Your Home Owned and Home Managed County Paper — Where Farming, Ranching and Oil Fields Bring Prosperity to Terry County People

VOLUME THIRTY-SEVEN

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY JANUARY 16, 1942

NUMBER 24.

Bond Quota Announced For Terry County

J. O. Gillham, Chairman of Defense Bond Sales Committee for Terry County announced this week that Terry County's quota for 1942 is \$552,400. This information came from the State Headquarters at Austin.

Mr. Gillham made the following statement with reference to this quota: "This is a rather large sum to raise, but it can be done, but only with the cooperation of every citizen. We cannot stand back and wait for the rich man to buy these bonds, but every man, woman and child in Terry County will have to do his share. If you cannot buy bonds, buy some stamps each month at your bank or post office and when you have accumulated as much as \$18.75 in stamps they can be exchanged for a \$25.00 bond.

We would like to see every merchant and industrial establishment in the county together with their employees buy bonds and stamps each month by means of a salary deduction plan. Our boys are giving their lives for our country and we, the folks at home, must furnish them with guns, tanks, planes, and other implements of war and the only way we can do this job is to buy Defense bonds and stamps.

Records up to now show that more than 75 per cent of bonds which have been sold in the United States are of \$25.00 denominations which show that the rank and file of our people are the ones putting the Defense Bonds over the top. If you have not bought your quota do so, now is the time our Government needs the money."

W. H. Dallas Announces For Justice of the Peace

To the voters of Precinct 1, Terry County, Texas, I herewith submit my name as a candidate for the office of Justice of the Peace in the coming Democratic primary. As is probably known to all by this time there was a vacancy in this office caused by the tragic death of the Hon. J. W. Oliver. We are sorry over the death of a good friend and faithful officer. But under our system when one passes on another has to take his place.

The Honorable Commissioners' Court has appointed me to fill the vacancy in the office of Justice of the Peace, Precinct 1, Terry County, Texas. I have made bond and am carrying on the duties of this office. I hope I shall so conduct the office that I may merit an election at the coming primary. In the emergency through which we are passing this has become a very important office. There has to be some one elected to fill it at the end of this term, hence by announcement for the office. I find that the office requires most of my time but I hope to see each one as the days go by. If I do not get to see all of you before the Primary it will be because I am busy attending to the duties which go with the office. I sincerely ask for your influence and support.

I want again to thank the Commissioners' court for kindness and consideration given me and I solicit the cooperation, consideration, good will, and votes of each and every one.

W. H. Dallas.

Not All Tractors Will Have Rubber Tires

"Jack" Jackson, head clerk with the Chisholm Hardware, informed us recently that they would be able to get some new John Deere tractors and equipment, but that about every other one would have steel instead of rubber treads.

This of course is due to rubber shortage. It may be possible to equip steel tractors with rubber, when the war emergency is over. In the meantime, some may have to haul their cotton and corn to town or gins with old Dobbin and Liz next year.

Denver City Men Held In Bank Holdup

We had a story last week about the hold up of the Sudan First National bank, and the story of the arrest of the bandits broke in plenty time to add to our story, but we forgot it at the last minute rush to get out the Herald.

The younger of the two, Leroy Pennick, of Denver City, was first arrested at a night spot in Fort Worth, where he was having a high heel time and was real lavish with money, giving a shoe shine boy an \$11 tip. He got too talkative, and city detectives nabbed him.

He gave away the story of the robbery after several hours grilling, implicating Bill Lambert, 28, also of Denver City, who is said to be a rodeo performer. Some \$900 of the money was taken from Pennick, and a second hand car he had bought was turned back to the dealer and that money recovered.

Considerable of the money was found at the home of Lambert, but the exact amount was not stated. It seems that Lambert had kinder "worked" his younger pal in crime by giving him a stack as high as his, but all the big bills were in Lambert's stack while most of the one dollar bills were in Pennick's pile.

Some of the money still had Dallas Federal Reserve bank wrappings on them.

Banker, Merchant, Druggist On The Tire Board

Judge C. L. Lincoln stated this week that R. M. Kendrick, president of the First National Bank, W. H. Collins, head of the Collins Dry Goods Co., and Jim Graves, owner of the Corner Drug store, composed the tire Rationing Board of Terry County. Mr. Lincoln said that the reason all were appointed from Brownfield was in order that they might be able to call a meeting on short notice.

These men, stated Judge Lincoln will make their own appointment of inspectors. Later Mr. Kendrick was contacted, and stated that he believed the Rationing Board would appoint all the tire dealers in Brownfield as inspectors, as well as perhaps Meadow. However, Kendrick did not enlarge on the size of their territory, but we just supposed it covered Terry County.

Gaines County Candidates To Conserve

The Gaines county candidates in order to conserve money, tires and many weary hours, have given notice in display ads in the Seminole and Seagraves papers that they will not make a house to house canvass this year, not attend pie suppers. But will use the money thus saved to buy Defense Bonds and Stamps.

This is mostly signed by the "ins". In case they have an opponent that will not agree to the above, that individual is released from the obligation, to make any kind of canvass he wishes.

This is not a bad idea at this time, when every dollar possible must go to our national war chest.

P. O. Will Collect \$5.00 Annual Vehicle Tax

Unless Congress changes the vehicle tax this month, the Federal government will collect the vehicle tax through local post offices and internal revenue collectors offices all over the nation.

According to the present law every vehicle owner must buy one stamp by February 1. This one will cost \$2.09 per vehicle. By June 1, 1942, the beginning of the government's fiscal year, he must have purchased a second stamp, which will cost \$5 and last a year—as will all subsequent auto stamps.

Here In Interest Of Rural Electrification

Edward P. Price, who is connected with the promotional end of the Lyntegar REA, was over this week, and was a pleasant caller at the Herald office. He stated that many miles of line would be built in north and west Terry, and west Yoakum with the new appropriation.

Many in the north and northeast part of the county are already tied on with the utilities company at Meadow, and the new lines would be in the Gomez and Johnson vicinity, as well as the Tokio area in both Terry and Yoakum counties.

Mr. Price hardly thought that the new lines would be tied in with the big utilities plant now being built near Denver City, except indirectly.

He also stated that U. S. Senator W. Lee O'Daniel and our Congressman, George Mahon had worked faithfully with the Lyntegar Cooperatives in getting through the appropriations as well as the priorities order for the new lines in Yoakum, Terry, Lynn, Hockley, Garza and probably other counties. Some of the counties mentioned are already pretty well supplied, and this last 230 miles of REA lines, is additional to several hundred miles already in operation.

Scrap Iron Collection Near City Plant

The American Legion has undertaken the collection of scrap iron, steel, copper, brass, aluminum, in fact all kinds of metals states, Tommy Black. A place has been provided for this near the city electric plant, and next to the Texas Company wholesale warehouse.

He stated that as soon as a car of the metal is collected, it will be sold, and the proceeds in the form of Defense Bonds will be reloaned to Uncle Sam to carry on the war.

The AAA also has a plan, which they submitted this week, but as they gave no location for the depositing of scrap metal, we feel that it might cause confusion. All are wanting to help, it is true, but if we can keep from duplicating each other in our efforts, we'll get more done.

However, Mr. Pearce Warren of the U S D A states that scrap metal dealers names may be had at his office.

As "Red" Carson, Joan Bennett has her strongest role in the powerful new drama "Confirm or Deny" which stars her with Don Ameche.

Golden Gloves Tournament Jan. 29th

Lynn Nelson, president of the Jaycees, visited several communities this week in the interest of the Golden Glove tournament which will be held here the night of January 28th, and if interest is sufficient the following night.

Nelson stated that interest was growing, but he would be unable to give definite announcements until next week. Watch this paper for such announcements next week.

A. W. Turner was in Lubbock on business Monday.

Seeing A Portion Of The Oil Fields

It having been several months since we had been over the west and southwest portion of the area oil field, the Old He and She, accompanied by daughter, Mrs. H. Trigg, of Brownwood, Mrs. Evelyn Herborn of Long Beach and little Jack III, made the rounds Sunday, with the exception of the Cedar Lake Pool, and the Hockley, Cochran and Terry sections of the Slaughter pool. It has been but few months since we saw the latter, but will herewith have to admit we have never been to Cedar Lake since oil was discovered there, though it is not much over 20 miles from Brownfield.

Yes, we put around 100 more miles on the old Stars and the '40 Chevys, but we sometimes figure that it is best to wear 'em out and not let 'em rust or rot out. So, like a little youngun, we'll not walk too much before it is time to do so. We might eat too much if we walked too much, and whatever we do, we are in for pain of barking dogs, not to say anything about the cost to our pride and dignity—if any. Pappy John Powell made us a cane not long ago that is guaranteed to meet any eventuality, but it is a fast walker, taking on a lot of the pent up energy of its inventor, and we'll have to get used to its pace by degrees.

Oh! Yes—Subject: Oil Fields

We had limped so far afield that we had almost forgotten our subject. However we can't quit a walking subject without some of the heartening part of the matter. A very intelligent man, we took him to be, informed us Tuesday that our endurance period would only be about 12 to 18 months. By that time synthetic rubber would be here in plenty if not the old tree variety. And he thought we would by that time have the Japs running from under the rubber trees. Talking about synthetic rubber, reminds us to get back to oil from which the make-believe rubber is to be made, and we hope to stay with the subject this time. We headed west on U. S. 380 through Gomez and Tokio, the latter recently having declared war on the Jap Tokyo (a little matter of difference in spelling, you see) and on to Plains. While we took 214 State south from Plains, we got close enough that there looked to be considerable building since we were through there in June. Many of the homes too, were remodeled and painted, giving the little city a modern appearance.

No. 214 is a newly paved highway from Plains south through Denver City and on to Seminole. As daughter had heard much of Denver City, but had never seen it, we drove through the city. But it appears to have settled down a great deal from what it was a year ago, and the growth slower. Some substantial buildings have been erected but many were empty Sundown, a newer oil town has gotten some of its business houses as well as small residences, and Brownfield, too has added a number of its residences. Saw one being hauled in Sunday on the road a mile north of the highway, as trucks loaded with a house are not allowed on the highway. But the Denver City-Bennett and Wason oil fields are still spreading, but now it is just a matter of developing. The booming days are over.

Seminole Still Growing
Instead of taking the highway to Seagraves from Denver City to Seagraves, which is also now well paved, we continued on 214 to Seminole, county seat of Gaines county, as we had never been through the Seminole pool. One begins to edge this pool some five miles northwest of Seminole and it goes right into the city and a bit on east. Seminole is showing some growth, mostly of a substantial nature, but it seems that oil fields now days don't work miracle as of yore. While Gaines county is rich in pasture lands and oil, farming is yet a bit backward, most of it being in the Seagraves and Loop areas.

Seagraves is still a good town, but like most other towns that oil

West Texas Above Par With The State

The west Texas Chamber of Commerce has entered a strong protest to any and all rationing boards that now exist or may exist in making a flat rationing of all the state, for the reason that West Texas has greatly outgrown the rest of the state in many ways, and has at this time some 150,000 men in various training camps, not to mention the influx of many of their families.

The following figures are given in percentage of growth, etc., which goes to show that any flat rationing of West Texas with the rest of the state would be unjust and possibly injurious. The first figures are for Texas as a whole and the latter West Texas:

Employment 16 and 19.
Payroll change—42 and 32.
Postal receipts 6.6 and 18
Building Permits 4.6 and 300
Defense bond purchase 47 and 280
Retail sales (independent stores) 7 and 16
Oil production 14 and 26.
Agricultural production 30 and 42.

In addition, water meters increased up to 11 per cent in west Texas, with the normal state increase of 2.5 per cent. West Texas made 57 per cent of the cotton crop the past year also. Taking it on population, for the past 50 years, West Texas has shown an increase of 485 per cent, Texas as a whole 210, and the nation 144 per cent.

Registration For Civilian Defense

On Monday afternoon, January 19th, from 1 o'clock to 6 o'clock, the citizens of the City of Brownfield and Terry County will be given an opportunity to register their services in the National Defense Program.

All able bodied men and women not expecting to see Military services and feel that they could fit into the numerous voluntary functions of Civilian Defense at home will be given a chance to sign a volunteer enrollment card.

There is nothing compulsory about the registration other than that it is in the interest of Patriotism.

If you desire to be of service in voluntary work here at home in defense of your country be sure to register Monday afternoon from 1 o'clock to 6 o'clock p. m. Local Defense Coordinators

County Quarterly Singing Convention

The Terry County singing convention will meet Saturday next, the 18th with the Gomez community in the school building. Good gospel singers, and those who like good singing are cordially invited, stated Mack Thomason, this week.

Terry county people are asked to bring well filled baskets of food, in order that singers from other counties may be cared for. Good singers over a wide area are expected.

Mr. Thomason stated that there was nothing that people need more than good gospel singing during these troublesome times.

New Front Adds Greatly To Drug Store

Workmen this week completed the glass tile front to the Nelson-Primm drug store, that added greatly to its looks.

The tile is of dark texture, and pleasingly marked.

made, has its stops and goes. However, it will always be a good trading center, as it has a good farm-ranch section about it that will be there long after the oil is exhausted.

We think our next trip to a nearby oil field will be at Cedar Lake, as we have never seen it. Most of the cotton crop has been gathered, although there is considerable scrapping up to do, and all the row crops are either in the shock or stacked about the barns. Very little of the fine corn crop has been harvested.

Bank Statements Best In History

In another part of this issue of the Herald, will be found the statements of the Brownfield State Bank and the First National Bank, which they, as well as the Herald hope you will read, as they are printed for the benefit of their customers. While the two banks lacked some 130,000 in touching the three million mark, they are in fine shape, you'll admit.

When the banks of a small city like Brownfield have around three million dollars on deposit, and at the same time those institutions have more than three million of resources, and more than two million cash and available funds, they are in fine shape in any man's country. For the call of December 31, 1941, the two banks showed the following combined resources, deposits, cash and available funds, loans:

Resources ----- \$3,085,291.56
Deposits ----- 2,868,041.42
Cash and avail. ---- 2,123,134.97
Loans and discounts ----- 917,721.64

In order that the reader may compare the bank statements of one year ago, with the present statement, we give the combined resources, deposits, cash and loans of that period, as follows:

Resources ----- \$2,808,918.56
Deposits ----- 2,636,041.42
Cash and avail. ---- 2,038,075.98
Loans ----- 736,877.30

School For Deaf Helping War Work

Austin, Texas, Jan. 10—Terry County Herald Brownfield, Texas Dear Home Folks;

I returned to Austin Sunday, Jan. 4 after a pleasant Christmas vacation at home with my family.

I wish to thank my friends and relatives for the nice Christmas gifts I received. I like everything I got. My father gave me a radio, and I enjoy listening to the war news and other programs every day.

Our school is collecting money for the Red Cross to help the soldiers who are now in war. We hope that the United States will win. We must help our country in every way we can to win this war.

Our first semester examinations begin on Jan. 21. We shall have to study hard during our review, so that we can pass our tests.

I still enjoy getting the Herald and hope I keep getting it every week.

With best wishes to all,
Your friend,
Miss Alva Runnels

Tyrone Power as the "Yank in the R. A. F.," the new picture which stars him with Betty Grable, due Sunday at the Rialto Theatre.

Brownfield High Now In District 1-AA

Austin, Jan. 9 — Interscholastic Football District 1-AA today gained a new member when state officials were notified of the election of Brownfield to that district by its Panhandle members.

Athletic director R. J. Kidd, announced that the addition of Brownfield, formerly in district 5-A, made a six team loop of the district, including Amarillo, Borger, Lubbock, Pampa, and Plainview.

Mrs. Jim Graves in on the sick list this week.

We Think A Sight Of Our Calendars

Many of our local firms as well as paper and printer supply houses have presented calendars to the Herald this year. A few we will briefly mention. For instance, the one from Nelson-Primm drug store has the same old guy hung up again this year. Year before last he got his fish hook hung in a calf's ear, with a cow fixing to charge; last year he got tangled up in barbed wire out in the river, and this year he got his fish net gloriously tangled with some brush. The regular crowd is enjoying his situation from the sidelines.

L. O. Turner, distributor of Panhandle Oil Products, presented a lovely calendar with a very pretty little girl, kneeling in prayer for God to bless America. Miss Columbia in the folds of Old Glory is the back ground.

Cicero Smith presented a very appropriate calendar, representative of the building industry. Loyd Shoe Service had two kinds, both appropriate, and the Santa Fe with the usual Navajo Indian scene in Arizona.

Men 20-44 To Register February 16th

President Franklin D. Roosevelt has set February 16 as the day for the registration of all male citizens and most aliens of this nation between the ages of 20-44 who were not registered previously in the Selective Service registration.

Men in this age group will be subject to military training service according to the provision of the present legislature act providing for such registration. The date was fixed by proclamation. In his message the president made no mention of the registration of men between the ages of 45-64 who are to be registered later, but who will be exempt from service with the armed forces of the nation under the present enactment. It is estimated that an additional seven million men will add their names to the list of seventeen and a half million others who registered in 1940 and 1941 for possible military duty.

Your Waste Paper Will Be Collected

Tommy Black, Secretary of the Terry County Board of Development informed us this week that the Boy Scouts will collect waste paper each Saturday, the city turning over their trucks to them for this purpose. Have your waste paper on the front porch or out on the sidewalk near the door if you have no front porch, on Saturdays.

Any kind of old papers, newspapers, magazines, paste board boxes, egg boxes, etc., will do. Scarcity of paper has made this measure a demand. This waste paper can be easily made into new boxes, crates, and even wrapping paper.

Merchants To Limit Grocery Deliveries

We understand that grocerymen who deliver have made an agreement among themselves to make only three daily deliveries per day beginning next Monday. This is due notice to their customers to remember the time, and have your orders in at that time. This arrangement will not apply to Saturdays.

The first delivery will be at 10 each A. M.; one at 2:30 and another at 5:30 P. M. Cooperate by getting your orders in before time to make these deliveries.

Naturally this is being done to conserve tires on their delivery trucks.

Murphy May Receive "Wings"

Murphy May of Moffet Field, California, called his parents Mr. and Mrs. Tom May Sunday evening telling them he had received his "wings" and had been transferred to Long Beach, Cal. He will deliver airplanes to airfields in other parts of the U. S. A. Congratulations Murphy.

- FOR COMMISSIONER PCT. 5**
W. H. (Hosey) Key
- FOR COMMISSIONER PCT. 6**
J. R. (Dugan) Thomas

CITY OFFICES

We are authorized to announce the following candidates for Brownfield city offices, at an election to be held the first Tuesday in April, 1942, which will be the 7th day of April, 1942.

FOR MAYOR
Clyde C. Coleman

too much. It is a duty and a privilege. Suppose you lived in Herr Hitler's country. You'd have just about as much use for a poll tax receipt as a hog would a side saddle.

The latest to declare war on the JIG bunch (Japan, Italy, Germany) was Italy, Texas, but they were not mad enough to change their name, although more than fifty of their young men were in war services of the U. S. Another one to declare war on the Axis powers was Harlan County, Ky., sometimes known as "bloody Harlan", where the feudist knows his rifle. Harlan county is one of the big coal producing counties of the U. S. and the Harlanites instead of with trusty rifle, are going to fight the JIG with their coal shovels and picks, 24 hours and 7 days a week, digging coal to make iron, steel, etc.

We note that at least one paper has offered small prizes to readers on suggestion of what to do with Christmas cards. As stated, they may take up valuable space, but many of them seem too pretty, and the sentiments behind them too dear to burn or destroy. This is very true, and there is always some among them that are so original that one hates to part with them. For instance, the Herald family had one from Hill family at Corpus Christi, printed on rather rough wrapping paper but rather elaborate. The front told us what they would like to send us, and the next best thing was to show us "pitchers" of what they wanted us to have. So to the scissors and a Bellas-Hess catalogue. Upon opening the huge 16x20 sheet, there was the cut-outs from the catalogue, many of them, various things, but looked more like the styles of 1890 than 1941. Then our district attorney sent his card all the way to Santa Claus Ind., for mailing and Tom May took his pen or pencil in hand to get over some of his rare and sentimental poetry off on us. A lot of us lazy guys hate like heck to take the time and trouble sending our friends and customers Christmas cards, but feel slighted if they fail to send us one. Just a bad break in human nature working overtime.

Editor Nyles Morris of the Ropes Plainsman sent us his paper last week with some headlines and ads in two colors, black and red. One particularly good ad was addressed to Ropes city taxpayers. Maybe the red lettering hinted to them they were in the red at the Ropes city hall.

Speaking of Christmas cards and presents, reminds us to say that one of the most appreciated we received this year was from a little five year old lass in this city, who has from the time she could talk seem to think a heck of a lot of this old hulk, calling us Daddy Jack. This little tyke sent us a tie Christmas all done up in pretty wrappings, and on the box was "to Daddy Jack from Jonelka". We would make an enemy of any grown person rather than lose the friendship of one little child.

We are not going to have a long say to the voters this year about paying your poll tax. They know as well as we that this is a campaign year, and if you vote in Texas, you'll have to have a receipt that costs you \$1.75, most of which goes to our schools. As for us, we paid our last one last year, but because we are exempt now, we are not going to set on the sidelines and urge the other voters to pay his poll tax

just about emerging from a depression all the time, and careful is the watchword. Many happy returns of the day.

Inflation of prices have their danger as seen by the examples of the 1920's. And if anything, deflation is even worse. One does not have to be old to remember examples of both.

My Week
by Eleanor Roosevelt

CIVILIAN DEFENSE PLANNING
I am planning to spend a little while thinking out problems of organization. We have, in my department in the Office of Civilian Defense a number of divisions reaching out through the regional bureaus down to the community level. I am convinced, however, that we need one over-all planning group, and two other groups to meet those needs by the use of every available agency, public and private. This over-all planning group will tie in all the other divisions and use them to the best advantage, besides working closely with the civilian protection organization. The whole picture will be able to meet new needs and unexpected demands as well as those situations which already exist.

I have always held that a good organization should function in whatever way you planned it to function. In this particular case, I think it important for the heads of the Office of Civilian Defense to keep in close touch with the regional offices and to see as much of different localities as possible.

The day when I shall be satisfied that my small part of the Civilian Defense Office will go on, whether I am on hand or not, has not yet come. I feel sure that it will soon be accomplished, particularly with the able leadership heading up the various divisions, and all the people who have been my close assistants working with Mrs. Henry Morgenthau Jr.

STUDENT FEDERATION

One Sunday morning I left New York City for Minneapolis, Minn., for I had promised some time ago to spend a little while at the convention held there by the National Student Federation. This organization is composed of the elected heads of government bodies and can be of great value in directing the thought and activities of these young college people, many of whom are going to be leaders of their association.

I read an editorial written by Dr. Alvin Johnson, the director of the New School for Social Research, in New York city, in their bi-weekly bulletin, and I could not help thinking how valuable a stimulus to young people this type of short article might be.

The outstanding thought in it is,

CITATION BY PUBLICATION

THE STATE OF TEXAS TO:
George Ross, and the unknown heirs and legal representatives of George Ross, the unknown heirs and legal representatives of Pat J. Ross, deceased, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 2nd day of February, A. D., 1942 at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 17 day of December, 1941.

The file number of said suit being No. 2735. The names of the parties in said suit are: Tom Cobb, Joe Cobb, A. M. Brownfield, Joe J. McGowan, J. E. Mabee, Wrightsman Oil Co. Inc; Minnie L. Rhome, individually and as independent executrix of estate of B. C. Rhome, jr., deceased, W. B. Powell, Eugene T. Adair, Alma Hancock, individually and as independent executrix of the estate of John Hancock, deceased, Jess I. Norman, Trustee, R. M. Barron, Cornelius Schnurr and Geo. P. Livermore, Inc., as Plaintiffs, and Solon Clements jr., the heirs and legal representatives of Pat J. Ross, deceased, George Ross, his heirs and legal representatives as Defendants.

The nature of said suit being substantially as follows, to wit: suit to partition the oil, gas and other minerals, in, on and under all of section number Twenty (20) in Block D-11, S K & K Survey in Terry County, Texas; said plaintiffs alleging that plaintiffs own together 606/640ths interest in the oil and gas and other minerals in, on and under the said land that the defendant, Solon Clements jr., owns 31/960ths interest in the oil, gas and other minerals in the above described land; and that the defendants, the heirs and

that in the past, at the end of periods of great crisis, we have tried to reconstitute the past to the future:

"The physicists have discovered the possibility of penetrating the black fog of London with infra-red rays. Reason is, after all, a kind of infra-red ray."

We should use our reason to understand the meaning of the past and to shape our action in the future. We have learned what not to do. Have we the courage and foresight to begin to build a new order when this crisis is over?

TWO WAY PASSAGE
Since mentioning Mr. Louis Adamic's "Two Way Passage" I have finished the book. I thought it showed keen insight into the various strains which make up the United States. Whether his plan for a two-way passage is possible, just as he describes it, or not, only time will show. One thing is sure, this two-way passage must serve to interpret what we have accomplished in this nation by way of good will and better understanding.

This puts upon us in this country a tremendous responsibility to live up to our theories of democracy and make them a reality in every part of our own country. We must live down our prejudices, whatever they may be, and be sure that we make every act of ours conform to our Bill of Rights, and to the highest ideals of a democratic nation.

RELAXATION
A few people came in to tea one afternoon. The President worked right through with the prime minister and others, so we were late for an eight o'clock dinner. The President made up his mind that they had all worked enough and needed relaxation, so we had a movie, which apparently was just the right thing for the occasion. It was called "The Maltese Falcon," and as far as I could discover was a mixture between an old-fashioned melodrama and a detective story.

I had to work and wasn't quite sure that I was up to anything so exciting as this movie promised to be. I joined the party at the end of the picture and found everybody completely restored to working capacity. They had really been engrossed in the picture and were then able to turn back and to go to work for another hour or so.

IMPORTANT PROBLEMS
I spent nearly two hours one morning with some of the officials of the Bureau of the Budget over the estimates for the coming three months for the Office of Civilian Defense. A number of people came to lunch, among them Dr. John Studebaker, education commissioner.

He has such an extended program for forums all over the country that I wanted to discuss with him the possibilities which lie ahead in education through forum groups in matters relating to civilian defense.

legal representatives of Pat J. Ross, deceased, and George Ross, his heirs and legal representatives, own 1/48th interest in the oil, gas, and other minerals in, on and under the above described land and premises; that the Plaintiff, George P. Livermore, Inc. does not own any of the oil, gas and other minerals in, upon and under said land and premises above described, but has in escrow oil and gas leases on said land; and prays for a partition of said minerals and oil and gas.

Issued this the 18th day of December, 1941. Given under my hand and seal of said Court, at office in Brownfield, Texas this the 18th day of December A. D., 1941.

much to all Americans.

The Women's Guild met Monday with Mrs. Ralph Ferguson, leader. The topic was, "The Universal Church." Next Monday Mrs. John Collins will be the leader. All ladies are invited.

Baptist Church News

Last Sunday was a good day in this church with 386 in the Bible study period and the Volunteer Band from Wayland College bringing a program in the absence of pastor Rogers who is conducting a meeting at Farwell, Texas.

Our people are being sobered by the serious hour in which we live with our sons and brothers on the firing line and many others soon to depart for training and we who remain being marshalled for home defense and required to place what we have at the disposal of the government we would be fickle if we failed to consider what the price of victory for our country may bring to us, as individuals.

We are expecting better attendance at the services of this church and especially in the Bible study period as many people who have been living careless lives are considering their religious life and the claims of the church.

The regular Brotherhood meeting will be next Monday 7:45 P. M. and being the first meeting of the year it is hoped the men will be present in great numbers as the quarterly containing these monthly programs are now at the church office and can be had Sunday morning. It is hoped the men will assume this work in earnest and make it what it should be a great meeting for study but most of all for acquaintance and fellowship as we have men almost strangers to their fellows, as they seldom meet in the congregation.

May 1942 bring progress to each class in the Sunday school and every organization sponsored by the church as each one means development for the lives of the membership of the church and the spread of the gospel throughout the world. Visitors are welcome.

C. S. SCHAEFFER ELECTED SUPT. OF CHRISTIAN S. S.

Sunday morning the Christian church elected Mr. C. S. Schaeffer as Superintendent of its Sunday School for the coming year. Mr. Schaeffer asks all teachers and members of the Sunday School to be in their places at 10 A. M. each Sunday. Rooms have been arranged in the basement of the church and well heated, for the children's classes. You are welcome.

JOHNSON H D CLUB MEETS

The Johnson H. D. Club met with Mrs. C. D. Parker, Jan 6, 1942. The house was called to order and a short business session followed. Mrs. Graves resigned as president and Mrs. C. D. Parker was elected to act as president.

Mrs. R. D. Jones volunteered to be foods demonstrator. Nine members were present.

Miss Blanton demonstrated grape cuttings.

The next meeting will be with Mrs. Foster Winn January 20th. All ladies of the community are welcome to come.

Our old friend R. E. Shugart dragged himself in this week to renew. He is just getting up from a dangerous spell of bronchial pneumonia, and was still very weak, but convalescing.

R. D. Copeland of route 3, handed in his dollar on renewal recently.

Beautiful Ellen Drew who stars with Robert Preston in the exciting adventures of a new comedy mystery, "The Night of January 16th", which comes Tuesday to the Rialto Theatre.

SIX FOLD INCREASE IN EGG SHIPMENTS

A six-fold increase in the shipments of eggs from Texas stations to out of state points during November over the same month a year ago was reported by the University of Texas Bureau of Business Research.

According to November reports reaching the Bureau, 651 cars of eggs were shipped out of the state as compared with 114 in November 1940.

Live turkey shipments increased this November, 19 carloads being shipped as compared with 11 last year. Dressed turkey shipments fell, however, 386 cars being shipped as compared with 602 last year. Dressed chicken shipments were up to 27 cars from last November's, 20.

President Roosevelt is the most important man in the world today as the war is directed from Washington. You will recall a few weeks ago how the Japs attempted to lure him out to sea in the Pacific for a "peace conference" as he had previously held in the Atlantic with Churchill. You can now speculate why the Japs were so anxious to have the President leave the continent. His ship might have been a convenient target for a Jap submarine; or the Japs might have taken the President prisoner as a hostage of war. Since Pearl Harbor and the bombing of Manila, nothing is to horrible to speculate as to the motive of the Japs. Canyon City News.

Only four out of every 100 low-income farm people are in first rate physical condition, the USDA Farm Security Administration has announced after a check covering 2,480 FSA clients and their families. A total of 11,747 men, women and children in 17 states were examined.

Worriedly, ace correspondent Don Ameche gives final orders to rising young star Roddy McDowall, his assistant in a new dramatic hit "Confirm or Deny"

COMMERCIAL FAILURES IN TEXAS DECLINE

The number of commercial failures in Texas declined during November as compared to the same month a year ago, although remaining even with October, according to the University of Texas Bureau of Business Research.

Fourteen failures were reported during November, 12 less than for the same month last year. Total liabilities of failures gained 379.9 per cent over last November and 1,421.3 per cent (correct) over the preceding month, however, due to one large failure with liabilities totalling \$1,204,076.

• Supreme in Circulation

TEXAS LUMBER MILLS BEHIND WITH ORDERS

Austin, Texas—Unfilled orders were still piled up in Southern lumber mills during November, the University of Texas Bureau of Business Research reported today.

Announcing unfilled orders 24.4 per cent above those for November, 1940, the Bureau reported production of lumber off. Weekly production for November this year was 1.1 per cent below October and 7.4 per cent below November 1940. Shipments were off 12.7 per cent from October and 20.5 per cent below November, 1940. Un-

filled orders were reduced somewhat during November, the month total being 5.6 below October 1941.

In the recent 1942 cotton marketing quota referendum, 89.5 per cent of Texas cotton farmers voted "yes" to continue quotas for 1942. The national average per cent of farmers voting "yes" was 93.9.

James H. Dallas, P. M., and L. A. Greenfield, clerk at the P. O. both proffered their dollars the past week. Old L. A. was already paid up to 1943, what he don't know wont hurt him.

HOT SHOT GAS for SURE SHOT STARTING

There's nothing like high test to wake up a cold, sleepy motor. And Phillips 66 Poly Gas is loaded with high test aplenty!

But your comeback may well be: "That's what you say."

Right! What this greater gasoline will do in your car is more important, and far more convincing, than anything we say about it. So try a tankful and find out the fast-starting facts for yourself.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners . . . because Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline.

PHILLIPS 66 POLY GAS

CHRIST CENTERED CRUSADE LAUNCHED AT CHRISTIAN CHURCH

Last Sunday the Christian Church launched a Christ Centered Crusade that will run until Easter Sunday, April 5th. It is a church loyalty campaign based on the life of Christ. A huge map of the Holy land has been set up at the front of the church, and each Sunday morning the minister will trace the Footprints of the Master during His stay on earth. The four Gospels will be used simultaneously so that His life will be presented in chronological order.

Members and friends of the church are making pledges of loyalty to Christ and the church for these three months. These pledges include attending worship services, daily Bible reading, prayer, tithing and soul winning. Christ is practical. He is a realist. He has the answer to

your problems today. Come and learn where He went, what He did, what He said, what He means to the world, what He can mean to your life in these critical times. You are welcome.

PLEASANT VALLEY HOME DEMONSTRATION CLUB

The Pleasant Valley H D Club met Jan. 2 in the home of Mrs. A. Z. Couch. Twelve members were present. A trip to the home of Mr. and Mrs. Parks in Tokio for the purpose of learning the essentials of pruning grape vines and fruit trees was greatly enjoyed by all members.

After returning to Mrs. Couch's home a delicious refreshment plate of cake, coffee and cocoa was served to members.

Mr. and Mrs. R. L. Stallings of route 4 were Brownfield shoppers, Monday.

Judge Louis Reed To Report For Active Army Duty

District Judge Louis B. Reed, a Lieutenant-Colonel in the United States Army Reserves, has been ordered to report Monday to Fort Sill, Oklahoma for duty in the Field Artillery Replacement Training Center.

Judge Reed served overseas during the first World war and continued his work in the reserves until illness placed him on the inactive list several years ago. Since the outbreak of the present war he applied for re-instatement and requested immediate duty.

MRS. FRANK BALLARD PASSES

Mrs. Frank Ballard, 35, passed away Monday following prolonged illness from which she was never able to rally. Mrs. Ballard was brought to Terry County in childhood by her parents, from Paducah, Texas, and grew to womanhood and attended the public schools of this city. She was a general favorite among her playmates and school mates.

Funeral services were conducted at the First Baptist church Tuesday at 3 P. M., Rev. Avery Rogers, pastor officiating. Huge banks of flowers and a large crowd of sorrowing friends, showed the esteem in which she was held. Burial in Brownfield cemetery followed with Brownfield Funeral Home in charge.

She leaves her husband and daughter, Patsy Frank, also her parents, Mr. and Mrs. P. B. Brothers, one sister, Mrs. Howard Swan, and two brothers, Vernal and Oubrey to mourn her departure.

Active pall bearers were Ned Self, Eunice Jones, Cecil Smith, C. C. Primm, Ches Gore and H. M. Pyeatt.

METHODIST CHURCH

Last Saturday night and Sunday we attended the district meeting of our young people. May we thank each of you who furnished rooms and food for our guests you also helped in many other ways to make their visit pleasant and enjoyable.

Subject for the morning preaching service next Sunday: "The Bible". Subject for the evening service: "How to Get into the class of the Strong".

The President of our Nation has asked that we observe a moment of prayer each day.

May we salute the Mayor and City Officials of Brownfield for their immediate cooperation. Beginning next Monday there shall be a short blast of the fire whistle each evening at six o'clock. It matters not where you are or what you are doing; we hope that each of you shall offer a silent moment of prayer.

"This is the victory that overcometh the world, even our faith" (1 John 5: 4)

It is easy to love Him when the blue is in the sky,

When summer winds are blowing and we smell the roses nigh

There is little effort needed to obey His precious will

When it leads thru flower decked valley or over sunkissed hill

It is when the bombs are falling, and chill of death hangs in the air,

When the road is dark and rugged and the wind no longer fair

When the rosy dusk has settled to a sudden "blackout of gray

That we find it hard to trust Him and are slower to obey

But 'tis when we miss the music, and the days are dull and drear

That we need a faith triumphant over every doubt and fear

And our blessed Lord will give it; what we lack He will supply;

Let us ask in faith believing—on His promises rely,

He will ever be our Leader, whether smooth or rough the way,

And will prove Himself sufficient for the needs of every day.

H. D. CLUB NEWS

Home Demonstration met Tuesday January 6th in the home of Mrs. Homer Dupree. With the President, Mrs. Herman Pendergrass in the chair. The roll call was answered with "Our favorite farm paper and magazine".

Some nice talks were made on County land use planning committee and its use.

Mrs. A. B. Green is to be our bedroom demonstrator, and Mrs. C. I. Preston our pantry demonstrator.

Our next meeting will be with Mrs. C. I. Preston January 20th. Miss Blanton, our agent also Miss Hill the district agent will be with us. All members please be present.

WHO—WHERE—WHEN

Yes, they're coming. Who? The Stamps Baxter Songfellows.

"WE'LL KEEP 'EM RUNNING!"

YOUR CHEVROLET DEALER

Since the Chevrolet Motor Co. is cooperating with the Automobile Industry in manufacturing arms for the Armed forces, it will be impossible to purchase new cars except by priority order. So it will be doubly necessary to take the proper care of the car you are now driving.

OUR CHEVROLET-TRAINED MECHANICS, WORKING WITH CHEVROLET APPROVED TOOLS AND MACHINES, HAVE THE SPECIALIZED SKILL TO KEEP YOUR CAR IN TOP CONDITION

BUSINESS AS USUAL IN OUR SERVICE DEPARTMENT

We are very fortunate in having an ample supply of parts for Chevrolet passenger cars and trucks and we will endeavor to keep such a supply on hand at all times and we have the skilled mechanics in our organization to keep your car and truck rolling so that each may do his part in an "all-out" war effort. It behooves all automobile and truck owners to take care of their cars; to see that they are kept in good running order; to drive carefully; and above all things, to see that they are properly serviced. The latter is our responsibility. We are equipped to accept this task and will do so to the best of our ability

HAVE YOUR FRONT WHEELS CHECKED ON OUR FRONT-END MACHINE AND SAVE WEAR ON THOSE TIRES.

Here's Why Chevrolet Dealers Can Give You

"SERVICE THAT SATISFIES - SERVICE THAT SAVES"

1. Chevrolet-trained, thoroughly skilled mechanics
2. Chevrolet-approved tools.
3. Genuine Chevrolet parts.
4. A nationwide dealer service organization.
5. Lowest prices consistent with reliable work.

Teague-Bailey Chevrolet Co.
Brownfield Phone 100 Texas

WE'RE READY TO DO OUR PART

Today, more than ever, the best of care must be taken of your car. We can assure you the best possible service from your car if you let us check your tires, battery and lubrication system regularly. We are trained to do this job for you and our experience, together with our products will give your car an exceptionally long life.

WELLMAN F F A NEWS

The Wellman F F A Chapter met Thursday morning January 8, 1942 in a regular monthly meeting. It was decided that the chapter sponsor a pest eradication contest. It will be divided into groups of three, the group killing the most, rabbits, rats, mice, crows, hawks, etc., will be given a prize. Each boy in the chapter has agreed to buy at least one ten cent defense saving stamp each week to help Uncle Sam.

The publicity committee, consisting of J. D. Webb, Doyle Crowder and Billie Jack Little, reported that they have set aside one day each month to take pictures of projects and that at least three of these pictures will be sent to the State F F A magazine for each issue.

Also the Chapter started a contest to decide on a "Chapter Sweetheart". Each class will make nominations and one cent will count as one vote. The contest will close Jan. 30.

J. D. Webb, reporter.

EASTERN STAR HAS REGULAR MEETING

The regular meeting of the Eastern Star was held Tuesday January 6, with Worthy Matron Ida Bruton presiding. A card of thanks was read from the O. E. S. Home for linen which the local chapter sent them Christmas.

Christmas cards were read from Mary Lawson of Post who is Deputy Grand and from Ellie Hatcher. A report by Cornelia Moore of the disposal of baskets to needy families was given. Jessie Randall, acting as installation officer, intalled Pansy Gross as Ruth to fill the vacancy of Jim Smith. Ione Turner was elected president and teacher of the study club and Mary Ellen Brown was elected secretary-treasurer. Ione Turner presented Mrs. Randal with a birth day gift from the chapter. Thelma Peacock, Jessie Randall and Ida Patterson served hot chocolate and cookies to twenty one present.

MRS. McLAUGHLIN HONORS VISITOR WITH PARTY

Mrs. C. A. McLaughlin honored Mrs. M. A. Cruse of Rosebud with a bridge party at her home Monday afternoon. A delicious salad plate was served to Mesdames Ray Burke, V. N. Sibley, S. J. Davis, F. A. Scott, Bill Glasscock, Mike Barrett and the honoree. Mrs. Barrett had high score and was given a set of crystal ash trays. The hostess presented Mrs. Cruse with two beautiful handkerchiefs.

R. L. Bandy and family have moved to Dallas where he will attend the Airplane School.

LOCAL POET WINS RECOGNITION IN NEW ANTHOLOGY

Mrs. W. G. Hardin of Brownfield has been chosen as one of the Southwestern poets whose verse appears in the Southwestern Anthology of Verse, 1941, just off the press of the Naylor Company, Publishers, of San Antonio, Texas.

Although this anthology is being published in limited edition, the volume will go over the nation, and bring added prestige to writers of this southwest.

All poems included have been passed on by a board of editors, headed by Pearl Moore Stevens of Lubbock, former president of the Composers and Authors of Texas and America.

Mrs. Hardin's poem, published in Southwest Anthology of Verse, 1941, is entitled: The Tenderfoot.

WANTS WALKING KNITTING CLUB

Mrs. Lula P. Gainer has returned from her son's at Tatum, N. M. and called in at the Herald office to see if anyone had found her her knitting and thread she lost some weeks ago. No one has brought it in. This is the property of the American Red Cross and if you found it you will be doing her a favor to return it. Mrs. Gainer says she wants to get her a knitting class of middle aged ladies and she also wants to teach them to walk before the cars are all taken away. She walks some ten or twelve blocks to the Red Cross rooms in the Scout building, and says her new pupils must learn to walk to her rooms in the Little Hotel or if they will call her she will walk to them. She is 81 years old but you can never tell it from the way she gets around.

IDEAL CLUB MEETS WITH MRS. DALLAS

Mrs. J. H. Dallas was hostess to the Ideal club at her home Wednesday afternoon. Those present were Mesdames E. G. Akers, Lee O. Allen, Bob Bowers, I. G. Feeler, Dick McDuffie, Marlin Davis, Joe J. McGowan, O. L. Peterman, A. A. Sawyer, J. M. Welborn, McIver and Roy Wingerd.

The hostess gave defense stamps for high and second high score which were won by Mrs. Wingerd and Mrs. Bowers.

MRS. SCOTT IS HOSTESS TO LAS AMIGAS CLUB

The Las Amigas club met at the home of Mrs. F. A. Scott Friday afternoon and Mrs. W. S. Brumage, a member of the club who is moving, was given a handkerchief shower.

Those attending were: Mesdames Spencer Kendrick, Everett Latham, Troy Noel, W. R. McDuffie, W. S. Brumage, Wilson Collins, J. M. Welborn, Grady Terry, V. N. Sibley, O. L. Stice and M. A. Cruse of Rosebud.

Mrs. Stice scored high and Mrs. Collins second high and received defense stamps as a gift. Mrs. Kendrick won the bingo prize. A business meeting was also held with Mrs. Latham being elected president of the club and Mrs. Scott secretary.

B. A. U. SOCIAL

The B. A. U. of the First Baptist church had a social at the church Monday evening. About twenty attended. Games were enjoyed and refreshments of cookies and cocoa were served to those present.

CENTEX HARMONY CLUB

Canadian Folk Songs was the theme of the Cen-Tex Harmony music club when they met with Mrs. D. P. Carter, Tuesday afternoon January 13th with Mrs. E. Jones, president, presiding. Mrs. Joe Price, chairman gave a very interesting paper on Canadian Folk Songs and Lullabys. Mrs. W. H. Dallas gave a piano selection—Sun Shower by F. P. Atherton, a Canadian composer. A violin solo - The Maple Leaf by Muir was given by Mrs. Hoard with Mrs. Tommie Black at the piano.

Mrs. W. H. Dallas chairman of the nominating committee presented the following names of those who were unanimously elected; President, Mrs. J. M. Teague first vice-president, Mrs. John R. Turner; second vice-president, Mrs. D. P. Carter; recording secretary, Mrs. Nelson Smith; Corresponding secretary, Mrs. J. Price; Treasurer, Mrs. Brock; Critic, Mrs. Roy Herod; Historian, Mrs. W. G. Hardin; Choral Directors, Mrs. M. E. Jacobson, Mrs. Tommie Black and Miss Burleson; Parliamentarian, Miss Maudie Jo Fields; Program Director, Mrs. Eunice Jones; Special Collector, Mrs. C. T. Edwards.

The hostess served fruit cake and hot tea to the members present.

The next meeting will be January 27th with Mrs. J. M. Teague, and the subject will be Mexican music.

The Ladies Aid Society of the First Christian church met Monday, January 12th, with Mrs. R. N. McClain. Mrs. F. E. Walters gave the devotional and Mrs. J. A. Dennis led the lesson, A Review of the Gospels.

Members present were Mesdames Bob Hamm, F. E. Walters, S. P. Veasey, M. E. Brown, J. A. Dennis, W. R. McDuffie, C. S. Shaffer, A. A. Sawyer and Crawford Burrow. Mrs. C. B. Forbes was a guest. The next meeting will be with Mrs. M. E. Brown.

LADIES AID OF FIRST CHRISTIAN CHURCH

The Ladies Aid Society of the First Christian church met Monday, January 12th, with Mrs. R. N. McClain. Mrs. F. E. Walters gave the devotional and Mrs. J. A. Dennis led the lesson, A Review of the Gospels.

Members present were Mesdames Bob Hamm, F. E. Walters, S. P. Veasey, M. E. Brown, J. A. Dennis, W. R. McDuffie, C. S. Shaffer, A. A. Sawyer and Crawford Burrow. Mrs. C. B. Forbes was a guest. The next meeting will be with Mrs. M. E. Brown.

W. H. Hare was in this week with a buckeye in his pocket, his son brought back from Arkansas. W. H. denied carrying the buckeye nut to "cure" his rheumatism.

Bill Chaffin is a new reader of the Herald.

Oran Buckner writes in that they have settled at Baltimore, Md., and want the Herald very badly.

GOMEZ NEWS

The Gomez P T A will meet Friday night January 16th for regular meeting, a very interesting program. Vocational adjustment will be given by a guest speaker.

After which a social hour will follow.

We urge all patrons to come and meet your child's teacher and enjoy this P T A meeting with us.

Remember Sunday, the Terry county singing convention will meet at Gomez in the local school auditorium. If you are a lover of good singing, make your plans to be there. Bring your lunch and spend the day.

For an unforgettable entrance, and eye-catching glitter, be sure your clothes have that "cared for" appearance. Your social success and much of your business success depends on an immaculate appearance.

Notary Public

Mis-spend 15 Minutes a day and, at the end of the year, you will have wasted nine days of 10 hours each.

A recession is a period in which you tighten your belt. A depression is a time when you have no belt to tighten. When you have no pants to hold up, that's a panic. Seven trucks, loaded with bread which was going to be fed to hogs, were seen in a single day recently heading east out of Dallas. No doubt, an equal number of such trucks could have been counted on the highways leading west, north and south from that city.

Multiply this by all the cities, large, medium and small in Texas and you have thousands of loaves of bread being fed to hogs weekly—at a time when paper, flour, sugar, yeast milk and shortening should be conserved for our fighting forces and the civilian population forming the second line of defense. Consider the electric power (vital to national defense) and the manpower (which is even more vital) that were consumed to produce this mountain of virtually wasted bread.

Why does this situation exist and can't something be done about it? L. Self of Terrell, president of the Independent Bakers Association of Texas, has an explanation for the condition—and his organization offers a solution. The cause, he declares, is that each baker serving a grocery tries to outdo his competitors in the size of the pile of loaves he stacks more on the table, on the theory that the bigger the mound of his bread, the more likely the customer is to buy that brand. The result is that each baker leaves far too many loaves because he must make this showing

in order to attract the customer's eye.

But the grocer gets the bread on consignment—he pays only for the loaves he sells. Next morning the baker's truck comes around and collects the unsold loaves—and these represent the bread that, by hundreds of truckloads, is disposed of for almost nothing as food for hogs and for similar uses.

The remedy? Self says it is for the grocer to pay for all the bread he gets. In this way, the merchant will order from each baker only the amount that he needs. That will eliminate this staggering waste that not merely runs into thousands of dollars each week but represents the loss of materials, electric power and manpower that the nation needs to help win this war.

It is estimated that the amount of bread so wasted each week represents the output of every bakery in Texas for one day out of seven! Self hopes that Texas citizens will write to Leon Henderson, the national price administrator in Washington, and to their Congressman and urge that the proposed remedy be adopted for the duration of the war.

POOL H. D. CLUB

The Pool Home Demonstration club met in the club room January 7th with Mrs. Clota Waters as hostess. The year books were filled out for the coming year and a discussion was held on whether or not the community center organization should be re-organized. Beginning the new year we have fourteen members on the roll and six were present.

Those attending were Mrs. Vida Waters, Mrs. Clota Waters, Mrs. Lena Harben, Mrs. J. J. Gunter and Glennas and Flois Gunter.

The next meeting will be held in the club room January 21st. with Mrs. Lucy Denison as hostess.

Help For Low Income Farmers

For the six-year period ending December 31, 1941 collections by the Farm Security Administration of the U. S. Department of Agriculture in this region, were 87 per cent of loan maturities.

The impressive record of the FSA's bond program of helpful service to low-income farm families, was made public by W. R. McDuffie a member of the Terry County Advisory Committee, who with other local citizens works with this agency without pay in behalf of needy farm people.

Mr. Allen said he was making this phenomenal record public "in order that the true value of this agency's work might be more generally known."

Getting closer home, the county committee cited figures showing the proportion of maturities repaid over the six year period in Texas was 94 per cent.

He mentioned the fact that all money now being loaned to the low income farm families by the FSA is borrowed by this agency from the Reconstruction Finance Corporation. As farmers repay their loans, the money is returned to the United States Treasury, thus this money does not come to the FSA direct appropriations by the treasury.

"I mention this fact," he said "because I fear that few taxpayers know that the Farm Security Administration is not a relief agency. Rather, it is a lending program, with low interest rates, for farmers who cannot get help from any other source. Loans are made for a period of from one

to five years".

Among the many methods helping needy families, the FSA has a program whereby groups of farmers receive the use of expensive farm machinery and breeding stock which they could not afford alone. At the present time 8,571 farmers are receiving benefits from 1,112 coop facilities and services in this region which were financed with funds borrowed from the RSA.

The farm Security Administration's chief function now, in the opinion of Mr. Allen, is to help farmers raise the vast amount of food needed to win the war.

"For FSA," he said this means concentrating on continuing aid to low-income farmers in every section of this country. These small farmers cannot benefit from high prices as can the big operators and it is a mistake to think they can contribute to winning the war unless they receive help in producing and marketing their products, while at the same time protecting the health of their families.

He said, in conclusion, that in his opinion the Farm Security Administration is the only branch of the Federal Government which has the machinery already set up to help low income and needy farm families to help themselves, and to provide these people a chance to enjoy some of the democracy which they are being called upon to defend.

James Patterson and Buford Milner have returned from a week visit in Oklahoma.

Ida May May and Jean Knight will spend the weekend at Tech where they will visit Jo Pete May.

Mr. and Mrs. Milton Bell and Mr. and Mrs. Buddy Gillham were Lubbock visitors Saturday.

Mr. and Mrs. Earl Alexander of Plainview visited Mr. and Mrs. Jimmy German Wednesday.

Mrs. Hartwell Minick has returned to DeKalb after spending several weeks with her parents Mr. and Mrs. W. E. Henson.

Mr. and Mrs. Earl Chester and children and Mrs. H. C. Billings of Whitharral spent Sunday with Mr. and Mrs. Harvey Gage.

Kenneth Moyer visited in Ft. Worth over the weekend.

Mr. and Mrs. Daniell Davis visited relatives in Tahoka Monday evening.

Mr. and Mrs. W. E. Latham visited Mr. and Mrs. B. Watkins in Lubbock Sunday.

Mr. and Mrs. Jack Bailey and Walter Haynes spent Sunday in Clovis, New Mexico.

Texas now has 305 Federal Credit unions supervised by the Farm Credit Administration. One was chartered in November.

We Must Fight On Two Fronts

First, there is the military front. American soldiers, sailors, and airmen are fighting and dying in the Pacific. They are living up to the highest traditions of this nation's military history. They must be given the finest battle equipment in the world, and they must be given it in lavish quantity. All the resources of this nation, human and material alike, must be used to that end.

Second, there is the home front. We have said, time and again, that we are fighting to defend and perpetuate freedom. That is true. But the defense of freedom at more than lip service. It demands more than lip service. It demands straight thinking from all. It demands a people who will look squarely at the facts, no matter how unpleasant they may be. It demands the kind of national toughness that knows precisely what we are fighting for, and that will permit nothing to stand in the way of victory on the home front no less than the military front.

We will, of necessity, demand and accept a large measure of economic dictatorship during the war. Whether that dictatorship ends when the war ends, will depend upon the resolution and the understanding of the American people. The future of this country and this kind of government is in the balance. The people will decide which way the scales are tipped.

The free enterprise system is at stake in this war. Upon the maintenance of free enterprise all the other freedoms—freedom of press, freedom of speech, freedom of religion—hinge and depend. Anything which weakens and emasculates free enterprise is the enemy of the nation. We cannot have an ever-expanding bureaucracy and have efficiency. We cannot allow non-defense spending to go unchecked and expect to avoid economic collapse. We cannot punish industry and expect it to be able to do its utmost.

There is nothing dramatic about these statements. They are simply homely truths. The winning of this war—and the winning of the peace that follows—will depend on how well the American people understand them.

There has never been such unity as this country has at present. Every American stands solidly behind the President in the pledge to wage war until international gangsterism is destroyed. The spirit of the nation is one of grim uncompromising determination. But let all remember that the home front is as vital to war and to the perpetuation of our way of life as the battlefield. There will be subversive influences on both fronts. Only an awakened, aware people can prevent their depredations.

We fight for freedom, then. And we must fight for it all the way—fight for it here in America, no less than in the board reaches of the oceans and the lands beyond.—Industrial News Review.

Area Cooperatives Handle 28,000 Bales

The Plains Cooperative Gins, Inc., the cotton growers' association of the Plains area, with headquarters at Lubbock, has made advances of two million dollars to the cotton producers of this district. The association has received 28,000 bales of cotton from 33 local cooperative gins in the territory.

The Houston Bank for Cooperatives, a unit of the Farm Credit Administration of Houston finances this and other cotton growers' associations in Texas. Funds obtained by the cooperative cotton producers' groups, states W. J. McAnely, president of the Houston Bank for Cooperatives, are used by the associations to pay farmers when the cotton is delivered to warehouses, and to place cotton in position for loans from the Commodity Credit Corporation.

Loans made by the Bank for Cooperatives to the cotton marketing associations give the producer the maximum obtainable under the CCC program and permit him to retain his warehouse certificate in the associations' local office, where his warehouse receipts are available for immediate withdrawal.

PEOPLES' HEALTH DURING WAR TIMES

Austin, Texas Jan. 8—Outlining the immediate steps being taken in emergency health measures for national defense, Doctor Geo. W. Cox, State Health Officer, who is acting as chairman of defense Health and Emergency Medical Care, today announced that the Offices of civilian defense are working in close collaboration with the American Red Cross and have, now available, seven types of defense work training courses.

In those lines of work closely allied with emergency medical care, those considered most important and which have therefore been given precedence in organization, are first aid training, nurses aides training, canteen service, motor corps, home nursing, disaster relief, and home service to assist with the problems of families of the men in uniform.

Since there has been some confusion concerning the proper procedure for enrolling in civilian defense work, Doctor Cox emphasized the fact that County Judges and Mayors thru-out the state are acting as defense coordinators and advised all who wish to enroll to communicate with these officials for full information.

RECEIVE APPOINTMENT

Miss Alma Fern Green has received a Civil Service appointment to Walter Reed Hospital in Washington D. C. where she will train to be a Physical Therapy Technician. Miss Green has been teaching in the Iraan schools but has resigned to take this appointment. She left last Thursday for Washington.

Mammie Drennan spent the weekend in Hamlin.

Binnie Barnes pours vinegar on Claudette Colbert's triangular love affair in Paramount's comedy-drama "Skylark", which opens tonight at the Rialto Theatre.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

HOME! America's First Line Of Defense

An increasing number of American families has awakened to the fact that the greatest security that can be enjoyed is through home ownership. Newly-marrieds as well as old timers are planning to move into homes of their own—for which, in many instances they will pay no more, and perhaps less, than the equivalent of the present monthly rental. Where to buy? Through whom to buy? Where to find a dependable building contractor? Who to rely on for supplies?—Don't let these questions worry you, we take the entire load off your mind.

CICERO SMITH LUMBER COMPANY

ANNOUNCEMENT

We Have Adopted A New Policy

In keeping with the President's policy and National Defense, it makes it necessary that we go on a strictly cash basis. Because of the National Defense program, parts will be hard to get and as a result, we are forced to get cash for parts and labor. This new policy will be enforced during the present war emergency, so please do not ask us for credit.

MOTHS KNOW NO SEASON

Homemakers who haven't taken precautions against moths will profit by giving all woolens and furs frequent brushing, cleaning, sunning and airing, even in winter, to get rid of all moth eggs.

Cameron Siddall, Extension Service entomologist, explains that the moths know no season. It goes by temperature. Warm houses give moth eggs a chance to develop, so the best prevention is to clean out cracks and corners of closets and storage places often. Unused articles should be packed in moth proof containers.

Mrs. Will Moser and Miss Vivian Moser have returned from Big Spring where they visited Mr. and Mrs. Elmer Moser.

Homer Newman will succeed Dr. W. S. Brumage as Chairman of the local Red Cross Board. He was elected at a meeting Friday which was held for that purpose.

MRS. J. B. KNIGHT HONORS HUSBAND

Mrs. J. B. Knight was hostess last Wednesday evening at 7 o'clock dinner in honor of Mr. Knight's birthday. Those present were Messrs. Joe J. McGowan, W. H. Collins, Ned Self; J. L. Cruce, Leo Holmes, J. O. Gillham, W. R. McDuffie and Tom May.

SERVE IN SILENCE

H. D. Collier, President of the Standard Oil Company of California, made a statement to that company's employees which is worthy of the widest possible attention.

Mr. Collier said: "One of the most important ways of contributing to success, is to protect the Army and Navy by refraining from discussing their activities".

He pointed out that where the company employees (this applies with equal force to the employees of any company, are in contact with our armed forces, they should keep all information acquired to themselves. Don't even tell your friends. A casual comment about or merchant, or about the movement of troops, might be of great value to the enemy and lead to a disaster. Military authorities are pleading that the public refrain from gossip and the spreading of rumors.

We have a most serious duty. Serve in silence. Don't reveal military information. Each and every citizen can perform a valuable service for our armed forces as well as the people at home, by following this sound advice.

Damage caused by insects may be estimated conservatively at two billion dollars a year in the United States, and inprious fungi are responsible for about another billion of loss, says R. C. Roark of the U. S. Department of Agriculture.

Roosevelt Tells Nazis What To Expect

Here is what the President is demanding in the way of tools to mow the hi-jacking dictators down.

This year 45,000 tanks; next year 125,000. This year 45,000 0tanks; next year 75,000. This year 20,000 anti-aircraft guns; next year 35,000. This year 8,000,000 tons of shipping; next year 10,000,000.

Hopes Figures Will Become Well Known to Axis

"These figures, said the President, "and similar figures for a multitude of other implements of war will give the Japanese and Nazis a little idea of just what they accomplished in the attack at Pearl Harbor".

Mr. and Mrs. Ned Self were hosts Sunday night with a dinner. Guests were Mr. and Mrs. Harvey Gage, Miss Margaret Travis and Miss Martha McClish.

Mrs. C. A. McLaughlin and Mrs. F. A. Scott were Lubbock visitors Tuesday.

Mrs. Earle Unger of San Angelo visited her parents, Mr. and Mrs. L. C. Green last week. The Ungers have just returned from a trip to Mexico City and other points where they spent the holidays.

The condition of Mrs. W. C. Smith, who has been quite ill since before the holidays, is improved according to members of her family. She is in the local hospital. Mrs. Smith is not able to have visitors.

Hitler has strained the legend of his infallibility pretty far, even for the German people. . . How long will it be before the German people isolate and identify and destroy Hitler himself as the root-cause of all their suffering?—The New York Times.

Mr. and Mrs. Slim Schillinger were called to Jefferson, Texas last Thursday on account of the serious illness of Mr. Schillinger's mother.

Mrs. W. R. McDuffie, Mrs. Marlin Davis and Mrs. Lee O. Allen were the dinner guests of Mrs. Dudley Repp in Lubbock Friday.

Mr. and Mrs. Lee O. Allen were Lorenza visitors Sunday.
