## HIGH SCHOOL COMMERCIAL DEPT. ONE OF BEST EQUIPPED IN SECTION

The Brownfield High School Commercial Department, under the direction of Miss Montgomery and Mr. McBrayer, has made rapid progress within the last five years. The department, as it existed five years ago, was composed of one class of Junior Business training, three classes of typing, and one class of shorthand, affiliation for which was granted in 1936.

Five years ago, the total enrollment for typing was 32; at present the enrollment is 96 and would probably be greater if more room were available to accommodate more students. In 1936, the Brownfield school owned eleven typewriters, most of which were from four to twelve years of age; eight typewriter desks (the rest of the desks were goods boxes and tables); and the chairs were mixtures of stools, folding chairs, with a small mixture of the type chairs which are now used throughout the entire department.

The present typing department owns twenty-seven typewriters; twenty-four are in use in the typing lab, one in the superintendent's office, and one in each of the principal's offices; one adding machine; and a mimeograph machine.

It has been the policy of this department to give the students the best equipment available. In order to give these students this equipment, a typing fee of \$7.00 per school year is charged, if paid in advance, or \$1.00 per month, if paid by the month. Even though each student pays \$1.00 per month, the cost is not prohibitive to students desirous of learning to type. In terms of cost per lesson, each student 5c, or less per lesson for instruction, rent on a \$115.00 to \$125.00 machine, a \$35 desk, and a \$5.25 chair. This rent is very cheap if one considers that typewriters, mostly old models, alone are rented by typewriter companies for from \$2.50 to \$3.00 per month.

Equipment salesmen will tell you that the Brownfield department is the best equipped department in the entire West. All the desks in the department have a drawer, equipped with a combination lock, for each student taking typing. Out of the twenty-four typewriters in use, twelve of them have been bought new this school year, and the other twelve will be traded out next year for new machines. It is the belief of this school that the old saying that "good equipment makes a good farmer better," is true of typing too. For that reason, we keep new equipment; we do not have a machine in the department over two years old. Further proof that the department is doing good work is the fact that not one student has failed his work in college or business college, after having had typing here.

In addition to typing, the Brownfield commercial department offers affiliated courses in Bookkeeping, Commercial Law, Commercial Arithmetic, Salesmanship, Junior Business training and Stenography. These courses have increased in enrollment from about fifteen in 1937 to capacity (35 students) at present. There are two sections of some of the courses.

Junior Business training, which is a good course for any Freshman regardless of what course he wishes to pursue, is a basic course for the other commercial courses. In this course the student is introduced to such business practices as: how to make out checks correctly, how to deposit money, how to prepare purchase orders and purchase requisitions, etc.

Compliment: Rialto and Herald. Be sure to present this clipping at the box office at the Rialto Theatre.

### THEY'RE MR. AND MRS. SMITH

In other words, they're Carol Lombard and Robert Montgomery, co-starred in the title roles of Norman Krasna's original screenplay, "Mr. and Mrs. Smith," a merry-mad comedy of the domestic battle directed for RKO Radio by Alfred Hitchcock, noted English director. Showing at the Rialto Friday and Saturday.

## Horses Feature of Tri-County Stock Show

At a meeting of local horsemen in Seagraves Monday night it was decided to make a horse show an added feature of the Tri-County Fat Stock show to be held in that city on Saturday, April 5.

Cow horses, saddle horses, thoroughbreds, kid ponies and draft horses from Gaines, Terry and Yoakum counties are invited to show.

The first three classes will be divided into yearlings, two year olds and all age groups.

Cash prizes will be given for the kid ponies and ribbons for the other classes.

George Tiernan of Brownfield and A. Francis of Seagraves have been invited to judge the horse show.

John Ames and Murphy May are co-chairmen in charge and W. A. Griffis is general chairman. Griffis is inviting horsemen of the Plains with gaited horses to bring them for exhibition purposes and there will probably be some fine horses exhibited.

The opening feature of the show will be a parade at eleven o'clock Saturday morning in which the horse entries will be paraded through the city.

It is expected that many entries will be rough as not sufficient time has been allowed for preparation but the horsemen expect to have an enjoyable time together.

## Ranch Owner Thanks Officers For Work In Capturing Thieves

Sheriff Joe Price was in recently and showed us a letter he had just received from Wm. G. Davison, an Ardmore, Oklahoma attorney and also owner of a ranch in the eastern part of the county. The letter follows in part:

"Mr. Joe Price  
Sheriff of Terry County  
Brownfield, Texas  
Dear Joe:

"I want to take this opportunity of thanking you for the very splendid and efficient work which you did in discovering and arresting the persons responsible for the stealing of my cattle at my ranch near your city.

"I have practiced law more years than I care to remember, and I cannot recall an instance of this character in which the work was done more thoroughly and more efficiently than by you and your associates.

"In addition to yourself, I also desire to make particular mention and to express my appreciation for the work done by your very able deputy, Mr. J. M. Telford.

Yours very truly,  
Wm. G. Davison."

Miss Jessie Rinehart spent last week end in Roswell.

## Community Dinner At Gomez, March 27

By T. L. Patterson

Next Thursday, March 27th, the first Terry County Community Farm Dinner will be held at the Gomez School House at 8:00 P. M. Every merchant and business man in town is urged to attend and to notify the Terry County Board of Development that you intend to be there. We need to know in order that enough plates may be prepared to care for all that are going.

The farmers of the Gomez community are urged to notify Mrs. Wes Key, Rt. 1, Gomez, so that she and the other ladies of the Home Demonstration Club will know how many will be present.

Every business house in Brownfield should be represented at this affair. It is the townsmen's chance to get better acquainted with our rural neighbors and to repay a visit with their customers.

In April the dinner will be held at Pleasant Valley. Let's all plan to attend all of these good will dinners and by doing so we can express our appreciation to these people for their friendship and patronage.

Please make your reservations, now!

## Progress Made On School Consolidation

The Brownfield Consolidation Program is moving rapidly toward the election period. The election date will probably be set in the near future. A community meeting at which the program was discussed was held in the Brownfield and Pleasant Valley districts this week and one will be held in the Lahey district tonight. Practically all of the necessary petitions have been signed, legal necessities have been met, and the question is about ready to submit to the public for its opinion.

The plan for consolidation as submitted to the public by the school authorities is based on economy, better teaching situation, and a means of security for the future generations in as far as educational opportunity is concerned. The plan if effected will benefit all concerned, and the success of the school systems in this area will depend then as now upon the total cooperation of the people.

### TO ATTEND COTTON SHIPPERS MEET

A. D. Repp, Supt. of the Texas Compress, accompanied A. S. Underwood of Lubbock and J. C. Wilson of Quanah to Dallas Thursday to attend a Cotton Shippers meeting. They will also go to New Orleans and Memphis while away.

## Teague-Bailey In New Location

The Teague-Bailey Chevrolet Company is now in its new location at Broadway and Fourth and is open for business despite the fact that the building is not yet complete. The firm plans to have a formal opening upon the completion of the building and after fixtures and stock have been properly arranged. Watch these columns for opening announcement.

### OREL GREENFIELD ILL AT MARFA TRAINING CAMP

Orel Greenfield, son of Mr. and Mrs. L. A. Greenfield who is in training at Ft. D. A. Russell at Marfa, has been in the hospital since January 26 seriously ill with pneumonia. In a recent letter to his parents he stated it would be two weeks before he was released for duty. Orel enlisted last summer.

Mr. and Mrs. Roy Herod and Mr. and Mrs. J. M. Telford enjoyed a picnic at McKenzie Park in Lubbock, Sunday.

Mrs. John Shelton of Lometa, mother of Mrs. W. S. Boyett, is here visiting. They with Elder Boyett will visit in Ft. Worth and Dallas and return via Lometa.

## Camp News From Ft. Bliss

By Gene Hurt

Company A Reception Center Fort Bliss, Texas.  
Saturday, March 8, 1941.

(Special to the Terry County Herald)—Things surely move fast around this mans camp. Just a few short days ago eight raw recruits were inducted into this station feeling like so many guinea pigs and feeling that they would never learn half of what was expected of them, to-day all but one of those eight have been shipped out to other Army camps for their year's training; before they were shipped away they were outfitted with uniforms; barracks bags and equipment; inoculated against smallpox and typhoid; tested physically and mentally, given special trade tests; classified; taught the fundamentals of military drilling and made to feel they were veterans. Every week some two thousand inductees pass thru this camp on their way to posts all over the United States. On Wednesday four of the Brownfield boys were shipped to Ft. Warren at Cheyenne, Wyoming. Included in that group were Emery Longbrake, John Rex, Stafford Stearns and Eugene Little. There they will be given from six to thirteen weeks recruit drill and then assigned to regular outfits where they will complete their year's training. From what information I am able to gather Ft. Warren is a training center for the Quartermaster Corps which is the business department of the Army but covers many branches of the service so there is no way of knowing just what kind of work those men will be doing when their recruit drill is completed. On Thursday two more of the Brownfield inductees or volunteers, were shipped out. Those two were Kermit Howard and Glenster Lomas and they went to Brownwood, Texas where they will receive further training. During the greater part of the week the Brownfield men were in El Paso they worked hard every day and made good hands; most of them displayed an aptitude for military training and caught on to the fundamentals of military drill without much trouble. Today the seventh man, Lyndal Bowles, was shipped away to Ft. Clark, Texas. That fort is exclusively a cavalry post and is located near Del Rio, Texas.

A man never knows where he is to be sent for training nor when he is to be sent. About fifteen minutes before he is destined to leave, his name is called, he is told to turn in his blankets and sheets, pack his clothes and be ready to leave on the turn of the second hand. Boys who come through-out the year and receive their training at the same camp are sent to different outfits on the spur of the minute. In one case two brothers who volunteered at the same time in order to be together were separated and sent to camps located hundreds of miles apart. That seems to be a harsh way to treat men but each man is tested for his individual qualifications and abilities and is then sent to the training camp where the Army officials feel that his services are most valuable. Individual considerations do not enter into the picture.

Three men from Denver City volunteered at the same time so they would get their training together, on Wednesday one of them was sent to Wyoming; on Thursday the second was sent to Brownwood and today the third was sent to Ft. Benning, Georgia. That's the way this business goes and the soldier has to be a soldier and simply grin and bear it like a man.

From all indications I will remain at the Reception Center here at Ft. Bliss, El Paso where I will be assigned to the job of teaching the draftees the fundamentals of military drill. I have had previous military training and there is a shortage of men for that type of work. However there is nothing definite about that and I am liable to be jerked out of my tent at 5:30 in the morning and shipped to Oshkosh or Kalamazoo. Next

## Gets Sidetracked On Assignment

A representative of the Herald took a little trip across the tracks last Tuesday to get the dope on the Sunday fire at the Good-pasture Grain Company and was so impressed by the sight of so much prime beefsteak on the hoof that he almost forgot his original assignment.

It seems that Grady, aside from his numerous other duties, has been buying a little livestock every now and then—not anything very fancy—just good stock that appears potentially capable of carrying a few more pounds of weight. Recently Grady decided to see just how much weight he could put on these calves so he had a pen built that will take care of better than 150 head of cattle, on his calves in the pen and put them on a diet of crushed feed, sulphur, salt, and molasses. Those who saw the cattle when first brought in say that the growth is nothing short of remarkable. He plans to keep his stock on feed at least a hundred days longer and some of it for an even longer period.

Grady is just about the first person we have heard of feeding molasses in this immediate section and he gives molasses credit for no small amount of the increase his stock is showing. At the present, he is feeding the molasses straight, making a trough of an oil drum by halving it lengthwise and putting it on legs. The molasses is then poured in and several chips of wood are added. The cattle lick the molasses off the chips.

At the time this story is being written, however, Grady is building a mixer in his machine shop to mix the molasses directly with the feed. Grady plans to mix feed for himself and for the public. He invites you to come down and see for yourself the results he has been getting by feeding molasses and get his prices on mixing your feed with molasses.

Oh, yes, we almost forgot about the fire. It destroyed some feed, but was covered by insurance.

## West Ward P. T. A. Learns About Safety

The West Ward Parent-Teacher Association met on Thursday, March 6, at 3:00 P. M. with Mrs. W. M. Vernon as leader. Mrs. Will Fitzgerald led our prayer. The Choral Singers, under the direction of Mrs. A. L. Bruce, sang two contest songs in two-part harmony.

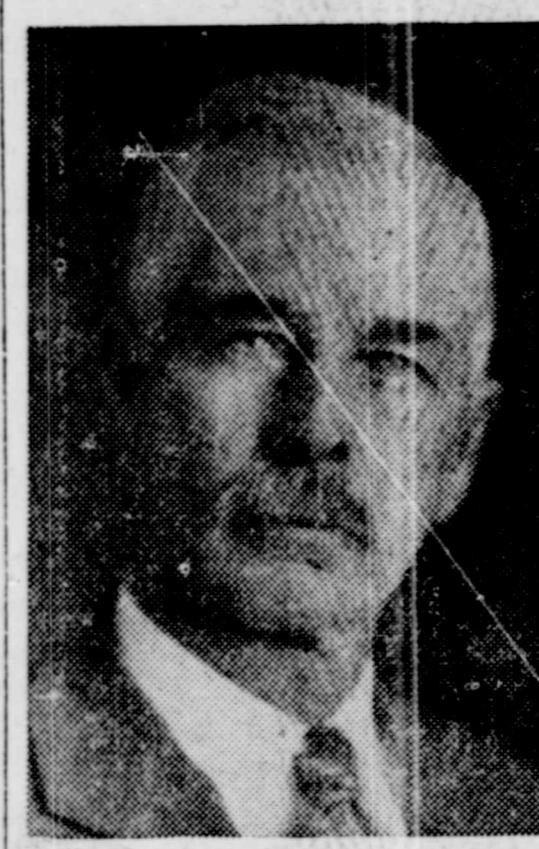

The program theme was "Safety in Home, School, and Community." Mr. Law, highway patrolman of Lubbock, discussed Safety for Driver and Pedestrian. Mr. Law stated that during the 17 years between 1923 and 1940, twice as many people were killed in traffic accidents as were killed in all the wars in which the United States has engaged. He stated that three factors figure in all traffic accidents: the road, the car, and the driver; and that the driver is responsible for over 90 percent of such accidents. Mr. Law discussed the eight major causes of traffic accidents: driving while drinking; driving too fast for conditions; driving on the wrong side of the road; passing improperly—on wrong side, on hill or on curve; violating the right of way; disregarding stop signals or giving wrong signal; and improper turning. Mr. Law also explained how pedestrians cause accidents by walking on the wrong side of the road, running across the street, crossing at the wrong time, or jay-walking. He commended the work of school-boy patrols in preventing accidents.

Mr. L. Nicholson, who discussed Fire Hazards in the Home, stated that 35 percent of deaths caused from fires by known causes are due to vapor explosions and spontaneous ignition. He advised against using gasoline, under any condition, for cleaning clothes or floors. We also warned against

putting paint-smudged rags, oiled dust-cloths, and oil-mops in closets, lest spontaneous ignition occur. Mr. Nicholson stated that an average of 1500 dwelling fires are reported daily, and that 88 deaths occur daily from such home accidents as fire, falls and collisions. In a short business session the following officers were elected for the coming year:  
Mrs. Frank Tankersley, President; Mrs. Frank Wier, 1st Vice-President; Mrs. I. M. Bailey, 2nd Vice-President; Mrs. James King, 3rd Vice-President; Miss Ivola Brown, Secretary; Mrs. Sturgis, Treasurer. After the business meeting a group of members directed by Mrs. Leo Holmes gave a clever and amusing stunt, which might be entitled "Going After Grand-pappy."

Dr. and Mrs. F. G. Harbaugh and children of Lubbock were guests of Mr. and Mrs. Bill McKinney Sunday.

## M. B. SAWYER SUCCUMBS WEDNESDAY MORNING FOLLOWING HEART ATTACK

M. B. SAWYER

## Dist. 9 Baptists To Meet Here Mar. 25-26

District Meeting of W. M. U., Laymen, Sunday School and Training Union workers of District 9 will meet with the Baptist Church here beginning next Tuesday and running through to Wednesday evening, March 25th and 26th.

This workers meeting from eight associations of the district is expected to bring at least a thousand visitors to our city, and due to the crowded condition of the town those who can keep one or more visitors Tuesday night are invited to make that fact known to pastor Rogers. Visitors can go out several miles in the country and you are invited to assist in caring for those who will remain Tuesday night.

Mr. Hopkins who is at the head of our Sunday School work in Texas is expected to be here as is also Mr. Gardner, the state organizer of the Training Union in Texas as well as not only the pastors of the District, but hundreds of the Women's Missionary Unions who will meet Tuesday morning at the church auditorium for the business session, the laymen meeting at the same time at the Methodist Church to consider the work of the Brotherhood.

Mr. Gardner is expected to be present Wednesday to meet with the Training Union and will no doubt bring a message for them Wednesday evening.

These events are important to the work of the District and if such a meeting comes to our own church and community it is important that our own people not only know about it but attend it in great numbers and welcome these religious workers from all this vast area. Much inspiration will come to us by rubbing elbows with our fellow workers and getting their point of view as how to best promote the interest of Christ's Kingdom.

All regular services as usual next Sunday, the pastor having returned from Quitaque where he reports a very outstanding meeting.

Visitors are always welcome.

putting paint-smudged rags, oiled dust-cloths, and oil-mops in closets, lest spontaneous ignition occur. Mr. Nicholson stated that an average of 1500 dwelling fires are reported daily, and that 88 deaths occur daily from such home accidents as fire, falls and collisions.

In a short business session the following officers were elected for the coming year:

Mrs. Frank Tankersley, President; Mrs. Frank Wier, 1st Vice-President; Mrs. I. M. Bailey, 2nd Vice-President; Mrs. James King, 3rd Vice-President; Miss Ivola Brown, Secretary; Mrs. Sturgis, Treasurer. After the business meeting a group of members directed by Mrs. Leo Holmes gave a clever and amusing stunt, which might be entitled "Going After Grand-pappy."

Dr. and Mrs. F. G. Harbaugh and children of Lubbock were guests of Mr. and Mrs. Bill McKinney Sunday.

Brownfield was shocked to learn early Wednesday of the sudden death of one of its pioneers, M. B. Sawyer. Mr. Sawyer had been in apparent good health Tuesday night but became ill shortly after retiring. He became rapidly worse about 12:30 and passed away about 12:40. A heart attack was given as the cause of his death.

Mr. Sawyer was born September 12, 1861 in Williamson County. He was married to Miss Rebecca Skeen on October 9, 1884. Prior to his marriage he had served as a Texas Ranger for 18 months and his friends liked to hear him tell of the experiences he had in this service. He came to this section in 1903 and settled on a 21 section ranch south of town where he resided until he moved to town in 1930. Several years ago he divested his extensive ranch properties with the children, retaining farms which he with the assistance of a son-in-law, supervised. Many Terry County citizens have been helped in a material way by Mr. Sawyer who made it possible for them to save their homes and provide for their families during times of depression. No worthy person asking his assistance was ever denied.

Funeral services were held at the Baptist Church at 2:00 o'clock Thursday afternoon, with Rev. Fred A. Walker conducting the service. W. H. Dallas and J. O. Gillham, friends of Mr. Sawyer, also spoke of the worthwhile life of the deceased. Grandsons of Mr. Sawyer were pallbearers and grand-daughters acted as flower girls. Interment was in the Terry County Memorial Cemetery with Brownfield Funeral Home in charge.

He is survived by his widow, twelve children, forty-three grand children, thirteen great grandchildren, a brother, A. G. Sawyer of Seminole, Texas, and a sister, Mrs. John Piper of Denton, Texas. One daughter, Barbrie, died March 9, 1910. The surviving children are: Mrs. J. W. Cotton, Seagraves; Mrs. Raymond Barrier, Seminole; Mrs. W. T. Stitt, Miami, Florida; U. D. Sawyer, Cross Roads, N. M.; and Mrs. E. A. Graham, Mrs. Tom May, Mrs. Clyde Lewis, Mrs. Clarence Lewis, Mrs. John Givins, Mrs. Cye Tankersley, A. A. Sawyer and Oscar Sawyer, all of Brownfield.

The Sawyer family reunions and Christmas parties had become a tradition in the community and were largely attended. On last October 9th, the occasion of the 56th wedding anniversary, the children gave their parents a surprise and had a happy time together.

Mr. Sawyer leaves a host of friends who mourn his passing. One who had lived here for nearly forty years, as he had, will be greatly missed.

## To Attend Overnight Training Course

Scoutmasters, assistants and camping men of the South Plains Council will attend an overnight training course, at Camp Post, Saturday and Sunday, March 29 and 30, it was announced today. The course, "Short-term camping," will probably attract 50 men. Men will come at 4 p. m. Saturday and close the course the next day at the same time, cooking all meals. Campcraft will be demonstrated. B. B. Dawson, camp director of Philturn Rocky Mountain camp near Cimarron, N. M., will be one of the leaders.

### ATTEND TELEPHONE CONVENTION

E. C. Throop, district manager of the Southwestern Associated Telephone Co., and Mrs. Throop went to Lubbock Wednesday morning where they joined a party of telephone company employees and went from there to Dallas to attend a telephone convention.

Bob Stahler, son of Mrs. Bertha Stahler, is at Curtis Wright Tech. in Glendale, California. Lt. Charles Stahler, another son of Mrs. Stahler, is stationed at Ft. Bliss.

SMALL BORROWERS'
FILL OFFERED BY
FORMER SPEAKER
Austin, Tex., Mar. 18—Representative Emmett Morse of Harris County, former speaker of the Texas House of Representatives, has introduced a bill in the House to protect small borrowers against high interest rates disguised as service charges, commissions, premiums or special fees.

The Morse bill provides that persons or corporations engaged in the business of lending small amounts shall obtain licenses from the Commissioner of Banking, pay license fees, make bond for the protection of borrowers and submit to periodic inspection of their books and accounts. Power to make rules and regulations to protect borrowers from unfair tactics is vested in the commissioner.

Interest is limited to 10 per cent a year and all subterfuges intended to increase actual interest are prohibited. Charges for services must be for those actually rendered upon particular loans and, in any case, must come within limits set forth in the bill.

Salary buying, a favorite practice of lenders of money at high interest, is made impossible by the Morse bill, according to its author. Penalties for violation of the proposed act include loss of principal as well as interest, loss of license, fines and imprisonment. Banks, building and loan associations, credit unions, Morris Plan Banks and other lending agencies already under State or National regulation are exempted from the provisions of the bill.

Brooder Houses Should Be Sanitary

College Station, March 19—In establishing a poultry flock, sanitation starts before the chicks arrive. Geo. P. McCarthy, Extension poultry husbandman for A. and M. College, says the brooder house should be thoroughly cleaned by sweeping walls and ceiling, removing all dirt, and thoroughly disinfecting it with a good commercial disinfectant. A suitable disinfectant can be improvised from one can of concentrated lye in 20 gallons of water—the nearer boiling the better.

The floor and walls of the brooder house should be thoroughly scrubbed up to about two feet above the floor and, if space is available, skid it at least 20 yards to clean ground. Similar practices of sanitation should continue throughout the entire brooding period.

"There is no place that efforts expended in keeping things clean will pay a larger dividend than in raising chicks."

McCarthy offers chicken raisers these bits of advice and caution: Put the brooder in the house and operate it two days before the chicks arrive. Make sure it holds an even temperature of 95 to 98 degrees two inches from the floor at the edge of the hover.

Round off the corners of the house to prevent chicks from piling in corners.

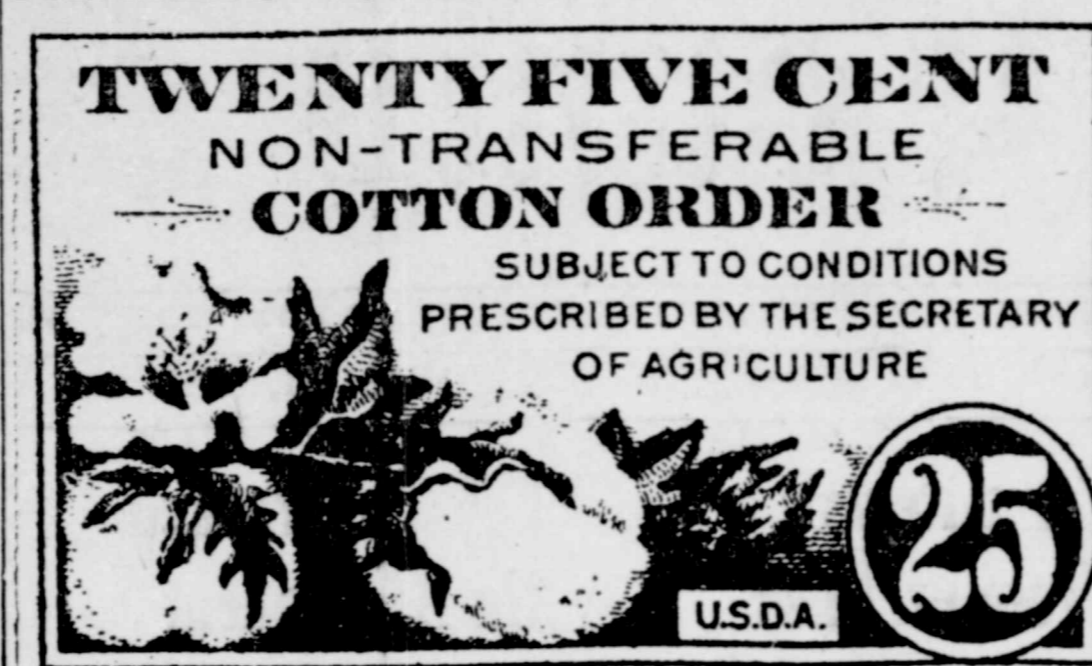

Have a fresh supply of chick starter on hand so chicks can be fed as soon as they arrive. A good commercial buttermilk starting mash is recommended. Don't economize on chick starter mash. Don't buy more chicks than your house will take care of.

Don't allow chicks to become chilled in transporting from the hatchery to brooder house. Don't forget that the brooder house should have an abundance of fresh air without drafts.

SANTA FE CARLOADINGS

The Santa Fe Railway System carloadings for the week ending March 15, 1941, were 18,053 compared with 17,240 for the same week in 1940. Received from connections were 7,585 compared with 5,280 for the same week in 1940. The total cars moved were 25,632 compared with 22,520 for the same week in 1940. The Santa Fe handled a total of 25,060 cars during the preceding week of this year.

FARMER'S COTTON STAMP

Cotton order stamps, like the one reproduced here, will be issued to farmers cooperating in the new supplementary cotton program by reducing their cotton acreage this year. The stamps can be exchanged for cotton goods at retail stores.

Feather Comforts Out of Feather Beds

County Home Dem. Agent

Feather comforts offer a desirable means of making use of discarded feather beds, as will be shown by the county home demonstration agent, March 22, 2:30 p. m., district court room, Brownfield. This is to be an open meeting for any who are interested in feather comforts.

Approximately three pounds of good quality feathers should be used. It is better if they are goose feathers; the down, of course, makes the best comfort. The feathers may be stripped off the mid-rib, or it may be cut out with the scissors. If they are not stripped, all of those with a stiff mid-rib should be discarded.

Be sure the feathers are clean. In one county where a number of women wanted to make comforts of old feather beds, a laundry made them a special price for cleaning the feathers. The feathers, however, may be washed at home by placing in sacks and sousing through warm suds, never hot suds; use as many suds as necessary until the feathers leave the water clean. Rinse through clear water until the water becomes clear. While drying, shake the sack often to fluff the feathers. Do not hang in the hot sun, because the heat will dry out the oil in the feathers leaving them harsh and stiff.

The covering for the comfort requires 10 yards of some feather proof material. Satin-faced feather proof ticking is best. It is 36" wide and usually sells for about 50c per yard. Bohemian ticking can be used, and if the ticking is sufficiently attractive, no outer cover is needed, as this adds to the weight. To make the comfort, first stitch two widths of the material together, 2 1/2 yards long, for the top of the cover, and stitch two widths together, 2 1/2 yards long, for the lining of the comfort. This makes a comfort about 71 inches wide and 89 inches long. Stitch top and lining together along the center seam, then stitch or quilt across from side to side every 9 inches until there are eight pockets on each side 9 inches wide and 35 1/2 inches deep. There will remain at the bottom of the comfort about 17 inches of material with no feathers. This is good for tucking under the mattress to help hold the comfort on the bed; then, too, why use valuable feathers for tucking under, and the length of most beds is about 72 inches.

Divide the feathers into two equal parts, using one-half of them for each side of the comfort. Stuff feathers into the pockets, working with one-half of the comfort at a time. Stuff by putting a handful in each pocket and repeating until all the feathers are

Fights At Johnson School

Every Wednesday night the Boy Scouts of Johnson School put on a fight. Admission for everyone is 5c. The Boy Scouts take a test from 8:00 p. m. until 8:30 and from 8:30 until 10:00 they have boxing and other games and contests to see who is the best scout. In the spring and summer we will learn how to build fires, cook, first aid treatment, healthcraft, handcraft and other things. In the later part of the summer the Boy Scouts and Scoutmaster intend to go on a weeks hike.

Our club was organized in November but didn't begin work good until about the first of February.

Jonelda Benson visited her uncle, Murphy May, in Seagraves several days this week.

Mrs. W. A. Tittle and daughters, Mrs. Aggie Thornton and Mrs. Arlie Lowmore, city and a niece, Mrs. Rex of near Wellman, attended a reunion of Mrs. Tittle's relatives in Knox City last week end.

When a vacuum cleaner is available, the feathers or down can be blown into the comfort tick, which has been made up previously with the pattern quilted, leaving openings in each section of the pattern where the tube of the vacuum cleaner can be inserted.

Quilt or stitch lengthwise of the comfort so that the feathers will be held in 9 inch squares; this requires three rows of stitching on each side of the center seam. Round off the corners of the comfort, and lastly bind the edge with bias binding of same material.

NOTICE OF CITY ELECTION

Notice is hereby given that an election will be held on the First Tuesday in April 1941, being the First day of April 1941, within the incorporate limits of the City of Brownfield, Terry County, Texas in obedience to a resolution and order of City Council of the City of Brownfield passed on the 11 day of March, 1941, for the purpose of electing THREE Councilmen.

Said election will be held in the City Hall of said city and the polls will open at 8 o'clock A. M. and will close at 6 o'clock P. M.

All resident citizens within the incorporate limits of said city qualified to vote under the Constitution and Laws of the State of Texas are entitled to vote at said election.

All candidates wishing their names placed on the official ballot shall file the same with the request therefor, with the City Secretary on or before 2 o'clock noon March 22nd, 1941.

Said election shall be held in accordance with the general election Laws of the State of Texas. This 11th day March, 1941.

ROY M. HEROD, City Secretary City of Brownfield, Texas. 33c

Mrs. Clyde Lowmore, and small son, Clyde Lee, of Tulsa were recent guests of her sister, Mrs. E. C. Throop and Mr. Throop.

Mr. and Mrs. H. F. Heath and son visited her brother and family in Floydada Sunday.

Mrs. Jim Slavin of Austin is the guest of her parents, Mr. and Mrs. Flem McSpadden.

Miss Minnie Hazel Gore will go to San Antonio this week end to purchase spring and summer merchandise for the Go're Dress shop.

J. B. Millsap, Jr., of Berger, Texas, grandson of Mr. and Mrs. J. L. Millsap of Meadow, underwent a minor operation at the Lubbock Sanitarium and is reported getting along very well.

This New Amazing Cough Mixture COMES FROM CANADA

Compounded from rare Canadian Pine Balsam, Menthol, Glycerine, Irish Moss and other splendid ingredients, Buckley's CANADIAN Mixture is different—more effective—faster in action. Get a bottle today—take a teaspoonful, let it lie on your tongue a moment then swallow slowly—feel its powerful effective action spread thru throat, head and bronchial tubes. Coughing spasm ceases for right away it starts to loosen up thick choking phlegm and open up clogged bronchial tubes. Now you'll know why over 10 million bottles of Buckley's have been sold in cold, wintry Canada. Your own druggist has this great Canadian discovery. Palace Drug Store

"In All Our Years In Brownfield... WE HAVE NEVER SEEN A CAR PERFORM LIKE NASH!"

Imagine—25 to 30 Miles on a Gallon in This Big Nash! In all our years in business, I never have seen a car perform like Nash. Good drivers are getting 25 to 30 miles a gallon. Big as it is—it's as fast as a jack-rabbit. It darts through traffic, fairly scoots up hills. And it rides like a dream... glides over bumps as if they didn't exist... clings to curves like it's running on rails. Nash is the first low-price car with coil springs on all four wheels... first with Two-way Roller Steering... built with body and frame welded into one solid unit of amazing strength. There's simply no comparison between this Nash and other low-price cars! Come in—see the differences—and you, too, will change to Nash this year! GET MORE ROOM... Nash has greatest seating width of all low-price cars. It's a big car, too—195 inches long, from bumper to bumper. GET NASH WEATHER EYE CONDITIONED AIR SYSTEM... keeps you warm as tropics. Nothing like it offered by any other car! Completely automatic; effective to 10° below zero. GET SMOOTHER RIDE... Nash is the only low-price car with soft coil springs on all four wheels.

Nash 6's and 8's are Today's Top Values in all Three Popular Price Fields KEE AUTO EXCHANGE South of Edwards Food Store Brownfield, Texas

FIRST PRESBYTERIAN CHURCH

Sunday School, 10 a. m., Morning Worship, 11 a. m., Junior Children's Service, 4 p. m. No evening service.

As we approach the Easter season the meaning of the cross should be ever in our minds. You are invited to worship with us

and learn anew the message of the resurrection.

We will not have an evening service this Sunday. Our annual congregational meeting will be held next Wednesday at the Church. A covered dish meal will be at 7 p. m. and the meeting will follow. Every member of the Church is urged to be present.

PRIMARY LEVEL EXAMINATION RECITAL

Deenie Ballard who is taking the State Primary Level Examination this year will give her required program of ten solos at the school program of the Cen-Tex Harmony Club next Tuesday.

She will play the following program: "Busy Mill Wheel," Jesse; "Andante," Hayden; "Too Bad," Sawyer; "First Daffodils of Spring," Richter; "March of the Crickets," Eudres; "The Boastful Frog," Stairs; "Climbing," MacLachlan; "Three by the Chimney Clock," Moyer; "Three Blind Mice," Lemont; "March of the Tiny Soldiers," Munn.

THE METHODIST CHURCH

Again we enjoyed a good crowd at Church and Sunday School last Sunday morning and a pretty nice crowd Sunday night.

The six o'clock service was fine and the band rendered a good program. The pastor expresses his thanks to the band and to Mr. Smith, Brewer and Horn. He also says "thanks" to the High School folks who came.

Next Sunday morning's sermon topic will be "Samuel" and Dr. O. P. Clark will conduct the evening service. We'll have our second quarterly conference so be present.

HEAR DONALD DIXON SING

Among those from here attending the Donald Dixon concert given in Lubbock Tuesday night at the high school auditorium were Mmes. L. M. Wingerd, I. M. Pailey, J. E. Shelton, J. M. Telford, M. G. Tarpley, M. E. Jacobson, Horace Belew and Miss Marion Wingerd.

Many Entries Expected At Lubbock Stock Show

LUBBOCK, Mar. 18—Every indication is that the 11th Annual South Plains Junior Fat Stock Show to be held at the Panhandle-South Plains fairgrounds in Lubbock Monday through Wednesday, March 24-26, will be one of the most successful events of its kind in the history of the area, according to W. C. O'Mara, Chairman of the Stock Show Committee of Lubbock Chamber of Commerce.

Expectation is that the entries will include approximately 250 calves, 200 pigs and 175 lambs raised by 4-H Club members and Vocational Agriculture students in 31 West Texas and Eastern New Mexico counties from which they will be accepted. They will compete for cash prizes and trophies aggregating a total value exceeding \$600, not including the premiums above market prices expected to be realized from the livestock sold at auction the final day of the show.

In addition, high school bands of the area have been invited to compete for \$50 in cash prizes, divided \$20, \$15, \$10, and \$5, during the parade which will be the Wednesday morning feature. Fifteen to 20 bands are expected. Lubbock bands will be in the parade, but will not compete for the prizes.

Chief events of the three-day program will be: Monday, 5 until 8 P. M., an open house during which the public will be urged to inspect the exhibits; Tuesday morning and afternoon, judging; Tuesday night, banquet in the Livestock Pavilion at Texas Technological College during which prizes and trophies will be presented to winners; Wednesday, 11 A. M., the parade; and Wednesday 1 P. M., the auction, with Col. Kenneth Bozeman serving as Auctioneer.

Awards this year will include the first annual presentation of handsome bronze plaques donated by J. D. Jenkins to owners of the Grand Champion Calf, Pig and Lamb.

James B. Marley of San Antonio has been named Regional Defense Coordinator for Region X, which includes Texas, Louisiana, and New Mexico. His headquarters are in San Antonio. Federal Security Administrator Paul V. McNutt announced his appointment.

A San Antonio cotton mill has been allotted 775,000 patterns for cotton bagging under a program sponsored by the Surplus Marketing Administration. The Texas company is one of four to which allocations have been made for 2,000,000 patterns to be included in this season's program.

### TEXAS FARMERS USING MORE REFRIGERATION

Austin, Mar. 18—With 20,000 to 30,000 Texas farms annually installing electricity, refrigeration of food products for family use is expanding rapidly in rural areas, an agricultural research engineer said at the University of Texas last week.

Speaking to the Texas Food Preservation Conference here, P. T. Montfort, A. & M. College, cited that in areas where electricity has been available for as much as two years more than 50 per cent of the farms are now using electric refrigerators.

"The rapid development of the commercial quick freezing industry and locker storage facilities has created among Texas farmers a widespread interest in the use of low temperature storage," he said. "They visualize tremendous possibilities for a better utilization of farm resources to improve the diet of the farm family and to increase the net income from many productive enterprises on the farm."

He estimated the annual cost of freezing and storing 1,500 pounds of food for a family of five at (a) \$50.50, if community locker plant

### RANCHMAN RAISES RACERS BUT NEVER WAGERS A PENNY

Beeville, March 18 — T. H. (Short Tom) Heard, Southwest Texas rancher, raises and races thoroughbreds but has never made a wager on one. "I don't know where the \$2 window is," he says. It is the sport which he loves. He would like to see racing permitted in Texas because it would eliminate the expense of shipping horses to far-away tracks for proving and would mean \$2,500,000 in new tax revenue, of which three-fourths would go to old age pensions.

The Farm Credit Administration has announced that the 12 district banks for cooperatives (including the Texas Bank for Cooperatives at Houston) and the Central Bank for Cooperatives will reduce the interest rates on new facility loans from 4 percent to 3 1-2 percent, effective March 1.

Miss Evelyn Jones, Tech student, and her room mate, Miss Maxie Felts of Ft. Worth, spent the week end here with the former's mother, Mrs. Ethel Jones.

Mr. and Mrs. W. E. Butler of De Kalb and daughter, Ouida Merle, Tech student, visited in the Mon Telford home Sunday. Mrs. Butler is Mr. Telford's sister.

Mrs. N. J. Landess of Lubbock spent last week end with her daughter, Mrs. Paul McDermott and Mr. McDermott.

Mr. and Mrs. Bill Anderson, city, and her mother, Mrs. A. F. West, visited relatives in Odessa the past week end.

is used exclusively with no home refrigerator, plus a possible \$125 for 250 extra trips to town; (b) \$88, if locker plant is used in connection with a standard household refrigerator; (c) \$76.15 if locker plant is used in connection with household refrigerator with large freezer compartment; (d) \$88.20, if individual farm freezer chest is used, with some chilling and processing done at the locker plant; (e) \$52.30 using all-purpose farm refrigerator—approximate cost \$625, expected life 12 years.

Mrs. Bill Youree and son of Hagerman visited friends here Monday. They were enroute home after visiting Mr. Youree who is stationed at Abilene.

Mr. and Mrs. W. B. Downing visited her sister, Mrs. J. B. Cardwell in Lubbock, Friday.

Mr. and Mrs. Leslie Spencer of Odessa spent Sunday with Mr. and Mrs. G. W. Hicks.

## AIR'S FREE so why not use it?

GETTING right down to it, one reason why you get as much as 10% to 15% more miles per gallon from a 1941 FIREBALL Buick with Compound Carburetion is that this engine is supplied with more air.

For it is a mixture of gasoline and air that gives you power.

A single carburetor, no matter how many jets it has, can handle only so much air.

But two carburetors that function as needed, as is the case in Compound Carburetion, can meet any fuel-supply need from low-speed to heavy-power use — and always provide a well-balanced mixture.

They can double the air supply as well as the gasoline feed — and that's something you can't do in any single-carburetor car.

So Compound Carburetion gets as much as 800 miles for the gas-cost of 700 in earlier Buicks of the same size.

It also provides a wallop big bank of reserve power, which means an up-and-at-'em lift and surge that's nothing short of thrilling to experience.

And you can have Compound Carburetion, you know, on any 1941 Buick — it's only a few dollars extra on the swell big SPECIAL pictured here, and standard equipment on all other models.

BUICK PRICES BEGIN AT **915** for the Business Coupe

### SHARED PRIZE MONEY

Enemy vessels, captured by our bluejackets and U. S. Marines in the days of wooden ships, were called "prizes," and the joy of our naval forces in subduing the enemy was often considerably increased by the prospect of prize money.

This practice had been well-established abroad before it was adopted by the U. S. Navy. At first, prize money was awarded to naval officers and bluejackets alone, but early in January, 1776, Congress passed a law allowing marines a share in the proceeds obtained from captured enemy vessels.

During the War of 1812 the American warship President captured the packet Swallow which had about \$168,000 in specie aboard. The money was brought ashore and deposited in the State Bank at Boston.

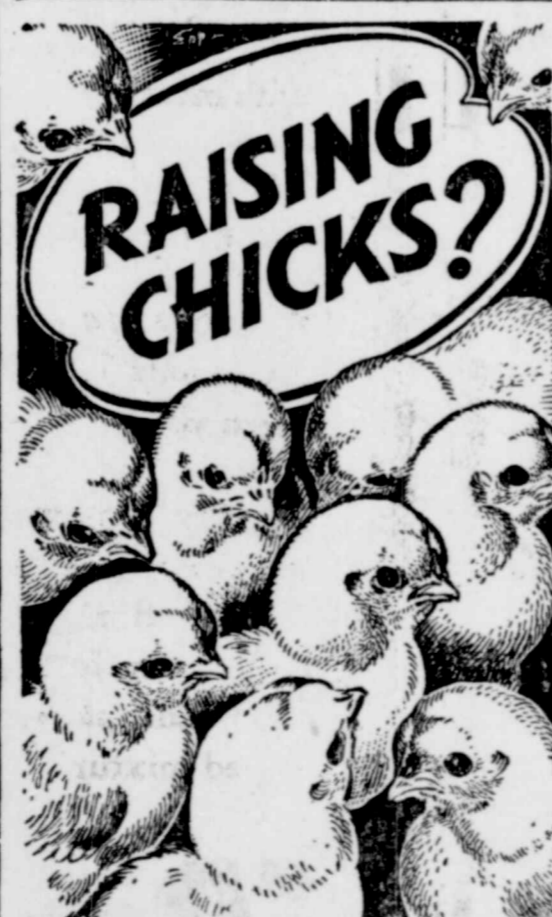

It was customary at this time to allot one half of the prize money to the U. S. Government; the remaining half was divided among officers and men, each member of the crew being allotted a certain proportion of the money according to his respective rank.

While this appeared to be a fairly liberal arrangement, in some cases it was urged that the entire proceeds of the capture be awarded to the victorious bluejackets and marines.

It is probable that few of the vessels captured in the War of 1812 yielded as much as \$168,000. Even if the President' crew received but one half of that sum, it meant a substantial bonus for all hands.

Extension specialists and AAA workers estimate there were 5,000 new gardens grown on Texas farms and ranches in 1940.

### Mahon Explains The Agricultural Appropriation

In view of the widespread interest of West Texans in the agricultural appropriation bill which passed the House last week, Congressman George Mahon has reported from Washington as follows:

The largest item in the bill is \$500,000,000 for AAA soil conservation payments to farmers; \$212,000,000 is provided for so-called parity payments. These sums are about the same as provided in previous years.

Of special interest will be the \$100,000,000 in loans for the expansion of the rural electrification program for the coming fiscal year, and an increase to enable the Soil Conservation Service to cooperate more adequately with soil conservation districts in Texas.

The bill provides \$50,000,000 in loans for the continuation of the farm tenant purchase program.

The bill now goes to the Senate for consideration and there seems to be no doubt but that appropriations made by the House will be approved.

### HOME-MADE FUN FOR 38,851 GIRLS

College Station, Mar. 10—Food in tons and millions, beauty and comfort, and fun home made—that's the story of 38,851 girls enrolled in Texas 4-H Clubs in 1940. This work, explains Onah Jacks, state girls' club agent, is carried on with rural girls by the A. and M. College of Texas and the U. S. Department of Agriculture cooperating.

The average age of these girls is 12, but despite their youth Miss Jacks says, "they are certainly busy at the job of improving the health of themselves and the folks about them." For example, last year they canned over 2,400 tons of food. And that does not include the vegetables used fresh out of 12,520,530 row feet of gardens.

McGee's Baby Elixir is intended for Minor upsets of the stomach and bowels that result from over-eating, improper foods, or temporary over-acidity of the stomach. A bottle of McGee's Baby Elixir costs only 35c.

### WHAT INSURANCE PAID TEXANS IN 1940

Texas families during 1940 received an aggregate of \$23,934,000 from life insurance companies in settlement of death claims, the Institute of Life Insurance announced today.

"The flow of life insurance funds into these homes, averaging \$1,995,000 a month in this state, provides a stabilizing factor in the family and business life of every community," Holgar J. Johnson, president of the Institute of Life Insurance, stated in making the figures public.

Of the death benefits paid to families in this state last year, \$20,516,000 was in settlement of ordinary policies, \$2,798,000 in payments on group certificates and \$620,000 in claims on industrial policies.

For the nation as a whole, the life insurance companies paid benefits averaging more than \$303,000 every hour during 1940, an aggregate of \$2,664,339,000.

they grew. In addition, they're preparing to "make a dent in the countryside" with 111,167 fruit trees and vines and 12,443 ornamental plants they have rooted from seeds and cuttings.

# 1941 Auto Plates

Must be on all cars by midnight of March 31, 1941 or a penalty must be paid by owners not buying their plates on time.

Highway officers are instructed to arrest those who have not properly equipped their cars with the new 1941 license plates.

Plates are now on sale and may be placed on your car immediately. They are on sale at the office of Virgil Burnett, Tax Assessor and Collector, in Brownfield.

New drivers must secure and carry a drivers license, examinations for which are given by State Highway Patrolmen each Tuesday morning in Brownfield.

Mr. and Mrs. M. W. Willingham are the parents of a 6 pound, 5 1/2 oz. girl, born March 16.

Mr. and Mrs. T. C. Grubb of

Midland are the parents of an 8 pound, 14 oz. girl, born March 18.

Mr. and Mrs. T. B. Norriss of Meadow are the parents of a 6 pound, 5 oz. girl, born March 13.

Reported by Treadaway-Daniel Hospital.

PARTY GIVEN FOR CLUB

Miss Earline Jones was hostess to the H. and H. club Tuesday afternoon at her home. Table cuts went to Miss Twilla Graham, Mrs. Paul Jones and Mrs. J. J. Kendrick. Mrs. Paul Jones scored high.

At the conclusion of the game a Mexican plate and coffee were served to Meses. Tom Neely, Jones, Kendrick, Roy Parnell, Bill Anderson, and Misses Twilla Graham, Wanda Graham, Sue Jones, Ehelda May, Betty Shelton, and Betty Bynum.

Mr. and Mrs. Harry Longbrake and daughter, Betty, and Maurice Betts of Midland spent Sunday at Silver Falls.

PUPILS TO PLAY AT LEVELLAND

This Friday, March 21, three pupils of Gertrude Rasco's piano class will go to Levelland to play. These programs are sponsored by the South Plains Music Teachers Association, and are a part of the Festival and State Applied Music work.

The following will play: Gwendie Glover: "Arabesque," Burgmueller; "Slumber Song," Mana Zucca; "Rose Waltz," Rolfe. Mary Nell Hanks: "Don Juan Minuet," Mozart; "The Clock," Kullah; "The Little Shepherd," Debussy.

Leon Lewis: "Musette," Bach; "Ghost in Chimney," Eckstein; "Prelude in G," Weybright.

COUPLE MARRIED IN POST

Miss Helen Kenley, daughter of Mr. and Mrs. Harvey Kenley of Post, and Mr. Archie Karr, son of Mrs. Dora Karr of this city were united in marriage Thursday evening, March 3, at 7:30 o'clock. Rev. Horn, Baptist minister, performed the ceremony at his home.

The bride wore an ashes of roses frock with beige accessories. The couple was attended by the bride's mother and several friends.

Mr. Kar is a popular employee of the Palace Drug Store. The couple will make their home here.

On Monday evening the bride's parents entertained with a dinner honoring the couple, at their home in Post.

SUNDAY SCHOOL CLASS ENTERTAINS HUSBANDS

The Ruth Sunday School class entertained their husbands with a buffet supper Monday night at the Baptist Church. Games were played afterward.

Those attending were Messers and Mesdames C. L. Green, Ted Hardy, Johnnie Haynes, Homer Newman, L. J. Dunn, Jr., J. W. Duke, Gene Barrett, Ray Swindle, Virgil Crawford and James P. Davis. Meses. Swindle, Crawford, and Davis were hostesses.

TOKIO H. D. CLUB

The club met with Mrs. Roy Taylor with eight members present and three visitors.

The program subject was "Safety in the Home." Each member discussed causes and prevention of home accidents.

GARDEN CLUB MET WITH MRS. BOWERS

The Garden Club met at the home of Mrs. R. L. Bowers on March 13th. Mrs. E. G. Akers assisted Mrs. Bowers in the entertainment.

Interesting talks were made by members on Rose Culture and Shrubs that are adaptable to this climate.

A Flower and Plant Exchange will be had for our town on Wednesday after Easter, the place will be announced later.

About 16 members were present.

FOUR-YEAR-OLD GIRL HONORED ON BIRTHDAY

Mrs. T. J. Griggs honored her daughter, Jane, with a party Friday afternoon of last week to celebrate her fourth birthday. Games were played and Easter baskets filled with toy rabbits and chickens were favors.

Birthday cake containing pennies for each guest, and ice cream cones were served to the twelve little girls present.

W. O. W. CIRCLE HONOR HUSBANDS

The W. O. W. Circle entertained with a forty-two party Friday, March 14, at the I. O. O. F. hall, when their husbands were honored guests.

The evening was spent in playing forty-two and dominoes. Mrs. Homer Winston and Mrs. Paulette Powell played several piano numbers.

Refreshments of sandwiches, pie and coffee were served.

MAIDS AND MATRONS MEET WITH MRS. HOLMES

The Maids and Matrons club met Tuesday afternoon at the home of Mrs. Leo Holmes. Miss Olga Fitzgerald was program chairman. A science program was studied. Roll call was answered with the naming of a new invention. Mrs. Grady Goin spoke on "Our Fast New World." "The Work of the U. S. Patent Office" was Mrs. Money Price's subject. "Science and the Changes It Has Brought" was discussed by Miss Jewel Edwards.

The hostess served a salad course and spiced tea to the 19 present.

FOSTER H. D. CLUB

The Foster Home Demonstration club held a quiz on "Safety in the Home," Wednesday, March 12, at the home of Mrs. Alex Reid.

There were 10 members and four visitors present. We hope the visitors soon become members.

Let's all learn about "Refinishing Furniture" with Miss Holloway at the home of Mrs. Elmer Edwards, Wednesday, March 26. The time is still 2:30.

CHURCH OF CHRIST LADIES MEET

Fifteen were present when we met Tuesday afternoon at the church to study the 8th chapter of Romans. We urge all ladies of the church to meet with us Tuesday afternoons at 2:30 for a Bible study.

—Reporter

SHOWER GIVEN FOR MRS. NEVELS

Mrs. Roger Nevels, the former Miss Mable Whitney, was complimented with a tea and gift shower Friday afternoon of last week, when Mrs. C. R. Rambo and Mrs. Arlie Lowrimore entertained at the Rambo home from 4 until 6 o'clock.

Mrs. Lowrimore and the honoree greeted guests at the door and Mrs. Rambo presided at the bride's book. Mrs. Horace Rambo and Mrs. R. W. Rambo presided at the tea service. The table was laid with a white lace spread and decorated with a miniature bride and bridegroom arranged on a reflector. White candles in crystal holders burned at each end of the table. A bowl of snapdragons and corn flowers decorated the buffet. The St. Patrick theme was carried out in decorations and refreshments. Approximately 30 attended.

DANIELL-JACOBSON PROGRAM SATURDAY

Ronny Daniell, age 5 years, and Althea Jacobson, age 6 years, will be presented in a piano program by their teacher, Gertrude Rasco, at the home of Dr. and Mrs. A. H. Daniell, Saturday afternoon, March 22, 4 o'clock.

Ronny will play the following solos: "Sea Gulls," "Country Band," "The Bing Clock," "Sunset," "Christmas Bells," "Snow," "Parade," "Busy Mill Wheel," "Hungry Pussy," "I Like to Dance," "Ponies," and "A Sailor's Life For Me."

Althea will play the following

O. E. S. MET TUESDAY

On Tuesday evening, March 18, the Eastern Star met for a regular business meeting. Talks were made by several of the members. There were two visitors from Seminole and one from Seagraves.

At the close of the session refreshments were served by Mrs. Bertha Stahler, Mrs. Thelma Peacock and Miss Jim Smith. There were 26 present.

numbers: "Yankee Doodle," "Peter, Peter, Pumpkin Eater," "The Zoo," "The Little Waltz," "Twinkle Little Star," "Waltz of Raindrops," "Sunny Gardens," "Skating Lady," "A Trip to the Sky," and "Judy and Bill."

**Scout First Aid Contest At Lubbock**

LUBBOCK, Mar. 21—The annual First Aid contest for the Boy Scouts of the South Plains Council will be staged here Friday night (Mar. 21) at the Senior High, starting at 7 p. m.

The first shift of Patrols, teams for the contest, will go on the floor at 7 p. m. and the second an hour later, R. E. Stroup, chair-

**Loosens Up Thick Choking Phlegm of Bronchial Asthma**

Acts Fast, Makes Breathing Easier  
Spend 45c today at any drug store for a bottle of Buckley's CANADIOL Mixture (triple acting). Pour yourself a teaspoonful, let it lie on your tongue a moment then swallow slowly. Feel its instant powerful effective action spread through throat, head and bronchial tubes. Starts at once to loosen thick, choking phlegm making breathing easier — helps many get a better night's rest. Get Buckley's CANADIOL Mixture. Over 10 million bottles sold.

**MARRIAGE LICENSE**

Lonnie A. Lewis and Miss Marie Darnelli, March 15.

Miss Elsie Turpin will leave Sunday for Brownwood to visit her mother, Mrs. G. C. Turpin.

man in charge of arrangements, said. Last year the Lion Patrol, Troop 5, First Christian Church of Lubbock, was tops with a 398 score of a possible 400 points in four problems. Lamesa, Troop 23, Lions Club, was second with 389 points of 400 possible.

Nine districts have held meets, at Plainview, Spur, Sudan, Ralls, Lamesa, Seminole, Post, Whiteface and Lubbock and appearances are that 25 towns will send 50 teams to the finals. Scott Ho'lingsworth is chief judge while 40 American Red Cross Examiners will be used to judge the Scout teams.

**POOL**

We had a larger crowd at Sunday School Sunday, also at League. Those visiting in the S. V. Newsum home on Sunday were Mr. and Mrs. Lorn Mosier of Johnson community and Maureen Ticer.

Flois Gunter spent part of last week visiting Mr. and Mrs. Sam Chambliss and family of Brownfield.

Mr. and Mrs. Herman Rowe and Eugene spent the week end visiting Mr. and Mrs. J. P. Rowe.

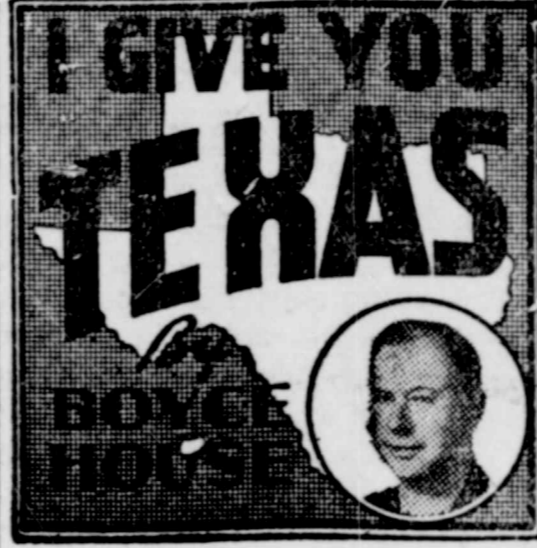

Mr. and Mrs. J. M. Trussell and family had several guests Sunday. They were Mr. and Mrs. James Trussell and sons of Lubbock, Mr. and Mrs. H. C. Zorns and family of Meadow, Mr. and Mrs. G. B. Sterling and daughter, Thelma, Mr. and Mrs. B. W. Young and family and Foy Gunter.

Mr. and Mrs. Vernon Brown and family of Dixie spent the week end visiting Vernon's brother and family, Mr. and Mrs. Jack Brown.

Mr. and Mrs. Homer Dunn and family spent the week end visiting relatives at O'Donnell.

Miss Merle Moore visited Ms. Clyde Washington in Lubbock recently.

Miss Juanda Ruth Turner spent last week end in Lubbock visiting Miss Marilyn Claiborne.

A man whose fingers often have been smeared with printer's ink is Homer Leonard who, for years, was publisher of a newspaper in McAllen and still owns a job printing plant there. Leonard is Speaker of the House of Representatives, and colleagues declare that he is handling the duties with impartiality and ability and that the handsome and dynamic solon from the Magic Valley is rendering real service to Texas.

The best possum dog in this State is owned by William Dee Moore, or at least so we read in E. C. Lowe's Lometa Reporter:

This dog is so well trained that all Moore has to do is to show him a board that you stretch hides on, and he makes a break for the woods and soon returns with a possum whose hide fits the board shown him. In this way, it takes a lot of responsibility off the trapper as he does not have to hunt out the right size board to cure the hide on.

But this season, the hound disappeared and, after he had been gone two days, William D. went to look for him and found him gaunt and hollow-eyed, and had to haul the dog in. He asked Mrs. Moore what was the matter and she said that, two days before when she went to get her ironing board, the hound saw her with it and made for the woods and had been there all that time looking for a possum with a hide to fit the ironing board.

Chief argument against federal control of oil is that the State is doing a good job through its State Railroad Commission. Frank Buttram, president of the Independent Petroleum Association of America, recently pointed out that the advocates of federal control originally had based their arguments on the theory of prevention of waste but that all charges of waste put forth by these advocates were refuted with evidence in Cole Congressional committee hearings. So, when it was proved that federal control should not be adopted since the State Railroad Commission is performing its oil duties efficiently, it was proved also for the same reason that there is no necessity for a separate oil and gas commission in Texas, observers declare.

Mrs. J. J. McGowan visited in Dallas this week.

**QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID**

Free Book Tells of Home Treatment that Must Help or it Will Cost You Nothing

**GOMEZ**

Attention to all P. T. A. members and especially to all new parents!

You are invited to a P. T. A. meeting Monday night, March 24. It is very important to be present, as election of officers for another year is in order and a very interesting program will be given as follows:

Safety in the Home, School and Community.— 1. Highway Safety for drivers and pedestrians, Mr. Hosey Kelly. 2. School Teaching of Safety and Training of Drivers at School; Drivers License Laws, Mr. Lee Fulton. 3. Fire and Electrical Hazards, Recreational Hazards, Mrs. Denver Kelley. 4. Safe homes and safe school buildings, Mrs. Wright. Because of the county meet Friday night we had to change the date, so be sure and come. You are needed.

The local Baptist Church had a real treat during the weekend, as the Missionary Voluntary Wayland Band from Plainview was here. Three very inspiring programs were given by these young people. One Saturday night, one Sunday morning and Sunday afternoon.

There is a Sunday School study course in progress at the local church this week so if you couldn't come to the study course you are invited to attend preaching services during the weekend. Rev. R. C. Guest, pastor.

**MOVING TO BIG SPRING**

Mr. and Mrs. R. Q. Reed and daughters, Jacquelyn and Lyndal, are leaving today for Big Spring to make their home. The Reed's have been Brownfield residents for the past three years. Mr. Reed has been in charge of the meat department of the Piggly Wiggly Grocery. He has accepted a traveling job with Keeton Packing Co. and will have the south territory out of Big Spring.

**TECH TEAM HIGH IN JUDGING CONTEST**

LUBBOCK, Mar. 17 — Texas 'Tech's dairy products judges won highest team and individual honors at the Southwestern Exposition and Fat Stock show in Fort Worth this week. Colleges from several states competed, said Mart G. Pederson, coach.

Peyton Tucker of Lubbock was high man in the contest, both in milk and butter. Millard Gillham of Hughes Springs was second and took top honors in cheese judging.

The dairy cattle judging team from Texas Tech placed seventh and the livestock judging team ninth in the Fort Worth show.

Mr. and Mrs. R. M. Kendrick and Mr. and Mrs. Richard Kendrick left Sunday for Hot Springs, Ark., for a two weeks vacation.

Mr. and Mrs. L. M. Wingerd, Marian Wingerd, Morgan Copeland, Jane Brownfield, T. L. Patterson, Mr. and Mrs. Lee O. Allen, Dr. and Mrs. W. S. Brumage and Mr. and Mrs. Mike Barrett spent the week end in Ruidoso.

Mrs. F. H. Kennedy returned to her home in Elk City, Oklahoma Saturday after a weeks visit with her sister, Mrs. A. D. Repp and Mr. Repp.

**PLAINS—**

Supt. and Mrs. Roy Elliott, Miss Virgie Strawn, Miss Moore, Mrs. Bartlett, Mrs. Moreland, Miss Harben and Mrs. Walden attended the District Teachers Meeting in Big Springs Friday.

Mrs. Eunice White of Brownfield visited in the W. H. Hague home last week.

Mr. and Mrs. Hilbren Smith of Lubbock were visiting his mother, Mrs. Francis Smith, Sunday.

Mr. and Mrs. Marlin Hayhurst of Seminole spent Sunday with Mr. and Mrs. Warner Hayhurst.

Mrs. E. M. McLaren visited a few days last week with her daughter, Mrs. Olan Cox and family.

A group of girls enjoyed a slumber party Saturday night in the home of Mary June Smith. Those present were Gloria Dean Carson, Helen Cunningham, Joan Watson, Christine Coke, Sarah Smith and Mary June Smith. All reported a nice time.

R. C. Anderson who is attending Wayland College at Plainview was home for the week end.

Mrs. Raymond Bookout and children and Mrs. Aaron Morris were visiting in Kress and Plainview a few days last week.

S. S. Jobs, W. B. McAllister, Frank Ferrell, Bill Powell and John O'Neal went to Port Arthur to play ball during the week end.

Mr. and Mrs. Ray Christopher, D. L. Patton and Elmer Johnson attended a zone meeting of the Phillips Petroleum Co., held at the Lubbock Hotel Thursday of last week.

No Ford has ever carried  
**EXTRA VALUE**  
quite so far!

We'd like you to see and drive the finest Ford we've ever built.

You'll find its big bodies longer inside, greater in total seating width, and larger in windshield, than anything else in the Ford price field right now.

You'll find a great new Ford ride, too. A soft and quiet new ride that has surprised a lot of people and may surprise you.

And with its room and ride and view, you get Ford extra power with extra thrift, the biggest hydraulic brakes near its price, and a lot of fine-car mechanical "features" found only in a Ford at low price.

If you are choosing a new car this year, you'll do well not to miss this Ford. And not just because we say so, but because the facts do!

BROWNFIELD FRIDAY — SATURDAY TEXAS

**Commercial Dept.**  
(Continued From Page 1)

Commercial Arithmetic is a prerequisite to bookkeeping, but is a helpful course to any student. The purpose of the course is to enable the student to be more accurate and quicker in the fundamentals in arithmetic.

Bookkeeping is offered to students with a junior or senior standing. With Junior Business and Commercial Arithmetic as a basis, students should have no trouble with bookkeeping. Bookkeeping is a course that emphasizes accuracy and neatness. Students are prompted to keep working, due to the fact that practically all of the work is done in the classroom. Bookkeeping acquaints the student with the fundamentals of record keeping. After having this course, the student should be able to apply his knowledge and keep a set of books intelligently.

Commercial Law is preferably a course for students of junior and senior standing. It is not a course just for students who expect to become lawyers; the purpose of the course is to enable students to more intelligently observe and apply the laws of their country.

Salesmanship is a half-year course. The purpose of the course is to make it possible for students to learn the most effective steps to follow in persuading people to do what they want them to do. It teaches students how to sell themselves as well as goods and ideas.

At present, new equipment is in the process of being installed in the bookkeeping room. When it is completed the commercial department will be in good condition. Every effort is being made to offer such courses and these courses in such a way that will establish and maintain high standards in the commercial department.

Buyers for the local dry goods stores were in Lubbock Sunday attending the spring merchandise market.

**DEADLINE FOR PAYMENT APPLICATIONS**

College Station, March 19—All applications for payment under the 1940 Agricultural Conservation Program must be signed and in the county offices by March 31, Fred Rennels, assistant administrative officer in charge of the AAA in Texas, has announced.

The deadline applies to payments for soil-building and range improvement work as well as regular payments under the conservation program, the AAA official said. The closing date is applicable all over the United States. To date, 361,623 applications for a total of \$43,314,700 have been certified for payment in the state office out of an anticipated 450,000 applications for \$50,000,000 in payment under the conservation program, Rennels said.

These payments brought to \$71,508,054 the amount received by farmers and ranchmen for cooperating with the 1940 AAA program, Rennels said. Estimates are that the total will reach \$78,775,000.

Mr. and Mrs. W. H. Frazier and small daughter, Betty Ruth, of McKinney visited in the home of his sister, Mrs. Bill McKinney and Mr. McKinney Monday and Tuesday.

Mr. and Mrs. Leo Holmes and children spent Sunday in Seminole visiting his parents.

Mrs. Grady Hicks of Snyder was the guest of her brother, Ralph Bailey and Mrs. Bailey Monday.

Miss Mamie Drennan and Miss Vivian Moser spent the past week end in Hamlin with Miss Drennan's parents.

Miss Clifford Atkinson spent last week end with her parents in Muleshoe.

Mr. and Mrs. Bill Ed Watson spent the week end in Dallas and Ft. Worth and attended the Fat Stock Show.
