West Texas Gas Co. Makes 3rd Reduction

West Texas Gas Company announced another reduction in gas rates effective with January gas bills. The reduction in rates will benefit all Domestic and Commercial users of gas.

Under the new rate schedule, the minimum bill of \$1.25 per month including two thousand cubic feet remains the same, and the next 43 thousand cubic feet is reduced from 50 cents to 45 cents per thousand. Each Domestic and Commercial user of gas, using over the minimum bill of \$1.25 per month, will save 5 cents per thousand cubic feet on the next 43 thousand cubic feet.

The present reduction in rates is the third such reduction made by the West Texas Gas Company to Domestic and Commercial consumers of gas in the past four years. The company commenced the general distribution of gas on its system in the fall of 1927, and just 8 years later, in December, 1935, made its first reduction. A second rate reduction was made in January, 1937. These reductions have resulted in reducing the minimum bill (which includes the first two thousand cubic feet) from \$1.50 to \$1.25, and in reducing the cost of the next 43,000 cubic feet from 67 1/2 cents per thousand to 45 cents per thousand. These three reductions represent a total saving to the company's consumers of approximately \$400,000 annually.

The rate reduction now going into effect will mean a saving to gas users each year of approximately \$100,000. This rate reduction is in accord with the policy of West Texas Gas Company to lower the cost of gas to its customers as often as its earnings will permit consistent with present high standards of customer service.

The new rate schedule is as follows:

GENERAL SERVICE RATE

First 2,000 Cu. Ft. per mo., \$1.25
Next 43,000 Cu. Ft. per mo., 45c
Next 50,000 Cu. Ft. per mo., 30c
Next 400,000 Cu. Ft. per mo., 25c
All over 500,00 Cu. Ft. per mo. 20c

*Minimum Bill.

Additional charge — one-ninth (1-9th) of bill will be added if not paid within ten days after the date rendered.

Plenty Chickens At The Hatchery Now

Called by the hatchery this week and found they had plenty chicks from a day old to two weeks old, mostly white Leghorns. They are a healthy lot of little boosters, and seem to eat and drink all the time. The hatchery is still turning them out.

Mrs. Joe Chisholm informed us that they were looking for their new incubator about the first of February, which will double their hatching capacity.

Car Tags For 1940 Have Arrived

We have the 1940 car tags in passenger numbers. Start at F22-201. Color, purple letters on white background.

If you want a special number for your car, please come in and give it to us.

Tax collections are good. We have issued 980 poll tax receipts. January 31 is the last date to pay your poll tax.

Chisholm Takes Over His Old Store

Something like two years ago, Chisholm Bros. sold their grocery store on the southeast corner of the square to Smith & Bost, both of whom were then on the school faculty. Last spring Mr. Smith was elected to head of the schools and had little time to devote to the store. Recently, Mr. Bost was re-elected to the faculty, and they decided to turn the store back to Mr. G. W. Chisholm, he taking formal charge the past week.

Mr. Chisholm is re-stocking the store to the original proportions as when he quit some two years ago, when sold out and leased his building to the above named firm. Already hundreds of boxes of new groceries are being piled into this large store, and the shelves and tables about the store are being piled high with new, fresh groceries. Clerks are busy far into the night getting the store ready for the formal opening Friday. At the time a writer visited the store Wednesday afternoon, they were making fine progress, and the store was taking on the airs of its old time self.

As stated above, Friday and Saturday will be the gala days, when thousands of dollars worth of new, fresh groceries will be ready for their many customers to select from. Cake and coffee will be served all day. Their fresh and cured meat department will be well stocked and handled, and as there are no cafes on that side of the square, they will be prepared to serve sandwiches and coffee any time.

There will be no connection whatever in the ownership of the Henry Chisholm Grocery on the highway and the G. W. Chisholm Grocery, although like individually owned Red and White stores in many towns, they will run their ads together. Be sure to call Friday and Saturday. They expect you.

Alton T. Freeman for District Attorney

The Herald is authorized to announce Alton T. Freeman, of Seminole, as candidate for District Attorney of 106th Judicial District of Texas, composed of Dawson, Gaines, Lynn, Garza, Terry and Yoakum Counties, subject to the action of the Democratic Primary Election in July.

Mr. Freeman spent his early childhood in Cherokee County at Alto, Texas, and at the age of nine, his family moved to Fisher County where they resided for five years. He then moved with his family to Dawson county in January, 1925, where the family has resided since that time. He is a graduate of the Lamesa High School and after completing his high school work, he attended Cumberland University Law school

Alton T. Freeman

at Lebanon, Tennessee, where he was graduated in law in June, 1933. He was licensed to practice law in Texas by the Supreme Court in December 1933 and opened his first law office in Lamesa in January, 1934. In September, 1934 he moved to Seminole, Texas, and became associated with A. L. Duff in the practice of law. He assumed the duties of County Attorney of Gaines County, which office was held by Mr. Duff at that time, and was elected to that office in 1936 and again in 1938 and is now serving his second

1940 Farm Program In Terry County

The County Office will soon be mailing out the acreage allotments to all the producers in the county.

We would like to take this means of explaining some points of the program that have not been clear to some of the producers in the county heretofore:

1. Many of the producers have always planted their cotton allotment and Government acres and then planted the balance to feed causing the total soil-depleting allotments to be over planted if the farm did not measure exactly the same as it did the year before. In planting the crops, one should plant their cotton allotment, feed allotment and then plant the rest to soil conserving crops.

2. Under the 1940 program any kind of peas will be classed as soil depleting if harvested for feed, seed, canning or eating. In other words, if you plant peas they all have to be left on the land. Soy beans are the only type of bean that will be considered soil conserving under any circumstances. Other beans are soil depleting regardless of the way they are used.

3. In the past, many farms have been half worked, and apparently have only been operated for the sole purpose of collecting the Government payment. This is not only detrimental to the farm, but also the neighboring farm land. The County Committee is of the opinion that no payments will be made on farms of this nature in 1940, and the land that is idle will be taken from the farm land when the allotments are made in 1941; which will cut down the cotton allotment, feed allotment and payment for future years. Therefore, you are urged to carry out normal farming operations. If it is too dry to plant the crops, it must be cultivated and kept free of obnoxious weeds.

If you didn't mail the questionnaire back to the office or haven't been in and filled out a form showing what farm you are working, please come in at an early date and let us know.

All producers who are breaking out sod must come in by January 31, and sign a work-sheet.

Boys and Girls to Tangle With Ropes

School authorities request us to announce that both the boys and girls basketball teams are to tangle with the strong Ropes teams here in the gym Friday night, in a conference go. Both games are expected to be exciting, and the Brownfield people are respectively urged to come out and see the game and root for the home team.

Both Brownfield teams seem to be getting off to a slow start at the beginning of the season, but they tell us, and in fact we are witness to the fact that both are making rapid progress and show smooth playing and have material of championship proportion.

The last game Friday night was played with the Meadow boys and girls. The boys were beaten 24 to 20, but the Brownfield girls tied the Meadow girls.

NEW YORK TEXTILE EDITOR COMING TO TEXAS TECH

Mrs. R. A. Pittman is expecting her brother, Mark Wood, associate editor of the Textile World magazine of New York City to arrive this week. He is coming to Lubbock to do some research work for the extension department of Texas Tech.

Roy Wingerd and I. M. Bailey were business visitors in Beaumont and Houston, the first of the week.

Joe E. Payne of Waco, will spend the week end as the guest of his sister-in-law, Mrs. J. E. Shelton and family.

Mr. Freeman says that he will make a statement to the voters at a later date.

Finnish Relief Committee Appointed

Thinking that perhaps there would be no donations to speak of in the Brownfield section, after being appointed Chairman of the Finnish Relief Move in Terry county, the publisher of this paper still made no move to surround himself with a committee, but as two or three donations came in and were sent to Dallas, State headquarters, the State Chairman began to want to know who was working with us. So a committee was appointed.

The following compose the committee: Mrs. Jim Miller, who saw a great deal of relief and educational service in the World War, and Mrs. R. L. Bowers, known for her good sense and sympathy, consented to serve. Also, Spencer (Speck) Kendrick, assistant cashier of the First National Bank, and Buddy Gillham, assistant cashier of the Brownfield State Bank, two fine, hustling young men, consented to be the other two members. We thought of several that could have nicely represented the rural sections of the county, but in case of a called meeting would have been hard to reach them.

However, we have decided to add Editor A. E. Richards of the Meadow Star to the list, with the privilege of taking donations for that section that might not want to come to Brownfield.

Remember you are limited no way in making your donation. Let your conscience be your guide. If it's five dollars, good, and if 25c or a dime is all that you can spare, your donation will be gladly accepted, and you may either hand it to any member of the committee or to the writer. There will be no public solicitation. Your donation if any must be absolutely voluntary. All the solicitations you will have will be through the press, the Herald or your daily, and all donations will be acknowledged through the Herald from week to week.

Vernon Bell one of our fine young native sons came in last week and planked down \$2.00, saying that he was always for the underdog, especially if the big dog was an aggressor, and he wanted to help all he could to help feed and clothe the people who had been run from their homes by bloody Red Russians, those hordes of blood-thirsty, half-civilized people.

Will state that we had a letter from Capt. J. F. Lucey, State Chairman at Dallas this week, stating that EVERY penny donated would reach the Finnish people, as they were taking care of all office expenses in Dallas, Mr. Lucey being a wealthy oil man, and that Ex-President Hoover's committee in New York are following the same course. So nothing will be deducted for official expenses or clerical hire.

As stated at the outset, the Herald did not ask for this job, but we think it a worthy cause, and by the living we're going to see it through in this section to the best of our ability. All parties will be receipted for their money when it is taken. So far, as this is written, the donations are as follows:

Brownfield Rotary Club — \$25.00
Vernon Bell — 2.00
The Herald — 2.50
Total — \$29.50

This has all been sent in to the Dallas headquarters, but receipt of last two not acknowledged at this time.

Cicero Smith Putting Up Thief-Proof Fence

Beginning this week the Cicero Smith Lumber Co., started the construction of a real concrete and steel fence around their premises, not already covered by sheds, offices and bins. We suppose the purpose is to make the place as near theft proof as possible, and looks like they will succeed.

The steel fence is set in concrete and is seven or eight feet high with angle bars. But the angle bars droop over inside the yard. The idea is, perhaps, that even if a thief succeeds in getting in, he'd have a great time trying to get out, as these angle irons are covered with barbed wire.

The Old Rambler Rambles 'Round

You'd think anyone with the brains of a gnat would have stayed by the fire last Sunday instead of rambling around over the country, but our baby, Mrs. Herman Trigg became "of age", 21 to you perhaps, on that date, and we just had to do a little sacrificing to be with her on the date she reached voting age. And she says she is going to vote, but by becoming 21 after the New Year she gets a whack at the candidates FREE this year, but was not sure whether she would have to get her exemption at Snyder, Brownfield or Pampa. We think Snyder, since that has been her home since last September.

Anyway, the old he bear and the old she bear, together with the other three bears, Jack Jr. and wife, and little bear, Jack Taylor, hit the hike for Snyder pretty early for us, (9 a. m.), reaching there around eleven, and we are getting tired of making that detour the other side of Tahoka, but think it will be all ok by early spring as all the caliche seems to be on, it has been oiled to hold it through winter and early spring, when the last six miles can be hot topped.

Like to have made a collision with a family from Coahoma, as all arrived about the same time. They included J. A. Roberts and wife and daughter, Letha Nell and little granddaughter, Helen Lay. However they were all expected, and Mrs. Roberts, sister of Mrs. Stricklin, Sr., had some fine deer meat along she had been saving for us quite awhile. Her son killed two in southwest Texas. Haven't gotten entirely used to our new set of molars, but it was tender enough that we got a good taste. Also had baked ham, dressing and gravy, as well as fruit cake, and a lot of other good eats, but no candles to blow out.

So dadgummed cold we hardly stuck our head out all day. All admired the additions to the Trigg family. Old Topsy had two nice little pups, their eyes not yet open. There's going to be a big fuss over who gets these pups, as a half dozen want the two. Hard to get away from a bunch of folks who want to talk a lot, and have a lot of nothing to tell each other that has happened since—. But we happened to get away when the sun was just about as high as a corn cob, arriving in Post about sundown, with still 52 miles between us and a warm bed. The Roberts family left a bit before us, and as they only had about 50 miles to go, no doubt got in by sundown.

Mildred Adams Society Editor of Daily Lariat

WACO, Jan. 16.—Only woman ever to sit on the Baylor University board of publications, Miss Mildred Adams of Brownfield, Friday assumed such a position after election by the junior class as their representative.

Miss Adams is a business and journalism student, and is society editor of the Daily Lariat, campus newspaper of the Odessa Daily Bulletin last summer.

Tom May and J. E. Shelton went to El Paso on business the first of the week. Mr. Shelton also visited his daughter, Mrs. C. M. Corkan while there.

M. M. Perry of Plainview, was a business visitor here, Friday.

Golden Gloves Tournament at Lubbock

LUBBOCK, Jan. 17.—Amateur Boxers living outside of Lubbock are challenged, and invited, to defend a record they established last year in not allowing a single Lubbock fighter to capture one of the eight District Golden Gloves championships.

The District tournament is scheduled February 5 and 6, and possibly the 7th, depending upon the number of entries, and all amateur fighters 16 years of age and older are cordially invited to compete. The tournament will be staged at the Merchants Building on the Panhandle-South Plains Fair Grounds, which has been transformed into an arena capable of seating 1,500 spectators.

The eight champions last year, and many of the best fighters were from neighboring towns. Heavyweight champion was Rhea "Fats" Mitchell of Lockney; light heavyweight champion was Herman Dirickson of Littlefield; the middleweight winner was Kermit Woolridge of Abernathy; welterweight champion, James Stotts of Slaton; lightweight winner, Pete Naehlinger of Hermleigh; featherweight, Tommy Coats of Seagraves bantamweight, Harry Bell of Slaton and, flyweight, Curtis Lebow of Abernathy.

Several out of town boys, including Howell Steen of Brownfield and David Coats of Seagraves already have sent in entry blanks for the 1940 tournament.

Any boxer in the Lubbock District, which extends over a radius of from 60 to 90 miles, who desires to enter the Golden Gloves tournament starting here February 5, is invited to fill out an entry blank, carried elsewhere in this paper, or in the Lubbock papers—or write for one—and send it immediately to Golden Gloves Editor, Avalanche-Journal, Lubbock, Texas.

Stresses Written Lease For Farm Tenant

Obtaining written leases for farm tenants who are borrowers from the Farm Security Administration, diversification and soil conservation practices will be stressed by this federal agency in 1940, according to word received from L. H. Hauter, Regional Director.

Dennis Q. Lilly, county FSA supervisor said these and other important changes in the Farm Security Administration's rural rehabilitation program were announced by Mr. Hauter following the receipt of instructions from Secretary Wallace.

FSA will continue to emphasize crop diversification, a highly important conservation measure, and that no loans will be approved when the farm plan provides for growing only one cash crop. This Policy, Mr. Lilly said, is expected to popularize the practices of crop rotation in single-crop areas.

Other FSA program changes include increased activity in unit reorganization—a program designed to help farmers get farm units more economic in size and organization and to increase the use of grass crops in areas not suited to intensive cultivation.

Recognizing that insecurity of tenure leads to misuse of land, because tenant farmers can afford to conserve soil resources only when they have an interest in the land extending over several years, this agency in 1940 will greatly intensify its efforts to help its borrowers obtain longer term, better written leases.

Backed up by written leases, tenant farmers can afford to employ conservation practices for their own as well as their landlord's benefit.

This agency, Mr. Lilly said will continue to emphasize improvement in sanitation and health provisions in all rehabilitation programs with a view to conserving human resources.

Tom May and J. E. Shelton went to El Paso on business the first of the week. Mr. Shelton also visited his daughter, Mrs. C. M. Corkan while there.

Chamber of Commerce Items

By J. E. Shelton, Secretary

Sometime during the present week, signs will be placed on the Cedar Lake highway from its intersection with highway 51 to the Gaines county line, the signs will read Cedar Lake until they reach the line, and then a sign reading to Brownfield will be placed. Now in connection with this road, it is on a 60-foot right-of-way and is well maintained, but it is the intention of the commissioners court to increase the right-of-way to 100 feet and this will enable them to build a better road and one that will be more easily maintained. Petitions calling for the additional width have been posted and will be presented to the court sometime within the next 20 days, this being in accordance with legal requirements. We are informed that the Gaines county commissioner, who resides in the eastern portion of that county has agreed to cooperate and construct the same type of road as ourselves.

Every once in a while some citizen asks the writer why we don't construct a road due west of Wellman to the Bennett field and the answer is, that Terry county stands ready to build to its own county line at any time, but as yet we have not been able to induce the commissioner from Yoakum county to meet us. I have not heard the Yoakum county commissioner express himself but understand that it is his intention to put the road between Bennett store and U. S. 380 in first class condition and if he does this it will give us as good a connection or better, than we would have if we built west of Wellman with not over three mile difference in the distance.

Another road that we hear about once in a while is one running in a direct course from Tokio to Bennett store and on to Denver City. This would be all O. K. if Yoakum county could be promoted into buying right-of-way and constructing and maintaining it, but right-of-way alone would cost many thousand dollars and building and maintenance would cost many thousands more. It has been said that Brownfield could afford to build and maintain it and that Lubbock would be glad to assist in it, but I am willing to bet a ginger cake we could not make a good start toward collecting enough money to put this over and we certainly cannot expect Yoakum county to put up the amount of money that would be required for it, as they have other highways that are more important to them and toward which they are going to devote their attention for a time at least. The writer is a "bug" on highways but even in his wildest dreams, would not undertake to put the Tokio-Bennett-Denver City proposal over. It just simply can't be done. It is in fact a "dream" which is not likely to come true at any time in the near future.

Grand Jury Set To Work This Week

District Judge Louis B. Reed of Lamesa, accompanied by the court reporter, John Edmiston and District Attorney Truett Smith of Tahoka, came in Monday, to open the winter session of the Terry County District Court. The grand jury was empaneled and set to work investigating crime under the direction of Mr. Smith and County Attorney Burton G. Hackney.

So far as we are aware, there has been little serious crime in the county, but there has been a lot of petty theft and burglary lately, that local officers feel is being done by local youths. It may take a few sentences to the pen and reformatory to stop this. Judging by the number of visiting attorneys, quite a lot of non-jury civil cases are to be tried this week before Judge Reed.

Next week will be the first week of a petit jury.

Mrs. O. G. Cheek was the guest of her parents, Mr. and Mrs. E. Ballard, Monday.

Think!
 Texas Safety Council
 Twenty-two per cent of the automobile fatalities in the last reporting month in Texas were the result of driving by persons under the influence of intoxicating liquor. These are the statistics furnished by State agencies, and they tell a terrible story.

There is a law in Texas making it a felony to drive an automobile while under the influence of liquor. Why isn't this law deterring such driving?
 The answer may be that in many cities, when arrests are made by police officers, the driver is charged in the city court with reckless driving, instead of being transferred to the county court and tried in the District Court for the real offense he committed — driving drunk.

There needs to be a tightening of enforcement of this law. The time is here when there can be no more temporizing with the matter. The drunken driver is a distinct and a positive menace to the safety of every person. It is the one offense for which there is absolutely no justification.

Our police and other officers must be told by citizens that the drunken drivers should be charged in the District Court with exactly that offense. Then if a jury decides a penitentiary sentence is the solution it can invoke such sentence. Trying such irresponsible people in the corporation courts and releasing them for a nominal fine will not solve the question.

Put them in the county jail for a term, or in the penitentiary and revoke their driver's license. In that manner we will be able to reduce this terrific toll being exacted by the irresponsible agents of John Barleycorn on our highways and streets.—Pierce Brooks.

FORRESTER HAS OWN HOME IN MIDLAND

Had a letter last week from our old friend and constant reader, who informed us that they now have their little home completed on Florida Ave., Midland, Texas, and are living at home and boarding at the same place. He added that he thought we were a great sport, for why, he didn't say. But did add that they sure appreciated the weekly arrival of the great religious and moral uplift paper. He enclosed \$3.00 to pay for an ad, and \$1.50 to pay up their Herald until next fall. We hope the Forrester family does well in their new home.

POOL

We did not have as large a crowd at Sunday school and singing as we would like to have had. Several were absent on account of sickness and others were away.

Mrs. J. M. Trussell, Victor, Curtis and Leola, visited Mrs. Trussell's brother and family at Dixie, Mr. and Mrs. Allen. Mr. and Mrs. James Trussell and sons, also, visited in the Allen home.

Geneva and Wanda Fae Aldridge, Nita Harben and Dorothy Dean Newsom, spent Sunday with Melva Jo and Mary Waters.

Flois Gunter spent the week end with her grandparents, Mr. and Mrs. L. D. Chambliss of Brownfield.

Maxine Harben and Dorothy Zorns spent Sunday afternoon with Lois and Peggy Grissom. J. M. Trussell and Talma Harben, were visitors in the H. C. Zorns home Sunday.

The contest winners, (the blues) were entertained Friday night at the schoolhouse by the Reds. A large crowd was present and all reported a nice time.

Nobody's Business
 By Julian Caper Jr.

AUSTIN—Gov. W. Lee O'Daniel, after accepting an invitation to the Jackson Day Dinner in Dallas, and sending his \$25, failed to appear, and some ascribed his absence to a statement by Cyclone Davis, the be-whiskered pension agitator, that the old folks would have a committee on hand to meet O'Daniel and demand a special session. Commenting upon O'Daniel's absence, one former governor of Texas, remarked: "I doubt if a man who lets himself be bluffed from a political dinner by Cyclone Davis' whiskers will ever be re-elected Governor of Texas."

Landrum Writes a Platform

Lynn Landrum, the militant columnist of the Dallas News, who frequently does some pretty sound thinking out loud that is not always popular, this week brought out a two-point platform which Nobody's Business predicts will not be adopted by any successful office-seekers this year. Landrum proposes to
 (1)—Pension only paupers.
 (2)—Disfranchise pensioners.
 "If these two things are done, the present pension revenue would almost certainly cover all legitimate demands," he adds. There is pretty good precedent in the Texas constitution for it, too, which provides that paupers, dependent upon any county for support, shall not vote. In the days when that provision was written, the counties fed the paupers, and nobody dreamed of the Federal and State governments going into the pen-

Watch Governor's Race

With Harry Hines, Highway Commissioner, "almost persuaded" to make the race for governor, and Jerry Sadler still a strong possibility, there are interesting possibilities of a real contest for Gov. W. Lee O'Daniel in his second term aspirations. If Sadler ran, he would almost certainly attract a lot of the more radical O'Daniel radical support, including many liberal pension advocates. Hines, a lay worker in the Christian church for years, is highly regarded by churchmen of all denominations, and he also has the confidence of a large group of the business interests, including the oil industry, in which he has been engaged as an independent operator and drilling contractor for years. Any man who enters the lists with the highway department's political influence behind him is not to be laughed off, and Hines also has many friends among county officials throughout Texas. What Col. Ernest O. Thompson might do if Hines and Sadler both got in is problematical but Thompson and Hines if both ran, would split a big group vote.

resign, and accept an appointive place with the Railroad Commission, if his health improves.

Because Gov. O'Daniel has attempted to place the blame for failure to deliver on his promises of \$30 pensions to the aged on the legislature, the contests for the lower house places are expected to attract many candidates.
 One former House member, J. A. Long, of Crockett, has announced he will seek a comeback, on a platform including liberal pensions, aid for teachers, children, blind, crippled children, for farmers and "economy in government." His platform is typical of that of many candidates who favor governmental aid for almost every group under the sun, and by some strange political ledgermain, also are in favor of "economy in government."

American democracy and was so recognized when the King and Queen of England broke a bun with our First Family and found the American hot dog most palatable and nourishing"—so declared Lavergne Somerville of Austin in extending an invitation to a "Jackson Day" dinner at which the succulent viand that goes so well with mustard was served.

Judge Somerville, by the way, is head of a law school and is said to have turned out more law graduates than any other individual instructor in America. Twenty-five members of the Texas House, several senators and a Congressman are among his alumni.

Speaking of Jackson Day dinners (which we were), Jerry Sadler described to the Houston gathering of 600 the condition of world affairs, and asked, "In these trying times to whom shall we turn?" Then he answered his own question, "We have nothing to fear so long as our nation's guidance is in the firm hand of Franklin Delano Roosevelt."

Bill Quinn of the Van Banner has announced for office in his "Quacks" column—in fact, he has announced for five or six places and will narrow it down to one on the last day to file. His announcement is unique in that he admits he was not born in Texas, that he was not born in a log cabin or even on a farm and that he is not married and therefore does not need an office "to feed a wife and umsteen hungry kids." He wants to obtain the services of several speakers, preferring men with booming voices who are "agin everything."

Tech Graduate to Establish Woolen Mill

LUBBOCK, Jan. 16.—Establishment of Texas' first woolen mills at Eldorado by J. M. Christian, Texas Tech graduate, should widen our market considerably, said W. L. Stangel, head professor of animal husbandry at Texas Tech. The plant will be known as the West Texas Woolen Mills and will manufacture 100 per cent virgin wool blankets, ordinary camp and army style blankets, woolen suiting, yarn and woolen batting.

"Although Texas is the largest wool-producing state in the Union," Stangel said, "Heretofore we have shipped most of our raw wool to New England for manufacture, and none of it has been finished in Texas. Selling at home will be a valuable aid to this industry."

Since graduating from Tech's textile engineering department in August, 1936, Christian has worked as assistant engineer of the southern textile plant of U. S. Rubber Company.

Colds and Pneumonia

AUSTIN, January 12.—Prevalence of cold and pneumonia at this season has prompted Dr. Geo. W. Cox, State Health Officer, to outline generalized preventive precautions against the disease in the hope of reducing its incidence in Texas.

"Most of us know how serious pneumonia is, but not every one realizes that it is particularly dangerous for babies and young children. A child under one year of age who has pneumonia is very much more likely to die than an older child," Dr. Cox warned.

"Through the use of a new drug and serum, doctors and health workers hope to save many lives this year, which would have been lost in the past. The State Health Department is cooperating with the medical profession of Texas in using this drug to best advantage in treatment of pneumonia.

"Improvement in treatment will save many, many lives, but more could be saved if children and adults were protected against contraction of pneumonia in the first place.

"A few simple precautions which should always be followed: no person with a cold should be allowed to handle or even come close to a baby. The rule should apply to relatives as well as friends. If the mother, or other person taking care of the baby, has a cold, she should wear a mask and be especially careful about washing her hands before touching the baby.

"Children in general good health are in a much better position to fight off an infection than those not in the best condition. The best and surest way to secure good health for a child is to keep him or her under the regular supervision of the family physician.

"In short, insure good general health by having the child under regular supervision; do everything possible to prevent colds; if a cold does develop, do not use any medicines or 'drops' except under a doctor's orders; if the child seems ill, call the doctor without delay."

TRYING TO GET HEAVY VOTE FROM THE YOUNG PEOPLE

AUSTIN, Jan. 17.—Pointing out the fact that less than one-fifth of Texas' young people—those between the ages of 21 and 25—exercise their right to vote, the First Voters League of Texas this week launched a statewide drive to encourage the payment of poll taxes and the procurement of exemption certificates before the January 31 deadline.

Headlining the drive will be a statewide rally on the University of Texas campus Monday night, January 15, with President Homer Price Rainey as principal speaker and with leading state officials taking part.

WHAT ABOUT SKUNKS?

Every time sportsmen start talking about skunks the question as to whether they can eject their scent when they are dangling by the tail with their feet off the ground always comes up. Most biologists attest that skunks are not handicapped when hanging in midair, but many sportsmen have never known the little striped animal to eject scent while in that position. What's your experience?

Beat Hasty Retreat From Courthouse

Tuesday afternoon, we were nosing around the courthouse talking with Sam White, Dube Pyeatt, Judge Simms, W. R. Mangum, Bee Martin and trying to flirt with some of the lady employees, but the main thing was we were trying to contact some guy who wanted to run for office, as our columns were still open. Went to the new District Health Unit, and there was a very friendly lady therein, but the doctor was out of town for the afternoon.

Found Judge Oliver, however, and he said that he would announce this week, and that encouraged us so much that we ventured up stairs, one step every two times on account of a winter's accumulation of rheumatism, and upon reaching the landing there were a dozen guys hanging around there. In our usual commanding voice, we inquired the cause of the riot. All the guys remained silent except Deputy Joe Price, who as usual tried to pull our tie off. He said they were doing nothing.

About that time we noticed two

serious looking hombres at the door as if they were guarding a pot of gold therein, and it suddenly dawned on our thick cranium that district court was in session, and that the grand jury room was being guarded. We told the nearest guy to us that we couldn't get away very fast, but that we were getting away, anyway, as fast as we could.
Moon Mullins happened to be dismissed about that time, and we half rode him down the steps in beating a retreat. One time when we were a very young man, we were called before the Johnson county grand jury. We didn't know a darn thing about what they were trying to find out, and they soon discovered it, but we had heard how hard-boiled the district attorney was. Since that time we have avoided a grand jury room like an epidemic.

ATTEND SPRING MARKET

W. E. Latham, owner of Latham's Dry Goods store and Mrs. A. W. Turner, saleslady and buyer for the firm left Saturday for Ft. Worth and Dallas to attend Spring Market.

BAPTIST CHURCH

The improved attendance was marked last Sunday at the morning hour with 271 registered in the Sunday School, which is at least fifty short of the pre-holiday attendance, and those who have been failing to reach the services at the high school building are urged to overcome that disposition.

The building program is proceeding in a satisfactory manner and with open weather for a few weeks the walls will soon be up, and only a shortage of funds will retard the completion of the building. It is hoped some who have made no subscription to this worthy work may now see what we are trying to do and will help worthily.

The W. M. U. will meet in joint session at the home of Mrs. Enoch Hunter next Monday afternoon for business session.

The Brotherhood met in regular monthly session Monday evening and rendered a program built around the objectives to be sought in 1940 for our work which have been recommended by our Southern Convention and they ask all the men of the church to enlist for this year to make these objectives successful.

More regular attendance, greater missionary effort, and seeking to win to Christ at least one for every ten of our resident membership, are some of these objectives and we ask the W. M. U. and other auxiliaries to join us in meeting these worthy objectives during the present year.

New people are cordially invited to attend these services and will find a warm welcome here.

NORTHSIDE BAPTIST CHURCH

It was quite pleasing and encouraging to note the number of visitors, as well as some of our own members, present in the Sunday school last Sunday, which gave us a material increase in attendance over the previous Sunday. And the closing exercises are proving more interesting each week, as both old and young participate in the memory work and Bible drills.

And members, you are missing a great blessing if you are not there at the very beginning of the teaching period, as we study together, verse by verse, the great truths of the Word of God.

We are also grateful for the manifestation of Spirituality in the worship at both preaching services, and for the increasing congregation Sunday night.

The order of service is as follows:

Saturday night, 7:30—Teachers' Study and Prayer Meeting. Every person is welcome.

Sunday 10:00 a. m.—All classes study Matthew Sixteen: "What is the Church?" and "Was Peter the First Pope?" W. J. Noel, Supt.

At 11:00 a. m. and 7:15 p. m., the preaching services begin. Won't you please come and be with us next Sunday. We shall make you feel at home, whether you are in silks or overalls, and you will be glad that you came.

LIONS ATTEND LEVELLAND'S ANNIVERSARY BANQUET

Dennis Lilly, H. F. Heath, Rev. Fred A. Walker, C. C. Primm and Arlie Lowmire, members of the local Lion's Club went to Levelland Thursday night to attend the first anniversary banquet of the Levelland organization. The affair was held in the school gymnasium. District Judge Dan Blair was the principal speaker for the evening. Miss Wanda Anderson spent the past week end in Lubbock, with friends.

FOURSQUARE CHURCH

Services as announced by the pastor Irene Lee.

Revival in full swing—conducted by Rev. and Mrs. Warren Johnson, who will be remembered by many from the revival they held for us last winter.

If you like old time preaching, come out. Also Bro. and Sister Johnson are very musically talented. Their special numbers will be enjoyed by all. Services each evening at 7:30.

All children are invited to be here at 7:00 for a service.

Sunday, 10: a. m. Sunday School Sunday 11 a. m., Morning Worship. Sunday 6:30 p. m., Crusader Service, Sister Johnson. Sunday 7:30 p. m., Evangelistic Service.

Don't forget service each evening at 7:30 for next two weeks. Some of the subjects to be used during the revival will be as follows:

"House Claning", "The Wages of Unrighteousness", "Gone With the Wind", "Is It God's Will to Heal Our Bodies?", and "Why the Blood."

I am sure these are subjects of much interest. Come and bring your friends.

1ST PRESBYTERIAN CHURCH

Fred A. Walker, Pastor.

Sunday School 10:00 o'clock Morning Worship 11:00 o'clock Evening Worship 7:15 o'clock On Monday afternoon at 2:30 at the Church the Women's Missionary Society will have a review of the mission study book, "Women and the Way," given by Mrs. Lois Winger.

Sunday morning we will have our quarterly communion service and the pastor will speak on the subject, "Compelled by the Unexpected."

HARMONY

We wish to call attention to the program of next Friday night, January 19, at the school house. This program will consist of a musical entertainment by Burleson Quartet, the Stephens Quartet and the Campbell Quartet of Lubbock. Come and enjoy an evening of real music. We have good lights now, as we have a new windcharger. Therefore we shall fear no more explosions.

Mr. and Mrs. Carroll Edwards and family of Wells, Lynn county, have purchased and improved a half section of land one mile east of the school house and have moved into their new home.

Mr. and Mrs. Bob Decker and family have moved on one of Mr. J. A. Hood's farms.

Mr. and Mrs. W. K. Corley and family now occupy T. C. Hogue's farm. We met all of these families at Sunday school. Now, we are so happy to have these good people who come to help us make our community a better place in which to live.

Mr. and Mrs. R. W. Rambo of Brownfield, accompanied her parents, Mr. and Mrs. George Murry to Sunday school last Sunday. We were glad to have this splendid young couple visit with us, as Opal Dee was a regular attendee of our Sunday school and church before her marriage.

Mr. and Mrs. Earl Smothermore and little son Bobby, also Mr. and Mrs. Joe A. Davis were visitors in the home of Mr. and Mrs. Harvey Davis Sunday evening.

Little Elizabeth Jo Davis has come to make her home with Mr. and Mrs. Harvey Davis since last Wednesday, January 10.

Notice to Parents

A number of smaller boys that have airguns and slingshots have been shooting out the street light globes, and this must be stopped. Some weeks we have had as much as about thirty (30) per cent of our street light bulbs broken. All parents of boys having airguns are requested to admonish their children about shooting light bulbs. If it is not stopped we will have to arrest all offenders and prosecute them for malicious destruction of property, and our city officers are so instructed.

By order CITY COUNCIL 24c

Notice to Car Drivers

Notice is hereby given to all drivers of automobiles and trucks in the City of Brownfield that the city ordinance speed limit is twenty-five (25) miles per hour within the city limits. A number of our citizens, men, women, boys and girls, have been disregarding this speed limit ordinance and traffic lights which have caused wrecks, more or less serious, endangering life and property, and it must be stopped. All city officers have been instructed to enforce this ordinance to the strict letter of the law and to arrest all violators, and if they are unable to arrest them at the time of the violation to get the car number and bring them in later. All cars and trucks are obliged to stop on streets intersecting highways.

By order CITY COUNCIL 24c

The Herald doesn't like the Texas Tech new style of mimeographing their news items intended for the papers for publicity purposes. The type is caps and small caps instead of caps and lower case, and they are using slanting or italic letters. Don't try to learn an old dog new tricks, Editor Horne.

Some thoughtless souls have accused the American press of being pro-Jew. But statistics show the three great news gathering agents, the Associated Press, the United Press, and the International News Service, are controlled exclusively by Gentiles. Not a Jew on either board. Of the 916 daily papers, large and small, only 33 are controlled by Jews, one of them the New York Times, one of the best and most respected dailies in the United States. Of weekly papers, the percentage of Jewish owned would be far less.

We had a large No. 12 envelope full of propaganda from one Frank Gannett of New York, this week, and reading between the lines we felt sure that Publisher Gannett was fixing to toss his hat into the ring for president. We also did not have to guess that he was a standpat Republican. He was lamenting the condition of the American farmer, under his present setup, and that is a great preliminary to announcing for some office. Knowing Bro. Gannett to be a wealthy publisher, we decided he would seek the presidency. In the next few days the daily papers confirmed our views. Jusy why so many politicians think the American farmer is in such a helluva mess, we can't imagine, when 80 to 90 per cent of them voted recently to continue their present setup. Such men as Gannett would have us believe that in the next few years the American farmer will be worse than a Russian serf, dictated to from Washington. We have an idea the farmers are now well read enough to take care of their own business.

The main theme of the Texas State Highway Commission's request from the Federal section of public funds in the next few years is: to eliminate as many grade crossings as possible, keeping that fund to its previous level of 50 million instead of reducing it to 20 to 30 million. It is stated that elimination of many grade crossings in Texas has reduced highway fatalities 25 per cent.

Texas Safety Association is proud of the record of highway accident elimination by education and caution from from patriotic Texans and organizations, a large share of the praise going to the press of Texas. The association states there was a decrease in the highway accidents and fatalities, despite an increase of 800 million miles in motor traffic in Texas. All such agencies are urged to continue the good work of caution and education during 1940, as the travel mileage is expected to increase this year over last year.

Dr. H. T. Manuel of the University of Texas, urges better teaching of metal hygiene in grammar and high school to stem the tide of the flow of one out of twenty-four Texans said to be headed for insane asylums. But, will the ordinary teacher, unless trained to do so, be able to distinguish and diagnose those who may escape, and those who may be victims of the mad house in the future? It seems to us that the good doctor has handed the teaching profession a right hot poker to handle.

The Herald had a pamphlet this week from President F. G. Gurvey of the Santa Fe Railway, which gave statistics showing the stepping up of passenger and freight movements in the past 25 years. In 1914, a passenger train was thought to be doing well to make 500 miles overnight, but that has been stepped up to 1,000. Freight trains now make the run from Chicago to Dallas in about the same time that it took passenger trains 25 years ago. Investments in railroads have increased from over 16 billion dollars to more than 26 billion dollars in that time.

We note that Lubbock will not join with the national crippled children's relief organization, although they will stage a President's Birthday ball and keep all the money taken in Lubbock may have a good reason for this and we shall be the last to criticize them. But they have about two organizations up there that make Brownfield every week of the world with a collection basket, and we presume they make other small towns and cities of this section about as regular. In view of this fact, we think Lubbock should tell these organizations that Lubbock will support them, as all of these funds are spent in Lubbock on Lubbock people.

We want and crave the help of some of our literary friends. We see the word or words "weekend" used sometimes as two words, as "week end", then again as one word, "weekend" and occasionally some writer will use it as a compound word, "week-end". Who is right and why? A good penny pencil for the best solution. In case of a tie, will cut the pencil into. Now there is another hang-up—should we say cut "into", or cut "in two"? Maybe we'll give another lead pencil on the last one.—Brownfield Herald.

By assuming a nonchalant air and looking wise as possible under the circumstances we find a great many of these vexing little errors can be easily disposed of by saying the Linotype, being a machine, is responsible for them, and not us. If one says "oh yeah" you must be your own judge as to how the explanation clicks. They most all do. What do they mean by that?—Lorenzo Tribune.

We thought when Stockton Henry started out on his article we'd have to mail him one or two red cedar pencils, but he laid it all to the feet of the poor linotyper who has no comeback, together with some American slang. We have such a stretchy language, we can usually make it cover a multitude of errors, and most people won't know we never finished the 9th grade. It's great to "spik Anglishe."

Visiting the southern states and especially the cotton growing states, at this time, is Gov. Julius P. Hill of Wisconsin, who is stopping at each capitol city. He is making an effort to adjust matters that have sprang up between his state and the southern states since they have put a heavy tax on cotton oil products. It seems that the State of Wisconsin is being quite generally boycotted in the south on their butter, beer, cheese and manufactured products. Trade barriers between the states was never intended by the founders of the Republic, and all of them should be eliminated.

We wonder what old Andrew Jackson would have done if he had slipped back to us just in time to get an invitation to attend a Jackson Day Dinner at \$100 a plate?

Lynn County News
We wonder why Editor Eee Eye Hill is bothering so much about what Andrew Jackson would have done. Our notion is that he would have bought a \$100 plate gladly providing he had the \$100. We don't know as much about history as Mr. Hill, but Jackson was considered one of the most strict party men of any president up to his time. He turned out all the Whigs and replaced them with good Jackson Democrats wherever and whenever the opportunity afforded. That was one of the reasons David Crockett left Tennessee and came to Texas. Jackson helped to beat him for Congress.

GETS DOUBLE FISH CATCH

Wymen O. McInnis of the Cox & McInnis Ranch near Brownwood didn't waste a great deal of bait in catching two fish recently. He snagged a 27 1/2 pound catfish and saw protruding from its mouth the tail of another fish. It proved to be a one and a half pounder the cat had just caught before it greedily snapped up McInnis' bait.
