ONLY 8 MORE DAYS REMAIN TO SECURE MAXIMUM VOTES IN SUBSCRIPTION DRIVE

Nov. 9th Is Close of Big Credit Offer. Votes Go Down In Value and all Workers Should Do Best Work Now. Subscribers Urged to Pay Now and Help

It's Anybody's race! The bars are up—the track is clear. The Terry County Herald's "Better Times" Campaign is getting underway now and the race for the fine awards, headed by a choice of three automobiles or \$700.00 in cash and seven other prizes is on in earnest. Only a few subscriptions separate the high and low contestants. In this issue will be found the standing of the contestant up to 10 p. m., Saturday.

Some of those who took but little interest in the race at the start have, at the repeated urging of friends, decided to stay in and make a fight for it. Among the late starters are Bill Burleson of Plains; Mrs. W. L. Benton, Union; Mrs. Floyd Copeland, Meadow; Mrs. Richard Whitley, Gomez, who at this writing bid fair to give the other contestants a real race. Other entrants, whose recent returns at The Terry County Herald office more than indicate that they are out to make the others hustle, are Mrs. Jack Bailey, Mrs. Lorn Walters, Miss Nadine Pool, J. C. Green, Mrs. Y. M. Mason and Mrs. D. D. Goodpasture, of Brownfield; Mrs. Luther Malcolm, Tokio and Mrs. Dixie H. McClellan, Plains.

It is a close race between several candidates for leadership for the two major awards, with Mrs. Luther Malcolm of Tokio claiming the lead by a very small margin.

It is a neck and neck race, with nothing but a few hours work standing between first and last place. Because a candidate is low in the published list today doesn't mean that he or she cannot be high tomorrow. The vote at the present time places the candidates very close to gether. As a matter of fact the difference is so small that the least slack of the leaders would allow them to be overtaken and passed.

Eight More Days

Just eight more days remain to WIN or LOSE awards worth hundreds of dollars. That is practically what it means to all club members entered in this race. So closely arrayed and with honors so evenly divided up to the present time, that it depends almost entirely upon the results obtained by each individual contestant and his or her friends between this time and the close of the first period—Saturday, Nov. 9th—as to who the ultimate winner will be. No one has a "walk away" for the grand prize automobile; neither is anyone hopelessly beaten. Just a few long term subscriptions secured for any one of the club members would change the entire lineup and crown a new leader. A little help volunteered now may be the aid necessary to stem the tide of defeat and turn it into a sweeping victory for some deserving participant.

It is not what has been done or what will be done three weeks from now but what is done NOW that counts. The wise club member is the one who sees the opportunity to put into effect a campaign that will compel victory to perch on his or her standard.

Crucial Test

The crucial test is now at hand. If you ever intend doing anything BIG in this race, DO IT NOW. Instead of being in second, third, fourth or fifth place, get up at the top and stay there.

Now is the time to secure an insurmountable reserve vote. Now is the time to make reasonably sure of the prize you most desire

Joe E. Ward Named As County Engineer

Joe E. Ward, Wichita Falls, has been named by the Commissioners Court as County Engineer to start the building as soon as possible of the two highways through the county. This had been a much discussed question of late and was settled Tuesday by the commissioners. There is good argument in favor of an engineer, according to Judge C. L. Lincoln.

If the state takes over construction, we lose our designation identity, and as each road must wait its turn, it might be six months before actual operations started, whereas, this engineering firm is able to start the road and finance it until the bonds are sold, as they are well fixed financially, and have unlimited backing. This firm was formerly known as Montgomery & Ward, but the senior partner, Julian Montgomery has been appointed State Highway Engineer, and of course dissolved partnership with Mr. Ward.

Mr. Ward is said to be one of the best road construction engineers in the state. He did the brick paving around the Brownfield business district, and constructed the first water tower. There is not much question that the roads will be so well built that they will be taken over by the state, as this firm has an enviable reputation to sustain. And they are financially able to rework any section that might not come up to state standard.

It is highly important that the Levelland road, which runs near the Terry-Hockley county oil fields be finished at the first possible moment. And as the Cedar Lake pool in North Gaines spreads, it is important that we have a connection via paved roads south and southeast.

Good Crowd Attends Legion Feed

A large crowd of local business and professional men, as well as three or four from Lubbock, attended the Dutch (not German) lunch at the school gym, Tuesday night. All the eats that go with such a lunch, washed down with good old Arbutuckle, was on tap and plenty of it.

Post Commander, assisted by J. D. Miller, L. C. Heath and Jack Holt, had charge of the program which followed, intermixed with fun for all. Speakers of the evening were Chas. Whitaker, District Legion Commander, Judge Dupree and Tanlac Strange, all of Lubbock. Their addresses were highly appreciated.

During one of the intermissions, those present were permitted to subscribe to the building fund. Gene Hurt subscribed \$1,000—almost by a rising vote. But we understand a hot wire in his seat caused him to rise.

A check for \$250 was sent up by Red Tudor, and a lot more was subscribed ranging from \$15 to \$50.

Hoodlums Molest Tahoka Pep Squad

We understand that while the Tahoka Pep Squad was down town last Friday night, a bunch of young hoodlums attacked them with decayed fruit and vegetables. Their leader, Miss Ruby Nell Smith, reared in Brownfield, but now teaching at Tahoka, was said to have recognized some of them.

This is a thing the whole town is ashamed of, and due apologies are due our good neighbor and the splendid young ladies who compose the pep squad.

It was also stated that the Tahoka Pep Squad was afraid to parade on the Brownfield side during the half. We ascent folks bow our heads in shame.

Good Samaritans Are Not All Dead . . .

We are pleased to give you a view of a bunch of friends and neighbors of Chock Hamilton and family, who came in when Chock came down with illness recently and had to be carried to the Mayo Clinic as Rochester, Minn. Not only did the men come to harvest the crop, but the good ladies not shown in the picture, were on hand at noon when they brought just loads and loads of chuck as only Terry county ladies can prepare it.

So anxious was Mr. and Mrs. Hamilton to show their appreciation that they had cuts made of the workmen to be run in the local papers. A friend in need is a friend indeed, and this deed of kindness shows that all the Good Samaritans are not dead, at least in Terry county. Mrs. Hamilton stated that Jess Smith, shown in center foreground would be on hand to tell us who they were, but he has not done so, so far. He is a very busy man gathering his own crop these days, or perhaps has forgotten the appointment with us.

Anyway, we are able to recognize several of the men. How many of them do you know?

Mr. and Mrs. J. O. Gillham visited in Hereford Sunday.

SECOND COUNT OF VOTES SHOWS MEMBERS GROUPED, RACE CLOSE

Fighting with determination to gain a lead over the other workers and at the same time enables themselves to maneuver into position for one of the automobiles or a big cash prize, candidates in the Herald's "Better Times" Campaign are struggling with might and main to secure every subscription possible before Saturday, Nov. 2nd and Saturday, Nov. 9th. Only eight more days remain of the big votes. After Nov. 9th there will be a big drop in the credit value of all subscriptions. A number of five-year subscriptions now, while they count most, would almost be counted on to "cinch" first honors for any worker to win the race.

It will be noted in today's count that only a few credits separate the various contenders. Altogether the race is becoming an exciting affair and intensive effort is sure to be manifested this week and next when the big credit totals will be discontinued. The campaign is now past the preliminary stage and after Saturday Nov. 9th, it will be on the home stretch. The work to be done during the next eight days will to a considerable extent, tell the story. Your fate is in your own hands. You can sweeten or embitter it for yourself. Remember, your own subscription counts.

Terry County Wildcat Plays In Oil Upturn

MIDLAND, Oct. 26.—Wildcatting in Terry county gained impetus Saturday with the announcement of two new tests and the resumption of operations on a try spudded several months ago, but since inactive.

Perhaps of chief interest is the scheduled 5,400 foot test to be drilled by the Sloan & Zook Co. of Bradford, Pa., four miles northeast of Wellman in southwestern Terry.

To be known as No. 1 W. E. Bailey et al. it will be drilled with rotary approximately 660 feet out of the northwest corner of section 103, block 4-X public school land. George P. Livermore of Odessa and Fort Worth, has been awarded contract to drill the test and will spud on or about Nov. 5.

Take Over Black

Sloan & Zook took over a 2,000-acre checkerboard block assembled by J. M. Welborn of Brownfield. Welborn retained only one lease, the northeast quarter of section 103, but has acquired considerable royalty in the area. The test is said to be on a seismograph structure. Sloan & Zook have announced that they will drill the test without support of major companies owning leases offsetting the well.

Derrick has been erected at Denver Producing and Refining Company No. 1 Lewis, three and one-half miles south of Wellman and 330 feet out of the southeast corner of section 62, block DD, J. H. Gibson survey. Denver will move in company rotary and start drilling around Nov. 10. No. 1 Lewis some months ago was spudded with machine to 165 feet in red rock, and 10 3/4-inch surface casing was set at 161 feet. The test is projected to 5,500 feet.

High on Structure

Gulf Oil Corporation is building derrick for No. 4 Mallett Land & Cattle Company, northwestern Terry wildcat 440 feet from the south, 1,631 feet from the east line of section 5, block X, public school land. It is 12,590 feet west of the nearest producer, George P. Livermore No. 2 R. D. Glimp, in the Terry south extension area of the Slaughter pool of southwestern Hockley county. No. 4 Mallett also is a mile and a half north of L. E. Hults No. 1 P. J. Ross, a dry hole.

City Getting Inspection for Mail Carriers

Mr. Jack Cauley, with the Post Office Department, was here Tuesday going over the streets with Postmaster James H. Dallas, with the view of getting two city carriers, one in the business and one in the residence area.

Mr. Cauley intimated to the writer that the only possible thing against us was the late day time arrival of mail into Brownfield, but suggested that there might be a remedy for that by bringing both the north and south mails from the main line of the Santa Fe from Post, overland, instead of an uncertain mixed train schedule.

Of course, we will not know for some time what Mr. Cauley will recommend, but we feel that he will do the best he can for us as he seemed to have an open mind, and was a very agreeable gentleman.

TICKETS GO SALE FOR BROWNFIELD-SLATON GAME

Advance sale of tickets for the Brownfield-Slaton game to be played on the Cub Field will begin on Monday, November 4th, and all advance sale tickets will be taken off of the market at 4:00 p. m. Saturday, Nov. 9. The price for adults on the advance sale is 75c and 25c for students; tickets for adults who wait until the game starts to buy will be \$1.00 and 35c for students. Advance sale tickets will be on sale at all drug stores in town, in the City Hall and in the high school building.

Mrs. E. F. Sparks and son of Odessa were guests in the home of her brother, L. J. Dunn and Mrs. Dunn, Sunday.

SAWYER SHOWS WRITER WHAT'S BEING DONE ON FARMS

Early Day Cattleman Becomes One of County's Biggest And Best Farmers. Well Improved Places and Granaries Provided to Store Surplus Grain.

The writer was invited by our friend and close neighbor, Mr. M. B. Sawyer, one of our prominent early day ranchmen now turned farmer, to take a spin out to his farms, which he reserved a few years ago when he whacked up the big pasture with his sons and daughters and in-laws. While M. B. does not personally farm these days, he sees that it is done and done right. He has some well improved places out there, and he has some farmers on the places that go places.

Mr. Sawyer has little patience with laziness. Up to a dozen years ago, or until he was around 60, he made a regular field hand when needed, and many of the youngsters had a time following him all day. Yet, there has been no time since we first knew him back 31 years ago, that he had to do hard work or any kind for that matter. Yet he liked work, and did his full share of it. But of late years, he has taken life easier, but hardly a pretty day passes that he doesn't drive out to the farms.

Way back in the early days when Mr. Sawyer ran several thousand head of cattle on his 40-section ranch, he made a statement to us that we have never forgotten. He said: "This is a pretty good cattle country, but a better farming country. When you see a country that when the grass dries up and burns, and yet the field crops stay green, that is a farming country." Then he pointed out that the San Angelo country was just the opposite of this. When crops burn up, lots of times the grass is still good down there.

One strikes the northeast part of the Sawyer farms out about four miles from town. There you will see enough feed of all varieties such as corn, maize, feterite, kafir corn, cane and other feed crops to feed thousands of head of cattle through the winter. Mr. Sawyer has three large granaries individually, where he puts his rent seed separate from that of the renters. The one we drove through from end to end was 250 feet long, 24 feet wide and some 12 feet high, with just enough room for a car, wagon or truck to drive through the center. Already this granary was a third full. Loads of grain are spread thin on each side and by the time they get back to that place, the grain has dried out enough that it will not ruin. This one is about as large as both of the small ones.

Sometimes a buyer will make a deal with Mr. Sawyer to take his entire output, but if the price doesn't suit, it will keep indefinitely. On each one of the farms, one will notice a pea field of several acres, on government retired acreage mostly. These peas and vines will be turned under and greatly enhance the fertility. One of the farmers was turning under sudan grass ten feet high, but was wrapping it up head and ears. And near the homes, you will note the inevitable turnip patch, and they really look good. Mr. Sawyer's farmers evidently believe in living at home and boarding at the same place, and we feel sure they are encouraged to do so.

As to cotton, there is plenty of it, too, and that which is good. Evidently from the size of the bolls a good grade of cotton was planted, there is a good stand, and it will make from a half to three-fourths bale per acre. We believe the farms will make 600 bales at least, which will give him 150 bales to his part. If you want to see some real crops, drive out in that section some day. It will be an eye opener.

More Street Work Started Tuesday

Clyde C. Coleman, mayor of the city, stated to the Herald, Tuesday that work had started that day on several blocks of paving on Broadway, beginning at highway 51, and extending eastward to the block beyond the A. P. Moore place. As we understand it, approximately 50 more blocks will be curbed, guttered and given a caliche base this winter, ready for topping next spring when warm weather comes.

The paving on Broadway will turn north to Main street, coming out between the properties of Dewey Murphy and Mrs. G. W. Graves, thence east again on Main. Mr. Coleman stated that an effort was being made to drain the low lying block of land centering around the properties of Mesdames Graves and C. F. Holt. The drainage, engineers find, can be made between Main and Broadway to the latter, coming out at the Vincent property, thence west on Broadway to the W. A. Bell property, and on south on that street toward the draw.

Engineers say that the area will not drain fast, being so near level, but that it can and will drain that way and no other, perhaps, without storm sewerage, and it is believed that storm sewerage is not practical in this country. There is a bunch of desirable resident property in two or three blocks there, that if drained, would be as good as there is in the city, and the land is very fertile, capable of producing excellent trees, shrubs, flowers or vegetable gardens.

Cye Tankersley to Build Modern Camp

Mr. M. B. Sawyer and son-in-law, Cye Tankersley, have purchased the half block of land facing highway 51 and Cardwell St. from R. Barrier, and had a bulldozer on it early this week leveling up. We also understand they have purchased the White Courts from Mr. Barrier, as the latter has to carry his wife, the former Nettie Sawyer, back to south Texas, on account of hay fever.

As we understand it, Mr. Tankersley will construct a large number of tourist cabins of brick and tile, that will be fitted with all modern conveniences. He will also have a landscape gardener to plan his grounds and plant shrubbery and grass.

This will be on highways 51 and 137, the former from Lubbock to Odessa, and the latter the parks highway from Levelland. As we understand it, present preliminary surveys shows the Lamesa highway, when built, will also branch off from 51 across the draw, over near the Venetian Auditorium, which will give the tourist camp another good highway to draw from.

Cubs To Invade Post November 1st

Coaches Nooncaster and Barrett will take the Brownfield Cubs to Post, Texas on the night of Friday, November 1, to play their next conference game. The Cubs won over the Tahoka Bulldogs with comparative ease last week, but they are practicing hard for the tilt with the Post Antelopes.

The Junior Chamber of Commerce is sponsoring the game and they are trying to get a large number to attend: The boys will leave about 3:00 o'clock in the afternoon; the band along with a number of fans will leave about 4:30 o'clock in the afternoon. The band will parade down town in Post before the game. Everyone who wishes to go with the group will come to the front of the high school building between 4:30 p. m. and 5:00 p. m.

We have had a lot of help this week from various and sundry to give Wendell Willkie a farewell bum rush. We have had articles from as far away as California, all good ones too, but we can't use all of them. So we chose one entitled "A Letter To Willkie" as the main thorn in his flesh, and are hoping that it helps some to put FDR in for another four years, and maybe by that time Old Hit and Old Muss and Old Stale will all be dead or banished, and we can afford to change horses again - to another Democrat. So pals, go out to the polls Tuesday and send another one down the line for FDR, the only real friend of the common people ever to occupy the president's chair.

One of the local teachers informed us this week that the Brownfield West Ward had 100 per cent membership in Teachers Association. Some folks think teachers have no right to organize, as they are employed by the public. But we have an idea that the teachers have not only improved their lot by organization, but in doing so, have by mutual

JOHNSON

The Hallowe'en carnival held here Friday night was attended by a large crowd. It was sponsored by the P.-T. A. and netted around \$75. The funds will be used for purchasing supplemental equipment for the school. Reeve Smith got the blanket for winning the most bingo games, and Willard DuBose and Tom Lasiter each received a basket of groceries for winning second and third.

LaRue Stokes and Gordon Patton were crowned queen and king of the carnival. They were sponsored by the eighth and ninth grades. Contenders for the throne from the sixth and seventh grades were Willa Dean Tuttle and Billie Winn.

Deputy State Supt. E. Esten Day is scheduled to visit our school this week.

The regular meeting for the Johnson H. D. Club for next Tuesday has been called off. Instead of a regular meeting, the club will go to Pool on a date set by Miss Holloway, and learn the art of mattress making.

Let's everyone attend the Sunday school and church services on Sunday. Rev. L. C. Morrison will preach both morning and evening.

WELLMAN

A school carnival will be held in the high school gym Friday, Nov. 8. Everyone is cordially invited to attend the. The proceeds will go to each room for the play ground equipment and other things needed.

Mr. Sam Adair went to Lamesa Sunday on business.

Mr. George Green of Amarillo, was a pleasant visitor in Wellman

Saturday.

Mr. and Mrs. W. A. Daniel of Abilene, old friends of Mr. and Mrs. Theo Brigance, spent Sunday in their home.

Mrs. Sam Carruth was carried to the hospital in Brownfield Sunday night. Mrs. Carruth has been sick for the past several weeks. She was operated Monday of this week and was resting fine. We hope for her a speedy recovery.

Mr. and Mrs. Charley Irvin spent the week end with Mrs. Irvin's parents, Mr. and Mrs. Flood of Lamesa.

LAHEY

There was a good attendance reported at Sunday School and church services.

Mr. and Mrs. A. J. Ticer of the Pool community have moved to this community. We welcome them. The crops are being gathered fast this beautiful weather.

Edna Redding visited Maurine Ticer over the week end.

Robbie Cravens spent Sunday night in the home of her sister, Mrs. Crowder of Wellman.

Hansell and R. B. Marshbanks were supper guests Sunday night of Mr. and Mrs. A. J. Ticer.

POOL

Rev. L. C. Morrison preached for us Saturday night and Sunday morning.

Buster Huddleston, Nettie Jean Newsom, Charles Dunn and Lee Franklin Young spent Sunday with the Gunter family.

Rev. L. C. Morrison and family visited in the home of Grandmother Young Sunday.

Mrs. Cassie Mae Rock spent Sunday with Mrs. J. P. Rowe.

Glenna Gunter entertained the League Friday night at her home, with a party. After the games, refreshments were served to a number of guests. All reported a nice time.

Mrs. Ora Belle Arnett and Mary Lou are spending a few days with Mr. and Mrs. J. J. Gunter and family.

Alfred Terrel Newsom has been sick the past week.

PLAINS

Mr. and Mrs. W. S. Hague and R. O. Moreland were visitors in Hobbs, Friday.

Mr. and Mrs. Jas. H. Lynn visited in Guthrie last week.

Mrs. Donald Cotten and Mrs. John Hooper and children returned to their home in Amarillo, Sunday, after an extended visit with their father, W. S. Pruitt, who is ill.

Little Bettie Sue Wheeler of Levelland is visiting her aunt and uncle, Mr. and Mrs. Aaron Morris, this week.

Mr. and Mrs. Roy Elliott, Mrs. Johnnie Robertson and Miss Virginia Strawn were shopping in Lubbock Monday.

Mr. J. L. Dickson, a teacher in the Plains school, left Friday for Post, where he has accepted a position as head of the math department there. Plains regrets to lose this young man but wishes him luck in his new work. We have not learned who will take Mr. Dickson's place in the local school.

P. G. Stanford was a business visitor in Seminole a few days last week.

"VOX POPULI, VOX DEI"

Next November 5, the American people will exercise the most vital of rights—the right to vote. They will do it in absolute secrecy, without fear of coercion. And before the calendar moves forward another day, the world will know whom the people have selected to head their government for the next four years.

In normal, uneventful times it is important that every accredited citizen vote. In pitifully few great nations does the right of free and secret franchise still exist. In country after country the vote has been taken from the people, or has been turned into mockery. And in all the countries where that has happened the people have become the slaves of a small mad ruthless ruling class—a new race of uncrowned emperors, with unlimited powers, whose answers to protests is death and torture and imprisonment. The ballot is any people's first and last line of defense against tyranny.

It is a tragic fact that here in our own country it is the common experience for millions of voters to deliberately disfranchise themselves, because they are unwilling to take the trouble to go to the polls. And when that is the case we have, in effect, government by the minority. The true

Letter To Willkie

This letter was published in the Goldthwaite, Texas, Eagle and has been republished generally over the southwest. Several readers have asked that the Herald reproduce it.

Mr. Wendell Willkie, Rushville, Indiana, Or Wall Street, New York. Dear Mr. Willkie:

That sure was a smart speech you made in Elwood, Indiana. I listened to every word of it and when you got through I says to myself, "Well, there's one thing he's sure about, and that is that he thinks he'd make a fine president."

I'm glad you cleared that up. Of course I know you were right there in Philadelphia button-holding delegates during the Republican convention right and left, and you had the galleries filled with fellows hollering "We Want Willkie!" until the delegates got the idea that it was their master's voice, and like good Republicans voted for the candidate with the most dollars behind him. But you were only a maverick then and I wasn't sure after those Republican bigwigs got through putting their brand on you, you might have changed your mind.

Seems like you have changed it right often. I remember how when you was a poor boy working your way through college you were an orating socialist. Then you got a wife and a job and changed to a Democrat. Then you got thirty million dollars and ambitious and you changed to a Republican. There's still a few parties left to switch to, but I'm afraid a millionaire wouldn't feel at home in 'em. Still if the Republican party gets back to Washington for four years, they will probably stage one of those Republican Wall Street likes to celebrate with—Hoover panic, Harding panic—Teddy Roosevelt panic—you remember, if you don't watch out you won't have enough of your thirty million dollars left to pay dues to anybody's party.

I liked the way you started off saying you were going to fight this campaign on principles, not on hate, jealousy or personalities.

And I was plumb touched by the friendly feeling you showed for that young Elwood feller, till you spoke up and said he was you. But I noticed all through the rest of your speech that you were right smart struck on Willkie, and politics begins at home, they say. But when you opened up on President Roosevelt the way you did, I was sure glad there wasn't any hate or jealousy in the way you feel, because if there was, you'd have melted my loud speaker.

You blame the president for what you call inflammatory statements and you say you're going to "threaten foreign governments only when our government was threatened by them" when you are ready to act. And then you forgot all about that and started to lambast Hitler and promise to beat him "on our own terms." Sounds kind of inflammatory to me, Wendell, and Hitler hasn't even been unfriendly to you. Seems to me like your foot slipped there.

But I don't really blame you for that. If my dad had been born in Germany like you said yours was, I'd want to make it plain that I was 100 per cent against Hitler even if my blood was 100 per cent German. But I think you ought to take back what you said about our President talking inflammatory when he used high sounding words like "exponents of force."

At the beginning of this letter I said that yours was a right smart speech and so it was. You come right out and say you are for some form of selective service, but you don't say what kind, so those Republican politicians who are fighting the conscription bill in Congress claim you are on their side, but if the bill carries you can say, "Sure, I was for it all the time."

Then you say you favor helping Great Britain in the war, but you don't say a word about sending her those 50 destroyers she needs

feeling of the people can be known only if all the people are heard—and the ballot is the sounding board for the collective public voice. The citizen who does not vote is helping break down democracy here, and is undermining the very foundation of the constitutional system.

so bad.

You criticize the Democrats for not paying more relief and then you promise that if you are elected president (wanta bet?) you are going to spend less than the Democrats. Herbert Hoover gave you that idea, I guess. I remember how he was always promising two cars in every garage and prosperity just around the corner till all the banks closed down and Franklin D. Roosevelt became president just in time to save my ten cents and your thirty million dollars.

You were smart in blaming President Roosevelt for this country not being prepared when everybody knows it was your fellow Republicans that have been voting against preparedness till they got scared of Hitler. And even now they are holding up conscription so we can't start training the soldiers the President is begging for. That's smart all right, but not exactly honest, the way we look at things in Texas. I haven't forgotten how you Republicans took those perfectly good Navy ships Woodrow Wilson had started and sunk them in the ocean so we wouldn't have any advantage over poor little Japan.

You were right smart in coming out for all those reforms like old age pensions and regulations of wages and hours and banking and securities and even rural electrification! You don't like the New Deal you say, but you whoop and holler for the things the New Deal has done. It takes a smart man to do just that and get away with it, Mr. Willkie. Just a few months ago you were crying because the rural electrification in the Tennessee Valley was ruining your 9c kilowatt electric utilities. Now you are for all of it. You sure have got a changeable mind. Do you aim to change it back again if you are elected President?

That sure was smart to challenge President Roosevelt to go gallivanting around to debate you, Mr. Willkie. Of course, that's all you've got to do until election time when you'll get your old utility job back. The President is a very busy man looking after our country's defenses in what even you admit are dangerous times. Now don't say he's afraid of you, for we've heard you both over the radio.

Of course if he had agreed to debate you, your brother Republicans would be the first to scold him for neglecting his duty. Your old Socialist friend Norman Thomas is keen to debate you. Are you afraid of him?

Mr. Willkie, I'm going to turn down your invitation to join your party. The plain truth is I don't want any more millionaire presidents. Down here in Texas the only Democrats who are for you are millionaires or fellows working for them. The rest of us remember our last millionaire Republican president. Mr. Hoover was a poor boy who had made millions of dollars and was elected President, and he pretty near ruined us. That Hoover panic doesn't seem to have worried the officers of the utility company that was paying you a salary of \$75,000 to \$100,000 a year, but it surely did trim the poor fellows who owned your stock.

When you were elected President of the Commonwealth & Southern its stock was selling at \$29 a share. Now it's only \$1.37, but I didn't hear about your salary being cut.

RISEING TIDE OF SCARLET FEVER

AUSTIN, Oct. 28.—Prevalence of scarlet fever in Texas during October has increased 93.9 per cent over September's total cases, according to reports reaching the Texas State Department of Health. Dr. Geo. W. Cox, State Health Officer, points out that this is a characteristic seasonal rise in prevalence, as the number of scarlet fever cases increases simultaneously with the opening of school and remains more or less constant during the school year, and recedes in marked fashion during the summer vacation.

"Scarlet fever continues to be a menace to children," Dr. Cox said. "Many cases are slight, but they may infect others who will become seriously ill. Even the mild cases may be dangerous, as post-disease complications may be severe.

"Children between the ages of five and ten years are most susceptible to scarlet fever—cases are more virulent and more deaths occur in this age group than any other. Therefore, the younger the child is, the more dangerous are the complications and the greater the likelihood that the disease will run a severe course.

"The incubation period (time between exposure to the germs and manifestations of the first symptoms) may be from one to seven days, usually from two to four. The first symptoms are headache, sore throat, vomiting, fever. With very young children, the attack may begin with convulsions and a sudden high fever. Twenty-four to forty-eight hours after the original symptoms the rash begins to appear and in two more days increases in brightness until it becomes a vivid scarlet, and covers the entire body. Symptoms which may indicate scarlet fever demand immediate medical attention and quarantine to prevent the spread of the disease. Appearance of scarlet fever in the home should be followed immediately by a rigid quarantine for at least three weeks.

"The public should be warned against exposing young children to those exhibiting acute catarrhal symptoms of any kind. Take no chances, for scarlet fever is spread by the transfer of the infection in discharges of nose and throat, ears or abscesses of persons ill with the disease and those who are carriers of the infection."

SANTA FE CARLOADINGS

The Santa Fe Railway System carloadings for the week ending Oct. 26, 1940 were 23,989 compared with 23,912 for the same week in 1939. Received from connection were 7,819 compared with 6,808 for the same week in 1939. The total cars moved were 31,808 compared with 30,720 for the same week in 1939. The Santa Fe handled a total of 31,077 cars during the preceding week of this year.

ACC HOMECOMING TO HONOR NEW PREXY

ABILENE, Oct. 30.—Detailed plans are being laid as Abilene Christian college prepares for one of the largest homecomings in its history on November 8 and 9. Theme of this annual event will be to honor Don H. Morris, newly named president who took office June 1, the first executive to be elected from the ranks of the ex-students association. Bulletins, numbering 8,000, are being mailed this week to former students located in practically every state of the union, urging that they join the trek back to their Alma Mater. Featured events of the gathering will be the chapel program for ex-students, the free West Texas Barbecue; and the bon-fire and pep rally for the homecoming football game between Abilene Christian college Wildcats and the Daniel Baker eleven on the afternoon of the 9th. Fred Barton, Abilene, who is president of the ex-students association and in charge of the event also lists numerous other reunions, meetings and social events on the detailed program.

Mr. and Mrs. L. E. McClish were Hobbs visitors, Sunday.

RURAL AREAS MAY GET FIRE PROTECTION

AUSTIN, Oct. 28.—Experience has shown that for suburban and rural areas to receive adequate fire protection in the urban areas, it is advisable that a special fire district or county protection be provided, Marvin Hall, state fire insurance commissioner reported today. Hall said little protective value could be expected from fire engines beyond one and one-half miles run to closely built areas and three miles to scattered sections. Fire Apparatus as much as ten miles away, may, however, be of value in preventing spread of fire to exposed buildings. Fire departments in pondering the question of furnishing protection outside corporate limits, were admonished to consider the justification of allowing apparatus and men to respond to an outside call when, because of blizzards, excessively dry weather or other causes, the probability of conflagration is largely increased. From a fire-fighting standpoint, the first three minutes are always the most important.

VACCINATION GIVEN RURAL SCHOOL CHILDREN

Dr. W. S. Brumage and Miss Margaret Cunningham of the Five County Health Unit, vaccinated twenty-five Challis and Pleasant Valley school children for smallpox, Tuesday. They also examined the students for physical defects. Dr. R. B. Parish gave the same group dental examinations. This work was for pupils who were financially unable to consult a doctor or dentist.

WINNER IN CITY-WIDE TENNIS TOURNAMENT
Bill Amo, high school physical education director annexed the Brownfield city tennis championship by routing J. W. Chambliss in the finals Sunday afternoon at the high school courts. In excellent form Amo toppled Chambliss by 6-3, 6-0, 6-0, displaying top-notch tennis at all times. After holding a 5-1 lead in the opening set, the champion's game momentarily lost its edge and he dropped two straight games. Then, he came on to take the next game and the set at 6-3. In the following sets Amo covered the court in great fashion to win going away. To gain the final round Bill Amo defeated Billy Johnson, Wanda Graham, Buster Beck and Kenneth Moyer. He swept through the matches without dropping a single set. Chambliss downed Tom Neeley, Jack McBrayer, Jim Fields and Paul Peacock prior to receiving his drubbing in the finals. Plans are now under way to hold a city tournament in the doubles division. **OIL MILL MANAGER SUFFERS BROKEN ANKLE**

LOVE BIRDS WITH BOXING GLOVES

Myrna Loy and Melvyn Douglas battle their way through some of the oddest and funniest marital complications ever seen on the screen in "Third Finger, Left Hand," which heads the program at the Rialto Theatre's Sat. Preview, Sun.-Mon. The picture marks the first appearance together of the two popular stars.

"HIRED WIFE," SPARKLING COMEDY DRAMA HAS MANY FILM NOTABLES

STORY IS HIGHLIGHTED WITH MANY GAY, ROMANTIC AND MIRTHFUL SITUATIONS

Three of Hollywood's leading personalities, Rosalind Russell, Briane Aherne and Virginia Bruce, have the starring roles in Universal's "Hired Wife," which comes to the Rialto Theatre on Friday-Saturday.

Miss Russell, who has become very well known as a comedienne in such pictures as "The Women" and "His Girl Friday," again is brought to the screen in this type of characterization. Incidentally, she says it's the sort of acting she prefers.

Role Is Departure
 Aherne's role, on the other hand, is declared to be a distinct departure from the serious characters he played in "Vigil in the Night," and "My Son, My Son!"

In direct contrast to her co-stars, Miss Bruce is one of the few "straight" roles in the entire picture. Long known as one of Hollywood's leading beauties, Virginia is said to have been given an excellent chance to capitalize upon this beauty in her role as a glamorous model.

Additional comedy, it is announced is dished up by Robert Benchley, the only man in Hollywood who can claim to be proficient as an author, actor, playwright, columnist, critic and commentator. He is a success in each of these fields.

Romance, Comedy Added
 An added combination of romance and comedy is delivered by the young and dashing John Carroll, who further complicates the intrigue already surrounding the three stars.

Supporting the above members of the cast are many featured players including Hobart Cavanaugh, William Davidson, Richard Lane and Charles Smith. The picture was produced and directed by William Seiter, who garnered considerable praise recently for his direction of Deanna Durbin's "It's A Date." Glynn Tryon was associate producer.

MRS. FISHER BURIED IN LAWTON, OKLAHOMA

Mrs. Joe Fisher, age 34, passed away here, Friday, Oct. 25 at 8:30 o'clock p. m. after several weeks illness. The body was taken overland to Lawton, Okla., by the Brownfield Funeral Home, where funeral services were held at the First Baptist Church, Sunday afternoon at 2:30.

Mr. and Mrs. Fisher had lived in Brownfield for the past ten months. He is connected with the Big West Oil Co.

Other survivors are her mother, Mrs. J. B. Estes, Lawton; three sisters, Mrs. Frank Le Compté of Wichita Kansas, Mrs. Everett Dodson, Brownfield, Miss Dorothy Estes of Lawton and two brothers, John Ralph Estes of San Diego, and Carl Estes of Lawton. Mr. and Mrs. Dodson and small son, Mrs. Opal Herlacher and Mr. and Mrs. E. V. Tarbuton of Brownfield attended the funeral rites.

Mrs. M. V. Brownfield and Mrs. Charley Hubby of Lubbock spent from Saturday until Monday with Mrs. J. J. Youngblood.

W. N. (BILL) CORRY

Drafted by a statewide mass meeting of Texas democrats to run as a "Roosevelt democrat" write-in candidate to oppose the re-election of Agr. Commr. J. E. McDonald, who despite his nomination as a democrat, last week endorsed the candidacy of Wendell Willkie, Bill Corry of Tarrant county, is putting on a whirlwind campaign. He has the endorsement of Texas county judges and leading farm and ranch organizations and democratic leaders throughout the state. The Waco meeting in a resolution declared McDonald had forfeited any right to democratic party support and named Corry as the "instrument of Texas democracy to remove 'Willkie-crat' from Texas politics. Corry was runner-up against McDonald in the July primary and refused to be a candidate until drafted by the Waco meeting. Judge C. C. Randle of Ellis county was named as Corry's campaign manager.

Mattress Making Program Begins in County

1600 yards of ticking and 8000 pounds of cotton have been received from the Surplus Marketing Administration for the making of mattresses in Terry county. One of the purposes of this mattress program is to reduce the nation's cotton surplus, thus maintaining higher prices for the farmers' cotton when marketed; however, reducing the supply in such a way as to benefit those who are most deserving—the result: mattresses for practically nothing made by and for those who meet the qualifications set up by the administration.

160 families have had their application for a mattress approved by the county AAA Committee, and these families will be notified within the next few weeks, if not already notified, as to the date and place for coming to make their mattress. It is quite important that the family arrange to come in to the center on the day set, or they will lose their place and have to wait until all others in their community have made theirs.

Mattress making centers are planned to be set up in the communities having the greatest number of applications. These are: Foster, Harmony, Meadow, Pool, Scudday, and Brownfield. The Pool Center opens October 30th, with the first day devoted to a demonstration in making mattresses for home demonstration club women, especially those who have volunteered to supervise during the time the center is open. The women will bring lunches and spend the day making a mattress, and supervise the making of ticks to be used the following day. As plans are now, four mattresses will be made each day at the Pool Center.

As soon as adequate places are located in other communities, centers will be opened. It is quite urgent that the mattresses be made as soon as possible before cold weather sets in. It is hoped that the citizen of Terry county will cooperate with this program, helping others to help themselves.

Judge Simms Gives Reason for Resigning

Gentlemen of the Commissioners Court:

You are advised that it would be my desire to be relieved of the office of County Judge of Terry County effective October 21. This offer of my resignation comes with a deep sense of appreciation to each of you esteemed gentlemen. Our labor and work together, coupled with the high plane of comradeship always shown by each of you in all things has ever inspired me to do the best I could with the problems at hand.

The granting of my resignation will enable me to accept at this time employment in Brownfield as my term of office will now very soon be at an end it would mean perhaps quite a loss to me to continue; and with the voting of the recent bond issue a new program is going to come before this court and it would seem to me that it would be the proper time to install as your county judge, C. L. Lincoln, as your judge so he might be in touch with you and the bond program from Oct. 21, on.

I commend each of you for the

WE LEAD THE NATION IN PATRIOTISM, TOO

Nothing unusual in reading published reports that this great old South Plains section has again led the entire state in first one activity and then another, but a new honor has come to the Plains—to date the 19th Congressional District, which is our own South Plains has led the entire nation in the number of enlistments in the U. S. Armed Services, since the drive for a bigger army, navy and air corps was started.

We are indebted to the Anton News, from which the following article was taken:

"Texas will contribute less than 8,000 men of the first 800,000 men called up for military training. Michigan will supply 50,000 of them. The reason for this is the fact that so many Texans have already volunteered for military service. The Draft Law provides that each State in the Union must be credited with the number of its citizens who volunteer for the army and navy.

When we remember that the population of Texas exceeds that of Michigan by 1,173,000, the patriotism of Texans is apparent. On the same basis Oklahoma will be called upon for only about 1,600 men, while Kansas, with 50,000 less population, will have to contribute 10,500 men.

The 19th Texas Congressional District, represented by George Mahon, has supplied more volunteers than any other congressional district in the nation. This fact indicates a condition, of which residents of the South Plains are justly proud; our people are loyal to our country."

The 1940-41 season is the fourth consecutive year that the world supply (carry-over plus production) of American cotton has been close to 25 million bales.

Indications are that the total cash farm income in the nation for 1940, including government payments, will be about \$8,900,000, five per cent more than the income of 1939.

fine cooperation you have given me and each other in our work for the best interests of our country. I don't recall a single instance wherein you have been selfish in the slightest degree. May you still give to each other that same cooperation and consideration together with your county judge, which shall succeed me to the end that the public interest of our good citizenship may be well served.

Yours most cordially
R. A. SIMMS, County Judge, Terry County.

Warns of Excessive Cotton Loan Charges

College Station, Oct. 21.—Reports have reached the College Station state headquarters of the AAA that in some instances excessive charges have been levied for executing papers in connection with the Commodity Credit Corporation cotton loan.

When the loan was announced, it was thought that the storage and interest rates allowed on loan costs were sufficient to cover all costs to the farmer in obtaining a loan, George Slaughter, chairman of the state AAA committee, said, but some agencies evidently had not agreed that such charges were sufficient and had adopted a policy of charging so much per bale for handling the papers.

In announcing that a loan on cotton would be available, the Commodity Credit Corporation stated that the loans would be handled through regular channels in the communities, such as lending agencies and banks. Clinging of cotton is handled by Agricultural Marketing Service Central classing offices located in several cities of the state.

Slaughter indicated that, if overcharging were not discontinued, it might be necessary in the future for the cotton loan to be handled by county AAA offices which handle all wheat and barley loans of the CCC at set rates.

VOTE FOR...

Increased efficiency in your city government by voting for the following Constitutional Amendment:

"FOR the Amendment to the State Constitution providing that Article 16, Section 30 of the Constitution, shall not apply to appointive offices of any municipality placed under the terms and provisions of Civil Service."

In cities providing for such, employees must pass a rigid Civil Service examination to work for you.

This may be your last chance to insure against political inefficiency.

"This Amendment should do some good, and could not hurt anything. And it is hoped that it will be adopted." The above is endorsed by the following:

Senator George Moffett, Chilli-cothe, Texas; Senator Grady Hazlewood, elect, Amarillo, Texas; Senator Marshall Formby, elect, Dickens, Texas; Representative Craig, elect, Miami, Texas; Representative Hop Halsey, elect, Lubbock, Texas.

Good Opportunity To Volunteer Now

The United States Army is still accepting volunteers, and the opportunities offered at this time are splendid. Now, more so than ever before, specialized schooling is given every man. Also the number of years of service that a man has is no longer the yard stick for promotion. The strength of the Army has been doubled since May of 1940 and many of these new men are wearing the chevrons of Corporals and Sergeants, and earning the added pay. If they can why can't you?

With the approach of the vast training program, now seems the logical time to volunteer. You can receive the training now and be in line for a promotion to place you in position to train others. Army Recruiting Stations are located in Lubbock, Amarillo, Pampa, Plainview, and Childress. Vacancies now exist in the Quartermaster Corps, Cavalry, and Infantry. Others will probably be available in the next few days. DON'T DELAY, ENLIST TODAY.

How One Woman Lost 20 Pounds of Fat

Lost Her Double Chin
Lost Her Prominent Hips
Lost Her Sluggishness
Gained in Attractiveness
Gained a Shapely Figure

When your bowels and kidneys fail to perform their work correctly your system cannot throw off the waste materials and digestion becomes deranged—you lose energy and activity. Perhaps before you realize it you're losing your appeal and getting objectionably fat.

Take one-half teaspoonful of Kruschen Salts in a glass of hot water every morning; cut out pastry, fatty meats—and go light on potatoes, butter, cream and sugar. In three weeks get on the scales and see how many pounds of fat have vanished; notice also that you have gained in energy—your skin seems clearer and eyes brighter—you feel younger in body and keener in mind. Get a bottle of Kruschen Salts—plain or new effervescent—sparkling—pleasant, at leading druggists everywhere; lasts 4 weeks and is inexpensive. Nelson-Primm Drug Co.

Fire Losses Up 19 Per Cent Over 1939

AUSTIN, Oct. 21.—An increase of approximately 19 per cent in insured fire losses for the first eight months of 1940 over the corresponding period of 1939, was reported today by Marvin Hall, state fire insurance commissioner. The figures were based on fire reports of city fire marshals.

There was an increase of 67 per cent in insured fire losses in 1939 over the year 1935, and each year has brought a decided gain in losses. The total for the first eight months of this year is \$3,827,814. January, with insured losses totaling \$1,003,598 was the worst month by a margin of more than a half million dollars. Best month so far this year has been June, when the losses totaled only \$293,281.

The Commissioner listed four things that should be done in each Texas community annually as a fire prevention measure to maintain a low loss level, (1) one or more inspections each month of mercantile and manufacturing districts, (2) a vigorous investigation of suspicious fires, (3) a dwelling house inspection, (4) and careful underwriting by local fire insurance agents and representatives of fire insurance companies for two reasons, (a) to determine moral hazard, (b) and the inspection of the risk involved will reveal the physical hazard and the sound value thereof.

WTCC Asks Veto On One Amendment

ABILENE Oct., 28.—The West Texas Chamber of Commerce went on record Wednesday in opposition to one of four constitutional amendments coming before the Texas electorate in the November 5th election. This is the so-called Red River county amendment which, if adopted, will waive for that county the constitutional limitation on tax rates and permit it to levy an additional 25 cent tax, and to issue bonds, to refund its present outstanding general fund debt.

The WTCC's opposition was set out in a news letter signed by President J. S. Bridwell, to its directors, affiliated chambers of commerce and the West Texas press. Through its Public Expenditure Commission the regional chamber contends that approval of the Red River county amendment would be a blow at efficiency, economy and better financial control in public affairs; that it will constitutionally nullify the constitution itself and result in waste and extravagance by making legal the illegal issue of warrants for expenditures not authorized by election or by a local budget.

The amendment also violates the principle of equality says the President's News Letter, "if this amendment is written into the constitution for Red River county, surely the legislature and the voters will have no reason for denying the same privilege to every county, city and school district.

"WAR IS HELL"

Gen. William Tecumseh Sherman, who led the Union forces in the march through Georgia during the Civil War, is probably best known for three words uttered in a short speech at Columbus, Ohio, in 1880—"War is hell!" The circumstances under which the words were spoken and the rest of the speech, however, have been almost completely ignored.

When President Rutherford B. Hayes spoke in Columbus at that time to an encampment of Civil War veterans, General Sherman was on the speakers' platform. At the conclusion of the President's address, the old Union soldiers in the crowd called for him. He stepped forward, and looking down upon the men he had led in battle but fifteen years before, talked to them for two or three minutes in their own language. He spoke of the comradeship that bound him to the rank and file of veterans, and then said:

"The war now is away back in the past and you can tell what books cannot. When you talk, you come down to the practical realities just as they happened. You all know this is not soldiering here (an encampment).

"There is many a boy here today who looks on war as all glory, but, boys, it is all hell. You can bear this warning voice to generations yet to come, I look upon war with horror, but if it has to come, I am here."

BOY HAS TO LEARN HOW TO SEE

How a person earns to use his eyes is told graphically by a boy, born blind, who first received his sight at 18.

When George Campbell, whose eyes at birth contained sightless, opaque lenses, was given vision by a surgical operation after a childhood of complete blindness, he was unable to identify objects, reports the Better Vision Institute. For example, he had drunk milk and water while blind; but when his sight was restored at first he could not tell the difference between a glass of water and a glass of milk. He had to taste each to identify them. He had to learn to distinguish visually between a foot rule and a yardstick. His eyes required long training to work together in unison. For months when he saw two cars approaching each other to pass on a road, his vision was so inexperienced that he shrank back in fear because the cars appeared to his eyes to be rushing into unavoidable collision.

BARRETT-BUCHANAN MARRIAGE ANNOUNCED

Announcement is being made of the marriage of Miss Grace Barrett and Mr. C. L. Buchanan, which took place near Lovington, N. M. at 8 o'clock p. m. Sunday, October 6. Rev. McCullough, a long time friend of the bridegroom officiated.

The bride is the popular daughter of Mr. and Mrs. Jay Barrett of this city. She is a graduate of the Brownfield high school, and has been employed at Cave's Variety Store for the past eight years.

The bride groom is the son of Mr. and Mrs. C. P. Buchanan of the Tokio community. He is a mechanic at the Ford Motor Co. in Seagraves.

The couple will make their home here.

BAPTIST CHURCH

Many new people are in our audiences every Sunday and we appreciate their presence and would admonish our own folks to give them a warm welcome, as you would like if among a strange group. Many of these people are moving to our town to make their homes and the first impression they get of a church will perhaps be the most lasting, so do your part to make them feel at home among us.

Our average attendance in the teaching hour is over 350, but there are so many people among us not studying the bible that we will not be satisfied to leave them out. Our Extension or Home Department for those not physically able to attend will be glad to enroll any one in the community and furnish them lesson helps. If such read these lines and will call telephone 245 their names will be enrolled in this department.

The congregation appreciates the effort being made by the choir to improve their renditions and new people who sing are invited to come to the choir and assist in this part of the worship.

The regular hour for the meeting of the deacons of the church is 3 p. m. each first Sunday of the month and they are urged to be present to assume their responsibility. Deacons were never designed to govern a church, but they were designed to serve and we have a number who are refraining from that service.

Each first Sunday evening is the regular hour for the baptismal service and all who are approved by the church will be present for that service, if possible, next Sunday evening.

What are you doing, dear reader, to make your church a better church and honor Christ in the community.

Mrs. Will Adams and Mrs. Redford Smith were Lubbock visitors Tuesday.

J. J. Youngblood and son James spent last week in Bronco and Blackwell, visiting relatives.

AUXILIARY TO SELL POPPIES NOV. 9

The Auxiliary of the American Legion will sell poppies Saturday, November 9. This is the first time the group has done this in several years. They have one thousand poppies to sell and it is hoped that every one will be sold.

The proceeds of this sale will be used for rehabilitation. Lets all DO OUR PART. BUY A POPPY.

MRS. HEATH ENTERTAINS FRIENDS, FRIDAY

Mrs. H. F. Heath entertained with a bridge party, Friday afternoon of last week at her home. Mrs. W. R. McDuffie was given a pottery ice bucket and tongs for high scores and Mrs. James Harley Dallas two covered ice box dishes.

A refreshment plate of congealed shrimp salad, fudge squares and coffee was passed to the following guests: Mmes. W. R. McDuffie, T. L. Treadaway, Roy Herod, J. J. McGowan, Bruce Zorns, J. H. Dallas, R. R. Taylor, E. C. Davis, R. N. McClain, I. M. Bailey and Miss Queenelle Sawyer.

THE SCUDDAY 4-H CLUB

The Scudday 4-H Club girls met October 17 with their sponsor, Mrs. Victor Herring.

The president, Geneva Collins, presided over the business session. She appointed Madell Speed and Opal Snow as a committee to see about a scrapbook cover.

As we are patriotic Americans, we decided to learn to sing "America" with real appreciation.

After business session, we covered our sewing boxes with Mrs. Herring's help.

Several girls were absent, but those present entered the work with enthusiasm.

Putting Field Boundaries On the Contour

Many farmers have made contour cultivation of their crops easier by placing their field boundaries on the contour. Because of the rapid spread of terracing and contour cultivation as soil and water conservation practices, contour fences and field boundaries also have become quite popular within recent years.

The placing of field boundaries along terraces or other contour lines eliminates many point rows where contour cultivation of strip cropping is carried out as a regular farm practice. It is also found that these contour field boundaries often follow changes in the type of the land.

The winter months are rapidly approaching when many farmers have time to build fences and reorganize their farm layout. During this fence building season farmers should give serious consideration to relocation of many of their fences along the terrace ridges or other contour lines.

Engineers and conservation specialists from the Soil Conservation Service have assisted many farmers in replanning their farm layout. The relocation of field boundaries on the contour often is a necessary requirement for the development of the best type of con-

servation farming plan. Some trouble has been experienced by farmers maintaining the fences that are built along contour lines. The difficulty of maintaining such fences, however, is usually more than repaid by the saving of the inconvenience in cultivating many point rows in odd corners.

Contour fences and field boundaries are urged and where such fences or field boundaries were placed on the contour it would encourage farmers to continue the valuable practice of contour tillage and strip cropping.

FREE MATTRESSES OVER THE 100,000 MARK

College Sta., Oct. 29.—Members of more than 100,000 Texas farm families are sleeping on new mattresses this fall.

Late in October 100,286 new cotton mattresses had been made in the state under the Department of Agriculture's program for aiding low-income farm families and reducing the cotton surplus. This figure was compiled in the office of Mildred Horton, vice director and state home demonstration agent of the A. and M. College Extension Service.

The cooperative program provides that educational work and supervision of mattress making centers shall be furnished by the

Extension Service, cotton and ticking shall be made available by the Surplus Marketing Administration, and certification of eligible families shall be the responsibility of county agricultural agents of the Triple-A.

"Behind the Scenes In American Business"

NEW YORK, Oct. 28.—Construction is the major business news now—mainly inspired by the defense program. One week in mid-October saw awards for "heavy construction" contracts totaling \$238,793,000. That may be just another box-car number to you, but it is 31 per cent higher than the biggest week, in that respect, that we ever had before—the all-time high week in March, 1930—Forsighted business men—the retailers as well as manufacturers—are leading what economists call a "forward buying" movement, making their stock purchases on an advanced scale so as to get in

Terry Over 3,000 Bales Behind In Ginnings

The fact that on the 18th of October 1939, there was a total of 9,576 compared to 6,411 the same date this year does not mean that there was a better or bigger crop last year. In fact, if we are any judge of cotton crops, the 1940 crop will be a full third larger than last year.

The above report was given us by R. D. Copeland, special agent of the Bureau of Census for the Agricultural Department, and is accurate. There were simply more rain this year, and the plants kept growing and putting on, and did not open as early as last year.

While 9,576 bales represented almost half the crop last year, cotton gathering is just getting under headway this year at this time. Possibly around 3,000 bales have been ginned in the county since the above report was made.

NURSERYMEN'S SHORT COURSE AT A. and M.

College Sta., Oct. 28.—Texas nurserymen will hold their annual short course on the campus of Texas A. and M. College October 31 to November 2. This is the first time that the college has offered a short course for nurserymen.

Among the subjects to be discussed at the meeting are soil and fertilizer, soil reaction and its effect on plants, soil diseases and their control, pest control, plant propagation, and the use and sale of ornamentals. Appearing on the program will be prominent Texas nurserymen as well as representatives from the college faculty, the Experiment Station and the Extension Service, according to J. F. Rosborough, extension horticulturist.

Registration is scheduled at 9 a. m. on October 31 in the Animal Industries Building on the campus. One feature of the meeting will be a banquet the first evening. Col. Ike Ashburn, executive assistant to President T. O. Walton, will be toastmaster, and Dr. L. M. Hutchins, Brownwood, senior pathologist for the U. S. Department of Agriculture will be speaker.

Tickets to the Texas A. and M. University of Arkansas football game on Kyle field Nov. 2 may be secured by visiting nurserymen upon their arrival, Rosborough said. Wives of the visitors have been invited to attend a meeting of the College Station Garden Club on Nov. 1.

IRONY

Here's a little news item that might be termed the height of irony.

Some time ago a group of unemployed hosiery workers decided to create their own jobs by going into business for themselves. They made a deal with a bank for possession of an abandoned hosiery mill.

Shortly after opening they signed an agreement with their union to pay themselves union wages. However, they found that this was a financial impossibility, and so they had to petition the union for the right to cut their own pay.

The union refused. Result: The enterprise faces bankruptcy, which would mean a return of the worker-partners to the relief rolls.

AUDITING FIRM MAY LOCATE HERE

Mr. J. B. Green, Hobbs, N.M., of the firm of J. B. Green, Accountants, Auditors and tax consultants, was a visitor here one day last week and was a caller at the Herald office. Mr. Green stated that he was considering seriously of opening an accounting and auditor's office in Brownfield.

Very likely the office in Hobbs will be maintained and a new office opened here. Mr. Green seemed to be carried away with the progress Brownfield is making, and believes that it is one of the up and coming towns in the North Permian Basin.

James Patterson of the Palace Drug Store was operated for appendicitis, Saturday evening at the Treadaway-Daniell Hospital. His condition is satisfactory.

before the inevitable price rises as defense orders get pushed in ahead of orders for consumers goods. Individual consumers are beginning to do quite a little forward buying of their own—in automobiles for instance, and winter clothing. After the first of the year when the real early bird plants which began building two and three months ago get into swing, employment and payrolls will fall out much faster, and retail sales probably will take another big jump.

FRIDAY-SATURDAY

TEXAS

CAMPAIGN—

(Continued From Page 1)
to win.
Never again after Saturday night, Nov. 9th, will it be possible to secure the full voting strength on subscriptions. This is final and fair warning. To hold back now and to rely on "promises" to subscribe at a later date means that you will have to take less votes on such orders. We are putting it up to you squarely. If you entertain any desire whatever of being declared the winner of the automobile, the \$700.00 in cash or any of the other awards to be given away in this campaign, do not fail to turn in every available subscription to your account before the close of the big credit offer. Not to do so simply means that you will have to redouble your efforts during the remainder of the race to make up for lost ground. A few long term subscriptions NOW, while they count most, may be the very ones needed to "clinch" first honors.

Another Construction Company Coming

T. L. Patterson, secretary of the Chamber of Commerce, informed us this week that R. H. Fulton & Co. of Lubbock, were also locating a branch here, with Bill Glasscock as local manager. In fact, Brownfield will be their main office so far as oil field construction is concerned.

At this time there is nothing definite about the location of the new firm, according to Mr. Patterson, but said the firm intimated that they might build their own camp site in or near the city.

The firm has its own engineers, and they specialize in oil field, as well as road construction, and contract labor.

STATE NURSE VISITS DIST.

Mrs. Zoe Austin Jones, state advisory nurse for this district was here last week, inspecting nurses work of the Five County Health Unit.

South Plains Registrations Top 43,000

Registrants under the selective service act in 22 counties of the South Plains total 43,464, according to figures from the state adjutant general's office.

Not all of those registered in Terry county, or others over this area, were all actual residents of that particular county. In many instances a large proportion of those registered were transient, temporarily employed, who happened to be there on registration day.

Draft boards are sending to the several counties the card of non-residents. In turn, Lubbock boards are receiving cards from other counties.

County totals were as follows:

County	Registrants
Bailey	1,734
Borden	183
Briscoe	523
Castro	574
Cochran	1,019
Crosby	1,643
Dawson	3,497
Dickens	1,142
Floyd	1,369
Gaines	1,485
Garza	780
Hale	2,608
Hockley	3,696
Lamb	3,572
Lubbock	9,000
Lynn	2,521
Motley	882
Parker	832
Scurry	1,660
Swisher	783
TERRY	2,498
Yoakum	1,013
Total	43,464

Forty-four per cent of the home demonstration club women in the United States belong to four or more organizations besides their local home demonstration clubs.

Hospital buyers ordinarily purchase mattresses with an 8 ounce ticking, which means that a yard of ticking 32 inches wide weighs 8 ounces. Home economists, too, urge consumers to insist on at least 8 ounce ticking, either when making or buying mattresses.

Many persons plant bulbs too closely together. Large-growing ones should be about 8 inches apart and the small bulbs about two or three inches apart, according to scientists at the Cornell U. Experiment Station.

Bailey Building Starts On East Main

Joe Bailey of Lubbock let the contract the past week for a brick and tile building 30x70 feet fronting south on east main. The location is between King Auto Supply Co. and Teague-Bailey Chevrolet Co. As we understand it the place is not rented, but that will be about the easiest part of the job.

Roy Wingerd of the Wingerd Lumber and Construction Co., has the contract for the building which we understand will be rushed to completion. Mrs. Bailey is a daughter of Mr. A. M. Brownfield, and was reared in Brownfield. Joe also lived here many years before and after their marriage.

For the past several years he has been employed by the Avalanche-Journal at Lubbock, but he still has great confidence in the

old home town. Much of his early experience with newspapers was with the Herald for a number of years.
