BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, JULY 24, 1942

NUMBER 51

Brownfield Pretty Sure Of Glider School

A representative of the government was here the first of the week, and was in consultation with both the city and county authorities concerning the location of a glider school in Brownfield. The joint meeting was held at the city hall. The plans were outlined and accepted by the county and city.

Option was obtained upon a section of land belonging to Mrs. M. V. Brownfield in the Brownfield pasture, laying some 3 1/2 miles east of the city. If everything works out as arranged, this will be improved with runs and buildings, and a bunch of cadets will be trained here in the art of gliding.

In the meantime, it was stated by authorities that the private landing field just west of the city would be used until such time as the new field is improved.

Just what the school will mean to the city, we cannot state at this time, but naturally it will bring many men here during the course of a year, and with the possibility that fighter, pursuit or bomber training added later.

A demonstration was held Wednesday morning and afternoon at the private airport, to show the possibilities of glider work in the prosecution of the war effort. Perhaps more than 1000 people witnessed this demonstration.

The gliders were towed in from Lamesa, turned loose hundreds of feet in the air, glided for several minutes before alighting. They were then lined up on the south part of the runway, and hoisted again by the mother plane.

Red Cross Nutrition Class To Begin Aug. 1

A nutrition course to be sponsored by the Red Cross and taught by Miss Dorothy Faye Blanton, county home demonstration agent, will begin here August 1, according to Mrs. Henry Bates, county chairman.

Classes will continue for six weeks, and the course of study will include instruction on preparation of balanced meals, selection of substitutes for foods not easily obtainable, preparation of food in large quantities, as for canteen work in emergencies, and information concerning vitamins and calories and their relation to properly balanced diets.

The course is free, and there may be an unlimited enrollment. It is the only course of its kind that the Red Cross will sponsor here.

Women who wish to take the course are asked to enroll at the Red Cross sewing room Monday. For further information about the classes, they may get in touch with Mrs. Bates, Mrs. E. C. Davis, or Mrs. Frank Weir.

Local Man Pulling For Judge Strength

Our old side kick, W. A. Bell, was in the past week, pulling for Judge Walter H. Strength, of Harrison county, for Judge of the Court of Criminal Appeals. W. A. says Strength is a brother-in-law of this but otherwise is all right.

According to Mr. Bell, strength has been a practicing attorney in Marshall for the past 30 years; served six years as county judge, and has been district judge for the past seven years. W. A. will appreciate your vote with Judge Strength left on the ballot.

Shugart To Speak Saturday Afternoon

R. E. Shugart, well known local man, who states that he has studied the Bible 50 years, will discuss two questions on the court house lawn Saturday afternoon at 3:30. The first is, "Is War Mass Murder?" The second, "Does the Bible Justify a man in going to war?"

The speaker will endeavor to give you chapter and verse from the Bible for every assertion he makes. In view of the fact that we have heard so much of the non-war, non-resistant element this will probably be a change for the better; more patriotic.

Attention All Young Men Interested In Naval Aviation

"Texas Plainsmen Squadron"
V-5 (NAVAL AVIATION)—A squadron of Naval Aviators from the Texas Panhandle is being organized now which is to number 60 men from this section. These men are to leave in a body about August 17th to go to the University of Georgia, one of the Naval Pre-flight schools, for three months training.

QUALIFICATIONS—Age 18 to 26 years of age inclusive—must be at least 18 years of age and not have reached 27th birthday. Must be unmarried, and have finished high school. Preliminary tests are given physically and mentally in the Naval Recruiting station and if passed, the applicant will be sent to Dallas for a final check-up and enlistment, then returned home to await orders to go with his group. All expenses of the trip to Dallas and back are paid by the Navy. Boys that are in school at present may remain until the end of present semester if they so desire.

FEATURES—The Naval Aviation training is the only way an aviator can receive one's wings and commission in the Navy without a college education. The time required to receive one's wings and commission is from 10 to 11 months. Flyers receive the most expensive training that can be given—it costs the government from \$20,000 to \$30,000 to train each pilot; you are given an education that could not be bought from any college. Also during this training you receive your clothes, lodging and meals in addition to medical care and \$10,000 insurance free in addition to your pay to which an additional half month's pay is added when you begin flying.

TRAINING—You will be sent to the Navy's Pre-flight training school at Athens, Georgia for 3 physical hardening and ground school work. This 3 months training is divided into the following phases: seamanship, ground school instruction, and physical fitness. The new physical fitness program that the Navy has set up is the finest in the world and is headed by some of the outstanding coaches in the country—several from the panhandle section of Texas.

All men in the Naval Aviation are potential officers and are treated as such. In case a student washes out of aviation at any time he is returned to his civilian status unless he desires to try for some other branch of the Navy.

PROCESS OF ENLISTMENT—Come to the Navy Recruiting Station, Lubbock, where you will be given your preliminary physical and mental tests before being sent to Dallas for final check and enlistment. Bring with you a birth certificate which has the seal of the county clerk or deputy; a high school transcript from the high school which you graduated, showing your grades when you graduated; three letters of recommendation, written on paper with a letter head; written consent of your parents (if you are not 21 years of age) for you to join the Naval Air Corps; your picture which should be a front view of approximately 2 1/2 by 2 1/2 and a resume of your occupational and military experience of at least 50 words in your own handwriting. This resume must be dated and signed with your full name.

Hurry up and join the Texas Plainsmen so you can go with fellows from your own section of the State to the University of Georgia Pre-Flight School on August 17th.

D. A. Thompson Promoted To First Lieutenant

Fort Leonard Wood, Mo., July 11—Second Lt. D. A. Thompson of Brownfield, Texas, an officer in the Engineer Replacement Training Center here, has been promoted to the rank of first lieutenant. Prior to active duty, Lieutenant Thompson was a draftsman for the H. N. Robert Company. He is a graduate of the Texas Technological College.

Allred Presses Victory Paced Senate Campaign

Pushing his aggressive win-the-war, win-the-peace U. S. Senate campaign at what observers freely predicted was a victory-paced march, James V. Allred drove home to Texas this week a plea for a "fighting Texas Senator" in Congress.

Coupling his demand for an all-out "1,000 per cent" support of President Roosevelt's war program with that of a Senator from Texas who has a vision for peace as well," Allred said that now that we are engaged in a war for the preservation of our ideals, "we must not forget the land we defend, the land which now is in the future must supply our food."

Allred declared for full 100 per cent parity for agriculture, and paid tribute to farming as "the mudsill of our democracy, providing the food and fiber for winning this war."

"For a long time farmers have been the victims of protective tariffs," he said. "They are entitled to equality with all other groups. It is especially important in war time that the farmer's income should be sufficient to meet the cost of producing and processing farm commodities. Better wages and better living conditions in the cities cause desertion in the ranks of farm labor. To encourage continued production of food and farm commodities necessary to war materials, the farmer will have to figure his labor at a price that will enable farm tenants and laborers to maintain a decent standard of living. If the farm or ranch income is so low that the landowner cannot pay a fair price for farm labor, the standard of living of farm labor groups will fall to lower levels."

Charming Hedy Lamarr and handsome John Garfield enjoy love, life and laughter! But on their own terms in "Tortilla Flat," coming to the Rialto Sunday.

Transfers Must Be In By August 1

The public school laws of the State of Texas provide that transfers shall be made in the month of July. Those who desire transfer from one district to another within the county or to an adjoining county line district should make application by or before Friday, July 31. Only those children who have been enumerated on the scholastic roll of Terry county may transfer.

For the benefit of those who live within a consolidated district and who might expect to transfer, we pass this information. Unless you desire to transfer to another district outside the consolidated district, you need not make application.

Union Shows Huge Majority For O'Daniel

According to Joe Brock, the people of the Union section sure like Pappy's biscuits, as he cleaned Moody and Allred and then licked the skillet.

According to Brock, Pappy got 29 votes to six for Allred and 2 for Moody, out of 37 votes cast.

Terry County Has Good Average Crops

A man that is in business in Brownfield, but has considerable farming interests, in fact lives on a good farm some six miles out, stated this week that Terry county, despite the hail area, had the best average crop in years, or since he had been here. Most of the time, he remarked, there will be good spots, and very poor spots.

South Terry in Good Shape

Sunday afternoon, the Old He, Jack the II, and Jack the III, took off into the lane running south from the old Lamesa road, by Mon Telford's, Arthur Green's, etc. This lane was followed until we were directly east of the Foster Gin. We found good crops as a whole down this lane. However, one has to cross the hail strip, which is replanted, and while cotton, corn and feed crops are young, they are pretty; mostly a good stand and growing fast.

Turning west, we found that crops were average or better and especially good west of the gin. Turned south here to the Lee Lyon farm, and found good crops down in the Hunter community section. Returning, turned north at the Chambers corner to Lahey. Even the deep, sandy section between had about the best start of crops we have seen since 1937, when Terry had a bumper crop of everything. By this time, the III edition had shot his last bear with his cap pistol, and fell asleep.

Crossed the railroad at Lahey and struck due north to highway 380 from Brownfield to Roswell, crossed it and went a mile north and back to town. Crops good in most of this section, and while we ran into the hail belt in this drive, the storm seemed to have lifted, as not so much had to be replanted. On that north drive from Lahey, we saw the largest covey of quail in our life. They began crossing the road ahead of us, and at first we thought they were broiler size chicken. There must have been around 100 of them.

No, we are not going to tell where we saw them, as there is closed season on quail in Terry county, but we are afraid some poacher might get among them and kill and cripple a lot of these fine little friends of the farmer. We have not shot a quail in 20 years, and don't think we will ever shoot another. And this goes for dove. They eat a heck of a sight more bugs and worms in season than grain.

Out Again Monday Afternoon

Had a hankering to see how the hail belt replanted was coming on in the Harmony section Monday, and drove out to the Thompson farm. These farmers have a fair to good stand of crops up again and due to dry, hot weather, growing like nobody's business. Found that Ed. Phillip and Miss Gene were over in the Gomez section chopping cotton for their old friend and neighbor, J. B. Draper, and getting their \$2.50 per day for same. Crops are fine in that section, Ed stated.

Returning eastward, we crossed the Levelland highway and went on to the old Levelland road, and found crops especially good in that area. Such farmers as the Clements, Gracys, and the Howard generation really have good looking crops. Stopped at the farm home of Mrs. Jim Lewis, where the wife purchased a half bushel of fine looking cucumbers, and gave us a pain in the sawdust to look at them. But they'll be an appetizer when well pickled.

The original two sections of the old Wm. Howard farm is now practically all in cultivation, and a home on every quarter. Fine crops abound, with plenty makings of eats coming on, and fine herds of milk cows and swarms of laying pullets. To Paraphrase one of Senator O'Daniel's sayings, "Terry county ain't agoin' to starve"—not by a heck of a lot.

Members of the Phi Beta Craesus club sold \$1285 worth of war bonds and stamps at their downtown booth Saturday. The Brownfield State Bank furnished the stamps, and proceeds were turned over to the bank immediately. The girls plan to sell bonds and stamps again this Saturday.

Veterans Hospital And Homestead Colony Planned

A hospital for the returned Veterans from this war and Veterans of all wars is now being planned for Uvalde Texas where the wounded or disabled veteran can take his family with him and keep them in Convalescent cottages until he is entirely well. Convalescent Cottages will be erected for the families, 4 cottages to the acre where the veterans family can live, and with the assistance of a garden, eggs and chickens table expenses can be kept at a low cost and at the same time keep the veterans family in a healthy environment for him to return while recuperating. On this same 5000 acre plot now under option will be built 300-5 room houses on 10 irrigated acres, where with 200 chickens, 2 jersey cows and 5 acres of irrigated produce the disabled veteran and his family can become selfsupporting thru their own efforts in this way restoring the veterans self reliance as a husband and father and greatly improve his health by freeing him from economic worry. Many disabled veterans now live in standard communities in large cities with families suffering from malnutrition and unhealthy surroundings and these are a part of the surplus populations of large cities.

Over one third of the farmers of America have left the farms since World War One, many now are on relief rolls.

Veterans interested in this movement, write Veterans Hospital & Homestead Assn., 415 Southwestern Life Building, Dallas, Texas.

A Trip Out To The Gore Farm

The Mrs. had failed to write down a recipe for cucumber pickles that Mrs. G. G. Gore gave her last year. It was said to be a dandy, and everyone complimented the fine taste and brittle condition of the pickles last year, and so, as she had forgotten the pickling mixtures, we "driv" out Tuesday afternoon, and got to see some fine crops.

And some of them are fine despite the fact that weeds and Johnson grass are in some places higher. But many were in the fields going after the weeds and grass. What else could one expect with the prospects of 18c cotton? Found that Mrs. Gore and Alfred were in town, so had to await their arrival, and talked matters over with George Sr.

He has a fine crop, the best perhaps since 1937, and if the sun shines just a few more days, he states that they will have their crop clean. They are working some 290 acres. Three young men, all school boys, have been helping them with cotton chopping, but he said they made good hands.

Went down the paved highway to where one turns due north to Johnson school, and returned via the old Plains highway, and found some mighty good crops all along.

Comes From California For Major Operation

Mrs. Velma Squires, of Yuba City, Calif., came in a few days ago, after being advised by physicians that she would have to have a major operation. Mrs. Squires is the daughter of Mr. and Mrs. J. D. Williamson of this city.

Mr. Williamson stated to the Herald that in view of the crowded condition of the hospitals in that defense construction area, that nurses were very scarce, and that a saving of many dollars can be had here over prices charged for operations and hospitalization there.

The operation was performed in the local hospital Tuesday. As Mr. Squires is engaged in defense work, he could not easily get off to come. Anyway, it is worth something to be among home folks when such a trial comes up.

Mrs. Harry Conelius has been ill with bronchitis this week.

State Winner In National Poster Contest

Here is Miss Leora Belsung of San Antonio Texas who has just been named state champion for Texas in a national poster contest in which 12,820 high school students from 41 states

MISS LEORA BELSUNG

competed. The theme of this event was MEAT AND VICTORY, according to the National Live Stock and Meat Board, contest sponsor. Miss Belsung won this high honor on the basis of originality, grasp of the subject and method of presentation, in the opinion of the judges.

In a statement accompanying her poster, Miss Belsung called attention to the fact that meat in the diet will help to bring victory because it contains protein to build and repair the body, minerals to build bones, teeth and blood, vitamins to promote health, and calories to create energy. Not only do men who fight need meat," she stated, "but also our boys and girls who are growing up to take their places. Meat is a food enjoyed by all, young and old."

The National Live Stock Meat Board represents all branches of the livestock and meat industry. It carries on a research and educational program in cooperation with high schools, colleges, universities and the United States Department of Agriculture.

Allred Shows Lead In Straw Poll Here

Showing what many believe is a pretty good break down of the Terry county vote to be polled Saturday, is a ballot box that was first passed out to town people here last Monday and then left in the Piggly Wiggly store for farm people to vote Saturday. At the time the ballot box was carried around the business section only 30 or 40 farmers were encountered, and cast a vote. For this reason results were not announced last week.

But after a good representative farm vote was polled Saturday afternoon, the ballot box was opened Monday and the votes counted. Allred got a rise of 49 percent; O'Daniel some more than 39, and Moody and Ryan a bit under 11 per cent, as follows:

Allred	170
O'Daniel	139
Moody	136
Ryan	1

At Meadow the Saturday before, Allred and O'Daniel tied with 42 each, and Moody 11. Some undecided. But all of us can tell you more about how the county went some time after eight o'clock tomorrow night. It looks like though that Pappy's days of clear majorities are over in Texas.

Warren's Final Appeal To Voters

TO THE VOTERS OF PRECINCT NO. 1:

During our present emergency and because of the tire shortage, I have not made a house to house canvass for your vote in behalf of my candidacy for Commissioner for re-election.

In my opinion this is the time to economize in county cost of government. I wholeheartedly endorse the program of reduction of expenses other than those that go to help in our War Emergency Program.

I take this method to say that if you will give me your continued support, I will deeply appreciate this favor and will again pledge myself to carry on the business of Precinct No. 1 in a businesslike and economical manner. Thank you for your loyal support in the past. May I have your vote on July 25th?

Yours very truly,
T. D. Warren

County Clerk Makes Final Statement

TO THE VOTERS OF TERRY COUNTY:

It has been impossible for me to see each voter personally, but to those I have missed, I want you to know that it was unintentional, and I want your vote and friendship.

During the time I have been in the County Clerk's office, I have gained valuable experience that qualifies me, I believe, to render efficient service to the people of Terry County.

Your vote and a word to your friends in my behalf, will be sincerely appreciated.

Sincerely,
H. M. Pyeatt.

A Basket Of Peaches From Lake Undy

E. O. McIver, Supt. of the Brownfield Compress, owned by Arch Underwood of Lubbock, delivered a basket of fine Elberta peaches Thursday night from Lake Undy orchard, a private resort of Mr. Underwood near Athens, Texas.

This is a rare treat, and peaches and cream are going to be added to the menu for several days. By the way, Arch called Wed. afternoon, but we happened to be out at the landing field, watching the gliders. Thanks for the fruit, kind friend!

Mr. and Mrs. Cecil Smith and family are in Hot Springs, Ark., for the baths.

Members of the First Christian church attended an ice cream supper Wednesday night at the home of Mrs. Jack Hamilton.

Garage Fire Alarm Wednesday Afternoon

The fire department made a quick run when a private garage on north Second took fire Wednesday afternoon. The fire was soon brought under control, but the garage was badly charred. It seems to have taken fire from a lot of bundle stuff stacked in the rear of the garage.

disagree radically with a person over politics and religion, then be ready to fight by his warm side for our freedom from slavery or worse than slavery. Real leaders and men who have spent years in Russia, on the other hand, agree that Russia is in for the greatest reformation in its history after this war. In fact they agree that God has never been driven entirely from that country, and for the past few years, religion has been better established than since the revolution in 1919.

The Herald has repeatedly cautioned people that it would not print unsigned communications, not that we have to print the name under the article, but in order that we might be able to square ourselves if the article was called in question. Some one who merely closes with, "vote for O'Daniel" sent in an article this week, in which they answer a letter recently printed, and written by Mr. Sandage of Union. Mr. Sandage signed his article, and his arguments were free from abuse and insinuations. The letter in question further somewhat attacks the United States government on what the writer or writers term a contract with soldiers not to keep them in the army more than one year. In view of these facts, we are NOT publishing the letter.

The fact still remains that Senator O'Daniel has consistently voted with men who have hindered the war effort work of the nation for the past three years after he went in last summer. Whether the Junior Senator meant it that way or not, Mr. Hitler & Co., could have asked for no more. They wanted the United States unprepared.

It is pure Nazi propaganda now making the rounds that after this conflict, America and England will have to fight Russia over communism. We half suspect this is partially coming through the Finnish government, which still has connections with this country. Personally we might

CAN HAL COLLINS EXPLAIN THIS?

Until a few months ago, the Crazy Hotel, was operated with Hal H. Collins as its president. This same Hal Collins now is going over the state as a candidate for Governor, crying that he wants to clean up the cities in the Army camp areas and prevent 'what he terms are 'disgraceful scenes' in towns in or near Army camps.

Mineral Wells, the Crazy Hotel and the drug store involved are in an Army Camp area. Camp Wolters, headquarters for Texas 56th Cavalry Brigade, is located near Mineral Wells.

The Texas National Guard was called into Federal service in the fall of 1940. The 56th Cavalry Brigade was sent to Mineral Wells for induction. The record shows that a drug store located in a hotel under the direction of Hal Collins sold hundreds of gallons of liquor during the time these, and other soldiers, were stationed near Mineral Wells.

If Mr Collins is so anxious to clean Army Camp areas, why didn't he take his broom and start sweeping in the drug store in the hotel which was under his control?—Exchange.

A popular magazine called Senator Josh Lee of Oklahoma a coattail hanger of President Roosevelt. Is that a disgrace or an honor? Supposing all Congressmen were bold, independent and refused to follow the administration? America would have never started a defense program because of the obstructionists, and could never have raised or equipped an army. To agree with a leadership is in no sense a coattail hanger. We must have community, county, state, national leadership. God pity the community, county, state or nation in which all of the citizens refuse to support the leader and individuals go off in every direction of the compass. We need a lot of independent thinkers, such as Senator Tom Connally, Senator George Norris and other stalwarts who have carved for themselves places among the nation's great. But these men are followers more often than they are dissenters. The magazine was wrong in scolding the Senator who believes in the President and follows the president. After all, hasn't he been elected three times by overwhelming majorities by the voters of the nation?—Canyon News.

From where I sit...

by Joe Marsh

You ought to meet my friend, Will Dudley. I suppose Will must be seventy-eight or nine... but you'd never know it. He's tall and lean and hard as a hickory. And although the only formal education he ever had was a few winters in the old red schoolhouse, I think that he's the wisest man I know in many ways.

For one thing, Will taught me the value of what he calls "Just a-settin'!"

Come upon Will in the evening, when his hard day's work is done, and you'll find him "just a-settin'," in a rocker on his porch. In one hand he'll have his old briar pipe and in the other, a tall cool glass of beer.

"Wholesome, appetizin' beer," says Will, "is standard equipment for proper settin'! Puts a feller in an easy-goin' peaceful mood."

You see, Will holds the theory that in our present mixed-up world, a man needs a quiet hour every day. An hour in which to sit down,

quietly and restore his strength and courage.

Will thinks, and I agree with him, that a man ought to forget all his own and the world's worries during that hour-of-peace. And Will feels that a glass of fragrant mellow beer helps most to bring you quiet relaxation.

Show me the man who sits down quietly of an evening with his glass of beer and I'll show you a man who is wise in the ways of living. Such men, like Will Dudley, live to a ripe old age, unembittered by the troubles of the world. They seem to remain, all their lives, sweet-natured and kindly.

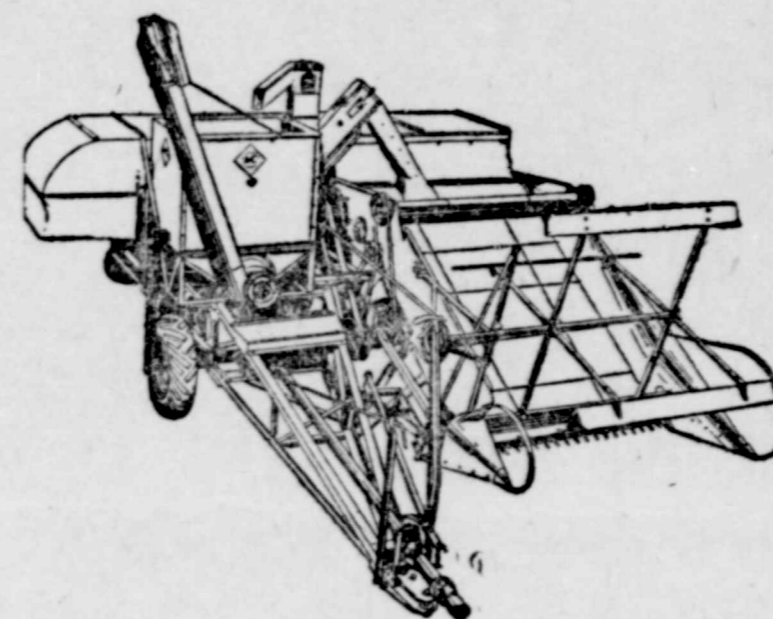

Time has a way of rendering accurate judgments on the value of the things men use and enjoy in the world. And Time... thousands of years of it... has handed down the verdict that beer is a pleasant and worthy companion for all men of good will.

CICERO SMITH LUMBER CO.

**LOUIS B. REED
FOR
RE-ELECTION
DISTRICT JUDGE
106th Judicial District**

Judge Reed has served this district faithfully and well for six years. It will be remembered that he was appointed by the Governor, confirmed by the Senate, upon the death of our beloved Judge McGuire and then was elected. He is recognized as being honest, conscientious, fair, and impartial and as having given his best efforts and attention to this office. He has inaugurated many reforms, the most important of which is that of the policy of continuous terms of court. Formerly each county had only two terms per year lasting from one to five weeks. Only during that specified term could legal business ordinarily be transacted. This resulted in numerous delays working hardships upon litigants. It was expensive to the state and to the various counties. The present plan provides that district court is in session or may be in session for the transaction of legal business all the time thus enabling court business to be handled with promptness and dispatch.

The counties are saved heavy expense in jury service since jurors are called only when needed. It has practically put an end to the old practice of continuancy or postponements because as cases are continued or postponed, they may be called within a short time.

It is noticed that practically the only opposition circulated about Judge Reed is that he is in military service. Judge Reed was a soldier in World War One and was commissioned before the end of the war. Upon leaving the army in 1919, he joined the Officers Reserve Corps and has kept up with his army work through study and training in the field in summers. At the outbreak of this war, he was called into service on January 12 and is now stationed at Ft. Sill, Oklahoma.

Many other judges of the state and nation have done as he has. Other state and federal officers as members of the Reserve Corps are now in military service. Laws were passed long ago and have been confirmed in the highest courts making specific provision for reserve officers to be in military service without vacating office.

Your attention is called again to the fact that Judge Reed is receiving no salary as judge. He receives only his military salary. The salary is being paid to Judge J. E. Garland. The state is saving the expense account in Judge Reed's absence because only the salary is paid to the special judge, thus, the charge of the opposition that Judge Reed holds two remunerative positions is refuted.

Insinuations have been expressed orally and in print that his military training is inimicable to fitness to court duty. Our reply is, "The Army of the United States exercises every effort to make men fit for any duty by increasing their general knowledge and ability to perform official duties without undue loss of time and to develop ideals of public service to the highest possible degree. The army training in manners and gentlemanly conduct is unequalled in exactness and thoroughness by any other agency."

LT. Col. Reed has been an apt student of military subjects. He has acquired skills and techniques and a gentlemanly demeanor as is indicated by his rise in rank and it is manifestly unfair to infer or to insinuate that honorable military service unfits one in the common niceties of human relationships.

Some argue that Judge Reed is away on indefinite leave. He is away by virtue of having been called to active service following the opening of the war. His friends' position is that the legally constituted authorities for selecting one to serve as district judge, namely, the respective Bar of the counties of this judicial district, can be depended upon to select a competent judge while he is away. In fact, they have selected Judge J. E. Garland, a jurist of extraordinary ability, who is an ex-soldier himself, who has a son at Pearl Harbor, and who is as patriotic as any living man.

Judge Reed, by military regulation and by virtue of his work, cannot campaign for office. He cannot be both there and here. His campaign of necessity is conducted by friends. He appreciates beyond expression the many kind words which have been spoken and the efforts put forth in his behalf while he is devoting his entire attention, all his energy, and life if necessary, that our armed forces may be successful.

Baptist Church News

Dr. John Cobb, preacher and teacher of Bible at Wayland College, preached morning and evening last Sunday in this church with fair congregations at each hour and there were many expressions of approval of each sermon. Dr. Cobb referred to no notes of any kind and quoted much scripture in line with his discussions and without pretending to do so, show a thorough knowledge of his subjects. We will be pleased to have him with us again.

The church has put its approval on the work of W. O. Mills as superintendent of the school by reelecting him to the same place for next year. He no doubt feels the need of more cooperation and with it the work will have a greater measure of success which is obtained largely by team work.

Many new prospects were secured in the recent census taken and these lists have been given the classes who are expected to contact and invite these people. The attendance last Sunday was 300 with an enrollment of 670 and we will watch with interest the results of the census and hope the teachers and officers will cooperate with Superintendent Mills to bring in Baptist who are strangers and others who are indifferent.

The pastor is expected to return this week from Wichita Falls where he has been engaged in a meeting and be present next Sunday.

Visitors are always welcome in the services of this church.

**Statement By
Judge J. E. GARLAND**

JUDGE LOUIS B. REED

A statement to the people of Dawson, Garza, Gaines, Lynn Terry and Yoakum counties, with reference to the District Judge's Office.

The lawyers of all of the above counties having unanimously chosen me to preside over this court during the absence of the present incumbent, I feel duty bound to make a statement of the situation, on the eve of the election.

I am filling the position the best that I can and appreciate very much the confidence bestowed upon me, which is wholly unsolicited in so far as I am concerned. I felt it my duty to respond and am making a financial sacrifice in doing so, as I have abandoned my private practice, the overhead of my office goes on just the same. The state does not pay my traveling expenses and the pay checks for the salary can be cashed only at a discount, and then when it comes to making income tax returns from 25 to 50 per cent of the salary will be paid to the government, but this is one way I can serve.

I have served as Special Judge of the District at intervals since 1911 and am proud of the service. I have never secretly had a craving for office and up to the present time have never asked a political favor, either for myself or for anyone else, and never expect to. I will serve as Special Judge only so long as the bar of every county in the district invites me to serve, and no longer. There is no understanding whatever between the present incumbent and myself with reference to me filling the time when he is absent. That is a matter solely with the bar of the several counties.

The only conversation that I have had with Judge Reed was early in January. He called at my home after I had retired. He told me he had just had a call to appear at Fort Sill, that he did not know how long he would be gone, and told me that it was the wish

Supreme Court are that a member of the Officers Reserves Corps do not forfeit their Civil Office when called into service. And certainly this question is of no importance in this election when he is neither serving as judge or drawing any pay.

Being an ex-service man, I may be biased in their favor, but if I am, I am in good company, because Congress in enacting the Draft Law made the following provision: "An employee of the U. S. Government and of a private employer must be restored to his position or to a position of like seniority, status and pay on completion of army service."

I do not wish to be in the attitude of trying to blight the ambitions of any worthy aspirant for any office, but these are times that duty requires us to sacrifice many things that are personally pleasing to us and to devote our all to the saving of our country, and one of the safest guides as to what is one's duty is to comply in letter and in spirit with the laws and regulations of those whom we have trusted with leadership during these trying days.

As I view the situation, whoever enters our military service does so with the uncertainty of ever returning. All that they have, they are offering that we may live, and we do not have too many opportunities to demonstrate our appreciation, and it seems unthinkable to me, that the people of this district would bestow honors on one of its citizens, when he was in civil life, and then when called upon to give even his life for his country would reject and repudiate him. I fear that if I was one who did this, and he was one who never came back, that for the remainder of my days there would be a small whispering voice, asking me, "why did you do it?"

Respectfully, your disinterested friend.
J. E. GARLAND.

Indiana Man Heads International Lions

CHICAGO, July 20—Edward H. Paine of Michigan City, Indiana, was unanimously elected president of the International Association of Lions Clubs at its 26th annual convention in Toronto, Canada, which closed July 24. Paine succeeds retiring president George R. Jordan of Dallas, Texas.

Paine congratulated the past Lion officers on the year's achievements outline in the annual report of Melvin Jones, founder and secretary general of Lions International, which indicated that the Toronto Convention climaxed the Association's greatest year in achievement and in strength. The report showed that the addition of thousands of new members and 340 new Lions Clubs—more than one new club for every week-day in the year—brought the total membership of Lions International to 147,909 and the number of clubs to 4,200, and that a large number of the clubs' 64,995 activities were direct contributions to the war effort.

Houston sends more to this class than any other city. But small towns like Alamo and Baileyboro are also represented. From western El Paso to bi-stated Texarkana the boys come to America's flying schools to forge one more mighty link in Uncle Sam's victory program.

GOOD GERMANS?—OR ARE THERE?

There must be some good Germans left in their benighted country. But the long-continued support given Hitler leaves most people rather dubious about them. There is a feeling that if Hitler should win, most of Germany would rejoice—if he should lose, most of it would cringe.

Gestapo and machine gun have cowed Germans into silence. How many there are who at any point would gladly have seen the Hitler regime fall, giving place to a wiser and saner government, can not be known while the secret police stand behind every door and telephone. Every brave and decent German fears to protest, lest his wife, children, or aged mother be slain or sent into slavery.

The Archbishop of Canterbury, in a land and town where one might least expect to find a tolerance for Teutons, utters a word for the "good German". A recent pronouncement states:

"The decision of the Allied governments to bring to justice those proved guilty of these abominations is the primary aim. The settlement must be in a political and military sense very severe, but it must also be such as gives the ordinary German citizen the sense that, so long as his state behaves itself, there is open to him as full a chance of good-humored life as to anybody else."

This is a rule or reason on which the new world may well be founded. Vengeance for the sake of vengeance does no one any good. But policing, segregating, teaching the young, soil taught for many years, will bring about a better life everywhere. The wicked need watching for a generation. The good need a chance to demonstrate and continue their goodness.—Amarillo Times.

B. B. Broun was advised to take things easy for some two or three weeks, after a light stroke.

One of Shakespear's plays had a farmer who "hanged himself at the prospect of plenty." But that was before the New Deal. Even as late as 1932 we can remember the prospect of plenty hammered down the price of wheat until local prices were as low as nineteen cents a bushel. And there was plenty of storage then. Today all storage is filled. There are cars to haul wheat to anywhere it is needed or could be stored, but no storage. Yet prices have not gone down to the mark set by the good old Hoover days. Everybody who has farm storage is quite well off, thank you, and many who do not have it will build it in the next few weeks. For wheat can be piled on the ground in this country with surprisingly little loss. So the "Prospect of plenty" is not so great a calamity as once it was.—Jimmie Rankin in Ralls Banner.

Around The Block

Isn't it fun to start thinking about new fall clothes on hot July days? We will probably be seeing new examples of autumn styles in the local stores in a few weeks, because lots of the merchants are on buying trips now. Among those who went to the Ft. Worth and Dallas markets are Mr. and Mrs. Everett Latham, Minnie Hazel Gore, and Mrs. Sam Kirschner. Mrs. Kirschner planned to go to Kansas City and St. Louis, too.

In case you wondered, Darlene Tankersley and Loyd Turner are the couple we mentioned last week, who hadn't announced their marriage. They're announcing it this week, so we'll take this opportunity of extending congratulations and best wishes.

Virgella Nan Dunn has been looking happy all week—possibly because she's getting married tomorrow. We like Mrs. Mills Roberts' frank manner. Mrs. Dick McDuffie is one of the most enthusiastic rummy players in town. In fact she seems enthusiastic about everything she does.

Several people we know think Mike Barrett is a dead ringer for actor-soldier Jimmie Stewart. Jackie Horn's visit with her husband at Sheppard Field last week was cut short because Horn was shipped to radio school a few days after Jackie got to Wichita Falls. As soon as he is definitely stationed she plans to go stay with him. Jackie says she likes Sheppard Field, though. She had only been there a few days before she was "Jackie" to a lot of the boys at the post.

It looks like little Mary Rushing has had more than her share of the accidents lately. She got a finger badly cut several days ago when she caught it in a lawn mower, and she still had some stitches in the finger when she went back to the hospital last week—a dog she had been playing with bit her face.

Joyce Dungan is a good looking and popular member of the Phi Beta Craesus club. We admire Betty Shelton's poise. Earlene Jone always wears smart looking clothes.

We're glad bare legs have become socially acceptable for working girls and morning shoppers. Mrs. Treadaway has started the fad for ladies to wear anklets to bridge parties, here, too.

Rebecca Ballard has lots of friends, judging from the number of people who say nice things about her. All the bus drivers whose runs take them through Brownfield marvel at C. C. Primm's efficiency as a ticket agent. When Billie Mack Herod invited his friends to his birthday party Monday, he requested that they make their gifts defense stamps because he is "collecting" them. We think defense stamps make nice gifts for all occasions.

Doris Cain modeled clothes for a wholesale dress firm in Dallas recently. We wonder whether her ambitions include becoming a model of the story book type. Everyone likes vivacious little Mrs. F. A. Scott. Wonder how the grocery store employee manage to remember the names of all their customers? They seem to be able to call everyone by name.

The Red Cross nutrition course to begin August 1 probably will be beneficial to all the women who take it. Mrs. E. C. Davis said she had studied nutrition before, but she felt like she would learn a lot from the course. Everyone is urged to register Monday, because the authorities want to know about how big the classes will be. You can enroll at the Red Cross Sewing Room anytime between now and August 1.

Jim Graves was in Odessa the other day, and he met a major of the regular army. In the course of their conversation, the major asked Jim what he was training to be in the armed forces. "I'm training to be a Major, sir," was his reply. The officer evidently took it all right, because, as Jim later told his friends, "He just laughed."

Miss Dunn and Av. C. Kelton Miller, of Goodfellow Field and formerly of Pampa, are to be married Saturday night in Lubbock.

The room was decorated with silver airplanes, and a large airplane was suspended from the ceiling over the table. Plate favors were tiny silver planes containing "wings" of silver paper on which were written the words, "Kelton and Virgella, July 25". Roses were arranged for the centerpiece for the table.

Nita, Frances, and Glenola remained to spend the night with the hostess.

PLEASURE CLUB MEETS WITH MRS. BARRETT

PHI BETA CRAESUS RUSH WEEK BEGINS THURSDAY

A rush week that is definitely designed to "keep 'em rushing" began yesterday for Phi Beta Craesus club members and their guests.

The first party of the series was held yesterday afternoon when Miss Glynna Fay Ross and Miss Mary Raye Simms were hostesses at a line party and sport dance.

Members attending were Misses Ida Mae May, Joyce Dungan, Wanda Finney, Frances Rambo, Barbara Taylor, Nita Jean Worsham, Patsy Ballard, Peggy Lewis, Wanda Hahn, Carolyn Harris, Glynna Faye Ross, and the hostesses.

Their dates were Sammie Jones, Mon Telford, Jr., Lee Hughes, Edgar Self, Morgan Copeland, Larry Tarpley, Sonny Walls, Robert Lee Craig, Andy Griffin, and Ted White.

This afternoon the girls plan to go swimming at 5 o'clock, and Miss Janelle Turner and Miss Nita Jean Worsham will entertain with a watermelon supper tonight at 8:30.

Saturday's activities will include a bridge party at 2:30 p. m., at the home of Miss Carolyn Harris and a Mexican supper honoring members of the Sub Deb club, with Miss Wanda Hahn as hostess.

Sunday morning the girls will attend services at the Baptist church, and will eat dinner at a down town cafe. Sunday night they and their dates will go to the Methodist church.

Miss Peggy Lewis and Patsy Ballard will have a bridge breakfast Monday morning at Bond's cafe. Club members and their dates will attend a scavenger hunt Monday night at Miss Hahn's home.

Miss Ballard will be hostess at an ice cream party Tuesday afternoon at the home of her aunt, Mrs. Howard Swan.

Wednesday afternoon the girls will work at the Red Cross sewing room, as usual. Misses Joyce Dungan and Wanda Finney will be hostesses at an "all year round" party Wednesday night.

The week will end Thursday night with a dance at the American Legion hall.

Plans for the week of activities were completed at the regular meeting of the club Tuesday afternoon at the home of Miss Hahn.

LADIES AID SOCIETY MEETS MONDAY

Ten members attended a meeting of the Ladies Aid Society of the First Christian church Monday afternoon. The meeting was held in the basement of the church.

Mrs. F. E. Walters gave the devotional. The lesson was a study of First Corinthians, and was led by Mrs. J. A. Davis.

Members attending were Mesdames Walters, Dennis, S. P. Veasey, T. W. Bruton, W. R. McDuffie, R. N. McClain, Crawford Burrow, Bedford Caldwell, A. A. Sawyer, and Bob Hamm. Mrs. Truett Flache of Lawton, Okla., was a guest.

RED CROSS KNITTERS ASKED TO REPORT ON WORK

Mrs. T. L. Treadaway, chairman of the Red Cross sewing work here, has requested that all people who have knitting materials checked out over three months to make a report to her.

She stated that the yarn or the finished garment should be turned in, or that she should be given some indication as to when the piece of work would be finished.

DAN'S THE MAN

Elect Dan Moody to the U. S. Senate

And Get A Senator For Texas Who Is A Real Statesman And Patriot

Former Governor Dan Moody, in his initial campaign speech, hit the nail on the head when he said, "This government will be no stronger than the men who hold our public offices." To be brutally frank, this is no time for soft men, for sentimental men to hold high office. During his terms as Texas Attorney General and Governor, Dan Moody proved himself a strong man who said what he thought, did what he believed right, and fought with all his might the men and movements he thought wrong.

We need that kind of man in Washington today—we don't have enough of them.

War Research

In war the advantage is on the side with the best weapons. The work of scientists in America's research laboratories, developing new materials and new equipment, means a lot to our fighting men.

1. It takes years to build up and equip a large, organized, and able staff for research. Fortunately, industry did this long ago.

2. Long before Pearl Harbor, laboratories like General Electric's were serving their country—solving technical problems of war.

3. History repeats! In the last war "wireless" was developed for military needs—to become, with peace, a giant broadcasting industry.

4. So it will be this time. Research will help to win the war, and its many wartime discoveries will help to build a better future.

General Electric believes that its first duty as a good citizen is to be a good soldier.

Michie Enthused Over McAllester

Had a glowing letter from J. E. Michie, erstwhile stray maverick from Terry county and Brownfield in particular, toher day. Our Uncle Samuel is to build a huge munition depot there to cost 40 million dollars and spread over a space something like the Brownfield ranch.

And according to the mayor of McAllester, coal mining, there in its golden age 25 years ago, only paid a wage toll of \$60,000 a week, and the plant will pay around \$500,000. Coal mining went with the wind when natural gas came in.

But, we are asking ourself the question: "Is it better to have or not to have these huge plants that will make our towns and cities top heavy with drifting population? Will they last after the war? Will these many new homes and rooming houses, new stores, etc., last?"

So-o-o! We'll just drift along with "old Brownie" till a better day comes, and with a large agricultural territory and the largest potential oil field in the world, we will hum again after the duration. Old Everett says he enjoys the Herald each week, and fully believes that if we live another 90 or 100 years, we'll get out a "D" good sheet. Thanks for the long range prophecy, and in the course of the 25 or 30 years, we'll surely show some improvement.

By the way, Michie, you can now get Terry county corn on the cob, and we'll have a fine crop for the east Oklahomans to bottle later on. We understand the sooners can handle the stuff almost as well as they can in McNary county, Tennessee, where you first saw the light of day.

Is you tires good enough to make a trip over here this summer? If so, why not—the old bunch here would like to see you and the lady.

HOME DEMONSTRATION CLUB PICNIC TO BE JULY 30

The annual county-wide picnic for Home Demonstration Club women will be held at Johnson July 30, according to Miss Dorothy Fay Blanton, Terry County Home Demonstration Agent.

Activities will begin at 11 o'clock. The Pool club will be responsible for organizing a "get acquainted" game to be played before dinner. Songs will be led by Mrs. Richie Meadow and Mrs. Dean of Wellman.

After eating their picnic lunch, the women will see displays in a sack fair. Each woman is to bring something she has made from sacks, and prizes will be given for the three best articles. Each club will be responsible for a stunt or game, and some member of each club is to take part in a "special talent" show.

Mrs. Hardin Joyce, of Johnson, council chairman, will have charge of the affair.

Each woman attending the picnic is to bring enough food for herself and her guests, and each member is responsible for having her own plates, cups, and napkins. The various clubs are to prepare and bring drinks for themselves, and each club is responsible for transportation for its members.

Food Handlers School Ends First Week

About sixty Brownfield food handlers who registered for training in the food handlers school being conducted under the sponsorship of the local Health Department, in cooperation with the State Health Department, have completed the first week's work, according to the local Health Department.

Cafe owners have shown a helpful and cooperative spirit in the work being done, and the participating food handlers are enthusiastic in their appreciation of the courses offered.

The training will be concluded on August 5th, at which time all trainees who have satisfactorily completed the work will be awarded personal certificates.

Placards of approval from the State Health Department will be given to those food establishments wherein 80 per cent of the personnel receive these certificates.

It is felt that those food handlers who have not yet registered for the courses can get a great deal of good out of it by attending the remaining lectures.

Local Health Department.
