NUMBER 6

Back The Attack With War Bonds!

John Hare Tells Folks About Australia

We read a V-letter recently from Pvt. John M. Hare to his dad and mother, Mr. and Mrs. W. H. Hare, who live out a few miles on the Tahoka road. John didn't tell much of a military nature, but considerable in a few words about that country, which he likes, as well as the people.

He stated that he had always tried to so write his letters that nothing would be cut out of them, and his dad says so far, nothing has ever been clipped or blacked out. Said he was getting considerable of the copies of the Herald now, and was sure enjoying them. However his APO has been slightly changed.

Mr. Hare had the paper started to their other son, Pvt. Van A. Hare, also somewhere in the Pacific fighting area. Best of luck to you boys.

An Interesting Letter From A Soldier

The following is a letter from a boy that most of the young people will remember. We don't suppose we could pick him out from among thousands of other trainees at Camp Wolters. Like all other service men, he firmly believes his special unit is just a bit above par. This idea prevades the army, navy, coast guardsmen, merchant marine, air corps, and what have you. The competition goes on into the WAACs, WAVES, WRNs and other female organizations of the service. Well, don't we think the Cubs are the best in football, and that Brownfield and Terry county are the most ideal places on earth? But the letter:

Dear sir:
I am probably not known to you, but am the son of Mrs. O. E. Johnson, and I thought I would write you and give you a picture of the finest fighting soldiers in the world. I am in the 65th battalion of the infantry here at Camp Wolters, Texas. I am among a very few Texans, as most of the men are from the north. While they are a fine bunch of men, they are not as good as Texans. We do the hardest work, because we are the toughest bunch in the army.

We are called "the heart of the army," and when you see us after one week's training, you would think the same thing. We have every gun the army can use, and I mean you have got to memorize every part and know how to fix them if anything goes wrong. This is no party infantry. You learn or you are a dead duck. I mean dead, because they are the finest fire-arms in the world and they want you to treat them that way. Our finest weapon is the Garand rifle, called the M-1, and I mean it is the world's best rifle. I would like to tell you something about it, but I am not telling anything that some yellow faced man called a Jap might learn. However, that is not the name we call them here. But that is not nice language.

Our camp is located in the hottest part of Texas, and it is covered with hills and trees, so finding yourself around at night with a compass is really a hard job. I guess I had better quit and go to work.

Pvt. Raymond Johnson, ASN 38345254, Co. B. 65th Bn. 2nd Pltn, Camp Wolters, Tex.

James R. Burnett, a physical instructor with the navy at an eastern base, spent a few days early this week, with parents, the J. R. Burnetts, on his way to San Francisco, where he was transferred. He came by Oklahoma and brought his sister, Wilona, home for a short visit.

Archie Moore Glad To Be In Texas

Army Air Field, Harlingen, Texas, Aug. 30.
Terry County Herald,
Dear Jack Stricklin:
Just a note to let you know that I am in the HAAF, and would like to have the paper changed to this place. I enjoy the good old Herald a lot, even though I have not lived there since August, 1940. I get lots of good reading about boys I know, who are in the service, and are friends of mine. The Herald always carries a pretty complete list of these boys.

I arrived here August 20th from Sioux Falls, S. D., where I finished radio school. As soon as I finish here I will be ready to be assigned to a bomber school.
Cpl. Alie W. Moore,
2nd Training Detachment,
HAAF,
Harlingen, Texas.

Archie, your mother had already had your paper changed, but inasmuch as the address you give is a bit different from the one she gave, am changing it that much. Write again.

The Old He

LT. JOSEPH W. TURNER

Above we show a likeness of Lt. Joseph W. Turner, son of Mr. and Mrs. J. W. Turner, Sr., of Meadow. We ran a story a short time ago about Lt. Turner's exploits in a bomber over Europe.

JOE COBB PROMOTED TO STAFF SERGEANT

Lubbock, Texas, Sept. 6—Joe B. Cobb, son of Mrs. Anna Bell Cobb of Brownfield, has been promoted to Staff Sergeant at this field, where he is an instrument repairman.

LAAF is an advanced pilot training school, where Uncle Sam's air force is giving its heavyweight aviation cadets and aviation students the final lap of their flight training in bi-motored AT-17 Bobcats, which is but a rehearsal for the Flying Fortresses, Liberators, Mitchells, Marauders and other multi-engined ships from which they will soon rain terror on the Nazis and the Nips. The commanding officer is Col. Ralph E. Holmes, a command pilot with 17 years experience in the air corps as a communications officer, balloon observer, airship pilot, aircraft observer and heavier-than-air pilot.

Local Boy To Take Course At A. and M.

College Station, Texas, Sept. 1—Pvt. William K. Mason, 18, of Brownfield, son of Mrs. Grace Mason, East Hill St., Brownfield, has arrived at Texas A & M college for a course of army air force instruction lasting approximately five months prior to his appointment as an aviation cadet in the army air force.

During this period, he will take numerous academic courses, as well as elementary flying training. Upon completion of the course he will be classified as a pilot, navigator or bombardier, and go on to schools of the Flying Training Command for training in these specialties.

Lt. Sawyer Graham and wife left Sunday for Glendale, Arizona, after visiting his parents, Mr. and Mrs. E. A. Graham of this city. They will visit her parents, Mr. and Mrs. Mumford Smith, at Glendale.

Dr. Daniell Writes From South Pacific

Tuesday Night, August 17, 1943.

Dear Jack and family:
Thought I'd better write you that I get an occasional issue of the Herald—in fact, they are coming through fairly well now. I note that you have had to spend part of your time in the T & D hospital, but managed to get out again as usual. I suspect the girls would get lonesome if you or Dad Tudor failed to become hospitalized once in a while.

Crop conditions appear damn poor for the year. I wonder who isn't living right. Could it be Homer Winston, or some other of our prominent citizens? Not the editor to blame, I hope.

I had a nice vacation in Australia last month. It's winter down there, and it was cold as hell to a country boy so fresh out of the tropics. When I got out of the plane at our final destination and felt that cold, dry wind strike my thinny clad body, I thought "man, I'm glad to enjoy this West Texas weather." It would have been fine if I had had time to become "acclimated," as the Aussies say. I had the opportunity to see how part of the civilians live—met some interesting people—women war-workers, etc. (only the old ones, of course) and an Australian war correspondent named Daniell, spelled my way. It was the first double "l" Daniell either of us had ever met. He expected to see me up here this month, but must have gone somewhere else, perhaps where there's more action.

Enjoyed the races, which sport is to the Australian as baseball is to an American. J. O. Gillham can give you the race results, in so far as I was effected. I gained back some of my lost weight while living on the "wine" and honey of the land.

Things are quiet enough here at present. We hear there's a war going on the other side. We are getting more to eat now, however, and live quite comfortably. Of course there are no luxuries, those things we formerly called necessities of life. "Cheers! Old Boy"—be seeing you some day.
Alfred H. Daniell, Capt. M.C. Hg. & Hg. Sg., 46th Service Gp. A.P.O. 503, 7/2 P.M., S. F.

STATE GUARD UNIT ON ALERT FOR MOVE

The local state guard unit has received orders to be on alert, ready to move on short notice. They anticipate going the last of this month to somewhere in the Odessa region, where the 34th battalion, headquarters at Odessa, will meet the 1st battalion, headquarters at Kermit, in a two-day maneuver.

FARM BUREAU MEET

C. W. R. Tilson announces that there will be a meeting in the district court room, Saturday, of the Farm Bureau, for members only. He urges every member to attend.

The meeting will be held at 3 p. m., at which time important matters will be discussed.
Sgt. Jim Neill, of the Del Rio bomber base, is enjoying a 15-day furlough visiting relatives and friends here, and at Lamesa. He was met here Sunday by his brother, Herbert, and family, of Levelland, and sisters, Lillian and C. T. Burnett of Abilene, Dora Dean Buco of Dalhart, and Mary Jo and Ted Hardy of this city.

Aviation Cadet Byron O. Black writes us to slightly change his address. However, he is still in training at San Antonio.

HOLLYWOOD STARS TO HELP BOOST THIRD WAR LOAN DRIVE MONDAY

Dave O'Brien, Jim Nowill and Guy Wilkerson will be Here Two Hours. Have Starred in Many Western Thrillers. The Show is FREE to All.

It was announced at the offices of the Rialto, Tuesday morning, by Mrs. Earl Jones, owner of the Rialto, Rio and Ritz theatres, that they would start the third war loan drive next Monday morning, with the assistance of three Hollywood stars—all men, girls. You boys will have to wait your turn. These arrangements were made through Mr. H. A. Pippin, of Dallas, representing the Texas war activity committee.

These outstanding western stars have appeared in the Texas Ranger series, such as "Stars Over Texas," and currently, "Fighting Valley." Frequent theatre goers will recognize them as Dave (Tex.) O'Brien, Jim Nowill and Guy Wilkerson. They will be here for two full hours, from 10 A. M. until noon, next Monday, September 13th. Let us say just here that Mrs. Jones has gone to considerable trouble and expense to secure these actors, and the Herald feels sure that they will be instrumental in greatly facilitating the third war loan drive in Brownfield and Terry county.

During the two hours these men are here, merchants will be asked to close their stores voluntarily. The block from Fourth to Fifth streets on Main, will be roped off, and a speakers stand will be erected temporarily on the sidewalk in front of the Rialto. A bell will be provided to ring when a bond is sold. These different bonds will be explained by a speaker, probably W. R. McDuffie, following the introduction of the actors, who will be ready to ad lib and jolly the audience.

It was suggested that some young lady's organization, probably the Sub-Deb club, will pass among the audience to sell bonds. However, names will not be called, or how much they purchase, as it is thought this might embarrass some who could not purchase bonds of large denomination.

Of course the high school band will be on hand to furnish music for the occasion. Efforts are being made to get a jeep from one of the army flying fields at Lubbock, and, if possible, some other aid from that source. Anyway, plans are being formulated to make this a gala occasion, and you can't afford to miss it whether or not you are prepared to purchase bonds or not.

Those meeting with Mrs. Jones and daughter, Earlene, and Mr. Pippin, were L. Nicholson, who

American Legion Gathering Cigarettes

The local post of the American Legion has placed 100 collection boxes in all stores and other places of business in town, and will in a few days, place others when received, at places not receiving any, for the purpose of receiving donations to buy cigarettes to be sent to our boys in the armed service.

The boxes are well marked, easily identified, so the public may be sure of right depository. This money is then collected by the American Legion officials, and sent to ports of embarkation and through army officers, distributed equally among all branches of the services, and to all points.
By arrangements with tobacco companies, a package of cigarettes cost only five cents each, and distribution is free. Chris Quantel distributed to the Herald.

Terry county has over 1,000 men in the armed forces, it is estimated that 800 of these smoke cigarettes. This amounts to \$40 per day, or \$1200 per month. This is not only a small thing we can do,

H. H. Williams Given Ten Years

The case of H. H. Williams, charged by indictment with the murder of R. E. (Dick) Hodges latter part of July last, in Terry county, went to trial in District Court here, before Judge J. E. Garland, Monday morning. Defendants application for change of venue was overruled, after taking considerable testimony on it. Sixteen of the 100 jurors summoned, mostly being over age, and several as members of the State Guard. Of the remaining 75 a jury was selected from the first 65 called up, they being H. F. Brigance, Lee Bartlett, Bill Blackstock, Hardin Joyce, W. A. Smith, W. C. Chenault, W. A. Bartlett, Odell Fulton, Eldon Cornelius, C. P. Henderson, James Daniel and W. G. McDonald.

The State was represented by Rollin McCord, District Attorney, assisted by Virgil Crawford, County Attorney, and Grover Engledow, attorney from Jayton. The defendant by Crenshaw and Dupree of Lubbock, both personally participating. The Court room was jammed during the trial, with spectators, but orderly.

Taking testimony began Tuesday noon. The first witness, Mrs. Hodges, widow of the slain man, testified only as to his being dead. Joe Price and Virgil Crawford and Highway Patrolman Finis Carter, being the first to the scene, told of the position of the body, and the cars, and finding the guns, one a 410 gauge shot gun, barrel sawed off with pistol handle, loaded and cocked, found under body of the victim, also a .22 calibre rifle, found in car of deceased, also loaded; and 12 gauge automatic shotgun surrendered by the defendant on the scene, which was at a cross roads about a quarter of a mile from defendant's farm home. Dr. Davis testified as to examining the body of a large wound in the right abdomen, from which was picked 110 shot from a four inch circle, and that several other shot appeared from knee to shoulder, of the body. Also a large hole in back of head, and a shot wound in left hand. Paul McDaniel, local undertaker, who dressed the body, told about the same as Dr. Davis. Mr. Gambriel, Chief Chemist in the Highway department laboratory, also testified, as did another expert from the department, as to guns, distance at which powder burns would show from a shot, others having testified to powder burns on the body. Highway Patrolman Woods and Deputy Sheriff Mon Telford testified along the same lines as to finding the body and guns. The State rested its case late Tuesday evening.

The defendant took the stand Wednesday morning, after his wife had testified to some threat allegedly by the deceased, on the road, and explained how the incident occurred to the effect that the defendant was driving in a car near the scene, when deceased waved him down, that he got out, and then seeing deceased with the pistol-gun, returned to his car, got his shotgun, and fired at deceased twice. That he had heard of threats and they had had some controversy about hogs in the crop.

Both sides closed about 7 o'clock Wednesday evening, and the case was submitted to the jury two hours later, after Judge Garland read his charge.

Arguments to the jury began at 8 p. m., allotting one hour to each side. Judge Garland and court officials expressed appreciation for the ood order of the unusual crowd who jammed the court room throughout the trial.

The Jury brought in a verdict of guilty about 10:10 Thursday night, carrying a sentence of 10 years in the penitentiary.

Mr. and Mrs. J. T. Newsom, of route 4, spent last week end in Ruidoso, N. M.

Drive Starts Off With Breakfast

At a meeting held recently, L. Nicholson, prominent insurance man of this city, was chosen to lead the Third War Loan Drive in Terry county, as county chairman. Working closely with Mr. Nicholson will be J. O. Gillham and W. R. McDuffie, as vice-chairmen.

The rally for the drive started at the Wines Hotel, where 70 earnest, determined men and women were served bacon, scrambled eggs, jelly, butter, toast and coffee. The first verse of America was sung, by the breakfasters, while they faced the Flag. Invocation was offered by Mayor Jesse D. Cox. Dick McDuffie gave some valuable information about the different series of bonds. Bruce Zorns gave the solicitors final information on how to fill out the applications for bonds.

Chairmen of the important committees were then introduced, and some of them had their helpers arise. W. R. McDuffie is chairman of the Public Speakers committee. O. L. Peterman will head the Agricultural Committee, and we might add that a majority of Mr. Peterman's workers are farmers, and were at the breakfast.

Mrs. Tom Cobb will lead the ladies of the town, and some twenty of her solicitors were on hand. All seemed anxious and ready to do their job well, and the Herald is betting on the ladies. Many of them are busy people, mothers, and holding jobs, perhaps, but are willing to sacrifice their time and pleasure to further the war effort and speed victory.

Lal Copeland is chairman of the important Business Section solicitation, and Bruce Zorns will head the committee to solicit out-of-town friends of Brownfield and Terry county, who might help in the drive.

War Bond Rally Dedicated To W. E. Henson

The War Bond Rally in front of the Rialto Monday Morning, account of which appears in another article, will be dedicated to W. E. Henson, who was the first Terry county boy to give his life for his country. He was killed in the attack on Pearl Harbor, on the

W. E. HENSON

morning of December 7, 1941. He was a sailor on the battleship Oklahoma.

We was born November 1, 1923 at Soper, Okla., and was a mere child when the family moved to Brownfield in 1928. He attended school here, but the family moved away for ten years, returning to Brownfield January 1, 1941. He joined the navy May 27, 1941, receiving his training at San Diego, and went to Pearl Harbor in October of that year.

He is the son of Mr. and Mrs. W. E. Henson, Sr., of this city, and has three sisters, Mesdames, Loren Bozeman, Hugo, Okla.; Mrs. Hartwell Minnick, DeCalb, Texas, and Mrs. Clovis Kendrick, of this city. Dick McDuffie will deliver the dedication address.

The "nuspapers" tell us that there are some 130 penal institutions scattered over the United States, some federal, some state. The war bond drive has given these penitentiaries a quota of \$300,000, the funds raised to be used to purchase a bomber. A contest will then follow on the naming of the prison bomber. While we are at present disqualified to vote in the contest, we can at least make a suggestion. Why not call it "Stars and Bars."

And while we are in the midst of this 3rd war loan drive, let's keep in mind that we still have a hard row to hoe. So let's don't let the improving news from the war front stop us. There is a shade of a possibility that Hitler's Europe may collapse this year, but that is entirely uncertain. Then there stands the Japs behind a stone wall that we have hardly begun to penetrate. It takes money—lots of it—gobs of it, to buy what our men need to pulverize these outlaw nations. Let's do our dead level best to see that our brave service men get all they need and not too little and too late.

When we purchase a war bond, we give nothing. We may let something else go that we crave to buy, to purchase a bond, but that is not sacrificing. In fact, there is nothing to a bond purchase except a darn good investment to use in the future as we may wish, after this war is over. But our boys and men on the front are really sacrificing time, toil and hardships. They are even ready and willing to offer their lives. Many have already done so, and others will before victory comes. They are the ones that are giving, giving till it hurts, and sometimes until unconsciousness and death make them immune to further pain. In contrast, we at home, prone as we are to growl about rationing and other little things we regard as inconveniences, don't know the half of it.

Bob Ripley of "Believe it or not" fame, may never make a mistake. But according to our recording, he pulled a slight boner one day

last week. His artist showed ear of corn, and under the illustration, Mr. Ripley stated that corn was called oats in Scotland, wheat in England, and maize in the United States. We have just lived in the southern part of the United States, but have talked with men and women from all sections, and have the first one to call corn, on the cob or shelled anything but corn. However, we have heard it variously pronounced, the north-erners giving it a "karn" sound; the deep south "kawn", and perhaps a few others. What we call maize out here in west Texas, does not in the least resemble corn. It is not even a 9th cousin to what we generally know as Indian corn, Ripley to the contrary, notwithstanding. It keeps us about busy straightening out a lot of topnotchers.

If a member of your family died, would you print the resolutions on a billboard? If your wife entertained would you send an account of it to the theatre program man? If you were going to enlarge your business, would you advertise it in a hotel register? If you were going to have a wedding in your family, would you get out a handbill? You would send such items to the newspaper, wouldn't you? Then why don't you put your advertisements in a newspaper? The newspaper builds your town. There is no better advertisement in the world for a town than a good newspaper. A good newspaper full of advertising is indicative of a good town full of live merchants. Newspapers are town builders, town advertisers, fortune makers, news disseminators, sermon deliverers, prosperity forecasters. They are a necessity, not a luxury. They must be maintained. Without them we would retrograde to the medieval days. Don't patronize them from a charitable standpoint. Patronize them because they deliver the goods. And then when the time rolls around and you need a friend, you'll find your newspaper a real amigo. — O'Donnell Index-press.

Mrs. Red Stewart visited a few days in Brownfield on her way to Carlsbad, N. M., this past week.

Uncle Bill Kellis, dean of Texas editors had this to say in last week's Sterling City News-Record: "In last Sunday's San Angelo Standard appeared a letter from Mrs. J. E. Bynum alleged to be from Buena Park, Calif. Evidently this good lady does not like Texas and its people and said so in no uncertain terms. In doing this, the sister put her Brobdinaggin pedal extremity into a Lilliputian bandbox where it will hurt. Numerous Texan are aching to jump astraddle of her neck and jig her with their spurs because of her untrue statements about Texas and its people. But her critics must remember that she has a right to her opinion about anything—even Texas and its people. Then we must allow for the lady's darned ignorance and environments. She doesn't know that if a hinge were attached to Texas on the west side, it would cover new Mexico, Arizona, California and extend over Catalina Island into the Pacific. She doesn't know that if a hinge were attached to the east end of Texas and the state upended eastward, it would cover Louisiana, Mississippi, Alabama, Georgia and part of the Atlantic ocean. She doesn't know that Texas produces more oil, wheat, cotton, cattle, sheep and horses than any state in the Union. The gal does not know, and perhaps will be shocked to death to learn that when they needed men to keep the Japs from taking over California, they came to Texas for a leader in the person of Admiral Chester Nimitz and his Texas boys to do their job. Of course she doesn't know that the Eisenhowers, the Pattons, and the gallant legions of Texas boys are among the conquerors of North Africa, Sicily and Italy. California is a great state. Texas people who live there make it so. The prettiest and best women in California are from Texas stock. The female Brobdinaggs can't help being that way and no criticism should be made of them. As for California climate, it is about the same as that in Texas. If I owned hell and Desert Center I would lease hell to Mrs. Bynum and live in Desert Center, so that gal could have congenial environments. You boys must not be too hard on that verdant sister. She doesn't know any better. She is the kind of a feline to accept hospitality from a neighbor and then gossip about the faults she might find in the person and home of her host. Deal gently with her, she can't help being that way."

REAL ESTATE DEPARTMENT

A worried negro walked into the office of a southern area rent control administrator and asked if anyone could tell him who his landlord was. "Your landlord," a clerk told him, "is the man you pay rent to." "I don't pay no rent," the negro said. "You see, 'bout nine years ago I found me a house vacant and moved in. I been there ever since and ain't never paid no rent." "Well, then," said the clerk, "what are you worrying about? You have no complaint." "Yassuh, I knows dat. But if somebody don't fix dat roof I'm gonna move out."

Ever think about Running a Factory?

If you've ever run a farm or dairy or store, there are a lot of things about running a factory that you'd find pretty familiar. Things like working any and all hours, training green help, planning for months ahead without letting the planning interfere with the job of the moment.

These are the responsibilities of management. And the peculiar American ability to meet and lick these problems means a lot today, both on the food-producing and weapon-producing fronts.

Ability to manage isn't picked up overnight. For good management is a skill just as much as good workmanship—learned the hard way.

It won't be forgotten overnight, either. For it is these men who, on farm and in factory, have actually produced the things from which our high-living standard is derived, who can and will, by working together, give every American a more abundant life in the peacetime years to come. *General Electric Company, Schenectady, N. Y.*

BUY WAR BONDS

Church Of Christ Invests \$4,000 In War Bonds

According to Sam C. White, secretary of the Church of Christ, meeting at 320 West Main St., the officers have invested the funds of the church in United States War Bonds, that will be worth \$4,000 at maturity, twelve years from now. Eight Series F bonds were purchased. This purchase will be credited to Terry county's third war loan drive.

White stated that the church was aiming to build a larger and more attractive church, but wait for a bit too long, and the war froze materials needed. The larger church is badly needed, too, as chairs must now be placed in the aisles and around the sides to

Miss Doris Cain of Lubbock is spending the week-end with Miss LaRue Ross.

Mrs. L. D. Chrane sr., and granddaughter, Marguriette, of Abilene, Dr. and Mrs. L. D. Chrane jr., of Big Spring, and Dr. Curtis Chrane, of San Antonio, visited Mr. and Mrs. G. W. Hicks, Mr. and Mrs. L. R. Pounds, and Mr. and Mrs. L. J. Dunn sr., last Sunday.

seated the congregation. But this investment in war bonds will be a fine nest egg after this war is over.

The officers of the church have just employed a new minister, Doyle Kelcy, who filled the pulpit for the first time Sunday morning and night. He is a comparatively young man and single, but is reported to be a fine work-er, and a fluent speaker.

Apology To Routes Four And Five

We just wonder if our subscribers on routes four and five thought we had quit business and left the country last Friday when they didn't get their Heralds as usual. Well, we did quit for a time. Along toward four A. M., Friday we were making our last run, trying to get out a slightly larger paper than usual, and short-handed.

Then, without warning, the pulley on the motor that pulls the press flew into something less than a thousand pieces. So, there we were. A new one had to be ordered out of Lubbock, and it did not get here until the 8:30 P. M. bus came in Friday. We went to work installing it Saturday morning, but one of the cotter keys, or whatever the thingumajigs are called, would seat in the spindle, but not in the new pulley.

So that called for an hour's session with the machinist. We got the thing ready to run Saturday after lunch. We kept both routes out that afternoon and all day Monday as that was a holiday and no mail on routes. Many called and got theirs. We might add that the Heralds that go out in single wrappers were also in the bunch, and readers that live away will likely get their papers a day or two later than usual.

Leslie Green, of the Union community, attended the Midland Rodeo, Monday. He stated that they were really putting on a good show there this year, with some of the best rodeo talent in the world.

NEW TYPE OF POTATO SEED ANNOUNCED

College Station, Sept. 2.—A new seed classification plus price ceilings are the stimuli behind the recent move to help potato growers get reliable seed for next year's Food for Freedom program.

Designated by the War Food Administration as war approved seed, the new type seed will have a higher tolerance than certified seed.

Not more than one-fourth of the supply of certified seed potatoes needed for planting next year will be produced in 1943, B. F. Vance, chairman of the Texas USDA War Board, estimated this week and added that war approved seed would help bridge the gap and provide protection for growers from loss hazards of planting seed of unknown origin.

All seed potatoes classified as war approved must meet certain minimum requirements already determined by WFA and representatives of state certifying agencies.

Since the new type seed potatoes will have a ceiling price substantially above that of stock potatoes, prices should be sufficiently high to encourage their segregation and sale for seed, Vance said.

Ceiling prices, which will be announced later by OPA, also will apply on certified seed.

Texas potato growers are being urged to have any acreage of potatoes considered of seed quality inspected by the state certifying agencies as soon as possible. Applications for inspection should be made directly to the state certifying agencies.

Under this year's food production program, Texas producers are contributing approximately 14-million bushels of potatoes to the national stockpile.

Mrs. Shorty Brown of Amarillo is visiting her parents, Mr. and Mrs. B. L. McPherson, of this city.

Mrs. J. W. Duke, Buddy and Bobby, have moved to Brownfield from Lubbock.

Mrs. Walter Luker of Union, accompanied her uncle and aunt, Mr. and Mrs. Joe Snellzone of O'Donnell, to Portales, Thursday.

YOU DON'T HUNT BEARS WITH A SLINGSHOT!

... and you're sure hunting trouble when you put cheap, "will fit" replacement parts on your John Deere tractor and farm equipment. When you put such parts on a John Deere machine, you're not repairing it—you're seriously impairing the working and wearing qualities of that machine.

So be wise—buy only genuine John Deere parts for your John Deere equipment... they're made from the same patterns and by the same skilled workmen as were the original parts. Remember, too, when you buy John Deere equipment, you're sure of prompt repair service during its long life. We make good this promise.

FRED BALDWIN —

Announces

The removal of his repair shop to rear of Fitzgeralds Service Station, corner of 5th and Main and cordially invites you to call on him in his new location.

IT'S BEGINNING OF FALL

... and a change of season always calls for an overhauling of your car. But this year, more than any in the past, it's important that your car's innards get a thorough checking: so that if any part is not in good mechanical condition, it can immediately be repaired and not allowed to further deteriorate. Carburetors and timers probably need re-setting, so you will burn less gasoline, spark plugs need cleaning, friction points need lubrication. It's fall check-up time for your car—SO DRIVE IN!

BALDWIN'S GARAGE

WE ARE PROUD TO ANNOUNCE
THE GINNING OF THIS AREA'S...

FIRST BALE of COTTON

To Herman Edwards of Forrester Community, who bro't the first bale, we extend our sincere congratulations!

WE ARE READY TO GIN
YOUR COTTON!

Our modern gin plants are in tip-top shape to give you the type of turn-outs that mean extra profit to the farmer! Every improvement to ginning that has proven practical has been installed in our plants... since closing last season we have spent our time going over every inch of machinery... checking and repairing... to assure our customers prompt, uninterrupted service through the 1943 season.

Not only do you receive full dollar-for-dollar value when you gin with these farmer-owned gins, but you are given the opportunity to share in the profits of your own ginning.

IT WILL BE BE A PLEASURE TO SERVE YOU

FARMERS CO-OP SOCIETY NO. 1

Fire At Locker Plant Tuesday

Believe it or not, but a hot fire endangered the cold storage of the Farmers Locker Plant in west part of town, Tuesday afternoon, when fire broke out in the smoking department, and destroyed over one hundred pounds of meat in the smoker, before it was extinguished by the prompt action of employees and the City Fire Department.

Damage was confined to the walls and interior equipment. No meat was lost in individual lockers.

Mr. and Mrs. I. W. Scott, pioneer citizens of Canyon, Texas, spent last week visiting Mrs. Scott's sisters, Mrs. W. E. Winn, and Mrs. W. R. Bridges, and her brother, George Black, and other relatives at Gomez.

"CHRISTMAS GIFT" WAS HEARD MONDAY

Boy, wasn't that norther that blew up before day Monday a cool one after what we have been going through. While many came to town in their shirt sleeves as usual, they would not deny that a light coat or the old sweater would have felt fine.

Some of our friends greeted us Monday with "Christmas Gift". Perhaps the one and three-quarters inches of rain we had in town last week and various amounts over the county, coupled with the cooler weather will help late crops.

J. W. Brandon, formerly with Murphy May in the oil business at Seagraves, has been honorably discharged from the army because of injuries received in a car wreck in the service. He is visiting his brother-in-law, Judge and Mrs. C. L. Lincoln, for a few days.

Guess you read last week where Seaman Sam Branch Jr., was here visiting his parents, Mr. and Mrs. Sam Branch sr. Mrs. Branch had the Herald started to another son, in the army, Pvt. Otis C. Branch, who is perhaps somewhere in Alaska, or the Aleutians, as his Herald goes care of postmaster at Seattle.

Mrs. Spinx has gone to Ralls, after visiting her mother, Mrs. Ruth Auburg, for a few days.

Mrs. J. W. McPherson and baby of Plainview are visiting Mrs. B. L. McPherson.

San Marcos Man Likes The Plains

Monday of last week, when we attended the LAAF graduation exercises at the field, west of Lubbock, we met a very fine gentleman and his wife, also their son, who was one of the graduates. They are from San Marcos, and this made their second son to graduate there, the other finishing last fall.

He stated that this made his second visit to the Plains, and that the more he saw of the South Plains, the better he liked. "From way south of San Angelo," he said, "almost to San Antonio, there is not any green grass or a blade of feed, and the first green crops we saw was when we got up on the cap this side of Big Spring."

The Plains are a bit lucky about getting rain, all right, but we also have a drouth resisting soil that few areas anywhere else have. There fore our crops hold up considerably better than below the caprock.

MUTT SCUDDAY HURT MONDAY NIGHT

We learned this week that Mutt Scudday, Denver City, nephew of Mrs. R. M. Kendrick, of this city, was painfully, though not seriously, hurt Monday night, about midnight, as he started to his work in the oil fields.

It seems that he was in a collision with a car that was pushing another car, neither having lights. He was bruised about the head and chest and had a leg pretty badly sprained.

He expects to be back at work within a few days.

Mrs. Ed Hoey wrote us under date of September 4, enclosing money for another year of the Herald, and stated that it had been awfully dry at Winchester, Tenn., where they live, up to that afternoon when they had a real downpour. As they own land here, will state that we had a pretty good rain early last week, that with cooler weather, helped.

THIRD WAR LOAN DRIVE

MAHON TO RETURN TO WASHINGTON TUESDAY

Congressman George Mahon closed his Lubbock office Saturday and left for a final, brief tour of a portion of his 25-county West Texas district, preparatory to returning to Washington on Tuesday, he said.

Mahon has been occupied throughout the district, meeting the public, speaking before luncheon club gatherings and other occasions throughout the summer recess period, which will end Sept. 14.

The representative described his visit home as pleasant, beneficial, and valuable to him in his desire to render real service in Washington. He now is in his eighth year in office.

Our good farmer pal, Jacob Sandage came in this week to bring us a fine melon, and announced that the madam was visiting her mother, Mrs. Mary Johnson, at Heber Springs, Ark. Jake stated that if she did not return home soon the old cat would die of indigestion.

Get Packages Started Now To Overseas Boys

We printed an article some time back in regards to getting packages started to the boys who are overseas. Time limit advisable, so that they'll get their packages on time, is the 15th of September. Below is the rules and regulations:

Rules for Christmas mailings to the fighting forces overseas were made public in June for the guidance of early shoppers. They include:

The parcel must not exceed 5 pounds, and must not be more than 15 inches in length or 36 inches in length and girth combined. It should be marked "Christmas Parcel" so that it may be given special attention to assure its arrival before December 25. Not more than one parcel may be mailed in any one week to the same member of the armed forces by or in behalf of the

same mailer.

The parcel must be well and strongly packed, in a container of metal, wood, strong fiber board, or similar material, then wrapped in strong paper and tied with twine. The cover should be such that it can be opened readily for censorship. The contents should be packed tightly.

Perishable goods, such as fruit, that may spoil, are prohibited. Inflammable matter are prohibited. Packages in glass containers should be well packed. Razors and knives must have their sharp points protected.

The army and navy recommend against sending food, as the soldier is well supplied.

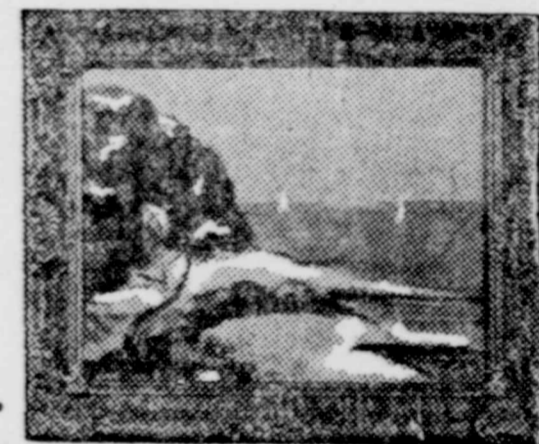

Addresses must be written clearly and completely. In addition to the return address of the sender, a parcel from an army man should show the name, rank, army serial number, branch of service, organization, army postoffice number, the name of the postoffice through which the parcel is routed.

BOYS LEAVE FOR SEABEES

A weiner roast was given Friday night at the home of A. J. Felts, sr., of the Union community in honor of Carl Fair, Tommie Donathan and A. J. Felts, jr., who left Sunday evening to report for the Sea-Bees. A dinner was served to the following: Bill McNeil, Mary Edna May, Nina Townsend, Julia King, Lovna Donathan, Norma Donathan, Joyce Runnels, Maxine Fair, Argie Lee Adams, Flossie Nestal, Julia Mae Seaton, Eva Seaton, Clarence Fair, Alva Lee Runnels, Neva Baker, Bessie Burnett, La Juan Riley, Carl Fair, Burton Runnels, Tommie Donathan, Evel Lee Howard, Laverne McNeil, Darrell McNeil, Jo Brown, Bud McNeil, Edd Hill, J. C. Seaton, William Day, Bob Allman, J. C. Chaffin, Pets McNeil, Alvin Fair, Boats Bass, Mr. and Mrs. Fair, Wade Runnels, Brown, and Mr. A. J. Felts, sr.

FAMILY REUNION

The H. E. Dodge home was the scene of a family reunion Monday afternoon when Mrs. Dodgeson, Pvt. J. B. Gunn, came in from Madison, Wisconsin, where he is in the army engineers technical school.

Here for the occasion were: his sister, Mrs. Mel Gass of Pecos, and his brother, J. L. Gunn and wife of Carlsbad, N. M., and his step-father, H. E. Dodge of Pecos, who is doing government work at Rattle Snake base.

MISS FLODELL WEST TAKES VOWS WITH LOUIS TODD

Miss Flodell West, daughter of Mr. and Mrs. W. M. West, and Louis Todd, son of Mr. and Mrs. J. C. Todd, were married Sept. 4th at 7:30 p. m., in the Nazarene church in Brownfield with the pastor, Rev. Nora Ham, officiating. Those present for the wedding were Mrs. W. M. West, Mrs. Melvern West, and two children, Mrs. L. M. West and daughter, Mr. and Mrs. J. C. Todd, Esther Todd and Mr. R. A. Ham.

Mrs. Lela Pelfry of Lubbock visited Mrs. B. L. Thompson this past week.

STUDY CLUB MEETS WITH MRS. GOODPASTURE

The Alpha Omega study club will meet September 14 with Mrs. Grady Goodpasture, for the general opening of the 1943-44 club year. Mrs. Lee Brownfield will be program chairman. Her topic for discussion will be "Highlights of the Past". Mrs. Virgil Crawford, the new president, will discuss "Aims of this Administration". Mrs. Jake Gore, the critic, will discuss "Suggestions on Preparing and Giving a Paper". The constitution and by-laws of the club will be read by the parliamentarian, Mrs. V. L. Patterson. The reading of the Club Collect will conclude the program.

The program committee of Mrs. Patterson, Mrs. Ruth Huckabee, and Mrs. A. L. Hartzog, has prepared a course of study based on a study of the Pacific ocean, its islands, China, India, Australia, and New Zealand. Books to be reviewed in connection with this study include: "One World," by Wendell L. Willkie; "U. S. Foreign Policy," by Walter Lippman; "I Saw the Fall of the Philippines," by Col. Carlos P. Romulo; "Queens Die Proudly," by W. L. White, and "30 Seconds Over Tokio," by Capt. Ted. W. Lawson.

Special programs to be observed include a conservation program, Texas Day, Federation Day, and a health and safety program.

The final meeting of the club will be a Pan-American Tea at the home of Mrs. Crawford. Mrs. E. C. Davis will present a "Travelog of Mexico." An exhibit of Mexican handicraft will be given, and recordings of Mexican and Spanish music will be played.

Officers for the year include Mrs. Crawford, president; Mrs. P. R. Cates, first vice-president; Mrs. Huckabee, second vice-president; Mrs. Mike Barrett, secretary; Mrs. Finis Carter, corresponding secretary; and Mrs. Jack Hamilton, treasurer.

Mrs. Earl Jones spent Tuesday in Lubbock. Her daughter, Evelyn, is returning to Brownfield until the fall semester begins at Tech.

BIRTHDAY DINNER

A birthday dinner was given last Sunday for J. T. Pippin of Tokio, in the Pippin home.

Guests included Mr. and Mrs. R. L. Bandy of Dallas, Mr. and Mrs. Odell Head of Wilson, Mr. and Mrs. Jim Casey of Whiteface, and Mr. and Mrs. Paul Young, Mrs. Joe Shelton and children, Mr. and Mrs. D. E. Green and children, Mr. and Mrs. John L. Cruce, and Mr. and Mrs. O. A. Pippin and son, all of this city.

The C. E. Ross family spent a few days in Stephenville, Texas, this past week.

CELEBRATES BIRTHDAY

Patsy Teague, daughter of Mr. and Mrs. J. M. Teague, celebrated her sixth birthday September second. After enjoying several games, refreshments were served to the following: Robert Bowers, Tommy and Macky Hord, Gerry Don Huckabee, Mary Jane Brown, Tony Akers, Donna Sue Christopher, Linda Heflin, Nancy King, Mary Ann Holmes, Judy Teague, and the hostess, Patsy Teague.

Betty Jo Cardwell of Plainview, was a guest of Evelyn Jones, over the week end. Both are Tech students.

HARMONY H. D. CLUB NEWS

The Harmony H. D. club met Thursday with Mrs. L. M. Lang. A very enjoyable afternoon was spent.

Miss Blanton demonstrated the selection of colors for a ladies wardrobe, which was very interesting. Mrs. Paul Gracey gave her report on the T.H.D.A. convention at Dallas, August 17-19. There were 10 members present and three visitors.

The next club meeting will be the third Thursday with Mrs. Cecil Murray. The club is sponsoring an auction sale at the Harmony school house the 17th of September. Everyone come and bring any things you may have that isn't of any use to you, but may be to some one else, and auction it off. There will be a cake walk, too, and a lot of fun is expected.

Earl Denton is attending the hardware market in Amarillo, buying for Knight Hardware.

FREE ENTERTAINMENT: Pictured herewith are the three Hollywood movie stars that will help entertain in front of the Rialto Theatre, Monday.

CUNNINGHAM-LANCE WEDDING

Mr. Clarence Ray Lance, son of Mrs. Lottie Lance, of Brownfield, and Miss Helen Cunningham, daughter of Mr. and Mrs. Jim Cunningham of Plains, were united in marriage in a single ring ceremony at the home of the groom's mother Sunday evening, August 29th, at six o'clock. Rev. W. A. Rogers officiated.

The bride wore a sheer navy blue dress trimmed in white. After the ceremony a reception was held for the bride and groom. Those who attended were: Mr. and Mrs. Jim Cunningham of Plains; Mrs. Lottie Lance; Mr. and Mrs. Preston Cunningham and children, Deana Rhea and Danny K.; Mrs. W. F. Walsler; Mr. and Mrs. Carl Walsler; Mr. Hershall Walsler of Tokio; Miss Hellen Douthit; Mr. and Mrs. Pete Bryson of Tokio, and Mr. and Mrs. R. M. Kendrick of this city.

Mr. and Mrs. Lance will be at home in Brownfield.

MRS. GREEN THANKS HER MANY FRIENDS

Mr. and Mrs. J. C. Green asked us this week to thank her many good friends for the card shower they gave her on her 67th birthday, September 3.

She stated that she kindly wished, after they began to arrive, that she would get one for each year of her life, but that number was greatly exceeded. She received more than 80.

HOSPITAL NOTES

A baby girl, weighing seven pounds and thirteen ounces was born September 5th to Mr. and Mrs. R. Sherrin of Tokio.

Mr. and Mrs. J. C. Hopper of Meadow are the parents of a six-pound and fifteen-ounce boy, born September 2.

A girl weighing seven pounds and fourteen ounces was born to Mr. and Mrs. Charles Hobgood, of Brownfield, September 1.

Claud Wright, son of Mr. and Mrs. J. H. Wright of Sundown was admitted for an appendectomy.

Mr. and Mrs. Joe B. Wilson, of Seagraves, are the parents of a girl weighing eight pounds and three ounces September 5.

Mrs. H. M. Stewart of Brownfield was admitted for an appendectomy.

Mrs. G. W. Wallace of Brownfield was admitted for surgery.

BIRTHDAY PARTY

Miss Nancy Weir, daughter of Mr. and Mrs. Frank Weir, was hostess to a group of her friends, Tuesday afternoon, in celebrating her eleventh birthday with a Tacky Party. Prizes were given to the boy and girl who wore the tackiest costume. Punch and cake were served to the guests after enjoying a group of games.

Mrs. Cecil Casey of Ruidoso, N. M., visited her mother, Mrs. G. G. Gore, this past week.

NAZARENE CHURCH CLOSERS REVIVAL AT SCUDDAY

Mr. and Mrs. R. A. Ham, Nazarene pastors, have closed a weeks revival held in the Scudday community, with baptismal services conducted Sunday afternoon, by Rev. C. F. Sanders of Tokio.

A number of persons were saved during the meeting with seven being baptized.

C. D. GORE GRAIN

Mrs. Oral Adams from Bryan, Texas, who lived here until a few years ago, visited the Raymond Adams family this last week.

Mr. and Mrs. Gillham Graham, returned to Texas City, after a short visit with his parents, Mr. and Mrs. E. A. Graham, this past week.

LaVern Collier, daughter of Mr. and Mrs. Roy B. Collier, left for Hobbs, New Mexico, this past week, where she has procured a position with Dr. Parish, dentist, formerly of Brownfield.

Mr. and Mrs. G. H. Holmes have returned from California, where they moved last year. He is employed in selling cars at Brownfield Implement Co.

Cotton Not Only Cash Crop In Terry

There used to be talk here about the cash crop, and by that cotton was always meant. But today, there is any number of cash crops, and there are several sources of animal incomes, such as fat yearlings, steers and swine. Cotton is the old standard standby, but the old hens and the milk cows these days are pouring cash into the farmer's till.

Recently there came to light a farmer in the Forester community, who sat upon his planter last April on a day that was everything else but tropical. Some say he had to warm occasionally, when he became chilled. But, be that as it may, he just grinned and endured it. Recently, that field was combined, being in wheatland maize, and some reports put the 200-acre yield at as much as \$10,000, but others said it was less, probably figuring expenses. To say the least, that farmer, whose name we withhold for business reasons, reaped a good harvest.

We have heard of others with around 50 acres in melons that cleared a bunch of money, and they didn't have to touch them. Those with larger acres are faring equally well, but most of them are wholesaling to truckers and dealers, who in turn haul them to where there is a sale for them, and disposing of them to produce dealers.

Yet to come on, is a large peanut acreage, that will bring many dollars to the farmers of Terry county, and the good rains in most sections of the county, will help the thousands of acres of young feed to mature, and feed is FEED this year, as thousands of acres in central west Texas burned to a crisp during their three-months drought.

Corn in Terry county will be rather short this year, but some in the areas that received good rains in July will make fair corn. Cotton will stop shedding, with the showers and cooler weather, and make a fair yield.

County Tax Rolls Being Completed

J. V. Burnett, county tax collector, has about finished his 1943 tax rolls, and will be ready for collections on time. This year's rolls show total valuation of \$7,547,943, as compared to \$7,391,905 for 1942, an increase of over \$150,900. In 1941, total valuation was \$6,573,645. 1940 it was \$5,807,775.

Valuations of land has run about the same for the past several years. The increases being in personal property, pipe lines and minerals. City property has taken on quite an increase the last three years. In 1940, city property was \$853,500, and personal property was \$884,700, while in 1943 city property jumped to \$1,259,600, and personal property to \$1,355,600.

Rural real estate for 1943 was \$4,450,760, an increase of \$700 over 1940. The valuation for 1930 was: real estate, \$3,550,000; city, \$675,000; personal, \$520,000. The sudden increase in land values for '43 is accounted for by increase in new farms during 1942, and the sharp enhancement in land prices.

Miss Emma Jean Coleman is the new secretary for the Farm Security Administration here. She is taking the position which Mrs. Polly H. Hansen had. Mrs. Hansen was transferred to Sweetwater as secretary for F.S.A. there.

Pfc. Goldston Home On A Furlough

Mrs. W. M. Goldston and two daughters, and son, Pfc. W. M. Jr., now located at Orlando, Fla., where he is taking special training, called on the Herald Tuesday afternoon, and we had quite a lengthy conversation with the lad. He got in late last week, and is leaving Thursday on his return. He was five days coming.

The family is hoping that Sgt. Carl Goldston can come in at least for the weekend from Fort Bliss. Sgt. John V., another brother is located at Camp Robinson, Ark., and is not expected home, nor is their son who is in the navy.

Let us state here that W. M. Jr., is the picture of good health and vigorous manhood, and seemed to be able to stand his round with all comers. We enjoyed your call, young fellow.

Pfc. Lucian Parrish it is now, instead of Pvt. He has also been changed from Sheppard Field, Texas, to Scott Field, Illinois. His address if you wish to write him, is, 368th TSS, Bks 242, Scott Field, Ill.

Mother Of Chas. N. Norton Here Tuesday

Mrs. E. R. Norton, of Capitan, N. M., was a pleasant visitor at the Herald office, Tuesday afternoon. She is the mother of Chas. N. Norton, U. S. Cavalry, located somewhere in the Pacific area. Just called to see about his subscription, which appears to be paid to Nov. 1944.

She had heard that there is a Union Community boy here from the same unit her son is in, and wanted to see and talk with him, but we failed to learn whether or not she succeeded in finding him. The Norton family formerly lived in the Wellman community.

While here she became a regular reader in order to keep up with what is going on in her old home, county.

LT. KIZER TO ATTEND OFFICERS MOTOR COURSE

Fort Sill, Okla., Aug. 30—2nd Lt. Thomas T. Kizer, Brownfield, Texas, has been selected to attend the officers motor course at the field artillery school.

Lieutenant Kizer was formerly employed by the Tudor Sales Co. as automobile salesman, before entering the service.

He reported here from Camp Coxcomb, California.

Sgt. Norwood Browder, stationed at Sioux City, Iowa, is here visiting his parents, Mr. and Mrs. Jack Browder. He is an army corp engineer.

A called meeting has been issued by the Office of Defense Transportation, to meet at Hotel Lubbock, Friday, Sept. 17th. All producers, processor, carriers and dealers in meats are asked to attend, at which time a committee will be elected or selected to assist the ODT of the district to aid motor transportation of livestock and other matters.

SCHOOL SUPERINTENDENTS ATTEND MEETING

County Superintendent Lee Fulton, together with Supts. Hamilton Still of Meadow, V. D. Armstrong of Union, and J. T. Jones of Wellman, attended a meeting at Lubbock Tuesday night, where they met A. E. Robinson, representative of the state department of education, to discuss the procedure of applications for rural aid.

Visitors in the L. C. Green home in the Union community over the week end, were their son, L. C. Jr., wife and little three-months-old daughter, Mary Fern. Also their daughter, Mrs. Earl Unger, of Lamesa. This was the first time Leslie had ever seen his grand-daughter.

Mr. and Mrs. Roy Collier and family attended furniture market in Fort Worth recently and they were met there by Carol Collier, who is in training at A. and M., for a few days visit.

J. O. Adams, 7 year old son of Mr. and Mrs. Fritz Adams, living on Rout 5, suffered a broken leg, when kicked by a horse, late Tuesday evening.

There's a World of Relief and Comfort in Every Bottle of WATKINS LINIMENT

World's Largest Selling Liniment

Watkins Liniment, the first product in the Watkins line back in 1868, is one of the oldest, most widely sold and most favorably known liniments in the world. For 75 years its time tested formula has given the same continuous aid, relief and comfort to millions of users for many common, simple, everyday aches, pains and ailments.

Only a medicine of proven merit keeps the loyalty of old customers and wins new friends year after year for over three quarters of a century. Results justify the existence of any medicine, and by this standard, Watkins Liniment is deservedly the world's leading liniment. Keep a bottle always handy in your medicine cabinet, in the house and in the barns. The assistance it gives you in times of need is worth many times its moderate cost. For a limited time there is a surprise for you with the purchase of each bottle.

BLACK-EYED PEAS

GOODPASTURE GRAIN & MILLING CO.

Miss Helen Howard is among the number of Brownfieldians to enroll for the fall term at a business college in Lubbock. Miss Howard is the daughter of Mr. and Mrs. M. L. Howard of this city.

Mr. and Mrs. Roy Collier and family went to Hobbs Sunday, where they left Miss Laverne Collier. She will work in the Dr. Parish office as dental assistant.

I. C. Byler is now employed in the Knight furniture store. He has had some twenty-five years experience in furniture selling in Brownfield and other places.

Mr. and Mrs. Slick Collins and baby, Richard, have gone to Lamesa to visit a few days.

Miss Juanita Cranford and Miss La Rue Ross, spent Monday in Lubbock.

LOOKS AREN'T DECEIVING

Vegetables aren't fresh unless they look fresh, full bodied, not wilted and shriveled, says Mrs. Julie Kiene, Director of Westinghouse Home Economics Institute. She adds that pods of peas, lima beans and such should be moist, not dry, and well filled. Leafy vegetables are best if leaves are young, unwilted and free from yellowness.

BUYING FRUITS

This is what to look for in buying fruits, says Mrs. Julia Kiene, Director of Westinghouse Home Economics Institute: Red apples should be distinctly red, yellow apples definitely yellow. Berries are best when uniform in size, not green, not mouldy. Skin of ripe bananas is flecked with brown. Citrus fruits should be firm and springy to the touch—thickskinned varieties often have the most juice. Vine-ripened melons can be spotted by the smooth, only slightly sunken scar at point where melon was attached to the vine.

SHORT CUT

Soak kidney beans in hot water—and you shorten the cooking time. So much the better if you have soft rain water—Westinghouse home economists explain that hard water tends to make the beans tough so that they never seem done.

FOR VITAMIN'S SAKE

Fresh vegetables, such as carrots, radishes, beets and the like, should be thoroughly cleaned before you refrigerate them, and the stems and leafy portions should be removed. Don't shell peas and lima beans or husk corn until ready to use. Otherwise they'll lose their sweetness and most of their vitamins Westinghouse home economists say.

Gene Burk of Phoenix, came in last week to visit his grandparents, Mr. and Mrs. J. W. Spear, and other relatives. He is the son of Zumer Burk, formerly of this city.

Miss Billie McNiel, daughter of Mr. and Mrs. Earl McNiel, of Route 5, is in Lubbock, where she has entered a business college as a fall term student.

W. W. Price and wife, Mrs. Lucy Burnett, and Mrs. Hattie Holgate spent the last week-end visiting their sister, Mrs. Cappell, at Odessa.

Mr. and Mrs. Tom May were Lubbock visitors Tuesday.

I GIVE YOU TEXAS

by
BOYCE HOUSE

While in San Antonio a while back for the South Texas oil men's dinner to make the principal address at the invitation of Col. Ray Leeman, your columnist heard an old-time oil field story.

It used to be that, instead of cable, a Manila rope was used in drilling. One morning, a swarm of bees settled on the rope and stung it so severely that it swelled to 20 times its normal size. In fact, the rope was so swollen that it wouldn't go down into the well.

But a driller remembered that the bottle of Sloan's liniment that was always kept handy. He oiled some on the rope and, in a little while, the swelling had gone down and drilling could be resumed!

While American soldiers and sailors are fighting on foreign fronts to preserve our freedom, the criminals are trying to take over the home front. In a Texas city recently, a couple weren't satisfied just with robbing an autoist but forced him to drive them to a place which they then held up; they didn't care if this peaceful citizen got killed—(fortunately, he did not, but no thanks to this ruthless pair).

Then, soon after that, another thug drew a pistol on officers and endangered the lives of everyone in a crowded eating-place; in an effort to prevent arrest, he even seized a little boy and used him as a shield.

Juries should get tough: thieves and hi-jackers are potential murderers; they are enemies of our country and should be treated as such. Let's end the coddling of crooks in this country and have a belligerent sentiment against criminals and for the safety of human life and of the property we have worked to earn.

The prettiest business section in the Magic Valley—mind you, I didn't say the biggest or busiest but the most beautiful—is that of Weslaco. The Main Street looks like a scene on the stage. Nearly all the buildings are of the same height; nearly all are white; they are of stucco exterior, of a Spanish type of architecture, and the signs harmonize with the setting. The principal street is wide and is dominated by the beautiful Cortez Hotel, which is at one end.

A block away from Main is the city hall, a touch of old Toledo, ornately sculptured, the front and dome of colored tile. Yes, Weslaco is a lovely little city.

Plains News

Sgt. and Mrs. E. T. Smith of Tucson, Arizona, were visiting home folks over the week-end. Mrs. Smith remained for a few days, while Sgt. Smith is being transferred some place.

Mrs. S. McDonnell and Mr. and Mrs. J. D. Myers, spent Monday with the Bearden family, in the Turner community.

Mr. and Mrs. Warner Hayhurst and children spent the week-end in Oklahoma.

Miss Eva Harben of McKinney was visiting in Plains Friday, enroute to Wink to teach. Miss Harben was science teacher in Plains high school last year.

Mrs. Faye Lush and children returned home Saturday from Arkansas, after visiting her husband the last three weeks.

Mr. and Mrs. Jack Blankenship, of Brownfield, were visiting their son, Bill, and family here Sunday. Mrs. Walter McClellan has returned home from Palestine, where she has been the last five weeks at the bedside of her father, who is ill, but is reported better.

Mrs. Hazel Roberts, of Virginia, is here visiting friends.

Mr. and Mrs. Charlie Dumas and son of Seminole spent the week-end visiting relatives in Plains.

TEXAS HIGH SCHOOLS TO PLAY FOOTBALL

Austin, Texas, Sept. 9—No less than 589 Texas high school and football squads were on their mark Sept. 1 to start practice sessions before the University of Texas Interscholastic League tournament gets under way Sept. 15th.

Schools still have until Sept. 15 to enroll in the League, R. J. Kidd, athletic director pointed out.

Already signed up are 105 Conference AA schools; 263 in Conference A; 150 in Conference B; and 71 in six-man football.

First games of the season have been scheduled by some schools as early as the week-end of Sept. 17, Kidd said.

A PIONEER TRAIL DRIVER PASSES

D. R. Cousineaux, a pioneer of west Texas, and trail driver in the early days, was buried at Seminole, his home, last Sunday afternoon.

His former wife, and son, James, and daughter, Mrs. John Markham have been long-time residents of Brownfield. James is now in military service in the Aleutians.

BAPTIST CHURCH AT LEVELLAND BURNS

The thirty thousand dollar Baptist church at Levelland was completely destroyed by fire last Sunday afternoon. The cause was said to have been from the heating apparatus, or defective wiring in the attic.

No service was in progress at the time. Small amount of insurance was carried.

C. Sears Shows Some Very Fine Feed

C. Sears, local farmer, was in Monday, with some samples of his feed he raised on the farm two miles northwest of Brownfield. He had three heads of red kaffir from the Lubbock Demonstration farm, and three of the new white Plano-Maize, seed of which were obtained from the Lockney Demonstration farm.

If we understood right, he has some 20 acres of red kaffir and about 40 of the other. The heads averaged 10 inches in length and were well filled with grain. The six heads weighed 2 1/4 pounds.

Mr. Sears appeared to be slightly better from his severe attack of rheumatism.

Adrian Stewart and wife, from Long Beach, California, were here early this week visiting their parents, Mrs. Jennie Stewart, and C. H. Hesters. Adrian for several years was connected with the city light plant here.

E. J. Lyles and family have moved to Brownfield, recently, from Bakersfield, California. He is employed at the Co-op, gin,

THE 3rd WAR LOAN DRIVE STARTS -TO BACK THE INVASION!

3RD WAR LOAN

15 BILLION DOLLARS
(NON-BANKING QUOTA)

What you will be asked to do—

MARK WELL the date—Thursday, September 9th. For on that day, you must answer to your country's call.

On that day, the 3rd War Loan Drive opens. To you—and to every other true American—a clarion call goes forth to rally to the support of our flag.

You will be asked to back our fighting forces to the very limit of your resources. You will be asked to go ALL-OUT FOR INVASION by investing in EXTRA War Bonds—more War Bonds than you perhaps think you can possibly afford.

To meet the national quota, every individual in the country who earns a wage or draws an income or has accumulated funds must invest, if he possibly can, in at least one EXTRA \$100 War Bond. Those who can, must invest more—thousands of dollars' worth more. Each and every one must do his full part.

Scrape up the money from every source you can . . . turn in all the loose cash you carry with you . . . dig out what you had tucked away "just in case." Go without pleasures, luxuries, even necessities this September. And give our fighting men the things they need to fight with—and win.

These men are throwing everything they have into this fierce invasion push. They are giving their blood, their lives. No one can put a price

on such courage, self-sacrifice, devotion. But you can show you're with them to the limit! You can say it with Bonds . . . EXTRA Bonds this month.

World's Safest Investments

For this 3rd War Loan, you will be offered your choice of various government securities. Choose the one that fits your requirements.

United States War Savings Bonds Series "E"; gives you back \$4 for every \$3 when the bond matures. Interest: 2.9% a year, compounded semiannually, if held to maturity. Denominations: \$25, \$50, \$100, \$500, \$1,000. Redemption: Anytime 60 days after issue date. Price: 75% of maturity value.

2½% Treasury Bonds of 1964-1969; readily marketable, acceptable as bank collateral. Redeemable at par and accrued interest for the purpose of satisfying Federal estate taxes. Dated September 15, 1943; due December 15, 1969. Denominations: \$500, \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Price: par and accrued interest.

Other securities: Series "C" Savings Notes; ¾% Certificates of Indebtedness; 2% Treasury Bonds of 1951-1953; United States Savings Bonds series "E"; United States Savings Bonds series "G".

M. AND M. CLUB

"The Shape of the Future" was the topic of study given by the Maids and Matrons Club Tuesday afternoon, when they met at the home of Mrs. Will Adams for the initial meeting of the year. Mrs. Will Adams, the new president, presided with Mrs. Nicholson as program chairman. Mrs. Dallas' subject was "Ethel Foster, State Federation President." Mrs. Randal gave "Highlights in Federation History." The next meeting will be at the home of Mrs. L. Nicholson, and will be a book review, "Dawn

Along the Amazon.

The Club will take an active part in selling bonds again this year. Twenty members answered the roll call. Mrs. Filmore and Mrs. Ray of Abilene visited a few days with Mrs. W. A. Tittle. The Santa Fe moved 36,683 carloadings last week compared to 35,889 for the same week of 1942. Kingsville, according to the Interscholastic league, is the only class AA football team in Texas to drop out this year.

Ad Rates And Subscriptions To Be Increased

For some time we have been taking under advisement the raising of our ad rates. Some of the leading business men have told us we should do so, some of them voluntarily. We knew it too, as living conditions and materials are from 25 to 50 per cent higher than when Pearl Harbor was attacked. Beginning with October, our local ad rates will be 40c per column inch. For 100 or more inches any month, slightly less. Our competitor, the Brownfield News, raised their rates last month, and we feel that we are due them the courtesy of getting in line. Thirty cents per inch and 40c is the difference of working all day and part of the nights short handed for an even break, or a slight profit for our work and material. **Subscription Rates to Be Increased**

Beginning the first of November, subscription rates will be increased to \$1.50 in the trade area, and \$2.00 out of the area. Subscriptions to service men will remain \$1.50 per year, no matter where they are located. This raise in price is made for the same reason we are having to raise our ad rates.

In the mean time, area subscribers who wish to do so may renew at \$1.00 per year for as many years as they wish, up to five years. And out of area readers may do the same thing, except at the \$1.50 rate.

Jaycees To Hold Banquet

We have been requested to announce that the Jaycees are sponsoring a banquet, to be held at the Thompson Cafe, Wednesday night, Sept. 15. The banquet, a Stag affair, is being held for members of the Senior organization and all who are interested in the welfare of our community as well as the Jaycees.

Dr. H. C. Pender, head of the Government Department at Texas Technological College, Lubbock, will be the main speaker. Dr. Pender is an able authority on international problems, and is highly recommended by those who have heard him speak. For this reason, the Jaycees are making this an open meeting in order that all the male citizens of this community might have an opportunity to hear him.

Our informant did not state what the admission fee will be, but we are sure that it will be very reasonable.

Baptist Church Notes

In the absence of the pastor, engaged in a meeting with the church at Sudan, a number of men from the Gideons living in Lubbock, visited the church in behalf of funds to supply the soldiers with testaments and a free-will offering of fifty dollars was given after hearing of the work. The pulpit was supplied in the evening by Rev. McManis, pastor at Tokio and two were received by letter.

New teachers and officers will be elected soon for the coming year for the church school and this is of vital importance to the progress of this work. It is necessary to plan a budget of the expenses of the church for the coming year which must be adopted and many think this budget should include six thousand dollars to retire the building debt in full by about January first if possible. The church must also select three deacons who shall serve as active deacons for the next three years, having adopted the policy of election of three each year to serve three years, the active deacons consisting of nine. There are a large number of deacons in the church, many having moved here from other churches and due to the large number, most of them became inactive and it became necessary to name a certain number who would become responsible for this work for their terms of office, three of them will retire each year and give the church the privilege of naming three additional, none of those retiring being eligible for reelection for one year. This gives the church the privilege of changing the deacons as they may wish and while the deacons are only servants of the church, some of them make better servants than others, and pay more attention to the business.

The Brownfield Association will hold their next session with the church at Wilson, next week, the 14th and 15th, where churches belonging to the association will make full reports of the work done the past year. Our church is a charter member of that body and actively supports the associational work as well as of the Baptist General Convention of Texas. It is our desire that all regular Missionary Baptists shall come into our church and fully cooperate with us as we stand for the regular organized work founded by our fathers.—D. P. Carter, Reporter.

The Lucille Reagan Circle of the Baptist Church met with Mrs. J. C. Green Monday afternoon at four o'clock. Those present were: Mesdames J. E. Townzen, D. E. McMahan, L. O. Greenfield, Avery Rogers, D.P. Carter, Miss Fanny Day, Mrs. J. T. Auburg and Mrs. J. C. Green.

Local Bond Drive Starts With Rally

The high school band lead a parade of school children down town and to the band stand in the Court yard, Thursday morning, where L. Nicholson, county chairman, officially started the drive to sell Terry county's quota of \$672,000 in war bonds.

Addresses were made by Mayor Jesse D. Cox, and W. R. McDuffie who introduced Judge Dean, prominent attorney of Plainview, who delivered a forceful and impressive address. McDuffie then presented Sgt. Coker of Sheppard Army Air Field, and Seaman Dub Branch, who are here on furloughs, both stated, from their positions, the public at home had done well, and hoped they keep it up.

Mrs. Dimple Nephew and daughter, returned early this week to her home at Quemado, after an extended visit here with her parents, the George Blacks at Gomez.

Mrs. Paul Goodman and Mrs. Fred Lowe spent Tuesday in Lubbock.
