ONLY FEW MORE HOURS REMAIN FOR WORKERS TO GET BIG CREDITS ON SUBSCRIPTIONS IN PRIZE RACE

Second Credit Offer Closes Saturday Night And Then Credits Go Down Again. Now Is the Time to Get the Winning Votes in This Big Race.

Fired with ambition to grasp one of the splendid prizes that are daily coming closer, and at the same time gain a lead over their competitors in The Terry County Herald's big \$2,000.00 "Better Times" campaign, the several workers entered in this big race are preparing to travel at a fast pace between now and the time that this wonderful offer closes. Every day is of importance in the fast closing gap that separates the awards from the winners. Saturday, Nov. 23, and Saturday, Nov. 30th, are the two all-important days on the horizon. Nov. 23rd is the close of the second credit offer and Nov. 30th is the close of the campaign. Both days are important in this race.

Field Not Covered

One of the callers at the campaign headquarters was a young lady who stated that she had "gotten" everybody in her locality. An hour later another candidate, Miss Nadine Pool, came in and produced a lot of business from the very same locality. All of which goes to show that no matter how certain one may be that nothing is left, some other worker will go over the same field with gratifying results. Real, sincere effort is a prime requisite of results to be obtained. No one who tries will fail to be rewarded—as sincere efforts never go unrewarded—but those who expect to win must prepare for a fast pace on the part of the other candidates.

Credits Drop Saturday

Who knows but that the extra votes, earned by your collections which you turn in this week, may be the very votes that will make you the winner of one of the big awards at the close of the race? But you do know this much, that it makes no difference if you have

just a few more votes than anyone else, or a million more than you need, just as long as you have the biggest total at the finish, the prize automobile will be yours.

By all means do not put off your winning work until the last minute of the campaign. Vote credits will be given in smaller numbers the last week and it will not be as easy to get in the lead then, as happens to be the case right now.

Little Time Left

There is precious little time left of the second period—just one more big day to be exact—then the candidates will enter the home stretch period with the big decrease in votes, and the ones who make hay now will secure the greatest results—and will be the ones most likely to carry a smile of keen satisfaction when the final count is registered at the close.

Speculation is rife as to who the winners of the grand awards will be. But who can tell? No one knows now, and the information cannot be imparted until the official judges have completed their task of counting up the votes on the final night. To soliloquize on the outcome is of no avail. It is real energetic effort and never ceasing determination that makes the end seem brighter. Every candidate has an equal chance to win one of the major awards, and the more work one does, the more certain she will be to win. For votes alone will decide the winners.

This is the time to make your greatest showing—while the largest number of credits is to be had. You will never have a better chance to win BIG than Saturday, Nov. 23. Good, hard, conscientious work is going to bring rich rewards.

Lum Hudson Was First Yoakum Sheriff

An issue of last week's Lubbock Avalanche, in which the new \$18,000 jail for that county was under discussion. It was stated that John Keller was the first sheriff of that county. We were positive that Lum Hudson was, as the county was organized the year the writer came to Terry.

Recalling some of the early experiences, however, after the first jail, or more properly calaboose was burned, it is recalled that a cowboy got gloriously palooted one night over there, and having no jail, Mr. Keller, then sheriff, tied him to the windmill tower in the court yard.

Old timers that lived in Plains then, stated that the fellow howled like a coyote all night, keeping the natives awake.

NEW DRESS SHOP TO OPEN MONDAY

Mrs. Lee Balfanz and Mrs. Laura Copeland are announcing the opening of their new ladies ready-to-wear shop in the State Bank building on West Main, Saturday, November 23.

Mrs. Balfanz comes here from Abilene and Mrs. Copeland from Midland. Both ladies are thoroughly experienced in this business. They cordially invite the public to come in to see them. The shop has been given the name, "The Toggery."

Mr. and Mrs. Roy Jenkins visited Mr. and Mrs. W. S. Crowe at Cross Roads, N. M. Sunday.

Late Bulletins:

A 15 year old boy, son of Mrs. J. A. Taylor, Treasurer of Yoakum County, while riding a bicycle at Plains Thursday afternoon, was run over by a car said to be driven by another youth by the name of Dickson, who took all the blame for the accident. The boy was rushed here to the hospital, but was pronounced dead on arrival here. No funeral arrangements were announced when we went to press.

First Five Soldiers Given Hearty Send-off

At ten-thirty Tuesday morning, our very efficient high school band marched down Main street to 6th, then around the court square, coming to a halt in front of the bus station at Nelson-Primm Drug store. A loudspeaker was arranged in front of the bus depot by Burton G. Hackney, and soon a short but serious program was underway. It was recalled by many an old timer that it reminded them forcefully of the first batch of our boys called into the service in 1917, except then, they knew they were preparing to fight Germany, while now we are preparing to keep from fighting.

The four white boys and one colored were introduced by Judge Raymond Simms, secretary of the Draft Board, following a short band concert. Tom May, also of the Draft Board, acted as master of ceremonies. It was explained by Judge Simms that each of these boys had waived their regular turn and had all volunteered to be the first five from Terry county to go into training. They were all healthy, hearty-looking West Texas boys, and are willing to get ready to defend our country.

After a short talk by Tom May, he introduced C. T. Edwards, commander of the local American Legion post; also James H. Dallas, postmaster, who after a short talk presented each of the five boys with a carton of their favorite brand of cigarettes. Mayor Clyde C. Coleman was not present when his name was called. Homer Winston then responded, and gave the boys the value of some of his experience in the other World War, but hoped that they by training would make Hitler forget some of his ambitions. C. Sears then made a short address, being so tall he overshoot the mike by about a foot, but we feel sure all heard him.

The band then struck up Star Spangled Banner, while the crowd stood uncovered and at attention, facing the flag flying on the court square. The bus to carry the boys away had arrived, and the crowd gave the boys a hearty handshake and goodbye.

CHILD BURIED AT UNION SUNDAY

Funeral services were held for Wilma Fae Brock, three-year-old daughter of Mr. and Mrs. A. R. Brock of Scudday, Sunday afternoon at 2:30 o'clock at the Union Baptist church.

The child died Friday, Nov. 15 from burns received when her clothing caught fire as she played with a group of children near a bonfire in the yard of her parents home.

Brother Hicks of Meadow officiated.

Burial was in Union cemetery with Brownfield Funeral Home in charge.

ONLY A FEW MORE HOURS

... Remain for the candidates to secure the winning votes in this campaign. This is practically what it means with those big credits dropping again Saturday night. For the last and final six days of the campaign subscriptions will earn the least number of credits of the entire race. Right now, while the big votes are given, is the time for those workers who really want and desire to win to turn in enough business to secure an insurmountable number of credits. Credits and credits only will win in this race and right now is the time to pile up an unbeatable margin. All we can do now is advise and suggest. The rest is up to each individual candidate. Will any worker in the list jump away out in the lead at the close of the second period? We will so see. Saturday night is the last chance. Let's go, candidates!

Terry Has Ginned More Cotton than in 39

From Lubbock Evening Journal

Rapidly approaching the close of cotton harvesting, latest U. S. Bureau of the Census report for the 19 counties on the South Plains, shows as of Nov. 1 that the 1940 crop was approximately 26,000 bales lower than that of the 1939 crop for the corresponding date.

Hockley Leads in Area

Hockley county leads the ginners in the area, passing Lubbock in the state total also and ranking 16 in the state, with Lubbock ranking 17. Lamb county ranks third in the area; Dawson, fourth and Lynn, fifth.

Ten of the counties show a gain this year over last: Bailey, Briscoe, Cochran, Dawson, Hockley, Gaines, Lamb, Motley, Scurry and Terry.

Best indications are, according to cotton men and ginners, that the area by this time is between 65 and 75 per cent harvested. The past two weeks has seen the peak of ginning passed in many sections.

Staple length and quality have been good this year. Rains have stained the cotton somewhat, lowering grades, but on the whole, cotton men report, the greater proportion is still going into the government loan. Buyers report a slight increase in the offering of lower grade cotton to the trade, but the volume is still high.

Approximately 90 per cent of the cotton ginned so far has gone into the loan.

Figures Are Given

Ginnings for Nov. 1 with comparative for 1939, were:

County	1940	1939
Bailey	15,520	6,424
Briscoe	2,713	1,962
Castro	836	1,930
Cochran	8,125	1,354
Crosby	13,256	18,260
Dawson	23,849	23,209
Dickens	7,741	8,399
Floyd	5,376	6,609
Gaines	1,294	649
Gaines	2,853	9,209
Garza	2,853	9,209
Hale	9,514	16,574
Hockley	35,693	19,062
Lamb	29,557	27,236
Lubbock	33,222	50,716
Lynn	21,530	49,682
Motley	6,475	4,102
Parmer	1,613	3,241
Scurry	14,718	12,519
TERRY	14,848	14,286

WEST SIDE BARBER SHOP CHANGES HANDS

The Reed Barber shop on the west side of the square has recently changed hands, Mr. Reed selling it to G. F. Goslin of Odessa. Mr. Goslin has put a domino parlor in the rear known as the Elite.

E. S. Blair has the front and Alton Black the rear chair in the barber shop. Both are very efficient barbers.

SLAUGHTER-DUGGAN POOL SAID TO BE ONE OF LARGEST IN TEXAS

Recent Well Brought in to Connect These Pools in Cochran, Hockley and Terry Counties. Totals 50,000 Proven Acreage in the Pool.

Last Sunday's Star-Telegram gave a large oil map in the oil section of that paper, over which was the following: "One of the largest pools in Texas formed by linking of Slaughter and Duggan Areas." Let us state right here that the Star-Telegram oil news scouts are the best, and that the Star-Telegram has the best oil reports of this section that comes to our exchange table.

Under the oil map was the following information:

One of the largest oil producing areas in Texas has been created through the linking of the Duggan and Slaughter pools of Cochran, Hockley and Terry Counties of the North Permian Basin. The Duggan-Slaughter area now ranks along with the Wasson pool of Gaines and Yoakum Counties, with more than 50,000 proven acres, the two pools being surpassed only by the East Texas field, largest in the world. Considerable development is now under way in the area, which has two new pipe lines under construction. These are the carriers of the Texas-New Mexico Pipe Line Company and the Magnolia Pipe Line Company.

In northwestern Terry, south and west of production, a wildcat test now is active at the Gulf Corporation No. 4 Mallet Land and Cattle Company, section 5, block X, 1st survey. Other circled areas on the map are extension wells and outpost tests now active. Texas Company discovered the Slaughter pool in Southwestern Hockley, while the Cascade Petroleum and Honolulu Oil Corporation drilled the discovery well in the Duggan pool of Southwestern Cochran. The production was pushed into Northwestern Terry by George P. Livemore of Odessa and Ft. Worth. Zingery Oil Map Company, Fort Worth

Notice of Call Number One

This is to advise that Call No. 1 has been made by the Governor of Texas in which Terry county is furnished 5 men.

This is to advise that the following is a list of those men expected and ordered to be in the First Call, all of which are volunteers.

1—Carl Goldston, Brownfield, Wh.
2—J. V. Goldston, Brownfield, Wh.
3—G. H. Anderson, Brownfield, W.
4—J. H. Armstrong, Brownfield, W.
5—A. S. Powell, Brownfield, Col.
These above volunteers are hereby directed to report to the office of the Terry County Local Board at 10 a. m. Nov. 19, 1940 for the purpose of being entrained for camp.

Signed this the 18th day of November 1940 at Brownfield Tex.
R. A. Simms
Chairman Terry Co. Local Board

U. S. SOLDIERS BEST PAID, BEST FIGHTERS

Pay in the United States regular Army is the highest in the world. The same will hold true for men drafted under the Selective Service Act. After their first four months in the service at \$21 a month, the service draftees will receive \$30 or roughly a dollar a day. How this compares with the base pay of unmarried conscripts in 10 foreign countries is shown in the following table compiled recently by Leyland Showe, famed correspondent for the Chicago Daily News (value in dollars based on official exchange rate):

Army	Per Month
British	\$15.17
German	6.00
Italian	1.50
Hungarian	1.18
Bulgarian	.85
French	.35
Yugoslavia	.30
Greek	.25
Rumania	.20
Turkish	.05

Sam Miller of the Needmore section, and J. T. Pippin of the Tokio area, were in Wednesday.

Tucker Employed As County Engineer

R. W. Tucker, with the Joe E. Ward Engineering Co., Wichita Falls, has been employed by the Terry County Commissioners' Court, to build the Terry county paved highway from the Hockley county line to the Dawson county line. He has established offices at the courthouse, and has begun temporary surveys. Mr. Tucker is an uncle of Mrs. Dennis Lilly, and we understand is considered one of the best engineers in the state.

In this section, he has built streets and roads in the Littlefield and Hale Center sections, all of which have been accepted without question, and these communities highly recommend him. Judge C. L. Lincoln informed us that a check for \$290,000 had been received by the Court, with which to build the roads, No. 51 from Brownfield to the Hockley county line and No. 137 from Brownfield to the Dawson county line near Welch.

However, Judge Lincoln stated that it would be at least three weeks before any construction was started on even 51, which is already drained and partially graded, and longer before permanent surveys are concluded on the south end. So, it will not be worth your while to bother the offices at the court house about jobs for at least three weeks. He will have a statement for the papers when laborers are wanted.

Notice To Our Old Subscribers

Some of the candidates on the subscription drive have reported to us that some of the old subscribers a year or more in arrears have refused to renew, saying they get the paper anyway.

This is to notify you that on and after the closing of this campaign that if you have not renewed, or explained to us why you have not, your name will be dropped from our list.

We have kept the paper going the last two years on account of short crops. But most of you have had a crop this year, or good employment if you live in town, and we cannot carry your name free. It costs real money to issue a paper the size of the Herald, and with its present circulation.

So, if you wish the Herald continued to your address after next Saturday, drop in or see one of the solicitors.

Strawberries In West Texas?—Well, That's Up To You!

Strawberries are found to do well in West Texas where planted in frame gardens, and given the proper care. Claude Merritt, Tokio, is planting a frame garden 5x20 feet, in strawberries alone.

In the frame garden set the plants 6 to 8 inches apart each way. A garden 6x20 feet will hold about 225 plants which will supply enough berries for serving two or three times a week for five persons. For enough strawberries and shortcake too, plant 75 plants per person. The main point in setting out berries is not to cover the crown. Plants set out from September through November should become well rooted and bear the next spring. Plants set out in the spring will not be strong enough to bear until the following spring. The Mastodon Everbearing variety has been found to be quite successful for West Texas.—Maretta Holway.

Your best safety device is between your ears.

Alibis are still being emitted from sources, such as some of the dailies and Hurja's Pathfinder over the election, as well as some of the columnists, including Charley Guy's Plainsman in the Lubbock Evening Journal, and Lynn Landrum's column in the Dallas News. The burden of their contention is, that IF, 500,000 votes had been "rightly placed", Willkie would have received the electoral vote and would have been the next president. But they didn't. On the other hand, we might point out IF, 165,000 of Willkie's votes had been "rightly placed", Willkie wouldn't have received a single electoral vote. But they weren't. Let us remember that 5,000,000 votes is still quite a bit of a majority, and that FDR was running under the greatest handicap of all times, the third term, and perhaps thousands of otherwise Democrats scratched his name for that reason alone. It is a well known fact that under normal conditions there are several million more Republicans in the United States than Democrats, and the returns show conclusively that millions of Republicans must have voted for FDR. They settled the election for the next four years; why not leave it so?

The people of Brownfield, generally speaking, observed the Democratic Thanksgiving, the 21st, while some of the neighboring towns are going to stay with the Republican Thanksgiving the 28th.

Again the Chamber of Commerce is calling on local residents who may have rooms, apartments or houses to rent to list them with the C. of C. There is no charge to either the owner or the renter. The service is free. But be sure that you notify the Chamber of Commerce when you have rented your room or apartment, so they'll not be sending others to see you. And a report is drifting about that rents are being hiked. Perhaps some are raising room rent a bit to take care of the difference in gas used through the winter. One can rent a room from \$1.00 to \$1.50 cheaper in summer than winter. More light is also required for winter, and if a lady occupies the room in daytime, the gas bill is considerably higher. Most people had rather not rent a room if there is no profit. But rents should not be made unreasonable any time.

The Herald has just received a brochure written by Edmunds Travis, widely known newspaper man of Texas, entitled, "A Century of Usury in Texas." This is a very interesting pamphlet and gives cases of usury from slave times in Texas up to the present, but there doesn't seem to be anything anyone can or will do about the matter. The legislature just seems to not give a ding how many people are ruined by loan sharks. This little booklet is published by The Cordova Press, Dallas.

Congressman Marvin Jones made a great farewell address to the House of Representatives in Washington last week. Responses from both sides of the chamber showed the esteem in which he is held by colleagues of all political faiths. He was commended for his hard work, and his fairness under all circumstances. He soon takes his place as Judge of the U. S. Court of Claims.

Who says the Texas Federation of Women's Clubs don't know how to scrap it out among themselves for votes for their favorites. It is reported that the recent Austin sessions sometimes favored an old

time Democratic rally. Both Hockley and Lamb counties are soon to vote on road bonds to pave their roads. Most people are now good road conscious.

Britain's Union Jack Sailors are putting this one out: "Sailors of all nations like their favorite drinks; the English like their gin; the American sailors like their whiskey, but the Italian sailors stay with their port." Yes, well hid in their ports, we might add.

Former presidential candidate Willkie advised Congress to stay on the job while he took his vacation in Florida. Well, they took it.

While there may be a sincere reason for the oil and gas division to be transferred to another than the railroad commission, let's not get up such a wrangle over the matter that it will give a federal commission an excuse to take it over. Let's keep the Texas oil industry in the hands of Texans at Austin, and not some strangers at Washington.

LAHEY

Good attendance was reported at Sunday School.

Pretty brunette, Juanita Green of this community, and a freshman in Wellman High school was elected queen Thursday night at the school carnival. She was awarded a necklace.

Mr. and Mrs. A. J. Ticer and daughter spent the week end in the Pool community with Mr. and Mrs. H. H. Harben and family.

Edna Redding of Pool spent the week end with Maureen Ticer.

We have a new manager at the store now. His name was not learned, but we do know he has a large family. We are glad to have them in our community.

Miss Maureen Ticer visited Mrs. S. V. Newsom in the Treadaway-Daniell Hospital Thursday afternoon.

LAHEY H. D. CLUB

The Lahey Home Demonstration club met at the home of Mrs. R. H. Fox on Thursday, Nov. 14. The following officers were elected for the year of 1941:

President, Mrs. F. M. Corneise; Vice Pres., Mrs. B. L. Walker; Sec., Mrs. H. R. Fox; Reporter, Mrs.

Ruth Rowden; Program Chairman, Mrs. Norvell Hulse; Recreation chairman, Mrs. H. T. Briscoe; Membership chairman, Mrs. W. T. Briscoe; Council delegate, Mrs. C. P. Rowland.

We had a very enjoyable recreation period, everyone took part. Spiced tea and cake were served to the following members:

Mmes. H. T. Briscoe, J. L. Newberry, Norvell Hulse, W. T. Briscoe, R. H. Finch, F. M. Corneise, E. M. Grindstaff, C. P. Rowland, Miss Mary Othel Fulton, with one new member, Mrs. Ruth Rowden, and the hostess.

The next meeting will be a mattress demonstration at the school house, which will be an all day affair.

SANTA FE CARLOADINGS

The Santa Fe Railway System carloadings for the week ending Nov. 16, 1940 were 19,826 compared with 20,885 for the same week in 1939. Received from connections were 7,037 compared with 5,754 for the same week in 1939. The total cars moved were 26,863 compared with 26,639 for the same week in 1939. The Santa Fe handled a total of 28,480 cars during the preceding week of this year.

HIGH FIRE DEATH MONTHS ARE HERE

AUSTIN, Nov. 16.—A sharp decline in the number of fire deaths during the months of September and October was reported today by Marvin Hall, state fire insurance commissioner.

The monthly average through August had been approximately 32 deaths, but only 47 Texans were burned to death during September and October. "This report reflects a great deal of improvement, but the record is far from perfect," he said. "Our most dangerous fire-death months are upon us, and I want to impress upon every person the importance of exercising caution, particularly in the homes."

The number of fire deaths for the first ten months of the year totalled 337. The leading causes of fatal burns were standing too close to open fires, improper use of gasoline, lack of proper exits, explosions.

E. C. Throop, district manager of the Southwestern Associated Telephone Co., was in Hobbs and Lovington, N. M. on business for the company this week.

NOTICE TO BIDDERS

The Commissioners' Court of Terry County, Texas, will receive competitive bids up until 10:00 o'clock A. M. on the 9th day of December 1940, at the Court House in Brownfield, Texas, on the following described road machinery: One Single Tandem Drive, Power Control, Diesel Powered Motor Grader, with electric starter, with single 11.25-24 low pressure rear tires, puncture proof rear tubes, 7.50-24 pneumatic front tires, plain front tubes, with wide tread front axle and leaning front wheels, with 12 ft. moldboard, flush type moldboard and end boots, two 2 ft. moldboard extensions, with fully enclosed welded steel and glass cab and upholstered seats, with power control for each adjustment, including power steering. Engine to be 50 H.P. or larger; weight 18,000 pounds or more. And at said time and place said Court will proceed to let contract, if any bid is accepted. Certified check in the amount of five per cent of bid required, and the Court reserves the right to reject any and all bids.

If any contract is made the Court intends to issue interest bearing warrants in an amount not to exceed \$5,000.00, and said warrants to bear interest at the rate of 5% and the full amount of said warrants to mature at a date not later than the 15th day of April 1945. C. L. Lincoln County Judge Terry Co.

FOSTER H. D. C. MEETS WITH MRS. CABE

The Foster Home Demonstration club met Wednesday, Nov. 13 at the home of Mrs. L. B. Cabe and jelly making was the subject under discussion.

Mrs. Smith demonstrated jelly making and gave club members some pointers on turning out jelly which is tender and very good to eat these cool mornings.

Because of the sudden drop in temperature, we suppose, there were only 9 members and 2 visitors present. Let's not let the weather keep us at home Nov. 27 when we meet with Mrs. Orville Caudile. Two o'clock is the time now.

A minute for safety is better than a month for repairs.

POOL

(Delayed)

There will be a mission school at Pool beginning Sunday, Nov. 24. Will continue through Friday night. There will be a number of good speakers on the program including a native of China. We failed to learn his name.

Mary Ruth Dunn visited Leola Trussell Sunday.

Miss Anne Caroline and Spencer Vickery of Lubbock spent last week end with their grandmother, Mrs. J. L. Randal.

Wife Was Fat No Longer Attractive LOST HUSBAND'S LOVE

The above headlines appeared in a New York newspaper in connection with a divorce trial that had attracted wide attention: "She was a beautiful woman" one witness testified, "but she got fat and is not attractive any more."

Thousands of women are getting fat and losing their appeal just because they do not know what to do. If you are fat, how would you like to lose it and at the same time gain in physical charm and attractiveness—more energy—greater activity? Why not do what thousands of women have done to get rid of pounds of unwanted fat? Take 1/2 teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast and keep it up for thirty days. Cut out pastries and fatty meats and go light on potatoes, butter, cream and sugar. Then weigh yourself and see how many pounds you have lost. A bottle of Kruschen Salts will last you for 4 weeks and costs but little. Ask any druggist for a bottle of Kruschen, plain or new effervescent—sparkling—pleasant—and start today to lose fat. Satisfaction guaranteed or money back.

THE SPOT LIGHT IS TURNED ON AN AGE OLD PROBLEM

DO YOU KNOW THAT:

GOVERNMENT RESEARCH shows that 90% of the American people are constipated?
PHYSICIANS assert that a slowing up of bowel movements is man's chief ailment and the underlying factor in most of our ailments?
PSYCHOLOGISTS have traced most of our unhappiness most of our unhappiness, neurosis and failure in life to faulty waste-matter elimination?
IT IS A COMMON FALLACY that one bowel movement a day is sufficient to keep the body machinery free from waste? By the use of X-Ray we have been able to follow through the stomach and intestines and have found that the average person having one bowel movement a day (wrongly considered normal) has at least 48 hours (two days) elapse before the food taken at a given meal is evacuated.

WHAT ARE THE NATURAL RESULTS

It is but natural that a lazy, inefficient colon will eventually cause trouble such as:

Arthritis	Neuritis	Inflamations of:
Rheumatism	Appendicitis	Throat
Cholecystitis	Mycocarditis	Nose
Endocarditis	Abscesses, Body	Sinuses
Abscessed Teeth	"Colds"	Ears
Respirator Disease		
		Skin Diseases:
Infections of:		Acne
Urethra		Eczema
Bladder		Hives
Kidney		Psoriasis
Anus		Boils
Rectum		Carbuncles, etc.

OUR GASTRO-INTESTINAL TREATMENT

Particularly by the newest method, has been proven to be the most satisfactory treatment devised by science to overcome the effects of constipation. Doing this repeatedly over a period of time gives the abdominal muscles a great deal of exercise. This in turn builds up the musculature and the rhythmic functions of the colon. The intestinal muscles are utilized in an average treatment as often as they normally would be in several hours of exercise. The effects of this repeated action is usually to restore regular bowel movement without the need of chemical or other artificial aids.

WHAT OUR TREATMENT DOES

- (1) Washes out the contents of the colon (large bowel) and the poisons it may contain, in a natural, painless and harmless manner.
- (2) It cleans out the many pockets of the bowels not evacuated by ordinary bowel movements.
- (3) It exercises the colon mechanically, restoring normal "tone" by increasing the natural peristaltic movements.
- (4) It builds up the efficiency of the colon, restores rhythm and increases the number of evacuations. These should be through normal bowel movements daily without the use of cathartics.
- (5) It corrects and prevents constipation and its many resulting disorders.
- (6) It lifts a tremendous burden from the body's resistance forces and releases these for constructive purposes

H. C. Glenn Thinks A Lot Of This Section

For years we have done business with the Temple Trust Co., as have others in this section, they having built our printing office or loaned us the money to do it in 1924. Being in Temple, we naturally wanted to meet the men with whom we had done business for years. Like many other going concerns, the hard years and short collections of the early 30's had forced them into receivership, but the management of Mr. H. C. Glenn was so efficient that the Federal Court appointed him as receiver.

Both Mr. Glenn and the secretary, Mr. Morgan, are fine gentlemen to meet, and are highly respected citizens of Temple. Naturally Mr. Glenn was anxious to hear from us and how this section was progressing, and was overjoyed at its progress. Then, Mr. Glenn really unbosomed himself to us. He stated: "If all our holdings were in that immediate section surrounding Terry county, we'd come out from receivership in the next few months. We have never lost one dollar in that section, as the property has always brought more than we had against it."

Sounds pretty good, doesn't it? Now hear H. B. Wright, an appraiser for a loan agency at Lubbock. We have known Mr. Wright for 30 years. He said to us recently: "When I was first made an appraiser, we kinder avoided as much as possible Terry county lands, which some of our bunch felt was destined to blow away. But with the passing years, when the hared lands are failing and losing fertility so much faster than Terry county lands, all of us have changed our minds, and now we jump at a chance to put a loan on a good piece of Terry county dirt. The people are learning how to handle sandy lands, and it is almost a sure crop bet."

So, you have the opinion of two men who have put much money on Terry county soil, as well as Brownfield property, and both are stronger than ever for us.

What We Saw In Old San Antonio

To hundreds, perhaps, of our readers, who have been to San Antonio, perhaps spent weeks and months there, this short sketch will not be interesting, so skip it. Yet, perhaps there are some like ourself that had merely passed through without any sightseeing. Will state that it was either fogging or raining the livelong time we were there, so we saw much less than we wished to see. The folks wanted to take us out the last night we were there, but in view of the inclemency of the weather, we did not wish to impose on them.

Of course the most interesting place to us that we visited was the Alamo, cradle of Texas liberty. It is stated that it is not on the original site, but was once moved, but rebuilt stone by stone as per originally. Instead of spending an hour there, we shall sometime spend a day there if possible to do the place as we wish. The edifice is surrounded by modern skyscrapers, that makes the old mission look like the 16 hundreds had suddenly nosedived into the 20th century. A very patriotic and rich Texas lady, Mrs. Clara Driscoll, put up the money to save the shrine, as the commercial-minded wanted to put up a skyscraper on the site.

Another very interesting place, if the weather is good, is Breckenridge park, but in winter when the weather is foul, not so good. It is one of the most interesting parks in the South, and enough funds were left by the donor, for whom it was named to forever keep it up in top shape. Don't go when it is too bad to even get out of your car.

A visit to Randolph Field, the West Point of the air is another sight, and where you'll see more planes and men handling them than you thought there were in the world. And there will be more as room is made for them. Then, there may be other minor flying fields developed, a large one for the training of Canadian flyers in the winter months, when the weather in that country is altogether unsuitable for flying.

Then there is Fort Sam Houston spreading all over the hills and dales, as young recruits are sent in. Hundreds of carpenters are busy each day erecting miles and miles of barracks and puppy tents to be used temporarily dot the landscape. But Uncle Sam is not sending men to breast the cold winter weather outdoors as he did in 1917. We learned a lesson then, by exposing the men to all kinds of winter weather conditions, that perhaps cost as many lives as were lost in the front lines.

In getting around in San Antonio, if you happen to be by yourself, you're likely to meet yourself coming back, as a half dozen different streets, all about alike, may come together at one point to confuse and lose you. There is a heavy population of Mexicans too, but not as many as we expected to see. We suspect that a lot of them are out here in Terry county cotton patches.

Dairy Industry Sees Bright Outlook

FORT WORTH, Nov. 18.—Texas dairymen and dairy farmers are faced with the Herculean task of providing dairy products for seven million of their own people—a job they have never as yet been able to accomplish without importing a goodly portion from other states. To this will now be added the demands of thousands of hard-marching soldiers who will train in Texas over an indefinite period. Add to this the new demands brought about by industry put to work in building camps, aviation fields, military highways, and other wartime industries in the State. With these possibilities, the picture looks rosy for Texas dairymen.

Despite this, however, M. E. McMurray, executive secretary of the Texas Dairy Products Association, warned Texas dairymen at a meeting held in Lubbock on November 1, that they are slowly but certainly committing economic suicide. According to his statement and supporting figures dairymen are breeding themselves out of the dairy business through the practice of crossing their top dairy cows with beef bulls for the purpose of obtaining a beef type calf slightly more salable on the market than the straight Jersey steer calf. In so doing, they are totally disregarding the future of the dairy industry and the dairy cow for a temporary gain.

Man Dies In Collision With Switch Engine

E. L. Kelly, whose home seems to be at Wink, but who was trucking out of Seminole, was fatally injured here about 8 o'clock Monday night, after driving his truck into a Santa Fe freight engine which was doing some switching from the yards to the oil mill. The wreck happened at the new Levelland road crossing, we understand, the truck being demolished.

An eye witness stated that he kept thinking the truck would stop, and the figures that evidently Mr. Kelly fell asleep. The truck was so badly smashed that the

man had to almost be pried out, according to Houston Hamilton, deputy sheriff, who was called to the wreck. Kelly died at the local hospital two hours later.

We learn that the body was carried to Wink by the Brownfield Funeral Home for burial Tuesday. His wife evidently lived there, as that was all the information the wounded man was able to utter was about where his wife lived.

Mr. and Mrs. Ray Clewis spent Thanksgiving with her parents, Mr. and Mrs. B. H. Moore, in Lubbock.

Mr. and Mrs. J. J. Kendrick visited his parents in Seminole, Sun.

'WORLD IN FLAMES'—MOST TIMELY PICTURE OF THE YEAR TO BE AT RIALTO

"A Picture for Free People" is the subtitle given to this compilation by Paramount News of newsreel highlights of the past decade which is to be shown at the Rialto Theatre Tuesday and Wednesday and that is what the film essentially is.

The World In Flames portrays for Americans, history from 1929-40. There is no propaganda, bias or prejudice and the only message, and that in the closing minutes of the picture, is one which is endorsed by every American—preparedness for defense.

WORLD IN FLAMES, on account of the nature of the events depicted, is no happy story. War, refugees, death and destruction are in almost every foot of the hour-long film. Beginning at the time of the 1929 crash the picture shows outstanding newsreel records right up to the "Battle of Britain." The first years are covered swiftly and most emphasis is given to World War II.

Many of the scenes will be remembered but the subjects are of such importance that they are worth seeing over and over again. The editing and unifying commentary have made the film impressive.

The story told by the actual newsreel shots made as the events were happening is mainly one of aggression. It begins with the Japanese advance in Manchuria, marked by the protest of the United States. The next important happening is the Italian adventure in Ethiopia. Trouble in Spain is an undercurrent. Foreign intervention on behalf of both sides in that struggle is indicated: Help to Franco from Italy and Germany and aid to the other party from Stalin. Also shown is the undeclared war in China where the death and misery is sometimes forgotten since our attention turned to Europe after Sept. 1, 1939.

In the years 1930 and part of 1940 the War in Europe is given the principle attention. Notable among these scenes, fresh in the memory of theatre goers, are those of Arthur Menken in Norway, the retreat from Dunkirk and shots made by the Germans in Poland and used in their war of terror propaganda films.

In World in Flames, Paramount, without any fanfare or advance publicity, has assembled a documentary film that is an outstanding example of the type. It is all fact with no "produced" interludes. It is serious—very serious—entertainment. Many Americans will want to see this newsreel history of the past decade... it is a film that every American SHOULD see. Though the picture is not being sponsored by the American Legion it is one that this organization should see as a body inasmuch as they have assumed the responsibility of National Defense at home. The picture opens Tuesday at the Rialto Theatre and as a special added attraction there will be shown a short feature, "London Can Take It"... a pictorial story of the hardships now being endured in Britain.

NURSES THANK LEACH

ONLY SEVEN MORE DAYS

To Win or Lose In the Big "Better Times" Campaign

Race Is Close

Candidates Are Working Hard

Help Them Win Now!

WHO WILL THE WINNER BE?

Race For \$2,000 In Awards Will Close November 30th, At 9 O'Clock P. M.

With Splendid gains being made by the candidates in all sections, the prize aspirants in the big "Better Times" Campaign have seven days to go before the final distribution of the wonderful gifts. As a result of the second largest vote offer, which will close Saturday night, many candidates will be able to make such progress that undoubtedly new leaders will come to the fore. The race has fast narrowed down to one of the utmost determination. The numerous candidates all over the section

covered by The Terry County Herald are as busy as any swarm of bees you ever saw, and since we have made the comparison, we may as well add that a drone in this affair stands just about as much chance of getting along and prospering as does a drone in a bee hive. Every where candidates are swarming in eager and anxious quest for the subscriptions and votes that will win for them one of the greatest lists of valuable awards ever given in Brownfield and surrounding territory.

Civic pride is playing an important part in the campaign. Towns and communities throughout this section are rallying to the support of their favorite contestants, vieing with each other for the honor of claiming the winner. The spirit and enthusiasm of candidates have spread to their friends and acquaintances like wildfire. In many localities the entire townspeople have caught the fever and forthwith issued the edict that their candidates must be among the victors in the great \$2,000 gift distribution.

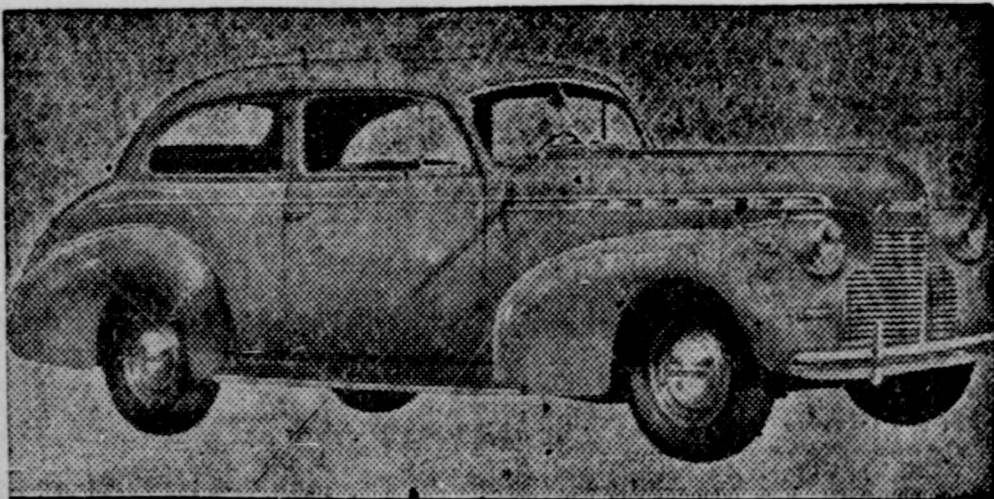

Where Will YOU Finish?

PASSENGER CARS SALES HIT TEN-YEAR HIGH

AUSTIN Nov. 18.—October sales of passenger cars on the Texas market boomed to a new ten-year high for that month, the University of Texas business research bureau has reported. Reports tabulated from fifteen of the state's most populous counties showed that sales from Oct. 1940, totaled 7,411 new vehicles, more than triple the number registered in October, 1931.

Favor Separate Oil & Gas Commission

AMARILLO—Branding the policies of the Texas Railway Commission as "no longer sound or advisable" and declaring it to be inadequate for the conservation of the petroleum resources of the State, Directors of the Panhandle Producers & Royalty Owners Association in session here voted unanimously to demand of the next legislature a separate oil and gas commission.

Driving in near zero weather, independent producers and royalty owners from all sections of the Panhandle, attended the meeting, which was called by Mel B. Davis of Pampa, who is President of the Panhandle Producers & Royalty Owners Association. Flagrant inequities in allowables, orders and other regulations of the present Commission were charged by various members present. An appointive commission to devote its full time and attention to the problems facing the oil and gas industry, will be sought at the forthcoming session of the legislature.

In the discussion of the policies of the Railroad Commission it was charged that in some fields, particularly the Panhandle District, the allowable per well is as low as 15 barrels daily compared with daily allowables in other fields of from 50 to 100, and even as high as 300 barrels per well.

This and other policies of the Commission which were scathingly denounced at the meeting, were outlined in a formal resolution, which will be submitted to Governor W. Lee O'Daniel and all members of the law-making body of the State.

"The Texas oil and gas industry," said President Davis, "is the largest of any state in the nation and it has grown until it merits the complete attention of some fair, impartial commission. We expect to call this need to the attention of our next legislature."

Oil Industry Pays 44 Per Cent of Taxes

DALLAS, Nov. 18.—The average Texas tax-payer now has to pay \$3 for every \$1 he paid in state taxes in 1920, a study just completed by the Texas Mid-Continent Oil and Gas Association shows.

The study, based on figures in the association's new book, "Important Facts About Texas Oil," shows that Texans in general now pay \$69,000,000 in state taxes against \$23,000,000 in 1920, or three times as much. The Texas petroleum industry now pays \$39,000,000 in state taxes against \$4,000,000 in 1920, or nearly ten times as much.

During the 20-year period, the cost of state government has become virtually five times as great, while the state's population is less than one and a half times as much. The tremendous increase in governmental expense represents an increase in per capita cost of \$18.53 for each Texan.

However, the average Texan's tax obligation is not this much more, but only \$5.82 more than in 1920. Taxes to fill this wide gap have come from the Texas petroleum industry, which is paying over three times as much in proportion today as the average Texan.

Figures contained in the book show that the Texas petroleum industry is now paying 44 1/2 per cent of all state property and business taxes. This is exclusive of poll and sales taxes such as the gasoline tax, which the consumer pays. However, if sales taxes are counted, petroleum and its products bear over 53 per cent of all state taxes.

'UNLOADED' GUN SOMETIME KILLS

AUSTIN, Nov. 18.—Hunting is at nearly top flight in Texas with the opening of quail shooting Dec. 1 marking the last season to get under way. The executive secretary of the Texas Game, Fish and Oyster Commission has issued an appeal to every sportsman to treat each gun as if it were loaded, and has set out a group of rules which if observed, would do much to lessen the tragedies of accidents in fields and woods.

The game chief especially pointed out that it is the "unloaded" gun which does the most damage. Check your actions while carrying a gun with the following rules and live to hunt another day:

Carry only empty guns, taken down or with the actions open, into your motor car, camp or home.

Always be sure the barrel and action are clear of obstructions.

Never point a gun at anything you do not want to shoot.

Be sure of your target before you pull the trigger; what you think is a deer may be another hunter.

Always carry your gun so that you can control the direction of the muzzle even if you stumble.

Never leave a loaded gun unattended.

Never climb a fence or tree carrying a loaded gun, nor lean your gun against a fence while climbing over.

The more you hear of safety, the less you hear of accidents.

Teacher: "Have you heard of Julius Caesar?"

Bobbie: "Yest ma'm."

Teacher: "What do you think he would be doing if he were alive today?"

Bobbie: "Drawing an old-age pension."

Julia: "Do you think it unlucky to postpone a wedding?"

Frank: "Not if you keep on doing it."

How One Woman Lost 26 Lbs. of Fat

—4 inches off Hips
—3 inches off Bust
—7 1/2 inches off Waist

Writes "I Feel Fine and Look 10 Years Younger"

How would you like to lose 10 to 20 pounds of fat in a few weeks? How would you like to lose your double chin and your too-prominent hips and abdomen and along with it feel better perhaps than you have in years?

Get on the scales today and see how much you weigh. Take half a teaspoonful of Kruschen Salts in a glass of water first thing every morning. Cut out pastry and fatty meats—go light on potatoes, butter, cream and sugar. After 30 days weigh yourself again—now you'll know the easy, sensible way to lose fat.

Start today girls to get a more charming, attractive, slender figure. Kruschen comes in either the new pleasant, bubbling form or plain—a bottle usually lasts 4 weeks and is inexpensive.

Leading druggists all over America sell Kruschen Salts; if not supremely satisfied—money back.

As long as there remains anywhere a love of oratory, men will read Mark Anthony's speech and the "Cross of Gold" address of William Jennings Bryan, we were talking about him a few weeks ago, remember? There is a thrill, even in cold type, to such declarations as these:

"We say to you that you have made the definition of a business man too limited in its application. The man who is employed for wages is a much a business man as his employer; the attorney for a country town is as much a business man as the corporation counsel in a great metropolis; the merchant at the crossroads store is as much a business man as the merchant of New York; the farmer who goes forth in the morning and toils all day, who begins in spring and toils all summer, and who by the application of brain and muscle to the natural resources of the country creates wealth, is as much a business man as the man who goes upon the Board of Trade and bets down the price of grain; the miners who go down a thousand feet into the earth or climb two thousand feet upon the cliffs and bring forth from their hiding places the precious metals to be poured into the channels of trade are as much business men as the few financial magnates who, in a back room, corner the money of the world."

"There are two ideas of government. There are those who believe that, if you will only legislate to make well-to-do prosperous, their prosperity will leak through on those below. The Democratic idea, however, has been that if you legislate to make the masses prosperous, their prosperity will find its way up through every class which rest upon them."

"Burn down your cities and leave our farms, and you cities will spring up again as if by magic; but destroy our farms and the grass will grow in the streets of every city in the country."

"Having behind us the producing masses of this nation and the world, supported by the commercial interests, the laboring interests and the toilers everywhere, we will answer their demand for a gold standard by saying to them: You shall not press down upon the brow of labor this crown of thorns; you shall not crucify mankind upon a cross of gold."

No man—until the advent of the radio—was ever heard by as many

people as was Bryan in the campaign of '96. He made as high as 30 speeches in a single day, including brief speeches from the back platform of his train, and millions came under the spell of his magnificent voice. Few candidates have stirred a greater enthusiasm and those whose hearts were broken when his colors trailed in the dust can understand these lines:

"Election night at midnight:
Boy Bryan's defeat.
Defeat of western silver.
Defeat of the aspen groves of Colorado valleys,
The blue bells of the Rockies,
And Blue Bonnets of Texas
Defeat of alfalfa and the Mariposa lily,
Defeat of the Pacific and the long Mississippi . . .
Defeat of my boyhood, defeat of my dream."

It takes only a few minutes to get to a hospital, but a long time to come back.

Speaking of accidents—metal guards will never take the place of mental guards.

Aliens Must Register By December 26, 1940

Alien registration will end on December 26 and all non-citizens who have not yet registered are warned that severe penalties will follow failure to comply with this Federal law.

All aliens, 14 years of age and older, must register in person and be fingerprinted.

Alien children, under 14, must be registered by their parents or guardians.

Registration takes place at the post offices.

There is no charge of any kind connected with alien registration. The Department of Justice warns aliens to beware of racketeers.

The Post Office Department and the Department of Justice will willingly assist the alien in every way possible.

Earl G. Harrison, Director of Alien Registration of the Department, suggests that those aliens who have not yet registered do so as soon as possible and avoid the Christmas rush at the post offices.

All aliens are also warned that, having registered, they are required to report any change in their permanent residence address within five days to the Immigration and Naturalization Service of the Department of Justice, Washington. Forms for this purpose are obtainable at all post offices.

No alien need be unprepared for the questions he will be asked. Sample registration forms show him exactly what information he will need at registration are available at all post offices.

CARL ANTON JACOBSON

Carl Anton Jacobson, father of Dr. M. E. Jacobson, died at his son's home in Brownfield on Nov. 19, 1940. He was born on Dec. 7, 1874 at Dallas, Illinois. At the age of about five he moved with his father and family to Albion, Neb., where they founded their homestead. He lived in this community for the most part until May 1915 and while living at Albion he met and was married to Ellen Nygren on March 21, 1901. To this union on April 3, 1902 was born one son, Dr. M. E. Jacobson.

In 1915 the deceased moved with his family to Omaha, Neb., where he resided until 1932, at which time he moved to Terry county, and during his residence in Terry county he lived in the Meadow and Brownfield communities. Following this he moved to Arcadia, California in September of 1939, which place was his residence at the time of his death.

On Nov. 3, 1940 he returned to Brownfield on a visit to his son's family and six days following his return he developed a severe heart attack from which he never recovered, his death occurring on his eleventh day of illness.

Carl Anton Jacobson was duly confirmed in the Salem Lutheran Church of the Albion, Nebraska community at the age of sixteen. Since that time he has been continuously affiliated with churches in the communities in which he lived. He served in an official capacity in the Lutheran Church in Newman Grove, Nebraska and was at one time a member of the Methodist church in Brownfield and also the Presbyterian church of the same city. In California he joined the American Lutheran Church of Arcadia in which church he served as elder.

He is survived by his wife, a

And It's Only The Beginning!

By Maretta Holloway

Mattresses are being made every day in some parts of the county under the supervision of home demonstration club women. On October 30th, the first mattress center was opened at Pool. Since that time 69 out of the 160 mattresses to be made have been completed.

One club meeting is devoted to a mattress making demonstration given by the home demonstration agent where the women bring their dinner and spend the day. The center is then opened under supervision for those families who have had their applications for mattresses approved by the county AAA Committee. Six communities have made their 1940 quota of mattresses. These are: Foster, 13 mattresses; Harmony, 12; Johnson, 3; Pool, 21; Scudday, 10; Wellman, 10. Centers open now are Pleasant Valley and Union. Lahey and Tokio will open their centers next week, according to present plans.

The 1941 Mattress Program, according to information from College Station, Texas, in general will operate in the same manner as the 1940 program under which 191,990 mattresses are being made in Texas. Forty thousand bales of cotton plus the necessary ticking will be furnished Texas for the program by the Surplus Marketing Administration. The scope of the program is limited to groups financially unable to purchase mattresses from commercial concerns and will interfere in no way with the sale of mattresses through commercial channels.

Families are eligible if they live in the country and had a total income of not more than \$500 for the previous calendar year. For each member of the family in excess of four, this figure may be raised \$50.00.

If they live in a village, town, or city and receive at least half of their total income during the previous calendar year from agricultural occupations, providing, of course, the total income was not more than \$500.

Each eligible family may receive one mattress for each two persons in the family, not to exceed a total of three mattresses.

As in the 1940 program, eligibility of rural families will be determined by county agricultural conservation committees.

Cotton Farmers Parity Checks Arrive

L. N. McClain, County Agent, reported this week that cotton parity checks to the amount of \$87,579.39, had arrived for distribution to the farmers of Terry county. Other compliance checks are expected to begin to arrive soon.

By the way, Mr. Mack had a very interesting article in the Herald last week on amount of feed required to produce a pound of flesh in cattle of various ages. Our aim was to give the article a good headline, and have his name under it, but it got by with small headlines and no name as author.

We hope you read it anyway. It was good and profitable information for those expecting to feed out a large or small herd of cattle.

Mr. and Mrs. L. R. Pounds and Mr. and Mrs. L. J. Dunn visited their children in Lubbock, Sun.

The Foster Home Demonstration Club members helped make thirteen mattresses beginning Nov. 1 and finishing Nov. 7. The church of God was used for the mattress making center, located near the center of the community.

Club members met Friday, Nov. 1 and 2 mattresses were made under the supervision of Miss Holloway, county demonstration ag't. The following days, except Sunday two were made each day and on Thursday three were made. Club members helped each family receiving a mattress to make it.

Each family receiving a mattress was asked to bring plenty of help to make their bed, and several families did. Some families brought only one or two persons to help, and under these conditions mattress making turned from a chore into hard work.

One family brought seven grown people, two of them men to work and this mattress was finished by

them right was time well spent, and many of them are planning on making mattresses for their homes in the near future. Foster H. D. C. wishes to thank the Church of God people for the use of their church for a mattress center.

ATTEND O.E.S. MEETING IN SEMINOLE

Mmes. Jessie Randal, Ida Bruton, Mary Ellen Brown, Mollie Goodpasture, Cornelia Moore and Bertha Stahl were in Seminole Wednesday afternoon of last week to attend the constituting of the Seminole O.E.S. chapter. There were representatives from Seagraves, Hobbs, Lubbock, Midland, Lamesa, McCamey, Slaton and Brownfield.

Following the closing of the chapter, the members, officers and guests were invited to the home of Mrs. W. A. Cox where a reception was held to honor the grand officers.

BAPTIST CHURCH

Last Sunday was a good day in this church with good attendance at all day services, but our attendance is never what it should be Sunday evenings and we must improve it.

Our budget for next year is the largest in the history of the church due to building payments and added upkeep expense and it is up to every member to cooperate that it may be taken care of in a worthy manner.

It does cost something to maintain the church in the community but those who complain about it generally furnish more money to maintain the movie theatre than they do the church.

The pastor reported a great state convention last week in Houston and Baptist forces are steadily moving forward.

The statistics show that Baptist churches have had an increase in membership during the last ten years of 31.2% while the increase in population in the territory covered by the convention was 9.3%. It also showed that our growth in Sunday school enrollment for the last twenty years was 1,347,189, while growth of the next nine leading denominations had an increase of 873,208. Gains in other fields were also encouraging and should humble us in thanksgiving that the Master has blessed our work and workers with such a harvest.

Let us thank God and take courage and seek to be more loyal to him in the coming days.

We plead for the cooperation of our own membership to our own church program and cordially invite all forward looking Baptist people moving into our community to come into our fellowship and help us as we seek to honor the Christ here in this community.

NEW RESIDENTS

Mr. and Mrs. Daniell Davis have moved here from Tahoka, and will be at home in the Dr. J. R. Turner apartments. Mrs. Davis is employed in the First National Bank. Mr. Davis is a salesman with the Ross Motor Co. Mrs. Davis is a sister of Mrs. Spencer Kendrick.

Church Rally And Dedication Program

State rally and dedication of church to be held at the Four-square church Nov. 28.

Young people will be coming from all over the state to attend this great service.

Several outstanding preachers to attend. Rev. Harold Chalfort of Los Angeles will be here. Brother Chalfort is an International Crusade Commander. He will be

Rev. Irene Lee Wilson

preaching and showing pictures of his 22,000 mile trip through Central and South America Thursday, Nov. 28.

Rev. Evelyn McGowan of Omaha, Neb., our Dist. Commander, will be present and preaching on Wednesday at 7:45.

Rev. Frank A. Cummings, Kansas City, Mo., Our Dist. Supt. will be bringing our Dedication Sermon Thursday, 10:30 a. m.

Rev. Daisy Wiltbanks of Lubbock, the State Commander, will be preaching in the afternoon.

Rev. Fred A. Beard of Little Rock, Ark. and State Supt. is expected to attend.

Rev. Irene Lee Wilson started the church here Aug. 22, 1938. She came to Brownfield not having a member and not knowing one person. Started the building and opened a revival which has resulted in a thriving church, with some 180 being saved and reclaimed during that time and 70 joining the church and a nice church building practically free of debt. She has won a host of friends in that period of time.

We as a church wish to thank each and every one, as well as the business people, who have helped to make this church possible, and we extend to one and all a hearty welcome to the Rally and Dedication Service Wed. 7:45 and all day Thursday 28.

The friendly little church on the highway. Pastors Rev. Carl and Irene Wilson.

The only one that should put faith in a rabbit's foot is a rabbit.

PRESENT PLAY

The Speech students of the High School presented a play entitled Juliet and Romeo in an assembly at 1 o'clock Wednesday afternoon.

Virginia Stroup, James Bryan, S. A. Hodges, Doris Cain and Robert Adams were members of the cast.

Stage managers were Gene Hill and Calvin Stephenson.

Make-up and costumes were planned by Meryl Lee Fitzgerald, Melba Green and Mildred Clay. Frances Schmidt prompted. Nell Marie Eckert furnished the music.

WOMEN'S SOCIETY OF CHRISTIAN SERVICE

The ladies of the Methodist church met Monday at one o'clock for a covered dish luncheon, after which Mrs. Scott-Tucker led the fourth chapter of "Uprooted Americans." Mrs. House led the devotional. Mr. Fulton gave us an interesting talk about the Red Cross and some of the work it is doing. Miss Whitney explained to us her work with the F.S.A. Pappy John Powell was our guest at dinner, the occasion being his 74th birthday. His daughter, Mrs. Rufus Rush of Lubbock, Mrs. Bennet and Emogene Fitzgerald were also guests.

Members present were Mmes. Cook, Bynum, Thompson, Gilham, Holmes, Webber, Longbrake, F. T. Cox, Chaney, Helm, Fitzgerald, Foote, Arnett, McAdoo, House, Hanks, Loyd, Carpenter and Scott-Tucker. Mrs. Cook will lead our lesson next Monday at 3 o'clock.

FEDERATION WOMEN ELECT MRS. WALKER

AUSTIN, Nov. 17.—Mrs. J. W. Walker of Plainview won the presidency of the Texas Federation of Women's clubs over Mrs. O. H. Carlisle of Houston by a vote of 432 to 229 Thursday night as the most spirited election in federation history closed. Election figures were announced near midnight at the clubhouse in the concluding session of the annual state convention.

Other state officers elected, without opposition, are Mrs. Grace Finger Vance, Refugio, first vice-president; Mrs. G. A. Ripley, Dallas, second vice pres.; Mrs. Grover Johnson, Wichita Falls, recording secretary, and Miss Ethel Foster, Sterling, treasurer.

OPEN HOUSE TO BE HELD SUNDAY

Mr. and Mrs. R. M. Kendrick who have recently moved into their new home, are holding open house Sunday afternoon from 3 to 5 o'clock and invite their friends to call.

OPEN HOUSE TO BE HELD SUNDAY

Bill McGowan, law student at Texas U., is spending the holidays with his parents, Mr. and Mrs. J. J. McGowan.

SCHOOL OF MISSIONS

Beginning Nov. 24 at the First Baptist church, we will have an interesting study of missions, with an address each night by a foreign missionary.

Below are five results from such study:

In the first place great mental activity is aroused in one person while another may be moved to use her energy in service. A third may see where more can be done for the negro and mexican. Still another may find a new joy in prayer while her friend may invest her money in Kingdom work.

We have a place for every member of the family.

Travis Bynum and family, after a sojourn of about a year in Arkansas, have returned to Brownfield, we believe convinced that it is the best town in the county in the best state in the best nation on earth.

MAIDS AND MATRONS HAVE THANKSGIVING LUNCHEON

Mesdames L. M. Wingerd, H. F. Heath, J. R. Turner and J. L. Randal were hostesses with a Thanksgiving luncheon Tuesday at the Wingerd home, when members of the Maids and Matrons club were guests. Mrs. Grady Goin was program chairman, and the following program was given:

Roll call, A Proverb from Solomon; Song, "How Firm A Foundation, Club; Selections from the Psalms, Mrs. Goin; Song, Mrs. Telford and Mrs. Wingerd; Thanksgiving poem, Mrs. Leo Holmes.

Mrs. W. A. Bell gave a paper on "The Unchanging Word for a Changing World."

Mrs. Ruth Moore gave an interesting report of her recent trip to the State Convention. The next meeting will be Dec. 3 when Mrs. J. L. Randal will review the book, "World's End." The public is invited to attend.

FIVE-COUNTY HEALTH UNIT HAS MEETING

A meeting of the dentists and nurses of the Five County Health Unit was held in Dr. Brumage's office Monday evening, when Dr. Ed Taylor, director of dental health of the State Department spoke on the "Dental Trailer," its purpose, and answered questions about this project of the state health department.

The dental trailer, he explained, is a dental office on wheels, and arrangements have been made for it to be brought to Brownfield in January. The trailer is taken only to the counties which support a health unit.

County School Supt. Lee Fulton, School Supt. Emmitt Smith, Dr. R. B. Parish and Dr. Schofield were among those present.

BIRTHDAY PARTY

The ladies of the Church of Christ with Mrs. Griggs and Mrs. Homer Winston acting as hostesses of the occasion, which honored Mrs. Maude Dalton with a birthday party Thursday evening at four o'clock at her home. After the gifts were received, Mrs. Dalton cut a lovely cake, with candles. The register book was passed and twenty one guests signed and left good wishes in the form of a note of cheerfulness.

After the social hour many gifts were received by the honoree and each one was appreciated and thanks was given by Mrs. Dalton in her cheerful way. She sends her thanks to every one and asks God to bless each one that responded.

On Friday, Nov. 15, in the home of Mrs. Preston Lewis, a birthday dinner was served in honor of Mrs. Maude Dalton. Just about everything that one could wish to eat was served to a host of relatives and friends. The afternoon was spent looking at many beautiful gifts and wishing her many more happy birthdays.

There's a bit of sunshine when our friends are near. Saying words of comfort and bringing kindly cheer, For when we see them smiling all the clouds depart, They leave a bit of sunshine to cheer my lonely heart.

Soil Heads Meet In Brownfield Wed.

Supervisors of the Terry-Yoakum-Cochran soil district, recently selected, are to meet Wed. in Brownfield to set up a district program, according to O. T. Williams,

area conservationist of the U. S. service.

At the same time, county farm agents and home demonstration agents of the three counties will meet with the group. Williams will attend and possibly another from the district office.—Lubbock Av-lanche.

Appeal To Santa Claus

Santa Claus will pick gifts of cotton this year if these Cotton Belt tots have their way about it. Holding between them the National Cotton Council's official 1946 Cotton Christmas emblem, these youngsters ask mothers and dads everywhere to make sure that the Christmas tree bears plenty of cotton gifts, including at least two big cotton dolls.

Willis and Willard, started rolling midway in the campaign and since that time the Mustangs have proved invincible. Only once during the fall did the Cubs suffer a reversal of form and on that occasion Lovelland tied them at 6-6, but Brownfield emerged victorious via a margin of two first downs.

Co-captain Jiggs Tankersley, W. D. Warren and Deverelle Lewis spark the Cub ground offensive from their backfield posts. Warren, 130-lb. scat back, ranks on par with the finest open-field runners on the South Plains. Brownfield's classy aerial play attack is featured by the crack combination of Warren to Gene Hill. Also Lewis and Tankersley toss the pigskin well to such capable receivers as Monroe Rowden, Spencer Murphy, Billy Moore and Hill.

M. J. Akers, 200-pound left tackle and co-captain, is the bulwark of the Cubs' defensive line. Akers is aided by two veterans in Paul Bagley, James Mullins. New-comers in the varsity line and performing nobly are Rowden and Floyd Perry, guard. Coach Aubra Nooncaster has a host of competent reserves to replace these regulars after some rough play.

Several hundred Brownfield fans plan to follow the Cubs in their trek upstate, including the colorful high school band. With the District 5-A title at stake, Olton and Brownfield will not hold back a thing. Neither team has ever pulled its punches while opposing the other and Thursday's all-important game will not be an exception. Winner of the game will play the Colorado City-Snyder winner for the bi-district title.

Secretary of State To Appoint Notaries

County Clerk H. M. Pyeatt supplied the Herald with the following information:

"Due to the passage of the constitutional Amendment authorizing appointment of Notaries Public by the Secretary of State, appointments will be made from and after the canvass of the vote on Nov. 20, 1946. Appointment made before June 1, 1941, will expire on that date. All appointments made on June 1, 1941, or thereafter, will expire on June 1, 1943. There has been no change in the existing law other than requiring the applicant to be 21 years of age and a resident of the County, and further that under the old law the Governor appointed all Notaries with the advice and consent of the Senate."

Cubs Play Olton For District Championship

With their hearts set on avenging last year's 13-0 setback at the hands of Olton, the Brownfield High School Cubs have been going through strenuous two-hour workout daily to ready themselves for the District 5-A grid championship tilt against Olton's Mustangs on Thanksgiving Day. This Turkey Day clash involves two rivals of long standing and promises to be one of the outstanding school-boy games on tap. Olton High School field will be the scene of the battle.

Brownfield captured the southern section of the conference by defeating Slaton 27-6, in an Armistice Day engagement. Olton, on the other hand, sewed up the northern division last Friday afternoon with a 39-6 triumph over Sudan. Undeclared in eight contests this fall, the Brownfield Cubs appear to be slightly stronger on paper than the Mustangs.

Early in the season Olton dropped a pair of close encounters to Chillicothe and the Lubbock cowhands. However, the Hedges twins,

Mr. and Mrs. Doc Settles, of Brownfield were in Meadow Sun.

Mr. and Mrs. Guy R. Zachrey of Hobbs, N. M. visited his mother Mrs. Frances Zachrey Sunday afternoon.
