing the honors with biscuits. Formerly the roast was placed in the roaster, enough water added to start the steam and often roast frequently basted until done. This method was not roasting in the true sense of the term. Today the roast is placed in the shallow roaster, fat side up. This roast is not basted as the melting fat does its own basting much more effectively.

Meat thermometers are available at household furnishing and hardware stores. They are not essential but do take the guess work out of roasting. Insert the thermometer bulb in the center of the meat muscle, being careful not to touch bone or fat; roast the meat until the thermometer registers the required internal temperature—rare, medium or well-done. This is approximately thirty minutes per pound for a well-done roast.

Mrs. U. D. Sawyer and daughter Miss Myrtle, from their New Mexico ranch near Cross Roads, dropped in Saturday, and put their paper up two years in advance. Miss Myrtle has been attending the University of N. M., at Albuquerque this year. Their eldest daughter, Miss Fern will represent Brownfield at the Cowboy reunion at Stamford.

Mr. and Mrs. Leonard Kruse of San Antonio are visiting Mrs. Kruse's parents, Mr. and Mrs. L. H. Perkins of near Gomez.

Mesdames Ike Bailey, Jack Bailey, Troy Noel and Bryant Patterson left Wednesday morning for Ruidoso to enjoy a week's vacation.

Miss Sue Jones will leave Sunday for Prescott, Arkansas to spend a two weeks vacation with relatives.

Horace Beck, Herald employee, visited his parents at Hobbs, N. M. over the week end.

For the convenience of my patrons, the **WINES HOTEL** will change from family style meals to short orders on Saturday, June 24th. There will be an experienced cafe man in charge to serve you with delicious plate meals, sandwiches, coffee, and pies. You will especially enjoy our good coffee and salads made with our famous home made salad dressing.

We will still use our private dining room for luncheons and dinners, and will give the same service as before the change.

POPULAR PRICED MEAL TICKETS

We will appreciate your patronage as in the past.

MASTER-ETCHINGS by Fostoria
AMERICAN by Fostoria

PRESENTING SHIRLEY A NEW "MASTER-ETCHING"

For you who have cultivated a talent for gracious hospitality, we suggest Shirley, Fostoria's new "Master-Etching."

Superb delicacy is the best way to describe this adaptation of your favorite poppy, so skillfully etched on clearest crystal. The feathery pattern is especially entrancing on stemware when its delicate shadows are dancing in the candlelight.

We are proud to be the first to present this new popular Fostoria design. It is available here in a complete table service and many accessory pieces.

Exquisite? Yes! But not expensive. The moderate prices will surprise you.

EXQUISITELY BEAUTIFUL . . . MODERATELY PRICED

Many years ago, Fostoria introduced to American women crystal dinnerware perfectly satisfactory for serving all kinds of hot foods and drinks.

Complete service sets became popular; a correct and preferable setting for many occasions. Of many patterns, none proved to be as popular as "American." Durable, beautiful, it is also a supremely useful line, characterized by an abundance of incidental, indispensable table pieces.

The most authentic of all Early American reproductions, Fostoria's "American" fits with any scheme of table furnishing or decoration; particularly colonial, provincial or modern.

You will like "American," its luster, brilliance, and prismatic reflections. It is decidedly inexpensive. An entire luncheon set can be assembled at very little cost. There are over 175 separate items for your selection. Some of these are as little as 50c each.

THE PALACE DRUG STORE

NOBODY'S BUSINESS

By Julian Capers, Jr.

AUSTIN—The people of Texas won another notable victory over the special interests and Gov. W. Lee O'Daniel, when the House of Representatives rejected for the sixth time the lobby-inspired sales tax constitutional amendment last week end. With adjournment for Wednesday, June 21, the opinion of best informed observers here, as this column is written over the week end, was that the plan to freeze a \$50,000,000 tax program into the Constitution was finally dead. Proponents, led by Ely Thornton of Galveston, gave notice they would seek once more before adjournment to suspend the rules and reconsider House defeat of the Constitutional sales tax plan, but in view of the fact that proponents lost strength on their latest attempt, most observers here gave them only an outside chance. Preponderance among informed opinion was the session would end with no taxation legislation.

Worn by the long session, both House and Senate set a precedent by adjourning until Monday, after the Thursday test vote in the House. This automatically doomed all bills not already out of committees, and also spelled death for many measures on the calendars of both houses, as special rules went into effect.

BROWN'S LOTION will stop BAD FOOT ODOR with three applications, at night only, or your money back. ATHLETE'S FOOT quickly healed. Guaranteed for RINGWORM, POISON IVY, INSECT BITES, ECZEMA, CONTAGIOUS SORES, CUTS, etc. Sold by NELSON-PRIMM DRUG CO.

Senate Passes Fair Trades Act
The Senate filibuster which has blocked passage of the so-called "fair trades act" sponsored by Senator Franklin Spears, and financed by out-of-state manufacturers and wholesalers finally broke down, and the bill sailed through the Senate to final passage. The House quickly concurred the Senate amendments, and sent it to Gov. O'Daniel, who is expected to ask Attorney General Mann for an opinion before signing or vetoing it. O'Daniel pledged his support to the law during the campaign, but later indicated, in a speech at Houston that he didn't favor it, so, as usual observers were in a quandary as to what he might do with it.

Source of some of the heavy pressure which has been put on in Austin for the bill was revealed as it went through, as coming from the whiskey interests. The set-up for distribution of liquor in the United States is widely different from that which existed before prohibition. Today, liquor is distributed through wholesale drug organizations, and in Texas, much of the retailing of liquor is through retail drug stores. The national wholesale chains have been controlling retail prices on liquor in Texas for more than a year, by means of agreement among themselves, under which they supply liquor retailers with a "suggested fair price" schedule at which each brand of liquor should be sold at retail. Retailers who violate this "suggested price" schedule find their supply of liquor cut off. Newspapers in the larger cities have aided the scheme, which many lawyers declare is an open violation of the Texas anti-trust laws, by refusing to accept advertisements from "cut price" liquor stores which offer liquors at prices lower than the wholesalers' "suggested fair prices". In Texas, millions of dollars worth of liquor is sold through drugstores for "medicinal" purposes in dry territory, and it is amazing what an epidemic of illness prevails in the dry towns on Saturday nights. The liquor folks believe that the "fair trade act", if signed by the Governor, will enable them to control the price of liquor 100 per cent, forcing "cut price" liquor stores into line or out of business, and giving the sanction of law to the present practice which many believe is outside the law.

Senators who voted for the bill on final passage included Aiken, Brownlee, Collie, Graves, Hardin, Hill, Isbell, Kelley, Lanning, Martin, Metcalfe, Moffett, Nelson, Roberts, Shivers, Spears, Stone of Galveston, Sulak and Winfield. **Mann Gives Opinion**

The opinion of Attorney General Gerald Mann on the road bond indebtedness bill, which was in conference over the week end, was a severe setback to the group of county judges who have been seeking to "divide up" in cash the surplus in the present bond retirement fund. Mann held the present surplus in that fund, created by allocation of one cent of the gasoline tax to retire bonds on highways which have become

part of the State road system, is a trust fund, and cannot be diverted to other uses by the Legislature. In future, the surplus can be used to retire "dead horse" county lateral road bonds, he held but the strong lobby which backed the original county judges bill was decidedly more interested in dividing up the cash surplus now in the fund than in getting some several years in the future. Mann held the money would have to be used in reimbursing the counties for the deficit created on approved State Highway bonds in the years before the fund was able to pay these charges in full, before any of it could be diverted to county lateral road bond purposes. Final form of the bill, at this writing, was uncertain until adoption of the conference report.

Minority Saved State Once Before
The action of the minority in the House blocking the constitutional amendment for a sales tax has good precedent in Texas legislative history. On several occasions small groups have resisted pressure for changes in the Constitution, in the face of severe criticism. Invariably, they have seen their action vindicated and approved by the people. The most recent example was when a \$200,000,000 State bond issue for road building was proposed, during the Sterling administration. Less than 60 House members blocked it. Today, Texas is virtually without bonded debt (except for a small balance on the bread bonds) while many neighboring states are burdened with millions of dollars of outstanding bonds, usually issued for highway purposes. And state highway building in Texas has gone forward satisfactorily, paying its way out of current gasoline receipts, and furnishing employment to thousands during the bitter depression years.

If Texas is going into the pension business on the grand scale indicated by passage of the liberalized pension law, a sales tax might be necessary to pay it. But it probably will be imposed by statute, not by constitutional amendment.

Fire Waste On the Farms of Texas

AUSTIN, Texas, June 23—Despite improvements in farming methods, equipment and facilities, the farmer of today is still faced with a serious problem which, unless solved, will continue to retard the general progress of business and reduce every farmer's profit. This problem is the annual fire loss suffered on farm property, according to Marvin Hall, State Fire Insurance Commissioner.

"Nearly two million dollars property loss is suffered each year on the farms of Texas," Commissioner Hall pointed out, "and a very substantial reduction can be made in this figure if farmers generally will observe a few simple rules of fire protection and prevention."

The losses in barn and granaries contribute largely to this annual toll, as these are peculiarly subject to fire danger. Of the many sources of barn fires, spontaneous combustion is perhaps the most dangerous and the one which should first be eliminated. Moisture, bacteria activity, germination and storage in large heaps may be listed as the main causes of spontaneous combustion.

When feeds are curing or drying, bacterial activity is always present, and everybody knows that wet or green feed in storage will heat. Unless the heat is carried away by ventilation, it may

MARSHALL LOYD OPENING NEW SHOE SHOP

Marshall Loyd, who is already well known here, is opening a new shoe and boot repair shop in the north half of the building occupied by Buck's Barber Shop, and Cinderella Beauty Shop, the place formerly occupied by Dr. McIlroy and before that time, the Ward Shoe Service.

Mr. Loyd served his apprenticeship under Mr. Ward of about four years before moving to Levelland, where he opened a shop. After remaining in Levelland several months, Mr. Loyd decided that Brownfield was a better town, for his business at least, and the fact that he had a host of friends here made him decide to remove to this city.

Mr. Loyd is a son-in-law of J. L. Langford, a prominent farmer in Terry county for the past 19 years. Mr. Loyd married Mr. Langford's daughter just before Christmas. He is a young man of exemplary character who wants a start in life.

He wants old customers as well as the new people in Brownfield to call and see him. Note his ad in this issue.

CEDAR LAKE AREA GETS NEW WILDCAT

Again the major oil companies are going to see if the Cedar Lake area of eastern Gaines county will produce oil. Contract has been let for drilling of a deep test just two miles west of the Dawson-Gaines lines and just east of Cedar Lake, the location will be drilled to approximately 5,000 feet.

A block of 20,000 acres has been assembled and it is expected that operations will start on or before the first of July. The location is in section 3.—Seagraves Reporter.

Ralph Bynum, who got his hand broken a few weeks ago, now has it out of plaster cast.

be come so intense as to set fire to the feed, and this sad result is hastened by large heaps or quantities stored in one place.

Some of the important facts and fire preventative measures which should be observed, Hall said, may be briefly explained as follows:

Because hay is subject to spontaneous combustion, it should be thoroughly dried before putting in the barn. The use of common table salt is recommended when storing loose hay which is not thoroughly cured since a sprinkling of salt reduces the moisture and thereby lowers the danger of fire. From three to ten pounds of salt to each ton of hay will be sufficient for hay stored in wet weather.

In order to allow air circulation underneath in storing baled hay, start with a few planks or logs on the floor. Then give some space between bales for ventilation by stacking it so there is air space around each bale. If heating sets up, the air will carry the heat away, cooling the hay and thereby preventing a fire and saving the quality of the hay.

Ear corn is another source of "unknown" fires. When storing it, run a pipe down the center so that the hot gases may escape.

"All foodstuffs should be well cured and dried before storing," Hall said. "Even then, feed should be examined occasionally during the period it is stored to see that it is not becoming heated and ready for spontaneous combustion to take place. If these and other simple rules are followed by the farmer, he will no doubt reduce his fire loss and thereby benefit himself and his neighbor."

LAHEY

We are glad to report that Mr. Less Newberry is feeling good.

Mrs. W. T. Brisco entertained members of the Stitch and Chatter girls Club, in honor of her niece, Clarence Brisco, who was given a birthday shower. The afternoon was spent sewing. Refreshments were served to the ten members and two visitors. The next meeting will be with Elma Lois Hulse.

Mrs. Florence Cobb, of Odessa, visited Sunday in the home of her brother W. A. Fulton.

The young folks of our community were dinner guests in the home of Mr. and Mrs. Bill Lambeth Sunday.

Miss Robbie Cravens spent Saturday night with Miss Ozelle vest of Brownfield.

The boys softball team won over Needmore 40-13.

Several people from our community attended the Sing Song at Wellman Sunday afternoon.

Mr. and Mrs. W. M. Thomason and family were dinner guests in the home of Odie Lemley.

Mh. E. W. Newberry of Abilene is visiting a few days in the home of his brother, Les Newberry.

Young People's League meets each Sunday night at 8 o'clock. We hope more will come to be with us next Sunday.

Donald Foberts is visiting this week in the Hulse home.

W. E. Stone Has a Great Fruit Crop

With a young orchard just beginning to bear, Mr. W. E. Stone, out a mile and a half on the Lamesa road, has about 160 plum and peach trees loaded this year. Mr. Stone says that even though you have a crop every three or four years, an orchard pays.

He brought in a limb about two and one half feet long Wednesday afternoon that contained 66 plums. These are now ready for canning or for preserves or jelly, and he is selling them at a reasonable price.

HIGHWAY 15 WEST

Boosters of State Highway No. 15 in Seminole as well as in Hobbs, New Mexico, and all along up and down this important route, will hail with joy the good news that the contract will be let June 20, on the stretch of highway from Seminole west to the New Mexico line. Due to the heavy traffic on this stretch of unpaved road, it is impossible to keep this dirt road in decent shape.

It is understood the successful bidders will have sixty days from time of letting of the contract to begin construction. If this much time is used it is not likely that the road will be finished before spring, as warm weather is required for the hot topping of the road. However, the road should be finished and oiled ready for the hot top before the beginning of winter, and this would give the traffic a fairly good road for the winter months.

—Seminole Sentinel

STATEMENT FROM OLD AGE PENSION COMMISSION

AUSTIN, Texas, June 19—W. A. Little, Director of the Texas Old Age Assistance Commission, stated today that no investigations would be made of applicants for Old Age Assistance under the new Law until a ruling has been secured from the Attorney General's Department, which opinion would serve in formulating policies and procedure of investigation under the liberalized act. Even after the opinion has been secured, it will be necessary for investigational instructions to be perfected and worker advised as to their use. This will likely require another week or ten days after the Attorney General's Department has officially acted.

Little further stated registrations had reached about 30,000 for the state as a whole, and it was an admitted fact that under the most favorable circumstances, several months would be required to complete records of investigation and to certify recipients for whatever pro rata share of available money might be at hand from month to month. In the meantime, a new plan will be submitted to the Social Security Board at Washington, and their final decision as to the approval or disapproval of the plan awaited.

"THE HORSE"

Old horse, you are a wondrous thing;
No horns to honk, no bells to ring.
No license buying every year,
With plates to stick on front and rear.
No sparks to miss, no gears to strip,
You start yourself, no gears to slip,
No gas bills mounting every day
To steal the joys of life away.
Your inner tubes are all O. K.,
And thank the Lord they stay that way.
Your spark plugs never miss or fuss!
Your motor never makes us cuss,
Your frame is good for many a mile,
Your body never changes style,
Your wants are few and easy met
You've got something on the Auto yet. —Ex

TRIED AND FOUND WANTING

A short time ago, President Green of the American Federation of Labor, requested that Congress amend the Wagner Labor Relations at this session. Failure to do that, he added, might mean "obliteration of the Arts in 1940."

In other words, if the Wagner Act isn't soon amended to correct its abuses and weaknesses, a disgusted people will see to it that it is voted into oblivion. And if that happens, the good portion of the act, which properly protect the worker in his rights, will go as well as those bad portions, which encourage labor racketeering.

The Wagner Act has been tried, and found wanting. The best friends labor has, call for its revision. Those wise words should be given the immediate hearing they deserve.

Mrs. Nowell and son, Homer, left last week for south Texas, where they intend making their home.

Mrs. Elmer McCollum and two sons came in Monday from Sweetwater, Texas, where they have been visiting relatives.

Grady Goodpasture left Tues. of last week for Hereford and other north plains wheat fields with two combines and a crew of six men. He will likely follow the harvest on up to Kansas.

Dr. and Mrs. E. C. Davis of this place accompanied by Dr. Davis' sister, Mrs. Dudley Newton and Mr. Newton, of Cleveland, Ohio, left Tuesday morning for the Treasure Island, San Francisco, California and scenic points in California, Washington and Oregon. They will go the northern route, as it is said to traverse a more scenic country.

Mrs. T. I. Miller of Wech section, dropped in this week to add a dollar on their time. Thanks, friend!

Mrs. B. W. Cruce came in around nine last Wednesday night to add her name to our growing list of readers.

The Herald will follow former school superintendent and Mrs. Baze to their new home at Monahans.

C. L. Polk, of Clarendon, who has been visiting his daughter, Mrs. Clay Newberry of the Union community, returned home this week. The Herald will keep him posted on Terry county for the next year.

A. W. TURNER ATTENDS FUNERAL OF GRANDFATHER

Mr. and Mrs. A. W. Turner were called to Ralls, Texas Monday night when his grandfather, T. M. J. Burgess aged 98, passed away at the home of his granddaughter, Mrs. W. T. Huckaby. Mr. Turner accompanied the body to Tipton, Oklahoma, where interment was Tuesday.

FALSE CONFESSIONS

While there is no doubt that a large percentage of murders and other criminals escape the punishment they deserve, the number of innocent persons who are convicted, some of whom are put to death, is perhaps greater than is generally supposed.

This is true even among some who confess to the crime with which they are charged, particularly in cases where confessions are extorted through "third degree" methods. Several cases have been cited by Robert Cantwell, of the Chicago bar, including the following:

In the Bornes case in Vermont, two brothers confessed to a murder, but the man supposed to have been murdered showed up later, alive and well. In Illinois, three Traylor brothers confessed murdering a man named Fisher, and witnesses testified to having seen the dead body, yet Fisher turned up alive. In the same state a man named Turner was sentenced to death, but secured a new trial and before the second trial could be held the alleged victim returned.

These are only three out of a large number of similar cases cited by Mr. Cantwell, who declares that he has authentic records of no less than 129 persons who confessed and were executed for murders, although their supposed victims were found to be alive afterwards.

This is not intended as a plea for laxity in bringing the guilty to justice, but it serves to show the great responsibility which rests upon juries and judges, as well as to emphasize the unreliability of circumstantial evidence, even when accompanied by a confession of guilt, in some cases. It particularly illustrates the frightful injustice of lynching under any circumstances.—Post Dispatch.

Canton Island in Mid-Pacific is being prepared as a stopping place for a new San Francisco-New Zealand airline.

STUDY INDUSTRIAL TRAINING FOR HIGH SCHOOLS

AUSTIN, Texas, June 16—To permit high school graduates to combine academic studies with industrial training, a month's conference on diversified occupations opened June 1 at the University of Texas, Miss Laura Murray, director of the Industrial Teacher-Training Bureau, said today.

A department of the University's Extension Division, the bureau offers modernized training in trades and handicrafts to the people of the State, Miss Murray said. Distributive education courses embrace new techniques in wholesale and retail selling.

OIL EXECUTIVE WARNS BUSINESS "STOP CRYING"

"Industry for the past ten years has been over in the crying room—always complaining, always sending some one to Washington, always getting up and telling what's wrong with the Roosevelt Administration," declared Frank W. Lovejoy, general sales manager of the Socony Vacuum Oil Co., of the Standard group, addressing 600 delegates to a convention of the National Federation of Sales Executives in Philadelphia June 5.

"You'll never cure a situation that way and I say that no situation exists," he continued. "The political scene doesn't interfere with markets for a company that has a product and goes out and sells it. You are always going to have taxes. Industries formerly accustomed to booming revenues should have been stirring themselves and adjusting themselves to reasonable, normal profits and without curtailing advertising, as many have done."

E. S. Wilson, vice president of the Goodyear Tire & Rubber Co., predicted the unemployment problem would be solved "by making new things for people to buy."

PRAIRIEVIEW TO ENTERTAIN THE OLD FOLKS

Prairieview, 20 miles northeast of Lovington, New Mexico, will again entertain the old people of this section with a songfest and picnic, mostly of old time religious songs the fourth Sunday in June, which is next Sunday.

The program is to begin at 10 o'clock, N. M. time, which is one hour earlier than ours. Plenty seats will be provided, and the old folks will fare on beef barbecue, tea or coffee, and other makings during the noon hour. Person over 60 are included in the group. Others are expected to bring well filled baskets.

SHOVEL-JAWED MATODON DISCOVERED IN BEE COUNTY

Austin, Texas, June 23—A nine foot skull of a prehistoric shovel-jawed mastodon, the second unearthed in the same site—has been discovered in a Bee County water hole, Dr. E. H. Sellards, director of the Texas Memorial Museum, disclosed here today. University of Texas and WPA field men have been working the Bee County quarry for several months.

The shovel-jawed mastodon, an early form of the elephant, was about the same size as his descendant of today, Dr. Sellards stated. The newly discovered skull will prove one of the largest found, he believed.

He credited the rich geologic "strike" which has already yielded the fossilized bones of one 20,000 year-old mastodon, to the presence of an ancient water hole where the beasts must have bogged in clay.

Mrs. R. A. Graves, of Enid, Okla., attended the wedding of her brother Chas. Rhader to Miss Orvalene Price, here Saturday.
