

County Attorney Gives Low Down on "Hot Check Law"

The article below, by County Attorney Burton G. Hackney, on the hot check law, passed by the recent session of the legislature, was given us last week, but was crowded out. Be sure that you read it.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS.

SECTION 1. It shall be unlawful for any person, with intent to defraud, to obtain money, goods, service, labor, or anything of value by giving or drawing any check, draft, or order upon any bank, person, firm or corpo-

Work Started On Big Street Improvement Job Last Week End

A large crew of workmen started late last week on moving dirt and digging trenches for the large paving job that will in all likelihood last for the next twelve months, as it will not be possible to lay exposed concrete or hot topping after the weather becomes freezing late in November or early December. Of course the job of putting down the caliche base or grading and rolling can go on through the winter. Therefore it is our understanding that just as much curbing and drains will be laid before cold weather, so that the caliche work may be provided for the coming months.

With some \$50,000 obtained from the WPA, an additional \$15,000 recently voted by the taxpayers to match the government sum, it is believed that it will pave some 60 block, or more than three miles of streets. When the job is done, and with the some 40 or 50 blocks already paved, Brownfield will be one of the best paved small cities in this section. Then no wonder that many think of coming here to make their home or to build homes. They want in a clean community, and also a progressive community.

Mayor Clyde C. Coleman stated to a Herald representative this week that the town cross sections would receive the first attention, and therefore work started on 7th street in the block between Main and Broadway. The block between Main and Hill is paved but the next block will be paved. This movement will be continued on eastward as fast as possible. By paving these cross streets they will carry the water from the Main streets to the draw.

It is hoped that most of the curbing and gutters can be laid before cold weather, and if topping is not finished, as stated above the caliche can be put down anyway, and will be well packed by the next spring for hot topping.

A Basket of Peaches From Ol' Eas' Texas

Boy! A basket of the most luscious presents that has been presented to this scribe in a coon's age, happened last week when A. D. Repp, superintendent of the Texas Compress and Warehouse Co., here, presented us with a fine basket of peaches (a half bushel) from the Lake Undy orchard of Athens, Texas, with the compliments of his boss, Archie Underwood, owner of a number of compresses and warehouses in this section.

They are genuine Elbertas, and mixed with some cream and sugar, if you had the sugar and cream, and you had a meal that would make you fight your granddaddy. However, there were more than our small family could use at once, so most of them went in cans and fruit jars in the form of preserves and jelly for future reference.

If we ever have a bale of cotton to compress, Archie Underwood's press will do the work, and Dudley Repp will be the boss of the plant where it is done.

Cotton Acreage Less Than Half of 1926

Picturing more vividly than words is a resume of cotton production issued by the Houston Compress Company, for the years 1926 to 1938 inclusive, showing what is happening to cotton production.

Each cotton producing state is listed individually, Texas, included, and then the totals for the nations are added.

In 1926 Texas planted 13,393,000 acres of cotton. Last year it was less than half with 8,784,000 acres, harvested, although the planted acreage was a trifle higher.

Brownfield Steam Laundry Employs Many People

One of the busiest places in the city is the Brownfield Steam Laundry from Monday morning until about Friday night, when the week's wash for people has been completed, and carried home. Saturday is given over mostly by Mr. Jim Miller (Soapy Jim) they call him to distinguish him from the other Jim Miller, whom they mutually agree should be called (Greasy Jim) as he runs a service station, and another hand to cleaning up the place, and getting it in shape for the coming week's "wash" if you really want to see a lot of people busy, and we mean busy, just drop around some morning about nine o'clock.

That this laundry is giving good service, there is little doubt. They do the work for the writer's family, and we know that it is entirely satisfactory, leastwise we never hear the better half say anything to the contrary, and if a wash is not entirely up to expectations, that is one thing they will squawk about. Neither do we hear other people complain, either on work or price. If one is doing satisfactory work, you don't hear their customers complain, neither are they prone to expend much breath in compliments. But you let some one turn out some shoddy, poor goods or work, and people howl to the high heavens. So that is the reason we know that Jim Miller is really putting over the job at the Brownfield Steam Laundry.

Like many others we have written up in these columns, Jim did not ask for it. Don't guess he even knows we are going to give him the once over this week, so we are not obliged to say what he wants us to say, but what we wish to say. But we like to get behind a fellow who is trying to do things and give Brownfield and area something to be proud of. This he is doing, and just as fast as business justifies, he is adding to his equipment the most modern machinery that money can buy. Mr. Miller also uses soft water in his plant, having his own plant to soften water. And you have no idea what a difference soft water makes in cleaning clothes. For one thing it removes the dirt and grime with a minimum amount of rubbing and scrubbing which is bound to have a wearing effect upon clothing.

The Brownfield Steam Laundry has done our work for the past three years almost exclusively, and the loss has been negligible. In fact we do not remember when a garment, large or small, was missing from our laundry. This is one department that Mr. Miller takes charge of himself. Clothing is carefully separated as to color and fabric, and then each and every piece is carefully checked and counter-checked and branded, and it is well nigh impossible to lose a garment with his method of checking. And if he were losing other people's clothing it would be talked all over the streets. So we know he is giving satisfaction along that line.

Another worth while feature about Mr. Miller and his laundry is that he is giving employment to lots of Brownfield people. You'd be surprised at the number, we were. He is working at the present time thirteen ladies and girls, all well over the "child labor" age and as he works them only five days, he is complying with the state and national labor laws in that line. He also employs three men other than himself, one of them to collect and deliver. So "Soapy Jim" Miller and his laundry are turning a lot of money loose in our city each week, each month from year to year.

More power to Jim Miller and the Brownfield Steam Laundry.

Jaycee Banquet Very Well Attended

Something like 100 attended the Junior Chamber of Commerce banquet Tuesday night at the high school gym. and each and everyone seemed to enjoy the feast and program. The time was 8:30, and started pretty well on time. The fact that a number of plates were not consumed meant very little, as possibly a lot of people elected to pay fifty cents for a meal and stay at home. We know a few who did.

Burton G. Hackney was the master of ceremonies, and with his usual amount of wise-cracks made all to feel at home. The first order was for the men to remove their coats and be comfortable. Some were wise enough to leave them at home in the first place. Mr. Hackney introduced the president of the Juniors, Mr. Ray Christopher, who after a few remarks, introduced the main speaker of the evening, Mr. J. O. Gillham, vice-president of the Brownfield State Bank. Mr. Gillham remarked that he felt at a loss as to just what to say, but finally launched out with compliments for their endeavors to cooperate with the Seniors in putting new enterprises over for the city. He also mentioned a number of improvements of the city, past, present and for the future.

Music was rendered by Miss Ola Belle Brown on the piano, assisted by Mrs. Roy Herod. Mrs. Roy Wingerd with the assistance of several men and ladies put on a "dummy" show that brought down the house. A few others, including H. R. Winston, J. E. Shelton, Secretary of the Senior Chamber, and Vernon Brewer, Secretary of the Juniors, made short talks, and a duet by Wilson Thomason and Mr. Smith was also enjoyed.

County Agent Says Crops Are Better

County Agent R. N. McClain is authority for the fact that crops generally in Terry County are better and the maturity almost a month ahead of last year. "Of course", he says, "there are large areas blown out with nothing much on them yet, but those who were fortunate enough to save their stands planted in May or the last of April, have as pretty crops as one would want to see. Cotton is blooming right along, and corn and feed doing nicely."

He said that one man reported that there was still standing in the neighborhood of 30,000 acres of cotton in Terry county, which if not molested by worms, could turn out 15,000 bales or better. We don't know whether that report included all the old cotton and some planted in July or not.

On the other hand, some estimate that half the allotted acreage of 87,000 is still standing, which would give us some 43,500 acres. Any number of farmers have informed the Herald that they had a lot blown out but they had planted more than their allotment, and had still standing about what they were allowed.

Just the same, a whale of an acreage has been blown out, especially on those memorable Tuesday and Thursday afternoons, and some farmers have nothing in the way of cotton. So your guess is as good as anybody's.

Jim Lindley Now in Charge of Sinclair Sta.

Jim Lindley, with his happy, smiling mug and all, now has charge of the Sinclair Service Station, corner of Hill and Highway 51. Since good natured Tiney Nelson was checking out, it was a streak of luck that E. C. Roberts hit upon "Jimmy" to take his place.

You will find Jim ready at all times to service your car as it should be serviced, and he'll make you want to come back for more.

Mrs. Martha Lingle of Austin spent the past week end with her mother, Mrs. J. L. Randall, Miss Dora Snyder of Lubbock was also a visitor in the Randall home.

Officers Declare War On Cattle Rustlers

Officers from Benjamin on the east to the New Mexico line, and from Amarillo to El Paso, were said by the Lubbock Avalanche of Tuesday to have met at the old T— ranch in Lynn county Monday for the purpose of organizing against the increasing depredations of Cattle and poultry thieves. These officers included sheriffs and deputies, rangers, constables and city marshals. Texas has rather stringent laws against cattle thieves as well as poultry thieves, if the law is enforced, and these officers were promised the full co-operation of the county and district attorneys in the law enforcement.

The newspapers of the area were called on to lend their columns to help inform people who might innocently violate some of these laws. Therefore, it will behoove those who haul cattle from one county to another to be sure that they are posted on the laws concerning such or they may be stopped and detained for questioning. Such violations, including not having a bill of sale, or the brand or ears of cattle, or the date they were purchased, carry a heavy penalty ranging from \$25 to \$500.00. The co-operation of the people is also desired. If stock or poultry is missing from your place, and not found immediately, you should report to officers immediately. If you live some distance from town, don't wait till you come in, get to a phone. As fast as the trucks now travel, just a little time means a great deal in a thief's get-away.

If you deal in cattle and poultry is your business to find out what the law is concerning the matter. For instance those who slaughter cattle are supposed to report each and every head of cattle or swine butchered at every term of Commissioners Court. So, if you are caught in the tolls of the law, don't blame anyone but yourself.

Among those attending from Brownfield were Sheriff Ches Gore and deputy Joe Price, City Marshal Earl Wilson, and H. R. Winston, former county judge. A noon barbecue was enjoyed at the ranch.

"Devil's Sinkhole" A Texas Wonder

The "Devil's Sinkhole," located a few miles northeast of Rock Springs, two miles from the Kerrville-Rock Springs Highway in Edwards county, is one of the best potential State park cities in Texas. A hole beginning at a diameter of 45 feet cuts down through the level of Edwards plateau limestone, widens into a giant jug-shaped mavel before the bottom is reached—approximately 300 feet below the surface. With artificial light, J. M. Frazier of the State Board of Water Engineers and Carl Chelf, curator of the Texas Memorial Museum at Austin, have returned from their exploration of the numerous caves which wind off from the bottom of the sink. They report that: "In miniature the living-stone wonders of many famous caves are duplicated. Crystal clear pools of water 8 or 10 feet deep are found in several rooms. The extreme beauty, its accessibility, size and relatively simple development would add another strange wonder to the list of attractions to tourists in Texas." During the Texas Centennial, tourists by the hundreds were disappointed because there was no means of getting into this giant wonderland, although it had been placed on the official Centennial map.

Miss Weldon Has Been in Brownfield For Fifteen Years

A lady who has been in the city for the past fifteen years and helped to make the city what it is, without tooting her own horn unnecessarily, is none other than Miss Bernice Weldon, local chiropractor. Most of you have met

Miss Bernice Weldon

her that have been in the city any time, or if you have not met her, it is not hard to do so, as she is always ready to meet new people, and once met, they generally always like her and remain her friend. You will never suspect that she is meeting and being nice to you for professional reasons, and she is not. It is just natural for her to smile and be friendly as it is for a bird to fly.

Her motto in everyday life as well as the one she usually has printed on her car, is "Keep Smiling." And she practices what she preaches. She and her mother came here fifteen years ago from Alabama, whether direct or via some other place where they lived a few years, we are not sure, but have an idea they came here pretty direct from that grand old state that produces grand people aplenty. Soon after arrival here, they established a boarding house by building one that suited their needs. Mrs. Weldon took charge of the rooming and boarding arrangements, while Miss Weldon pursued her profession as chiropractor. From the first day they arrived in the city it has been home to them, and if either has ever had a desire to live elsewhere we have never heard of it.

Miss Weldon has never claimed the impossible for chiropractic healing, yet she is positive that she can help many of the troubles to which mankind is subject, and positively cure or adjust others. She is the last person on earth that would subject people to a treatment when she had no idea that she could benefit them. So, if you have occasion to consult with her about your health, rest assured that she will listen to you and advise you as she would her dearest friend. People who smile as she smiles will not hurt anyone.

Not only does Miss Weldon take great pride in her profession, but great interest: as well in every civic enterprise that is for the best interests of her community, the schools of the section, and the churches of the town, as well as society in general. Like all good ladies she stands for higher moral uplift of all classes; believes in equal rights to all and special privileges to none. Perhaps she does more than her share for the underprivileged of the area.

That she keeps well posted in her profession is not questioned, as she always attends the regional as well as state conventions of the chiropractic profession when she possibly can. She is leaving the few days for Dallas where the national convention of people of her profession hold their meeting. She is willing to learn the latest and best methods. Miss Weldon is abreast of the times at all times.

Behind the Scenes In American Business

NEW YORK, July 17—BUSINESS—After dropping along timelily for months, the stock market last week gave financial observers reason for cheer. They were encouraged by the "growing volume as stocks broke out of their rut on the upside." This is a technical way of saying that the majority of investors (it is estimated there are 25,000,000 throughout the nation) view the immediate business prospects hopefully.

Disturbed by war scares and plodding domestic business, few person lately have been willing to hazard a guess, backed by money, as to the direction of trade and industry. Those who owned stocks couldn't make up their minds to sell, while those with cash couldn't decide to buy. As a result, transactions in stocks have been drawn day-by-day on a chart comparatively small, and prices showed little deviation from a straight line. Last week's action demonstrated for the moment, at least, the indecision of many investors had been resolved in favor of owning stocks rather than cash, a situation that arises when the stage is being set for a broad upturn in business.

WASHINGTON—Last week's adjournment hopes of Congress faded as the Senate Banking Committee began hearings on the Administration's new "lending-spend-in" proposal. Federal Works Administrator John M. Carmody told the committee a \$350,000,000 fund for non-Federal public works would give some 420,000 man hours of employment to workers on the projects and in forests, mines, mills, factories and transportation. Purchase of construction materials—iron and steel, machinery, cement, stone, clay, glass and lumber—costing \$200,000,000 would aid heavy goods industry.

Gulf Wholesale Station Robbed

The local Gulf wholesale station was robbed Saturday night of about \$100, according to R. L. Bowers, agent. This station has been burglarized a number of times in the past, but burglars have layed off lately on account of the fact that it was generally known that tear gas would be set off if tampered with.

It is believed that the thief Saturday night used a gas mask, as the gas was so strong next morning the local officers could hardly enter to make an examination. This also leads one to believe that local people did the job or know who did, as they evidently gave the gas protection away.

Officers have not reported any progress in working on the case, at least for publicity.

WPA Workers Advised Not to Strike

Workers in Terry county this week were advised not to walk off a job and expect to draw all their unemployment benefits.

H. H. Rumph, supervising examiner for this district, said, "Quitting without good cause may result in a claimant's being assessed one of the stiffest penalties of the unemployment compensation law."

He explained that the penalty for quitting without good cause ranges from the loss of one benefit check to the loss of all benefit checks.

"The intent of the law is to help the worker who is unemployed through no fault of his own," Rumph declared, "and it is not to be confused with old age benefits or relief."

A letter from R. C. Cox of Ruby, Arizona, came in this week. Says it sure is hot out there, reaching 119 one day. Said he sure would like to get one of Joe's (Club Cafe) T-Bones, as deer meat is a darn poor substitute for beef, he says.

Picking up hitch-hikers is a risky proposition and folks will do it despite the continued warnings. For the second time within a few weeks hitch-hikers have poked a gun into the side of an accommodating driver who was giving them a lift in this area. Better think twice before you give these unknown hikers an opportunity to rob or murder you.
—Big Spring News.

About the same thing happened over at Tahoka last week, except the hiker did a bit of kidnapping of his victim, as well as hijacking him of his money and car. The bird was caught at Tullia, and has a long, long time before him at Huntsville.

The late Will C. Hogg of Houston, rich oil man, and son of Ex-Governor James S. Hogg, left the University of Texas \$2,500,000 in his will. With lots of oil land in its own right, it appears that the U. of T. will some day be one of the richest endowed schools in the country, with rich funds willed to it by rich Texans.

With the weather considerably cooler the past two weeks, the crops have held up well and are still growing. Some places in the county have had pretty plentiful rainfalls, while it has been scarce in others. We understand the Meadow section, immediately around the town, has had very little rain yet.

Hardly a Saturday passes that some solicitor is not here from some other town. Funds gathered here go to help take care of the needy in other towns, instead of Brownfield. We are about caught up on this kind of charity. Let each town take care of its own.

PEPYS OF THE PLAINS

A. J. Stricklin in Terry County Herald: Owing to the fact that the Herald bunch, with the exception of the linotype operator, took the Glorious Fourth off, this great religious weekly will be pretty void of its usual amount of local matter this week. Went to the fine park at Big Spring for picnic with relatives, to get ready to have our sore eyes cured or put out by the bathing revue—our first. Well, sir, we must say that if those twelve young ladies who were competing for a place at the Casa Manana at Fort Worth were a sample of Big Spring feminine beauty, they have a lot of it down there. And so to home and to work again Monday. Yep! We knew you'd ask that question. We didn't risk but one eye at the bathing revue.

State Press in Dallas News: Brother Stricklin has no need to offer apologies for his quota of local news so long as he fills up instead with live stuff from his own diary. Old Samuel Pepys filled volumes of as readable material as anyone would want by setting down what he saw, thought and did. Brother Stricklin has much the same flair for turning routine matter into immortal prose. All of us celebrated the Glorious Fourth in some fashion, but the Sage of Brownfield tells about it more interestingly. His trip to Big Spring with relatives could be recounted with justice only by a spiritual descendant of Pepys the diarist. Like the original Pepys, he has a discerning eye for feminine beauty. The bathing beauty revue convinced him that Big Spring can boast of the pulchritude of its peaches with good reasons. Brother Stricklin claims he risked but one eye at the bathing revue. He also deposes that it was the first revue he had ever seen. One of these statements is out of line. We're

WORTHLESS CHECK HELD ON EDITOR OF PROPOSED DAILY

Repercussions are daily following the ill-fated attempts of an out of town promoter to "give" Seagraves a daily newspaper. Several Seagraves business men are holding worthless checks on the promoter who promised to "give" Seagraves a modern daily paper to take the place of its two back-woody weekly publications. Several Allred and Denver City business people have been in the News office inquiring as to the whereabouts of the publisher of the daily paper, who had forgotten that he had no money in the bank when he passed checks in those towns. It seems he also forgot to return to some of the cafes to pay for his meals while he was launching the \$1,000 a month paper.—Gaines County News.

NOTHING TO BE PROUD OF

A Chamber of Commerce Secretary in a city in Oklahoma recently boasted that more carloads of corn had been shipped out of his city during a 3 month's period than from any other city in that section of the State. The County agent, seeing the story in a local paper tersely said; "That is nothing to be proud of. Every ear of that corn should have been marketed through livestock in this county."

A similar instance occurred in the Plains country of Texas a few years ago when the local paper boasted that more carloads of grain sorghums had been shipped out of that town than from any other shipping point in that district. Down through the blacklands of Texas during the months of April and May the corn shellers are busy. Shelled corn was loaded into cars at 35 cents a bushel. Yet there are not enough hogs on farms in the blacklands of Texas to supply 20 per cent of the pork consumed and a much smaller percentage if everybody had all the pork they needed. Someone bought this cheap corn, paid the freight on it, and by feeding it to livestock in some other state, made a profit.

Many of our Southwestern farmers have yet to learn that the major purpose of producing corn, oats, sorghums and hays is to provide feed for livestock; that if they produce it and sell it on a cash market, someone buys it for the purpose of making a profit. Why not make the profit by feeding it, returning to the soil the manure in order that another profitable crop may be produced? —Farm and Ranch.

THE WONDERS OF SCIENCE

Without detracting from the value of scientific work in the least, the layman sometimes marvels at the skill displayed in coining new words descriptive of some new product, the result of bringing about chemical changes in ordinary substances, or in combining several of them.

Recently the Scientists working in the United States Forest Laboratory at Madison, Wisconsin, discovered uses for lignine. To make the matter clear to our readers we will state that lignine, a by-product of paper and industrial mills, is a cementing substance found in wood which holds the cells together. Until the new discovery was made, about 1,500,000 pounds of it had been dumped into streams, or otherwise disposed of as a waste product. Now scientists have found that it is a valuable substance out of which wood preservatives, insecticides, fungicides, adhesives, solvents and plastics may be made.

Four different major commodities are made out of which, through the science of chemistry, other valuable commodities are created. Three of these major commodities are name as follows:

Parapropylcyclohexanol. Dihydroxycyclohexano. Hydroxycyclohexylpropanol.—Farm and Ranch.

shipping a consignment of truth serum to Brother Stricklin and will be glad to know which fact he wants to let stand in the record. We fail to see any place in the above where we made a mess of logic, so we refuse the dose of serum, and we are as afraid of a lie detector as an elephant is of a mouse. We are not one-eyed either, but need both. Of course we did not exactly wear hoodwinks, but we kinder shaded one eye.

THINK IT OVER!

All too often opponents of "special" taxation against chain stores are criticized as mouthpieces for the chains, and the principles underlying their arguments are overlooked.

As a matter of fact, a discussion of the vital question of taxation and the extent to which it shall be used to regulate American industrial and business enterprises has nothing to do with the individual sentiment over the chain stores themselves. Their welfare is a comparatively irrelevant matter.

What does matter is the fact that if they are destroyed by means of punitive taxation, no other private undertaking in the country is safe from a similar attack. Any citizen who successfully develops an industry and serve the community efficiently and economically—as the chains undeniably have done—will be subject to political oppression. The Monessen, Pennsylvania, Independent makes this point clear with the following comment: "The power to tax is the power to destroy. And if it can be used to eliminate chain stores, it can be used to eliminate any other kind of business which might happen to fall into disfavor with any given political regime."

Think it over—Industrial News Review.

CAR REGISTRATIONS SHOW BIG GAIN OVER 1938

AUSTIN, Texas, July 21.—Texas automotive sales for the first half of 1939 were sharply above those for the corresponding period a year ago, the University of Texas Bureau of Business Research reported here today.

For the first six months of the year, passenger car registrations were up 35 per cent, and commercial car registrations showed a gain of 20.6 per cent over the period from January to June last year.

Automotive sales for June showed a decline from those of May of only eight-tenths of 1 per cent, increasing 56.6 per cent over June, 1938. Commercial car registrations lagged 6.5 per cent behind May, but 22 per cent above June of last year.

The Red Tire Shop has been set back further from the street and a tile and stucco front built with large awning top, and concrete drive-in, which will add much to that place, on east Main.

That on said date defendants unlawfully entered upon said land and premises and ejected plaintiffs therefrom and unlawfully withheld from them the possession thereof to their damages \$4,000.00. That the reason-

able annual rental value of said land and premises is \$640.00 Plaintiffs further allege that on or about May 4, 1936 Happy Independent School District of Terry County, Texas filed suit in Cause No. 2073 in the District Court of Terry County, Texas against the defendants herein for taxes owing to said school district for the years 1925 to 1934, both years inclusive; that the defendants and each of them were duly cited to appear and answer said suit; that on August 16, 1936 Happy Independent School District recovered judgement against said defendants and each of them in said cause for said taxes due and owing to it for the years sued on, and for a foreclosure of its tax lien on the land hereinbefore described; that the clerk of the district court of Terry County, Texas, in compliance with said judgement, issued an order of sale directed to the sheriff or any constable of Terry County, Texas, directing him to seize and sell said above described land as under execution in satisfaction of said judgement; that the Sheriff of Terry County advertised said land and premises for sale in the manner and for the length of time required by law to be sold within the legal hours on the first Tuesday in February, A. D. 1937; and on said date between the legal hours thereof sold said land and premises to the plaintiff, G. E. Spinnler and executed to him sheriff's deed under foreclosure of tax liens to said land and premises; that the purchase of said land by the plaintiff, G. E. Spinnler was for the use and benefit of himself and the plaintiff, J. J. Gaston; that the defendants, and each of them, have not since the date of the purchase of said land and premises by these plaintiffs offered to in any manner redeem the same as provided by law or otherwise, and that such right of redemption is now long since past; that any and all things necessary to be done in said Cause No. 2073 above mentioned were legally and regularly done for proper foreclosure under a tax lien, that the plaintiff's title is as follows: Patent from the State of Texas to Wesley Lawrence; deed from Wesley Lawrence and wife to Jesse C. Toll; deed from Jesse C. Toll and wife to Frederick Schwan and Norman D. Perry; deed from Norman D. Perry and wife to Frederick Schwan; tax judgment as hereinbefore alleged; order of sale as hereinbefore alleged; sheriff's deed to G. E. Spinnler, agreement between G. E. Spinnler and J. J. Gaston. Plaintiffs pray for judgement for title, possession, damages, rents and for such other and further relief as they may be entitled to.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Terry County, Greeting:

YOU ARE HEREBY COMMANDED to summon Mrs. Fannie Stevens, and if she be married, her husband whose name is unknown, and if she be dead, then the heirs of Mrs. Fannie Stevens and the legal representatives of Mrs. Fannie Stevens whose names are unknown by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Terry County, to be held at the Court House thereof, in Brownfield, Texas, on the Fourth Monday in August A. D. 1939, the same being the 28th day of August A. D. 1939, then and there to answer a petition filed in said Court on the 14th day of December A. D. 1938, in a suit numbered on the docket of said Court as No. 2279, wherein R. C. Kennedy, is Plaintiff, and Mrs. Fannie Stevens and her husband if she be married, and her unknown heir and unknown legal representatives if she be dead are Defendants, and said petition alleging:

That on or about July 1, 1939 plaintiffs were lawfully seized and possessed of the following described property situated in Terry County, Texas, holding and claiming the same in fee simple, to-wit: All of Section Number Fortynine (49) in Block D-14, Certificate 239, C. & M. Ry. Co. Survey and containing 640 acres of land, more or less. That on said date defendants unlawfully entered upon said land and premises and ejected plaintiffs therefrom and unlawfully withheld from them the possession thereof to their damages \$4,000.00. That the reason-

able annual rental value of said land and premises is \$640.00 Plaintiffs further allege that on or about May 4, 1936 Happy Independent School District of Terry County, Texas filed suit in Cause No. 2073 in the District Court of Terry County, Texas against the defendants herein for taxes owing to said school district for the years 1925 to 1934, both years inclusive; that the defendants and each of them were duly cited to appear and answer said suit; that on August 16, 1936 Happy Independent School District recovered judgement against said defendants and each of them in said cause for said taxes due and owing to it for the years sued on, and for a foreclosure of its tax lien on the land hereinbefore described; that the clerk of the district court of Terry County, Texas, in compliance with said judgement, issued an order of sale directed to the sheriff or any constable of Terry County, Texas, directing him to seize and sell said above described land as under execution in satisfaction of said judgement; that the Sheriff of Terry County advertised said land and premises for sale in the manner and for the length of time required by law to be sold within the legal hours on the first Tuesday in February, A. D. 1937; and on said date between the legal hours thereof sold said land and premises to the plaintiff, G. E. Spinnler and executed to him sheriff's deed under foreclosure of tax liens to said land and premises; that the purchase of said land by the plaintiff, G. E. Spinnler was for the use and benefit of himself and the plaintiff, J. J. Gaston; that the defendants, and each of them, have not since the date of the purchase of said land and premises by these plaintiffs offered to in any manner redeem the same as provided by law or otherwise, and that such right of redemption is now long since past; that any and all things necessary to be done in said Cause No. 2073 above mentioned were legally and regularly done for proper foreclosure under a tax lien, that the plaintiff's title is as follows: Patent from the State of Texas to Wesley Lawrence; deed from Wesley Lawrence and wife to Jesse C. Toll; deed from Jesse C. Toll and wife to Frederick Schwan and Norman D. Perry; deed from Norman D. Perry and wife to Frederick Schwan; tax judgment as hereinbefore alleged; order of sale as hereinbefore alleged; sheriff's deed to G. E. Spinnler, agreement between G. E. Spinnler and J. J. Gaston. Johnson, Ray Johnson, Doss Windham, Claret Melson, and the heirs and the legal representatives of each of said defendants, and also the heirs and the legal representatives Mrs. E. M. Windham, and the heirs and the legal representatives of Mrs. E. M. Windham Melson, are Defendants, and a brief statement of plaintiff's cause of action being as follows:

That, heretofore, on the 1st day of June, 1939, they were lawfully seized and possessed of, and did own by fee simple title, that certain tract or parcel of land situated in Terry County, Texas, being Lot 6, in Block 1, of the A. M. McBurnett Subdivision of part of Block 6, of the East Addition to the town of Brownfield, in Terry County, Texas; that on the date aforesaid the defendants unlawfully entered upon said premises and ejected said plaintiffs therefrom, and do continue to withhold from them the possession hereof, to their damages, \$5000.00.

That the defendants, and each of them, are or may be asserting or claiming some adverse estate or interest in and to the real estate involved in this suit, and this suit is brought for the purpose of determining such estate or interest and canceling and removing the same and granting the title and possessions to plaintiffs.

Prayer that all defendants be cited and that plaintiffs have judgement for the title and possession of the land, for all costs of suit, and all other relief to which they are entitled, including a decree for removing and canceling all adverse estate or interest of the defendants, and each of them, in and to said land.

HEREIN FAIL NOT but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

POSTOFFICE NEWS STAND

Chamber of Commerce Items.

By J. E. Shelton, Secretary

I have so many things to write about this week that I scarcely know where to commence, but expect that about the most interesting is some highway information, as it concerns construction on highway 51 to the Hockley County line; the gap in U. S. 380 between Plains and Bronco and a new connection with the Bennett and Denver oil fields. Due to the fact that the city had voted bonds for the purpose of paving 60 blocks of streets under the WPA program and that we had a WPA allotment on highway 51 to the Hockley County line and that the WPA labor supply was not sufficient to cover both jobs, under the plans that had been developed by engineers of each job, it was decided that something was going to have to be done or that one of the projects would have to be delayed. So the writer was instructed to arrange a meeting with the State Highway Engineer at his office in Austin for the purpose of working out a satisfactory solution of the situation. The meeting was arranged for and committees from the Chamber of Commerce, composed of Tom May, Homer Winston and the writer and Judge R. A. Simms, Geo. W. Henson, J. F. Malcom, Tom Warren and Bee Martin, of the Commissioner's Court, went to Austin and discussed the proposition with Mr. Montgomery but did not receive any too much encouragement as he informed us that the situation was something that we would have to work out for ourselves, but that unless we did arrive at an agreement upon the matter, that the Highway Department would withdraw their appropriation and place it in other projects in the State that were in need of it as much as ourselves. It might be well to say, that just prior to our trip to Austin, that Judge Simms and the writer went to Lubbock and discussed the situation with Mr. J. O. Jones, Administrator of this division of WPA and with Mr. Geo. M. Garrett, Division Engineer of the Highway Department, and that as a result of these meetings, a plan has been worked out which will enable us to carry on both the city paving and the highway construction at the same time. City paving is in progress and highway construction is expected to commence within the next thirty days or less. After the conclusion of our talk with Mr. Montgomery as it concerned Highway 51, we took up the matter of construction of U. S. 380 between Plains and Bronco and were assured that favorable action would be taken on it at the September meeting of the Highway Commission and that while it was possible to commence construction within 60 days afterward, that it might be February or March of next before they could get it under way. Judge McInturf and the Commissioners Court of Yoakum county, were present and joined in our request for construction. From all of the information that the writer is able to procure from New Mexico and Arizona and from construction that is being had in Lynn and Garza Counties, it is expected that the entire route will be paved from Dallas and points east into Los Angeles, California. This is a route that we have been working on for the past several years and it seems that the end is in sight.

each of the counties to work in close cooperation in its construction when work is commenced.

In our last letter, we stated that a county fair would be held this year, but upon account of "spotted" crops and the general belief that most of them would be late, the directors of the Chamber of Commerce at their meeting of last Friday night decided that it would be better to pass it up for this year and concentrate our efforts upon the construction of highways, procuring of industries, including material yards and supply houses and of building a modern hotel.

At the First Quarterly membership meeting of the Brownfield Chamber of Commerce all of the members present expressed a desire that the next meeting include a banquet, so the matter was put up to the directors for action and it was decided that this would be done. So the banquet will be held on Friday night, August 11th, at some place not yet decided upon.

TEXAS ELIGIBLE FOR FEDERAL GAME FUNDS

It used to be that it was a most embarrassing circumstance if a man's shirt tail was out. Now, half the young fellows are running around looking like Chinese laundrymen. Times do change—as a philosopher pointed out when he said, "A few years ago, you could have all the gold you wanted but if you had a pint of liquor, they'd put you in jail; now you can have all the liquor you want but they'll lock you up if you have any gold."

For ages men have been poking fun at women's fashions. This shirt-tail craze would seem to be a good chance for the women to get even—except that a large percentage of them are walking around wearing slacks.

Which calls to mind the story of an occurrence in deep East Texas. A native was indignantly telling a friend about driving along in his jalopy and of being overtaken by a "city feller" who slowed down his limousine and yelled, "Why don't you get over and give me half the road, you snuff-dipping so-and-so?"

The friend asked, "Why didn't you cuss him back?" The man who had been insulted said, "I couldn't my mouth was too full of snuff at the time."

Texas, by the way, gained the spotlight recently when the first national convention of "snuff-dippers" was held in Mississippi and humorous Jerry Sadler, State Railroad Commissioner made the principal speech, in which he told of the great Americans who made use of tobacco in powdered form.

Not so long ago, I dropped a nickle in one of these music machines to play "A Penny Ser-

MAKING THE MOST OF PASTURES

By T. C. Richardson, Associate Editor Farm & Ranch.

The mower is conceded to be the best pasture-growing implement, and this applies sometimes to planted summer pastures (Sudan grass, etc.) as well as to permanent pastures where the mower keeps down weed competition with the grass. Both on permanent and temporary pastures the use of the mower cannot be dated by the calendar, but must depend upon the conditions to be met. In most of the Southwest the spring growth of weeds has already been mowed before now, or has been permitted to seed. Certain other weed, however, come along later in the season and should be mowed about the time they begin blooming.

Briars and sprouts of various kinds, and seedlings of certain trees, also yield to the mower's persistent use. It is generally conceded that July and August are the best months in which to cut sprouts, robbing the roots of the sustaining foliage before the storage of food in the roots is completed for the season. This operation is hard on the mower but worth it, an old mower which is past its usefulness for cutting grass will still cut weeds and sprouts. Many farmers who have no hay to cut are buying second-hand mowers to use on the weeds and sprouts in the pastures.

There are times, however, when the mower is also important in the temporary pasture. Everyone knows that when Sudan or other hay and pastures grasses begin to get "stemmy"—that is when they shoot up the coarse seed stems and start making seed, they are less palatable to livestock and also less nutritious. We have all seen such a pasture where the foliage has been eaten off and the bare stems left standing.

If the pasture gets ahead of the animals which graze it—that is when they do not keep it grazed fairly close—the mower comes into play to cut back the

seed stems and throw all the growth into new foliage instead of seed. Fresh growth has a higher protein content than old growth, and is more palatable besides. It will pay to run the mower over the temporary Sudan grass pasture even though there is not enough hay to rake and cure, whenever stock do not keep the seed stalks down.

After corn is laid by grass and weeds often spring up and grow luxuriantly. This late summer growth can be turned into cash by grazing the corn fields with sheep. Fencing off such temporary grazing has been greatly cheapened and simplified by the invention of the electric fence, which, with one or two wires properly installed and energized (by battery of power) keeps the animals within bounds quite effectively. The sheep may destroy a small amount of corn, but the gains from the grass and weeds will more than offset the loss in grain, and the corn ground will be in better condition than if the weeds and grass were permitted to grow unmolested, and seed the ground for next year.

Temporary summer pastures will also furnish more and better grazing if they are divided and the divisions grazed in rotation. Here again the temporary fence, electric or otherwise, pays well for the trouble and the moderate expense of installing. Dollars are lost every year on many Southwestern farms through failure to take advantage of the grazing available, when it is available. There must be animals to graze and fence to confine them, but there is no form of wasted opportunity so common, and which offers so a great a promise for extra farm income.

The new agriculture which is growing out of the cotton crises is a balanced agriculture, of which both crops and livestock are essential parts. We have too long thought of "agriculture" as crop farming, and "animal industry" as a thing apart. True agriculture includes both, for nature's own laws demand that plants and animals be kept together in that God-given reciprocal relation by which each feeds the other and the residue returns to the soil—nothing lost.

TEXAS OUT-O'-DOORS

AUSTIN, Texas, July 14—Texas, leading the nation in Pittman-Robertson game projects, is eligible to receive \$71,696 of federal game funds during the 1939-40 fiscal year, according to word received by the State Game, Fish and Oyster Commission from Washington. That sum will be augmented by \$17,924 by the Game Department, as required under the Pittman-Robertson act, it is announced by Will J. Tucker, Executive Secretary of the Commission. The money will be used to continue research work by biologists into game conditions and for financing several important wildlife restoration projects in a number of sections of the State.

Texas, the first state to submit to a program of game restoration last year when the Pittman-Robertson Act went into effect, is leading the nation in the work. A report by Ira N. Gabrielson, Chief of the U. S. Bureau of Biological Survey, administrator of the project, points out that only \$70,000 has been spent to date by the cooperating states, and of that sum approximately \$30,000 has been used by the Lone Star State in furthering game restoration.

Texas, on the ground floor as soon as the U. S. Congress made available funds for game work, has had thirteen specialists conducting surveys and researches into game conditions for almost a year and the outgrowth of their work will be many projects which will tend to aid in increasing several species of birds and animals in the Lone Star State.

Tentative plans of the Game Commission, Tucker said, include projects for increasing antelope, turkey quail, deer, dove and chachalca. Various methods will be used to aid in game propagation. Pittman-Robertson funds cannot be used for fish work. A bill to provide a fund for similar projects on lakes and streams is now before the U. S. Congress.

FOUNDATION DIRECTOR JOINS PAPER MILL

SAVANNA, Ga., July 6.—Dr. Charles Carpenter has resigned as technical director of the Herty foundation to become chemist with the Southland Paper Mills, new newsprint mill at Lufkin, Texas, effective August 1.

No successor for Dr. Carpenter at the experimental laboratory has been chosen.

Dr. Carpenter, 30, received technical training at the New York state college of forestry and at the Darmstadt Technische Hochschule in Germany where he received a doctor of engineering degree and at the institute of paper chemistry at Appleton, Wisconsin. He did research work in cellulose chemistry at Carnegie Institute of Technology, Pittsburg.

ONLY 19 BUSINESS FAILURES IN TEXAS DURING MAY

AUSTIN, Texas, July 14—Only 19 Texas bankruptcies occurred during May, compared with 30 during April, The University of Texas Bureau of Business Research has found.

Liabilities of the bankrupt firms also shrank sharply, totaling only \$199,000 as against \$402,000 during the preceding months. Assets of the failing concerns were likewise small, \$148,000 as opposed to \$446,000 for April.

Only twelve commercial failures occurred in May of last year, with liabilities of \$241,000 and assets of \$115,000.

PLANS FOR NEW POSTOFFICE AT LITTLEFIELD

LITTLEFIELD, July 10—Plans for the new postoffice to be built in Littlefield are nearing completion. Postmaster W. D. T. Storey announced today after receiving a special delivery letter from Washington.

Bids are expected to be advertised for soon, to be opened about August 1st. Construction should start within a few weeks.

Problem of the title to the land, over which Washington raised a question, has been settled, it is believed. Treasury department title experts held the dedication of the land to the public was not clear as their needs required.

Allocation of \$75,000 for construction of the building has been made.

TEXAS GRANTED 145 NEW CHARTERS DURING MAY

AUSTIN, Texas, July 14—Business expansion in Texas climbed during May with 145 new charters granted to corporation seeking to operate in the State, The University of Texas Bureau of Business Research reported today.

This number was a gain of 14.2 per cent over April and 18.9 per cent ahead of May last year. Total capitalization of the new concerns were up 5 per cent over April and 65 per cent above May, 1938.

Governor O'Daniel announced Sunday that he would devote his time to making a serious study of the state government and would tell the people about their government. The tragedy is that the Governor did not make this study before he ran for office last year. He would not have made such radical campaign promises—and probably would not have been elected. But the governor is right about the state government. Very few people in Texas have the least conception of the magnitude of this state government. Very few realize its resources, and most certainly few citizens realize its limitations. If the Governor will take up the state government piece by piece and make the people understand what is going on in Austin, he will do a service hitherto neglected. Furthermore, if he can devise a method of correlating the various departments to produce harmony, he will do a greater service. This big state government of ours is a cumbersome affair, which should stand a lot of improvements in being geared up to in order to serve the state to the best purpose.

FSA Barrowers Greatly Increase Net Worth Around \$7,500 Premiums For S.P. Fair

The Farm Security Administration loans money only to farmers who have no other source of credit. The clients of the Administration are considered by other loaning agencies to be unsafe and undesirable customers, largely because they have nothing to offer as security for credit. In order to keep this class of farmer off relief rolls and to place them in a position to become self-sustaining, the FSA loans them money at a low rate of interest to buy cows, chickens, mules, farm machinery, and various other commodities which make up the equipment necessary to the successful operation of a farm. The only condition imposed outside of interests and the installments is that they must permit supervision of their farms and carry on a program suggested by supervisors.

That their plan has been successful thus far is revealed in a recent report which shows that the net worth of the FSA clients in Texas shows a gain of \$4,367,392; that these farmers are paying interests and installments, and that many have paid the government in full long before the last note was due. There are 56,500 borrowers in the State and loans of \$20,734,526 for a period of five years have been made. Of this amount \$7,892,324 has been repaid.

Mr. and Mrs. Everett Latham, Mr. and Mrs. Clovis Kendrick, Mr. and Mrs. Jack Stricklin, Jr., Mr. and Mrs. Spencer Kendrick and Mrs. Guthrie Allen enjoyed a picnic at Buffalo Springs Sunday.

Durwood Moorehead who has been attending Texas Tech is here for a few weeks visit with his parents Mr. and Mrs. R. M. Moorehead.

Mr. and Mrs. W. R. Wilson of Amarillo were guests of Mr. and Mrs. A. D. Repp Wednesday.

Cuba is shipping coffee to France, Spain and Czechoslovakia.

Dr. and Mrs. M. E. Jacobson and children will leave Saturday for Los Angeles, where Mrs. Jacobson will enter a class for training of laboratory technicians at the Los Angeles Hospital. Dr. Jacobson will remain in California until Mrs. Jacobson and children are settled.

Mr. and Mrs. Jim Graves and Mr. and Mrs. Warner Hayhurst and son left Sunday for Ninnakah, Okla., where they will visit their parents.

Joint Club Meeting Honoring Departing Member Friday

Friday evening, July 13, from the hours 8 to 10 o'clock the Music Club and Maids and Matrons club as hostesses, paid a charming honor to one of their most capable and lovely members, Mrs. M. E. Jacobson. The setting was entrancingly picturesque on the lawn of Mr. and Mrs. Roy Herods home where words fail to describe the beauty. Where velvety grass flagstone walks, winding to an old fashion well, rose garden, barbecue pit, tables, tall baskets of various flowers, a gorgeously decorated serving table, comfy lawn chairs, and everything to make it an ideal party.

Mrs. Herod and officers of both clubs greeted guests.

Mesdames Nicholson, Teague, Turner, Tarpley, Telford and Parish provided comfort and entertainment. At the refreshments Mrs. Money Price poured delicious punch, cakes were served and Mrs. Dallas called guests to order to hear a message of good cheer and love from Mrs. W. A. Bell who presented Mrs. Jacobson with a huge basket of letters and gifts. They were numbered so that she may receive some gift and a letter each day for 65 days after leaving Brownfield for her new home in California. Mrs. Jacobson responded most graciously. The club shall miss this loyal and willing member and trust her lot will be among friends who will love and value her as her friends here do.

W.M.S., METHODIST CHURCH

Met last Monday afternoon. Circle No. 1 met at the church and continued their bible study in the Book of Samuel, lead by Mrs. Judson Cook.

Circle No. 2 met in the home of Mrs. Crump. Mrs. N. T. House lead in a very interesting discussion of the book, Radiant Heart, lesson based on the 2nd chapter of Phillipians. This circle presented gifts to Mrs. M. E. Jacobson in appreciation of her faithful service with them. She will be away a number of months completing her course as a technician in the General Hospital of Los Angeles. The church as a whole, joins with them in deep regrets that she must leave us for the time being.

Circle number two is to meet next time with Mrs. Finney at 3:30 p. m. Circle number one will meet in the church.

Mr. and Mrs. M. G. Tarpley and daughter Mrs. Jack Bailey went to Abilene Thursday, where they were called because of the illness of the former's daughter-in-law, Mrs. Chad Tarpley. Mr. Tarpley and Mrs. Bailey returned home, but Mrs. Tarpley remained.

Mr. and Mrs. A. M. Brownfield spent several days last week in Ruidoso.

METHODIST CHURCH

John W. Hendrix, Pastor

Of course, it is generally known that a number of our people are away on vacations; but it has been suggested as a bare possibility that some are lounging about home on the Sabbath absenting themselves from public worship. This may be so. The fact is, some have been seen about town a day or so before or a day after that were not seen out on the Sabbath. Each of us has need and have influence over others who have need.

Church School begins at 9:45 a. m.; ends 10:50 a. m. There is a class for you!

Public worship—11 a. m. and 8:15 p. m. We name this hour of evening because we would like and the people desire to be out earlier. The subject of the morning sermon, "The Gospel of the Select."

For evening, "Easy Ways to Glory." We are come after a long period of such seeking—easy ways to Heaven, and few there be who have found 'em. Let's examine some of these together Sunday evening.

Leagues, two of them, meet; one at 6:45 and the other at 7:30 in the evening. These bring together a most interesting group of young people. If you are not attending some such service this bears to you a most cordial invitation.

LAFF-A-Lot CLUB

Mrs. Vance Glover was hostess to members of the Laff-a-Lot club at the Crede Gore home Thursday morning at 9:30 o'clock, when Mrs. Orb Stice received pillow cases for high score and Mrs. Troy Noel a towel for second high.

A salad course was served to the following guests: Mesdames W. R. McDuffie, Spencer Kendrick, Jim Graves, Wilson Collins, Earl Anthony, I. M. Bailey, Jack Bailey, Orb Stice, Pete Ternian, Guthrie Allen, Jack Stricklin, Jr. and Troy Noel.

Mrs. Guthrie Allen and Mrs. Troy Noel were voted in as new members.

BIRTHDAY PARTY

Mrs. Cy Tankersly entertained Monday afternoon with a party for her daughter, Cynthia whose sixth birthday fell on that date. Miniature golf was played and refreshments were served on the lawn of the E. A. Graham home.

The guests were Douglas and Mary Edna Tankersly, Bobbie Latham, Monroe Bill Sawyer, Yvone Forbus, Herbie Kendrick, Robert Heath, Gwenette Glover, Ronnie and Margie Graham, Larry van Winkle, Alethea Jacobson, Barbara Ann Stice, Christovia Akers, Deenie Ballard, Eileen Jacobson and Raymond, Margaret and Ann Barrier and Billy van Winkle.

Mr. and Mrs. Joe Bailey and children of Lubbock were guests of her sisters Mrs. Mrs. I. M. Bailey and Mrs. Roy Wingerd, Sunday.

Hospital Notes

D. A. Thompson of the Tokio section, underwent an appendectomy, Monday.

Mr. and Mrs. Elton Brewer left this week for their vacation, which will include Carlsbad Caverns, the home of his parents in Cleburne, and points on the Gulf Coast before their return. Mr. Brewer is one of our local furniture and undertaking men, and Mrs. Brewer is head of nurses of the Treadway-Daniell hospital.

Mrs. Lillie Mae Whitney is nursing at the hospital during the absence of Mrs. Brewer.

Mrs. Willie Anderson of Plains, was operated for appendicitis the 16th.

Mrs. Ruben Bingham underwent and appendectomy the 13th.

O. J. Daniell of Seminole, brother of Dr. Daniell, is in the hospital taking treatment following an eye infection.

Miss Margaret Mathews of Seagraves, was dismissed the 19th following an operation last week.

BAPTIST CHURCH

Many are returning from their vacations and the Bible School showed improved attendance with 314 present for that hour. This is one service in which those of every age have a place of their own and how important it is to every one to study and hear discussed the Word of God which is the sword of the Spirit and let it be remembered by all that a very small percentage of the criminal element of this age ever attended a Bible Study period for any length of time, yet there are parents in Brownfield who have no regard for Bible study in home or in church. The attendance at the preaching hour was improved and you are urged to come to these services and bring your neighbors and friends who perhaps do not have a car of their own and will appreciate your invitation to assist them as it is inspiring to attend the services and find a great congregation assembled for worship.

The W. M. U. will meet at the church in joint session Monday at 4 p. m. in business and mission study with the Annie Long circle furnishing the program for the evening.

The Baptist World Alliance will be in session at Atlanta, Georgia, next week and the press carries the report that 50,000 people are expected to attend the meeting. This meeting will offer strong resolutions supporting religious liberty in every country of the world—as Baptists have always stood against a state church and every form of religious persecution as they have suffered much themselves from this form of persecution and history shows that as a people they have never persecuted or sought to do so in any age of the world, and we are justly proud of our record as a people.

Resolve as you read this to attend the services next Sunday and bring your friends.

MRS. LUKER HOSTESS
Mrs. Walter Luker was the charming hostess to the Union "Stitch and Chatter" club, Thursday, July 13. The afternoon was spent quilting and two quilts were finished. A dainty salad course was served at a late hour to the following ladies: Mesdames. Avaritt, Benton, Bennett, Drennon, Evans, Ellis, Floyd, Inman, Johnson, Jobe, Lewis, B. Luker, Parker, G. Pollard, W. Pollard, Shepherds, Stevens, and one visitor Miss Imogene Pollard. The club meets with Mrs. Benton on the 27th.

PREACHING AT THE CHURCH OF GOD
We are authorized to announce that Rev. Frank Lee of Colorado City, began a short meeting at the Assembly of God church in the north part of the city Thursday night, to continue until Sunday night, with morning services Sunday.

The general public is cordially invited to attend any or all of these services.

Billie Bond, son of Mr. Clyde Bond of Seagraves, is a visitor in the Ralph Carter home.

METHODIST CHURCH

Last Tuesday afternoon a car load of representatives of our Young People left for a district meeting at Lorenzo. The meeting had an afternoon session and an extended business and devotional session in the evening. Some 25 churches of the district had members present. Those in attendance for this local church were, Loren Bradley, S. F. Coker, Ray Elliot, Nell Marie Eckhart, Eldora Lewis, Jacquelyn Thompson, Imogene Fitzgerald, and J. W. Hendrix, chaffeurs.

Mrs. Ray Morrison was circulating around in Methodist quarters here Tuesday interviewing prospective students for McMurry college.

Mrs. Turner, president of McMurry college, and O. P. Clark, the district superintendent, are in this town and community in the interest of the campaign for the endowment for the college.

Abilene agreed to raise \$150,000 if the whole conference will raise a like amount. This will, as we understand it, give the college something like \$5000.00 endowment, too small an amount but will help a great deal in supplementing the budget.

Eleanor and Helen Gillham returned this week from a visit to San Antonio, guests of Mrs. Ray Johnson. They also attended the Kerrville summer assembly for young people.

Woodrow Weaver, proprietor of Weedy's Roller Rink of this place, has leased the Venetian Auditorium at Brownfield and will operate both places, being here on Friday and Saturday evenings and at Brownfield the remaining four evenings of the week.

The Venetian Auditorium is a skating and dancing palace at Brownfield, and has had a large patronage. In many respects the same floor equipment can be used at both places and the operation of the two places can in many ways be ideally arranged. The Roller Rink here also has had a record business, especially during the cooler months.—Levelland Herald.

THE NATION'S MOST VALUABLE STUDENT

AUSTIN, Texas, July 21—Title of "the nation's most valuable student" has been awarded Raymond J. Rimmer, 20-year-old University of Texas student from Austin, by the Elks National Foundation meeting in St. Louis.

A pre-medical student working his way through school, young Rimmer was awarded a \$600 scholarship to pursue his medical studies and an airplane trip to St. Louis to receive his award.

In the national education essay contest sponsored by the Elks Educational fund, Rimmer submitted a bound volume containing his essay, twelve letters of recommendation, and autobiography, a record of his University grades and courses and an account of his experiences in working his way through school.

A MEETING AT GOMEZ CHURCH OF CHRIST

We are authorized to announce that a revival meeting will be held at the Church of Christ at Gomez, beginning Friday night, June 21, at their building at Gomez. James F. Black, who held the meeting last year will hold it this year.

Everyone has a cordial invitation to attend and enjoy this series of meetings.

ATTENDS COUSIN'S FUNERAL

Mrs. Ella Mae Smith, clerk at Collins Dry Goods Co., attended the funeral of her cousin, Charley Mayberry at Lamesa, Wednesday afternoon.

Mayberry worked in an oil field and two other men were also seriously hurt at the same time, their car turning over five times and throwing him 50 feet away from it. They were trying to avoid collision with a large truck.

Miss Quenelle Sawyer and Miss Virginia May will spend the week end in Nacona visiting Murphy May.

Billie Bond, son of Mr. Clyde Bond of Seagraves, is a visitor in the Ralph Carter home.

LAHEY

Our community is rejoicing over the rain; crops are looking better.

The Singing Convention was well attended, and lots of good singing. The next convention will be at Gomez.

Miss Gladys Webb spent Saturday night with her cousin Miss Pauline Thomason.

The Baptist meeting will begin this Friday night and every one is invited to attend. We hope to make this the best meeting we have ever had here.

Henry Thomas spent Saturday night with Roy Lambeth.

Mr. and Mrs. Norval Hulse are the proud parents of a big daughter on July 15.

The Stitch and Chatter club met on July 13 in the home of Mozelle and Maxine Thomas. The afternoon was spent sewing. After a business meeting was held, refreshments were served to 8 members and one visitor. The next meeting will be with Gladys Webb.

Mr. and Mrs. Kenneth Purtell have returned from Lubbock, where he has been attending Tech.

Messrs. Doyle and Carroll Mensch, of Draw, spent Saturday night with their brother, Mr. Clem Mensch.

HARMONY

Mr. and Mrs. W. C. Thompson have as their guests this week his brothers Orvel and Randel of Eldorado, Oklahoma.

Mr. and Mrs. C. A. Wilhite were dinner guests in the home of Mr. and Mrs. M. D. Smith last Sunday.

Mr. and Mrs. J. E. Eakin and son J. E. of Brownfield visited in the home of Mr. and Mrs. Harvey Davis. They also visited Mr. and Mrs. Joe A. Davis Sunday afternoon. Mrs. J. B. Jeffrey visited Mrs. W. J. Murry over the week end.

Brother Curtis Jackson and wife were guests in the home of Mr. and Mrs. W. C. Thompson last Sunday.

Mr. and Mrs. Joe A. Davis had as their guests last week Mr. and Mrs. J. A. Tedford and daughters Fay and Rita, also Mrs. Anna Steelman, all of Wichita Falls, and Mr. and Mrs. F. W. Schuch of Monett, Missouri. Mr. Tedford is a brother of Mrs. Davis and Mrs. Steelman and Mrs. Schuch are her sisters.

Mr. Tedford and family are leaving this week for the state of Michigan where he has oil interests.

DUMAS

We have had a good rain here this past week. Nearly 2 inches some said. Most of our farmers are through planting; the sandy land has been blowing. Some farmers have planted as much as four times.

Mr. and Mrs. E. Rodgers of N. M. have been visiting friends and relatives here the past week.

Mr. and Mrs. J. W. Elmore visited a while with their son and daughter-in-law Sunday afternoon.

Mr. and Mrs. Taylor and son, Leonard and Miss Evelyn Mason of Denver City were guests in the home of Mr. and Mrs. G. Wright Sunday evening.

Frank and C. L. Wright of Denver City and Wink, Texas are visiting their brother, George this week.

Mr. and Mrs. J. W. Elmore and daughter, Lela Mae and Mrs. John Smith and daughter, Wanda Jean were Lubbock visitors this past week.

Horace Jones of Wellman was visiting his uncle, Fred Schultz Sunday.

Mr. and Mrs. John Smith and daughter, Mr. and Mrs. Roy Elmore and Mrs. J. W. Elmore were in Seagraves Saturday night.

Mr. and Mrs. D. Johnson, Welch, Texas visited a while with Mrs. Johnson's mother. They returned home Sunday night.

Mrs. Buck Sheppard of Sweetwater was the guest of her aunt Mrs. Carl Lewis last week.

Lee O. Allen was confined to his home the first of the week because of illness.

Mr. and Mrs. E. A. Graham were in Odessa the first of the week visiting.

Ripe Peach Jelly

"SOMETHING OLD, SOMETHING NEW" is as nice for the pantry as it is for the bride... and if you've never made ripe peach jelly, you'll like this recipe. Peach jelly is still cooking news, you know—grandmother wouldn't have believed it. The trick is to add the pectin to the fruit juice—it doesn't have any of its own.

These directions are quite fool-proof, give you nine glasses from just three cups of juice, and all the flavor of sun-ripened fruit. Best of all—the half-minute boil won't heat up the kitchen these warm days!

RIPE PEACH JELLY

(Makes about 9 medium glasses)

3 cups juice

6 1/2 cups sugar

1 bottle fruit pectin

To prepare juice, remove pits from about 3 1/2 pounds fully ripe peaches. Do not peel. Crush peaches thoroughly. Add 1/2 cup water.

Bring to a boil, cover, and simmer 5 minutes. Place fruit in jelly cloth or bag and squeeze out juice.

Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 1/2 minute.

Remove from fire, skim, pour quickly. Paraffin hot jelly at once.

QUILTING CLUB

Thirteen members of the local quilting club went to Levelland last Thursday to spend the day with Mrs. Ike Breedlove, a former member of the club.

A covered dish luncheon was served at noon.

The guest list included Mesdames Mon Telford, W. A. Tittle, W. L. Bandy, G. W. Graves, V. R. Elliott, Judson Cook, K. W. Howell, L. E. McClish, A. T. Fowler, A. M. McBurnett, B. B. Brown, Jim Jackson and J. H. Carpenter.

NOBODY'S BUSINESS

By Julian Capers, Jr.

AUSTIN—The action of Gov. O'Daniel in slashing \$5,000,000 in round numbers, from the appropriation bills was the center of interest in Austin this week end. The consensus of opinion here was that the governor's action would be approved by the people, and would make a good talking point in his re-election campaign next year. Observers here or at least those without personal bias, were of the opinion that the budget cuts were a wholesome thing. There is a tendency on the part of the State department heads to build up the personnel and the expense of their bureaus, and a pruning of deadwoods periodically is undoubtedly a good thing. The influence of the New Deal and its free spending policy has spread to Austin, and there has been a constant rise in activity and expenditure by State departments. O'Daniel's action, therefore, required political courage, because it undoubtedly antagonized a great many State employees who vote, but most observers here believed the Governor would benefit politically in the long run from his action.

Little Real Saving

That cuts were not made in the most intelligent manner, however, was obvious. O'Daniel waved the blue pencil without much regard to the relative necessity of the public service rendered by the respective departments, or public convenience resulting from such service. Heavy cuts given the Highway Department and the Department of Public Safety were believed by many students of State Government to have been unjustified, since both departments have been operated with a fair degree of economy and efficiency. Some of the other cuts, while lighter, were applied to departments rendering superfluous or "luxury" services, and will not impair the public service to any great extent. Some of the cuts

obviously were made with typical O'Daniel lack of knowledge. He left the State Ranger force intact, for instance, but vetoed an item of less than \$1,000 for ammunition. If the Rangers do any shooting during the next two years, they will have to buy their ammunition out of their rather meager salaries. The Governor left the mule barns appropriation for the new hospital at Big Spring, but cut other buildings much more necessary to the operation of the hospital plant. The colleges, including the University of Texas and the teachers' colleges, suffered rather drastic elimination of items to maintain their plants. That is not good economy, because deterioration of physical properties merely piles up and has to be cared for later, at greater expense, when necessary maintenance work is not done.

Actually, some of O'Daniel's largest vetoed items, represented more apparent cuts than real ones. The veto of \$500,000 from the Highway Department's funds is an example. It will not result in a penny of savings, or elimination of a single job, since Julian Montgomery, highway engineer, pointed out the appropriation bill carried a clause authorizing the department to hire, out of funds allocated to the highway department by law, all employees necessary to build and maintain a system of highways. Having made rather severe reductions in personnel and expense during the past year, the Highway Commission feels all of the vetoed jobs are necessary, and will retain this personnel.

The economy move by the Governor will bring little saving to general fund, as funds for many of the departments that were slashed come from special taxes and fees and the Attorney General's in the past have ruled taxes levied for a specific purpose under special laws cannot be diverted to other uses. Therefore, the fees and taxes, in some cases will simply lie impounded in special funds, with the departments unable to use them, but the general fund not receiving the benefit of the apparent "savings".

Mann in Spotlight

Attorney General Jerry Mann added lustre to his already brilliant achievement of running the Attorney General's office as a law office, instead of a political machine, with two more splendid opinions. He ruled that a law passed by the recent session, and signed without question by the Governor, authorizing Commissioners' Courts and other taxing governmental bodies to re-open and reduce valuations on property upon which taxes are delinquent, was unconstitutional. It was another of those "pressure" laws resulting from activity of Federal agencies. The Home Owners Loan Corporation, holding mortgages on thousands of Texas homes on which taxes are delinquent, offered to settle these huge tax bills if the penalty and interest charges were waived. This was illegal, so the bill, permitting the boards of equalization to do the same thing in a roundabout way, was enacted. Mann declared it clearly violates the constitution, and the deal is off.

The doctory Attorney General's office also handed out a "letter" opinion, that is an opinion by one member, advising the Governor that he couldn't name a member of the legislature to a district judgeship. It is supposed the inquiry was made in behalf of Rep. Harold Hankamer, of El Paso. Jimmy Allred named Sarah Hughes to a district judgeship at Dallas, and Harry George of Georgetown to the Criminal Court of Appeals, while each was a House member. Legal authorities have contended such appointments are unconstitutional. The opinion from Mann's office upheld this view, and a conference of the whole Attorney General's staff has been asked. If it confirms the letter opinion, serious legal question involving the acts performed by the two Judges in the interim between the time they were appointed, and the time each was re-elected may ensue. Some lawyers say a possibility that criminals may be released under habeas corpus proceedings in cases passed on by Judge Graves while divorces and other civil judgements issued by Mrs. Hughes might be attacked as void.

In any event, the opinions in-

AIRPLANE HUNTERS FINED

After investigations lasting several months six Amarillo men were arrested and fined for hunting migratory waterfowl from an airplane.

Complaints were filed in district court, Federal, at Amarillo and a total of \$115 in fines was collected.

Wardens J. H. Maggard, Amarillo; P. D. Moseley, Canadian, and Federal Warden Vernon Yelton, who assisted in the investigations, reported the men hunted waterfowl from an airplane last November 16 near Nazareth, in Castro County, in violation of the game laws.

Notice Of County Board Meeting

The county board of trustees of Terry County will meet in the office of the county superintendent at Brownfield, Texas on July 25th at one o'clock for the purpose of classifying the common schools of Terry County. Any one who wishes may meet the board if they choose different classification from that your school has had.

With some five miles of good paving when the present program of 60 blocks is finished, about 14 of which is brick on 6-inch concrete, Brownfield will be one of the best paved little cities in West Texas. When inviting your friends here to live, don't forget to mention this feature.

Pension Setup Approved

Approval by the Federal Social Security Board of the liberalized Texas setup so far as July and August Federal matching is concerned, heartened the liberal pension folks, but the whole pension situation was largely up in the air at the week end, pending final action by Congress upon amendments to the Federal Social Security Bill. Tom Connally, junior Texas Senator, got the Senate to adopt an amendment requiring the Federal board to put up two-thirds of the first \$15 granted each pensioner, with the State putting up the other one-third. That will help the Texas situation, if it is included in the finally enacted law.

Diving Colts Coming To Buffalo Springs

LUBBOCK, Texas, July 21—Betty Bowman, comely young brunette from Plainview, will bring her nationally-publicized diving colts to Buffalo Springs park here Friday and Sunday, July 21 and 23, officials of the summer resort announced recently.

The appearance of the four talented aquatic steeds will be their first show away from Plainview in the state. Sought by two major motion picture concerns for movie shorts and any number of carnivals and road shows, the West Texas-bred colts will stage their performance free of prompting by Miss Bowman.

There are only two other horses in the world who perform the spectacular leaps from a 35 foot tower. One recently completed a winter's show in Honolulu, and the other for the past four years has been a standing attraction at Board Walk in Atlantic City, N. J.

Without coaxing from their 14-year-old trainer, the ponies will climb the 35 foot tower by a chute for their leap into the wavy waters of Buffalo Lake. Mathematicians certify them to be traveling 45 miles an hour when they reach the water's surface.

To prove their ability, the colts will dive not once but many times during the 90 minutes show both Friday and Sunday. Both performances will begin at 7:30 p. m.

W. H. Castleberry, old timer, who sold a good place near Meadow last year and moved to the Wellington section, was a visitor here this week. He reports a good crop of cotton, corn and feed on his new farm.

Mrs. A. H. Daniell and children left Saturday for Rule, where they will visit with relatives. Miss Mildred Fouts who has been a guest in the Daniell home, returned to Rule with them.

J. L. Reed, meat cutter for Piggly Wiggly, and family are off on their vacation in east Texas this week. Chas. Boyd is substituting in the meat department.

The Bowman Food Store reports a substantial increase in their business since they started ads in the Herald. They propose to give this advertising a good trial. That is a mighty good place to trade, folks.

W. H. Collins and wife, and J. B. Knight and family have returned from their vacation in the northwest.

A. D. Repp was a business visitor in Lubbock, Thursday.

Buck Harbinson and Jim Floyd of Lubbock were business visitors here Friday.

Mrs. H. E. Smith of Andrews and her mother Mrs. C. B. Quantle left Saturday for Indiana where they will visit Mr. Smith's parents. They also plan to visit in Chicago and to attend the World's Fair in New York.

190 SACKS PER ACRE

Potatoes being harvested this week on the R. A. Keniston place 8 miles southwest of Lockney are yielding up to 190, 100 lb. sacks per acre a visit Wednesday to that farm revealed. The potatoes are No. 1 grade and are being marketed in nearby towns for \$1.75 up per sack.

The crop is being harvested by a crew of some 50 workers operating a tractor drawn digger, a grader, and workers picking the potatoes off the ground and filling baskets. The spuds are sacked as they are graded and trucked off immediately.

Other potato fields in this community will be harvested the latter part of this week or next week.—Lockney Beacon.

South Shocked By Talk That She is Problem Number One.

Charlottesville, Va., July 13—Dr. Will Alexander of the Farm Security administration, told the institute of public affairs today that along with other southerners he was shocked by the National Emergency council's report to President Roosevelt branding the South America's No. 1 economic problem.

"As a southerner, I am sure it was a good thing," Alexander said. "We need to be shocked—shocked into doing something. We of the South have almost permitted a whirlpool of destructive forces to overwhelm us, because we are too proud to shout for help . . . attempts to do something about the problem largely originated outside the South and often were resented by the native Southerners. Witness the TVA, which has meant so much to large areas of the South and yet was chiefly the work of a Nebraskan and a New Yorker."

Alexander said that he would like to call attention to the South as the nation's greatest untapped market to the nation's business men, financiers and planners.

"I say to you with conviction—give the South a chance to buy and America can forget many of her economic troubles," Alexander said.

This could be done by direct rural home subsidies and expansion of the Farm Security program of rehabilitating tenant farmers, would be steps in the solution, he said.

"The government could easily invest \$1,000,000,000 a year for many years to come in rehabilitating the southern farmer," Alexander added. "Most of this investment would be directly self-liquidating. All of it would be indirectly self-liquidating through the increased revenue pouring into the treasury from revived industry."

HENRY FORD'S DREAM COMES TRUE

In 1893, a young man visited the Chicago Exposition and saw a fire-wagon, with an engine-driven pump.

Three years later, this young man was driving his first horseless carriage and ready to fulfill his pledge to "make a buggy that will go without a horse and make it so cheap that those who cannot afford a horse and buggy can have this."

Ten years after the Chicago Exposition, this man organized the Ford Motor Company, with a paid-in capital of \$28,000. This month, visiting the New York World's Fair, Mr. Ford was greeted by the 27,000,000th car to bear his name.

There are those who do not agree with many of the policies of Mr. Ford but few Americans can read this thumb-nail sketch of modern industry without admiration for the man behind it. Undoubtedly, to Henry Ford the people of America owe the development of cheap transportation. His leadership, we believe, is responsible for the low cost at which automobiles now sell. Without his leadership, the possession of an automobile would probably have been a mark of fortune and a motor vehicle might have remained in the exclusive possession of men of means.

The automobile industry, as a whole, has created a new epoch in American history, transforming social and business almost everywhere. Quite properly the present has been called "the automobile age." The living habits of a people have been changed by the "horseless buggy."

In this accomplishment, Mr. Ford has been a leader, deserving the admiration of Americans and all those who admire a man who does something worthwhile.

THIS FARMER LIVES AT HOME

We have a letter from a Texas farmer who lives at home and boards at the same place. He is W. R. Ranson, of Johnson County. He has followed the example of his father who never had to buy corn, hay or other feedstuffs and always had pork, milk, butter and eggs for home consumption and some to sell.

Mr. Hanson agrees with Farm and Ranch that farmers ought to have automobiles, but that some of them stay in them at times when they ought to be home fixing up the place or helping the wife with the washing and the chores. He is of the opinion if farmers wasted less time and used their heads more in trying to make a living, that Government programs would be unnecessary.—Farm and Ranch.
