## Marshall Formby in State Senate Race

Judge Marshall Formby of Dickens county has formally announced his candidacy for state senator of the 30th senatorial district.

Charging that the past legislature had failed to solve the people's needs and that West Texans were tired of candidate's empty promises, Formby pledged himself to work toward an immediate solution of the old age assistance and other social security problems and to work toward a goal of raising the present truck law limit to a sensible limit.

"The people have been disappointed by the last legislature," Formby said, "and they are tired of empty promises. These problems should have been solved last year

Judge Marshall Formby

and I favor the immediate solution of these most important problems."

Judge Formby is serving his fourth year as county judge of Dickens county and during his administration the county is operating on a cash basis for the first time in 15 years and its citizens are enjoying the lowest tax rate in 22 years, while bank deposits are the highest for county funds in 10 years. Adequate relief projects have been sponsored for destitute persons during this time, also.

A graduate of Texas Tech, Formby is president of the 40,000 former students of the college and this year is sponsoring a co-op house at Tech where boys are attending college and obtaining room and board at actual cost.

Judge Formby is president of the West Texas County Judges and Commissioners Association, an organization of 124 West Texas counties, and during the past year has taken the lead in obtaining larger WPA quotas for this area. In January he made a trip to Washington, D. C. to help work out a method to certify relief clients to the rolls.

Born in Hopkins county, Formby moved with his parents to McAdoo in Dickens county when he was five years of age. Following his graduation from Tech, Formby operated a drug store and worked as a newspaper reporter, and at one time was editor of the Aspermont Star before he was elected county judge of Dickens county.

A 160-acre farmer himself, Judge Formby pledged himself to champion the cause of the average farmer, business man and laborer. "When these three prosper," he said, "the people as a whole enjoy prosperity."

Judge Formby was a Brownfield visitor Friday visiting with friends here and laying groundwork for his campaign.

## Fatal Collision On Highway 51, Sunday

One of the most serious wrecks in some time occurred Sunday night between eight and nine o'clock, about eight miles southwest of here on highway 51, in which a local young man was seriously hurt and seven others from Tahoka and Lubbock badly injured, one dying soon after being brought to the local hospital, and another passed away Monday. Those who viewed the place of the accident or have seen the cars since they were brought in pronounce them a total wreck. We have not heard the verdict of the highway patrol as to whom the blame may lay.

Lee Gable, 23, of Tahoka, died soon after being brought to the hospital, and Ervin Gable, 25, died Monday. Both had fractured skulls and other injuries. Their brother, J. C. Gable, 21, had a fractured foot and other lacerations. He was carried to their home in Tahoka, Tuesday.

Others badly hurt were Grady Karr, 19, of this city, the only person in the coupe, which belonged to his brother-in-law, it was stated. He had a fractured leg, and other body and head bruises. He is the son of Mr. and Mrs. W. T. Karr of this city.

Others injured were: Mrs. Jewell Morris, Lubbock, fractures of both feet, body bruises, serious condition; Miss Billy Hartman of Lubbock, skull injury, fracture of both legs, face lacerations, serious condition; J. Travis Cheatum 25, of near Lubbock, brother-in-law of the Gable men, was dismissed after emergency treatment Sunday night; Marie Morris, 18, of Hub Tourist camp, Lubbock, contusion, bruises and a gash over the left eye, not considered serious in condition.

Investigators said Karr, riding alone in a light coupe, was returning from Seagraves when the mishap occurred. Others were riding in a light coach.

Joint burial was conducted in Tahoka for the Gable brothers after last rites were read at 2:30 o'clock Tuesday afternoon.

## An Inopportune Time For Lights to Fail

Last Sunday night about nine o'clock, when seven injured people were being brought in from the bad wreck southwest of the city, the big 500 horse-power engine at the light plant decided to take a rest—and just stopped. It was several minutes before auxiliary engines enough to pull the load could be harnessed in, and the ailments of the big boy found and adjusted.

In the meantime, according to reports, the groans of the vast number of wounded were heard by regular patients, and the curious filled the lobby and corridors until the doctors finally had to call officers to clear the building of the sightseers. All this confusion made some of the patients well-nigh hysterical, and it took some time to calm them.

People should know better than to pull such a stunt but the same old instinct that sends them to a fire helter-skelter just to be in the way of the firemen, works on excitable humans any time. And with the lights out all over town, it was even worse.

## Court Park Looks Like A Big Fire Hit It

The Commissioners have had the trees at the courthouse park all trimmed and manicured, that is all except the cedars and pines, and while they look rather shabby just now, maybe spring will make them look better. We hope so anyway.

Just now the trees with their cut, bob, and shave look not unlike a pine forest after a big fire. With a carpeting of limbs on the ground, sorter remind us of "clearings" back in the old states, but we saw no one piling and burning "brush."

## School Lunch Idea Continues to Grow

Mrs. Virgil Crawford and Mrs. Earl Wilson, supervisors of the local lunch room program report another successful week, as can be seen by the menus below, very attractive meals are being served to the school children for the small sum of 10c per plate. Many needy children are being fed as a result of the cooperation of those who are able to pay for their food.

You are invited to look over the menus for next week and to make arrangements for your children to eat at the lunch room. All high school children will buy their tickets from Mrs. Wilson at the door of the lunch room at noon, hereafter.

## Berlon Lincoln Badly Injured Saturday

Berlon Lincoln, 16, high school boy and enthusiastic Boy Scout was badly injured last Saturday at a local tailor shop, when his arm was caught in a wringer and badly crushed and bruised. He is the second son of Mr. and Mrs. C. L. (Abe) Lincoln, and resides on east Hill street. Young Lincoln had a Saturday job with the tailor shop, and Mr. Lincoln informed us that no blame was placed on the management as the accident was unavoidable.

It is believed that Berlon, being rather short, and not being able to see over in the large whirling wringer, was on tiptoe, and slipped, perhaps in sudsy water. The power had been shut off, we understand, or the injury would probably proved fatal. The upper arm was so badly crushed that surgeons had to remove a section of the bone to rejoin it. It was also broken below the elbow, but it was a clean break.

Berlon, while really 16 years of age, was fixing to celebrate his birthday yesterday, the 29th, being a leap year child, and it was really his 4th birthday. While reported better Tuesday, Berlon is still in serious condition, according to his physicians.

## Business and Professional Women's Club

Fourteen women interested in the organization of a business and professional women's club met in the banquet room of the Wines Hotel, Saturday night.

Tentative plans were made to go into the organization the evening of March 12. Mrs. Mary Jones of Plainview who was to have been here was unable to attend on account of illness and it is thought now there will be some one, probably a district officer, here on the new date.

A nominating committee composed of Mesdames A. J. Stricklin, and Bertha Stahler and Miss Elizabeth Travis was appointed.

If you are a business or professional woman and interested be sure and be at the Wines hotel, Tuesday, March 12 at 7:30 p. m. and help elect officers.

Those attending were: Misses Elizabeth Travis, Mabel Whitney, Beryl Chesney, Jewel Edwards, and Mesdames. Bit Copeland, Eldora White, Buck Adress, Jack Stricklin, Bertha Stahler, Frank Jordan, Tom Bruton, J. E. Shelton, Arlie Lowrimore and Mrs. T. H. McIlroy.

Miss Kathleen Hardin and Mr. and Mrs. Basil Webb of Levelland visited homefolks, Sunday.

## Safer Driving on Skid-Proof Triple Stars

Triple Star Tires are so named because of their three-way advantage in being (1) safe, (2) silent, and (3) skidproof—the triple quality feature of the unequalled Triple Star tread, Arlie Lowrimore of the Star Tire Store, said today. "Skidproof", Mr. Lowrimore explained, "means that this remarkable non-skid tread almost clutches the road or pavement when your brakes are applied. In the case of the usual tire tread, it is dangerous and sometimes tragic to step on the brakes, particularly when you are driving on wet, slippery pavement."

"The Triple Star's skidproof tread puts a series of flexible, resilient ribbons of rubber, combined with sharp, heavy blocks into play when the car is brought to a stop, and terrifying skidding is virtually eliminated. Instead of swerving to one side, and perhaps hitting another car, the Triple Star user's car come to a quick, straight-line stop, safe and sound."

Star Tire Store is one of the co-operative Star Tire Stores featuring Triple Star Tires for motorists who think of safety as the first consideration. Yet they pay a premium for the extra safety and greater mileage, because distributing economies have produced savings that are passed on to the consumer."

## Pierce Carruth Dies From Auto Accident

Pierce Carruth, 52, died Monday morning at 5 o'clock in the local hospital. Mr. Carruth was injured in a car accident Saturday morning and never regained consciousness.

He was born December 20, 1887 in Desdemonia, Texas, where he spent his boyhood. He married Miss Lizzie Henry in 1908; has been on the Plains 14 years, 6 years near Brownfield. He had been a 32nd degree Mason for 20 years.

Funeral services were held in the Methodist church here, Monday afternoon at 4 o'clock, with the Rev. W. H. Hanks conducting the services. Burial was in the family plot at Meadow.

Pall bearers were six nephews, Duane Moorhead, Darrell Moorhead, Liston Moorhead, Rafe Nabors, Tommy Moorhead, and Durward Moorhead.

Flower girls were Terry Lou Moorhead, Mrs. Tommie Moorhead, Mrs. Duane Moorhead and Mrs. Jack Henry.

The many floral offerings and many friends who attended the funeral showed the many friends that Mr. Carruth had.

He is survived by his wife and six children, Estelle, Idelle, Christy, Fonteala, Elwood and Tommy Dick, who were present at the time of his death. Also, three sisters and one brother: Mrs. Rudolph Moorhead, Mrs. Roscoe Moorhead, Mr. Richard Carruth of Brownfield and Mrs. Rafe Nabors of Lubbock.

Out of town relatives and friends attending the funeral were:

Mrs. John Stockton and family, Abernathy; Miss Myrtle Stockton Abernathy; A. L. Moorhead, Austin; Mrs. S. K. Schuler, Stephenville; Mrs. B. J. Terry, Stephenville; Mrs. Hutton Stockton and family, Lubbock; Mrs. Jim Short, Lubbock; Mr. and Mrs. Dolph Henry, Littlefield; Mr. and Mrs. Joe Henry, Hemleigh; Mr. and Mrs. Guy Casey, Lubbock; Mr. and Mrs. Elmer Henry, Hemleigh; Mrs. Dan W. Powers, Lubbock; Mrs. Pearl Duncan, Lorenzo.

### MRS. KIRKPATRICK PASSES

Mrs. T. M. Kirkpatrick, 53, of the Challis community, passed away at the local hospital last Saturday morning at 2:24, after being ill for some time. Funeral Sunday afternoon at the Methodist church, conducted by Rev. H. W. Hanks, following the body was laid to rest in the Brownfield cemetery. Brownfield Funeral Home in charge of arrangements.

Mrs. Kirkpatrick is survived by her husband, four sons and a daughter, as follows: Clifton, Wilburn, Quenton, and Billie, and Mrs. Tirry Wood.

## Terry to Have Home Demonstration Agent

About 150 farm women of Terry county met the commissioner's court Monday afternoon in the district court room to discuss the need and possibility of hiring a Home Demonstration Agent for Terry county.

Miss Lydia Cooper, District Home Demonstration Agent for District 2 was present and told of the work that could be done with the womens clubs and also the girls 4-H clubs. Several women from the county told of how badly they felt the need of being helped with their work, several of them having lived in other counties where they had belonged to H. D. clubs, and were sorry to learn that this county did not have an H. D. agent. Several ladies were also present from Yoakum and Lubbock counties and spoke words of praise for their home clubs and expressed the desire of seeing their neighbor county enjoy the same benefits.

After the ladies were dismissed, the members of the court decided to hire an agent—part of her salary being paid by state and national funds and part by the county. She will begin work June 1.

## Local Health Men See Nolan County Unit

Dr. W. S. Brumage, manager of the five county health unit, with headquarters in the local courthouse, accompanied by the district sanitarian, went to Sweetwater, Tuesday to inspect the health unit plant there, which is one of the oldest in the state, and one that has made the most progress.

It is stated that Nolan county for the past several years has had less contagious diseases than any county in Texas perhaps, as their health unit finds out such matters and brings them under control in the minimum time. Some of the larger and more populous counties have a unit of their own, but in this section, there are five counties combined, Yoakum, Terry, Lynn, Dawson and Gaines.

Watch these columns for news on health progress from week to week.

## South Terry Given Deep Wildcat Test

MIDLAND, Feb. 24.—Deep wildcat test in southern Terry county, approximately 10 miles north and one mile west of the Cedar Lake area in northeastern Gaines county has been staked by the Tide Water Associated Oil Company, it was reported Saturday.

Test is the Tide Water No. 1 Lowe et al., in the northeast of the southwest section 2, block C-37, psi survey. The location also is seven miles north of the Stanolind Oil and Gas Company No. 1 Riley, small northwest extension producer to the Cedar Lake area.

Two and one-half miles to the northeast of the new test is the No. 1 Lewright, carried to 4,971 feet by W. L. Pickens and later deepened to 5,134 feet by Hugh Corrigan.

Mr. and Mrs. W. B. Downing have moved to their recently purchased property on Broadway.

Monday will be the regular Tradesday. Don't forget it.

## An Enlarged Picture Of Terry Sheriffs

Fred Lowe, local photographer is enlarging small pictures of all Terry county sheriffs, as fast as possible to a size of around 8x12 inches. Lowe is doing a rather fancy as well as in many cases a tedious job of this enlarging, as he wanted each one to appear in a big white ten gallon hat, and some of the old timers had no hat on in their pictures. He found one of Jess Smith, however, that had one of these hats on, and he just fits one to each of the other pictures and retakes, and retouches until he has obtained a perfect picture.

Tom Bess was the first sheriff of Terry county. Tom at that time seems to have lived at Gomez, and was elected to serve until the general election of 1904 at the same time that the county was organized in June 1904, and Brownfield chosen as the county seat. However, he did not take office as many preliminaries, including a contest by Gomez, until August of that year, and of course served only till November. At that time, George E. Tiernan offered as sheriff, and beat Bess, taking office immediately.

George Tiernan served longer than any other sheriff has ever served, from November 1904 until 1914, a period of a little more than 10 years. George was the sheriff when the writer landed in Terry, 31 years ago. Many tried to beat him, but the people just kept electing him. George was always our ideal of a peace officer. We have had several who have done more arresting than he, but at the time he was serving as sheriff, there was little occasion for arrest for either petty or real crime. However, sometimes the old timers would get at outs with one another, and most of them having been born and reared on the frontier, their idea was to settle with six-shooters. Here is where George came in. He would get an inkling of the intent of each secretly, and he would go to first one then the other, and in a few such interviews, he made the parties ashamed, and then he'd get them together, and peace was restored without the expense of a funeral, trial, or some mother left with a bunch of orphans.

The next man, the late Jim Lewis, followed very much in the footsteps of Tiernan, but along toward the last part of his three year term, the railroad came in, and with it some tough hombres who had to be dealt with altogether differently from the old timers. We remember one time that Jim and deputies raided a grading crew camp in the northwest part of the city, and arrested some 30 negroes for playing African golf, and perhaps poker. There was no jail room, so all the prisoners were herded in the district court room of the old court house and the next morning their white bosses paid off as they had to have their hands to make the big fill across the draw. One deputy at the rear of the tent was butted into insensibility, when Lewis and another deputy entered the front with drawn revolvers. A big negro decided to beat it and busted out the back way, hitting Jack Drinkard in the belly with his lowered head. He was rounded up next day.

Wood Johnson was the next sheriff, taking the office in 1920 and served two terms. The most exciting thing under his administration was the rise of the Ku Klux Klan, and the bitterness engendered between former neighbors and friends. The last two years of his administration were very trying. With a pretty well divided constituency, it was trying on one's nerves, but we believe that Wood did what he thought was right throughout his troubles. His is the only picture that has not been finished, as he has been confined in the Veteran's Hospital at Albuquerque, N. M., but will furnish a small picture, and when it is completed, all will grace the walls of the sheriff's office, at the request of the present sheriff.

F. M. (Frosty) Ellington came in January 1924, with the rousing twenties well underway, and just

## Nowell, Mangum Take Studebaker Agency

Jarvis Nowell and Alfred Mangum, well known young mechanics of this city, with headquarters in the Brick Garage, have taken the Studebaker agency for this city and territory. The Studebaker company is now really putting out a good car, and as a medium priced job is hard to beat.

It has all the new features seen on other cars in the class, and some that others do not have. It is a great engineering job, easy riding, easy to drive, and all the speed, power and smoothness anyone could wish.

These boys would like to take you for a demonstration ride in one of the models.

## Stell Buys Seminole Variety Store

It was announced here this week that W. L. (Bill) Stell had purchased the Finely Moore Variety store in Seminole. Bill has been here a little more than two years, as manager of St. Clair's, and he and family have become real fixtures here, and all will regret seeing them move. We congratulate Seminole on landing them permanently.

Paul Goodman, former manager of the Cave Variety store at Seagraves, comes here as manager of the St. Clair store, as Mr. Cave is personally taking over management of the Seagraves store. We welcome Mr. Goodman to Brownfield.

## BOND ISSUE FOR NEW SCHOOL AT DENVER CITY APPROVED

DENVER CITY, Feb. —Approval of a \$95,000 bond issue to finance construction of a new high school building for the rapidly developing Denver City and Sligo consolidated independent school district was given in a special election today, 224 to 12.

Necessity for the new building has been occasioned by a steady growth in enrollment of the system. More than 50 students have been crowded into every room, board members said.

when the era of making cornfield whiskey and home brew was getting underway in most places, but had just begun to start here. But it was about this time that grand jury sessions had to be prolonged, and no sheriff went to bed at night with the feeling that he would get to sleep all night. Sheriff Ellington served two terms.

The next was big Mon Telford, whose very size and strength probably saved him much trouble, with the lesser fry at least, and the other kind made themselves as scarce as possible. Like the foregoing, Mon had as many or more friends when he gave up the office after two terms as before. Most of Mon's arrests were illegal liquor dealers.

The two terms of Jess Smith were rather uneventful, except that bootlegging had gradually increased with the population and demand for drinks. In fact, there would be no bootlegging if there were no thirsty folks. In the first part of his administration, he had quite a lot of run-ins of "leggers" as well as confiscation of liquor, mash and stills, but after repeal, and beer, came in, that lightened, and drunks became his burden.

Jess retired in January 1936, and the present sheriff Ches Gore was sworn in, and with it his main troubles have been cattle thefts with the gradual increase in the price of cattle. For many years, all the sheriffs, including Ches, have had many run-ins with chicken and grain thieves, as well as knobknockers. But there never has been any serious crime wave here, as each sheriff and deputies have been very alert for crime.

Terry has had a great bunch of sheriffs; all big-hearted, whole-souled fellows who wished to treat all like a human until a man proved himself otherwise. All have been good personal friends of the writer, and while we met Mr. Bess less than a half dozen times, we have known all the others intimately. Mr. Bess died several years ago; all others are still living except Jim Lewis.

**FOR CITY OFFICES**

We are authorized to announce the following candidates for city offices of the City of Brownfield, for the election on the first Tuesday in April, 1940.

FOR MAYOR, City of Brownfield  
Clyde C. Coleman, re-election.

The Herald believes that when the membership drive for the West Texas Chamber of Commerce begins, Brownfield should get up and give the organization an over quote membership. If for nothing else, the WTCC fight on unfair freight rates for the area is worth any man's \$5.00.

The lighted match or cigar or cigarette held in your hand looks very innocent, but if cast carelessly into rubbish or any inflammable matter, may cost the lives of perhaps many, as well as untold dollars. Fire is a great utility; a blessing to humanity, but out of control, the most destructive.

Capt. W. W. Legge of the highway patrol of this district, says that 20 people have been killed in his districts by accidents of one kind or another since the first of the year. To this can be added another victim of the Sunday night wreck, who died Monday. However, Capt. Legge says they have not all happened on the highways, but some of them in the city limits of the area.

Texans who have recently visited Louisiana say that the people in that state celebrated the defeat of the Long machine, as they have not celebrated since the Armistice

in 1918. Gov.-elect Jones seems to have a real task in hand, as the financial status of the state cannot be ascertained until he takes office, as many of the papers and dealings for the past twelve years have been kept a sublime secret from the common herd.

While we are thinking about the matter, we might just hint that the \$32.50 sent in for Finnish relief from Brownfield may be used up by this time, when we consider the number driven from homes in that county and depending on being fed by others. Will also say that you can now designate your offering for hand grenades or other ammunition to kill Reds, if you like, as well as for simple relief. Let's send some more money to those Fighting Finns.

Well, the 22nd has come and gone, and with it perhaps some of the fine things that early his torians wrote about Washington have been blasted. Why can't the modern historians let us alone with our hatchet and cherry tree story? The last few years of the life of Lincoln are still in the memory of a few still living, but they have already started knocking on some of the things he did. Perhaps in the next generation, Lincoln as a rail splitter and wrestler will be regarded as a myth.

A Gray county candidate expressed himself last weeks as going to patronize home printers for his cards. He said that transient peddlers who send their work out of the county would be out of luck as far as he is concerned. That this is the right attitude to take, few will deny. Gray county printers vote and pay taxes that go to the support of Gray county office holders. Out of the county print shops have no valid claim of any kind to interest Gray county citizens.—McLean News.

While most of us, generally speaking, oppose a third term for the president on sentimental or precedent grounds, with a lot of us, it's owing to who is to be a third term. For instance, that great GOP writer, Mark Sullivan, who is now blasting away with heavy shells at FDR, was trying to put his cousin, Teddy Roosevelt over for a third term in 1912. It is said that Grant probably would have been renominated and re-elected for his third term had not a lot of scandal developed during his second term.

One of the great dailies of Texas, the Dallas News, recently printed an entire edition on news print manufactured in a Texas mill at Lufkin. Previously the Lufkin News had gotten out an edition on this paper. It is a red lettered day for our State. Texas can and will lead in many other enterprises: The far-seeing Ernest Kurth of Lufkin, is responsible for this great plant. Other far-seeing Texans will be responsible for other plants to manufacture Texas products in Texas, for the prosperity of Texas people.

Dr. R. A. Studhalter, Tech professor, has recently written a very interesting article on the supposed co-habitation of the prairie dog, the dog owl and the rattlesnake. Such a myth was disproved by scientists that were with the Lewis-Clark expedition and others as early as 1800. Dog owls live in prairie dog holes that have been abandoned for some cause, such as a cave-in, etc. And a rattlesnake that goes in a hole in a prairie dog town is liable to never get out. We have seen where they have pulled the dirt in on rattlers, and packed it with their little noses as tight as if it had been sealed with sealing wax. Rattlers understand this too, for let one get in a hole on you, and gently roll in a few gravel at a time and the gentleman will come 'biling' out of the hole.

A great many people can't or won't compare conditions of 1932 with conditions of 1939. They don't remember that the national income was then 40 billion dollars, compared to 68 billion now, or an increase of 71 per cent, with a possible 6 per cent increase in population. That wages and salaries have increased 62 per cent; that farm incomes, including government payments have risen 82 per cent. That corporation dividends (this will not interest any of the Herald readers) increased 55 per cent. At the same time there has been a great increase in general health and welfare, social security, safe banking laws, shelter belts that are stopping erosion on millions of acres that we put in during the world war,

**LAHEY**

The first thing down Lahey lane this week is about a party given by Christine Thomason last Thurs. night, February 20. Everybody had a nice time. Those present were Dewey Pace, Robert Matthews, Robbie Cravens, Wallace Cox, Prebble Thomason, Pauline Thomason, Winona Thomason, Embrey Hulse, Carroll Hulse, Marvin Smith, Kenneth Smith, Mrs. Thomas and children, Deward Lambeth, Gladys Webb, Cary At-taway, Maureen, Thelma, Eugene and Junior Ticer and Christine Thomason.

Nothing very important happened over the week end. Maureen,

Thelma, and Eugene Ticer spent Sunday at Pool. Gladys Webb and Robbie Cravens were visitors in the Thomason home Sunday. Pauline Thomason spent the day with Mrs. Thelma Bentley, Sunday.

Rev. L. C. Morrison filled his appointment Sunday night.

Everybody is invited to come to Lahey anytime and help us keep the community going.

**How To Lose Fat and Get More Youthful Feeling**

If you are overweight, try this easy, sensible way to take off fat.  
No harmful drugs.  
Here's all you do: For the next 4 weeks take one-half a level teaspoonful of Kruschen Salts in a glass of hot water every morning, before breakfast to gently activate liver, bowels and kidneys. Don't miss a morning. Cut down your caloric intake. Eat wisely and satisfactorily.  
After four weeks get on the scales and just see if you haven't lost pounds of ugly fat and gained in that energy, improvement in health and more youthful feeling which reduction of excess fat so often brings.  
Don't fail to get a jar of Kruschen today. The cost is trifling and it lasts four weeks. If even this first jar doesn't joyfully satisfy—your money gladly returned. Nelson-Primm Drug Co. (No. 3)

### WELLMAN

Mrs. W. M. Green is recovering from an infection on her foot.

Mrs. Lena Lewis spent the week end with home folks. She spent the last two weeks in Kerville and Comanche Texas.

Mr. J. W. Newlon of Loop was in Wellman Monday. He was on his way to Brownfield to have his hand treated.

Dear Manager:  
You are invited to bring your boys to Wellman's first Gold Medal basketball tournament for Independent teams March 8 and 9. We are giving trophies and ten individual awards to the first three teams and ten individual awards to the fourth place team. In addition twenty awards will be given for the all tournament team, best sports, high scorers, outstanding men etc. In all there will be given three trophies and 60 individual awards.

An entry of two dollars is required. All entries must be in by March 4.

A large crowd attended the faculty play Friday night at Wellman. The play entitled "Aunt Jerishey on the War Path."

Mr. Payne went to Leuders Friday night to play ball, returning home Sunday evening.

Mr. and Mrs. Tobe Power of the Bowman Food store who have been making their home here for some time, moved their household equipment from Estelline this week and are living in the Downing Apartments.

Mr. and Mrs. S. J. Dixon of Plains were shoppers in Brownfield, Tuesday.

Boy Tarpley, Warren Noble and Elwin Edwards were guests at the Ko Shari club dance at the Lubbock hotel, Saturday evening.

Stella and Estelle McNeil. The club meets March 8th with Mrs. Homer Suddruth.

### EDITOR WHITE SAYS HULL TREATIES ARE GOOD THING

EMPORIA, Kans.—William Allen White, Republican newspaper editor, is "fundamentally in disagreement" with Gov. Payne Ratter and Kansas Representatives and Senators who opposed Secretary Hull's reciprocal trade treaties.

"These treaties surely strengthen our national economy," Mr. White said in an editorial in his Emporia Gazette. "They certainly bring in more business and more money to the country than they take out."

"Unless we see our national economy as a whole and national prosperity as a unit, we can never recover. . . ."

"One of the things that brought about the depression was the Smoot-Hawley bill . . . That tariff law was an offense against economic stability not only in the U. S. but all over the world . . ."

"The Republican party is going to make a sad mistake if it goes into this campaign on an old-fashioned, high tariff platform policy. The Hull idea theoretically is right."

Pat Patterson of Peggly Wiggle says about all of his 5c each rose plants are gone.

W. T. Ince employee of Piggly-Wiggly, has not exactly gone on the job again, but as he is the window display man and card painter for the firm here, he was doing some cards Tuesday afternoon.

The Scurry County Times, Snyder, gave our son-in-law and daughter, Mr. and Mrs. Herman Trigg, a nice write-up in their last issue. They have just opened the Double Dot cold drink and sandwich shop on the southeast corner of the Snyder square. They'd be pleased to have Brownfield friends stop if just to say howdy, when passing through Snyder.

The Brownfield high school band is preparing to go to the band clinic at Littlefield in full force, weather permitting. Prof. Caveness is sure getting a real band together in Brownfield, and he deserves much praise for his untiring efforts.

Reports coming to us say the work of draining, grading and caliche on the Levelland road from that city to the Hockley-Terry line is progressing nicely, and they expect it to be finished by May. They hope to get it hot topped this summer.

We note that Jim Cunningham, old time Terryite, now of old Yoakum, is making the race for Commissioner Precinct No. 1, of that county.

James F. Black, minister of the church of Christ, wife and Bro. Dean, report a fine time and some fine lesson at the A.C.C. lecture course at Abilene this week.

### JAPANESE VERSION OF TRAFFIC SAFETY RULES

The following notice was posted outside a Tokio police station for the benefit of English speaking motorists.

1. At the first raise of police hand, stop rapidly—2. Do not pass him by or otherwise disrespect him—3. When a passenger of the foot hove in sight, tootle the horn. Trumpet at him. Melodiously at first, but if he still obstacles your passage, tootle him with vigor, and express by mouth the warning—Hi! Hi!—4. Beware the wandering horse that he shall not take fright. Do not explode the exhaust box at him. Go soothingly by—5. Give big space to the festive dog—6. Go smoothly in grease mud, as there lurks the skid demon—7. Avoid entanglement of dog with your wheel spoke—8. Press the brakes of the foot as you roll around the corner to save collapse and tie-up.—Shopman.

Postmaster Finley of Meadow will hereafter close at 7:30 p. m., but a chute from the outside to go into a box on the inside has been provided for his customers. We have a \$75,000 post office in Brownfield but it is closed tight as a bank after about 9 o'clock at night. Why can't some arrangement like the Meadow plan be arranged here for people who perhaps work out in the oil fields and wish to mail a letter, say at 4 a. m. before they leave?

Ross Rentfro and Mrs. Vernal Rentfro of Amarillo were week end guests of Mrs. Cecil Smith and Mrs. Kyle Graves.

### CONTRACT FOR TOPPING ON BROWNFIELD ROAD LET

Announcement comes from Austin this week that the Texas State Highway Commission awarded a contract Tuesday for the surfacing of Highway 137 from five miles northwest of Lamesa to Punkin Center.

This is a part of the Brownfield road and the distance to be finished is approximately 4.5 miles. McMillan Materials Company of El Paso was awarded the material contract for \$21,355.51.

Work is expected to get under way on the project within a very short time.—Lamesa Journal.

M. T. Montana of the Harmony community, was in Monday to insert an ad for the wife who is selling good turkey hens for breeding purposes. M. T. says taking care of the place is a job, but if he could get a reliable caretaker this summer, he thinks he and the Mrs. might take a short vacation.

### Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to loosen germ laden phlegm, increase secretion and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding that you are to like the way it quickly allays the cough or you are to have your money back. **CREOMULSION** for Coughs, Chest Colds, Bronchitis

The people of Yoakum county will vote tomorrow on the issuance of \$200,000 to build a road across the county from north to south. Terry might undertake just such a stunt to finish up the Lamesa via Brownfield to Levelland section in the minimum time. All this road has been or will be state designated, and Terry county people would never have to pay the bonds as the State would take over this road on completion.

ARLIE LOWRIMORE ----- WEST MAIN ----- L. E. M'CLISH

Mrs. Max Gordon of Post, is here working at the Tradaway-Danell Hospital this week, doing general duty. Mrs. Gordon is a registered nurse.

Mr. and Mrs. Guthrie Allen Jr. went to Lamesa Thursday evening to see his father, Guthrie Allen Sr. who has been quite ill with the flu.

### LEAP YEAR GIRL BORN AT HOSPITAL

A real Leap Year girl made her appearance at the Tradaway-Danell Hospital at 3:10 Thursday morning. She is the daughter of Mr. and Mrs. Cecil Pharr of this city and weighed 7 pounds and 6 ounces.

The little lady has not been named at this time, but if we could give a little advice to the swains of 20 years hence, we'd advise them to take her, as they would not have to think about a birthday present for her but every four years. She might, however, expect the lad to quadruple up on the gift.

### CARD OF THANKS

To all of you who were so thoughtful of our beloved husband and father in his last illness we wish to extend sincerest thanks. For your many acts of kindness and your expressions of sympathy we shall always be grateful.

Mrs. P. W. Smith, Heywood P. Smith, Margie Smith, Elton Smith, Mrs. J. L. Albritton, Mrs. J. Logan Green.

Mr. and Mrs. C. T. Edwards had as guests over the week end Mr. Edward's brother Ura Edwards, and friend, Fibber McGee, Pampa, Texas.

Jay King visited his parents in Lamesa, Thursday of last week.

Mrs. Lula Lewis is entitled to see "Man From Dakota" at RIALTO Fri.-Sat. (pass good for one only)

J. E. Harred is entitled to pass to see "Pasco Basin" at RITZ Fri.-Sat. (pass good for one only)

Among the renewals this past week end were: G. W. Laster, John B. King, J. T. Blankenship, Mrs. Arthur Green, Mrs. H. L. Lee, Mrs. C. R. Rambo, Mrs. Jesse D. Cox and Tirry Wood, city and routes; P. G. Stanford, Bayne Price and S. J. Dixon, Plains; Johnny Bingham, Meadow. The latter was sent in by his wife, bless her, and he had to plank down three dollars to get even and a year ahead.

TCU was playing UCLA, and one of the Christians was carrying the ball. And it seemed that every man that tried to tackle him was black. Three negroes were playing on UCLA's first string. Finally he was tackled and he looked around to find that a white man had finally brought him to a stop. Calmly he stretched out his hand, and greeted the other fellow: "Dr. Livingstone, I presume!" --Swiped

Homer Parker of O'Donnell was over Thursday night after his wife who had spent several days with her parents, Mr. and Mrs. John Burnett.

## LOCAL GIRLS PRESENTED AT KO SHARI DANCE IN LUBBOCK

Appearing in a modernistic setting of silver screen with a draped turquoise satin background, twenty-nine pledges of Ko Shari, girl's social organization at Texas Technological college were presented Saturday evening at the club's annual formal dance at the Lubbock hotel.

Miss Earlene Jones

At 9:15 o'clock the presentation began with the draped blue satin curtain opening to reveal the honoree who descended down the six silver semi-circular steps while Ned Bradley and orchestra played the mystic club song, "Indian Love Call." Wrought iron stands of calla lilies and snap dragons were placed in front of the silver screens upon which indirect colored lights played. The tops of the curved screen were festooned in a smilax rope and calla lilies. Palms and smilax decorated the ballroom.

Guests received souvenir programs printed with the names of the pledges and their escorts in the order of presentation.

Miss Jane Brownfield of Brownfield escorted by Rex Hobson wore a picture frock with a pink net bouffant skirt and black chantilly lace bodice. She wore a cameo necklace and silver evening slippers. There were two pink camellias in her hair.

Miss Earlene Jones of Brownfield escorted by Joe Reeves wore a picture frock of pink net trimmed in black chantilly lace and velvet ribbon with a blue iris in her hair. Miss Jones carried a maribou muff adorned with blue iris and wore silver evening slippers.

## MILDRED ADAMS HONORARY MEMBER OF PRESS CLUB

WACO, Feb. 28.—A Press Club, honorary journalism society, has been organized on the Baylor campus with 25 charter members. The organization is for students majoring or minoring in journalism.

Charter members include Mildred Adams of Brownfield.

## BAPTIST CHURCH

A good congregation last Sunday morning and while committees were busy presenting the financial affairs of the church privately the people were entertained with talks and singing of quartets. The Lubbock quartet and the Carson quartet being present.

The budget for the year as well as the fund for the completion of the building was under consideration and many were interviewed who gave willing cooperation to the matters in hand.

At least fifty per cent of the membership of the church was absent and will be seen privately by a committee to learn just what may be expected of them.

It might be well to say here that if the building is finished throughout six thousand dollars additional cash must be raised, most of which will be required in thirty days and all of it in sixty days, a portion of which has been subscribed but much of which must be new money.

If some have not contributed because they are unable to give large sums, by all means do what you are able to do as this church is being built by poor people who need the cash they are putting into it elsewhere.

Contributions made by non-members will be publicly acknowledged that this congregation may know who befriended them in need.

It is understood by the membership of the church that a fifteen thousand dollar loan to be repaid over a ten year period is being required in addition to present cash needed but the immediate cash payment of every available dollar is needed now.

We feel this matter is of public interest to the city and hence we have presented the facts.

The W. M. U. will meet in circles next Monday 2 p. m. for bible study and after adjournment will all meet at the Flache residence to begin the week of prayer for Home Missions.

Bible school and preaching as usual next Sunday morning at the high school auditorium. Visitors always welcome.

## FOUR SQUARE CHURCH

Services as follows:  
Friday, 7:30—Regular service.  
Sat. 2:30—Children's church, all children invited.

Sunday, 10:00 a. m.—Sunday school. Classes for all ages. Mr. Cecil Vest, supt.

Morning worship, 11:00—Rev. Melba Taylor will speak on the subject "Christ of Communion" as we keep the Lord's Supper.

Crusader Service, 6:45 — The young people will present a crusader missionary program.

Evangelistic service, 7:30 Sunday evening. A very lovely program is planned with special music and Rev. Irene Lee speaking on "Souls at Sea."

In a very inspiring service last Sunday night, Rev. Miss Lee spoke on "The Final Home," and several were converted.

A welcome to all.  
Rev. Irene Lee Pastor.

Mr. and Mrs. Blackie Hines of Forsan visited Mr. and Mrs. Orb Stice, Sunday.

Plan now to buy your tickets from the members of the Cen-Tex club who will call on you in the near future.

## Junior C. of C. Dance Was Huge Success

The Junior Chamber of Commerce dance held at the Venetian Auditorium, Thursday night of last week was definitely a success. The committee in charge of the affair decorated the building with bales of hay, shocks of feed, horse collars, bridges, saddles and other things suggestive of a barn. Hop Halsey's Drug Store Cowboys furnished the string music and did a goob job of it, having only one 15 minute intermission during the entire evening.

The town folks entered into the spirit of the thing and came dressed in aprons and overalls and various other costumes. Postmaster James H. Dallas, wearing a red shirt, blue denim pants, an aged tan felt hat, a pair of over-sized fish boots and carrying a big shot gun, was there having the time of his life. Lee O. Allen wore some skin-tight denim pants with a bright red shirt, a homberg hat, cowboy boots, a corsage made of maize and had a coal black mustache painted on his upper lip. Mrs. R. R. Taylor and Mrs. James H. Dallas came as little girls dressed in short gingham dresses with bonnets, and really looked the part. Mrs. Jack Bailey was also attractive in a short pink and white pinafore type dress and with her hair arranged in curls with a bow of ribbon. Mmes. L. Nicholson, Vance Glover, Earl Anthony, Dube Pyeatt, Glenn Akers and Mrs. W. E. Latham were charming in their old fashioned floor-length dresses copied from the styles of long ago, and wearing jewelry of the same period, all wore their hair arranged in colonial style, some with ribbon bows and others with flowers.

Attractive Mrs. Ray Christopher chose a frock of colorful print and wore a red ribbon in her dark hair.

Mr. and Mrs. Mon Telford graciously took over the box office and doorman duties. President of the organization, Ray Christopher, James H. Dallas, Nelson Smith Arlie Lowmore and Buddy Gillham made up the committee that put the affair over in a big way.

Mr. and Mrs. Tom Key of Lameza were over last week end to see Mr. Key's sister, Mrs. G. S. Webber, who is ill in the local hospital.

Mrs. C. C. Acker and daughter Katherine Jane, also E. D. Fox of Hereford, were here to visit Mrs. G. S. Webber. Mr. Fox is a brother and Mrs. Acker a niece of Mrs. Webber.

## Smallpox Important Health Problem

AUSTIN, Feb. 6.—"Smallpox, historic scourge of nations, is still an important public health problem," states Dr. Geo. W. Cox, State Health Officer.

The number of reported cases last year in Texas, according to epidemiological reports reaching the State Department of Health, totalled 502, which is the lowest of the decade 1929-1939, except for the year 1936.

Prevalence of smallpox in Texas in 1938 accounted for 23.5 of the nation's total of 15,000 cases, although Texas' percentage of U. S. population is only 4.7.

In 1936, Texas, with a population total of 6,300,000, had six times the prevalence of smallpox as England, Wales, and Germany, with a population total of 108,000,000.

"In view of the success of other nations of the world in practically stamping out smallpox," says Dr. Cox, "the situation prevailing in the United States and Texas reveals indifference to the existence of a disease which can be prevented and controlled by well-known methods."

"No other disease of mankind," Dr. Cox states, "is so easily controlled. The efficacy of vaccination needs no further demonstration, and with modern methods, this simple prophylactic procedure causes little or no discomfort. The cost is so small as to make it readily available and within the means of everyone. With a proper regard for, and the application of, this effective means of prevention, there is no doubt that smallpox can be eliminated from Texas."

Mr. and Mrs. Howard Smith visited her parents, Mr. and Mrs. C. B. Quante, this week. Mr. and Mrs. Smith have been living in Decatur but are moving to Forest, Mississippi, where Mr. Smith will be connected with the Brown Geophysical Co.

## F. F. A. WORK REVIVES

By Odell Spear

The High School chapter of Future Farmers has decided to go to work. Since spring is about here, we have decided to start beautifying the school grounds. All the flower beds will be dug out and fertilized, and flowers will be planted. Also work on the trees will be done. All members will take part in this.

Also in farm showwork the members will make some hurdles for the track coach and team.

## F. F. A. ENTERS JUDGING CONTEST AT LUBBOCK

By Odell Spear

Three boys representing the Brownfield Chapter went to Lubbock last Sat., to enter a judging contest that was held at Texas Tech. For the time they practiced we think they did very well. These boys were Bobby Lewis, Claudie and Alfred Gore.

There were fifty-five teams entered, and out of this number our boys won tenth place in judging dairy cattle. Bobbie Lewis for individual judging, out of 165 boys, won fifth place.

In judging Jersey cows our 3 contestants won second place. So far as little experience as these boys have had, they did very well.

## SYMPATHY IS EXPRESSED

Students of Brownfield High, teachers and classmates wish to express sympathy to Allen Freeman, a seventh grade student, in the loss of his father; and also to Milburn Kirpatrick, an eighth grade pupil, in the loss of his mother.

All were sorry to learn of the accident that Berlon Lincoln, an eighth grade pupil, had last Friday when his left arm was broken and mangled and wish for him a speedy recovery.

## NEW FURNITURE FOR LIBRARY ARRIVES

The nice tables and chairs for the library at Brownfield High have arrived at last, and the library has changed in appearance especially with more books, and the new sign cards, as well as the new furniture, which is and should be appreciated by all to the extent that it should be taken care of by the students especially. The library should be a quiet place in which to read and study at all times and should not be a place for social conversations or meetings.

New arm desk chairs have been added to some of the class rooms where they have been badly needed for some time. The new chairs should not be scratched or broken by thoughtless students.

## BUSY BEE CLUB

By Juanita Lanious

The Busy Bee club came to order Wednesday, February 21, and the minutes were read. Then we voted on who was going to be president. Juanita Lanious was the new president. Business for the following month was discussed by Juanita. The club girls are out to make some money to buy spring clothes.

The club has a few new members, and is doing nicely.

## STATE OF TEXAS COUNTY OF TERRY.

I, W. R. McDuffie, do hereby certify that I have made a complete audit of the accounts of Roy M. Herod, City Secretary and Treasurer of the City of Brownfield, Texas and that the above and foregoing statements represent a true and correct status of these accounts for the period beginning Jan. 1, 1939 and ending Dec. 31, 1939.

# GIRLS' BASEBALL TEAM PROGRESSES

The high school junior girls have been working out for some two or three weeks and from all indications, they are out to win this event in county meet. The team, composed largely of veterans of last year, is supplemented with a large number of recruits from last year's seventh grade, which also won the county.

According to their coach, Mr. McBrayer, this is the best balanced team he has coached since he has been in Brownfield. With the nucleus of the team formed around Inez Irwin, Martha Dean Jackson, Billye Dean Luker, Elfredia Greathouse, Geraldine Pyeatt, Sammie Jo Tankersley, all veterans of last year, and supplemented with recruits like Opal Faye Price, Bobbie Foster, Vona Lee O'Neal, Ida Mae May, Winnie Thompson, Aline Locke, Edna Mae Gandy, Dorothy Nell Eickie, LeVeta Lanious, and Joyce Smith, the team should not have any trouble winning the county this year, and then searching for new teams to conquer.

## The Freshman Class Enjoyed a Party

given by the home room mothers and sponsors in the high school gymnasium Monday night, February 12. All met at 7:30 and started playing ball games, ring games, swing games, and other action games led by Ida Mae May and Miss Huff. Then some quiet games were enjoyed, during which time, plenty of hot popcorn was served to all. Then all day or all night suckers quieted the large crowd for a while. All were refreshed by bottles of soda pop and went home happy after thanking the sponsors and home room mothers who were Mrs. Tom May, Mrs. Fred Seale, Mrs. B. W. Hahn, and Mrs. K. W. Howell for the good time they had had.

## 4-A CITIZENSHIP CLUB

By Katherine Elliott

The 4-A Citizenship Club met in Mrs. Rentfro's room Friday, February 23, and we elected best citizens. Alonzo Jones, R. H. Norrell, Eugene Rowden, Betty Riley and Melba Starnes. We also elected new officers.

Hazel Vernon for president, Jerrill Price for vice president, Robert Bowers for secretary, Alonzo Jones for safety-first, Dwight Moore for thrift. Elizabeth Jo Anthony for character study and Irwin Nelson for good manners.

After the election of the new officers, a short program was enjoyed.

## WHAT WE ARE DOING IN SEVENTH GRADE CLASS

By Roberta Underwood

Today—  
In Math we are studying Geometric measures.

In Social Science we are studying "The Life In English Colonies."

In English we are studying verbs in active, and passive voice.

In Music we are working on Music Memory contest material.

In art we are spatter painting.

In P. T. we are practicing volleyball.

## TRAINING

If you ever expect to be a favored sportsman. Begin to train, for you can never expect to be a good athlete if you break the training rules. You may think smoking, drinking, etc., is smart or will not hurt you. It is true that while smoking or having stimulants might make you run faster, but this only exerts your energy too much. After the race is over, you will feel badly, because you have used up all of your stored energy.

The track boys are having a hard time working out every afternoon because of the weather. We have been sprinting for the past week, but will begin running, jumping, etc., when we are accustomed to our routine.

Miss Fields, our sponsor, spent a part of the week-end visiting relatives in Post, and when she returned, her brother and wife, Mr. and Mrs. H. M. Fields, of Lubbock were visiting her.

Mrs. Rayburn Knott and son Webb of Levelland, visited her parents, Mr. and Mrs. J. H. Carpenter, Thursday.

# I Give You Texas

It won't be long now till the welkin will be ringing with campaign oratory and earnest candidates will express gratitude at being greeted by "such a large and intelligent audience composed of brave men and beautiful women"; Rome had Greece will rise ad fall; the flag will wave and the American eagle will soar and soar until he's out of sight.

Tribute will be paid by the spellbinders to "the horny handed tillers of the soil" and the speakers will refer in touching tones to the days when they themselves "pulled a bell-cord on old Dobbin down the long rows." One such orator assured an audience:

"I was born on a farm; I was raised on a farm; I've plowed; I've picked cotton; I've milked—in fact there's nothing on the farm that I can't do."

A listener (who probably was for the other candidate) yelled, "I'll bet you can't lay an egg."

The stump-speakers will praise deliver on these promises.

But it is doubtful that the people of Texas, with the example of O'Daniel's first term fresh in their minds, are going to get into a panic about extending the powers of the Governor's office. The incident that arose in connection with the State Insane Hospital at San Antonio, as soon as a Board of Control dominated by O'Daniel appointed members got into power, offers the best argument for leaving the power in the hands of the people, through their elected legislative representatives.

## R. R. Board Place Is Tops

The race for the post held by the veteran politician, Lon Smith, on the Railroad Commission of Texas promises to offer the warmest political contest in the State this year. Many observers feel that Smith's number is up, just as time finally overtook Judge C. V. Terrell, Smith's former colleague on the Commission, defeated after 50 years of continuous holding of public office, in 1938.

There will be numerous contestants for Smith's place. Among the latest to announce are Bill McDonald, defeated last time for reelection as Land Commissioner, and Larry Mills, of Dallas, also in the land office contest last time. Friends of Olin Culberson, former supervisor of the Gas Utilities division, fired by Smith and Jerry Sadler, say Culberson will make the race, on two issues—a chance to finish the job he started of reducing gas rates, and an equitable enforcement of production laws.

Six years ago, Smith ran a weak race against a weak opponent. If a strong man gets into the runoff with him this time, there may be a new face on the Commission.

## Johnson Case to Court

Fifty witnesses, including employees of the hospital, nurses, doctors, lawyers, his wife and himself, paraded to the witness stand in the investigation by the Board of Control, of Dr. W. J. Johnson, superintendent of the San Antonio State hospital and denied in toto the charges of moral unfitness brought against the doctor by seven women employees and ex-employees of the institution. Defense attorneys declared they had 300 additional witnesses, as the hearing recessed to await court decisions on Dr. Johnson's contention that the board has no power to fire him until his present term expires, next January. Attorney General Gerald Mann has ruled that the Board has the power to remove Johnson, but cannot fire members of the hospital staff without agreement of the superintendent. Johnson's lawyers claim he can only be impeached by the Senate. Austin courts will rule on the question, and it may be months before a final decision is had. Meanwhile, Johnson probably will keep his job until the high courts rule.

## Texas Notes

Cyclone Davis, stormy political veteran of prohibition days and one of the most colorful figures in Texas political history, passed away as his Kaufman home, at 85. . . . Ted Dealey, a newspaperman who learned his trade the hard way, as a reporter and editor, succeeded his father, George B. Dealey, as president of The Dallas News, and the father became chairman of the board. . . . Fiery Senator Joe Hill demanded an investigation by the Senate's probe committee of Gov. O'Daniel's radio charge that "rottenness exists in certain departments." Many folks agree with O'Daniel, and would like to see Hill's committee find out just where the rottenness lies. . . . and the economy of the entire South may be vitally effected, when the first mill to manufacture newsprint from Southern pine went into production last week at Lufkin. Nine years ago the East Texas Chamber of Commerce called the first meeting to begin work on this project. The story of the disappointments and obstacles that were met and overcome by the patient men who eventually brought the project to success would make an absorbing novel.

### WHEN IT DIDN'T PAY TO ADVERTISE

Tourist court and hotel operators in the Rio Grande Valley, believing that it pay to advertise, offered free rent to tourists for every day the temperature dropped to freezing in the valley. Normally that would be safe publicity; but it didn't work recently when temperatures in the Valley went below freezing for an entire week.

"Most of us 'live to learn'—but mightily few of us really learn to live."—And a smaller percentage work at either task.

U. S. Senator Tom Connally is reported to be improving nicely since his collapse recently while on duty in a committee room. He is soon to come to Texas to see the youngest member of the family, a little grandson, also named Tom.

Among new readers are H. H. Lasiter, J. R. Burnett, D. L. Patton, and Mrs. J. H. Ticer. Dr. R. B. Parish is having the Herald sent to his parents at Houston, Minn.

Mrs. J. H. Webber, Miss Roberta Webber and Barton McPherson, spent Monday in Lovington, visiting Mrs. Marie Webber.

John King transacted business in Andrews, Monday.

Forty-two per cent of the farmers in the United States lease or rent all the land they cultivate.

Under the Reciprocal Trade Agreements program six countries reduced their duties on cotton textiles and products and three other countries gave assurance their duties on such products would not be increased.

Sixty-one per cent—about 253,000,000 acres—of the cropland in the United States is either subject to erosion or is of such poor quality as not to return a satisfactory income to farmers.

Nearly one-third of all the oil produced in Texas comes from old pumping or stripper wells.
