BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, AUGUST 21, 1942.

NUMBER 3

Do You Want to Win This War?

SCHOOL OPENING PLANS MONDAY, AUGUST 31, PROGRESSING NICELY

Faculty of 58 Teachers Already Selected. Other Places to be Filled by Opening Date. School Handicapped in Many Ways. "Will do Our Best," says Supt.

The schedule for opening of the 1942-43 school term of the Brownfield Consolidated Independent Schools is nearing completion. The general teachers meeting in the high school auditorium at 9:00 o'clock, Monday morning, August 31, will be followed by a principal-teachers meeting in the afternoon.

SUPT. E. E. HANCOCK

All band and football students will enroll August 28 and 29 at the high school building. All other students will register Tuesday, September 1, at the respective buildings. All students entering Brownfield schools for the first time should bring transcripts in order to facilitate enrollment. Students are urged to discuss with their parents plans as to what they would like to do upon completion of public school work in order that the school may better guide its students in setting up his or her program.

We will be unable to offer some courses that students are asking for due to the fact that we have been unable to secure qualified teachers for those subjects, such as physics, for example.

We are opening this school term under the most difficult circumstances that you and I have ever seen. Things are so unsettled and changes are coming so rapidly that we hardly know how to plan from one day to the next. In order to maintain the high standard of our schools, we are doing our best to organize and carry on our work to the very best interest of each boy and girl in this community. We have lost a number of our teachers but most of the vacancies have been filled and we expect to have a full corps of teachers by the opening date.

Further and more detailed plans for enrollment and assignments will appear in next week's paper.

The following is a list of the faculty, to date:

Superintendent, E. E. Hancock.

High School Faculty.

W. M. Vernon, Maudie Joe Fields, Curtiss Barrett, John A. Bost, Tom Neely, Jewell Akers, Mrs. R. A. Martin, Hardy E. Williams, E. C. Buell, Vivian Gore, Rita Fincannon, C. A. Wilhite, G. W. Lair, Lola Beth Green, Vernon Brewer, Mrs. Jim Miller, Olive Dolton.

Elementary School

Elmer Brownlee, Irene Adams, Ella Mae Brownlee, Mattie Lou Graves, Vondee Lewis, Dorothy Barrett, John Locke, Della Mae Pritchett, Clara Pyeatt, Mrs. J. B. Patterson, Leta Hackney, Irene Black, Leavine Jane Tyler, Ellitabel Tilroy Kittle, Mrs. Terry Redford.

Jessie G. Randal School

Mrs. Lee Fulton, Cordia Mae Cates, Mildred Fouts, Mozelle Fitzgerald, Sarah Beth Rice, Mrs. C. A. Wilhite, Ona Faye Thornton, Edna Mae Bost, Frances Brewer, Wynona Newman, Viola Brown, Mary Lee, Olive Huff.

Run-Off Primary Coming Up Saturday

One of the shortest ballots in a runoff primary perhaps on record is coming up Saturday. In fact, there will not be a county or precinct runoff, and but one district runoff, that between Judge Pitts of Lubbock and Judge Nelson of Amarillo for Chief Justice, Court of Civil Appeals, 7th Supreme Judicial District.

Even most of the in in the state race won out July 25th, leaving only four to be decided, U. S. Senate, Lieutenant Governor, State Treasurer and Railroad Commissioner, (unexpired term). The sample ballot follows:

SAMPLE BALLOT
 I am a Democrat and pledge myself to support the nominee of this party.

FOR U. S. SENATE:
 James V. Allred, Harris County
 W. Lee O'Daniel, Tarrant County

FOR LIEUTENANT GOVERNOR:
 John Lee Smith, Throckmorton County
 Harold Beck, Bowie County

FOR STATE TREASURER:
 Jesse James, Travis County
 W. Gregory Hatcher, Dallas County

FOR RAILROAD COMMISSIONER (Unexpired Term):
 Beaufoed H. Jester, Navarro County
 Pierce P. Brooks, Dallas County

FOR CHIEF JUSTICE OF COURT OF CIVIL APPEALS, 7TH SUPREME JUDICIAL DISTRICT:
 E. L. Pitts, Lubbock County
 E. C. Nelson, Potter County

McCracken Selling Off Red Chickens
 W. F. McCracken, who not only has a mighty good farm and dairy herd, but a fine lot of chickens as well, informed the Herald man Saturday that he was going to one breed of chickens, and was therefore selling all his Rhode Island Reds. He has about 75 pullets.

He stated that he had about 300 white Leghorn pullets that would soon come in a layers, that come from some of the best stock to be procured.

In the course of the conversation, Mr. Mack stated that as he lived on the highway, he lost lots of his reds, as they didn't seem to be able to avoid cars like Leghorns. And let us add that it seems both cruel and unjust for speeders to carelessly run over and destroy property.

We have never run over a turkey or chicken in a car. No one has had to do this; your time is not that precious.

Budgeting For 1943 To Be Adopted Mon.
 Judge C. L. Lincoln informed us this week that the 1943 budget for Terry county will be adopted Monday at a sitting of the Commissioner's Court.

Mr. Lincoln stated that the meeting would be open to the public and any and all are invited to call and offer their help and ideas.

MASS MEETING AT COURT HOUSE SATURDAY AFTERNOON

If you are interested in winning the war, you are invited to be at the courthouse Saturday afternoon at 3 o'clock, when a full and complete discussion of the aims of the Junk Collection and the organization of various committees will take place.

Some good speakers will be on hand to tell the people of Terry County just what is expected of them to meet the needs of arms and munitions manufacturers and ship builders in order that we can win the war with the minimum loss of life of fine American boys. Everybody invited and expected.

C. T. EDWARDS,
 Chairman of Salvage Committee.

Weldon Ridgeway Has Good Crop

The Old He and the Mrs. called on the Weldon Ridgeway family Tuesday night to be with Mrs. Ridgeway's sister, Mrs. Terrill Isbell for a little while as she was leaving for home in Houston Wednesday. Weldon has a good crop and wanted us to see it.

So, we drove out and saw some excellent feed, corn and cotton that anyone would be proud of. We looked diligently for worms in his cotton, but found none. We saw no millers, but they can be there before you know it.

Weldon has a nice bunch of yearlings that he bought when calves, that are rolling fat now, running in a sudan field that hides them 40 feet from the trunrow. He has plenty chickens and hogs about the place, and it appears that the family will live and board at the same place.

Got a great lot of roasting ears from a corn field that looked as if it never suffered for a drop of water, and we were told to visit it whenever we wanted roasting ears.

The Ridgeways are planning on building out on their farm as soon as the war is settled. They have fairly good barns and corrals, but a very small house, and so live in town in the old Hamilton home. They have trees out on the site where they aim to build a modern farm home some day.

Weldon is a hard working young man, and while he has a large crop, some 230 acres, and while he still has some weeds in places, he is working on them. He hired only a few days of hoeing. They have a good farm, and appear to be taking care of it.

Our Mistake About The Pig Prices

Any number of farmers and dealers jumped all over us last week end when we came out with the statement that hogs had been "pegged" at 9.35 per 100 pounds in Chicago. Going back to our source of information, we found that the word was "guaranteed" instead of "pegged."

With the frequent use of the word "pegged," "ceiling," "priority," and what have you, these days, one is liable to make a boner about most anything. As a matter of fact, buyers were paying around 14c here last Friday.

No wonder an ordinary pork chop tastes like nobody's business.

Judge Pitts Here In Interest Of Candidacy

Judge E. L. Pitts, district judge of Lubbock, and a runoff candidate against Judge Nelson of Amarillo for Judge of the Court of Civil Appeals at Amarillo, was here Tuesday in the interest of his candidacy. Judge Pitts was high man in the recent quoatro race.

Terry More Than Meeting Naval Quota

In the U. S. Navy's campaign to enlist 6,000 men during the months of August and September, Terry county has been assigned a total quota of ten men, of whom the county has enlisted five. Lieutenant Ridout, Jr., Officer-in-charge of the recruiting district of North Texas, announced today.

"This is a splendid showing for the first two weeks of the campaign and if this pace is continued this county will more than reach the assigned quota," said Lieutenant Ridout.

He also thanked the civic groups and committee aiding the campaign and expressed confidence that this county would continue its active cooperation with Navy recruiters.

Members of the local voluntary naval committee aiding in naval recruiting are T. R. Black, E. G. Akers, Judge C. L. Lincoln, and C. T. Edwards, composing the American Legion committee of Brownfield, and J. D. Miller and Pat Patterson, merchants co-operating with the drive. Terry county, it is hoped, will supply at least five more men this month and ten in September.

A recruiting officer from the Lubbock Substation will be at the Brownfield post office each Tuesday, from 9 a. m., until 4 p. m., to interview and sign up applicants. Terry county men who have enlisted during August, are Prentice Herman Walker, Emery Stokes, Charles Melton Cleveland, Alvin Vanderford Lary and William Verdell Lasiter, all of Brownfield.

Sgt. Robert M. Warren In Oregon

C. C. Warren of Route 3, father of Sgt. Robert M. Warren, in the medical corps of the US Army, was in Saturday and stated that Robert had recently been transferred to Medford, Oregon, and that the move from Fort Bliss had carried with it a promotion from Corporal to Sergeant.

Mr. Warren is proud of the record his boy has made, having stood three examination in the medical corps and passed each with flying colors. His superior officers are urging him to attend some medical college, if not now, when the war is over.

R. C. Patton of Tokio, brought his daughter in Monday for medical examination. He stated she was suffering with something like bronchitis.

Mr. and Mrs. Fred Lowe and the girls spent the weekend with Dr. Jacobson and family in Amarillo.

not trying to array any section against the other in this race, and that while he was from the south Plains, he aimed to try to make the north Plains and Panhandle just as good officer as this section.

Yep! Old Terry Has The Crops Coming On

The Old He and the Majority Half "rid" out among the farms Sunday afternoon, and really saw the crops. Yes, sir, they are really good where we went, and we "kivvered" considerable of the north and northwest section of old Terry. Our "roof" led us northwest up the Levelland highway to Needmore school, thence west to the lateral road going south to Pool, and at Pool or near there, we saw a fine field of corn, just coming into roasting ears.

Says we to her, "I believe this field belongs to J. J. Gunter, and if I was sure, I'd get a mess of roasting ears. Says she, "well, I believe that is their house over there. Let's drive over and call on them as Mrs. Gunter is one of our correspondents." We did, and after quite a palaver, all of us went to another field where they said the corn was nearer the roasting ear stage, and we practically filled the space between the seats with good old Terry county roasting ears, the best in the universe.

Dropping on south two miles, we turned east to Harmony, thence south to 380 from Brownfield to Roswell, and in home. We saw some mighty good cotton fields, but got out in only that of Mr. Gunter. Found plenty leaf worms, but if preventative measures are taken soon, there will still be a bumper crop.

Saw as fine maize, kaffir, high-ear, etc., as a man ever wants to see grow. Some of the fields were already headed, and looked as if they were one solid field of heads Sudan, too, that a whole herd of cattle could hide themselves in, and good old corn fields that will make from 30 to 40 bushels per acre.

Even the hailed out area is coming out of it fast, and while the young cotton does not give much promise, they will make worlds of corn and feed.

39 Local Men Accepted By The Army

As stated last week, we are this week printing the names of the thirty-seven white and two negro men accepted by the army last week. Heretofore Mr. Simms, secretary of the local draft board had informed us that he did not like to give out the names of the men until he knew whether or not they passed. That was the reason we did not have the list last week. Sorry, but here they are a week after being given to other papers:

Albert V. Dearman, Aubra R. Nooncaster, Weldon N. McBrayer, Graydon H. Malcolm, Tom J. Harred, Harvey M. Smith, Heard Hester, Willis F. Decker, Deluvio M. Chaves, Ralph L. Murray, Pat C. George, Lois W. Speed, Dewey O. Neal, Wayne F. Kesinger, Sparks D. Veasey, Roy A. Young, Byron G. Parker, Marius G. Hulse, Allen D. Lambeth, John C. Ballard, Wilburn P. Turner, Armon W. Logan, Freeman H. Parker, A. P. Martin, J. C. Cunningham, James D. Oliver, James Heartsill, James H. Branscum, Henry C. Sandage, Harold L. Bardley, Kenyon H. Banks, Ernest Watkins, Willie B. Nunley, Phillip E. Thompson, D. L. Richards, Robert E. Adams, and Brad Walton.

Also accepted for military service were two Terry County negroes, T. B. Bookman and Leverston Williams.

Thurman Miller Home On Furlough

Thurman Orville Miller, son of Mr. and Mrs. I. H. Miller of north of Brownfield, was home the past week end on furlough.

He is in training at Camp Barkley near Abilene, and his address is Co. F, 358th Inf., Camp Barkley, Texas.

TERRY COUNTY ASKED TO MAKE JUNK DRIVE A REAL SUCCESS

We People at Home are Expected to do Our Part in Furnishing the Fighting Men Something to Fight With. Get in the Scrap.

The National Salvage Campaign is now on throughout the United States, and while the big Junk Rally will officially end here September 5th, that will not end the drive, for it is to be continuous, until every piece of junk metal and rubber in Terry county, Texas and the nation has been made into cannon and shells to junk the dictator powers.

Behind this drive is the local committee, and others whom they wish to appoint. Also your county and city officials, both here and at Meadow, all out 100 per cent to make this a junk drive and rally one we will remember for generations. Let's let every school boy and girl understand what this drive means, and like the fine patriotic school girls that have been selling war bands and stamps here in Brownfield, all the school boys and girls of the county will see that every ounce of metal and rubber about the place is salvaged and brought to town to be shipped where most needed.

Your local salvage committee is composed of C. T. Edwards, as chairman, assisted by R. L. Bowers of the Gulf Oil Co., and R. N. McClain, your county agent. These men and others they may designate, will be more than pleased to tell you where you can dispose of your junk at a price set by your government. This old junk may be useless to you, but oh, so dear to our men at the fighting front who must be supplied with guns and munitions if they are to breast the onslaught of these half civilized Hunns and heathen Japs.

Let us keep in mind that already Terry county and area has had the bitter news that some of our young men are missing in action, or actually killed or perhaps captured by the Japs which is almost as bad. If we are complacent, let us wipe that from our minds and get down to earth. We are in a total war and we have the most ruthless enemy to face that any civilized nation has ever had to face. Let us remember that they had years of preparation, before we ever made any pretense at preparedness because we had a bunch of complacent men in our US Senate and our Congress who twiddled their thumbs while the dictator nations made ready.

With God's help, we are going to win this war. There are no better fighters on top of earth than our young men, although they have been brought up to despise war, thousands of them at the knees of a praying mother. These mothers and fathers too, are still praying, and giving up their sons, brothers and husbands without a whimper.

But these men must have tools to fight with, just the same as our farmers must have the right tools to fight weeds, insects, etc., to make a crop. Farmers understand that it is a fight and a hard one from the time he plants until he harvests his crop. Just so, this is going to be a hard war, one in which we will have many disappointments; many of us are to shed tears for sons, brothers and husbands who will never return.

But our fighting men as well as we at home, have already realized, or should, that it is to fight like the devil or be made slaves like many countries of Europe, who have already been conquered or have peacefully submitted to the Mad Dogs of Europe and Asia. Shall we too, be their slaves? God help us that we never bend a knee to any foreign slave driver. We are of the opinion that every man in America that loves his country will lay down his life gladly before such a calamity overtakes our nation.

But our fighting men must have

the full aid of the second line of defense. Every ounce of junk must be salvaged from the town home and farm home. We cannot make steel from the raw material now fast enough to keep our steel mills rolling.

The Kind Of Junk Wanted Now

In order that people may know just what is needed in the way of junk, we give the list below. At the present time, no old papers are wanted, nor glass, razor blades or tin cans. The wanted list contains the following:

Scrap steel, cast iron, red and yellow brass, rubber, aluminum, zinc, copper, white metal and lead. You can sell your old fats to Piggly Wiggly. Other grocery-men are getting lined up to buy it, we understand.

Don't wait until the closing day to begin bringing in your junk. Remember it cannot all be shipped out at once, but as soon as a car can be made up it will be shipped to designated steel mills.

It will take the efforts of all of us to rid the world of dictators once and for all. Our government is pledged to never stop fighting until all of China, the Philippines and the democracies of Europe are restored to their people.

"GET IN THE SCRAP TO END THE SCRAP."

Victor Trussell May Be In Alaska

J. M. Trussell was in Saturday to have the Herald going to his son, Victor R., changed to his now address, and as it is to be sent in care of the postmaster at Seattle, Wash., it is presumed that he is now in Alaska. J. M. is confident we'll soon have enough men in Alaska to give any Jap contingent a warm reception.

The new address is not supposed to be given the public, as we were notified recently by the war department that after a soldier or sailor left our shores, his address could not be printed. But Mr. Trussell can give you his address if he knows you are a friend, and a loyal citizen, in case you wish to write Victor.

Could Have Filled Three Cars Of Riders

Last week, a brother of Lee Smith was here from California visiting Lee and family. Not having a full car load, he decided it would be nice to carry two or three passengers back with him to share expenses. So he inserted a little ad in the Herald to that effect.

Saturday morning around 11 o'clock, he was in and announced he had his load. After he left 3 other parties called by phone, two in person and Monday another called. Which goes to show they read the ads.

Showers Light Here The Past Week

In all, the government rain gauge in Brownfield registered 65-100 inch Thursday and Friday nights. While not all that was needed, it will help as the nights are getting cooler.

The northern part of the county received much more rain than here. Must have had from 2 to three inches in the Needmore and Pool sections.

An old timer is one who remembers when two girls discovered a man following them they called a cop. Now they match for him.

Constitutional Amendment

H. J. R. No. 23

A JOINT RESOLUTION proposing an amendment to Article 3 of the Constitution of the State of Texas authorizing the lending of Two Million Dollars (\$2,000,000) of the Permanent School Fund for the construction of a State office building or buildings; providing for repayment to the Permanent School Fund; providing for the submission of this Amendment to the voters of this State; and providing for the necessary proclamation and expense of publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 49-b, which shall read as follows:

Section 49-b. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas to the Permanent School Fund for the construction in the City of Austin of a State building or buildings, and the State Board of Education is hereby directed to invest not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund therein. Such bonds shall be executed on behalf of the State of Texas by the Governor and comptroller, and shall bear a rate of interest not to exceed three (3) per cent per annum, payable annually; they shall be of such denomination as may be prescribed by law, and shall be payable in not to exceed twenty five (25) equal installments beginning one (1) year from date of issuance; and the State Treasurer is hereby authorized and directed to set aside into a special fund annually at the beginning of each fiscal year until all of said bonds shall have been paid off and discharged, a sufficient amount of the first moneys coming into the Treasury for the use and benefit of the General Revenue Fund not otherwise heretofore obligated to the payment of bonds and interest, a sufficient amount to pay the interest becoming due and the bonds maturing during such fiscal year. From said fund, the Treasurer shall pay the interest on said bonds as it comes due, to the credit of the Available School Fund; and shall pay off said bonds as they become due and deposit the amounts so paid to the credit of the Permanent School fund. The power hereby granted to issue bonds is expressly limited to the amount stated and to five (5) years from and after the adoption of this grant by the people.

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words: "For the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Those voters opposing said Amendment shall write or have printed on their ballots the words: "Against the amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Section 4. The sum of Eight Thousand Dollars (\$8,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election.

I GIVE YOU TEXAS
by BOYCE HOUSE

A great pile of newspapers stacked up while my campaign was going on. After that was over, I delved into the stack and the last one of all had been mailed to me by my aunt in Memphis, Tennessee—and when I ripped the wrapper off, there was the news that Judge A. B. Pittman had died.

Now perhaps none of the readers of this column ever heard of Judge Pittman but, because he was my friend, I hope you won't mind my writing something by way of a tribute; and because he was unique, I hope further that you will find these words of interest.

Judge Pittman was, perhaps more than anyone else, responsible for my becoming a newspaperman and so, if there were no other reason than this, I would always cherish his memory.

But this is about the Judge himself.

Constitutional Amendment

H. J. R. No. 24

A JOINT RESOLUTION proposing an Amendment to Article V of the Constitution of Texas by providing that the Legislature shall have the power by local or general law, in counties having a population in excess of two hundred thousand (200,000) inhabitants to create other courts having exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters; fixing the time for an election therefor; prescribing the form of ballot; providing for a proclamation of such election and the advertisement thereof; and making an appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 22-a and reading as follows:

Section 22-a. The Legislature shall have the power, by local or general law (without the necessity of advertising any such local law), in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters.

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the first Tuesday after the First Monday in November, 1942, at which time all voters favoring such proposed Amendment shall have written or printed on their ballots the following:

"For the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Those voters opposed to such Amendment shall have written or printed on their ballots the following:

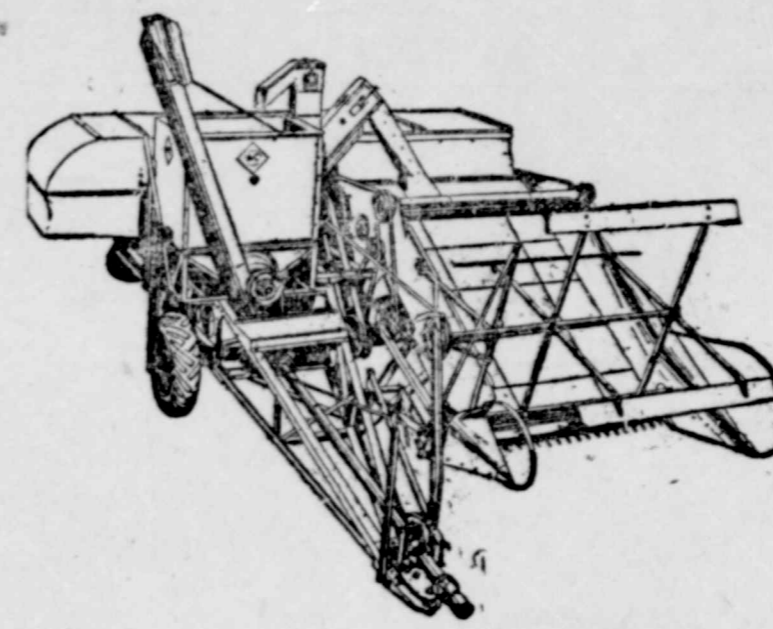

"Against the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

If it appears from the returns of said election that a majority of the votes cast is in favor of the Amendment, the same shall become part of the Constitution of the State of Texas.

Section 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have it published as required by the Constitution and existing laws of this State.

Section 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary is hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication and election.

GET YOUR COMBINE READY FOR HARVEST

Now is the time to start getting your combine ready for the harvest while parts are still available. Due to the large acreage and the scarcity of new machines, it's important to get the old combines fixed now. We have a few completely rebuilt harvesters for sale.

KNIGHT MACHINERY

Judge Pittman presided over what would be, in Texas, the Civil District Court.

He was not a handsome man, except in the way that Abraham Lincoln was handsome—rough-hewn features that readily lighted with a smile, and kindly, gray eyes.

The Judge was a man of wide reading and of wider study of men. His sympathies were with the poor, the underprivileged, the voiceless.

He was unorthodox in his conduct of the court. You might go in and there would be a witness on the stand, and questions and answers would be in progress and there would be a jury in the box—but no one on the bench. A lawyer would arise—Judge Pittman always insisted that a lawyer must arise when he addressed the court—and say, "Your Honor, I object."

A man standing over by the window, gazing out on the street, would say, "Objection overruled," and the trial would go on.

Judge Pittman insisted on punctuality on the part of attorneys, jurors and witnesses. He imposed a fine of \$1 for each minute that anyone was late.

One day the Judge entered the courtroom. It was one minute past 9.

"Mr. Clerk," he said, "enter a fine of a dollar against the court"—and the Judge handed over the fine.

He had little patience with pomposity—with stuffed shirts.

A lawyer who didn't like a ruling gave out a statement to the press, severely criticizing the Judge. Everyone thought he would cite the lawyer for contempt of court. When he didn't, the reporters asked Judge Pittman for a comment on the matter. His reply was:

"It is the inalienable right of any American citizen to make a darn fool of himself whenever he wants to"—and that was all he would say about the attorney.

Judge Pittman really believed that "reason is the basis of law"—that common sense should govern trials—that the purpose of a court should be justice between man and man.

He disliked excess verbiage and high-sounding questions. A negro truck-driver was injured and he brought suit. A fellow truck-driver was on the stand and was asked:

"Did the plaintiff know, or could he have known by the exercise of reasonable prudence, that the truck was in a defective condition?"

The witness wailed his eyes in bewilderment.

Judge Pittman said, "What the lawyer means is, Did George over there know—or ought he to have known—that the truck was liable to break down?"

The darkey grinned in relief and answered, "Naw, suh."

Judge Pittman believed that the office should seek the man, not the man the office. And so he never filed his name — friends would place it on the ballot by

POOL

The Baptist meeting closed Sunday night. It was a successful meeting with Rev. Joe Gail of Meadow doing the preaching.

Rev. Harkins of Gomez preached last Sunday night.

Miss Nettie Jean Newsom of Lubbock is spending a few days with her parents, Mr. and Mrs. S. V. Newsom and family.

Miss Annis Garland of Cameron, Texas, is visiting her aunt, Mrs. W. E. Pool.

Mr. and Mrs. Bill Rowe spent Sunday with Mr. and Mrs. Sprowls of Lamesa.

Miss Delores Ticer of Amarillo is visiting her grandparents, Mr. and Mrs. H. H. Harben and family.

Mr. and Mrs. Irwin Florence and family of Tulsa, Okla., and Mrs. Molloy Rowe, also of Tulsa, spent the week-end with Mr. and Mrs. J. P. Rowe.

TOKIO H. D. CLUB

The Tokio H. D. Club met in the home of Mrs. G. C. Perry on August 10. The president presided. Roll call was answered by five members, Two new members were present.

A report from council was given and then the meeting was turned over to Miss Blanton, who gave a demonstration on "Drying Fruits and Other Methods of Preserving."

Our meeting date has been changed from the fourth Tuesday in each month to the second Monday. Next meeting will be in the home of Mrs. W. P. Smith August 14th.

Two Wink Colored men were talking about the war the other day, and I heard one of them say: "There is too much argumentation about everything in the war," and the other agreed and added, "you just can't win a fight if you don't hit some licks."—Wink Bulletin.

Efforts of the railroads to move oil tankers to the eastern seaboard to take place of ocean-going tankers, and which is taking "overtime," is said to be showing the wear and tear.

The rubber business seems to grow more a muddle than clarity. A Goodrich expert says that it would take several years and a space the size of New Jersey with 100 trees to the acre, to supply normal domestic needs. Yet, for some reason, the establishment of synthetic rubber plants seem to be held up.

Here is good news to the cotton farmer. If they use cotton bagging, instead of jute and other foreign substances, they will get pay for 7 pounds above the gross weight of the bale, and then they are using their own products and a better one, but not so heavy. However, it is believed the 7 pounds extra will about take care of the difference.

A yarn is going the rounds, and many declare it true, that a naval recruiter from somewhere in west Texas was sent to New Orleans office. He had been used to getting a number of recruits each day in Texas, and waited several days in New Orleans without a bite. So, he painted a sign and put it out in front. It read: "Join the Navy and help Texas win the war."

The Herald had the shock of its life one day this week. We opened one of the many propaganda letters we get from various sources each day, and dinged if the paper wasn't a blank—not a word "writ" on it. Thanks a lot. That's the way we like 'em. More power to the blankety-blank propagandists.

The directors of the West Texas Chamber of Commerce have voted almost unanimously not to hold any regional meetings until after the war. Meetings will therefore be held in the affiliated towns to pass on new subjects, or to vote on ratification of propositions or amendments, etc. This in turn is to be sent to the headquarters at Abilene by mail. Election committee there will then count the ballots and declare results. This in order to conserve precious rubber.

There appears to be a shortage of beef over most of the country that has not been noticeable here, but may come. Feeders are being urged to hasten the fattening process by using the shorter feeding method. There are plenty of cattle, but they are not fat.

Then, too, a lot of beef is being shipped to our allies, not in the dehydrated form, which saves up to 90 per cent on shipping space, it is stated. Of course the government might make up with Argentina beef under convoy, but who but the axis wants to use their beef after the way they have acted?

It is stated that the WPB has thoroughly revised their priority system so that the army and navy get full production, as these officials announce they are getting weapons and munitions ready for what is termed "a certain strategic program" or "task force." These terms are not explained, but many read between the lines that it's another front, and like in Germany, it is a choice between guns and butter, and we'll get the guns. Anyway, it means that farmers and others must take care of their tools and implements as never before. Land owners should see that their farms or those they own are supplied with sheds for the housing of farm implements. And whether you live in town or on the farm, find a place to protect the hoes, rakes, spades, mat-ax, garden hose and other tools and appliances. It may be a long time before we get new ones.

When the going gets a little tough in varied lines out this way, the workers simply fold up their tents and hie for Amarillo, Carlsbad, Ft. Worth or one of the many defense centers, where every day in every way folks are getting richer and richer. But, folks, just as we told you a couple of weeks ago, there are some mighty green pastures right around home if you will only look around a bit. Take the case of a certain Indian and his squaw, who descended upon Littlefield a couple of weeks ago, and set up their teepee right on the main avenue, and put out a sign, "fortunes told." If that doesn't beat any old defense job, even at the high government scale, we miss our guess by at least 100 fortune seekers per diem. And the beauty of it is there is no deduction for war stamps or union dues. If you just want a little fortune told you can get it for 50c, but if you want "all the line read," an extra half or whole buck will do the trick. Barnum one said "a sucker is born every minute." Out this way the birth rate must be higher.—County-Wide News, Littlefield.

Tramp (who has just received a piece of pie for sawing wood from a newly-wed): "Do you mind if I saw the pie and eat the wood?"

Plane to Carry 80 Tons of War Material Planned

NEW YORK — Planes are steadily growing larger under the compulsion of war. Already they transport parachutists, now called skyinfantry. One of the big aviation companies has developed and begun manufacture of a large plastic airplane for transporting freight as well as troops. Another aviation concern has plans for a huge 300 ton plane capable of carrying 80 tons of war material at speeds 25 to 30 times the rate of convoys ploughing the seven seas to distant theatres of war. Such a plane could make at least 25 round trips to one of an ocean freighter. Two of them would equal carrying capacity of an 8000 ton freighter and would cost not much more to build in less time with the marked advantage of quickly transporting troops or war supplies where vitally needed, free of submarine menace and danger of bombing while unloading at port of embarkation.

Commercial aviation has grown by leaps and bounds since the last war; particularly in past ten years. What can be expected of it after this war? On April 19th of this year Percy E. Bates, chairman of the Cunard Steamship Co., in a statement published in London, pointed out post-war possibilities of serious competition between airlines and transoceanic steamships for passengers. One of the foremost aeronautical engineers engaged in manufacture of wartime planes, Mr. Grover Loening, recently stated that airplanes must replace ocean-going vessels completely, not only for passenger traffic but also for heavy freight. He predicted this would happen immediately after the war.

Jas E. McDevitt, an aviation engineer from the World War, has designed a monster airplane which is all body with no wings; i.e., it is a flying wing ranging from 500 tons to 3000 tons weight and, if desirable, even larger. It is powered by 60,000 horsepower of high-octane gas motors, directly operating the propellers in large wind funnels running full length of the plane. The air is sucked in at high speed through openings at front of flying wing and discharged at end of the tunnels from rear of the plane. Some of the openings at front of flying wing can be seen in above picture. In addition

Picture above shows a 1500 ton plane having carrying capacity of 400 tons and capable of flying the stratosphere at 450 miles per hour for 24 hours without refueling.

to being 400 feet wide and 210 feet long above 1500 ton plane is 35 feet high in front, tapering down to a knife edge at the rear. So there is plenty of room in the flying wing above the tunnels for both passengers and freight—almost a million cubic feet which is about 1/2 the available space in the largest transoceanic liners.

Monster Plane Contains No Wings
An important feature of this flying wing design is ability of plane to take-off vertically without any preliminary speed-up on a long concrete runway. Also the plane will land vertically without a far because the rate of descent is controlled by a series of lifting airfoils, "sky-hooks," that are adjustable to lift or drop the

plane at any desired speed, or even hold it stationary in the air. In this respect McDevitt's flying wing will imitate the automobile. Not requiring expensive airfields with long runways it can proceed direct to any manufacturing plant, land at loading platform, take on its cargo; then fly direct to final destination and discharge its freight without need of railroad or motor truck for final delivery. For deluxe passenger service flying wing can ply between cities direct, loading and discharging passengers from overhead terminals in central locations of each city. Thus vertical ascent and descent of plane by means of sky-hooks will eliminate long jaunt from present airports to travelers' final destination, besides greatly increasing safety of air travel.

Baptist Revival Attracting Crowds

The revival being conducted in this church in which Dr. I. L. Yearby is doing the preaching, morning and evening and J. C. Cohen is conducting the singing is growing in interest and attendance.

DR. I. L. YEARBY

Dr. Yearby brings an interesting message that magnifies the Word of God which he believes without question and it is refreshing to hear him comment on his message for men.

We especially invite the membership of other churches in town or country to avail themselves

of this opportunity to hear him and we desire to fill this great auditorium with people who will wait on his message.

As we stated in this announcement last week we consider ourselves fortunate indeed to secure such a preacher who has been pastor of the First Church, El Paso, for fifteen years and is yet going strong with his own church.

There are a great many people who do not attend the church regularly who give as their excuse that they are somewhat tired of the regular pastor and that his manner has grown old and uninteresting and now all of these people are without any excuse whatever as there is a new voice in the pulpit and if they do not come they prove they were not sincere when they wanted someone else but merely desired to absent themselves from the church.

We would add that to a large number of people who have continuously rejected Christ, some for only a few years and others for almost a lifetime that this may be your last opportunity to hear one of God's men proclaim the way of life to men who are lost and we would urge you as a church to avail yourself of this chance to hear the Word of Life as it was for this purpose the church secured Dr. Yearby for this meeting. We are performing our responsibility, what will you do with yours? Attend every service, and all are welcome.

Subjects To Be Discussed
Fri., 8:45 P. M.—"Having Fun

WELLMAN H. D. CLUF

The Wellman Home Demonstration club met Aug 11th, with ten members and three visitors present.

Miss Blanton demonstrated drying fruits and vegetables.

Several kinds of cookies were made under the direction of Mrs. Wiman and packed, together with other articles donated by club members, for seven boys in the service.

Officers for next year were elected as follows:
Mrs. V. Hudson, president; Mrs. Sewell Dean, vice president; Mrs. Jim Wiman, secretary; Mrs. Alvie Christopher, treasurer; Mrs. L. A. Riney, council delegate; Mrs. J. K. Griffith, parliamentarian; and Miss Wilma Woodard, reporter.

The next meeting will be with Mrs. Griffin in Wellman.

Nathan Hale was captured by the British in the Revolutionary War. He was tried and convicted as a spy and hanged in short order. Those who hanged him could not help respecting him, and his countrymen have gloried in his last words, "I regret that I have only one life to give for my country." Benedict Arnold turned traitor. He was never captured by the country he tried to betray. He lived his life out. Not even those who gave him gold to betray his trust respected him and his native land has despised him beyond all words. The German spies who last week paid with their lives for their devotion to their country do not merit the disrespect of America tho' surely they merited death. But the traitors who sheltered them in America, if convicted, must die and their names will bear forever the shame they deserve.—Jimmie Rankin in the Ralls Banner.

Saw T. G. Coker Monday, looking kinder stoveup. Said rheumatism was about to get him.

on the Primrose Path to Perdition."

Sat., 8:45 P. M.—"Why Doesn't God do Something About the War?"

Sun., 11:00 A. M.—"Family and Home Religion," a great family hour.

Sun., 8:45 P. M.—"God's Supreme Offer."

Mon., 8:45 P. M.—"The Next Stop on God's Time Table." "The Second Coming of Christ."

Tues., 8:45 P. M.—"Do You Believe in Ghosts?"

Wed., 8:45 P. M.—"The Ultimate and Inevitable Question."

Thurs., 8:45 P. M.—"Sin's Only Solvent."

The 11:00 o'clock Service Sunday morning, August 23 will be dedicated to the homes of Brownfield. This will be a great family hour. Dr. Yearby will bring a message on "Family and Home Religion." The families are asked to sit in their family groups. Do not miss this great service.

CARD OF THANKS

We sincerely thank all our friends and neighbors for their thoughtfulness and kind deeds during the illness and death of our precious little daughter and granddaughter.

Mr. and Mrs. J. B. Ford
Mr. and Mrs. Ame Flache.

Genevieve Murphy spent the last week-end visiting in Brownfield. Miss Murphy is attending a business school in Lubbock.

LIBERTY LIMERICKS

A locksmith who lived in Key West,
Said—"I have a plan to suggest:
Buy Bonds—all you can;
They'll help lick Japan—
Moreover, they'll feather your nest!"

Help your county meet its quota. Invest 10% of your income in War Bonds regularly, regularly, regularly.

Penalties For Overplanting Cotton Acreage

College Station—Cotton farmers who overplant their allotment by more than three acres or three per cent, whichever is the larger, will not be considered as "knowingly overplanted" and may be eligible to receive a part of their conservation payments but they will be subject to conservation penalties and marketing quota penalties. B. F. Vance, state AAA administrative officer, has announced.

Conservation penalty rates, Vance explained, are 10 times the payment rate and if the three acre overplanting is ten percent or more of the allotment, the penalty will wipe out the payment.

As an example, if the allotment is 30 acres and the farmer plants 33 acres, the penalty on the three acres will wipe out the payment on the 30 acres.

This provision, Vance explained further, in no way affects marketing quota regulations and the farmer will receive a red card if he overplants his allotment and will be subject to a marketing quota penalty if he sells cotton in excess of his farm marketing quota.

However, he concluded, farmers whose overplantings do not exceed three acres or three per cent, whichever is the larger, will be eligible for government loans.

THANKS

We wish to thank all those who plowed our crop for us during the illness of our little daughter. Your help was very much appreciated.
Mr. and Mrs. J. B. Ford.

ADVERTISING IN ENGLAND

From the London branch of Lord and Thomas, New York Advertising firm comes the following philosophy about wartime advertising: "Woven deep into the ways of Democracy is advertising: A bridge between the freedom of the people to buy and sell. No Nazi bombing has been able to destroy that bridge in Britain. Every advertisement appearing there today is a flag of defiance; is direct testimony to someone's faith in the future; is someone's toast to victory."

ATTENTION SINGERS, LOVERS OF THE SACRED HARP

On the fifth Sunday in August a meeting of Sacred Harp singers will be held in the Primitive Baptist church at 2402 Fifth Street, just off College Avenue in Lubbock. If you are an Old Harp singer or a lover of this old music, you are cordially invited to attend this meeting. Let us lay aside our cares for one day and revive memories of days gone by. Bring your noon lunch.

A. L. Stringer.

1942 Cotton Crop Soars Over 13,000,000 Bales

Washington, Aug. 13.—The agriculture department Saturday estimated the 1942 cotton crop will be 13,085,000 bales, compared with 10,744,000 bales last year and a 1931-40 average of 13,109,000 bales.

Immediate effect of the forecast, nearly three quarters of a million bales above expectation in New York trade quarters, was to send futures prices at New York and New Orleans down nearly \$2 a bale.

Shortly after announcement of the estimate, 2,341,000 bales or 22 per cent more than the 1941 production, the Commodity Credit Corporation announced it 1942 cotton loan program.

The new loan rate was based at 16.02 cents a pound on 7/8 inch middling. A two cent a pound increase over the 1941 rate, the figure was based upon 85 per cent of the parity price of 18.85 cents on Aug. 1, 1942.

Cotton ginnings to Aug. 1 totaled 48,615 bales, compared with 1,969 bales last year and 32,187 bales in 1940.

Austin, Aug. 13.—A Texas cotton crop of 3,177,000 bales of 500 pounds gross weight is forecast as of Aug. 1 by the crop reporting board of the U. S. Department of Agriculture, released here.

This forecast is the first for the season. It compares with 2,652,000 bales produced last year and 3,686,000 bales average production for 10 years.

AN IMPORTANT DATE ON YOUR CALENDAR

These are terrifying days when we must think soundly, act decisively and move on to happier days. In the words of Franklin D. Roosevelt:

"Let us then march forward together, facing danger, sacrifice, competing only in the effort to share more fully in the great task laid upon us all." A divided people might now prove to be the difference between a long and short struggle.

We must win the war. Let's not make the task more difficult. Let's uphold the hands of those who are fighting so courageously for the right.

One grave danger this year when we are all interested in activities to aid Uncle Sam is that we may neglect voting and getting out the vote. This was demonstrated in the primaries. To continue our excellent form of government, let's remember the right of suffrage.

Nov. 3 is an important date on your calendar. Be ready for it.—The Hoosier Sentinel.

What You Buy With WAR BONDS

Hitler found out that his high powered mechanized and motorized army bogged down in the snow and mud of the Russian Winter. Although our Army is largely mechanized the cavalry horse is still a highly essential factor in this mounted division and in the Field Artillery. The Army also maintains remount farms where many cavalry horses are bred and raised.

These select horses cost from \$100 to \$165 and our crack cavalrymen are expert riders and carry on the traditions which have followed the cavalry from the earliest days of the Army. Purchase of War Savings Bonds will insure good mounts for the Cavalry. You and your neighbors buying War Bonds and Stamps regularly every pay day can help buy these horses for the U. S. Cavalry. Invest at least 10 percent of your income in War Bonds.

U. S. Treasury Department

Elder J. H. Killion of Monohans, former minister of the local church of Christ, is now a patient at the Treadaway-Daniell hospital for treatment and observation. He has been ill about two years. His friends are invited to make a short call at his room.

Barney Holgate and family have moved to Amarillo, where their Herald follows.

Griffin Gin Sold To Co-Operatives

Hayden Griffin announced this week the sale of the Griffin Gin to Brownfield Co-Operative Society No. 1. The Griffin Gin is just across Main Street from their original property, which consists of a gin, freezer plant and filling station. The Co-Operatives will operate both gins this fall.

Mr. Griffin did not state the amount of consideration, but did state that he got the price he asked. At present Mr. Griffin is working at the post office, but stated that he would farm next year.

FARMERS ASSURED OF ADEQUATE LABOR

That the State Department has finally worked out plans for bringing in Mexican farm labor into the United States this summer and fall is good news to our farmers, especially the farmers of Texas, and of West Texas, with the need for thousands of pickers and cotton hands already looming big and large.

That the wage which they will receive this year will be higher than in the past there can be no doubt, but that is secondary compared with the good news that this labor will be available.

Out here in West Texas, where we raise cotton on a mass scale, it takes mass labor to gather it. The little, small plot farmer of east, central and south Texas (with few exceptions) has no idea of the magnitude of cotton growing on the Plains, unless he has visited this section, and been convinced with his own eyes and vision.

With picking labor now practically assured, and a better price already here, despite increased costs, West Texas cotton farmers are almost bound to write their figures in black on the profit side of the ledger this year.—Littlefield County-Wide News.

MISS BEVERLY Balfanz HOSTESS TO SUB-DEBS

The Sub-Deb Club met at the home of Miss Beverly Balfanz, Wednesday afternoon. The president, Miss Jean Knight presided during the business hour of the meeting. The members discussed plans to give a dinner for the old members of the club.

Watermelon was served to: Misses Janette Edwards, Glynola Murphy, Wanda Mae Zachery, Gloria Hughes, Nita Inez Chaffin, Charley May Harold, Jean Knight, Juanda Turner, Christine McDuffie, Patsy Carter, and the hostess.

BEVERLY Balfanz HONORED WITH BIRTHDAY DINNER

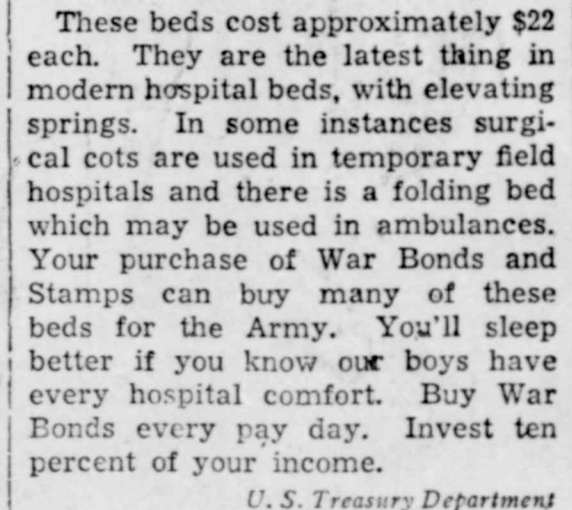

Mrs. Lee Balfanz honored her daughter, Beverly, with a birthday dinner Sunday, on the occasion of her 15th birthday.

Decorations were flowers. The centerpiece for the table were 15 gladiolas representing her fifteen years. The flowers were sent from out of town.

Guests were: Misses Betty Jo Horn, Christine McDuffie, Jean Knight, Patsy Carter, and Juanda Turner.

What You Buy With WAR BONDS

It's not a pleasant picture to contemplate, but War calls for "blood and sweat and tears." And the Army Medical Corps, with its efficient nurses and its volunteer Red Cross "Angels of Mercy," needs thousands of surgical beds for field and base hospitals on every front.

These beds cost approximately \$22 each. They are the latest thing in modern hospital beds, with elevating springs. In some instances surgical cots are used in temporary field hospitals and there is a folding bed which may be used in ambulances. Your purchase of War Bonds and Stamps can buy many of these beds for the Army. You'll sleep better if you know our boys have every hospital comfort. Buy War Bonds every pay day. Invest ten percent of your income.

U. S. Treasury Department

G. W. Chisholm handed in the kale this week to get the Herald started to his daughter, Mrs. Jack Latham, at Oroville, Calif. The Herald is getting almost as many readers in California as we have in Texas outside of Terry and adjoining counties.

What You Buy With WAR BONDS

Tractors and motors will never wholly replace the Army Mule as a factor in the mobile units of our army. The Army Mule is a tradition and the "mule skinner" is a breed unto himself. Army Mules are used by the Field Artillery and the Cavalry in areas where the terrain is rough and tractors cannot operate.

Pack trains in mountainous sectors are often necessary and here the mule, slow but sure-footed, plays an important role. Our Army buys thousands of mules paying from \$175 to \$190 for each. The mule eats less, carries more, and some declare is smarter than the horse. Your purchase of War Bonds and Stamps helps pay for these Army Mules. Invest at least ten percent of your income in War Bonds every pay day.

U. S. Treasury Department

INTO THE W. A. A. C.

Registration office: "your name, please?"

Spinster: "Mathilda Brown."

R. O.: "Age?"

Spinster: "Have the Misses Hill who live next door given you their ages?"

R. O.: "No."

Spinster: "I'm the same age as as they."

R. O. (filling out the particulars): "Miss Brown, as old as the Hills."

George Mahon In Town Wednesday

Congressman George Mahon was in town briefly Wednesday, and addressed the Lions club at noon. Called the Herald over the phone, as he stated he'd hardly have time to call in person.

George stated that he was asked so many questions that it was hard to get about in a hurry and meet any people. He admitted that there were many things going on in Washington that he, on the ground, could hardly understand.

But, says he, we must trust our leaders. That is the only course to pursue.

AN EDITORIAL

Franklin D. Roosevelt is not only the president of the United States, but as such he becomes the commander-in-chief of all the armed forces of the United States, on the land, in the air and on the sea. It's the biggest burden ever placed on one man in the history of the world, for every freedom loving nation in the world is looking to him and the United States to save them from death or the disgrace of slavery. Roosevelt needs the help of every true American. Let's help him on election day by sending him a Senator who will uphold his red arms, one in whom he has shown his confidence—by appointing Federal District Judge, James (Victory) Allred.

We owe this to the commander-in-chief of our boys who are now, or will be, fighting the battles for freedom of the world—and for you.

This is no time to put a bull fiddle back in the United States Senate.

Ben Hilyard, wife and two sons, of Dallas, were here last week visiting Mrs. Hilyard's parents, Mr. and Mrs. J. M. Williamson, and paid the Herald a call as Mrs. Hilyard was employed by the Herald for some ten years. Ben is with the auditing section of the Liquor Control Board, being appointed during the Allred Administration.

Mr. and Mrs. Logan of Lubbock, were in Brownfield last Wednesday.

SOCIETIES CHURCHES ENTERTAINMENTS CLUBS

Social Events of the Week

MISS DORIS CAIN, Society Editor

Phone No. 1, or 369-M

SUB-DEB PRESENTATION FRIDAY NIGHT

Climaxing a week of initiation for the new members of the Sub-Deb Club, was their formal presentation. The new members assembled on the stage behind a white curtain with Sub-Deb written in blue. As each girl came out and down the silver star-studded steps, Bill Price the announcer, called her name. At the foot of the stairs, each girl was met by her escort, and together they walked slowly under an arch made by silver swords held by Sub-Deb members. After each girl had been led by her escort under the arch there was the Grand March which broke into a conga. After the conga, the dance started.

The new members were presented in the following order: Miss Inez Chaffin, escorted by J. W. Proctor. Miss Chiffin wore a white net dress with red carnation corsage. Miss Janette Edwards, escorted by Raymond Benson. Miss Edwards wore blue net and pink carnations. Miss Glynola Murphy, escorted by Howard McLeRoy. Miss Murphy wore blue lace and pink carnations. Miss Charley Mae Harold, escorted by Monroe Rowden. Miss Harold wore red net and white carnations. Miss Gloria Hughes, escorted by Richard McDuffie. Miss Hughes wore a pink flowered gown with white lace inserts. Her corsage was pink. Miss Wanda Mae Zachery, escorted by Dick Ferguson. Miss Zachery wore a gown of red and white organ-d, with red carnations.

The hall was beautifully decorated with the color scene of

red, white and blue. Before the presentation, Little Jo Ann Cave and Tony Akers, dressed in white satin, sold War Stamps to the parents at the tables. They carried blue boxes with silver stars, saying, "Buy Defense Stamps."

Crepe paper of red, white and blue hung over the entrance to the dance floor. Along the walls hung red, white and blue paper, and in the center of the room, a cluster of red, white and blue balloons hung from a light. A white curtain with Sub-Deb written in blue hung from the stage. In the center was a tiny arch of blue and silver. Silver steps led to the floor. On either side of the steps were baskets of red and white roses. On each table was a centerpiece of tiny red flowers. Pink carnations from the Phi Beta Craesus decorated the doorway outside the entrance.

NAZARENE REVIVAL

We have been requested to announce that the revival meeting of the Tokio Nazarene church begins Tuesday, Aug. 19 and continues to Sept. 6th.

Rev. J. H. and Maggie Drap-pord of Springdale, Ark., are the evangelists. Everyone cordially invited to attend these services.

Homer D. Wade, noted throughout Texas for his chamber of commerce work, and one of the organizers of the West Texas Chamber of Commerce, died recently in Smithville, Texas.

Jiggs Tankersley is visiting in Brownfield this week.

Around The Block

Hitler is really a nuisance. Not only has he caused the death of millions of people, the destruction of cities, land, and fine art, and a million other serious heart-breaks and disadvantages, but now we read that a ruling has been passed by the State OPA forbidding school buses from being used to transport football or basketball teams, etc. This will certainly keep lots of towns from having football teams for the duration. We are hoping that even though buses may not be used, there will be enough cars, or perhaps enough money can be raised to go by train on the longer distances.

We saw LeJune Lincoln the other day. He's home on furlough, and looks very handsome in that Navy uniform.

Could it be that Buford is developing that natural wit of his. When he was asked if he had gone on a vacation, Buford replied, "I guess so. I didn't go on a train."

Have you ever heard that cute little saying about the goldfish that someone thought up recently? It's part of the alphabet, but if you say it fast enough, it almost makes sense. Read it out loud and fast: "A B C D GOLDFISH. L M N O GOLDFISH. O S A R—C M N BOL? Crazy, ain't it?"

Supt Hancock, who is very insistent about the teachers signing their contracts, got the laugh turned on him when Mr. Brewer found out he couldn't sign his contract because Mr. Hancock neglected to draw it up.

The Phi Beta Craesus members discovered their secret meeting had not been so secret. Some boys told them word for word what they had discussed at the meeting!

We heard a bit of good advice the other day, "Love those who reprove thee and despise those who flatter thee; for reproof may lead thee to eternal life, flattery to destruction."

They say the Phi Beta Craesus girls were asked to join the American Federation of Music; aren't those girls stepping up in the world, always doing things, or joining things.

A London newspaper says that the happiest people are: 'A craftsman or an artist whistling over a job well done; a little child building sand castles; a mother, after a busy day, bathing her baby; a doctor who has finished a difficult and dangerous operation, and saved a human life.' But, do you know who we think will be the happiest people of all? Those of us who do their utmost to win this war, not only in time, or money, but in spirit and courage and sacrifice. Anyone can give their time or their money if they have it, but those that sacrifice lives, money and time are the ones that will truly rejoice.

You should have seen Tubby Ferguson and Joe Johnson dancing together at the Presentation! A cute couple at the presentation was Richard McDuffie and Gloria Hughes. As someone remarked, "They look like little dolls." Marion Bowers and Juanda Turner made a striking couple on the floor. Of course Marion was a few feet shorter than Juanda, but then maybe Juanda had on high heels!

We heard a rather clever joke the other day. It seems a Chicago man, who was a great believer in efficiency, hung up a sign in his office, saying, "DO IT NOW." Within 24 hours, the cashier had bolted with the contents of the safe; his stenographer eloped with his eldest son; the office boy threw the ink bottle into the electric fan, and the whole force struck for a six-hour day. Now he is looking for a new motto!

Speaking of courage and of people being able to make the best of a bad situation, Little Charlotte Anne Smith, whose father, Graham Smith, is in the service, deserves mention, we think. She, being very fond of her father and missing him very much, took a framed picture of him and stood it in front of her on the table and said, "Daddy is going to have supper with me tonight."

We heard this around the block and thought it good food for thought: "To be angry with a weak man is proof that you are not very strong yourself."

BUTCH LITTLE HAS BIRTHDAY PARTY

Wednesday afternoon, August 12, Vivien (Butch) Little celebrated her fourth birthday with a party. Outdoor games were played and the little hostess received some lovely gifts.

The birthday cake was beautifully decorated in yellow and served with green and yellow ice cream blocks to Gretta Joe Howell, Eddie Howell, Paulett Howell, Mary Nell Kyser, Wandah George, Joyce George, Jackie Little, Bunky Little, Charlotte Rhyne, Sammy Lee Smith, Robbie Jeane Singletary, Herba Leta Singletary, Cornelia Moore and Teddy Joe Hardy.

LOUISE LEONARD MARRIES CORPORAL URUIN

Mr. and Mrs. Charles Leonard announce the marriage of their daughter, Louise, to Cpl. Dallas M. Uruin on August 1st. The couple were married at the Baptist parsonage, Rev. Rogers presiding over the ring ceremony. Cpl. Roy L. Sollars, best man, and Miss Norma Makum, Maid of Honor, attended with the bride's parents. Mrs. Uruin will remain at the home of her parents until Sept. 1, when she will move to Lubbock to join her husband who is stationed at the Air Base.

Calvin Newberry, son of Mr. and Mrs. Clay Newberry, and LaJune Lincoln, son of Judge and Mrs. C. L. Lincoln, came in Tuesday on a short furlough. Both are in the US Navy, and training at San Diego, Calif.

Tommy Hicks spent the weekend in Brownfield.

BROWNFIELD BARGAIN CENTER, Inc.
BROWNFIELD, TEXAS

MARIAN NELL ROGERS HAS BIRTHDAY PARTY

Marian Nell Rogers celebrated her fourth birthday with a party on Friday evening from 6 to 7 p. m., at the home of Mrs. A. W. Turner on E. Tate Street. As the little guests came, their names were written in her "Seven-Year Baby Book," on the fourth birthday page. Games were enjoyed and were directed by Misses Helen Gillham and Juanda Turner. Balloons were a main feature of their games. Birthday cake and punch were served to 14 little guests. Glass toys filled with candy were party favors.

Miss Jo Pete May, who is attending summer school at Tech, spent the week-end in Brownfield.

A local man has expressed the opinion that the reason there is a runoff is because one of the candidates drank too much crazy mineral water.—Meadow Star.

PRESBYTERIAN WOMEN'S SERVICE GUILD MEETS

The Presbyterian Women's Service Guild met Monday afternoon at the church.

Mrs. C. M. Chapman was in charge of the lesson. Her subject was, "Highlights of the Old Testament," members attending were: Mesdames L. L. Bechtel, C. M. Chapman, Troy Griffin, C. A. Jacobson, James King, John King, E. O. McIver, Mills Roberts, Albert Swanson, Frank Wier, and Grant Winston.

Mrs. Graham Smith and daughter, Charlotte Anne, are spending this week with Mr. Smith, who is stationed at Mineral Wells. Mrs. Bruce Knight and her two children went as far as Graham, Texas, with Mrs. Smith.

O. K. Tongate was in this week from the Challis community to consult a physician, as he was suffering from bronchitis.

PLEASURE CLUB MEETS WITH MRS. JACK HAMILTON

Mrs. Jack Hamilton was hostess to the Pleasure Club at her home Wednesday afternoon. Those attending were Mesdames Roy Ballard, Bill McKinney, John L. Cruce, R. L. Bandy of Dallas, Sturgis, C. C. Primm, Mike Barrett, Joe Coursey, and Jimmy German.

War Stamps were given for high score. Salad, ice tea and fudge squares were served.

Mrs. Carl Morse and mother, Mrs. Ann Cobb, visited in Dallas this week.

The Ed Thompsons were in Wed. and brought the Herald bunch a lot to eat, being summer pumpkin, some beans, roasting ears, squash and okra. We won't be hungry for awhile.

Texas extends through more than ten degrees of latitude.

CANTEEN COOKIES
The boy in an army camp welcomes nothing more than letters and boxes from home. While Uncle Sam provides him with plenty of nourishing foods, he certainly would like to receive in your next box a batch of these

Canteen Cookies
1/2 cup margarine
1/4 teaspoon salt
1 tablespoon grated orange rind
2 tablespoons orange juice
1 cup brown sugar, firmly packed or 3/4 cup corn syrup
1/4 cup sugar
2 eggs, unbeaten
2 cups sifted flour
1 teaspoon baking powder
1/4 teaspoon soda
1/2 cup nuts, chopped
1 seven- or eight-ounce bar semi-sweet or bitter-sweet chocolate cut in pieces

Blend margarine, salt, rind, and juice. Add brown sugar gradually and cream well. Add eggs, singly, beating well after each addition. Sift flour with baking powder and soda. Add to creamed mixture and mix thoroughly. Add nuts and chocolate and blend. Drop from tablespoon on margarine-coated baking sheets. Bake in moderate oven (375° F.) 10 to 12 minutes. Makes 3 1/2 dozen.

Other favorite recipes are found in a full-color, 32-page cookbook "Foods for Fighting Trim." Send to National Cotton Council, Box 18, Memphis, Tennessee.

Meat Shortage Temporary, Says Snyder

College Station, Aug. 17—Housewives may have fewer cuts to select from than they found in the butcher shop a year ago, but this should not be taken as representing a serious shortage in meat.

According to Roy W. Snyder, animal industries specialist of the Texas A. and M. College Extension Service, the reason for the apparent shortage is that much of the pork, beef, and lamb which ordinarily is sold in the fall months is not quite fat enough, nor in a condition to make good meat just now. This has been true for the past 25 years, or even longer.

"We are not short of meat animals here, nor in the United States. They are not quite ready for market."

Indicating the meat resources of the country, Snyder said that more hogs were slaughtered in June than in any corresponding month heretofore, excepting December, 1934. Around one million head of cattle were killed in June, and the beef slaughtered from January through June was more than in any previous six months on record. More than one and one-half million lambs were killed in June, and the total for the first six months of the year was the greatest on record for that period.

"Beginning in late September and onward through the winter, American meat eaters will hear a different story," Snyder added. Farmers are rushing the feeding of meat animals as fast as they can, and they will be coming on the market soon. Farmers are doing the patriotic thing in feeding their beef and pork so that the animals of maximum weight will be sent to the stock yards.

Until cattle, swine and lambs begin rolling to market in full volume, Snyder suggested that consumers voluntarily adopt these practices:

- 1. Buy what the butcher has rather than find fault because he hasn't the steak, chops, or bacon wanted.
- 2. Plan meatless meals occasionally.
- 3. Learn to be an expert home punishment and let the future saboteurs and enemy spies get off with a prison sentence.
- 4. If he is consistent, he will.

PRESBYTERIAN CHURCH NEWS

We are counting on all Sunday School and Church members to be in their places Sunday morning. With vacation time about over and with our Sunday School building about complete, we are ready to begin our fall program. We invite anyone who does not have a regular Church home to come and enter our activities and program.

The Pastor returns after spending a week as director of the Senior Conference of Abilene and Brownwood Presbyteries at the Presbyterian Camp Grounds at Buffalo Gap. Mrs. Walker taught

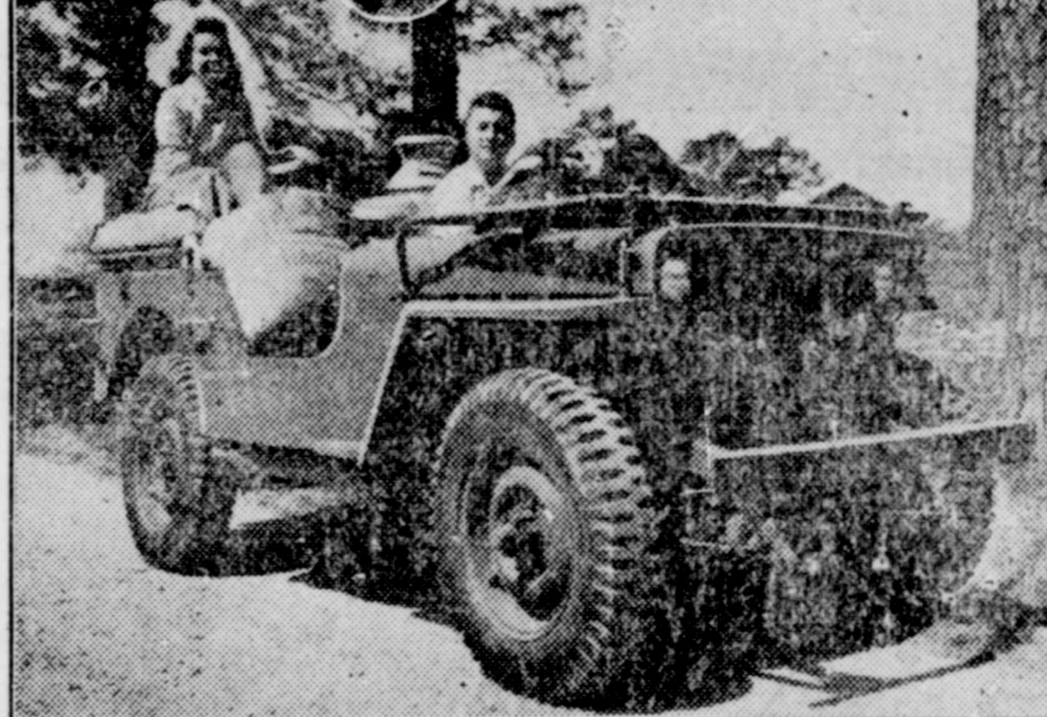

one of the courses and served as nurse for the week. Young people from Brownfield who attended are: Joan Alexander, Olene Goldston, LaVerne Perry, Andy Griffin, Leonard Ellington, and Dean Alexander.

This week the Juniors are attending the Conference with Mrs. Walker as sponsor and nurse. About 100 are attending, those from Brownfield being: Francis Wier, Cloe Marian Schmidt, Cheesy McSpadden, Cumilla McSpadden, Maxine Casey, Gertrude Akers, and Lois June Foster. They will return on Friday.

Leon Lewis is visiting his sister, Miss Elray Lewis, in Santa Fe. Leon plans to stay two weeks.

Billy Redford, who is now working in Carlsbad, visited his mother in Brownfield this week.

Miraculous Jeep Turns Farm Worker

(Upper) Mowing or plowing—it's all one to the versatile Jeep. (Lower) The Jack-of-all-trades Jeep can be used to haul produce as well as narrow and cutpack.

TOLEDO, O. (Special)—When Johnny comes marching home he probably will stage a re-union with his buddy of the battlefields, the "Jeep," down on the farm. First experiments conducted by the United States Department of Agriculture and Willys-Overland Motors, Inc., makers of the standard design Jeep, forecast the vehicle as an economical farm unit with as many potentialities in peace as it already has displayed in war.

At the conclusion of tests at the department's Tillage Machinery Laboratory near Auburn, Ala., R. B. Gray, head of the Farm Equipment Research Bureau, declared the car had shown itself to be "highly useful" in plowing, harrowing and other field work.

In one of these experiments the vehicle pulled a 16-inch plow, cutting seven inches deep in bottom

HAM AND CHEESE TURNOVERS
For dinner at home, or for those informal picnic outings you plan to enjoy this summer and fall, include lots of these

- Ham and Cheese Turnovers
- 1 1/2 cups cooked ham, ground
- 3/4 cup mayonnaise
- 1 teaspoon dry mustard
- 1/2 teaspoon onion juice
- 2 tablespoons dill pickle finely chopped
- 2 cups sifted flour
- 3 teaspoons baking powder
- 3/4 teaspoon salt
- 5 tablespoons margarine
- 2/3 cup milk (about)
- 5 thin slices cheese

Combine ham, mayonnaise, mustard, onion juice and pickle, and mix well. Sift flour with baking powder and salt. Cut in margarine. Add milk, mixing to a soft dough. Roll to 1/4-inch thickness. Cut dough into 4-inch squares. Brush squares with melted margarine. Place triangle of cheese on half of square, put 1 tablespoon ham mixture on cheese, and fold over other half of dough to form a triangle. Press edges together. Bake in hot oven (425° F.) 20 to 25 minutes. Serve hot or cold. Makes 10.

Other favorite recipes are found in a full-color, 32-page cookbook "Foods for Fighting Trim." Send to National Cotton Council, Box 18, Memphis, Tennessee.

Wellman News

Mr. and Mrs. R. E. Carouth and Mrs. Shouse and Doyle spent the day in the home of Mr. and Mrs. A. E. Casebeer, last Sunday. Mr. and Mrs. Allan Black of Stamford and Mr. and Mrs. Pearl Black of Rotan also spent the day there.

Mr. and Mrs. J. A. Carouth and daughter, Juneva, went to Hobbs Sunday to visit their daughters. Mrs. W. J. Patterson and son, W. J., returned home with them for a few days' visit. Mrs. W. J. Patterson is their daughter.

Mr. and Mrs. W. M. Schoeder spent the day and night in Lubbock Tuesday.

Mrs. W. M. Rice returned to Fort Worth Saturday afternoon. Mr. and Mrs. Billie Bennett are the proud parents of a daughter born Thursday of last week.

Mr. Harold Casey of El Centro, Calif., is visiting his parents, Mr. and Mrs. Dean Casey.

Mrs. Emery is spending a few weeks with her daughter, Mrs. Bennett.

Mr. and Mrs. Clyde Heafner are vacationing in Arkansas.

Ladean Croven from Morton is visiting her cousin, Jo Marie Crowder this week.

Vernell Blackmon and Grace Vaden of Seymour are visiting the Laney's this week.

Mrs. W. A. Cambell is vacationing in California.

Cleatus Laney returned home last week from Seymour where he has been visiting for the past two weeks.

Mrs. Cooper and daughter, LaVerne, visited Mrs. Cooper, Mrs. Bennett.

Aubra Studor of Seymour is visiting Cleatus Laney.

Mr. and Mrs. Tommie Emerson entertained quite a few friends and neighbors Friday evening with a tin can supper. Many games were played and the fun rolled out.

Miss Maxine Casey attended a Jr. Camp meeting of the Presbyterian Church this week.

Rev. Green, pastor of the Baptist church at Scudday, will preach here Sunday, Aug. 23.

Miss Rose Schroeder is on the sick list this week.

School will begin Aug. 31.

terian Church this week.

PLAINS

Mr. and Mrs. Charles Scott have moved into one of the Hague's houses. Mrs. Scott is English teacher in the Plains School.

Mr. and Mrs. Laurence Cleveland of Canadian were here visiting friends last week.

Mrs. Bettie Criswell returned home Thursday from Canadian where she has been visiting relatives.

Mr. and Mrs. Warner Hayhurst and children and Mrs. Jesse Criswell were in Lubbock and Brownfield Monday.

Mrs. B. F. Bartlett and Wanda spent last week with relatives in Ralls.

OUR COURTS ARE COURTS OF JUSTICE
After a long and pains-taking trial, six of the eight saboteurs who landed on our shores several weeks ago as emissaries to Germany to blow up and destroy as many of our defense industries as possible were electrocuted in Washington, D. C., Saturday. The other two were sentenced to prison, escaping the death penalty only because they gave information to U.S. officials which helped them to prove the guilt of the accused men.

There has been much murmuring and dissatisfaction among the citizenship of this country because the court, which in this instance was a military court, consumed so much time in the trial. Good citizens generally felt that swifter justice should have been meted out.

But the fact that our constitution and laws guarantee a fair trial to every person accused of crime and give such person every reasonable facility for producing evidence in his own defense is the glory of this country. It is one of the characteristics of our system that distinguishes our government from that of Nazi Germany. Here, every man is presumed to be innocent until he is proven guilty, and even criminals are protected in their rights. Hence the courts must grind slowly. While the court did grind very slowly in this particular instance, that very fact gives assurance that the verdict was just and righteous. And the people generally believe that it was not only just and righteous but nothing less would have been adequate.

By the way, we are wondering if the death penalty met with the approval of the Junior Senator from Texas.

As governor of this state he besieged and implored the legislature to abolish the death penalty as punishment for crime. He said he didn't believe in capital punishment.

If it is wrong for the State to inflict the death penalty, it is likewise wrong for the Federal Government to inflict it.

When Senator O'Daniel goes back to Washington will he introduce a bill to abolish capital

We're Abiding By Regulation "W"

From where I sit ...

by Joe Marsh

WHENEVER I hear about anybody having a big family I think of Dad and Ma Hoskins. The Hoskins' had thirteen children.

They weren't a bad bunch of kids, by and large—but it seemed one or the other of them would always be having a fuss with the neighbors, or would break a window playing baseball, or some other kid trick. Kept Dad and Ma mighty busy all the time.

One day Dad got a bright idea. He called the whole family together for a special meeting at the dinner table.

He told them he was tired of checking up on them all the time. He said he thought they were old enough now to check up on themselves. The older children would watch the younger ones. They would have meetings every so often and hand out rewards or punishments.

Well, it was a crazy idea but the kids liked it and they started behaving better than they ever had before. The idea worked and Dad finally *did* get a little time for himself.

I mention this story about Dad Hoskins because it's something like what I understand the beer industry is doing to regulate itself.

As I see it, most of the beer industry behaves itself perfectly all right... but every now and then, I guess, a retailer comes along who runs a place that isn't up to scratch... sort of like a wayward kid.

So like Dad Hoskins' family, the brewers and beer distributors have united together in an industry self-regulation program to help the proper authorities "clean up or close up" offending retail places.

The brewers, who want to protect beer's good name, cooperate wisely with the authorities who enforce the laws.

From where I sit, that's a fine thing for the brewers to do... particularly when you realize that after all they're really not responsible for retailing conditions.

Joe Marsh

GOMEZ H.D. CLUB NEWS

The Gomez home demonstration club met Wednesday afternoon at 3 o'clock in the home of Mrs. O. W. Kelly. Mrs. Wes Key presided. The meeting was opened by singing some songs, led by Mrs. R. C. Guest.

A general discussion on materials for our year books for next year was made.

Miss Blanton was called away to a district meeting and could not be with us. After our regular business meeting a social hour was enjoyed by all present.

Delicious watermelon was served to Mesdames Wes Key, W. G. Swain, R. C. Guest, A. B. Buchanan, Jim Draper, Kelly Sears, H. B. Grant and Miss Imogene Key by the hostess.

Our next meeting will be with Mrs. Jim Draper the 4th Wednesday in Aug. Mrs. R. C. Guest will be program leader. Everyone is urged to be present. As we will have the election of officers for the 1943 club year.

Club Reporter.

VINCENT'S ANGINA OR "TRENCH MOUTH"

Austin, August 17—Dr. Geo. W. Cox, State Health Officer, has released some interesting information concerning Vincent's angina which was commonly called "trench mouth" during World War I.

Dr. Cox states that Vincent's angina is a specific infection producing inflammatory condition of the mucous membranes, more commonly those of the mouth, and the disease is spread by indirect as well as direct contact.

"Because of the readiness with which this disease is transmitted, it has been occasionally found in epidemic form among school children and other groups," Dr. Cox states. "Vincent's angina assumed epidemic proportions in the front line trenches in 1914-1918 and it was during this period that the disease became generally known as trench mouth."

Although trench mouth is now world wide in distribution, reasonable application of prevent-

Teamed In Comedy Tone And Bennett

"The Wife Takes a Flyer," and will take you if you are susceptible to this breath-takingly funny comedy complete with Fan-chot Tone, as a romantic RAF flyer who falls into the arms of, and in love with gorgeous Joan Bennett. See the scenes in which Adolf and Benito are impersonated. Coming to the Rialto Friday.

MILLIONS PAID TAXES ON LIFE POLICIES

Aggregate benefit payments to Texas families under life insurance policies which became death claims in the first six months of 1942 amounted to \$14,563,000, the Institute of Life Insurance reported today. These funds were distributed to the beneficiaries of 12,732 policies, providing cash for the use of widows and children and the maintenance of homes.

"The payment of this amount of money means that, on the average, every week during the first half year \$560,115 was received by families in this state," said Holgar J. Johnson, president of the Institute, in announcing the figures. "Experience has shown that this money, flowing into homes at the time of greatest need, renders an absolutely essential service in helping families to carry on. Perhaps, never before in this country has that service been so important since maintenance of sound morale in our homes is vital both to the high morale of our fighting forces and to success of the war production program."

ive measures which are merely those in line with approved personal health practices will be found a sufficient defense against this infection.

According to the State Health Officer the most common cause of Vincent's angina are neglected mouths, broken teeth fillings, and other types of oral irritation. Daily hygiene, plus the periodic visit to the dentist can be relied upon as reasonable buffers against this infection. However, persons who are very careful regarding oral hygiene can acquire this disease by using infected drinking cups and eating utensils and other personal articles; also by kissing, though healthy gums and mucous membranes have a superior resistance to the infection than does an unclean mouth.

"What's it good for?"
"Guns, tanks, and maybe part of a plane"

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of **Junk** which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example.

Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines.

The production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full

rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced.

The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin.

The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

Will you help?

First—collect all of your waste material and pile it up.

Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee.

If you live on a farm, consult your County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

JUNK

needed for War

JUNK MAKES FIGHTING WEAPONS

One old disc will provide scrap steel needed for 210 semi-automatic light carbines.

One old plow will help make one hundred 75-mm. armor-piercing projectiles.

One useless old tire provides as much rubber as is used in 12 gas masks.

One old shovel will help make 4 hand grenades.

MATERIALS NEEDED

Scrap iron and steel.

Other metals of all kinds.

Old rubber.

Rags, Manila rope, burlap bags.

Waste Cooking Fats—When you get a pound or more, strain into a large tin can and sell to your meat dealer.

NEEDED ONLY IN CERTAIN LOCALITIES: Waste paper and tin cans—wanted only in certain areas, as announced locally. NOT NEEDED (at this time): Razor blades—glass.

GOOD NEWS FOR YOU IF YOU HAVEN'T A MAID

We help to ill the void war working maids have left in many a household! Send your household linens and blankets to us for thorough, sterile laundering. We'll return them to you folded neatly, clean and fresh.

No maid service means more work for us! Save time, money, energy and help your things last longer with our reliable laundry service. Only gentlest soaps and greatest care are used in washing your household linens... care that extends to shirts and clothing too!

New Type Cotton Cloth

Miss Carol Lloyd of Memphis inspects a pattern of the new cotton cloth called fabric-masslin. The new fabric has been developed by Johnson and Johnson, makers of surgical dressings. So cheap is the process of manufacturing that after a garment made of it has been soiled, it will be thrown away with no attempt to launder it. Commercial production is not expected to begin until after the war.

DURING THE RUN-OFF

The speaker was much annoyed by a man in his audience who coughed and sneezed and blew his nose almost constantly. Finally, the speaker could stand it no longer. As politely as he could he suggested to the man who was having so much discomfort that a visit to the open air might be good for his cold.

"I haven't any cold," came the answer. "I'm just allergic to mud-slinging."

IN THE PAPER

"Look, Tita, something about me in the paper!"

"Really, what does it say?"

"It says in the month of March the bus company carried 15,738,526 passengers—well, I was one of them, wasn't I?"

FOODS for Fighting Trim

ORANGE BREAD

Here's a new bread treat which will go equally well with picnic feast or in the war-worker's lunch box. Easy to make right in your own kitchen, it is delicious.

Orange Bread

- 1/4 cup margarine
- 1 teaspoon salt
- 3/4 cup sugar
- 1 egg
- 3 cups sifted flour
- 3 teaspoons baking powder
- 1/2 teaspoon soda
- 3/4 cup orange juice
- 1 cup milk
- 3/4 cup candied orange peel, cut fine

Blend margarine, salt and sugar. Add egg and beat well.

Sift flour with baking powder and soda. Add to first mixture, alternately with orange juice and milk, mixing after each addition until smooth. Add orange peel and blend.

Pour batter into 9x5x3-inch margarine-coated loaf pan. Bake in moderate oven (350°F.) 65 to 75 minutes.

Other favorite recipes are found in a full-color, 32-page cookbook, "Foods for Fighting Trim." Send to National Cotton Council, Box 18, Memphis, Tennessee.

EAST TEXAS PAPER EXPLAINS DECLINE OF MOONSHINE TRADE

The Marshall American believes it has the explanation for the decline in the manufacture of moonshine liquor in East Texas.

The coming of "war prosperity," the newspaper says, has apparently raised the "standard of taste" among former purchasers of moonshine, and they are now buying and drinking "legal" liquor, which may be obtained either from a bootlegger or one of the few wet spots in East Texas.

The fact that inspectors for the Texas Liquor Control Board reported in July the destruction of only 16 stills, which is the minimum number taken in a single month in more than five years, apparently bears out the newspaper's contention.

Complaints against all types of liquor law violators in July numbered 383, and there were 294 convictions resulting in the assessment of \$31,574.15 in fines and 61 jail sentences.

Besides the 16 stills, which had a cubic capacity of 790 gallons, inspectors destroyed 825 gallons of mash and 5 1/2 gallons of moonshine liquor. A small quantity of home-brewed beer was also destroyed.

Destruction of the stills prevented the potential evasion of \$17,414.40 in state taxes.

Stills reported captured were in two wet and eight dry coun-

BUSINESSMEN TO SPEAK AT CHURCH

Next Sunday morning and the two following Sundays a layman from the Lubbock church will fill the pulpit at the Christian Church here. These men come with a practical message, both in word and example. They get up and drive forty miles to render this service for Christ and the Church. Surely we can drive a few blocks to welcome them.

These three businessmen will speak in the absence of the minister who with his wife is attending a Christian Ashram at Lake Geneva, Wisconsin. There will be preaching services each Sunday, including the first Sunday in September.

"Christianity is not a religion, it is a life."

The prospect that isolationists seeking re-election, or other candidates clinging to the isolationist-appeasement doctrine, will again become a powerful vocal and frustrating minority in Congress should shock American familiar with the peace treaty resulting from the first World War and continuing even after Pearl Harbor. If the people re-elect the isolationists who betrayed them, they will deserve the results.—Austin American-Statesman.

Brownfield Friday and Saturday Texas

Learn Rules Of Civilian Defense

R. E. Smith, Director of the Eighth Civilian Defense Region, today requested that all citizens of this defense region familiarize themselves with the official instructions from the U. S. Office of Civilian Defense as to how to fight fire bombs. "These new instructions are based on exhaustive research by technicians of OCD and the Chemical Warfare Service, U. S. Army," said Smith. "They represent changes now adopted also by British officials after careful analysis of the results of both this and the old method during actual air raids. Both American and British tests prove that a jet of water, will knock out the fire bomb in less than one minute—before major fires can get started. Fire (not the bomb) is the chief danger, and a jet of water is the best weapon. Respect the fire bomb but do not fear it." Mr. Smith called the following instructions to the attention of all citizens, explaining that the instructions that have been revised during July as a result of the research made by OCD technicians: Bring Your Fire-Fighting Equipment To The Scene Quickly: The small magnesium bomb, which is dropped in great numbers, will go through any ordinary roof. Store your equipment where it can be reached easily, and keep it ready for instant use. Shoot A Jet Of Water On The Bomb At Once: Take cover behind a door, chair, or other furniture, if you can, when you do this. The jet knocks the bomb out quickly. There will be a burst of white flame, most of which will be driven away from you by the force of the jet. Quench Promptly The Remains Of The Bomb And Any Other Fires: If any small fires are started the jet will put these out easily. Within a short time you will be free to attack any other bombs which may have fallen nearby. Be absolutely sure all the fire is out before you leave. Jet May Prevent Action Of Burst-er: Some bombs have a small burst-er attachment. When the jet is used promptly, the bomb may be destroyed before the charge goes off. The Pump Tank Holds Enough Water To Put Out Two Bombs When Jet Is Used: The Office of Civilian Defense will distribute a 4-gallon pump tank extinguisher to the air raid warden service in target areas. The tank can be refilled while the pump is being used. Know Your Extinguisher: All fire extinguishers that contain water solutions of chemicals can be used on the bomb. These include the soda-acid, foam, and gas cartridge types. Other types of extinguishers should not be used on the bomb because they do not contain water, but they can be used on fires started by bombs. Remember that your garden hose is one of the best fire-fighting devices so long as there is water pressure. Use and Only If A Bomb Falls Where It Cannot Start A Fire Or If Water Is Not Available: This can be done by dropping a bag of sand over the bomb, or by the shovel-and-bucket method.

Page Ripley—Buffalo Herd Blocks Train Crowell, Tex., Aug. 17—Train crew and passengers on the Santa Fe Railway Slaton division near here rubbed their eyes and virtually exclaimed in chorus: "Page Mr. Ripley!" For in this year 1942 and in broad daylight they discovered a herd of buffalo stampeding along the right-of-way, three miles east of this community. Conductor John Davenport reported the amazing situation to Superintendent H. R. McKee, and an order was immediately put out to other train crews to be on the alert. In the meantime section men were notified and they engaged in a "last roundup," after discovering that the small herd, one of the last of its kind in a semi-wild state, had escaped from the ranch of Dr. J. M. Hill. Supt. McKee declared that the last record he recalls of buffalo blocking the right-of-way occurred 25 years ago when a wild herd halted traffic near Onava, New Mexico. Miss Bobbie Virginia Bowers, who is attending summer school at Tech, spent the week-end in Brownfield.

Confiscated Liquor Disposed Of By Officers

On last Saturday, August 15, officials were present and supervised the removal of this confiscated liquor. According to Frank Mitchell, Liquor Control Official out of Lubbock, this was the largest quantity of liquor disposed of at one time from a county in the Lubbock District. All confiscated liquors coming out of dry territories is shipped to wet territory and auctioned to the highest bidder. Approximately \$500 was received from the shipment Saturday, and the money received from this goes to Old Age Pensions. Liquor Control officers expressed their appreciation for the cooperation from law enforcement officials of Terry County.

GAME WARDENS TURN TO F. B. I. METHODS

It's been going on for years, but few people know anything about it. Some of the most flagrant killers of the people's game are foiled by investigation in the real F. B. I. manner rather than by the simple process of a Game Warden being present when a law is violated. The El Paso County Game Warden for instance once borrowed a saddle from a man so he could ride in a rodeo. He happened to notice two hairs on the saddle and thought they were antelope hairs. This proved cor-

rect. Then for days and weeks he quietly asked questions. Finally he was able to prove that a certain man had used that saddle on an antelope hunt. The man paid a fine for illegal killing of one of these animals.

The latest case of this sort originates in South Texas in an area where night hunting of deer had been widespread. A piece of leather boot top was found near the skeleton of a deer. A group of Game Wardens and State Rangers with proper search warrants looked through every home in a neighborhood by community, found a pair of boots that matched the piece of leather, and the upshot was that two brothers paid fines of \$36 each for illegal night hunting.

Mrs. Terrell Isbell and little son are here visiting her sister, Mrs. Weldon Ridgeway, and the family of her deceased brother, Chock Hamilton. Mrs. Isbell, Addie to most of us old timers, is sure enjoying the good old breezes of Terry county. She lives in South Houston, Texas.

Mrs. Bertha Stahler has as her guest this week, her niece, Miss Florence Gwaltney of Jacksboro.
