## What The County Judge And The Commissioners Found

County Judge C. L. Lincoln and Commissioners Tom Warren, Bill Settle, J. F. Malcolm and B. Martin returned the first of the week from Austin, where they attended the County Judge-Commissioners Association convention, had an interview of the State Highway Commission and attended to other business while in the capitol.

They reported that the C. J.-C. association did not endorse the assumption of bonds by highway department, that were voted in 1939-1940, and they also found a snag in the legislative committee. It seems that one of the requirements were for all county commissioner courts that have voted the past 2 years on road bonds, that such commissioners court formerly vote on asking the legislature to extend the assumption law to include 1940. A great fight is brewing. East and Central Texas already have their portion of the hog, and now want the rest.

A meeting was held here Tuesday with commissioners and county judges from neighboring counties that have voted bonds, and a regional meeting called later this week at Lubbock. Personally, we are getting our belly full of playing stepson to the rest of Texas, and to be perfectly frank, we think west Texans are darn fools to remain a part of the state when we can form a state of our own according to the constitution of the United States.

For instance, the average east-central Texas representative district has between 30,000 and 40,000 people, this one has 120,000. Is that fair representation? There is not another state in the Union that plays politics with parts of that state so thickly populated. Perhaps the next best thing to withdrawal and forming another state, would be to vote the Republican ticket to the man and woman out here. That would wake those possum eaters up. That plan in east Tennessee keeps the rest of the state shooting square.

## Large Crowd Sees Golden Gloves Bouts

A crowd that comfortably filled the local school gym witnessed some 20 bouts here Tuesday night in the invitation Golden Gloves Tournament. Many of the lads were undersized, and of course cannot compete in the district elimination at Lubbock, but some were real scrappers, and fans reported they got their money's worth.

As no other bouts had been staged here in some time, local people figured the Brownfield and Terry county boys would fare pretty badly, with the representatives of several other towns in the section, but those who attended say the local lads more than held their own.

The district tournament will swing into action at Lubbock next Wednesday night, at the Cotton Club on the Lubbock-Slaton highway. Tickets on sale by Avalanche-Journal and two Lubbock Drug stores. Fighters will weigh in at 3 o'clock Wednesday afternoon in building formerly occupied by Sherrod Hardware.

## Rio To Close

call for you. The telephone number is 326R. Despite the possibility of inclement weather the building will be warm and comfortable. The public is assured of a warm welcome at all of these services.

## Emergency Feed And Seed Loan Taking Applications

Application for feed and seed will be accepted in the basement of the Courthouse, Mr. L. B. Wright announced Friday, and urged that the farmers put in their applications as soon as possible.

There will be a clerk in the office each day for the next two weeks beginning February 3, thereafter the office days will be Friday and Saturday. Mr. Wright will continue to be here each Friday.

## 32,140 Bales Cotton Ginned To Jan. 16th

R. D. Copeland, special agent of the Department of Commerce, Bureau of Census sent us a report of the cotton ginned from the 1940 crop to January 16th this year.

He reported 32,140 bales up to the time had been ginned compared with 20,704 for the same date last year, a gain over 1939 crop of 11,436 bales.

## Boy Scout Movement To Celebrate Birthday

Boy Scouting's 31st birthday, to be celebrated February 7-13, will give action to the 2200 Boy Scouts and Cubs of the South Plains Council, comprising 20 counties, L. R. Grimes, council chairman said today. Actually February 8 Scouting will be 31 years old.

All over the council Troops, Packs and communities will commemorate the founding of Scouting in America with pot-luck dinners, banquets, parent meetings, Courts of Honor, programs and the like.

On February 8, at 6:30 p. m. central standard time, President Roosevelt will speak from the White House to the 1,600,000 men and boys in Scouting and all the nation in his annual talk. With him will be Dr. James E. West, chief executive, and Walter W. Head, president of the Boy Scouts.

That day, Saturday, will be a big day for South Plains Scouts. In most every town, Scouts will "take over the reigns of the city" in handling the government, learning by doing. Many gatherings will be held to hear the nation-wide broadcast over NBC, CBS and MUTUAL. Sunday, February 9, is Scout Sunday during which time Scouts and Cubs will attend church in units. Sermons will be built around the Scout theme.

The council has urged Courts of Honor, school, civic club programs and the adoption of the Troop and Pack Pledge for 1941, which pledge the unit sets up goals to shoot at during the year. Troops and Packs fulfilling all requirements will be awarded plaques and the Scoutmaster, Cubmaster and wife will be guests at the 1942 Annual Council banquet.

## Deputy Income Tax Collector Calls

Mr. Burl Bedford, of Lubbock, deputy internal revenue and income tax collector of this area of Texas, was a business visitor in our city, Wednesday, rounding up and revising files. He left some information with the Herald to be published relative to income tax payments.

Mr. Bedford stated that later he and an assistant would spend a day in Brownfield at the post office to help those not familiar with income tax statements. Remember this year, the requirements of income reports have been lowered on single individuals to \$800 instead of \$1,000, and married couples \$2,000 instead of \$2,500, gross income.

Due notice of the day he will be here will be printed in this paper.

## Terry County Gets \$24,412.72 From Trucks

AUSTIN, Jan. 28—The Texas trucking industry last year paid to Terry county amounting to \$24,412.72, Lynn B. Shaw, general manager of the Texas Motor Transportation Association, reported today.

Shaw said the amount represented \$16,021.12 for highway construction and maintenance, and \$8,391.60 for the public schools of Terry county. For each scholastic in the state, the truckers paid \$2.80, an increase of 31 cents over the previous year. An amount equal to the school fund was distributed to counties to absorb bonds for road building purposes.

For highway and school purposes alone, the Texas trucking industry last year paid taxes in excess of fourteen million dollars.

## Ross Staging Another Auction Sale Saturday

F. F. Bozeman stated this week that C. E. Ross, automobile dealer of this city, was staging another auction sale of cars, truck and tractors, Saturday afternoon beginning at one o'clock.

Mr. Ross is the pioneer in auction sales of cars in this section. Mr. Bozeman will cry off the cars, etc., to be sold.

## Essence of Democracy,

Boy Scouts throughout the country celebrate the 31st anniversary of the movement in America during the week of Feb. 7-13. While the slogan on the poster above emphasizes the fact that "Scouting strengthens and invigorates democracy" all America agrees that Scout membership is in itself the essence of democracy

## Auditors Report of City Finances Printed

With this and next issue, the Herald is printing the auditor's report of the financial condition of the city of Brownfield. Be sure that you read it in order that you may be able to speak authoritatively on questions of city finances.

Even though the city has undertaken a very large project of improvement and expansion in the past two years, the city, as of January 1, was in mighty fine shape, with January taxes being paid rapidly, according to Roy M. Herod, city secretary.

Miss L. V. New visited friends in Amarillo last week end.

## Sen. Formby On Important Committees

AUSTIN, Jan. 27—Eleven Committee appointments for the session of the 47th Legislature have been assigned to Senator Marshall Formby of this District. The assignments were made by Lt. Governor Coke Stevenson.

Senator Formby of McAdoo was named as a member of the highly important Finance Committee, one of the two most important Committees in the Senate. The Finance Committee, known as the Appropriations committee, passes on appropriations for schools, colleges and other appropriations for the entire State.

Governor Stevenson appointed Formby, who is not an attorney, but a 160-acre farmer, as Chairman of the important Committee on Stock and Stock Raising, and as a member of the Agriculture committee.

Other Committees Formby was named on besides Finance, Stock and Stock Raising, and Agriculture, include Contingent Expense, Counties and County Boundaries, Criminal Jurisprudence; Vice Chairman of the Federal Relations Committee; Public Building and Grounds; Public Debts, Claims and Accounts; State Institutions and Departments, and Penitentiaries.

Senator Formby recently was honored by being appointed on the Inauguration committee and by being appointed by the Dean of the Senate on the Patronage committee in the Senate.

## New Football Set-up Made This District

Denver City, Seminole and Seagraves were admitted into this district and the two halves were re-arranged at the annual meeting of the District 5-A Football Committee meeting in Lubbock Tuesday night.

In the new division, Tahoka remains in the south half of the conference, and will play six conference games in 1941, with O'Donnell, Denver City, Seminole, Post, Brownfield and Seagraves.

The north half will include Slaton, Levelland, Littlefield, Muleshoe, Morton and Sudan.

This action by the committee is subject to approval of the University Interscholastic League officials at Austin, but it is likely that they will accept the change.

## The Herald Some Advertising Medium

As the old saying goes, "he that tooteth not his own horn, the same shall not be tooted," applies to newspaper the same as any other profession. Most men like to brag about what a good housekeeper or cook his wife is—in self defense—but refrains somewhat from scattering fertilizer about his own private business. Most men will tell you that their business is good, fair or indifferent, even rotten at times, but he will not tell you what, when, where, or by whom.

However, several advertisers have handed us such nice compliments of late about the go-gettedness of our ads that we pass it along for what it is worth. Some few weeks ago, a lady over in Yoakum county had some houses for sale. She paid us for three weeks advertising, but in ten days wrote us to stop her ad, she had no more houses.

Stafford Day, of Lamesa, had a house to be moved off a farm just south of town. He wrote us that he got quick and satisfactory results, and not only paid for the ad, but sent in enough to cover a year's subscription.

R. M. Kendrick states that he offered agents 5 percent to sell a farm for him in Yoakum county. He then had us drop in an ad for one week, and sold the farm, and he says the ad sold it. Commission would have run several hundred dollars. The ad cost him around \$4.00.

We could go on and on and name numerous others, especially ladies here in town with extra rooms or apartments, but the above is a fair sample.

Before we close this "spell", however, we shall relate: A few years ago, a man here lost a valuable yearling. He rode the pastures, lanes, etc., for 3 days. Some one suggested an ad. He paid us \$30 for the ad, and some one was calling for him to come and get his yearling next day.

## Mayor Coleman On Legislative Group

Posts on state legislative sub-committees of the Texas League of Municipalities have been conferred upon Mayor Clyde C. Coleman of Brownfield and City Manager W. H. Rodgers of Lubbock, it was announced Tuesday by E. E. McAdams of Austin, executive director.

The appointments followed a meeting of the general legislative committee of the league in Austin last week.

Coleman was named to a committee which is to prepare legislation under which cities would share in motor vehicle taxes and license fees. Specific provisions of the proposed measure include: exemption of cities from payment of the state gasoline tax; allocation of 25 per cent of motor license fees to cities; and the return of one cent of the state gasoline tax not needed for retirement of the existing road debt so that it may be used for construction and maintenance of highways through cities.

Rodgers was named a member of the committee to prepare a proposed amendment to the state paving line law.

## Terry County Boys Plan Fat Stock Show

Under the guidance of R. N. McClain, Terry County Agent, 15 Terry County 4-H Boys are feeding 38 calves for commercial purposes. Thirty vocational agricultural students are feeding about 59 calves under the supervision of their vocational instructors.

The calves were purchased about Sept. 6 and fed on sudan grass for about 60 days; then they were put on maize, ground bundles and cottonseed meal. Excellent progress has been shown, according to County Agent McClain.

A Junior Fat Stock Show will be held in the Spring. The Brownfield State Bank is offering a loving cup to the boy that shows the most economical gain on his calves.

## Brownfield-Terry County Board Of Health Meeting

The second meeting of the Brownfield-Terry County Health Board was called to order at 2:00 o'clock, Saturday afternoon, January 25, 1941 in the Superintendent's office. Mr. R. A. Simms acted as temporary chairman asking a reading of the minutes by Mrs. Thompson. The minutes of the first meeting were read and approved by the members and ex-office members present, which were as follows: Members, Tom May, Lee Fulton, Judge Lincoln, Dr. Parish, and Mrs. Winston, and the following ex-office members, Dr. Wm. S. Brumage, Walter Breedlove, Wm. W. Eason, Miss Rinehart, ex - secretary Mrs. Thompson and Miss Settle.

A motion was made and seconded that Judge Lincoln serve as Chairman of the Board. The motion carried and Judge Lincoln was unanimously elected as Chairman of the Board. In the same manner Miss Settle was nominated as ex-office secretary.

Dr. Brumage read the constitution of the Board and explained the duties and functions of the Board of Health in detail for the benefit of the new members.

In the absence of Mrs. Weir and Emmitt Smith, Dr. Brumage gave the report on School and Pre-School Care.

Mr. Fulton and Mr. Breedlove gave a brief report on City and Rural Sanitation. A brief discussion relative to the approval of the City water supply by the State Department of Health was held. It was decided that this problem be referred to one of the Chambers of Commerce for further study.

A report on Communicable and Venereal Diseases was given by Mr. Simms and Dr. Brumage. It was pointed out that five cases of typhoid fever occurred in the county during the year, each case of which was investigated by the Health Unit and all contacts were vaccinated by the Health Unit. It was also reported that there were several cases of persons with venereal diseases being treated by the Health Unit. These cases, it was pointed out, were all referred for treatment by local physicians.

A report on Maternal and Infant Care was given by Miss Rinehart in which she further explained the duties of the county health nurse.

The meeting was adjourned by the chairman at 4:00 o'clock.

## Edwin Hamm Enjoys California Climate

We had a card from our young friend, Edwin Hamm, who is now located at San Diego, Calif. He has a job with the Consolidated Aircraft Co., and says he enjoys his work and the fine climate in that section.

However, he still thinks Texas, and particularly Terry county, is the best place in the world. His mother regularly sends him the Herald. Well, if you do get a bit homesick, Edwin, remember you are building airplanes to whip old Hitler, and just keep on driving.

Terry county mothers' sons now And this goes for a lot of our on the Pacific coast and other places, working or training to use the defense measures we are undertaking.

## Sam Kirschner Buys The Taylor Stock

Sam Kirschner, proprietor of the Bargain Center of this city, was the successful bidder for the Raymond Taylor bankrupt stock of men's clothing here Monday. Our understanding is that the stock invoiced some \$1,700, and brought around \$1,200.

Mr. Kirschner stated to a Herald representative, that as soon as he was ready, he would put a sale of the Taylor stock at its present location, and try to clean it out. But should there be some of it left, he would move it to the big store.

Financial statisticians report that the big financial turnover and high sales records of December are being repeated in January. The increased payrolls for regular and overtime has spread to all trades, even if not remotely connected with defense, as millions of additional workers receive big paychecks. This therefore has speeded up all industries, except perhaps the farming element, and it has affected him in a way, as the more money the industrial worker has, the more he has to spend for meat and bread. However, the exports of wheat and cotton, two major crops, are very low. Retail sales are reported to be the highest in ten years.

Property owners south of the grade school building, especially, are having a hard time keeping small school boys from coming through their yards to save a few steps, instead of following the streets. Most of the property owners have built fences the past year to keep these children from making trails across their lawns and tramping shrubbery. These property owners are appealing to the parents of these children to instruct them to follow streets and not make trails across their property. If this is of no effect, then an appeal will be made to the school faculty and city officials to prosecute for trespassing. If you live south of the grade school building, better check up to see if your child is trespassing.

We drove around a bit last week end to note the growing pains of Brownfield. Homes are being built in every direction you go, and many are being remodeled. Perhaps half a hundred small homes have been moved here and located in the north part of the city in the past two months. Every business house in the city is occupied, and some more building, as well as a large, well constructed tourist camp. And there are people in every place available, and the demand for more is great. With fine roads radiating out from the city, new people and new businesses and industries are coming fast. Many of these people are directly or indirectly connected with the oil business, either as office forces, geologists or field workers. Others are just people looking for a live town to put in some kind of business. Also, with the opening of 6,000 acres of new farms on the Brownfield ranch just east of the city, on highway 380, new farms will be opened and new people will move into them. The outlook for the section is cheerful to say the least.

After being cut off for some time, the Miami Chief has reinstated us in their good graces. One issue recently gave an account of five funerals on the front page, which is some, considering their population, 1,289 for Roberts county. Then there was the account of another semi-funeral. An old residence of 12 rooms built by a minister in the pioneer days, was being dismantled and moved to Pampa to build several small residences. This all gave off a sad note for page one. While we'd bet on the truth and veracity of Editor Bob Haynes, the fact that a preacher or an editor ever had enough money to build a 12-room house, unless a rich relative died, is sorter strange. Bob has a good paper in its own building; he has a good home to live in; his expenses are therefore at a minimum, and he is perhaps making more clear money than a lot of us guys with a lot of overhead. Besides his population is stable; they have been there for years; they are pioneers with the friendly pioneer ways, and Bob and family are happy and prosperous. But Bob still owes us a Stetson hat as a bet he lost to us in the 20ties, wherein we bet him Brownfield would be a larger town than Tahoka in 1930. Bob was then editor of the Lynn County News, and if Bob don't buy us a hat in April, we are going to bring the matter up before the Panhandle Press Association and have him turned out of the ch... we mean association.

**National Boy Scout Week Coming Up**

**An Editorial**

We have before us the annual report of the Boy Scouts of the South Plains area, which shows a very substantial growth during the year just past. This report shows the interest and time taken in the movement by the leaders of this area, who are looking toward the production and preparation of the leaders of tomorrow. This report is signed by J. Edd McLaughlin, finance chairman, of Ralls, Texas. Giving a few figures on the growth in this section for comparison, the first figures represent the number in 1939, the last one for 1940. See how they have grown. Scouts, 1471, 1719; Cubs, 331, 501; increase over all, 418. Leaders, 550 to 664; Troops, 67 to 76; Packs, 17 to 23. We believe that the southwest division of which we are part, will show one of the largest gains in the entire area.

There is just one little criticism that the Herald wishes to register. Perhaps we are wrong; maybe right. If wrong, we are sorry that we mentioned the matter. When and if the boys take over here again this year as in the past few years, to man the county and city offices, we hope that the Scout leaders will tell the boys to confine themselves to real law violations, and not cracked up indictments. We believe that the boys will find plenty real traffic violations if they keep their eyes open, and the Herald for one will pay any violations we make without protest.

In our humble opinion, we are teaching these boys to take our places as officers and citizens. If we are teaching them to be polite and honorable in all things, should we teach them that it is "funny" to go out and arrest some farmer or old man on the streets with some false charge, and haul him into court? Is that the way to teach them to do their daily good turn? Is that the way to teach them to respect their elders? If so, we do not understand the first principles of scouting.

The Herald has an idea that it is not the real leaders that put the boys up to these pranks, but some one that wishes to have a laugh at the expense of others, and to collect money. We also are of the opinion that such stunts are not calculated to leave a feeling of pride for the Scouts in the hearts of the citizenship in general, nor a good way to entice money when that is needed to carry on the work of the organization.

This is just our lone opinion of the matter, and if we had a boy in the movement, as we once did, we should not permit him to molest old people, or farmers on our streets, even if it meant that he was asked to get out of the organization.

We know that it is the greatest move that was ever started for the training of boys. But we do not believe that the originators nor the present leaders approve of latched up charges against people. Young minds are impressive, and such examples are calculated to give the boy an idea of subterfuge in life instead of straight from the shoulder manners and manliness.

County Supt. Lee Fulton was in Lubbock Monday night to attend a meeting of county school superintendents at the Hilton Hotel coffee shop.

Mrs. Rogers, who has been visiting her son, Rev. Avery Rogers and Mrs. Rogers, left Sunday for Dallas, where she will visit her daughter before returning to her home in Honey Grove.

**Writes On Soil Conservation In Terry**

"A complete conservation plan for the entire farm should be the first step in bringing about actual conservation on the land," according to E. R. Steen of the Soil Conservation Service. "Large amounts of money and labor should not be expended in carrying out conservation practices on most farms until after a plan has first been developed."

Soil Conservation Service men have worked with eleven farmers and ranchers in completing plans that cover approximately 13,450 acres in Terry and Yoakum Counties during the past six months since the Service has been operating in these counties. These men are assisting the farmers and land owners to develop conservation and farming plans based on an inventory of the farm and the farmers' resources. The whole theory of conservation planning is to develop plans for the farm as a whole instead of trying to patch up the erosion scars here and there on the separate fields of the place.

"The first step in building a conservation program on the farm," Steen says, "is to take an inventory of the soils, slopes, erosion conditions, and the present cropping system. With these facts incorporated on a map, the farmer and the conservation technician can go over the farm field by field, working out land use changes and erosion control practices to hold the soil."

Farmer and technician then discuss family needs, market opportunities, cost of installing the new program, and other financial considerations to make sure the plan is economically sound. The plan also includes a detailed schedule of work which blends application of the conservation program into the normal routine of farming operations.

"No doubt there are some farms in the community and many individual fields on different farms that soil and water conservation practices can be profitably applied to without the development of a plan for the entire farm in advance," Steen states.

"Because of the many differences found, however, in the types of land on different farms and even on the same farm, and because of the many and varied conservation practices that often are suitable for the different fields, the idea of a complete farm plan seems to be the only safe solution in most instances."

**ATTENDS FAIR ASSOCIATION MEETING IN DALLAS**

T. L. Patterson, secretary of the C. of C. left Wednesday morning for Dallas to attend the Texas Association of Fairs. "Pat" did not say but we are of the opinion, that his reason for attending the session was to learn all he could about fairs before the Terry County Fair program gets underway. He was accompanied by Dallas by E. S. Hurt and W. B. Tudor.

Lansing, Mich. Jan. 20, 1941  
The Terry County Herald  
Dear Friends:

We have had several requests from friends there to write them of our stay here in Lansing, Mich. It seems impossible to write them all personally so we decided to write a letter to the Herald and answer their request that way since the most of them subscribe to it and the others should. We are enjoying a rather nice winter here. It hasn't been very cold here but there hasn't been much sunshine. There is plenty of snow and ice and lots of ice skating. We haven't tried the ice skates altho we go watch them real often. It looks as if it is easy to do but there are a lot that get spills.

Jack has work with the Arctic Dairy here. It is a good job and pays well. We will make this our home as long as the job lasts with good pay. We sure enjoy getting the Herald every week. It's like getting a nice long letter, however, it tells us some things that we don't get in letters. We want our Herald to keep coming to us as long as Old Man Jack Stricklin can find news to publish it with. I hope this will find all of our Terry County friends well and happy and ready to enjoy a prosperous year of 1941.

From your Texas friends,

**HOW BOYS WORK WAY THROUGH COLLEGE**

LUBBOCK, Jan. 27.—"Swamp-er," "butter patter," and "trouble shooter," three Texas Tech boys claim this year's record on odd ways of working one's way through school.

Gerald Ramsey of Lockney, arts and sciences senior, admits his job as swamper is little more than being errand boy for a bakery. Wayne Mears of Fluvanna, butter patter, also a senior, works in a creamery. Ben Kirkpatrick of Marysville, senior engineer, is employed by a telephone company as trouble shooter or general repair man.

Approximately 45 per cent of Tech's 2,427 men students hold 118 types of jobs. Of these, 223 work under the National Youth administration, 308 are employed by the college as departmental assistants, office workers, waiters in the dormitories, and manual laborers.

Most usual jobs are: office

Considerable publicity has been given to a proposed "delinquent tax bill." Past-due taxes amount to a great sum and these should be collected, wherever possible. It is freely granted that the motives of individuals urging the bill are sincere. But the measure should be studied carefully before any decision is reached.

To begin with, it provides that the delinquent tax list shall be "advertised" by tacking one copy at the courthouse door and one copy at some public place in each taxing unit of the county. Then all delinquents whose addresses are known are to be notified by registered letter and, if they do not pay up in 20 days, their homes and farms can be sold at public outcry on the courthouse steps. If the letter never reaches the property-owner or if he is sick or dying, still there are no exceptions in the proposed law.

There is to be a new bureau created at Austin, headed by a State Delinquent Tax Supervisor at \$6,000.00 a year—and traveling expenses. There is to be a First Assistant at \$4,800 a year—and traveling expenses; and a Second Assistant, also at \$4,800 a year—and traveling expenses; and five attorneys, at \$3,000 each—and traveling expenses; and 20 district managers at \$3,000 each—and traveling expenses. There are also to be five stenographers.

But these are not all. If the State Delinquent Tax Supervisor decides he needs more help, all he has to do is hire more and he is allowed to spend as much as 20 per cent of all the delinquent taxes he collects.

Many believe that this would be the first step in what could lead to a taxation bureau with almost life-and-death authority over the rank and file of the people. And is the State Delinquent Tax Supervisor, with these tremendous powers, to be elected by the people, so he may be held accountable at the ballot box? No; he is to be appointed by two men—one of whom is elected to office by a few thousand votes in one district; the Speaker of the House; and the other is the Lieutenant Governor.

"If you want to live in the kind of a town Like the kind of a town you like, You needn't slip your clothes in a grip And start on a long, long hike.

You'll only find what you left behind, For there's nothing that's really new; It's a knock at yourself when you knock your town. It isn't the town—it's YOU!

Real towns are not made by one afraid Lest somebody else get ahead, When everyone works and nobody shirks You can raise a town from the dead.

And if, while you make your personal stake, Your neighbor can make one, too, Your town will be what you want to see. It isn't the town—it's YOU! (Bill Quinn in Van Banner)

**LEHAY HOME DEMONSTRATION CLUB MEETS**

The Lahey H. D. Club met Thursday, 23rd, with Mrs. F. M. Cornibise at 2:00 o'clock. The meeting was called to order and each member present answered the roll call with a brief statement on what they would like to learn from the club work during this year.

After the minutes were read the year books for 1941 were filled in and all unfinished and new business discussed. Mary Othel Fulton gave a very interesting talk on the "Birth and Founding of the H. D. Work and It's Results."

The meeting was adjourned with the pledge. Refreshments were served to five members, one visitor and the hostess.

The next meeting will be on February 13 at Mrs. Norvil Hulse. We cordially invite all new ladies as well as old ones to join our club which meets twice monthly.

## Pontiac Ads Set For 2500 Papers

Pontiac Motor Division's advertising for January and February will be carried by 2500 newspapers, according to W. J. Mougey, advertising manager. Last year, during the same period, 1500 newspapers were used.

"Newspaper advertising results won the unanimous acclaim of dealers attending our monthly merchandising meetings," Mougey said. "Because the immediate impact of effective advertising is felt by dealers and their salesmen it was decided to continue and amplify our newspaper schedule."

## MUSIC CLUB ENTERTAINS

"Melody is to the kernel of music, to which harmony is related as gravy to roast beef"—Schopenhauer.

Subject of Meeting "Orchestral Tumbre (American)," was in the hands of Mrs. E. D. Jones as director, when Mrs. D. P. Carter was hostess to the Cen-Tex Harmonic Club at the Ralph Carter home, Tuesday, January 28.

Miss Marie Carter assisted her mother as hostess. A brief origin of orchestra music of days of Beethoven and Hayden was presented in a very interesting way. Mrs. Jones' recalling also, Henry the Eighth's music adventure, finally ending as years went by into the present "Chamber Music."

Barcarolle, (A. Dett), prefaced by a word picture of the composer's tender and emotional friendships in life, was beautifully performed as piano solo, by Mrs. H. R. Belew. Another new member of the club, Mrs. Walter Hoard, violinist, very pleasingly gave "To A Wild Rose," (MacDowell), with Mrs. Robert Noble accompanist. Other numbers given by original members were as follows:

Program Director, Mrs. E. D. Jones.

Violin and Piano, "Mighty Like A Rose" (Nevin), John S. Powell, accompanied by Mrs. Carson.

Piano, "Minstrel Boy," (Smith), Mrs. Dallas.

Piano Solo, "Barcarolle," (A. Dett), Mrs. H. R. Belew.

Piano Duet, "Shepherd's Evening Song," Miss Viola Brown and Miss Fields.

Violin and Piano, "To A Wild Rose," (MacDowell), Mrs. Walter Hoard and Mrs. Robert Noble, accompanist.

Piano Duet, "King Cotton," (Sousa), Misses Brown and Fields.

Roll Call—Famous Opera.

Miss Viola Brown, Fields, Bob Brown, Dallas, Belew, Hoard, Bruce, Black, Trammel, Goin, Edwards, Noble, Carson, Hanks, Jacobson, Price, E. D. Jones, Olga Fitzgerald, J. S. Powell, Carter, and Walker.

A lovely salad plate and hot spice tea was served.

## "WILD GEESE CALLING," BOOK REVIEW OF JUNIOR MAIDS AND MATRON CLUB

The Junior Maids and Matrons Club met in their regular meeting on Tuesday afternoon, January 28, in the lovely new home of Mrs. Bill Ed Watson. The regular business meeting held and roll call was answered by the 18 members present.

Three of the layetts made by the Club have been given to needy families, and the club voted to make two more, making the project for this year.

Mrs. Homer Newman, Program Chairman, presided over the following program:

Points to Consider in Giving a Book Review—Mrs. Burton G. Hackney.

Historical Background and Biography of the Life of Stewart Edward White—Mabel Whitney.

Review of the Book, "Wild Geese Calling"—Mrs. H. B. Virgil Crawford.

The next meeting will be on February 11, in the home of Mrs. V. L. Patterson with Mrs. Jake Gore as hostess. Mrs. Jack Hamilton will review the book "Sapphira and the Slave Girl" by Willa Cather. All members are urged to be present, and any visitor will be welcome to hear this review.

Delicious refreshment plate of devils food cake, ice cream and coffee was served by the hostess.

## P. T. A. STUDY COURSE

"How Much Are We Worth" was the topic for study at the joint PTA study course on Thursday, January 24, at 4:00 o'clock. Rev. Fred A. Walker gave some interesting figures regarding the material wealth of our nation. He stated that the national income for 1939 was 70 billion; while the total wealth of the nation was estimated at \$325,000,000,000. It was interesting to know that, although our nation contains only 6 percent of the world's population, it contains approximately 50 percent of the world's mechanical power.

From a consideration of the material wealth of our nation, Rev. Walker turned the attention of the 40 listeners toward the less tangible factors which have a direct bearing upon the economic strength of a nation. Important factors are on adequate supply of workers, and adequate training of these workers for occupations necessary to the welfare of the nation. More and more the schools are stressing vocational guidance in an attempt to direct and train young people into vocations for which they are fitted by interest and ability. Rev. Walker brought out the fact that one important factor in the strength of a nation is the economic efficiency of its members; and that economic efficiency in a democracy requires a broad understanding of life and its social and industrial relations.

Following the lecture, Rev. Walker led an informal discussion on such question as the following: See if you can answer them?

What are some indications of the economic conditions of a nation?

What can the schools do to improve these conditions?

What can parents do?

## BAPTIST TO STAGE SECTIONAL RALLIES

We have been notified that Baptists of District Nine had a huge rally at the First Church in Lubbock, January 28th, at 7:30 P. M. A number attended from here. Some of the best speakers in the area addressed this layman's rally.

On a somewhat larger scale will be the Pastors-Layman's convention at Wayland college, Plainview, February 10, 11, 12th. Some of the most noted speakers of the south and southwest will be on hand to address the convention.

## CHOIR RE-ORGANIZED

The Methodist Choir was re-organized at a choir meeting Tuesday evening, January 28. The following officers were elected: President—Mrs. M. E. Jacobson 1st Vice-Pres.—Mrs. C. L. Travis 2nd Vice-Pres.—Miss Nell Marie Echert Sec.-Treas.—Mrs. Emmitt Smith Director—Gene Hurt

Work was begun on several choir numbers, and a committee was appointed to select Easter music.

The regular meeting date was set for Tuesday evenings at 7:30 o'clock.

## REGULAR MEETING OF PARENT-TEACHER ASSOCIATION

Thursday, February 6, is the date for the next regular PTA meeting. The West Ward Parent-Teacher organization will meet at 3:00 o'clock in the West Ward School.

The program is as follows: Theme: Responsible Participation in Our Democracy.

## G. W. HICKS HONORED ON BIRTHDAY

G. W. Hicks of the Pleasant Valley community celebrated his 82nd birthday Sunday at his home, when his children and their families served a covered dish luncheon in his home. Mr. and Mrs. Frank Brock, neighbors of Mr. Hicks, were also present. Mrs. Brock's birthday also falls on that date and she and Mr. Hicks have celebrated the occasion together for the past several years.

Those present were Messers and Mesdames L. R. Pounds, L. J. Dunn, Jr., Mrs. L. J. Dun, Sr., Virgella Nan Dunn, Tommy Hicks, Mrs. J. W. Duke and children and a niece of the honoree, Mrs. Lone Corbell and children of Post.

## BRIDE IS HONORED AT AFTERNOON TEA

On Friday afternoon of last week, Mrs. Tom Neely, recent bride, was honored with a tea and miscellaneous shower at the home of Mrs. Tom May. Co-hostesses for the affair were Mrs. Terry Redford, and Mrs. Wendall Smith and Misses Ethelda May and Wanda Graham. Mrs. Lee Allmon, grandmother of the honoree, presided at the register.

Mes. Bruce Zorns and Aggie Thornton presided at the tea table which was decorated with a tiered centerpiece of white pom pom "mums" and Easter lillies. White candles lighted the scene.

Forty-eight guests called during the afternoon.

## FIRST PRESBYTERIAN CHURCH

Sunday School, 10 A. M.; Morning Worship 11 A. M.; Junior Christian Endeavor, 4 P. M.; Vesper Service, 5 P. M.

We are happy to have a number of new Presbyterians in the community. We invite you to attend our services each Sunday. We also invite other new comers who have no Church home in Brownfield. If you are a member of the Congregational, Episcopal, or Lutheran Church please feel that this invitation is for you. Of course, the public is invited to all services. Do not neglect the privileges of worship. "I was glad when they said unto me, Let us go into the house of the Lord."

## MRS. AKERS ENTERTAINS I DEAL CLUB

Mrs. E. G. Akers was hostess to the I Deal Club Wednesday afternoon at her home. Mrs. J. H. Turner scored high and Mrs. W. H. Collins second high. Other guests were Mes. R. B. Parish, Lee O. A salad course and coffee were refreshments.

## NURSES ENJOY DINNER PARTY

Nurses of the Treadaway-Daniell Hospital were guests of Mr. and Mrs. V. L. Patterson at a dinner party given Friday night at the Brownfield Hotel Coffee Shop. Those attending were Supt. of Nurses, Mrs. Ruby Collins, Mrs. Clara Sears, Mrs. Jimmie Oswald, Misses Doris Floyd, Pauline Hensley and Juanita Tankersley. The nurses appreciated this courtesy very much and asked the Herald to express their sincere thanks to the hosts.

## BAPTIST CHURCH NEWS

Beautiful January weather has helped attendance and 369 registered in the Bible study last Sunday morning and with four received for membership in the church made exactly 100 members that have been received into the church since coming into the new building last May 19th. We welcome these members and hope that their lives among us may bring new inspiration to service.

There are many new people coming to our town some of whom do not identify themselves with the local churches because of not knowing how long they will remain with us and the fact that they are not acquainted with our people but they are making a mistake as none of us know how long we will be here and the way to have friends and become acquainted is to be a friend and make contact with people but the greatest incentive should be a desire in the heart of every Christian to put something into the cause of Christ as we should seek rather to help than to get something for ourselves out of the church.

Perfection is never attained in this lift in individual or organization and even the first church founded by Christ Himself had one member who was a thief but that did not keep that church from extending her influence and organizing many other churches to carry forward the great work for which it was founded.

We need workers in our church in many departments. If you have been a teacher elsewhere you can be one here as there are places of service for many. We need systematic cooperation in taking care of our financial budget, three thousand dollars each year to pay on loan and interest and we ask you to use the envelopes for that purpose as a record is kept of your contributions through the year. We are engaged in a great work and need you with us.

## REBECCAS TO MEET

Rebecca's are asking all members and all who are interested in becoming members to be present at the Oddfellow Hall, February 10th at 7:30 o'clock.

C. B. McLeroy, Lubbock, is now a reader of the Herald.

—Reporter

The small daughter of Mr. and Mrs. Maurice Green has been quite ill with bronchial pneumonia.

HER HEART BELONGS—that's right, to daddy! Here's Mary Martin as she looks singing that number in Paramount's new comedy, "Love Thy Neighbor," the picture in which Jack Benny and Fred Allen are at their funniest and feuding-est. With Rochester among those present, naturally, the film will open Saturday Midnight at the Rialto Theatre.

## CHURCH OF CHRIST LADIES MEET

Twenty three ladies were present at Bible study Tuesday afternoon, when a very interesting lesson on the third chapter of Romans was led by Elder Boyett. Next week we will study chapter four of Romans. Work day will be the first Friday in February at the home of Mrs. Roy Collier.

**GOMEZ**

Mrs. W. G. Swain, teacher, and Mrs. H. N. Key, sponsor of the Junior B. Y. P. U. class and Mrs. R. C. Guest helped entertain 18 Juniors Sunday in the home of Mrs. W. G. Swain. Rev. R. C. Guest and his father and Mr. H. N. Key also enjoyed the nice dinner and everyone reported a nice time.

Mr. O. D. Whitley from Lubbock visited Sunday in the home of his brother, Mr. and Mrs. J. J. Whitley. Also Mrs. Geo. Black and Mrs. Alson Black and two children visited Sunday afternoon in the J. J. Whitley home. Their daughter, Mrs. Logan Earnest and two children from Santa Anna, Calif. is here visiting with them for several days.

Mr. Kenneth Furr made a business trip to El Paso during the week end.

Attention: Patrons of the Gomez and Happy community, beginning Monday night, February 3rd, a parent education study course will begin at Tahoka at the local school building. Mrs. Kenneth Furr is chairman of the program, so if you

do not understand parent-teacher work, make your plans to attend this study course. We need you in this work. There will be 4 nights, Monday, Tuesday, Thursday and Friday nights of next week.

The purpose is parent education work is to help adults keep up with the best information concerning home and family life, and with those things that help or hinder in the development of one's best self. Such study leads to self improvement; to a better understanding between the adults and children; to seeking for causes or difficulties rather than judging acts; and to better leadership in meeting conditions in a changing world.

There will also be a study course at the local Baptist Church soon. Watch for the date and make your plans to attend. "We Study That We May Serve."

Miss Lucille Walker is now a student at a business college at Lubbock.

The Gomez W. M. U. ladies met Monday at 2:30 at the local Baptist Church, with president, Mrs. R. C. Guest in charge. Eleven members were present. A very interesting program, "An Urgent Need," was given by five members. The W. M. U. meets each second and fourth Monday afternoon. If you have not been attending these meetings we invite you to come.

We are going to try to get Gomez on the news list again. So if you know anything funny or important, please give it to Miss Sledge or Mrs. R. A. Whitley.

Was in Burton G. Hackney's new law office over the State Bank this week for the first time. Burton has a real nice suite and is accumulating a large library rapidly. Burton made a fine reputation as county attorney, and we feel sure will enjoy a good private practice. He is to add an insurance line in the near future, he stated.

Bill McGowan, law student at State University, will spend next week end here with his parents, Mr. and Mrs. J. J. McGowan.

**Brown Rice Is Good-- Good To The Taste; Good For You**  
By Maretta Holloway

Brown rice is a good source of thiamin (vitamin B1) which stimulates the appetite and makes for steady nerves. This rice also contains some protein as well as important minerals. Ever tried it? The Texas Food Standard says that to be adequately fed, one must have at least one serving daily of a whole grain product—brown rice is a whole grain product, of which there are few to select from, and it is not expensive. Your grocer will carry brown rice if you ask for it.

Below are appetizing ways of preparing brown rice. These recipes make about five or six servings.

**Boiled Brown Rice:**  
1 cup brown rice  
1 quart boiling water  
1 tablespoon salt

Look the rice over, remove any foreign particles, wash in warm water and drain. Add the rice gradually to the rapidly boiling salted water. Reduce the heat so that the rice boils gently, and cook until the grains are tender when pressed between the fingers. Drain at once. Serve with butter or with milk and sugar.

**Brown Rice Patties:**

Boil the rice until it is tender. Press the cooked rice into a layer about an inch thick in a shallow pan. When cold, cut into squares, dot with butter or other fat, and brown in a hot oven, or sprinkle with flour and fry in a shallow fat. Serve with eggs, green vegetables, or with a fruit sauce as a dessert.

**Creamed Salmon and Rice:**

1 can pink salmon  
¼ cup melted fat  
¼ cup flour  
1 quart milk  
½ teaspoon salt  
1 cup uncooked brown rice

Remove the bones from the salmon. Blend with the melted fat and flour thoroughly. Add the cold milk and salt. Heat and stir constantly until thickened. Cook in a double boiler for about 10 minutes. Wash and cook rice in boiling water (see above recipe). Drain. Add salmon and rice to the sauce. Mix well and serve hot.

**Creamy Brown Rice with Raisins:**

Mix the rice and salt. Heat the milk in a double boiler and add the rice. Cover and cook for about 30 minutes. Stir in the raisins and sugar, and continue to cook until rice is tender and the raisins are plump.

1 cup brown uncooked rice  
1 quart milk  
1 tablespoon salt  
2 pints seedless raisins  
1 cup sugar.

**Dental Health Puppet Show Coming Soon**

The Dental Health Puppet Show, sponsored by the State Health Department, will be given in the schools of the Five County Health Unit by the dentists of these counties, with the cooperation of the school officials and the Good Teeth Council for Children, of Chicago. The show will be in these counties January 30 to February 12, inclusive. This piece of visual education has been arranged under the approval of nationally known leaders in the fields of dentistry, medicine, and elementary education. It is dramatized with music, voice, and humor, bringing out four fundamental points in dental health in such a way that it is not only entertaining, but makes a lasting impression on the minds of the school children as to the value of dental health. It is presented by two operators, a man and a woman, both of whom are highly trained in dramatics and puppetry.

The show travels in a truck, carries its own equipment, and can be given in any school auditorium. It is arranged as a sequel to the former Dental Health Puppet Show which has been given in most of the counties of Texas and to nearly a million children and teachers during the last four years with high approval.

The plot of the story concerns the exciting and interesting episodes of Little Jack, Judy and their friend, Bobby, when at their school they planned and conducted a dental health circus. Through the cooperation of their friend, the dentist, Doctor Carson, arrangements were made for a magic box for the circus which sets forth the four fundamental rules for dental health. The inclusion of Bessie, the cow, and Jerry, the dog, together with varying dialects furnish abundance of comedy.

While the show is arranged to fit into the forty-minute school period, and primarily for elementary school children, parents are invited to see it with the children and teachers. It is considered one of the best visual education projects ever presented in Texas.

The following is the schedule for Terry County:

February 3—  
9:30 A. M.—Brownfield  
12:30 P. M.—Meadow  
2:00 P. M.—Tokio

February 4—  
9:30 A. M.—Union  
1:30 P. M.—Wellman  
3:00 P. M.—Gomez

All schools are urged to attend the show.

**"Blended Farm Revenue Flows For 12 Months**

Live stock Income Added to Cotton Cash Aids Local Business.

(Editor's Note: This is the fourth of a series, "Blending Livestock with Cotton," published as a service to farmers and stockmen.)

Farmers and livestock raisers are not the only beneficiaries of the South's new agriculture that blends livestock production with the growing of cotton.

"Cotton picking time, the South's traditional herald of better business conditions in towns and cities, as well as income for farmers and workers, is beginning to have a new meaning.

With the blending of livestock and cotton, farm income and farm purchasing power are spread over twelve months of the year, to the direct benefit of the entire community. Fall business still continues to reflect the major importance of lint cotton and cottonseed as the South's leading cash crops; butter and eggs, beef, lamb, pork, and poultry sales are contributing to a steady farm employment, farm revenue, and trade of merchants throughout the year.

Cottonseed, usually the South's second or third most valuable cash crop each year, illustrates how "blended" farming benefits the entire community. Sales of cottonseed to the oil mills in more than 400 Cotton Belt towns and cities provide ready cash in the late summer and fall, as well as employment at the mill. Then, by obtaining a supply of cottonseed feed products when they sell their seed, cotton growers lay the foundation for future income during the winter, spring and summer. Fed in balanced rations with farm grains and roughages, these cottonseed meal, cake and hulls are converted into many varied sources of income.

Dairy cows transform the feeding nutrients in cottonseed products into milk and butter for year 'round cash sales.

In feedlots, on the range and on cotton farms, beef is produced for home use, and for sale through the use of rations containing cottonseed meal, or cake, and hulls.

Farm and range flocks of sheep convert cottonseed meal or cake into lambs and wool clips; while the efficient protein furnished by cottonseed meal aids in the economical production of firm pork from farm hogs. Christmas turkeys and spring fryers are produced on rations containing cottonseed meal; and many crops produced through power furnished by horses and mules owe much to the power-making qualities of meal and hulls in work stock rations.

In these ways, as well as through the fertility restored to the soil through the feeding of cottonseed products to livestock and the direct use of cottonseed meal as fertilizer, cotton contributes to improved agricultural and business conditions throughout the Cotton Belt. With the blending of livestock and cotton production, this contribution is not limited to the autumn, when the economic importance of cotton and cottonseed is obvious and generally recognized, but extends throughout the entire year, from one cotton picking to the next.

**HOMER L. SMITH, JR., IN ARMY AIR CORPS**

The Herald has notice from the U. S. Army recruiting station at Abilene, that Homer L. Smith, Jr., son of H. L. Smith, Sr., of this city, had been accepted in the army on Jan. 24th. He was assigned to the army air corps at Mather Field, Calif.

The recruiting office at Abilene stated in their communication that there were vacancies in the air corps in California and Nevada.

**IN THE NEW YEAR**

I would wish for the power to set apprehension aside, the courage to meet day by day whatever comes, and to do whatever is possible as far as I can see it, to make the world that will have to be rebuilt a safer place and a place for greater justice and kindness for all the world to live in.

Eleanor Roosevelt

Dr. and Mrs. A. H. Daniell and children left Monday for San Antonio and other points in that section. They plan to be away two weeks.

Miss Jesse Ferguson recently dropped in to renew and had the Herald sent to his son who is taking an airplane mechanical course in California.

Mrs. E. G. Alexander was down this week to see her first grandchild, a little daughter, born to Mr. and Mrs. Jimmie Germany at the local hospital recently. She also paid the Herald a short call.

Mrs. E. V. Tarbuton, city, and Mr. and Mrs. J. C. Gauvey of Seagraves spent the past week end in Ruidosa.

Mrs. J. D. McDonald was a caller recently to renew for their Herald. She stated that Mr. Mack was slowly improving in health.

M. Y. Bennett dropped in the past week to renew for his Herald. M. Y. is one of our fine farmers who is moving from the Needmore section to south Terry.

Mrs. J. C. Scudday and family of Forsan, will read the Herald another year complimentary of her sister, Mrs. R. M. Kendrick of this city.
