Fourteenth District P. T. A. Conference Pronounced Best Ever Held In Its History

More Than 400 Delegates From 24 West Texas Counties Attend Despite Threatening Weather. Citizenship Generously Open Homes to Throngs of Visitors.

By Mildred Adams

Mrs. W. A. Bell and Mrs. Tom Cobb were presented with life memberships in the Texas Congress of Parents and Teachers at the 14th district conference in Brownfield last week-end.

Both Mrs. Bell and Mrs. Cobb have been active in Parent-Teacher work for several years in Brownfield. Mrs. Bell organized and was president of the first P. T. A. in Brownfield in 1913. Mrs. Cobb is a district vice-president and was the local chairman for the 13th conference. She is vice-president in charge of Terry, Yoakum, Dawson and Gaines counties.

Presentations of life memberships were made by Mrs. W. M. Adams, president of the High School Parent-Teachers association, and by Mrs. Frank Wier, president of the Ward School Parent-Teachers association.

439 Register

Four hundred and thirty-nine delegates and visitors registered for the conference, making that the largest delegation to ever meet in Brownfield, according to Pat Patterson, secretary of the Terry County Board of Development.

Brownfield people furnished homes for the delegates for Friday night. Other courtesies extended by the Brownfield people were a dinner for the Board of Managers on Thursday evening, given by the Terry County Council; a breakfast Friday morning for the Board of Managers, given by the Band Mothers; a buffet supper Friday evening for all visitors, given by Brownfield citizens; and a breakfast Saturday morning for all visitors, given by the Maids and Matrons club, the Junior Maids and Matrons club, the Cen-Tex Harmony club, and the Garden club; and a Pan-American luncheon open to everyone Saturday at noon.

Schools Dismiss

The Brownfield schools dismissed Friday in order that the faculty could attend the conference sessions.

Anson will be host to the 14th annual conference of District 14, Mrs. H. G. Stinnett, Jr., president of District 14, announced last Saturday afternoon at the close of the two-day meeting. Plainview, also, bid for the conference.

Mrs. Stinnett said that the Brownfield conference was the largest conference that District 14 had ever had. "This has been a record-breaking conference from beginning to the end," she concluded.

Committee Named To Sell Defense Bonds

While no quotas have been fixed, it is our hope that our citizens will buy all the bonds they can. It is the desire of our President and other officials that our efforts in raising defense funds will be strictly voluntary, but if we fall down on this first effort, it is possible that we will be told in the future the amount of bonds we must buy. The bonds will be sold at the Postoffice and the local banks and will be available in convenient denominations and will be good investments and bring a fair rate of return. The Postoffice and Banks will be able to deliver you the bonds at once.

It is not the desire of the Committee to put on strenuous advertising and sales campaigns, but we hope that all our citizens will help us in this fight to stamp out dictatorships and the preservation of our freedom and independence.

J. O. Gillham, Chairman
Other committeemen are, W. R. McDuffie, C. C. Coleman, H. R. Winston, H. R. Belew, J. M. Burleson, B. G. Hackney, Mrs. L. M. Winger, Emmitt Smith and James H. Dallas. More details next week.

authorities on the program were J. W. Hathaway, from the Hogg Foundation in Austin; Mrs. William H. Parsons of Waco, state vice-president and state representative to the conference; Mrs. Mary Toomey Tompkins, editor of the Texas Parent-Teacher magazine; Dr. L. B. Cooper of Texas Tech; Dr. W. B. Irvin, superintendent of the Lubbock schools and president of the Texas State Teachers association; O. C. Thomas, Spur; Sam Lefseite of Lubbock, president of the West Texas Teachers association; Miss John Bowles of Texas Tech; Mrs. J. W. Walker of Plainview, president of the Texas Federation of Women's clubs; Mrs. H. F. Godeke, of Lubbock, president of the Seventh District Federation of Women's clubs and state parliamentarian of the Texas Congress of Parents and Teachers; and Mrs. J. Perkins, former president of the Texas Federation of Women's clubs.

Mrs. Stinnett announced during the conference that during the current year 1,272 new members and 16 new local units had been added to membership in District 14.

Nominating Committee Elected

A nominating committee was elected by the board of Managers for the officers for 1943-44. Serving on this committee are Mrs. Walton P. Hale, Floydada, chairman; Mrs. Fred Stockdale, Aspermont; Mrs. Frank Wier, Brownfield; Mrs. S. D. Hay, Sudan; and Mrs. F. T. Whitaker, Jayton.

Theme of the two-day conference was "The Home as the Threshold of Democracy". In connection with this topic J. W. Hathaway, from the Hogg Foundation in Austin, spoke on "Mental Hygiene" Friday night. In this discussion he explained the place of the home and the secondary school in a better-planned program in mental hygiene for children. He especially stressed that more emphasis should be placed on the development of clean thinking students.

Hanes Conducts Symposium

A symposium was conducted by Supt. W. T. Hanes of Tahoka Friday afternoon. Other school men on the program were Supt. Emmitt Smith of Brownfield; Supt. V. Z. Rogers of Lamesa; Supt. Ray D. Brown of Levelland; Dean Robertson of Garza county; and Supt. E. E. Hancock of Ralls.

Six state officers attended the conference. These were Mrs. Parsons; Mrs. J. E. Day of Rotan, state vice-president; Mrs. A. C. Surman of Post; state historian; Mrs. Tompkins, Dr. Irvin, and Mrs. Godeke.

A panel discussion was led by Dean Dan M. Powers of Lubbock high school. Students participating were Arlene Younger, Cullen Chapman, of Lubbock; and Jim Lane, Lois Chambliss, and James Bryan of Brownfield.

Scrap Iron For Great Britain

Everyone can do his bit toward winning the war, and at the same time get a bit of equipment for himself. Britain needs iron for ships, tanks, shells and firearms, and needs it badly. So, the Lions Club of Brownfield is sponsoring a show at the Rialto the 2nd, this Friday, May 2, and the admission will be 20 pounds of scrap iron for adults, and 10 pounds for children.

Frank Jordan is in charge of the project, and says the show will be of a patriotic nature, and will consist of a series of the best short sketches. The first show starts at 1:30 P. M., and if necessary a second show will be run, starting about 3:00 P. M. This is our war and we must win it. Everyone invited.

L. Nicholson and Graham Smith were re-elected secretary and program chairman, respectively.

Guard Appreciates Yoakum's Help

Our good friend, C. T. Edwards informed us this week that the Commissioner's Court of Yoakum county had donated \$200 toward uniforming and equipping the Home Defense Guard unit in Brownfield. Of course, one understands, in case of war and attack on the oil fields of Yoakum county, this being the closest unit, they would be called to protect the fields from an enemy.

But this does not lessen the fact that the Home Defense Guard appreciates this sizable donation from the Yoakum county dads, and they want the people of Yoakum county, as well as others to know they appreciate it to the fullest extent, and will be ready to reciprocate any time.

But Terry and Yoakum counties have always had a bit more in common, and a more sisterly feeling toward each other than any two counties in this section. For a short while Yoakum was attached to Terry for judicial purposes before the former was organized. Then for some 20 years the Herald was their official paper for the publication of all legal matters in that county.

That feeling of mutual protection and admiration has never been weakened that we know of. There has never been a lawsuit or even the threat of one between the two counties over boundaries or anything else.

You Can Help British Fire Fighters Fund

Yes... now you too can help the British cause by attending the RIALTO THEATRE next Tuesday and Wednesday night. The fire boys of Brownfield are sponsoring the picture, MODEL WIFE starring Joan Blondel and Dick Powell those two nights with their part of the proceeds going to help the British Fire Fighters.

We all know only too well of the heroic work of the British fire fighters in their efforts to put out fires started by incendiary bombs, high explosive bombs and bombs of every type known to military experts. It is true that many fire fighters have been killed and injured, and it is the purpose of this benefit show to help take care of the dependents of those killed or injured in performing their duty.

The imperative need now is SPEED in getting material aid to those boys, and here is another opportunity to do your bit.

Tickets for the show can be obtained from Higginbotham - Bartlett Lumber Co., C. C. Primm, Ned Self, Gracy Mullins, Troy Noel or any of the fire boys.

Battery Charged While You Wait

No, we didn't believe it either till we saw it. We have for years been in the habit of leaving our battery to be charged, taking from one to three days for the job. D. L. Patton, manager of the Main Street Phillips Station, now has a machine that will do the job in from 15 to 40 minutes. The machine is not a large one, and is called Charg-A-Lyzer by the manufacturer, and it vitalizes the battery that has no pep "while you wait." Mr. Patton stated that he, like all service station men, lose hundreds of dollars each year to people who bring a run-down battery, get a better one while their's is being charged, and never return it. The machine costs around \$200.

Drop in sometime and see it.

ROTARY CLUB ELECTS NEW OFFICERS

C. L. Aven, Jr., local manager of the Shamburger Lumber Co., has recently been elected president of the local Rotary Club. He will assume duties of office in July. Homer Winston, retiring president automatically becomes a vice-president on the board of directors.

A Little Land But A Lot To Eat

Home Dem. Agent

The Earnest Hemme place in Meadow is a fine example of what a small piece of land—six town lots to be exact—will produce when there is a will and a lot of effort applied.

First to catch one's eye possibly are the 48 grape vines orderly arborized southwest of the house. Mrs. Hemme, home food supply demonstrator for the Meadow Home Demonstration Club says she used 300 lbs. sugar last year in preserving the grapes which were not sold. North of the grape plot is the 15' x 35' strawberry bed which is going into its third year and has paid for itself in strawberries. The bed is protected on the west and north only by trees. The Gem Everbearing is the variety berry planted and has proved itself hardy and profitable on the Hemme place. And what is more, Mrs. Hemme is often called on to furnish strawberry plants to others in the community who are interesting themselves in putting out strawberries, these being planted, when no protection is available, in frame gardens. Other fruit is furnished by the 18 fruit trees which are in bloom and a lovely sight to see. There are three apple, eight plums, and 7 peach trees.

\$80.00 from tomatoes sold! Hard to believe when one is shown the small hot bed where tomato plants are getting their strength, but that is the past record. Then there is the garden, where onions are already making their appearance quite boldly, potatoes have been planted, and rhubarb is quite green. This garden plot every year is crowded with the things you and I like to eat, peas, beans, okra, carrots, turnips, and so on. To be sure the 4-inch pump well is a big help in keeping the garden in etables almost the year around.

Lahey Appreciates Pledge To Flag

Commander C. T. Edwards of the local post, American Legion, had the following letter from the Lahey school, addressed to him as commander:

Dear Sir:—The pupils of the Lahey school wish to express their thanks and appreciation for the two motifs containing the Pledge to the Flag. Will you please express our appreciation for this gift to each member of the American Legion?

Those that do not already know this pledge are learning it. All of us hope to become better citizens, more closely united for defense, and more patriotic, in order that we may keep this, the best land on earth, a Free Democracy.

(Signed)
Ruby Bentley, Alfred Cornebie, Juanita Gresham, Nevelle Hulse, Wilton Glenn, Wanda Pearl and Evelyn Gesham, Loretta Cornebie, Billy Franks, Elwood Casebeer, Betty Jean Emery, Juanda Mock, Donald Lee Webb, Clarence Casebeer and Maxine Thomas.

Mr. Edwards stated that the above was just a sample of several he had already gotten from the schools of Terry county.

Postmaster Dallas Has Supply of Bonds

Jas. H. Dallas, postmaster of this county capitol, called us in Wednesday to see the big array of saving stamps and bonds our Uncle Sam started sale on Thursday to raise a whale of a lot of money to buy war material to beat hell out of Hitler.

There they are from 5c to 10c stamps on up to the \$1,000 bonds for the big fellow. The youngster who can only purchase the stamps, one at a time, is given a book, and when that book is filled, it can be traded for a small bond that costs about \$37.50, but in ten years will be worth \$50.00.

But go in yourself and see them, and if you have any money, buy what you can. Your old Uncle needs the dough.

Work Progressing Nicely on M. E. Church

Stopped by the Methodist church briefly Monday afternoon to have a short talk with Rev. H. W. Hanks, pastor, who gave us just a bit about how the work on the building was coming along, and what the building would be when completed. To say the least there is going to be a great transformation in that building.

The large addition in the rear will house, upstairs and down, some 20 additional Sunday School rooms, two assembly rooms, a kitchen and the pastor's study. Everything will be added to make this an ideal place to teach young folks.

The main auditorium will be remodeled, with larger windows, and two of the rooms may be opened into the main auditorium for extra large crowds. The roof will be raised several feet, and the walls built higher, and finally the roof will be sharper or steeper to comply with the roof of the new addition.

Yet weather has hindered some, but Rev. Hanks stated that he believed they would get the roof on the addition by Sunday. As soon as this is finished, work can be started on remodeling the old part of the building.

The Herald congratulates the Methodist people in their effort to have a more attractive as well as a more convenient place to worship, and to invite their friends.

Guard Unit To Move Outdoors For Drill

Weather permitting, the local unit of the Texas Defense Guard will hold its weekly drills out at the football field during the coming summer months. Caps, belts and insignia are expected daily and wooden drill guns will likely be issued tonight.

Already there have been more than enough men expressing their desire to join the guard unit to bring the company up to full strength and therefore some cannot be taken in at the present, but the company officers urge that those who cannot be enlisted at the present to keep coming out to the drills and they will be taken in as soon as vacancies are created by guardsmen with low draft numbers being called into the regular army. The writer understands that there is enough experienced men available to drill practically any number who care to take drills. The public is free to come out and watch the drills.

Anson Lady Says She Likes Brownfield

We had a letter this week from Mrs. G. D. Triplett, Secretary of the Anson, Texas Chamber of Commerce, requesting that we send her a copy of the Herald of this week's issue. This lady was one of the delegates from Anson to the District PTA last week end. She says:

"I attended the 14th district Parent-Teacher Congress held in your city last week end. I was very favorably impressed with your wide streets and clean town. The hospitality shown the delegates could not have been better.

"It was a pleasure to spend two days in Brownfield, and I am looking forward to another visit."

Johnson To Open His Campaign At San Marcus

Congressman Lyndon Johnson will open his campaign for the United States Senate Saturday night, May 3, at San Marcus, where he worked his way through the State Teachers college and which is in the heart of the congressional district he now represents.

His opening campaign speech will be carried over the major networks of the state at 8 p. m., and a huge statewide rally will be held.

Boyd Moore, now of San Angelo, says they sure appreciate the weekly visits of the Herald.

Texaco Service Station To Be Greatly Enlarged and Remodeled Throughout

Will Adams, Owner, Lets Contract to Lloyd Moore to Cost Several Thousand Dollars; On Valuable Corner. To Be Goodrich Budget Store.

Workmen are now clearing the grounds in the rear of the Texaco Service Station, which is under the management of Burl Hahn, for enlarging. The building is owned by Will Adams. When this job of remodeling and enlarging is completed, there will be no more convenient or beautiful service station in the city.

In the first place, the front will be extended the full width of the lot, or 90 feet from the street curb, in front, and will extend 60 feet to the rear. The front on Main and Eighth Street side will be in faced brick, while the inside wall and rear will be tile. The office will be made ten feet wider and ten feet deeper, giving the office force much more room. This will leave a large area, some 40x20 feet in the front for the wash and grease department, all enclosed and under roof. The rear will be used as garage and repair shop, being around 70x34 feet.

Work of building is to start as soon as the grounds are cleared of an old tin building, and debris. Lloyd Moore has the building contract, and it will be rushed as fast as men and materials can do the job.

When the building is completed, besides Texas gas, oils and other Texas products, the building will be stocked under the direction of Goodrich Co. with what is termed a Budget Store, and most anything you wish from a tire to a tack hammer, radios and what have you, will be found in this store, expertly arranged.

We know that Mr. Hahn and his efficient personnel will be more than pleased with this new store and building, and they have our hearty congratulations.

Next Community Farm Dinner At Pleasant Valley

The next community-farm dinner will be held at the Pleasant Valley school house on Tuesday, May 20th at 8 P. M. We urge that every business house in Brownfield be represented and to notify the Terry County Board of Development how many of you will attend so that ample preparations can be made. The farmers of the Pleasant Valley Community are requested to notify Mrs. W. E. Steen whether or not they will attend. The farmers are invited to bring their wives. If Mrs. Steen cannot be reached notice can be turned into Mrs. S. L. Greathouse. The first dinner held at Gomez on April 17th was a success and it behooves the business men of Brownfield to do their part in seeing that each of the coming dinners are as successful.

Good Rains Cover Brownfield Area

Three quarters of an inch of slow-falling rain fell here Saturday night and Sunday, to be followed Monday night with a hard downpour of one inch, bringing the measurement of the total to 1.75, leaving a good season for planting.

We understand there was a destructive hail at Sundown, the oil field town just over in Hockley county, Monday night. Also another covered a small strip in Lubbock county.

M. E. BREWER UNDERGOES MAJOR SURGERY

Mr. and Mrs. M. E. Brewer of Cleburne arrived here last week. Mr. Brewer entered the Treadway-Danniell Hospital where he underwent major surgery Sunday of this week. His condition is satisfactory. Mr. and Mrs. Brewer are former Brownfield residents. She was superintendent of the local hospital for several years and Mr. Brewer was employed at the J. B. Knight Furniture Store.

W. E. Breazeale, Rt. 3, had his name added recently.

County H. D. Council Met Saturday

The Terry County Home Demonstration Council met Saturday, April 26, in the District Court room. After the regular business session Mrs. Hardin Joyce gave a general report of the Plainview trip. Mrs. Kelly Sears and Mrs. Griffith made special reports of the various counties represented at the convention, and Miss Holloway reviewed a speech made by Mrs. A. J. Brown, State President of the Texas Home Demonstration Association, about her trip to Washington and an interview with Secretary Wickard.

There were 24 present, all clubs being represented except Union and Meadow.

Farmers! Attention!

We are calling a meeting of the Farm Bureau Federation at 2:00 o'clock P. M. Saturday, May 3rd in the District Court room. All members are urged to attend and bring a new member, and help carry on the fight for 100 percent parity on cotton.

Here I want to thank the business men of Brownfield for sending telegrams to Washington on April 22nd urging passage of the Senate bill No. 935 which if enacted will provide 100 percent parity for our farm products.

May each of you be bountifully re-paid for your cooperation in our efforts to keep pace with Labor and Industry.

Bounty On Wolf Scalp Authorized

The Commissioners Court of Terry in session this week authorized the payment of \$1.00 bounty on each wolf scalp for a period of 90 days, payments to be made the Second and Fourth Mondays. Persons must be resident citizens of Terry county.

This move has been agitated for some time, rural ladies complaining about missing chickens, turkeys and small livestock. We understand that Yoakum and Hockley counties will participate, which will make the project better by covering more territory.

LOCAL BOY NAMED SOCIETY PRESIDENT AT TECH

Sam Chisholm, son of Mr. and Mrs. G. W. Chisholm of this city, was recently elected president of the Tech Accounting Society for 1941-42. Other officers elected were Darrell Verner of Meadow; Lucille Savell, Slaton; Weldon Street, O'Donnell.

The new officers will serve as a committee to plan a banquet which has been tentatively set for the night of May 12.

Among some of the reasons the Herald is for Gerald C. Mann is that he still stays with his campaign promises that he will "sacrifice no principles to gain the office, and none to hold it." Gerald Mann has stayed with this promise, although on occasions it has been calculated to lose him friends of political power, as well as large groups seeking legislation that on its face appeared innocent, but clearly in conflict with the constitution. A few might be mentioned: Raids on the treasury by counties that wanted their state taxes remitted for various reasons; the price fixing, or so-called fair trades act, etc. Mann and his assistants have been tops in tax collections, turning in more money collected from tax dodgers than any preceding administration. The Herald is not for him just because he was a star football player, but perhaps that has stood him well in the maintenance of good health while leading a strenuous official life. The Court of Civil Appeals, at Austin, had this to say: "Mann said his staff is the best we have seen in the Attorney General's office." And our notion is that Mann will make us a United States Senator that we will be proud to claim.

The Meadow Star is our authority for the fact the Meadow High School Seniors are using "Little Women" for their play. We sorter have our doubts that Hon. Charley Guy of the Lubbock Avalanche-Journal will lend the "Little Woman" to Meadow, for just one night. By the way, Col. Jay See Estlack of the Clarendon Leader is accusing the Herald guy of not coming to the Panhandle Press convention at Amarillo, because Chas. A. Guy didn't come, intimating that the latter set all the fashion aspirations among the South Plains editors. We'd a lot rather come along, Jay See, but as explained, we had a jaw tooth just getting over a bad case of abscess, and didn't figure any of the editors would bring their pliers. Anyway, we started out to give the Meadow Seniors some advertising and did.

Another Rambling Notion Strikes Us

As it had been some weeks since we had seen the kids at Snyder, Herman and Sallie Trigg, and a good friend that has more confidence in us than the run of the mine here, agreed to fill'er up and see about the oil, check the water and tires, the Better Half and the Old He hit U. S. 380 for Snyder somewhat after five Saturday afternoon. Slipped through Eee Eye Hill's town over at Tahoka without being stopped, skirted Post and on the capital of Old Scurry county, where we always feel welcome.

All the farm land is up between here and there, and it is as wet as get-out now, and may get wetter. Grass is fine and the bar ditches and pastures are a riot of wild flowers and wild rye, but before anyone misunderstands, you can't get wild on the rye. It is in its growing state—not bottled. Speaking of this rye, we can't understand why there is so much of it getting scattered down in that section, unless by the highway department. But seemingly little of it has reached Terry county borders yet. It can even be found in the back yards below the caprock, and is now heading nicely. It would not be a bad idea to get it scattered up here.

Fact of the business is, we believe it would hold our sandier lands, and at the same time make journal, recently gave the University of Texas some good advertising on their form of News Service sent out. As stated by Printers' Ink, most all such "news service" generally is pure propaganda, boosting that particular school or institution. But the News Letters from the U. of T. give a whale of a lot of real information about the great state of Texas, its resources and institutions. And this statistical information is as near accurate and reliable as humans can make it. Printers' Ink editor acknowledges he reads the News Letter for the information he gets about Texas.

Lynn county has lost nearly 1,000 scholastics in the past four years, and 258 the past year, or in other words, they have dropped from 3760 four years ago to 2820 at present. This shows that people are drifting from the rural areas to the cities. But as Lynn county has no fast growing cities, evidently their people are drifting elsewhere. Some of them purchased farms in Terry county in the past two years. So far, Terry county has shown gains, despite the modern trend of smaller families. But this gain has mostly been shown in the Brownfield district, which took care of loss in others.

Despite the fact that many people say crabby things about newspapers, you will note that a lot of them are always at the news stands when the dailies come in, and if they miss their weekly, they fairly raise old billy. This week a customer of ours said that an inquisitive visitor asked a Cedar Lake driller how deep he was on an oil well. The reply was, "haven't seen the daily papers yet."

Highest Income Around Stock Farming Areas

According to the University of Texas Business Bureau, if you are farming in a stockfarming section of Texas, your income was higher than in any other section of the state. Even the cotton and wheat sections had to take a back seat to the livestock sections. The statement continued that while shipments of livestock was not as great as March of last year, it brought more money.

The average farm income in this area for March was 272.3 percent the nearest to it was in the El Paso district with 258.0. The lowest was the Tyler and Marshall district with 50.7. Prices of such livestock products as wool, mohair, milk and eggs are well above those of a year ago, and contributed much to the rise in income.

CHARLES RAMBO RECEIVES PROMOTION

Charles Rambo, son of Mrs. Irwin Rambo, who is stationed in Anchorage, Alaska with the U. S. Signal Aviation Corps was promoted to the rank of corporal April 21, according to word received here this week by his parents.

a whale of a good pasture grass. We can't see any reason why it should not do so, and that stock of all kinds would probably eat it. It was said many years after the close of the Civil War that when General Sherman and his Federal army invaded the south end burned and pillaged, that the only good thing he did was to get Japanese clover scattered over the south, feeding it to army mules and cavalry horses. Now when an old field is abandoned back in the Old South, it is soon covered with Japanese clover, and it makes all kinds of stock rolling fat. It may be that some one, perhaps unintentionally, has added a good, everlasting grass to the west. Our idea is, however, that the highway department had only the idea in mind of keeping banks and bar ditches on hillsides from washing when they planted wild rye, if they really planted it. We know that they have planted many hundreds of pounds of wild flower seed along our highways, and West Texas has wild flowers now in profusion that was not seen a decade ago in this section.

Speaking still further on flowers, Snyder is the home of flowers. The people of that little city seem to take great pride in their flower gardens, and many of them would be appreciated by the most advanced botanists. We drove around quite a bit Sunday afternoon after the rain quit falling to see the pretty yards of the town. One of the leading physicians has his whole backyard planted to bluebonnets, a State flower, but too rarely seen by West Texans. It was a lovely sight.

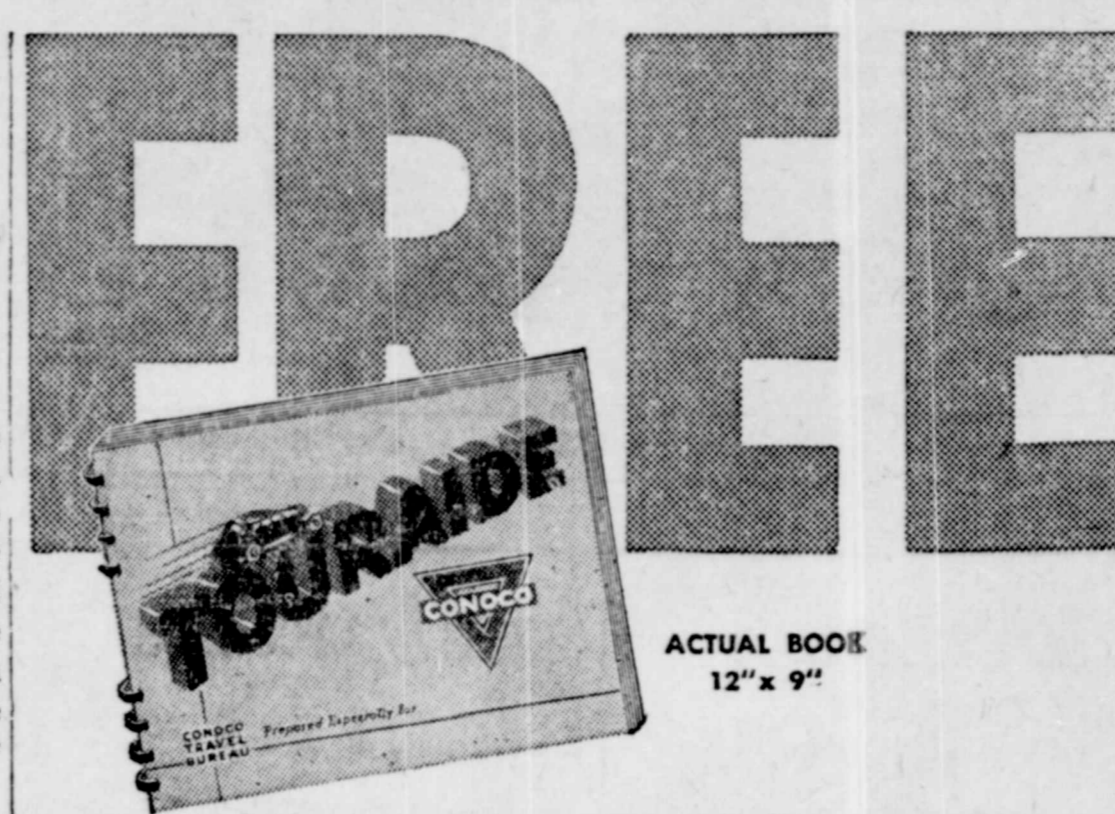

Found the kids enjoying usual health, and seemed to be doing a nice business. Sunday afternoon we took a notion to extend our ramble a bit, so we dropped down to Colorado City and took the Bankhead for Coahoma in old Howard to spend the night with Rosetta and Joe Roberts before returning home. All well, but their sreetes were so muddy we like to have stuck in front of their house. Had a couple of Rosetta's good meals, a good night's rest and so home via Lamesa and Tahoka and to work. But we had a great time despite the rain.

Emery Longbrake Tells of Army Life

Ft. Frances E. Warren Wyoming
Mr. A. J. Stricklin, Brownfield, Texas
Dear A. J.

I have been requested to write you a letter and let you in on some of the things pertaining to army life that you might not have known heretofore. Consequently I do hereby commence. Army life is great stuff, in the common vernacular. I might say at the outset that I am in the army literally "by the skin of my teeth." We saw several hectic days Ft. Bliss, El Paso, Texas, where we were vaccinated, inoculated and you might say renovated of any signs of civilian life which we might have. We were issued our clothing and the word went around that if you saw a man whose clothes fit him to be sure and salute him. We arrived in Ft. Bliss on Friday, Feb. 28 at six o'clock in the evening and remained there until one o'clock P. M. the following Wednesday, when we entrained for Wyoming, arriving here at Ft. Warren Thursday at five P. M. We are stationed in the Quartermaster Replacement Center of which there are only two in the U. S. We have seen more snow since we arrived here than most of these old Texas boys thought there was. We are all supposed to be mechanics when we leave here and as there are only about eleven more weeks in which to become mechanics some of us are really going to have to hurry. One old timer in our outfit said there were but two men in the Quartermaster Corps killed in the last war, and a bale of hay fell on both of them. Sounds encouraging to say the least. Of course we have some drill mixed in with everything else. Up until now I thought the Good Lord only gave each person one right and one left foot but I know better now. Some of these guys have two left feet and some two right feet. The first time we tried, "to the rear-march," if a man had fallen down he might just as well have fallen in front of a cattle stampede. Everyone was going a different direction. It has smoothed out somewhat now though and is looking better. We have men in our outfit from Texas, California, Colo., Ill., Iowa, New York, N. Dakota, Mich., Minn., and Tenn. We have more than one ski and vich and believe me you can give me the good old Texas boys any time. We have a brother to the great Art Shires and an actor from the stage in Calif. We have a former detective, a mail carrier and a night club entertainer, in fact nearly every type of profession you can name. Oen thing about it, the army is a great equalizer. They are all a swell bunch of fellows. I am forbidden to give any information as to size of our company or any other information regarding strength of Post or Center.

Since starting this letter to you I have been interrupted by so many things that to numerate all of them would be practically impossible. The last but by far the least was our practice with rifles and our firing on the range. We were on the range approximately five days, the last day and a half being spent in firing for record. I was lucky and qualified as marksman. That is not the highest by two jumps but in view of the fact that only one man in our entire company qualified as ex-

No Cost — No Obligation . . .

You simply drive to Your Mileage Merchant's Conoco station nearby. Today is best, for your strictly custom-made Conoco Touraide. Beats anything sold, though it's FREE without obligation. However, you cannot hope for Conoco Bronz-z-z mileage savings except with Conoco Bronz-z-z gasoline. And from patented Conoco Germ Processed oil your engine gets OIL-PLATING—the lubrication that stays on, because it plates on! All your thousands of starts and thousands of miles can't "rub out" OIL-PLATING—not while you use Germ Processed oil. That's why it cuts out a lot of wear and a lot of stops for oil. So that's another great help, in addition to your custom-made Conoco Touraide—FREE from Your Mileage Merchant. See him today.

pert and four men as sharpshooters I am very happy over my final score. Our company was first in our battalion and our platoon was second in our company.

Well, they say when you run out of anything to say, talk about the weather, and believe you me, this Wyoming weather is 'sumpin'. They say that they have nine months of winter and three months of real late fall. So far they have been exactly right. The government statistics show Cheyenne to be one of the four most windy spots in the U. S. It is fairly living up to its name. Give me good old West Texas sandstorms any time in preference to these Wyoming winds and snowstorms. In fact I will take good old West Texas in preference to anything I have seen yet in anything you care to mention. I guess I had better save some of this until next time. This last thought, to all the fellows yet to come: When you are inducted into the U. S. Army, go in with your mind made up to take things as they come. If you want to get along, you can, and if you get in looking for trouble, brother, you can find more of it than you can handle. The officers are the nicest you ever saw and on an average, ninety-five percent of the fellows are swell.

Yours truly,
Pvt. Emery E. Longbrake

Wellman-Lahey Vote To Consolidate

By a vote of 86 for to 8 against, Wellman Consolidated district and the Lahey common school district voted to unite their schools. Wellman voted 60 for and 0 against; Lahey voted 26 for and 8 against. Thus, the small schools of Terry county are becoming less and less. It may finally turn out that there will be only four schools in the county: Brownfield, Meadow, Wellman and Union.

This vote was taken last Monday, 21, but was not given until this week. Tuesday of this week, the County Board of Trustees met and appointed the following trustees of the Wellman-Lahey district: Hugh Hulse, Melton Brisco, T. F. Christman, Sewell Dean, S. W. Welcher, A. A. Slaughter and W. B. Bennett.

Several districts, such as the Hunter, Dumas and Willow Wells united with the Wellman district some two years ago.

REA LINES SPREAD

College Station, May 1—Allotment of \$500,000 for construction of two transmission lines in Texas has been granted recently by the Rural Electrification Administration. The Brazos River Transmission Electric Cooperative of Itasca and the Farmers Electric Generating Cooperative of Gilmer each received \$250,000. This brings allotments made by the REA since it was established in 1935 to \$362,656,621.22, of which \$93,274,500 represents operations of the current fiscal year.

The 1941 Cubs To Play Seniors

Climaxing one of the most successful spring training sessions in the history of Brownfield High School, the team that is to represent the Red and White in conference warfare the coming season will exchange blocks and tackles with the men who completed their eligibility the past season. The date is next Tuesday night, May 6. The time is eight o'clock.

Under the direction of Coaches Nooncaster and Barrett, 57 boys have been going through their paces daily for the past four weeks and are at the peak of their condition for the coming battle. Heading the list of returning men are Deverelle Lewis, starting quarterback from last year; Jiggs Tankersley, Captain of the champions of 5-A; Harold Dalton, tackle; Rowden, end; Redford, tackle; Murphy, back; and Perry, guard. Many other boys are making great impressions on the coaches and two teams are capable of playing first class ball.

The exes have been working the past week under the direction of Assistant Coach Keys. Some fifteen boys reported last Monday to receive plays and to run through a light workout. All of the names of these boys are familiar to the followers of the Cubs. Warren, Akers, Waters, Eliot, Mullins, Corley, Hill, Bryan, and Brown, the all-district quarterback of 1939, will be in the lineup. Also several men who have been ineligible to play for the local high school will perform before the local fans. Jim Lane, "Dog" Rambo, Jack Ward, Dennis Denton, Alvin Kelley, and Billy Moore will round out the squad for the Exes.

Argument over who is the favorite to win in the first tussle of its kind in the last few years has reached no definite decision. Lack of condition and practice and timing of plays will be the greatest handicap to the use-to-bes, while lack of experience and weight will be the biggest obstacle to the schoolboys. However the results of the past training season and the reserve strength of the high schoolers gives them the edge over the charges of Coach Keys.

The fans are in for an evening of superb entertainment if they like the razzle-dazzle style of play, for the Exes boast of three best passers this section of the country has produced during the past three years. Warren, Brown and Bryan have done a little tossing for the local school much to the woe of the Cubs' opponents. Brown was the little man who threw 15 touchdown passes in 9 games without a single interception in the season of 1938. All three have indicated they are expecting to do some more aerial work in the coming contest. Hill, Akers and the hard-blocking line are capable of taking care of the power for the graduating men.

Whatever the outcome it gives the fans a chance to see their past favorites in action, and to see what the coming team offers for the season of 1941. There will be no admission charges and music by the local band makes the offer more attractive. Remember, 8:00 o'clock Tuesday, 6th.

Mr. and Mrs. Frank Ballard and Patsy Fank visited relatives in Muleshoe last week end.

National Egg Festival Week

Home Dem. Agent

National Egg Festival Week—May 1-3—is just around the corner so workers of the Extension Service are adding their encouragement to the poultry industry in the hopes of increased egg consumption. In cooperation, homemakers are given the below egg recipes which call for liberal uses of eggs.

Carrot Souffle
1 cup carrots boiled and mashed
1 tablespoon minced onion
1 cup medium white sauce
2 eggs
Salt and Pepper

Add carrots, onion, and the seasonings to the white sauce, then add the beaten egg yolks. Beat the whites of the eggs until they are stiff. Fold them lightly into the first mixture, and turn this into a buttered baking dish or pan. Set the dish in a pan of hot water and bake the souffle in a moderate oven for 30 minutes. Serve it at once from the dish in which it is baked.

(The white sauce may be made by melting 2 tablespoons butter in pan, adding 2 tablespoons flour and ½ teaspoon salt, mixing thoroughly. Add gradually 1 cup rich milk and place over slow fire and stir constantly until the mixture thickens.)

Tomato Souffle
1 can tomato soup
2 tablespoons shortening
1 teaspoon onion juice
Pepper

¾ cup sifted dry bread crumbs
¾ teaspoon salt
1 teaspoon grated cheese
4 eggs

Combine the tomato soup, bread crumbs, shortening, onion juice, salt, pepper, and cheese. Heat. Remove from the fire. Beat the yolks until thick and lemon colored. Add. Cool. Beat the whites until dry and thick. Fold in. Grease a baking dish. Pour in the mixture; bake in a moderate oven for 45 minutes. Serve immediately.

Orange Chiffon Pie
1½ teaspoon gelatin
¾ cup water
4 egg yolks
½ teaspoon salt
¼ cup orange juice

Senatorial Race To Be A "Hoss" Race

With the field wide open and no holds barred, it appears that the election to name a successor for the late Morris Sheppard, on June 28, is going to be the equal of one of our regular Texas primaries.

Six or seven receptive candidates have already announced and as many more may get in and get their feet wet.

Attorney General Gerald C. Mann was the first to officially announce for Senator and he was quickly followed by Representative Lyndon B. Johnson; Rev. Sam Morris, Cyclone Davis and one or two more. The big question mark is whether or not Governor W. Lee O'Daniel is to announce as a candidate.

Miss Patsy Carter spent last week end in Roswell visiting Miss Maxie Hunter who recently moved there from Brownfield.

Mr. and Mrs. M. B. Smith of Jal, N. M. were guests of her sister, Mrs. Jean Richman, and Mr. Richman last week end.

Mrs. Bruce Hancock was carried to Lubbock this week for treatment. Her condition was considered serious.

Mr. and Mrs. Chad Tarpley and Boy Tarpley of Abilene were guests of the men's parents, Mr. and Mrs. M. G. Tarpley, last week end.

Robbie Earl Corley from Albuquerque, N. M. visited his parents, Mr. and Mrs. W. K. Corley, Thursday and Friday.

1 cup sugar
4 egg whites

Soak gelatin in half of the orange juice. Cook egg yolks, water, and half the sugar in double boiler until of a custard consistency. Add soaked gelatin and stir well, then add the remaining orange juice. Cool. When thickened, add egg whites and rest of sugar. Pour into cooked pastry crust, and chill. Do not bake.
Lemon: Substitute lemon juice for orange juice in above recipe.

WEATHER SIGNS ARE THE BUNK

Uncle Bill Kellis, editor of the *Sterling City News-Record* does not think much of goosebone weather predications. Here is what he says:

"Some people set great store in weather signs. They say that thunder in February is a sure sign of frost in April. I can't recall a February that it didn't thunder.

"Some believe in 'wet moons' and 'dry moons', when in fact the moon assumes the same position every year at about the same time. If it lies on its back in August, if you will watch it, it will lie on its back the next August.

"Also, if you kill a snake and hang it on the fence with its belly up to the sun, it will rain within three days.

"If you see a ring of halo around the moon at night enclosing stars it will rain within as many days as there are stars within the circle. "All these are good signs to guess at, but you had as well leave your slaked at home when you guess."

Mr. and Mrs. J. H. Griffin and children visited Mrs. Griffin's sister, Mrs. Key, in Gainesville, and her father in Whitesboro last week. They returned by the way of Decatur and visited Mr. and Mrs. Donald Peachee and baby. Mrs. Peachee is the daughter of Mr. and Mrs. Griffin. The Griffins attended the Gainesville circus, which is put on by Gainesville people and has received national recognition.

Walter Bond of El Paso spent last week end here with his mother, Mrs. J. C. Bond.

Mr. and Mrs. R. W. Markins of Los Angeles are guests in the home of her brother, John King and Mrs. King.

Mr. and Mrs. O. D. Thomas of Bartlesville, Oklahoma, were the guests of his parents, Mr. and Mrs. L. L. Thomas the past week end. Mr. Thomas is assistant manager of the Commerce Acceptance Company, Bartlesville.

Texas Will Supply 1,000 More Trainees For May 5, 6, 7, and 8

General J. Watt Page, State Selective Service Director, today announced the quotas of men that each of Texas' local boards will furnish to fill a U. S. requisition for 1,000 trainees under the Selective Service Act.

The trainees—all white—will be inducted May 5th, 6th, 7th and 8th.

This is the Army's twelfth call on Texas to supply men for military training. The first trainees were inducted last November, and the total number already inducted is 23,585. According to War Department plans, approximately 3,600 additional men will be inducted before July 1 to complete the State's quota for the first year of the program.

Correct Wage Reporting Will Save Time

As the time for filing another quarterly social security tax return approaches, Mr. Lang E. Holt, manager of the Lubbock Social Security Board office, reminds employers to make certain they report each employee's name and social security account number correctly. In this way, he said they will save time and expense of later having to check back on their pay-roll records to correct any errors.

Mr. Holt stated that practically all employers have now learned the importance of correctly reporting their employee's account numbers and names as well as their wages. He added, however, that occasionally an employee's account number will be missing from an employer's report, or the number will be slightly incorrect, or the employee's name will be spelled wrong. "In these cases," he said, "we must ask the employer to check back on his records and supply the correct information. Sometimes the employer has failed to get the correct name or account number from the employee and must take time to check with him. That means a waste of time and consequently is expensive for the employer."

Mr. Holt pointed out that the law makes the employer responsible for maintaining a record of the employee's name, account number, and wages and for reporting them correctly to the government. The next quarterly social security tax return is due on or before April 30.

SLIPPING THE RUSSIAN IDEA OVER ON US

For nearly a quarter of a century, smart boys and girls who write books and deliver lectures, have been telling us of the great things to be expected from Soviet Russia. It was to be a workers' paradise. The capitalistic system was destroyed. The government became supreme, and the individual was a pawn of the state.

A quarter of a century is a long time. But if one can believe the record, results in Russia have been in reverse, rather than forward.

The principal idea of Russian communism is that government should own all means of production and distribution—all natural resources were taken from private enterprise and left to government to develop. Russia seized everything from private individuals. What has been the result? Want, starvation, stagnation, terrorism.

And, yet, in our own country, with Russia as an example to go by, we have those who would do slyly and gradually, what was done in Russia ruthlessly and at one bold stroke. It's all done in the name of the dear people, the same as it was done in Russia. An officialism gains control, individual opportunity disappears.

Russia had its five-year and its ten-year program of electric power socialization. Witness the progress that same kind of program has made in this country. Apparently the field is being prepared to widen the net to include other natural resource industries.

If we are to learn anything from the object lesson of Russia, it should be to scrutinize all the laws of this land and discover to what extent our country is being influenced by Soviet ideas. — Amherst Argus.

My Week
by Eleanor Roosevelt

Rural Electrification
I have been doing so many things the last few days, that I keep remembering happenings which I forgot to tell you.

One recent afternoon, in Washington, there was a meeting of the workers in the rural electrification program from all over the country. I had the pleasure of being with them for a few minutes and I mention it here because, from the beginning, this program has seemed to me to be of such general importance to the rural people of our nation.

Every time electricity is taken to some remote spot, it brings new opportunity to the farmer to lighten his labors. It allows him to accomplish more and, therefore, increases his buying power.

To the woman of the house it brings relief from back-breaking oil, a better standard in home life, more time to spend with the children, and less weariness at the end of the day. The men and women working in this program are fundamentally changing our life for the better.

'COVERING GROUND'

It seems as though I were covering a good deal of ground these days. One day I had the pleasure of meeting for a few minutes Mr. Darrell Brown, the young artist who won a prize offered by Mr. Isaac Liberman, president of Arnold Costable company, for painting a portrait of me in the dress I wore on Inauguration night. I thought I had never seen him and, since I am not particularly interested in portraits myself, I think I must have seemed a rather unsatisfactory subject. This, however, is a portrait of the dress. I was interested to learn that I had met Mr. Brown some years ago in Iowa, and was glad to be able to show him the Lincoln portrait in the State dining room, which he liked as much as we do.

We had a number of friends with us for lunch in the afternoon. I received Senora Najera, wife of the Mexican ambassador, and Senora Avila Camacho, whose husband is brother of the president of Mexico. After that, I received the high school senior class from Staatsburgh, N. Y. which is the village next to Hyde Park. They have been very fortunate in having such good weather and I am sure enjoyed their trip.

The crowds in Washington are great. I do not remember seeing so much traffic. I am particularly glad that the cherry blossoms are out, so that no one who came hoping to see them will go away disappointed.

The White House has been filled to capacity with sight-seers during the visiting hours, and I am sure this is so with all the public buildings. Our own young people went out to Mt. Vernon one day and could not even get inside the house.

SPRINGTIME

Starting for a speaking engagement in Charlotte, N. C., we arrived in Greensboro, N. C., on time. A plane sent over by the Charlotte News Publishing company, which was sponsoring my lecture, was waiting on the field. The College for Women at Greensboro had sent a few representatives to greet me with a box of flowers, and the local radio man was also there with a microphone so I could say a few words of greeting before starting on the other plane for Charlotte.

All this was done very rapidly, and then we climbed into the smaller plane with a delightful young pilot and reporter from the News, who acted as one of our hostesses during the day. We were soon looking down on the fields and woods of North Carolina.

It seemed more like summer than spring. The flowers were all out and the dogwood was in full bloom. Somehow or other, this "little" trip to southern California and then to North Carolina, seems to have robbed me of that first feeling of spring creeping over the landscape.

There was no sign of spring the last time I was in Hyde Park and suddenly, when I was back in Washington, everything was out—magnolias, forsythias, daffodils; everything seemed in full bloom overnight! Perhaps, when I get back to Hyde Park in early May, I shall get that first sense of life awakening again in the trees, fields and marshes.

As we came through Virginia in the morning, one hillside seemed to me particularly beautiful. The leaves on the trees were pale green and a soft reddish brown. In between, some kind of white blossom glistened and the purple of the Judas tree was everywhere in sight.

CURRENT READING

In the past few days I have had so much time on planes and trains that I actually finished reading everything I took with me. I may have mentioned to you before "War By Revolution," by a young Englishman, Francis Williams, who has been in politics for a number of years. I was much interested in it because I feel that his contention is correct, that really to win the fight against Hitlerism, the people in all the countries under Hitler's control must want freedom and a better life brought by their own action.

"Your new '600' tops them all from just about every angle. I average 150 miles a day at the wheel and four-wheel coil springing makes a world of difference. I am getting over 25 miles to the gallon and saving on oil, tires and even license plates. This Nash air conditioning is great!" —E. M. J., Grand Rapids, Mich.

Vernon Bell Is Liking Army Life

Our long time friend, W. A. Bell, was in to see us recently and get the Herald started to his son, Vernon, with the quartermaster's department at Fort Bliss. A strange thing happened to Vernon, according to W. A. He was classified as a steam engine mechanic. He stated however that Vernon studied steam engine mechanics in high school.

Mr. Bell stated that Vernon was liking army life, especially its regularity. Vernon always was a good worker, and was for a number of years employed just across the street from the Herald office by Cicero Smith Lumber Co. He always seemed to be on the job and doing something. Then after closing time, if there was something that needed to be done about home, or his apartment, he did that too.

Mrs. Bell is touring the east with some friends, and was at last account doing Washington, D. C. So you see, W. A. is batching.

'Fighting Cubs' Have Had Great Warriors

One subject that every student in Brownfield High will talk in glowing terms and at great length about is the Red and White football warriors, our Brownfield Cubs. The Cubs can let the record speak for itself, but that is not the entire reason for the pride the townfolks and students invest in them. Under the expert guidance of Coach Aubra Nooncaster, they have established a fine record not only of games won and lost but also of fine sportsmanship and showmanship.

The Cubs are a "classy" bunch of rowdy warriors who have been able to travel by air and ground with great effectiveness during the last four years. They have annexed four south half championships of District 5A and three District championships. They have won 36 games and lost 6. They have amassed a grand total of 583 points compared to their opponents 182.

The 1937 season produced the first great team of the current series. That year Johnny Bost was head coach of the Cubs, and our present coach was his assistant. This team was probably the most powerful team B. H. S. has ever produced. "Squatty," Pharr, Hill, Chambliss, Rowden, Young, Ellis, Fore, and Mac Pickett and Loyd Grider, the famous all-district guards of that team are immortals of local football history. This team lost two games while annexing the district crown. One of these losses was to the fine Roscoe team that gave the greatest team that Wink H. S. ever produced, the battle of life.

The following year the red and white color-bearers set a record that has never, before nor since, been equaled by a Cub team. They completed the regular season with a perfect record. This team had advantages in size, experience, and all-round ability over all of the opponents they encountered. The mighty "Mite," Pete Brown, the smallest member of the team, became famous for his passing and quarter-backing. He completed 16 touchdown passes and did not have

None Of Us Know Very Much

All of us know a little about many things—some of us know more about a few things—but none of us know all about any one thing.

Mother Nature has been exceedingly stingy about turning out wise people. There came wise men from the east to visit the child Jesus in the manger—but they left no progenators to carry on.

For the lack of wisdom, Adam failed to keep on good terms with his Boss. Solomon had wisdom dished out to him freely. People went across the world to see this man and hear him speak. The half of his fame was never told—

The past season is well known to the followers of the Cubs. One of the best balanced teams on the South Plains was ours. They reached through 9 games without a loss, by Lady Luck saw fit to turn her face, and with Hill, Bryan and Lewis on the injured list, they dropped the Bi-District contest to the Regional Champions, Colorado City. This team scored 16.7 points to the opposition's 5.5 allowing the rivals 5.5 average per game while scoring 16.7 points for themselves. Hill, Akers, Waters, Mullins, D. Lewis, Bagley, Warren, Tankersley, M. Rowden, Pharr, Perry, and Bryan are now memories on the pages of the great record of the Cubs. Fighters, good losers, and men with hearts. We will never forget them.

Now, we look forward to the coming season. What will we have? Who will star? Who will fill the senior's shoes? Whatever the answers our money is on Brownfield and the Red and White that has never known shameful defeat. And too, our hats off to Coach Nooncaster. He's the best!

CURIOUS FACTS

Insurance statistics show that twice as many bachelors die between 20 and 30 as do married men of that age. The five most popular names and their numbers are Smiths, 1,305,300; Johnsons, 1,124,200; Browns, 730,500; Williams, 684,700; Jones, 625,800. It costs three times as much to drive a car at 60 m. p. h. as at 40. Sixteen States have no speed limits, yet have no more accidents than the other 32. Shortest distance across the United States is from Charleston, S. C., to San Diego, Calif., 2,150 miles.

COMPARATIVE SALARIES OF GOVERNMENTAL HEADS

The President of the United States gets \$208.30 a day, and it seems like liberal day wages; but isn't a drop in the bucket compared to the pay of some European rulers. The last czar of Russia had an average income of about \$25,000 daily. The last sultan of Turkey received \$18,000 a day. Napoleon III of France used to get \$14,219 every twenty-four hours and Queen Victoria's pay check averaged \$6,271 a day.

he got all he asked for. But with all his wisdom he did some very unwise things.

After all, it is not what we know but what we do that makes our tracks deep in the sands of time. Perhaps teaching children how to do things is about all our schools are good for.

We had some valuable "stuffin'" that fit in the middle of this letter, but lost it. Some one has said: "Nature is kind. It places us in this world with undeveloped facilities, and allows us to learn very gradually what kind of a place we landed in."

THE SUPER PAPER

While the tribe has practically passed away who would publish a boasting paper making false and extravagant claims, occasionally one bobs up where the ego explodes internally. It reminds me of this story:

"A pioneer newspaper editor has a reputation for assuming infallibility and superior enterprise. His paper announced the death of Frank Brown, who it turned out, was not dead. Next day the paper printed the following note: 'Yesterday we were the first newspaper to publish the death of Frank Brown. Today we are the first to deny the report. The Morning News is always in the lead.'—Clarendon Leader.

'I Am An American' Day—May 18, 1941

By the President of the United States of America.

A PROCLAMATION

WHEREAS Public Resolution No. 67, approved May 3, 1940 (54 Stat. 178), provides, in part: That the third Sunday in May each year be, and hereby is, set aside as Citizenship Day and that the President of the United States is hereby authorized and requested to issue annually a proclamation setting aside that day as a public occasion for the recognition of all who, by coming of age or naturalization, have attained the status of citizenship, and the day shall be designated as "I Am An American Day."

That the civil and educational authorities of States, counties, cities, and towns be, and they are hereby, urged to make plans for the proper observance of this day and for the full instruction of future citizens in their responsibilities and opportunities as citizens of the United States and of the States and localities in which they reside:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby designate Sunday, May 18, 1941, as "I Am An American" Day and urge that this day be observed as a public occasion in recognition of our citizens who have attained their majority or who have been naturalized within the past year. And I do call upon all Federal, State, and local officials, and all patriotic organizations to join in exercises calculated to impress upon all our citizens, both native-born and naturalized, the special significance of citizenship in this Nation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States of America to be affixed.

DONE at the City of Washington this 27th day of March, in the year of our Lord nineteen hundred and forty-one, and of the Independence of the United States of America the one hundred and sixty-fifth.

SEAL Franklin D. Roosevelt; Sumner Wells, Acting Secretary of State.

It's HARD to tell... but EASY to pick a winning oil

IT'S A FISH STORY that the barefoot boy with the bent-pin hook will pull 'em in faster than the man with the costly rod and reel. It is merely a lucky break for the boy when he does get most of the bites.

But you don't need any lucky break to help you pick a winning oil for your motor. It's an oil that hundreds of thousands of motorists have gone for, hook-line-and-sinker. This is why:

When you want our best oil, we told them, you don't have to choose from the many oils Phillips makes because we frankly point out to you that **Phillips 66 Motor Oil is our finest quality**... the highest grade and greatest value... among all the oils we offer.

Whether you are replacing winter-worn oil with fresh summer grade, or making the regular 1,000-mile change, pick a winner by asking for **Phillips 66 Motor Oil**.

Stage Success Is Filmed In Secrecy

Ever since 20th Century-Fox announced that it had purchased "Tobacco Road," the most discussed play of our time, the question has been pondered—how would it be brought to the screen? Who would play the difficult character roles such as Jeeter Lester, Sister Bessie and all the rest?

When Production Chief Darryl F. Zanuck started the production wheels turning on the picturization of the sensational, precedent-shattering play, studio doors were barred to visitors and even the working press.

But trade secrets have a way of leaking out and word has sifted through, the gist of it being—great as the play was, the screen version is even greater! Local movie-goers will have their opportunity to decide when "Tobacco Road" starts its engagement Sunday at the Rialto Theatre.

Considered the most valuable screen property of all time, "Tobacco Road" carried with it tremendous production difficulties and responsibilities.

Fortunately, Zanuck was able to obtain the services of brilliant John Ford for direction. To Nunnally Johnson, ace script writer, was entrusted the arduous task of writing the screen play.

Has Splendid Cast

To veteran actor Charley Grapewin went the top role of Jeeter Lester in "Tobacco Road." Playing Jeeter was no problem to Charley. The role was seen as a "natural" for him.

Marjorie Rambeau is cast as Sister Bessie, the colorful hymn-singing evangelist, while Gene Tierney plays Ellie May and young William Tracy was cast as Dude Lester.

Rounding out the brilliant featured cast are Dana Andrews, Slim Summerville, Ward Bond, Grant Mitchell and Zeffie Tilbury.

Baptist Women Attend Mission Study Institute At Ropes

Thursday, April 24th, sixteen of our women of the W. M. U. attended the Annual Mission Institute at Ropesville, Texas.

There were ten churches in this association represented, with 122 in attendance. The Wilson church carried off the attendance banner with 23 women attending from their church.

Mrs. R. L. Brown, of College Station, Texas, State Mission Study Chairman, was director and taught the book, "A Golden Milestone in Japan." Mrs. Webb, of Newhome, taught the Intermediate book, "Japan and her People;" Mrs. W. H. Kenley of Tahoka, taught the Sunbeam book, "Playmates in Japan," and Mrs. Paul Sparkman taught the Junior book, "Strong Hearts of Japan." With the beautiful display of Japanese posters and flowers, when we came away we felt like we had truly made a journey to the land of Japan.

The women for their Personal Service are going to sew for the Red Cross every afternoon, at the Baptist Church, so every woman in the church find time to help in this sewing some time.

MOTHER'S DAY

It's your date to remember her with a thoughtful gift.

You wouldn't hurt mother for the world—so of course you're glad to be reminded that Mother's Day is May 11th, and that there is a shop right here in town where you can pick the gift that will say for you—"Of course I want to remember you Mother, and here's one small token of my love."

Your gift may be something to brighten her life by making her home look more attractive—such as a lovely bedspread, new curtains, lunch sets, pretty bed linens, towels, satin comforts, blankets. Any of these would be sure to please her.

But maybe you'd rather give her something a little more personal; something that would make her feel a little younger, a little more attractive—Everyone knows our—

BAPTIST CHURCH NEWS

Last Sunday was a dismal damp day and many Baptist people did not possess enough loyalty and Christian fortitude to do just as they would have done had it been Monday, get up early and go about their daily task, but 240 were present when the services began with increasing attendance through the preaching hour.

Special mention should be made of the Training Unions which meet at 7:00 P. M. with 113 present on this disagreeably damp evening, and their loyalty is commended to others. We note with pride the fine improvement that is being made in this training union service and would call attention to the fact that out of this fine body of young people will come the future leadership of this Church as leaders do not come by accident but because they have training suited to the tasks they must take and there are many other young people who should give consideration to the training necessary to live successful Christian lives of service and not be willing to be only mediocre in the work of the church.

History is being made in the world today as the dictator nations seek to destroy the democracies, and Baptist preachers are imprisoned in several of these countries for no reason except they do not consent that the State regulate the religious convictions of the people and on this fact we cannot yield and as a people have suffered through the ages because of that conviction and we are glad that other younger religious groups are also approving our stand of full religious freedom to worship without dictation from the State in any form.

May next Sunday bring sunshine so that the old and infirm may come to the Bible school hour as well as other services of the church, with a warm welcome to visitors.

THANKS!

We, the Gomez Home Demonstration club ladies, take this means of expressing our thanks and appreciation to each and every one who, in any way, took part in making the first community Farm Dinner a success.

Recitals May 8th And 9th At The Baptist Church

Gertrude Rasco will present her piano pupils in recitals May 8th and 9th at the First Baptist Church at 8:00 o'clock. The following High School groups will play Thursday night, May 8th:

Jean Finley, Betty Noble, Marjion Wingerd, Mary Nell Hanks, Larry Walker, Juanda Ruth Turner, Christine McDuffie, Patsy Frank Ballard, Patsy Ruth Carter, Eva Ruth Turnbough, Jatsy Jeane Stearns, La Rue Ross, Emma Gene Coleman, Minnie Lee Walton, Billie Rhea Lakey, Bennie Ruth Wartes and Leon Lewis.

The following pupils will play Friday night, May 9th:

Cynthia Tankersley, Deenie Ballard, Scharlyn Daniell, Ronnie Daniell, Althea Jacobson, Maud Alice McCracken, Louise Raybon, Wilma Walker, Virginia Thompson, Cheezey McSpadden, Gwenette Glover, Vida Jo Copeland, Joe Burleson, Mattie Sue Bell, Frances Bell, David Turnbough, Jerry Pat Roberts, Juanda Crews, Delores Gillham, Patsy Ross Black, Graves Nelson, and Irvin Nelson.

Thanks To Everybody!

We're all mighty proud over the success of the recent Parent-Teacher Conference, thanks to everybody. It just shows what a town full of friendly people can do when they set their heads on it.

This was the largest conference ever held in the District. Some 450 delegates and visitors registered; and a number of state and district officers were heard on the programs. Two local Parent-Teacher workers, Mrs. W. A. Bell and Mrs. Tom Cobb, were pledged as life-members by the local units.

Such a conference could not have been possible without the whole-hearted cooperation of every individual, organization, and business in this community. For that cooperation, the local Parent-Teacher units, and the County Council are deeply grateful. They also wish to express special appreciation to the pastor and people of the First Baptist Church for so graciously lending their beautiful church for a meeting place; and to the local newspapers for their cooperation in keeping Parent-Teacher news before the people during the Conference and throughout the year.

BROWNFIELD FRIDAY — SATURDAY TEXAS

PTA Conference A Success

The Terry County Board of Development joins the citizens of Brownfield and Terry county in congratulating the hostesses of the 13th annual conference of the Parent-Teachers Association of the fourteenth district, for a very successful meeting.

Many compliments were passed by the visiting delegates on the efficient manner in which the West Ward PTA; High School PTA and the Terry County Parent-Teacher Council conducted this, the most successful conference ever held in this district. During the past year sixteen new units were organized in the district. Four hundred twenty nine delegates and visitors registered, setting a new attendance record for the fourteenth district.

All those participating in making the conference a success are to be complimented and special acknowledgement goes to Mrs. Tom Cobb, Mrs. Frank Wier and Mrs. W. M. Adams for their untiring efforts.

Brownfield's hospitality and friendliness will be wide-spread over the entire district and we, the citizens of Brownfield, have the ladies to thank. We are proud of their accomplishments.

Panhandle-Plains Dairy Show, May 6-10

PLAINVIEW, April 28—Future Farmers of America and 4-H Club boys and girls will again have their innings at the Panhandle-Plains Dairy Show, to be held in Plainview May 6-10. Tuesday, opening day of the Show, has been designated Future Farmers of America Day, and the two contests in which the youthful dairymen take part will be held on this day. These contests are the F. F. A. Dairy Products Judging and the 4-H and F. F. A. Dairy Cattle Judging. Participants in these events will begin their work at 8:30 o'clock Tuesday morning, with N. C. Fine, and M. D. Pederson, Texas Technological College, superintendents.

Entries in these contests for the fourteenth annual Show are expected to exceed the number in 1940, Show officials declared. Twenty-two teams were entered in 1940 for the dairy cattle judging, an all-time high for the years that Fine had been superintendent, he said. Five teams were entered in dairy products judging.

TECH GIRLS SPEND WEEK END HERE

Misses Jackie Holt and Mary Ballard, Tech students, spent the past week end here with their parents. They were accompanied here by Misses Sug Wright, Marian Hagan, Mary Frances Goin, Annabeth Light, Louie McClanahan, Ouida and Merele Butler. On Sunday Mrs. Holt entertained with a luncheon for the group and Miss Genevieve Murphy, city.

Mrs. Hazel Austin and Miss Ruby Brown and Russell Brown of Longbeach, Calif., were recent guests of Mr. and Mrs. W. B. Brown. The ladies are Mr. Brown's sisters and Russell Brown his nephew.

It's the easiest contest I ever heard of!

Just finish this sentence in 50 words or less: "My happiest moment was . . ."

HINTS THAT WILL HELP YOU WIN
Don't try to be dramatic or fancy . . . just write your story in your own words. In this easiest of contests—sincerity, not letter-writing ability, is the basis for prize awards. Remember, just a very commonplace incident may have been your "happiest moment" and may win as much as \$1,100.00 in trade certificates for you. Everybody has "happy memories"—you have many—so, write one down now and enter this simple easy contest.
