Your Home Owned and Home Managed County Paper — Where Farming, Ranching and Oil Fields Bring Prosperity to Terry County People

VOLUME THIRTY-SEVEN

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, MAY 1, 1942

NUMBER 39

## Some 10,000 Acres Of New Land To Go In A Really Appreciated Newspaper Received

H. R. Winston informed us this week that possibly 10,000 to 11,000 acres of new land cut out from the Brownfield and the Green & Lumsden ranches, were being put into cultivation this year. This land is along the Tahoka highway, from six to ten miles out, and is very fertile. Several large farms were put in last year on the Brownfield east ranch in this same section, and the production ran very high.

Winston stated that as none of the new farmers had an allotment, they would have to buck the government this year and plank down a penalty perhaps of ten percent, in order to get an allotment next year. Homer did not know all the owners of the new farms, but gave us a list of some of the largest, that totaled 7,810 acres alone.

They are as follows:  
Ray Brownfield, 1600 acres; Homer Winston and Jack Hamilton, 600; two strangers, 1100; two other men, 1800; Bob Bowers, 310; Pat Patterson (Piggy Wiggy), 290 acres; another man he could not remember, 300 acres, and another with 1500. This totals 7810 acres, and there are several others with less acreage, Homer stated.

Brownfield, and perhaps others will put in their entire acreage in cotton, Homer said, but he and Hamilton, and perhaps some of the others will make it about 50-50 with feed crops, although most of them will put all or practically all in cotton.

This land with higher taxes has become too valuable to graze, and so, once again, the man with the plow and the hoe, becomes the successor of the pioneering ranchman, and another valuable trade addition of farm land has been added to the Brownfield area.

Drove out east Tuesday afternoon to where so much land is being put in on the Brownfield and Green & Lumsden ranches. You will be surprised if you drive out there, if you have not been lately, at the number of farm homes that have sprung up. Some are just makeshifts, while a few are really substantial. One man with a four-row tractor was planting 960 acres of cotton for a Mr. Harris of O'Donnell.

Claudette Colbert is starring with John Payne in "Remember the Day." Beyond all comparisons, it's Claudette Colbert's greatest role. On the Rialto Screen Sun.

## Graves Family Not Seriously Hurt At Crowell

Following close on the heels of the disastrous cyclone at Pryor, Okla., Monday afternoon, the little city of Crowell, county seat of Foard county, suffered a like disaster Tuesday night, with the added horror of fire following. The little city of some 2100 people was practically wiped off the map, many were killed and many more were seriously wounded.

Among the victims of the storm, was the brother of Kyle Graves, local groceryman, together with his wife and daughter. His brother, I. T. Graves, was a teacher and coach at that place, and has visited Brownfield on several occasions.

They were carried to a hospital at Vernon, and he phoned Kyle Wednesday morning that they were all right, but Kyle went down anyway to be sure that his brother's wire was not just to reassure him.

Mr. and Mrs. Bud Gillham, Mrs. Etta Gillham, Tobe Gillham and J. O. Gillham were Lubbock visitors Monday.

The Herald doesn't get the Dallas News regularly, but they sent us the large 144 page edition of Saturday, April 11th, in which the Galveston-Dallas News celebrated the 100th birthday of the former, which is the parent paper to the Dallas paper. The Dallas paper was established in 1885, and is 57 years old.

At least three sections of the edition has been filed in the vault of the Herald for future reference, as it is of great value from an historical point of view. For instance, one section of eighteen pages is devoted to the front page of those papers from April, 1842, to the present, and represents 18 great epochs of our history as follows:

The first one in 1842 gave the wharf rates at Galveston, as well as much other information on the front page; in 1846, the inauguration of the governor to succeed a president; in 1863, the recapture of Galveston from the Yankees; in 1885, the first edition of the Dallas News; in 1886, opening in Dallas of the first State Fair; in 1898, the sinking of the battleship Maine by the Spaniards in Havana; Sept. 1900, the great Galveston storm.

Jan. 1901, troops called out to quell Crazy Snake Indians; Feb., 1904, Japan attacks Russia in war; April, 1908, the San Francisco earthquake and fire; May, 1908, Dallas has million dollar flood from Trinity; July, 1912, Woodrow Wilson nominated at Baltimore; Aug., 1914, Germany and Russia declare war; Nov. 11, 1918, Armistice; Oct. 1929, stock market crumples.

Well, most of you know of the stirring events since that time.

## Junior Telford Seriously Hurt In Accident

Sunday while playing with Arthur Green's son, and perhaps some other boys around the J. M. Telford barn, the boys engaged in that aged old game that most of us have played as youths, "chucking" each other with cobs. But Mon Jr. happened to be the victim of a freak throw, and has a badly damaged eye, if it can be saved at all.

Mon was immediately taken to Dr. J. T. Hutchinson, eyespecialist of the Lubbock General Hospital Clinic, after the eye was examined and dressed here. Dr. Hutchinson stated that the ball of the eye was badly damaged, and the pupil scattered, but the youth was still able to tell when the light was off and on. It stated that Dr. Hutchinson has hopes of saving the eye.

It seems that Mon Jr. had just rapped young Green's back with a good throw, as he was talking to the ladder in the hay mow. After reaching the mow, Green took a shot at Junior, just as he looked up, the cob catching him square in the eye.

## Grow Your Own Seasoning Herbs

Plant specialists at the Texas A. & M. College are recommending that families grow their own seasoning plants and herbs, as spices and peppers from Java and other south Pacific zones will be taboo for the duration. Boats must haul more precious and more deadly burdens, and will have no place for spices.

They tell us there is just one vitamin in such savory herbs and that is "Z" the "vitamin of human satisfaction," of no food value. All of us like seasoning, so to take the place of such as we cannot get later, the A. & M. says to plant a space of some 10x12 for the ordinary family in such annuals as, parsley, summer savory and basil, and such perennials as, sage, mint, thyme, chives and tarragon.

The recommendation is that an average of ten to twelve inches apart is the right distance to leave.

Mrs. Chris Quante and grandson, James Dell Duke, spent the weekend in Fort Worth. They were accompanied home by Mrs. Helen Smith who will spend the week here.

Charley Blevins joined the Navy and left last week.

## Billboard is Used as Honor Roll at Indiana Plant

The Delta Electric Company at Marion, Ind., has adopted a novel plan to let the community know how its employees are participating in the Defense Payroll Savings plan. A huge billboard erected outside the plant contains the name of all employees who are authorizing savings every pay day for the purchase of Defense Savings Bonds. The picture shows W. B. Stephenson, president Delta Electric Company, and also president Indiana Manufacturers' Association (left) with W. C. Crimmins, assistant general manager.

## Don't Forget The May 1st Rally

TIME: Tonight at eight o'clock. PLACE: The lawn of the Court House.

SPEAKER: Dr. S. S. McKay of Texas Technological College.

HONOR GUESTS: All first voters of Terry County.

SPONSORS: The Maid and Matrons Club, assisted by other organizations.

INVITED GUESTS: Every citizen who is interested in Americanism.

## Army Flying School Has First Graduation

LUBBOCK, April 29—The Air Corps' great Lubbock Army Flying School here paid its first dividend today—paid it into the nation's pool of trained men able to carry the war back to the Japanese.

This morning the large Lubbock twin-engine flying school graduated the first class of aviation cadets ever to receive the silver wings and gold bars of flying officers in the South Plains area. The class now waits for assignment to active flying duty wherever needed in the war effort.

Col. Thomas L. Gilbert, commanding officer of the field, presided over the ceremony in the Post Chapel. Cadets received their diplomas from him and their wings from Lt. Col. James W. Andrew, director of training. Principal speaker was Durwood Bradley, city attorney of Lubbock and a World War I veteran.

The cadet class reported here Feb. 24 after basic training at Randolph Field, near San Antonio. Here they were trained to fly the Army's big twin-engine bombers and transport planes.

## Sworn Into Army Air Corps Tuesday

Richard Kendrick and John Kendrick, cousins, and both employed in the First National Bank, were both sworn in as air corps reserves Tuesday at Lubbock. They will probably take their primary training at San Antonio in about two months.

Both men made a high average especially in mental tests, among the highest recorded at the Lubbock recruiting station. Richard is the son of Mr. and Mrs. R. M. Kendrick of this city, and John is the son of Mrs. John Kendrick, Sr., of Seminole. Both are married.

## Grocers Will Be Hurt In Freezing Prices

Word comes from spokesmen of 250,000 retail grocers in the USA that the freezing of prices as of some arbitrary date, will be a blow to them. Since the war started, retailers have voluntarily cooperated with the Price Administration in holding down prices. In fact, the retailer has been a jump behind the wholesaler in price advances.

For instance, suppose this week the groceryman buys an article for four cents, and sells it for five cents. Next week, the wholesaler tells him the price is now five and one-half cents. A school boy could tell you offhand just what that will mean. And suppose the first of March is the date the freezing is to take. In the meantime through March and April prices have risen several percent. The retail groceryman must take a loss if we know our figures.

The Herald is convinced that if prices are frozen on 250,000 merchants, they should be frozen on products of all kinds, and wages as well. The nation cannot afford to ruin the business of thousands of men who have been building that business for years and years.

If our nation breaks the small town dealers and small town working men, just who'll buy the bonds?

## Puts Huge Bond, Stamp Poster On Rio Theatre

You can always bet your bottom dollar, if you happen to have one, that Mrs. Ethel Jones, proprietor of the Jones Theatres, Rialto, Rio and Ritz, will always be in the forefront of those who are trying to put Brownfield and Terry county over in any undertaking.

This was well demonstrated last week when she had a huge poster some 12x16 feet erected on the north wall of the Rio, urging the buying of War Bonds and Stamps. This was in plain view of any and all who may have business at the post office, and that is one of the several places where bonds and stamps can be purchased.

Other places are the banks and several of the mercantile establishments.

## Sworn Into Army Air Corps Tuesday

Richard Kendrick and John Kendrick, cousins, and both employed in the First National Bank, were both sworn in as air corps reserves Tuesday at Lubbock. They will probably take their primary training at San Antonio in about two months.

Both men made a high average especially in mental tests, among the highest recorded at the Lubbock recruiting station. Richard is the son of Mr. and Mrs. R. M. Kendrick of this city, and John is the son of Mrs. John Kendrick, Sr., of Seminole. Both are married.

## 929 Oldsters Register in Terry

According to Raymond Simms, Secretary of the Terry County Draft Board, 929 oldsters registered in Terry county Monday. Went off like the three preceding ones; right smart of horse play among the registrees and registrars, and others. There was also some tall bragging about what would happen to Hit-and-run, Hiro-kiri and Mussle-in when this gang got trained.

The burden of banter was that we are unable to retreat fast enough, therefore, we would just have to stay in line and fire and get fired on. It was this writers' as well as several other registrees second trip to the alter—we mean place to register. Our last one was on the 12th day of September, 1918, a bare two months before Kaiser Bill took his flight to Holland. We hope old Hit-and-run also takes the hint.

In this draft was a lot of first World War boys, as well as older men. In fact, none of us were so old 24 years ago, this individual being only 38.

## Larry Miller In First Division Soloists

The solo players of the high school band went to Lubbock Monday to try out at the contest. Larry Miller placed in the first division, which is the highest a solo player can get. The others made second division. They were: Myron Harris, Ted White, David Hanks, Bub Smith, Larry Tarpley, Jacqueline Thompson, and Howard McElroy. They were accompanied by Minnie Lee Walton and Wanda Finney. They will all receive awards.

The band will play at the courthouse Friday evening and later that night at the football game. It will be the last performance for the Seniors of the band and they want to make a good showing at the half.

## Voters Want To Elect Their Officers

A rather light vote was cast in the city election Tuesday to see whether or not the citizens wished to elect their city marshal and city secretary, or leave their appointment up to the city council.

A total of 347 votes were cast, of which 223 were for election of the two above named officers, and 124 against the election. A majority of 99 votes was for election of city marshal and city secretary.

Whether the city council will call an election to vote on these officials this year, or wait until regular election next year, will be decided perhaps at the next regular meeting of the city council.

The fire department was called out Tuesday to quell flames that threatened a feed stack in the rear of the J. B. Huckabee residence. The fire was extinguished.

## A Newsy Letter From Alvin Lee Smith Here Is The Why Of Sugar Rationing

The Herald had a letter this week under the date of April 19th, from Alvin Lee Smith, Seaman 1/c on the USS Pelias, somewhere in the Pacific. He is the son of Mr. and Mrs. Lee Smith of this city. The letter came air mail, we suppose was the reason of its early delivery, or else he was on the west coast at the time.

Alvin Lee stated he had received 4 copies of the Herald up to that time and had appreciated them to the utmost. He also stated that he had met Mrs. Chas. Limer at Honolulu, a sister of Mrs. Stricklin and while he had never known her personally they mutually knew so many people in Brownfield, he stated, that he felt like he had always known her.

Alvin Lee also stated that he had a souvenir for this editor and if he did not get to send it by Mrs. Limer, he would deliver it to us sometime himself—he hoped. His brother Alfred, is attending a radio school at the University of Wisconsin, and he (Alvin Lee) had just completed a course in machine gunnery.

We always like to hear from the boys in the service, and anytime they have time to write, we will appreciate having their letters, and passing them on to their old friends in Terry county, via the news columns of the Herald.

## Buchanan Exhibiting Eleven At Plainview

A. B. Buchanan, breeder of high grade registered Guernseys, five miles west of the city on highway 380, is exhibiting 11 of his choice cattle at the Dairy Show at Plainview this week. According to records by the Plains Guernseys Association, Mr. Buchanan's herd has been making a consistently high record in the association.

He stated to this newspaper Monday, that he would bring his herd home Sunday, and keep them tied up at his place all day, and that people who wished to see them would be more than welcome any time Sunday, but he preferred that not more than four or five come at one time.

This home exhibition is not so much to sell, but to encourage farmers to buy better stock. It takes almost as much feed for a 150 pound butter fat cow as for one that goes 400 pounds and better, and according to Mr. Buchanan, "the man that has the 150 pound producers just has a job and that is about all."

It will just take a few minutes of your time to drive out to his place.

## Rent Freezing Act In Military Zones

Perhaps many people had an idea that the rent freezing act by the president applied to all places, but in fact they seem to apply only to military zones, as the places listed in Texas all have army camps, naval bases, aviation fields, or munitions plants.

However, there is a long distance between the dates the rents must fit. Most of them are as of March 1, this year, although some are to be the same as April 1, this year. They drop back to July 1, last year in the Texarkana area.

We suppose the price freezing on goods will be the same everywhere, and will apply alike to military and non-military zones.

## Hundreds of Sparrows Perish In Snow

During the heavy snow of the 8th and 9th, estimated at from 12 to 14 inches, hundreds of sparrows met death by either drowning or chill over at the courthouse park. We failed to get the exact number from the caretaker, but it was enormous. Sixty odd were picked up under one large tree.

While the weather was hardly freezing, no ice being seen, evidently the chill of the heavy snow was too much for the birds that had become used to warmer weather. However, one can hardly miss the number that perished now. Sorter like trying to kill off the chinese.

Many persons don't see the necessity of sugar rationing. The best answer to them is this illustration.

Mark on a sugar bowl a lower ring representing slightly more than one third, or 38 percent of its capacity. That is our home grown sugar supply. Above that mark put a smaller band, representing 35 percent of the sugar bowl's capacity. That is the quantity we have been importing from the West Indies. Above that is a still narrower band we have been getting from the Philippine Island and Hawaii.

Every one who reads the newspapers can readily see why we are receiving no more sugar from the Philippines and why our imports from Hawaii are diminished so drastically. Most persons can also "read between the lines" of ship sinkings and understand why the 35 per cent we normally import from the West Indies is a doubtful quality this year. Those ships are needed now to transport war materials.

Added to these factors is the sugar requirements in making munitions, explosives, and also the fact that a large amount of sugar must be supplied to our armed forces, wherever they may be.

Rationing has become a necessity so that we may "share-and-share-alike"—and also so we may live on our home grown supply if need be.

## Gillham To Head Jaycees

Directing the affairs of the local Junior Chamber of Commerce during the coming business year of the organization will be J. E. "Bud" Gillham as president, and Ray Christopher, 1st vice-president; Dick Chisholm, 2nd vice-president; Lynn Nelson, State representative for the local organization; and Virgil Burnett, secretary-treasurer. Election of officers was held at a banquet at the Bond Cafe Monday night.

New directors elected were Fred Estes and C. A. McLaughlin. Old directors retained were Ray Christopher, Spencer Kendrick and Troy Noel.

An educational movie, which was to have been presented by Wilson Collins, could not be shown due to technical difficulties.

Also at this time, plans were discussed for the regional meeting, which is to be held here Monday, May 25th. Feature attraction of this event will be the Stag Barbecue which will be held that night. Tickets for the event will go on sale in the very near future.

## COUNTY HD COUNCIL MEET AT COURTHOUSE

The Terry County Council met April 25, in the District Courtroom with the Chairman presiding. We had the Roll Call, then the Secretary's Report was read and approved. The we had an election report from the Secretary of the Delegates that were elected to go to Lubbock to the Convention. Following this we had a report of the convention, all who went taking part in the round table discussion.

The recreation chairman of each club is supposed to make up the recreation committee at Council. Mrs. Cullen Forbes was appointed chairman of the Recreation Committee at Council.

Mrs. R. D. Jones, Council Reporter.

## PUBLIC INVITED TO BOOK REVIEW

Mrs. Ladumond of Seagraves will review "Spring Symphony" by Eleanor Painter, at the Methodist church, Tuesday afternoon, May 5th, at four o'clock.

This book review is sponsored by Mrs. Moore and Mrs. Randal of the Maids and Matrons, and the public is invited.

## DISTRICT MANAGER VISITS WOODMAN CIRCLE

Mrs. Janie B. McCaniles, district manager, of Cisco, visited the local Woodman Circle and planned a District Convention to be held in this city May 21st.

FOR DISTRICT ATTORNEY. Rollin McCord
FOR COUNTY JUDGE. C. L. (Abe) Lincoln
FOR COUNTY CLERK. H. M. (Dube) Pyeatt
FOR ASSESSOR-COLLECTOR. Virgil Burnett
FOR SHERIFF. Joe B. Price
FOR COUNTY ATTORNEY. H. B. Virgil Crawford
FOR DISTRICT CLERK. Mrs. J. C. (Eldora A.) White
FOR COUNTY SUPT. Lee Fulton
FOR COUNTY TREASURER. Mrs. O. L. (Oscar) Jones
FOR COMMISSIONER PCT. 1. T. D. (Tom) Warren
FOR COMMISSIONER PCT. 2. Bill Settle
FOR COMMISSIONER PCT. 3. J. F. (Fred) Malcolm
FOR COMMISSIONER PCT. 4. W. H. (Hosey) Key
FOR JUSTICE OF PEACE Pct. 1. W. H. Dallas

Here is a sign recommended for hotels and cafes: "Put in just a little sugar and stir like hell. We don't mind the noise."

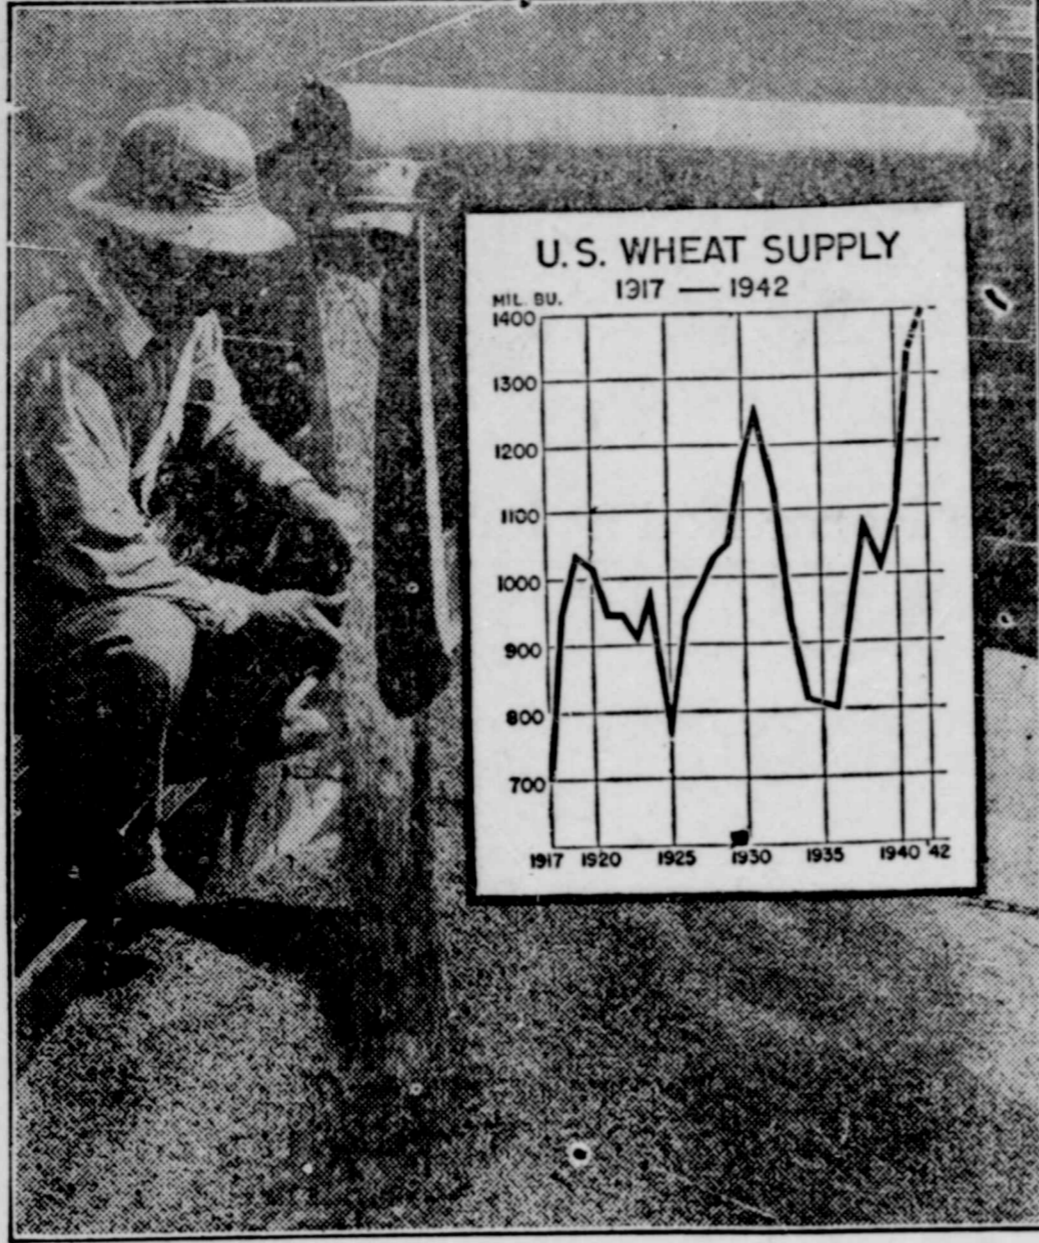

Our contemporary, Amos Harper, editor and publisher of the Seagraves Reporter, seems to have learned to watch his step when he visits fat stock shows...

Under the dominant leadership of Wendell Willkie, the Republican party has gone half heartedly on record supporting an all out war.

There is getting to be a lot of stray dogs in Brownfield, and perhaps not one of them has been vaccinated for the rabies.

Of more interest to us is the experiments put on by Tech College in feeding a supplement of cottonseed meal and hulls to steers with feed usually raised on the farm in place of silage...

U. S. Wheat Bins Are Full

World War II finds the United States well supplied with wheat, says the U. S. Department of Agriculture. As the chart indicates, the supply is double that of 1917 when America entered the first World War.

marks about what good beef we have here.

We can thank our isolationist friends for the fact that we had no fortifications in Alaska, or the islands west of it, nor for that matter at Guam, or other Pacific islands.

And now come the experimenters at Tech College with the information that they are making good biscuits, rolls, etc., from maize, kaffir and hegira flour.

"GIMME" - - -

We in the United States have a bad case of the wrong sort of the "gimmies." It started back even before the "New Deal" which has done much to foster, spread and teach that this is a good way of life rather than a dangerous disease.

France had this disease—had it until the Germans were close to Paris. Then everyone went to work frantically—too late!

HELD OFF HUNDREDS

While in Samoa, Col. C. M. blood-thirsty natives.

POOL

Rev. R. C. Dyess held his regular appointment Sunday morning and night. He and Mrs. Dyess spent Sunday with Mr. and Mrs. Bill Standefer.

Mr. and Mrs. A. G. Britton and family had as their guests Sunday, Mr. and Mrs. DeShazo of Sundown.

Glennas Gunter spent last week with her grandmother, Mrs. L. D. Chambliss of Brownfield.

Nettie Jean Newsom and Raymond Britton attended the Meadow Junior-Senior banquet at Lubbock Saturday evening.

Mr. and Mrs. J. M. Trussell and family are at the bedside of their son, James, who is ill in a Lubbock hospital.

Quite a number of young people gathered at the Gunter home to sing and have a League Council Meeting Wednesday evening.

WHAT'LL THEY THINK IF NEXT

The John Innes Institute at Merton, England, has developed a completely thornless blackberry. The fruits are large and of superb quality.

I GIVE YOU TEXAS by BOYCE HOUSE

An open letter to Chas. A. Lindbergh: "Last summer and fall, in long speeches over expensive, nationwide hookups (I don't know who paid for them), you said that America was safe—that the oceans made an attack on us impossible."

"Then, on Dec. 7, Pearl Harbor gave the lie to your utterances and the blood of 3,000 brave Americans was shed."

"We have waited long and in vain for a confession from you that you were wrong; that you are sorry now and that you want to apologize to the people of your native land that you tried to mislead."

"Don't you think, before you mingle freely with your fellow-Americans, that you should bring forth fruits meet for repentance and that you should openly and publicly acknowledge that you were a dupe, unless you want us to think that you were worse."

"If you do not do this, the I-speaking as one American citizen who resents your words which helped to cost the lives of hundreds of Americans soldiers and sailors—shall ask of my government that you be placed in a concentration camp until the war, which you said couldn't happen, is over."

"Boyce House." An Austin urchin has found an unusual way to pick up a bit of change.

"If I can tell you your first name, your birthday, the name of your wife and the name of the first woman you ever loved, would it be worth a quarter and if I don't tell you all of this, you don't pay me a thing?"

He says it all in one breath and the amused "prospect" says, "All right." So the boy tells him:

"Your first name was baby, your birthday was the day you were born, the name of your wife is Mrs. and the name of the first woman you ever loved was your mother."

The other men guffaw and the victim hands over the quarter.

"Since he is himself a wool growing Texas rancher and is also a governor facing an election campaign, we believe Governor Stevenson made a courageous as well as a sound statement the other day when he said the price limit set by administrators on wool is too high," says the Fort Worth Press editorially.

"There certainly is no war 'gimmie' there. Perhaps Governor Stevenson and the other wool growers who agree with him remember the last war when wool prices skyrocketed and then plummeted so that the whole industry was upset. Governor Stevenson recognizes very sensibly that too-high prices mean inflation and that inflation means later trouble."

A former citizen of San Antonio, who now runs a hotel on the Pacific Coast, says: "California is too far from Texas to ever amount to very much."

Being in Austin—especially when the legislature is in session—is like having a ringside seat at an unending, free show.

Notables, such as Kaltenborn, Senator Pepper of Florida, and Helen Keller who was born deaf and blind, are invited to speak to the legislature and the galleries, are, of course, open to the public.

On one occasion, delegates of the Alabama-Coushatta Indian reservation in East Texas were visitors in the House of Representatives. They were in native costume. Several lawmakers were made honorary members of the tribe and were presented with Indian head-dresses, after which the red men gave several dances and the medicine men prayed that the new members of the tribe would be well and good, and kill "plenty deer."

Penny Wise says... "Buckle down—to work for Uncle Sam"

BEFORE washing a garment, remove breakable buttons and buckles. Pearl buttons or jeweled buckles haven't the stamina to face washing machines or hard scrubbing.

Then put the money saved into U. S. SAVINGS STAMPS—to help button up Hitler! Every pay check should be budgeted to include generous help for Uncle Sam.

Keeping things clean, disinfecting houses, regular worming of chickens and vaccinating to prevent pox are vital items in the health program which leads to poultry profits.

Homemade "sweet'nin'" which many southern farmers make by squeezing the juice from sorghum stalks and boiling it down, is richer in iron content than refined white sugar, says the USDA.

### Keep 'Em Laying-- Produce Eggs For Victory

Throughout the United States poultrymen are being asked to step up the production of eggs to meet the increased demand for this product.

In 1942 possibly 210 million pounds of eggs will be dried, and this means that 21 million cases will be needed for this phase alone.

Texas now has 12 egg-drying plants in operation with a potential production of 40 million pounds of dried eggs per year. Texas poultrymen can see their responsibility in this vast effort of producing eggs, since 20 per cent of the drying plants are in this state. Dried eggs are not the only demand, however, since shelled eggs are being used in increasing amounts by our armed forces and

by our civilian population. **Thirteen Percent Increase Needed**  
Texas poultrymen are being asked to increase production in 1942 by 13 percent. The thirteen percent increase in eggs will require a better management program than that heretofore followed.

**Suggestions to Meet 1942 Goals:**

1. Start with chicks of proven ability.
2. Feed complete ration of high quality ingredients.
3. Provide succulent green feed.
4. Fill poultry houses to capacity.
5. Use sanitary methods and protect birds from internal and external parasites.
6. Increase profits by marketing quality eggs.
7. Encourage poultry raising among rural youth.

**Quality First**

Poultrymen should be thinking of purchasing chicks for flock replacement, and it is extremely important that they think in terms of good quality chicks. One should buy quality and not be influenced by attractive prices on cheap chicks. Hen laying ability is an inherited characteristic.

**Good Feed Vital**

Regardless of how good a flock might be as to breeding or how comfortably they are housed, it takes good feed, properly fed to get top production. A good quality mash is essential and should be available at all times since it is the protein feed which stimulates production. Most poultrymen are feeding a ready-prepared mash, or using a protein concentrate with their home-grown

grains. This supplement or concentrate is a properly balanced protein mixture of both animal and vegetable protein, together with essential minerals, vitamins, etc. It can be used in combination with grain produced on the farm to provide a well rounded mash, by using two parts home-grown ground grain to one part concentrate. Of course, when concentrate is bought from a manufacturer his recommendations as to proportions of ground grain should be followed.

**Amount of Feed**

A poultryman growing his own feed should plan to produce 70 pounds of grain per chicken for a year's feeding. Thus, 100 hens will eat about three and a half tons of grain per year. Plan, plant, provide and profit.

**Green Feed**

Green feed, the greatest source of Vitamin A for chickens, will aid in maintaining the health and vitality of the flock and will stimulate production. Sudan grass is the best green feed here in spring and summer, and should be planted near the poultry yard. Other green feeds rich in vitamin A are young wheat, oats, alfalfa, lettuce, rape kale and collards. Cabbage and mustard should not be used. If no green feed is available, dehydrated alfalfa meal may be substituted. A large amount of water is necessary in any feeding program.

**Fill Houses to Capacity**

One should not be intoxicated by the egg price outlook and expand his operation beyond what he can safely handle. It is an advantage to any producer to fill all laying houses to capacity. It is also safe to use old buildings on the place if they can be converted into comfortable laying houses.

**Keep Things Clean**

Sanitation is the key to poultry success. Keep things clean, by disinfecting poultry houses, worming the flock at regular intervals, vaccinating to prevent pox, and by keeping the flock free of external parasites. These steps are all part of the poultry health program and will lead to ultimate profit on the flock.

# TERRY COUNTY HERALD

**TYPHOID SHOTS IMPORTANT**

AUSTIN—If you have not been vaccinated against Typhoid fever within the last two or three years, Dr. George W. Cox, State Health Officer, advises you to go to your doctor or the nearest Health Office and have him give you the three "shots" that will protect you against the disease.

"The three shots that will protect you against Typhoid are given at intervals of one week apart," Dr. Cox stated. "As it takes some time for the protective treatment to be established throughout the system, it is wise not to delay having it done. My advice is, have it done now so that immunization may be complete before summer arrives."

This advice was addressed particularly to Boy Scouts, Girl Scouts and other youngsters who are looking forward to spring and summer hikes and trips. It is, however, meant also for others, young or old, whose business or pleasure during the summer will take them to places where there may be doubt as to the purity or safety of the water supply, or as to the care with which food is handled.

Tobe Gillham arrived Sunday from San Diego, Calif., to spend the week with his family. He will leave for Chicago next week.

**SITTING UP IN BED** relieves gas pressure, but you won't get much sleep that way! ### Trade In Americas Must Flow Both Ways Commentator Warns

Commerce between North and South America must not be regarded as a mere war measure, but the United States must prepare for a lifetime partnership, Edward Tomlinson, expert on Latin-American affairs and dean of radio commentators in that field, writes in the current Rotarian magazine.

Economic conflicts are widely publicized. Such items as Argentine beef and corn imports to the United States draw widespread comment. But actually, Tomlinson points out, the two American continents really fit together better than any other group of nations in the world.

A striking example of this is tin. Although Bolivia contains 60 percent of the world's supply of tin ore, Tomlinson emphasizes that "until now there has not been a single important tin smelter or refinery anywhere in the Americas. The British- and Dutch-controlled mines of Malaya and the Netherlands Indies . . . furnished the entire world with some 85 percent of its finished product."

Now smelters and refineries are being built in the United States, and the flow of tin ore will be paralleled by the return flow of finished articles.

Other examples cited are Brazilian citric acid oil as a substitute for tung-oil from the far east, Cuban and Brazilian manganese in place of the dwindling supply from Russia and Scandinavia, Argentine and Chilean tungsten to replace lost sources in Europe, and short wool combings to give the carpet industry its basic ma-

### Gen. Washington's Medal of Honor

"The road to glory in a patriot army and a free country is open to all", declared General Washington in his order of the day August 7, 1782, instituting the first American badge for military merit.

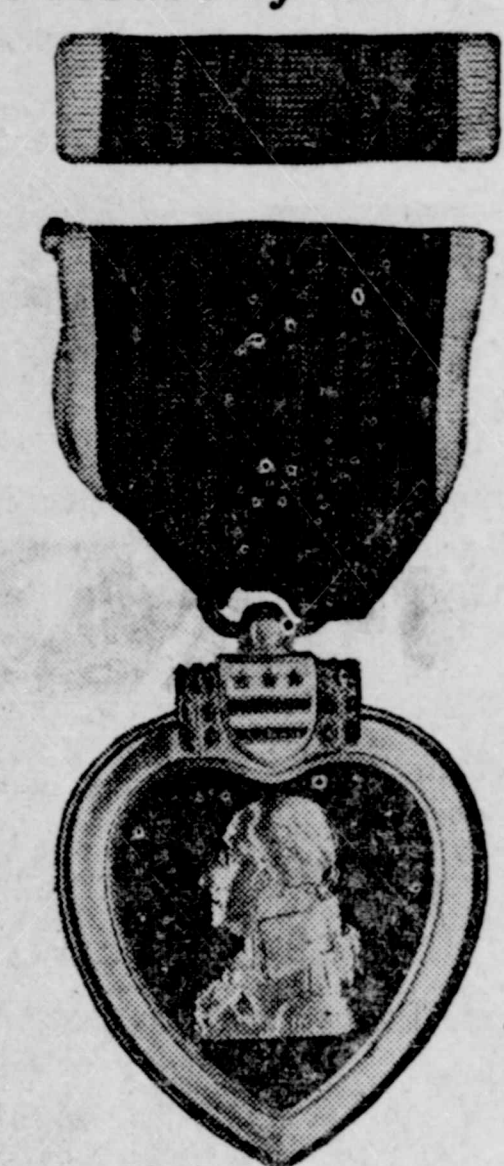

His act was in recognition of "bravery, fidelity and good conduct" among the non-commissioned officers and private soldiers in the Continental Army. Thus was established the Order of the Purple Heart.

Individual valor has always been a distinguishing trait of the American soldier. In the lapse of more than a century and a half between Bunker Hill, Valley Forge and Stony Point to Pearl Harbor, Batan and the Macassar Straits the roster of those men who have traveled the road to glory furnishes a brilliant record of patriotism and sacrifice.

In the first dark hours of the present war their heroic deeds have thrilled their countrymen and illumined the way to ultimate victory—inspiring hope of a triumph not only for the United Nations but for downtrodden peoples throughout the world.

No gold, silver or bronze blazoned from the breasts of the heroes Washington intended to honor. Read his general order:

"The General ever desirous to cherish virtuous ambition in his soldiers, as well as to foster and encourage every species of military merit, directs that when any singularly meritorious action is performed, the author of it shall be permitted to wear on his facings over the left breast the figure of a heart in purple cloth, or silk, edged with narrow lace or binding. Not only instances of unusual gallantry, but also of extraordinary fidelity and essential service in any shall meet with due reward. . . . The road to

Purple Heart Medal

glory in a patriot army and a free country shall be open to all."

Subsequent to the Revolution the Order of the Purple Heart seems to have fallen into disuse, and no further awards were made. Its revival was suggested at the time of the observance of the 200th anniversary of Washington's birth, and its re-institution was announced by the War Department February 22, 1932. Under changes in Army regulations the Purple Heart is authorized to persons who "while serving in the Army of the United States perform any singularly meritorious act of extraordinary fidelity or essential service." Wounds received in action are included in this category.

Keep 'Em Selling Says Treasury Secretary

Washington, D. C. April 21, 1942

Dear Editor: An intensified War Bond Sales Campaign is being launched throughout the United States on Friday, May 1st.

The people of America must more than double their investments in War Bonds and War Stamps.

To this end, the Treasury Department is establishing a monthly quota for every county in the United States.

Labor and management are being called upon to see that at least ten per cent of every payroll goes into Bonds and Stamps.

This is a gigantic task and must be supported by the cooperation

Win one of the 72 big prizes, totaling \$3,000 of Defense Bonds, offered in Successful Farming's Second Building Contest! Every farm family which improves the efficiency and comfort of its farm buildings has an opportunity to cover a part of its investment thru this contest.

FREE! Successful Farming will send you, free, a copy of its new 76-page book, "Successful Homes and Service Buildings." Complete contest information and entrance coupons are available here.

CICERO SMITH LUMBER CO. Brownfield, Texas

### THE FLAG OF THE UNITED STATES OF AMERICA—HOW TO RESPECT AND DISPLAY IT

- 1—When flags of states or cities or pennants of societies are flown on the same halyard with the flag of the United States of America, the latter should always be at the peak. When flown from adjacent staffs the flag of the United States should be hoisted first and lowered last.
2—When displayed with another flag against a wall from crossed staffs, the Flag of the United States should be on the right (the flag's own right), and its staff should be in front of the staff of the other flag.
3—When used on a speaker's platform, whether indoors or out, the flag should never be reduced to the role of a mere decoration by being tied into knots or draped over the stand. For this purpose bunting should be used. The flag, if displayed, should be either on a staff or secured to the wall or back curtain behind the speaker with the union to the flag's right.
4—When flags of two or more nations are displayed together they should be flown from separate staffs of the same height and the flags should be of approximately equal size.
5—When the flag is displayed in a manner other than by being flown from a staff, it should be displayed flat, whether indoors or out. When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left.
6—Whenever a number of flags of states or cities or pennants of societies are to be arranged in a group and displayed from staffs with the flag of the United States the latter should be placed at the center of that group and on a staff slightly higher than any of the others.
7—When the flag is displayed in the body of the church, it should be from a staff placed in the position of honor at the congregation's right as they face the clergyman. The service flag, the state flag or other flag should be at the left of the congregation. If in the chancel or on the platform, the flag of the United States should be placed on the clergyman's right as he faces the congregation and the other flags at his left.
8—When the flag is displayed from a staff projecting horizontally or at an angle from the window sill, balcony or front of a building, the union of the flag should go to the peak of the staff (unless the flag is to be displayed at half-staff).
9—Whenever the flag of the United States is carried in a procession in company with other flags, it should occupy a position in front of the center of the line of flags or on the right of the marching line.

of all media. We are sending you, beginning immediately, suggested material about the campaign. Your assistance in the past has been a great help and in order to achieve our goal we must have your continued and vigorous support. Sincerely, H. Morgenthau, Jr. Secretary of the Treasury. James Patterson is visiting his father, Mr. Allen Patterson, in Duncan, Oklahoma. Mr. and Mrs. Joe Bailey and children of Lubbock visited relatives here Sunday. Mr. and Mrs. Lee Brownfield and Mr. and Mrs. Lal Copeland attended a picnic at Gladiola, N. M., Sunday. O. E. Pollock has sold his chicken farm at Lubbock and moved back here. He is preparing to make a trip to California. Mrs. Earl Jones and Gertrude Jones were Amarillo visitors Saturday. Mrs. Tom May, Mrs. Roy Ballard and Dannie Ballard spent Saturday in Lubbock.

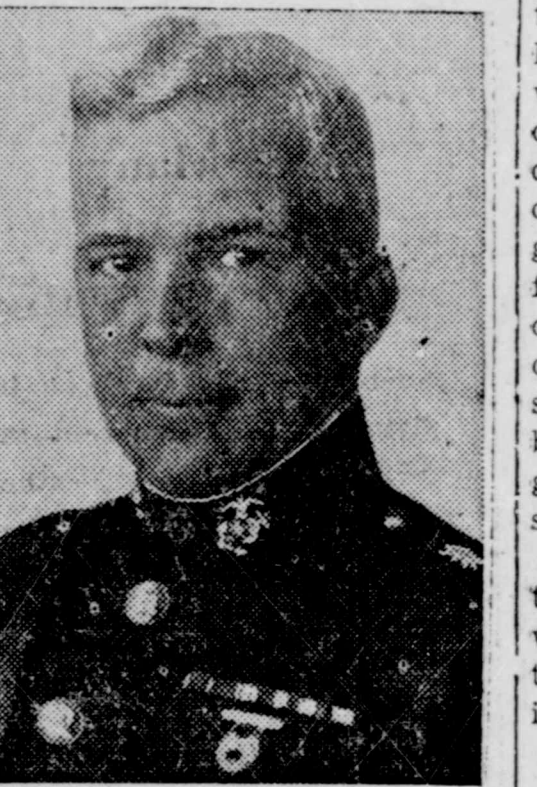

We Help Put AMERICA On Her Feet. Don't let run down shoes make you feel run down and tired! We repair and put a fine polish on your walking shoes. Your Business Always Appreciated. Loyd's Shoe Shop East Side of Square

terials now available from Argentina and Chile instead of Mongolia.

By the expansion and diversification of their production and commerce," Tomlinson concludes, "The Americas can make themselves self-supporting and able to withstand recurring depressions and economic crises."

Lewis H. Bates is your Watkins man in Brownfield. He will be pleased to show any of their products.

Mrs. Graham Smith is now employed at the Brownfield State Bank.

### MISS DRENNAN HONORED WITH SHOWER

Mrs. Rose Mayfield and Miss Monah Perry honored Miss Mamie Drennan, bride-to-be, with a miscellaneous shower at the home of Mrs. J. J. Andress from 8 to 10 o'clock Thursday evening.

Mrs. L. A. Blair and Miss Sallie Ruth Mercer poured tea, and Miss Doris Chambers played the piano.

The living and dining rooms were beautifully decorated with bridal wreath, white snap dragons, and blue and white candles.

The honoree wore a corsage of white gardenias.

Cake squares and spiced tea were served to approximately 35 guests who called.

### IDEAL CLUB MEETS WITH MRS. SAWYER

Mrs. A. A. Sawyer was hostess to the Ideal Club at her home Wednesday afternoon.

A delicious salad plate and ice tea was served to Mesdames Lee O. Allen, J. H. Dallas, W. R. McDuffie, Joe J. McGowan, O. L. Peterman, T. L. Treadaway, T. D. Meyers and Queenelle King.

Roseville Pottery was awarded those with high scores.

### MRS. BARRETT IS HOSTESS TO MAIDS AND MATRONS

The Junior Maids and Matrons met at the home of Mrs. Mike Barrett Tuesday afternoon and discussed American Arts and Crafts.

Mrs. P. R. Cates, program chairman, discussed American artists Whistler, Benton and Wood. American sculptors were given by Mrs. Grady Goodpasture, and Mrs. V. L. Patterson gave an interesting talk on American glass and pottery. A round table discussion was held, and family heirlooms were exhibited.

Refreshments were served to Mesdames Emmitt Smith, V. L. Patterson, Burton Hackney, Grady Goodpasture, Jack Hamilton, Jake Gore, Bill McKinney, Homer Newman, Lynn Nelson, P. R. Cates, and Misses Irene and Mildred Adams. Mrs. F. A. Scott and Mrs. Beal were guests.

The next meeting will be with Miss Mildred Adams.

Mrs. Pat Malone of Roswell N. M., spent the weekend with Mr. and Mrs. J. E. Shelton.

Mr. and Mrs. Richard Kendrick were Lubbock visitors Monday evening.

### REBEKAH LODGE HOLDS MEETING MONDAY NIGHT

The Rebekah Lodge met Monday night, April 27 with Noble Grand, Cornelia Moore, presiding. Lorene Haynes and S. C. Lamar served refreshments of pie, cake, and coffee to 18 members present.

The Rebekah lodge wishes to thank the I. O. O. F. for framing the charter for them.

Tuesday night the Rebekahs presented the I. O. O. F. members with a number of home baked pies for their refreshments at their meeting, after which the Rebekah members met at the home of Cornelia Moore and played games.

### ORDER OF EASTERN STAR HAS REGULAR MEETING

The Order of the Eastern Star had its regular meeting April 21, with Ida Bruton, Worthy Matron, presiding. The local chapter has invited the Denver City, Seagraves and Plains chapters to their Mother's Day Program which will be May 5.

Mattie Lou Graves, Ona Gore, and Mollie Goodpasture served open faced sandwiches, potato chips, cookies, and bottled drinks to the 21 members present.

### TREADAWAYS ARE HOSTS TO NIGHT CLUB

The Night Club met at the home of Dr. and Mrs. T. L. Treadaway Thursday night, and enjoyed a delicious Mexican dinner before playing bridge.

Those attending were Messrs and Mesdames Joe J. McGowan, R. L. Bowers, L. Nicholson, Mesdames, W. R. McDuffie, Jim Graves, Everett Latham, and Miss Mildred Fouts, and Bill McGowan. Mrs. Latham scored high for the ladies and Dr. Treadaway had high score for the men.

## Battery Commander's Telescope

In the field United States Marine battery commanders observe the effect of artillery fire with instruments like this one. This officer is a member of the Tenth Marines.

### MRS. SCOTT HONORS MESDAMES WILLIAMS AND CROSBY

Mrs. F. H. Scott honored Mrs. S. H. Williams and Mrs. R. A. Crosby who have recently moved to this city, with a bridge party at her home Thursday afternoon.

Those attending were Mesdames Glen Akers, T. L. Treadaway, V. N. Sibley, C. A. McLaughlin, Wilson Collins, Carlos Ferguson, Dick Meyers, Ray Burke, Jack Davis, and W. R. McDuffie.

The hostess served a delicious salad plate, strawberry short cake and coffee to those present.

Mr. and Mrs. Delbert Swindle and Mr. and Mrs. Joe Foster and son of Artesia, N. M., visited in the home of Mr. and Mrs. L. L. Brock Sunday.

### PUPILS TO ATTEND MUSIC FESTIVAL IN LUBBOCK

The following pupils from Gertrude Rasco's piano Class will play solos and attend the Musicianship Classes which are to be conducted by Dr. Clyde Garret, President of Texas State Music Teachers Association, at the annual music festival to be held in Lubbock Thursday, Friday and Saturday:

Deenie Ballard, Aurelia Anne Cobb, Scharlyn Daniell, Guenette Glover, Mary Nell Hanks, Cheezy McSpadden, Irvin Nelson, Lynne Sturges, Nancy Weir, Frances Weir, Marion Wingerd, Cynthia Tankersley, Joe Bursleson, Frances and Mattie Sue Bell, Vida Jo Copeland, Patsy Jean Stearns, David and Eva Ruth Turnbough.

Several of the above pupils are playing in the big ensemble program to be given in the Lubbock High School Auditorium.

### MRS. MCDUFFIE IS HOSTESS TO LADIES AIR SOCIETY

The Ladies Aid Society of the First Christian Church met Monday, April 27, with Mrs. W. R. McDuffie. Mrs. T. W. Bruton gave the devotional, and the lesson, Acts 11-15, was led by Mrs. J. A. Dennis.

Members present were Mesdames F. E. Walters, Bob Hamm, S. P. Veasey, R. N. McClain, T. W. Bruton, C. S. Sheaffer, J. A. Dennis and Dick McDuffie.

The next meeting will be with Mrs. R. M. Kendrick.

### MARTHA CRANFORD HONORED WITH PARTY

Mrs. Corinne Cranford entertained with a party for her daughter, Martha, Friday, April 24. Ice cream and cake were served to nine guests.

Mamie Drennan, Monah Perry, and Cleo Chambers were Abilene visitors Monday.

Vivien Mosier left Tuesday for Long Beach, Calif., to visit Mr. and Mrs. Elmer Mosier. She will also take a course in defense work there.

### LIBERTY LIMERICKS

## HERE ARE THE FACTS

### SOUTHWEST HAS HIGHEST INFANT DEATH RATE IN THE UNITED STATES

LABELING the Southwest as "the most dangerous part of the United States in which to be born," Mrs. Margaret Sanger this week appealed to citizens of Arizona, New Mexico, and Texas to initiate community programs that will reduce the infant mortality rate in those three states.

"Figures just released by the Children's Bureau of the U. S. Department of Labor show that while the infant mortality rate for the country as a whole was only 47 per thousand in 1940, the rate for New Mexico was 99.6 per thousand, for Arizona, 84 per thousand, and for Texas, 69 per thousand," Mrs. Sanger reported. "In Minnesota and Oregon the rate was only 33 per thousand; in Connecticut 34 per thousand."

"We who live in the Southwest should be ashamed to have the world know that it is twice to three times as dangerous for a baby to be born here as in Minnesota, Oregon, or Connecticut," Mrs. Sanger declared.

"The shocking thing about the fact that as many as one in ten of our children die at birth or in the first year of life is that half to two-thirds of these deaths could be prevented."

"An increased standard of living, made possible by increased incomes in the agricultural areas of the Southwest will, to some extent, help prevent some of these deaths. Extension of hospital and maternity center services to rural areas and to city slums will also help. Establishment of properly authorized and staffed clinics where mothers may get free information about planning their families is of basic importance.

"There is no question but what the high infant death rate in some sections of the Southwest is due to the fact that the mothers who are least able to bear children have the most. Afflicted with tuberculosis or other disabling diseases, living in overcrowded homes, badly undernourished, they have neither the strength to bear a healthy child nor the means to give it decent care after it is born. Birth control information should be made available to these women, just as it is available to women who can afford to pay for the advice of a private physician," Mrs. Sanger said.

Mrs. Sanger, for many years a winter resident of the Southwest, is honorary chairman of the Planned Parenthood Federation of America. Recognized as the founder of the birth control movement in the United States, she established the first birth control clinic in the United States twenty-five years ago. She has seen the work grow until there are now 612 birth control centers in the country. Although the movement encountered considerable opposition at the start it now has the support of leading religious, health, medical, and civic organizations. A recent Gallup poll indicated that 77% of the people of the United States favor the spread of birth control knowledge.

## She gives so much

This year, give mother those little luxuries she denies herself in order to buy things for the family . . . those little things that gadden her heart and lighten her cares. You'll find lots of ideas in this ad—and many more in our store. Make your selection today, confident that whatever you choose will be "just what she wanted!"

## CINDERELLA BEAUTY SHOP

Mr. and Mrs. Ray Brownfield returned to Amarillo Monday after spending the weekend here.

R. N. McClain spent the weekend in Ft. Worth. Mrs. McClain visited relatives in Lubbock.

Dick McDuffie and Clovis Kendrick were in Denver City on business Saturday.

Mrs. Jimmy German and daughter, Judy, visited Mr. and Mrs. Earl Alexander in Plainview Tuesday.

Mrs. M. C. Butler of Lubbock, Mr. and Mrs. P. R. Cates, and Mrs. S. A. Shepherd spent Wednesday in Ft. Worth where they met Jack Shepherd, of Trenton, N. J., who was on furlough.

Red Tudor and S. J. Dixon are in Hot Springs, N. M., this week.

Mr. and Mrs. Daniell Davis spent the weekend with relatives in Tahoka.

Hester Johnson and Genieve Murphy of Lubbock spent the weekend here.

## RCA Employees Pledge Savings

The photo shows part of the vast mass meeting of R. C. A. Victor employees held December 8, the day after Pearl Harbor, in a pledge of allegiance to the Flag and to the Payroll Savings plan. The Company has set an annual goal of \$2,400,000 in Defense Bonds.

MRS. BALLARD IS HOSTESS TO PLEASURE CLUB

The Pleasure Club met at the home of Mrs. Roy Ballard Wednesday afternoon. Those present were Mesdames Milton Bell, Jimmy German, Bruce Zorns, Jack Hamilton, Buster Moxley, Edwin Sturgess, C. C. Primm, John L. Cruce, Joe Coursey, Joe Henderson, Mike Barrett and Miss Sue Jones.

The hostess served osgood pie, vegetable salad, and ice tea to members and guests. Defense Stamps were awarded those with high scores and candy was given for table cuts.

MARRIAGE LICENSE

J. E. Hall and Miss Ruth Feazel; Tomas Vidare and Francisca Garcia.

Mr. and Mrs. Tom May were Plainview visitors Tuesday.

Hospital Notes

Mr. and Mrs. D. V. Derington of Wellman are the proud parents of a 7 lb., 3oz., baby boy born on the 25th.

Mr. and Mrs. Tom Bozard of Plains announce the arrival of an 8 lb. baby girl on the 25th.

Mrs. S. A. Rainey was dismissed on the 27th.

MILDRED COPELAND CELEBRATES BIRTHDAY

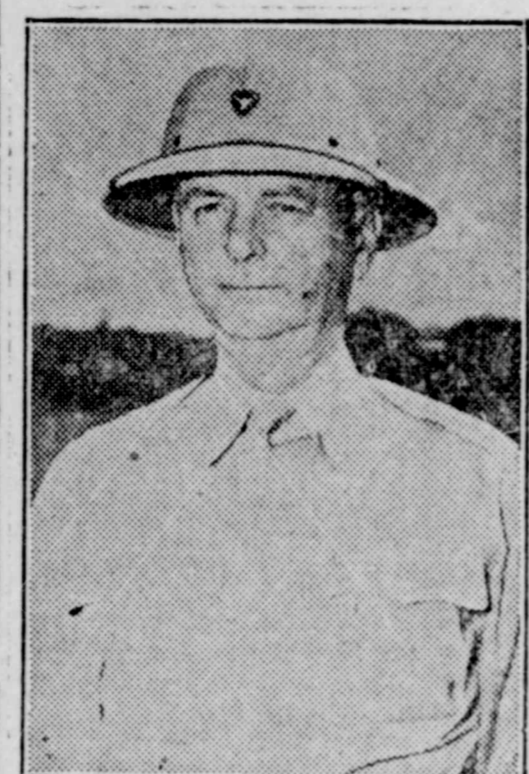

Mildred Copeland, daughter of Mr. and Mrs. R. D. Copeland, celebrated her eleventh birthday with a party at her home from 4 to 7 Tuesday the 21st. About fifteen guests were present, and enjoyed ice cream and cake.

Mrs. Mildred Eubanks has moved to Levelland where she is employed in the First National Bank there.

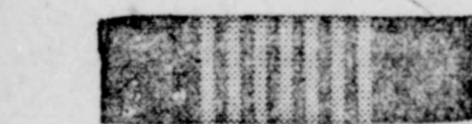

Don't Share Your Vegetables With The Insects

With the obvious scarcity of food throughout the world, it's the wise person who doesn't share his vegetables with the insects. Dorothy Fay Blanton, County Home Demonstration Agent, reports that quite a few people have already reported cut worms and other insect bothering their gardens.

By following a few simple rules, it is an easy job. A duster may be obtained for a dollar up, but one may be made at home

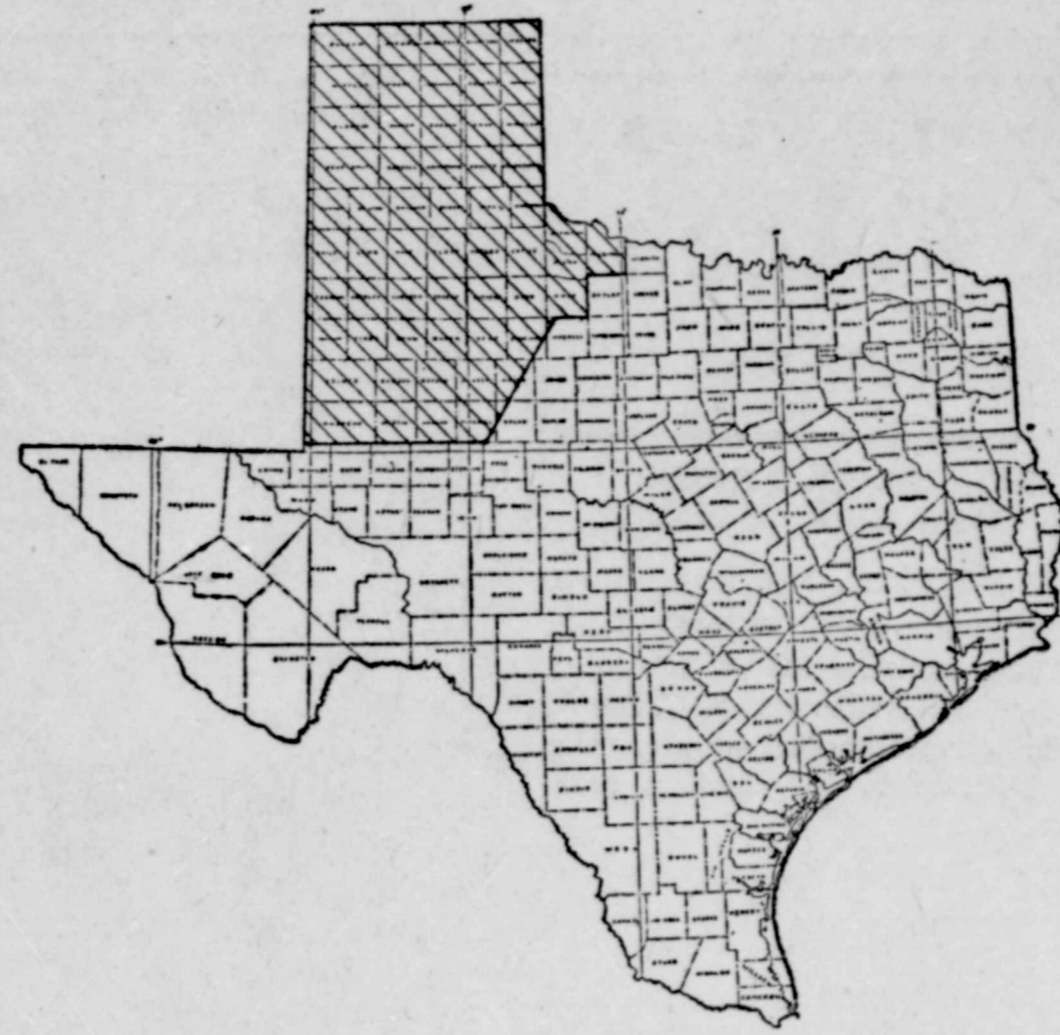

DEFENDER OF THE PHILIPPINES—Lieut. Gen. Jonathan M. Wainwright, successor of Gen. MacArthur in command of United States troops in the Philippines.

SOLDIER'S MEDAL

The Act of Congress approved July 2, 1926, authorized a medal to be known as the Soldier's Medal, and provided that the medal may be presented to persons who, while serving in any capacity with the Army of the United States shall hereafter distinguish themselves by heroism not involving actual conflict with an enemy.

On a bronze octagon an eagle is displayed standing on a fasces, between two groups of stars of six and seven above the group of six a spray of leaves. On the reverse a shield paly of 13 pieces on the chief, the letters "U. S." supported by sprays of laurel and oak, around the upper edge the inscription "Soldier's Medal" and across the face the words "For Valor." In the base a panel for the name of the recipient. The medal is suspended by a rectangular-shaped metal loop with corners rounded from a silk moire ribbon.

The Porter tomato outyielded all other varieties in tests conducted by the U. S. Southern Great Plains Field Station of Woodward, Okla., in the shaded area shown above. The Texas Agricultural Experiment Station has also found the Porter to be adapted to the south and east of the test area. The Porter is a "best bet" for Food For Victory gardens.

with a tin can, a stick and a piece of cheese cloth. Next, have ready a supply of insecticides for use at the first sign of insect injury. These are cryolite for control of bean beetles, cucumber beetles, cabbage worms and other insects which feed upon the fruit and foliage of the plants; rotenone and sulphur to control tomato fruit worm, flea beetles, plant lice and leaf hoppers, and concentrated pyrethrum dust for squash bugs, stink bugs, and harlequin cabbage buks. Watch the garden for the first sign of injury and dust both sides of the leaves.

Apply poison bait late in the afternoon for control of cut worms, grasshoppers and adult wingless May beetles, or June bug. Poison bait will also control mole crickets which frequent sandy soils.

To control the bluish-gray pill bugs, or sow bugs, which damage young tomato plants, sprinkle a mixture of two parts flour, two parts sugar and one part paris green throughout the beds. Flea beetles, also are dangerous to these plants, may be controlled by dusting plants with rotenone and sulphur each seven to ten days.

For further information about insecticides or for directions for making the duster mentioned above, ask any home Demonstration Club member or the County Home Demonstration Agent.

CHEVROLET TO BUILD HUGE ALUMINUM PLANT

DETROIT, April 17—A plant which will increase by millions of pounds monthly the aluminum forgings necessary to expand aircraft output in the United States will be erected by Chevrolet, it was announced here today by M. E. Coyle, general manager. A building permit for the new construction has been applied for.

The new plant will be one of the largest plants of its kind in the world, Mr. Coyle said. Construction and operation of the new factory by Chevrolet has been authorized by the U. S. government. The plant will be built on land adjoining another Chevrolet war production unit.

Output of the new aluminum forge plant will augment Chevrolet's large aircraft engine contract, which is already in production.

GOMEZ H. D. CLUB NEWS

The Gomez Home Demonstration Club met Wednesday afternoon, April 22, at 2:30 o'clock, in the home of Mrs. R. C. Guest.

Eighteen members answered the roll call by giving recipe for a salad.

Mrs. Kenneth Furr gave an interesting report on trip to the district short course held in Lub-

bock, April 11th. Mrs. Alfred Tittle was in charge of program. Our subject was "Salads." She demonstrated how to make a salad using salad dressing that she had made. The salad dressing had a mineral oil base and was very good. Every one present took a copy of the recipe home.

For recreation we sang songs and played games.

Our next meeting will be with Mrs. Kelly Sears on the second Wednesday in May. Miss Blanton will be present.

Due to circumstances that could not be prevented, our Home Nursing School did not start on the date that was designated, and will not start until June.

We had three visitors present, making a total of 21.

Bob Stahler, Air Cadet at Good-fellow Field in San Angelo, spent the weekend with his mother, Mrs. Bertha Stahler.

HOME OWNERS FORUM

By ABNER GORDON

THAT annoying joint between the baseboard and flooring—which is so conducive to drafts and the collection of dust—is readily sealed with a variety of moulding known to the trade as "quarter-round." Since structural elements of wood tend to shrink and expand through the seasons, the moulding should be affixed to neither the baseboard or flooring but nailed directly to the supporting timbers with long nails through the open joint. This assures that the joint will remain adequately covered at all times.

Q: Is an undercoater essential for an enamel finish on interior woodwork?

A: The opacity and sealing properties of enamel are not sufficient for its general use as a single coating. A primer with good penetration is essential to satisfy surface porosity, while a body coat is advisable as well to assure a firm foundation with adequate coverage.

The superior adhesion and sealing properties of the film formed by white lead in linseed oil make pure white lead paint the most effective base for an enamel finish.

For security as to paint quality as well as correct formulation for each coat, mix your own paint on the job from the pure ingredients. Follow a primer of 3 parts each (by volume) soft paste white lead and boiled linseed oil to 2 parts turpentine with a single coating of equal parts soft paste white lead and lead mixing or lead reducing oil.

Q: Suggest a crack filler for an old plank floor.

A: Fill the cracks level with sawdust mixed to a paste with glue. When dry sandpaper the filled areas for a smooth finish.

Mr. and Mrs. J. H. Jost and J. H. Morris were shopping in Lubbock Monday. Mrs. Ed S. Turner and Ed Jr., and Mrs. Clyde Perry were in Denver City and Brownfield Sunday afternoon. Mrs. J. H. Lynn and Mrs. Salie Forrest were visiting in Guthrie last week. Mrs. Addie Frazier, sister to Mrs. Lynn, returned with them. Mrs. Caryl Light and daughter, Caryl Marie, Mr. and Mrs. W. D. Light and son, Dean, visited Caryl Light, who is in training at Galveston, over the weekend. Lloyd Coke who is in training at Victoria and Earl Coke, who is in service at Lubbock, spent last week with their parents, Mr. and Mrs. T. E. Coke. Mr. and Mrs. Liles and family of Gomez, visited their daughter, Mrs. Albert Anderson Sunday.

JAP STUDENTS TAUGHT WAR, SAYS EDUCATOR

FORT WORTH—The youth of Japan, through a government controlled school system, have been so thoroughly educated in the viewpoint of the military clique that they believe the greatest glory attainable is to die fighting

for their country on the battlefield. This is the observation of President M. E. Sadler of Texas Christian University, who spent a year in Japan studying the educational system, under a grant from the Institute for Social Research of the Rockefeller Foundation. "All opposition to the militaristic educational system has been ruthlessly put down," Dr. Sadler reports. "While I was there, I saw groups of students in mass meetings on college campuses. When it was learned that these assemblies were called to protest against the government control of education, the leaders were arrested. "The students there, in recent years, have heard only 'canned' lectures. There is no place for comment, and creative thinking is strictly forbidden. Even parts of their libraries were nailed up! "A few of the professors—particularly those who traveled and studied in the United States or England—have protested, but these have all suffered grave consequences."

Mrs. Roy Bradshaw of Ft. Worth, Mrs. L. Nicholson and son, David, and Alma Faye Ballard left Wednesday to visit Mrs. Bradshaw's son, Kenneth Moyer, at Camp Roberts, California.

Seeing is Believing

Cartoon titled 'Seeing is Believing' featuring a bull and a man. Text includes: 'BULLS DON'T SEE RED! LIKE MANY ANIMALS, THE BULL IS COLOR-BLIND. HE IS AROUSED BY THE MOVEMENT, NOT THE COLOR, OF THE MATADOR'S CLOAK! ... A BLUE CLOAK WOULD BE AS GOOD, BUT TRY TO TELL A MATADOR!' and 'COCK-EYED DRUNK IS A GOOD DESCRIPTION OF ALCOHOL'S EFFECT ON THE EYES. A FEW DRINKS OFTEN WEAKEN THE EYE'S MUSCLES, CAUSING THEM TO DRIFT AND LOSE THEIR FOCUSING POWER.' Another panel shows a man saying 'GREETINGS, HON. SIR!' and another saying 'NOW FOR A LI'L EYE ROAD WORK!' and 'YOUR EYES HOP HALF A MILE IN SHORT JUMPS IN READING THE AVERAGE NOVEL, ACCORDING TO THE BETTER VISION INSTITUTE!'.

TECH PROF. PREDICTS PLENTY RUBBER IN 12 TO 18 MONTHS

LUBBOCK—Prediction that the rubber situation "will ease up tremendously" within the next 12 to 18 months is made by Dr. W. M. Craig, chemistry professor at Texas Technological College, in an address he is to deliver before the American Association for the Advancement of Science, Southwestern Division, in Las Cruces, N. M., April 27-30. Dr. Craig is retiring president of the association.

Taking as an example synthetic rubber made from petroleum, which requires six or eight processes, he shows how, by the absorption spectrum, scientist will be able to follow the course of reactions and detect unsaturation in the linkages more rapidly than by older chemical methods.

"There will be not one, but five or six kinds of rubber within that time," he says, "each as good or better for its own purpose than that now used."

For Job Printing Try The Herald

FIRST CHRISTIAN CHURCH

Next Sunday morning the church service will be held at 10:00 o'clock instead of 11:00 o'clock, to enable the minister to preach here and then go to Plains for the service there. The sermon subject will be "What Must I Do?" Sunday School will convene at 11:00 o'clock and be followed by the monthly business meeting of the church.

Last Sunday's attendance was good. Mr. Forbes took charge of the Sunday School and led an interesting discussion in the men's class. Men not attending another Bible class will find this group discussion very much worth while. May 10th is Mother's Day and the ladies will have charge of the Sunday School program.

Claudette Colbert is starring with John Payne in "Remember the Day." Beyond all comparisons, it's Claudette Colbert's greatest role. On the Rialto Screen Sun.

Ruby Nell Smith of Lubbock spent the weekend with her parents here.

Cartoon titled 'DICK TRACY' showing Uncle Sam and a man. Text includes: 'IT'S JUST A LITTLE PIECE OF PAPER - BUT IT'S OUR PASSPORT TO HAPPINESS AND FREEDOM.' and 'PUT US DOWN FOR PLENTY, UNCLE, PLENTY!' and 'DEFENSE BOND'.

Baptist Church News

Services were well attended last Sunday in this church with Dr. Jenkins of Abilene supplying in the absence of the Pastor and 389 registering in the Bible study period. The pastor of the church at Gomez baptised nine candidates in the afternoon in the baptistry of this church.

We wish to acknowledge the receipt of fifty dollars from the church at Johnson to apply on our building debt and we greatly appreciate this token from this sister church and assure them it is much appreciated. Many of our membership fail to realize that since our building was completed we have paid four thousand dollars of the principal and nearly two thousand dollars in interest and now have an installment of \$1400, principal and interest coming up for payment July 1st and we mention these facts to remind all of our people that if they have not been sharing these obligations that they now have an opportunity to carry their part of the load by marking their envelope 'building fund' and help pay this installment.

During these tragic days of war when there is so much need in all the world there are many calls upon the liberality of the people we must not forget to keep the home fires burning that when our men now at the front shall have returned to us they will find the church active about the Master's business and be glad again to join us to carry on for a Christian victory.

It is now only two weeks until the meeting in San Antonio of the Southern Baptist Convention which will give Texans a fine opportunity to see first hand this great gathering and some of our own people will no doubt attend this historic meeting in this historic city.

Our aim is now 500 present in the Bible study and there is a place for you every Sunday morning.

PRESBYTERIAN CHURCH NEWS

Sunday School and Morning Worship will be at the usual hours Sunday morning. At eleven o'clock the pastor will speak on "anniversaries," this Sunday being the fourth anniversary of his pastorate here. Let us make this a real rally day.

Our building is progressing but more voluntary help is needed. If you can't come during the day, why not come and work from seven until nine? someone will be on the job to direct the work. If you have not been asked for a contribution yet you can help by voluntarily giving your pledge or cash to Marshall Loyd or James H. Dallas.

"I was glad when they said unto me, 'Let us go into the house of the Lord!'"

Equilibrium is destroyed when the bankroll becomes heavier than the brain.

"Mothers Day" May 10th

Mother Will Love a Box of Martha Washington Candy CORNER DRUG STORE

WHERE MEDALS ARE DESERVED

The following editorial appeared in the Kansas City Journal, and was signed by Editor Harry Newman. It is a finely-phrased tribute to an industry which is literally performing wonders in behalf of the American war effort.

"We know where we would hang a medal, if we were hanging medals.

"And you will never guess. "It would be on the chest of what too many of us had come to believe was a decrepit old veteran about ready to fall apart—

"The railroads of America.

"All of us have been inclined to criticize them for what we considered their lack of efficiency and indifference, and gossip had it that they were outmoded and incapable of handling modern problems of traffic, both freight and passenger, and under emergency pressure, would collapse.

"What a mistaken idea that was! "Unsung, unacclaimed, without fanfare or boasting, they are doing the greatest transportation job ever known in the history of the world.

"They are moving troops and materials over mountains, across the plains and deserts, and tying coast lines together with an efficiency that is amazing.

"At the same time, passenger traffic is moving with greater comfort and speed than ever before and non-war freight is being handled as though that's all there was.

"If there ever was an institution completely and thoroughly in step with the war effort and needs of the United States, "It is the railroads."

In 1940 the United States used approximately 6 1/2 billion pounds of fats and oils in edible products; two billion in soaps; one billion in paints, varnishes, printing inks and linoleum products and 0.5 billion was used for a variety of industrial purposes.

FOREIGN LEGION PRIVATE

The late Brig. Gen. Frank E. Evans of the Marine Corps was the only commissioned American officer to serve as a private with the French Foreign Legion.

Double Value For Your Fly Spray Dollar!

Why pay two prices and buy two different kinds of Fly Spray for your place? Buy Watkins Fly Spray from me and you get double value for your money.

Watkins Fly Spray has a Double A rating according to National Assn. Insecticide & Disinfectant Mfrs. standards. Performance alone can win such a rating.

You get a high percentage of knockdown and kill when you buy Watkins. More than that, you get a spray that can be used in the home as well as in the barn. It's clean, stainless.

Wait for my call and let me tell you more about it, as well as about other bargains I have.

Uncle Sam asks us to Hoard Coal Now

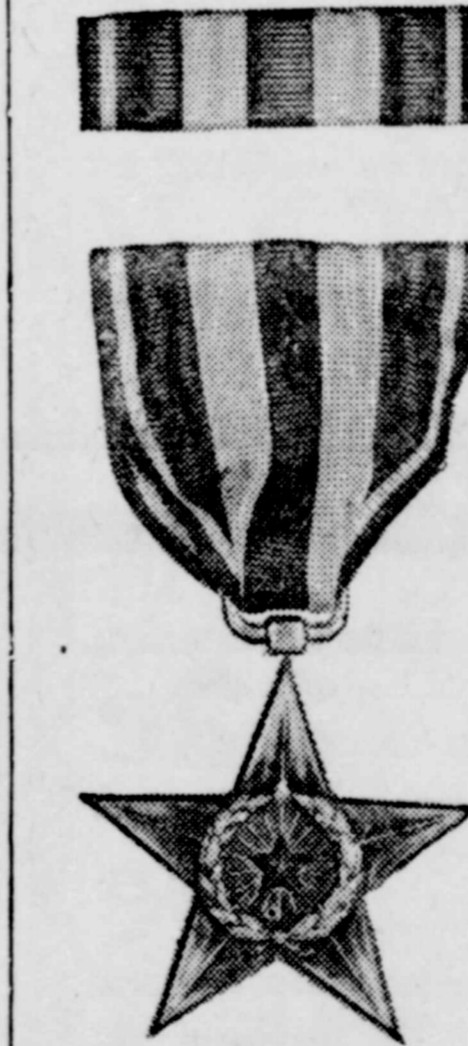

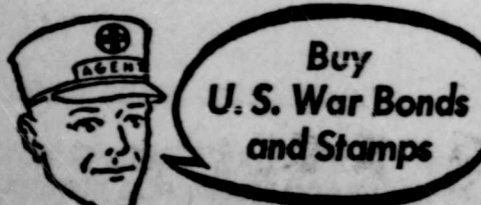

Coal is one thing the Government definitely wants us to hoard this spring and summer

- We are asked to buy coal now, if we are coal users, (1) to protect ourselves against a possible coal shortage next winter, and (2) to help make more freight cars available then for moving vital war material. Spreading coal shipments over a longer period than usual will do just that. ● Most folks wait until the last minute to order their winter's coal supply. Many millions of tons of coal must then be moved by rail in a very short time. Next winter's

war needs and the tire shortage will put the greatest load on the railroads in their history. War freight must move first, and those who wait too long to order their coal may not be able to get prompt delivery when they need it.

- So we repeat Uncle Sam's friendly warning to us all. If you use coal, get in your winter coal supply now, in the off season, when transportation is available. You'll help yourself and also help win this war.

AT YOUR SERVICE—subject always to war demands, Santa Fe is maintaining regular and efficient freight and passenger transportation vital to your community. Turn to your Santa Fe Agent for information about it.

SILVER STAR

The Silver Star is awarded to each person who, while an officer or enlisted man in the Army of the United States is cited for gallantry in action and the citation was published in orders issued from the headquarters of a force commanded by, or which is the appropriate command of a general officer or issued by the War Department, which citation does not warrant the award of the Medal of Honor or Distinguished Service Cross. A bronze star in the center thereof a raised silver star, the center lines of all rays of both stars coinciding. The reverse to have the inscription "For gallantry in action" and a space for the name of the recipient. It is suspended by a silk moire ribbon in stripes of blue, white and red.

Brownfield Friday and Saturday Texas

**The Records Speak -Lest We Forget**

On March 4, 1940, Republican Rep. Bertrand W. Gearhart of California said: "It is because I know that no American's freedom—no American's liberty—is threatened; because I know that the peace and dignity of the United States is not at all involved that we are raising our voices to demand that America keep out of the war that rages over there. The outcome of this newest adventure in power politics—whatever it may be—will not affect America's destiny, America's future one whit."

On March 18, 1940, Republican Rep. Paul W. Shafer of Michigan said: "The Assistant Secretary of War (Louis Johnson) knows that it is just pure nonsense to try to lead the American people to believe that we face imminent war unless we feverishly and frantically build up a vast national defense. There is not a word of it true. No nation and no combination of nations abroad wants to undertake to come across the seas and try to subjugate this nation. No, it is just another one of those New Deal saber-rattling appeals to the fears, hatreds and prejudices of our people."

On March 19, 1940, Republican Rep. Ralph E. Church of Illinois said: "The administration seems to believe that America's line of defense should be deep in foreign waters. As you know, it sought to fortify Guam, 5,400 miles from our shores, and practically next door to Japan. As a member of the Committee on Naval Affairs, it was my duty to lead the fight against this extremely dangerous and wholly unnecessary step. I have never been able to understand why the administration would take the risks fortification of Guam involved."

On April 22, 1940, Republican Rep. Forest A. Harness of Indiana's Fifth District said: "The best peace remedy is to apply cold realism to our problems at home. If we will, we can so busy ourselves setting our own house in order that we will not have time to become involved in another war. Still, we are undertaking large-scale expansions to produce implements and munitions of war for the Allies, even though we realize that their resources will be quickly exhausted."

On April 22, 1940, The Chicago Tribune said: "Undoubtedly with Mr. Roosevelt's sanction, the Navy Department has been encouraged to demand the fortification of the island of Guam off the Japanese coast, a highly provocative act. Only the other day the State Department declared the intention of this country to safeguard the Dutch East Indies if Holland should be attacked and unable to protect them. These moves give Mr. Roosevelt just another opportunity to get into war."

Warning is again made to merchants, service stations, bankers, hotels, and even post offices, who continue to accept social security account numbers as identification for person trying to obtain cash or pay bills by check. Victims have been buncoed in McClean, as well as most other places by dis honest persons in this manner.

There is no way in which the name of a person may be obtained from the social security board for such identification purposes, and merchants should pay no attention to such numbers. Better know the man who gives you a check. Honest strangers do not attempt to use the numbers as identification cards.—McLean News.

**LIBERTY LIMERICKS**

There was a young farmer named John,  
Who said to himself—  
"Well, I swan!  
Defense Bonds get bigger  
In value I figger  
While helping our Victory on."

Get a bumper yield on your savings by investing them in U. S. Defense Bonds and Stamps for Victory. Get one today!

**METHODIST CHURCH**

Subject for the morning service: "Sunrise at Midnight."  
Subject for the evening service: "The Yellow Calf."  
All the farmers and farm boys are urged to attend this evening service.  
Those who wish to have their children dedicated in Holy Baptism are requested to be present at eleven o'clock on Mother's Day. We are having a splendid at-

tendance at the morning hour. We wish to thank all our people whose beautiful cooperation make our services possible. We welcome in to our fellowship those who have united with the church recently. There lies ahead of us a great task of enlisting and training for service.

Miss Estelle McNeil has just finished a course in Beauty Work at Lubbock and is now employed at the Cinderella Beauty Shop.

Mr. and Mrs. Harold Lee Well of Alamosa, Colorado, are visiting Mr. and Mrs. W. O. Mills and family. Mr. Wells is a brother of Mrs. Mills.

Judge L. C. Heath, Maury Lewis and Jasper Moore spent the past week down on the Rio Grande fishing. Some thrilling and exciting experiences were had besides catching about 200 pounds of catfish. All three of the men are recovering.

Mr. and Mrs. A. W. Enderson are here from Fort Worth, the guests of her mother, Mrs. S. A. Shepherd, and her sister, Mrs. P. R. Cates and Mr. Cates. Mr. Enderson is the traveling representative of the Lansing Company of Kansas City.

Mrs. Bill Gore was a Lubbock visitor Tuesday.

**Eddie Cantor Volunteers to Aid Uncle Sam**

Surrounded by some of the members of his cast in his current show, "Banjo Eyes," Eddie Cantor volunteers to institute the Treasury plan of Defense Payroll Savings for the regular and systematic purchase every pay day of Defense Savings Bonds and Stamps. Left to right are: Lina Griffith, Virginia Mayo, Doris Kent, June Clyde, Audrey Christie, Sally DeMarco, and Tony DeMarco with Eddie seated at the table.
