Your Home Owned and Home Managed County Paper — Where Farming, Ranching and Oil Fields Bring Prosperity to Terry County People

VOLUME THIRTY-SEVEN

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY JANUARY 23, 1942

NUMBER 25.

## We Put Another Strain On Our Tires, Sunday

Just had to get out and get a little of that spicy air and a bit of the brilliant sunshine that came down like nobody's business Sunday afternoon. But we did that with a minimum mileage on the old tires. They may not last much longer, but we aim to get the most good we can out of them while the goings good.

You can't say that Wade Collins is inquisitive, but he is a good advertiser as well as a good reader. Apparently he gets a kick out of our off-spoutings and trips deluxe. Generally when he meets us on the streets, he asks where we are going for the week end. At first we did not savvy, but when he began to tell us what we had to say of some Rumble, we "kotch" on. He had a laugh about the frozen plumbing at a Weatherford Service station. By golly, says Wade, "when I read that I laughed and told my wife that hilltop plumbing was out of order during the hottest of last summer's weather, for I tried the same station, once".

Anyway, this past Sunday, we just "driv" out a few miles in the country to see, talk, smoke and windy awhile with Ed Thompson. His landlord Ralph Carter, has just completed a new house for them on the farm, and we wanted to see how the family looked in their new quarters. They have a nice four room house now with ample room, and when it is papered and painted, it will look like a real home.

The new house has been built on a sharp eminence west of the old site, a new well drilled, and the windmill and pump moved to it. The old house will be moved and converted into barns and one room extra for labor when and if they have to have it. We found that Mr. and Mrs. Busby and little daughter also had visited them, saying that they were once neighbors, but the new site was far enough away that they had to visit now.

Found that most of the cotton is out, some scrapping along the route taken out there via the Levelland highway until opposite Harmony, then on west to the Thompson place. Coming back we took the road south from the crossing just west of Harmony. The bundle feed is being hauled in at a rapid rate, although it is really cheap in monetary value, but it is well headed and we see no reason for not taking good care of it. Such feed may be at a premium next year. Just in places the corn has been harvested. However, some of the Thompsons included, have all their cotton, feed and corn out.

Grandson, Master Jack III, was the traveling companion of the wife and yours truly, and he had one great time out on the farm, coming back with an egg he had himself found at the nesting places and a great big bag of peanuts. However, he put in such good time playing that he faded out to nappyland on the return.

## Dairymen Urged To Get Bulletin No. 220

Dr. George W. Cox in a letter to all City and County Health Officers has declared his intention to promulgate the specifications for grading, labeling and handling of milk according to the 1939 Edition of the U. S. Public Health Service Milk Ordinance and Code. Dairymen, operators of pasteurization plants and other interested persons are urged to secure this bulletin, Public Health Bulletin No. 220, from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. while they last. Price thirty-five cents per copy. (Stamps not accepted). This bulletin will be the standard for the enforcement of the Texas Milk and Milk Products Laws, and the requirements for the sale of graded milk in Texas is explained.

N. B. Patterson, M. D., Director Five County Health Unit.

• Supreme in Circulation

## Waste Paper And Junk Metals Valuable

The Herald wishes this week to elaborate some on the waste paper and junk metal proposition. First, let us take the paper part of the proposition. Ordinarily, enough waste paper and new pulp are obtainable about the papermill vicinity to supply all the wrapping paper, paper boxes, etc., that are needed. But we are now very much at war. Our manufacturing plant have been greatly expanded, and millions of new workers employed.

Many millions of men and women are now employed in turning out tanks, airplanes, guns, ships, etc. A lot of them are employed in making munitions. Boxes and cartons by the millions are needed to pack these war supplies in, and as it takes a great deal of time to make new paper pulp, the best thing is to convert old newspapers, magazines, collapsed boxes, etc., in to new boxes. Rags, too, are becoming an object so better prepare to save them instead of carrying them to the back yard to burn.

You have no idea how many pounds of scrap metal the average farm has about the place, some of it half covered with dirt, and rusty. No matter, it is valuable. All your collapsible tooth paste tubes, and such, are almost pure tin, and that metal is especially valuable. Save them until they are called for. You will be instructed about this later.

## Miller Named Manager Of Drug Store

At a meeting of the stockholders of the E. G. Alexander Drug Co., held at Crosbyton, Jan 17th R. S. Bud Miller of Plainview, was elected manager of the store succeeding Mr. G. M. Green, who recently moved to Crosbyton. J. H. German, a member of the firm was elected secretary treasurer and assistant manager.

Mr. and Mrs. Miller and son Rop Spencer, have already moved to Brownfield and he has assumed his duties. For the past five years he has been traveling representative of the United Drug Co., Boston Mass., but for a number of years before traveling for that firm, he was associated with Alexander Bros. Drug Co. of Plainview, Texas.

Mr. Miller is a graduate pharmacist of Baylor University and has had many years experience in the drug business. We welcome Mr. Miller and family to Brownfield.

## Band News

Since the completion of the football season the high school band has not been very noticeable however you may be sure that we still have one.

Most of the booster tunes have been laid aside, with overtures and concert marches taking their place.

The band, under the direction of C. L. Horn, plans to give a concert Wednesday, Feb. 4, at the high school auditorium. Watch for further announcements.

## Attend The President Ball

The organization has been completed for the arrangement of the Presidents birthday ball to be held at the Legion hall, January 30th. Tickets are on sale at all drug stores and at the Chamber of Commerce and will sell for \$1.50 including tax. Everyone is urged to attend because the money goes for a wonderful cause. The goal is to sell 500 tickets and all are urged to support it.

Mrs. Ike Bailey and Mrs. Earl Jones spent several days in Dallas this week.

## SOMETHING ALL CAN DO

## Judge Reed Makes Statement To Voters

To The Voters Of The 106th. Judicial District:

I am a candidate for reelection to the office of District Judge. I seek election a second time on the basis of the record I have made and the manner in which I have tried to conduct the courts of the district. Due to the recent discovery of oil in the District about the time I became Judge, the dockets were unusually crowded, and since then an unusually large number of suits have been filed. Many of these suits have involved valuable oil properties and have been difficult to try and have required a great deal of time. Practically all of these difficult cases have now been disposed of and there are very few cases of any kind upon the Dockets of the District ready for trial at present.

I have worked hard and tried to conduct the courts with honesty, fairness, diligence and courage. I have sought a maximum of efficiency and a minimum of expense to the counties of the District and to the State. I have tried to treat jurors and others having business with the court with consideration and courtesy that would reduce the unpleasant burden of their services in the Court. In return I have at all times received splendid cooperation from the citizenship who have served upon the petit and grand juries.

Through the help and cooperation of the attorneys of the District we adopted, beginning with the fall terms of Court in 1941, a new form of procedure in our District whereby the terms are continuous. This was authorized by Special Act of the Legislature at my request. This enables much quicker and less expensive trials. This procedure has attracted favorable attention from lawyers and judges of the State, and members of the Supreme Court and leaders of the State Bar of Texas are urging that such continuous terms be adopted throughout the state. An instance of such advocacy is presented from the Star-Telegram, Jan 10, 1942.

"The legislative committee of the State Bar of Texas elected in meeting Saturday that continuous twelve month terms for all District Judges in Texas will be sought at the next session of the Legislature.

The committee, working to expedite judicial proceedings in Texas and take the law out of the 'horse and buggy days' of long delays and prolonged litigation, said that in many counties of Texas, judicial service can be had only a few weeks out of the year."

Our Country being at War, we must all make sacrifices. As a Reserve Officer of the U. S. Army I have been ordered to report at Fort Sill, on Jan. 12, 1942 for duty in the Army. The Dockets being light and the law providing for a special Judge to serve during absence of the regular

## National Bank Re-Names Officers And Directors

The annual meeting of the shareholders of the First National Bank of Brownfield was held on January 13. All directors were re-elected, namely, S. J. Dixon, C. K. Kendrick, R. M. Kendrick, Spencer Kendrick, and W. R. McDuffie.

Mr. R. M. Kendrick was re-elected President of the bank and W. R. McDuffie was elected Executive Vice-President, S. J. Dixon was re-elected Honorary Vice-President, C. K. Kendrick was elevated to cashier, Spencer Kendrick was re-elected Assistant Cashier and O. L. Stice and Richard Kendrick were elected Assistant Cashiers.

A report made by the management of the bank to the shareholders revealed that the year 1941 has been the most profitable year in the history of the bank. A cash dividend of 12 per cent was declared and a much greater amount was placed in reserve from earnings. The total assets of the bank at the close of December 31 were the largest in its history.

## Mrs. Wright Victim Friday Night

A light sedan driven by Mrs. Wright, 29, overturned about 8 miles southwest of this city last Friday night on highway 51 between 7 and 8 o'clock. Calvin Silvers and B. C. McBride of the local highway patrol investigated and stated that the accident was on a straight stretch of road, the overturning possibly the result of a blow-out.

The body was taken in charge by the Brownfield Funeral Home immediately after the accident was discovered. Services were held at the Baptist church Sunday afternoon at 2:30 P. M., with Elder J. P. Ansmas, of Lubbock in charge. The body was laid to rest in Terry County Memorial cemetery.

Mrs. Wright is survived by her husband, H. H. Wright, and a daughter, Patricia Lois. He is employed with a cementing company at Sundown and they have been making their home at Levelland.

If glass utensils appear milky, clean them by boiling hot vinegar water in them until the deposit is softened. Then rub the glass with a fine steel wool.

Judge, I am asking that you permit me to continue as your regular Judge during the time that I am in the Army, and that you elect me a second time. During the time that I am in the Army I will NOT draw pay as an Army Officer and as District Judge, but will draw pay for only one position.

Louis B. Reed.

## Terry County Has Another Money Crop

When most of our harder land neighbors have sold their cotton crop, which is generally large, together with what they can spare of their maize, kaffir, hegira, etc., they have just about sold all they'll be able to for the next few months, except of course livestock raised or fattened on the farm or ranch.

Not so with the sandier counties in this area, Dawson, Gaines, Yoakum, Terry, Cochran and parts of Hockley. Just about this time, the corn comes in. Practically all of this, not used locally for fattening hogs and steers is shipped mostly to mills in the Fort Worth Dallas area. These mills state that our corn which is harder and flintier than corn raised in central and east Texas is better for milling.

We note that several places on the west side of the city where corn is usually shelled, are becoming rick after rick of corn. We noted one place just off the south side of the highway leading west, they have already started threshing or more properly, shelling corn, and on the north side, acres of the ricked grain has started.

On account of the restricted acreage of the past few years, together with borers, the crop has been fairly light, but as to quality the 1941 crop is the best in a number of years. We examined some corn that had been gathered Sunday and found the ears all averaged well in size and were filled out clear to the end of the cob. What little damaged by worms, was to be found right at the end of the ear.

A crop of say around a half million bushels sold from Terry County farms, will put many dollars to the bank account of some 1500 farmers.

## Some 400 Register For First Aid Work

Practically every office was closed Monday and all hands and some extra ones were engaged in all the downstairs offices in registering men and women over 16 years of age, who indicated by their registration that they were ready and willing to lend whatever aid of which they are capable to their government in this trying hour. Four hundred and seven registered Monday, and around 50 that came in Tuesday.

Monday night a mass meeting was held at the courthouse at which a goodly crowd was present. At this meeting a First Aid School was gotten under way. Four classes were started, and each will meet four times each week for instruction. By having four classes none will be crowded, and will give each who wishes to take the course a better chance to learn. Classes started Monday night.

Judge Lincoln stated Wednesday that people were still registering, and that the people of Meadow and vicinity would be given a chance to register up there Sunday afternoon.

Thus those who take the course will put in four hours each week, and finish the course of 20 hours in five weeks.

Well qualified instructors will be on hand each meeting night to take charge of the classes.

## Boy Scouts Names Operating Chairman

At a meeting Tuesday night in the home of District Chairman J. M. Moxley the Comanche Trail District of the Boy Scouts of America met to set up the coming year's program and to set objectives they will make during the coming year.

Among those present were the Chairmen of the Operating Committees, namely, Health and Safety, Mr. Ed Stuart; Finance, Leo Holmes; Organization and Extension, Lee Fulton; Camping and Activities, Jim Graves; Leadership and Training, Paul Peacock; Advancement, R. A. Stms and Commissioner Graham Smith.

## We Expect All Subscribers To Pay

This is one time again that newspapers cannot afford to carry a bunch of dead-heads on their list if they could do so legally. Postal laws forbid newspapers carrying subscribers that are in arrears more than a year. Another time was during the other war when newsprint climbed from \$3 to \$13 per hundred. Boy, we kept the D H bunch cut to a stand then.

The Herald doesn't believe that more than 10 per cent of its readers are more than three months in arrears, much less a year. So none of you can be very far behind. The great majority of our readers are mighty nice about paying up. Some have dropped in to tell us that they will pay right away, and to keep their papers coming in the meantime. We will try to do that.

However, we are issuing this appeal to the readers this week, to renew, and if we do not get the results we anticipate, we are going to have to red mark each paper that is in arrears. We don't like to do this, as it discloses to your neighbor that you are taking but not paying for the Herald. The way to tell if your paper is in arrears, suppose John Doe is your name, and you find the your name and the numbers on name and numbers on your paper your paper as follows:

John Doe 23Dec41  
That means John Doe's paper expired in the 23rd day of December, 1941. That's easy isn't it. So there's no excuse not to understand your dating.

## May Have To Advance Subscription Rate

We have already been notified that we will have to stand an advance of several dollars per ton on paper bought in the second quarter of this year. With many other expenses people are obliged to meet this year, we hate to have to advance. Better renew now in advance as we can't tell how long we will be able to sell the Herald locally for \$1.00 per year.

## More Than 40 Inches Of Rain In 1941

Nineteen-forty-one will probably go down in history as the wettest year on record in these digns. In fact, our average annual rainfall for the past twenty-seven years has been a fraction over 18 inches. Some of those years, notably 1914, the year the tests started here, and 1920, the rainfall was around 30 inches and the low point was around 7 inches in 1917.

The best Tommy Black and the writer could do for the last two months of the year, we find that the total was 40.70 for the year Judge J. W. Oliver, who passed away in December, possibly left some records we were unable to find. November showed only .20 and December .50 and we feel sure that more rain than .70 of an inch fell those two months. But taking that as the correct amount, we find:

January	.....	.65
February	.....	.45
March	.....	4.12
April	.....	2.80
May	.....	12.11
June	.....	2.05
July	.....	3.45
August	.....	1.35
September	.....	6.80
October	.....	6.22
November	.....	.20
December	.....	.50
Total	.....	40.70

## Local Gym Scene Of Gloves Tourney

The Brownfield Golden Gloves Tournament will be held on Wednesday and Thursday nights, Jan. 28 and 29, at the High School gymnasium.

Those who have never seen amateur fights really have a treat in store for them. Bouts only three rounds, rarely result in a knock-out, and due to this fact, points which decide the margin of victory must necessarily be piled up in a hurry. This, to a great ex-

## County Judge And Mayor Need Assistance

County Judge C. L. Lincoln and Mayor Clyde C. Coleman are very much in need of all the assistance they can get in the next few days, as Mark McGee, State Tire Administrator is asking them to get an estimate of the tires that will be needed by those in the Eligible Classifications.

The Herald is pretty sure that that most of the people of this section have been reading enough to know whether or not they are in the Eligible Class, but for fear they have not, we give some of them at least, further on in this article. Now get this problem in your head, if it has failed to register heretofore. WE ARE IN WAR ! !

It seems lots of people has not taken the war seriously yet. So, if you are eligible for tires and tubes, or you have charge of any department that is, such for instance as a school district that has school buses, see these men at once. Here are some of the eligibles:

Fire fighting services. Necessary public service. Law enforcement officials and public health and safety officials. Garbage disposal. Buses, school or municipal. Trucks for transportation of ice and fuel. Trucks for maintenance and transportation of material to build streets or roads.

## Judge Garland Of Lamesa Holding Court

Judge J. E. Garland of Lamesa is here this week holding District Court for Judge Louis B. Reed, who has been called into military duty at Fort Sill, Okla. Judge Reed is a Lieutenant-Colonel in the regular army reserves.

Following the last war, Judge Reed kept up his annual training until ill health forbid. Returning health made it possible for him to pass his medical examination, recently, and he has been assigned to Fort Sill.

Judge Garland has held court here a number of times, as far back as the early teens when the late Judge W. R. Spencer was district Judge of the old 72nd district.

Several jury cases have been or will be tried this week, a report of which we hope to have next week.

## T. F. (Foster) Winn Announces For Com. Precinct No. 3

I am taking this means of letting the citizens and voters know that I am a candidate for the office of Commissioner of Precinct No. 3.

To those who do not know me, will state that I have lived in the precinct for the past 35 years; have never before asked for office and feel that I am qualified to hold the office. I have had 12 years experience in building roads for the county and state highway, and I assure you that if I am elected I will work for the interest of the precinct and the county's business.

I will appreciate your vote and influence, and will see each of you before the primary in July.

Respectfully,  
T. F. Winn

An oil well was started this week on a two mile offset to the nearest producer in the Terry county part of the three county pool of Terry, Cochran and Hockley counties. The J. P. Livermore production company is the drillers.

tent, eliminates the possibility of stalling so often seen in professional fights when eight, ten, or fifteen rounds are fought.

All boys wishing to enter the tournament may report at the gym Wednesday evening between 5:30 and 7 o'clock. There will be trainers at this place every night for those who wish to come and work out. Awards will be made to all the winners.

**CITY OFFICES**  
We are authorized to announce the following candidates for Brownfield city offices, at an election to be held the first Tuesday in April, 1942, which will be the 7th day of April, 1942.

**FOR MAYOR**  
Clyde C. Coleman

Those who are undertaking the matter of war gardens are advising that old stalks and litter of every nature be removed from the plots now and burned, thus destroying possible insect eggs deposits that might plague one next spring. Another advise is now to plow or spade the plots as soon as possible, exposing other eggs in the earth.

Specialists in childhood training are advised that parents and others, who mingle with the smaller children, refrain as much as possible from the discussion of war around them, especially the horror side of the question, and confine their conversation to pleasant subjects as much as possible. The advise goes on to state that in many ways, the child should be taught, especially concerning blackouts or possible blackouts; to turn out lights, gas, etc., not needed in order to save for defense.

One of our honored exchanges tells us that what is generally termed typhoid fever is taking a heavy toll of German soldiers in Russia. The disease, as we understand, is not typhoid fever, but typhus, and sometimes termed spotted fever. Both are germ diseases, typhoid being contracted by the use of impure water or tainted foods. Typhus, on the other hand is said to be brought on by extreme prostration, a brain disturbance; a rash attacks the body of the victim. In the case of the German army in Russia, this is probably brought on by too long front line duty, improper food and insufficient clothing, as they expected to overrun Russia last summer, and went up there in

summer clothing, only to have the severe Russian winter descend on them while making a hasty retreat.

President Roosevelt gave the sports part of our nation a real thriller recently, when he stated that all kinds of sports, such as baseball, football, basketball, athletic contests, etc., must go on, in order to keep up the morale of the people at home, the second line of Defense. Such are also encouraged for army Navy and air contingents, as all war and no play is not good for the sailor, soldier or flyer, no more than for the civilian population. That is the reason, it is explained that USO, as well as other organizations have spent millions of dollars at such camps to provide amusement hours for our armed men.

The writer had the pleasure last week to meet a newcomer, Dr. Patterson, who took Dr. Brumage's place here as head of the Five County Medical Unit. Dr. Patterson has a pleasing personality, and we believe he is the man to put over a good health program for the five counties of Dawson, Gaines, Yoakum, Terry and Lynn counties during these perilous times. We also met the two highway patrolmen, who have recently been located here with offices on the second floor of the courthouse. Messrs. Silvas and McGuire are young men, well trained for their job, and they seem determined to do the job assigned them. If you have not met these three newcomers, do so, and tell them how happy you are to have them in Brownfield.

While we may follow the crowd with daylight saving, we can't see one bit of advantage to us, as we are on the extreme west side of Central Standard Time, and daylight doesn't come here until around eight o'clock in winter. To set up an hour, we would be forced to use lights for nearly an hour mornings. It would be better for extreme west Texans to join up with mountain time, and not have to change our clocks. This is something to think about pending the time daylight saving time will be upon us next month, whether it saves or not. Indeed we have never been able to see where it saved anybody anything, anytime. With night games, night spots and theatres in full blast after night, we the people will continue to stay out late at night.

Mr. and Mrs. Glen McGibbon of Perrytown arrived Thursday to spend the week end with Mr. and Mrs. Ray Christopher.

Mr. and Mrs. R. S. Miller and son of Plainview are now making their home in this city. Mr. Miller is the new manager of Alexander's Drug Store.

**Merkel Printer Saw Meteor Nov. 14**

Merkel, Texas, Dec. 29—Mr. Jack Stricklin, sr., Brownfield Texas

Dear Sir and Friend:  
In looking over your paper, issue of Dec. 26, am attracted to the story on your front page about "That Meteor That Dropped In Gaines County". The coincidence of which I am about to mention, is of course, of no consequence but does in a measure justify my story of having seen, on that morning at about the same hour, a fragment of a falling star, near Merkel.

It was on the morning of Friday, November 14, at a few minutes after nine o'clock that I pulled out from Merkel to drive to Seminole for a week end visit with my parents. About six miles west of Trent I saw a flash ahead of me. I turned to the wife and asked "did you see that?" But at the moment she had turned around to reach into the back seat to help the children in some way about their sitting positions or something and had seen nothing.

What I saw was a bright flash of light not more than a hundred yards directly ahead of me. I heard a swish (noise) and as I think of it now, I believe I felt a sudden, (very short) interval of intense heat. The sun was shining very bright on our back as we were driving due west, and yet there was a flash of light. It seems now that what I saw was a streak of blue blaze that seemingly went entirely out just as it hit the ground or possibly a foot before it hit the ground. The trail of blue blaze seemed to be about three feet in length and possibly 6 inches or a foot in diameter. The window on my left was open a trifle and I can remember smelling rubber and thinking that I might have a "short" in the wiring to the car, I came very nearly stopping to investigate when suddenly I did not smell it again.

Now Merkel is about 180 miles from Seminole where you say the real meteor must have fallen but coming at the same day and same hour, I fell like what I came near running into must have been a fragment of the same meteor.

Yours Very Truly,  
Lewis B. Whitaker

**THE UNION H D CLUB**

The club met with Mrs. Walter Luker Monday Jan. 19th in order to reorganize and elect new officers for the year.

There were nine members present, five new members and one visitor.

Miss Blanton demonstrated grape cuttings. Delicious cocoa, coffee, cookies and cake were served. The next meeting will be at the home of Mrs. Carol Shults the first Tuesday in February. Every lady is urged to attend.

**CHRISTIAN CHURCH CONTINUES CRUSADE**

Last Sunday the Christian church continued its Christ Centered Crusade by following the footprints of the Master through his birth, boyhood, baptism and the beginnings of His ministry. Next Sunday's subject will be "What Happened in A. D. 28?" Come and follow with us the chronological account of Jesus' life, on the huge map and thru the four Gospels. Why did He come? What did he teach? What did he do?

Last Sunday Mr. Forbes placed his membership in the local church. Members and friends of the church are pledging their loyalty to Christ and church from now until Easter. Christ has the solution to the World's troubles and yours. Will you listen? Will you follow His advice. "I am the Way, the Truth and the Life".

**HARMONY H D CLUB**

The Harmony H. D. Club met Jan. 15 at the home of Mrs. R. E. Townzen. There were six members present. Miss Blanton was present and demonstrated grape cuttings. Each member got some cuttings. The next meeting will be at Mrs. L. M. Lang's Feb. 5 at 2:30 P. M. Every member as well as visitors and prospective members are urged to be present.

Margaret Travis visited Mr. and Mrs. Charles Roberts in Lubbock over the week end.

Mr. and Mrs. Douglas Jones and daughters of Amarillo spent Sunday with Mr. and Mrs. Ned Self.

**POOL**

After several weeks absence due to illness of myself and other members of the family, I am here again with a bit of news from Pool.

Several families have moved away to other communities. Some of those leaving were Mr. and Mrs. King and family, Mr. and Mrs. Woodie Switzer, Mr. and Mrs. Richard Meil and Mr. and Mrs. Carrol Shults.

We wish to welcome the new people and invite them to attend our Sunday school and church and also invite all the ladies to join the Home Demonstration club. The club meets twice each month, on the first and third Wednesday afternoons.

We have Sunday school every Sunday. But only have church once a month. Rev. Raymond Dyess, the Methodist Pastor has an appointment the fourth Sunday.

Mr. and Mrs. Huddleston spent Sunday with Mr. and Mrs. H. H. Dunn.

G. W. Gunter, Dale and Harlan Huddleston visited Talma Harben Sunday.

Mr. and Mrs. J. T. Newsom spent the week end visiting relatives in Pool community.

L. S. Reddington and Thelma Ticer were married Jan. 15 The young couple will make their home in the Pool community.

**SANTA FE CARLOADINGS**

The Santa Fe Railway system carloadings for the week ending Jan. 17, 1942, were 22,705 compared with 18,399 for the same week in 1941. Received from connections were 8,363 compared with 6,572 for the same week in 1941. The total cars moved were 31,068 compared with 24,971 for the same week in 1941. The Santa Fe handled a total of 28,157 cars during the preceding week of this year.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS TO: George Ross, and the unknown heirs and legal representatives of George Ross, the unknown heirs and legal representatives of Pat J. Ross, deceased, GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 2nd day of February, A. D. 1942 at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 17 day of December, 1941.

The file number of said suit being No. 2735. The names of the parties in said suit are: Tom Cobb, Joe Cobb, A. M. Brownfield, Joe J. McGowan, J. E. Mabey, Wrightsman Oil Co. Inc; Minnie L. Rhome, individually and as independent executrix of estate of B. C. Rhome, jr., deceased, W. B. Powell, Eugene T. Adair, Alma Hancock, individually and as independent executrix of the estate of John Hancock, deceased, Jess I. Norman, Trustee, R. M. Barrow, Cornelius Schnurr and Geo. P. Livermore, Inc., as Plaintiffs, and Solon Clements jr., the heirs and legal representatives of Pat J. Ross, deceased, George Ross, his heirs and legal representatives as Defendants.

The nature of said suit being substantially as follows, to wit: suit to partition the oil, gas and other minerals in, on and under all of section number Twenty (20) in Block D-11, S K & K Survey in Terry County, Texas; said plaintiffs alleging that plaintiffs own together 606/640ths interest in the oil and gas and other minerals in, on and under the said land that the defendant, Solon Clements jr., owns 31/960ths interest in the oil, gas and other minerals in the above described land; and that the defendants, the heirs and legal representatives of Pat J. Ross, deceased, and George Ross, his heirs and legal representatives, own 1/48th interest in the oil, gas, and other minerals in, on and under the above described land and premises; that the Plaintiff, George P. Livermore, Inc. does not own any of the oil, gas and other minerals in, upon and under said land and premises above described, but has in escrow oil and gas leases on said land; and prays for a partition of said minerals and oil and gas.

Issued this 18th day of December, 1941. Given under my hand and seal of said Court, at office in Brownfield, Texas this the 18th day of December A. D., 1941.

Eldora A. White, Clerk District Court, Terry County, Texas. 25c

**The Buchanan Herd Had A Good Record**

The Herald had a statement this week from the Lubbock Dairy Herd Improvement Association which included tested herds in Hale, Lubbock, Dawson and Terry Counties. This showed that for the second consecutive month Mr. Buchanan's Susie was the high of the association, with a butterfat production of 69.50 lbs.

Of the 61 tested cows of DHIA Mr. Buchanan placed 8, and of the 14 first lactation heifers, seven belonged to him, of just half. This shows that he is evidently doing all he can to improve his fine herd.

The report further states that Mr. Buchanan has almost completed a new cattle barn with ample feeders and modern improvements and conveniences. These improvements should make his herd hard to beat during the winter months.

Mr. A. A. Sawyer, of Brownfield, has proven the practicality of bermuda grass in this section as a pasture and to hold the soil. A field was set out by Mr. Sawyer several years ago has given excellent grazing, and, what is better, is catching and holding the soil.

**WARNING**

**Precautions About Handling NATURAL GAS**

**In Case Of Air-Raid Alarms!**

Natural gas is the safest fuel you could be using during an air raid. BUT, the HANDLING of natural gas is a technical matter, requiring the services of trained men who know how to avoid the hazards involved.

It is therefore extremely important that everyone should study and follow the carefully prepared instructions relating to the handling of natural gas during air raid alarms. If these instructions are not followed, serious consequences may result. **Untrained persons should not attempt to turn gas off and on at the meters.**

Following are the official instructions which have been approved and adopted by local Office of Civilian Defense. They are simple. Read them carefully. Discuss them in the family circle so all will understand. Cut them out and post them where all can see them. Above all, follow them!

**In Case Of An Air-Raid Alarm:**

1. Make no attempt to shut off the gas at the meter.
2. Simply turn off all burners which you customarily turn on and off. **Do not** turn off pilot lights.
3. Only in case the house or building is badly damaged should the gas be turned off at the meter.
4. If, for any reason, the gas is turned off at the meter, do not turn it on again yourself. Call for a trained man.

**West Texas Gas Company**

OUR EXPERT FORD SERVICE COSTS NO MORE

Bring your Ford back home for service. It costs no more to have your car serviced in our completely equipped shop by mechanics trained in factory methods—and we use only genuine Ford parts.

GIVE YOUR CAR A CHANCE!

There are thousands of extra miles built into your Ford. Give your car a chance to deliver them for you by insisting on proper lubrication.

As your Ford dealer, we follow factory recommendations on the lubricant to be used at each vital point. Springs receive special attention with a factory-recommended compound to insure smooth, free action.

Remember, there can be a vast difference between proper lubrication and an ordinary "grease job."

YOUR FORD DEALER KNOWS FORD BEST

DEATH TAKES BILLIE JO PACE

Miss Billie Jo Pace, 15, daughter of Mrs. Ruth Pace of Wellman, passed away last Thursday at a Dallas hospital, where she had been carried for treatment for brain tumor. A hemorrhage was the immediate cause of her death. The body was shipped to Lubbock, where it was taken in charge by Brownfield Funeral Home.

Funeral services were held for deceased at the Wellman school auditorium by a minister of the church of Christ at 2:30 last Friday. Burial in Brownfield Ceme-

tery followed.

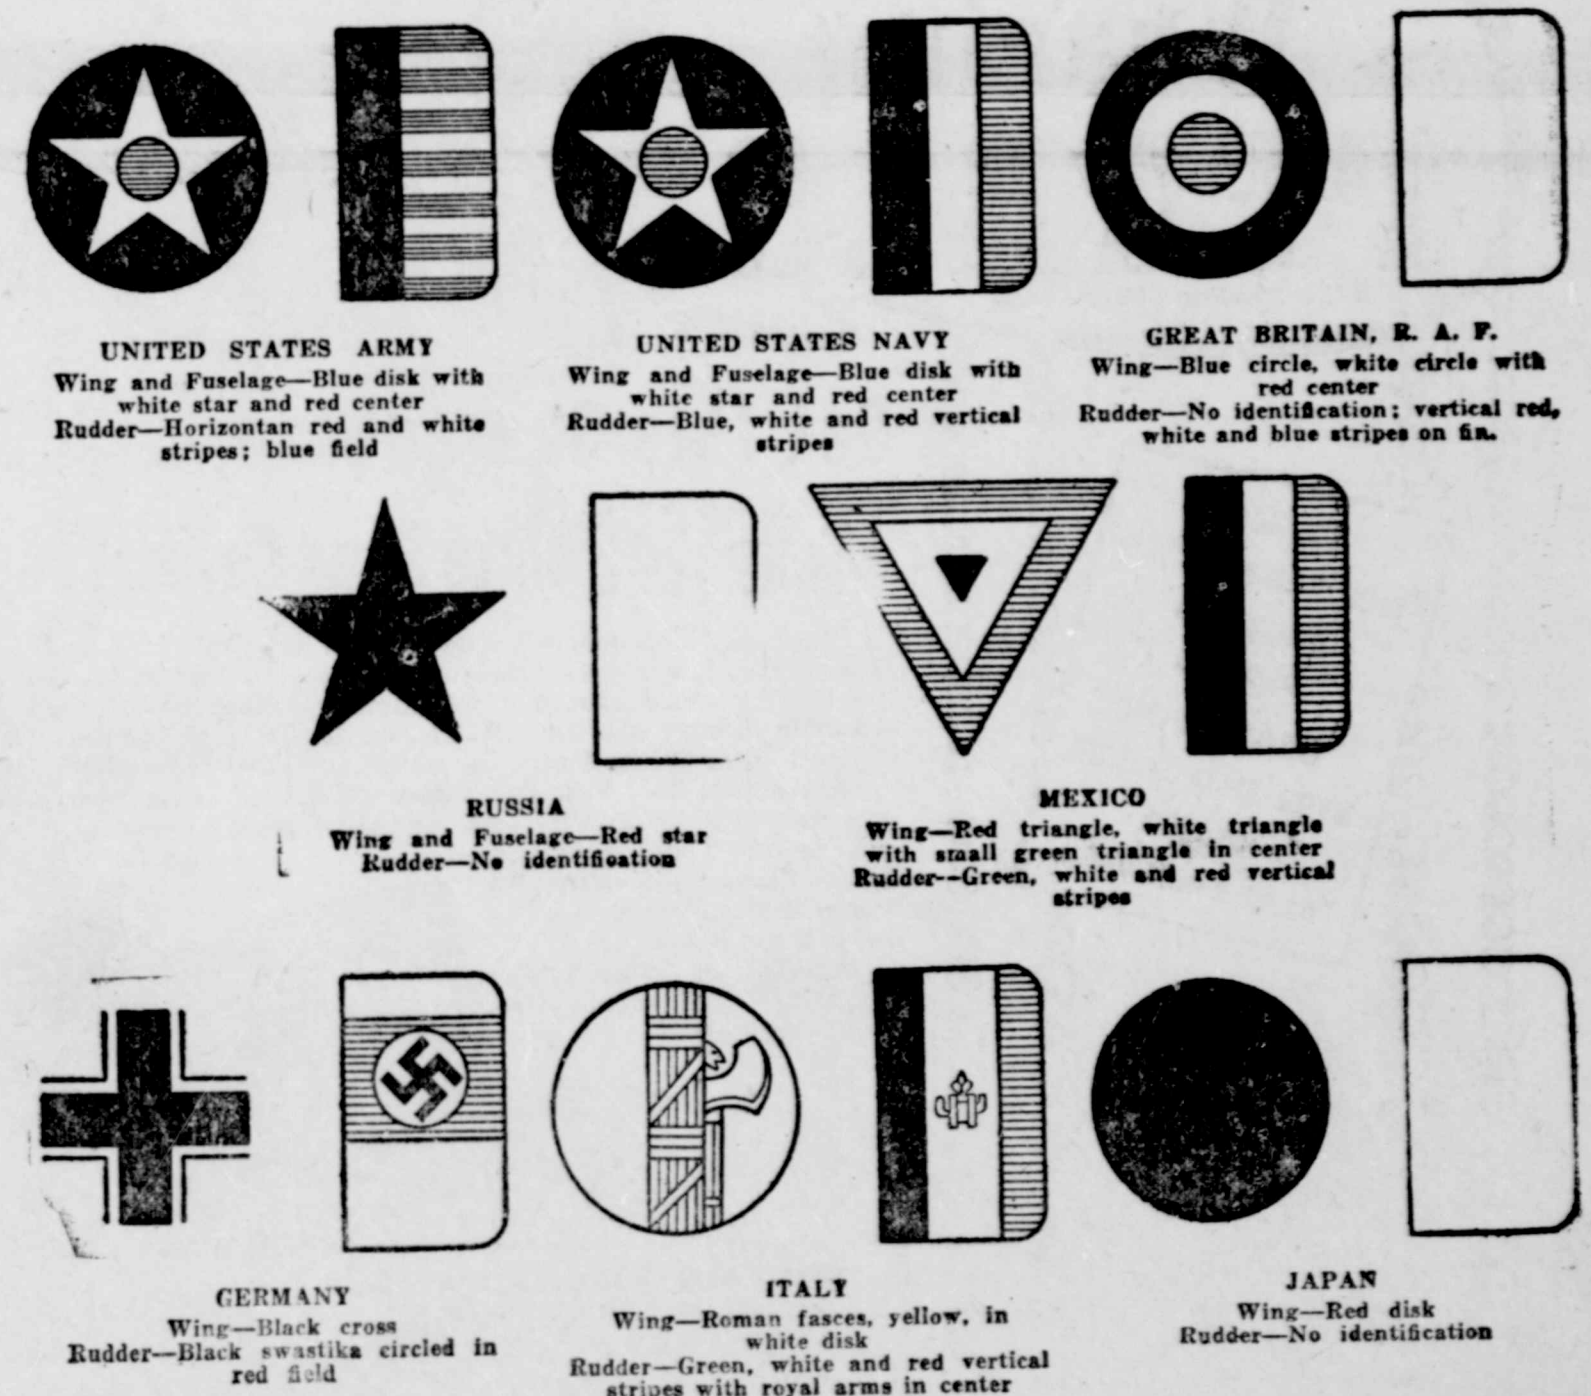

Besides her mother, she leaves three brothers and four sisters, as follows: Mrs. Paul Reeves and Mr. Shelby Jennings both of Henrietta, Texas; Mrs. Lola Mae Adams, Bartlesville, Okla., and Miss Mildred C., at home. Mr. L. Pace, city; A. C. and Dewey both at home.

Among the new readers added since last issue were, Bill Chaffin, Johnnie Baggett, O. A. Lemley, T. M. Ragsdall, J. A. Berryhill, F. V. Adams, Brownfield and routes; L. H. Tanner, Seagraves route; Mrs. D. M. Evans, Lubbock; Frances Gill Slaton; and M. L. McNutt, Meadow renewed.

Recent renewals were R. D. Copeland, Odom Wood, H. H. Longbrake, Sid McNabb, T. S. Doss and Houston Hamilton. The latter acknowledged that his wife made him pay up. May there be many other such wives.

How to Distinguish Nationality of Aircraft

Civilian air raid spotters will have no difficulty distinguishing Axis planes from those of the United Nations if they memorize the markings illustrated above. American and British planes have designs of red, white and blue, and Russia has a red star. Watchers on the southern border occasionally may see the red triangle of Mexico. Axis raiders are easily spotted through the familiar black cross and swastika of Germany, the round red rising sun emblem of Japan and the Roman fasces insignia borne by Italian planes.

**North Texas Leads In Naval Recruits**

More than 400 men were enlisted in the Navy in the North Texas District during the week of January 9, Lieutenant W. B. Cranston, officer in charge, at Dallas announced today.

This district lead all others in the Southern Navy Recruiting Division, composed of the south half of Texas and the states of Alabama, Arkansas, Tennessee, and Oklahoma. Recruits were transferred to training stations at San Diego, Calif.; Norfolk Va.; Great Lakes Ill.; New Orleans, La.; and Corpus Christi, Texas.

Men may be enlisted as apprentice seamen for training in choice of many trades and receive promotion to higher rank as soon as qualified. Those with practical experience in a trade or profession and furnishing good employment references may be enlisted with petty officer rating and pay beginning at \$60 per month or more.

Applicants for enlistment should apply in person at recruiting station nearest home. Recruiting stations in North Texas are located at Abilene, Amarillo, Big Spring, Dallas, Fort Worth, Longview, Lubbock, Paris, San Angelo, Waco, and Wichita Falls. Age limits are from 17 to 50. Enlistments may be made for duration of War.

Mr. and Mrs. Warner Hayhurst of Plains spent Saturday with Mr. and Mrs. Jim Graves.

Mrs. Lala Shaw spent Sunday with Mr. and Mrs. Ollie Brunt in Lubbock.

Richard Kendrick sustained a broken leg while skiing in Santa Fe last week end.

**CROP INSURANCE UNDERWAY**

A. V. Vickers, San Patricio County cotton farmer, signs the first application in Texas for federal all-risk cotton crop insurance, while B. B. Ingle, left, assistant branch manager for the Federal Crop Insurance Corporation, Garland A. Bead, San Patricio County AAA administrative supervisor, look on.

**10,000 DOCTORS ENTER MILITARY SERVICE**

Fortunately for the welfare of the American people, the American medical profession was preparing for war long before the bombs fell on Pearl Harbor.

Since June 1940, the Journal of the American Medical Association points out, the medical profession has been intensively engaged in standardization of military medical procedures, encouragement and promotion of scientific military medical research, and enrollment of medical personnel. More than 10,000 physicians have entered military service, and over 25,000 have given their services without charge, to the Selective Service Boards. Additional thousands of qualified men of medicine are associated with the

Army or Navy Medical Corps, the Public Health Service, and with other governmental departments of a military of quasi-military nature.

The doctors have shown the highest type of patriotism. On their shoulders falls the vast responsibility of keeping the military and civilian populations mentally and physically fit. They accept that responsibility without reservation. They know the material rewards will be small. Their principle reward will be the knowledge of a vital public service well done.

The American fighting forces and the American people at large are receiving a kind of medical service unrivaled on earth. No other nation enjoys higher standards of health—and in no other nations are the requirements laid down by the military services so high. The health of our people is one of our greatest weapons. The doctor will play a decisive role in the winning of the war.—Amarillo Times.

Mr. and Mrs. Daniell Davis spent Sunday with relatives in Tahoka.

Mr. and Mrs. Bruce Zorns and Dennie Ballard were Lubbock visitors Monday.

Mr. and Mrs. R. M. Kendrick and Spencer Kendrick visited relatives in Colorado City Sunday.

Marlin Davis of Dallas arrived Wednesday to visit Mr. and Mrs. W. R. McDuffie.

Mrs. Jimmy German and baby spent last week in Plainview with Mr. and Mrs. Earl Alexander.

E. B. Thomas of Colorado City and Paul Lawlis of Levelland were in town on business Tuesday.

Brownfield, Texas 7tc

Mr. and Mrs. W. B. Collins, Mr. and Mrs. Stanley Wilkes and Kay Collins of Lamesa visited Mr. and Mrs. Wilson Collins Sunday.

**Aboard Ship Marines Are First To Fight, Too**

Detachments of United States Marines are aboard Navy aircraft carriers, battleships and first class cruisers to man secondary and anti-aircraft batteries. In tropic waters and during warm weather the Leathernecks wear khaki uniforms. Current hostilities in the Pacific Ocean have found U. S. Marines handling their guns as well as bluejackets man main batteries.

**THE NEWSPAPER IN EDUCATION**

While it has always been known that newspapers from the smallest country weekly to the metropolitan daily played an important part in the education of the masses, it is extremely interesting to note two articles in the Texas Outlook monthly magazine of the Texas State Teachers Association, dealing with "The Use of the Newspaper in Teaching Commercial Subjects" and "The Newspaper Unit". The first by W. M. Campbell of Chillicothe the author says, "One may find in every daily newspaper examples of business that may be combined with the regular procedure in the classroom". Examples for business arithmetic, bank statements for the bookkeeping class to analyze, legal citations for the class in business law and stock market quotations for the business class are a few suggestions made; while the "Help Wanted" advertisements will furnish practical experience in letter writing for typing classes.

In the other article, the author, Mrs. J. B. Caldwell of Spearman, shows how she uses the newspaper in her English classes "for teaching high school students to read something besides the comics in the newspapers and the love stories in the magazines". She invites the students to read their home papers and then outline their contents under the general head of news, cartoons, politics, editorials, society, sports, advertising and pictures. Propaganda is studied from the standpoint of good or bad effect on the readers and in its appeal to interests, desires, needs or fears.

Thus the newspaper has found another important place in the life of the nation; and the editors will feel a new sense of obligation to do their best work, knowing that their efforts will be studied, analyzed and evaluated.—Abilene Times.

**OUR PAPPY**

How our pappy is representing Texas in Washington as reported by the sedate New York Time in its report, Dec. 8, of the historic White House conference after Japan attacked Pearl Harbor:

"Congressional leaders joining the cabinet in the oval room at 9 p. m. included . . .

"Senator W. Lee O'Daniel of Texas, of hillbilly band and hot biscuits fame, added a touch of inadvertent comedy to the scene when he arrived uninvited. He said he had come to try to learn a few things and to make sure Texas is represented at this conference, ignoring the presence of Senator Connally". — State Observer.

Mrs. Sam Kirchner is in the Markets at Dallas, buying spring goods for the Bargain Center.

Warren Noble is spending the week end in Hamlin.

**War Needs Money—YOURS!**

This war calls for every ounce of energy, every dime and dollar we can muster for ships—and planes—and guns.

Hit the enemy with a \$25 Bond. Hurt him with a \$50 Bond. Help to blow him sky-high with a \$100 or \$1,000 Bond. Don't delay—every hour counts. Buy United States Defense Bonds and Stamps TODAY.

**TOTALITARIANISM RISE ON DEMOCRATIC FAILURES**

Austin, Texas, Jan 20.—Democracy will survive only if the United States establishes a post-war international order—with peace as a guarantee of its existence—to prevent a recurrence of the military fanaticism that has risen today in many quarters, a University of Texas government professor believes.

"For the first time in our history," declared Dr. C. P. Patterson, "a contest has evolved in which the very existence of American democracy is challenged by foreign powers".

"The rise of totalitarian doctrines has challenged democracy to improve itself. Our democracy is not perfect. In our present economic, political and social systems, there must be changes which will point to higher goals and greater happiness for our people," he emphasized.

"After the democracies stem the present threat to their survival they must so strengthen themselves by curing present ills that never again will totalitarianism be able to seed in the soil of democracy's failures."

Mrs. Slim Schellinger is seriously ill with bronchitis this week.

Mr. and Mrs. Jim Miller visited his parents, Mr. and Mrs. J. R. Miller in Portales, N. M., Friday.

Joe Morris of Tahoka has moved to this city and is connected with the Haynes Motor Company.

**WHAT PRICE GLORY?**

A British sea captain brought his vessel home safely after being attacked once by a submarine, twice by E-boats, three times by bombers, and once by artillery in the Straits of Dover. His journal laconically recorded these escapes, according to the Associated Press, but more anguish was expressed over worse matter. The real trouble, the captain said, was "this perishing correspondence with the income tax people and these infernal health insurance forms".—Tax Administrators News.

Daniell Davis and C. A. McLaughlin were in Brady on business this week.

## FORBIS AND MARTIN VOWS READ SUNDAY

Miss Earlene Forbis, daughter of Mr. and Mrs. R. C. Forbis of Ropesville, was married to Don Martin of Brownfield.

The wedding took place in the home of the bride's parents Sunday afternoon at one forty-five.

The pastor of the church of Christ of Brownfield read the ring ceremony.

The bride wore a French tan suit and natural accessories and a corsage of red roses.

Those attending the ceremony were: Mr. and Mrs. W. B. Martin, Mr. and Mrs. Reg Martin, Mr. and Mrs. Raymond Geen, Glen Martin, Pete Martin and J. W. Martin all of Brownfield and Mr. and Mrs. R. C. Forbis, Mr. and Mrs. Alvin Forbis, Gene Forbis, Melba Forbis and Doyle Forbis of Ropesville.

After the ceremony the couple left for Muleshoe, Texas where they will make their home.

## LADIES AID MEETS WITH MRS. McDUFFIE

The Ladies Aid Society of the First Christian Church met Monday January 19th, with Mrs. W. R. McDuffie. Mrs. A. A. Sawyer gave the devotional; and the lesson, a review of the Synoptic Gospel, was read by Mrs. J. A. Dennis. Members present were Mesdames A. A. Sawyer, J. A. Dennis, Bob Hamm, Crawford Burrow, S. P. Veasey, R. N. McClain, F. E. Walters, Queenelle King, and Helen Inoch. Mrs. Marlin Davis of Dallas and Mrs. E. D. Hemmie of Meadow were guests. The next meeting will be with Mrs. M. E. Brown.

## MARRIAGE LICENSE

Marriage licenses were issued the past week to R. L. Redding and Thelma Ann Ticer; J. F. Kendall and Doris Shelton; C. D. Yates and Kathleen Hudnall; Donald H. Martin and Earline Forbis, Gabriel Espinosa and Francisca Rivera; Ira Bailey and Syble Watson.

Mr. and Mrs. Joe. J. McGowan visited in Lubbock Saturday.

## "CINDERELLA"

Featuring Short-Soft Ringlets War and talk of war invariably have a direct reaction on fashion. During the war between the North and South we had the first wave of short hair modes. In the last world war, short hair swept the country and began the trend which continued in the post war years.

In the present crises, history seems to be repeating itself. The Military Motif on fashion always calls for simple lines and that means shorter hair. We are positive that short hair will not take the direction of the extreme short Bob. The mannish look is definitely out. So is the long, unkempt shoulder length hair. But the modern short Bob, truly feminine, is in.

If you have been thinking of trying the new Short Bob, come in and talk to us about it, we know we can "shape" your hair to be more becoming and so much easier to handle—Shaping 50c Shampoo & set 50c Cinderella Beauty Shop Phone 62-J

## MAIDS AND MATRONS MEET WITH MRS COPELAND

The Senior Maids and Matrons met Tuesday, January 20th at the home of Mrs. Lal Copeland with Mrs. A. J. Stricklin as chairman. The following program was given; The Christian Citizen—Galatians, Mrs. Stricklin; State Laws on Teaching Citizenship in Schools, Mrs. Jot Akers; The National programs of Preparedness and Defense, Mrs. Jacobson; Youth in Democracy, Mrs. Akers. The hostess served pimiento cheese sandwiches, potato chips, chocolate squares, and coffee to Mesdames Carlos Ferguson, Money Price, A. R. Smith, Teague, A. J. Stricklin, Mon Telford, Ruth Moore, Grady Goin, Herman Heath, Jot Akers, E. C. Davis, Jessie Randall, Tom Cobb, Louie Miller, M. E. Jacobson, Roy Wingerd, and Miss Olga Fitzgerald. Mrs. W. A. Wingerd of Kansas was a visitor.

## MRS. BAILEY IS HOSTESS TO LAS AMIGAS

The Las Amigas Club met at the home of Mrs. Jack Bailey Thursday afternoon. Sour cream cake and coffee were served to Mesdames Wilson Collins, F. A. Scott, Dick McDuffie, Spencer Kendrick, Grady Terry, J. M. Welborn, Orb Stice, R. N. McClain, Ray Christopher and Troy Noel. Mrs. Marlin Davis of Dallas and Mrs. Glen McGibbon of Perrytown were guests.

Those receiving first and second high prizes were given defense stamps from the hostess.

## DINNER GIVEN FOR KENNETH MOYER

Mr. and Mrs. L. Nicholson entertained Tuesday night with a swiss steak dinner in honor of their nephew, Kenneth Moyer, who is leaving Thursday. Those present were Twilla Graham, Alma Fay Ballard, Warren Noble, Clayton Simmons, the honoree, and the host and hostess.

## GROVES - DUNNAM

Ethel Marie Groves, daughter of Mr. and Mrs. E. C. Groves, and Alfred Dunnam were married January 6th, at the Methodist parsonage with Brother Hanks reading the vows. The couple will make their home in Dallas.

## WOMEN OF FIRST BAPTIST MEET

Think on these Things: Whatsoever are true. This was the subject of discussion of the Women of the First Baptist church Monday, with Mrs. R. D. Shewmake jr., our new mission chairman leading. The devotional taken from the Story of Moses was given by Mrs. Patton. Song Lead On O King Eternal, by all. As we think, was discussed by Mrs. Gordon Alexander. Mrs. Allridge talked of Whatsoever things are true; Mrs. Howell on The Truth Brings Joy, and Mrs. L. O. Greenfield on the Truth Bears Fruit.

There were 25 women present. Mrs. Lois Taylor, proprietor of the Grill Cafe, is in Arizona visiting her sister Mrs. David Johnson of Phoenix, and a brother, Mr. Eubanks at Wilcox. Sent us a card showing a coyote baying an Arizona moon, but don't believe Mrs. Taylor is that lonesome.

## MRS. PATTERSON HOSTESS TO JUNIOR MAIDS AND MATRONS

The Junior Maids and Matrons met Wednesday with Mrs. V. L. Patterson. One of the most interesting programs of the year was given with Mrs. Virgil Crawford as program director. She discussed, "The well dressed men and women of Colonial days". Mrs. Gore told of the leading fashions of magazines of long ago. Mrs. Arlie Lowrimore told of Prominent fashion designers. A parliamentary drill was conducted by Mildred Adams. Mrs. Homer Newman was appointed Defense chairman.

Delicious refreshments of tea, rolled sandwiches and angel food squares were served to Mesdames Homer Newman, Virgil Keys, Bill McKinney, P. R. Cates, Lynn Nelson, Virgil Crawford, Mike Barrett, Emmitt Smith, John Collins, Lee Brownfield, Burton Hackney, Jack Hamilton, Arlie Lowrimore and Misses Marietta Montgomery and Mildred Adams.

## LOCAL CHAPTER OF EASTERN STAR MEETS

The Order of the Eastern Star had its regular meeting January 20th, with Ida Bruton, Worthy Matron, presiding. The flag was presented and retired by Stella Thompson. Ione Turner gave a report on the business with the Denver chapter, and she also presented a birthday gift to Mrs. Bruton from the chapter. Jessie Randall demonstrated the secret work. Refreshments of open face sandwiches, ice box cookies, and spiced tea were served by Jewel Smith, Bertha Stahler, and Stella Thompson to about 20 members present. Dr. Robinson of Shreveport, La., was a visitor.

## WOODMAN CIRCLE BREAKFAST

The Woodman Circle had a breakfast Friday, January 15th, in the home of Mrs. May Howell with Laurice Howell and Laura Smith acting as co-hostesses. Bacon, eggs, hot rolls, preserves, apple jelly, cookies and coffee were served to Stella Thompson, Penney Stewart, Mary Nell, Thelma Blair, Laura Brown, Helen Mangum, Mammie Earl George, Ruth Copeland, Wineth Howell, and Cornelia Moore.

## MAY - EDWARDS

Miss Ethelda May, daughter of Mr. and Mrs. Tom May and Elwin Edwards, son of Mr. and Mrs. C. T. Edwards, were married in Lovington, New Mexico, Sunday January 11th. Mr. and Mrs. Joe Alverson were the only attendants. Mr. and Mrs. Edwards are at home in Levelland.

## WOMANS SOCIETY OF CHRISTIAN SERVICE MEETS

The Woman's Society of Christian Service met at 3 o'clock Monday afternoon at the Methodist Church. An installation service program was held and the following officers were installed: President, Mrs. Jewel Johnson; Vice President, Mrs. Tobe Powers; Recording Secretary, Mrs. W. B. Downing; Corresponding Secretary, Mrs. Harry Longbrake; Treasurer, Mrs. J. H. Carpenter; Study Superintendent, Mrs. G. S. Webster; Sec. Social Relations, Mrs. Glenn Harris; Sec. Student Work Mrs. Carter Thompson; Sec. Young Women's Work, Mrs. H. W. Hanks; Sec. to Children's Work, Mrs. N. T. House; Sec. Publicity, Mrs. Spencer Kendrick, Sec. Supplies, Mrs. Cleve Williams; Sec. Spiritual Life, Mrs. G. R. Arnett. Mrs. Arnett gave a talk on the progress the society had made during the past year and it was decided that all would bring a covered dish luncheon and meet at the church next Monday at 1 o'clock. Those present were the above officers and Mesdames Roy Harris, Cook, B. L. Thompson, Lulu Gainer and J. L. Newsom.

Those attending the Eastern Star Deputy Matron's Official visit at Denver City Monday night were Ida Bruton, Cornelia Moore, Mary Ellen Brown, Margaret Sue Wilhelm, Viola Barret, Nova Avent, Ione Turner, and Ethel Fulton.

Mr. and Mrs. Richard Kendrick, Kenneth Moyer and Alma Faye Ballard spent the week end in Santa Fe.

## It's Your Life!

Everyone agrees that unwarranted speed accounts for most of the increase in automobile fatalities. Few people agree, however, as to the conditions under which certain speeds are out of place. Although Texas' new speed limit is 60 miles an hour subject to zoning, the new speed law reads "Notwithstanding maximum permitted speeds, no person shall drive a vehicle at a speed greater than is reasonable and prudent under the conditions existing; and speed shall be so controlled as to avoid collision with any highway user in compliance with legal requirements and the duty of all persons to exercise due care".

Ten miles an hour may be too fast for some conditions—icy roads, for example; while 45 may not be too fast on certain highways. Certainly high speed is out of place.

After dark or when pavements are wet or icy.

When approaching street intersections or important crossroads.

When rounding a curve or turning a corner.

When driving in congested places.

When children are playing in or near the street.

For safe driving you should know how quickly you can stop your car. You may feel that driving at 60 miles an hour is safe under favorable conditions, but do you realize these simple facts:

Your car is covering 88 feet each second.

You travel about four car lengths between the time you realize the necessity to stop and the time you can place your foot on the brake. (This is the "reaction distance" of the average driver).

You cover at least 11 more car lengths after you apply the brakes before you can stop—this is about nine times as far as at 20 miles an hour.

If you strike anything, the impact is the same as it would be if you drove your car off a 12-story building. No wonder a fast moving coupe can turn over a 10 ton truck.

## FOUR TERRY GIRLS STUDENTS AT TSCW

Denton, Jan 20.—Enrolled at Texas State College for Women this year are four Terry County girls. Again the largest residential woman's college in the United States TSCW has students from 214 Texas counties, 27 states, and 5 foreign countries.

Terry County students include Misses Doris Virginia Cain, Lorenita Eden Goin, Mary Jean Lees and Mary LaRue of Brownfield.

The growth of TSCW in the short span of 38 years to a place of prominence among the nation's colleges is attributed by authorities to the ability of the college to anticipate the needs of women in the world of today and to prepare them to best meet these needs.

## FIRST PRESBYTERIAN CHURCH

Fred A. Walker, Pastor Sunday school 10 A. M. Morning Worship 11 A. M. Junior Endeavor 5 P. M. Senior Endeavor 6 P. M. Women's Guild Monday at 3 P. M.

Sunday morning we will celebrate Holy Communion. The Women's Guild met last Monday with eleven members present. The next meeting will be a social meeting with Mrs. Grant Winston leading the devotional service.

## BROWNFIELD GIRL NAMED "BLACKOUT" QUEEN

Abilene Texas, Jan 20.—Nell Eichert, freshman of McMurry was elected "Blackout" Queen of the Kiva club for 1942 in an election held by the members in a regular meeting recently.

The election was held in keeping with current national theme of war and its activities. A good way to keep the spirit of all-out cooperation, the members agreed.

Nell was a close runner up in an election for the most popular girl in her high school group of about 500 students. Nell will be honored soon in a social in charge of the club.

Miss Eichert is the daughter of Mr. and Mrs. J. B. Eichert of Brownfield.

## RITES FOR MRS. COBB TO BE HELD IN OKLA.

Body of a Brownfield woman, Mrs. E. M. Cobb, 39, was sent to Muskogee, Okla., for funeral rites and burial, Rix Funeral home announced Friday.

She died Thursday afternoon in Lubbock.

She had been in ill health some time. A cerebral hemorrhage was the cause of death, authorities said.

Survivors included the husband, her mother, Mrs. Sally Gowen of Morris, Okla., a son, Charles Kelly of Flora, Ill., and a daughter, Mrs. Kathleen Hewett of Brownfield.—Lubbock Avalanche.

## STAMPS-BAXTER SONG FELLOWS COMING TO GOMEZ JAN. 23rd.

The Stamps-Baxter Song Fellows will be at Gomez School house Friday night in a concert sponsored by the the Gomez H. D. Club.

We hear the Song Fellows daily over the radio from Wichita Falls. So be present and see and hear them in person. There's a treat in store for you, so be there.

## MAN CRITICIZES WOMAN

Man criticizes woman for her extravagance, but she never wastes two dollars worth of shotgun shells to get a 25c rabbit—Nor goes into a restaurant and buys a 25c meal and gives the waitress a 25c tip because she smiled at him—

Nor uses 20 gallons of gasoline and pay \$25 boat hire to get fish where there aren't any fish.

## TECH CO-EDS CAN SMEAR THE PAINT

Lubbock, Jan. 20—Cosmetic sales tax of ten per cent has had little effect on co-ed consumption of make-up "raw material", Texas Tech's semi-weekly Toreador observes.

"In the outlay of cosmetics in one dormitory", a student reporter writes, "there's enough lipstick to paint New York and all its suburbs a bright fireman's red, enough powder to blow up the whole German army (if it were of the explosive type), and enough cream to have a greased pig contest in every state in the union, including Arkansas".

She terms the hour 7 to 8 A. M. as "Girl's Defense Hour", when roommates fight over mirror space and work with the intentness of inspired artists, to achieve an effect that bears slight resemblance to the raw product.

Wholewheat comprises only 3 per cent of all the flour sold in the United States notwithstanding that the whole grain contains 3 times more phosphorus, four times as much iron and eight times as much vitamin B. Both have the same number of calories.

## ECONOMY FORMULA

### for BUDGET BABIES

Here's a simple formula for building up baby and your budget at the same time—get all the things your doctor recommends at our Complete Baby Department. In it are all the ingredients for baby's formula... all the requisites for keeping his tender skin in the pink of condition. They're all here—and all priced to bring you the maximum dependability at the minimum cost.

"IF IT'S IN A DRUG STORE WE HAVE IT"

### INFIDELS AND ATHEISTS CONVINCED

Infidels and atheists, scoffers and scorners are having a difficult time in their attitude toward the Bible when so much is being fulfilled before their eyes; and present day scientific discoveries are leading the way for more complete fulfillment. When the Bible said, "Fire came down from God out of Heaven and devoured them", the scoffers said, "Impossible!" But the bombshelter dwellers in London, the survivors of Pearl Harbor and crew after crew of ships bombed from the air will have no difficulty believing literally the Bible prophecy of falling fire. When they read, "Who are these that fly as a cloud and as doves to their windows?" again they said, "The Bible is untrue: no one can fly." But when the President announced that the production of planes would be stepped up to 125,000 per year, it would seem that a million Americans will soon be flying as a cloud, fulfilling literally Isaiah 60:8. When man has been willing to wait the Bible will always be proved true as did Nahum 2:4, "The chariots shall rage in the streets, they shall justle one against the other in the broad ways; they shall seem like torches, they shall run like the lightnings". One has only to visit the highways and the city streets to have a visualization of the picture, presented prophetically by the ancient preacher.—Abilene Times.

### Cotton Beauty

When it came time to "pick" cotton in Indiana, Jean Bernard, brunette beauty from the University of Indiana was chosen as cotton queen at the famous health spa of French Lick Springs. To add a touch of cotton to the picture the Indiana queen wears a crown topped by tufts of cotton.

Mr. and Mrs. Tom May and family went to Big Spring Saturday where they met Murphy May who had delivered a plane there from California.

Every member of the family will find course after course of enjoyment on our menu. From soup to dessert—everything's good quality and good tasting. Service? None but the best!

Watch For Poor Germinating Cottonseed

Reports are reaching this section from A. and M. College, who have investigated the matter, that on account of so much rain in the fall, many cottonseed will not germinate, some of the germination tests with seed from this area being as low as only one third fit for planting.

If it is the intention of the farmers of Terry county to plant their own seed, they should give them a test. If you are not familiar with the method of testing, consult your county agent.

If the test shows low germination, better get seed from other sources, or at least plant from one third to two-thirds more seed to the acre than usual.

Some 17 Leave For Fort Sill Thursday

Some seventeen of our Selective Service men left in buses with other men of the area, for Fort Sill, Okla., where they will take training.

We are not allowed to give the names of these men under the new ruling. But will say they are a good bunch of men, and will give an account of themselves when trained.

WOMEN FROM RURAL HOMES ENTER ARMY SERVICE

Women as well as men on the farms and in the villages and small towns of the country are forging to the front in America's united war effort.

The 2,000,000 men in our Army are not only supported by the patriotic civilian work of an increasing number of women and girls who are rendering efficient service in their home communities, but thousands of wives, sisters and sweethearts of the men in the combat forces are enrolling for active duty. Those now engaged in full time activities are members of the Army Nurse Corps, Reserve Nurses, hostesses in the various cantonments and dieticians in the hospitals and food consultants in the War Department and the camps.

Four-H Clubs have furnished ideal training for many young women now serving in auxiliary branches of our Army, according to a recent announcement by authorities in Washington. Conspicuous among the 4-H Clubbers now working for Uncle Sam is Mrs. Meryl P. Stone, designated as an associate of Miss Mary Barber, food consultant to the Secretary of War. It is Mrs. Stone's job to assist with menus for the soldiers in the camps and in the field. She will sample the "chow" and will be available for conferences at the Army Bakers and Cooks schools.

Mrs. Stone declares that the foundation for her present post was built during her 4-H Club days in her home town of Black Earth,

—Photo by U.S. Signal Corps  
MRS. MERYL P. STONE

her community and Mrs. Stone was one of its active members. Under her leadership the Black Earth organization won honors at a county fair for skill in sewing.

After high school Mrs. Stone entered the University of Wisconsin to major in home economics. Following her graduation she served an internship as a future dietician at the University of Michigan and established a training course in dietetics for student nurses at a Detroit hospital.

Going to New York she joined the staff of a large commercial concern and continued her work in preparing recipes and balancing their caloric contents for hotels, schools, hospitals and other institutions. Romance and marriage came for the former Wisconsin 4-H Club girl and last summer with her lawyer husband, she moved to Washington, where she continued active in her chosen field.

The story of her career is not unlike that of many other women on duty for our Army, as shown by the files of the War Department. Four-H Club girls recruited from various sections of the country have answered the call to service and are giving the Government the benefit of their skill, thrift and efficient training. As home demonstration agents, many young women from rural communities are strengthening the civilian forces, and in other fields they have shown resourcefulness and initiative in their patriotic efforts for the nation's defense.

A small home in the northwest part of the city, burned Saturday night.

It had been 16 years since I had seen my friend but we started talking as naturally as though our conversation had been interrupted only a moment before by the entrance of a customer. He had the same deliberate way of speaking as though heading a path that was dark and he was holding a torch that shed its rays only two paces ahead.

The long interval had made no difference in him: there was the same poise, the same quiet humor and the same flattering silence as you spoke. We still had the same interests; politics, sports, history, tales about people—in short, people themselves.

In the fall of 1918, this observer—little more than a boy—had come to the town to become editor of the weekly. The father of my friend owned the drug store. It was an old fashioned drug store, old fashioned even for those days when no drug store handled ties or silk stockings. This one didn't even have a soda fountain. There was a cabinet full of dyes on the counter and a table, with stationery and school supplies in the middle of the place and that was as much of a concession as it would make. There was the mingled aroma of sassafras, cinnamon, citronella and innumerable other drugs in the front windows were two huge bottles filled with red liquid.

There weren't many customers in the summer evenings after supper when my friend was in charge of the store, so we used to sit on the front step and as he alternately talked or listened, puffing slowly at a pipe, lightning-bugs twinkled in the courthouse yard and the stars winked over the tops of the trees.

While this observer has wandered, my friend has been content to live in the same town all these years. Previously, he had seen a bit of the world as a 'drummer', with Herrin, Ill., (in bloody Marion County) on his

route; and a threatened breakdown in health had caused him to spend a year in a little town in the mountains of New Mexico, where cowboys were the chief customers in the general store.

He has kept on reading newspapers, magazines and books; he has utilized motion pictures and the radio; he has continued studying people and they come to him for counsel. He is the sage of the town. Who can say but that he has chosen wisely in the course of his life?

I was glad to find that, in spirit my friend was the same unchanged by the years. Old books, old logs, and old friends!

An Abe Lincoln story: When the future President was practicing law in Springfield, a witness testified that he was 60 years old. Lincoln said, "I thought you were older than that." The man on the stand replied, "Oh you're thinking about the 10 years I spent in Eastern Maryland; that is such poor country that it was just so much time wasted—I don't count that."

It is sometimes said that the victims of loan sharks should receive no sympathy because they are a shiftless sort who deserve the kind of treatment they receive. But this will not stand up under examination of the records.

There are thousands of borrowers like the Texas railroad employe who obtained \$60 to meet a family emergency and agreed to pay back \$89. For four years he paid \$8.90 every two weeks. To meet the payments and other household necessities, he was forced to obtain four other loans. When the case finally came to the public attention, he was paying \$89.80 a month on what had started out as a \$60 loan.

This man was a good, hard-working citizen who had been in the employ of the railroad for 18 years—very much the same kind of chap as your neighbor is or you are.

Mexican proverbs: Patience—and shuffle the pack. One nail drives out another. What one does, one becomes. Weeds are not hindered by frost. Grain by grain, the fowl fills her crop.

If you would be Pope, you must think of nothing else.

It is dangerous to mention ropes in the house of a man who was hanged.

Epitaph: Sacred to the memory of James

GOMEZ H. D. CLUB

The Gomez Home Demonstration club met Wednesday afternoon at 2:30 in the home of Mrs. Banks for the first meeting in the new year.

After a brief business session Miss Blanton gave a very interesting demonstration on rooting grape cuttings. This being the right time of the year best for rooting. Several members cut their grapes for planting and carried them home to plant.

Further plans were made toward sponsoring the Stamps-Baxter Song Fellows in a concert at the Gomez school house Friday night Jan 23.

Our next meeting will be Jan. 28 at the home of Mrs. W. G. Swain. We urge that each member be present. And if you are not a member come and be one. We had twelve members and two visitors, besides Miss Blanton present.

### My Week

by Eleanor Roosevelt

**UNKNOWN SOLDIERS TOMB**  
One morning, two children, who were staying in the house, decided they would like to go to see the Unknown Soldiers Tomb, so we took them there and to Rock Creek cemetery to see St. Gauden's memorial. To me, that memorial is one of the most beautiful things in Washington, in snow or sunshine.

I said my prayers of thankfulness and of hope, with my eyes fixed on that strangely enigmatic woman's face. She lived a full life, I am sure, but I am never quite certain whether she just became resigned, or whether life gave her a complete and peaceful contentment.

Back for luncheon, after which some of our guests left, so that I spent a fairly quiet two hours in my sitting room before Mrs. Aymar Johnson came in with some English children who are staying with her. Later, about 15 political science students from Mt. Holyoke, with their teacher, Miss Victoria Schuck, came to see me.

They asked a number of questions and I arranged for them to go to the Office of Civilian Defense to find out all they could about our work. Miss Jane Seaver, of our youth activities division, came to us from Mt. Holyoke, so I am sure they found a friend and made use of the Washington Bureau of the International Student Service also.

**WOMEN'S SERVICE**  
After writing my column one afternoon, I went over at 6:30 to the opening of the American Women's Voluntary Service Club house. They have been given the use of Mrs. Sumner Welles' stable, and they are to use it for their activities.

I hope that the attendance at the opening means that they will have a large number of workers, because I feel sure that there is plenty for them to do. There are too few places in this city for the newcomers who are department workers, or for the influx of sightseers from the camps, etc., to meet in a congenial atmosphere.

After dinner, I went up to the Library of Congress to the opening of an exhibition of South American posters. A few of our own are also shown, but I do not think we have yet learned to use our best artists, so our posters do not seem to be quite as vivid and colorful as some of those from the South American countries.

I was struck by the fact that so many of them dealt with questions of social security, housing and youth activities. I hope a great many people will see this exhibition.

**TRIP TO BOSTON**  
Back from the poster exhibit, I dressed for the train, then had a short talk with one of the assistant directors of Civilian Defense and, finally, Miss Thompson and I made the 11:00 train for Boston. We arrived there next morning and after breakfast at the Hotel Statler, drove out to Hingham with Mrs. Frances MacGregor.

I would hardly have come at the present time, if I had not broken this engagement when I went west right after Pearl Harbor. I have been able to do some of the things which I had to give up at that time, but I am afraid I shall never be able to catch up on others.

**PRESIDENT'S MESSAGE**  
I listened to the President's message over the radio and wished that I could be in two places at once. It is rather an interesting thing, when you are accustomed to watching a person speak, to hear him now and then over the radio, and to have an idea of how it seems to other people who never actually see the person face to face, even when they know his voice quite well and have listened to him many times on the air.

The war news seemed a little better that evening and for some reason we all seemed in a carefree mood at dinner. Perhaps I was just happy myself because I had talked to Franklin Jr. and so imagined that everyone shared my mood.

**MUNITION BASE**  
I had a chance to see the tremendous development at the naval ammunition base at Hingham, Mass., the next day. Then, before lunch, our hostesses, Mrs. Gordon MacGregor and Mrs. Janet Raymond, took us to a meeting of the League of Women Voters. Afterwards, Mrs. MacGregor and I went over all the very beautiful pictures for her book. Then Miss Thompson and I caught the 4:20 plane and arrived in New York city in time to dine at home and go to the theater.

**THEATER PICKETS**  
I had planned on seeing "In Time to Come," but on getting out of the taxi, I was confronted by two pickets who belonged to the musicians union. I do not cross a picket line and so I turned in my tickets. Mr. Meyer Davis and his daughter, who came up while I was standing on the sidewalk, felt as I did about crossing the picket line. We crossed the street and obtained tickets for "Best Foot Forward," which gave us an entertaining evening before we caught the night train to Washington.

Mr. and Mrs. Lee O. Allen are visiting in Dallas this week.

## Our Most Important Job Is To KEEP Your TRUCK ON THE JOB

● The next best thing to a new truck is new life for your present one. We're putting the same outstanding value in GMC Service that you've always found in General Motors Trucks. When we do a repair job, we give you approved factory quality in all materials and workmanship. We offer invaluable preventive maintenance that prolongs truck and tire life. Every man here is on the job to help keep your truck on the job.

### SOUTH PLAINS MOTOR CO. INC.

#### Baptist Church News

Attendance registering for Bible study last Sunday was 357 and with better weather will be largely increased.

Pastor Rogers returning from a meeting with the church at Farwell reported a good meeting there.

A good meeting of the Brotherhood Monday evening in which the work Southern Baptist are doing through the cooperative program was studied and a resolve to make our own Brotherhood function in a larger way during 1942.

The choir will be practicing for a cantata for the Easter Service and all of the singers are urged to cooperate to make this cantata the best ever presented in our church and lovers of good music will wish to participate.

Dr. C. E. Maddry, Secretary of our foreign mission board was in Honolulu when the Japanese bombarded that city and has returned to this country by clipper plane and appeals to all the people to furnish relief funds to assist those of that island as well as in China who are in dire need and who look to our missionaries for relief. It is said that there are several million people almost starving whose lives can be saved for \$1.00 per month and our people are asked to help save their lives. Money for this purpose should be marked "relief" and it will be forwarded immediately for that purpose.

We can best exemplify the Christian Spirit by doing what Christ did when he walked among men. We miss the many young men who have gone into training and to the front but we must carry on in a worthy way until they return to us again. We are glad to have visitors and strangers in our congregation.

**WORKERS CONFERENCE**  
Next Wednesday, January 28 is Our regular Workers Conference. Supper at 7:30 with the Workers Conference beginning at 7:30. It is very important that all workers attend this meeting and all supply teachers and department secretaries are expected to attend. All class officers are invited to attend also. Plan now to be present.

**PLAINS**  
We are glad to report Billie Faye Lusk some better who has been ill with pneumonia. Miss Creola Moore spent the week end with home folks in Brownfield. Judge Linn is in the hospital in Lubbock but is reported some better. Born to Mr. and Mrs. Newt Anderson on the 16th. Mother and baby are doing nicely. Mrs. Mosier and sons of Slige spent Sunday with her daughter Mrs. Jesse Criswell. Mrs. M. E. Dumas spent Friday night with her mother in Tatum.

Mr. and Mrs. Roy Wingard, Twilla Graham, Evelyn Jones, Jane Brownfield, Alfred Gore, Tobe Gillham left Thursday for Santa Fe where they will spend the week end. Kyle Graves was in Lubbock on business Tuesday.

#### Methodist Church

The churches are under tremendous obligations at this—that of being large factors toward maintaining the morale of our people. Let us feel our obligation and discharge it.

Gideon's men gave us an imperishable example of proper conduct in our emergency: "They stood every man in his place round about the camp". May God give us the loyalty and devotion to do that at this time. We shall look for you Sunday. We need you in our services.

Subject for the morning Service "God Speaks to a Dictator". The young people meet at 6:30. Subject for the evening service "God Still Believes in the Human Family".

Reverend W. Ralph Ward, jr., of Manchester, Connecticut has given us the following Ten Rules for Christian Living in a World at War:

1. Do not let the war become an excuse for neglecting and ignoring life's normal responsibilities and duties.
2. Take time for counsel and give place to take reason before following through on decisions made when the emotions are aroused.
3. Make light of your own sacrifices while being ready to acknowledge the greater sacrifice of others.
4. Maintain a sense of humor.
5. Let there be no hate of person in anything you think, or say, or do.
6. Do not impute selfish motives to those who differ with you in what they conceive to be their compelling duty in time of war.
7. Hold fast to regular habits of prayer and worship which renew the soul, strengthen the mind, and keeps one morally fit.
8. Learn to surmount fears with faith to conquer rumors with reason, and to overcome personal grief through sharing the grief of others.
9. Forget not that you are an ambassador for Christ and thereby especially sent to live for peace and universal brotherhood.
10. Set no god above God the Father of all, who is suffering with burdened humanity and cooperating with man in his great struggle for permanent peace.

#### NOTICE LUBBOCK PRODUCTION CREDIT ASSOCIATION MEMBERS

The annual meeting of this association is being held at the Lubbock Hotel, January 26, 9:30 A. M. All members are urged to be present.

A. E. McGinty, Field Representative.

Mrs. Lad Brownfield and Hester Johnson visited in Lubbock Wednesday.

### Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

## Gene Howe Used Very Plain Language

When Gene Howe, publisher of the Amarillo News-Globe comes unbuckled, he can say things that Americans from Maine to California, and from Texas to Alaska have no trouble understanding. Herewith is a fair example.

Gene Howe, Amarillo publisher declared in an interview up in Topeka Kansas, last week, "the only safe, sane and patriotic course for the Republican party is to hold right onto Franklin Roosevelt's coat-tails until the war is over".

"We're in a war. It's our war. And it isn't a Republican or a Democratic war—it's ours and Roosevelt is our president.

"Probably Roosevelt has made some mistakes and may make some more. That doesn't make a damned bit of difference. We've got to clean up those dirty Japs and whip Hitler".

## Behind The Scenes In American Business

New York, Jan 19, REBOUND—following the December slowdown in department store sales, attributed to the sobering effect of war's outbreak, the nation's shoppers have resumed a record breaking stride. For the weeks ending Jan 3 and Jan 10, nation wide store sales show 27 and 32 per cent gains respectively over corresponding weeks of the previous year. This in spite of the fact that those same weeks a year ago were themselves recording tremendous gains—were in fact, topping even fabulous 1929 in volume of goods sold. However, in the present case higher prices account for approximately half of the dollar-volume increases being shown.

Washington—Just about the biggest single development in America's war effort since fateful December 7 is the nomination of Donald M. Nelson, former Sears-Roebuck executive and latterly head of SPAB, to be the one-man absolute boss of all war production and procurement. Here's the informal but forceful keynote he struck as to what's going to be happening to our business and industrial habits: "During the next few months we are going to be discarding so many old routines, and doing so many things that have never been done before, that it will make your hair curl!" . . . He went on to warn that it's going to be hard to swallow many of the things that may have to be done to industry. Among them are: Pooling of tools; redistribution of skilled workers; curtailment of what we've come to regard as the ordinary functions of ownership, management and labor; the upsetting of commercial and industrial arrangements of years' standing; the trampling on all sorts of privileges and prerogatives.

## No Interest On Crop Insurance Notes

College Station Jan. 19.—Notes that don't bear interest should attract every Texas farmer, according to George Slaughter, Chairman state AAA committee.

Premium notes in this manner are only of several outstanding features of cotton crop insurance being sold to Texas cotton farmers for the first time this year, he said.

Under the program, farmers may insure either 50 or 75 per cent of their normal production against all unavoidable hazards. Insurance contracts also may be used as collateral security for money advanced in making a cotton crop, he said.

Farmers should not ask: Can I afford to take it? Slaughter said in pointing out that insurance guarantees a cash income for every cooperating farmer.

Realizing farmers want insurance as soon as it is applied for and not six or eight months later, the Federal Crop Insurance Corporation has eliminated much of the so-called red tape in an effort to speed up insurance work, the AAA official said.

"Cotton crop insurance begins when seed goes in the ground and stops when cotton is weighed in at the gin and farmers can't ask for much better insurance, Slaughter said.

First deadline in the state is Jan. 31 for Cameron, Hidalgo Starr and Willacy Counties. Other closing dates are March 1, March 15 and March 31.

Mrs. J. W. Fitzgerald, Mrs. T. L. Treadaway, Miss Olga Fitzgerald, and Mrs. J. E. Fitzgerald visited relatives in Plains Sunday.
