# The Terry County Herald

A BOOSTER FOR TERRY COUNTY FOR THIRTY-FIVE YEARS—"BELIEVE IT OR NOT."

PRINTED IN TERRY COUNTY, ON THE SOUTH PLAINS, THE IDEAL DIVERSIFIED FARMING SECTION FOR THE FEEDER-BREEDER OF LIFE STOCK—WHERE THE ANIMALS AND ABUNDANCE OF FEED CONVERGE  
VOLUME THIRTY-FIVE BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY AUGUST 18, 1939 NUMBER 2

## Brownfield School Faculty Complete

In a recent board meeting, Mr. Philip James was elected to fill the vacancy left by Mr. Allen's resignation in the science department in the Brownfield High School. Mr. James has several years of experience in the profession, and is now enrolled in the Science Department of the graduate school in the University of Texas. He has almost completed his work for his Master of Science Degree. Miss Irene Adams, daughter of W. M. Adams of Brownfield, was elected to teach in the elementary school and Miss Ona Faye Tittle was elected to teach speech and English in the high school. Miss Adams received her Bachelor of Arts Degree from Baylor University this year and Miss Tittle received her Bachelor of Arts Degree from Hardin-Simmons University. Both girls made excellent records while in school and are ill qualified to fill the positions in our local system.

The high school faculty is comprised of the following people: Vernon Brewer, principal; Maudie Jo Fields, English; Tommy Zorns, physical education; Donna Huff, physical education; Thomas Neely, Vocational Agriculture; Jack McBrayer, Commercial Dept; Marietta Montgomery, Commercial Dept.; Mr. Griffin, Industrial Arts; Vivian Murphy, Home Economics; Nolan Tipples, Assistant coach and Math; Aubra Noncaster, Head Coach and English; Leon Cavaness, Band and English; Jewell Edwards, English and Social Science; Lucile Maize, English and Social Science; Verlin Cooke, Social Science and Art; Ona Faye Tittle, Speech and English; Lynn Daugherty, Music and Math; Philip James, Science and Math.

The elementary school faculty is comprised of the following teachers: W. M. Vernon, Principal; Mrs. V. L. Patterson, Mrs. R. P. Cates; Mrs. Emmitt Smith; Wynona Burnett; Mozelle Treadaway; Mrs. J. A. Bost; Irene Adams; Jewell Rentfro; Viola Brown; Mrs. Lee; Mrs. Vernon Brewer; Mrs. Bruce; Elmer Brownlee; Mrs. Burton Hackney.

A general faculty meeting will be held Sept. 4 at 9:00 in Room 206 in the high school building.

## Junior Chamber to Receive Charter Soon

Vernon Brewer, secretary of the Junior Chamber of Commerce informed us that at the last meeting of the organization, that they had agreed to help the Band Mothers all they could toward obtaining additional horns and other equipment for the band. They also voted to join the State Junior Chamber of Commerce.

They expect to receive their charter sometime in September, at which time Bill Cooper, of Dallas, president of the state organization, and Dick Hughes of Pampa, national director of the Junior organization, have agreed to be present. Amarillo has agreed to send a delegation of 25, and Brewer believes that 75 additional, perhaps more, may come from other towns, especially Pampa and Lubbock.

The local organization is also making a great effort to get either at that time, but with the suits Gerald Mann or Jerry Sadler here at that time, but with the suits coming up against the major oil companies, in which one as rail commissioner and the other as attorney general will be involved, time only will tell whether they can come or not.

## Dick McDuffie Interviewed in W. T. Today

In the last issue of West Texas Today, a local banker, W. R. McDuffie, cashier of the First National Bank, had his picture prominently displayed, and he gave the official publication of the West Texas Chamber of Commerce an interview about this section, reproduced below:

W. R. McDuffie, Brownfield: "I believe Brownfield is one of the best of the smaller towns of in West Texas, or in any other part of Texas for that matter. The best evidence of this is our growth. We had in 1930 about 2,000 people here, we have now about 5,000 and our town is still growing. I believe that we have a good country for a balanced farm program here in Terry and Yoakum counties and our farmers have always been among the first to adopt better methods and practices. This is proven by our bank deposits, which are about \$1,500,000 at this time, and our low aggregate loans which are only about 400,000. Brownfield has never had a bank failure and our percentage of commercial failures is the lowest of any town which I have any knowledge anywhere."

## Fine Interest Manifest in Baptist Revival

The revival at the First Baptist church is progressing nicely. The services which are held at 10:00 a. m., and 8:30 p. m. are well attended. There are prayer and group meetings at 8:00 p. m.

Mr. and Mrs. Earl Rogers are

REV. AVERY ROGERS

in charge of the musical program, with Mrs. Rogers at the piano, and Mr. Rogers directing. Those who have heard them have enjoyed the music very much. Mr.

MR. EARL ROGERS  
Singer

Rogers is an exceptionally good soloist.

The pastor is doing the preaching, and desires the co-operation of the entire membership in the meeting. If you enjoy Bible Preaching and Gospel Singing, attend the services of the meeting. All are welcome.

## MEETING BEGINS NEXT FRIDAY AT JOHNSON

The summer revival meeting will begin Friday night, August 25th at the Johnson school house, under the auspices of the Johnson Church of Christ, to run over two Sundays.

Elder J. A. Drennon of O'Donnell, Texas, will do the preaching, and local song leaders will direct the singing.

## Glorious Rains Buys Up Our Inhabitants

What a difference a good rain makes. A week or more ago, before we had that half-inch life saver, people were looking longingly at the skies, wondering if they would ever have any more cooling, refreshing showers up there to bestow on us mortals here below. That more than a half inch kinder steadied their nerves, and put hope for more in the future. And they were not to be disappointed, for there as a good rain Friday night and some showers Saturday afternoon. But the main show was staged during Saturday night when well over an inch fell practically all night and the ground was soaked with nearly 2 inches in the two rains—1.80 inches to be exact.

Since that time we don't think that we have seen a frown on a single face. Boy, that rain smoothed out the wrinkles like a laundry mangle. In fact, we believe that if a fellow had a bit of collateral he could borrow some money. And one groceryman says we can open an account if we wish—for just a little. Merchants that believed that all was not gone a few weeks ago when they were in the market and purchased rather heavily for the fall trade, are now buoyant over the matter, and are glad they stocked up well on fall goods.

As to the farmers—well, they look just like another set of humans. Some of them perhaps have little cotton, but they are looking forward to bumper corn and feed crops without another drop of rain. In fact we have been seeing some old Terry roasting ears of late that would do credit to the bumper year, 1937. In fact, Lee Lyon, prosperous farmer of the Hunter community informed us Tuesday that he had every bit as good a crop as that year, and believed it the best he had ever produced. Wanted us to come and see it. Have heard some farmers say they didn't want another drop of rain on this crop. Some reports of worms, which some say are boll worms and not leaf worms.

So, you see folks, the old goose is hanging high in old Terry right at the present writing. It looks like we are going to have at least an average fall after all.

## Cedar Lake Oil Well Is Closely Guarded

All daily paper reporters acknowledge that the matter of depth of the Stanolind Oil and Gas Co., well, in northeast Gaines county, about 20 miles south of Brownfield, is mere guess, but the present or Tuesday depth was given at 4699 feet. It was also reported that the well was standing 1100 feet in fluid, some of which is oil. All structures have run high in this well, and it is believed that it will make a well.

The location is at the east end of Cedar lake, and many people in that section of Terry county, just a few miles from the well are hopeful for an oil field there. The drillers are said to have put up canvas around the derrick to keep the curious from seeing what is going on.

Late reports rumor a new oil pool for that section.

## Local Gridster to Play in Oil Bowl

Word was received last week that Tom Rowden, stellar end for the Cubs the past season, had been selected to play for the west team in the Oil Bowl classic to be played in Wichita Falls on Labor Day.

The cream of last season's Class B. football crop has been selected from over the entire state, therefore it is an honor both to his team-mates and his coaches, as well as himself, to be thusly recognized.

The west team is coached by Grady Graves of the Crowell High School, who is a brother of Kyle Graves, local groceryman.

After several treatments from a local chiropractor, Grandma J. O. Brown was able to be in town, Wednesday.

## Lincoln Takes Agency of Western Reserve

Quite a surprise was handed the citizenship recently, when Mr. C. L. (Abe) Lincoln announced his severance with the Southwestern Life Insurance Co., of Dallas, to take the agency of the Western Reserve Life, at San Angelo. In doing this, Mr. Lincoln mentioned two or three things that decided his change. For several years Mr. Lincoln has been around the top of those in this section of the state in total amount of insurance written, but as the district agency was located in another city, he could see no chance of promotion other than just a local agent.

In the next few months, Mr. Lincoln, with the help of his friends, hopes to demonstrate to the Western Reserve officials that Brownfield, in the midst of a fine farm and ranch section, and surrounded by highly productive oil fields, is the logical place for the location of district offices, with a good office force in his employ, and a number of agents with headquarters in Brownfield, and local agents in other towns in this section.

There is another little matter that appeals to Abe, and that is the fact that the Western Reserve being more familiar with this section of west Texas, are more liberal with loans to cattlemen and others. In fact this has been demonstrated of late. Mr. Lincoln states, however, that the Southwestern is a great company, and the parts from them in good humor on both sides, with that company congratulating him, and promising co-operation in any way he saw fit. Lincoln has turned the business of the Southwestern over to Mr. Graham Smith, local tailor, who is well known here, and will continue to give the best of service to Southwestern policy holders. We presume that Mr. Smith will have a statement for the press, soon.

In this connection, Mr. Smith wants to express his sincere thanks to his many friends and old policy holders, for their loyal support and consideration in the past, and commends his new company with their registered policies to his friends.

## Money Price the Official Groundhog Weatherman

Money Price, who lives occasionally on his farm six miles north of town in the Challis community, but mostly in town trading, is now the official cyclops weather forecaster of Terry county and mayhaps this entire section, for he perhaps has the only living groundhogs (woodchucks) in this entire section. And we don't mean sausage, we mean the genuine little animals known in the southeastern states as a ground hog, and in the north as a woodchuck.

Recently while Money and his wife were visiting in the north with Dr. and Mrs. E. C. Davis and family, Money hired a boy to drown a couple, just over in New York state from Pennsylvania. They are a good specimen of this animal, it is said (we never saw one before) and are at present caged up out at the Price home. So next February 2, if you want to know whether we will have an early or late spring, see Money.

By the way, we almost had a menagerie out there now, with almost any domestic animal or fowl you might mention, and even has a monkey.

## Peirce Brooks Heads Texas Safety Council

AUSTIN, August 17.—The Texas Safety Council, a state wide non-profit organization, engaged in promoting safety in Texas, today elected Peirce Brooks, former Director as President. The organization was formed in 1933 by leading Texans, and since that time has been a powerful factor

in the education of Texas people on safety matters, and in the reduction of the annual accident death rate. Geo. A. Davison, Jr., of Eastland was elected vice-President; M. E. Gregory of Dallas, Secretary. Headquarters of the organization are in Austin.

Officers and directors of the Council devote a portion of each year without charge to the promotion of safety campaigns throughout the State. Captain J. C. Tappe, head of the Traffic Department, has been active, particularly in the last year, in organizing Junior Safety Patrols throughout the State. As a result of his work, in co-operation with the Director, 32 local committees were affiliated with the State Organization in the last year.

Officials expressed the thanks of the Council to the Civic Organizations of the State for their co-operation in the past year, and especially commended the newspapers for their splendid co-operation in the program to make life on highways and streets safe. "The last reporting month in Texas showed an increase in traffic deaths for the first time in 18 months," Brooks said. He again urged the people to observe these rules:

If you are drunk, don't drive. Read, Believe and Observe road signs.

Don't pass cars on inclines or curves.

Remember the human element is the most important in driving an auto.

Keep your car under control at all times.

## Schools Receive One Dollar Apportionment

The school year officially closes August 31st of each year. The year of 1938-39 will soon be passed and the schools of Terry county will have completed another annual cycle. On August 11th we received a one dollar apportionment from the state for the month of August and this brought the total amount to eighteen dollars for the year which leaves the state indebted to the schools in the amount of four dollars per scholastic. This means that the Terry county schools, both independent and common, have \$14,276 yet to be paid by the state. The teachers of Texas would have to wait until November or December 1st to cash any vouchers for this new year were it not for the fact that the law provides for school boards to borrow money from the banks to pay them.

## COUNTY COUNCIL OF PARENTS AND TEACHERS SAT.

Members of the Terry County Council of Parents and Teachers will meet in the District Court Room, Saturday, August 19 at 2:30 o'clock for a most important business session. Officials are especially urged to be present.

Signed,  
Nellie Mae McLeroy  
Council President

## Ohio Publishers Look Forward for Herald

A nice letter was received from Mr. and Mrs. O. P. Gaymon of Canal Winchester, Ohio, Tuesday, enclosing a \$3 check drawn on the Brownfield State Bank for another two years of the Herald. These fine newspaper folks, publishers of the Canal Winchester Times, The Buckeye News, and the News-Gazette. They own a fine body of land in west Terry county, close to the highway, and are very proud of it.

Quoting a bit from the letter: "We could not do without the Herald, which we look forward to receiving each week. Especially enjoyed your article about 'A Real Oil Field at Our Back Door,' and we believe you have it. Mr. F. H. McCormick, Auditor and Treasurer of the Buckeye Building and Loan of Columbus, was a guest in our home last week. He was starting for Texas, as he owns two sections near Meadow. Hope he enjoys Brownfield and Terry county as much as we do."

Mr. McCormick, mentioned above, arrived safely in Texas last week with Mrs. McCormick and daughter, Miss Reta. Mr. McCormick paid the Herald a short call, and seemed to be having a nice time. However, they were headed for Carlsbad Caverns and other points of interest before returning home. By the way, he confided to us that the Gaymons themselves might be down later, we hope so, anyway.

The building and loan company with which Mr. McCormick is connected is a \$25,000,000 concern, owning their own 12 story building. His father was taking the paper back many years ago.

## Texas Hospitals Present Plans to Help Sick Employees

DALLAS, August 18. — More than 300 Texas hospitals have joined with the Texas Hospital Association in launching Group Hospital Service, Inc., a non-profit organization, formed to give hospitalization to the masses upon a new low-cost basis. Bryce L. Twitty, for ten years superintendent of Baylor Hospital, Dallas, has been loaned to the new or-

BRYCE L. TWITTY

ganization during its formative period as administrator. Twitty, with Dr. J. H. Groseclose, Methodist Hospital, Dallas, pres. Dr. L. N. Markham, Longview, vice president; and Mrs. Josie Roberts, Houston, secretary-treasurer compose the official staff.

With the officers, the following hospital managers make up the board of directors: Miss Ara Davis, Scott and White Hospital, Temple; Mrs. Margaret Hales Rose, Wichita General Hospital, Wichita Falls; Mrs. Martha Robinson, Medical and surgical Hospital, San Antonio; and Mrs. C. E. Hunt, Lubbock Sanitarium, Lubbock, Texas.

The new service comes in answer to legislation passed by the last Texas Legislature. Offices will be opened in most towns and cities of the state.

Mr. W. R. Bowden was recently up from Midland, and renewed for the Herald. He is with the state railroad commission, oil division, and says he hopes there will be some oil developed in Terry county soon.

## Thompson Addresses Open Letter to Gov. Lee O'Daniel

Camp Hulan  
Palacios, Texas  
August 12, 1939  
Governor W. Lee O'Daniel  
Governor of Texas  
Austin, Texas  
Dear Governor:

I urge you to promptly call a special session of the Legislature for the purpose of providing funds to pay the pensions to the aged, care for the blind, the penniless children, and the State's portion of the Teachers' Retirement Fund. This can easily be provided for by a tax on oil.

The big oil companies have cut the price of crude oil twenty cents per barrel. This cut in price is wholly unwarranted because the stocks of all oil above ground is at a record low for twelve years past and the demand for gasoline is at a record high.

This means a loss of One Hundred Million dollars a year to Texas. This extra One Hundred Million Dollars will go into the cash drawers of the oil companies back East unless you act promptly to keep it in Texas. It is far better to care for the aged than to enrich eastern millionaires on our Texas oil.

Our duty is clear. The opportunity is here.

I am advocating to my colleagues on the Railroad Commission that we shut down all Texas oil fields for thirty days.

A five cents per barrel additional tax on oil will provide sufficient revenue for all social security requirements which the people have voted.

The balance should go into a permanent fund to be invested against the day when our Texas oil will be depleted. This fund could not be spent. The earnings of that fund would supply the revenue lost from oil depletions. We know our oil will play out. We should have something to take its place when it is gone. This permanent fund will do that job. The oil companies want to saddle a sales tax on our people. You can save the day by keeping this One Hundred Million Dollars per year in Texas and make a sales tax forever unnecessary in our state.

If you do not do this we will lose this One Hundred Million Dollars a year forever. The oil companies raise the price of gasoline, then cut the price of crude. Let's free Texas from this situation. The opportunity has been offered us by the unprecedented greed of these crude oil price cutters.

Respectfully yours,  
Ernest O. Thompson, Member  
Railroad Commission of Texas.

## Colord Evangelist Coming For a Mission Meeting, Begins Sun.

Evangelist H. C. Tyner, colored, of Lubbock, will arrive here this week and help make preparations for a mission meeting among colored folks of Brownfield and vicinity, under the auspices of the local Church of Christ (white). Tyner comes highly recommended as a minister and Bible student by the Broadway church at Lubbock, as he has held several meetings among the colored folks in Lubbock under their auspices.

The vacant lots southeast of the compress have been secured, and will be seated and lighted by the local white congregation. The meeting is to begin Sunday night, and close Thursday, August 31. The Evangelist will bring his own singer. Recently while here Tyner is said to have found three or four members of the Church of Christ among his race here.

A action will be provided for white people who wish to attend. Mrs. T. P. Newton of the Union community, left this week for a visit with her sisters at Hollis, Okla.

The Official Paper of Terry County and the City of Brownfield

Last week was the Herald's birthday, but we forgot to provide cakes and candles or even a mention of the affair. Frankly, we don't know what gender the newspaper is generally referred to as, but we have heard them called "she" and "her" more than "he" and "him," and if so, we don't suppose that it makes much difference. They tell us that a lady forgets all birthdays after she passes 25, and as the Herald is now 35, perhaps "her" birthdays should have been ignored 10 years ago. Anyway, the old gal is still living and breathing, and gives promise yet of living to a ripe old age.

Among the high toned and sensitive people, especially actors and actresses, has arisen a new word, spelled "allergic" we believe, and means that they have a horror or repugnance to this, that and the other. In other words makes their flesh crawl to have to do or handle certain things. Well, to be in the class with them, we guess we are allergic to rodeos. We would not walk across the street to see a bouncing steer or bronc with a bow-legged cowboy trying to ride it. In fact, it would be much more fascinating to us to sit out in a deep shade and read a Diamond Dick 10 cent novel.

The State Department of Agriculture in conjunction with the U. S. Department of Agriculture are to experiment with 30,000 bales of cotton this year in a south Texas section, by selecting a good grade and staple picked cotton, well ginned and wrapped with cotton bagging for foreign export. We understand that foreign spinners have already agreed to take such cotton at a premium. The worst trouble with Texas cotton is not so much under or over-production, but a poor grade and staple, badly ginned and wrapped, and just does not appeal to foreign spinners. If we are to get our world market back, Texas farmers must produce a better grade and staple, and the ginning and handling must be improved.

We hear from the daily press especially about the per capita tax, and they go on to tell how much this amounts to for each man, woman and child in America. This debt tax won't be paid on the per capita basis, wealthy corporations taking the major part of it. To the family of moderate means it will mean little, to the poorer classes practically nothing in the way of direct taxes. But to use a per capita basis of payment, makes good writing for the daily press which is mostly in sympathy with the big fellow, as well as the standpat politician. Yet those politicians couldn't be forced to publicly, from the stump, advocate such a measure of equal debt payment to all at the point of a gun. Ask the next one you hear spouting such an idea.

Apparently the oil companies have made themselves a hard bed by not being satisfied with a good profit. It seems now that a great sentiment is arising in Texas to stick a tax of 6c per barrel on crude taken from Texas soil, in order to care for the old people, teachers, blind and underprivileged, instead of soaking the poor people with a 2c sales tax. Pretty good idea that the immortal 56 stood the ground and held the pass. And right here, let us say once again that we think Texas made a mistake when it elected W. Lee O'Daniel instead of Col. Ernest O. Thompson as governor of Texas. Thompson wants to put this extra tax on the rich who are exploiting our natural resour-

ces—O'Daniel would put it on the back of those least able to pay.

You know there are people who see red when everything don't just go to suit them. One such person lives at Snyder, and he has nerve enough to sign his John Henry to the article. It starts out, "Remember the Alamo! Rally around the flag, Texans! Fight fire with fire! Anyone who buys any (Blank Oil Products) is a traitor to Texas. Write ten friends today; tell 100—give the (blank) a dose of its own medicine. Write the president of the (blank) company at Houston today—Fight!" The Herald purposely deleted the name of the company, as we don't care to have any court suits. But in a way we agree with the writer of the card. The majors have stuck out their necks. With gasoline as high as it has ever been, they start cutting the price of crude. Apparently they invited a fight they may not relish in the windup.

Contrary to the generally accepted saying that people don't care for poetry any more, nearly everyone has a fondness for rhymed words. Most executives—even those who like to consider themselves hard-boiled—have a bit of verse under the glass top of their desks or in a billfold; some such sentiment as this:
"When the One Great Scorer comes to write against your name,
He writes not what you won or lost, but how you played the game."

"United we stand, divided we fall," declared the intoxicated man as he clung to the lamp-post.

Well, it's working out all right. None of the concerns affected by the ban on Sunday trucks (of course, those doing emergency hauling are not included) opposed the regulation and the traffic on the main highways was materially less, reducing traffic hazards and increasing the enjoyment of families out for a pleasant drive—which was the idea that the State Railroad Commissioner Jerry Sadler had urged in his restriction. Austin has the most elaborate battery of traffic signals at busy, zig-zagging corners of any seen by this observer. There is a red light and part of the time it is on, a "walk" light for pedestrians shines. Then there is a green arrow pointing up, which means that cars can drive straight ahead on a red light; a green arrow pointing right or left meaning you can drive in the direction indicated, even if the signal is red. Besides these, there are yellow warning lights and the green light. But it's not as complicated as it sounds—it couldn't be.

Even more elaborate than the traffic signals are the toothpick machines in some of the Austin Cafes. The customer presses a lever and one toothpick shoots into view. You have to grab quick or it'll drop back out of sight, proving that the hand is not quicker than the eye. This contrivance keeps the patron from carrying away two toothpicks instead of one. Since a box of toothpicks costs 10 cents, this loss would amount to perhaps 70 cents in the course of a year. However, this saving is somewhat reduced by the fact that the machine costs \$5 or thereabouts and is inclined to get out of order every few weeks, requiring the services of a skilled mechanic armed with a kit of tools as numerous as those of a veterinarian working on a sick race horse. It's a great age we're living in.

PET DOE HAS TRIPLETS
A pet doe on the Hyatt brothers ranch five miles northeast of Johnson City, (Blanco county), is more than doing her share in populating the Lone Star State with deer. She gave birth to triplets on May 22, two females and one male. This doe has, in seven years had 17 "children" including three sets of triplets and four sets of twins. She is nine years old. Triplets in deer are rare, only one other case being on record for Texas in the last decade.

CITATION BY PUBLICATION

THE STATE OF TEXAS
COUNTY OF TERRY
TO THE SHERIFF OR ANY CONSTABLE IN TERRY COUNTY, TEXAS, GREETING:
You are hereby commanded to summon Dorthie Freeman, to appear at the next term of District Court of Terry County, Texas, to be at the Court House thereof, in the town of Brownfield, on the Fourth Monday in August, 1939, the same being the 28th day of August, 1939 then and there to answer a petition filed in said Court on the 30th day of June, 1939, the file number of which is 2531 in which suit Willis J. Freeman is plaintiff and the hereinbefore named and whom you are hereby commanded to summon, is defendant, the cause of action being as follows: and action for divorce, the Plaintiff alleging that he has been an actual bona fide inhabitant of the State of Texas for a period of twelve months and has resided in Terry County Texas, for more than six months prior to the filing of said Petition. That Plaintiff and defendant were married on or about the 4th day of November, 1934 and lived together as man and wife until on or about May 29, 1939, when they separated and have not lived together as man and wife since said date. The plaintiff further alleges Adultry on the part of defendant as grounds for divorce. Plaintiff also asks for the care, custody and control of their minor child Kenneth Freeman age Two years, and the conduct of the defendant generally toward plaintiffs of such nature as to render their further living together as man and wife insupportable, premise considered.
You are commanded to so summon the defendant, and to serve this Citation by making publication once in each week for four consecutive weeks previous to the return day hereof in a newspaper published in your County, if there be one published therein; but if not then in the nearest County where a newspaper is published.
Herein fail not, but have you then and there before said Court this writ with your return thereon showing how you have executed the same.
Witness Eldora A. White, Clerk of the District Court, Terry County, Texas.
Given under my hand and the seal of said Court in the Town of Brownfield, Texas on this the 24th day of July, 1939.
Issued August 24, 1939.
Eldora A. White, District Clerk. (SEAL) 2c

PROPERTY VALUATIONS UP

Texas property valuations for State taxes this year will show an increase this year for the 4th consecutive year, in the opinion of tax assessors of the various counties. Comptroller George H. Sheppard calculates values subject to State ad valorem tax as \$3,522,027,141, a gain of \$24,151,258 over 1938.

800-MILE FENCE

Amarillo News—"Perhaps the greatest amount of barbed wire ever used on a single acreage was strung around the 3,000,000-acre XIT Ranch that the State of Texas swapped for the capitol building at Austin. Within two years after the ranch was established it had 800 miles of barbed wire. Later cross fences increased the amount to 1500 miles. (The King Ranch in South Texas is larger than any other ranch under fence today, but the Kings use smooth wire, enough of it to reach from Brownsville to Chicago.)"

STORY WITH A MORAL

In a Philadelphia court six joyful refugees who had just been granted U. S. citizenship offered to buy an American flag to hang in the court room. Three were Italians, two Czechoslovakians and a Russian. One was a refugee from a Communist country, and the others from fascist countries. Said the six after being granted their citizenship papers: "We are so happy to become American citizens that we thought Your Honor wouldn't object if we put our money together and bought a flag for your courtroom." The judge thanked the new citizens but refused their offer and ordered that a flag for the room be purchased immediately with the proper funds.

RULES FOR MEAT PREPARATION

AUSTIN, Texas, August 4.—At a meeting held in Austin by the State Department of Health with the meat packers of Texas to discuss new rules and regulations governing the preparation of meat and meat products, the rules adopted met with the approval of those present. Briefly the new rules are:
Meat, meat by-products or prepared meats shall not contain cereal, vegetable starch or vegetable flour, individually or collectively in excess of 3 1/2 per cent.
To facilitate grinding, chopping and mixing not more than 3 per cent of water or ice may be added to sausage. These meats or by-products shall not contain any artificial coloring or any quantity of soy bean flour or any other product of the soy bean.

Milk, skimmed milk, dried milk, dried skimmed milk, malted milk, and analogous substances and products which may be approved for such purpose by the Federal Department of Agriculture, may be added to meat, meat by-products, prepared meats and meat food products, provided their use does not result in added water or moisture in excess of 3.5 per cent. Meat, meat by-products, prepared meats and meat food products shall not contain dried milk, dried skimmed milk, malted milk, or other dehydrated milk product, in excess of 3.5 per cent, and if cereal, veg-

RAG WEEDS TO HIT HAY FEVER VICTIMS

Hay fever sufferers will begin to feel the effects of rag weed pollen during the month of September, and the State Department of Health again urges that local civic and municipal organizations start now eradicating all rag weed before the plants start blooming. By cutting rag weed now, the pollen content of the air will be greatly reduced during the fall months, and hay fever sufferers will be greatly benefited. A pamphlet containing complete information relative to the accepted principles of rag weed control may be obtained free of charge

etable starch or vegetable flour is also added, the combined amount of cereal, vegetable starch, vegetable flour, and dehydrated milk product shall not exceed 3.5 per cent. Meat, meat by-products, prepared meats and meat food products shall not contain any quantity of artificial color.

LA VENTANA GROWS FROM 400 TO 1950 COPIES

LUBBOCK, Texas, August 18.—When La Ventana, Texas Technological College yearbook, first appeared in 1926, 400 copies were sold. This year 1950 copies have been distributed, according to R. A. Mills, sponsor. Replacing the first annual which was stiff backed and contained only 100 pages is the present La Ventana of 300 pages. Padded cover is of black leather on which appears the red Double-T, symbolic of Texas Tech.

MAN BITES DOG

If there are any old-time fire-eating editors sitting around a table in Heaven or Valhalla and looking down on this earthly scene they must have gotten a kick from a recent issue, or rather two issues, of the Fairmont (Minn.) Daily Sentinel.

First the Sentinel published a news service picture, showing a posse in the Wisconsin woods sitting around and grinning over the corpse of a fugitive killer, caught by a hail of bullets after a 13-day chase. The rifles which had killed him were piled casually on his body in the foreground of the three column cut. It was a thoroughly unpleasant picture, and it must have struck the Sentinel's editor as such when he got his copy off the press. Here's what he said the next day:

The front-page picture used by the Sentinel in its Friday issue can only be justified as illustrating the worst in journalism. Its use has brought endless exclamations of horror and disgust. That needs no embroidery.—Editor & Publisher.

PET CROW THAT TALKS

Max Rice, 8-year-old son of Mr. and Mrs. J. A. Rice, of Nocona, (Montague county), has a pet crow named "Butch," that can talk. The crow has a vocabulary of about 25 words that he has learned from hearing the family talk. "Butch" often accompanies his young master to and from school.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Terry County, Greeting:
YOU ARE HEREBY COMMANDED to summon L. C. Gleaton, Otto Ridgeway, D. P. Pinkard, A. C. Coker, C. W. Lusk, J. B. Weems, C. C. Lytle, C. C. Coker, C. E. Lytle, C. L. Norsworthy, C. M. Boone and J. A. Walker, and the unknown heirs and legal representatives of the said L. C. Gleaton, Otto Ridgeway, D. P. Pinkard, A. C. Coker, C. W. Lusk, J. B. Weems, C. C. Lytle, C. C. Coker, C. E. Lytle, C. L. Norsworthy, C. M. Boone, and J. A. Walker and each of them by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Terry County, to be held at the Court House thereof, in Brownfield, on the fourth Monday in August A. D. 1939, the same being the 28th day of August A. D. 1939, then and there to answer a petition filed in said Court on the 27th day of July A. D. 1939, in a suit, numbered on the docket of said Court as No. 2547, wherein Bill Collins and W. H. Collins, are Plaintiffs, and L. C. Gleaton, Otto Ridgeway, D. P. Pinkard, A. C. Coker, C. W. Lusk, J. B. Weems, C. C. Lytle, C. C. Coker, C. E. Lytle, C. L. Norsworthy, C. M. Boone and J. A. Walker and the unknown heirs and legal representatives of each of them, Jessie G. Randal, Gaster Randal Spencer and George E. Tierman are Defendants, and said petition alleging that on or about July 1, 1939 plaintiffs were lawfully seized and possessed of the following described land and premises situated in Terry County, Texas, and holding and claiming the same in fee simple, to-wit:
All of Section Four (4), Block K, Public School Land, containing 640 acres of land, more or less.

UPON REQUEST FROM THE STATE DEPARTMENT OF HEALTH, AUSTIN, TEXAS.

Approximate yearly growth of the publication may be seen from the following data: 1926, 400; 1927, 600. By 1931 the number grew to 1200; 1937 to 1740. Still on an upward climb total distribution reached 1820 in 1938 and 1950 this year.

We noted the passing of Lon Cavin, an old friend near Grandview this past week. We have known Mr. Cavin for the past 39 years, or since we came to Texas. He has been during that time a near neighbor of one of our brothers, who always said that Mr. Cavin was a true neighbor and friend.

That on the day and year last aforesaid defendants unlawfully entered upon said land and premises and ejected plaintiffs therefrom and unlawfully withheld from plaintiffs the possession thereof to their damages \$10,000.00.
That the reasonable annual rental value of said land and premises is \$640.00
Plaintiffs plead the statute of limitation of three years.
Plaintiffs plead the statute of limitation of five years.
Plaintiffs plead the statute of limitation of ten years.
Plaintiffs plead the statute of limitation of twenty-five years.
Plaintiffs pray for judgment

upon request from the State Department of Health, Austin, Texas.

Replacing the first annual which was stiff backed and contained only 100 pages is the present La Ventana of 300 pages. Padded cover is of black leather on which appears the red Double-T, symbolic of Texas Tech.

Approximate yearly growth of the publication may be seen from the following data: 1926, 400; 1927, 600. By 1931 the number grew to 1200; 1937 to 1740. Still on an upward climb total distribution reached 1820 in 1938 and 1950 this year.

### 75TH ANNIVERSARY OF RED CROSS AUGUST 22

Three-quarters of a century of world-wide Red Cross service upon the 75th anniversary of the Treaty of the Geneva will be commemorated Tuesday, August 22, by a special broadcast to be heard over NBC Blue network from 1:30 to 2:30 p. m., CST

Short-waved also to Europe, Latin America and other parts of the world, the program will feature talks by Hon. Norman H. Davis, former ambassador-at-large but now chairman of the American Red Cross and of the Board of Governors of the League of National Red Cross societies, and the Hon. Max Huber, president of the International Red Cross committee, who will speak from Geneva.

Music by the U. S. Navy band and a short dramatization of the experience of Henri Dunant at

the battle of Solferino, which led to the founding of the Red Cross, will complete the broadcast.

### Local Scouts Stand 3rd in Swim Meet

LUBBOCK—Troop 35, American Legion, Boy Scouts of Spur captured the annual South Plains Council swimming meet again this year by taking first place Saturday here, competing against 31 troops representing 16 cities of the council.

The scoring, Troop 35, Spur, 82 1-3 points; Troop 22, Lamesa, 53 points; Troop 49, Brownfield, 19 1-2 points; Troop 20, Muleshoe, 15 points; Troop 50, Plainview, 10 points; Troop 4, Lubbock, 7 1-3 points; Troop 23, Lamesa, 5 1-3 points; Troop 26, Littlefield, 3 points; Troop 57, Floydada, 3 points; Troop 16, Post, 3 points; Troop 2, Lubbock, 2 points; Troop 8, Lubbock, 2 points, and Troop 11, Lubbock, 2 points. Other towns participating but not scoring were Slaton, Levelland, Olton, Morton, Amherst, and Meadow. Scouts and Scouters feasted after the meet, held in the rain, on watermelons furnished by the council.

A Court of Honor for the Brownfield Boy Scout Troops will be held here Monday, August 21, L. E. Heath, Court of Honor Chairman, said today.

### Health Should Be Taught in School

AUSTIN, Texas, August 18.—Assembling of students in the schools of the State next month calls to public attention the definite health responsibility of parents and teachers, and health workers, and is the subject of an address from the State Department of Health to the citizenship. "A public health education program is an outstanding factor in the development of the physical, mental, and social welfare of the school children of today," said Dr. George W. Cox, State Health officer. "Health teaching should be a basic part of every educational program."

"Practically every phase of the school system is related to health. Housing, screening, diet, disposal of wastes, exercise, rest, even the manner of daily contact with others, all have a direct bearing on health. Schools must treat the child as a whole—with his physical condition related definitely to his mental and emotional capacities.

"Prevention is the all important factor in the control of communicable diseases. 'Communicable'—as we all know—describes that kind of disease which may be imparted or transmitted from one person to another, either by personal contact or through some other method. One by one, the communicable diseases, such as smallpox, diphtheria, whooping cough, and typhoid fever, are being controlled by preventive of immunizing agents. It is much better for all concerned that the child should be protected from ever taking these diseases, which often leave some condition that will cause trouble later in life.

"Assume your responsibility in the community and work for development of health education which will pave the way to a better health for the future.

Mesdames Dick McDuffie, Dudley Repp and Jim Graves went to Monahans Monday to visit Mrs. Fred Youree. Sonny McDuffie remained to spend this week with Mrs. Youree.

### IST PRYBYTERIAN CHURCH

Fred A. Walker, Pastor

Sunday School 10 o'clock

Morning Worship 11 o'clock

Christian Endeavor 7 o'clock

We are looking forward to the meeting of the Abilene Presbytery at our church on the 5th and 6th of September. This meeting will bring representatives of 23 churches in this section of the state. A number of outstanding speakers will be on hand and will address the gathering. The public will be invited to attend three of these services. Watch for announcements.

### 1939 Crop Estimate Lower Than 1938

Based on a condition of 74 per cent of normal on August 1, the United States will have a cotton crop this year of approximately 11,421,000 bales, which will be 531,000 bales less than last year's crop and smaller than any crop since 1935, the federal crop board reported Tuesday. The indicated yield of lint cotton per acre is 223.7 lbs. per acre.

Ginnings to August 1, the report revealed, were 137,076 running bales, counting round bales as half bales, compared with 157,865 bales to the same date of 1938.

Yields in Texas and Oklahoma are indicated to be less than in 1938, while the Carolinas and Georgia will have a higher yield than in 1938 and also above the 10-year average. In Alabama and the states joining the Mississippi river this year's expected yields are less than the high yields of the last year, but are still above the 10-year average.

The yield in Terry county was placed at 20,000 bales as compared to only 12,055 last year.

### General Meet of Permian Basin Territory

COLORADO CITY, August 18. Towns all over the Permian Basin Territory, which includes Brownfield, Texas, are urged to send a large delegation of business and professional men, land owners and oil men to the Colorado City Permian Basin Oil Discovery Celebration, August 24-25th, for the purpose of not only celebrating a discovery which brought tremendous new wealth and thousands of new citizens to this area, but for the purpose of banding together these business

men in a much needed organization to promote the future growth and protect the general welfare of every city, town and community within the boundaries of the Permian Basin.

The Chambers of Commerce, service clubs and civic organizations are especially urging a large attendance from their towns to the Colorado City celebration.

The attendance will prove the interest of the people and the strength of the organization. The celebration meeting will be invaluable to every person who attends, from an educational standpoint. The problems that affect the lives of every citizen, no matter what their business might be, will be analyzed to them by many of the outstanding leaders of our state and nation. The celebration will not only be educational—and to the interest of every business and professional man as far as his business is concerned—but many plans have been laid for a hilarious and joyful entertainment program for the whole family.

Senator Tom Conally will be principal speaker on the feature program, Judge J. C. Hunter, President of the General Mid-Continent Oil and Gas Association, and a number of other state and national men of nobility have accepted invitations to serve as speakers.

An assured attendance of a majority of Texas Congressmen will be a feature of the celebration. All Texas Congressmen have had special invitations, and the majority of them have sent in their acceptance, according to H. B. Spence, Temporary Secretary of the organization.

### Special Program Feature

1. Opening feature of the celebration will be a Congressmen's Luncheon at the Hotel Colorado on Thursday, August 24th, with George H. Mahon, Congressman from the 19th District presiding, a special entertainment program and radio broadcast from 1:00 to 1:30 p. m. will close the luncheon.

2. 2:00 to 3:00 p. m.—Special get-together and floor show, American Legion Hut, Chestnut and 3rd Streets.

3. 3:15 to 4:45—Colorful and spectacular—Horse Show, Colorado City Frontier Round Up Grounds, grand stand and arena located 1-8 mile East of Ruddick Park.

4. 7:00 p. m.—Real West Texas Barbecue, special entertainment and radio broadcast, Ruddick Park Amphitheater.

5. 8:00 to 10:00 p. m.—Feature celebration program—Congressman George H. Mahon, Master of Ceremonies, Introduction of all outstanding state and national dignitaries; feature entertainment program, short speech by Hon. J. C. Hunter, President of General Mid-Continent Oil & Gas Association—Principal address by Senator Tom Conally. Radio broadcast will go out over State Net Work.

6. Two big dances, American Legion Hut—Hotel Colorado, Colorado City, 10:30 'til.

7. Friday, August 25th, 10:00 a. m., general business session of three appointed delegates from each Permian Basin town—Palace Theatre. Recommendations concerning Organization, Constitution and By-Laws have already been drafted by this special appointed

committee headed by A. B. Davis, Manager of the Lubbock Chamber of Commerce.

A large number of State Senators, State Representatives, officials of Railroad and Highway Commission, Presidents and vice-presidents of many of the world's largest oil corporations and organizations, and many other state and national men of outstanding prominence have accepted invitations to the Colorado City celebration.

This is not just Colorado City's celebration—it is everybody's celebration that live in the Permian Basin. Every business man will be greatly benefited by the Permian organization, and it is their duty to attend the celebration and support the organization. The celebration will move each year from town to town by invitation and vote. Each town is expected to furnish one good entertainment number.

Frank H. Keiley, Temporary Chairman, Permian Basin Ass'n; R. J. Wallace, General chairman, Celebration Arrangement Committee; H. B. Spence, Temporary Secretary, Permian Basin Ass'n.

A fishing party composed of Everett Latham, Richard, Clovis and Spencer Kendrick, Orb Slice and Grady Goodpasture, spent the week end at lake Kemp, near Seymour. They report a nice outing and plenty of fish.

Guy T. Nelson and family of Childress, are here this week visiting his parents, Mr. and Mrs. Jim Nelson and son, and his sister, Mrs. Lorn Walters and family.

# Why be a Ham in Carving One? Expert Shows Easy, Modern Way

If they snicker when you start to carve, you'll be comforted by these kind words from Max O. Cullen, carving authority. "It's easy to learn the right way, and the right way is the easy way," says Cullen, who is shown at the right explaining to Pete Smith, producer of motion picture shorts bearing his name, and Ann Morriss, M-G-M player, the fundamentals of carving a ham, during the recent filming of "Culinary Carving," an educational short in which Cullen was featured.

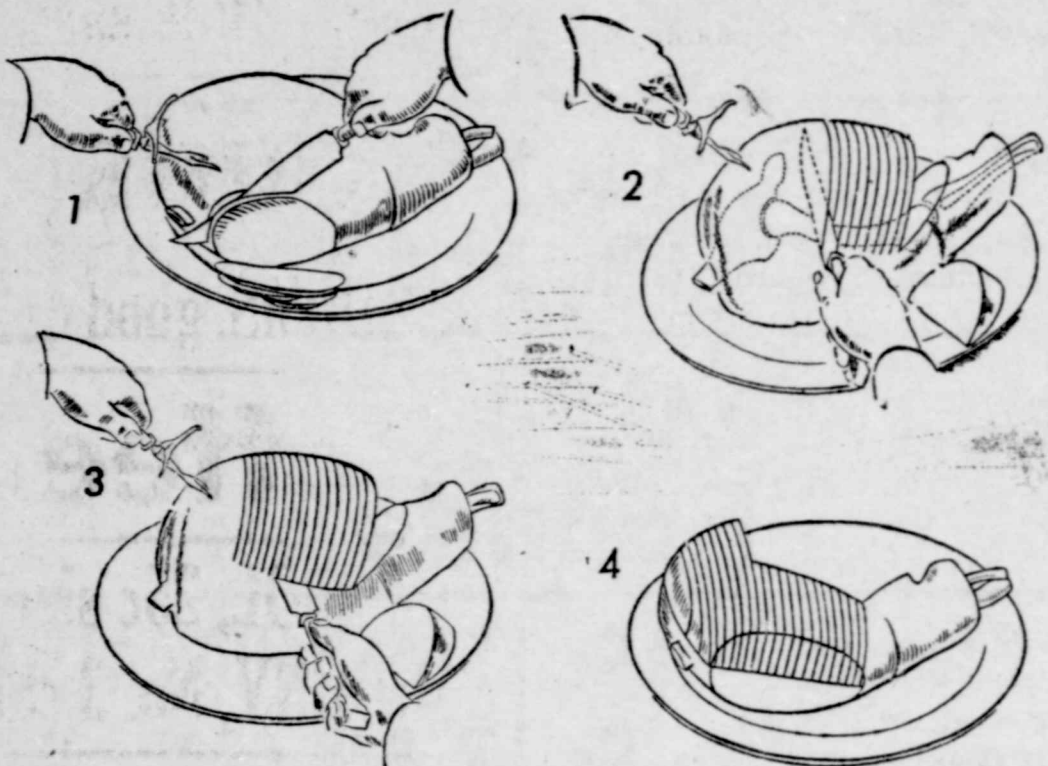

Proper tools and a sharp knife are of first importance, says the expert. Then you can proceed with confidence, if you will follow his simple directions as shown by the diagrams and instructions below.

1. Place ham with fat side up, shank end to carver's right. Cut two or three slices parallel to the length of the ham from the smaller meaty section.

2. Turn the ham so that it rests on the cut surface. Holding firmly with the fork, cut a small wedge shaped piece from the shank end. Then proceed to cut thin slices down to the leg bone until the aitch bone is reached.

3. With the fork still in place, release the slices by running the knife along the bone and at right angles to the slices. For additional servings, turn and carve other side of ham.

4. If more servings are required, the ham is turned back in its original position on the platter with the fat side up and the slices are carved at right angles to the bone. These slices are not so large as those from the cushion section, but they make attractive servings for second helpings.

## Elmer B. Johnson New Santa Fe Official

The promotion of M. C. Burton, general freight and passenger agent of the Panhandle and Santa Fe Railway, to general freight agent of the Gulf, Colorado and Santa Fe Railway, with headquarters in Galveston, was announced today by Paul F. Hastings, vice

**ELMER B. JOHNSON** president in charge of traffic of the Santa Fe System Lines. Elmer B. Johnson, assistant general freight agent from the Coast Lines in Northern California, was appointed to succeed Burton. Both changes are effective September 1.

Burton has been actively identified with railway traffic and development in the Southwest for more than thirty years. In 1936 he was appointed general freight and passenger manager of the Panhandle and Santa Fe, succeeding Tom B. Gallagher, now passenger traffic manager of the Santa Fe System Lines at Chicago.

Mr. and Mrs. Adolphus Goodpasture have a new addition to their home, a little boy, Tommy Dell, 9 1-4 pounds who arrived on the 15th.

## No Shenanigans With Marketing Cards

College Station, August 18.—Any cotton grower who misuses his marketing card to help someone else sell lint in excess of a marketing quota will lose his AAA payments, and so will his friend. Warning to that effect was issued by the State Agricultural Conservation Committee here this week.

This is a new ruling. It is based on a provision that all or any part of a farmer's payments may be withheld if he does anything which tends to defeat the purposes of the farm program, Donald Cothran, Lamar county farmer and state committeeman, said. Under marketing quota regula-

tions, put in effect by a vote of cotton growers last fall, white cards are issued to farmers having planted within cotton acreage allotments and who have carried over from last year which would not have been subject to penalty had it been sold.

Holders of red marketing cards are supposed to pay a penalty of 3 cents a pound on all cotton sold in excess of their marketing quota.

The new ruling provides that if a cotton producer who holds a white card gins or sells cotton for a farmer with a red card, and the county commission finds the act to be in defiance of regulations neither of them will receive conservation or price adjustment payments under the 1939 program. Cothran said almost 98 per cent of the cotton farmers of Texas planted within their 1939 acreage limits. Cotton marketing has been relatively free from "shenanigans" this year, he reports.

## REPUBLICAN CONGRESSMEN RENDER VALIANT SERVICE

Among the more sensational "issues" developed by, or for, the Republican members of Congress during all the seven long months of the session was their "localization" of the Government debt. Congressman Hallack of Indiana, for example, went to the trouble—or so he endeavored to convince his constituents—of dividing \$1,066,698,118.14, which sum he characterized as "Indiana's proportion" of the national debt, among the counties of his district on a per capita basis. The theory he propounds as a fact is that every man, woman and child owes his and her "pro rata". Like his colleagues, this congressman is not sponsoring a bill to carry that plan into effect.

## LAF-A-LOT CLUB

Mrs. W. R. McDuffie was hostess to the Laf-A-Lot club, Thursday, August 17th.

Three tables were in play and high score was won by Mrs. Jack Stricklin, Jr., and second Mrs. Clyde Cave.

Cheese sandwiches, chicken salad, iced tea and pecan cake with whipped cream were served.

Those enjoying this lovely affair were Mesdames Noel, Carter, Cave, Trigg, Stricklin, Jr., C. Kendrick, Graves, Stice, Allen, Wingerd, Anthony and Bailey.

Mrs. Jesse May and children of Mercedes, Texas, are here the guests of her parents, Mr. and Mrs. J. C. Green, and brothers, Lawrence, Leslie and Gladys.

John Chisholm and family are expected in this week from their vacation spent in California.

## American Womanhood

Mr. and Mrs. Bob Ribble and daughter, who live west of town and Mr. and Mrs. L. C. Walsler of Scuddy, were in last night to see how the Herald is printed.

Mr. and Mrs. George Warren, Ima George, and Ted White are in De Leon this week. Mr. Warren is looking after business interests there. They are expected

## Make Cooking EASIER-FASTER CLEANER

## with Modern GAS RANGE

NOW comes a range so miraculous, old-time kitchen drudgery is a thing of the past. The new Gas Ranges think for themselves with heat control, temperature signals, minute minders.

Result? You can create, with assured success, cooking and baking triumphs such as you never dared attempt before.

Visit your dealer and see the many handsome new models. You'll be amazed at what they can do—you'll love their beauty.

## SILO AND SILAGE

By Dennis Lilly

It has long been realized that in this area livestock is necessary as a stabilizing enterprise on the farms of Terry county. Much progress has been made in the county toward providing the necessary livestock; however, there is a great need for developing adequate feed surplus in order that these livestock enterprises may in turn be stabilized. We have all witnessed during the period of operation farming in Terry county the demoralizing effect of having to dispose of the livestock on a farm due to lack of feed surplus and the resultant exorbitant cost of purchasing feed. In order to insure an adequate feed surplus in this area, two basic requirements must be considered; First, planting sufficient acreage to provide for not only the coming season's need but also a surplus for building up a feed reserve; second, adequate storage for this reserve feed supply when produced. It is not a difficult problem to produce storage facilities for grain, but the efficient storage of roughage presents more difficulties. The storage of roughage is complicated by its bulk, its poor keeping qualities, the tendency to deteriorate when stored in the open, and the waste incurred in storage and feeding of the parts of the plant having the highest nutritive value. While it is not important to provide storage for surplus grain, it is doubly important to provide the means of storing an adequate reserve supply of roughage, as this form of feed constitutes the most vital part of the ration for the bulk of the livestock handled in this area. Livestock can be carried through times of stress with little or no grain, while roughage is absolutely essential if the foundation herd is to be maintained on the farm and not sacrificed in a period of low prices.

The storage of roughage in the form of silage provides the best answer to all the problems involved in preserving a supply of roughage for future use.

A great deal of evidence can be shown concerning the keeping qualities of silage, and we have

knowledge of silage put down in 1915 which was fed during the drouth season of 1934 and found to be in excellent condition. Such a reserve of feed on a farm located in an area subject to drouths and other crop hazards is as good as money in the bank. The use of the silo as a means of storage is well known; but there is another advantage in the use of silage which is of equal importance, and that is an increase in returns per acre from practically all roughage in this area over that of any other method of feeding those same roughages.

There are a number of other advantages in storing and feeding silage, and the County Agent and FSA supervisor are glad to explain these advantages to anyone interested in increasing the value of their feed.

Dr. A. H. Shi of Stratford, Okla., and daughter Mrs. Bud Robinson and Mrs. Robinson of Norman, Okla., came in Wednesday evening and are visiting in the W. C. Smith home.

Jim Graves who has been suffering quite a bit with hay fever is in bed this week. He got up Sunday morning sneezing and seems to have torn something loose in his side or hip and is suffering quite a bit of pain and it is said he will be confined to his bed for several weeks.

## Cary Started Denver City Bakery Sunday

After having some trouble receiving some of the necessary materials in the construction of his bakery at Denver City, this was received last week, and installed, and the bakery, the first in the oil fields of Yoakum county began operation Sunday, under the direct supervision of Mr. A. E. Cary, owner, of this city.

If Mr. Cary gives the citizens of the oil fields of Yoakum and Gaines counties as good a loaf as he puts out here, there will be no kick from his customers.

P. M. Williams of Yoakum county, was in after supplies for the ranch, Tuesday.

## Registration Will Begin August 21

Registration in the Brownfield Public Schools will begin August 21st at 9:00. All students who wish to enroll in grades from the sixth to the eleventh may come to the office in the high school any time any day including Saturdays from August 21 to September 5th. September 5th will be the final day of registration. All students who enroll in grades from one to five inclusive will register in the West Ward building on September 5th. Classes throughout the system will start September 6th.

## TO PAY 100-YEAR-OLD DEBT

The legislature has authorized the state to pay \$16,942.80 to heirs of Thomas F. McKinney, Texas patriot, for the "money, property and credit" he provided the Republic of Texas 100 years ago.

## GOOD QUAIL HATCHES

Pampa News: Exceptionally favorable seasons of 1937-38 resulted in great hatches of quail in the southern great plains country," says Game Warden Martin Donley after a survey. He estimated bobwhite and native blue quail are more plentiful than any time in recent years.

## Room Bureaus Set Up For New York Fair

NEW-YORK (Special)—Two agencies have been set up in New York City to insure World's Fair visitors' getting living accommodations at a most reasonable price.

One is the Mayor's Official World's Fair Housing Bureau, Inc., with headquarters in the Chanin Building, 122 East 42d Street, set up by Mayor LaGuardia to locate rooms for visitors in private homes and dwellings.

The other is the Hotel Room Information Bureau of the Hotel Association of New York City, representing 180 hotels with a total capacity of 80,000 rooms. The bureau is at association headquarters, 221 West 57th Street.

Both agencies function without any charge to the visitor in finding him clean and comfortable accommodations at a price within his means. Rooms in private dwellings range in price from \$1 per night per person upward, with the average per person \$1.50.

Every Western Union and Postal Telegraph office is equipped to handle requests for rooms in conjunction with the Housing Bureau's operation. Every policeman in New York City is familiar with the plan and is equipped to give visitors first hand information on methods of obtaining registered and sponsored rooms.

On making the application for a room the visitor pays a deposit of 50 cents per night per person for which he receives a receipt. The receipt may be presented to the landlord in lieu of cash as part payment for the room.

## Meteorites Valuable For Research—How To Know Them

A survey during recent years has demonstrated that on an average less than one person in a thousand is able to recognize meteorites in their natural condition.

Meteorites are not light porous rocks. They are often marked with shallow pits but are not porous.

They are not round like a ball. At least no round one is yet known.

They are not hollow. Meteorites do not come to the ground in a burning condition. They do not set fires. They burn while high in the air but generally cease burning about 5 to 20 miles above the soil.

Meteorites are much heavier than ordinary rocks.

They are generally irregular in form—almost any shape. They are often pitted more or less. The corners or edges are notably dulled or rounded. A few meteorites are in conical shape.

Meteorites are covered with a thin fusion crust due to burning during their flight through the atmosphere. The crust is nearly or quite black in most meteorites at the time of fall. Later it becomes brown from rust if exposed to the weather.

Meteorites nearly always contain an alloy of nickel-iron. This metal may be in small grains embedded in a stony matrix or it may constitute almost the entire meteorite. In either case it can be detected by grinding a corner of the suspected specimen against an emery wheel which will reveal bright white metal.

Meteorites are important for research purposes and good prices are paid for them. Any specimen which conforms to the above description and meets the emery wheel test should be submitted for other more exhaustive tests by a specialist. The American Meteorite Laboratory makes such tests free of charge if only postage is sent for reply.

Detach a small sample without mutilating the specimen any more than is necessary and mail it to the American Meteorite Laboratory, 635 Fillmore Street, Denver, Colo.

Dr. H. H. Nininger, director of the American Meteorite Laboratory, has written a popular book called "Our Stone-Pelted Planet," which has been highly rated by literary critics.

A representative of this company found several fragments of meteorites in Terry county a few years ago.

## FORMER EASTLAND COUNTIANS TO MEET

Former residents of Eastland county will meet at McKenize Park, Lubbock, Texas, the 4th Sunday of August for the 4th annual reunion and basket picnic.

Dr. J. D. Moorhead of Meadow, Texas is President and W. S. Anglin of Tahoka, Texas, is Secretary of the group.

Miss Queenelle Sawyer is in Lubbock visiting Miss Ruby Nell Smith.

Mr. and Mrs. Tilson, accompanied by Miss Elizabeth Upton, stenographer at the Brownfield State Bank, and Miss Margaret Travis, employee of the Collins Dry Goods Co., left this week for Colorado, to be gone some ten days. They will go up on Pike's Peak while in that section.

Our old friend J. M. Williamson recently came in and planked down the cash for another round of the Herald.

Two Texas game wardens in the El Paso vicinity claim to have seen a herd of antelope chasing a coyote recently. Well, like the man biting the dog, that made a story.

C. E. Knight and family of Memphis, Tenn., spent a few days last week here with his brother, J. B. Knight and family, after visiting their parents at Graham, Texas, leaving Saturday morning for home. Mr. Knight says that Tennessee has received 25 per cent more than normal rainfall this year, and that bottom lands are drowned out.

Stephen Brock and family of Mosquero, N. M., were here recently for a short visit with his parents, Mr. and Mrs. L. L. Brock of the Union community. Stephen is now county agent at Mosquero.

Elbert Proctor of the Harmony community, was in to renew one day last week, and remained for quite a conversation, as Elbert is a pioneer. Elbert believes that much of the land in Terry county is being permitted to just blow away and damage adjoining farmers as well. But he thinks something can be done about it by some work.

Mr. and Mrs. Pat Patterson, Jake Gore and Miss Vivian Murphy, returned last week from

the northwestern states where they saw many of the beautiful parks and rugged scenery. All report the greatest time of their lives.

Rev. Ed Tharp of Sudan, former pastor of the Methodist church here, was down this week looking after his places, one east and one west of town. Same smiling, happy preacher, but as usual in a hurry. Mrs. Tharp was with him to visit their daughter, who is soon moving to Post.

Rollin McCord, county attorney of Lynn county, dropped in a few minutes this week to talk their rodeo. He was on his way to the law-enforcement meeting to be held at Seminole. Sheriffs and deputies, constables, city marshalls, rangers and county and district attorneys make up the membership.

Sheriff Ches Gore attended the barbecue and sheriff's meeting at Seminole, Tuesday. He reports a great meeting and about one hundred and fifty peace officers in attendance from West Texas and eastern New Mexico. The meeting was held at the court house and the barbecue at the ranch of Sheriff Sarten of Gaines county.

Mr. and Mrs. James Harley Dallas and daughter are vacationing in Ruidoso this week.

Former President Herbert Hoover was said by the press associations to be "speaking with unwonted seriousness" when he told at a meeting of engineers in San Francisco recently that engineers

were competent to "solve the problem of unemployment." The Philadelphia Record (Ind.), asks, also seriously, "Any particular engineer in mind for the job, Mr. Hoover?"

## ROAD BUILDERS VISIT WORLD'S FAIR "HIGHWAYS AND HORIZONS" EXHIBIT

American Road Builders' Association officials visit Traffic-Safety Information Center in General Motors' "Highways and Horizons" exhibit at New York World's Fair. Seated, left to right, are William M. Parrish, Chicago; Michigan State Highway Commissioner and ARBA President Murray D. Van Wagoner, Lansing; Paul B. Reinhold, Pittsburgh, and Herbert R. Anderson, Chicago. Mr. Reinhold scans "Road Builders' News", part of the center's bibliography. Standing are L. B. Yost, center manager; William C. Slee, Washington, D. C.; Robert B. Brooks, St. Louis; George F. Schlesinger, Washington; Chief Engineer Thomas H. Cutler, Kentucky Highway Department, Frankfort; William P. McDonald, Flushing, N. Y., and ARBA Engineer-Director Charles M. Upham, Washington.

Society ▼ Church Activities ▲ Club News

Phone Nos. 1 or 45

We personally don't agree with the President in the advancing of Thanksgiving to November 23rd. It's purely a matter of sentiment to us, just as it would be if one wanted to relegate Christmas to any other date but December 25th. But we are sure our wishes will make no difference, but we feel better by having our little say.

Mothers are busy right now getting ready for the opening of school. We notice it will be compulsory at some of our neighboring schools for all children to be vaccinated for small pox and immunized for other contagious diseases, which we think is a capital idea as it not only protects your child, but others, and too, the child won't have to miss school on account of some diseases that could have been prevented.

Mrs. A. H. Herring of the southside was in last Thursday, still wearing that million dollar smile of hers. Mrs. Herring has invited us down and we hope to have the opportunity to visit ere long in her home. This is not the first invitation we have received from her either.

Punch Nelson is getting a real pleasure out of his bicycle before school starts. His birthday is near the school opening date and his parents gave him his wheel for his birthday present a few weeks ago knowing if they waited until the big date the thoughts of it being at home and it new to him might detract from his studies.

We are reminded of one of the grandest mothers, she still lives here, and when the Christmas things were first put on the market, the one thing most wanted by her children was purchased and given to them, with the thought in mind, "I may not have them with me when Christmas comes." Her children are all grown now, one married, and her thought too, we imagine, is turning toward her baby's second Christmas this year, but not waiting to give him the one thing the little tyke would like, until Christmas.

Mrs. Cecil Smith went to Lubbock Monday to make arrangements for her daughter, Miss Irmagene to enter Tech this fall. She was accompanied by Mrs. Mumford Smith and Mrs. Sawyer Graham.

Mr. and Mrs. J. W. Hatton and children of Hollywood, California, is here visiting Mrs. Hatton's brother, Elzy Groves and other relatives and friends.

J. T. Bowman of Bowman's Food Store, is in Memphis, Texas, on his vacation.

Mr. and Mrs. Jack Holt and Mrs. Graham Smith and Charlotte, and Jackie Holt left Sunday for points in Oklahoma and Arkansas, on a pleasure trip.

Mrs. L. H. Moncrief called us this week to place her name on the subscription list. She and Mr. Moncrief and their two sons have just returned from the northwestern states. While away they visited her brother and sister in Wisconsin and Illinois.

STITCH and CHATTER CLUB

Mrs. Ray Sullivan entertained the Union Stitch and Chatter club August 10.

Mrs. J. C. Johnson drew the box of gifts; will entertain August 17th.

Refreshments were served to the following guests: Mesdames Bennett, Benton, Comer, Drennon, Evans, Garner, Howze, Howell, Johnson, Jobe, Parker, W. Pollard, G. Pollard, Stevens, Sullivan and Miss Imogene Pollard, visitor.

HAS ALLEY FLOWER GARDEN

The first and only alley flower garden we ever saw was this week when Mrs. Hancock, of Hancock's Cafe, invited us to take a look at the alley back of the cafe. The plot covers a space the width of the building by some 12 or 14 feet, part of which is planted to grass, which is bordered with vines and flowers next to the walls and on a trellis, and these being in full bloom, made you think you were in someone's private flower garden, rather than in an alley.

FRIENDS MEET HERE FOR BIRTHDAY CELEBRATION

For their thirteenth consecutive joint birthday celebration, Mrs. Gibbons Poteet, of Marshall Ford Dam, Texas, met Miss Carolyn Spencer of Austin, here at the home of Carolyn's grandmother, Mrs. John Randal for their birthday celebration on the 9th.

The beautifully appointed luncheon was served at 1 o'clock, Wednesday, August 9th. These two good friends have celebrated their birthdays together for the past thirteen years and most of them were in the home of Mrs. Randal, her home being centrally located to each of the girls. Mrs. Poteet will be remembered as Miss Mildred Bagley, a former Economic teacher, and has visited here on numerous occasions.

Others enjoying this lovely affair were Mrs. Gus Farrier of Austin, a niece of Mrs. Randal, John Bill Spencer, Abilene, Mrs. Randal's grandson, Miss Dora Snyder, Lubbock, Dr. F. A. C. Perrin of Austin, and Mrs. Percy Spencer, city.

WALSER-WOODS NUPTIALS

Two popular young people, Miss Lakeland Walsler and Clifford Woods of the Union community, were married by Justice J. W. Oliver, Thursday morning about 9:30.

Mrs. Woods is the lovely daughter of Mr. and Mrs. J. W. Walsler.

The happy young couple left immediately after the ceremony for points in Colorado, on a two weeks honeymoon.

MRS. MCNEIL ENTERTAINS IDEAL SEWING CLUB

The Ideal Sewing club enjoyed an afternoon of quilting with Mrs. Claude McNeil as hostess. Mid-afternoon refreshments were enjoyed by Mesdames Allman, Beauchamp, Golden, Hill, Hoard Hill, Roy McNeil, Jerry McNeil, Harold McNeil, Miller, Sudderth, Stephenson, Sparkman, White, Misses Hill, Morris, Miller, Sparkman, Stephenson, Nut, Minnie Green and Miss Tate were visitors. The club meets August 18 with Mrs. Carl Golden.

MR. AND MRS. JIM GRAVES HOSTS WITH LUNCHEON

Luncheon guests in the lovely home of Mr. and Mrs. Jim Graves on Sunday enjoyed a deliciously cooked menu of fried chicken, fresh corn, peas, potatoes, cream gravy, okra, fresh peach ice cream and cake.

Guests were Mr. and Mrs. A. J. Stricklin, Mrs. Geo. W. Graves, Mrs. Herman Trigg, Mr. and Mrs. Jack Stricklin, Jr., and Jack Taylor, and Marlin Hayhurst.

Among those leaving this week on their vacation were Misses Margaret Traves, Elizabeth Upton, and Mr. and Mrs. Bill Tilson. They will visit scenic spots in New Mexico and Arizona.

Mrs. David Johnson of Phoenix, Arizona, is here visiting her parents, Mr. and Mrs. J. H. Eubanks and her sister, Mrs. Smoky Taylor.

Buel Price left Sunday for Columbia, Mo., for a few days visit.

MOOREHEADS RETURN

Mr. and Mrs. Rudolph Moorehead and family have returned from their vacation spent at Juarez, Old Mexico, and scenic points in New Mexico and Arizona. They visited the Grand Canyon, Petrified Forest and the Painted Desert.

Rudolph stated he got the scare of his life when they were about sixty miles north of Silver City; they decided to camp in one of the Federal parks, and as there had been heavy rains in the mountains and the streams were rising he decided that he would get out and see if he could, how many times they would have to cross a small stream that had begun to rise quickly, when he stepped close to a fallen log and a large diamond back rattler rang his bell and struck, as luck would have it just in time to strike in the opposite direction. He is back on the job but still turns white when he talks about it. He stated if a rattler that size struck a person there would be nothing to do but die as they had forgotten to take their rattlesnake emergency kit.

MR. AND MRS. MUMFORD SMITH COMPLIMENTED

Mr. and Mrs. A. J. Stricklin entertained Monday night with a chicken barbecue, complimentary to Mr. and Mrs. Mumford Smith of Glendale, Arizona.

Guests for the evening were boy classmates and their wives of Mumford's of some twenty years ago, when they all attended the Brownfield high school.

The evening was spent reminiscing of childhood days spent under the tutorage of W. G. Hardin, John Herring, Tom Hunter and others.

The menu consisted of barbecued chicken and pork, corn on the cob, pimiento potato salad, pickles, fried apricot pies and iced tea. Those attending were Mr. and Mrs. Gladys Green, Mr. and Mrs. Lawrence Green, Mr. and Mrs. Money Price, Mr. and Mrs. Ernest Burnett, Mr. and Mrs. Irvin Rambo, Bub Smith, Bill Byron Price, Mr. and Mrs. Dell Smith, Mr. and Mrs. Cecil Smith, Mr. and Mrs. Sawyer Graham, the honoree's daughter, the last two couples mentioned are Mr. Smith's brothers.

Others attending were Mr. and Mrs. Jack Stricklin, Jr. and Mrs. Herman Trigg.

TO BUFFALO SPRINGS ON PICNIC

A trio of young ladies, Miss Mattie Jo Gracey, Ona Fay Tittle, and Virginia May, were hostesses at a picnic given at Buffalo Springs on Thursday night of last week.

These enjoying this jolly affair were Misses Queenelle Sawyer, Elray and Vondae Lewis, Ethelda May, Doris Lee Gore, Mr. and Mrs. Roy Ballard, Ray Brownfield, Marner Price, Bill McGowan, Buddy Gilham, Tommy Zorns, Richard Kendrick and Warren Noble.

Mrs. Gladys Green had as guest on Monday her sister, Mrs. Davis of Tahoka.

A. J. Mullins and Mrs. Eunice

Mr. and Mrs. Lee O. Allen had as week end visitors, Dr. and Mrs. H. S. Schwab of Corpus Christi, Texas.

BAPTIST CHURCH

All services were well attended last Sunday and the revival meeting began in which the pastor is conducting the preaching and the song service is being conducted by Earl W. Rogers with his wife at the piano. These fine people are putting on a good musical program and in their behalf we invite all lovers of good gospel singing to come to the services and enjoy this fine singing and take part in it, as Mr. Rogers knows how to enlist the singers in his program. There are very few people who cannot enjoy good singing which prepares the people for the gospel messages of the preacher and you have a special invitation to sing, pray, and labor with us for the salvation of those who do not know our Christ and the spiritual awakening of every Christian.

Our goal for the Bible study period next Sunday morning is 425 and it cannot be made easily but every teacher must seek to enlist the membership of their classes and with the fine co-operation of all teachers and officers it can be made and we ask your help and presence promptly at 9:45 Sunday morning and where it is at all possible, that you remain for the preaching hour which closes promptly at 12 o'clock. May this bring great inspiration to all of us and a great congregation is always inspiring to the people as well as to the preacher.

Now that the revival is in progress is the time for every Bible teacher, deacon, member of W. M. U., B. T. U., or Brotherhood, to show reason for the existence of such working units or special groups in the church, as they are all in existence in order to give every member a special work to do and prepare them for the doing of it.

Next Monday evening will be industrial day with the W. M. U. and they will meet in circles to be announced Sunday morning.

The pastor and singer very earnestly crave the co-operation and help of all people who are interested in having people know themselves to be lost, to surrender to Christ who alone can save.

Helen Keller Gets Barkless "Seeing Eye" Dog

HELEN KELLER, famous deaf, dumb and blind lecturer greets her new "seeing eye" dog, Kanzan Go, upon his arrival at New York after completing an 11,000-mile journey from Japan by steamship. Especially trained for Miss Keller's use by the Tokyo Police Department, Kanzan Go, a shaggy, barkless Akita, was presented by the Japanese Foreign Office, equivalent to the U. S. State Department, to replace a similar dog that died two years ago while Miss Keller was lecturing in Japan.

Claudette Colbert Gets Socked on Chin

James Stewart clipped Claudette Colbert on her charming chin five minutes after they had met, knocking her cold, but only for photographic purposes, the action taking place during their first scene together in "It's a Wonderful World," which comes to the Rialto Theatre Sunday and Monday.

The sequence is one of the comedy highlights of the rollicking mystery story. Miss Colbert plays Edwina Corday, a poetess, who joins forces with Guy Johnson, a young detective, Stewart's role, to solve a murder. When Miss Colbert's scatterbrained activities tire him beyond endurance, Stewart biffs her.

Stewart, who never before had socked one of his film heroines, was a bit jittery about the whole business, but Miss Colbert survived without so much as a bruise.

With a cast of sterling funmakers which in cludes such favorites as Guy Kibbee, Nat Pendleton, Frances Drake, Edgar Kennedy and Ernest Truex, "It's a Wonderful World" romps its unconventional course in fast-paced action through a series of fascinating backgrounds such as one of Manhattan's elaborate night clubs, a yacht, a theatre, auto camp, trains, motor boats, country scenes and the walls of Sing Sing.

Mr. and Mrs. Leslie Green and Alma Fern spent Friday and Sat-

"Behind The Scenes In American Business"

By John Craddock

urday with Mrs. H. D. Hughes at Roswell, New Mexico. Mrs. Hughes is a sister of Mrs. Green.

BEHIND THE SCENES IN AMERICAN BUSINESS  
NEW YORK, Aug. 14.—BUSINESS—Industrial and business barometers, like the temperature, continue to climb, but from now on the increases over 1938 will not look as handsome as they did in the first half. This is because the last six months of 1938 saw a marked improvement in the business picture. Estimates made by experts for the remainder of 1939, however, still make encouraging reading: consumption of rayon this year will break the 1936 record high; new all-time high for electric power production may be reached this month, although the year's peak is generally reached in December; building activity should run at least 15 per cent ahead of the last five months of 1938.

WASHINGTON—It is not the "flood season" in the district of Columbia, but the Wages and Hours Division of the Department of Labor is being inundated just the same. Enforcement of the wages and hour law is now so far behind that only about 13 per cent of the valid complaints pour-

It's Fun to Learn 3 R's Now

A modern method of teaching the three R's, typing is being taught fifth grade students in the demonstration school at the Texas State College for Women as a distinct aid to fundamental education. Myron Garner and Dorothy Mae LaSelle of Denton, members of the summer class, were taught by Miss Gladys Dell Poland of Huntington, senior student. Accuracy rather than speed was stressed in the daily typing lessons. Pupils taking the typing course made rapid progress in spelling and reading.

ing in have been investigated and only 3 per cent of the cases closed. When the schedules of wages and hours are tightened in October, difficulties of the division will be further increased. Elmer F. Andres, administrator of the law, told Congress that the \$2,000,000 he wanted would only allow him to perform 75 per cent of the job, but Congress cut his request to

\$1,200,000 so it appears now that the division will operate on a 50 per cent efficiency rate.

Mrs. Lee Lyon and sister, Mrs. Rentfro and son, are expected this week from Oklahoma where they have been visiting their father

Miss Mary Johnson of Cleburne, Texas, is here the guest of her uncle, Elton Brewer and wife.

IMPORTANCE OF VITAMINS—

1. The four important vitamins, A, B1, B2, (G), and D, are necessary for maintenance of health and vigor. Although they are present in natural foods, the average diet is often deficient in one or more of these vital factors.
2. Vitamin values in foodstuffs vary, and may be reduced or destroyed by the methods of cooking generally practised. The common diet usually selected offers no definite assurance of an adequate vitamin intake.
3. Growing children and adults with deficient nutrition may often require a larger intake of vitamins than normal persons.
4. Since many defective conditions of the body are associated with the lack of more than one vitamin, a preparation including these four important factors should have a wide usefulness.
5. PARKE-DAVIS ABDOL (A-B-D) Vitamin Capsules contain a blend of high potency fish liver oils in which is suspended a concentrated extract of yeast or liver affording the vitamins B1 and B2 (G) riboflavin. They furnish a substantial amount of vitamins A, B1, B2, (G), and D.

If You Don't Know Your Vitamins—Know the Maker.

CORNER DRUG STORE

# NOBODY'S BUSINESS

By Julian Capers, Jr.

AUSTIN — The contempt in which Gov. W. Lee O'Daniel holds the press of Texas is one of the singular phenomena of an administration that has been marked by the smashing of precedents.

Inspired, no doubt, by the spectacular success which rewarded his freakish radio campaign a year ago, the Governor is said by those in his confidence to regard the printed word as unimportant, and rapidly growing less important, in the conduct of state affairs. The Governor held two or three press conferences after his inaugural, and then called the whole thing off. Since early January, he has not received the representatives of the newspapers.

If a correspondent wishes to ask a specific question of the governor concerning any particular public matter, he may write out his question, and send it to the chief executive, by one of his secretaries. If the governor wants to, he answers. If he does not, (and he usually does not), he doesn't answer. Personal audiences have been granted only a few correspondents, on rare occasions.

### Why He Prefers Radio

A great many people do not understand why the press has a vested right, well recognized by the statutes and the constitutions of both state and nation, to in-

Make me prove right on your farm that you can put up a stock-tight fence for just a small fraction of ordinary fencing. Call me for free demonstration.

**Tom May, Agent**

quire into public affairs and the official acts of public servants. It is not that the newspaper business is singled out for any special favor or consideration that this wise provision has been made. It is because the press is the only articulate representative of the people—it is the only agency which can ask questions about matters of public policy, and which is equipped and inclined to present both sides of controversial issues.

The newspaper reporters, when they interview public officials, listen carefully to the statements of the governor, or whoever the particular official being interviewed may be. They accept his statements, weigh them, and then, when there are obvious omissions, or controversial issues, they ask the questions which these issues suggest, and record the answers.

### Asks No Questions

A radio microphone asks no questions. It merely takes whatever the governor (or any other speaker) pours into it, and transmits that to the people, or at least to whichever of the people happen to be listening at the moment. If the governor sponsors a certain piece of legislation, for instance, he selects all of the favorable aspects of that legislation, and discusses them over the radio. If he desires to tell half-truths, or downright misrepresentations, or if he omits explaining at all, certain sections of the legislation, the radio makes no complaint and asks no questions. Neither can the people who listen ask questions.

For example, Gov. O'Daniel in a recent broadcast, urged the people to attend the hearing upon the county budgets of their communities, in the interest of economy in government. The following week, the Automatic Tax Board, which includes the governor, the State Treasurer, and the State Comptroller, met in the capitol—behind locked doors—and increased the State ad valorem tax rate 60 per cent. Newspaper reporters, if there had been a press conference, would have asked the Governor to explain this inconsistency in what he tells the people, and what he does himself. The reporters didn't get to talk to the Governor about the matter, and the radio microphone didn't ask any embarrassing questions.

### Press Still Potent

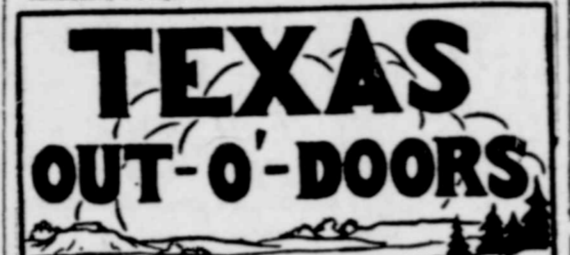

The radio is a comparatively new agency of communication, having come into general use only within the past decade. The press, since Gutenberg and Caxton began nearly four centuries ago, producing printed words in quantity, has been the agency which pioneered the breaking down of monarchies and dictatorships, and building up freedom and democratic institutions. Until printing came, there was virtually no liberty in the world; since it came, the printing press has been more potent than artillery in every battle where liberty has been at stake. The first act of every dictator has been to suppress or control the press. The pet hate of every demagogue has always been the newspaper. People have long since formed the habit of believing what they see in their newspapers. The psychologists tell us that a man remembers seven times as much of what he reads as of what he hears.

The governor, if he actually believes what those near him say he does, and his relations with the press would indicate that he does, may learn yet that the press is a symbol of a very sacred and jealously guarded right of the people of Texas.

### Oil Crisis

The oil industry in Texas today faces what oilmen declare to be the most serious crisis since the

days of martial law in east Texas. Federal court decisions overruling the allowance granted by the Railroad Commission to Rowan & Nichols, and later to the Humble, Texas' largest producer of crude, were followed immediately by cuts led by Sinclair and Humble. For the first time in over two years, East Texas crude price dropped below \$1. The public doesn't understand the more-for-gasoline and less-for-crude policy of the major companies at the peak consumption period of the year. The entire proration structure may be undermined as a result of the lawsuits, and if that happens, particularly if gasoline prices fall, it seems inevitable that the Federal government may revive the movement so dear to the hearts of some of the present national administration, to take control of the oil business. The hot oil scandals in Louisiana, with indictments involving both the Huey Long political ring, and some Texas operators, has not helped the situation. Greed may yet kill the goose that lays the golden oil eggs in Texas.

Raising quail by providing natural cover and a sufficient food supply has reached the point where there are now projects under way in the 16 counties of the State resorting to re-stocking.

The general plan of fencing areas ranging in sizes from one-quarter to five acres to prevent stock over-grazing the section is being followed in the majority of the counties in which the quail restoration projects are being carried on.

In the past the majority of the experimental project have proved highly successful in quail raising and it is believed certain that most of the projects now under way will do a great deal toward restocking the birds in various localities. The counties in which the projects are being carried on are Gaudalupe, Clay, Brazoria, Jasper, Orange, Polk, Taylor, Wharton, Liberty, Bell, Falls, Colorado, Milam, Lubbock, Taylor and Harris.

### LAHEY

We had a nice crowd at church and Sunday School, we invite you all back and bring someone with you.

Prebble Thomason spent Saturday night with her cousin, Gladys Webb.

The Stitch and Chatter club met with Wynonia Thomason on August 10th. The afternoon was spent sewing. After the business meeting refreshments of ice cream and cake were served to 8 members and 6 visitors.

Alva Gresham and family left this week for Oklahoma, where they will visit relatives. Mary Othell Fulton and Pauline Thomason spent Saturday night with Florence Capsha.

The young folks of our community were Sunday night guests in the home of W. D. Lambeth. Our boys defeated Scudday 12-8 in softball.

Mr. and Mrs. Clem Mensch left last Saturday for a few days visit at Draw.

Mrs. Roy Draper is visiting her parents in Dickens City.

### PLAINS

Mrs. Dick Free and children of Abilene are here visiting Mrs. Free's parents, Mr. and Mrs. C. T. Bedford.

Mr. and Mrs. Jessie Criswell, Mrs. Bill Blankenship and Billie, Mrs. Bettie Criswell and Mr. and Mrs. John Criswell are visiting in the mountains.

Mr. and Mrs. W. H. Hague and Mr. and Mrs. L. D. Camp left Tuesday for a two weeks visit in the state of Oregon.

Sallie Lynn Forrest was a Lubbock visitor Monday. Mr. and Mrs. W. H. Hague, Odie Lusk, Mrs. J. H. Morris, Mrs. John Camp and Troy Smith were visiting in Lubbock Saturday.

Mrs. R. P. Moreland as in Lubbock Monday.

Jimmie Lee Camp visited his aunt and uncle in Odessa last week.

Mable Chanut of Sligo visited her sister Mrs. Arthur Cotten a few days last week.

Mrs. Donald Cotten of Hobbs, N. M. is visiting her parents Mr.

and Mrs. W. S. Pruitt this week. Miss Sidney Coke is visiting relatives in California

### POOL

When it rains, it certainly pours. More rain over the week end. Quite a lot of hail in some parts of our community.

Our Sunday School crowd was small, as most of our people were water bound and could not attend.

Mr. and Mrs. J. J. Gunter and family attended church at Harmony Saturday night. Rev. Morrison of Posey did the preaching. Rev. Morrison organized the Methodist church at Pool in 1934 and as pastor 3 years. He also preached at Pool one year before the church was organized.

Funeral services were held Friday afternoon, for the infant daughter of Mr. and Mrs. James Trussell of County Line, at the home of Mr. and Mrs. G. B. Sterling, Mrs. Trussell's parents. Rev. Jesse Young, pastor of Pool Methodist church, conducted the funeral services and the body was laid to rest in the Meadow cemetery. The baby's name was Barbara.

The Baptist revival is being conducted this week by Rev. Victor Crabtree.

Mr. and Mrs. S. V. Newsom and family spent Sunday with Mr. and Mrs. Ed Newsom and family of Gomez.

Mrs. J. J. Smith and children visited in the W. C. Aldridge home on Sunday. J. P. Rowe and Billy spent Sunday afternoon in the Gunter home.

Mr. and Mrs. Richard Meil and son, J. E. spent Sunday with Mrs. Meil's mother, Mrs. Lyles of Meadow.

Mr. and Mrs. Akins and family of Fort Worth have been visiting Mr. and Mrs. A. L. Waters the past week.

Mrs. Beall spent the past week with her daughter, Mrs. L. M. Waters, Sr.

### Hospital Notes

These notes were given us Wednesday afternoon by the Treadaway-Daniell Hospital:

Mary Smith is now nursing at the hospital through the day shift.

Virgil Burnett was operated for appendicitis Sunday. He is doing nicely.

Mrs. H. P. French of Tokio, underwent major surgery the 9th and is convalescing nicely.

Miss Willie Mae Clements underwent major surgery the 12th.

Mrs. L. D. Richards, wife of Dr. Richards of Seminole entered the hospital the 16th for treatment.

Miss Julia Smered who has been on day duty as nurse for some time, is taking a three months vacation in Washington State.

The following have recently underwent tonsilectomy: Willard Brock, son of Mr. and Mrs. Hollis Brock, of Union, on the 14th; Lyndal Reed, city, the 15th; Tommy Proctor, Tokio, the 15th.

A baby girl weighing 7 pounds 13 ounces, was born to Mr. and Mrs. O. B. Smith the 10th.

Born to Mr. and Mrs. R. L. Hardin of Tatum, N. M., a 6-pound, 13 ounce daughter on the 9th. Mrs. Hardin is the sister-in-law of Mrs. Clyde Cave, this city.

Mrs. Amos Harper, wife of the publisher of the Seagraves Reporter, was a visitor in our city, Wednesday and paid the Herald a short call.

A 2-pound boy was born to Mr. and Mrs. John Dumas, at their home in Seagraves the 11th.

Fred T. Whitehouse of Dallas, representing a printing roller manufacturer of that city, was here Saturday.

Ola Belle Brown visited Coyla Prosser in Lubbock, over the week end. Coyla has a concession stand in the post office at Lubbock. She and Ola Belle were classmates at the Blind Institute, Austin.

Mrs. F. A. Jordan and children returned last week from Amarillo, where she visited relatives.

Ollie Bruton of Monahans, Texas as a business visitor here Monday. He is a former jeweler of this place.

### Lions in Zone 4 and 2T To Meet in Lubbock

LUBBOCK, Texas, August 18.—Invitations have been extended to Lions clubs in Zone 4 of District 2-T to meet in Lubbock, Tuesday, August 29, for a full day session.

The afternoon session will begin promptly at 2 p. m. at the Hilton Hotel. This portion of the program will be handled by out of town groups, and will have to do with the Lions' activities on the South Plains.

The evening entertainment will consist of a banquet and dance at the Hilton Ballroom, starting at 2 p. m.

Clubs in Zone 4 of this district of Lions are located at Crosbyton, Levelland, Morton, Plainview, Lamesa and Brownfield.

R. D. Shinkle, Publicity Mgr. Lubbock Chamber of Commerce.

### SETH THOMAS CLOCK

Mrs. E. R. Carlisle, age 70, 433 Center street, Dallas, owns a Seth Thomas clock that has been keeping time accurately for 125 years. The clock was brought to Texas from Tennessee where it was formerly owned by generations of Mrs. Carlisle's family.

### Brownfield Chamber Of Commerce Items

By J. E. Shelton, Sec.

Brownfield can now boast of a football field of her own as the Trustees of the school district have purchased the block of land that has been used for football purposes for the past several years. It is not certain that any considerable improvement will be made upon it during the present year, but the city has agreed to equip it with lights and extend water mains to it and of course, as soon as it is possible the ground will have to be fenced and grandstand erected.

The man with whom we have been figuring on the construction of a hotel, was in our office this week and showed us a tentative plan for the building and it is without doubt, modern in every respect. He informed us that his people still had the matter under advisement, but that the question had been under discussion as to whether the town was large enough to support it, but that our rapid growth and continued development in other ways will have considerable bearing on the situation.

Under present plans our county fair is to be held here September 22-23 and while it comes pretty early, we wanted to place it in front of the Lubbock date for the reason that we wanted to select our exhibit for the Lubbock Fair from the products that will be shown at our fair, as neither the writer or Mr. McClain is going to have time to shell the woods for an exhibit as has been the case during the last several years.

A Band Clinic, sponsored by the Band Mothers will be held at the same time as the fair and an effort will be made to have several bands from all the surrounding towns, here for the occasion. Of course it may be necessary to change the date of the fair but this is not expected. It has been definitely decided that we will not have an exhibit at the Dallas Fair as the entrance requirements are too technical and too much "red tape" to go through with.

It will soon be time for the first bale of cotton to appear on the market and naturally we will pay a premium for it, but there should be some reservations. In other words, the man raising it, should be a customer of local merchants and not one who does his trading in other towns and just brings his bale here to get the premium. This has been done in the past and the regulation should be changed as the money comes from local people. One rule that has been established is, that the bale must weigh at least 500 pounds.

We have had several "feelers" from representatives of Oil Well Supply people, but none of them are ready to take the plunge. We think that they will.

Mr. and Mrs. D. P. Carter, city and brother, Tom Carter and family of Lubbock visited their father R. D. Carter and sister Mrs. L. P. Henslee or Arison, Sunday.

Frank E. Givan of Hereford, was here this week on business connected with the Gordon ranch interests, of which Frank is the general manager. Frank reports good rains have fallen all the way to Hereford.

### Tahoka to Stage Rodeo Celebration

Tahoka, August 18.—The Old West will live again here next Thursday and Friday, August 24 and 25, when the third annual Tahoka Round-Up is staged under direction of Lynn county citizens.

Cowboys, and milkmaids, soda jerkers and stenographers, business-men and housekeepers are dressing up in cowgirl and cowboy regalia, and plans are complete for a big show.

Each day's program opens with speakings on the public square, mornings by State Supt. L. A. Woods, Railroad Commissioner, Jerry Sadler, Sen. G. H. Nelson, Representative Alvin Allison and other notables.

At noon, each day will be a mile-long parade led by Chief Bald in Parker of Cache, Okla., son of the famous Chief Quanah Parker

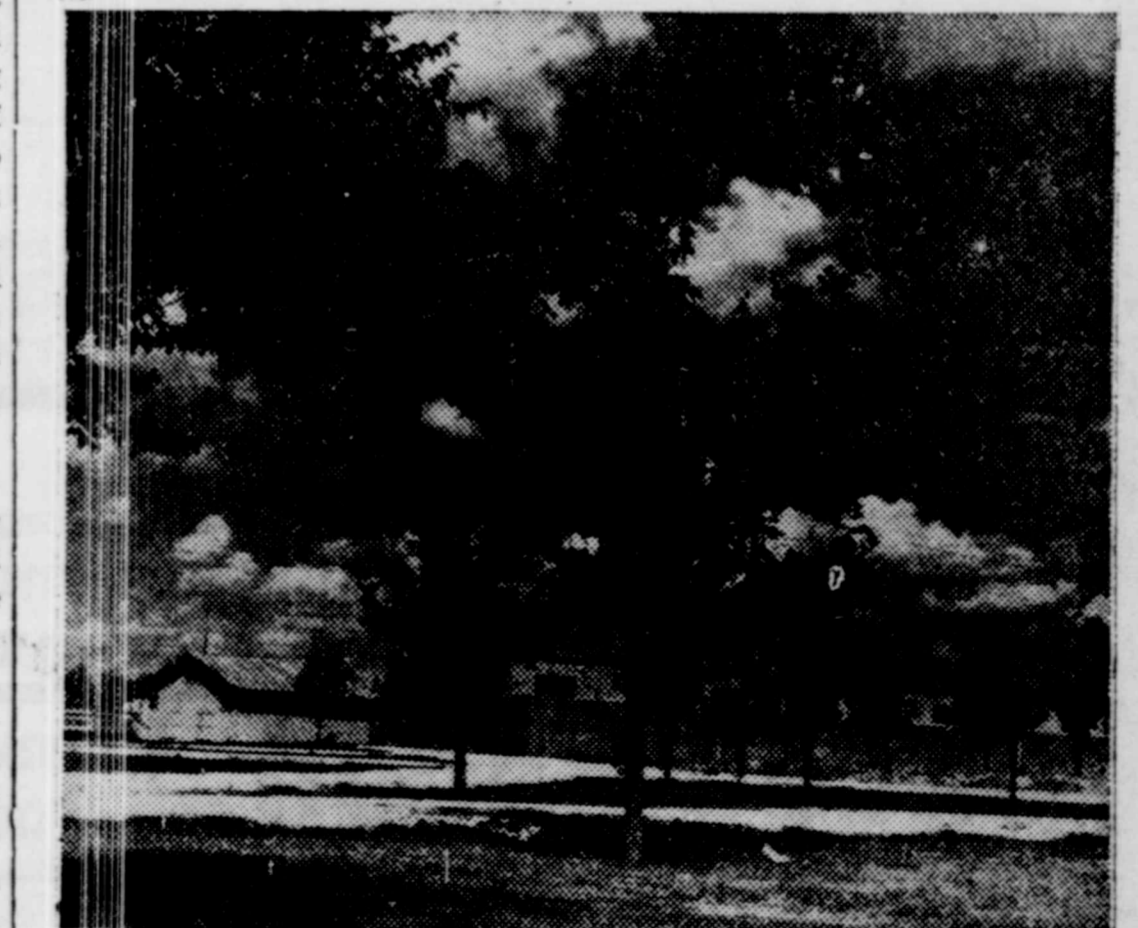

and grandson of Cynthia Parker, white girl kidnapped when a child and raised among the Indians. Parker will bring seven other Indians with him. Others in parade will be Tahoka high school band, 100 or more cowboys and cowgirls and their mounts, Merchants' and clubs' floats.

Rodeo performances will be afternoon and nights, with bucking stock and bulldogging steers from the famous Beutler Bros., Elk City, Okla.

Albert Thompson and wife of Dallas, are here this week on a visit to his brother, Ed and wife of Gomez. Mr. Thompson is an electrician and has an electric shop in that city.

Leo Holmes, cashier of the Brownfield State Bank, had business this week at Albuquerque, N. M.

### Another View of Improved Fair Grounds

LUBBOCK, August 18.—There will be plenty of shade for everyone attending the Twenty-sixth annual Panhandle South Plains Fair, September 25 to 30, as can be seen in the picture above. In the background is the \$25,000.00 merchant's building, and reconstructed woman's building.

Everything has been planned for the convenience of fair patrons. New and reconstructed walkways spiderweb the entire area. Drinking fountains have been installed at convenient places over the grounds. New and modern rest rooms for both men and women have been built.

More than 140 huge trees furnish ample shade on the sunniest days, as well as adds attractiveness and beauty to the Fair grounds. Truck load after truck load of caliche has been hauled, dumped,

spread and rolled to eliminate any possible wet weather hazards.

The Fair grounds have a "front yard" carpeted with heavy Bermuda grass, as can be noted by the picture. With all these improvements, there is plenty of picnicking and resting places on the grounds. For the convenience of those who park their automobiles inside the Fair grounds, the parking lanes have been widened considerably.

Hundreds of gallons of paint have been used in giving all the frame buildings two coats of white paint. The grandstand has been painted a bright silver. This face-lifting job, in addition to the hundreds of dollars spent in landscaping and other conveniences promotes a most restful atmosphere.

#### GOOD FEED—AND POOR FEED

Good crops of feed sometimes turn out to be poor feed for livestock for no other reason than that they are not harvested when at their best, and not properly cured or conserved. All hay and dry forage crops are more nutritious and more palatable if harvested before maturing seed. Seet sorghum for hay or bundle

feed should not be permitted to stand until over-ripe, which increases the "woodiness" of the stalk and usually results also in the drying up of part of the leaves.

On the other hand, either sweet or grain sorghums which are to be used for ensilage should be permitted to stand until the seed are fully mature, since the seed constitutes an important part of the feeding value. The silo will preserve all its nutritional elements in the most palatable form,

and ensilage will "keep" indefinitely without deterioration.

Most of the Southwest has produced good feed crops this season, and the next concern is to save them and turn them into money. All "roughage" must be fed as close to where it grows as possible in order to get the most value from it; on the same farm, so that the manure will go back to the land in the best place. It is cheaper to bring the livestock to the feed than to haul the feed to the livestock.

There is no "perfect" feed alone; though good alfalfa hay comes about as near as possible, even it should be supplemented by carbonaceous feeds, either grain, grass or ensilage, to make a balanced ration.

Non-legume hay and ensilage must be matched up with protein elements, such as cottonseed meal, alfalfa or other legume hay; and when one is on hand the other element should be bought if necessary in order to make a balance.

The "cash market" for corn and other feed grains is keeping many Southwestern farmers from profits they might as well have. Last year some farmers in a certain Texas community were selling corn at 35 to 45 cents a bushel, by hauling it to the shellers. Other farmers in the same community were feeding the same kind of corn to hogs and cashing it in the form of pork at ninety cents a bushel. Many of those who sold their corn on the "cash market" bought bacon from Wisconsin or Iowa, and probably never tasted ham the year round.

When we, in the South, begin to wrap our feed crops up in hides, or turn them into dairy and poultry products at home, before sending them to market we will live better on home-grown fresh and cured meats, milk, butter and eggs, and will have more net "cash income" in the year besides.

Selling feed crops "in the raw" is poor economics for several reasons. Feeding them at home gives employment of time that would otherwise be wasted. Feeding them at home spreads the income and the labor over a longer period.

We produce, in growing cotton, one of the finest livestock feeds in the world—cottonseed meal. In combination with the forage and grains we grow, it should be used here, instead of shipping it to Europe or the Corn Belt to carry fertility to foreign soils. The most prosperous communities are those which are turning their raw products into butterfat, quality meat, and other consumable products instead of peddling their feeds as soon as harvested and because more of their time is profitably employed than is possible in a straight crop-farming system. The Breeder-Feeder program is nothing more or less than balanced farming—balancing crops with livestock and poultry, and vice versa.

The many friends of Ray Walker will be glad to hear that he is showing some improvement. He was run over by a truck on the evening of August 1st.

## Rialto

FRIDAY & SATURDAY  
AUGUST 18-19TH

Zane Grey's  
Heritage of the Desert

—WITH—  
Donald Woods, Evelyn Venable, Russell Hayden, Robert Barrat, Sidney Toler.

When the West was young.

PREVUE SAT. NITE  
SUNDAY-MONDAY  
AUGUST 20-21

1½ GLORIOUS HOURS OF LOVE AND LAUGHTER!

**Colbert**

**James Stewart**

IT'S A WONDERFUL WORLD

WITH GUY KIBBEE, NAT PENDLETON, FRANCES DRAKE, EDGAR KENNEDY, ERNEST TRUEX

## Ritz

FRIDAY-SATURDAY  
AUGUST 18-19TH

Clarence E. Mulford's  
"Silver on the Sage"  
featuring—

**WILLIAM BOYD**

—WITH—  
George Hayes, Russell Hayden.

See: Hop Along Cassidy in one of his best pictures.

SUNDAY-MONDAY  
AUGUST 20-21

The Magnificent Fraud  
With  
Akim Tamiroff, Lloyd Nolan, Mary Boland

Otis Draper and family will likely leave around the first for Vicksburg, Miss., as the company he works for is transferring him there.

Mrs. Daniel Davis of Tahoka was the guest of here sister, Mrs. Spencer Kendrick this week.

Mr. and Mrs. R. M. Kendrick and son Richard and Mr. Kendrick's sister of Lubbock left Friday for Austin, San Antonio and Corpus Christi for a week's visit.

A. E. Bowman, associated with his father in the Bowman Food Store here, is visiting friends and relatives at Memphis, Texas, this week.

### Mountain Pioneer a Guide in Newest National Park

The Misses Martha Vierebome and Annette Ogle, tourists who drove up the recently-opened federal highway from Gatlinburg, Tenn., into the heart of Great Smoky Mountains National Park, were thrilled at having for their guide "Uncle George" Lemons, 84-year-old patriarch of the mountains, who trod the same path with "hog" rifle and traps when it was a mere Cherokee Indian trail. The Park, soon to be formally dedicated by the President, is the newest of the National Parks. It is destined to become a mecca for millions of motorists.
