Cubs Win South Half District--Tackle Olton Next Thursday

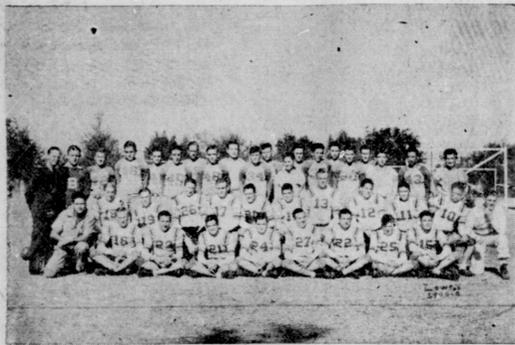

FIGHTING CUBS CINCH SOUTH HALF OF DISTRICT BY DEFEATING POST 34-6.

Antelopes Put Up Game Fight Against Odds From First Whistle. Brownfield Makes All But One Score in First Half. Second Stringers Hold Visitors to One Touchdown.

The Fighting Cubs of Brownfield came home last Friday and made the annual Homecoming celebration a happy affair by downing the Post Antelopes 34-6. Led by Bobby Lewis, who played his

With the Cubs still on their driving spree they hit inside and outside the Antelopes' left tackle and after driving to the ten a

The first tally came on a beautiful pass from the Antelope's 28 yard line. On fourth down, Brown

Opening the second half with the second team the fans received

faded back, spotted Bryan open in the end zone and shot the ball straight into the end's outstretched arms. Bowers converted and the Cubs led 7-0.

The Cubs, not satisfied with a few points margin, quickly opened their attack in a big way. Little Pete Brown started on a peaceful attempt to gain yardage and slid off his right tackle, but with nice blocking and good sidestepping he raced 54 yards, to ring up the Cubs' second tally of the night. Brown passed to Bryan in the end zone for the extra point.

Opening the powerhouse and with Locke lugging the ball, the Cubs rampaged toward the Antelopes goal. A pass to Locke down the middle carried to the six and Locke, driving with tremendous power, needed only three tries to score. Brown passed to Bryan but he failed to get across the line for the extra point. Brown went

THANKSGIVING PROCLAMATION

WHEREAS, it is the duty of every one to acknowledge the providence of Almighty God, to obey His will, to be grateful for His benefits, and to implore His protection, and

WHEREAS, it has been the custom of the people of the United States for the past one hundred and fifty years, to set aside one day in each year for the purpose of giving thanks to Almighty God for the many blessings and benefits extended to us during the year just passed.

NOW, THEREFORE, I, as Mayor of the City of Brownfield, do recommend and assign Thursday, November 30, 1939, to be devoted to the services of that all-wise and Holy Father, who is the maker and giver of all the good that is, or will be, that we all may unite in rendering unto Him our sincere and humble thanks for all the benefits that have come to us.

May we especially give thanks for His all-wise guidance that has kept our country at peace with all the world, and to implore His aid and assistance in helping us to maintain this peace at home, and aid us in our efforts to establish the principles of peace of Nations now at war.

May He grant us that material prosperity, commensurate with our ability and inclination to use for His glory and for the benefits of those, who by reason of adversity, are in want. It is to be hoped that all business, so far as possible, will be suspended that day.

Given under my hand at Brownfield, Texas, this 20th day of November, A. D. 1939.

CLYDE C. COLEMAN, Mayor
Brownfield, Texas.

Better Get Mustang-Cub Tickets Early

Superintendent Emmitt Smith phoned us this week that tickets for the Cub-Mustang game here on Turkey Day, November 30, are now on sale at all the drug stores, the city hall and the school. Until next Tuesday noon, the 28th, they may be purchased for 75c for adults and 25c for students. These tickets will be withdrawn from sale at the time specified above, and you will not be able to buy them until just before the game out at the Cub Field, at which time adults will have to pay \$1.00 and students 35c.

So, if there is a considerable family of you, it will pay you to secure your tickets before noon next Tuesday. The price may seem a bit high, but in order to get the game here, considerable money had to be put up, as the Olton team had the right to ask for a neutral field somewhere, which would have made the cost much greater to you to see the game.

Don't forget where you can buy tickets, and the price now and after noon, next Tuesday.

"With a single stroke of a brush," said the school teacher, taking his class 'round the National Gallery, "Joshua Reynolds could change a smiling face to a frowning one."

"So can my mother," said a small boy.

Mr. and Mrs. John Gracey and daughter, Mrs. G. Chatham visited in Dallas last week end. Their daughter, Miss Dutch Marie Gracey, returned home with them after a two months stay with a cousin there.

Mrs. Mary Hyatt and son, Vance Garner of Hamlin, are visiting her mother, Mrs. A. L. Walker in Meadow and sister, Mrs. Ches Gore here.

Brownfield Junior CC Holds Banquet

Lloyd Croslin of Lubbock, secretary to Congressman Geo. Mahon, was principal speaker tonight at a banquet of the Brownfield Junior Chamber of Commerce. Seventy-five persons attended, including 10 visitors from Lubbock.

L. Nicholson was master of ceremonies. Rev. Fred Walker offered the invocation and a musical program was presented.

Croslin discussed the relationship of a young man to his government. A business meeting was conducted after the program.

The banquet was held in Terry's White Kitchen.

With Profuse Apologies to Contributors

Last week was one of those weeks when the Herald should have had two more pages (10 instead of 8). This happens once in a while in the publication of a country weekly. Some may ask why we did not add two additional pages when we saw we were going to be too full for eight. A printer will understand better than anyone else, that after you reach a certain point in making up and running a paper off the press, you can't back up easily.

In the first place, there are any number of regular advertisers that have the same page in the paper each week. To shift these might cause them to get sore, and no newspaperman worthy of the name wants to hurt the feelings of a regular advertiser or a regular reader for that matter. Last week, almost a page of ads came in late that we were not expecting. And as a newspaper must think of its revenue first in order to keep going, ads are often taken when it means that you must cut back some live local matter. Perhaps matter not so 'live' has been run on the four pages already printed.

Just the same, if any articles were left out that should have been run, we apologize, and especially to the Cubs' Den reporters, as considerable of their affairs were cut back, but we tried to run that which was of most interest to the school in general.

There has been quite a change in design of the architect's plan we ran in these columns about 2 years ago, as the belfry has been eliminated.

Bawling Out the Correspondents

Bawling out the correspondents every few weeks is not a job that we appreciate, but if their news does not reach the Herald office by Wednesday noon there is a chance that they will not appear and to carry them over another week is out of the question, as the news contained therein ceases to be news. A delayed correspondent letter is like picking up a July daily and trying to get a kick out of it. You've heard the old joke about the magazines found in the waiting room of the doctor and dentist.

Well, the story goes that some of them are so ancient that they have pictures of John L. Sullivan and Peter Maher, who fought a prize fight down in the Big Bend country in the early 80's. Of course the story is overdrawn. But what we are trying to drive home is that we want to print the news while it's new. So we urge community editors to get their articles in the mails Monday if possible, Tuesday at the outside.

We have lived in rural communities. We have written the news from not just one but several, in Jones and Johnson counties, and we know what the community editor is up against. It's no joke to gather the news of the community and get it off in the mails. But we also have learned that most of the news of the community happens over the week end, particularly Friday night, Saturday and Sunday.

So after that period is over, one might as well mail their letter—they'll get little other news until the next week end.

Ohio Paper Copies About Melon Patch

The Canal Winchester (Ohio) Times, published by our good friend, O. P. Gaymon and wife, who own some very fine land in west Terry, recently copied our article written some time ago about the 84 acres of watermelons produced by Mr. W. J. Wingo of south Terry county. It might be interesting to Mr. and Mrs. Gaymon to learn that Mr. Wingo will have 400 acres in next year, and we hope they can visit Terry county at that time and see them.

By the way, the writer got a thrill a few weeks ago when we saw the likeness of Mr. Gaymon standing beside an old newspaper press in his office more than a hundred years old. Of course, Mr. Gaymon has long since discarded such a model, but as he had plenty room, he has kept possession of the old press.

The Herald wishes it had been possible for us to have kept our first press, an old George Washington hand press, and a little later our old Country Campbell, but room and finances forbade.

Construction Begins On Baptist Church

Material is being assembled on the ground, and workmen are now busy digging the foundation of the First Baptist church, which will be one of the finest church buildings in this section when it is completed. As we understand it, the building will cover all of the present basement, extend 20 feet more in front, and 30 feet farther back. The main auditorium will occupy most of the second story over the basement.

The Ross Construction Co., of Gorman, Texas has the contract, and construction will be rushed just as fast as possible as the weather permits until the building is completed. In the meantime the congregation will meet for services in the high school building, which has been tendered them by the trustees.

There has been quite a change in design of the architect's plan we ran in these columns about 2 years ago, as the belfry has been eliminated.

CADENHEAD, HALL ANNOUNCE THE FORMAL OPENING OF SUPER MARKET STORE

Large Crowd Expected Friday and Saturday as They Are Offering Rare Bargains. Cake, Coffee and Fruit Served Sat. A Basket of Groceries for Only Five Cents.

Messrs. Tom Cadenhead and John Hall, owners of the Super Market, six blocks southeast of the square, on highway 51, have been very busy men this week making their preparations for their formal opening, Friday and Saturday of this week. They are preparing a nice time for their friends and customers over this area and want them to come in and give their place the once over, whether you wish to buy or not.

On Saturday, eight baskets of groceries are to be sold for 5c each at different intervals throughout the day. You must register in order to qualify for one of the baskets during each period, and any purchase of 50c entitles one to further registration. Ask one of the clerks for full details. Also read their page ad in this issue of the Herald.

It was the intention of the management to get Bewley's Chuck Wagon Gang for the day, but the time was too short as they had engagements that day elsewhere. But the National Biscuit Co., will be represented with plenty good cakes, and the Folger Coffee Co., will serve good hot coffee like it should be made all day. Monarch fruits will be served.

Remember that there is an abundance of parking space, and that the store is easily accessible from any part of town. Just drive up or down your street till you come to Highway 51, turn southwest until you come to the Super Market on the right side of the highway, near the draw.

Hanks Comes Here—Hendrix to Hamlin

At the meeting in conference at Lubbock last week of the Northwest Texas conference, there were considerable shifts made. Rev. J. W. Hendrix, being transferred from here to Hamlin in the Abilene District. The conference will perhaps never meet again as the northwest Texas conference of the Methodist Episcopal Church, South but as the Methodist Church, as the southern, northern and Methodist Protestant branches are now consolidated.

R. T. Breedlove remains at Levelland; Rev. Ed Tharp was transferred to Ropesville from Sudan, which we know will suit him as he has a couple of farms here near Brownfield. W. S. Daniels remains in Meadow for another year. Rev. W. H. Hanks comes from Hamlin, and is highly recommended by the people where he has been minister, as well as the man he succeeds, Rev. Hendrix.

Two Local Girls On A. C. C. Honor Roll

ABILENE, Nov. 21.—Eight Abilene Christian College students made the honor roll in all of their courses, according to the mid-semester report posted this week on the Hardin Memorial building bulletin board by Mrs. Clara Bishop, registrar.

There were a total of 331 students, from the enrollment of 623, named as honor students in one or more subjects. Heading the list, two made it in seven courses; eight in six subjects; 17 in five; and 30 in four.

To receive this "A" rating, the student must average 90 per cent or above in all work in the course. Local students listed on the roll were: Elsie White, daughter of Mr. and Mrs. Sam W. White, in one course; and Lela Partin, daughter of Mr. and Mrs. W. A. Partin, in one course.

Bennie Dale Gross, daughter of Mr. and Mrs. Clyde Gross underwent major surgery at the Treadaway-Daniell Hospital, Tuesday.

We Get Off to Another Rambling Spree

Well, we have something for our two readers this week: Mrs. Campbell of Dimmitt, and Mrs. A. H. Herring of south Terry, and seems like there was some man once who told us he read one of them. Anyway, we've got some space to fill, and it just as well be our travels as Gulliver's. The wife and the Old He "driv" to Coahoma Saturday afternoon where the night was spent, and an early start was made Sunday for old Erath county, way down in the real sticks. Wasn't much after sunset when we reached Sweetwater, 45 minutes later at Abilene, around ten at Eastland, and eleven at Dublin, then on to Purvis, old Wilson, etc. From Coahoma, we were accompanied by Mr. and Mrs. J. A. Roberts and daughter, Miss Letha Nell.

It had been around 40 years since the wife and Mrs. Roberts, (sisters) had seen the grave of their own mother, and a baby brother. In 1898, on August 24, Mrs. Holden had passed away at the old home at Wilson, then a thriving village slightly southeast of Dublin, and about 12 miles out. The body was laid to rest in the old Pecan Grove cemetery, which was easily found. For a country cemetery, it is well kept, with evergreen and flowering shrubs everywhere, and many in the community are still being buried there, some with very expensive enclosures and tombstones. Vehicles are not allowed inside, but there is a tabernacle, seated, and can be heated in winter, inside the cemetery. To have been buried 43 years ago, the stones at both relatives graves are in good shape, erect, showing that the community people look after all graves. A carpet of grass covered the ground which is kept mowed.

The cemetery is somewhat near the center of what is now a game preserve, and squirrels by the score can be seen playing about, (Concluded on page seven)

Local Post Office Closed Yesterday

Postmaster James H. Dallas stated last week that the local post office was to be closed all day Thursday 23rd, which will be recognized by all Federal employees as Thanksgiving, but not generally accepted as the Thanksgiving holiday outside the larger cities, where the business men are asking more time between Thanksgiving and Christmas.

Mr. Dallas also stated that the post office would be partially closed the 30th, the time and hours somewhat left to his discretion. You will note elsewhere in this issue that Mayor Coleman is proclaiming the 30th as the holiday here.

Purchase Cottonseed For Planting Now

College Station, Nov. 20.—By purchasing their cottonseed for planting this fall rather than waiting until spring, Texas cotton farmers can save money. F. E. Lichte, cotton gin specialist for the A. and M. College Extension Service, points out that fall prices are ordinarily cheaper than those quoted after January 1.

Pooling of orders will increase the savings to farmers since they can get the benefit of wholesale price. In many instances, cotton ginners and cotton warehouse men in Texas have been aiding in the purchase and distribution of planting seed in lots.

The Official Paper of Terry County and the City of Brownfield

Old Tack in Amarillo News: "All of us owe a debt of gratitude to the American Legion. In these days when Americanism is being attacked both from within and without, their flaming militant patriotism is a great factor for good. There is an old saying that those who fight a country's war come back after the war to run the country. And it's about true. The American Legion has great political strength and power, but all of us must admit they have been pretty decent in their demands and so forth."

Our Republican friends are having a hellacious time getting some satisfactory issue started against the Democratic party, and the New Deal in particular. Their latest seems to be a criticism of the Democratic method of raising campaign expenses by having Jackson Day dinners, charging \$25 per plate, and in larger cities \$100 per plate in some instances. This may seem a radical departure from the time honored Republican method of addressing a short note to the Rockefellers, Morgans, DuPonts, Schwarbs, et al, and telling them how many thousands they need. But as most of the diamond studded, fried shirt crowd is among the Republicans, the Democrats will just have to expect each man to do his duty.

It is something to grieve about to come home from a week end trip, probably Monday, and have to wade through a stack of propaganda three feet high, a lot of it from colleges you never heard of before, as well as all kinds of government stuff and others wanting publicity. They employ a press agent who writes a glowing account of something that will occupy two or three columns of the ordinary newspaper, and take two hours of the linotype operator's time, not to say valuable space in every paper you print. If press agents would condense to two short paragraphs, and make them so interesting that people would read and want to see what they describe, it would beat "man biting the dog." But a poor, tired editor has to go through all of it. There might be a check for 98c in some of them. We say might.

H. C. Shelton, Editor and Publisher of the Rotan Advance copied in full an article we recently ran about "Fiddling" Billie Crowder of the Wellman community, this county. Now it seems way back when the west was west, Editor Shelton and Billie attended the old square dances on the ranches among the Double mountain and Salt Forks of the Brazos down in old Stonewall county. As most editors have a good voice as well as plenty of wind, perhaps while Billie was tackling Cotton-eyed Joe with the accompaniment of the banjo, the then young Shelton was telling them to swing their partners, balance all. Anyway we clipped the article with Mr. Shelton's comments, and forwarded on to Bill, and we'll bet Bill shook his old sides when he read it.

An out-of-town song book advertising peddler hit McClean some time ago, securing \$37.00 worth of advertising, and left town. A little later a nearby community was gypped to the tune of 60-odd dollars in the same manner. However, this time 12 books were sent, but without the advertising. The books could have been bought anywhere for 10c or 15c apiece. Any community unable to pay for books should contact the local chamber of commerce, and steps can be taken to secure the books with a great saving of money, leaving no bad after-effects. LOCAL HIGH SCHOOL TEACHER LOSES MOTHER

Miss Maudie Jo Fields, teacher in the local high school, received the sad message Tuesday noon that her mother had passed away. Superintendent Smith stated that she supposed her mother had died rather suddenly as she had said nothing to him about her mother being ill.

Miss Fields left immediately for Brownwood to attend the funeral. Mrs. Walter Brown will have charge of Mrs. Fields classes for the few days she is away.

Course will begin and continue through the week at the local Baptist church. You are invited to attend, it will be well worth your time.

Mrs. J. B. Huckabee, Jr., entertained the Gomez Study club on Thursday night of last week in the home of her mother, Mrs. M. G. Tarpley at Brownfield. After a short business session, a very interesting program was given by Mrs. Geraldine Key, after which delicious refreshments consisting of salad, smacks, potato chips, almond pie and hot tea were served to ten members and one visitor.

Another County Heard From—Old Somervell

We had a letter and remittance for another year of the grand old sheet (you know what it is) this past week from George Washington Alexander, erstwhile Terryite, who is down among the sulphur wells of Glenrose trying to regain his health, and the Herald hereby hopes that G. W. is soon restored to his normal health, happiness and we started to say prosperity—but George always seemed to have as much as a dime about him.

But one portion of his letter was particularly interesting, in which Mr. Alexander stated that a man from out Rotan way, who was blinded two years ago in an explosion which occurred at a plaster board mill, had regained his sight, and could see to read and get about although he had been totally blind.

George stated that he did not want us to take his word altogether, but also sent a Glenrose Reporter with the account in it, and it came in, and there it was on the front page. But knowing newspapermen as we do, we'd rather believe George than the newspaper. Anyway, we hope George and family get a kick out of the old home paper while at Glenrose.

Mr. and Mrs. Raymond Barrier left Tuesday for their new home in Seminole.

How To Relieve Bronchitis

Bronchitis, acute or chronic, is an inflammatory condition of the mucous membranes lining the bronchial tubes. Creomulsion goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back.

More tidings from California, the "Through-the-Looking-Glass" land:

In Los Angeles, you drop a penny in a slot and out comes one cigarette. When you buy a whole package, the salesman places the pack in a machine, pulls a lever and hands them back to you, with the corner neatly torn to enable you to remove the smokes.

Newsboys aren't numerous; you help yourself to a paper and drop the money in a container.

"Don't write to the folks back home; send them a record of your voice—only 25 cents," says a sign. And you can hand the home folks even more of a thrill by spending a quarter and having any headline you want set up and printed at the top of what looks like a front page of a Hollywood newspaper, some such "streamer" as "Joe Zilch"—that's you—"Elopes with Greeta Grabo."

Romance? Here's a sign, "I make violins." Reality? A few blocks away, another sign, "We sell bullet-proof glass."

Attention, Fort Worth: Los Angeles has a Casita Manana (Little House of Tomorrow).

There are theaters here that show nothing but news-reels—(What, no Mickey Mouse?)—and other theaters that stay open all night. (When do they sweep out and find the lost gloves?) And most of the theaters show double features, the titles sometimes producing surprising results as: "Our Leading Citizen", "The Man They Couldn't Hang."

And, in between features, the lights come on and, apparently from the sky, voices boom, giving the latest news flashes. Also audiences applaud a particularly

good bit of acting or singing on the screen.

More queer names of California brands of gasoline: Nitro, Silver Gull and P. D. Q.

There was no boogie whatever at the UCLA-California game. That was news; all the papers made special mention of the fact.

Traffic is fast in Los Angeles—even faster than in Austin, where they make—even if they do not always observe—the laws. The pedestrian is always right, though sometimes dead—in which case, he is dead-right.

Traffic signals at the most important corners are a bell, lights and a semaphore—all three. It's like the man who wore suspenders and a belt, too—he wasn't taking any chances.

It's quite a thrill to ride on top of a bus. You climb an unbelievably narrow and twisting stair, then make your way on the sway-thing top to a seat. The rush of air and the gleam of the sunshine and the view of trees, buildings and sky are worth the effort and the risk of a sprained ankle—especially if there are no seats below.

The transportation system is highly complicated; like Gaul, it is divided in three parts—interurbans, buses and street cars.

Interurban fares depend on distance. Street car fares are 7 cents and bus fares a dime, except I've found one street car which charges a dime and one bus which charges 7 cents. Nobody knows when you can get a transfer and when you can't. You just ask the conductor for one. But even in he issues one, it is quite likely that the next conductor won't accept it. It is all delightfully informal.

"Behind The Scenes In American Business"

By John Craddock

NEW YORK, Nov. 13.—BUSINESS—For most of the country's citizens, business and financial news last week continued to spell better times ahead. Secretary of Agriculture Wallace predicted a sharp rise in cotton prices next spring. Unfilled aircraft orders topped the \$200,000,000 mark. Wisconsin utilities are planning the largest expansion in ten years. California's credit improved when voters defeated the "ham 'n' eggs," the \$30-every-Thursdays plan for folks over 50. The state's warrants sold at a 3 per cent interest rate compared to 4 per cent demanded by investors prior to the election.

Railroad carloadings declined less than seasonally. Department store sales for the year will be about six per cent ahead of 1938, it was predicted, with further gain in prospect for 1940. The FRC and FHA launched a program for building 50,000 to 100,000 homes costing only \$2,500 a piece. Better domestic demand and increased export of meat was forecast for 1940. Capacity operation of automobile plants was seen at least until February. True, the stock market declined during the week, a possible danger sign, but most observers contributed the drop to sales of securities by Great Britain to obtain cash for purchase here of materials and manufactured products.

IN FAIRNESS TO FRANKLIN D

In December of 1938, President Franklin D. Roosevelt announced his intentions of setting up at Hyde Park, for the first time in this country, what might be called a source material collection relating to that period in American history from 1910 to the present. The collection was to be housed in a building built by private subscription. The property was to go finally to the Federal government. The president also wished that the family house at Hyde Park and the greater part of the estate should be taken over by the United States after his death.

The New York Times, in comment, "Aside from partisanship, the only intelligible reason for objection is the notion that everything should be piled up in Washington."

Representative Burdick of North Dakota, took part in the discussions in Congress, and in a fine way called attention to some facts about President Roosevelt and the Democratic Party that the country generally is trying to forget. Representative Burdick is a Republican. Here's some of the things he said: "I for one, feel that 50 years from now that place that Franklin D. Roosevelt will occupy in the United States history will be quite different from today's sentiment upon my side of the House. I, as one Republican, am willing to confess openly, that considering the condition of affairs when President Roosevelt came into power in this country, he, more than any other man in the United States, is responsible for our having a representative form of government. If he has made mistakes, history will take care of that, but history cannot take away from him the position he occupies in being the source of the inspiration for the American people to continue this form of government. I am for this government. I want to make this government better. When history is written 50 years from now, I think it will contain nothing of which even the the Republicans need be ashamed."

J. M. Welborn, Lee Brownfield, A. M. Brownfield and Grady Terry returned Sunday from Junction after a deer hunt. Lee was the only one fortunate enough to get a deer.

The I. M. Baileys are having their house painted and the interior redecorated.

Those attending the funeral of Mr. J. L. Barton, father of Mrs. Earl Jones in Lubbock Sunday were Messrs and Mesdames I. M. Bailey, Glen Akers, H. M. Pyeatt, R. E. Self, Mr. Eunice Jones, Eddie Ballard, Mrs. A. A. Sawyer, Wanda Graham, Mary Ballard and Alma Faye Ballard.

ROTTEN APPLES

Were you ever a youngster back East, where they bought apples by the barrel and stored them in the cellar over against the long winter evenings?

When winter came, did you spend most of your Saturdays sorting over the barrels of apples, picking out the rotten ones so they would not make the whole barrel that way?

And didn't you and the family eat nothing but rotten apples the next week?

Isn't life like that? And didn't you live in the kitchen, because the parlor should not be messed up? And isn't it the truth that you lived in the kitchen all your life?

And didn't you always wear your old clothes, because you had to keep the good ones to go to meeting on Sunday? As a result, weren't you run down at the heels and patched on the seat most of the time?

And did you ever get over it? Haven't you gone through life with an inferiority complex, holding rusty ideas and most of the time the same old worn-out notions until they were ready for the grab-bag? Did you ever wait for somebody else to step ahead and do the pioneering?

You do—if you're still eating rotten apples.—W. L. Y. Davis, in Los Angeles Tribune.

WE HAVE A PART IN PRESERVING PEACE

This Armistice should have a more definite meaning to us than any since 1918, as you all know 1918 is the date that the World War closed, yes indeed the world was relieved and prayerfully thankful for our peace they thought the "war to end all wars" had been fought and that we had lasting peace the world over. But, today as the great shadow of a second world war hangs over every nation of the world, including our own, we as high school students are trying to do our part in preserving peace in our country we are as one band of History students of this country, studying the causes of the last war and how it should have been avoided and by publishing and explaining to one another and to others the true horrors of war. We are taught and we know it is not the hero who has gone to war, or that will go to war, it is the boy or man who is compelled to get shot at and shoot at someone else that goes. No man in his normal mind wants to kill or be killed.

We as students are going to gratefully and prayerfully celebrate this Armistice of 1939 and in the future each one hopes to do his or her part in helping keep peace, for we hate war and do not want war. You and I are the common people of America; we are the ones who have to fight the wars. Why shouldn't we be the ones to prevent them?

WHEN OPIE READ WAS A PRINTER

In Opie Read's early days as a journeyman printer he wandered into a small Southern town, got himself a temporary job on a weekly, and then on Saturday night was short changed by the proprietor. Read calmly walked over to a locked up page form, tilted against one leg of a type case, and kicked it into exceedingly thoro "pi." The editor screamed in rage.

"I'll expose you in next week's paper," he yelled. "I'll tell just what happened and you won't be able to get a job anywhere in the United States!" "Shucks!" said Read. "I can walk outside of your circulation in five minutes."

GOOD WORK APPRECIATED

CLEAN LIVING

The reporter was interviewing a prosperous soap manufacturer.

"It is a well known fact," he said, "that you made your fortune out of soap, Mr. Lather. Now, to what do you attribute your success?"

"To clean living, my friend; to clean living," was the reply.

PAINT on stucco offers limitless possibilities for colorful decoration, as well as protecting the surface against disintegration resulting from weathering or severe usage.

For durability under the most exacting conditions—often including extremes of temperature and humidity—paint must have a pigment and vehicle combination which reacts to form a firm but elastic film resistant to wear and weather, capable of expanding and contracting with the surface as climatic changes demand.

Years of experience have proven that three coats of high quality exterior paint—such as pure white lead and oil—are the economical means to lasting beauty on stucco.

Apply priming coat composed of 3 parts soft paste white lead, and 5 parts of a half and half mixture of linseed oil and lead mixing or lead reducing oil.

Follow with body coat mixed with equal parts soft paste white lead, lead reducing or lead mixing oil.

For flat finish apply 3 parts soft paste white lead and 4 parts lead mixing or lead reducing oil.

Q.—Of what is furniture wax composed, and how should it be applied? A.—The principle ingredients of wax are pure beeswax and turpentine.

Wax is usually applied over shellac, lacquer or varnish base. Obtain even coating by squeezing through cloth during application. After fifteen minutes drying, polish surface well with soft cloth to obtain luster.

Several coats may be necessary. Q.—Can varnish be applied on a waxed floor? A.—No. Varnish will not dry over wax. It will be necessary to remove wax before varnishing.

Dr. and Mrs. T. L. Treadaway and children, returned Sunday from Bandera where they visited Mrs. Treadaway's mother, Mrs. M. R. Thallman. While there they went deer hunting but failed to get a deer.

NEW STUDENT IS WELCOME

By F. L. S.

The juniors and other members of this school welcome La Vada Montgomery. She is a junior and attended the Union school until recently. She played on the Union basketball team and plans to play on the Brownfield team. She is also a new member of our Press Club.

A MILE OF PENNIES

For the Milk Fund is the goal of the West Ward Parent-Teachers. Help us make it. The pennies will help furnish milk for the undernourished children of our school. If you want to help, please put in an envelope for every inch of your height and send to the West Ward School. We find that it will take 84,480 pennies to cov-

er the mile. So, if you are very, very tall, just send what you can. If you are very, very short, please stretch a little when you measure. Every penny will help some child and will be appreciated by the West Ward P.-T. A. Thank you very much.

THE A. B. C. CLUB

By Janell Turner

Second period: The A. B. C. club met November 10. The club was called to order by the president, Morgan Copeland. The Safety First Committee gave the following program: A Story, "Where Shall I Hide?" By Glynn Faye Ross. A Poem, "Lions and Dragons." By Louise Murray. A Song, "The Land of the Dutch." By Darcile Lovelace and

La Vern Cameron. Refreshments were served. The five best citizens of the week were: R. B. Walls, Charles Wayne Bandy, Earl Bates, Freddy Windsor and Nita Jean Worsham. The Thrift Committee will give the next program under the leadership of La Vern Cameron. The next meeting will be November 18.

JUNIORS APPRECIATE YOUR SUPPORT

By Ruth Donathan

We wish to express our appreciation for the splendid support we received during the recent carnival. Without your support we would have not gotten very far with our various booths. We thank each of you who attended the carnival, and we wish especially to extend our thanks to those of you who ate hamburgers, as the hamburger booth was very successful.

Again, we thank you.

PEP SQUAD

By Katherine Speed

Friday night, November 18, the Brownfield High School pep squad was in uniform at 7:30, out on the local football field, to help represent the Cubs and show the pep 'le what kind of a pep squad they, really have. At the half of the Cub-Post game the Brownfield pep squad, Brownfield band, Post pep squad and Post band marched out on the field and formed a fan. They gave two yells. One for the Post Antelopes and one for the Cubs. After this they marched off the field. This pep squad has proved to be one of the best we have ever had.

DOWN OUR ALLEY

By a Press Club Reporter.

Have you noticed? The color of the flying autumn leaves—The odor of the new "Old Spice Perfume"—The necklaces made of rings (manufactured for chicken legs)—The bright sweaters worn at football games—The Mexicans drifting southward—That most girls of the "teen" age are really pretty with ribbons in their hair—That all the calamities of the Germans were caused by the Jews or the British?

People whom we admire: Mr. Tom May, Mrs. Roy Wingler and Postmaster James Harley Dallas, who have genuine civic pride.

Troy Noel who contributes freely to school funds. Friendly Attorneys Hurt and Crawford. Little Jean Knight, who is demure and sweet. Mary Jean Lees who is beautiful in evening dress, band suit, or sports attire.

CUBS "B" TEAM TO ENGAGE COWHANDS

Brownfield High School's Cubs are idle this week but the little "B" team that gave a mighty demonstration of what they can do against Post last Friday, will be entertaining the Lubbock Cowhands come Friday night.

Among the stars of this team are "All American" Deverle Lewis, a quarterback, "Dog" Rambe at halfback, and Travis Pharr at the other halfback position. The other backfield starter will probably be Spencer Murphy, a hard-hitting freshman. Against Post last Friday Lewis and Pharr both scored their first touchdown in high school football while Buddy Rambo ran the Post boys ragged to do everything but score.

The starting line up will probably be as follows: Ends, Erwin and Rowden; Tackles, Sheppard and Mckenzie; Guards, Bagley and Black or Jones; Center, Mullins; Backs, Lewis, Pharr, Rambo and Murphy.

GRADE SCHOOL NEWS

By Esther Smith

This coming week is Thanksgiving, at least one of them. Though if you were to visit Mrs. Renfro's room you would see they are playing on the safe side. Her room is decorated with orange slices forming pumpkins with jelly beans for the stems (that's a new one isn't it folks?) Her room is also decorated with branches from cat claw with all colored jelly beans on the thorns representing cranberry bushes. Merry pictures are shown of Pilgrims and turkeys.

Mrs. Renfro's room has been studying the Pilgrims of New England.

Miss Treadaway visited in Lubbock and Plainview the past week end.

PLEASE TELL ME WHY!!!

So many of our students have a one track mind and it revolves around a football? Well, it's not only the students, it's also the rest of the town. In case you don't know it I have a basketball team in B. H. S. I'm writing for the girls and if the boys want an article they'll just have to do a little work of their own for awhile.

You are wondering why we never win—well, you asked for it, here it is. It's because we don't get any support not even from the school much less the out siders—I'd hate to know that I had my mind so buried in a football that I couldn't bring it up for a decent airing once or twice a year and come out and back the girls for once. We can't help it if we girls can't play football. (Confidentially we would if we had a chance). Do you know? (No, I don't suppose you do)—we haven't had new basket ball suits to play in for five or six years and the girls haven't received a letter for three years. Well, whether you knew it or not it's true. And it's time you were finding out and helping us do something about it.

Last year when we played one of our most important games, which was with Meadow, we played in our local gym and three-fourths of the gate receipt was taken from Meadow boosters. How does that speak for our town and school?

We are starting practice very soon and are hoping to get your support. For we are going to really work for victory the whole season. Please back us.

Each student in the school should feel that it is his or her personal duty to make this school a better school this year than we have ever had. We should not feel that we are obliged to give all of our time and efforts to school interests, but we should put out enough effort to make things go over well.

What one thing in each individual's heart helps him to get the most out of school life? After all it is the persons that we meet, that understands our ways and helps us to overcome our faults. We should go about our business of learning, making friends, and helping them along the crooked paths of life which we so often

WEST WARD PARENT-TEACHERS STUDY COURSE

The West Ward School Parent-Teachers Study Course met in the High School auditorium on Nov. 9. We had as our speaker, Mr. Tom Neely, our vocational agriculture teacher. He gave us a most interesting talk on "The Farmer Has a Son", in which he brought out that the latest trend in his vocational agriculture course is not to prepare the farm boys for college but to train them for leadership on the farm. In this manner the farm will be able to keep good leaders and it will not lose them to the city. A good reception was there.

We also had with us Mrs. Rickett, Supervisor of lunch rooms in this district from Lubbock, who gave us a talk on a lunch room project for the feeding of the needy and undernourished children of Brownfield. She explained what the government would require of us, should our organization decide to put over such a project. We intend to visit Post and investigate their project before anything definite is decided upon.

SEVENTH GRADE NEWS

By Roberta Underwood

Mr. Griffin's seventh grade home room of Brownfield High School wishes to thank all of the people who played Bingo at their stand at the Carnival Tuesday night, November 7. A large sum of money was taken in, and the seventh grade plans to have a picnic or something on that order with their share of the proceeds.

The senior chuck wagon program has been postponed until some time next spring.

MAKING SCHOOL LIFE WORTHWHILE

By Emogene Fitzgerald

"You get out of life what you put into it." This may be applied to school life too. Every student wants to be successful in the line of work he chooses to do in the future. The student who strives to be a help to their school, starting the day off right with a big smile for the ones he or she meets, will lead a more enjoyable life because he is living to help others over the rough spots in life. After all we live to help others. This person has the ability to understand that his time is valuable and should be spent helping his fellow men and making life happy.

The self-centered person is still living today (we see them every day) who cares so much for himself that he cannot see that he could assist the fellow walking by his side. This character of life, who could be a help to his classmates, is badly in need of assistance too, not seeing his weakness, he does not try to overcome these faults. Still he does not enjoy his school days, and it is easy for us to see why. Unless he changes his attitude toward life and his way of living, he will always be dissatisfied and likewise unhappy.

Each one of us will get more out of our short school life if we would only treat others as we would like to be treated. This is one of the important things to be applied to school life as well as life outside of school. School would be an organization most enjoyed by the individual if each member treid harder to succeed in the act he plays. Receiving an education will be our vocation for a long time yet. It can be made into a worthwhile perio if we would only use our sense of thinking, in collecting the essentials that construct a good life.

First comes friendship. You have heard people say, "What would I do without my friends?" So often we hear statements concerning friendship, but have you had serious thoughts along this line? Would your life be worth living if you could not share your troubles and sorrows with an intimate friend. Of course we would have to go on living, but what can we enjoy in this world without friends?

What one thing in each individual's heart helps him to get the most out of school life? After all it is the persons that we meet, that understands our ways and helps us to overcome our faults. We should go about our business of learning, making friends, and helping them along the crooked paths of life which we so often

QUEEN ELECTED FOR FIELD FOOTBALL TEAM

By Flaura Lee Shults

The seniors of this school sincerely appreciate the support given them in the election of our candidate for queen, Eleanor Gillham. Eleanor will make a good queen for the football team. She was crowned at the school carnival and will be crowned today, (Friday) when the Cubs play Post, and when the new football field is dedicated. She is a good sport and has a winning personality. She has many friends and is a friend to everyone who knows her.

EFFORT AND POLITENESS

We have a tendency to think school work is dull, and a lot of it is unnecessary or useless.

If school is dull and a lot of unnecessary work is given students, it is because the students usually cause the teachers to give more work to keep the students busy. Teachers are not going to assign extra or unnecessary work to make it easier on themselves because it would not make it easier on them.

If students would consider or look at their own faults more and not always be trying to find fault with teachers and class mates, they would find they would get along a lot better.

Many student are too self-centered; they never think of the other person's feelings in any way. We should always be considerate of teachers and classmates. Politeness in people is praise above all things and should be practiced more.

Students, who do their best in trying to make this school a better one, know who they are and every one else knows them also. We should therefore, from observation, realize that effort and politeness are always rewarded.

travel. Since each of us are in school most of our youthful years, we want to make this worthwhile achievement in the best years of our lives.

FOOTBALL PICTURES

Striking football shots are easy at practice sessions—real action, if you have a fast shutter; posed action with slower cameras. Make a collection this season!

THERE'S drama for your camera in this season's football activities—and, strangely enough, some of the finest, most striking football action pictures are the easiest to take.

Naturally, you'll take your camera to the games, so as to get a record of what happened. But for really dramatic shots, the place to go is the practice sessions, where you'll be more free to move about, and can get closer to the players.

If you have a fine camera with fast lens and speedy shutter, of course you can shoot genuine rapid action—such as in the picture above. That leap would call for a shutter speed of at least 1/200 second—if you caught the player at the peak—and preferably 1/400 or 1/500, to be really on the safe side. But, even if your shutter is too slow for such shooting, don't feel

WORDS OF APPRECIATION

We the W. C. ladies, wish to thank the W. O. W. for the turkey dinner given at the I. O. O. F. Hall Monday evening, Nov. 20. The dinner was delicious and there was plenty of it. Most every one entered into the games and a most enjoyable time was had.

HERBIE KENDRICK HONORED ON FIFTH BIRTHDAY

Mrs. Spencer Kendrick honored her son, Herbie, with a birthday party, Thursday of last week. He was five years old. A moving picture at the Ritz Theatre was enjoyed and favors of story books and bags of candy were given the little guests. Refreshments of soda pop and sandwiches were served by Mrs. Kendrick and Mrs. Jay King.

W. O. W. ENTERTAINS WITH TURKEY DINNER SATURDAY

The Woodmen Lodge entertained Saturday evening at 8 o'clock with a turkey dinner honoring their families and the W. O. W. circle and their families, at the I. O. O. F. Hall. Mrs. Jennie Lindbloom, district manager of the W. O. W. Circle of Amarillo, was a special guest.

The menu consisted of baked turkey, gravy, salad dressing, cake, pie and coffee.

There were 70 present.

BIRTHDAY PARTY

Miss Larue Ross entertained Monday evening with a surprise birthday party for her sister, Glynnna, whose 12th birthday fell on that date. Bingo was played and an amateur hour enjoyed. Refreshments of punch, cake, toast and ice cream were served to Helen Wright, Glenna Faye Winston, Fannie Ruth Vernon, Jackie Lee Seale, Joe Pete May, Doris Cane, Nita Jean Worsham, Barbara Taylor and Janelle Turner.

SHOWER IS GIVEN FOR MRS. R. W. RAMBO

On Thursday of last week, a shower was given at the home of Mrs. Racheal Tipton, to honor Mrs. R. W. Rambo, recent bride. Mesdames Roy Collier, Wayne Tipton, and J. B. Knight were co-hostesses. The house was attractively decorated with chrysanthemums. Mrs. Eddie Hill presided at the bride's book and Miss Sharlene Graves and Mrs. Otis Moore served hot chocolate and wafers to the 70 guests.

MRS. COLLINS ENTERTAINS BUEN AMIGAS CLUB

Mrs. Wilson Collins entertained the Buen Amigas club Thursday of last week at her home. Mrs. Jack Bailey scored high and was given a vanity case; Mrs. Jim Graves was second high and received a bath cloth and towel. A salad course was served. Other guests were Mesdames Clovis Kendrick, Guthrie Allen, W. H. Collins, Earl Anthony, John L. Cruce, R. L. Bandy, W. R. McDuffie, Jack Stricklin, Jr., Troy Noel and Orb Stice.

Mrs. Bit Copeland moved into her newly remodeled home, Tuesday.

Mr. and Mrs. M. B. Sawyer and his brother, Anderson Sawyer of Seagraves, left Tuesday for a two weeks stay in Marlin.

Mr. and Mrs. Gay Price visited relatives in Comanche this week.

THANKSGIVING LUNCHEON GIVEN BY MRS. CRUCE

Mrs. John L. Cruce entertained The Pleasure club with a luncheon Wednesday at the home of her mother-in-law, Mrs. J. L. Cruce, Sr. Autumn flowers were used in decorating. Mrs. Wilson Collins scored high and Mrs. R. L. Bandy second high and were given gifts of Syro wood plaques. Table cuts went to Mesdames Ed Stewart, I. M. Bailey, James H. Dallas and Charles Stahlner, who were given linen handkerchiefs.

A luncheon of baked turkey, gravy, potatoes, cranberry sauce, stuffed celery, English peas, salted nuts, individual pumpkin pies, coffee and mints were served. Those present were Mesdames W. H. Collins, Dell Smith, Troy Noel, C. C. Primm, Charles Stahlner, R. L. Bandy, Roy Wingerd, James P. Davis, George Griffin and Miss Virginia May.

UNION CLUB ENTERTAINED

Mrs. Vallie Jobe was hostess to the "Stitch and Chatter" club of Union, November 16. The afternoon was spent playing games, after which Mrs. Drennon drew the club box and will entertain Nov. 30.

Mrs. Mabel Bennet was also presented a box of gifts.

Hot chocolate, coffee and cookies were served to the following: Mesdames Avaritt, Brown, Barton, Benton, Bennett, Drennon, Ellis, Evans, Fancher, Hulse, Inman, Johzson, McCarver, Parker, G. Pollard, W. Pollard, Stevens, J. Stephens, W. Stephens, Wright, Tankersley, Wade, Herring, Green and Misses Clover and Wanda Barton, and Bessie Johnson.

BIRTHDAY PARTY

Mrs. H. E. Smith of Big Lake, entertained with a birthday party for her son, James Dell, in the home of her mother, Mrs. C. B. Quante, Saturday morning from 9:30 to 10:30.

Various decorations of flowers and bright colored balloons hanging from light fixtures and doorways lent gaiety to those present. A beautifully decorated cake with three candles was placed in the center of a lace covered table where twenty-seven guests were served frozen cream cups and dainty cookies.

Those present were: Kenneth Woods, G. W. NORTH SIDE BAPTIST CHURCH

One of the most interesting, yet controversial, topics of discussion among Christians everywhere will be the theme of the message next Sunday night when Evangelist Jno. R. Denning will present the Scriptures from both Old and New Testaments in answer to the question: "Will the Church go Through the Coming Tribulation?"

To those who are interested in what the Word plainly teaches concerning the present judgment upon the nations of the world, as predicted in Matthew 24, and as to whether Christians will be subjected to the sufferings of that time, this message will leave them in no doubt concerning the question. The evening song service begins at 7:15.

And no less important in interest and helpfulness are the morning services. The Bible school, of which W. J. Noel is Superintendent, begins at 10 o'clock with the study of the ninth chapter of Matthew, and at 10:40 concludes with an intensive drill in memory work conducted by Rev. Denning. Those attending are surprised at the ease with which they can memorize the scriptures. Be sure to bring your Bible, as we use nothing else.

At eleven o'clock the morning worship hour begins. The sermon subject will be: "God's Challenge to His People." You will be made welcome. Come and see.

LET'S TALK TURKEY

— how to make Fresh Hot Dishes from cold left-over turkey

By Dorothy Greig

It is the third and fourth days in the progress of a roast turkey that begin to be a bit of a problem. The noble bird has been reduced pretty much to scraps.

Turkey and Noodle Scallop is one way to make delicious use of cold left-over turkey.

There's lots of meat still left, but not enough to make a real show. Besides, by that time the family needs a little variation. Here are two ways to do it:

First, we can make a most delicious Turkey and Noodle Scallop. This Scallop brings that cold turkey to the table as a fresh hot dish, savory, satisfying and full of goodness.

- Turkey and Noodle Scallop**
 - 1 package (6 ounces) noodles
 - 1 can condensed cream of mushroom soup
 - 1 cup milk
 - 1 ounce velveeta cheese
 - 1/4 teaspoon salt
 - 1 pinch pepper
 - 4 tablespoons chopped green pepper, cooked
 - 2 tablespoons chopped pimiento
 - 2 cups cooked turkey (diced)
 - 4 tablespoons buttered corn flakes (rolled)

Cook the noodles in boiling salted water until tender, about nine minutes. Put the cream of mushroom soup in a saucepan and stir well. Then add the milk and heat, but do not boil. Stir the cheese (sliced) into the mushroom sauce and heat until the cheese melts. Remove from fire and add the seasonings, chopped green pepper (which has been cooked 8-10 minutes in boiling water) chopped pimiento and diced turkey. Turn the mixture into a buttered casserole and sprinkle with rolled buttered corn flakes. Bake in a moderate (350°F.) oven for about 30 minutes. Serves 8.

Another thing we can do is make Individual Turkey and Mushroom Pie—or one big pie, if you wish. But it's fun to make up individual ones in those shallow brown pottery bowls. Fresh from the oven,

BAPTIST CHURCH

The attendance at the Bible study was above three hundred and the congregation at the preaching hour was good and two were received into the fellowship of the church.

Due to the fact that the much talked of new building is now under construction, we are necessitated to move for a few weeks to the high school building, which the school board has kindly tendered to us and for which we are grateful. We hope that this move will not disturb any of our services which will be held as usual, nothing to be omitted. It should rather inspire every one to put something more than usual into the work that the Master's Kingdom work may not suffer from the move.

Mr. Ross, in charge of the work requests that all truckers before leaving town and planning to come back empty call him during the day at 203 or see him in person and may be able to give them a return load, also any who are willing to do free labor of any kind may call or see Mr. Ross at the job when he can use them.

Many have made requests that they be allowed to do some free work as a donation and some draymen have also offered to do service in their line in order to help the enterprise.

All of these expressions are appreciated by the church as they have a great undertaking which will only be possible to finish by real sacrifice on the part of many people. This is your opportunity dear reader to render such assistance as you may and let all Christian people offer a prayer as well that the work may be honoring to the Christ who gave his life for the world.

All W. M. U. members are asked to meet in monthly business and Missionary program, Monday at 2:30 p. m. at Mrs. Will Adams' home. At this time a box of cloth-

Some of the younger generation on coming to town are looking for Santa Claus and we feel sure he will be in town in a very few weeks.

him their immediate cooperation and support. The departing pastor hereby bequeaths to him his utmost good will and the good will of every one of his closest friends. The best proof of friendship to the former pastor will be best manifest in unstinting loyalty to the incoming pastor.

Then the departing pastor hopes he will be given that keenly craved privilege of enough time to unfold his package, to manifest his goods in stock. Some men are able to unfold their goods quickly and set them in the show window at once, some have not such a gift. Bro. Hanks may be of the latter type, if so, here's wishing for him patience on the part of the congregation. The sky alone is the limit of the wish for this pastor and his people.

Chamber of Commerce Items

By J. E. Shelton

It is possible that there are several residences and apartments in Brownfield that are vacant and for rent, but if so, this office has very few of them. In fact you might say our supply is almost "nil" and we are having calls every day and are unable to take care of the demand. However there is one favor we would like to ask of those who list their rental property with us. And that is, that when a tenant is secured for it that they call us to the phone and advise us of it. After a property is listed in our office we give a list to each inquirer and let them make their own selection, but we do not have any means of knowing the one which was taken and it frequently happens that we send people out with a list and they report back that everything has been rented. Only last week we sent some prospects out with the names of six different property owners and they reported back that everything on it had been rented and yet we had not been advised of it. This was a very embarrassing situation and is neither fair to us nor to the person who desires to obtain living quarters and we hope that in the future property owners will notify us as soon as a tenant has been secured.

It is the opinion of the writer that our Santa Claus celebration will be held as usual and that all of the children in this and surrounding counties will be here and receive a box of candy and a free ticket to the picture show and while the affair has not been formally acted upon by the directors of the Chamber of Commerce, this office is going ahead with the arrangements for it as several of them have expressed themselves as being favorable and the date will probably be announced after the next directors meeting, which is slated for Tuesday night, Nov. 28.

A number of people have asked us what we were going to do about building a highway between Brownfield and the Cedar Lake oil field, so for the information of all concerned, we will state that Terry County has already a good dirt road to the county line and has been undertaking to contact the county commissioner of Gaines County in order to arrive at an agreement with him concerning construction in his county, but up to this time nothing has been worked out. However there is an open road from the Gaines-Terry line to the field but it needs a considerable amount of work in order to place in as good condition as the Terry County portion. We hope to get an agreement on this within a very short time.

A new location has been worked out on Highway 137 between Brownfield and the Dawson county line and as soon as the right-of-way deeds are received from the highway department, the county expects to begin securing the right-of-way and to get it under construction in 1940. It is hoped that work on it can be commenced soon after the grading and drainage is finished on highway 51, which is expected to be completed by next June. On other highways we are now undertaking to get a change in the routing of U. S. 380 east of Aspermont and if our efforts are successful will result in a shorter and better route to Fort Worth as well as considerable lengthening of it. While Brownfield is taking the lead in this movement other counties east of us are joining in it and we do not anticipate much difficulty in putting it over but it will possibly consume a period of several months.

Our last prospect who was interested in the construction of a modern hotel for Brownfield, has not yet appeared on the scene of action but we are expecting him

RAMBLINGS CONCLUDED

some of them real gentle. We came near running over one frisky little fellow as we turned a corner, and failed to see him in time to slow down. He was in a quandary which way to go, but when he made up his mind he certainly skeeddaddled. Saw no quail, but we feel sure there were a lot of them in the brush, but being noontime, they probably hovered under bushes. At lunchtime, about one, we returned to Dublin, and ate under huge trees in the city park, and fair grounds. However, some of the oldtimers of Purvis and Wilson community were found some of whom knew Mr. and Mrs. Roberts as well as Mrs. Editor. Found many names on mail boxes that sounded familiar even to the writer, "Burnett" in particular, as our townsman, Jim Burnett has a brother who lives at Purvis.

But the once thriving village exists now only in imagination. The day of the car has carried the trade to the larger towns, Dublin and Stephenville. Very little crops are grown with the exception of pecans, peanuts, melons, fruits and vegetables. There is not as much feed grown in that entire section as there is on one section in Terry county, but they have sheep and dairy cows and seem to be prosperous since they quit king cotton. They are just now gathering their persimmon crops (Japanese) in the De Leon-Gorman sections, and they are beautiful sights with the large, brilliant red fruit hanging from the trees. And in that section, the houses are nice, many new ones with natural stone veneer, or old ones modernized. Peanuts seem to have made that country with oil as a helper.

These woodlands down there are right now a riot of colors, ranging from pale yellow to crimson red. We could do nothing toward their description with words. A painter should find his haven in that section just now to make use of his paint and brush. Around 35 years ago we used to pass through these towns on the old Texas Central (Tin Can) which is now the property of the M. K. & T. from Waco to Rotan. Some of them look very much like they did at that time, but De Leon has made quite a growth, and has a five story or six story buildings that "goobers" made. Gorman has grown quite a bit, both towns being closed to the Desdemonia oil fields, which also helped. They seem to be on a standstill now, however.

Some observations: Although the tourist season is over, the Bankhead had heavy traffic Sunday. The poke-easies are the ones that hold up traffic, and we agree with the highway patrolmen that they are responsible for many of the wrecks. Hundreds were at the Abilene Airport and hundreds of others, not unlike a funeral procession, on their way out there. So, no passing, a slow car. Reminded us of the good old '90's and early 1900's when we were boys and girls, the old, the lame and the halt and the blind perhaps, all made it part of our daily business to be at the "dapow" when the Cannon Ball arrived. Now they get a kick out of watching the big passenger planes come in—trains are too slow.

Arrived back in Coahoma slightly after dark, tired and soon to bed. An early start was made back to Brownfield Monday. Took the near cut via Welch home, and found the going rough after the seven miles of pavement was left this side of Lamesa. Road graded and drained all the way to Welch. Our part rough as we ever saw it, as much cotton and feed hauling has worn it, and there has not been enough rain lately to smooth up the surface.

Turkey Show at Plainview On December 6-7

PLAINVIEW—More exhibitors will bring a larger number of birds to the sixth annual Southwestern Dressed Turkey Show here December 6 and 7 than have been on hand at any previous show. W. A. Painter, president of the Hi-Plains Turkey Improvement Association, said he believed. The president of the organization of turkey raisers that sponsors the annual show said preparations were ready.

The quality of birds this year will be improved over that of past shows Painter said, because of the improved quality of the Plains developed baby beef turkeys. An increase of about 50 per cent in the number of baby beef turkeys this year indicates a larger showing of excellent birds. There are an estimated 4,000 head of baby beef turkeys in the area. In addition to dressed birds, the show management has provided for a live show again this year.

Show catalogues may be secured by writing the Plainview Chamber of Commerce and arrangements for placing birds on cold storage to await the show dates, in case exhibitors wish to send entries early, can be made through that office.

Receipt of entries will stop with the official opening of the show at 10 o'clock Wednesday morning. Judging will start at 10:30, December 6.

1939 Crop Loans

College Station, Nov. 20.—Texas cotton farmers cooperating with the AAA will be eligible for a loan on their 1939 crop, George Slaughter, chairman of the state Agricultural Conservation Association committee, announced following notification from the Commodity Credit Corporation that loans would be available.

Minimum rate of the loan will be 8.3 cents per pound on 7/8 inch middling cotton, the same as the basic rate in 1938. The 1939 loan, however, will make allowances for location differentials, as well as differentials for grades and staple, and will be made on the basis of the net weight of the cotton.

Since an allowance of 40 points will be made for tare, the loan rates for middling 7-8 inch cotton will vary from 8.70 cent per lb. in parts of West Texas to 9.20 cents per pound in Gulf regions, Slaughter said.

The full loan rate will be available only to co-operating cotton producers who have not on any farm knowingly planted or permitted the planting of cotton in 1939 in excess of the cotton acreage allotment established for the farm for the 1939-40 marketing year. Non-co-operators will be eligible to receive a loan at 60 per cent of the rate applicable to co-operating producers but only on that part of their production in excess of their farm marketing quotas. Loans will be made only to producers who hold a clear title to the cotton.

Loans will be made directly to the Commodity Credit Corporation and by banks and other local lending agencies under arrangements substantially similar to those pertaining to previous cotton loans.

The loans to the producers, however will bear 3 per cent interest instead of 4 per cent as in the past and will mature July 31, 1940.
