BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, JULY 4, 1941

NUMBER 48

Baptist Chairman Touring Texas

Dr. W. W. Melton, Chairman of the Texas Promotional Committee on Baptist war work, is touring Texas in behalf of the special campaign to raise three hundred thousand dollars in the South. The 3,250 Baptist churches in Texas have been asked to raise \$35,000.00 on Sunday, July 27th.

"Texas Baptists began a movement in behalf of the soldiers in the fall of 1940. Dr. A. C. Miller was employed to direct the soldiers' work. He has done his work superbly and will continue to lead Texas in her soldier work. Texas Baptists have always been interested in their army camps and have been constantly doing religious work among the soldiers. At this time seven of our Texas Baptist preachers are employed to do religious work in the army camps. This work is directed by Dr. Miller," exclaimed Dr. Melton.

"When Texas launched the campaign in behalf of soldiers' work, a financial budget for \$50,000.00 was adopted. Of that amount, \$27,000.00 has been raised. Texas Baptists are cooperating with Southern Baptists in raising the \$300,000.00, a part of which will provide the necessary funds to complete the program for soldiers' work in Texas," Dr. Melton said. Committees have been appointed in each of the seventeen districts to promote the soldiers' work and to aid in raising the \$35,000.00 in Texas Sunday, July 27th.

Dr. W. W. Melton, General Secretary of the Baptist General Convention of Texas, is chairman of the State Promotional Committee and is leading the campaign to raise the \$35,000.00. Other members of the State Promotional Committee are A. D. Foreman, Sr., Houston, Harlan J. Matthews, Marshall, Mrs. E. F. Lyon and Dr. Wallace Bassett, Dallas.

New City Well Tests 400 Gallons a Minute

The new city well just east of the A. M. Brownfield residence has been tested, according to Utilities Supt. Eunice Jones, giving a flow of a bit over 400 gallons per minute. The well has not been tied into the mains, as there is some parts that have not arrived. Eunice stated that material was on the ground for housing of the pump and motor, and that a large steel tank to sit on the ground for a reservoir would be built. There is not a city in West Texas that has a better water system, or larger reservoir capacity, according to size, than Brownfield.

The city owns its own utilities, and has to ask no one to build for the future. The city council is sole boss of all extensions and expansions. This applies alike to power and light, water, sewer and street lighting.

Jaycees To Stage Annual Fellowship Party At Legion Hall

The Junior Chamber of Commerce will again stage its annual fellowship party at the American Legion Hall this coming Wednesday, July 9th, beginning with a Stag Party at eight o'clock during which the new officers will be installed for the coming year. Attendance at this party will be limited to Jaycees and each member is privileged to bring a guest. Following this at 9:30 will be the dance, music to be furnished by a good band, lasting 'til one o'clock. The affair is to be strictly informal, western regalia to be the key note for dressing, though not required.

Price of admission is to be one dollar per person for the gentlemen, ladies of course to be their guests at the dance, or 55c per couple for the dance only. Dance open to all!

Mr. and Mrs. Walter Bond of El Paso visited Mrs. J. C. Bond and Miss Shirley Bond in Brownfield last week-end.

We See The Famous Galveston Seawall

On Sunday afternoon late, May 11th, this writer got his first view of the famous Seawall at Galveston, Texas. Had seen stills and movies of the historical structure, but somehow, while most of the other Texas cities had been visited or passed through, Galveston and Houston had never been on our route. Leaving the fine little city of Corpus Christi that morning, we had made a very leisurely trip up the Hug-The-Coast highway to the Island city. Galveston is also known as the Oleander City. Every variety or color of oleander known, is said to adorn the main boulevard center parkway.

The drive from Corpus Christi up the coast is an experience and thrill that all Texans should have. There are so many changes of scenery that it keeps one wondering what is to come next. When one imagines that he has to leave the United States or even Texas, to see the interesting, he has another think coming when the highways of the state are used. On this route over No. 35, one can see some of the oldest, yet some of the most progressive of Texas towns and cities, such as Aransas Pass, Rockport, Port Lavaca and Palacios, not to mention Bay City. By far the most part of this route when not passing over an interesting causway over a neck of the sea, there are fertile prairie fields, and huge pastures, with native and Brahma cattle grazing a lush grass waist high. However, at the time we were through there, the crops were late, some fields not planted, and some not even broken. At Bay City, a filling station man informed us that there had not been more than four days of sunshine in a stretch since last fall, and that was the week before we were through there. Usually, their cotton is blooming at that time. Rice seemed to be the only crop doing any good.

Between Bay City and East Columbia, a distance of some 30 miles, one crosses two of Texas' mightiest rivers, and they were real he men rivers when we crossed them. First come is the Colorado, emptying into Matagorda bay, which was almost bank full, and the Brazos between West and East Columbia, was bank full and shushing over. Highway men were watching to protect the highway and bridges. Along this route, one sees many army and air training basis, some real new, which constantly reminds one that Uncle Sam is really getting ready for war if it comes.

Angleton and Alvin are both nice little cities. At the latter named, one turns almost south toward Galveston, and you talk about traffic, there was where we really hit it. Army trucks going this way and that, as well as private trucks, and literally thousands of cars, presumably belonging to people who live short distances from the Island City, who had been to the beach Sunday, or had spent the week end there, and were racing for home, in order to get a night's sleep before hitting the ball. Passing was almost all out, as there was someone coming the other way all the time. It was some better when a four lane route was found near Texas City, on the mainland, but here the Houston highway comes in, and the traffic practically doubled. However, during the week days, while trucks are about as thick as on Sundays, the cars are much scarcer.

Found us some nice cabins right on the beach, and at moderate prices, as the season had not really opened at that time. Will tell you something of the Pirate city next week.

Most Stores To Close

Inquiry among business men denotes that a great majority of them will close July Fourth. All should do so and give the clerks a needed rest.

Mr. and Mrs. Roy Herod and Mr. and Mrs. Buddy Gillham spent last week-end in Ruidoso.

Let FREEDOM Ring!

Echoing and re-echoing through all the turmoil of today, the clear, loud ringing of our Liberty Bell is a symbol of all that we Americans have to live for! Staunch, sturdy—from the beam from which it is suspended, to the gong that strikes out its message, our Liberty Bell signals to a waiting world of oppressed peoples that though the struggle be long and hard, the call of Liberty will again ring out around the world . . . as it still rings out for every American.

O'Daniel Probably Next U. S. Senator

Belated returns from Hickory Grove, Blackjack Ridge and Possum Creek, have reduced the Sunday lead of Lyndon Johnson,

GOV. W. LEE O'DANIEL

Probably Next Junior U. S. Senator

the Presidential Blessed candidate from around 5,000 to a lead for Gov. O'Daniel at this time of a bit more than 1000.

This was quite a comedown, however, from a clear majority in two races for Governor to a bare plurality. And many observers are of the opinion that O'Daniel is slipping badly. Had there been a runoff, 90 percent of the Mann and Dies votes would have gone to Johnson, they believe.

The Terry county vote was as follows: Dies, 101; Johnson, 313; Mann, 340; O'Daniel, 465. This was approximately complete. Terry county had around 1800 qualified voters.

Black Takes Over As New Board Of Development Manager

T. R. "Tommy" Black, recently elected to fill the vacancy created when T. L. "Pat" Patterson resigned his position as secretary of

Out Early This Week With Herald

Until Monday this week, no thought was taken that Friday (today) came on a holiday, and that rural routes would be as dead as Hector's pup Friday, and that the delivery window would be closed as tight as Dick's hatband, so, being as it was, the Herald would not leave this burg until Saturday morning, too late for the shopper to see how to shop.

Therefore, a hasty consultation was held with the two leading grocers, regular advertisers in the Herald, Piggly Wiggly and the Kyle Grocery, and they promised to get their copy to us Wednesday instead of Thursday if we would issue a day early. These two firms perhaps do from 60 to 70 percent of the grocery business in the city, and we always try to be of service to them as well as other regular customers.

Being out early, the Herald will be nothing to write a letter home about either in looks or news text, but it will have to answer this week. If your article missed fire, lay it on the holiday epidemic.

the Terry County Board of Development, commenced his duties in that capacity Tuesday morning. Until recently, Black was wholesale manager for Standard Oil products.

Mr. Black's previous connections and personality makes him highly qualified for this type of work. Both he and Mrs. Black take an active part in the civic and social affairs of the community. Mr. Black is a member of the Lions Club and a Sergeant in the Texas Defense Guard. The Blacks came here from El Paso.

While the Herald extends its heartiest welcome to the new secretary of the Board of Development, it also wishes Mr. Patterson, the old secretary, the best of luck in his new position and the splendid cooperation he has given us in the past will not soon be forgotten.

Mr. and Mrs. R. L. Bandy and Tommy expect to leave for Corpus Christi today.

Some Crops Sanded Out Last Week

Took a little spin Sunday afternoon down in the Foster and Lacey sections, as well as a small bit of the Gomez area to look at the crops. In some of the sandier soils, the crops appeared to have been hit hard with recent winds. Yet, there were sandy fields that appeared to be unhurt, then another, seemingly not a whit sandier, leveled up. Whether it is the method of farming, or the way the rows run, we could not figure. However, a lot of the fields, badly blown around the ends near roads, seem to have a good stand just 50 or 60 feet up the rows.

Generally speaking, though, the people of the sections mentioned seem to be headed for good crops, that are up and growing, and we agree with many that the largest corn acreage in several years is in the making. Some of the cotton plants that were gotten up in May, now seem to be squaring, and should be blooming in another two weeks. We believe we'll have to hand it to Mack Chambers for the prettiest cotton we saw, though many others are crowding him. Now before any other farmer gets on our neck, remember we said, Mack had the prettiest and largest cotton that we SAW.

Hail seemed to have damaged some sections of northwest Terry last week. Henry Bates reports that he lost some 40 acres of crop, and that some of the neighbors lost some. Bates stated that the hail seemed to act like a cyclone often does, lift for a piece, and then hit again. This ruined area was partly cotton and partly corn and maize. Plenty time to plant most feeds yet but late for cotton.

Bulletin Board Company D

Drill period was held this week on Tuesday night instead of Friday. This gives those who wish to do so an opportunity to take a holiday trip over the week end and also avoids conflicting dates with the Legion dance scheduled for tonight.

Lt. Holt and daughter, Miss Jackie, who have been visiting relatives and vacationing in Oklahoma and Arkansas, returned home Tuesday.

Promotions: Corporal to Sergeant; Rufus J. Purcell and Sawyer A. Graham; to Corporal: Pvt. 1st J. M. Teague and L. M. Wingerd and Pvt. Spencer Kendrick.

The Company is now engaged in the study of guard duty. Much time is to be devoted to this very important phase of work.

Word has been received that rifles will be issued the Company in the very near future. Many of the men have grown very fond of their wooden rifles, especially admiring their extreme lightness and may feel no little regret in exchanging for the real article.

Pvt. 1st Chester A. Henderson drives 22 miles from Ropes to drill.

Watch For Food Poisoning in Summer

Austin, Tex., June 30—Dr. Geo. W. Cox, State Health Officer, today issued a warning to Texas housewives to guard against food spoilage and resultant human food poisoning during the summer months.

Summer heat and food spoilage were closely coupled together in Victorian days as a sure sign of summer, and the association continues today, unless scrupulous care is taken to avoid food spoilage.

"Long hot days in July and August necessitate keeping food clean, covered, and refrigerated, plus additional hot weather safeguards," Dr. Cox stated.

It should be kept in mind that food poisoning is more common in summer than in winter. The summer usually includes smaller helpings of cooked food and increased amounts of raw and cold food

Site Purchased For Elementary School

At a meeting Monday of the Board of Trustees of the Brownfield Consolidated School district, they purchased a ten acre block of land laying just north of the Tahoka highway, and between the former site of the Wingerd Lumber yard and the J. C. Lewis residence. The purchase was made from Author Sawyer, the consideration \$3750.00. This is a pretty site, level enough, but well drained, and will give ample campus, as well as room for additional buildings as needed.

Contract For Buildings Later

J. M. Telford, president of the board informed us that as soon as architects' blue prints were ready, bids would be let for the new elementary school building to occupy the site purchased to cost around \$75,000, containing 16 rooms. The NYA is also to erect a three-room vocational building; to be partly financed by NYA, and a bus barn to house at least 14 school buses. The school will endeavor to have these buildings finished on or by the first of 1942. In the meantime, the buildings of rural schools that have joined in the large consolidation movement, will have to be used until such time as the new buildings are ready. After that time, with the exception of the Gomez school, which will continue the lower grades, the other buildings at Johnson, Harmony, Challis, Pleasant Valley, Harris and Happy will be used as community centers.

Remodeling West Ward a Nut To Crack

But when it came to the remodeling of the West Ward, and making a practically new building of it, the trustees ran up against a proposition. In the first place, the bids were somewhat higher than expected, although there were several bids. But the real Jonah was the fact that no contractor would take the job with the promise or agreement that the building would be ready for occupancy when school begins the 1941-42 term in September. Mr. Telford informed us that the buildings would possibly be used as is until school is out next spring again, when the remodeling will take place. Butler & Houseman of Lubbock are the buildings architects.

On account of the draw, the city will naturally spread east and northeast, and the new building site will be handy to the residents of that area. The other four buildings are grouped on a third less land than the new site. In fact the campus is too crowded, many believe.

Chisholm Takes Poultry Course At Tarleton

Stephenville—J. R. Chisholm of Brownfield, Texas has just completed a special three weeks course in Poultry Management at John Tarleton Agricultural College. The course, lasting from June 9-28, was to prepare those who wish to qualify to do flock selecting and pullorum testing under the national poultry improvement plan. It was under the direction of Texas A. and M., being usually held at College Station, but John Tarleton was fortunate in being chosen as the only school in which the work is offered this summer.

Mr. and Mrs. Orb Stice and Sam spent the week end in Ruidoso.

which may be more subject to spoilage or contamination. Vegetables and fruits which are eaten without peeling should be washed carefully to avoid possible contamination with mineral poisons from chemical sprays.

Harmful germs which may be harbored in raw dairy products or imperfectly cooked food cause typhoid fever, dysentery, summer diarrhea, scarlet fever, diphtheria and other diseases. Perishable foods should be handled carefully and kept under constant refrigeration until time to serve.

Special care should be taken with milk and milk products, since milk is an excellent medium for bacterial growth.

This Week In National Defense

The President will deliver an address July 4th at 5 P. M., our time, to be followed by the singing of the National Anthem simultaneously throughout the nation, arranged by Mayor LaGuardia of New York.

At a press conference the president stated that while Russia did not represent what the U. S. believes about free government, it was our duty to aid them in their battle against Hitlerism.

All Italian and German propaganda activities have been closed, and only the embassies at Washington are to remain open.

The president endorsed lending \$5,000 to 30,000 American techni-

cians to Great Britain to help detect the approach of airplanes. Lend of rifles to Ireland, provided that country agrees to use them against Germany in case of invasion.

The strength of the army is now 1,441,500 officers and men; Fleet expansion is setting a record every day, according to Navy Secretary Knox. A \$95,000,000 expansion program has been authorized to complete 250 airports now under way.

An appeal has been made to women to take nursing courses. A shortage of nurses very apparent.

A ceiling has been set on new cars, and probably used ones, tires and tubes and pig iron, to keep down skyrocketing prices to be used in household articles, such as furniture and refrigerators.

The OPM has announced prior-

Some Flowers For The Living People

There is just no sense in waiting until people leave this vale of tears for a better place, perhaps, to tell them now much they are appreciated. Take for instance Mrs. A. D. Repp, who "got the society news" for this paper for a couple of years or more. There never was a more faithful helper. If there was any way to wangle a bit of news out of the dullest, Mrs. Repp usually got to the bottom of it. We are glad we knew and had Lillian on our staff.

Then there is Judge Geo. W. Neill, one of the most interesting of writers, with a style all his own. When we get in a tight place, and wish help in the editorial department, we can call on the Judge without the least doubt that he will respond right off the reel. He never makes an excuse, and if we happen to fail to dot one of his "Ts" or cross one of his "Ts", he just laughs it off and lets it go at that.

Then there are others, including Mrs. W. R. McDuffie, Mrs. Lester McPherson, Mrs. Ike Bailey and others, who when they know any news, they make some effort to report it to the reporter or Herald direct. Such people can make a good weekly paper despite other handicaps.

PLAN TO SWAP HISTORICAL FLAGS

A proposal to swap the Mexican battle flag taken from Antonio Lopez de Santa Anna at the Battle of San Jacinto for the Texas flag wrested from the Alamo, was made May 1 in the Texas Senate. A resolution to that effect—to "promote good will between the two countries"—was introduced in the Senate.

ity on rubber, zinc and tungsten compounds.

THE RIGHT SHALL PREVAIL

This making America invulnerable is a grim business but we are getting on with the job. America is powerful in resources, and in intelligence. Uncle Sam has his sleeves rolled up. There is nothing to fear. Beware the apostles of gloom and doom. Fear does much to dull the shining virtue of courage.

True the war situation is serious. The "Little People" have suffered and are still suffering. Nations have been ruthlessly crushed, all about is the chaos and horror of war. But remember this—there stands also the Immutability Law of Justice—there stands also outraged world opinion. These are titanic forces to be reckoned with. The Right shall prevail as it always has. History has a way of repeating itself.

Let us have faith in America and in the American Way of Life. We must have courage. The "Little People" are not alone. Be of good heart—"There's a divinity that shapes our ends, rough-hew them how we will."—Bernard McDougall in the Detroit Medical News.

WAR DREAM TOO REALISTIC

Three Italian bombers encountered a British aircraft and were shot down into the sea.

The crews, numbering 12 in all, were picked up by a British battleship and put to bed in the spare top bunks.

Next morning, when the captain inspected them, he found they were bruised black and blue.

"Hey, what's happened to these prisoners?" he inquired.

"Well, sir," explained a sailor, "one of them kept saying 'Spitfire, Spitfire,' in his sleep. And every time he said 'Spitfire,' the other 11 bailed out."

Mr. and Mrs. H. O. Longbrake and Betty and Laverne Mullins are vacationing in Ruidoso, N. M.

Fire Prevention Week—Every Day

President Bernard M. Culver of the American Fire Insurance and Indemnity Group, in an address to the top executives assembled at a dinner in the Union Club, New York last night, pointed out that although it has been the custom of the insurance industry to stress fire prevention during the week of October 9th each year, in this time of national emergency, it is imperative that fire prevention be stressed every day and every minute of the day.

"This is vitally necessary from a patriotic viewpoint and the need for conserving our national resources," said Mr. Culver. "It is also of great importance to every manufacturer, merchant and property owner, that they take the utmost care and be constantly on the alert to prevent fire in their plants, stores and their homes because even though their insurance might give them dollars with which to buy, they still may be unable to replace that which is destroyed. The inability of a business not engaged in the production of essential war materials to get replacements of machinery or stock, could well result in the destruction of that business. Even though insurance might cover their present property, a destructive fire could still ruin them. The homeowner will find that he will not be able to replace many things destroyed and as well, find it difficult and more expensive to rebuild."

"I urge you," said Mr. Culver, "as insurance men charged with the responsibility of guarding the public against financial loss from fire and other catastrophes, to consider it your duty to impress this point upon every property owner, so that their increased vigilance will not only cut down our annual fire waste and conserve our resources for important defense production but also conceivably save them from serious financial loss."

Magnolia Company Spends Much Money In Brownfield

And while we are about it, let the Herald say that it as well as other citizens of the town are appreciative of the fact that Magnolia Petroleum Co. spend a bit more than \$22,000.00 monthly in Brownfield, and this does not include the payroll of employees.

When you begin to figure then what the employees spend you have a whale of a lot of money turned loose by one firm in our city, and if we just had a few more such payrolls we'd actually be "sitting pretty."

Let's all let them know that we appreciate the fact that they are part of us, and helping us boost Brownfield.

SANTA FE CARLOADINGS STILL ON HILL

The Santa Fe Railway System carloadings for the week ending June 28, 1941, were 27,386 compared with 23,422 for the same week in 1940. Received from connections were 7,852 compared with 5,279 for the same week in 1940. The total cars moved were 35,238 compared with 28,701 for the same week in 1940. The Santa Fe handled a total of 33,052 cars during the preceding week of this year.

Paul Jones and son visited his mother's Rising Star last week.

Do You Know Texas?

A reader of this newspaper can get the answer to any question of fact about Texas by writing A. Garland Adair, Curator of Patriotic Exhibits, Texas Memorial Museum, Austin, Texas.

Memorable Passage—"The people of Texas ought not let it be truthfully said that the people of the original thirteen States are better acquainted with the history of their own States than Texans are with Texas history, nor that the people of any State have a prouder or nobler heritage than that which belongs to Texans."—Ben B. Hunt in Knowledge and Patriotism in Texas.

Q. What is "A Cavalcade of Texas"?
A. It is a feature length picture in technicolor recording the historic and industrial highlights of Texas. It was produced under the supervision of Karl Hoblitzelle by James A. Fitzpatrick, famous "Voice of the Globe" travelog producer.

FREE FOR THE ASKING—"A Cavalcade of Texas" was shown to capacity audiences at both the New York World's Fair and the San Francisco Golden Gate Exposition during the 1940 season. Karl Hoblitzelle, Dallas theatre head and vice-chairman of the Texas World's Fair Commission, and Col. Paul Wakefield, executive secretary, have made the film and projection machine available to the public through the Texas Centennial of Statehood Commission. A letter to A. Garland Adair, Austin, will secure the picture for your community. Thanks to Mr. Hoblitzelle and Col. Wakefield, it is free.

Q. What is the latest bit of O. Henryana brought to light in the General Land Office?

A. Bascom Giles, Commissioner of the General Land Office where O. Henry (W. S. Porter) used to work as a draftsman, answers this question. A map of Burnet county drawn 33 years before O. Henry went to work in the land office bears a sketch of two fighting monkeys with the notation, "Porter vs. Herman." Commissioner Giles has definitely identified the lettering as O. Henry's and believes the sketch was also done by O. Henry, possibly when O. Henry and a fellow-draftsman had a disagreement over some detail of the map.

Editorial Thought:—"Sudden deaths and crippling injuries on our highdays are the concern of everyone of us."—James S. Kemper.

Q. Are wages paid an employee in Texas subject to garnishment for a debt?

A. No. Texas protects her labor from garnishment of hourly, daily, weekly, monthly, or yearly wages. Contract wages are subject to garnishment, however.

The Showwindow of the Southwest—The Texas Memorial Museum on the campus of the University of Texas and of which Dr. E. H. Sellards is the director has been frequently referred to since its opening in 1938 as the showwindow of history in the Southwest. Its pioneer hall, mission room, and memorial hall tell the patriotic story of Texas under six flags, while three other floors are devoted to natural history.

Now Clean False Teeth Get Rid of Stains

Blackest stains, tarnish, yellow tobacco discoloration disappear like magic. Just put your false teeth or bridge work in a glass of water and add a little Kleenite—the dentist's plate cleaner. No brushing necessary—it's economical. Get Kleenite at all druggists. Satisfaction or money back. Nelson-Primm Drug Co.

Becomes Dealer for

Pontiac 'Torpedo'

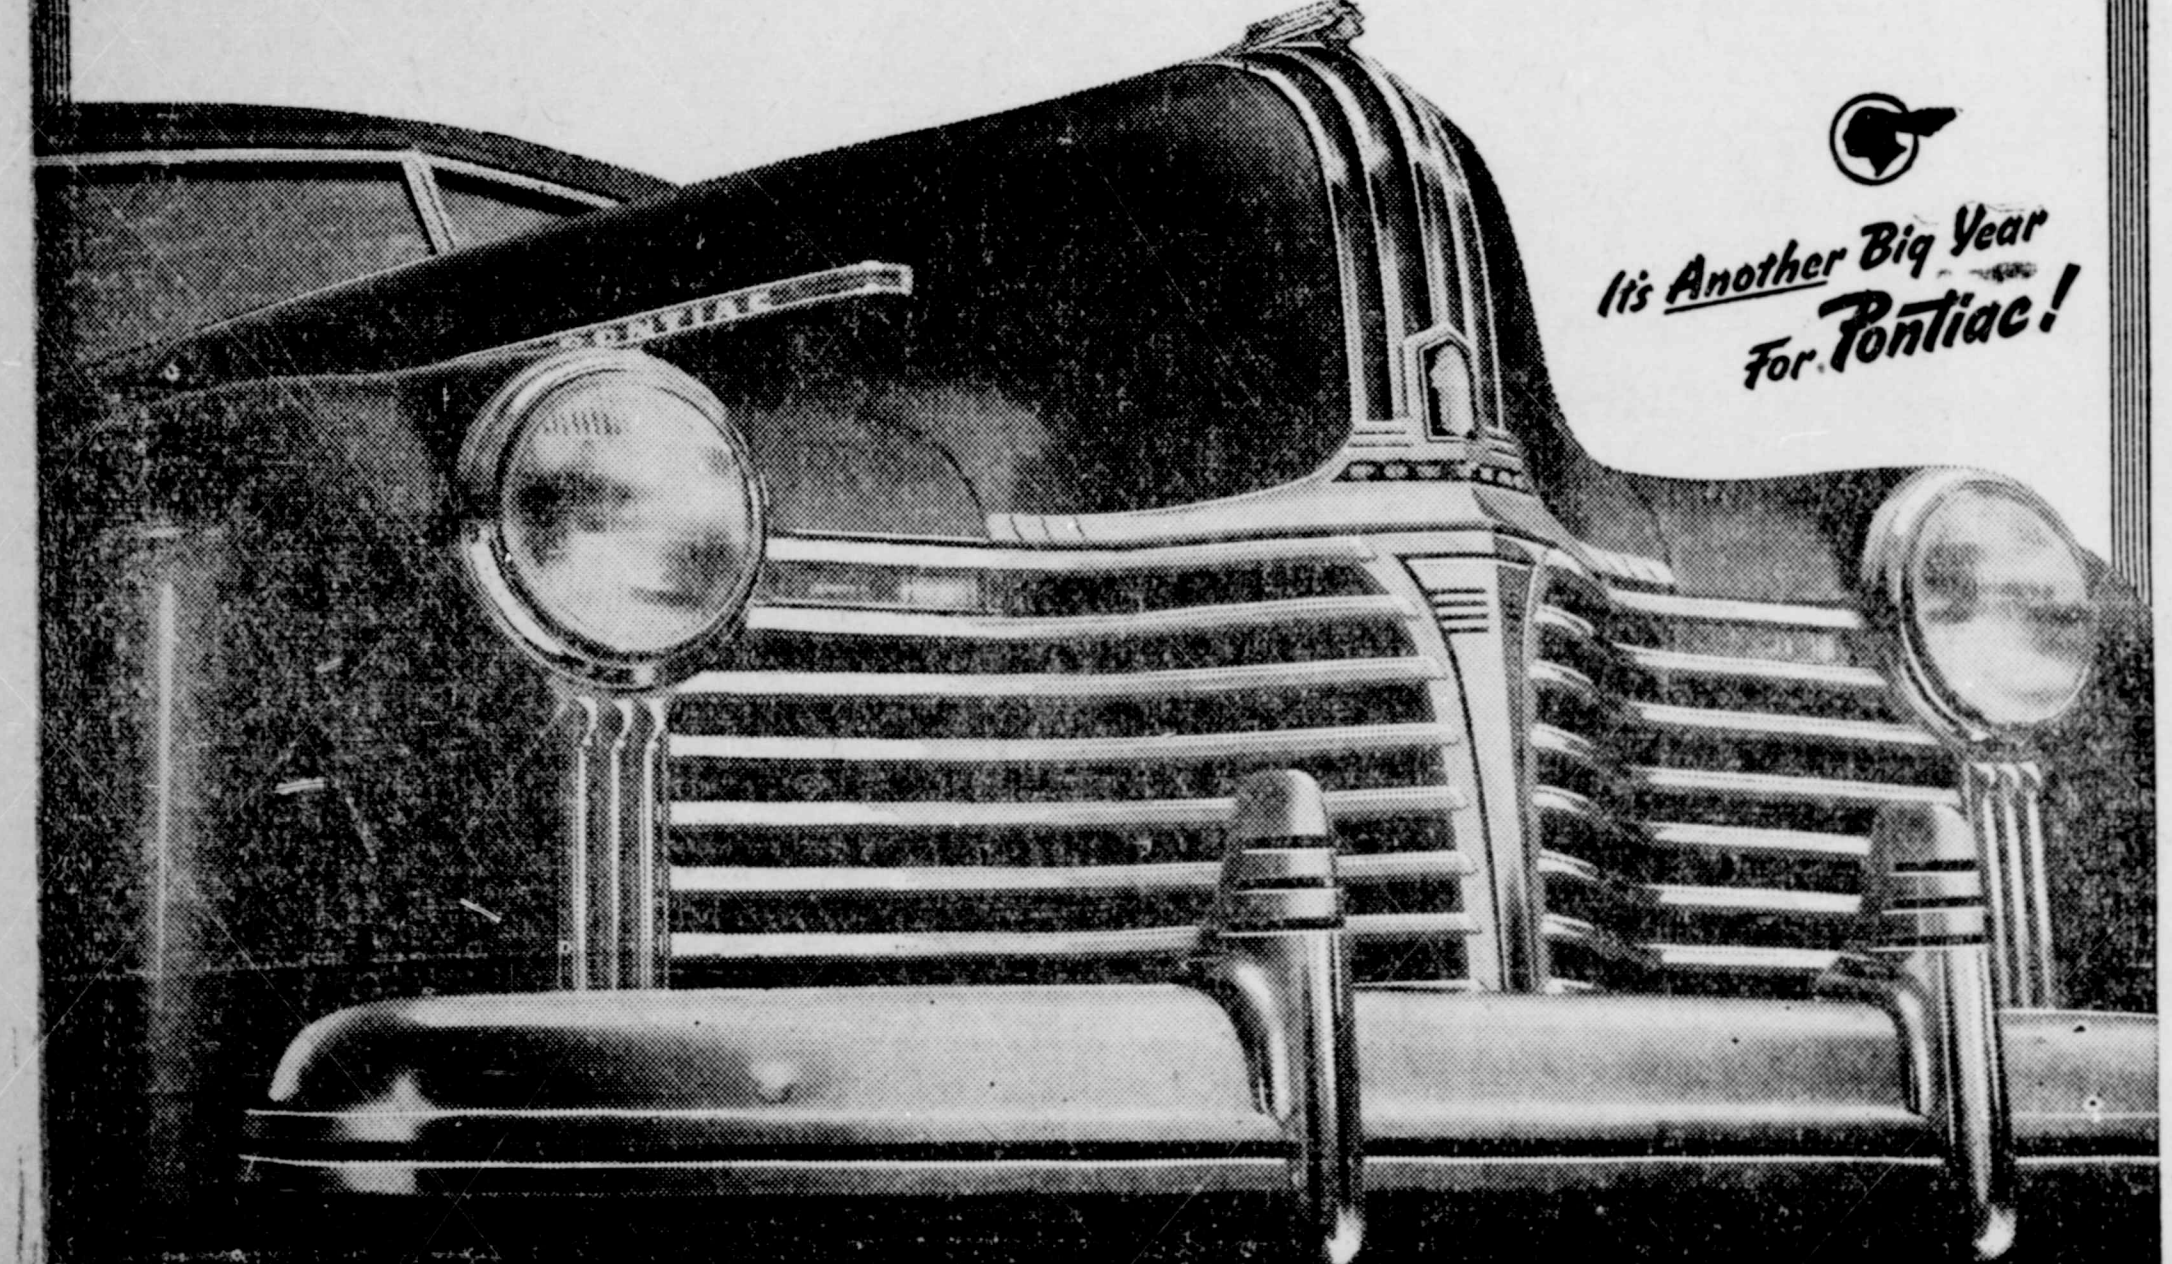

SIXES AND EIGHTS

WE ARE INDEED HAPPY to announce our appointment as dealer for Pontiac—builder of America's Finest Low-Priced Cars. We cordially invite you to come in and get acquainted . . . to inspect our modern facilities . . . to meet our expertly-trained staff . . . and to view the brilliant 1941 Pontiac "Torpedoes" on display.

This year, Pontiac offers three complete lines of "Torpedoes"—at prices that begin right down among the very lowest—and every one of the 13 beautiful models is available either as a Six or as an Eight. All offer even finer performance, easier

handling, greater dependability and greater riding comfort than the famous Pontiacs of the past—yet their gasoline and oil economy challenges that of even the smallest cars.

Why not call on us this evening—we'll be glad to see you . . . and, if you have time, we would like to have you drive one of these sensational Pontiac "Torpedoes." Then you'll realize why we chose Pontiac—and why you should choose this big, luxurious car that costs so little more than the lowest.

It's Another Big Year For Pontiac!

Terry County H. D. Council Meets

At the June meeting of the Terry County Home Demonstration Council there were 21 members present and 12 visitors. Two clubs in the county were not represented. The Willow Wells H. D. club has been organized this month with Mrs. Mack Weatherford, president, and Mrs. O. D. Kennedy, council delegate. The county plans to have full representation at Short Course July 13, 14 and 15 and will give a radio program at 1:45 p. m. July 14 over KFYO on "Food and Feed in National Defense." Only three ladies have been selected as possible delegates to the State H. D. Convention in Beaumont. They are: Mrs. G. C. Perry of Tokio, Mrs. L. M. Lang of Harmony and Mrs. Karl Griffith of Wellman. The Terry County 4-H club girls will present a style show in the District Court room, Saturday, August 2, at 2:30 p. m. and at that time the two girls who attend short course will give their reports. Everyone is invited.

Brings Speedy Comforting Relief to Tired, Aching, Burning Feet

This wonderful preparation now known all over America as Moone's Emerald Oil is so efficient in the treatment of common everyday foot troubles that the unbearable soreness and pain often stops with one application. Moone's Emerald Oil is safe and pleasant to use; it doesn't strain or leave a greasy residue. It is so powerfully deodorant that most unpleasant odors resulting from excessive foot perspiration are quickly killed. One bottle we know will show you beyond all question that you have at last discovered the way to solid foot comfort. Get an original bottle of Moone's Emerald Oil. Any druggist in the country will be glad to supply you.

LET US UP YOUR CAR

And They Won't Come Back!

This article was sent to the Soil Conservation offices by the Regional office at Amarillo in its educational program to bring traffic accidents to a minimum.

The following is a dramatic appeal to drivers made by Eddie Cantor at a National Safety Council Meeting:

In the homes of thousands of you folks tonight there's a little boy or girl you've just kissed and tucked away in bed—the most precious thing in the world to you—your baby.

Tomorrow night at least ten of those little children won't be there . . . won't be there for you to scrub their faces, and kiss them good night . . . won't be there ever again.

They'll start out for school tomorrow, or for the corner grocery, or for the other side of the street—and they won't come back.

They won't come back because someone driver like you and me—someone who had rather die than harm a helpless little kid—has killed them.

They won't come back because a person like you or me—someone with youngsters of his own, someone who ought to know better—forgot to be careful . . . forgot that when we are driving a car, we must not take chances!

They won't come back because you and I have refused to accept the responsibilities of our day and age. We have refused to take on the obligation of protecting those little kids.

How are we going to feel when we see that small form in front of us—a flying little figure that popped out from nowhere—when we hear the screech of the breaks . . . and feel a thump . . . and hurry back to find out that in the twinkling of an eye, we have killed somebody's baby?

Is it going to make us feel any better to say: "but it wasn't my fault! I didn't see him until it was too late!"

Is it going to make our grief less terrible to say: "He ran out from behind a parked car! I couldn't help it! I couldn't help it!"

My dear friend we CAN help it! We've got to help it!

If we can find, in this country of ours, brains brilliant enough to design automobiles that can go a mile-and-a-half-a minute, then we certainly can find enough common sense to teach us not to drive like maniacs.

We have no right—any of us—to expect those little children to share with us the responsibility of protecting their lives.

Of course we teach them safety. The National Safety Council and the school teachers and the safety patrols are doing a grand job of

HARMONY—

Mrs. M. J. McDermitt of Falls, Mrs. R. J. Hastings of Brownfield and Willie Adams of Sacramento Valley, Calif., visited in the home of Mr. and Mrs. L. Hobbs the past week.

Doc Billingsley spent Sunday with his aunt, Mrs. Hope Marchbanks.

Mr. and Mrs. George Murry, and Mr. and Mrs. R. W. Rambo spent Sunday in New Mexico.

The Garner family and Joe Merritt spent Sunday in the L. Hobbs home.

Maxine Hargrove spent Saturday night with Ruth Hobbs.

Mr. and Mrs. Walter Hogue visited Mr. and Mrs. C. G. Garrett Sunday evening.

instilling the principles of safety into every boy and girl.

And the boys and girls are doing their part.

But, after all, they're kids! They get excited, they forget! No power has ever been discovered or ever will be discovered to make a pair of flying little feet stop at the curb when a baseball is rolling across the street and a guy is tearing around the bases for a home run.

No sir. No Ma'am—it's up to us—us grown-ups—to do most of the thinking in this traffic problem. It's part of our job as adults to take over the responsibility of saving human lives on the streets. For we are killing off the citizens of tomorrow with the carelessness of today.

We've got to get into the habit of expecting to see a child come popping out of nowhere into the path of our car—just as we expect daylight, or darkness. For sooner or later it's bound to come.

And don't give me that old argument about how much liability insurance you carry. No insurance company in the world has a policy which guarantees peace of mind to a careless driver who kills a helpless child.

In Washington tonight the National Safety Council is presenting awards to states and cities which have proved that traffic accidents can be stopped; that lives can be saved; that this slaughter of the highway doesn't have to go on.

At this award dinner are governors and mayors and senators and some of the biggest business and professional men in the country. These are busy, important people. But they weren't too big or too busy or too important to drop whatever they were doing and go to this dinner to learn more about how to save human lives in traffic.

My hat's off to them. If busy people like these can give their time to safety, you and I can, too.

Remember, these kids are our kids—yours and mine. They're the most precious things we've got. Let's keep them! Let's do our part! Let's remember that the green light means "go"—not "Go like the devil."

Let's remember that when we "step on it," we may be stepping on every hope and dream and prayer that some mother had for her little boy or girl.

Peaches should be thinned to a spacing of six inches apart on the tree if they are to have an opportunity to grow large and juicy.

"MY 5 CHILDREN

and I use ADLERIKA when needed; have kept it on hand for 20 years." (C.C.-Mass.) ADLERIKA with its 3 laxative and 5 carminative ingredients is just right for gas and lazy bowels. Get ADLERIKA today—Nelson-Primm Drug Co., Alexander Drug Co., Inc and Palace Drug Store.

HANCOCK'S CAFE

AIR-CONDITIONED

ON HIGHWAY 51

Service Men Great Drinkers of Coffee

Washington, July 1 — Uncle Sam's military and naval men are heavy drinkers—of coffee.

An inquiring reporter once made a check at the Commerce, War and Navy Departments and discovered that three times as much coffee is consumed per capita by service men—soldiers, sailors and marines—as by civilians.

His inquiry also showed that bluejackets and marines who serve at sea consume an average of 36 pounds of coffee a year, or about two pounds more than that consumed by soldiers.

Coffee, or "Java" as it is usually called in the Navy and Marine Corps, has always been a popular beverage and has been gaining in popularity ever since the last grog ration disappeared from aboard ship in 1862.

All alcoholic beverages were banished from wardrooms of the Navy before the first World War, and even then coffee was the preferred drink of a large part of

the naval personnel. It is always available and is served to men before and after "watches."

Marine Corps orders direct that, under certain travel conditions, a marine will be allowed one pint of coffee per meal. When officers aboard ship get together to discuss news from home and incidents of ship life, the by-word is: "Let's have a cup of coffee."

\$100,000 YAM PLANT

After several months of negotiation, Texas Chemurgic Industries, Inc., of Dallas, announces that its first sweet potato dehydration unit and flour mill will be built in Bowie, (Montague county), with an estimated investment of \$100,000. The plant, to occupy a five-acre site and a brick building of 19,000 square feet, is expected to be in operation by next August.

SHE TEACHES MEN TO FLY

Pretty Florine Miller is doing her share in the United States defense program by teaching the menfolks how to fly. The 20-year-old former Baylor University stu-

dent is ground instructor at Odessa in the CAA-approved advanced flying school where her students are engineers, physicians, drilling contractors, geologists, and a lawyer.

STOCKS OF WHEAT AT TEXAS MILLS

Stocks of wheat in Texas interior mills, elevators and warehouses on April 1 were estimated by the Agricultural Marketing Service at 9,125,000 bushels, by far the largest April 1 stocks since estimates were begun in 1931. Stocks a year ago were 4,650,000 bushels, largest to that date.

Texas again leads all States in cattle population, according to U. S. Census. Leading States, in order of cattle population were: Texas, 6,281,537; Iowa, 4,213,010; Wisconsin, 3,236,686; Minnesota, 2,090,394; Nebraska, 2,507,571; Missouri, 2,471,024; Illinois, 2,455,381; Oklahoma, 2,194,647; and California, 2,056,239.

KIDNEY STAGNATION IS WORSE THAN CONSTIPATION!

Because We Treat Constipation at The Onset, While We Neglect Our Kidneys Indefinitely

No other organ in your body is so important as your kidneys. For in your kidneys there are nine million tubes which must work day and night to filter the fluids and keep the system free from wastes, acids, poisons which, if permitted to remain, may cause serious kidney and bladder troubles.

It is no wonder that that famous kidney specialist, Dr. J. C. KIDANS, has found that many cases of kidney trouble are due to functional kidney stagnation, which aids Nature to flush out the kidneys, to filter all wastes, to prevent kidney stagnation.

KIDANS is safe and reliable. Thousands report entire satisfaction. Taken according to directions, KIDANS will give splendid results. Try KIDANS. Buy it at Special Price Offer on two boxes. Use one box. If not satisfied, return unopened box and GET YOUR MONEY BACK.

If your local druggist cannot supply you, send \$1.00 to The Kidans Company, Atlanta, Georgia, for two full-size boxes on a money-back guarantee.

POOL

Rev. A. L. Hicks of Meadow preached for us Sunday morning and Sunday night. Rev. Hicks is former pastor of the Pool Baptist Church.

Mr. and Mrs. Nevilles and family of Levelland spent the weekend with Mrs. Neville's parents, Mr. and Mrs. J. H. Ticer.

Mrs. J. P. Rowe has gone to California for her health and to visit her sons and families there, Mr. and Mrs. Clint Rowe and Mr. and Mrs. Freeman Rowe.

Foy Gunter has returned home. Dorothy Dean Newsom visited Juanita Dunn Sunday.

Billie Rowe spent the weekend with his parents, Mr. and Mrs. J. P. Rowe.

Victor Trussell is at home after visiting his grandparents, Mr. and Mrs. J. M. Trussell, Sr. of Fort Worth. He also visited the Aldridge families at Poolville, Texas.

Mr. and Mrs. Leroy Fincher and son have gone to Hot Springs, New Mexico for treatment of Mr. Fincher's health.

Mrs. Mamie Barnett and Miss Inez Smith of Comanche, Okla., have been visiting Mrs. Barnett's

brother and family, Mr. and Mrs. Homer Dunn.

Mr. and Mrs. J. M. Trussell attended Conference at Lahey Sunday.

Mr. and Mrs. D. L. Massey of Meadow spent Sunday with Mrs. Massey's brother and family, Mr. and Mrs. Richland Meil.

Sadie Merle Shults has been visiting her cousin, Lucille Hudson in the Gomez community.

Victor, Curtis and Leola Trussell and the Jack Brown family spent the week end visiting Mr. and Mrs. James Trussell and sons of Lubbock.

Mrs. A. L. Waters and Mary went to Lubbock Sunday to bring home Melva Jo, who has been visiting her grandmother Akins the past two weeks.

Mrs. H. H. Harben is spending a few weeks with her mother in Oklahoma. Mrs. Harben went there for her health.

Edna Redding visited her sister and family, Mr. and Mrs. Otis Aldridge and son, of Poolville, the past week.

The time for the Baptist Revival has been set to begin Friday night, August 15. Rev. A. L. Hicks will have charge of the meeting.

WORLD'S GREATEST BATTLE DESCRIBED AT FIRST CHRISTIAN CHURCH

What is the Greatest Battle Ever Fought? That will be the subject discussed next Sunday evening by J. A. Dennis at the First Christian Church of Brownfield. Come and enjoy some old time singing and hear the preacher and his trombone.

Sunday morning the sermon will be "The Devil's Joke." At 10:00 A. M. the Sunday School will convene with classes for all ages. Mrs. Jack Hamilton will conduct the opening devotional.

You need Jesus in your daily life. If you are not attending some other church we welcome you to worship with us. God's word has the solution for every problem. We believe the Book and preach it without apology.

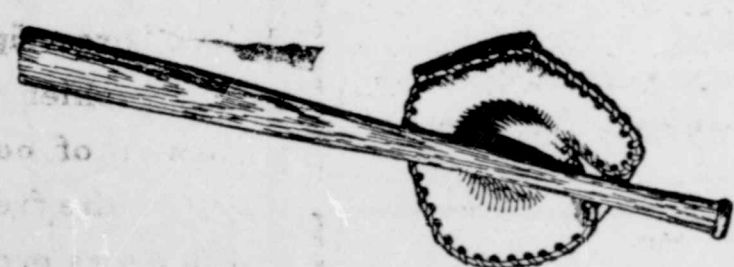

Mr. and Mrs. M. C. Butler and children of Lubbock visited her mother, Mrs. S. A. Sheppard, Monday.

THE SPIRIT OF 1776 1941

MARCHES ON

There was a need for unity in the hard-fought years of 1776 to 1789. There is a need for unity now. Just as then, every American is in service to his country: the man who serves on land or sea, in uniform; the man who keeps faith in business, the worker who produces the goods so vital to the successful fulfillment of our present task. Now, as then, the spirit of the people united marches on...

MISS WINONA PRICE TO MARRY DURWOOD MOORHEAD SUNDAY

Ceremony To Take Place In Bride's Home In Estelline

The marriage of Miss Winona Price, daughter of Mr. and Mrs. L. H. Price, of Estelline to Durwood Moorhead, son of Mr. and Mrs. R. M. Moorhead, of Brownfield will take place at sunrise Sunday in the home of the Mr. and Mrs. Price in Estelline.

The pastor of the Church of Christ of Memphis will officiate. The bride will be given in marriage by her father. Her sister, Miss Melba Price, will be the maid of honor. Tommy Moorhead, brother of the bride-groom, will be Moorhead's only attendant.

Miss Price will be a senior in Texas Technological college next year. She is majoring in home economics. Moorhead was graduated from Texas Technological college in 1941 with a Bachelor of Business Administration. He was a member of the B. B. A. club.

Out-of-town guests include Mr. and Mrs. Tommy Moorhead and James Halsey and F. C. Conwell of Lubbock.

The couple will leave following the ceremony for a trip to the Grand Canyon. They will make their home in Brownfield.

Moorhead is employed with the local postoffice.

Local Presbyterians Win Loving Cup

Brownfield Intermediate Presbyterians won high honors at the Intermediate conference held in Buffalo Gap this month, winning a loving cup.

Judges were the dean and faculty of the conference. The award was based on the greatest effort put forth by the individual towns represented. The Brownfield group came the greatest distance for the conference.

"Pioneers of the Bible" was the topic for study with the theme being "Thy Kingdom Come."

Fifty-eight delegates attended the annual conference.

Local girls attending the conference were Ima Gertrude Akers, Joan Alexander, Marie McLeroy and Loie Goldston. Mrs. Fred A. Walker attended as sponsor.

EASTERN STAR MEETS JULY 1ST

O. E. S. No. 785 met at a regular meeting July 1, with Worthy Matron Ida Bruton, presiding. Mattie Lou Graves was installed as Ada. Jesse G. Randal acted as installing officer, with Ona Gore as installing chaplain and Thelma Peacock installing marshal.

The hostesses, Viola Barrett, Eva McKinney and Ona Goin, served cookies, macaroons and bottle drinks to 23 members who were present.

ETHELDA MAY GIVES BRIDGE BREAKFAST

Miss Ethelda May was hostess to the members of the H. and H. club at a bridge breakfast Wednesday morning.

A darning case was presented to the high scorer.

Guests were Miss Queenelle Sawyer, Mrs. Roy Parnell, Mrs. Tom Neeley, Mrs. Bill Anderson, Miss Earlene Jones, Miss Evelyn Jones, Miss Betty Shelton, Miss Vondee Lewis, Miss Mary Louise Ballard, Miss Alma Faye Ballard, Miss Jane Brownfield and Mrs. John Kendrick.

Local Young People Organize In Tahoka

Fifty-one young people, members of the W. M. U. organizations of the First Baptist church, went to Tahoka Monday night to assist in the organization of a district associational young people's council.

Miss Jimmie Green of Brownfield was elected as pianist for the group.

Sunbeams attending were Synona Tipton, Odessa Huckabee, Billie Eubanks, Nelda Brown and their sponsor, Mrs. L. O. Greenfield.

Members of the Junior Girls Auxiliary present were Peggy Nelson, Ganelle Newman, Norma Newman, Vivian Eubank, Frances Patterson, Mary Ann Marlin, Barbara Jean Benton, Phola Jean Browder, Janet Davis, Cheesy McSpadden, Rhea Rita Mullins and Pauline Mullins.

Royal Ambassadors present were Marion Cargill, Leroy Patterson, Mac Keith, Kenneth Daniels, Mac Ross, Vivian Roe, Carroll Heath, Earnest Lee Huckabee and the sponsor, J. S. Tipton.

Members of the Intermediate Girls Auxiliary going to Tahoka were Gladys Lafayette Green, Margaret Howell, Glenna Fay Ross, Nita Jean Worsham, Mildred Eubanks, Barbara Taylor, Lottie Merle Howard, Dessie Mae Johnson, Fannie Ruth Vernon, Janelle Turner, Tommie Eubank, and Mrs. D. L. Patton.

Girls in the Y. W. A. present were Miss Green, Terry Lou Moorhead, Louise Heath, Louise Mason, Frankie Powers and Lois Chambliss.

The mother accompanying the young people were Mrs. Henry Newman, Mrs. J. W. Nelson, Mrs. C. E. Ross, Mrs. F. D. Roe, and Mrs. C. A. Howard.

JOE BROWN GIVEN BIRTHDAY PARTY

Joe Brown was entertained Monday afternoon on his seventh birthday with a party by his mother.

Neighborhood children present were Doyle and Betty Chriswell, Jerry Richman and cousin, Eddie Mac and Kay Frances Brown, Bobby Latham and Roscoe Treadaway.

JANIE HOLDEN HONORED BY MRS. STRICKLIN

Miss Janie Holden of Hgily, Ariz., was honoree at a party given Wednesday afternoon by Mrs. A. J. Stricklin. Miss Holden is a niece of Mrs. Stricklin.

Guests were Frances Jane Wier, Foncenc Kessinger, Janet Davis, Eleanor Miller, Janie Mason, Jean Craig, and Patsy Ann Crow of Seagraves.

Woodmen Celebrate Golden Anniversary

President De Emmitt Bradshaw was one of several important speakers at the recent National Institute and 50th Anniversary celebration of the Supreme Forest Woodmen Circle held in Omaha, Nebr., June 22 to 26. More than 3,000 members and officials of W. C. attended the gathering in Omaha, which included nine regional conventions and a national convention of Tau Phi Lambda, the organization's sorority for young women.

More than 1500 uniformed drill team members, band and drum bugle corps marched through downtown Omaha in colorful parade to open the week-long celebration. All drill teams wore white satin uniforms, military style, either gold or gold trimmed. Capes or jackets all were given a gold cap and also a swager stick with a gold head and a penant with gold and white letters, "Woodmen Circle."

Brownfield was grouped with the other Texas women which were known as the Lone Star Region. The parade was about a mile long. The Texas women in the pageant were dressed in blue bonnet evening gowns, colors to represent their state flower and each carried a bouquet of yellow roses in the pageant, carrying out the Golden Anniversary scheme. A spectacular pageant depicting the Woodmen Circle's 50 years of service was held at the city auditorium with 20 elderly women dressed as they did 50 years ago.

Brownfield was proud to have one of their women to be initiated into the lodge at Omaha, who was Mrs. Ann Bates. She will now be a member at Brownfield. All members were honored with two breakfasts, a luncheon at various hotels.

The climax of the celebration was a gigantic banquet attended by 2500 persons and held in the city auditorium, which was the only downtown hall that would accommodate so many people. Mrs. Dora Alexander, Talley president of Woodmen Circle, called the celebration the greatest meeting of its kind ever held in Omaha.

Brownfield women made a visit to Boys Town and also crossed the Ak-Sar-Ben Bridge between Omaha and Council Bluffs, Iowa, and other noted places. On return trip Mr. and Mrs. Wayne Brown, Mr. and Mrs. Cleve Hogue, Mrs. Mary Howell went by way of Missouri, Iowa, and Oklahoma and visited the Will Rogers memorial at Claremore, Okla. Mr. and Mrs. Charlie Moore, Mrs. Maggie Bradshaw, Mrs. Wayne Mullins, Mrs. Mollie Pierce, and Mrs. Pearl Edwards routed through Colorado and New Mexico, stopping at Lincoln, Nebr. to go through the capitol. Also the capitol of Colorado in Denver, and then on to Pikes Peak and through the Garden of the Gods. The others of the party returned by bus who were Mrs. Jim Jackson, Mrs. Jess Smith, Mrs.

BETTE DAVIS PLAYS MODERN YOUNG GIRL IN 'THE GREAT LIE'

For the first time in more than two years, Bette Davis looks her real age in a picture.

It's a far more youthful appearing Bette than the star of "Elizabeth and Essex," "The Old Maid," "All This and Heaven Too" and even "The Letter" who's currently delighting Rialto audiences in her new picture, "The Great Lie." In returning to the role of a young American girl for the first time since "Dark Victory," Miss Davis has shed years along with her period gowns and character make-ups.

"I'm sure," she said between opening scenes of the new picture, "the change is good for me. When I was back in New England on my vacation, people seemed surprised when they met me.

"Why you're young," they'd say. "I guess they had seen me in so many older characterizations they'd begun to class me somewhere between an old maid aunt and a youngish grandmother."

When the same persons see her in "The Great Lie," they'll see the young, lovely girl they met in real life.

BAPTIST CHURCH NEWS

Sunday after an election always shows people do not have their minds on worshipping, however, with 340 registering for the Bible study period and many others attending the preaching service was not a bad showing and with the election over a much better record should be made next Sunday. Next Sunday is your last opportunity to get your offering for the building fund note which matures next Monday so please mark your envelope "Building Fund" and thus show your interest in taking care of this obligation which matures twice yearly and cooperation is all we need as our people have the money if they will give as they are able and not leave it all to others.

Boys should go to the Boys Camp at Ceta Glen next Monday until Wednesday and girls should go Thursday to Saturday. This is a beautiful camp ground with water for swimming, shade and a program for amusement as well as

for study where our boys and girls will meet other groups from all over the Plains under proper restrictions and your young people will greatly enjoy the outing. See the pastor for details.

Young people requested a study of Revelation and it is being held Tuesday evenings, the pastor leading, and if others desire to attend they will be welcome, as this greatly misunderstood book is given consideration.

The choir, led by Mr. Horn, meets Friday evening for practice with the orchestra and it is necessary for them to get practice together and the leader needs your cooperation.

The people themselves must take an active part in church activities and cooperate, and too long already have the membership looked to the pastor alone for success in church work and the preaching is the most important element but without the cooperation of the membership the church will not be successful. Put something into your church of yourself and it will mean more to you. Visitors welcome always.

Clifford B. Horn is visiting his parents this week.

INTRODUCING NEW THRIFT IDEAS

Sturdy cotton cloth used in sugar, flour, meal and other bags provides excellent material for making a hundred and one useful articles, from dresses and smocks to slip covers and rugs. This newspaper today offers the first of a series of household hints, "Saving Money with Cotton Bags," which present practical, money-saving ideas for making things for the home out of the bags you bring from the grocery store.

FEDERATED MISSIONARY SOCIETY MEETS WITH METHODIST WOMEN

MRS. MON TELFORD IS HIGH SCORER

Mrs. Mon Telford was high scorer at a meeting of the Kolonial Kard Klub in the home of Mrs. B. L. Lane Tuesday afternoon. She was presented with a set of pillow cases.

Second high for the afternoon was Mrs. L. M. Wingerd.

Women present were Mrs. C. T. Edwards, Mrs. Wingerd, Mrs. Telford, Mrs. Black, Mrs. A. J. Stricklin, Mrs. Money Price, Mrs. A. A. Sawyer, Mrs. Jack Davis, Mrs. Herman Heath, Mrs. L. Nicholson, and Mrs. T. L. Treadaway.

Croquet Tournament To Be Held Next Week at Playground

Plans for a croquet tournament are under way for next week, Mrs. Virgil Keyes, director of the playground school, announced early this week.

The tournament will be open to all school age children attending the playground school.

Mary Wanda Whitney and Monie Ray Puryear won the attendance award for last week, winning tickets to the picture show. Attendance averaged 58.

Climaxing the week's work the girls presented two plays at the program Friday afternoon.

Characters in "Just a Love Nest" were Sue Gambin, Hazel Vernon and Sonya Henry. In "In the Best of Families" Billie Faye Finney and Norma Cary played the parts.

In the playground school the children are taught how to play, Mrs. Keyes explained. Tumbling, soft ball, croquet, checkers, woodwork, horse shoes and dramatics are taught. They meet from 9 to 11 a. m. and from 2 to 4 p. m. five days a week.

Mrs. Fred A. Walker Presides; Mrs. Flache Is Main Speaker

Members of the Women's Missionary Society of the First Methodist church were hostesses to the Federated Missionary Society at a meeting Monday afternoon in the First Presbyterian church.

Mrs. Fred A. Walker presided in the absence of the president.

The program opened with a song, "Jesus Calls Us." Mrs. Walker played the accompaniment. Mrs. G. R. Arnett led the opening prayer.

Mrs. Hanks gave the devotional. The Intermediate girls of the First Presbyterian church sang "Ivory Palaces." These girls were Ima Gertrude Akers, Christova Akers, Frances Jane Wier, Eleanor Miller, Millie McLeroy, and Foncenc Kessinger.

Mrs. Mitchell Flache gave a discussion on "Youth on the Highway." Mrs. Carpenter gave the closing prayer.

Thirty-one women were present.

ACE-HIGH CLUB MEETS WITH MRS. NICHOLSON

Mrs. L. Nicholson entertained the members of the Ace-High bridge club Friday in her home.

Mrs. Ned Self placed high and was presented with pottery. Second high was Mrs. Mike Barrett and low scorer, was Mrs. L. M. Wingerd.

Members present were Mrs. Ray Christopher, Mrs. Garret Daugherty, Mrs. R. M. Kendrick, Mrs. R. B. Parish, Mrs. Ned Self, Mrs. A. A. Sawyer, Mrs. Mon Telford, Mrs. John R. Turner, Mrs. Wingerd and the hostess.

Guests were Mrs. R. L. Bowers, Mrs. McBride, Mrs. Jack Davis, Mrs. Myers, Mrs. Ray Burk, Mrs. Bill Lane and Mrs. Barrett.

INDIAN AFFAIRS

I asked Mr. John Collier, of the office of Indian affairs, to come in to tell me something about the Navajo situation.

It appears that the land on the reservation, in 81 years, has completely changed because of overgrazing. What was once meadow land with plenty of water and beautiful grass, is now practically desert. The wooded slopes have disappeared, floods wash away the top soil and the grass no longer exists. It is quite evident that, in order to bring it back, there must be a drastic curtailment of cattle wild horses, goats and sheep.

This means that a people, whose average cash income is only about \$120 a year, must either go on relief, which they want at all costs to avoid, or starve to death. The only other solution seems to be the possibility of carrying through an irrigation project which will allow them to irrigate enough land so they can raise crops to feed their cattle at certain times, and also to grow some cash crop if the difficulty of transportation can be overcome.

The decision on the irrigation is, of course, up to congress. At the present time, I can quite understand the argument against putting money into anything which can be set aside to be done when the defense period is over. Still, if congress decides that this is necessary, it seems to me that they have a joint responsibility with the office of Indian affairs to devise some means by which these naturally independent American citizens can earn their living and not feel dependent upon the government for a chance merely to survive.

AMUSING LUNCH

We had an amusing lunch one day. Dr. Floyd Reeves and Mr. Mark McCloskey were our only guests. We sat on the south portico looking across the White House lawn to the Jefferson Memorial. In passing, I should like to say that I hope in time the gleaming white dome of that memorial will weather to a little softer color.

At a little before six o'clock, Prince Bernhard and Princess Juliana arrived. He is as friendly and simple as she proved to be when she came on her first visit. I met them on the front portico and took them up to the President's study, where the President was waiting for them.

We had a small dinner and movie in the evening. The President had given me strict instructions that I was not to put over anything educational on them, that it was to be an evening of entertainment! In other words, he did not want me to use the occasion to show any of the government films. Therefore, our dinner guests are none the wiser as to our farm security program, our soil conservation work, the CCC, or any of the things which they might otherwise have seen!

When our dinner guests had left, the President sat and talked to our two young royal guests on European conditions until late in the night.

It was a joyful surprise just before dinner to get word from Bolling field that Elliott had flown in from one of our outpost camps now being built. He telephoned his wife and made the distressing discovery that his small son had had an accident to his eye.

Elliott told me something about this camp on which these regular army boys are working 18 hours a day to transform it into an airfield. The weather has been very trying and the boys who came up from Miami are finding it very difficult to adjust to it. Even letters take a long while to get there. Elliott says it is easy to think you have been forgotten by your family and friends as well as your government.

TO NEW ENGLAND

We spent one night in cabins just beyond Portsmouth, N. H., by-pass. Several detours, roads in the process of being mended, heavy traffic in and around Boston, and occasional showers of rain, made our trip really longer than it should have been.

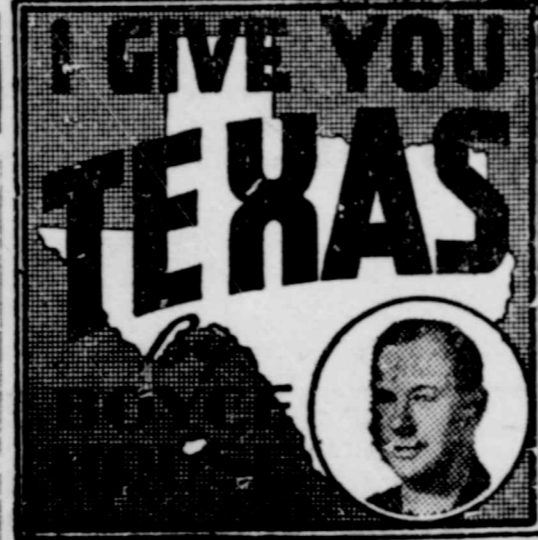

It is a lovely drive though, along winding Connecticut roads with many glimpses of small lakes and running brooks. Finally, when we were nearing Newburyport, I had my first good smell of the sea, which is always exhilarating.

I thought we would spend the night in Portsmouth at the old Rockingham hotel. My first surprise, however, was to find myself on the by-pass, which I do not remember having seen before. It is a good many years since I have taken this drive and it may not have been in existence when I came up last.

In any case, I missed the first road into Portsmouth, and then was lost after turning off further on. I finally reached the hotel, only to find that they had no room. They directed us elsewhere, but we decided to go on a little further and look for some attractive cabins.

As a matter of fact, I think I could almost have reached Portland, Maine, in the time I wandered around the outskirts of Portsmouth. But these little mistakes are all "luck of the road" and, if you like occasionally to wander, you must count on making mistakes.

G. W. Henson spent Sunday in Roswell at the rodeo.

Writing a "column" is no picnic.

If you print jokes, folks say you are silly; if you don't, they say you are too serious. If you stay in the office, you ought to be out rustling news; if you get out, you are not attending to business in the office. If you wear old clothes, you are broke; if you wear new clothes, they are not paid for. What in thunder is a poor columnist to do, anyhow? Like as not, someone will say I swiped this from some paper. I did.

The recent reunion of Texas veterans of the Spanish War brings to mind a speech made at such a gathering by eloquent Ralph Yarborough of Austin:

I am proud to be privileged to meet here today with Americans who marched under Fitzhugh Lee and Fighting Joe Wheeler in Cuba; who conquered Porto Rico under General Nelson Miles; who captured Manila with General Merritt; who charged with Colonel Leonard Wood and Colonel Theodore Roosevelt and their Rough Riders at San Juan Hill; who sailed with Dewey at Manila, and with Schley and Sampson at Santiago; and with Captain Philip on the Battleship Texas when he humely said, "Don't cheer, boys; the poor devils are dying." You served with Lieutenant Rowan,

who carried the message to Garcia; and you heard the explosion of torpedoes when Hobson sank the Merrimac. Truly, you remembered the Maine!

No mere Summer patriots or sunshine soldiers could have endured the hardships. You fought with black powder, impure food, antiquated guns and poor equipment. The heaviest death rate an American army has ever had in any war was your sacrifice.

You marched through the streets of cholera-ridden Philippine towns and struggled through yellow fever-infested Cuban swamps more deadly than bullets from Spanish guns, but the abolition of yellow fever and the control of cholera are part of your contribution to American civilization.

You took the oppressor's hand from the "Children of the Sea" and gave them the beneficent protection of the only great nation in the world that lives under a written constitution. When you placed the flag on an island's fortress, you nailed the Bill of Rights in that island's courthouse.

By the Oregon's 17,000-mile voyage from San Francisco to Key West through the storm-tossed Strait of Magellan, you dramatized a dream and made the Panama Canal a reality.

Your devotion and bravery gave to this nation Porto Rico, Guam, the Philippines, Hawaii and many smaller islands in many seas. The property value of these islands has been placed at eight billion dollars. But the worth of the property that you won is incalculable in today's world. You gave the American Navy resting places in the two great oceans. Your islands are America's life belt. They protect the Panama Canal; they guard the cross-roads of the Pacific. Without these fruits of your victories, Japan would be at our doorstep. With your victories,

we have Japan on a leash.

You had the vision to secure islands suitable for air bases before the airplane was invented. Had these islands remained Spanish property, they would today be under control of the Axis Powers and would be a Damoclean sword over our national destiny.

You volunteered not alone for the struggle but for all time. You never retreated in battle; you will naturally oppose any retreat by the American flag today. Where your valor planted the flag, it must remain. There shall be no Munich of the Monroe Doctrine. International free-booters who attempt to plow the Spanish Main with ships of terror and hate will find the spirit of Dewey and Schley and Sampson on guard.

50% of Farm Products Moved to Town by Car

More than 50 per cent of the United States agricultural production would never get to market without motor transportation, D. U. Bathrick, general salesmanager of Pontiac Motor Division, declares.

Bathrick bases his conclusion on records made available by the U. S. Department of Agriculture which show that 27 per cent of the butter, 39 per cent of the eggs, 65 per cent of the poultry, 40 per cent of the fruit and vegetables, 62 per cent of the cattle, 61 per cent of the calves, 62 per cent of the hogs, 29 per cent of the sheep and lambs are moved from farm to market by

Do Plate Sores Bother You?

Do your gums itch, burn or cause you discomfort, druggists will return your money if the first bottle of "LETO'S" fail to satisfy. Nelson-Primm Drug Company

motor vehicle.

In addition, Bathrick reports, farmers own more than a million trucks—one fourth of the country's total—in addition to the passenger cars they own and operate.

BANS WOMEN IN SHORTS

Camp Bowie, Brownwood, official orders read: "The practice of female members of families in this command of wearing shorts and halter tops within the limits of

Camp Bowie is forbidden. All officers and enlisted men will take the necessary steps to see that this order is complied with by members of their families."

Governor W. Lee O'Daniel's signature converted into law a bill outlawing use of the bat, a form of whip, in the State's Prison System. The measure making use of the instrument a misdemeanor, was finally passed by the Legislature.

NEW OIL BEATS
five other big-name brands in
TORTURE-TEST
Endures Sizzling Death Valley heat for
13,398 MILES ON ONE 5-QUART FILL

BAD WATER
279.6 FEET
BELOW SEA LEVEL
LOWEST POINT IN THE
WESTERN HEMISPHERE

IMPARTIAL
Latest available products of 5 leading competitors bought retail by Referee.
New everyday coupes used. Same make and model. Broken-in alike. Engines taken apart for Referee—to assure uniformity.
Cars tuned alike. Same route for all. Drivers rotated to even up on skill.
One fill per car. Never any added. Engines under lock.

Engines were under lock every mile. Cars were under scrutiny every minute. Never a drop of oil could be added.

How this Certified Record can spell new Oil-Savings—new Engine Safety—for You

You get the oil that outlasted 5 other highly reputed brands by 74% to 161% in Certified Competition, when you change to this proved-in-advance new oil named

CONOCO Nth MOTOR OIL
—Popular-Priced

Your own engine can be fortified by new Conoco Nth motor oil right today, at Your Mileage Merchant's Conoco station. But before going on sale this new oil proved that a regular 5-quart fill could establish startling extremes of endurance, engine protection and miser-engine.

Fantastic Death Valley brings Your Evidence

Death Valley seems to shimmy—like heat at your furnace door. And down on this desert impartial observers watched 6 identical stock cars, at 57-mile speed, torture-testing 6 quality oils, including new Conoco Nth oil. No let-up, day on day, till each oil gave out and junked its engine.

Even the best competitive oil in the test was outlasted 5,663 miles by Conoco Nth oil. And one "rival" was

outlasted all of 8,268 miles by new Conoco Nth oil. Certified.

All this New Economy how?

America has long known Conoco best for making it possible to give any engine OIL-PLATING . . . lubricant that can't all quickly drain down, but must stay PLATED UP—alert against wear in advance—not waiting till oil-flow starts. OIL-PLATING comes from a rare synthetic . . . man-made under the Conoco Germ Processed oil patent. And Conoco Nth motor oil still brings OIL-PLATING—but not only that! . . .

In addition this new oil brings Conoco's latest synthetic—Thialkene inhibitor. It inhibits—controls—the effect of foul "leitovers" produced by every engine's normal firing. Otherwise uncontrolled oil spoilage could easily start. In oils that let this spoilage start, it spreads like a rumor—gets worse, faster and faster. But now that's nipped in the bud by Thialkene inhibitor, in new Conoco Nth oil . . . U. S. Patent 2,218,132. This oil stays more like its own good self. Then your engine will, and that saves oil . . . as

demonstrated by the long life of Conoco Nth in pitiless Death Valley.

You'll never give your own engine such a "trial by torture." You wouldn't pass up your regular time for draining. Authorities say, "Don't!" But you can know that Conoco Nth outlasted other big-name oils by as much as 161% . . . Certified. So you can see your chance of big Summer savings in changing now to new Conoco Nth at Your Mileage Merchant's Conoco station. Continental Oil Co.—Pioneers in Bettering America's oil with Synthetics

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

THURSDAY SATURDAY

Reports Good Time On Visit Home

Thursday Evening Reception Center Ft. Bliss, Texas

Dear Friends:
The switch-back from the life of a civilian to the life of a soldier was completed with a vengeance this morning at 5:10 a. m., by the blast of a bugle. After the five days of pleasant visiting in Brownfield is rather hard to get back into the swing of the life of a soldier but it has to be done.

I enjoyed every moment of my visit home and regret only that it had to be so short and that I didn't have time to see every one of my friends. Chasing around trying to see everyone reminded me of my political race last year when I tried to see everyone in the county "afoot" and found it couldn't be done. I believe that before Uncle Sam gets thru with me I will be in shape from the marching I am doing to walk to every farm house in the county without working up a sweat.

The interest that my infrequent letters have aroused at home came as a surprise to me. I started writing them to the 'Old He' hoping he would print them and save me the cost of the postage it would take me if I tried to write all the folks I want to write to. On this "three-seventy" daily pay I'm getting (three square meals and 70c per day) I can't afford too many stamps. I hope that you who read this letter will consider it as a personal letter to you and it would make me feel mighty good if you would drop me a card or a letter now and then. A one sided correspondence is seldom very interesting and if you would write me and ask questions about things in the Army which are of interest to you I know that I can make my letters more interesting. You say you enjoy my letters, I know I would enjoy yours so start firing them at me.

When I fell out for reville this morning I found out that Horace Beck, the late ink monkey on Jack's paper, had been transferred to the Induction Station at the main post. George Cartwright told me that they stuck a typewriter in front of him and told him to go to work. Beck told them he wasn't a typist but a linotype operator and they told him that he was on the verge of becoming a typist. Such is the Army!

About eighty men were shipped to California while I was on my "holiday" but no Terry County boys were in the group. Just how much longer Cartwright and Turner will remain in the Reception Center is impossible to say. They may be transferred tomorrow and it may be a week or more. Both of them look more like old timers than recruits and both have that spanked baby complexion which marks the Ft. Bliss soldier.

The talk and enthusiasm I heard and saw about and over Brownfield's Home Guard Unit really made me feel fine and warm inside. In too many parts of our country those people who are not in the armed forces have only the idea of "business and profits" as usual and are doing nothing to make themselves a part of the gigantic defense effort which is now sweeping our nation. We soldiers like to feel that the folks back home are with us in spirit and thought and the work being done in the Brownfield Home Defense Guard is concrete proof to us that you are with us and are willing to make sacrifices just as we have been called on to do.

On the other hand our blood gets hot and our tempers mighty short when day after day we read of strikes in defense factories. We in the army however have been disenfranchised and can't make our feelings audible. It is up to you who still have the vote to let your elected representatives know how you stand on the strike issue. Speak up! Make yourself heard and we will soon have an end of the criminal things which are happening to hamper and slow down our defense efforts. It is no secret that soldiers, as well as Home Guards, are drilling with wooden guns and in a great industrial nation such as ours such a condition is shameful and inexcusable. We must have arms and machines to train and fight with and it is up to the civilians to see that we get them. I had no intention of getting so stirred up but what I've been saying are stark, bitter facts and must be faced as such.

Before signing off for this time I want to tell all of you again how truly I enjoyed my short visit with you and how much I appreciated the hospitality shown to me. I had so many invitations to dinner that I believe I could have eaten at three different places daily for several weeks. Since I don't believe that I looked like I was underfed and in need of food I was led to believe that those invitations were from friendship, and as long as I can have your friendship I'll say that money and fame can go to the dickens.

Believe me your appreciative, grateful friend,

Gene Hurt

164-FOOT SHAFT WILL BE SUNK TO ODESSA METEOR	DR. E. H. SELLARDS, director of the Bureau of Economic Geology, University of Texas, said a 164-foot shaft would be sunk to the top of the Odessa meteor, which buried itself centuries ago into the West Texas soil. Ten miles west of Odessa, (Ector county), the crater is second in size in the United States. It is now partially filled with rock debris. Construction of the shaft should be finished late in July, Dr. Sellards said.	MISS MARIE CARTER and Miss Jeannette Fullerton spent Sunday afternoon in Lubbock.
WARREN NOBLE, Cye Tankersley and children, Cynthia and Don, spent Sunday in Roswell, N. M.	truly I enjoyed my short visit with you and how much I appreciated the hospitality shown to me. I had so many invitations to dinner that I believe I could have eaten at three different places daily for several weeks. Since I don't believe that I looked like I was underfed and in need of food I was led to believe that those invitations were from friendship, and as long as I can have your friendship I'll say that money and fame can go to the dickens.	Mr. and Mrs. Jesse Ferguson and Mrs. Richard Ferguson are visiting Richard Ferguson in California. Mrs. Ferguson will remain with her husband. Ferguson is enrolled in the Curtiss airplane school.
