Your Home Owned and Home Managed County Paper — Where Farming, Ranching and Oil Fields Bring Prosperity to Terry County People

VOLUME THIRTY-SEVEN

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY JANUARY 30, 1942

NUMBER 26.

No Court Until Thursday This Week

Judge Garland is due here Thursday of this week, stated Mrs. Eldora A. White, district clerk, but at this time I am unable to say just what his program is. Judge Garland is acting District Judge. The following cases were tried last week:

State vs. Mrs. C. A. Dempsey, for running over Woodards boy near school grounds; 3 years suspended sentence.

State vs. Dick Turner, charged by indictment with cattle theft. Not guilty.

State vs. Craft White, colored, charged by indictment with shooting U. Z. Robinson, also colored. Two years in pen.

State vs. Chas. Brown, charged with theft of car with firearms from Mrs. Swin. Five years in pen.

State vs. John Smith, colored, charged with stabbing Leon Carr also colored. Five years suspended sentence.

State vs. Curtis Lee, charged with theft of saddle. Three years suspended.

The civil case, Pickett vs. B. F. Walker, damage. Transferred to Federal Court at Lubbock.

There were some three suits for divorce, all of which were granted.

Rollin McCord Asks Re-Election As District Attorney

Rollin McCord, our District Attorney of Tahoka, took a few minutes from court duty Monday of this week to call on the Herald and asked that we state that he was a candidate for re-election for the second term as D. A. He will make a statement to the voters in these columns later.

We have heard no adverse comment on the District Attorney during his first term. On the other hand, he has been constantly on the job, anytime, any place in

ROLLIN McCORD
District Attorney, 106th Judicial District

the entire district. Apparently his record speaks for itself, being well up to the average since the district has been organized.

Mayfields Lose Much In Tractor Fire

Ed Mayfield, who is working in an airplane plant in Dallas, left Sunday with his family and a trailer load of bedding, clothing, two spare tires and several lbs. of fresh meat. Down the road somewhere between here and Dallas, the tractor took fire.

Practically everything in the tractor was destroyed. They have no idea how the tractor got on fire, unless from a cigaret or from the exhaust.

More Scrap Metal Needed

The American Legion is sponsoring the collection of scrap metal in Terry County. Final collection point is on the vacant lot between the City power plant and the ice plant. If those who have an appreciable amount of scrap iron, brass or copper, etc., will call either C. T. Edwards, J. D. Miller or L. M. Wingerd at their places of business, a truck will be sent out to collect it.

We May Get A Seventh Paved Outlet

While but little has been said about the matter, plans are under way to build a paved road northwest of here to puncture the oil fields of Cochran county.

The proposed road would leave U. S. 380 and state 62 somewhere west of Gomez, and run in a northwestern course to the Cochran county line, where it would connect with a similar road from that county, and on to Morton, county seat of Cochran county.

This would give Brownfield seven direct paved outlets and one of the biggest highway centers in this section. It would make it the spot for oil people to live and make their homes. As we understand the matter, after the Lamesa road is finished the county will still have some \$50,000 or \$60,000 left from the bond issue of last year. However, it would require some additional funds, the provision of which is to be decided later.

So far, precinct 3 does not have a mile of paved highway. They have helped others to obtain them. We should return good for good if in our power.

County Judge Price of Cochran county spoke to local Rotarians last Friday and informed them frankly that he knew that the oil people liked Brownfield as a trading place, as well as a place to live, better than any town in this area, and he advised Brownfield people to do all they can to get this road through the heart of the Slaughter oil pool.

Brownfield has always been nice to oil field workers of every kind, from rough neck to camp and driller bosses. We have heard that at some places, some of the churches took them in with reluctance, saying they drank and danced. Brownfield has been fortunate. We guess in getting the cream of oil field workers. At least, they are welcomed in the churches, schools and society here.

They make good money, and are free spenders. Give us more oil field workers.

Judge Louis Reed Is In The Army Now

We have it straight that our district judge, Hon. Louis B. Reed of Lamesa, has been definitely accepted in the U. S. Army with a ranking as Lieutenant-Colonel and will be stationed at Fort Sill, Okla.

Judge Reed served in the field artillery during World War I, and kept in training until his health failed. Since hostilities began December 7, he has asked for re-examination and re-instatement and has been accepted. Judge Reed has been a valuable aid in the district on many occasions as speaker at Legion gatherings, Texas Defense Guard meetings and organizations.

Judge Reed is asking the voters to re-elect him as their District Judge. In the meantime, during the duration, there will have to be an acting judge elected each term of court, but there is good talent in the district.

Gerald Mann To Speak At Lubbock

Gerald C. Mann, attorney-general of Texas and former Boy Scout, will be the principal speaker at the Annual Meeting and Banquet of the South Plains Council at Lubbock, February 3, Hotel Lubbock, John A. Broome chairman said today.

Mann will speak at the banquet at 7 p. m. Tickets are 85 cents and can be reserved at 410 Myrick Building, Lubbock, or thru the local town chairman. Officers for 1942 will be elected at this meeting. F. B. Malone is the present president. At 4 p. m. the annual council meeting will be held for this purpose. At 5 p. m. group sessions will start and break up for the banquet program. Last year 409 persons paid to hear Walter W. Head, national president of the Boy Scouts of America.

PAVE THE WAY

Another Strain Put On The Tires

It tickles one when some service man informs you that there is a lot of mileage in your old tires, and with proper care and inflation, they are liable to last until you are able to get new ones. On the other hand, another guy with a knowing look will put the quinine in your taster by stating that for awhile, they may make trips from home to town, but you are liable to have to store the old bus in the garage any time. Why can't a guy be just a bit encouraging even if a small white lie has to be indulged.

Anyway, the past week end, the She for some reason suddenly decided that she must have a birth certificate. What for, we'd hate to hazard, and there are just two people in the "Unitied". States that are willing to swear that she made her appearance in this old world, well, back several years ago, on a certain Valentine Day. They are Uncle Charley Thompson of Colorado City, and Ella Henderson of Lorraine. In those good old days, they didn't think it necessary to register the birth of kids. As for the Old He, we have been paying taxes many years as one born August 23, 1880, and if people doubt our age, let them do the improving. We'll always believe we were born, at least, grew to manhood and lived happy ever after. And while Virgil Burnett, tax collector, may regret it, he'll not get a sou out of us for poll taxes from this on.

Leaving here around four-thirty, over the new Lamesa highway we were in Big Spring by lamp lighting time, and in Coahoma some twenty minutes later. There was a whole raft of the femmy kin in Dallas, visiting a son and grandson, who is taking up airplane repair work in that city. So, we had to bunk with Joe, who was alone, and took our meals doggone good ones too, with Mr. and Mrs. Archie Thompson. We have no idea where Archie found all that grub. We are not too inquisitive that way. Anyway niece Hannah knows her okra in the kitchen, and we didn't diet any while there. In fact we failed to get hungry again until Monday or Tuesday.

Archie having to attend his filling station, his wife and her Dad J. A. Roberts and weuns, headed east for Colorado City, Sunday A. M. thence south six miles to the Thompson ranch, an uncle of Archie who also raised him. Found that Uncle Charley was away visiting a daughter, and so on to Lorraine to see the lady who was willing to swear that she was born sometime back

Pay Your Poll Tax If You Want To Vote

Saturday is the last day you can pay your poll tax and use your receipt to cast a vote in any election this year, and there will be many of them. Elections include a U. S. Senator, Governor, a lot of other state, district, county and precinct officers. There may be other special elections that we do not anticipate at this time.

If you were over 60 and not assessed for a poll tax last year, or if you became 21 years of age since the first of last year, you are exempt, or will get a free vote. All others of voting age, will have to pay \$1.75 for a poll tax receipt if they vote.

This is our last appeal. If you fail to qualify as a voter, we'll bet you regret it before the year is gone.

Born to Mr. and Mrs. John Fitzgerald, Plains, a daughter, Linda Gail, at the local hospital last Saturday, weight, 7 pounds and 12 ounces. Mother and child doing nicely; John will recover.

Nelson Smith New Manager Seagraves Piggly Wiggly

Numerous friends of Brownfield will be congratulating Nelson Smith, son of I. M. Smith, of this city on his recent promotion as manager of the Piggly Wiggly store at Seagraves. Nelson grew from childhood to manhood in and around Brownfield, being reared on the Smith farm 2 miles northwest of the city, and attending the schools here.

Nelson was for some time employed as bookkeeper at the Brownfield State Bank, and later was with Piggly Wiggly here, to be changed to Lubbock, where he finished as a clerk and qualified as manager. His family still lives here, but Nelson stated to us recently that he would soon move them to Seagraves.

America On Daylight Saving February 9

President Roosevelt signed a day light saving bill Tuesday, which puts America on daylight saving, beginning Feb. 9, to conserve electricity for the titanic war effort. At 2 A. M. on Monday, Feb. 9, the clocks of the nation will be turned forward an hour for the duration of war. Although the bill applies only to interstate commerce activities and the federal government, it is expected to be observed by most of the nation.

You will have your choice of new deal or old deal time.

Banks Spike Rumor Of Savings Confiscation

Recurring rumors that the Federal Government intends to confiscate savings deposits or other accumulated bank deposits are being circulated in many parts of the country.

Your reporter, having heard some few rumors in this community contacted officers of the Brownfield State Bank and the First National Bank in this regard. These gentlemen stated that there had been very little apprehension among the people of Terry County in this connection but that they had had some inquiries from customers who asked advice of the banker with regard to savings and bank deposits.

The bankers stated that they had received a statement from Secretary of the Treasury, Henry Morgenthau, Jr., in this connection and that he authorized his remarks to be quoted; Secretary Morgenthau's statement follows: "I wish to state most emphatically that there are no foundations whatever for such rumors. The Federal Government does not have under consideration any proposal involving the confiscation of the savings deposits of this county for any purpose. Furthermore, anyone circulating rumors of this character is acting against the welfare of the nation".

The bank officers said that, in this regard, it was significant that after two and a half years of war, the British Government had made no capital levies or forced loans of any character whatever. They stated that the Axis countries had already confiscated all property, in effect, and that we should realize that one of the things we are now fighting to preserve is our property rights and other attributes of Democracy. The officers of the local banks feel, as does the Government, that war conditions will result in higher earnings and that the surplus earnings, over actual expenses, should be invested in the future of this country. ie Defense Bonds. They urge the purchase of Defense Bonds and Stamps from current income.

It should be realized that savings alone would not finance the tremendous cost of our war effort, there are not enough savers. An allocation of income, will however, yield a tremendous sum and income will continue as long as capital is not prevented from earning a fair return.

Work To Start In March On Brownfield Road

County Judge Vernon D. Adcock received word this week that actual work on the last gap in the Brownfield Highway, would start early in March. This will complete that portion of the highway from Punkin Center to the Terry County Line.

By the end of the year every State Highway that touches Lamesa will have been completed. The State Highway department had already announced that contracts would be let on January 30th for the final gaps on highway 303 south, and with the work announced for completion between here and Brownfield will wind up all roads through this section.—Lamesa Journal.

Band Concert Wed. Feb. 4, 7:30 P. M.

Next Wednesday evening, February 4, at 7:30 the high school band, under the direction of C. L. Horn, will make its first public appearance of the concert season. The admission is free and we urge everyone to attend.

The program will be as follows: Air Waves by J. Olivadote; In a Persian Market by Albert W. Ketelbey; American Patrol by F. W. Meacham; So This is Dvorak by Forrest L. Buchtel; Arabian Nights by Paul Yoder; Glory of the Gridiron by Harry L. Alford; Balaton by F. L. Buchtel; Colorado by G. E. Holmes; Luzerne - Overture by Lester Brockton; Hall of Fame by J. Olivadote; The Crusaders by F. L. Buchtel and Semper Paratus by Van Boskerck.

Mrs. L. M. Keith is now employed at Hancock's cafe.

Committees Named For Birthday Celebration

HELP FIGHT

INFANTILE PARALYSIS

Concentrating every effort possible to protect the health of the nation during the present war emergency J. O. Gillham, Brownfield, chairman for Terry County has announced committees and officers for the President's Birthday celebrations, January 30. The official staff as set up by the chairman is composed of Jack Bailey, vice chairman; Mrs. Lee Allen, women's activities; T. R. Black, secretary; Leo Holmes, treasurer; Tobe Howze, Lee O. Allen, Tokio; Earl Cadenhead, Meadow; Lynn Nelson and Homer Newman, executive committee.

Coming with the appointment is a call to the people of the county to lend every assistance to the furtherance of the fund raising program needed because of infantile paralysis striking in almost every community of the state and nation.

With the advent of the United States into the world war the necessity for keeping the health of the nation above par is paramount, according to George W. Griggs, vice-chairman and director of organization for the State. Mrs. George Pittman, Dallas, vice chairman in charge of women's affairs, is heading a drive to enlist the assistance of the women in every community throughout the state. Money is sorely needed to help in the financing of preventive measures to check the spread of the disease in many localities.

Points To Consider In Buying Chicks

By R. N. McClain, County Agent
Chicks should come from healthy parent stock that has been bred for high production, high hatchability, and livability. Mortality is much lower in chicks that have been tested for pullorum disease. If possible get chicks from stock that is two or three years old.

Early chicks have the advantage of lower mortality due to less diseases. Early chicks grow faster than late chicks; therefore cockerels are ready for market earlier and usually bring higher prices on a spring market. Pullets lay more high priced eggs in late summer, fall and winter.

Keep brooder house clean, supply plenty of fresh water and see that the house is properly ventilated. Feed the chicks a good buttermilk starter mash, heat water to remove chill if early in the season, supply fresh starter daily keep chick size grit or sand in hopper at all times.

Since the annual meeting of the stockholders of the Brownfield State Bank which is held in July of each year, there was no change in the officers and directors of the bank at regular meeting in January.

J. O. Gillham, executive Vice-President of the bank made his annual report to the stockholders of the bank however. His report showed that the bank had paid a cash dividend of 30 per cent on its capital stock during 1941 and had increased its surplus account from \$30,000.00 as of Jan. 1st, 1941 to \$45,000.00 on Jan. 1st, 1942. "It was the best year our bank has ever had in its 36 years and our total resources have reached an all time high, said Mr. Gillham.

The officers of the Brownfield State Bank are J. L. Hudson, Chairman of the Board; Will P. Edwards, President; J. O. Gillham, Executive Vice-President; Jno. S. Powell, honorary vice-president; Leo Holmes, Cashier; Bruce Zorns, asst. cashier and J. E. Gillham, asst. cashier.

What Your Boy Scout Dollars Have Done

This week, we had a report from the South Plains Council headquarters in Lubbock on the growth of scouting in the area. Also, the activities, etc. Below we give in brief digest some of them:

In Honolulu, from December 7 to 17, Boy Scouts were in the thick of it. Here scouts manned a First Aid Station at headquarters, did rescue work and guard duty at Pearl Harbor, served as officers and messengers at City hall, leaders donated blood to Queens hospital, helped in evacuation of Pearl City to the hills, guides at Pearl Harbor, assisted in early blackout duty, transported bandages, handled 58 air raid sirens, and various other duties.

Results in 1941
A brief annual report for 1941 reveals that scouting made remarkable progress in every department! Here is the picture which you made possible:

Membership
Total membership jumped from 2806 to 3265 boys and men!
1718 Boy scouts to 1846
488 cubs to 658
504 Scouters to 590
96 Cubbers to 171
Troops 76 to 87 and Packs leaped from 23 to 31.
Advancement
128 Courts of Honor were held
2352 Awards presented
Activities
460 Scouts attended a full week of Summer camping.
750 participated in Camporall
500 took part in overnight Camp orees.
450 Scouts in swimming meets
480 Scouts in First aid contests
200 Panhandle South Plains fair
300 Scouts in Toy Campaigns
Training
148 adults received certificates
Finances
2333 Persons contributing.

Brownfield State Bank Has Good Year

Since the annual meeting of the stockholders of the Brownfield State Bank which is held in July of each year, there was no change in the officers and directors of the bank at regular meeting in January.

J. O. Gillham, executive Vice-President of the bank made his annual report to the stockholders of the bank however. His report showed that the bank had paid a cash dividend of 30 per cent on its capital stock during 1941 and had increased its surplus account from \$30,000.00 as of Jan. 1st, 1941 to \$45,000.00 on Jan. 1st, 1942. "It was the best year our bank has ever had in its 36 years and our total resources have reached an all time high, said Mr. Gillham.

The officers of the Brownfield State Bank are J. L. Hudson, Chairman of the Board; Will P. Edwards, President; J. O. Gillham, Executive Vice-President; Jno. S. Powell, honorary vice-president; Leo Holmes, Cashier; Bruce Zorns, asst. cashier and J. E. Gillham, asst. cashier.

CITY OFFICES

We are authorized to announce the following candidates for Brownfield city offices, at an election to be held the first Tuesday in April, 1942, which will be the 7th day of April, 1942.

FOR MAYOR
Clyde C. Coleman

Have a session with Collector Virgil Burnett before Saturday. Get that poll tax receipt. Get it today!

Good morning, Mr. Nineteen Cent Cotton! It has been several years since you have been among the living, but your return to the south is entirely welcome. The latch string has been on the outside for low, these many years, but you would not come in. Now that you have returned, we hope the people of the south will not run you off again by overproduction. Ten bales of such as you is worth more than 25 bales of your worthless 8c kin. The South, including the old south is fast learning to feed and cloth itself; to be self sustaining. They are becoming more and more prosperous. Their income is more nearly in keeping with the farms of other sections for the past few years. Now that we have learned our lesson, let us profit by it.

Railroad Commissioner Olin Culberson comes out in a statement that the Interstate Commerce Commission may make an attempt to nullify our state truck load limit law, as such a hint has been made from those in the know. Texas has spent millions of dollars on its state highways, and millions to maintain them, and the people of Texas will look with disfavor on the ICC or any other Washington bureau taking over. Texas is still predominantly a state rights state, and we hope it and others remain so. There is already a bit too much dictation from Washington to suit most of us.

Those who have hid away a lot of sugar for a rainy day, may not have pulled such a fast one as they think. We can remember very vividly back in 1917-18 period that many that had hoarded flour and sugar had it

taken from their homes and redistributed. And when such folks were found out, other people looked on them as slackers and shysters. They were regarded as making it hard as possible on their neighbors and friends. Then too, it is reported here that some good ladies spent as high as \$200 and \$300 for silk hose to lay away, thus making it hard on their less fortunate neighbors to obtain them, and with an advanced price. From this on out if people buy normally, there may not be any occasion for the authorities to crack down on flour, potatoes, meats and other staples. Plentiful as these items are, abnormal buying will also put them on the rationing list.

According to the pension department at Austin, many of the oldsters have written in that they are willing to sacrifice for the duration of the war in order to help in their feeble way to win against aggressors. As many of them state, their pension check would not be worth the paper they are written on, if the dictators won. Some are willing to cut their checks as much as \$5 per month. Of course the pension officials have no more to do with that than the man in the moon, but what the aged do with their money after they get it is another matter. If they wish to sacrifice and buy bonds and stamps, that is entirely up to them. Another thing is that not nearly all these pensioners have English sounding names. Some of them are decidedly Spanish or German. Of the hundreds of such letters the commissioner has received, only four have had a sour note. Very few of them used a threatening gesture against any reduction in their monthly check.

"Now don't be angry with the enemy, and don't be harsh just because you have licked him" was the sort of stuff handed to the American army twenty-five years ago when we had broken the German army and wanted to make a battleground of German soil. "We will slap Willie gently but firmly on the wrist and tell him to go home and be a good boy", was the promise of those who took charge after the Allies had completed the job they set out to do. Today we hear some of such stuff. But most of the discussions lead to a statement that when we have licked the Axis forces we will see to it that not again will they be able to destroy the peace of the world as they have done this time. The resolve is a worthy one, and soldiers of the other world war do not want to see another victory nullified.— J. M. Rankin, The Ralls Banner.

LATE LETTER DELIVERY

In 1918 Corp. Joseph Rendenell of the U. S. Marines wrote Miss Mae Delaney from France. The letter was delivered after Miss Delaney had been Mrs. Rendenell for 18 years.

• Supreme in Circulation

126,947 Japs In The United States

Washington, D. C. There were 126,947 Japanese in the continental United States on April 1, 1940, of whom 47,305 were foreign born, therefore alien and not eligible for citizenship papers, Director J. C. Capt of the Bureau of Census Department of Commerce announced today on the basis of the 1940 population census returns.

In the territories and possessions of the United States, excluding the Philippine Islands, there were an additional 158,501 Japanese, of whom 37,512 were alien foreign born. The Philippine Islands contained 29,057 citizens of Japan according to the census of the Philippines taken as of January 1, 1939.

The Pacific coast states of Washington, Oregon and California had 112,353 Japanese or 88.5 per cent of the total in the country. Furthermore, these states contained 40,869 alien Japanese or 86.4 per cent of the total. California alone had 93,717 or 73.8 per cent of the total Japanese in the United States and 33,569 alien Japanese or 71 per cent of the total. The Mountain states contained an additional 8,574 Japanese, of whom 3,137 were alien foreign born, and the Middle Atlantic States had 3,060 of whom 2,017 were alien foreign born.

The Japs continue to carry out dastardly tactics even more brutal than those adopted by Hitler. Manila was bombed after full notice had been given that all defense machines and supplies had been withdrawn. The Japs swooped down, the defenseless natives and American citizens being easy targets for both bombs and machine guns. The Japs violated all rules of war in attacking the defenseless city. Even Hitler played the war game fair to the extent of honoring the rights of Paris in becoming an open city after French guaranteed that all defense materials had been withdrawn. The United States is dealing with a heartless people who have no other thought than winning at any price. Canyon City News.

IT PAYS TO ADVERTISE

A vigorous advertising campaign helped Colorado counties increase their personal property collections last year 1 to 6 per cent over receipts of the last year, according to the September issue of State Fiscal News. Notices in every one of the state's 171 newspapers and spot broadcasts on the 14 radio stations urged taxpayers to make remittances before August 1. The total cost of the advertising was \$9000, divided equally between newspapers and radio. Colorado paid \$180 of the cost, Denver county \$100, and the other 62 counties \$10 each.—Tax Administration News.

As most of the roughage furnished cows in Texas is low in protein, the grain mixture fed must be high in that element in order to supply the protein needed.

For Defense

Wearing an all-cotton "keep 'em flying" mechanics suit designed for women working in defense industries, pretty Carol Lloyd of Memphis goes all-out for defense bonds and stamps. The suit worn is one of a number of cotton garments designed by the Bureau of Home Economics and leading manufacturers for heavy duty wear in defense factories.

McLAUGHLIN BROTHERS

Brownfield Bldg. Room 3 West Side Square

In one day, seven truckloads of bread for hog feed were seen pulling out of Dallas, headed east. Perhaps as many more were on the west, north and south highways, and thousands of loaves were going out of other cities over the state. The Independent Bakers Association claims that this is caused by the consignment plan of selling bread, with each baker piling his bread high on the grocery counters, thinking that buyers are attracted by large stacks. Wasted bread used for hog feed should not be allowed at a time when all the ingredients, man and electric power are needed for war and civilian effort. It is suggested that merchants should buy the bread just as they do other perishable items and thus put a stop to such waste.—McLean News

SEVENTY PERSONS APPLY FOR TIRES OR TUBES

Judge C. L. Lincoln sent us a list of seventy persons or firms that had applied for passenger car, truck or tractor tires and tubes, divided as follows:

Twenty-four passenger car tires and 23 tubes, seven of each being obsolete.

Thirty truck tires and 22 tubes. Fifty-eight tractor tires and 33 tractor tubes.

TEXAS HAS 127,000 IN ARMY AND GUARD

Approximately 127,000 Texans are serving in the Army of the United States and the Texas Defense Guard. The Adjutant General's Department noted 36,205 selective service registrants under arms, 90,000 volunteers in various army units and 11,000 national guardsmen, now federalized in service. In addition, 15,000 men are in the Defense Guard, composed of 203 units, including air squadrons.

STILL WANT A DAILY?

We have made an arrangement with the Lubbock Morning Avalanche publishers, wherein we can continue a reasonable cheap rate on and after February 1, 1942, which will include both papers for a period of one year each, as follows:

- The Herald weekly, and the Morning Avalanche daily, one year ----- **\$6.35**
- The Herald weekly one year, and Morning Avalanche 6 months ----- **\$4.25**
- Herald 1 Year, and week day edition of the Morning Avalanche one year ----- **\$5.60**

See the Herald at once about this offer. You want your home county paper for the local news, and your daily to keep up with the events all over the world. Plenty happenings this year.

THE HERALD

Baptist Church News

The pastor with his family have been at the bedside of his mother at her home in Honey Grove Texas and John M. Cobb, teacher of Bible at Wayland college and preacher filled the pulpit last Sunday.

The preacher emphasized the church as the appointed place to worship and to meet God and while not condemning the radio sermon he said it failed to meet the purpose of worship and said that for twenty years he had been absent from the appointed place of worship only once in that time and that he regretted that instance. Both Cobb will be welcome again when he can visit with us and preach in our church.

Attendance in the teaching hour is increasing again with 397 registering last Sunday out of the enrollment of 712 and we have room for others who are not systematically studying the Bible and our members are urged to invite their friends and neighbors to come with them for the study of the Bible which to many is the least studied or read book notwithstanding it is the only book in the world which remains unshaken for three thousand years and more, and which is acknowledged by Christendom to be God's inspired word written for the human race. The inspiration of the scriptures is denied by some but generally by the people who know very little about the book never having studied it themselves, except for an argument.

Pastor Avery Rogers is expected to return this week and be present next Sunday morning. We are having weather equal to California and every family not attending services elsewhere have our invitation to worship with us.

Evangelist W. S. Boyett, his wife and her mother, are visiting the latter's son and Mrs. Boyett's brother, who works for an airplane factory in California.

J. L. Millsap of the Meadow section, was in this week, and as he was a bit in arrears, he handed in two bucks for as many years. J. L. originated around Corinth, Miss., close to our old home just over the line in Tenn.

Farmers should order needed machinery repair parts at once. It takes about 90 days to manufacture machinery repair parts from raw steel to delivery at the dealer's door.

METHODIST CHURCH

Subject for the morning service, "The Hour of Christ's Perplexity". The young people will meet at 7 o'clock. Brother Hanks will bring a special message at the evening service at 7:45 o'clock. Since the outbreak of the Nazi assault on civilization the Christian newspapers published in Boston summarized the following editorial policies:

1. We maintain an unwavering faith in the Eternal God of wisdom, life and power.
2. The task of world redemption is a cooperative undertaking in which both God and man must participate. We are not justified, therefore, in taking any easy refuge in time of conflict in the slogan "Let God do it" after the fashion of the premillennialists.
3. We must face the realistic world. The problem of war and peace can never be settled in the abstract.
4. In the light of recent history we are convinced that the Nazi leaders are bent upon world domination to be achieved by the exercise of military force.
5. No negotiations of any value are possible with the author of "Mein Kampf", whose utter lack of principle is clearly set forth in his book and illustrated in his deeds.
6. We are convinced that peace, desirable as it is, is not the only virtue in the gospel. There are also the imperatives of justice, honesty, truth, love, self-sacrifice, and chivalry.
7. We believe that the fruit of nineteen centuries of civilization are worth preserving.
8. We believe that, in a realistic world, restraint must be exercised by force, is necessary, over insane persons, criminals, megalomaniacs, and all other men of ignorance and ill will who would destroy human freedom. Even God Himself in his moral appeal of love can be balked where a sinner is so hardened that he will not respond.
9. We believe that forcible restraint should be employed only in the spirit of stalwart love, without any accompanying bitterness or hatred.
10. We believe in the final triumph of love and the ultimate achievement of world peace.

Minnie Hazel Gore is ill with the flu.

Mrs. S. M. Keith has returned from a visit to Graham with her mother, who has been seriously ill. She is greatly improved now, however.

Texas Memorial Museum

The Texas Memorial Museum is a product of the campaign for the 1936 Centennial of Texas' Independence. Although not opened until the month of January, 1939, funds for the five-story central unit were made available through the sale at a premium of Texas Centennial silver fifty cent pieces, and through allocations out of the centennial appropriations in 1935 by the Legislature of the State of Texas, and by the Congress of the United States. The Museum represents an investment of approximately \$600,000.

High above the west entrance to the building are inscribed these lines:

"Erected to commemorate the heroic period of early Texas history and to celebrate a century of the independence and progress of Texas as a Republic and State and dedicated to the study of the natural sciences and civic history".

The Museum is located in Austin, on San Jacinto Boulevard at 24th Street, and on land owned by the University of Texas set apart for that purpose without cost to the Museum. The Directors are the Regents of the University. This beautifully landscaped site affords a commanding view of the campus proper and is readily accessible to students and to the public. Its maintenance is out of legislative appropriations.

Constructed of Texas limestone the Texas Memorial Museum houses collections of the natural sciences and civic and patriotic history. Four of the five floors are devoted to these collections.

Entrance to the Museum is into Memorial Hall, either from the east or the west. Parking provisions have been made to accommodate large numbers of automobiles, school buses, and trucks. The Memorial or Great Hall, proclaimed to be one of the most beautiful memorial halls in America, was designed to commemorate notable events in the history of the Lone Star Republic and State. Exhibits on the floors above the entrance are of botany, zoology, and anthropology. The geology collections are on the ground floor, immediately below the entrance. Elevator service is available to visitors.

During the first years of its existence, men, women and children from every county in Texas from every state in the Union, and from other countries in the New and Old Worlds, have been guests of the Museum. The Texas Memorial Museum is coming to be known more and more by the schools and public generally as a most important source of information. In the Museum may be found answers to such questions as how people lived in various ages in Texas and in other sections of the globe. It houses a great variety of exhibits including fields of information which every human calls on for the knowledge which will aid him in the solution of his problems. It has been proclaimed to be the "show window of Texas History". Exhibits are through gifts, expeditions, and exchange.

The hours the Museum is open to the public are as follows: week days, 10 to 12 a. m. and 2 to 5 p. m. Closed only on Christmas and New Year's days. Admission is free. Museum publications are distributed without cost to the public.

The resident staff members are E. H. Sellards, Director; A. Garland Adair, Carl Chelf, and Eula Whitehouse, Curators; and Lorene Campbell, Secretary.

Hospital Notes

Those admitted to Treadaway-Daniell hospital the past week were Max Entekin, city; Mrs. F. M. Corneise, city; John McKee, Plains; Seferine Andrea, city; Betty Joyce Hester, Meadow; R. L. McKenzie, city; Mrs. Roy Ballard, city; Maxie Hunter, Roswell, N. M.; Buster Brown Plains; Mrs. L. D. Garrett, Tokio; Mrs. W. D. Waugh, Sundown; F. W. Little, Wellman and Mrs. J. E. Gillham, city.

Mr. and Mrs. Bill Wason are the proud parents of twins, a boy and a girl. Mr. and Mrs. John Fitzgerald of Plains have a baby girl, and Mr. and Mrs. W. L. Boose are also parents of a baby girl.

Mr. and Mrs. Spencer Kendrick and Mrs. Daniell Davis visited relatives in Tahoka Sunday.

Mr. and Mrs. J. E. Shelton spent the week end in Cisco.

SANTA FE CARLOADINGS

The Santa Fe Railway system carloadings for the week ending Jan. 24, 1942, were 23,048 compared with 18,245 for the same week in 1941. Received from connections were 9,129 compared with 7,232 for the same week in 1941. The total cars moved were 32,177 compared with 25,477 for the same week in 1941. The Santa Fe handled a total of 31,068 cars during the preceding week of this year.

REMEMBER PEARL HARBOR
VICTORY
Manhattan Life
INSURANCE COMPANY OF NEW YORK
FOUNDED 1850

PAUL THOMAS RANNI, eighteen months old, youngest policyholder of the Manhattan Life Insurance Company, is assisted by Alfred F. McMurrin, seventy-two years old, the company's oldest employee in launching the Victory Pledge Drive calling for the use of renewal premiums to buy Government Bonds. As a result of a recent resolution passed unanimously by Manhattan's Board of Directors, an amount equal to all future renewal premiums, received from the entire roster of 32,000 policyholders, will be used, until further order, exclusively for the purchase of Government Bonds. The move is aimed to assist America and her Allies in winning the war. Policyholders receive a Victory Emblem to indicate that the policy is a fighting document. The enlarged Emblem, in background, will carry pins indicating receipt of signed pledge cards from policyholders. The company, founded in 1850, is one of the oldest insurance companies in America, and is frequently termed "The Old Reliable."

POOL H D CLUB

The Pool Home Demonstration club met in the club room Jan. 21, with Mrs. Lucy Denison as hostess. The club decided that a community meeting be called, and a discussion held on whether or not the community or the club be sponsor of the community center organization. This meeting will be held at the community center, February 6th. A program has been prepared and everyone in the community is urged to attend. There were twelve members present and one new member, Mrs. Lonetta Cornley, also one old member reclaimed, Mrs. Alice Rock. The next meeting will be held February 4th in the club room with Mrs. Ruth Dunn as hostess.

A Good Response; But Not Satisfied

Friday, after the Herald had been read some, readers began responding pretty nicely on renewals, and it was even better Saturday after the Herald had been read out on the rural routes. We certainly appreciate the response we had, but there are many, many others whose papers expired back in November and December that need to renew at once.

As we stated last week, we are at least going to hold the Herald to the old rate until we give all our readers a real good chance to renew at the old rate any number of years they wish, and some are paying up more than one year now. We have already had notice that paper and ink will be hiked after this quarter; we are most liable to have to pay more to our printers, in fact we feel sure we will as cost of living climbs. So, if you want the Herald, get your dollar to us immediately. Otherwise let us know so that we may cut your name off the list, as with present and future prices of material and work, we just can't send you the Herald unless you show that you want it.

We are pleased to report the following good friends have re-

newed since last week end:

A. P. Stewart, W. T. Briscoe, Lloyd Franklin, Ralph Simmons, E. B. Barrett, B. L. Walker, Mrs. A. K. Huckleberry, Virgil Burnett, A. H. Herring, Mrs. Dalt Lewis, G. L. Sullivan, Mrs. A. T. Fowler, J. T. Blankenship, J. L. Langford, J. D. McDonald, City and Routes, J. V. McCullough, Seagraves; A. C. Stephenson, Meadow; Bayne Price, Plains; John Fitzgerald, Plains; Mrs. J. C. Scudday Forsan; and Will Cunningham, Utopia (by Mrs. R. M. Kendrick); A. J. Burnett, Wickett, by his father, John Burnett; Roy Ballard and J. J. Jones, city.

New Subscribers Roll In

The following are new readers; T. M. Ragsdall, J. A. Berryhill, F. V. Adams, Alton Webb, Mrs. Alice Rock, R. W. Rickli, Chas. W. Denison, city and routes; C. J. Williamson, Cardington, Ohio; Mrs. Kate B. Lipscomb, Hemp Hill, Texas; Tom Glenn, Midland, and C. G. Burnett, Monahan, Texas.

Ready To Make Loans To Farmers

Loans for the production of 1942 crops are now available to farmers in Terry County and applications for these loans are now being received at Brownfield Court House according to L. B. Wright, Field Supervisor for the Emergency Crop Loan Section of the Farm Credit Administration.

A recent announcement by W. E. Farwell, Regional Manager of the Dallas Emergency Crop Loan Office, which administers these loans, states that the loans are being made available in certain areas and to permit early preparation of the land.

These loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain loans from other sources. As in former years, the money loaned will be limited to the applicant's necessary cash needs in preparing the land, planting and cultivating his 1942 crops. Borrowers are required to give as security a first lien on the crops financed.

Commonly known as "seed loans", these loans have been made in the County for the past ten years and the Emergency Crop Loan Office at Dallas thoroughly appreciates the fine attitude of the farmers here toward their obligations, Mr. Farwell's announcement states.

This agency is lending full cooperation to the Government's vital Food for Defense Program by financing the planting and production of marketable foods including vegetables, peanuts, citrus fruits and melons.

The Dallas Agency has also cooperated during the fall in a campaign fostered by the Extension Service to cut cotton stalks

Marine Corps Machine Gunners

CAMP ELLIOTT, Marine Corps Base, San Diego, Calif.—Corp. Weldon Q. Adams prepares to give the "Ready, fire" signal to Pfc. William T. Tolleson and Pfc. Herbert C. Nickerson, assistant gunner, shown here manning a machine gun. In the background are other members of the "D" Company, 2nd Marines, stationed here.

early in an effort to control boll weevils. All borrowers have been urged to cooperate in this for their own benefit and the welfare of their communities. According to the statement announcing the opening of the loan program, farmers who apply for a 1942 crop loan will be asked about their progress in cleaning up their fields.

Farmers Urged To Conserve Burlap Sacks

Conserve burlap sacks as a safeguard against a probable shortage, Pearce Warren, chairman, county USDA War board urged Terry county farmers this week.

Shipping between the United States and India, from which the burlap is imported almost exclusively, has been reduced because of the war in the far East, the chairman pointed out.

At the same time buying or burlap has been reduced, our uses have increased, Mr. Warren said. New uses include the packaging of foods for the army and navy, certain chemicals, and other articles, as well as items shipped abroad under the Lend-Lease act.

Approximately 80 per cent of total burlap imports go into manufacture of bags and about three-fourths of all burlap bags are used to package commodities which farmers buy and sell. About 459 million yards of burlap were used in sales or purchases by farmers during 1939-40, the chairman said.

To off-set probable shortage of burlap, efforts are being made to expand production of coarse cotton fabrics as substitutes. Heavy demands for tents, uniforms and sandbags already have manufacturers and appreciable increases for other uses cannot be expected too quickly, the chairman said.

Handling bags more carefully so they can be used again, returning bags to dealers for reuse, and repairing slightly damaged bags are practical ways farmers can off-set the shortage.

GOLDEN GLOVES CONTEST AT TECH GYM

Lubbock, Jan 29—By arrangement with President Clifford B. Jones and other college officials, the 1942 South Plains District Golden Gloves tournament is to be held next Monday, Tuesday and Wednesday nights, February 2, 3 and 4, at the Texas Tech gymnasium.

By moving to the Tech gym, the Golden Gloves tournament will be assured of a better location, more adequate seating space and the use of the college dressing rooms and showers. The fights will start each night

LPCA Holds Annual Meeting At Lubbock

The Lubbock Production Credit Association held its annual meeting in the Lubbock Hotel, Monday January 26, for the purpose of reviewing the business carried on for the year of 1941 approving reports given by the secretary on the annual income and expenses and also for the purpose of electing two directors for the year 1942. The directors that were elected were E. R. Davis of Lubbock, who is now president of the Association and Mr. A. N. Riley of Levelland, Hockley County. Mr. Roy Sherman, who has been one of the members of the board of directors was not re-elected. There were about 250 in attendance with 135 voting members present, and about 26 per cent of the membership of the Association.

There were several other distinguished visitors from other PCA's, and among these visitors were Mr. L. Roy Prescott, who is treasurer of the corporation in Houston. And, Mr. Jackson, of the Production Credit in Washington.

A very nice program was enjoyed by all and a free dinner was served to all members and visitors present. Yoakum and Garza tied for the largest percentage of membership in attendance.

At 8 o'clock. Many of last year's champions and other outstanding fighters will return to compete for some boxing trunks and the free trip to Fort Worth for the state tournament.

A new division, the "Class A" group, will be added this year, and is open only to inexperienced fighters, or those who have not competed in or won previous major tournaments. These boys will not be required to box more experienced boys, and winners will receive beautiful ivory and gold trophies. Miniature golden gloves will go to all runners-up.

All boys planning to enter the tournament should send in entries at once, and must report at the Tech gym. Monday afternoon between 3 and 6 o'clock for weighing in and physical examinations. Entries should be sent to the Sport Department of the Avalanche-Journal, Lubbock Texas.

Boxers from most South Plains towns have already entered. Their fans may be assured of plenty of comfortable ringside and bleacher seats.

Mrs. Shirley Parker and baby are visiting her brother, A. J. Bunnett and family at Wickett, Texas, this week.

CALLED TO THE COLORS?

Leave a good picture of yourself for those loved ones at home—Take one of them along with you—Nothing brings one closer than a good picture.

ALLEN STUDIO

ADVERTISING DOES SELL PRODUCT

A survey conducted recently by a daily newspaper in a neighboring state, on advertising and the results obtained, forcibly brought forth one fact, that will be starting to many folks some of whom are in business.

The survey referred to was on a commonly used product, an item on the menu of almost every American family, coffee.

The newspaper sought to ascertain whether advertising was producing beneficial results to and for the advertiser.

And here are some highlights of what that survey revealed. Coffee not advertised at all, accounted for approximately 1 per cent (per brand) of total sales of grocerymen called upon.

Coffee advertised most prominently and most often, accounted for almost one-fourth of all coffee sales in that town.

And one brand of coffee, which was seldom advertised in newspapers, and was preponderantly advertised on the spotlight program of the radio, accounted for only 4 per cent of total sales.

We have no definite knowledge, but opinion would generally dictate that what is true in one locality, would most likely hold more or less true in most other communities.

We are the greatest advertising nation on the face of the earth—maybe that's one reason why we are also the greatest commercial nation. It's worth more than a passing thought, anyway. —County Wide News (Littlefield)

WHAT'LL THEY THINK UP NEXT?

Success in shipping "self refrigerated", meat from the United States to England in ordinary ship space puts the finger on the adage that need is the mother of invention.

The meat, boxed and frozen to a very low temperature, goes to sea flanked bottom, sides and top with lard which also is boxed and frozen. As lard also is urgently needed in Britain it thus goes into service as soon as put aboard ship, paying its way as the preservative of the meat during the voyage then taking its place along side the meat as a food item across the sea.

Howard Swan dropped in this week to renew the Herald going to his mother at Amarillo.

J. J. Witt, manager of the Missouri Central Type Foundry at Wichita, Kan., was a visitor here last week.

A letter from George Bragg of Levelland this week, advised us to change their paper this week to Carlsbad, N. M., as Geo. now has a job with the Corner Drug Store in that city. Their son, George Basil has a job with an airplane factory in California.

Mr. and Mrs. Dudley Repp and son visited here Thursday.

GIVE YOUR CAR A BEAUTY TREATMENT

Get rid of those dents and scratches your car has accumulated, add one of our wash and polish jobs, and have the satisfaction of driving a better looking car during the miles ahead.

3 BIG REASONS

Bring your Ford "Back Home" for service to make it last longer—for here is where you'll find:

1. Skilled Ford mechanics, experienced on Ford cars.
2. A completely equipped shop, where the job is done right without wasted time and added expense.
3. The Ford Parts Exchange Plan, which saves money for you when parts need replacing.

Buy U.S. DEFENSE BONDS AND STAMPS

Have your car put into A-1 condition, and buy U. S. Defense Bonds and Stamps with the savings you will make from lower operating and maintenance cost.

TUDOR SALES CO.

W. Main
BROWNFIELD, TEXAS

Mr. and Mrs. Jack Bailey and Grace Tarpley went to Abilene Saturday where Miss Tarpley remained to attend Hardin-Simmons University this semester.

SPECIAL NOTICE

IF YOU NEED A SUIT YOU'D BETTER GET IT NOW --

A clothes rationing may take place in the near future.

This is very likely since materials are becoming more scarce every day due to the need for them by the Government.

Right now you can get just the suit you want in the material you like at a very reasonable price—Come in and let us measure you for a suit.

CITY TAILORS

Phone 96

LET US CHECK YOUR TRACTOR NOW!

Now's a good time to let us give your John Deere Tractor a thorough checking over. You'll be surprised how little it will cost you to have us go over your tractor thoroughly... grind the valves... adjust tappets, brakes and bearings... tighten all loose parts... clean the carburetor and cooling system... and give the engine a thorough tuning up. Your tractor will come back to you just about like new, ready for additional long seasons of hard work.

Let's talk it over the next time you are in town. You'll find it well worth your while.

MRS. TEAGUE IS HOSTESS TO CEN-TEX HARMONY CLUB

The Cen-Tex Harmony club met Tuesday afternoon with Mrs. J. M. Teague. The theme of the program was "Typical Mexican Music" with Mrs. Grady Goin as program director.

MORGAN - ASHLEY

Miss Eunice Joyce Ashley and Guy Morgan, employee of the Magnolia Petroleum Co., of this city were married Monday, January 26th at 6:30 o'clock by Rev. Jack M. Lewis, minister of the Presbyterian church there.

JUNE-IN-JANUARY PARTY GIVEN IN HOME OF MRS. WINGERD

A party, featuring a "June-in-January" motif was given in the home of Mrs. Roy Wingerd Monday for the Presbyterian Womens Service Guild. Mrs. Grant Winston opened the monthly social meeting with a timely and impressive devotional.

ACE HIGH MEETS WITH MRS. DOUGHTERY

Mrs. Garrett Dougherty was hostess to the Ace High bridge club at her home Friday afternoon. A delicious salad plate and coffee were served to Mesdames Ray Christopher, Lee O. Allen, R. B. Parish, Mon Telford, R. M. Kendrick, L. M. Wingerd, Carlos Ferguson, V. N. Sibley, L. Nicholson, A. A. Sawyer, Ned Self and Glen McGibbon of Perrytown.

MAIDS AND MATRONS WILL MEET WITH MRS. STRICKLIN TUESDAY

The Senior Maids and Matrons will meet with Mrs. A. J. Stricklin Tuesday February 3rd. The program will be "Where Law Ends and Tyranny Begins" with Mrs. Mon Telford as chairman.

THE JOHN BURNETT FAMILY HOLDS REUNION

The sons, daughters and numerous grandchildren gathered at the homestead of their parents, Mr. and Mrs. John Burnett on south 3rd. street last Sunday for a reunion and feast.

LADIES AID MEETS WITH MRS. BROWN

The Ladies Aid Society of the First Christian Church met Monday January 26th, with Mrs. M. E. Brown. Mrs. Brown gave the devotional, and the lesson. A Review of the Four Gospels was led by Mrs. J. A. Dennis.

PARTY GIVEN FOR TOBE GILLHAM

Mr. and Mrs. Ray Christopher, Mrs. Lala Shaw and Mrs. Bill Gore honored Tobe Gillham, who will soon be leaving for the Service, with a dance at the home of the Christophers Saturday night.

The best assurance of a good spring calf crop is well-fed brood cows this winter.

Women May Train In Defense School

Lubbock, Jan. 26—Approximately 75 women on certified WPA rolls in this area are qualified for national defense school training when needs for their services are determined by Texas war materials plants, it was announced Monday by J. O. Jones, WPA District Manager.

Since the announcement that WPA women are receiving training in the defense school at Dallas in electrical work and aircraft riveting, large numbers of women on WPA rolls in this district have expressed desires to get jobs in factories, according to Mr. Jones.

A review of the rolls in this district indicates that 75 women may be considered potential training material. Hundreds of WPA men in Texas already have entered private employment and today are among those employed by the assembly lines of defense industries.

Kenneth D. Frazier is the Lubbock District Supervisor of vocational training projects operated by the WPA Division of Training and Reemployment.

BAPTIST WOMEN'S MISSIONARY SOCIETY

The Woman's Missionary Society studied, "Things We should Know" in Circles last Monday. Next Monday they will have Bible Study.

The Lucille Reagan circle met with Mrs. J. T. Cargill with seven present, and they will meet at the church next Monday.

The Len Lair Circle met with Mrs. M. V. Walker with six members present and will meet with Mrs. Patrick who lives just north of Mrs. E. Hunter next Monday.

All meeting at 3 o'clock.

FOR JOB PRINTING TRY THE HERALD

The Pest Eradication contest sponsored by the chapter thus far is progressing nicely. There has been 151 sparrows, 89 wheat birds, 12 rats, 63 hawks, 4 jack-rabbits and 12 cottontails killed.

PAINTING OF TEXAS SCENE THRILLS THOUSANDS

A bit of Texas has been framed and hung on the walls of farm homes from coast to coast in the last few weeks.

It is that bit of Texas that Georges Schreiber, noted painter, captured on his canvas, that then became a four-color cover of the January issue of Country Gentleman.

A Texas ranch scene was chosen for the initial painting for a series of covers which will be distinctive in the magazine field, inasmuch as this is the first time that 12 rural paintings by notable artists will have been presented in this way.

"Road to Happiness" Coming to the Ritz Sunday. The story of a magnificent devotion and starring John Boles, Mona Barrie and Billy Lee.

NIGHT CLUB MEETS WITH DR. AND MRS. TREADAWAY

Dr. and Mrs. T. L. Treadaway were hosts to the Night Club at their home Friday night. Apple Pie and coffee were served to Messrs. and Mesdames Joe J. McGowan, L. Nicholson, O. L. Peterman, Bob Bowers, and Mesdames Jim Graves, Roy Wingerd and Glen Akers.

MRS. BAILEY IS HOSTESS TO LAS AMIGAS

The Ideal club met Wednesday night at the home of Mrs. Ike Bailey, and enjoyed a spaghetti supper before playing bridge. Members and guests present were Mesdames Orb Stice, W. R. McDuffie, Roy Wingerd, Herman Heath, Clovis Kendrick, Lee O. Allen, Glen Akers, R. L. Bowers, Roy Herod, C. E. Davis, A. A. Sawyer, T. L. Treadaway, O. L. Peterman, H. M. Pyatt, L. Nicholson and Earl Jones.

WELLMAN FFA NEWS

CHRISTIAN CHURCH TO HOLD BUSINESS SESSION

Next Sunday morning, after Sunday school and Communion service, the monthly business session will be held at the First Christian church. Mr. Crawford Burrow, chairman of the board, will preside at this meeting and hear reports from the church and Sunday school. Some important business is scheduled.

The Christ Centered Crusade continues, but there will be no sermon this Sunday, as on the First Sunday of each month the minister holds services at Plains.

On Sunday, February 8th, the sermon subject will be, "Christ, the Healer". Are you worried, ill, or concerned about Divine Healing? We invite you to hear this sermon.

FIRST PRESBYTERIAN CHURCH

Fred A. Walker, Pastor Sunday school 10 o'clock. Morning Worship 11 o'clock; Junior C. E. 5 P. M. Women's Guild, Monday at 3 P. M. at the church.

Subject of the sermon Sunday morning is, "The Final Word". There will be a brief congregational meeting a week from Sunday following the morning service.

Mrs. Wier is the program leader for the Women's Guild meeting Monday at 3 P. M.

FIRST SEAPLANE LOOP

Lt. Col. Francis T. Evans of the U. S. Marines was the first aviator to loop the loop in a seaplane. He accomplished this feat in 1917.

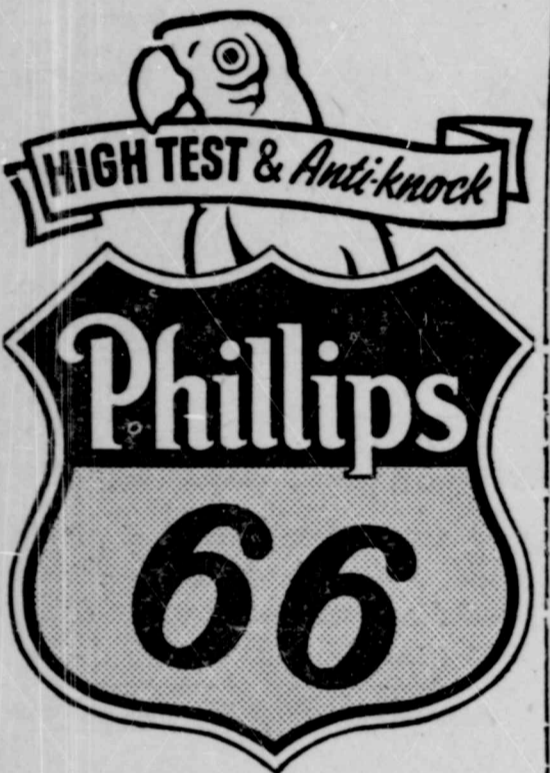

FOUR MAGIC WORDS
SAVE WORRY AND MONEY

You can forget all about the problem of slow, hard starting this winter; if you remember these four words: PHILL-UP with PHILLIPS.

Phillips 66 high test works like magic, no matter how long your car has been standing out in the cold. Starts pronto! Warms up fast. Prevents excessive battery-drain and crankcase dilution.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners... because Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline.

PHILLIPS 66 POLY GAS

I GIVE YOU TEXAS

A man can smile and smile and still be a villain, observed Shakespeare—and the sun can shine and shine and still it can be quite cold, at least that is true in Minneapolis. Your observer likes to walk around and size up a strange city—but six blocks chilled my ardor and my feet. That wind was as brisk as a west Texas one and was loaded with ice.

One of the most oddly-shaped business edifices this columnist has seen is the Foshay Building in Minneapolis; the skyscraper is like a shaft.

They have a good, second-hand book store in Minneapolis—but the number of books is less and the prices higher than in the one in St. Paul. Besides, Carl Sandburg browsed in the St. Paul shop. Minneapolis is about 10 miles up the Mississippi from St. Paul and is the larger city. Everyone is familiar with the rivalry—which is supposed to be keener that that between Fort Worth and Dallas.

The story illustrates this: A banquet was held, once upon a time, with citizens of both Minneapolis and St. Paul attending. The atmosphere was friendly, the speeches conciliatory. Finally one speaker said, "These two cities are so close together they should be just one big city, with one name, and I have the very name—Minnehaha. 'Minne' for Minneapolis and 'ha ha' for St. Paul".

It is said that a new minister in Minneapolis lost his pastorate by announcing that he would take his text from one of the Epistles of St. Paul.

Oh, Well, maybe you'll like the story credited to Governor Stevenson. A visitor asked the Minnesota chief executive, "How many people work in the state capitol?" and he replied, "About half of them".

And speaking of Governors, Coke Stevenson is a good driver, though he usually drives with only one hand—force of habit, dating back to the time (not so long ago—either) when roads were so rough that a fellow had to keep one hand in readiness to shift into second or the car would stall.

The public has become "tire conscious" as the result of the war rationing—and consequently folks are beginning to look with downright displeasure on a practice which has grown up thru nobody's fault in particular—the practice of bakery trucks making

four or five rounds of the grocery stores a day, each time leaving more bread, though the stack may be already too high; and re-arranging the bread counter so that the driver's own particular brand will be on top. In some cases, large city bakeries operating routes will keep a truck in a single town all day long, just going from one grocery to another around and around.

This might have been all right in peace time—but such procedure now wears out trucks, consumes gasoline, burns up oil, wastes labor and consumes precious rubber; and, as bakery trucks will receive preference for new tires and tubes over plain citizens, it had better be stopped. One delivery a day should, ordinarily, be sufficient.

People are always saying to this columnist, "I want to write; I could turn out some good short stories or a novel if I just had time". Of course, the answer is that they have 24 hours a day, which was just exactly the same amount allotted to all who made their mark in the field of literature—and some of these had great handicaps, besides.

Blind Homer wandered from town to town singing his immortal epics; blind Milton dictated "Paradise Lost" to his daughters; Robert Louis Stevenson did all his writing in a race against death, likening himself to a wayfarer, who knowing that a robber lurks somewhere in the darkness ahead, stops in each inn and spends some of his money, so there will be just that much less for the highwayman at last.

DEFENSE CAUSES TEACHER SHORTAGE

The nation's defense efforts have created a serious — in some instances alarming — problem for Texas public schools, Miss M. W. Dozier, secretary of the teachers appointment committee, has declared. More than 2,200 calls in 1,000 more than last year have been made for teachers, Miss Dozier reported. There is an urgent need for teachers in commerce, mathematics and sciences, particularly, as well as in English, history and coaching positions.

COTTON LOAN DEADLINE MAY 1, 1942

College Station, Jan. 7.— The deadline for placing cotton under the government loan prior to May 1, 1942. The loans will mature on demand or on July 31, 1942.

This statement, correcting an erroneous announcement previously made, has been issued from the state AAA office here.

Because of the importance of the closing date, AAA officials urged that all farmers be advised of the correct date.

Mrs. Choc Hamilton and Mrs. H. H. Longbrake visited relatives in Lubbock Sunday.

My Week
by Eleanor Roosevelt

PARENTS' RESPONSIBILITY

In the current issue of Parent's Magazine, they give their second annual report on the nation's children. There is a general recognition of the grave responsibility of providing our children, in this war crisis, with the services necessary to preserve for them in the future, the things for which we today are fighting.

The four freedoms will not mean much to them, if they are told that we have preserved them for them, unless they are able to use those four freedoms. You can not be a citizen in a democracy and feel confidence in your own ability to meet the future, unless in your childhood, the basic needs of every child are met, regardless of war conditions.

The carrying out of this program to achieve this end, lies largely in the hands of the children's bureau, and the different health and welfare projects under Administrator McNutt. But, I think it is the responsibility of the Office of Civilian Defense to see that the needs are recognized. They must have the backing of people in every community so that the defense councils will recognize the importance of meeting them.

Such magazines as Parent's Magazine can do a great deal to bring before the public the needs of the children and the responsibility of the public towards those needs. I hope that many other magazines and publications will also recognize this responsibility.

I must tell you that the pageant on the contribution of the Negro people to the history of the United States, as given last night in the performance called "Salute to Negro Troops," presented by the stage, screen and radio division of the Fight for Freedom Inc., was most moving and thrilling. Any citizen of the United States must have been proud when Washington, Jefferson, Jackson and Lincoln, each came on the stage and spoke their own message to their people, who loved democracy and liberty.

It carried into one's heart an emotion, which must translate itself into a greater devotion to accept the challenge of this war, and to make of this nation the example which the founding fathers envisioned, but which we have never completely carried out.

4-H CLUB INTEREST

I spent two hours at the office one morning and at 11 o'clock went down to meet with a group of the agriculture department extension people working on the 4-H club program. They told me what they had developed for their victory work in rural areas and assured me that they would co-operate in the OGD youth activities program in every possible way.

Then we discussed how best the Office of Civilian Defense could help them to carry out a program, which would not only make the community strong now, but leave it stronger at the end of the war to meet post-war problems.

VICTORY BOOK DRIVE

The Victory Book campaign has started. This is a "nation-wide campaign to collect reading materials for many needs, arising from the national defense and war program." Miss Althea Warren has been given four months leave of absence from the Los Angeles public library to direct this campaign and she has her offices with the U.S.O. in the Empire State building in New York city. Good books of every kind are needed for the U.S.O. reading rooms.

Each club house, of which there are now 400, with many more contemplated, will have space for from 500 to 2,000 volumes. There are state directors in practically every state and your state librarian can give you the address of the special directors appointed for these collections. If you do not know where to write in your state, write to Miss Althea Warren, 1630 Empire State building, New York city, and she will tell you where to send your books.

BLIND PERSONS HELP

It is a wonderful thing to feel that in this emergency everyone wants to help. I was glad to hear that the New York Association for the Blind is starting a course for volunteers. The course is designed to train volunteer workers for service with the blind.

It will make it possible for them to help the blind to adjust to war conditions, which make even the ordinary occurrences of life more difficult. If you attend one of these courses and learn what modern procedures and policies are in New York city, you can be helpful in your own home town when you return there.

'SAVE THE CHILDREN'

One morning, at the Office of Civilian Defense, I met with some 25 people who are working largely in the mountain areas for the Save the Children fund. They work, as far as possible, with the existing agencies and one of their main activities is to salvage desks from schools that are being remodeled and to provide them for the smaller schools where no desks have been available in the past.

In addition, they provide shoes and clothing for children who would otherwise be out of school.

Mamie Drennan spent the week-end with her parents in Hamlin.

JAVANESE NOT JAPANESE
An overzealous Dallas policeman got into international complications when he spied a station wagon filled with orientals. They looked to him like Japanese; so he cracked down quickly and took the whole lot to headquarters. Passports produced revealed the little foreigners were not Japanese but Javaneese dancers touring the country. Furthermore they are British subjects. The officer sheepishly escorted them outside.

BE CAREFUL IN SHOOTING PIGEONS
Austin, January 20.—Even birds are joining Uncle Sam's army, and believe it or not, they'll play a big part in winning the war, the Game Department revealed today.

There's no joke about this. The species referred to is the Antwerp Messenger Pigeon, commonly called the carrier pigeon. In the Army Signal Corps they have what is known as a Pigeon Service, and one of the eight base lefts in the United States is located in Texas to serve the Eighth Corps Area.

The Legislature last year passed a law making it illegal to kill or maim or molest any of these carrier pigeons in Texas. Game Wardens months ago were instructed to enforce this law diligently and all other peace officers have the right to enforce it.

To date the Game Department has no record of a single violation, but the Department today warned sportsmen to be on the alert and never take a shot at one of these birds. It may be bearing an important message.

The question then bobs up, "How can I identify a carrier pigeon?" That's about as tough as the identification of ducks by inexperienced (or experienced) waterfowl hunters who are supposed to leave some species alone.

The carrier pigeon closely resembles the common domestic pigeon you see everyday around town. Their coloration varies, just as does the coloration of the domestic pigeon. So you won't get any help at all there.

But they are smaller than the domestic pigeon, and more streamlined—built, say, like mourning doves. The carriers are larger than the mourning doves, however.

FIRST TEXAN TO DIE IN JAPANESE CONFLICT
It will be recorded for history that the first youth from the Lone Star State to shed blood in the Japanese War was Jay Edward Pietzsch of Amarillo, Potter County. Pietzsch, age 27, was navigator on a bomber. He was killed in Hawaii on December 7.

"KILLED IN ACTION"

In 1935 when Carl Snare, a former U. S. Marine, was married six of his buddies were present at the wedding. All seven of them had been reported "killed in action" during World War I.

POOL

Rev. Raymond Dyess filled his regular appointment Sunday. Grandma Young spent the week end at the bed side of her little granddaughter. Anna Lou Redding has been ill the past two weeks. Rev. Raymond Dyess and wife spent Sunday with Mr. and Mrs. J. M. Trussell and family. Mr. and Mrs. L. M. Waters, jr., of Brownwood are visiting Mr. and Mrs. L. M. Waters, sr., and other relatives in this community. Mr. and Mrs. J. J. Gunter and family visited Mrs. L. D. Chambliss and family Sunday. Mr. and Mrs. H. H. Dunn and family visited relatives at Lamesa over the week end. Mr. and Mrs. L. T. Redding spent Sunday visiting Mrs. Redding's parents, Mr. and Mrs. J. H. Ticer.

We had several new people out for Sunday school and church. We would like to see still more next Sunday, and we urge the ladies to come and join the Home Demonstration club, which meets every first and third Wednesday afternoon at two thirty at the ool schoolhouse. We need your help in this work.

CARD OF THANKS

We take this method of thanking our many friends for their kind words and sympathy and for the beautiful floral offering during the recent illness and death of our darling daughter and sister, May God bless you all. Mrs. Ruth Pace and children.

Behind The Scenes In American Business

New York, Jan. 26—'Borrowed sales'—In spite of increasing "spottiness" in purchasing power due to dislocations, retail trade for the nation as a whole shows startling activity for January. Instead of the post-holiday slump recent weeks have set all-time January highs—27, 32 and 45 percent ahead of the record totals department stores chalked up a year ago. Such a spending pace brings little publication to retailers, who know it's mainly due to customers' anticipating future shortages, and future declines in quality of merchandise when the pinch of priorities and substitute materials begins to be reflected in new goods on the shelves. Thus the indications are that, in many lines of merchandise, the unusually good January business has been "borrowed" from the near future.

Washington—National income and industrial production, true to expectations, hit all-time peaks for 1941. Income was \$92,200,000,000—about 16 billions higher than in 1940 and nearly nine billions ahead of that year to which financial highs always are compared 1929. As a guard against over-enthusiasm at these statistics it may be mentioned that about one third of the gain over 1940 was absorbed by higher prices, and that approximately 10 of those 92 billions went for munitions and things you can't eat, or wear, etc. The production index moved up from 139 to 168—meaning our industries produced one and two-thirds times as much as in the average year 1935-39. This 29 point gain was one of the largest ever recorded and, of course, the final 168 represents the highest rate of industrial production in American history.

Every Patriotic American Salutes His Nation's Flag During the ceremony of hoisting or lowering the Flag, or when the Flag is passing in a parade or in a review, all persons present should face the Flag, stand at attention and salute. Those present in uniform should render the right hand salute. Those men not in uniform should remove their headdress

with the right hand and hold it at the left shoulder, the hand being over the heart. Women should salute by placing the right hand over the heart. The salute to the Flag in a moving column is rendered as the Flag approaches the spectator and is held until it has passed.

COMPANY D BULLETIN BOARD

Major Knickerbocker, commanding officer of the 34th Battalion of which the Brownfield Company is a part, visited the city and Company D last Friday. While here, a mobilization drill was staged for the Mapor and 59 men were assembled within six minutes.

Promotions: To Corporal, W. G. Smith; to private first class, Auburg, Chisholm, Bud Gillam and Shepherd. Due to the President's Birthday Ball, there will be no regular drill period tonight.

Americans Believe In Their Democracy

Only a scant 5 per cent of Americans believe the present democratic system is breaking down reports Elmo Roper, who makes the famous "Fortune" polls in the current Rotarian magazine. Two-thirds of all Americans believe that the present constitutional system is as nearly perfect as it can be and needs no fundamental change even to cope with emergencies.

Americans also have a persisting confidence in the free enterprise system, Roper's polls reveal. Some 60 per cent would like to be in business for themselves—despite the care free "security" of business or governmental payrolls. A great majority believe there should be no limit to the amount of money a man can make.

The worst depression the United States has ever known couldn't quell American optimism, Roper reports. Most people believe the future will be better. A majority of youths from 9 to 19 hold to the conviction that failure is the fault of the individual, not of the present system.

Preparing To Protect Our Workers

Austin, Texas, Jan. 26—The Sixth National Social Hygiene Day will be observed in Texas on Wednesday, February 4, 1942, Dr. Geo. W. Cox, State Health Officer and Chairman on Health and Emergency Medical Service announced today.

"The menace of social disease will be made greater by the crowding of large groups of workers into war industrial areas Doctor Cox said today. A recent survey of 216,000 industrial workers in one large city showed 2.98 per cent to be infected with syphilis and 9 per cent with gonorrhea. We must fight vice and venereal diseases and protect our workers.

"Physical fitness not only of our soldiers, marines, and sailors but also of our civilian population, will determine the effectiveness of our war effort, Dr. Cox stated. We must realize that the nation's defense depends on a healthy civilian population, able to produce needed materials.

Social Hygiene Day, nationally sponsored by the American Social Hygiene Association will be observed throughout the country on February 4, 1942. Army and navy officers, industry, management, labor unions, health and welfare agencies participate in this nation wide campaign and collaborate on legal, medical, educational and protective measures to fight venereal disease among industrial workers.

Physical fitness is the foundation of a sound national defense—the prerequisite for victory, asserted Doctor Cox. More and more Americans are coming to realize that among the first enemies to be conquered in its present mighty effort are the venereal diseases. There can be no strong nation where bodies are unfit; most assuredly there can be no military victory where disease acts as an insidious 'fifth column' within the ranks."

County clerk H. M. Pyeatt got on the right side of our ledger in a fine way this week. His dollar boosted his time to March 1943.

Mr. and Mrs. O. W. Stice of Midland spent Friday with Mr. and Mrs. Orb Stice and family.

CONFIDENCE

With the new year in its first phase the near prospect is dark. We face rationing, deprivations, high taxes and hard fighting, and we are getting plenty of bad news.

But those calm wise men who can see through, or around, the thick black clouds of a quickly-gathered thunderstorm tell us that the long range view is bright. They are not worried by early reverses, for they realize that it takes time for the ponderous peace power of this country to get into effective military stride. A smaller power can turn around more quickly.

The thing has to be figured out on many fronts, and men who know through experience and observation are confident because the big balance is distinctly in favor of America and her associates. They have the preponderance of man power, sea power, of raw materials, and production. They also have the sterner morale that comes from being in the right—on the side of self-defense and liberty. They are also heartened by being the hope of the many downtrodden nations.

Winston Churchill, who is not disposed to dodge facts or conceal the truth, told Congress that the Allies are now stronger than ever, and by 1943 they will be ready to take the initiative.

After all, what did Hitler main objective of the Allied battle front accomplish in 1941? He overran the Balkans. But he failed in Russia and he failed in Africa. His long string of victories was broken. He lost man power and morale, and he acquired as a new fighting enemy the greatest power in the world.

The year 1942 started with clouds, but the sun is shining behind them.—Pathfinder.

Mr. and Mrs. Lee O Allen visited in Levelland Sunday.

PROTECTION OF PROPERTY

In the present emergency, the following steps are indicated for the protection of life and property in Texas, and these steps should be taken in order:

1. Industrial and public works protection by private guards.
2. Protection by local police authorities.
3. If local police are unable to handle an emergency situation, State Police will assist.
4. If all police protection proves inadequate, the Governor will order out the Texas Defense Guard.
5. If State forces require assistance, the United States Army will take over.

The foregoing is considered to be the correct procedure by the Commander, Eighth Corps Area, U. S. Army; the Governor of Texas; the Adjutant General of Texas; and the Director of the Texas Department of Public Safety.

It is incumbent upon all business establishments, organizations, individuals, county governments and municipalities to provide for their own defense and protection as far as possible.

When the emergency becomes so great that the State Police are needed, they can be relied upon to move in quickly and render effective service.

In case of major catastrophe, or the threat thereof, the officers and men of the Texas Defense Guard will be found quite able to give adequate reinforcement to the State Police force.

If the situation is so serious that State and local forces combined prove inadequate, the Governor will call upon the United States Army for assistance.

The above, defense bulletin was written by Coke Stevenson, Chairman, National Defense Committee for Texas.

Pat Patterson of O'Donnell spent the week end with friends here.

CORRECTION

The Union Home Demonstration Club will meet the first Thursday in February instead of the first Tuesday.

Mr. and Mrs. J. K. Woosley and children of Lubbock and Jess Woosley of Brady visited Mrs. Daniell Davis Tuesday.

Bud Patterson who attends an air craft school in Dallas spent the week end with Mr. and Mrs. Pat Patterson.

Mrs. Roy Ballard has been ill with the flu the past week.

Mrs. Spencer Kendrick is visiting relatives in Brady and Abilene this week.

Mrs. Hardin Joyce is spending several days with her son and daughter in Lubbock.

Mrs. Johnny Kendrick is visiting relatives in Amarillo.

Peanuts rank as one of the richest food sources of thiamin, or vitamin B-1. They also contain abundant phosphorus, and fair amounts of calcium and iron.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)
