The J. B. Knight Hardware of this city, with branches at Seagraves and Seminole are to be congratulated on the number of homes in which Servel Electrolux Gas and Kerosene Refrigerators have been placed in the area in the past five years. To be exact, there are in the area some 700 home owners that are pleased owners of this great convenience to the home.

Their record is as follows: In the five years a total of 471,323 pounds of these refrigerators have been sold. That means 235 tons and about 120 railroad freight cars loaded to capacity. In the list

as printed in this paper last week, you no doubt found a number of your friends and neighbors were owners; perhaps your own name was among the 700.

This week we are again showing the picture of Mr. J. B. Knight and his Servel Sales force. This is not all the employees of J. B. Knight Hardware, by any means, but only those closely connected with the sales and service of the Servel.

If your farm, ranch or town home is not already supplied with one of these refrigerators, better see a salesman at once, while they are able to supply you immediately

Super Market Celebrating First Anniversary

While the Super Market is old than one year, having started some two years ago as the Southside Grocery, in July 1939, Messrs. Tom Cadenhead and E. S. Hall bought the interest of J. R. Lindley, and the store took the name of Super Market. But it has been one year this week, October 1, 1939 when they moved the store into the present beautiful and convenient as well as fire-proof building on highway 51.

From the beginning their business has shown a constant increase. This was done by a personal service and an effort to see that each customer was pleased and thoroughly satisfied with his purchases. The customer must be pleased before the Super Market is pleased. A clerk that can't smile has no place in the store, and it is always kept spotlessly clean.

Mr. Cadenhead has charge of the grocery section, while his partner has charge of the wholesale gasoline and oil products, including diesel fuel. Willie Arnett heads the retail service station department. Mr. Cadenhead has a fine personnel that is ready at a moment's notice to assist customers in every way.

The firm is taking a page ad this week to celebrate their anniversary.

Born to Mr. and Mrs. D. B. Sims of Seagraves, a daughter, Sep. 30, Mrs. Sims is the daughter of Mr. and Mrs. Luther Moore, city.

Mr. and Mrs. Odell Collins announce the arrival of a son, Sept. 20. The father is a farmer in the Union community.

We May Need Roads For War Purposes

On next Friday the qualified taxpayers of Terry county will go to the polls and by their vote say whether or not some additional 35 miles of paved roads will be built in Terry county, one from Brownfield to the Hockley county line, north, and the other southeast to the Dawson county line.

There really is not one iota of argument against the issuance of these bonds, for we are going to pay for somebody's roads whether they are in Terry or Trinity county in East Texas. Local jealousies therefore should cut no figure whatever in voting these bonds. One of the County Commissioners informed us recently that we would have to pay no installment within two years after they are issued, perhaps interest one year, and no doubt our Road and Bridge fund would care for that. By that time, two years, the roads would be completed, and turned over to the Texas State Highway department.

There is another phase to the matter. It appears right now that we are to have a war whether we want it or not. Japan is getting ugly over in its section, and we may have a naval war at least. At the same time, Uncle Sam is going to be very busy training an army and air corps, and will need good roads in as many places as possible to more efficiently move troops and war material. Terry county can do its part in helping Uncle Sam in the movement of mobile units of the army.

Don't let your good neighbor lag and show no interest. Urge them, both men and women, to go to their polling place and cast a vote FOR THE BOND ISSUE.

ROY HEROD'S CAR BURNED SUNDAY

Roy Herod, city secretary, lost his Chevrolet car Sunday, when he carried a man to his acreage, property in the southeastern part of the city to show him some lots. It is believed to have caught from the dome light, which was probably shorted.

With the exception of the tires and the engine, the car was a total loss, and Roy was trying out some new cars early this week.

Terry Farmers To Get Over \$600,000

The more than 20,000 farmers in 22 South Plains counties will receive an estimated \$12,000,000 for cooperating with the Agricultural Adjustment Administration's farm program for 1940, according to figures released by the State AAA officials in College Station. Four types of service will be given payments, cotton parity, wheat parity, agricultural conservation and soil building.

All counties will receive cotton parity payments, total for the counties being \$3,961,314. Lubbock leads with \$536,840; Lynn is second with \$491,631; Lamb third with \$453,545.

Wanted—Houses and Apartments, Now !!

For sometime now the Chamber of Commerce has been overrun with applicants for houses and apartments, but in the past few days the demand has been so large that the secretary wouldn't have believed it if he hadn't been there.

We could rent 20 or 30 nice houses and apartments today if they were available. There is one drilling company that wants to move here, but we can't find places for them to live. There are between 20 and 25 families in this company.

Most of the people that are asking for living quarters are engaged in the oil business. They are all desirable citizens and Brownfield would benefit by having them live here. It is true that they do not make "big money" as they did in days gone by, so it behooves us as citizens of Brownfield to do our utmost in keeping the rents and living costs within reason. These people will spend about 90 per cent of their wages in the town where they live.

Our chance to become the "Hub of the North Permian Basin" is here, are we going to let it get away? If these people cannot find a place to live here they will go elsewhere and if the cost of living goes beyond reason they will probably move on.

Won't someone that is able, step forward and build some rental property?

T. L. Patterson, Sec'y, Brownfield Chamber of Commerce

To The Citizens of Brownfield

In the issue of this paper on September 13th there appeared a statement stating that the Magnolia Petroleum Company had not given the city of Brownfield any consideration in furnishing light and power for their camp adjoining the city limits. It appears that our contact with the company was not with the proper authorities, and what contacts we did make were not presented to them and they made a contact with other utilities to furnish them power which was cancelled after the company understood that the city wanted their business. We wish to advise our citizens that since that time the Magnolia Petroleum Co. has contacted the city and given us the contract to furnish them with light and power.

The whole incident was a misunderstanding and the officials of both parties assure everyone that there is no ill-feeling between them. The statement published heretofore was not issued with the intent of hurting anybody or any ill-will toward the company, any of its employees or stations. The entire citizenship of Brownfield and Terry county is indeed glad to have the Magnolia and its personnel a part of them, and we all fully realize the important part they will play in the growth and development of our entire community. We wish to thank Tom May, local agent for Magnolia, for his interest and influence in getting the understanding between the company and the city.

Palace Well-Pleased With Formal Opening

Literally hundreds of people milled in and out of the Palace Drug Store last Saturday for their grand opening in their very fine new building. Hundreds of these claimed their coffee, gum, candy and the kids their balloons. It was a gay crowd, and their congratulations were lavish.

Many sent beautiful flowers or called in person to deliver their congratulations. The large variety of booths, tables and alcoves were frequently crowded with customers, eating or drinking. A half dozen young men in white uniforms served sandwiches and drinks. The new system of checks payable at the cashier's counter is something new in Brownfield, but is convenient.

Other sections of the store also enjoyed a good business. In fact, Ike Bailey, one of the owners informed us that everything went off perfectly, and that they were agreeably surprised and pleased.

"No More Stickers," Says Newberry

Mr. N. A. Newberry was "accidentally" found over on the east side of the square, where the big melons are being sold daily. No, you won't find him far from a melon or melon patch. However, N. A. says his patch is being cleaned out fast now.

By the way, N. A. says he is through with having stickers printed to put on his melons. A friend told him last week that he saw them in Houston, Texas with "Newberry" stickers on them—melons that were probably raised a thousand miles from the Newberry patch, and not in a class with his melons in size, taste or quality.

JORDAN MOTOR CO. HAS NEW EMPLOYEES

The Jordan Motor Co. has recently added two new members to their personnel, they are A. F. Carouther of Wichita Falls, who will be in charge of the service department, and C. D. Reagan who will be in the sales dept.

Both men have had years of experience in their respective lines. Mr. Reagan comes here from Hobbs.

Mr. and Mrs. W. M. Luna of Plains were here Saturday en route to Post to attend the funeral of Col. Slaughter.

Census Figures Show 31 Per Cent Gain For Area

Thirty-six South Plains towns showed a net population gain of 18,539, or a fraction over 31 per cent, between 1940 and 1930, according to preliminary census reports announced by the U. S. Chamber of Commerce, bureau of the census.

Official figures are not expected to be available until late in the year, late November of possibly early December, Congressman Geo. Mahon reports.

Three New Towns
Population this year for these towns was 78,848; 10 years ago the population was 60,309. However, there were three towns counted this year that did not report any population 10 years ago. They are, Andrews, Denver City and Southland. No report for Ropesville is available at this time. Report from Denver City was not given by a census official.

Greatest gain was that of Morton which leaped from 25 to 1,133, an increase of 1,108 or 4,432 per cent. So far as is known, this is a national record for increase, at least as far as towns are now reported.

Brownfield and Seminole doubled their populations; Seagraves gained 557 per cent.
Twenty-two Towns Increase
Six towns gained more than 1,000 population, Lubbock, 11,068; Seagraves, 2,785; Lamesa, 2,941; Brownfield, 2,096; Levelland, 1,384; Morton, 1,108; Seminole, 1,000. Four towns gained more than 500, Snyder, 799; Littlefield, 573; Muleshoe, 547; Tahoka, 541.

Twenty-two towns showed increases, 10 showed losses.

Over the South Plains there is one town in the 30,000 or more class. Lubbock with 31,588. Plainview is second with 8,257; Lamesa is third with 6,019; Brownfield, 4,003; Snyder, 3,870; Littlefield, 3,791; Slaton, 3,583; Denver City, 3,318; Seagraves 3,290; Levelland, 3,045; Floydada, 2,689; Tahoka, 2,124; Spur, 2,080; Post, 2,039.

Population loss in Plainview was the largest, 577; Slaton lost 293; Amberst, 214; Hale Center, 171; Lockney, 139; Lorenzo, 128; Petersburg, 53; Idalou, 35; Sudan, 40 and Abernathy, 11.—Lubbock Av-alanche.

Brownfield Cubs Play Monahans Tonight

The Brownfield Cubs go into the oil belt area again tonight, when they invade the field of the Green Wave from Monahans. The Cubs have carried away two victories from this district this year when they defeated Kermit and Crane.

Monahans boasts a strong team with Ellis playing the part of triple-threat, and the Cubs are satisfied this match represents the strongest competitor of the season thus far. Warren, however, the triple-threat from the Cub's ranks is ready to match his speed, cunning and deception with Ellis, and with Akers, the 200-pound tackle back in the game, the Cubs feel that their chances for victory are good. The probable starting line-up for the Cubs will be:

Gene Hill, M. J. Akers, Paul Bagley, James Mullins, Deverelle Lewis, Floyd Perry, Lewis Waters, Monroe Rowden, W. D. Warren, James Bryan, and Jiggs Tankersley.

The Senior Chamber of Commerce is sponsoring the game and trip. The Brownfield Band will accompany the boys and many friends among the student body as well as among the adults of Brownfield will be on hand for the occasion.

Have You Seen The New 1941 Chevrolet?

Perhaps many of our readers have already "tried it—eyed it—and bought it" before we got around to seeing the 1941 Chevrolet, as we are always like a cow's tail—behind. Anyway, maybe the last to see, sees the longest, and is not crowded by other interested parties, and can go over the job as he wishes. We eyed it Tuesday afternoon.

Mr. Teague was out, perhaps with a prospect, and the only man in sight except the bookkeeper was Jack Bailey, and he had a customer on hand, and as it was late in the afternoon, we viewed the job to suit ourself. We thought the 1940 was a beauty and a joy forever, but the '41 has it skinned a city block in looks.

The most noticeable changes seem to be in the front, and they have done it up in a rag. Also, when the doors are closed, there don't seem to be much of a running board, as the bottom of the door flanges outward. There is a noticeable change also in the instrument board, and much to the convenience and beauty in the change. In fact, one has to see the New Chevrolet to really appreciate it. See it today.

Two Melons Come In At One Throw

Col. H. D. Leach brought us another fine melon last Thursday and so did W. J. Wings. Mr. Wings stated that he was giving us a melon, and Col. Leach announced that he had nothing on him; his was a gift also. So we saved our pocketbook and manners as well.

We introduced the men, they living in different parts of the county, and each proved equally windy, and you ought to have heard the hot air escape. Sounded like the pop-off of a steam boiler for a few minutes. But it was good listening while it lasted.

TRUTH STRANGER THAN FICTION

Out in West Texas they have a saying that just about sizes up the world situation today. It goes like this: "There ain't no horse that can't be rode and there ain't no cowboy that can't be thrown."

For too many years and too many months the rulers and people of the British Empire did not believe there was any country that could seriously threaten to invade their island and take over their government. They woke up in the middle of June to find Nazi bombing bases just across the narrow Channel, other bases across the North Sea from Scotland and many military experts giving them only a few weeks of self-government. Hitler and his military might, at this time, were invincible.

Three months later the odds have shifted and the tide of opinion on the strength of England is running the other way. It's a well known point in history that military dictators must be on the march to keep control. Once they are stopped, it is not in them or in their people, to consolidate their strength.

Losing caste by not having made good his boast of destroying Britain and with revolution rising within his conquered domain, Hitler now rides a rough saddle. Like the once mighty Kaiser who turned to woodchopping, Hitler can be beaten. In all its vast domain, the West has been unable to rear a cowboy who could ride them all. Within all its history, the world has never produced a man who could 'always conquer. CAPS and lower case.

Last reports from Chock Hamilton, who recently underwent major surgery at Mayos, is that he was resting as well as could be expected but would not be out of danger for several days.

Extension Specialist Gives County-Wide Demonstration
By Maretta Holloway

"One of the greatest war defense measures that can be taken is that the peoples of this nation be properly fed—that is, that they get not only sufficient food, but get enough of the right kind of foods," said Grace I. Neely, extension specialist in food preservation for the state, September 26, at a county-wide meeting for home demonstration club women, held in Brownfield. "When a nation has its health, and that results from proper eating, it does clear thinking and purposeful acting; when its food requirements are not met, a nation of physical weaklings easily subdued in body and soul results. Does it not move us as wives of farmers and mothers of farmers to do all that is in our power to see that our home food supply is adequate and that it is preserved or stored so that the vitamins and minerals, so necessary to the building of strong, disease resisting bodies, are kept? Let me ask you, 'Whose job is to feed the nation?' Yes, you all know! So then, who shall say that we, too have not done much toward preparing our nation against invasion?"

Bad days ahead. But here's how Winter OIL-PLATING maintains needed lubricant in advance — for Safe Quick Starts . . .

Your engine is up around 2 feet tall. But where is its highest oil-level? Barely 3 or 4 inches off the bottom during parking. So if you depend on crankcase oil alone, when starting up cold, you'll wait till it climbs a good ways—and goes warming around.

But now! . . . no more hard risky waiting for that first badly needed lubricant . . . not with your engine OIL-PLATED for Winter by changing today to your correct Winter grade of Conoco Germ Processed oil.

Processed into this patented oil that sells at a normal price is a rare extra substance—created by man—to fasten lubricant firmly to metal. The result is OIL-PLATING, attached to inner engine parts as closely as chrome plating is attached to bumpers. And like chrome plating, OIL-PLATING doesn't all drain down during parking, but stays up as high as the highest piston rings reach—ready to smooth out starting stroke No. 1—ready to fight for oil economy by fighting the wear of oil-starved starting. best to drying and storing, some to canning, some to curing, and others to freezing. It is necessary that we know the foods we are working with if we are to hold them so as to keep their vitamin and mineral content for months," continued Miss Neely. "It is well to employ several of these methods of holding food to give us variety in our meals. Freezing is one of the newer methods of holding food but remember this, a frozen product can be no better than the raw material used in its preservation and all kinds and varieties of vegetables and fruits do not respond satisfactorily to freezing. These are recommendations: Fruits, berries of all kinds, cherries, figs, plums, peaches, and rhubarb. Vegetables: asparagus, lima beans, snap beans, broccoli, sweet corn (not field corn), English peas, and greens. All kinds of meats that are edible can be preserved by freezing.

"For fruits and vegetables, a preparation room at the locker plant where the family can bring their products, shell their peas, shuck the sweet corn, etc., then blanch and cut or pack for freezing as necessary. Vegetables or fruits must be prepared at the plant, not at home, then immediately placed in the sharp freeze room if the vitamin content, color and flavor are to be retained. Vitamins C and B so badly needed in our diets during the non-productive months are best insured in our diets though the use of frozen foods. Vegetables, fruits and pork are rich sources of these vitamins and have been found to retain them when stored at 0 degrees F. for at least 8 months."

Miss Neely demonstrated the preparation of green snap beans, mustard greens, and rhubarb for freezing. The following steps were taken:

Green snap beans: Tender, good flavor, stringless, free from disease beans were selected, with seeds just beginning to form. These were washed thoroughly and graded—may be cut or left whole. The beans were then placed in a wire basket and lowered into boiling water, which was kept boiling, to scald 2 to 4 minutes, removed, and cooled rapidly in cold water, packed into an air tight container (glass, tin, or special sealed carton is satisfactory) $\frac{3}{4}$ full and a 2% brine solution poured over. The brine solution is made and chilled before time for use by dissolving 1 teaspoon salt to each cup of water. The beans could have been packed dry, however. The container was then ready to be placed in the sharp freeze room at the locker plant.

Mustard Greens: The same procedure was followed for the greens except they were scalded 2 minutes in boiling water, and packed without the brine solution.

Rhubarb: Same method may be followed for peaches—The rhubarb selected was tender, free of woodiness with pronounced flavor and of a deep red color. It was washed, trimmed, and cut into 1 inch pieces, packed into air tight container, and covered with a syrup previously prepared and chilled. The syrup is made by dissolving 2-3 cup sugar in 1 cup water.

(Booklet, "Facts About Freezing Foods" may be secured from the home demonstration or agricultural agent).

Several frozen products commercially prepared were exhibited by Miss Neely, who then cooked and served them to the group. Many such comments were heard, "How I wish my husband might have been here for this demonstration! I can never go back and tell it as I saw and heard."

MRS. BOWEES PRESENTS FINE TOMATOES

One day last week, Mrs. R. L. Bowers presented the Herald family with a basket of real, sun-ripened tomatoes from her garden. They were a deep rich red, scarlet we might say, and had a delicious full flavor.

Then Saturday, Ed Thompson presented us with another basket just like them, flavored as only Terry county "maters" can be flavored, and also a lot of bell peppers.

With what our town and country friends are bringing in these days, we might say we are getting by nicely.

TOKIO H. D. CLUB

The Tokio H. D. Club met at 2:30 in the home of Mrs. J. M. Young. The President, Mrs. W. B. Martin, called the meeting to order. After the club song, motto and prayer, the minutes were read and approved.

During the business session the membership committee reported a new member for the club. Mrs. Claude Merritt was elected delegate to council, which meets the last Saturday of every month in Brownfield.

Miss Holloway brought some canned fruits and vegetables to show us and explain why our canned goods do not always win blue ribbons and what we should do about it.

After a period of recreation the meeting adjourned to meet Tuesday, October 8, in the home of Mrs. Alton Elmore. Everyone interested is invited to come.

JAMES BLACK IN A.C.C. QUARTETTE

ABILENE, TEXAS—James F. Black, son of Mr. and Mrs. James F. Black of Brownfield has been selected as a member of Abilene Christian college's quartet.

This vocal group, trained and directed by Leonard Buford head of the institution's music department has been very popular during the past years appearing numerous times during the year on school programs and for entertainments sponsored by Abilene groups.

Due to the competition among the students in the musical department for places in this group, the selection is an honor as well as an indication of special ability in the vocal field.

BAPTIST CHURCH

Attendance in the Bible school is gradually increasing with new enrollments and average attendance the total present in time to count last Sunday, 346 and total enrollment 642.

Remember no one can make 100 per cent without bringing their bible to the class and using it.

Last Sunday was a good day in all of the services, nine members coming into the church during the day.

The new officers and teachers will take their places next Sunday and they are expected to be present and on time at 9:45 as nothing is better than for the teachers to set the right example by being present on time.

We have high hopes for these people, many of them new to the work, and the church welcomes them to these places of responsibility.

We cannot emphasize too much that this church is a place for workers and we need and wish to make workers out of many others who have talents they should use for the Master.

Are you burying your talent, dear reader, and refusing to use it in the church which the Master purchased with his own flesh and blood? What kind of a church would my church be? If all supported it just like me?

Your presence is of value in all of the services and with your fine cooperation the work will continue to make progress.

Messrs. and Mesdames Money Price, E. C. Davis and C. T. Edwards will be dinner guests of Mr. and Mrs. Preston Weeks in Lubbock, Friday and also attend the Fair.

Harred Brings In Some Real Cucumbers

T. J. Harred, who owns three fine farms in Terry county, all cultivated by his sons, brought a couple of cucumbers to the Herald office Monday that are real cucumbers. They weighed 3½ lbs. each, measured 12 inches in length and were 13½ inches in circumference.

Mr. Harred stated that he had recently returned from Arkansas, but they were not Arkansas cucumbers, but raised on one of his farms, and that they had plenty of them. Arkansas nor no other saw ever gets ahead of old Terry

The "WESTERNER" Roars Onto Screen

ROISTERING JUDGE BEAN PORTRAYED BY SCENE STEALER WALTER BRENNAN

Handsome he-man Gary Cooper outwits Walter Brennan in this swift-moving, action-full scene which takes place during the un-reeling of Samuel Goldwyn's "The Westerner," the sweeping spectacle of the old West, slated for its premiere at the Rialto Theatre, Sun.-Mon.

Famous Character Is Seen As "The Law West of the Pecos"

The current year marks the eleventh anniversary of Walter Brennan's activities as a "scene stealer." Which is to say that this well-known character actor has been working in films steadily for the last decade, for it was when he was making his debut as an actor that he was first dubbed "scene stealer" by the star of the film.

Samuel Goldwyn had seen him among the crowds working in "Wedding Night" and marked him as a face to remember for future casting. Then, when Goldwyn was looking for an actor to play "Old Atrocity" in "Barbary Coast," he remembered Brennan and put him under contract, starting him off with a role which is still remembered.

A Busy Actor

From that time on Brennan has been among the most steadily employed character actors in the film industry. Currently he is appearing in Samuel Goldwyn's Gary Cooper starring vehicle, "The Westerner," Sun.-Mon. at the Rialto Theatre. However, he had not intended to become an actor when he arrived on the West Coast some fifteen years ago. Born in Lynn, Massachusetts, Brennan had enlisted in Boston in the 26th Di-

INFORMATION

A stranger walked into a Houston store and asked for his size in a pair of pants displayed in the window at a special price.

"We don't have them," said the clerk.

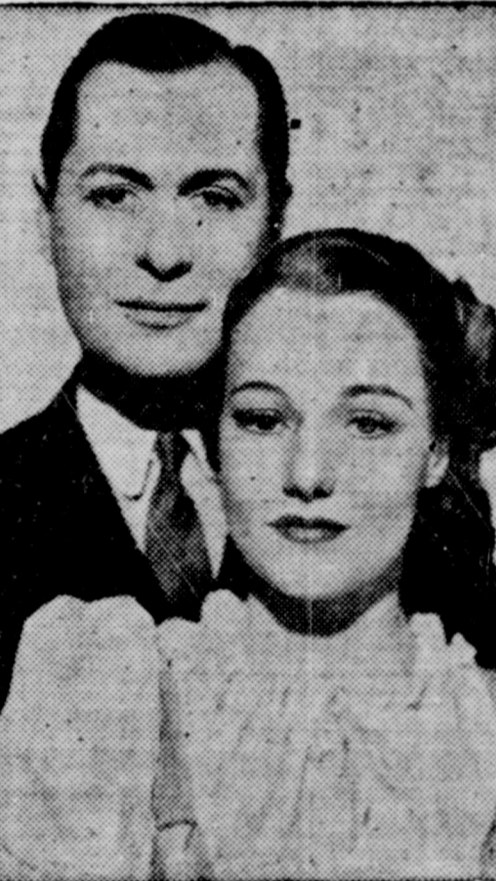

The stranger waited and the clerk gave no further information. The stranger asked again, "Are you sure you don't have them?" The clerk nodded his head. The would-be customer said, "Would you mind showing me where they ain't?"

"FLASH" HOPE

Dauntless Bob Hope—self-appointed ghost-chaser, extraordinary—fearlessly faces the perils of a haunted castle in Cuba, which his

co-star, Paulette Goddard has inherited, in the tensely dramatic, but also hilarious mystery-comedy, "The Ghost Breakers," which opens tonight at the Rialto Theatre.

Robert Montgomery and Paulette Goddard as they appear in "Haunted Honeymoon" opening Sunday on the Rio screen. The new picture is based on a best-seller mystery novel by Dorothy L. Sayers.

Mrs. H. R. Belew and daughter Barbara were recently in Seagraves to attend the birthday party of Mary Margaret Webb.

The clerk took him over to a counter and, pointing to an empty spot, said, "Here's where they are not."

The stranger left satisfied.—Caps and Lower Case.

SUGGESTED COURSE

Tired after a hard day, a distinguished Congressman in Washington handed the menu back to the waiter and said: "Just bring me a good meal."

A good meal was served and the Congressman gave the waiter a good tip.

"Thank yo' suh," the waiter said. "And if yo' got any frens what can't read, yo' jus' send 'em to me suh!"

ICE BREAKER

Slippery ice—very thin; Pretty girl—tumbled in. Saw a fellow on the bank; Gave a shriek—then she sank. Boy on hand—heard her shout; Jumped right in—pulled her out. Now he's hers—very nice, But she had to break he ice!

POME ON THE RANGE

Texas is still cattle country even if we do have stratosphere liners and streamlined zephyr trains. Proof of it is shown by a recent trade paper of the cattle industry which carried one hundred and forty pages in its September issue. Every page had something about Palominos, Herefords, Morgans, mules or blackleg. It wasn't a society edition and there wasn't a cowboy on the lot, says CAPS and lower case.

We particularly liked this poem, which has an application that extends beyond the experiences of the open spaces and on the range of life. The author is unknown:

"If a feller's been a-straddle Since he's big enough to ride And has had to sling his saddle On most any colored hide— Though it's nothin' they take pride in, Still most fellows I have knowed If they ever done much ridin', Has at different times got throwed."

Mrs. Ches Gore and daughter, Miss Doris Lee, left Tuesday for Austin, where they went to have the Terry county tax rolls approved. They will also go to College Station to see their son and brother, Claude Gore, while away.

B. S. Morris was a business visitor in Seminole Tuesday.

Tom Mix with Tony II, starred in the big stage show at the Rialto Saturday afternoon and night with his entire company of Western entertainers.

Although something of a philosopher, there are certain phases of life that perplex Tom Mix, noted Western picture star.

"In the old days when I was punchin' cattle and didn't have a heap of money," declared Mr. Mix, "and I took a girl down to Texas or Oklahoma to a dance, it was the custom after the party was over, to feed 'em. A lot of fellows may remember about it—and there was something like an unpleasant feelin when you were short bank-rolled. In the old days if you took a girl into the restaurant, she ordered everything the waiter could

MUMPS

AUSTIN, Sept. 30.—Reports to the State Health Department this week from physicians indicate that the prevalence of mumps over Texas is reaching a new high in the seasonal trend. Total reported cases of mumps during the summer just ended have exceeded all previous years, and the opening of schools with attendant increased contagion-possibility among children has pushed the total mumps cases to additional higher levels to date, Dr. Geo. W. Cox, State Health Officer, announced in Austin this week.

Mumps, in itself, is not a particularly serious disease, but the after-effects may be very serious. Encephalitis (inflammation of the brain) is a more serious complication which may follow mumps since it is apparently caused by the virus responsible for mumps. In large epidemics, as many as one in each hundred mumps patients has developed encephalitis. Encephalitis may be followed by personality changes of such a character as to make the individual useless in future life. It causes paralysis and palsies, and four per cent of the total deaf mutes can trace their condition to mumps in early infancy.

Another serious condition that may follow mumps is the involvement of other glands in the body by mump virus. Severe pains accompany this manifestation, and such involvement results often in sterility of the individual for life. It may so closely resemble appendicitis that the individual is subject to an operation. Peculiar infections of the kidney and pancreas may also result from the mumps virus.

Miss Beth Hamilton, Texas Tech student, spent the past week end with homefolks.

J. E. Smith, who attend John Tarleton at Stephenville, visited his parents, Mr. and Mrs. Jess Smith, this week.

In This Corner

We have never heard as much favorable comment on a picture as "Boom Town" and we are told that it broke all records for show attendance in Brownfield.

Joe Burson of White Deer, Texas, who plays the part of Coronado in the Quarto Coronado Entrada showing in Lubbock all this week, is the grand nephew of Mrs. Ruth Moore of the Retail Merchants' Association.

So many of the yards have begun to put on their lovely yellow and gold fall colors—pyracantha with their yellow and red berries are a pretty sight to behold and too, there are the graceful pampas grass on the lawns of the Burton Mackney and Roy Herod homes.

To those who would love to knit for the Red Cross there is still enough yarn for several sweaters at the Red Cross headquarters in the office of the Retail Merchants' Association. Mrs. Moore stated there had been 14 sweaters already sent in but she sure would like to see someone come in for thread so as to have the entire quota filled.

The loveliest geraniums we ever saw are those put out by Mr. Roy Phillips at the Terry County Co-Op Society's Locker Plant over west of the railroad. Do drive by and see them before they are potted for the winter. You will see he is expert at something besides running the gin. Mrs. Homer Newman of east Broadway also has some lovely plants.

We have for you this week a cake recipe of Mrs. W. H. Collins, that everyone who has had the pleasure to eat, pronounces it the best ever. Mrs. Collins is one of the best, if not the best pastry cooks in Brownfield, and anytime you see one of her recipes you will not go wrong in trying it. This cake is a large white one and one that men especially like as they usually prefer loaf cakes:

Cream 1 cup butter, 3 cups sugar until light. Add 1 cup sweet milk, and 5 cups flour, 2 tsp. baking powder. Sift flour and baking powder three times (alternate flour and milk); then beat in the whites of 12 eggs, one at a time (unbeaten). 1 tsp. vanilla. Bake in slow oven 1 hour.

LEGION AUXILIARY ELECTS OFFICERS

The American Legion Auxiliary of Post No. 269 met in the Dist. Court room Saturday, Sept. 28 at 5:00 o'clock for the purpose of electing officers for 1941. The meeting was presided over by President Mrs. Kate Telford. The following officers were elected:

Pres., Mrs. Ona Gore; 1st vice pres., Mrs. Kate Telford; 2nd vice pres., Mrs. Madge Griffin; Secretaries, Mrs. Texie Stricklin; Historian, Mrs. Mahota Winston; Parliamentarian, Mrs. Bertie Pyeatt; Chaplain, Mrs. F. E. Walters; Sergeant-at-arms, Mrs. Jewell Quante; Reporter, Mrs. Mahota Winston.

It was voted to have the secretary, Mrs. Texie Stricklin order 1,000 poppies to be sold Saturday before Nov. 11. All who wish to become a member of the auxiliary see Mrs. Hazel Miller.

MRS. LAD BROWNFIELD HONORED WITH INFORMAL TEA

On Friday afternoon of last week from 3 to 6 o'clock, Mmes. L. M. Wingerd, I. M. Bailey, Lal Copeland, Lee Brownfield and Mmes. Joe Bailey of Lubbock complimented their sister-in-law, Mrs. Laddie Lynn Brownfield, recent bride with an informal tea at the Wingerd home.

Mrs. Wingerd greeted guests at the door and presented them to a line made up of the honoree, Mrs. Lee Brownfield, Mrs. A. M. Brownfield and Mrs. W. G. Hardin. Chrysanthemums, asters, marigold and other fall flowers decked the rooms and the table at which Mrs. Ray Brownfield and Mrs. Redford Smith presided was laid with ecru lace over yellow satin. Yellow and lavender asters arranged in a cut glass bowl were used as a center piece.

Misses Ethelda May and Betty Shelton assisted in serving angel squares, punch, salted nuts and mints. 169 attended.

Mr. and Mrs. W. D. Christopher and daughter Miss Willene of Amarillo were guests of their son and brother, Ray Christopher and Mrs. Christopher last week end.

MISS TITTLE WEDS MR. THORNTON

The marriage of Miss Ona Faye Tittle, youngest daughter of Mr. and Mrs. W. A. Tittle and Mr. Aggie Thornton took place Tuesday evening at 7:30 o'clock at the residence. Rev. Avery Rogers, Baptist minister, read the double ring service.

A. J. Tittle, Jr., nephew of the bride was ring bearer.

The house was decorated with garden flowers.

The couple stood beneath an arch which was flanked with baskets of wine-colored dahlias, to exchange vows.

The bride wore a soldier blue frock with accessories of black and a corsage of red sweetheart rosebuds. For "something old" she wore her mother's engagement ring; for "something borrowed," her sister, Mrs. Arlie Lowrimore's wedding bracelet. Mrs. Lowrimore was matron of honor, and Mr. Eddie Walker was best man.

Mrs. J. B. Huckabee played "Ah, Sweet Mystery of Life," "I Love You Truly," "Love's Old Sweet Song," and "The Flower Song."

A reception was held and the bride cut the two-tiered wedding cake, which was topped with a miniature bride and bridegroom.

The lace-covered table had streamers of white satin from the cake to the corners of the table with a rosebud tied at the end of each streamer. White candles burned in crystal holders.

The bride is a graduate of Brownfield High School and received a degree from Hardin-Simmons.

Mr. Thornton attended A. C. C. three years. He is employed by the Texas-New Mexico Pipe Line Co.

TRI-COUNTY HARMONY CLUB

The lovely home of Mrs. A. J. Stricklin on Broadway, was the scene of a very gala affair Saturday at 3 o'clock, when the music clubs from Yoakum, Gaines and Terry counties had their first meeting of their club year.

Mr. and Mrs. R. E. McNeil and daughter Bill of Scudday, and Mr. and Mrs. L. S. Salser and son visited relatives in Portales and Ft. Sumner, N. M., over the week end.

Remember the P.-T. A. meeting this week. Miss Smith's room has arranged an interesting program and refreshments of home made candy will be served.

Thirteen women attended the quilting in the basement of the school building Tuesday afternoon and made a quilt for the P.T.A. There will be another quilting there next week for Mrs. Salser.

HARMONY

Farmers are very busy in our community gathering their crops. The Harmony P.T. A. met last Friday night with an excellent attendance for the first meeting.

Miss Velma McManis, one of our former teachers, but now a teacher in the Gomez school system, visited our Sunday school last Sunday. She spent the week end with Misses Barbara and Claudine Garrett. Come again, Miss Velma.

Mr. and Mrs. Hershell Hargroves have been entertaining a baby girl, little Linnie Merle, born Sept. 9.

Miss Mona Edwards of O'Donnell visited her parents, Mr. and Mrs. Carroll Edwards last Sunday. There were other visitors whose names we failed to get.

Mr. and Mrs. George Murry were in New Mexico one day last week looking after their farm, on which he reported a good crop.

JOE EUDY GETS 'EM GOIN' AND COMIN'

Joe Eudy, who is running an irrigated farm near Roswell brings over gobs of vegetables once each week, which he sells. Then he loads out with a bunch of Terry county melons and makes a good profit off them at Roswell. So, he kills two birds with each stone, as it were. But we have a sneaking hunch that Joe tells those Roswell people that those melons are coming from his patch.

Willkie Said Using 'Furriners' In Drive

AUSTIN, Sept. 28.—Myron Blalock, director of the national Democratic campaign in Texas, said today that Willkie forces in desperation were importing "furriners" to help their cause in this state.

"Democrats throughout Texas are ridiculing the desperation of the Willkie forces which forced them to import an old time anti-Roosevelt ex-congressman from Indiana, and a Hollywood playboy to Houston to conduct a Willkie rally," Blalock said.

He referred to Samuel Pettingill and Irvin S. Cobb who spoke to a Willkie gathering in Houston Friday night.

BROWNFIELD FRIDAY-SATURDAY TEXAS

Brownfield May Get \$188,000 Airport

A figure larger than was first expected will be spent on Municipal airport under a proposed airport development program submitted to Congress by the Civil Aeronautics Administration the Associated Press reported from Washington Saturday.

Lubbock's proposed expenditure was listed at \$475,099, second largest appropriation of any listed Texas port. Works Projects Administration officials earlier this week had been informed that approximately \$300,000 would be available.

Several other South Plains and West Texas towns also will receive government funds for airport improvements, if the proposal becomes law.

Col. Donald H. Connolly, civil aeronautics administrator, said the program could be carried out in three years depending on "how fast Congress wants to do it or whether it wants to do it at all."

Figures for other West Texas cities are: Big Spring \$150,091, Brownfield \$188,616, Lamesa \$172,116, Muleshoe \$11,000, Plains \$10,000; Plainview \$169,449, Post \$31,500, and Tahoka \$36,500.—Lubbock Avalanche.

Gomez Homecoming

Free Lot! Free Lots! First come First served! Now that was back in the good old days in Gomez.

Don't forget Saturday night at 6 o'clock at the Gomez high school campus, a get-together for the cowboys, nesters and ex-what nots. A regular chuck wagon supper out under the skies, sprinkled with stars. Followed by a pageant of patriotism and a tribute to Americanism to be enacted on an outdoor stage, music to be furnished by local talent.

Tickets to this gala affair will be 50c each for adults and 25c for under 12 years of age. On sale at Ross Black's Loan office and Supt. Lee Fulton's office, Brownfield.

Post Office to be Open Saturday Afternoons

Postmaster James H. Dallas stated this week that beginning this week, the post office windows would be open to serve patrons same as other afternoons. Mr. Dallas has seen the need of this for some time, but lack of help and the fact that an employee can work but certain hours each week made it impossible.

Lately, however, the department has given him additional clerks, and Mr. Dallas has inaugurated these additional post office hours to accommodate the people. This will not be much help to town people but will be a great convenience to country people who come in Saturdays.
