Clean-Up Week Starts May 26th

The annual Clean-Up Week campaign in Brownfield will start on Monday, May 26th. The directors of the Terry County Board of Development appointed a committee to carry out the campaign. Tom May is chairman, Homer Newman and Bill McKinney are committeemen.

The three local Boy Scout troops will draw for district and direct clean-up work in the district assigned to them.

Prizes totaling \$15.00 are being offered by the Terry County Board of Development to the troop that shows most effort and cleanest district. Everyone is urged to cooperate with the Scouts and to help in making Brownfield a cleaner city.

Mayor C. C. Coleman announced that the City's trucks would be available to haul away trash and junk.

Owners of vacant lots are urged to see that those lots are cleared and weeds cut.

Let's all make an effort to clean up our city. Many compliments have been passed by out-of-towners to the Board of Development on the cleanliness of Brownfield and we are proud of those compliments. Please do your part.

This Week In National Defense

President Roosevelt, in a letter to the Office of Production Management which said the nation is confronted with a "critical situation," ordered all available machines pooled for defense work on a 24-hour day, 7-day week schedule, with time out only for repairs. The President also asked the OPM to reexamine the nation, including the armed forces, for skilled workers to operate the machines. No effort or justifiable expense should be spared, the President said.

OPM Production Director Biggers, speaking in Washington, said national defense progress "seems phenomenal" but vast increases are still necessary. He said airplane production which has been trebled since May 1940 must again be doubled before the end of 1941; machine gun production which has been quadrupled, must be increased 1,000 per cent.

Defense Needs First
Blackwell Smith, Assistant Priorities Director, said in a speech in Washington: "We cannot have business as usual so long as we must pay first attention to defense needs."

"We are not choosing between guns and butter," he said, "but we are choosing between tanks and airplanes and ships, and some things which are not so essential."

"When you consider that our major defense effort is less than a year old, you begin to sense what the future holds," Mr. Smith said. "It will mean dislocations and difficulties, higher taxes, shortages in an undetermined number of products . . . and it certainly means an overall effort which will tax all the resources of the nation."

Commerce Secretary Jones said in a speech in Washington: "We have not yet made any sacrifices, but they are in store for us, plenty of them."

Defense Contract Distribution
Director of Purchases Donald Nelson, speaking in Washington, said the defense program is now advanced to a point where more consideration can be given to greater decentralization of defense orders. He suggested that businessmen, instead of asking the Government to locate factories in their communities, find out from the Defense Contract Service which Government agencies are in the market for goods and "do a little energetic competing."

The Defense Contract Service issued a pamphlet telling how manufacturers may send full information on their plants, products and experiences to the Service's field offices at Federal Reserve Banks and branch banks to determine if they are qualified

Defense Bond Sale Started

While early sales of the U. S. Defense Bonds were not as heavy locally as had been reported in some localities of like size, it is thought that they will gain momentum rapidly as more people become aware of the fact that they are now on sale here. Early Wednesday afternoon, the State bank reported that they had sold approximately three thousand dollars worth of bonds. Bond sales at the Post Office totaled \$6,375.00. According to Spencer Kendrick of the First National bank, they will also sell Defense Bonds but none had been received at the time this article was being written.

J. O. Gillham of the Brownfield State bank, is in charge of bond sales in the Brownfield area. He urges everybody to buy as many bonds or stamps as they possibly can and as quickly as possible. In a talk before the Rotary Club last Friday concerning these bonds and stamps, Mr. Gillham stated that liberal purchases of bonds and stamps by the American people was just about the best possible insurance against inflation.

Because it is simply the patriotic duty of Americans is sufficient cause to warrant purchase of these bonds and stamps, but that is far from all that can be said in their favor. From the standpoint of common sense alone, they are the safest investment one can make in this country and that means the safest investment in the world.

Large Crowds Hear Johnson In Opening Speech

Congressman Lyndon Johnson opened his campaign for the United States Senate in San Marcus Saturday night, May 3. He declared the first problem of the nation is to prepare to meet the crisis with which we are confronted. He pledged his continued cooperation with President Roosevelt in the defense program and made an urgent plea for unity.

Outstanding features of the platform which he announced were:

1. Definite legislation which would prevent further strikes in national defense industries. "Strikes must cease now and a definite legislative program which would prevent further strikes in national defense industries must be adopted immediately."

2. A national old age pension law which would give to every person in Texas, over the age of sixty, the same pension as paid by other states.

3. Full parity payments to farmers. He declared that the farmer is the first real victim of the war and declared that parity payments are absolutely necessary in order to maintain a balanced standard of living in face of rising prices during this national emergency.

4. Opposition to any federal control of the Texas oil industry. Johnson said, "It is later than you think," and declared it imperative that the American people unite behind the leadership of President Roosevelt in these days of national crisis.

New Tourists Courts Nearing Completion

Workmen are busy putting the finishing touches on the De Luxe Motor Inn Courts and some of the cabins are now ready for occupancy. Cye Tankersley, owner, is planning a formal opening at which time the courts will be opened for public inspection. See next week's paper for further details.

ATTEND BANQUET IN LUBBOCK

W. R. McDuffie, Jim Graves, J. O. Gillham and A. D. Repp attended the "open house" held for Rep. Lyndon Johnson at the Lubbock Hotel Wednesday evening.

The Editor Takes A Trip

The older Stricklins left the younger ones in charge of the paper for a few weeks while they take a little trip down to South Texas. Mr. and Mrs. J. A. Roberts of Coahoma, were to have joined them at that place for the rest of the trip, but it has not as yet been learned here whether they did or not. It is their intention to visit some of the larger towns in the state including San Antonio, Corpus Christi, Houston and Galveston. They may even go to Tennessee before they return. We hope they will have a fine trip and thoroughly enjoy themselves. The "Old He" will probably have a lot of things to tell us when he returns.

Erick Behrend, employee of the Cottonoil Mill, visited his parents in Seymour last week end.

Lubbock Will Be Rotary Host

LUBBOCK — More than 600 Rotarians of District 127 of Rotary International, and their Rotary Anns, are expected in Lubbock Sunday for an annual conference of the district at which seven former district governors will participate, in addition to representatives of Rotary International, Homer D. Grant, chairman of the conference committee said Monday.

The district extends from Daltart to the Texas and Pacific Railroad and from Fort Worth west to the New Mexico state line. Its 55 clubs have a membership of more than 2,300.

Frank S. Roberts of Breckenridge is district governor and he will preside. Dr. Allan D. Albert of Paris, Ill., president in 1915-16, and C. Reeve Vanneman of Albany, N. Y., will represent Rotary International on the program.

Past district governors here will include: Fred Wemple, Midland; Ray H. Nichols, Vernon; O. B. Sellers, Fort Worth; Hiram Arant, Abilene; Linton H. Estes, Wichita Falls; James L. Willson, Floydada; J. Edd McLaughlin, Ralls.

Plans For Stamford Reunion Underway

STAMFORD, May 7.—The most elaborate program in the history of the Texas Cowboy Reunion is assured by the list of attractions tentatively adopted by the directors for the twelfth annual roundup in Stamford on July 3, 4, and 5.

New events will be added to the thrilling show in the arena of the world's biggest cowboy rodeo. For the first time this year, the cowgirl sponsors from various towns and ranches will participate in every afternoon and night performance of the three days. A bare-handed bull-fighter who uses no cane or weapon will engage the ferocious Brahma steers imported for the steer-riding contest.

Luke J. Pasco of Chicago will return this year with his champion sheep dogs which proved a popular attraction at the 1938 Reunion. A group of new trick and fancy riders and ropers are being signed for the arena shows, as well as an outstanding rodeo clown.

These special events are in addition to the cowboy rodeo contests in bare-back bronc riding, wild cow milking, steer-riding, calf-roping and saddle bronc riding in the arena each afternoon and night. Less elaborate programs are provided for the morning matinees. The annual cutting-horse contest will be held on the morning of July 5. The special calf-roping contest for oldtime cowboys has been eliminated due to sentiment against the risks the elderly men take in this event.

Besides the arena shows, numerous other attractions will round out the Reunion program.

Judge C. L. Lincoln and the commissioners are in Austin this week before the Highway Commission with reference to taking over our recent road bond issue.

MOTHER

When first I knew to answer sound—
I heard the voice of Mother!
When first in eyes I lovelight found—
'Twas in the eyes of Mother!
When first an embrace fond I felt,
And wond'rous peace within me dwelt,
'Twas in the arms of Mother!

Concert Postponed; To Be Next Sunday

Due to the condition of the weather the band concert scheduled for Sunday, May 4, on the Court House lawn had to be postponed and will be given in the High School auditorium next Sunday, May 11, at 4:00 o'clock.

The program will be varied and will include the following numbers:

"New Colonial," March; "Stars in a Velvety Sky," "Colorado," March; "Diane," Overture; "Northern Trails," March; "Arabian Nights," Overture; "Semper Fidelis," March; "Balatan," Overture; "Hall of Fame," March; "Luzerne," Overture; "God Bless America."

This concert is free and as this will be the last public performance of the band for this year, it is hoped that a large crowd will be present.

SPECIAL MESSAGE TO OUR BOYS IN TRAINING

In acknowledgement and in appreciation of the fact that you are giving your utmost in the protection of our country, Mrs. Earl Jones, owner and manager of the Rialto, Ritz and Rio theatres in Brownfield, extend to you the hospitality of her theatres. When you are on leave, home for holidays or just happen to be dropping through our town, don't forget that your uniform is your ticket to any of the theatres.

NOTICE

The Texas Defense Guard will meet at the football field if the weather is clear. In case of bad weather, drill will be held at the Legion Hall.

Mrs. Amos Harper of Seagraves was a business visitor here Monday.

Sittin' As Usual

LIFE IS TOUGH ON JEETER LESTER, but that ain't nothin to get him down. His porch is his throne, and he's worn a hole in the boards where he does his serious thinking. But don't get the idea Jeeter is downcast! Far from it! Portrayed by Charley Grapewin in 20th Century-Fox's "Tobacco Road," at the Rialto Theatre Sunday and Monday, he absolutely irrefragable.

Senior Class Of 79 Graduating

As is usually the case there are more girls than boys graduating from Brownfield High School, there being 49 girls and 30 boys. The baccalaureate program is to be Sunday evening, May 18, at 8:00 o'clock in the Baptist Church and the commencement exercises will be held Friday evening, May 23, at 8:00 o'clock in the High School auditorium.

Collins Dry Goods store has presented each graduate with an appropriate gift. The girls were given a gold chain bracelet with the numbers 1941 attached to them. The boys received tie chains similarly designed.

The complete baccalaureate and commencement programs will be published in next weeks Herald.

ARGUE COUNTY LINE CASE IN EL PASO

Burton Hackney, city, Senator Nelson, Frank D. Brown, E. L. Klett and W. D. Wilson of Lubbock were in El Paso Thursday of last week, to argue the county line case before the court of Civil Appeals. The case involves Yoakum, Terry and Gaines Counties.

APPEAR ON RADIO PROGRAM

In observance of National Music Week, the Cen-Tex Harmony club of Brownfield presented Mrs. Tom Black, pianist, and Mrs. Arthur Tyson, vocalist, in a radio broadcast Tuesday afternoon from KFYO in Lubbock.

Mrs. Black played "Polish Dance" and "Simple Confession." Mrs. Tyson sang "Evening Star," and "Lullaby."

Dr. and Mrs. R. B. Parish visited Miss Fay Brown in Lubbock Wednesday evening.

Mr. and Mrs. Homer Newman spent the week end in Vernon and Burkburnett visiting relatives.

The Junior-Senior Banquet

On Friday night, May 2, at eight o'clock at the American Legion Hall, in spite of the mud or maybe because of it, the greatest event in the lives of some 150 students began—the Junior-Senior Banquet of 1941. For the Seniors it was a bit sad perhaps. The last time they would all put their feet under the same table may have brought tears into their hearts, but only for a short time. The sadness was soon forgotten in the happiness. For the Juniors it was a moment of triumph. It signified the end of a lot of work, and they leaned back to enjoy the fruits of their labors.

The toastmaster, Jiggs Tankersley, opened the following program:
Music — High School Orchestra
Invocation — Supt. Emmitt Smith
Welcome — Jiggs Tankersley
Response — James Bryan
Solo — Juanita Cranford
Reading — Jacquelyn Thompson
Piano Medley — Minnie Lee Walton
Senior Will and Prophecy — Jimmy Green and M. J. Akers
Auld Lang Syne

The theme "Hitch Your Wagon to a Star," was carried out in the decorations; the favors, which were wagons "hitched" to a "star;" and in the menu:

Shooting Star Cocktail
Jupiter Ham
Seven Sisters Beans
Nebula Corn
Asteroids Pickles
Milky Way Rolls
Saturn Salad
North Star Cream
Eclipse Cake

This "Starry" program was presented to about 160 Juniors, Seniors and Guests.

Mrs. T. A. Zachary honored her daughter, Betty, with a party on Tuesday afternoon. After games were played refreshments were served to twenty eight guests.

Lee Funeral Rites Held Thursday

Last rites for Mrs. Clemmie Lee, age 64, who died Monday morning at 11:50 o'clock at the family residence in the Tokio community following a paralytic stroke, were conducted at the home Tuesday morning at 10:30 o'clock with Rev. L. C. Morrison, Methodist minister, officiating.

Mrs. Lee was born in Baton Rouge, La., July 30, 1876, and was married to Henry Lafayette Lee at Greenville, Texas, Dec. 24, 1893. Burial was in Brownfield cemetery. Pallbearers were Barney Green, J. O. Wheatley, W. P. Elmore, G. C. Brantley and W. V. Hart.

Surviving are six sons, C. H., W. L. and Ezell Lee of Brownfield and R. F., H. L. and A. E. Lee of Los Angeles, Calif.; six daughters, Mrs. Annie Teague and Mrs. J. A. Flanagan of Lubbock, Mrs. Everett Brantley and Mrs. Reg. Martin of Brownfield, Mrs. P. D. Parker of Stamford and Mrs. Earl Cooper of Tyler; four brothers, Ray, Guy and Ernest Wallace of Greenville and Ben Wallace of Como; a sister, Mrs. Mary Burrus of Nashville, Ark., 21 grandchildren and one great-grandchild.

Texas People Are Buying Defense Bonds

Queried on the results obtained the first day of the sale of defense bonds and saving stamps, Frank Scofield, State Administrator for the Defense Savings Staff of Texas, said:

"Reports from all over the State of Texas indicate that people from every walk of life are buying defense bonds and savings stamps in large volume. Many issuing agents have sold out their present supply of bonds and have had to wire for an additional supply. Others have exhausted their supply of application blanks for the Series F and G bonds.

"The public reception to this offering on the part of our Government for every individual to have a part in our all-out defense effort has exceeded the fondest hopes of this office. Many organizations, such as the Houston Chamber of Commerce, the Attorney General's Department of Texas, the Tax Collector's Office of Travis County, and the Land Office, and of course, my own organization, the Internal Revenue Office, have reported 100 percent participation. Also all the students in the High School at Marble Falls, Texas, have reported 100 percent participation. And I understand that this is to be a monthly affair, and not something that happens today and today only."

"I knew the people of Texas would be there when the first bell rang, but it makes me mighty happy to be able to tell the world that they were there at the first tinkle."

Local Conoco Dealers Attend Sales Meet At Lubbock

A sizeable delegation of local Conoco representatives and others attended the spring sales meeting and banquet of the Continental Oil Company held in the Lubbock Hotel Monday night. Local delegation was headed by C. B. Quante, local agent for Conoco products. Some 200 people were present at the affair.

C. L. Oden of Fort Worth, assistant division manager of the company, presided in the sales meeting. Talking motion pictures showing improvements made in their new motor oil was exhibited. While the new oil is now on the market, an intensive advertising campaign is scheduled to begin in June.

Among those present from other towns was J. B. Bell, who formerly taught in Terry County schools and is now Conoco agent in Crosbyton.

Mr. and Mrs. T. C. Hogue and daughters, Fay and Ruth, and Miss Ethelda May visited friends and relatives in Nacona and Bowie last week end.

PLAINS LIONS TO SPONSOR CARNIVAL

The Plains Lions Club is to sponsor a carnival May 15, 16, and 17. May 15 has been designated as Brownfield Day and Brownfield Lions and their friends are to be special guests.

Mr. and Mrs. H. Arthur Swan of Abilene were guests of her brother, Buce Zorn and Mrs. Zorn last week end. Tommy Zorn, brother of Bruce, was also here from Ft. Bliss.

THE STATE OF TEXAS COUNTY OF TERRY

WHEREAS, at an election heretofore duly and legally held in each of the following named school districts, to-wit:

- Johnson Common School District No. 8
- Challis Common School District No. 20
- Brownfield Independent School District
- Pleasant Valley Common School District No. 7
- Gomez Independent School District
- Happy Common School District No. 11
- Harmony Common School District No. 21

all of said Terry County, Texas, a majority of the legally qualified, resident voters of each of said districts have voted to consolidate their districts one with the other for school purposes in accordance with Article 2806 of the Revised Civil Statutes of 1925 of the State of Texas; and

WHEREAS, an order has been duly and properly entered consolidating all of such districts for school purposes, and the name of such consolidated school district is now Brownfield Consolidated Independent School District of Terry County, Texas; and

WHEREAS, thereafter an election was duly and legally held in the said Brownfield Consolidated Independent School District of Terry County, Texas, and in Harris County Line Common School District of Terry and Yoakum Counties, Texas, at which a

majority of the legally qualified, resident voters of each of the two last above named districts voted to consolidate their districts one with the other for school purposes; and

WHEREAS, an order has been duly and properly entered consolidating the said Brownfield Consolidated Independent School District of Terry County, Texas, and the said Harris County Line Common School District of Terry and Yoakum Counties, Texas, for school purposes, and the name of such consolidated school district is now Brownfield Consolidated Independent School District of Terry County, Texas; and

WHEREAS, there is outstanding bonded indebtedness in some of the above named school districts forming the component parts of the said Brownfield Consolidated Independent School District, which existed prior to such consolidation; and

WHEREAS, it is mandatory under Article 2807 of the 1925 Revised Civil Statutes of Texas that an election be called within the said Brownfield Consolidated Independent School District of Terry County, Texas, as the same is now constituted and formed, for the purpose of determining whether said district will assume and pay off the outstanding bonded indebtedness of each and all of the districts so consolidated, and levying a tax therefor:

NOW THEREFORE, I, C. L. LINCOLN, in my official capacity as County Judge of Terry County, Texas, do hereby order that an election be held within and throughout said school district on the 28th day of May, A. D. 1941, at which election the following proposition shall be submitted to the qualified resident property taxpayers voters of said district who own taxable property within the said district and who have duly rendered the same for taxation, for their action thereupon, to-wit:

Immediately after said election has been held the officers holding same shall make due returns of the result thereof to the Commissioners' Court of Terry County, Texas.

C. L. LINCOLN, County Judge, Terry County, Texas.

THE STATE OF TEXAS COUNTY OF TERRY

I, the undersigned, Clerk of the County Court of Terry County, Texas, do hereby certify that the above and foregoing instrument is a true and correct executed copy of an order and notice of election as issued by the County Judge of Terry County, Texas, on the 6th day of May, A. D. 1941, as the same now appears of record in Vol. 4, at page 263, et seq., of the Commissioners' Court Minutes, and that the signature of C. L. Lincoln, the County Judge of Terry County, Texas, affixed to said executed copy is the true and genuine signature of said official, and that the true and correct seal of the County Court of Terry County, Texas, has been impressed thereon.

Witness my official signature and the seal of the County Court of Terry County, Texas, this 6th day of May, A. D. 1941.

H. M. PYEATT, Clerk of the County Court, Terry County, Texas.

(SEAL) 42c

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Terry County, Greeting:

YOU ARE HEREBY COMMANDED to summon W. A. Melson, Mrs. Jessie Johnson, B. J. Johnson, Doss Windham, Clariet Melson, and the heirs and legal representatives of each of said defendants, and also the heirs and the legal representatives of Mrs. E. N. Windham, and of the heirs and legal representatives of Mrs. E. N. Windham Melson, to be and appear before the Honorable District Court of Terry County, Texas, at the next regular term thereof, to be held at the Court House in Brownfield, on the Fourth Monday in August, 1941, the same being the 25 day of August, 1941, then and there to answer the Plaintiff's Petition, filed in a suit in said Court on the 2 day of May, 1941, wherein P. C. Stacy and Irma Stacy husband and wife are Plaintiffs and W. A. Melson, Mrs. Jessie Johnson, and B. J. Johnson, Doss Windham, Clariet Melson and the heirs and legal representatives of each of said defendants, and also the heirs and legal representatives of Mrs. E. N. Windham, and the heirs and the legal representatives of Mrs. E. N. Windham Melson, are Defendants. File number of said suit being No. 2683.

The nature of the Plaintiff's demand is as follows, to-wit: That heretofore on the 1st day of May, 1941, Plaintiffs were lawfully seized and possessed of, and did own by fee simple title, that certain tract or parcel of land, situated in Terry County, Texas, and being lot number two (2) of Block Number One (1) of the A. M. McBurnett, Subdivision of the East Addition in the town of Brownfield, Terry County Texas. That on the date aforesaid, the defendants unlawfully entered upon said premises, and ejected Plaintiffs therefrom and do continue to withhold from them the possession thereof, to their damage in the sum of \$5000.00.

That the defendants and each of them, are or may be asserting or claiming some adverse estate or interest in and to the real estate, determining such estate, or interest and cancelling and removing of same, and granting the title and possession to Plaintiffs.

Prayer that all defendants be cited, and that Plaintiffs have judgement for the title and possession of the land for all costs of suit, and all other relief, to which they are entitled, including a decree for removing and cancelling all adverse estate or interest of the defendants, to said land, and each of them.

"HE SAVES MOST NOW WHO SPENDS ENOUGH"

Buick SPECIAL 6-passenger Sedan, \$1006. White sidewall tires extra.

THERE'S a rule for your guidance you may not find in the copybooks — but that doesn't subtract one whit from its truth. Because when you buy a new car this spring you want one that will see you through many a summer. So while you're trading it's good sense to trade up — up to something solidly good through and through. Trade up, for instance, to the FIREBALL power of Buick's more efficient valve-in-head straight-eight. Trade up to the thrift of Compound Carburetion† — exclusively Buick's, and as much as 10% to 15% more economical of gasoline than last year. Trade up to a splendid big Body by Fisher — to Buick's all-coil springing that is forever cushiony yet forever free from service attention — to stout, ride-steadying torque-tube drive with nothing about it to go wrong. Buick's bodies are roomier, its frames huskier — its steering gears go three to four times as long without adjustment and its main bearings have half-again the service life in them. Things like that really count these days — yet they're yours in a Buick for a trifle more at most than you'd spend in any event. Go call on your Buick dealer now!

†Available at slight extra cost on some Buick SPECIAL models, standard on all other Series.

ALLEN STUDIO OVER KYLE GROCERY

My Week by Eleanor Roosevelt

Across the Nation
The sun shone when we reached Peoria, Ill., from Washington en route to Chicago and then, after a press conference, I went out to see one of the housing projects built under the U. S. housing authority. Everyone with whom I talked, had the highest praise for Mr. Nathan Straus and the work which has been accomplished under his leadership. The particular project which I saw was practically completed, except for the landscaping.

There are two types of buildings, three story apartment houses and two story small houses. The rents are remarkably reasonable, far below the average for substandard housing in Peoria. I am sure all the officials are very pleased with what has been accomplished.

Later, I met the staff of the WPA for the district. I was very much interested to hear an account of the Workers Service project, which has just been operating during the past two months. They have set up centers of information for the workers, and they seem to have been able to make these centers very useful in the short time they have been open.

A number of the British Relief people, among them two small girls dressed in Scotch kilts, came at five o'clock to shake hands with me. I was glad to see Mrs. Johnson, who remembered having entertained the President and me in the 1920 campaign.

After the lecture in the evening, I attended a small reception. We boarded the train a little before midnight, arriving in Chicago early in the morning.

At noon, we started across the continent, bound for Los Angeles.

'WIDE OPEN SPACES'

We awoke the next morning to find ourselves some 7,000 feet up in the mountains, where the state of Colorado and the state of New Mexico join. A driving rainstorm, at times turning into snow, was with us all day and in places really deep snows covered the ground. We saw miles of prairie powdered with snow and have passed many, many cattle and sheep; none of them looking too happy at this last burst of winter.

The houses are so far apart in this part of our country, one cannot help but think that it requires a different quality to live and to be happy where so much of the time must be spent alone. Even the immediate family of a woman must leave her many lonely hours, for they go to work or to school. The man who earns a living out here must spend much time alone. Even the youngsters must have occasions when they know what it is like to see no other human being anywhere in sight.

It must be hard sometimes, and yet I think it must give one a sense of self-reliance. Perhaps the nearness to the soil and the great outdoors puts iron into their souls.

RECENT READING

I have read the American Red Cross report on war relief, and I think we can be proud of the record that the help made available by and through the Red Cross up to March 1 totaled in value \$22,981,942. I was glad to note that relief to Finland had increased last month, but I was extremely sorry to note in the papers that a shipload of Red Cross supplies bound for Greece had come to grief on its voyage. Somehow, one feels that no Red Cross supplies should be war casualties.

There is a new quarterly magazine called "The Land," published by "Friends of the Land," which should be on everybody's table. It is a magazine which hopes to make us all conservation conscious, because people go down and come up with their land, and ours needs to be conserved.

Finally, I read a pamphlet called "Britain Under Fire." It is a collection of articles written by John Cowles, president of the Minneapolis Star Journal. I have read some before but gathered together in this way, they make impressive reading. One of them in particular interested me. It is called "What Will The Peace Terms Be?" I think these two paragraphs are worth much thought on our part:

"English trades unions and labor party leaders, who are co-operating completely with the Churchill government, have as one of their basic aims the re-establishment of strong, free trades unions in Germany as a bulwark against future militarism.

"To attain this end, they say Britain must help build a sound and thriving national economy in post-war Germany."

'TRUE COMICS'

There is a comic magazine, which everyone of us with youngsters who like to read the comics, should hail with joy. It is "True Comics," published by the Parents Institute. Its quality is assured by the fact that Mr. George J. Hecht is the president and publisher, while the editor is Mr. David Marke. Junior advisory editors Janet Cantor, Gloria Jean, Mickey Rooney, Shirley Temple and Virginia Weidner ought to be able to help make this a really good comic magazine.

Too good to be true? Not at all. In the famous 5-million mile Florida Road Test, first-line Lee DeLuxe Tires, pitted against other leading brands, showed 6 per cent slower tread-wear than the average.

Think of it... 106 miles for Lee, for every 100 miles averaged by the other tires. This means you ought to get at least 1000 extra miles out of top quality, guaranteed Lee Tires... even though they cost no more than other leading makes. Actually, they cost less than you guess!

Besides, the test proved Lee's extra cord-strength, and greater resistance to bruises and to ply-separation.

Here and there over Texas: My friend, Frank Harrison of the Corpus Christi Press has been appointed to the State Game, Fish and Oyster Commission. He was the original (and purty nigh) the only O'Daniel editor in the State. "We heard you what you said. Let's have more" read a telegram this columnist received after my first "I Give You Texas" program which is presented each Sunday, 12:45 p. m., over KGKO and it was signed by Mr. and Mrs. J. Frank Dobie and Mr. and Mrs. George Sessions Perry. Dobie has written a dozen books, all good, about the Southwest and Perry's novel, "Hold Autumn in Your Hand" is a best seller.

"A rosebush is in every yard in Rosebud, Texas," according to Believe-It-or-Not Ripley—so Editor J. R. Killgore, just to make sure, offers to give a rosebush for each yard that doesn't have one. Just back from a visit to Rosebud, and it has the roses—and bluebonnets, too, in the nearby hills. And you've really lived when you've enjoyed refreshments in Brother Killgore's cabin with that big fireplace and logs a-snapping and a-glowing on a cool night.

I can't lay claim to anything as far as looks go. And when it comes to learning, I may be rather slow. But there must be something more in me than other folks can see, 'cause I got a little chap at home—he thinks a heap o' me.

I've had my ups and downs in life as most folks have, I guess. And take it all in all I can't boast of much success. But it braces a feller up and it tickles him to know there's someone that takes stock in him, no matter how things go. To feel his hand in mine, so clingin' and so warm; to know he thinks I'm strong enough to keep him safe from harm; to see his lovin' faith and trust in

SHIPS CATTLE TO NEW YORK

What some observers say was the finest bunch of commercially fed cattle ever shipped from Terry County was moved out by rail Tuesday afternoon. The shipment was bound for New York.

As the Herald was unable to contact W. E. Poole, Terry County rancher and owner of the cattle, it was unable to find out who was the purchaser or how much the cattle weighed. Experienced observers, however, estimated that they should average around 1150 to 1200 pounds per head.

Well its still raining, raining smiles on the farmers faces, as bright as the morning sun. They are much elated over the excellent season at such a right time of the year, that came last week. While the flood waters down east were tearing down bridges, endangering dams, inundating low lands, and wrecking homes, for which we are sorry, the farmers of the South Plains are busy planting, and are looking forward to a bumper crop for 1941. Some say with the season we now have, if it will just thunder twice in August, crops are assured. Much satisfaction is expressed over the contouring system, and the test the recent rains have put it to, will be watched with much interest.

Mr. and Mrs. Fred Tudor of Slaton were here Monday to visit his father, Dad Tudor, who is in the Treadaway-Daniell Hospital.

all I say or do—it sort o' shames a feller, but it makes him better, too. That's why I try to be the man he fancies me to be, just 'cause that little chap at home he thinks a heap of me. I wouldn't disappoint his trust for anything on earth, or let him know how little I just naturally am worth.

And after all it's easy up the better road to climb, with a little hand to help and guide you all the time. And I reckon I'm a better man than what I used to be, since I got that little chap at home. He thinks a heap o' me. (By unknown writer; reproduced from Eric Bakwell's Sulphur Springs News-Telegram and J. H. Waggoner's Whitewright Sun).

KIDNEY STAGNATION IS WORSE THAN CONSTIPATION!

Because We Treat Constipation at The Onset, While We Neglect Our Kidneys Indefinitely

No other organ in your body is as important as your kidneys. For in your kidneys there are nine million tubes which must work day and night to filter the fluids and keep the system free from wastes, acids, poisons which, if permitted to remain, may cause serious kidney and bladder troubles.

It is no wonder then that Nature often calls for help to clean out the kidneys. So if you are troubled with Getting-Up-Nights, Leg Pains, Backache, Nervous Headache, Dizziness or Loss of Energy, due to functional kidney disorders, try KIDANS, the famous kidney remedy, which aids Nature to flush out the kidneys, to filter all wastes, to prevent kidney stagnation.

KIDANS is Safe and Reliable. Thousands report entire satisfaction. Take according to directions. KIDANS will give splendid results. Try KIDANS. Buy it at our Special Price Office on two boxes. Use one box. If not satisfied, return unopened box and GET YOUR MONEY BACK. If your local druggist cannot supply you, send \$1.00 to The Kidans Company, Atlanta, Georgia, for two full-size boxes on a money-back guarantee. 8c

Conservation Increases Yields

Amarillo, Apr. 5 — "Contour farming and terracing are among the most useful farming measures ever introduced to dry land agriculture," states R. E. Uhlund of the Soil Conservation Service, in a recent pamphlet issued by the U. S. Department of Agriculture, entitled "Better Harvests through Conservation Farming."

The pamphlet gives numerous examples where contour tillage and terracing have increased crop yields by storing rainfall in the ground instead of permitting it to run off into streams. It gives a graphic summary of the benefits of contouring and terracing to the yields of cotton, beans, wheat, and grain sorghums, in the Southern Great Plains.

An average increase of approximately 300 pounds of grain sorghums per acre on 48 fields near Dalhart, Texas, and 50 pounds of beans per acre on 34 fields at Mountainair, N. M., where fields were terraced and contoured, also is cited as evidence of the value of these measures as water conservation and good farming practices.

"In regions of low rainfall, where water at the plant roots spells the difference between good harvests and crop failures, evidence is piling up to show that conservation farming practices frequently mean better crop yields. By storing more rainfall in the ground, contour tillage, and especially terracing, help to bring forth more pounds of cotton or more bushels of grain from a given acre of land," Uhlund says.

RAILROADS BUY MUCH MATERIAL IN TEXAS

Railroads in 1940 spent in Texas a total of \$90,875,589 for materials and supplies of all kinds and for wages of railroad employees, the Association of American Railroads announced today.

This total does not include taxes paid by the railroads to state and local governments in Texas, for which 1940 figures are not yet available. In the year 1939, however, such taxes totaled \$6,433,733.

The stimulating effect of these expenditures is felt throughout the state because of the wide distribution of railroad wage payments, and the fact that supplies and materials were purchased in approximately 603 localities in Texas.

Railway purchases in Texas in 1940 totaled \$15,650,630 of which \$15,567,803 was expended for fuel, materials and supplies and \$82,827 for the purchase of new equipment. In addition, the railroads paid \$75,224,959 in 1940 in wages to employees located in that state, the total number of such employees in July, 1940, having been 44,600. The number of employees represents the total number receiving pay in July, some of whom, however, only worked a part of the month. Average wages, therefore, cannot be calculated from these figures.

MRS. PEACOCK'S HOME ROOM

BAPTIST CHURCH

Abundance of mud failed to dampen the enthusiasm of 349 who registered in the Bible study period with many more getting in for the preaching hour, in all a good attendance.

Next Sunday has come to be known as Mother's Day and what a fine thing if the fathers will bring the mothers and the children with them to the services. Just why have many fathers left the matter of the religious education of their children wholly to their wives and when the wife and mother would not assume the responsibility was entrusted to the movies?

The sermon will be in keeping with the day next Sunday and with good sunshine again a large attendance is anticipated.

We urge upon the parents of every family their responsibility of the religious education of their children and if they are not getting it elsewhere we extend to them the facilities of this church with the best Bible study helps published with more than thirty separate classes suited to their needs, and if their clothes are all right for the day school they are all right here.

We commend the Methodist people here in their undertaking to have better facilities for their teaching staff to use as no doubt the need of them has kept many out of the study of the Bible.

The Church voted Sunday evening to have a home-coming of all members and former members Sunday, May 25th for an all day service and committees to bring a program for such a meeting have been named and if you are called upon to serve in any manner we ask for your wholehearted cooperation that it may be a day long remembered.

The new building was occupied last year, May 19th, and many former members have never seen it and this home coming will give them a special invitation to come and enjoy the day with us. More mention will be made later of this home coming. Visitors are always welcome.

MONEY in the ground

Billions of barrels of Texas oil reserves mean money in the bank for you as a Texan.

On constant deposit in underground vaults, they assure continued wages for Texas workers, lease and royalty payments for Texas farmers and ranchers, and tax revenues for our State and local governments.

Nearly 11 billion barrels of known oil reserves are on tap in 161 counties of our State. Texas oil men are now searching for new fields in 90 additional counties. They discovered last year almost three times as much oil as they produced.

These oil reserves can be cashed only through their production and processing by Texas workers.

As a means of safeguarding this backlog of economic security, you as a Texas citizen can and should expect:

(a) Sound conservation practices, (b) A reasonable taxing policy by State and local governments to permit healthy development without loss of employment through abandonment of properties, (c) Increased use of this great fuel source through creation of new Texas industries.

These oil reserves provide security for you and every other Texan.

THE RECORD... Facts That Concern You No. 28 of a Series

A couple of bad eggs . . . but why blame the hen?

A bad egg does turn up once in a while . . . but that's not a sensible reason for destroying all the good eggs . . . or for taking it out on the hen.

Beer retailing in America is something like that. The vast majority of beer retail establishments are clean, law-abiding, wholesome places. And still there may be a few "bad egg" retailers who violate the law or permit anti-social conditions.

The brewing industry wants these undesirables eliminated entirely . . . to protect your right to drink good

beer . . . and our right to make it.

And also to protect the many benefits brought by the beer industry to Texas . . . such as the 31,165 jobs created . . . and beer's \$22,076,182 annual payroll. Beer contributed \$2,273,968.64 last year in taxes to help pay the cost of government in this state.

You can help us in our program of law enforcement, if you will, by (1) patronizing only the legal and reputable places that sell beer and (2) by reporting any abuses to the proper law enforcement authorities.

BROWNFIELD FRIDAY — SATURDAY TEXAS

THIS WEEK IN DEFENSE—
(Continued from Page One)

Labor Disputes

Secretary of Labor Perkins reported strikes have declined to a point where less than two-tenths of one per cent of defense workers—or 7,800 persons—are affected. Selective Service headquarters advised local boards they are not justified in reclassifying workers joining a strike in a defense industry.

Labor Supply

The Social Security Board reported shortages of labor in certain machine shop occupations, shipbuilding and boilermaking and an increasing need for electrical mechanical and optical instrument makers and wood patternmakers. The Labor Department reported 290,000 workers given employment in one month and said that 310,000 additional workers will be needed by September, 1942, in shipyards alone. The Civil Service Commission announced that persons up to 65 years old are now eligible for Federal trades and artisan positions.

Cost of Living

Secretary of Labor Perkins reported living costs of moderate income families in March were 2.6 percent higher than before war started in Europe. She reported price rises in sugar, coffee, pork, butter, canned vegetables and certain fresh fruits and vegetables, rents, clothing and house furnishings.

Consumer Commissioner Harriet Elliott warned that some manufacturers were maintaining unchanged prices by lowering the quality of their products.

Defense Housing

President Roosevelt approved legislation authorizing a \$150,000,000 expansion of the defense housing program and asked Congress for \$15,000,000 to purchase 14,200 portable houses, 6,900 dormitory units and an obsolete passenger ship to house defense workers during the housing emergency. Mr. Roosevelt reported \$5,000,000 previously appropriated for emergency purposes in addition to \$447,000,000 for the regular defense housing program had been used for 7,300 dormitory units and 3,800 trailers.

Aid to Democracies

The President told a press conference he has ordered a survey to ascertain what, if any, planes may be procured immediately from civilian airlines. Navy Secretary Knox told a press conference the Navy has no combat ships available now for transfer to Great Britain, but that more high-speed "mosquito boats" will be turned over to the British as they come off assembly lines.

Treasury Secretary Morgenthau announced an arrangement under which the U. S. will contribute \$50,000,000, the United Kingdom, 5,000,000 pounds sterling, and China, 20,000,000 U. S. dollars, to a Chinese currency stabilization fund to be managed by a five-man board including a U. S. representative.

Shipping

President Roosevelt requested U. S. Maritime Commission Chairman Land to arrange a pool of at least 2,000,000 tons of existing merchant shipping which could be used to carry "food and the munitions of war to the democracies of the world." Admiral Land said the shipping would be drawn from the intercoastal trade, Army and Navy auxiliary ships, the laid-up fleet, requisitioning of foreign vessels in U. S. ports and re-routing of commercial shipping regardless of the resulting inconvenience and loss of trade.

Defense Financing

The Treasury Department placed on sale U. S. savings bonds and postal savings stamps designed to obtain money for defense financing and provide investments for all citizens as a "cushion" against possible post defense depression.

Federal Reserve Board Chairman Eccles said taxes should be planned to discourage consumer purchases of such items as automobiles, refrigerators and furniture in order to build a back-log of purchasing power for use after the emergency. He also said that although higher taxes on personal income will be necessary, most taxes should be collected from business, "where the profits originate."
