## That Avalanche Bunch As Contrary As Ever

Was in Hubcock one day recently and while somewhat afraid that bunch at the Avalanche-Journal might gang us, we called anyway. Charley Guy, the publisher, has crawled out of that little cubby hole over in the northwest corner of the building, and was found with his desk near the others of the staff. Frankly, we believe he was afraid the Japs would drop their bombs on that portion of the building.

Talked with he and Sam Lewis for some time, and while we can occasionally get J. Sam to agree with us, we don't think we found a subject on which Chas. and the writer agreed. He thinks, for instance, that the near shut-down in the oil fields is only temporary, and that soon they'll have to have our oil, and it will flow as never before. Possibly, but many others believe we will almost have to go back to a strictly agricultural area for the duration.

Then, there was the subject of tearing up our pipe lines and running oil to the east coast. Chas. said he didn't care if they did. He wants this country to remain as it is. Don't want manufacturing plants located in Texas, which he stated would bring in a full quota of Bohunks, Bolshevicks, CIO's and union racketeers. It is Texas for the Texans for Charley.

About the only thing we agreed on was that we would soon wear out our tires, and have to walk. But he likes daylight saving(?) of time, and we don't. He admitted however, that he never gets down to his office till nine anyway. By that time the sun is up.

We have always maintained that Chas. is so confounded contrary that if he crowned his body would float upstream.

### "Books For Our Defenders"

## Terry County H. D. Clubs Meet Feb. 28

The Terry County Council met Feb. 28, 1942 in the District Court Room with the Chairman and Vice Chairman both being absent. Mrs. Reginald Martin presided. The minutes were read and approved, then the roll call was answered by 13 members. There were 4 clubs not represented, Johnson, Foster, Scuday and Willow Wells. We talked about the duties of a club president. They should bring all reports of the club to the council.

We voted to meet at 2:30 daylight saving time on the last Saturday of the month.

The names of the different committees were read. They are as follows:

Year Book Committee, Mrs. Karl Griffith, chairman, Mrs. Claude Merritt, Mrs. Jim Finley, Mrs. Kenneth Furr; Food and Feed, Expansion Committee, Mrs. R. D. Jones, Chairman, Mrs. Wes Key, Mrs. V. L. Hudson, Mrs. C. H. Hefner, Mrs. Reginald Martin; Finance Committee, Mrs. W. B. Martin, Chairman, Mrs. L. M. Lang, Mrs. C. D. Parker; Exhibits Committee, Mrs. R. E. Townzen, chairman, Mrs. S. L. Greathouse, Mrs. L. W. Waters; Education Committee, Mrs. H. P. Pendergrass, Chairman, Mrs. H. R. Fox, Mrs. G. C. Shults.

### "Books For Our Defenders"

## Free Show at Rialto, Ritz Theatres

To encourage the movement of scrap iron which is vitally needed to make war material and which the county USDA war board is making every effort possible to get people in Terry county to assist in collecting, the management of the Brownfield theatres is offering a pass to the shows to anyone who presents a receipt from any scrap iron or wrecking yard showing that they have sold as much as 500 pounds of scrap iron. Children under 12 years of age will be admitted for a receipt showing the sale of 35 pounds of scrap iron.

This offer is only good beginning March 9th, and ending March 13th. Do your part and keep 'em flying, sell your scrap iron and buy a Defense Bond.

## Victory Gardens Will Be Paramount

Paramount now as well as over a long-time period is the need of improving health through better food habits and the greater use of foods which increase the intake of vitamins and essential minerals. Physical well-being is the first step in improving morale, and is almost the first line of defense. The record of physical examinations of men for Army and Navy service gives adequate testimony to the need for better nutrition. Better food habits should include not only a much wider use of milk, eggs, and meat but also fruits and vegetables for the protective and health building elements they yield.

If farm families have previously given little effort to growing vegetables for farm use only a few kinds should be introduced at a time and special effort should be put forth in the preparation and use of these varieties.

Vitamin C is one of the food essentials most likely to be deficient in farm diets. Tomatoes are a good source of this vitamin, therefore there should be an increase in the production of tomatoes to be used fresh and canned. The increased consumption of raw cabbage would also add to the Vitamin C content of diets. Tomatoes and raw cabbage are emphasized as a source of this vitamin rather than greens because of the large losses too generally incurred in cooking greens. No farm should be without a fruit garden, the production of which may contribute so much to healthful living and enjoyable meals. It seems also most desirable that taste for fruits, and the joy, health, and varied diet it may yield should be developed early in the lives of our people that the habit may endure.

It is recognized that many farm families will have an inadequate amount of fruit in their diet unless at least a portion of it is produced on the farm. Often results of planting home fruit gardens have been disappointing because of selecting unfavorable locations for the garden, selecting types and varieties of fruits unsuitable for planting in the region, or selecting types that require more spraying and other detailed attention than can be given on the general farm. There are types of fruit, however, that can be grown under conditions prevailing in every section, and with the care possible on the general farm.

Dorothy Faye Blanton, Home Demonstration Agent.

### "Books For Our Defenders"

**Less Than Inch Of Rain In February**  
February came near going out with 15-100 inch of rain to its credit, but on the last day, Mr. J. Pluvius decided that he should add .73 inch and make a total of .93 for the month. Just a bit of that really fell after midnight, March 1, but February was given all that shower.

January had no rain to amount to anything. The four inch snow of around the first was so dry that it amounted to very little. The rain of last weekend, however, was wet, the snow part was wet, and the sleet part was wet. It all melted and was counted as rain.

This is starting off like a very normal year and if so, we should have 18 or 20 inches of rainfall for the year. But it is too early to do any tall predicting.

### "Books For Our Defenders"

**Another West Texas County Goes Dry**  
After years as being the only wet spot between Tatum, New Mexico and Wichita Falls and Fort Worth on Highway 62, Guthrie, and King County, the town with 101 and the county 1066, and 350 votes gave a 40 majority for the dries.

This is strictly a ranch section, with much wide open spaces, but the weary and thirsty way worn traveler will have to be content with cokes and peppers on this highway from now on.

### Supreme In Circulation

## Income Tax May Be Paid In Installments If Desired

Taxes due on a return filed for the calendar year 1941 may be paid in full at the time of the filing of the return on or before March 16, 1942. The tax may, at the option of the taxpayer, be paid in four equal installments instead of in a single payment, in which case the first installment is to be paid on or before March 15, the second on or before June 15, the third on or before September 15, and the fourth on or before December 15, 1942. If the taxpayer elects to pay his tax in four installments, each of the four installments must be equal in amount, but any installment may be paid at the election of the taxpayer, prior to the time prescribed for its payment. If an installment is not paid in full on or before the date fixed for its payment, the whole amount of the tax remaining is required to be paid upon notice and demand from the collector.

The tax must be paid to the collector of internal revenue for the district in which the taxpayer's return is required to be filed, that is, to the collector for the district in which is located the taxpayer's legal residence or principal place of business, or if he has no legal residence or principal place of business in the United States, then to the Collector of Internal Revenue at Baltimore, Maryland.

The tax due, if any, should be paid in cash at the collector's office, or by check or money order to "Collector of Internal Revenue." In the case of payment in cash, the taxpayer should in every instance require and the collector should furnish a receipt. In the case of payments made by check or money order, however, the cancelled check or the money order receipt is usually a sufficient receipt.

### "Books For Our Defenders"

## FSA Families Cooperate In Food For Freedom

Families who are borrowing from FSA are cooperating in the Food For Freedom drive according to Dennis Q. Lilly, RR Supervisor for Terry and Yoakum counties. The records show there has been an average increase per family of 4 dairy cows, 1 beef, 15 hogs, 10 tons of grain, one-half acre of garden space, 331 cans of food and 290 pounds of stored dry vegetables over 1941. A large number of the borrowers plan to increase their field gardens and construct frame gardens for early vegetables.

These families believe in the old story that soldiers can't fight on an empty stomach and are producing, not only food for their home use, but large amounts for sale.

In an effort to exceed the increase food goals for Terry and Yoakum counties, FSA borrowers are increasing the production by better care of their livestock, poultry and gardens, as well as adding another producing animal to their herd where they have stored feed to care for such increase according to Mr. Lilly.

### "Books For Our Defenders"

## Sorry This Happened

This paper did not hear of the death of Mrs. W. M. Coor, which occurred Sunday, February 22nd, until press time. This is a highly respected family, and we beg their pardon for the seeming negligence.

Ministers of the local churches could render valuable service along this line, by writing up funerals, marriages, etc., or at least turning in their notes. We have in the past had some ministers here that practiced doing so. Ministers and their churches call heavily on the newspapers for publicity, and it would not hurt them to return some favors.

But that is their affair. When we don't learn anything, we just can't tell it.

Mr. and Mrs. Shelby Chambless of Port of Spain, Trinidad, are visiting Mr. and Mrs. F. A. Scott.

## Have You Paid Your Subscription Yet?

While a lot of good people have come in to renew or become regular readers, there are still a lot of people on the list yet that should do so without delay. We don't want to cut you off our list, and we feel sure you want the paper or you would say so, frankly. But with the ever increase in the cost of newsprint we cannot afford to carry people in ARREARS.

The following people have renewed since our last report week before last, some for more than one year:

E. A. Graham, Ruben Leach, Mrs. L. C. Wines, Roy Draper, Ada A. Montana, R. L. Cornelius, Sam Houtchens, J. W. Ball, Virgil Kinard, Mrs. O. E. Johnson, Alton Emore, Cavin Johnson, P. B. Brothers, Raymond Green, J. E. Lee, N. H. Lovelace, R. C. Burlison, and Cullen Forbes, city and routes.

Tom Toombs, Meadow; Mary Lackey, Plains; M. F. Klattenhoff, Slaton; O. M. Minnix, Meadow; A. L. Baker, Wellman; Joe Yendrick, Russellville, Ark.; Chamber of Commerce, Lubbock; Mrs. A. K. Huckleberry for her son, Claude at Ponce, P. R.

The new ones are: Jas. W. Brown, G. I. Kempson, J. M. Beck, Gene Green, city and routes; Joe Eudy, Phoenix, Ore.; G. I. Nelson, Prescott, Ark.; Mrs. J. W. Rhyne, Melrose, N. M.; J. D. Mason, Chico, Texas; W. A. Spencer, Pecos, Texas, and three boys in the service including Gene Hurt, George B. McLeroy and W. H. Broun, sent in by their parents or friends.

## To The Voters Of The City Of Brownfield, Texas

I am taking this means of announcing to you, may candidacy for the office of Mayor.

I believe in fair dealing to every one, regardless of their financial or social position, and if I am elected, shall have no favorites, but shall try to be fair to everyone alike.

I believe in and practice economy in my own affairs, and if I am elected to the office of Mayor, will try to handle your business that is entrusted to me in the same way.

I am for everything that is for the betterment of our city and will be on the constant lookout for its interests, with consideration, at all times but not for any particular group or class of its citizens.

If elected I shall endeavor to work in harmony with your City Council, I do not believe in any one man trying to run the affairs of the City, County, State or Nation and shall not try to be a Dictator, but shall consult with, not only the members of the City Council, but any other citizen that is willing to give me helpful advice, before acting upon any thing of great importance to your City.

I am not a newcomer in your midst, a great many of you know me. If you think I will make you a good mayor, I certainly humbly ask your support. If you do not know me, ask your neighbor about me, I am willing to risk my candidacy with those who do.

I will not be able to make an intensive campaign, wish I could, but since it is impractical for me to do so, do not think I do not want your support.

Yours truly,

Jesse D. Cox

### "Books For Our Defenders"

## Ruby Nell Smith Teaching At Lubbock

According to Eee Eye Hill's latest edition of the Lynn County News, Tahoka, Miss Ruby Nell Smith, of this city, has resigned her position on the faculty of the Tahoka schools, and has been employed in the Dupree school faculty at Lubbock.

Miss Smith is a graduate of Texas Tech College, and majored in journalism.

Dr. M. C. Bell, of Meadow, is reported to have been accepted in the Army. While up in years, Dr. Bell is still just one of the boys.

## Victory Book Campaign

The Terry County Victory Book Campaign sponsored by the American Library Association, The American Red Cross, The United Service Organizations for the National Defense, Inc., is being started for the purpose of collecting books for the men in the Army, Navy and Marines. Mrs. Jessie Randal has been appointed as county chairman and her goal is set for 1120 good books. Every club and civic organization in Terry county is being asked to help in this worthy campaign.

Boxes for the collection of the books will be placed at every grocery store in Brownfield. Why not bring a book when you come to buy your groceries? These boxes will be placed at convenient spots, so look out for them. We want books that you want. A book is good if it is read, but not if it is just dusted. The boys want to get an education as they train, help some boy get his wishes. There are many dreary days to be cheered by a good book.

If any individual or groups desire to assist the V. B. C. with money, the transportation needs are urgent. So leave your donations with the managers of these firms where the boxes are placed. A portion of the expense will be paid by the National Headquarters yet the cost will be high to ship these books to Headquarters which is in New York.

The State Librarian, Miss Fannie Wilcox announced that 170,000 books are needed for soldiers alone in Texas. Think of the need for the whole United States.

Listed among the kind of books wanted are:

Applied Psychology, Current Affairs, Military Publications, Crime and F. B. I., Police Systems and Fingerprinting, English Grammar, Arithmetic, Algebra, Geometry, Trigonometry, Calculus, Tables of Logarithms, Up-to-Date Technical Books, Accounting, Shorthand, Business and Salesmanship, Lettering, Mechanical Drawing, Photography, Cartoons, Books About Music, Sports, Novel and Playwriting, Geography, Travel, Biography, History, Fiction—Especially Adventure, Aviation Stories, Historical Novels, Humor, Mysteries, Sports, Western and Pocket Book Series.

Uncle Sam's boys need your best books. Make a sacrifice by giving them your best.

Mrs. Jessie Randal, Terry County Chairman.

## Mahon Congratulates Local Ration Board

An air mail letter was received Sunday from Congressman George Mahon, who stated that the food stamp plan would shortly be established in Brownfield.

He took the occasion to congratulate the local county and city authorities in their effort to make ready the details in minimum time. He sent his regards to all.

## Better Get Your Farm Machinery Repaired

Some weeks ago we wrote a short article on the importance of farmers binging in their farm machinery, including tractors as well as plows and planters as soon as possible. This of course was addressed to those who are not prepared to do their own repair work. It may appear that we are trying to run the farmer's business of this area. Such however is not our position. But may be there are farmers who have not come to realize the scarcity of repairs, the priority orders that must be made for them, etc.

We have made the rounds of the agencies for farm machinery in this city, and one and all tell us that while they are getting about all the repairs needed now, they don't know just how long this will be the case. Anyway time is becoming precious now. With the good top season we received the following weekend, and the fact that March is fast unreeling before us, it is necessary that land be broken that has not already been broken. We just don't get a season every time we need one at this time of year. This humble writer has now spent 33 seasons in this area, and knows what he is talking about.

Your implement dealer has gathered together mechanics they can trust to put your tractor or machinery in tip top condition. But some have informed us that work is piling up on them. So, if you cannot make your own repairs, better load on your farm machinery now, and bring it in. Asked one dealer this week about new machinery. He stated that they had a car now en route. He also stated that this area was still able to get nearly all rubber tired equipment, as other areas in the state preferred iron wheels, which kinder equalized matters.

Another thing, have you had the seed you aim to plant next month and in May test for fertility? Did you note last week that the two banks were still pressing this subject? You can't tell whether your planting seed will germinate just by looking at them. They should be tested, and your county agent, R. N. McClain is ready to render this service to you free of charge. Don't make the mistake of planting your crop on a season received at the proper time only to find that you have a very poor stand.

The banks' admonition, and this we are having to say is not just from a selfish reason. We feel, and they feel, whether you think so or not, that we are your friends, and want to see you succeed. We don't want you to be disappointed about your crop. The Herald has no ax to grind and no seed to sell. Neither have the banks.

### "Books For Our Defenders"

## Presenting Auditor's Report Of The City

In this issue of the Herald, we are presenting for the property owner's benefit, as well as for the general reader interest, the auditor's report of the finances of the city of Brownfield. This report was made by the West Audit Co., well known accountants of Lubbock.

You will note that the income of all departments was good, and while much money went into improvements, many of them necessary on the expansions made by a fast growing little city, all accounts are in fine shape. Of course you will note that this audit ended just when funds were lowest, Dec. 31, and before tax collecting time in January.

### "Books For Our Defenders"

## Mrs. Limer Will Visit Your Boy

Mrs. Chas. Limer, sister of Mrs. Stricklin, who is still at Honolulu, writes that she will be glad to contact and talk with the soldier or sailor boy of any Terry county family, or call on them if they are in a hospital.

Mrs. Limer lived for many years in Brownfield and is well known to old timers. Her address is, Mrs. C. R. Limer, 124 Kapahulu, Honolulu, T. H.

## Rotarians To Sponsor Easter Seal Sale Again This Year

Participation of the Rotary Club in the ninth annual Easter Seal sale for crippled children was announced today by Jim Graves, chairman of the local committee. The sale, which is sponsored nationally by the National Society for Crippled Children, will open officially in the nation March 10 and close on Easter day. Proceeds from the sale of Easter seals help to support the program for crippled children in the community, the state, and the nation.

Pointing out that although a complete program for the physically handicapped cannot be entirely supported, financed, or carried out by any single agency, either public or private, Mr. Graves said that the Easter seal has come to stand as the symbol representing the complete schedule of services for crippled children.

"Such a program should include seven points," Mr. Graves declared. "The first of these should be the medical aspects of the work, including discovery, early diagnosis, and corrective treatment, to give our future citizen a body as nearly normal as possible. Then the cripple youngster should have the proper opportunity for an education; he should have a chance to play like other children; and as he grows up, he should have the right kind of vocational guidance and training. Next, if he is able, he should have a job."

Mr. Graves added that the last two points on the program should be those of prevention and dissemination of public information, and declared that in many respects the latter were the most important of all.

This is the second year that the Brownfield Rotary Club has sponsored the sale of these seals locally. In view of the fact that last year was the first time sale of these seals had been attempted here, Mr. Graves believes that better acquaintance with the program, both on the part of the club and the public at large, should result in a most substantial increase in seal sales over last year. Several cripple children from Brownfield and Vicinity have received financial aid out of the local fund resulting from last year's drive. All money in the local fund was exhausted recently when traveling expenses were furnished a local child.

### "Books For Our Defenders"

## Jack Shepherd Making Ranks Rapidly

The last letter Mrs. S. A. Shepherd had from her son, Jack, he'd recently moved with his Company from Camp Beauregard, La., to New York City. Will state that Jack, who graduated from high school here and played football with the Cubs, is quite a lad. His mother states that he weighs 194 pounds.

Not only is Jack gaining in weight, but his superior officers are finding that he has the get up and go to make good, and right now, he is Staff Sergeant in his, the headquarters company. By the way, he is rearing for his Herald to be changed to the new address.

### "Books For Our Defenders"

## Two Fires Within An Hour Tuesday

There were two fire alarms here Tuesday afternoon within an hour of each other. The first was at the residence of Adrian (Cat) Stewart, and was in the wash room at the back of the residence out on north Second. There was not a great deal of damage before the fire was brought under control.

The second alarm was at the Dewey Murphy residence on east Main. Fire had gotten between the inner wooden wall and the rock stucco, and a portion of the roof had to be ripped off to get to the fire. There was also some water damage.

Mr. and Mrs. Lal Copeland visited Mr. Copeland's mother in Portales, New Mexico Sunday.

W. H. Dallas

**CITY OFFICES**

We are authorized to announce the following candidates for Brownfield city offices, at an election to be held the first Tuesday in April, 1942, which will be the 7th day of April, 1942.

**FOR MAYOR**

Clyde C. Coleman

Frank Jordan

Jesse D. Cox

They say we are to expect synthetic golf balls, which contain no natural rubber. For the duration at least, we imagine a lot of us will learn more about making a weeding hoe fit our hands than a golf club.

Perhaps it was just some newspaperman's idea, but it was there just the same. In reporting the attack on and sinking of one of our destroyers this week, down in the column, a sub-head was inserted, "the attack was a surprise." Frankly, we don't believe that any attack at sea on our merchantmen or warships is a surprise these days. We are in a war up to our necks, and we shouldn't be surprised at anything our enemy does.

Those in the know say we have no more than a year's supply of rubber for war and essential civil use, and that it will take a year and a half to get into synthetic rubber production. It is also stated that of the democratic nations, the U. S. has the biggest supply, and that we may have to divide with other nations. So, he or she who thinks they will have the old flivver out with new tires on by the middle of 1943 are perhaps doing some wishful thinking. In fact the cars are now vanishing into storage at quite a rapid rate in the cities, it is stated. Many public storage places have already put up signs, "no vacancies."

Texas had another birthday Monday, it being on March second in the year 1836, or 106 years ago since a bunch of bewildered Texans assembled down near our coast and declared that from then on they would keep house without any help from Mexico. Of course many of us didn't so much as give the day a thought, except that we found the banks were closed, if we had business with them that day. However, every loyal Texan, whether he thinks of the day or not, are as proud as peacocks that they had a bunch of men back in that day with the fortitude and endurance those men displayed, outnumbered and better armed thought their adver-

Calf feeding long has been a feature of 4-H Club work in extension district 2, and shown here is a typical group of young registered stock being fed out for the show ring and market. In 1941, boys' 4-H enrollment reached an all-time high of 2,745 in the district. After the 4-H cooperative livestock show at Plainview in April, 285 calves of this type were taken to Kansas City along with other club stock by special train, accompanied by their boy owners, and sold at the livestock market there.

saries were, those Texans came home with the bacon that same year.

The Wink Times informed us last week that they did not have a single prisoner in their jail house at Kermit. Furthermore, saith the Times, the last grand jury failed to return a bill of indictment. Now this is strange news, coming as it does from a county that is given over to oil production and ranches, and as we understand it, where hard liquor as well as less hard beer is sold above board and legally. We don't know whenever our grand and glorious county assembled a grand jury without a bunch of true bills, and we are among the driest of the dry. So, let's try out something else besides such arguments as to why so much hell is being raised. Let's just admit that our people are just a trifle meaner, or that the Winkler county grand juryman are derelict in their duties.

While our national lawmaking body, well balanced with confirmed isolationists was doing all in its power to keep us from building tanks, planes, warships, and even no longer than a year ago keeping us from fortifying Guam (for fear it might make the Japs mad) the railroads of our land, headed by business men, were getting ready for what everyone except Congress seemed to expect. As a consequence, in the last ten years the railroads have purchased more and better engines, boxcars and passenger coaches as never before. They remembered the other war and what a time they had in meeting the emergencies. Since the attack on Hawaii on December 7, it is said that our railroads have moved 600,000 troops from the interior to our coasts without a hitch, and none have had to ride in freight cars. Indeed half of them could and did ride in sleepers. If the rest of us, and we include ourselves in this, had gone to work ten years ago in producing implements of war as the axis nations have done, there would not have been a war, with us at least. Our representatives in the axis nations, if they were not dope-heads, could not have possibly failed to see that they were preparing for war as fast as men and tools could make them. When Germany was let back into the Rhur section; when Italy attacked Ethiopia; when Japan invaded China, it seemed to be as plain as the nose on your face to all but isolationists that the dictators were getting ready for another war. But they did not want to prepare, nor permit anyone else to prepare. To our notion, such people are worse than fifth columnists, for we do know where to place them, and we have no way knowing where an isolationist stands.

**Supreme In Circulation**

**WHERE IS PAPER GOING**

Where is the paper going? In general, the answer is this: For every \$5,000,000,000 spent for lend-lease and war program needs 1,000,000 tons of pulp and paper are required. Here are some of the paper needs, a considerable proportion of which must be supplied by papers in the manufacturing class:

- 1,725,000 tons of cotton-fibre content writing paper
- 3,300,000 tons of grades of other cotton-fiber content paper, including blueprint and drawing papers, chart papers and other special papers
- 8,600,000 tons of paper board
- 4,600,000 tons of newsprint
- 3,500,000 tons of wrapping
- 2,825,000 tons of book paper.

Paper used for war needs includes:

- 250,000 tons of paper for shell casings
- 8,000 tons of kraft paper for army laundries
- 50,000 tons of paper for steel strip mills
- 11,000 tons of target paper.

In 1940, 14,500,000 tons of paper rolled off the paper machines of the country. In 1941, 16,000,000 tons of paper will have been made. As close as the experts can estimate, war military and civilian requirements are now at the rate of 24,500,000 tons per year, which is 6,000,000 tons over any previous record of production.

Paper mills and your paper merchants are doing everything possible to help you secure paper requirements under present production handicaps.—Childress County News.

**AMERICANS GIVE UP LUXURIES GLADLY**

A year or two ago we might have almost expected a revolution in this country if the government had stopped the sale of automobiles and tires and limited the operation of existing cars. There might have been marches on Washington, on wheels or a-foot, to demand restoration of the inherent right of every American to own and run a car or two. Most of us were getting far too proud to ride in street cars, or even in busses, and our national motto was "We Won't Walk".

Well, what happens now? When the government suddenly cracks down and restricts our driving freedom, and a national poll is taken to see what people think of such high-handed procedure more than half of them car owners calmly say it's O K with them—they can get along without cars. And as a matter of observed fact, millions of them are laying their cars up and taking a street car or bus, or walking to work or deciding that they don't have to go and see their friends so often. We can probably give up a good many other things too, when we face the need of it.—Amarillo Times.

**WINNING THIS WAR**

It is said the generals and the admirals are trying to prove that their armed forces respectively are the ones that are going to win the war. A battleship man is a battleship man and you can't sink enough ships under him to make him realize that war tactics have changed. The same is true of the general who can't put an army where there is no adequately attending and defending air force, but who still insist that the army is going to win the war, as though it could do the job by itself. In France they learned the lesson through the downfall of their county; in England, more fortunate, they are learning the lesson through the battering of their tight little isle and the destruction of their ships. The navy is needed, the army is needed and the air force is needed, the people back at home are needed—everybody must go completely for the war, if we are to win it. But we can't put up with generals and admirals who are only interested in proving theories and building up glory for themselves.—Floydada Hesperian.

**ROOSEVELT LONG HAS BEEN LEADER IN SCOUT PROGRAM**

Franklin D. Roosevelt was the first man to enter the White House with a long record in Scouting. In 1922 he was one of the organizers of the Boy Scout Foundation of Greater New York, of which he had been president for 15 years. He purchased a site exceeding 11,000 acres in Sullivan county, New York, to provide camp sites for the thousands of New York City Boy Scouts of today as well as those in the years ahead.

Mr. Roosevelt visited the camps many times as a private citizen, then as governor of the state of New York, and in 1933 as president of the United States. On this occasion he conceived the Civilian Conservation Corps as a result of this knowledge of Scouting.

Each February since becoming president, Mr. Roosevelt has addressed the Scouts of the nation by radio, making the white house broadcast the highlight of each year's celebration of Boy Scout week, which more than anything else impresses the American people with the standing Scouting has in every town and nearly every village and hamlet in the republic.

Want Japan to win this war? No! Then don't go and buy up all the sugar you can and hide it down in your cellar.

Want Japan to win this war? No! Then don't be uppish to wear cotton socks, hose, pants, panties, etc., and leave the silk and wool for Uncle Sam's powder bags, parachutes and uniforms for the boys who are fighting on the firing lines, on the battle ships and in the air. Yes, if we don't want the Japs to win, we must be just as good and brave soldiers, sailors and flyers right here at home as we know our boys will be on the battle fronts.—Jayton Chronicle.

**LIKED U. S. MARINES**

Wednesday Services:  
Mid-Week Bible Study 8:00 P. M.  
The ladies of the church will meet with Mrs. J. P. Dubose at the Singer Shop for their monthly work day. It has been the custom of the ladies to spend one day a month working, making clothes and quilts, etc., for the needy. Good crowds were present for all of the services last Lord's Day. You are invited to attend the services at the Church of Christ. You are always welcome.

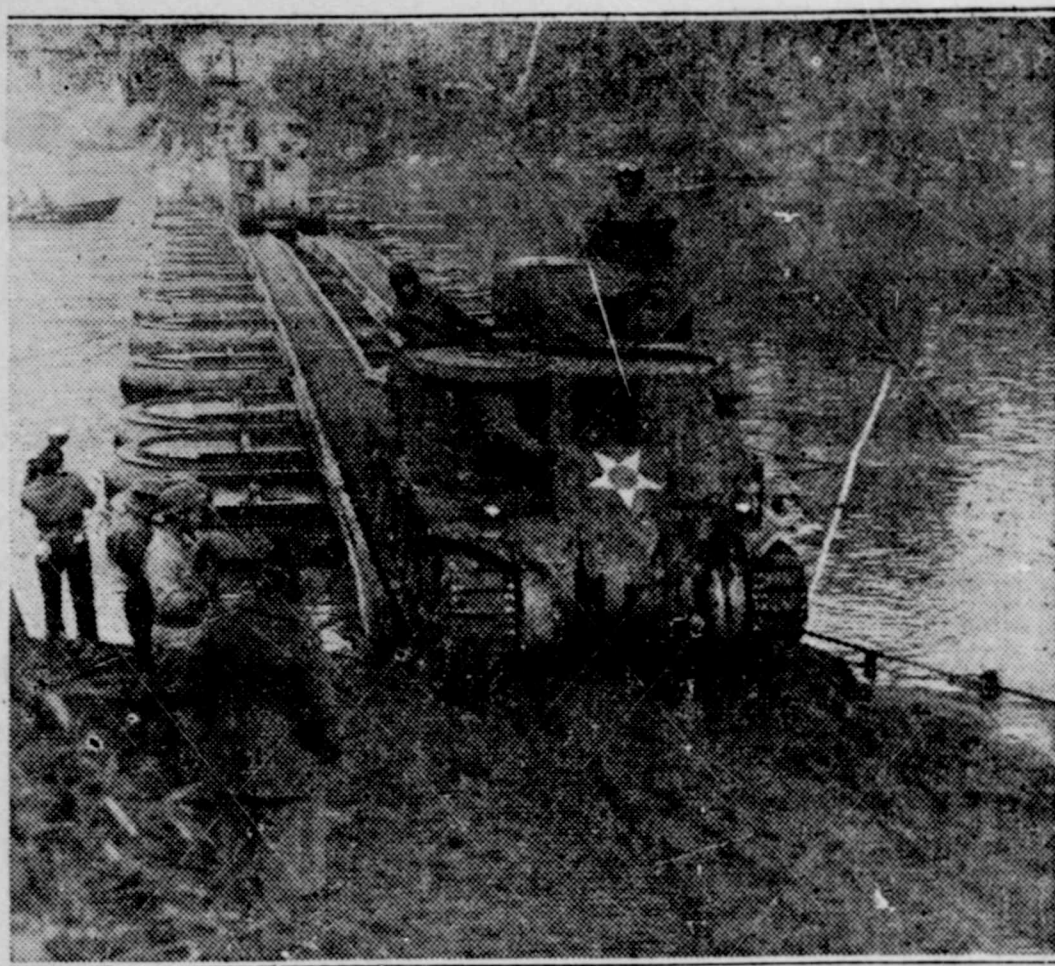

**PRESBYTERIAN CHURCH NEWS**

Sunday School, 10 o'clock, Morning Worship, 11 o'clock, Women's Guild meets on Monday at 3 o'clock at the Church.  
At a congregational meeting last Sunday morning it was voted to raise a fund to repair the church building and, if the amount raised is sufficient, an addition for Sunday School rooms will be built. Marshall Loyd was appointed as treasurer for the committee raising this fund and all money for this purpose should be paid to him.  
We invite you to our services. If you have no Church home in Brownfield we will be happy to have you worship with us.  
A skit on stewardship will be presented at the Women's Guild meeting Monday afternoon at 3 at the church.

**GOMEZ H. D. CLUB**

**Cotton Makes A Bridge**

Tanks of the Second Armored Division at Ft. Benning, Ga., roar into action as they cross a stream bridged by the Army's new rubber and cotton bridge which has superseded the old style pontoon and lumber bridge. The bridge, buoyed by huge rubberized cotton tubing, can be laid four times as fast as the pontoon bridges formerly used by the Army.

charge.  
Our meeting was started by all quoting the pledge. Roll call was made by Mrs. Denver Kelly, our secretary. She also gave a financial report.  
Plans were made for the Gomez club to arrange the Educational exhibit which is on display in the Piggly Wiggly store window. Our exhibit was the Texas Food Standard for a good diet for each person daily.

Mrs. H. B. Grant, program leader, had charge of the program, which was "Landscaping Farm Homes."

Mrs. Kenneth Furr furnished games for the recreation period.  
Our next meeting will be March 11th in the home of Mrs. Kenneth Furr. Miss Blanton will be with us and the subject will be "Furniture Arrangement."  
We had one new member Wed.

**WHOOPIING COUGH DEATH RATE INCREASES**

AUSTIN, Feb. —Speaking of whooping cough and the need for controlling this childhood disease, Doctor Geo. W. Cox, State Health Officer, said today, that the death rate from whooping cough in the United States increased in 1941 almost 33 percent over the rate in 1940.  
"The only source from which whooping cough may be contacted is another case of whooping cough," he stated, "and isolation of cases must be universally practiced to prevent spread of the disease."

The infectious agent or germ of whooping cough is transmitted by droplets expelled in coughing, sneezing or speaking, Dr. Cox said. The discharges from the nose and throat are dangerous; the need for early recognition and careful isolation of whooping cough is obvious.

The first sign of this disease is usually a dry cough, which persists night and day and tends to become more severe. The disease is fully developed when vomiting of food and whoop accompany the paroxysm of cough. Dr. Cox stressed the fact that children who have whooping cough must not attend school or come in contact with other children, until three weeks after the

appearance of typical signs of the disease.

"Prevention and control of whooping cough, especially among infants and small children, may be accomplished through the use of approved vaccine and convalescent serum," Doctor Cox asserted, "and it is important to the child's health that such measures be taken to protect him."

**WATCH THIS RACKET!**

Some publishers are still falling victims to the clipping bureau racket. Upon request from such a bureau, a publisher sends a copy of his paper. Next, people in the publishers community receive notice that their names have appeared in print and for 15 cents a clipping will be sent. The individual is naturally curious and sends the money. When the clipping arrives, he finds out that it is an item from his home town paper—and immediately links the publisher as an accomplice in this racket. It is one of several for which the American public pays \$2,000,000 annually. It is wise to be careful to whom papers are sent. You may be assisting in making a sucker out of some of your best customers.—Kentucky Press.

**EVEN ANIMALS LIKE A LITTLE SHADE**

LUBBOCK, Feb. 11—Even animals need an attractive setting, says W. L. Stangel, head professor of animal husbandry at Texas Technological College. Beginning beautification of livestock premises on the college farm in 1926, the department has planted a total of 965 Chinese elms on lanes bordering pastures and pens, and has set out shrubs, grass, and flowers around livestock shed and buildings. A grass lawn 540 by 50 feet, one of the largest and best kept on the campus, was planted and is watered by animal husbandry employees. Herdsmen are responsible for trees and windbreaks on the premises they supervise.

"People will stay longer looking at animals and talking animals if the environment is pleasing," Stangel asserted, "so whatever the cost it is well worth the money."

**NEWSPAPERS TO AID 100 PER CENT IN WAR**

WASHINGTON — Newspapers will cooperate "100 per cent" — not 99 per cent" in the war effort a Texan serving here as a dollar-a-year man declared Friday.

M. M. Donosky, who left his position as treasurer of the Dallas News to be principal industrial specialist in the newspaper section of the War Production Board said, the industry will feel the shock of war in shortages and curtailed advertising.

Newsprint, inks and other supplies will go first to the war effort and whatever is left will go to newspapers, magazines and related enterprises, Donosky added.

As far as production normally

used for civilian purposes is transferred to war purposes, just so fast will advertising diminish, he added.

**TEXAS BUSINESS HITS 40 PER CENT INCREASE**

Austin, Texas, Feb. —Texas business increased 24 per cent in volume during 1940, but it has just scratched the surface of war time production, Dr. F. A. Buechel, assistant director of the University of Texas Bureau of Business Research, believes.

Fortunately he says, the development of the industries based on Texas' raw products, will have a peacetime importance comparable with their significance in the production of the instruments of war.

A composite index of Texas business activity compiled by the University bureau, stood at 132.9 in December, compared to 126.3 in November and 107 in December a year ago. These gains are both among the sharpest on record.

**EDISON'S DAUGHTER CONTRIBUTES BLOOD**

WEST ORANGE, N. J.—Mrs. John E. Sloane resembles her father, the late Thomas A. Edison, in many ways. For one thing, she never asks anybody else to do something she wouldn't do herself.

Mrs. Sloane recently led 110 employees of Thomas A. Edison, Inc., in contributing blood to the American Red Cross for use in the armed forces. Following Mrs. Sloane in line was Mrs. Theodore Edison, wife of a son of Mr. Edison. Each donor gave a pint of blood, and then was given coffee in a canteen set up by the local Red Cross Chapter.

Mrs. Sloane is chairman of the Oranges and Maplewood chapter of the American Red Cross.

**MEASLES REACHING EPIDEMIC STAGE**

AUSTIN, Feb. —Measles in Texas is reaching a mild epidemic stage at present, with outbreaks following closely the main lines of travel across the State, according to information made public today by Doctor Geo. W. Cox,

**Cotton Underneath**

Among the smartest of the new cotton undergarments designed for the college miss is this tattersall check pique girl's with matching bra. The National Cotton Council and Cotton-Tile Institute report that these new cotton undies can be sent to the laundry along with other cottons.

State Health Officer.

"The peculiar pattern of this spread of measles re-emphasizes the fact that it is a contagious disease, passed on from one person to another," Doctor Cox said. "Guard against exposure by avoiding contact with measles patients."

Dr. Cox said that measles alone is not necessarily a dangerous disease, but dangerous complications, such as streptococcus, mastoiditis, and pneumonia which frequently follow, make it a dis-

ease to be carefully nursed, with close attention from a doctor.

"Unskilled treatment of a plain case of measles can result in complications which often kill," Doctor Cox warned, "and it is not to be regarded lightly as simply another childhood disease."

Dr. Cox urged parents to carefully watch children exposed, and at the first sign of temperature, flushed face, sniffles, or watering eyes, advised that the child be put to bed immediately and placed under a doctor's care.

WEST AUDIT CO., LUBBOCK, TEXAS

**THE PASSING OF  
MRS. HASTINGS**

Another fine lady, and a pioneer of this section, has passed to the great beyond. Mrs. Rosia Jane Hastings, 75, departed this life last Saturday morning after a short illness in the local hospital. Funeral was held at 2 o'clock Sunday afternoon at the church of Christ, of which she had been a member almost a lifetime. Burial was had in the Brownfield cemetery under the direction of the Brownfield Funeral Home.

The Hastings family came to Brownfield some 25 years ago. Hastings died a few years after coming here, and Mrs. Hastings has maintained the family residence in the western part of the city since. She leaves seven children, three sons and four daughters as well as a number of grandchildren to mourn her passing. Two of the daughters live in Terry county; Mrs. T. E. Hobbs of the Harmony community, and Mrs. Jap Proctor of this city.

Mrs. Hastings was a fine mother and faithful neighbor and

**friend. She always had a good word for everyone.**  
**Sells Beauty Shop Goes To California**

Mrs. Clyde Tout was a caller Monday at the Herald office and informed the writer that she had sold her beauty shop to Mrs. E. V. Tarbuton, and was leaving for California, where her husband had a position in an airplane factory. The Herald welcomes Mrs. Tarbuton as one of our business ladies. By the way, Mrs. Ross Black has moved the Rialto Beauty Shop upstairs in the Rialto Building.

**WILD BILL ELLIOTT TO APPEAR HERE IN PERSON; IS REAL PRODUCT OF WEST**

Bill Elliott, cowboy screen star who has earned the sobriquet of "Wild Bill" through his repeated delineation of the character of Wild Bill Hickok, and who is booked for personal appearances at the Ritz Theater March 28, knew about the wide open spaces long before hillbilly bands started plugging them on the radio. He

is the son of a Pattonsburg, Mo., cattleman and was virtually weaned on spurs, saddles and ten-gallon hats.

**CHAPTER PRAISED FOR WORK AT FIRE**

NEW YORK—When fire gutted the once proud luxury liner Normandie in New York harbor, American Red Cross volunteer workers were quick to arrive at the scene with canteens and medical supplies.

This fact was noted by PM, New York tabloid, which roundly criticized the work of volunteers during the fire but commented, "Shining exception was the Red Cross. It moved in, stayed out of the way of firemen and police, did its job quickly and expertly."

Slim Schellinger received the sad message Thursday that his mother at Jefferson, Texas, had passed away. She has been seriously ill for several months.

Mr. and Mrs. Basil Webb and son of Levelland visited relatives here Sunday.

## SUB DEB CLUB PRESENTS FOUR MEMBERS AT LEGION HALL

Misses Jean Knight, Christine McDuffie, Patsy Ruth Carter, and Beverly Belfanz were those members of the Sub-Deb Club who were presented at the American Legion Hall Monday evening of last week.

The colors, blue and silver, were carried out in decorating the stage. The club's silver emblem hung in the background and the girls appeared through a silver arch and descended down the blue steps where they met their escorts, and were introduced by J. E. Smith. Clifford Horn and Orchestra furnished the music for the occasion.

Jean Knight, escorted by Buddy Rambo, wore a formal of blue net trimmed with taffeta. Her accessories were white and her corsage was of gardenias.

Christine McDuffie was presented in a yellow net dress, and wore a corsage of rose buds. Her accessories were gold. She was escorted by Bill Lane.

Beverly Belfanz, escorted by Deverelle Lewis, wore a full white net formal trimmed with orchid bows. Her corsage was of orchid gladiolas.

Patsy Ruth Carter wore a blue marquisette and lace dress with gold accessories and a corsage of pink carnations. She was escorted by Ted Greenfield.

Guests for the evening were parents of the members, the Lubbock and Seagraves club and the sponsors, Mr. and Mrs. Mon Telford, Mrs. J. O. Gilham and Mrs. Clyde Coleman.

### ORDER OF THE EASTERN STAR MEETS TUESDAY NIGHT

The O. E. S. had its regular meeting Tuesday night, March 3 with Worthy Matron Ida Bruton presiding.

The Brownfield Chapter was invited to Levelland to be co-hostesses on April 4 when Ivo Huffman of Houston, Worthy Grand Matron, visits the Levelland chapter. The local chapter was also invited to the Rainbow girls initiation at Levelland.

Refreshments of sandwiches, cookies and coffee were served to twenty present by Viola Barrett, Mary Ellen Brown, and Jean Brownfield.

Mr. and Mrs. Jim Miller were Lubbock visitors Friday.

### SPANISH BANQUET GIVEN

The pupils in the Spanish classes of the Brownfield High School and their sponsors, Misses Newsome and Fields had a Spanish banquet in Fellowship Hall of the Methodist Church, Thursday evening, Feb. 26, with Mr. and Mrs. R. L. Bowers, Dr. and Mrs. Davis and Mr. and Mrs. Emmitt Smith as guests.

The following Program was given: "America" sung in Spanish by the pupils and a duet by Wanda Lee Clowers and Tennie Jenkins. Picturesque spots of Mexico, a talk and movie of Mexico by Mrs. Davis assisted by Dr. Davis.

The menu consisted of Spanish food. Tortillas, enchiladas, frijoles, Mexican rice (arroz), te, and pralines were served in colorful pottery dishes.

The pictures were enjoyed and the Mexican dolls that Mrs. Bowers showed were typical of the customs and dress of Mexican women. The program was greatly enjoyed by all, especially by the pupils who expressed a desire for a repetition in the near future.

### KOLONIAL KLUB MEETS WITH MRS. HEATH

Mrs. H. F. Heath was hostess to the Kolonial Klub last Friday afternoon. Members and guests present were Mesdames Bill Lane, Money Price, Bruce Zorns, E. C. Davis, Roy Wingerd, C. T. Edwards, L. L. Bechtell, Mike Barrett, Tommy Black, A. J. Stricklin, Don Herborn, J. R. Turner, O. L. Peterman, R. L. Bowers, McIver and Austin.

A salad plate was served to those present, and the hostess gave cakes to Mrs. Wingerd for high score and Mrs. Lane for second high.

### LADIES AID SOCIETY MEETS WITH MRS. BRUTON

The Ladies Aid Society of the First Christian Church met Monday March 2nd with Mrs. T. W. Bruton. Mrs. Crawford Burrow gave the devotional. The lesson study, "The Triumphant Entry" was led by Mrs. J. A. Dennis.

Members present were Mesdames E. D. Hemmie, J. A. Dennis, S. T. Veasey, Crawford Burrow, R. N. McClain, and Bob Hamm. Guests were Mesdames S. H. Holgate of San Angelo, W. B. Brown, W. E. Johnson, and Miss Natalie Robinson.

The next meeting will be with Mrs. J. A. Dennis in Meadow.

### NEEDLE CRAFT CLUB MEETS

Mrs. Rube Long and Mrs. Dick Jones entertained the Needle Craft Club Tuesday afternoon. Those present were Mesdames Bill Johnson, John Blair, Frank Hathaway, Bob Wright, A. V. Clark, J. P. Whitley, Joe Havener and T. J. Harris.

Coffee and cake were served to members and guests.

### WOMENS SOCIETY OF CHRISTIAN SERVICE MEETS

The Methodist Women's Society of Christian Service met at the church at 3 o'clock Monday afternoon and studied "Our Times and What the Bible Has to Say About It."

A business meeting was held and the Zone meeting which is to be March 17 was discussed. All the ladies of the church are invited to attend this zone meeting.

Mrs. Jay King of Midland spent the weekend with Mr. and Mrs. Pete Tiernan.

**HOT ROLLS with Coffee, 10c.**  
Hancock's Cafe

### LAS AMIGAS MEETS WITH MRS. KENDRICK

Mrs. Clovis Kendrick was hostess to the Las Amigas Club at her home Thursday afternoon. Members present were Mesdames Dick McDuffie, Orb Stice, Spencer Kendrick, Everett Latham, Jack Bailey, R. N. McClain, Wilson Collins, F. A. Scott, and J. M. Welborn. Guests were Mesdames Pete Tiernan, Glen Akers and Shelby Chambless.

The hostess served sandwiches, ice box cake, and tea to those present.

Defense stamps were given to those having high and second high score, and sachet was given for the traveling prize.

### MRS. W. A. WINGERD IS HONORED WITH TEA

Mrs. L. M. Wingerd honored her mother-in-law, Mrs. W. A. Wingerd with a tea at her home Thursday evening from 4 to 5 o'clock.

Tea, stuffed dates, cream cheese sandwiches, salted nuts, pickles, and olives were served to Mesdames Ray Brownfield, Tom May, W. G. Hardin, Redford Smith, Sam Daugherty, J. E. Shelton, W. B. Toone, W. A. Bell, Hemphill, Bertha Stahler, and Jessie Randall.

### WANDA JEAN COLLIER CELEBRATES BIRTHDAY

Wanda Jean Collier celebrated her ninth birthday with a party at her home Saturday afternoon from 3 to 5. Birthday cake and punch was served to 16 guests.

### TOKIO H. D. CLUB

The Tokio H. D. Club met in the home of Mrs. J. M. Young on Feb. 24. This was the first all-day meeting.

The house was called to order at 11 o'clock with the president presiding. Roll call was answered by seven ladies.

Mrs. B. Martin was program leader. An interesting program was rendered on "Landscaping Home Grounds."

The house was again called to order at 3 o'clock and roll call was answered with some useful household hints. An educational fee of five cents was paid by each member and 25c was paid for club dues.

Miss Blanton made and served some delicious sandwiches containing fruit, stressing "More Fruit in Our Diets."

Seven overalls were made and two sweaters were started during the day for the Red Cross. The H. D. Club plans to do Red Cross sewing and knitting at each meeting if material is available.

### MRS. HORD IS HOSTESS TO PLEASURE CLUB

Mesdames Bruce Zorns, Jimmy German, Mike Barrett, C. C. Primm, Ruth Huckabee, Jack Bailey, Buster Moxley, E. L. Sturgis, Milton Bell, Regis Quinlan, Jack Hamilton and Miss Sue Jones attended the Pleasure Club at the home of Mrs. Walter Hord Wednesday afternoon.

Pineapple sherbert and date nut squares were served to members and guests.

The hostess gave defense stamps for high and second high score and sugar and fruit cocktail for bingo prizes.

Mrs. A. A. Sawyer has returned from Mt. Pleasant where she has spent the past two weeks with her daughter, Mrs. Truett Flache and Mr. Flache.

### CELEBRATES BIRTHDAY

Evangelist W. S. Boyett of the church of Christ, was "ever-so-old" Tuesday, and unbeknownst to him, the good lady invited a number of people in for a birthday party at the parsonage, and we understand that 37 people called to wish him many happy returns.

Not only that, but the callers brought and others sent a lot of nice birthday presents, so that the preacher will be fixed up for some time with ties and shirts, ox and hankies, and what have you?

We consider this is a good pattern for the society editors of the region to take to writup such affairs.

Evang. and Mrs. W. S. Boyett left Thursday for San Saba on business.

### SAYS IT WITH FLOWERS...

Spencer Tracy says it with orchids when he courts Kathrine Hepburn in "Woman of the Year," the new M-G-M picture showing at the Riato Theatre Sunday and Monday. Tracy pays a sports editor and Miss Hepburn a newspaper columnist—and it's dynamic drama when these two opposites get together!

### FUNERAL SERVICES HELD FOR BILLIE FAYE LUSK OF PLAINS

Funeral services were held for Billie Faye Lusk, age 11, at the Baptist church in Plains on Feb. 24, with Rev. Carol Holtzclan officiating. Billie Faye was the daughter of Mr. and Mrs. O. L. Lusk and granddaughter of W. H. Hague. Burial was in the Plains cemetery with the Brownfield Funeral Home in charge.

Ed Thompson brought in about \$5.00 worth of spareribs, backbone and country sausage last week (present valuations). Yep, they went good with hot biscuits.

### C. Sears Sees Them Plow With Steers

C. Sears made a trip all the way down to Houston last week to see about selling his 29 bales of cotton, but found the price off when he got there. The government gave him a grade on the cotton above 15c per pound, with free storage for a month, so he left his cotton in storage.

On his way home with his truckman, they saw a man opening furrows with a team of steers, and a lady, possibly the man's wife, dropping corn from a bucket behind him. That was way down in Washington county.

Sears wanted to stop and plow the steers some, as that was the way he started his farming career, but the truckman thought he wanted to flirt with the farmer's wife, and wouldn't stop.

Those attending the O. E. S. meeting in Lubbock February 25 were Ida Bruton, Mary Ellen Brown, Mattie Lou Graves, Molly Goodpasture and Jean Brownfield.

Those attending the Rebekah Lodge pie supper and style show in Lubbock Thursday night were Mr. and Mrs. R. A. Turner, Cornelia Moore, Ida Bruton, and Mary Ellen Brown.

Kenneth Moore has obtained work in the Consolidated Aircraft Company in San Diego, California.

Mr. and Mrs. Stanley Moore and Dr. W. S. Brumage of Midland spent the weekend with Mr. and Mrs. F. A. Scott.

Mr. and Mrs. Gene Green and son have moved to Carlsbad, N. M., to make their home.

Mrs. M. B. Sawyer has returned from a two months visit to Florida.

Mr. and Mrs. W. R. McDuffie and children spent the weekend in El Paso.

Mrs. Dee Elliott of Fort Worth visited Mr. and Mrs. Pete Tiernan over the weekend.

Mrs. Calvin Pegues and Mrs. Kyle Graham of Odessa visited friends and relatives here over the weekend.

Mrs. Berta Lee Brewer of Cleburne has returned to this city to make her home.

**CREAM or Pecan Waffles, Hancock's Cafe.**

### Local Band Participates In Levelland Clinic

Last Friday twenty-one members of the high school band went to Levelland to participate in the band clinic there under the direction of Col. Earl D. Irons.

There were about 400 members of various bands present. Practice began at 8:00 a. m., and was carried on until dinner at 12:00. At 1 o'clock about 250 members were eliminated to form the clinic band. All the Brownfield players, however, were good enough to stay on in the band.

The climax of the program was at the concert that night when 40 medals for good musicianship were given to the better players. Eight from Brownfield received the awards. They were: Cecil Smith, Larry Miller, Billy Beck, Larry Tarpley, Howard McElroy, David Hanks, Jacqueline Thompson and Ted White.

A great deal of information was gained from this trip, and every band member came back with the determination to work hard and make Brownfield's a first division band.

"Books For Our Defenders" Evang. and Mrs. C. B. Middleton and Mrs. Brownell and daughter of Sheridan, Wyoming were Sunday night visitors with Mr. and Mrs. W. S. Boyett. Evang. Middleton filled the pulpit at the Church of Christ Sunday night.

### If You Fail To Make Income Tax Report On Time

In the event of failure to make and file an income tax return as required by law within the prescribed time, a certain percent of the amount of the tax is required to be added to the tax unless failure to file the return within the prescribed time is shown to the satisfaction of the Commissioner to be due to reasonable cause and not to wilful neglect.

The amount to be added to the tax is 5 per cent if the failure is for more than thirty days; with an additional 5 per cent for each additional thirty days or fraction thereof during which failure to file a return continues not to exceed 25 per cent in the aggregate.

A taxpayer who files a tardy return and wishes to avoid the addition to the tax for delinquency must make an affirmative showing of all facts, alleged as a reasonable cause for failure to file the return on time, in the form of an affidavit which should be attached to the return. Alleged ignorance of the law does not constitute reasonable cause for delinquency.

### March 15 Deadline

Taxpayer should make every effort to file their returns within the time prescribed by law, March 15, 1942, and thus avoid the possibility of the additions to the tax for delinquency in filing returns.

Do not forget that single persons or married persons not living with husband or wife, who earn as much as \$14.43 a week for the 52 weeks of the year, and married persons living together who have aggregate earnings of as much as \$28.85 a week for the year, are required to file returns.

### CARD OF THANKS

We wish to express our heartfelt thanks for the beautiful flowers, words of sympathy and acts of kindness shown us during the greatest trial of our lives, in the loss of our dear mother. Also to Dr. Treadaway and the nurses. May God's richest blessings rest upon each of you.

Mr. and Mrs. L. D. Hastings and family

Mr. and Mrs. Curtis Hastings and family

Mr. and Mrs. Jap Proctor and family

Mr. and Mrs. T. E. Hobbs and family

Mr. and Mrs. Rex Babbs.

Mrs. Irene Black and daughter spent the weekend with Mr. and Mrs. Enoch Hunter.

Mr. and Mrs. Bill Collins and son of Lubbock visited Mr. and Mrs. W. H. Collins Sunday evening.

### GENTLEMEN STILL EXIST IN OUR COMMUNITY

If you do not believe that gentlemen still exist you should go out to the Cottonoil Mill and ask Mr. C. M. Chapman to show you through the plant. A group of teachers of Brownfield, Union and Denver City made a journey through the plant last Monday night, this being one of their projects in a course being given here by Dr. Cooper of Texas Tech, Mr. Chapman and Mr. G. T. Meriwether, the bookkeeper, guided the group through the various buildings, pointing out the things of interest.

It took the group about forty minutes to see the plant, and at the end of the journey everyone went back to the office to listen to the President's Fireside Talk. Mr. Chapman provided seats for everyone and served the group cokes. Numerous questions were asked concerning the mill and how it operates. Mr. Chapman was certainly courteous and made the group feel that they were welcome.

Methodist Church

Subject for the morning service: "Christ Before Pilot." The Young People meet at 7:15. They will also have charge of the Sunday evening service.

PLAINS—

Mr. and Mrs. Dorsey McKee and children were visiting here a few days last week. They were enroute to Austin to work.

Hospital Notes

Those admitted to Treadaway-Daniell Hospital the past week were: Miss Geraldine Lindsey, Miss Margaret Colvin, city; Mrs. E. A. Walters, city; Janice Joe Burk, city; Richard Timmons, Levelland; Mrs. L. C. Wines, city; and Miss Elizabeth Dumas, city.

The out of county children who attended the funeral of their mother, Mrs. R. J. Hastings, were, Curtis, of Palacios, Texas; Mr. and Mrs. L. D. Hastings of Cache, Okla.; Mr. and Mrs. Rex Babbs, Grand Junction, Colo.

Jesus Christ is no security against storms, but he is perfect security in storms. He has never promised you an easy passage, only a safe landing.

U.S. Army Insignia of Rank

DAYLIGHT SAVING DOESN'T SUIT TECH WATCHMAN

LUBBOCK, Feb. 16.—Texas Tech's veteran nightwatchman, Jack Hightower, thinks they're all out of step with him on this daylight savings business.

Jack "feels queer" when he meets students coming to classes as he goes off duty. He began his nightwatching duties in 1925 when Tech first opened, and has seen it grow from a one structure plant to its present place as second largest co-educational institution in the state.

THEN HE FLED

"If you kiss me again, I shall tell father." "That's an old tale. Anyway it's worth it," and he kissed her. She sprang to her feet. "I shall tell father," she said and left the room.

Baptist Church News

In the teachers training course held in the church last week some twenty people will receive awards for work done and these teachers are commended in this study course and every teacher in the school should "study to show themselves approved" for the work they have accepted and should never be satisfied until they can do the best work of which they are capable.

Better weather is now anticipated and the average in attendance as well as enrollment of the Sunday School is expected to be greatly increased and having been awarded the banner of a Standard School for 1942 may deserve the honor given us.

We are living in a serious hour and our men are in army camps and some of them are at the front now under fire, a great number having gone from this church and whose presence we greatly miss, and it is up to we who remain here to keep the home fires burning, support our government in the war effort and support our Lord in the work of His church.

In our Sunday School we want to major for this month on improving the quality of teaching and other phases of the work. Are you doing all you can toward being the best teacher or worker that you are capable of? Are you present each Sunday that there is not serious sickness in your family? Providentially hindered does not mean if you want to do something else other than attend Sunday morning or Wednesday night, it means unless you have sickness, death or some other such reason that you will be present. No one else is responsible for your job, you are.

SHIFT GEARS

"Ah say, Mary, would you jest soon—?" "Look here, Jim Jackson, don't you git fresh wif me. Mah name's Miss Smif, not Mary. I don't 'low only mah bes' and mos' particular friends to call me Mary."

Grace Tarpley who attends Hardin-Simmons in Abilene spent the weekend with her parents.

My Week by Eleanor Roosevelt

I went one night to speak at a patriotic rally held in one of the large churches in Washington. Those present reiterated again their willingness to fight and die for the United States, and recounted the part that the colored people had played in the history of our country during every war.

I never like to have us remember only our contributions as military contributions, because there are so many things which people have given in times of peace which are just as important to the development of the country, even when these horrible days of war are upon us.

All of our racial groups have made a vast contribution to the development of the United States. Many of them have worked in our fields and have developed our agriculture. Without them the cotton fields of the South would never have been tilled and the wheat fields of the West would not have produced their abundance.

Our mines would not have been developed. Our factories would not have operated without the labor of the countless people who, once upon a time, came to these shores from Africa, Europe, the Near East and the Far East.

It is not only in these material ways that people have contributed to the development of this country. Think of what has been given by writers, painters, actors, dancers and musicians to the general culture of the nation. No country is fully civilized which can not appreciate its artists. They make a contribution not just to the entertainment side of life, but to the educational, economic and spiritual sides.

Buy Defense Bonds—BAD NEWS

Everyone I met seemed depressed over the news from Singapore. We have been told that we must expect reverses at the start, and yet we want victory at once. The Axis nations prepared their people for many years, physically and mentally, for this struggle. They built up huge reserves of war materials.

We should remember now, however, that day by day the opposition in the Pacific and in the Atlantic, in Europe, Africa and Asia, is wearing itself out far more rapidly than we are. Some day, when we have reached the full power of our production, the day of victory will come. Then we shall have to remember St. Paul's Epistle to the Romans: "Dearly beloved, avenged on yourselves, but rather give place unto wrath: for it is written, Vengeance is mine; I will repay, saith the Lord."

You might be interested to hear a little about the boys in the Brooklyn Naval hospital. Nearly a whole ward was filled with boys from the Normandie, who had been overcome by smoke or burned. They all seemed to be recovering, but the experience must have been a very unpleasant one.

I also had an opportunity to talk for a little while with a boy who was very seriously injured on the destroyer Kearney. He is getting well and will be able to be about again, but his remark was that he wanted to "get back at them."

That is a wonderful spirit when your disabilities would free you from active service, but it is the kind of spirit which we may expect to find in all these young men. As I walked through the hospital, I told the doctors that I had a particular interest in the destroyers because my boy is on one. I noticed a smile on the faces of the boys nearest me, so evidently they have a feeling, too, for destroyer duty.

We have a perfectly lovely baby spending a few days with us in the White House. She is 3 1/2 months old, the daughter of my cousins, Mr. and Mrs. W. Forbes Morgan Jr., and seemed completely engrossed in the President so long as he held her in his arms.

The governor of New Hampshire, the Honorable Robert O. Blood, has sent me two wonderful wooden pails. They are called "Granite State Bom-Pails," and he says: "We of New Hampshire are pleased to contribute in a small way to the national defense program by furnishing a substitute which will conserve scarce material, such as metal, using our hurricane lumber and using labor of an average of 60 years of age as is found in our pail factories."

Doris Sherman of Lamesa visited Carolyn Jones Sunday.

War Has Stopped Car Production—But The Herald has just received a 64-page booklet from General Motors Co., which is chock full of valuable information to motorists on how to care for their cars during the duration, and to make their old tires stretch over as many miles of road as possible. Our understanding is that this booklet is free to motorists. If your dealer does not have one, apply to General Motors, Detroit, Mich. The name of the booklet is, "The Automobile User's Guide" With Warning Suggestions. The only advertisement is on the front of the back cover, and that is just a hope that General Motors may be of service to their old customers, and to keep in mind their make of fine cars, Oldsmobiles, Chevrolet, Buick and Cadillac, Frigidaires, etc., and that they will be back on the job as soon as the Germans, Japs and Italians are put out of commission. A U. S. Marine was the organizer of the first troop of Boy Scouts in Nicaragua.

You want your home county paper for the local news, and your daily to keep up with the events all over the world. Plenty happenings this year. THE HERALD

### Hitler Would Like To Have Our Oil Wells

The Permian Basin of West Texas has enough oil "to throw Hitler and his ilk into a jealous rage," writes Joe Pickle, Big Spring newspaperman, in the February issue of West Texas Today.

Pickle asserts that the largest know oil reservoir in the world is that "semi-arid stretch of country sprawling roughly between the 100th meridian on the east and El Paso on the west, the 85th parallel on the north and the Rio Grande on the south." Within this stretch production since the discovery strike in 1920 has exceeded the 1,500,000,000 barrel mark. "Indeed," writes Pickle, "such a chunk of territory would be the answer to the enemy's prayer—but it is so geographically located and so well distributed, and defend by a brand of people the like of none other on earth, that there is small possibility of one drop of its oil of ever being pumped by

foreign direction." Latest statistics on the Permian Basin, as given by pickle, show monthly production of 8,000,000 barrels from 12,861 wells flowing or pumping. The potential rating of these wells is 12,000,000 barrels daily.

### WHAT TEXANS SPEND MOST MONEY FOR

AUSTIN, Feb. 11—"Food, shelter and automobile" has replaced the traditional "food, clothing and shelter" as America's expression of economic necessity, according to statistics compiled by the University of Texas Bureau of Business Research.

Figures on family expenditure, gathered in nine scattered parts of the state, showed Texans spending 25 percent of their total family income for food, 14 per cent for rent, 12 per cent for car expenses and nine per cent for clothing.

Harboring rubbish that invites fire is like giving aid to a fifth columnist in the home.

The American Eagle poised on guard above a cargo ship is the design which the U. S. Department of Agriculture has made available to identify United States food products wherever they are sent throughout the world.

### AMERICAN EAGLE AND FOUR FREEDOMS

College Station, Feb. 11—United States food products will soon be identified wherever they are sent throughout the world by an emblem showing an American Eagle poised protectively above a cargo boat fending off an enemy bombing plane.

Stars representing the four freedoms—freedom of speech; freedom of worship; freedom from want; and freedom from fear—are over the eagle, just below the block letters "U. S. A." The emblem was designed by

Walt Disney and has been adopted by the U. S. Department of Agriculture. Copies of the design have been sent to several thousand food processors who have contracted with the Department to furnish food supplies under Lend-Lease shipments, for school lunch and domestic distribution to low-income families, and to meet the other needs of the Food For Freedom program.

### STEER FEEDING RECORD AT TECH COLLEGE

LUBBOC, Feb. 11—A demonstration of fattening beef cattle now in progress at Texas Tech, indicates that calves of good quality command good prices, will make money provided they are stocked the first year and placed on a self-feeder as early as possible the second fall, Prof. W. L. Stangel, head of the animal husbandry department, says. The department now has on feed two lots of yearling steers, one consisting of 10 Herefords, the other of 10 Aberdeen-Angus. The former, purchased Nov. 23, 1940, at 10 cents a pound, averaged 471 lb. per head. The latter, bought Dec. 9, 1940, at \$40 per head, averaged 303 pounds.

Both groups were handled as stocker feeders until Nov. 26, 1941, and during that period had access to field stubble, volunteer barley pasture, native and sudan grass pasture, and for a short time were fed sorghum silage supplemented with 1 lb. of cottonseed meal per calf per day. During the stocking period the Herefords gained 375 lbs. and the Angus 397 lbs. per steer. When placed in dry lot on self-feeder last November, the 10 Herefords averaged 846 lbs and

the Angus 700 lbs. For a 56-day period beginning Nov. 26, 1941, they were fed in a self-feeder a concentrated mixture of 70 percent milo head chop, 15 percent cottonseed meal, and 15 percent alfalfa hay. In addition they received sorghum silage daily in accordance with appetite.

At the end of the 56-day period the 10 Herefords weighed 1,034 average and the Angus 886 lbs., a total gain per Hereford steer of 188 lbs. and per Angus of 186 lbs. Daily average gains were 3.38 lbs. for the former group and 3.32 lbs. for the latter. Proof that the feeding plan demonstrated is best on the plains, Stangel said, comes from the fact that average weights of 60 Hereford yearlings from the same herd as the original 10 calves, but kept on ranch pasture the first year, averaged 633 lbs. at the same time the stocker steers weighed 846 lbs.

"Calves stocked during the first year and placed on self-feeder as early as possible during the second fall should attain market weights at an earlier age and at lower costs than by any other method of feeding one might follow under our plains conditions", he concluded.

### TRAINING WOMEN FOR WAR DEFENSE

AUSTIN, Feb. 11—The training of women for work in National Defense industries is gradually being accelerated, with instruction centered at Dallas, Arlington, Waco, El Paso and San Antonio, James R. D. Eddy, State Director of Vocational Training for Defense Workers, reported today.

Experience has shown that women are adept at operating power sewing machines, repairing aircraft instruments, aircraft riveting and aircraft electrical work," Eddy said. "The nimbleness of their fingers enables women to become very proficient at many phases of work essential to Defense industries, and during the next few months we expect a sharp upturn in the employment of these skilled women workers."

Thirty-one young women, 14 in a day school group and 17 on the midnight shift, are working elbow to elbow with men trainees at the San Antonio Aircraft school. They are Civil Service employees assigned to training by the San Antonio Air Depot, Duncan Field, and upon completion of their three months training course they will return to Duncan Field.

During this preliminary training period they learn only enough to do certain types of instrument repair work, and their skills are developed in part-time supplementary classes. Within a short time the number of women train-

ees at the Aircraft School will be increased to 150, and classes will be added in stock and store-room work and parachute repair.

The Dallas Defense School has boosted the number of women trainees to 127, with 42 enrolled in two classes for aircraft electrical repair workers and 85 in two classes for aircraft riveters. An additional 30 trainees in riveting will report early in February, and as men graduate from the classes an effort will be made to stabilize enrollment with an equal number of men and women trainees.

Classes for women trainees at the Dallas school run from 6 a. m. to noon and from noon to 5 p. m., with 390 hours of training required for riveters and electrical workers.

The State Board for Vocational Education is providing instruction at Waco and El Paso for National Youth Administration special defense classes in operation of power sewing machines. Waco has 75 trainees in two classes.

Three women trainees in aircraft sheet metal have been enrolled in a Defense class at North Texas Agricultural College, Arlington.

Assignment of persons for training and placement with industry is handled by the United States Employment Service.

### LOCAL MAN'S FATHER DIES AT RALLS

Luther Kieth, cook in a local cafe, informed us this week that his father, Guy Keith, 70, of Ralls, died in bed soon after retiring one night early last week. Apparently his father was in his usual health when he and his wife retired for the night.

Mr. Keith had been a resident of Ralls 25 years. His son also stated to us that his wife's mother was very low at Graham, and that he lost an uncle recently. It seems that troubles come in packs at times.

### CHRISTIAN CHURCH TO HOLD BAPTISMAL SERVICE AT LUBBOCK

Members of the Christian Church here and at Plains will go to Lubbock Sunday evening to witness the baptizing of five young people from Brownfield and Plains. The service will be held at the First Christian church in Lubbock at 8:00 o'clock. Those to be baptized are Miss Ida Bruton Gaston of Brownfield, Miss Sarah Jane Jones, Miss Grace Jones and R. B. Jones, Jr., of Plains, and Kenneth Johnson of Tokio.

It is inspiring to see young people dedicate their ideals, their ambitions, their lives, to following Jesus. His Way will save this world from its troubles if we will accept and follow Him.

Sunday morning the sermon subject will be "Christ of the Triumphal Entry." This month we

## LIFE SAVER FOR Cold Weather Starting

Are you all at sea about what to do when your motor suddenly refuses to start because the temperature is low? Here's the answer: Just fill the tank with Phillips 66 Poly Gas. That's the quick, easy way to find out what a difference high test makes. A touch of the starter, and your engine rolls into action with split-second speed. It's got to, because any engine in good mechanical condition will start provided the gasoline in the tank is "hot" enough.

And Phillips 66 Poly Gas is extra hot!... without a penny of extra cost! Try a tankful. Compare. See if Phillips 66 Poly Gas doesn't give you just about the fastest cold-weather starting, and the finest cold-weather performance, you have ever enjoyed. Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners... because Phillips is the WORLD'S LARGEST PRODUCER of natural High Test Gasoline.

**Lieut. Myers Sent To Randolph Field**

Midland Army Flying School, Mar. 2. (Special)—Second Lieutenant Dick Myers, son of Mr. and Mrs. R. D. Myers of Brownfield, left this huge bombardier training school today for Kelly Field, Texas, to begin training as a pilot. Myers has been assigned to duty at Midland's Army Flying School as a member of the 437th Ordnance Company, aviation bombardment, largest organization of its kind in the United States. As station range officer he had charge of the many practice ranges in this area, which student bombardiers are blasting daily with thousands of 100 pound practice bombs.

Myers has been assigned to duty of Oklahoma from 1935 to 1939 when he graduated as a petroleum engineer. He received his commission March 1, 1941.

Prior to being assigned to duty at Midland, the lieutenant was stationed at Ellington Field, Texas.

**An Effort Made For A Gin At Plains**

The citizenship of Plains held a mass meeting recently with prospects in view of obtaining a cotton gin for that city. There is not at this time a cotton gin in that county. A proposition is on foot to buy a gin now located at another place and move there.

Those present believe that a minimum of some 2,000 bales could be pledged if a gin were located there. Financial and other committees were appointed.

**Jessie Randal P-T. A. Thanks All Helpers**

The Jessie G. Randal Parent-Teacher Association wishes to thank all those who helped in any to make the formal opening of the new Jessie G. Randal Primary School a success.

Thanks to Mrs. Randal for her kind words as honor guest, and for her gift of 20 pecan trees for the school grounds.

Thanks to the High School Parent-Teacher Association for its cooperation with the Jessie G. Randal P-T. A. in serving refreshments to the guests, and for its gift of a table lamp for the waiting room. The waiting room was furnished some time ago by the Jessie G. Randal P-T. A.

Thanks to the Senior Maids and Matrons Club for its presentation of a handsomely framed oillette picture of Mrs. Randal. The picture has been hung in a place of honor in the waiting room.

Thanks to the individuals and business concerns who sent flowers, and to the Room Mothers who sent a potted plant to each class room. This was a thoughtful gesture and was appreciated by the entire school.

Thanks to the presidents of the several P-T. A. organizations, civic clubs and study clubs for their appearance on the program and for their good wishes.

Thanks to Miss Bonnie K. Dygart of Texas Technological College for her inspirational dedication address.

Thanks to the Cen-Tex Harmony Club for their special vocal music under the direction of Mrs. M. E. Jacobson.

Thanks to Mr. Clifford Horn and his orchestra and to Mrs. A. L. Bruce and her music class for the music.

Thanks to everyone who appeared on the program and to the visitors who enthusiastically viewed the building.

And thanks to Mrs. Lee Fulton, Principal of the Jessie G. Randal Primary School, Mrs. A. L. Bruce, chairman of the program committee, and to Supt Emmitt Smith for their untiring efforts in making the occasion memorable.

**NOTICE TO AUTOMOBILE OWNERS**

The deadline for securing Texas Certificates of Title to your automobile was last January 1st. If you are now operating an automobile without this Certificate of Title, you are violating a state law. Due to the influx of out of state owners employed in defense industries, this law is not being enforced vigorously at this time, but you are warned that in order to secure license tags for 1942, you must have this Certificate. Go to your local Tax Collector and apply for your Certificate of Title, and avoid unnecessary inconvenience and expense.

Mrs. J. T. Alley of Abilene is visiting her sister Mrs. Dube Pyeatt and Mr. Pyeatt.

**All-Paved Road Through To Odessa**

The State Highway Department has agreed to complete Highway 51 from the Hockley county line at the north, to connect with the Lamb county sections of the road, to give an all-surfaced road north and south across the county.

S. C. McCarty, State Engineer in charge of the Lubbock office, definitely promised the completion this spring, Stanley Doss, County Judge, announced this week.

The county based and got this two-mile stretch of road ready for surfacing more than a year ago, but has met with continuous delay in getting the road surfaced by the state since that time.

The completion of this two-mile stretch, and the completion of the section from Lovelland north to the Lamb county line will give an all surfaced road from the north Lamb county line to Odessa.

Hockley county officials have promised the completion of their part of the road early this summer.—County-Wide News.

**Did You See The Eclipse Monday Night**

We did. But we had forgotten about the matter until Nick Nicholson called us on the phone. The shadow of the earth began to come on soon after the moon came up.

The eclipse must have been around 90 per cent here. The shadow began to go off when the moon was about an hour above the horizon.

Jane Brownfield and Maxie Feltz of Lubbock spent the weekend here.

CREAM or Pecan Waffles. Hancock's Cafe.

**ARE YOU GETTING THE VITAMINS YOU NEED IN THE FOOD YOU EAT?**

To do the job ahead of you, you must have all the vitamins your body requires. In this war-torn world, healthy nerves as well as healthy bodies are required to do the job well. One way to be sure you're eating a vitamin-rich food is to always demand that good . . . .
