Your Home Owned and Home Managed County Paper — Where Farming, Ranching and Oil Fields Bring Prosperity to Terry County People

VOLUME THIRTY-SEVEN

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY OCTOBER 24, 1941

NUMBER 12.

## Parity Payments In Terry County To Be \$247,853.40

Farmers of the nation benefited \$205,834,629 through parity payments, the agricultural department has reported from Washington.

Farmers in 42 states and Hawaii shared in the distribution of funds. No payments were reported in six New England states. Estimated state totals included: Texas \$29,803,684, New Mexico \$1,035,580.

Totals received by farmers of South Plains counties are:

Andrews	\$ 4,534.24
Bailey	190,981.32
Borden	33,852.81
Briscoe	97,774.40
Castro	20,664.78
Cochran	103,553.15
Crosby	301,361.84
Dawson	399,680.25
Dickens	165,381.18
Floyd	259,122.55
Gaines	42,903.96
Garza	116,299.42
Hale	349,139.43
Hockley	313,287.04
Lamb	484,888.41
Lubbock	560,521.31
Lynn	500,157.32
Parmer	149,747.54
Scurry	167,529.51
Swisher	212,316.30
Terry	247,853.40
Yoakum	19,963.12

## —Contribute to the Milk Fund— Wednesday Oct. 29 Tag Day

Buy health in bottles for the undernourished children of your school.

Wednesday, Oct. 29, has been designated by Mrs. Cates, chairman of the milk fund, as tag day in Brownfield. Friends and patrons of the school will be given an opportunity to buy a milk tag from the Room Mothers of the Primary School.

The money will provide a fund with which to buy milk for children who cannot have milk at home.

This is an annual project of the West Ward Parent Teachers Association.

The milk will be kept on ice in half pint bottles and distributed by a special committee to undernourished children. Any child may buy cold milk for mid-morning or noon lunch. The profit from the sale of milk will go back into the milk fund.

Mrs. Cates urges your full cooperation in this worthwhile undertaking.

So wear a tag and be in style!

## —Contribute to the Milk Fund— W. T. Sheriffs Meet In Spur

The West Texas Sheriffs' Association held its regular bi-monthly meeting in Spur Tuesday, Oct. 14 with approximately 50 peace officers present.

The meeting was opened in the Spur Theatre by Sheriff Fred Christopher, who introduced the president, B. L. Parker, Sheriff of Lynn county, and turned the meeting over to him.

Speakers were: Judge E. H. Boedeker, E. A. Watson, Crosby County attorney; Mayor M. H. Brannen and W. W. Legge, Captain of the Highway Patrol, Lubbock.

Sheriff Christopher and the Spur civic club entertained the guests at noon with a delicious barbecue lunch in Swenson Park. —Texas Spur.

## —Contribute to the Milk Fund— Jack Shepherd Up From Camp Bowie

Jack Shepherd is up this week visiting with his mother, Mrs. S. A. Shepherd. Jack is a fine specimen of young manhood, and is liking the army life fine, and it seems to be making a man of him. Jack is now a sergeant, and expects other promotions soon.

Jack was born and raised in Terry County. Here he received his education, took his turn in the social and athletic affairs of the school, and was graduated. Monday he made calls at the Herald office, as well as other places of business where he had old time friends.

## Hail In Area Last Week And This

Late last Tuesday afternoon, a blue-black cloud hung in the south and east. While we have just about quit trying our hand on the weather of late, we did mention to our wife and others that the cloud looked like hail to us. This week our exchanges from south and southeast reveals the story.

Severe to light hails visited sections of Andrews, Dawson, south Lynn, north Scurry, Kent and Dickens counties. The cloud seemed to have started over Andrews county and gradually moved east. It was really destructive in the Lamesa section and north Scurry county in the section about Fluvana. In some spots, it was reported the damage was well near 100 percent, and from that on down to 50, 25 and slight damage.

Sunday, a cloud that looked no bigger than your hand from town, rained and hailed in the Needmore and Meadow sections of this county, doing considerable damage. At the county agent's office, it was reported to the Herald that the strip along the line of Terry and Hockley counties, laying in Terry was approximately three miles wide and five miles long, the damage ranging from slight damage to 50 percent.

Our informant did not know how far the damage extended into Hockley county or the extent of it.

## —Contribute to the Milk Fund— P-T A Drive Nets Results

Ninety parents and teachers became members of the West Ward Parent-Teacher Association during membership week October 13-18. The room mothers chosen for each room were active during this week in inviting interested patrons to join local units. Those who joined are proud to belong to a group which has done such worthy objectives as those of Parent-Teacher organizations through out the nation. These objectives are listed below.

To promote the welfare of children and youth in the home, school and community.

To raise the standard of home life.

To secure adequate laws for the care and protection of children and youth in the home, school and community.

To bring into closer relation the home and school that parents and teachers may cooperate in the training of the child.

To develop between education and the general public such united efforts as will secure for every child the highest advantages in physical, mental and social and spiritual education.

Every patron of the school is considered a member of the Parent-Teacher organization in his school; and is invited to all its meetings whether or not in paid membership.

## —Contribute to the Milk Fund— Tom May Given Highest Masonic Degree

Tom May, long time active member of various bodies within the Masonic order, today was elevated to the rank of 33rd degree Mason, advised from El Paso said.

Mr. May becomes the second 33rd degree Mason in this area, the other being John Dalrymple, of Lubbock.

The 33rd degree in Masonry, members here pointed out today, is purely honorary and is conferred only upon members who previously have had the 32nd degree of the Scottish Rite. It is bestowed as an award for long and distinguished service to the order.

The announcement of Mr. May's elevation was made by the El Paso Consistory, now in session in its fall reunion.

Another Texan recently elevated to the 33rd degree is United States Senator Tom Connally. —Contribute to the Milk Fund—

Mr. and Mrs. Lee O. Allen spent Sunday in Lorenzo.

## City, County Officers Get Persistent Thief

In the rounding up here in the early hours of Monday morning of Lewis Puryear, San Angelo, 28, and an ex-convict, this section is at least rid of one of the most persistent car wheel thieves that the officers have been up against. This fellow has stolen car wheels all over west Texas, but he takes what he considers will make it a misdemeanor instead of a felony case and skips. He has been making towns about every three weeks or a month.

He blew in here Sunday and was spotted by the officers. He attended a movie show, and was rather slow starting his work, perhaps having a hunch that he was suspected. Chief Roy Moreman joined his prowl man in making runs up and down the streets, but it was about three o'clock Monday morning when the first wheel was missed. Roy immediately phoned Sheriff Joe Price, and they began looking for the thief.

Heretofore he has worked the east end of the city, staying at least two blocks east of highway 51, and the boys soon thought they had him cornered up near the nursery, but he broke out down the highway turning out in a country road just across the draw. Houston Hamilton, night man was giving full chase, and was close enough that the dodge into the country lane did not fool him. Puryear was in a Buick car, and was making good headway.

Houston, by himself, had to drive and shoot. He emptied his pistol and then began with his shotgun. The guy evidently thought he had a tire going down, or that more than one officer after him. Houston ran along side and told him to halt or he'd blow his head off. He did, but they were in the south part of the county by that time.

Now here is the part that makes officers in this section know that he is the man they have been after for moons. Just an old pair of low quarter shoes; no heels, and the bottoms worn until there are holes in them. Everyone of the following officers declared they had seen tracks made by these old shoes time and again. Sheriffs B. L. Parker of Tahoka; Buck Bennett, Lamesa; John Greenwood, Seminole; Lon Cross Post, Deputies Sid Happens, Littlefield; Soon Birdwell, Seminole, and Game Warden Ferguson, of Lamesa. Officers believe this man will be connected with many other tire thefts which have happened in this section in recent months.

The old shoes may be seen at Sheriff Price's office.

The Herald wants to highly commend each and every city and county officer who have worked hours and hours trying to round up this bothersome fellow, and we believe that other officers and citizens will be proud to learn that soon Puryear will be on his way back to Huntsville. When you meet one of the boys, tell them how you appreciate their work. Set 'em up to a milk chocolate; don't stop at a coke.

County Attorney H. B. Virgil Crawford stated that a grand jury would be in session in about 30 days, and he believed that it would not be a hard matter to prove that the four wheels and white wall-tires are worth more than \$50. Puryear admitted the four wheels had been stolen.

The prisoner has been lodged in jail here, and San Angelo officers are trying to solve his connections at that end of the line.

## —Contribute to the Milk Fund— New Band Director For Plains School

Don W. Terry, new band director of Plains Public School have not had a band before . . . but some twenty-five students have mentioned their interest in getting the new band. Mr. Terry is from Roscoe, Texas where he was the director of the Roscoe Plowboy band.

He has studied under Marion McClure, Cowboy Band director of Hardin - Simmons University Abilene Texas. Was graduated from McMurray College in Abilene.

The Band is to be called the Plains Cowboy Band.

## New Ag Production Campaign Announced

Secretary of Agriculture, C. R. Wickard has announced a production campaign for 1942 providing for a complete mobilization of American Agriculture to adjust production for National Defense and to needs of the Nations resisting aggression.

The campaign will be under the supervision of the state and county USDA defense boards. And applied to Terry county will probably call for an increase mainly in poultry and dairy products according to R. N. McLain, County Agent.

This increase, the agent said, should be brought about mainly through better practices and management rather than increased costs of housing and foundation animals. Production of both dairy and poultry products can be materially increased by feeding balanced rations, better housing arrangements, repairs and re-arrangements, better watering places that will furnish an adequate amount of clean water, better pastures and storage of an adequate feed supply.

We also should not lose sight of the fact that a large number of our boys (approximately 50 per cent) have been rejected for the army because of ailments due to nutritional deficiencies. These deficiencies can and should be corrected. Humans needs balanced rations as well as livestock and poultry. Every pantry should be filled with plenty of canned fruit, vegetables, etc. These supplemented with milk products, poultry and meat can and will produce young men that Uncle Sam can use to defend our country.

The improvement in strength and health of our people should be of vital importance to everyone. Will you do your part to help?

## —Contribute to the Milk Fund— Magnolia Production Headquarters Valuable To City

The local Magnolia Production headquarters here spent nearly \$14,000 during the month of September with local firms. This in addition to the salaries to a number of employees that are mostly spent with the business men in the city. When you add this huge figure over a years time, it really amounts to a lot.

In the list of firms and the amounts spent with them that we saw, there were 13 of them, and they ranged almost all the way of the different kinds of business in the city, such as doctors, drug stores, hardware, dry goods, grocery, garages, trucking concerns, lumber yards, telephone, telegraph, implement, tin shops and construction companies.

This article is not especially to boost Magnolia products or the people who are employed by them, but just to let the readers know what the district production headquarters here means to our little city commercially, every month of the year.

## —Contribute to the Milk Fund— Pappy John Powell Gets First Prize

Pappy John Powell, local genius, artist, musician, and what have you, was in the Herald office late this week exhibiting a horse, posed in a playful mood, he had whittled out of wood and mounted. This piece of whittling art was on display at the Panhandle-South Plains Fair, Lubbock.

He had just received a check for \$1.00, together with a blue ribbon attached to the horse from the Fair Association, also a letter of commendation. If you have never been through Mr. Powell's curio shop, ask him to show you through some time. You will be amazed.

—Contribute to the Milk Fund— Mrs. Bob McDonald and Mrs. Bob Martin of Levelland visited here Sunday. These are both former Brownfield girls; Mrs. McDonald being Lillie Mae Warren and Mrs. Martin, Emma Jean Alexander.

—Contribute to the Milk Fund— Mrs. S. H. Daughtery is visiting in Comanche.

## Activity Program For Local Jaycees

Meet the fourth Monday in each month, this next Monday at the Wines hotel, at 8 P. M. All are invited to be present; also visitors.

The sponsorship play-ground just recently finished, was a total cost of \$350, with an attendance of 75 students. This may be a permanent year around activity.

There are several proposed activities now and until Christmas. First, the Hollaween Dance, then the special train to Slaton in order to raise some cash to pay for the automatic clock for the football field. Then there is a proposition that will need more than Jaycee cooperation, and we are getting some already. This will be put into an activity fund, and 50 per cent applied to the fixtures of a permanent fair building.

Part of the membership have just returned from Austin, where state executive committee met. Several good things were accomplished, foremost was that the state organization went on record to ask our state representatives and state senators to redistrict the state according to population.

Also, the state organization was one of less than five units that has been chosen as a trial unit on inter-American cooperation. Also the Texas and Ohio Jaycees were the only units asked to represent the navy in recruiting. You are always welcome to join the Jaycees.

## —Contribute to the Milk Fund— John Chisholm Moves Into New Building

John Chisholm moved his stock of hardware from the south side of the square Saturday to his new building on south Sixth. We had predicted that he would get moved Monday this week, but he beat us to it a couple of days. But being moved and straightened up is two other things also yet. We note that John just drifts about from one pile of stuff to another as if he thought that would move faster, and pile them in shelves and racks.

However, he has had some busy hands, and they are slowly but surely making an impression on the piles and piles of bolts, nuts, screws, hasps, steeples, files, hoes, rake, and what have you. Along in another week or two, after Jack Hart gets through making shelves and racks, they may be able to find what their customers want.

Anyway, the Herald and Piggly Wiggly welcomes a new neighbor and hope he don't get any of our bad habits.

## —Contribute to the Milk Fund— Duncan Coffee Gives Employees A Salary Raise

Announcement was made this week at Houston, home of the Duncan Coffee Co., makers of two popular brands of coffee. Admiration and Bright and Early, that beginning with this month, their pay checks will have a 5 per cent increase. This, however will have nothing to do with 10 per cent bonuses of employee that are with them during December.

Many who have tried these coffee's are convinced that there is no out of state coffee better. The Duncan company makes their coffee in Texas, using Texas people. Your favorite groceryman is featuring Duncan coffees and teas in their ads almost every week.

Watch these ads and buy Administration, or if you wish a slightly cheaper coffee, yet with a fine flavor, call for Bright and Early.

## —Contribute to the Milk Fund— Hospital Notes

Mrs. O. K. Tongate, medical, admitted Oct. 16; S. L. Pyeat, fracture, improving; Mrs. Pierce, medical, dismissed Oct. 22; Mrs. J. C. White, medical, dismissed Oct. 22; Mrs. R. M. Moorhead, medical, admitted Oct. 22; Mrs. Starnes, Meadow, surgery, improving; Buster Brown, Plains, surgery improving; Mrs. E. J. Hill, Loop, medical, admitted Oct. 17; Mrs. Mary Forseca Oct. 22, baby girl, weight 5 lb. 14 oz.

## COMPANY D BULLETIN BOARD

Weather permitting, Company D, local unit of the Texas Defense Guard, will go to Morton Sunday. The Company will gather at the Legion Hall at 2:00 P. M., to have a group picture taken.

Sgt. Heath gave a very informative lecture on the gas mask and its uses at Tuesday night's drill. Also, a part of the drill was devoted to sighting and aiming with the use of rifle rests.

Eight men were detailed to compose a song at Tuesday night's drill. It will be submitted next Tuesday night.

Lt. Brumage, Medical Officer for the Company, served in that capacity for the first time last Tuesday night. Lt. Brumage has formerly been serving as Corporal.

Detail to report to Sgt. Black for duty at football game: Pvts., 1 cl. Bynum and Wright and Pvts. Mayfield, Moyer, Bud Gillham, Glover, Shepherd and Nelson.

## —Contribute to the Milk Fund— The McWilliams Visit In Brownfield

It has been three or four years since Mr. and Mrs. Knox B. McWilliams visited in Brownfield and Terry county. They came in Monday of this week from Hillsboro. Mr. Mack informed us that all the best cotton was out in Hill county, and his firm was looking for some white cotton, but the prospects here is not flattering.

For a number of years in the early thirties, Mr. McWilliams bought cotton in Brownfield, and part of that time he and his wife had a room at the home of the writer. Therefore, it was just like having our own folks visit us.

Mr. Mack left here for Sudan where he may make arrangements to buy cotton this fall and winter, as this area seemed to be pretty well taken up with buyers.

Both stated the town had grown so much and spread so fast they could hardly find themselves, especially in the residential section.

## —Contribute to the Milk Fund— Using Tech Graduates In Vocational Ag

Texas Tech's 20 vocational agricultural education seniors this month begin practice teaching in four of the high school vocational agriculture departments of Area One. Ray L. Chappelle is head professor, O. T. Ryan, area supervisor, and T. L. Leach, teacher trainee, comprise the college faculty.

Largest gain shown in any Texas area has been that in Area one schools with an increase of 14 departments over last year's total of 86 schools enrolling 3,527 boys. Departments added this year are at Mobeetie, Bomarton, Iowa Park, Munday, Seymour, Vernon, Union Brownfield, Wellman, Klondike, Welch (Dawson County), Levelland, Morton, Muleshoe, and Sundown. Megargel and Westover schools dropped their work for the year.

## —Contribute to the Milk Fund— Terry County Ginning Light Up To Oct. 1

R. D. Copeland, reporter for Bureau of Cotton Census for Terry county, reports only 55 bales of cotton ginned up to October 1, this year compared to 2056 bales at the same time last year.

And if we keep having these showers two or three times a week, there is no telling when it will open. The sample is also far from good, but some believe if the weather will just clear up and stay that way, that not open will be a fair grade and staple.

There is some reports too, that the seed in the cotton being brought in are so soft that they can be mashed with the fingers.

## God Bless Old Russia, Says Connally

Waco, Tex., Oct. 20—Tom Connally, the Eddy boy who graduated from Baylor University as an aspiring law student in 1886, returned to the campus this week to be introduced by his former school mate, President Pat M. Neff, as 'key man in international affairs who will make a splendid president of the United States for the next administration'.

Connally told the Baylor chapel that prime need in America today is the united stand of her peoples in cooperation with the policies adopted by Congress.

And the Lindberghs, the Wheelers and the Nyes should stop their guerilla warfare and join hands behind the wheels of solidarity, he pleaded.

'God bless old Russia', he exclaimed. 'She's fighting valiantly and bravely. In this battle for her native land and her people, I pray that God give strength to her swords.'

He answered opponents to American aid to Russia with the claim the Moscow government is fighting side by side with the United States in this war against a common foe. 'Why stop in the middle of battle and have an argument about politics? We will never adopt the policy of the Russians, just as we'll never submit to the tyranny of Hitler.'

## —Contribute to the Milk Fund— Cubs Overwhelm O'Donnell—Play Denver City Tonight

In an attempt to keep the score down, every player on the Cub roster was used last Friday night as the local Cubs roundly trounced the O'Donnell Eagles to the tune of 59-0. The score could easily have been twice that. Lewis and Tankersley turned in their usual stellar performances and many others showed up well against the hapless Eagles.

Tonight, the Cubs play hosts to the Denver City gridsters. While the locals should take the oil field boys into camp without very much trouble if they play anywhere near up to par, Denver City boasts of several men who can make it an interesting evening for any opponent. They especially point with pride to a diminutive back who is a constant threat every moment he is in the game. Denver City is undefeated in conference play, recently defeating Seagraves, one of the Cub's toughest opponents, and losing only to Levelland by a margin of one point.

The Lions Club is sponsoring tonight's game.

## —Contribute to the Milk Fund— GRANDPA MOORE CELEBRATES 90th BIRTHDAY

The sons and daughters of A. P. Moore living in this vicinity, helped him celebrate his ninetieth birthday, Wednesday with a covered dish luncheon served buffet style at his home here. Those present were Mr. and Mrs. Will Moore and Donald Wayne, Mr. and Mrs. Charley Moore and Merle, Mrs. Ruth Moore, Mr. and Mrs. E. A. Key of Clovis, N. M., Mrs. Ira Gordon, Lubbock. This was the thirty-fourth birthday Moore has spent here, coming here in 1907. Many cards and gifts were received from friends and relatives here and elsewhere.

## —Contribute to the Milk Fund— GREEN-HAGGARD

Mr. W. C. Haggard and Miss Vila Faye Green, daughter of Mrs. Andy Green, were married Wed. afternoon about four o'clock. The vows were said at the church of Christ parsonage, Elder W. S. Boyett, officiating.

## —Contribute to the Milk Fund— Attending the Band Review in Lubbock Saturday from Brownfield were Mesdames E. L. Treadaway, Will Fitzgerald, Luther Cruce, Lowrimore, E. C. Davis, Tittle, I. M. Bailey, Miss Sandra Bailey, Mr. and Mrs. Arthur Sawyer and Miss Queenelle Sawyer.

—Contribute to the Milk Fund— Maury Lewis is reported improving. He is in a hospital at Lubbock.

National Advertising Representative

You've met or have seen high headed people; some men but mostly women that you wanted to poke a walking cane between their feet as they walk and tumble and humble them. A friend tells this one that we consider good: In a certain town on the north Plains, an old man was laying a cement walk. Along came one of those high headed women with her nose in the sky, plunged into the cement up to her shoe tops, but ankled on through. Reaching the other side of the cement, she rallied: "You old \* @!#!", why didn't you put up a sign?" The old man replied. "Why you d. o. h., if there had been a sign your head was too high to see it". And so it goes. Guess we have to have all kinds of people to make up this old world.

And so Old Sharley Armour Guy of the Avalanche-Journal got the fights when he got back home and found that while he was away and advising Walter Winchell what to write about, some of the country editors had been handing him some suggestions. So Sharley calls their hands; he dares them to attempt to take his hot seat. Now isn't that just like Sharley to pull a fast one? Who wants to be guest editor

Monday mornings, when Sharley is at home to blue pencil this and red pencil that and make a fellow look ridiculous? Aside from all that we want to know how Sharley is going to employ himself Mondays while some one else is doing his stuff, or trying it? Talking about howling, that's all Sharley did while in Nu Yawk. Hasn't he learned to act like Musso the Muscle when in Rome?

Much is being said these days about canalizing the Trinity creek that runs through Dallas and Fort Worth. That is, the daily papers of those cities have had a raft of stuff to say, and have propagandized the press of west Texas to some extent, and seem to have about half of the West Texas Chamber of Commerce on their sponsor list. According to a report by engineers, the ditch would cost \$130,000,000 a dollar for each man woman and child in the nation, and what would we have unless we dug a lot of artesian wells along the banks to float the canoes. The one the late Will Roger pulled on Amon Carter, when the latter asked Will Dryly, Will said: "I think the Trinity ought to be paved as it gets damp sometimes". Texas

gave way millions of acres of land in west Texas to encourage railroad building. We have a good system of rail lines, at least Fort Worth and Dallas have them. Then why build a plaything to try to ruin the railroads?

The most pernicious publicity seekers are perhaps the governmental agencies. But sending out releases are a part of their business. They and their entire personnel are paid by the government, (with the taxpayers money) They operate government owned typewriters, mimeographs etc., and mail their stuff out free. They insult the press of the country by presuming that their stuff will be used to replace legitimate news. —Anton News.

Yeah, but you ran a big story with headlines, picture and all, of John Giles, over in Tennessee running a race with a train and saver a score of lives because he had a FLASHLIGHT".

**Cases Transferred To Brownfield**

The case of L. A. Enloe, who was tried and convicted on a murder charge in this county and whose case was reversed and remanded by the Court of Criminal Appeals, was last week transferred by Judge Louis Reed to Brownfield for trial there.

Also transferred to Brownfield was the civil suit of Birdwell vs. D. E. Harris. Birdwell is suing for damages for personal injuries sustained when his car and that of Harris were in collision. He alleges negligence on the part of Harris.

The criminal case against Harris, in which he is charged with drunken driving, has been transferred to the county court and has been set for trial on October 27. The offense of drunken driving has been reduced by law from the grade of felony to a misdemeanor since Harris was indicted, a change which made the transfer necessary.

The case against Leo Cunningham was scheduled to be tried in the district court here on Thursday of this week. —Taboka News

Mrs. J. L. Randal spent the week end in Lubbock with her daughter Mrs. Gaster Spencer, Mrs. Spencer and a niece Mrs. Beulah Scudday of Sweetwater accompanied her home for a brief stay.

**Our Navy Grows**

The United States Navy is the greatest naval striking force in the world, and is rapidly growing. It comprises everything from the massive battleship to the humble mine sweeper. The list of combat ships built and building, is astonishing—something no nation at peace has ever dreamed of. It follows:

	Built	Building	Total
Battleships	17*	15	32
Aircraft Carriers	6	12	18
Cruisers	37	54	91
Destroyers	157	197	354
Submarines	112	74	186

Total 339 352 691  
\* Includes the battleships North Carolina and Washington, which are virtually completed, although they have not yet joined the fleet. Combatant ships need auxiliaries—oilers, tenders, hospital ships and so on. There are today about 230 ships of main auxiliary types. In little more than a year the Navy has placed orders for 2,831 ships of all types, and has in service now more than 1,000 vessels.—New York Times.

**OCTOBER**

Cooler days, chilly nights, hazy skies, cotton gins humming, everybody at work, football games, youngsters back in school—October is this writers' favorite month.

October is the harvest month when the year's labors of Texas citizens began to be realized. The summer is gone with all bad things about it. A new season is here. Thin old clothes have been discarded for newer styles, flashier colors.

The leaves begin to turn in October. The trees began losing what it took all spring and summer to put on. Cotton turns black, but wheat fields turn green.

And in the cotton belts the hum of machinery makes sweet music to most Texans. There is no shortage of jobs in the cotton belt in October. Merchants in the smaller towns, especially, start cashing in on business—business they have waited a long spring and summer for. Goods are moving from their sometimes overstocked shelves. People have a little money in their pockets.

About the only thing to mar October is that it's the beginning of tax-paying time. But taxes can be paid until February, so October

is not completely ruined by this fact.

October nights are good nights to sleep. You can pull the cover over you and put some of your windows down. The days are cooler and you can do more work even if they are shorter.

The Tribune knows of no better month than October. Somehow our neighbors look a little better to us during this month. With the cotton season here and football season on hand—October in Texas is great.—Plainview Tribune.

**WANTS THERMOMETER DIPPED IN SOUP**

Pleading with friends for small convoys of food to be brought to his bedside window, were of no avail for Slim Warden, driller, who underwent one of those pre-appendectomy starving acts at the Scroggie Hospital Saturday.

With but small hope remaining, Slim was overheard petitioning the nurse who was preparing to take his temperature; "Please, Nurse, couldn't you dip that thermometer in a little soup before you give it to me?"—Seminole Sentinel.

**SERVING NOTICE, 1941**

There doesn't seem to be any limit to what the scientists and the inventors can do these days. Now, for fifteen dollars, you can have a device attached to your radio to call you when a raid or other warning is about to be broadcast. An inaudible signal from the broadcasting station sets off a bell summoning you to hear the modern Paul Revere and his mid-night message. An all-clear sound can also be given.

Here is an invention with real possibilities long after the droning of hostile planes have been silenced at the peace table. Imagine having a caller on your radio to let you know when Wayne King comes on, either by transcription or direct. And how much would it be worth to have a clear warning reaching every corner of the house when some orchestra or singer tries to run in the Hut Sut song on you? —Caps and lower case.

The Dalhart Texan has offered a fifty dollar reward for the originator of the term "Dust Bowl". As we do not call California the Earthquake Bowl, the Gulf Coast the Hurricane Bowl, the Northern U S the Blizzard Bowl, the Mississippi Valley the Flood Bowl, there is little point in calling the Plains the Dust Bowl, when there are no longer dust storms here. Or, if we had a dust storm every week, there would be no more excuse than to call other sections by the above names — and would they like it? No. And by the same token it is getting rather nauseous to hear ill informed persons refer to the Dust Bowl.— McLean News

**ADVERTISEMENT OF LIMITED PARTNERSHIP**

State of Texas)  
County of Terry)

We, the subscribers hereto, have this day entered into a limited partnership, agreeable to the provisions of the revised statutes relative to limited partnerships, and do hereby certify that the terms of our said partnership are as follows:

1. The name of the firm under which the partnership is to be conducted is Haynes Motor Co., Limited.

2. The general nature of the business to be transacted, is to buy, sell, lease, deal in, and deal with, store and repair motor vehicles of all description, both new and used and all parts and accessories, and supplies used in connection therewith, and in connection therewith to operate a service station and accessory house.

3. The name of the general partner, and his place of residence is W. E. Haynes, Brownfield, Terry County, Texas. The names of the special partners and their places of residence are J. T. Herd, Post, Texas and G. W. Connell, Post, Texas.

4. The amount of Capital which each special partner has contributed is \$2,500.00 each respectively, and the common stock of said limited partnership is \$10,000.00

5. The period at which the partnership is to commence is the 1st day of September, 1941, and is to continue for twenty years thereafter.

Witness our hands this the 19 day of September, 1941.

W. E. Haynes, General Partner  
J. T. Herd, Special Partner  
G. W. Connell, Special Partner. 13 c

Most of us feel like the purchasing agent of Texas company not working on defense goods. After the meeting he walked up to the president and said, "Mac, let's hold an in-between meeting this month and make it exclusive for us little fellows with \$100,000 plants".—Caps and lower case.

**HAY FEVER?**

Fall type hay fever is just around the corner. No matter how many different preparations you have tried for this discomfort, you owe it to yourself to get a package of Brown's NOS-O-PEN from NELSON-PRIMM DRUG CO today. Satisfaction guaranteed or money back on first package. Price \$1.00

**IT'S TIME TO WINTERPROOF—**

Be prepared for those sudden cold snaps. Don't run down your battery trying to start a motor made sluggish by a combination of cold weather and summer lubricants. Don't struggle all winter with a stubborn gearshift. WINTERPROOFING is the answer! Stop in TODAY and have your friendly Magnolia dealer get your car ready for winter driving.

### Help Build A Stronger Nation

Every American wants to be strong, stronger than ever before. Sturdy spirits, steady nerves, and enduring strength have their best chance to grow in sound bodies. Sound bodies are built with the right kinds and the right amounts of many different foods. There is no one perfect food.

Every food has something to add to health and strength. There is no one perfect plan for meals. Many different combinations of foods will give bodies the nourishment they must have to work hard, resist disease, carry strain and grow in power and joy.

Every day you can help in building a stronger Nation by making yourself stronger.

We have a superabundance of wheat in our country. Wheat foods are valuable foods. They supply food energy and protein at low cost.

To be strong, people need an abundance of food energy and protein, and also vitamins and minerals.

Whole wheat grains have in them a generous amount of the vitamins and minerals bodies need. When wheat grains are milled to produce white flour, a large part of the vitamins and minerals in whole wheat grains is lost.

Whole Wheat Ginger Cake (12 servings)

- 1-3 cup fat
- 1-2 cup sugar
- 1 cup molasses
- 1 egg, well beaten
- 2-3 cup raisins
- 1 tablespoon white flour
- 1 cup sour milk
- 2 cups whole wheat flour
- 2 tsp. baking powder
- 1 tsp. soda

- 1-2 tsp salt
- 1 tsp. ginger
- 1 tsp. ginger
- 1-2 tsp. cloves
- 1-2 tsp. cinnamon

Grease 2 layer cake pan and dust with flour or line with paper. Dust raisins with the white flour cream sugar and fat. Add molasses and beaten egg. Sift together the whole wheat flour, salt, baking powder, soda, and spices and add to first mixture alternately with milk. Bake in moderate oven. (350) degrees F. 30 to 40 minutes.

Horace Beck, who is in training at Fort Bliss, was here over Sunday on his way back to Fort Bliss. For the past two weeks he had been in Oklahoma visiting his parents. Horace was an employee of the Herald for some two years.

Mr. and Mrs. S. H. Holgate arrived Sunday for a visit with their daughter, Mrs. Jack Hamilton, their son Barney and other relatives. Mr. Holgate returned to their home in San Angelo Tuesday but Mrs. Holgate will stay here a while.

Miss Emogene Fitzgerald spent the week end at home. She is attending Draughon's Business college at Lubbock.

#### NOTICE

To all officers and teachers of the First Baptist Sunday school Next Wednesday evening is our monthly workers conference, and all officers and teachers are urged to be present.

Supper will be served free to all officers and teachers and workers of the Sunday School at 7 o'clock sharp, after which plans will be discussed and reports read. W. O. Mills, Sunday School, Supt.

I held my first staff meeting at the office of Civilian Defense and I think it cleared up certain difficulties of procedure which are not yet organized within the office itself.

I came back that day to the White House for my usual personal press conference. I had asked Dr. Harriet Elliott, the commissioner of the Division of Consumer Protection, to attend, so as really to stimulate a discussion on the whole question of the increased cost of living. There is no question in my mind that we must have some method which is legal to control the rise in prices. It cannot be done by voluntary participation alone, nor by the action of community groups, because it is too difficult for people in the communities to get information on which they can act. I am happy to know that representatives of consumer interests will be appointed on defense councils.

More than this is needed, however, particularly when you realize that the snowball of rising prices has rolled up very rapidly in the past four months, and in some cases this increase is higher already than it was during the last World war. We must profit by our former experience and realize that prices which go up must eventually come down, and the coming down process is a very difficult one.

#### SOUTH AMERICAN VISITORS

At luncheon one day Miss Mary Winslow brought two very delightful guests, Senorita Graciela Mandujano of Chile and Senora Ana Rosa de Martinez-Guerrero from the Argentine. Senorita Mandujano, whom I have had the pleasure of meeting before, has traveled in many parts of the United States since her arrival here last spring, so she must now feel quite at home in our country. She has just spent some time in Maine and announced to me that she had become a Republican.

Senora de Martinez-Guerrero brought me an interesting scroll signed by many of the women of Buenos Aires who have joined together to aid the women in other countries who are fighting Nazism. They call their organization "Junta de la Victoria." Senora de Martinez-Guerrero, who is a very charming young woman, has lately been interested in building a hospital. I have long known that the control and the management of the hospitals in the Argentine are in the hands of the women. I have often wondered if the contact with problems in the hospital would not some day create a situation where the women would wish to prevent certain things instead of waiting to alleviate them when they reach the hospital stage.

Much to my interest, Senora de Martinez-Guerrero said that she had decided that the only way to do this was through a more active interest on the part of women in the government, and that she was beginning to talk to other women along these lines. This is interesting, not only from the point of view of what it might mean internally, but of what it would mean in better understanding and co-operation between the women of the Americas.

#### ARMY LIFE REACTIONS

At luncheon on the train one day I found myself at a table with two young army boys and we were joined shortly by a young marine who had just finished his Paris Island training and was being sent from Quantico, Va., to a new post. The army boys came from Virginia and New Jersey respectively, and had spent some months in camp in the state of Washington, and were now on their way to a New Jersey camp. All three were fine boys and I enjoyed talking to them. The thing which I remember most in retrospect, however, as we talked about their lives and need for their present sacrifice, is that they unanimously agreed that they did not have enough information or enough opportunity to talk about the larger aspects of world affairs as they related to their own individual services.

One of the boys finally said, "Well the trouble is, when you get into the army, the training is often the same, day in and day out, and you begin to think that the whole of life centers in what you get to eat, and when you get your pay." I wonder if perhaps one aspect of our officers' training is not being neglected. Should we include a course in the art of encouraging conversation among your associates? Should we remember that in both the German and Russian armies there is a relationship between the officers and their men which is not entirely official in character?

I have been sent a little brochure from the Consumers Book Co-operative, which they call Reader's Observer. It is a helpful little publication because it lists books in various fields, and has an article at the beginning, telling one about the trend of interest in reading material, and commenting on books in many fields. I was interested to find that a popular vote which they have taken shows a great interest in religious books, and secondly in books that can be classed as education for democracy.

The richest flavor in coffee!

**... THE IMPORTANT ITEM**  
Make sure it's right at the top of your grocery list . . . famous ADMIRATION COFFEE! Its exquisite aroma, distinctive Thermo-Roasting and finer, matchless blend give the most exacting appetites that luxurious thrill that satisfies the delicious way.

**Admiration Coffee**

**TOKIO H D CLUB**

The H. D. Club met on October 4, in the home of Mrs. Irving McGee with nine members and two new members present. The president presided.

All old officers were re-elected to serve another year. They are as follows, President, Mrs. W. B. Martin; Vice - President, Mrs. Clay Henson, and Secretary-Treas. Mrs. Derah Gauldin; Reporter, Mrs. Reginald Martin.

A call meeting was held at Mrs. Claude Merritt's on October 20 to make up for the meeting missed last month.

Miss Blanton gave an interesting demonstration on "My Lady's Dressing Center".

**Six ladies were present at this meeting.**

Mrs. Kenneth Long and Mrs. Bill Johnson were hostesses to the Needlecraft Club Tuesday afternoon. Sewing provided the entertainment. Refreshments of cake and coffee were served to: Mrs. Dick Jones, Mrs. Ozella Kemp, Mrs. Joe Havener, Jr., Mrs. R. J. Long, Mrs. A. V. Clarke, Mrs. Art Mills, Mrs. J. P. Whitley, Mrs. Bob Wright, Mrs. T. J. Harris and Mrs. O. W. Proctor.

Mrs. John R. Turner and Mrs. Ida Bruton will leave Sunday for Amarillo to attend the convention of the Grand Chapter of Texas, Order of The Eastern Star. They will return Thursday night. Mrs. Jim Graves, Mrs. Lee Brownfield, and Mrs. Grady Goodpasture will drive up Wednesday for that days session.

Mr. and Mrs. Marlin Hayhurst of Seminole spent the week end here with her sister, Mrs. Jim Graves.

Mr. and Mrs. L. L. Bechtel left by plane Saturday for a short hunting trip in Nebraska. They visited their daughter Rose in Ames, Iowa enroute.

**Committees Appointed For WTCC Meeting**

Midland, Oct. 20—Special committees which will assist in staging the 24th annual convention of the West Texas Chamber of Commerce at Midland, November 3-4, have been named and plans rapidly are taking shape for the big streamlined gathering of busy West Texas business men and women.

M. C. Ulmer, mayor of Midland and vice-president of the West Texas chamber of commerce, is chairman of the convention's steering committee. Serving with him are John W. House and Dr. W. E. Ryan.

**Top Entertainment**

Although the convention is designed primarily for business, entertainment features will not be overlooked. Highlighting the entertainment features will be the big convention dances in the spacious Crystal Ballroom of Hotel Scharbauer on Monday and Tuesday nights. Music will be furnished by Joe Buzze's popular West Texas orchestra of Waco.

Ladies attending the convention will be honored guests at a special entertainment Tuesday afternoon. Other entertainment features will be presented at the noon luncheon Tuesday and at the big banquet for all convention delegates at Hotel Scharbauer Tuesday evening. A most enjoyable time is promised everyone attending the conclave.

Antoinette Akers, little daughter of Mr. and Mrs. Glen Akers is almost well after two weeks illness.

Mesdames Lee Brownfield, Virgil Crawford, Grady Goodpasture, A. R. Smith, I. M. Bailey and L. M. Wingerd attended an institute for federated club - women at Levelland Friday.

**MOVED**

Rather, we are moving, but we have most of the stock at our new place on south Sixth street, between Piggly Wiggly and the Herald. In this large, well-lighted building, we will be better prepared than ever to serve our customers.

**WE USE GENUINE PARTS**

We have a large, well-equipped shop with experienced workmen with all the tools drills, presses, etc., that they need to do you the best job possible. And we use genuine parts, only. For instance, if you have a John Deere tractor or binder, we have the parts made for that particular machine, and use them.

**WHY TAKE A CHANCE**

To use parts other than those made for the machine, you run the risk of ruining the whole machine, and at least that part you undertake to repair with off brand stuff.

**COME TO SEE US**

We want to meet our friends, old and new customers at our new place of business. Some of us will try to show you through, and explain the many advantages we have in our new location.

**CHISHOLM HARDWARE**

**NOVEL PARTY**

Chrysanthemums and other autumn flowers decorated the American Legion Hall last Friday when Mesdames Barrett, Bechtel, Moxley and Heath entertained sixty bridge guests and thirteen tea guests in a buffet luncheon and party. The menu for the luncheon was as follows: spiced tea, butter and parsley sandwiches, cheese sandwiches, pound cake, brandied dates and spiced figs. In the bridge game an unusual idea was carried out when prizes of jelly, pickles and other Balance your budget items were awarded high scorers at each table, with Mrs. Scott grand high scorer, receiving a sack of sugar. Those receiving the prizes were Mesdames, Wilson Collins, Bruce Zorns, J. M. Telford, John L. Cruce, R. L. Bandy, Clovis Kendrick, Bill Lane, W. R. McDuffie, Dave Evans, W. E. Latham, Bill McKinney, V. L. Patterson, Schilling, and Sibley. Mrs. C. C. Coleman drew high for tea guests. Other tea guests present were Mesdames: A. R. Brownfield, Bill Smith, James King, John B. King, Richard Kendrick, Bill Hefflin and Tom May; Miss Jean Spencer of Ralls and Mesdames: R. T. Bucy, Green R. D. Moxley and T. R. Prideaux of Lubbock.

Mrs. W. W. Ditto of Lubbock was a visitor here this week among her many old friends. Mrs. Ditto and family lived here many years, but both her children now live in Washington, D. C.

For an after-the-show treat, drop in for a delicious sandwich and drink.

**MISS SAWYER HONOREE**

The home of Mrs. Joe McGowan was the scene of a party given in honor of Miss Queenelle Sawyer Friday morning by Mrs. McGowan and Mrs. Roy Ballard. Refreshments of tea, sandwiches, salad, nuts and mints carried out a color scheme of pink and green and were served buffet style. The floral decorations were also pink and green; the bridge tallies in a wedding ring design. Bedroom lamps were awarded for high; pepper and salts went to low and an Italian Linen Lunch set to the honoree.

Those present were Mesdames Brumage, Christopher, Treadaway Latham, Sawyer Graham, Wilson Collins, Spencer Kendrick, Bowers, Arthur Sawyer, Herod, German, Glen Akers, J. H. Dallas, Zorns, Parnell, McClain, Parish, I. M. Bailey, McDuffie, Jack Bailey, Queenell King, Wingerd and Tiernan and the honoree.

**FOUR HOSTESSES GIVE PARTY WEDNESDAY**

Mum was the word for the eighteen table bridge party given Wednesday at the American Legion Hall with Mesdames Sibley, Parnell, Lane and Nicholson as hostesses. Large mums decorated the auditorium, featured the score cards and wrappings on the prizes were in shape of Chrysanthemums. At bridge Mrs. Treadaway received a beautiful candlewick bedspread; Mrs. Wingerd, who was second high received a block linen table cloth and napkins; two linen guest towels went to Mrs. Money Price as low. Sherbet, cake, tea and nuts were served.

**ORDER OF EASTERN STAR**

Plans for attending Grand Chapter meeting in Amarillo this year were discussed Tuesday night at the regular meeting of Brownfield Chapter O. E. S. Mrs. Peacock described the ceremonies of Initiation for Rainbow girls at Levelland. Mrs. Jim Graves told of Brownfield's visitors to Past Matrons and Past Patrons night in Levelland.

Mesdames Peacock, Moore, Randal, Fulton, Bailey and Ellington and Mr. Ellington expressed their appreciation of the honors extended them at the last meeting. After a brief practice on drills, refreshments were served by Mr. and Mrs. Cox and Mrs. Fulton.

**POLITICAL FORUM**

The Maids and Matrons club conducted a political forum in conjunction with their regular program Tuesday. The Junior Maids and Matrons, Maids and Matrons of Meadow, Tsa-Ma-Ga club of Plains and other guests were invited. Fascism, Nazism and Communism were discussed by Mrs. W. M. Adams. A political guide by Dorothy Thompson was reviewed by Mrs. L. M. Wingerd. A quiz on government was conducted and prizes of defense stamps were given to Mrs. Herman Heath club member and Mrs. Harold Denton visitor who had the most nearly correct list of answers. Mrs. A. A. Smith and Mrs. Wingerd were hostesses at the home of the latter. Yellow tapirs and Chrysanthemums were used in decoration. Refreshments were pumpkin pie and coffee.

**GREENFIELD - McLACHLAN EXCHANGE VOWS OCT. 16**

Miss Joy Greenfield and Mr. Roger McLachlan were married Oct. 16 th in the church of Christ, Rev. W. S. Boyett officiating.

The bride, daughter of Mr. and Mrs. Earnie Greenfield, wore an ice blue dress with brown accessories.

The groom is employed by the J. C. Jones company. They will make their home in Brownfield.

**JUNIOR CLUB TO MEET MEET OCTOBER 28**

A program on Safety and Health will be discussed Tuesday at the home of Mrs. Hackney when the Junior Maids and Matrons have their regular bi-monthly meeting. Roll call will be answered with rules for traffic safety. Mrs. Gore, Program Chairman will give a talk on Vitamins. Mrs. Hamilton will speak on "Is Your Family Well Fed". A summary of the work of the County Health Unit will be given by Mrs. Brumage and Mrs. Cates will lead a round tables discussion on "How Our Club Can Assist in a Good Health Program."

**GOMEZ P-T.A. NEWS**

The Gomez Parent-Teacher Association met on Tuesday night, October 14, in the Gomez school building. After a short business meeting, Mr. Emmitt Smith, Superintendent of the Brownfield schools gave a very interesting talk on "The Home in the National Picture."

Mrs. Hazelwood, teacher of Gomez, gave a few interesting highlights on the School of Information that was held in Brownfield last Monday. R. C. Guest closed the meeting by reading a poem, "Keep Going," by Edgar A. Guest.

We want to urge every parent that has a child in Gomez school to come out to our P-T.A. meetings, for after all, the interest you show is the success or failure of the organization. Let's make it a success!

Mrs. J. H. Dallas had as her guests last Wednesday and Thursday her friends, Mrs. Geo. Marsh of Midland and Mrs. E. L. Faulkner of Austin.

You Alone Can Give This Gift: YOURSELF To someone dear, for who no material gift can quite be enough—your photograph will say all that you want it to. Our natural, artistic work is guaranteed. Arrange today—for this personal Christmas gift.

**LADIES OF FIRST PRESBYTERIAN CHURCH ORGANIZE**

The ladies of the First Presbyterian church of Brownfield met Monday afternoon in the home of Mrs. Hayden Griffin to organize the Presbyterian Women's Service Guild. Rev. Fred A. Walker, pastor, in charge, outlined the work done by groups of this sort after which the following officers were elected: President, Mrs. James King; vice-president, Mrs. G. F. Winston; Secretary, Mrs. C. M. Chapman; Treasurer, Mrs. Jimmie German.

There was a lively group discussion concerning the work chosen as well as determining when to have each meeting. Besides doing Social Service work here in Brownfield, it is the intention of the P W S G to, under the direction of Mrs. Chapman, assume the financial responsibility for one of the orphans in the Reynold's Presbyterian Home in Dallas.

At the completion of the business session, hot coffee and patty pumpkin pie with whipped cream and units were served to the fourteen charter members.

**WELLMAN H D NEWS**

The Wellman Home Demonstration club met Oct. 14 at the home of Mrs. Virgil Vernon with 17 members and 1 visitor present.

The following officers were elected to serve in 1942:

Mrs. Karl Griffith, President; Mrs. W. B. Bennett, vice-president; Miss Wilma Woodard, secretary; Mrs. Alvy Christopher, Treasurer; Mrs. Clyde Heafner, Council Delegate; Mrs. Sewell Dean Reporter.

Miss Blanton demonstrated Holiday Tables.

Our next meeting is to be held at the Wellman Baptist church October 28 at 2:30 P. M. at which time we are to entertain the Scudday H D club with an old-fashioned school party.

All members are urged to be present dressed as school girls.

The club is very proud of the cooperation received by everyone at the community dinner held last Thursday night. There were 77 men present. We especially thank the business men of Brownfield for their cooperation.

**MISS ELLENE FITZGERALD BECOMES BRIDE OF TOM RIVES**

Miss Ellene Fitzgerald, daughter of Mr. and Mrs. C. E. Fitzgerald became the bride of Mr. Tom Rives Saturday, Oct. 18th, at Roswell, N. M. Rev. Dulaney, Baptist minister performed the ceremony. After a short trip to the White Sands and other scenic points of interest of N. M. they returned to Brownfield. They will be at home in the Roy Herod Apartments on East Hill Street. The bride will continue her studies in Brownfield high school where she is a senior. The groom is employed by the Clay Drilling Co.

**HARMONY H D CLUB MEETS**

The Harmony H D club met in regular session in the home of Mrs. Norris Phillips Oct 16.

Election of officers were in order. Mrs. L. M. Lang, president; Mrs. Elton Busby, vice-president; Mrs. John Garner, sec-treas.; Mrs. Buford Hobbs, reporter; Mrs. L. Hobbs, Parliamentarian; Mrs. Townzen, delegate.

The club will vote to accept Pool's invitation to a Halloween party Oct. 31.

The report of Finance Committee of the money earned at county fair was well received.

The demonstrator gave a demonstration on Holiday Tables. There were only seven present as we are still having rain and mud holes.

Mr. and Mrs. W. E. Latham attended a market fashion display at Lubbock this week. They also attended a special dinner and entertainment for buyers at Lubbock Tuesday evening.

**METHODIST LADIES MEET**

The Methodist ladies met in Fellowship Hall for the second chapter of the book entitled "Christian Roots of Democracy in America", led by Mrs. Lloyd, and assisted by Mmes. Downing, Randal and Cook. Members present were Mmes. Lloyd, Cook, Downing, Randal, Carpenter, Glenn Harris, Browder, House, Webber, Longbrake, Arnett, Linville, Foote, B. L. Thompson and Power.

**Week of Prayer Program**

Monday, Oct. 27, the following program will be observed at Fellowship Hall at the Methodist Church, beginning at 10:30 A. M.

May we urge each lady in the church to try to be there at least one of the services. They are of vital importance. Come and bring a covered dish.

**TOKIO QUILTING CLUB**

Mrs. L. D. Garrett was hostess to the quilting club Oct. 16. During the afternoon two quilts were started, one finished and hemmed, the other about half quilted.

Delicious hot chocolate and cookies were served to twenty-five members and four visitors. Mrs. Garter from California, Mrs. Gordon and Dan, Donnie Bell from Okla., and Lorraine Johnson.

This club is doing some sewing for the Red Cross, several garments was handed in at this meeting.

Our next meeting is with Mrs. R. L. Garrett in the home of Mrs. Eddie Bandy, Thursday Oct. 30, 1941. We urge every one to be present.

**MRS. LATHAM HOSTESS TO LAS AMIGAS**

Thursday, Las Amigas club enjoyed a bridge party in the W. E. Latham home. The entire membership of the club was present; Mesdames Spencer Kendrick, Clovis Kendrick, Grady Terry, W. R. McDuffie, Jack Bailey, Troy Noel, Welborn, Scott, Brumage, Wilson Collins, Orb Stice, and the hostess with Mrs. Lee O. Allen as a guest. The refreshments, table cloth, napkins, etc., carried out the Halloween motif.

**CHRISTIAN CHURCH CONVENTION HELD AT SLATON MONDAY**

The annual convention of Christian churches in this district was held at Slaton, Monday, Oct. 20, in the new Christian church there. State secretary, Patrick Henry, and Miss Mona Holt told of state and national work. Rev. H. G. Gantz of Lubbock addressed the convention Monday morning on the theme, "The Church Meeting the Universal Emergency". At 6 P. M. seventy-two young people enjoyed a dinner at Slaton's community house, while the adults were served a free banquet in the church basement by the ladies of the church. A laymen's meeting and women's meeting followed the dinner. A large crowd heard Rev. L. B. Rickman of Plainview close the convention with his stirring address, "The Enduring Church". Next Year's convention will be held at Snyder.

Mrs. G. W. Graves returned Monday from a two weeks visit with her sister in Fort Worth.

**PLEASANT VALLEY H D CLUB**

The Pleasant Valley H D Club met in the home of Mrs. George Rosmand Friday Oct. 17. Five members were present: New officers were elected for the coming year. Our next meeting will be with Mrs. Pierce Crutch Nov. 7 at two o'clock.

Everyone bring a jar of canned fruit or vegetables to be judged by our demonstration agent.

**PLEASURE CLUB**

Mrs. Moxley entertained the Pleasure Club Wednesday October 15th. Guests were Mesdames Hord, Roy Ballard, Jack Hamilton, Milton Bell, Jimmy German, C. C. Primm, Mike Barrett, Long, McKinney, Zorns and Bandy and Miss Sue Jones. Mrs. Hamilton and Mrs. Barrett received high and second high prizes, a lamp and a bowl of colored Senton Ware. A Halloween motif was featured in the refreshments and decorations.

Mr. and Mrs. George Warren had as their guests this week their daughter and granddaughter, Mrs. Gail Willis and Reba Gail, of Levelland.

Tom May, Bruce Zorns, and C. L. Aven left Sunday for El Paso returning Thursday. Aven and Zorns received further degrees in Masonry.

### Thinks Exhibits Looked Fine

Brownfield, Texas, Oct. 22. Mr. A. J. Stricklin, Publisher The Herald Brownfield, Texas

Dear Jack: I feel the urge to write: in fact I have had that same urge at different times within the last year but have "smothered" it and have found that the world has wagged along and people have managed to get along without any assistance from me. However, I happen to be pretty well informed upon a subject which was the cause of an editorial comment which appeared in the Herald of last week and referred to the agricultural exhibits which appeared in the Herald of last week and referred to the agricultural exhibits that were on display at the recent South Plains Fair at Lubbock.

I notice that you say that a number of people who attended the Fair at Lubbock and visited the agricultural building, said that the county exhibits were "pitiful" and if this is the case, then they have been pitiful for the last 20 years as the present Score Card has been in adoption for about that length of time and was not originated by A. & M. college but was adopted at Dallas about 1922 by the Texas Association of County Agricultural Exhibitors and has been in continuous use by

#### Do Plate Sores Bother You?

Eyeing each other suspiciously, Kay Francis and Jack Benny (guess who is who!) are in love in the new 20th Century-Fox comedy, "Charley's Aunt". The number one comedian of the air, Jack is the funniest lady in the

land in the film which features James Ellison with Kay Francis and includes Edmund Gwenn, Anne Baxter, Reginald Owen, Arleen Whelan, Laird Cregar and many others.

practically all of the district and county fairs since that time, until about four years ago the State Fair at Dallas adopted a new type of county exhibit and if people desire to see something "scientific", they should visit the agricultural exhibit at the Dallas fair. It is really worth the time and effort that would be expended but the writer is willing to admit that the type of exhibits are a little above his understanding.

However, as we all know, fairs were originated for educational purposes and for the purpose of teaching people how to improve upon their methods, not only in farming, but in all other vocations, for instance, the average merchant did not make any attempt to display his merchandise

in an attractive manner, but he was educated up to it. The average cattle rancher was satisfied with the Texas Long Horn, the poultry raiser was satisfied with a Shanghai that would lay about two eggs a week and the hog raiser was satisfied with the "razor-back" that could be turned loose in the woods and live on acorns until a few weeks before killing time and agricultural exhibits are prepared to show, not who can raise the largest ear of corn, but for the type that is in demand and one that will bring the highest market price.

I might say that I did not have any part, nor was I requested to have any part, in promoting the recent county fair nor in preparing the exhibit at Lubbock and did not know that a county fair was contemplated until I read of it in the county papers. However, I did visit the fair and found that the various exhibits were complete and very attractively arranged with about as many communities as was the case when the last county fair was held in 1929, when every community in the county was represented with two exceptions and while I do not know I am inclined to believe that the Terry County exhibit at the Lubbock fair was composed of the choice exhibits from each of the community booths who exhibited at our county fair.

I also believe that the reason for the "pitiful" county exhibits was the fact that only eight counties were showing and when you take a building that was constructed to contain 16 county exhibits as well as community and vocational agriculture showing and take 8 counties out of it, then you have something that looks rather ragged. However, the absence of exhibits from other counties was not caused by dissatis-

**S-2-2-2-2**  
**THERE GOES A TIRE!**  
**...but why junk the car?**

Any car can have a blowout in a tire. But you wouldn't junk the car. You'd just fix the tire—or replace it.

That's very much like a situation that exists in the retailing of beer. Beer retailing has its "flat tires," too—retailers who disobey the law or who permit unsavory conditions.

To protect your right to drink good beer, we of the beer industry want to eliminate the few "flat tire" retailers. Here's another reason: Right here in Texas, beer has provided employment for 31,165 persons, supports an annual payroll of \$22,076,182 and paid \$2,273,968.64 in state taxes last year.

The state, too, has an important stake in the beer industry's purchases—for material, equipment and services—from more than 100 other industries.

Those benefits are worth preserving. You can help us preserve them by patronizing only the reputable and legal places where beer is sold and by reporting any law violations you may observe to the duly constituted authorities.

**BEER...a beverage of moderation**

faction with the score card, but for the reason that the Dallas Fair has advanced its dates, until it open 2 days before the Lubbock Fair, instead of ten days later as was the case a few years ago and most of the counties do not feel that they are able to prepare two different exhibits and are of the opinion that the Fair at Dallas is of more benefit to them than is an exhibit at Lubbock. I am inclined to disagree with them on this as I have been in charge of several Terry County Exhibits at Dallas and my observation is, that very few farmers are seen in the agricultural building but is mostly city people and I believe that a county exhibit at any of the regional fairs would be worth more to us than would an exhibit at Dallas.

The judges of exhibits at the Lubbock Fair are instructors of Tech College assisted by George Samson of Post, Texas, who is an old and seasoned exhibitor and I do not think that A and M has furnished a judge for agricultural exhibits within the last 15 years or since Tech college was established.

Very Truly Yours,  
J. E. Shelton  
We still say that fairs are primarily for advertising purposes, and any number of Terry County farmers have told us they agreed with our article last week.

### Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood cressote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

generation, and is very efficiently handled by our county agents, the home demonstrator, and our agricultural teachers in the high schools.

When we go to a fair we expect to see the spectacular, to be amused, to have fun, etc. No, you can't teach an old dog new tricks. We just don't like the score card idea, no matter where it originated.

—The Editor

### Behind The Scenes In American Business

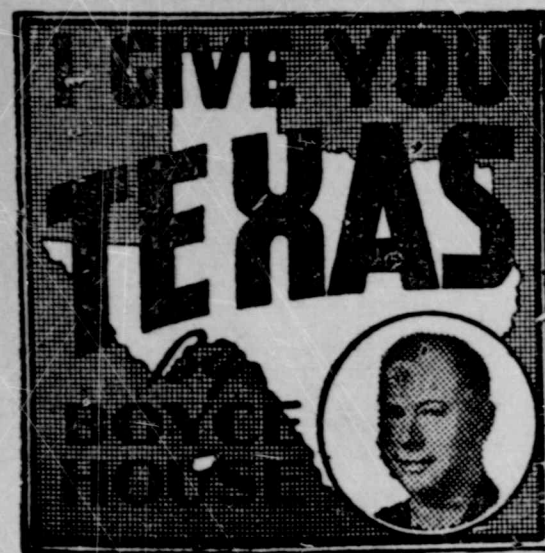

By John Craddock  
NEW YORK, Oct. 20—Balance—The auto industry, bell-wether of defense production as well as peacetime leader, may not be able to reach its January quota, which called for a 50 per cent cut from last year, because of scarcity of strip steel. However, though it is nearing the peak of its "defense unemployment" so far as car-making is concerned, its terrific increase in assignments for turning out defense goods indicates that by the end of 1942 its total dollar volume and employment—in car-making and arms-making—may be at new all-time high levels. . . . Meanwhile OPM is speeding efforts to aid single-industry towns hurt by curtailment of such industries as refrigerators, washing machines and cooking utensils. Manitowoc, Wis., and Evansville, Ind., have been "certified" by OPM, which means recommending them to Army and Navy for extra consideration in placing defense orders. And other midwestern "washing machine" towns like Ripon, Wis., Sandusky, O., Algonquin, Ill., and Fairfield, Kellogg, Newton and Webster, all in Iowa, will be similarly cited soon.

IRONICAL — From June 21 through Aug. 2, 1939, Arthur Vin- ing Davis, board chairman of Aluminum Company of America, testified as a key witness for the defense in history's longest trial, the suit started by the Government in April, 1927, against his company under the Sherman An-

trust Act. During the more than two years of actual trying of the case, whenever he could leave temporarily the problems of the defense program, Mr. Davis who the trial court said "knows more about Alcoa and has contributed more to its advancement than any man alive", was in the courtroom. He listened for months to the charges hurled at his company. But on the final day, when Judge Francis G. Caffey, of the Federal district court in New York declared in his opinion that Alcoa had not been shown guilty of "monopolization, conspiracy or other misconduct as charged by the Government", Arthur V. Davis was not present. He did not even hear the judge say that "to dissolve or enjoin Alcoa would be distinctly contrary to the public interest". He was home in bed with a cold.

Battle of Food:—Effects of the vast Battle of Food to meet Lend Lease requirements and mounting needs of defense workers are already being felt. With an estimated \$1,000,000,000 of lend-lease funds to be spent for food during the next few months, the farm mechanical revolution is gathering new momentum. This ready cash, coupled with the farm labor shortage and other factors, is credited by John L. Collyer, president of the B. F. Goodrich company, with booming 1941 sales of farm service tires to an estimated \$34,000,000, an all time high and an increase of \$12,000,000 over 1940. In view of formation that farm equipment manufacturers have

It was the Aspermont Star that gave the first reminder: "Just 71 more shopping days until Christmas!"

Aboy rushed into a drugstore and said, "Father's being chased by a bull!" The druggist asked, "Well, what do you want me to do about it?" The lad replied, "Gimme a roll of film for my camera and hurry".

For 20 years, your columnist has made a study of the history and romance of Texas oil rushes. I would hesitate to say how many weeks and months and how much of my own money have been spent in traveling over the state to get first-hand information. Two books as well as several articles in the Saturday Evening Post and other magazines have resulted. When one of the oil and gas as-

**If It Was Really Child's Play**

We wouldn't have to be in the business, if laundry work was fun! But it's drudgery for the housewife—so we're here to do the washing and ironing for you at economy prices. Phone 104 to start employing our service this week.

**Brownfield Steam Laundry**

sociations became history conscious and decided to celebrate the fortieth anniversary of the Spindletop field, this writer wasn't invited to make even a one-minute talk.

I am the country weekly. I am the friend of the family, the bringer, of tidings from other friends; I speak to the home in the evening light of summer's vine clad porch or the glow of winter's lamp.

I help to make this evening hour; I record the great and small, the varied acts of the day and weeks that go to make up life.

I am for and of the home; I follow those who leave humble beginnings; whether they go to greatness or to the gutter, I take them the thrill of old days, with wholesome messages.

I speak the language of common men; my words are fitted to his understandings. My congregation is larger than that of any church in my town; my readers are more than those in the school. Young and old alike find in me stimulation, instruction, entertainment, inspiration, solace, comfort. I am the chronicler of birth and love and death—the three great facts of man's existence.

I bring together buyer and seller, to the benefit of both; I am part of the market place of the world. Into the home. I carry the word of the goods which feed, and clothe, and shelter, and which minister to comfort, ease, health and happiness.

I am the word of the week, the history of the year, the record of my community in the archives of state and nation.

I am the exponent of the lives of my readers.

I am the country weekly. Some jingler once wrote:

"If all be true that I do think There are five reasons we should drink;

Good wine—a friend—or being dry—

Or lest we should be by and by— Or any other reason why".

This seems to be the logic of some who are urging a special session of the legislature. Not wishing to give the true purpose they have in mind, certain special sessionists put forward the proposed pipe line from Texas to the East as a reason but a correspondent points out that Congress already has given the President ample authority to condemn the right of way to build it—so they'll have to think up a new reason, for urging that the taxpayers be put to the expense and turmoil of a special session.

**DID YOU KNOW** the Magnolia Petroleum Co. paid the business firms of Brownfield \$13,914.58 the month of September, besides salaries to employees. 13c

Miss Eleanor Gillham visited here from Tech Sunday.

**Do You Know Texas**

Memorable Passage: Some people keep their promise only when they promise nothing—Joachim Besen.

Q. What is the highest town in Texas?

A. Alpine, county seat of Brewster county, is known as the 'mile high city of Texas. Also out in that part of the Big Bend country located in the Davis mountains, is the highest post office in the state Frijole, 5650 above sea level.

Eleemosynary Institutions:—A little known grant of Texas public domain for educational purposes in that of 410,600 acres for four eleemosynary institutions including the State Insane Asylum, the Institute for the Blind, the Institute for the Deaf and Dumb, and the state orphan home. These lands were sold on the same terms and conditions as state school lands, Bascom Giles Commissioner of the General Land office, says, at from \$1 to \$2.50 an acre. Most of the land surveyed in parts of the state suitable for farming, and it was bought by settlers who improved it while the revenues went for endowment of these institutions.

Q. Was there a battle other than the Siege of the Alamo?

A. Yes, in December 1835 the Texan army under the command of General Milam laid siege to San Antonio de Bexar then held by the Mexicans. It was here that General Milam was killed before the Texans drove the Mexicans from the city.

Query: Will someone answer these questions for Mrs. F. G. Smith, 214 Craig Street, Hillsboro, Texas?

Q. What year did Captain Phillipota and the Fourth Alabama Regiment come to Texas. Was there or is there today a list of these men?

Buzzard on a Rail: An old cattle brand bearing this name was registered by H. T. Collier in 1876, in Reeves county. H. J. Collier of Pecos, later owner of the brand, came to Texas in 1884, and went to work for the Hash Knife outfit. He says that at that time the outfit had 4,000 head of cattle branded with the Buzzard on a Rail brand. In 1936, the second Mr. Collier had about 3,000 head of cattle branded with this historic old brand. There are a number of interesting and unusual branding irons on exhibit in the Pioneer Room of the Texas Memorial Museum, Austin.

Q. Please list the three largest cities in Texas with their population by the 1940 federal census.

A. Houston 384,514, Dallas 294,734, and San Antonio 253,854.

Blow Hot, Blow Cold: Highest temperature in Texas was 120 degrees in Seymour, Baylor County, August 12, 1936; lowest temperature ever registered in Texas

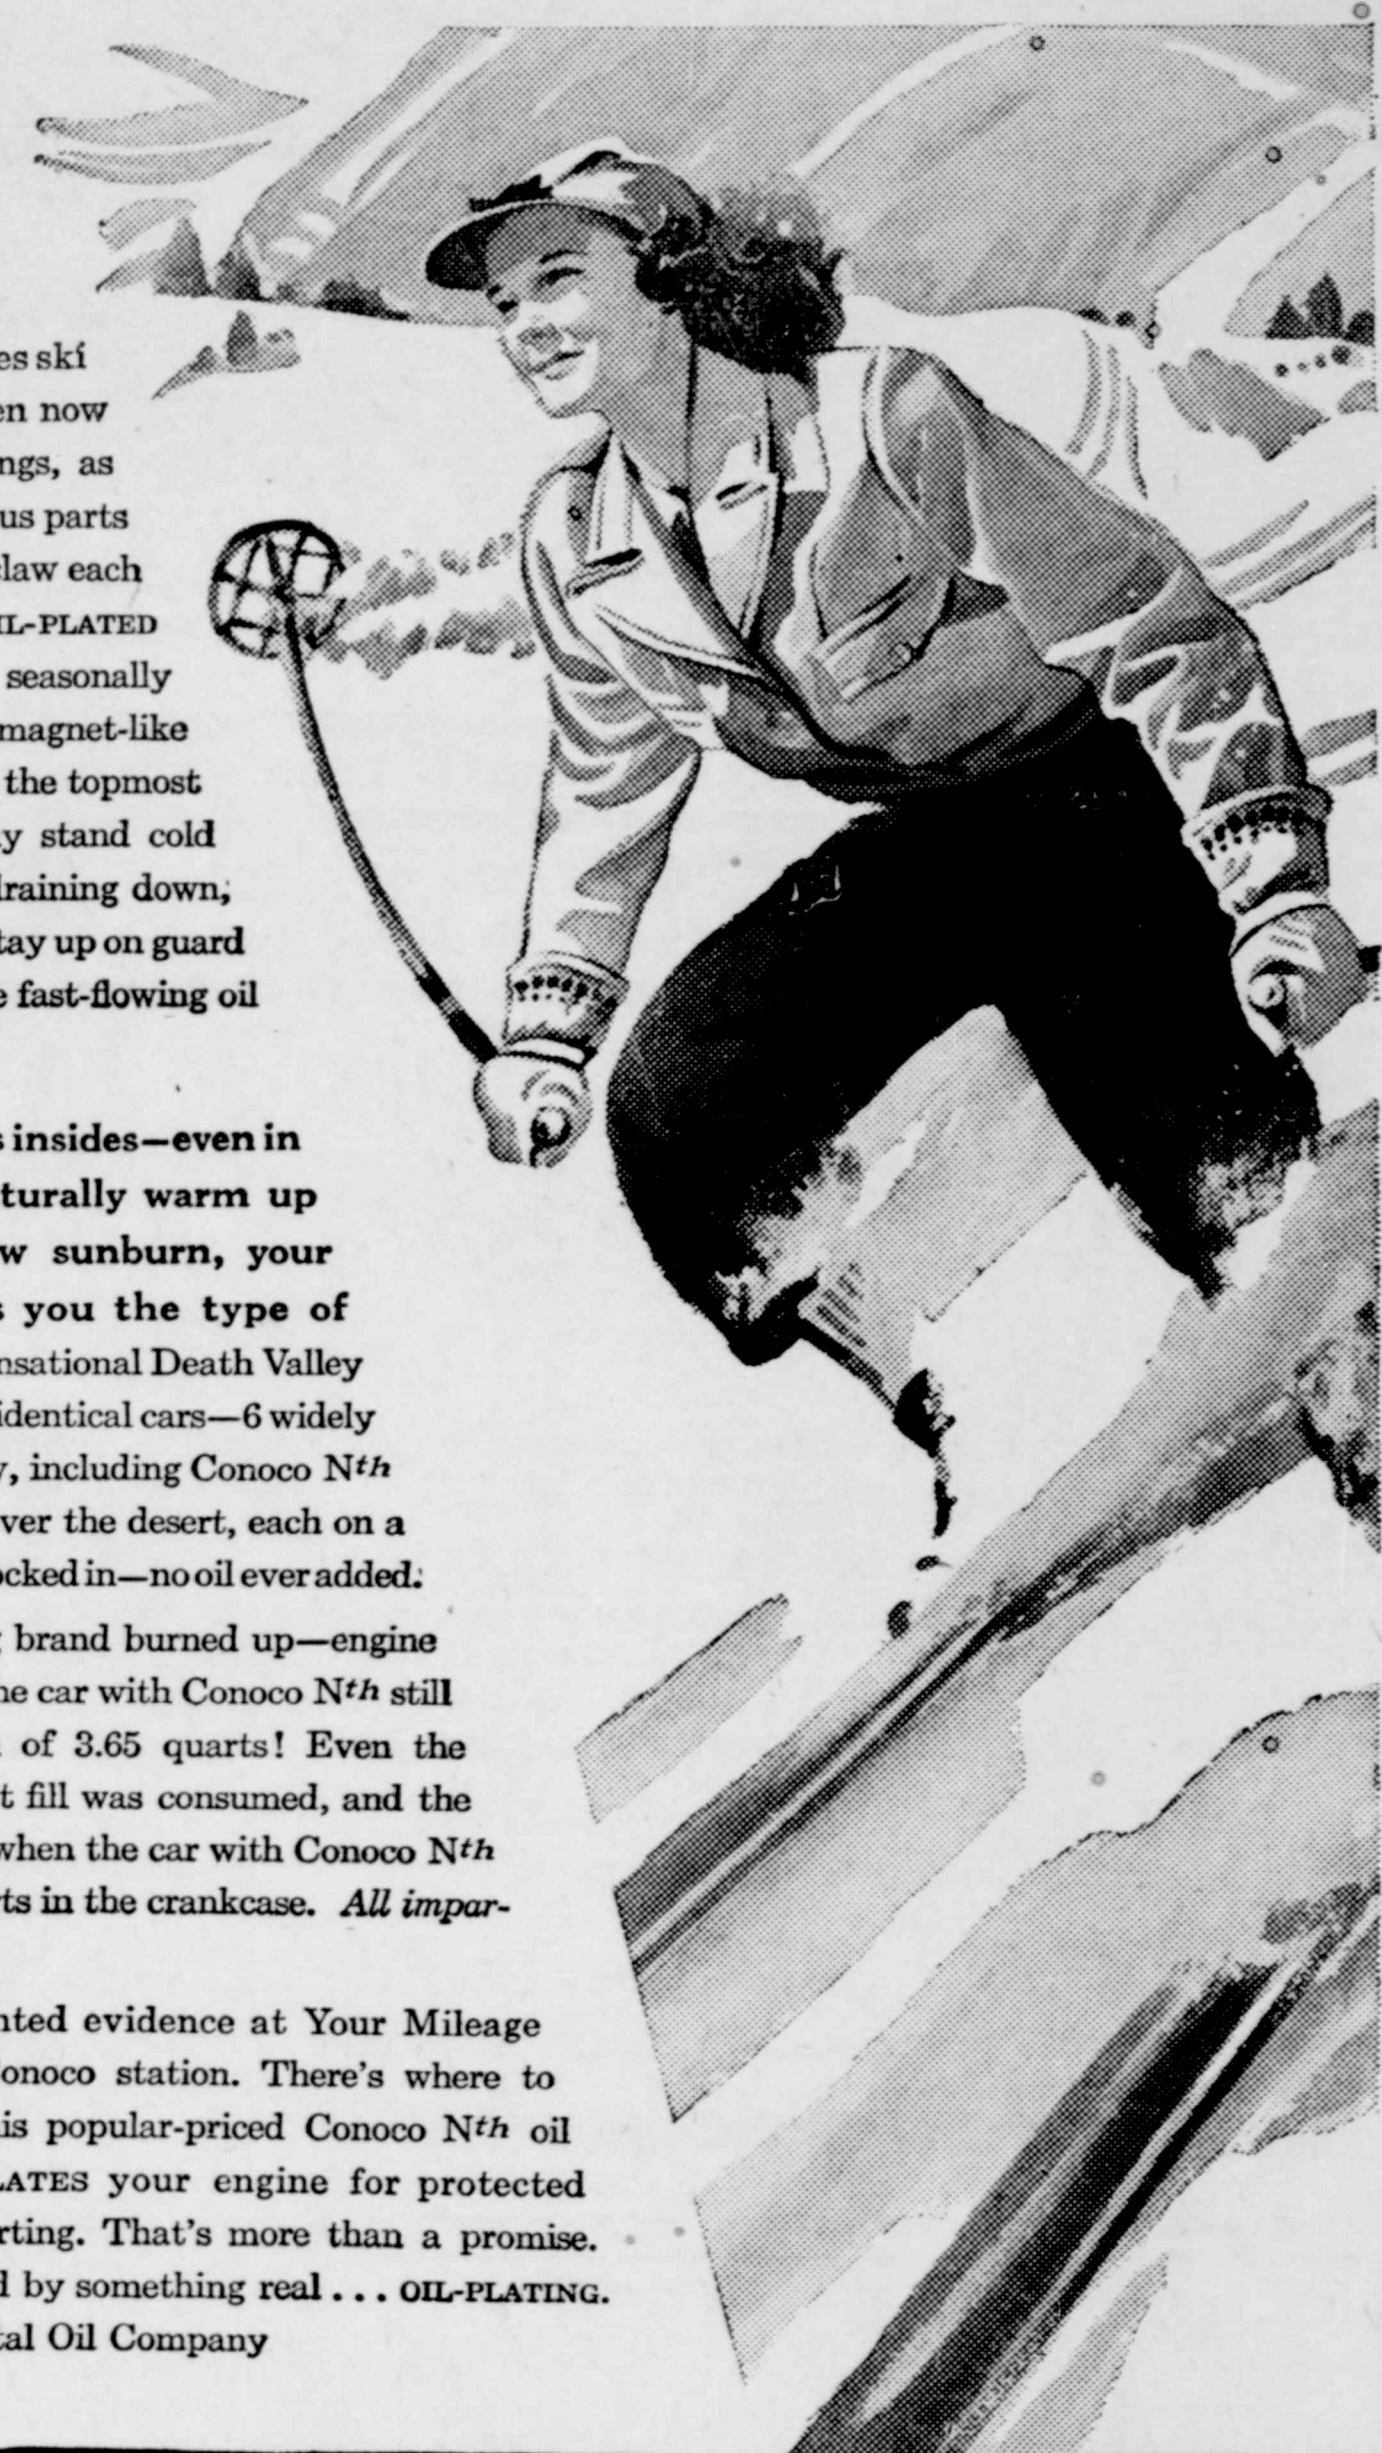

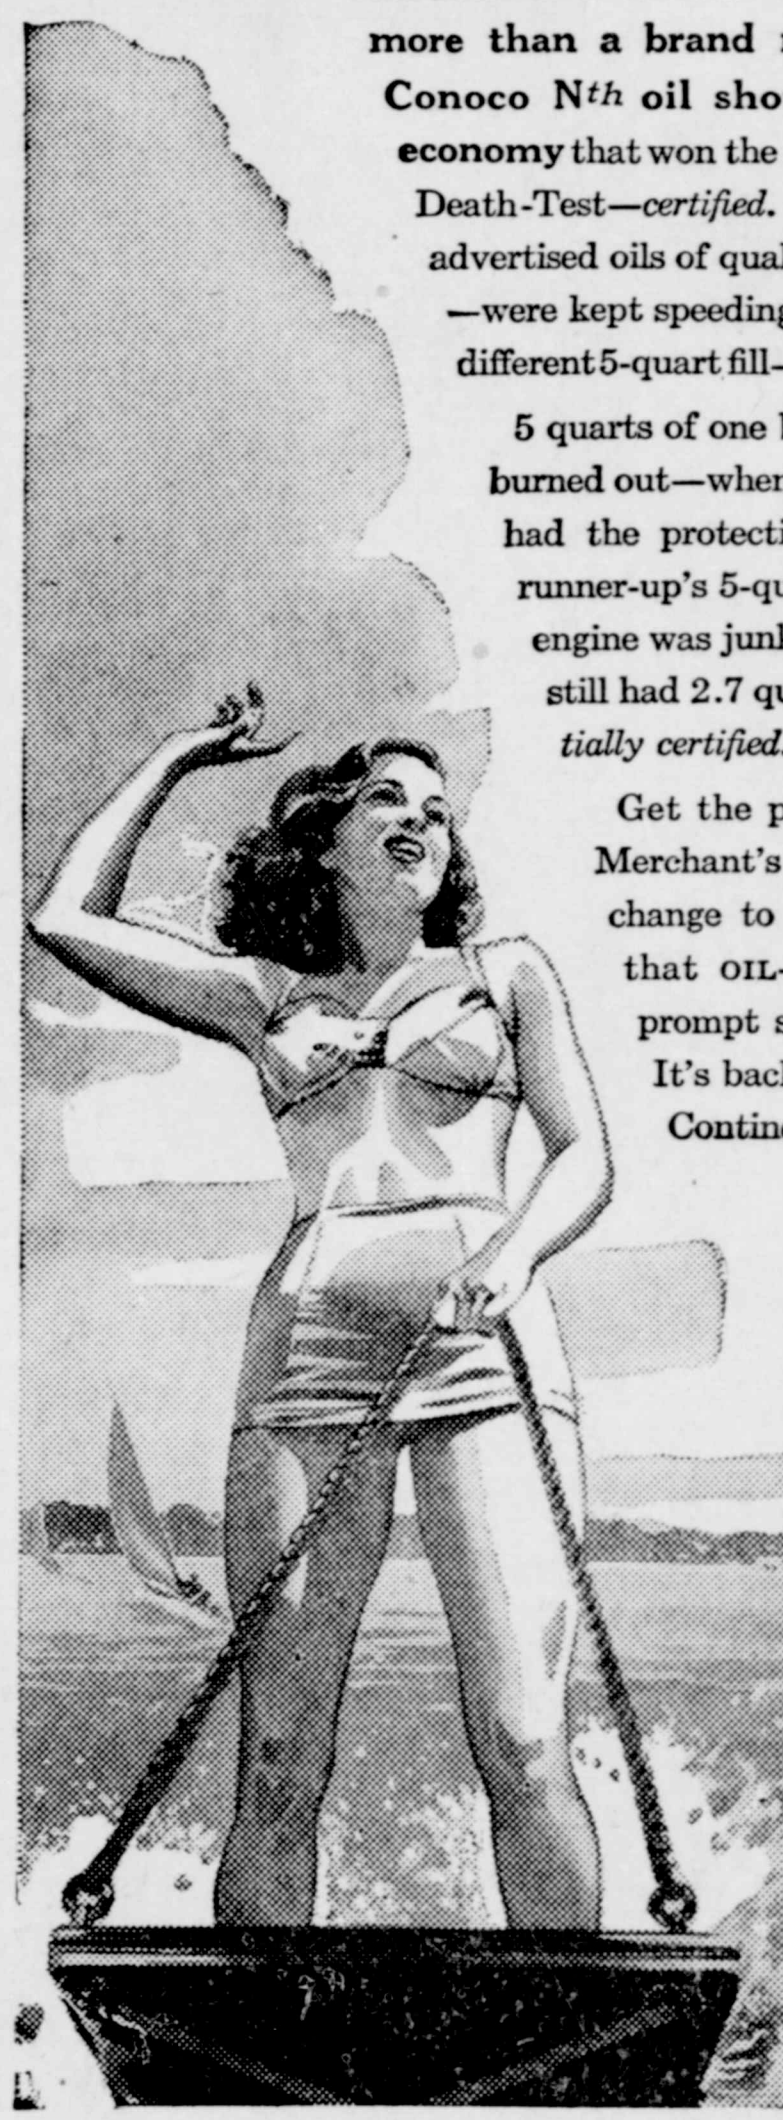

**N**

**NEARER, NEARER** comes ski weather. Overnight even now your car gets steely cold. These mornings, as your starter prods the engine, the precious parts that you want to keep fit are rarin' to claw each other. But not after they're Winter OIL-PLATED by the quick simple change to your seasonally correct Conoco N<sup>th</sup> motor oil. Its magnet-like effect holds OIL-PLATING clear up to the topmost piston rings, though your car may stand cold for days. Instead of all quickly draining down, Conoco N<sup>th</sup> makes OIL-PLATING stay up on guard in advance—ready ahead of mere fast-flowing oil—to ease up the coldest starts.

Then when your engine's insides—even in Autumn and Winter—naturally warm up more than a brand new sunburn, your Conoco N<sup>th</sup> oil shows you the type of economy that won the sensational Death Valley Death-Test—certified. 6 identical cars—6 widely advertised oils of quality, including Conoco N<sup>th</sup>—were kept speeding over the desert, each on a different 5-quart fill—locked in—no oil ever added:

5 quarts of one big brand burned up—engine burned out—when the car with Conoco N<sup>th</sup> still had the protection of 3.65 quarts! Even the runner-up's 5-quart fill was consumed, and the engine was junk, when the car with Conoco N<sup>th</sup> still had 2.7 quarts in the crankcase. All impartially certified.

Get the printed evidence at Your Mileage Merchant's Conoco station. There's where to change to this popular-priced Conoco N<sup>th</sup> oil that OIL-PLATES your engine for protected prompt starting. That's more than a promise. It's backed by something real... OIL-PLATING. Continental Oil Company

**GAVE TWICE THE ENGINE LIFE!**

**CONOCO N<sup>th</sup> MOTOR OIL**

This oil that OIL-PLATES gave its engine more than twice the life averaged by the engines using the other oils in the Death-Test.

In these times use your car prudently. And use oil that's great for engine life—changing regularly as recommended.

Good starting—good lubrication against all needless wear—helps conserve gasoline, too.

**GAS HEAT gives Health and Comfort!**

- There's no place like Home, so why not enjoy it? You will enjoy the health and comfort of Natural Gas Heat.
- Automatically controlled Gas Heating Appliances provide warm air circulated into every corner of the house, making your home more healthful and comfortable.

**WEST TEXAS GAS COMPANY**

was 23 degrees below zero at Tullia Swisher county, February 12, 1899 and at Seminole, Gaines County February 8, 1933.

**FRANK ALBERTSON**  
Prominent in the cast of Republic's new melodrama "Citadel of Crime".

A report on the cotton spinning industry for June shows 104,662,016 active spindle hours in the state for the month. The average hours per spindle in Texas was 431—slightly above the national average of 408 hours per spindle.

Mrs. Boucher of Abilene visited this week in the home of her sister Mrs. Spencer Kendrick.

Brownfield FRIDAY SATURDAY Texas

**Abilene Expects 5,000 Texas Baptists**

The 5,000 Texas Baptists expected here November 11-14 for the annual meeting of The Baptist General Convention of Texas, will find Abilene prepared to care for the crowds, members of the local committee reported

Dr. W. R. White, president of Hardin-Simmons University is general chairman. Hardin-Simmons University whose Golden Jubilee will be celebrated during the Convention, is spending \$10,000 to remodel and enlarge its auditorium. Total capacity will be 3,000 and another 1,500 can be seated in the gymnasium across the street, where a public address system will bring the program to overflow crowds. The First Baptist Church, where the Woman's Missionary Union will hold its sessions Nov. 10 and 11, while the Brotherhood convention meets in the Hardin-Simmons auditorium, is spending \$5,000 remodeling and redecorating its auditorium.

The Abilene Chamber of Commerce is conducting an intensive drive for homes in which convention messengers can be housed. A goal of 4,000 homes has been set, and messengers should write Don Wallace, Abilene, Chamber of Commerce, for reservations either in homes or hotels.

**SADIE HAWKINS JAMBOREE FRIDAY NOV. 7**

The local Sub-Deb club is sponsoring a Sadie Hawkins dance at the Legion Hall at seven o'clock Friday November 7th.

All school students are invited to attend. It will be properly chaperoned. Come and join in the fun.

Admission, fifty cents per couple or stag.

**QUILTING CLUB MEETS**

The Tokio Quilting Club met in the home of Mrs. L. D. Garrett Oct. 16, 1941.

One quilt was quilted and hemmed and about one half another one was quilted.

Cookies and cocoa was served to 24 members and three visitors. Mrs. Gordon and daughter from Oklahoma and Mrs. Garrett.

**BAPTIST WOMEN MEET**

The Word, in South America was the subject discussed at the meeting of the women of the First Baptist church, Monday at the church. The President led the meeting, those taking part were Mrs. Claud Henderson, Mrs. Gladys Green, Mrs. Cass, Mrs. Allridge, Mrs. Shewmake and Mrs. L. O. Greenfield. There were 35 members present.

Next Monday the circles will meet to sew for B O H and mission study. Lois Glass Circle will meet with Mrs. Nathan Evans, at 2 o'clock to sew and have mission study.

The Reagan Circle, the Locket Circle and the Lunsford Circles will meet at the church in Mission study, at 2 o'clock.

The Christeen Chenn Circle will meet with Mrs. Allridge, soon after lunch and quilt a quilt for the Orphans Home.

The Lena Lair Circle will meet with Mrs. Tarpley soon after lunch and sew for the Home and Study Missions. We hope every woman will find her place in one of these circles.

**JUDGE SAYS—**

Press reports that the Germans have taken Odessa, but we have no late communique from Midland.

The oldest and most similar Priorities rule is the marriage law: Both are proclaimed during war and have exceptions.

Three more of our ships, this week, have been struck by them hit-and-run drivers. We wonder if those icy-lationists, who "tee hee" at such incidents, would laugh if a Montana cattle truck, while passing through Wisconsin, on its way to the Chicago market, was wrecked by a drunken driver, and tell commercial trucks to stay off the highways, or go after the culprit?

We are loath to criticize wet weather in west Texas, but it does seem like this week's rains was rather unnecessary.

Mr. and Mrs. Paul Peacock received word that his father is seriously ill in a hospital at Corsicana. They plan to visit him this week end.

**PRESBYTERIAN CHURCH**

Sunday School 10 o'clock. Morning Worship 11 o'clock. King's Messengers, 6:15 P. M. Night service 7:30 P. M. Women's Service Guild, Monday, 3:00 P. M. at the church.

We especially invite all new Presbyterians in Brownfield to attend Church next Sunday. We need you and we believe you will see the church. Come and be with us.

Mr. and Mrs. Odis Kelly and Mr. and Mrs. Bernice Blevins spent Sunday driving through the oil fields and on to Sundown, Levelland, the new Air Base and spent the remainder of the day in Lubbock.

Judge J. W. Oliver reports that 25-100 inch of rain fell Tuesday, and 35-100 up to Wed. noon. This puts the year's total more than 36 inches, or three feet of water.
