BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, OCTOBER 29, 1943

NUMBER 13

Receives Silver Star Award

By direction of the President, the Silver Star, was awarded on October 9, 1943, by General Milard F. Harmon, commanding the United States army forces in the South Pacific area, to Private First Class Blain Liles, for gallantry in action in the Solomon Islands, on July 27, 1943. When the machine-gun fire from an enemy emplacement held up an entire infantry battalion's progress, Pfc. Liles volunteered, with another soldier, for the mission to destroy it. Both men crawled to a position within 20 yards of the machine-gun at which point Pfc. Liles commenced firing, thereby drawing the attention of the enemy to himself. By this action he permitted his companion to close in on the hostile position and destroy it completely with hand grenades. Thus, by his personal courage and aggressiveness displayed in the successful accomplishment of this hazardous mission, Pfc. Liles enabled the battalion to continue their advance. Liles' home is Brownfield.

Pfc. Blain Liles is the son of Mr. and Mrs. E. W. Liles, who now reside on route one, Meadow. Mr. Liles showed us a letter this week from M. E. Harmon, Lieutenant General, U. S. A., confirming the citation noted above. Of course the family as well as all of us feel proud that Blain is a Terry county product.

Cpl. Vernon Pharr, with the Army Air Force at Fresno, Calif., spent a week's furlough here with his parents, the J. D. Pharrs and other relatives.

Deverelle Lewis Training at North Texas Ag.

Future marine corp officers are undergoing training at North Texas Agricultural college, located midway between Dallas and Fort Worth, as part of the Navy V-12 unit under the command of Lieutenant Commander M. V. Lewis, USN (Ret.).

After successfully completing a comprehensive course, the student privates will be ordered to Parris Island, South Carolina, and subsequently to officers' school at Quantico, Virginia, for an additional period of instruction before they are commissioned. Many of the officers will receive 10 additional weeks of training before assignment to duty, according to Captain Andrew R. Davis, USMC, officer-in-charge of the marine corps procurement office in Dallas.

The North Texas Agricultural college marine complement includes Uyles D. Lewis, 111 South First street, Brownfield.

Sl/C Calvin Newton Newberry, son of Mr. and Mrs. H. C. Newberry, is a new reader of the Terry County Herald. Newberry, who has been in service since June, 1941, wrote his parents that he recently met Ed Huckleberry, a former school mate. Newberry had lived in Terry county all his life until he entered service. He graduated from Union high school with the Class of '40.

CPL. MALCOLM ATTENDING CARNEGIE INSTITUTE

Pittsburgh, Pa., Oct. 27—Corporal Graydon H. Malcolm of Brownfield is attending Carnegie Institute of Technology this fall in the army specialized training program, according to the Tech student directory just published. Corporal Malcolm, son of J. F. Malcolm, is enrolled in the ASTP advanced course in chemical engineering. He is a former student of Texas Tech.

Do You Recognize Your Old Buddy?

Do you recognize the "map" that accompanies this "article?" Sure you do. This lad has been your pal, as well as ours, since he was a wee tot. This boy is now training in the armored forces over at Camp Campbell, Ky., and we have reports from his officers that he is making a fine soldier.

Herman C. Gore, or more appropriately, "Claudie," as he is

Pvt. Herman Claudie Gore

called at home, is the son of Mr. and Mrs. Ches Gore. Now Claudie and his uncle, Alfred, were about the same age, and worked and played together, and had hopes when they entered the service to be together all the time. But evidently the army officers had a different idea about the matter, and Alfred was trained in the northwest.

And, evidently Alfred is now somewhere on the other side of the pond, as his Herald is in care of the New York postmaster.

Marion Bowers Named Private First Class

LUBBOCK, Oct. 20—Marion C. Bowers of Brownfield is one of 34 students named as privates first class in the Engineer's Officers training of the Engineer-Signal corps battalion, Reserve Officers Training corps at Texas Technological college. Major Frank E. Hangs, acting head of the division of military science, announced these appointments and those of 20 staff sergeants, 19 sergeants and 12 corporals this week.

Bowers is the son of Mr. and Mrs. R. L. Bowers. He is enrolled at Texas Tech as a freshman mechanical engineer.

Sgt. and Mrs. Jesse Bryant left last week for Mountain Home, Idaho, after spending his furlough here visiting his parents, Mr. and Mrs. L. E. Bryant and other relatives. Mrs. Bryant is working at the Post Exchange at Mountain Home.

T/S Dewey Rogers returned to Ft. Fisher, N. C., Thursday after spending a week here visiting his parents, Mr. and Mrs. L. M. Rogers. Rogers has recently been on maneuvers in Tennessee. He entered service in December 1942 and received his basic training at Camp Callan, Calif.

Cpl. Vernon D. Pharr, who is stationed at Fresno, Calif., arrived here Monday to spend his fifteen day furlough visiting his parents, Mr. and Mrs. J. D. Pharr. He has three brothers in military service; they are Robert Pharr, who is in the naval reserve at the University of Texas, 2nd class petty officer, Odus Pharr, who is in the Navy Air Corps., and Pfc. Travis Pharr, who is stationed at Camp Ellis, Ill.

Sgt. and Mrs. Lewis Peeler of Keesler Field, Miss., spent Tuesday and Wednesday visiting in the A. L. Hartzog home.

Mr. and Mrs. C. H. Heafner of Wellman have subscribed to the Herald to send as a Christmas gift to William John Wade AM-2/C, who is stationed in Hawaii, and Sgt. Leslie Robert Trigg, who is somewhere in New Guinea.

Doctor And Wife Murdered At Littlefield

One of the most brutal murders in the history of the plains, was committed early Tuesday morning, when Dr. Roy Hunt, prominent physician, and his wife were found bludgeoned to death in the bed room of their home in Littlefield. Their six year old daughter, leading her three year old sister in their night clothes, ran to a neighboring house about 7:30 a.m., and reported that "a bad man killed their father and mother."

Neighbors immediately investigated, finding the bodies tied, gagged and horribly mangled. The little girl said she had gone into her parents' room on being awakened by a noise, and the "bad man" pushed her into a closet and threw water on her. She did not exit till she ran to the neighbors, saying "the man was masked." Evidence showed killing between 2 A. M. and 7 A. M.

Dr. Hunt was born and reared in Lubbock of a prominent family. He was the victim of a shooting last May at Littlefield when called from his home at midnight by a woman to attend a patient in a car wreck, and was left for dead, but recovered and named another physician and his wife of Cameron as assailants, who were tried in Olton last August. The man being sentenced to seven years for assault with intent to murder, and his wife's case being postponed till early in November. Both were free on bond. The man's case is on appeal.

No clues were immediately found. No suspects apprehended. The entire case is shrouded in mystery. The citizenship of Littlefield was stunned. The city and county, as well as many individuals have offered rewards, totaling more than \$5,000.00.

PATCH TESTS FOR TUBERCULOSIS HERE

The health department wishes to announce the arrival of the Patch tests for tuberculosis. All adults wishing the test may obtain same at the clinic in the court house daily from 9 to 12 a.m. This is a simple test, easily applied, removed after 48 hours and read at the expiration of two days.

Positive cases will receive X-ray of the chest in January. A charge of 10 cents will be made for the above.

The regular school children will be given their examination at the schools.

Judge Lincoln Returns From Vet's School

County Judge C. L. Lincoln returned Sunday from Austin, where he attended a school of instruction for Veteran's Rehabilitation, and has been designated assistant service official for the local Legion post, and for Terry county.

This service is to aid all veterans of the first world war, as this one, in all matters pertaining to their military service, such as hospitalization, dependency claims and pensions, insurance and compensation, and other items of that nature. Doubtless thousands of deserving veterans of World War I failed to get benefits entitled to, by not knowing or having the aid of such service.

Judge Lincoln has in the past devoted much time to aiding other veterans in their claims successfully, and this school was to instruct such men to better facilitate their service.

LIONS CONTINUE CARNIVAL THIS WEEK

The carnival, sponsored by the Lions club, here last week was so well patronized and enjoyed by so many, they have been requested to repeat it this week end, the club voted at their Wednesday luncheon to continue again Friday and Saturday, and to give one-half of their proceeds to the local War Relief Funds, now being raised.

Neely Advises Rigid Culling Of Flocks

One of the surest ways poultry producers can make use of available feed supplies is to cull all non-layers and low producers from their flocks, says Thomas Neely, agricultural teacher.

"With feed supplies short, rigid culling of the flock is more important than ever before," he said. "By removing the low producing and unprofitable birds the owner will have relatively more feed for the higher producing hens and in this way can get more eggs from his feed supply. "To get rid of poor layers, first remove all birds that are sick or otherwise unsound. A cripple or weak hen will not pay, and eventually will come down with disease. It is important, therefore, to remove birds that are sick or lame, decidedly undersized or underweight, or that have deformities or weaknesses of their backs, legs, breast or wings.

"Good culling also calls for removing all mature hens that are yellow-legged and fat. Vigorous birds with red combs and wattles, bleached beak and legs, and a thin, pliable abdomen, are usually in production.

"In culling," cautioned Neely, "consideration should be given to whether the birds have had a fair chance to lay. Low production may be caused by improper feeding, crowded and unsanitary conditions, lice, mites, or intestinal worms.

"Ability to cull is easily acquired, but is best learned thru actual handling of birds under experienced guidance. Poultry owners who cannot cull satisfactorily should call upon some neighbor or other experienced person to help them get the needed skill.

Brownfield Cubs Meet Plainview Here Tonight

In their first home conference game of this season, the Brownfield Cubs tangle with the Plainview Bulldogs on the local grid, beginning at 8:15, tonight, before an expected large crowd. The coach, players, pep squad and high school band are working hard to make the game a success—for "our side."

While both teams have met defeat, those in the know say Plainview has an excellent team, and promise us a hard struggle, yet if our boys will expend what's in them, we should score it over the visitors.

Smarting from the defeat at Pampa last Friday night, 26 to 6, resulting largely from a long, tiresome trip in a truck and lack of home boosters, our boys are in no humor to be put down again. Plainview was defeated by Amarillo last week.

People Offered Standard First Aid Course

Fire Chief Eunice Jones, assisted by Cecil Smith, charter member of the fire department, will give a standard 20 hours first aid course to the people of this area who wish to take it, at the District Courtroom, beginning Monday.

Classes will start promptly at 7:30 P. M. each evening. Further announcements will be made Monday evening.

Please Notify Us If You Want Extra Copies

The government is asking all newspapers, big and little, to save as much paper as possible. In fact the big dailies are being limited with the amount of paper they can use, and this may be passed to the small town weekly any time.

So, we are just printing sufficient papers to meet our regular mailing list, and if you wish extra copies, please let us know before press day of you may not get them.

Terry County Cotton Crop Moving Nicely

The Terry county cotton harvest is progressing exceptionally well considering the amount of available labor, according to A. L. Hartzog, county agent. Due to the fine weather that has prevailed during recent weeks and to the fact that all available home folks are working early and late. Terry county school officials are to be commended for the fine type of cooperation they have shown in providing harvest periods for students, and the students, themselves, have earned the lasting appreciation of citizens of Terry county by the way they have tackled a tough job and carried it forward until such time as more migratory labor could be brought in from points further south and east by efforts of farm and labor officials.

According to Tommie Harrell, U.S.E.S. representative, an increased number of crews arrived over the week end and in a check up at Lamesa, Dawson county officials indicate that harvest there is 60-70 percent complete and they have released 40 to 50 crews into Terry, Gaines and Yoakum counties this week with others ready to move.

Officials suggest that if Terry county farmers who are getting picked over first time, loan their crews to nearby neighbors while continuing to let them live on their farm, they can generally get the same crew to go over their cotton a second time. Those having crews, but haven't been able to make arrangements, may contact Mr. Harrell at the county agent's office for information about others in their vicinity who would desire to cooperate.

Bank Resources Pass Five Million Dollars

Bank resources and deposits have passed all records set heretofore by the two banks of the city, the Brownfield State and the First National. And this is just the beginning of the harvest season. Two thirds of the grain still remains in the fields, and the cotton crop has hardly been touched. Even though it is hardly in the season, you will note that loans have been liquidated to about half of what they were in June, the last statement up to the one called for October 18th.

The June 30th call showed more than \$2,000,000 in loans; the deposits were then just a bit over four million, while the resources ran some over \$4,400,000. Below we give you a breakdown of the combined resources, cash, loans and deposits of the two banks:

Resources	\$5,103,127.57
Cash and Available	3,905,920.15
Loans & Discounts	1,197,670.42
Deposits	4,848,806.74

MUCH TAXES BEING PAID EARLY

County Tax Collector J. V. Burnett informs us that some 38 percent of the 1943 property taxes have been paid and daily receipts are heavy. This is unusual for this time of the year, as heretofore so many have waited till the last of January. This indicates the prosperity prevailing for the past year, and, too, a discount of three per cent is allowed on payments made before November 1. After next Sunday, only two per cent is allowed through November and one per cent through December.

MOVES STUDIO TO NEW LOCATION

The Fred Lowe studio has been moved from their old location by the Herron Grocery to next door to the First National Bank. Mr. Lowe sold the shoe shop to Bud Pate, who will continue operating it at the same location.

Mr. Lowe invites his old and new customers to visit him at his new address.

Tom May and Bruce Zorns attended the Masonic banquet at the Hilton Hotel in Lubbock Tuesday night.

Scottish Rite Class Chooses Jubilee Name

Because it was the 75th semi-annual reunion of El Paso Scottish Rite Bodies, members of the class Tuesday unanimously selected the title, "Diamond Jubilee Class," as the name for the class.

A class banquet was one of the highlights of the day's activities. Ernest Jordan was toastmaster. Gen. Sebastian Bariguet, commander of the Juarez garrison and an active 33rd Degree Scottish Rite Mason, was one of the speakers.

Gen. Bariguet was an invited guest at the conferring of the 32nd degree Tuesday night. This was the final degree and concluding ceremonies of the reunion.

A family reunion provided an outstanding feature Tuesday, Tom May of Brownfield, who has been attending Scottish Rite reunions here many years, got to see his son, Capt. Murphy May, of the army air corps ferry command.

Captain May knew his father would be there. He flew into Tucson and sent Mr. May a telegram announcing he would reach El Paso Tuesday afternoon.

"He arrived before I got the message," Mr. May said.

Captain May's sister, Mrs. Rebecca Ballard, Brownfield, accompanied Mr. May to El Paso and was the third member of a happy family reunion group for which the Scottish Rite reunion was responsible.—El Paso Times.

REGULATIONS LIFTED ON SERVICE STATION OPERATIONS HOURS

The War Price and Rationing Board released this information this week:

Petroleum Administrator for War Harold L. Ickes today removed nationwide regulation of service station hours of operation, but, at the same time, urged all dealers to meet with other dealers in their area to establish local limitations upon hours of operation by voluntary agreement.

HOUSING SITUATION SERIOUS HERE

Folk with vacant room or houses will be doing a favor to newcomers to Brownfield if they will get in touch with L. Nicholson at Nicholson Insurance Agency, so that they or his secretary may help them find a place to live.

The housing situation in our city has become acute during the past few months, and property owners must cooperate if the situation is to be solved.

LOST RATION BOOKS

Washington—Finders of lost ration books may drop them in the mail without prepaying postage or enclosing them in envelopes, the OPA announced.

A lost book will be delivered to the person whose name and address appears on the cover, on payment of a five-cent postage-due charge. Books will be forwarded to nearest local rationing board when the addressee cannot be found.

Reuben Haynes Killed In Plane Crash

Funeral arrangements for Reuben Haynes, son of Mr. and Mrs. A. Y. Haynes of Lubbock, who was killed Sunday in a navy plane accident off the Pacific coast, are pending arrival of the body in Lubbock.

Haynes was a brother of Johnny Haynes of this city.

The Haynes family formerly resided here, but moved to Lubbock several months ago.

ON JUVENILE DELINQUENCY

The Jessie G. Randal Parent-Teacher association will meet November 4 at 2:45 p.m.

The Rev. F. A. Walker will talk on "Juvenile Delinquency." Every one is invited to attend and hear this problem discussed.

A FIGHT TO CONTROL VENEREAL DISEASES

Austin, Texas, October 27—In a statement issued this week by Dr. Geo. W. Cox, state health officer, it was disclosed that in the near future an intensified state-wide educational campaign will be instituted for the control of venereal disease.

"The venereal disease situation in Texas has been receiving the close attention of the state health department," Dr. Cox said, "and it has become apparent that with the heavy concentration of military forces now within the borders of this state, the scope of the control program must be broadened. One of the most essential measures in this respect is the education of the public to the danger involved."

Every possible means for informing the public will be used, with emphasis placed on newspaper publicity, radio lectures, posters, pamphlets, leaflets, and personal information disseminated at venereal clinics throughout the state. Although there are now 138 treatment centers and clinics operating in the state, Dr. Cox indicated if additional facilities are needed for the treatment of infected persons, more clinics will be established when the need is ascertained.

Special educators, doctors, and case investigators from the state department of health will be available for consultation and assistance to those cities and communities in the state most urgently needing such help.

Mrs. Emily Conant of Roswell, N. M., spent the week end with her sister, Mrs. John King, and her brother, Jim Miller.

Butane tanks have gone to war, or somewhere. The manufactured article is no longer obtainable, as there was a priority on metal. But, there seemingly is no law against taking an old rusty pipe of large dimension, closing the ends with an acetylene torch and cutting a hole for refilling and for small piping to the residence. So, those who want a butane plant for heating or cooking, are going this route for the duration, anyway.

Newsweek, the popular weekly that has well taken the place of the Literary Digest as the people's favorite news weekly, has recently come out with a Tom Thumb edition of the magazine, that is so light in weight that it can be mailed first class to soldiers and other men in the service overseas. By reducing the size of the type, the pictures and using thin paper, this was possible. As all service men have good eyes, it is possible for them to readily read the mid-size magazine without undue eyestrain.

Start up the band; some one turn on the fire siren; get out the high explosives! This silence

is deafening! Up to the past few weeks, two of our popular neighboring exchanges have been bombing and strafing with everything they had. Those mighty guns that pound the English and French coasts every few nights are just toy pistols compared to the ammunition these exchanges have been using on each other. But all at once the cease firing order was given, and a deep silence reigns supreme. Is there an armistice? Or have they bogged down for lack of stronger words?

Come Sunday and Halloween! Just who we borrowed this heathen idea from, we are not prepared to say, although we have a late set of Britannica. But, being sometimes masked and disguised, these youthful hobgoblins get the idea that it licenses them to play whack with other people's property. Right now, if ever, is no time to destroy property that perhaps is irreplaceable, nor is it any time to take risks of starting fires that might destroy property. Usually local youths are very reasonable in their Halloween celebrations. Perhaps they

are somewhat restrained by vigilant night officers. Let's warn the children to be reasonable in their celebration of the holiday.

It has been said that of all Americans, Pat Hurley is most popular with Joseph Stalin. Other Americans either flattered the great Russian leader or were reticent to oppose him to his face. Pat Hurley went to Moscow as the President's special envoy, and when Stalin asked him as to when that second front was going to be opened, Hurley, who learned his diplomacy on an Oklahoma ranch, as a cowboy, replied, "H— Britain had a second front over there in '39, and we were supporting them, but you ran out on us." Stalin was reported as liking that. He took Hurley and showed him more of the Russian war equipment than any other foreigner has been allowed to see. —Anton News.

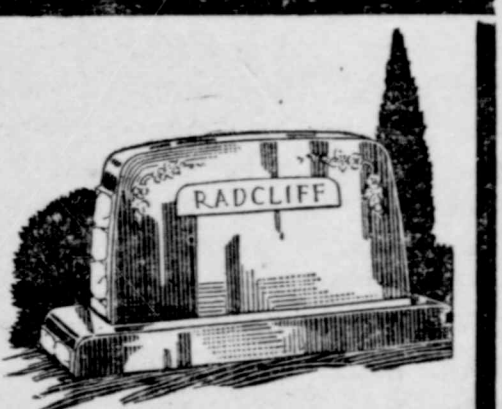

While we are on the subject of letting down the bars to the Chinese, why not try giving them the quota we allowed Germany before the war and exclude the Germans? From experience we know the Chinks are not studying war all the time; they are trying only to make a decent living. This much cannot be said of Germans, and while about the matter, we don't believe there is any fine spun distinction between the run of the mill Germans and Nazis. It takes a German to make a Nazi, and for years they have followed this outlaw gang, teeth and toenails. Millions have died for the idea that they are superior to all other people, and that non-Germans are made only to be slaves to them. About the only cure for them is a bullet hole in each of the adult German's heads, and an elm club used on the younger generation three times a day for some four generations. They are taught that might is right, and they'll learn only by the use of force. And this goes for the Japs.

DON'T FORGET TO WRITE TO THE BOYS

Senator Cabot Lodge of Massachusetts told the Women's National Press club of Washington that the boys at the front live in an almost total blackout so far as the news from home is concerned. Returning from his trip around the world he found that our soldiers abroad don't receive newspapers, and that news from home is usually personal from families, etc., but they do manage to get some of the sports returns from the big games and some news from the war fronts, but that general news is lacking. This all fits in with a recent "soldier's plea for letters" written by Corporal Edwin R. Jones and published in his home newspaper, the Portland Oregonian. It is worthy of being passed on to editors in the 48 states served by this weekly letter from Washington. It is as follows: "A tranquil African night. Stars are atwinkle and a quarter moon beats a golden path upon the Mediterranean. 'Tis no wonder then, in this solemnity, that we should think of our homes, our friends and our families. "There's no doubt that many soldiers on these far-flung outposts of the world are lonesome. Even today many enlisted men receive few letters. If you've never been away from home little can you surmise the elation some friendly letter may bring to some forgotten soldier. "Mail call, to soldiers on foreign soil, is their entertainment, luxury and enjoyment rolled into one. Maybe you've never witnessed a soldier day after day looking forward to mail call yet seldom receiving a letter. A bystander can offer little in way of consolation, but he may be quite aware of the mental process involved since he, too, at some time or other, has been through identically the same experience. "In our first few months in basic training centers throughout the United States we were deluged with mail. Today it is quite the contrary. Letter writers have diminished until the mail from home is, in the main, from the immediate family or, perhaps, the girl friend. "We are weary; we are tired and there's not one of us who isn't anxious to finish Hitler and kin. In the meantime there is no greater morale builder than a letter. "What about those community friends? How many community club members write to former personnel? Once we quite frequently attended church — what's the doing? What's become of the corner drug store gang? "Simple events and happenings are extremely interesting. Recently we ran across a news item which stated more letters were being mailed home by soldiers than were received. Of course, these naturally left the question—are we soldiers to cheer the home front, or is the home front to cheer us? "Put yourselves in the soldier's shoes, and think. Having done this, grab a pen and write. This little touch of human kindness will play its part in hastening homecoming." Perhaps the best morale builder

The basis of all literature is wonderment — perception of the miracle that "nature sends up violets and paints them blue." As Kipling said, "I saw naught commonplace in Thy world." Tennyson marveled at a little flower in a crannied wall. The Savior declared, "Except ye become as a little child, ye shall in no wise enter the Kingdom of Heaven."

What some of the editors are saying:

L. C. Kirgen's Fairfield Recorder: I note, a local man said yesterday, that we now have to guess on what our income will be and if we miss it, we will be fined an extra assessment. This makes the whole thing a matter of guesswork. Congress has had us guessing about everything else for the past 10 years and now we must guess what our income will be— If I had been a member of Congress that passed the present pay-as-you-go income tax law, I would have been afraid to come home on a vacation and face my constituents.

Kerrville Times: We have had the view, and still have that opinion, that those in charge of affairs at Washington are in far better position to be informed as to the real situation in the global war in which we are engaged than outsiders could possibly be. Our war leaders at Washington not only have inside information far surpassing that of the ordinary citizen but upon their shoulders rests the responsibility of waging the war as to win a complete victory. The man on the street does not have the responsibility of making decisions vital to the war effort. To our way of thinking, that fact makes a vast difference between him and our leaders, who almost sweat blood over difficult problems that confront them.

A. J. Stricklin, sr., in the Terry County Herald: When and if we pipe all our oil and natural gas out of Texas, East Texans will have nothing else to do except squirrel hunt and West Texans can get caught up with their coyote hunting. All our big reserves will be used to further industrialize the East.

A good old preacher who was visiting in a home dropped his set of false teeth through a grating on the porch. Neither he nor his hosts could devise any way to get them out as the bars were to close together to reach through and too embedded to be removed. But the small boy of the family said, "Wait a minute." He returned in a little while with a string with a chicken bone tied on one end. He lowered the bone through

Interment was in Terry County Memorial Cemetery with the Brownfield Funeral Home in charge of arrangements.

WAYLAND WANTS NAMES OF EX-STUDENTS

The ex-student association of Wayland college is making a special effort to secure all names of graduates and ex-students of the school. Some of the earlier records are quite scarce, and such records as there are do not give much information.

It is possible that there may be a number in this area who have been students in Wayland college. You will render a valuable service to the association by sending in your name, the year you finished, or would have finished, and your home address at the time you were in school. In the case of married women, they will send their maiden names, as well as their married names, and all will send their present address. Send them to the secretary of the association, J. Lowell Ponder, 1507 W. 8th, Plainview, Texas.

Plans are on foot to have a get-together of all Wayland Exes some time this winter. In the Spring a "class" get-together will be featured. The group graduating next Spring will of course be the class of '44. Exes who will come at that time are those of '34 and '24, and of '14—by tens. The association is eager to have the names of every ex-student possible.

4-H GIRL PROVES GOOD LOAN RISK

College Station, October 21 — When the Stephenville Production Credit Association made a loan to Alice Klebold, Smithfield 4-H Club member in Tarrant county, it was believe to be the first "all-girl loan" of its kind in Texas. For that reason it attracted considerable interest, according to the PCA News released at Stephenville.

Thirteen-year old Alice borrowed the money to finance a 4-H poultry demonstration, and she definitely has proved that a 4-H Club girl can manage her finances admirably. Recently she became a Gold Star 4-H Club girl.

In March, 1942, Alice bought 104 White Rock baby chicks with the borrowed money. She lost only two of the 104. She sold the cockerels as fryers for \$28.13 when they reached the proper size. Her 50-odd pullets began laying in January, 1943, and by June 1, Alice had received \$118.16 for her eggs, giving her a gross income from the chickens of \$146.29. Her total feed cost as of June 1, including feed for 94 fryers on hand at that time, was \$109.52, allowing a net cash receipt of \$36.77. With 49 laying hens and 94 fryers ready for market, Alice was established in the poultry business.

Her family has used about two dozen eggs each week during the period covered by her egg record, Alice has reported to Gayle Roberts, assistant Tarrant county home demonstration agent, who has aided her with the demonstration.

Alice is in the eighth grade at a nearby school. She milks three cows and has done practically all the planning and working of four acres of peanuts and a garden. Currently, she's at work on a brooder house, constructed of second hand lumber.

NO EXCUSE FOR BEING DIRTY!

College Station, Oct. 27—Contrary to current rumors, there is going to be enough soap for everybody in this country during the next 12 months.

Sufficient quantities will be manufactured for each man, woman and child to have 22 pounds of toilet and household soap, according to information received by the Texas A and M college extension service. That is the equivalent of 16 large packages of soap chips or flakes, or 35 bars of laundry soap, or about 94 cakes of toilet soap.

In addition, three and one-half pounds of soap per person will be available to commercial laundries, institutions, and factories. Extension workers say, however, that it's still important not to hoard soap and use it carefully without waste.

INDUSTRIAL SAFETY CONTEST NOW ON

Austin, (Special)—Forms were going out this week to Texas industrial firms from the Texas Safety Association on which they will record accident data for the association's industrial safety contest.

E. C. McFadden of Dallas, chairman of the safety contest committee, stated that awards will be given to the winners in the various industry groups on the basis of the least number of accidents per 1,000,000 man-hours.

"The reduction of accidents is very important and necessary to the furthering of the war effort," McFadden explained. "It is our thought that entrance into group safety contests will spur industry to greater success in the achievement of such a goal."

Industries employing 25 or more persons are divided into their appropriate divisions, and the industry in that group having the best safety record receives the association's award.

McFadden said that "if just one life is saved as the result of this contest, then we will consider it a success."

This is the second year that the contest has been held.

The NEW Winning of the West

The first unit of the Santa Fe System Lines back in 1868

JUST 75 years ago this week, October 30, 1868, rail was laid on the first unit of the Santa Fe System Lines—a 17-mile stretch in Kansas from Topeka to Carbondale.

Today, Santa Fe System Lines are over 13,000 miles long, serving people and products from Illinois to California, and from Colorado to the Gulf of Mexico.

Looking Ahead

Farsighted men, even years back, began looking ahead to the Southwest and West not only as a land of enchantment and natural resources but as the coming theater of industrial expansion in this country.

The war has brought home the soundness of this vision—big things are happening today in the states of Santa Fe land.

States served by the Santa Fe

Thousands are flocking to Texas—great state of farm, factory and free enterprise—to man its booming plants, cultivate its soil, and ride its far-reaching ranges.

Kansas is becoming famous for its plane factories and munition plants, as well as its golden wheat fields.

Arizona is winning new fame in the fields of agriculture, live-stock, mining, and as an aviation center.

Oklahoma's oil is writing bright new pages in the science of war, and advances for the peace to come.

Freight cars are rolling out of New Mexico

loaded with essential copper, potash and zinc, as well as steers and sheep.

Illinois, Missouri and Iowa are saying it around the world with factory and food products.

The lead and silver and coal from Colorado's mineral-filled mountains are doing great things toward winning a war.

And in California, steel mills, shipyards, power dams, plane plants and lumber mills are working around the clock to supply more, more, and more of the sinews of war.

Santa Fe all the way for U. S. A.!

We of the Santa Fe are too busy "keeping 'em rolling" for Victory to take time off to celebrate the 75th anniversary of the laying of our first rail.

This is, however, an appropriate time to point out how important to the development of this New West has been the linking together of its States by Santa Fe rails. We are naturally proud to be part of this great development.

ENTERTAINS FRIENDS WITH BELIEVE IT OR NOT PARTY

Mrs. Lula P. Gainer was hostess to many of her friends when she entertained with a Believe It or Not party Friday evening at eight-thirty o'clock at Thompson's cafe. In the receiving line were Mesdames Cleve Williams, Judson Cook, Homer Winston and the hostess.

A clever arrangement of ox cart wagon, coach and donkey miniatures, placed upon a bank of red chrysanthemums formed a pioneer trail which was used as a centerpiece for the table.

Mrs. Winston gave a brief history of the interesting life of Mrs. Gainer, which was followed by the response given by Mrs. Gainer. Old-fashioned songs, "Darling Nellie Gray," and "Aunt Dinah's Quilting Party" were sung by Mesdames Harry Longbrake, S. H. Holgate and Homer Winston. Mrs. Gainer directed her guests in the playing of games which were popular when she was a child.

Corsages made from yellow and red chrysanthemums were given as favors.

Ice cream and cake were served to Mesdames J. H. Carpenter, B. L. Thompson, M. J. Craig, Harry Longbrake, Annie Rumph, Judson Cook, Clyde Coleman, C. L. Williams, W. B. Downing, Jack Jackson, Homer Winston, S. H. Holgate, Jess Smith, John R. Turner, J. W. Bruton, R. Ratcliff, Charlie Moore, Will Black, Willie Winn, George Black, S. H. Shepherd, R. M. Kendrick, G. M. Thomason, J. T. Auburg, T. C. Hogue, Clyde Griffith, W. A. Bell, Matt Williams and the hostess.

COMPLIMENT DAUGHTER WITH BIRTHDAY DINNER

Mrs. Ruth McCain complimented her daughter, Peggy Lewis, with a dinner Sunday in celebration of her 17th birthday. Also named honor guests were Nita Jean Worsham, Rich Marchbanks, and Bill Marchbanks, who also were celebrating birthdays.

The afternoon was spent taking pictures and going to the show.

Attending the dinner were Jeanett Edwards, Emma Jo Stinnett, Leroy Graywender, Gladys Graywender, Billy McAllister, Bill Marchbanks, Nita Jean Worsham, Rich Marchbanks and Peggy.

PLEASURE CLUB MEETS AT CRUCE HOME

Mrs. John L. Cruce was hostess to the Pleasure club when she entertained with three tables of bridge Wednesday night at the Thompson cafe.

The high score winner received cologne and a cologne gift set was given the second high score winner. A prize was given the bingo winner.

Pie and coffee were served to Mesdames J. T. Bowman, Joe Shelton, Lee Brownfield, E. L. Sturges, C. C. Primm, Mike Bartlett, Ruth Huckabee, Gene Freeman, and the Misses Gertrude Jones, Earlene Jones, and Jane Brownfield, and the hostess.

PARTY AT NOBLE HOME WEDNESDAY NIGHT

Miss Betty Noble entertained with a party Wednesday night at the home of her parents, Mr. and Mrs. Robert Noble, for a few of her friends.

After attending the movies, the group danced to popular records.

Doughnuts and hot chocolate were served by Betty to Frances Lewis, Margaret Glandon, Wayne Brown, Don Cates, Sugar Hamilton, Morgan Copeland, and Alfred Mangum.

DINNER AT REDFORD HOME SUNDAY NIGHT

Mr. and Mrs. Terry Redford were hosts to four of their friends when they entertained with a chicken dinner at their home Sunday night.

After dinner the group went to the show. Attending the dinner were Mr. and Mrs. Gene Gunn, Mr. and Mrs. Ralph Ferguson, and the host and hostess.

Miss Virginia Davis, student nurse at Lubbock General hospital, visited here over the week end in the A. J. Stricklin, sr., home with her mother, Mrs. Hartwell Davis, who was visiting here from Beaumont, Calif.

EIGHTH BIRTHDAY CELEBRATED WITH PARTY

Mrs. L. O. Lewis entertained with a party at her home Wednesday afternoon from three-thirty until five-thirty o'clock on the occasion of the eighth birthday of her daughter, Janelle.

Children's games, directed by Mrs. Lewis, were played by Janelle and her young guests.

One of Janelle's favorite birthday gifts was sent to her by her uncle, R. L. Lewis, PHM2/C, who is stationed somewhere in the south Pacific. It is a grass skirt, sent to her in a bamboo cane.

Birthday cake, iced in white with pink roses and green leaves and with "Happy Birthday", and ice cream were served to 19 children and the honoree.

NIGHT BRIDGE CLUB MEETS AT BURKE HOME

Mr. and Mrs. R. L. Burke were hosts to members of the Night Bridge club when they entertained with three tables of bridge at their home Thursday night.

Prizes were given high and second high score winners.

Pie and coffee were served to Messrs. and Mesdames Joe J. McGowan, Reagan G. Peeler, O. L. Peterman, L. Nicholas, R. L. Bowers, and the host and hostess.

FAREWELL PARTY GIVEN AT NEWMAN HOME

Mr. and Mrs. A. F. Newman, who are moving to Abilene, were complimented with a farewell dinner at the Henry Newman home Thursday night. The honor couple received a lovely blanket as a farewell gift.

Dinner was served to Mr. and Mrs. Gene Wilson and daughter, Mr. and Mrs. Jim Buzbee, Mrs. Paul Lewis, Miss Oneida Proctor, Mr. and Mrs. Guy Wilhoit and daughters, Clyde Glover, Bidie Keith, and Mrs. Henry Newman and family and Mr. and Mrs. A. F. Newman.

PHI BETA CRAESUS CLUB MEETS

Members and pledges of the Phi Beta Craesus club met with Dana Ruth McLroy Tuesday afternoon for a business meeting.

Initiation for the pledges was planned for next Monday night.

Dr. Peppers and cookies were served to members Nita Jean Worsham, Frances Rambo, Joyce Dungan, Glynn Ross, Barbara Taylor, Wanda Joyce Finney, Dorothy Henderson, Billie Lackey, and Glenna Winston, and to pledges Ganelle Newman, Dorothy Nell Brownlee, Ruth Hogue, Gloria Swan, Vela Mae Dumas, Elizabeth Anthony, Betty Jean Holmes and Billie Fae Finney.

PERRY ENTERING NAVY—HONORED WITH DINNER

Mr. and Mrs. L. M. Perry entertained with a dinner Sunday for their son, David Perry, who left Wednesday for service in the Navy.

Dinner was served to Burney Perry and son, Gerald, Mr. and Mrs. Claude Bryant and daughter, Lajuana, Mr. and Mrs. A. T. Pickett and son, Hurbie, Mr. and Mrs. Dick Perry and son, Eddie, Mrs. Claud Wilson and children, Deaune, E. L. and Bobby, Miss Lavern Perry, Mrs. Minnie Bryant, the host and hostess and the honor guest and Mrs. Bryant.

Mrs. David Perry is visiting her sisters in Wichita Falls for a few weeks. Her husband left Wednesday for service with the Seabees.

MISS VERA BELL RICHARDSON AND SGT. OLLIE WARREN MARRY

Miss Vera Bell Richardson, daughter of Dr. and Mrs. Richardson of Galveston, and Sgt. Ollie Warren, son of Mr. and Mrs. T. D. Warren of Brownfield, were married Saturday night at seven o'clock at the home of a friend in Dallas, with her father reading the single ring ceremony.

The bride wore a soldier blue suit and brown accessories. Mrs. Warren's father is a Methodist minister at Galveston. She attended Southern Methodist University at Dallas for four years and received her Masters degree at Denver, Colorado. Mrs. Warren was teaching at Belmont, Tex., at the time of her marriage.

Sgt. Warren received his high school education at Union high school and has been in military service the past 33 months. He attended aerial gunnery school at Tucson, Arizona, and is now stationed at Alamogordo, N. M.

Attending the wedding were members of the bride's family and several friends of the couple.

The couple visited here with relatives of Sgt. Warren Sunday through Tuesday, and are spending the remainder of his 10-day furlough at Ruidoso, N. M. They will be at home at Alamogordo.

HALLOWEEN PARTY AT PETERMAN HOME SATURDAY NIGHT

Bobby Peterman entertained with a Halloween party Saturday night at the home of his parents, Mr. and Mrs. O. L. Peterman, for a few of his friends.

Several Halloween games were played and Bobby and his guests made a tour through the hall of horrors.

Cookies, punch and sandwiches were served to Richard and Lynn Sturges, Patsy and Barbara Stice, Deenie Ballard, Sandra Bailey, Jimmy Williams, John O'Dell, Robert Heath, Nancy Wier, and Bobby.

Some Pointers On Shoes for the Family

By Helen L. Montgomery
OPA Information Division

Do you have some good wearable shoes in the clothes closet left over from last season? Then, you had better dig them out, give them a good polishing and let the shoe man make a few minor repairs. Many civilians are beginning to realize that shoes can be made to last another season when necessary.

Production of shoes continues high but as you can imagine with men in the armed forces coming close to eleven and one-half million, their requirements for shoes are heavy. Lend - Lease takes shoes, too, and the War Production Board, which allocates the number of shoes for civilians and others, has said that in the next six months we can have only 25 million pairs of shoes a month, instead of the 75 million pairs a month we have had in the past six months.

Your shoe stamp No. 18 instead of expiring October 31, will last indefinitely and will overlap the Stamp No. 1 on the airplane page in Book III, which will last until May 1, 1944. This means that approximately two pairs of shoes a year will be allotted to civilians unless requirements of WPB for the army changes. Office of Price Administration is making no basic change in shoe rationing except to eliminate stamp expiration dates.

That the shoe rationing plan is flexible, has been pointed out by the provision that shoe stamps are interchangeable among members of a family living in the same household. This sets up a family pool of stamps that can be budgeted within the family group. The normal ration of shoe consumption is about two pairs of men's shoes for each three pairs of women's shoes and four pairs of children's shoes. With stamps interchangeable within the family, the stamps of adults can be used to offset the heavier needs of growing children. Similarly, special needs of one family member whose occupation subjects his shoes to unusual wear can be budgeted against less urgent needs of other members of the family.

BIRTHDAY DINNER AT TELFORD HOME SUNDAY

Mon Telford, Jr., was host to several of his friends when he entertained Sunday with a dinner at the home of his parents, Mr. and Mrs. J. M. Telford, to celebrate his seventeenth birthday.

Chicken dinner was served to Juanda Ruth Turner, Christene McDuffie, Jack Bynum, Marion Wingerd, Don Cates, Wayne Brown, Barbara Taylor, Frances Rambo, Edgar Self, Wanda Joyce Finney, Morgan Copeland, Bub Smith Larry Tarpley, Gene Coleman, Johnny Fitzgerald, Jay and Tommy Denton, William Thurman, Choc and Roy Lee Climber and Mon, Jr.

ANN HOLT AND TOMMY JACK ROBERTS MARRIED SAT.

Miss Ann Holt, daughter of Mr. and Mrs. Holt of Wellman, and Tommy Jack Roberts also of Wellman, were married Saturday night at seven thirty-five o'clock at the home of Rev. P. C. Goza.

The bride wore a two piece mist blue dress and used black accessories. Mr. and Mrs. Roberts attended school at Wellman.

The couple was attended by Miss Otha Jobe and L. D. Hamm, Jr.

They are now at home on a farm near Wellman.

Guests in the A. J. Stricklin, sr., home over the week end were their daughter, Mrs. Herman Trigg and Mr. Trigg of Brownwood, Mr. and Mrs. J. A. Roberts and daughter, Letha Nell, of Cohoma, Mo. and Mrs. E. C. Roberts of Seagraves, Mrs. Hartwell Davis of Beaumont, California, and Earl Goodmason of Redland, California, Virginia Louise Davis of Lubbock General hospital, daughter of Mrs. Davis. Mrs. J. A. Roberts and Mrs. Davis are sisters of Mrs. Stricklin.

The Ladies' Aid of the Christian church met Monday afternoon and packed a box for Fowler's Orphan home of Dallas. Included with the clothing was a quilt which the women quilted last Monday.

Society Baptist Church News

Pastor Avery Rogers closes his work with this church here next Sunday when he brings his farewell sermons morning and evening and large attendance is expected at each service to hear these final messages.

The church here has made much material progress during his ministry of more than five years, erecting and paying for the beautiful auditorium excepting \$6,000 owed on it which we are hoping to retire by January first next. It appears almost providential that we entered this building project when we did as everything was much cheaper than at a later date and beside without it we would have been in the old basement perhaps for several years yet while we have a building for use and it has been an opportune time to pay for the present structure during these better prices of farm products. Pastor Rogers was very anxious to see the debt on the building paid before leaving here but coming early in the Fall as it did, before many of the membership would be able to do what they would like to do in the payment of the debt, the deacons thought best to relieve him of that responsibility believing that the church would go right along and pay this debt without him being burdened with it, and we fully expect them to do so.

Open house at the church, honoring the pastor and family was held Thursday evening, which was largely attended and as they leave us for another field of labor, they have the good wishes of the entire church and community and all of us extend the hope that the Lord may be pleased to use them for the extension of His Kingdom.

The pulpit committee was elected last Sunday whose duty it will be to see that we have a pulpit supply until the election of another pastor, and it is hoped that there may be a spirit of loyalty shown on the part of the entire membership while that is being accomplished in our own democratic way.—D. P. Carter, Reporter.

State Girls Club Agent Visits Brownfield

Miss Onah Jacks, State Girls Club agent from A. & M. College Extension Service, spent Monday, October 18, here with Miss Mabelle Reast, Terry County Home Demonstration Agent. In their conference together, Miss Jacks and Miss Reast discussed 4-H club work for Terry County.

We must recognize the changed position of youth in wartime, build to the good in it, and retain it for peace times. We must help these young people to find their rightful, useful places in a war torn world. Their work is tremendously important. Our country needs sound young people. Through work and responsibility young people develop soundly.

4-H Club work in its daily program is building men and women to live, and to live the great life here and now. Its first purpose is not soldier building but man building. But, if the nation needs men for its defense it will find that men and women trained to live in 4-H Club work are unafraid, if need be, to die.

4-H Club work is not a program to follow—it is work to be done. First of all, 4-H club members are given things to accomplish. These are real problems which require planning, work, patience, records, public demonstrations and exhibits of their progress and skill. Club members have some guidance but for the most part works on his or her own. It is not so much abstract as concrete learning that they get. That is why 4-H Club members are unafraid of work and can do things. And that is the kind of people who are wanted in a national preparedness program—men and women who are self-reliant, who can work with their hands and can think in battle.

W.M.U. MEETS AT CHURCH

All circles of the Woman's Missionary Society of the First Baptist church met at the church Monday afternoon at four o'clock to plan their programs for the next month. Mrs. H. B. Grant, president of the organization, presided.

The women packed a box to be sent to Buchner Orphan home in Dallas. About 25 women were present.

MEADOW HD CLUB MEETS WITH MRS. FULFORD

The Meadow Home Demonstration club met October 19th with Mrs. Fulford. There were eight members and one visitor and Miss Reast present. Miss Reast gave a very helpful demonstration with foundation patterns on how to fit garments and alter commercial patterns to our individual needs. 4-H club work was discussed. We hope to be able to organize a 4-H club at Meadow soon.

Officers for next year were elected. Mrs. G. F. Parker, president; Mrs. M. W. Fox, vice-president; Mrs. T. J. Locke, secretary-treasurer; Mrs. Ed Ashburn, reporter; Mrs. Green, parliamentarian; Mrs. Herman Pendergrass, council delegate.

The club is to have a rummage sale Saturday. Ice cream and cake was served by the hostess. Next meeting will be November 2nd with Mrs. T. J. Locke. All members are urged to be present. Visitors always welcome and new members are cordially invited.—Reporter.

Mrs. H. W. Hanks was in charge of the program Wednesday and Mrs. Longbrake offered special music.

Present for the luncheon Monday were Mesdames Griffith, L. E. McClish, B. L. Thompson, G. S. Webber, Jim Jackson, Lula Gainer, H. W. Hanks, Judson Cook, Cleve Williams, W. E. Henson, J. L. Lee, W. B. Downing, Harry Longbrake, and two guests, Misses Mary Nell Hanks and Patsy Ruth Culver.

CHURCH OF CHRIST YOUNG FOLK ENTERTAINED

Young folk of the Church of Christ met at the church parsonage Tuesday night for a social with Brother Doyle Kelsey as host.

Playing of various games and group singing offered diversion for the evening.

Steak, French-fried potatoes, ranch style beans, vegetable salad, fruit salad, cookies and lemonade were served to Alice Walker, Donald Hindley, Gayle Pope, Oscar Jones, Jessalu Bryant, Richard Green, Harry Bryant, Josie Chisholm, Wanda James, Joy Chisholm, Charlott Bennett, Arletta James, Peggy Bradley, Betty Boone, Mary Murry, Kathleen Price, Kenneth Jones, Faye Price, Glenna Fay Winston, Wanda McLaughlin, Catherine McMillan, Dorothy Green, Laura McMahon, Theresa Chisholm, Juanita Crabtree, and the host.

WAR CHEST HELPS MEN IN PRISON CAMPS

Houston, October 27. — "The United War Chest of Texas has received good news from Tokio," George A. Buter, president and campaign chairman, announced today. "Through the War Prisoners Aid committee of the YMCA, shipments of supplies have reached our prisoners of war in camps in Japan, Korea, Formosa, and other Japanese occupied territory."

War Prisoners Aid has advised the United War Chest of Texas that a committee of Swiss and Swedes has announced that it has been successful in the distribution of books, musical instruments, indoor games, athletic equipment, garden seeds and tools and everything necessary for private devotion for worship services for Roman Catholics, Protestants, and Jews in the Japanese concentration camps. Additional equipment has been purchased and is being forwarded to Japan on the S. S. Gripsholm.

"The work of this one of our agencies has been even more successful in Germany where within the camps are in regular contact with boys in at least twenty-four different places. Recent pictures of American prisoners of war in Germany taken by representatives of War Prisoners Aid show our men apparently adequately clothed and well-fed, and there have been some indications that packages from home make it possible for many American prisoners of war in Germany to enjoy a better diet than German civilians," Mr. Butler said.

The pictures recently received in the United States were taken at Stalag III-B, a German prison camp southeast of Berlin, where the largest group of captured Americans has been interned.

Carl Jenkins, Route 3, is a new reader. Thanks.

Mrs. Sam Price of Tahoka spent Sunday visiting Mrs. T. J. Price.

DEFENSE CAKE

1/2 cup margarine
 1 1/2 cups light corn syrup
 1 whole egg
 2 egg yolks
 1 teaspoon grated lemon rind
 1/2 teaspoon lemon extract
 1 1/4 cups cake flour
 2 teaspoons baking powder
 3/4 teaspoon salt
 1 1/3 cup milk

Cream together the margarine and corn syrup. Beat the eggs and add in four portions, stirring well after each addition. Add the lemon rind and extract. Sift the flour with the baking powder and salt, and add alternately with the milk, beating after each addition. Place in two greased 8-inch layer cake pans. Bake in a moderate oven (375° F.) 30 minutes. Cool in pans 10 minutes before removing to cooling racks. Frost with:

FLUFFY FROSTING

1 cup dark corn syrup
 2 egg whites
 3/4 teaspoon vanilla

Put corn syrup and egg whites on the top of a double boiler; beat vigorously over boiling water until very light and thick. Remove from the heat, add the vanilla, and beat occasionally until cool and thick enough to spread between the layers and on the top sides of cake.

THE LOW DOWN FROM HICKORY GROVE

I guess with most of us there is something that gives us a pain in the neck. With me, it is when some windy gent rises up and says the U.S.A. is such a bogged-down kind of unmanageable and difficult country that we gotta look out or we are sunk and nobody can save the day except the ones who have been saving it. If the ones who have been saving it have let it go to the dogs, almost—how come they can save it some more? That is where I get riled.

Jeffries or Fitzsimmons or Dempsey—none of them were champions forever. Better and new men always showed up, to put a haymaker on the slipping champions.

But I am straying off my subject of the pain in the neck. When I stop to think that these talkative gents take me for a sucker, my blood pressure zooms. The world will be revolving 2,000 years hence—and no present living person will be there then to give it super-management.

With 130 million people in our U.S.A., I can't savvy how any person can be indispensable—ding-bust if I can. Fact is we could dispense with a few—and I would not overlook the ones telling us they are our only hope and salvation.

Yours for the low down,
Jo Serra

TWO ESSENTIAL VITAMINS FOUND BY U. OF T.

Austin, (Special)—Two more of the life-essential B vitamins have been discovered by the Biochemical Institute of the University of Texas during the past three years of research, Dr. R. J. Williams, director, has reported.

Folic acid and pseudopyridoxin are the two vitamins discovered in the Institutes' laboratories—folic acid has been publicized as the "Poppy" vitamin because of its presence in spinach. It is believed to be very important in combating certain types of anemia.

The Biochemical Institute has been particularly financed for three years by the Clayton Foundation for Research. Plans for the future, Dr. Williams reveals, include fur-

TO STUDY RURAL POPULATION CHANGES

Austin, (Special)—Rural population changes and trends of agricultural income will be considered by Texas businessmen during the annual meeting of the Texas Statistical Council at the University of Texas October 30, Dr. F. A. Buechel, council secretary, has announced.

Present trends of agricultural income and post-war prospects will be discussed by B. F. Vance, AAA, College Station, and by A. W. Grant, managing editor of the San Antonio Express.

Other topics to be considered at the meeting will be war's effect on small industries, the future of other extensive study of vitamins and their relationship to cancer.

Which would you rather buy?

You could get new fall hats for your wife and yourself...not that you haven't plenty of hats already...but then they would look well...you could get some extra Christmas gifts for each other...you might give a theater party for yourselves. You don't really need these things...but they would cost only about \$5 apiece...!

TOTAL \$25⁰⁰

A round of coffee for a boatload of rescued merchant seamen \$.50

Precious medical supplies for Chinese wounded 5.50

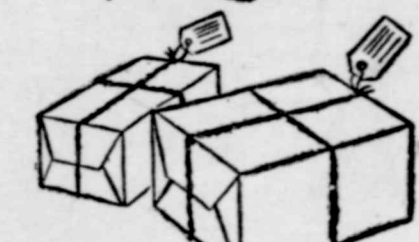

Tender care from a Visiting Nurse in your town for a sick mother whose son is at the front 4.50

Games for a U S O clubroom in Alaska 2.50

Baby clothes for American war orphans at home 3.00

These packages from home for war prisoners 3.50

A week of nourishing meals for a homeless Greek child 3.00

Toys for a Day Nursery for children of war-working mothers 2.50

TOTAL \$25⁰⁰

Never has there been more suffering in this world...Never have so many piteous broken peoples looked to America...to YOU...for help. This year you can give ONCE for ALL to these agencies when you give to our own community's war fund and, through it, to the National War Fund. Your

gift is intelligently divided according to the need. You have given to many of these agencies before—many small sums. Add them together this year, then let your heart take over. Your heart will double the total. If your budget feels it a little...then you have really given.

THIS MOMENT will never return... Preserve it in a Christmas Portrait Gift!

Children grow up; all of us change as the years pass by. The mere MEMORY of now is never adequate in future nostalgic interludes. Have a beautiful, life-like Photograph taken now. It's the nicest Christmas Gift you could give to those you love.

If he is in the service, he'd love to have you near him wherever he goes, the nearness of you will be the best morale builder of all.

Dr. Daniell Sends A Bunch of Pictures

Mrs. A. H. Daniell was in one day last week and showed the Herald gang a bunch of snapshots that had been taken in and near the base hospitals where her husband, Dr. A. H. Daniell, has been working somewhere in the southwest Pacific war zone. While most of the buildings where Dr. Alfred is working are rather crude, the interior views shows that they have the most modern and scientific equipment that Uncle Sam's billions can buy, to work with.

Close ups of the doctor showed that while he has lost lots of good Terry county flesh from his physique, he looks strong and healthy as a yearling mule. A sluggish river meanders nearby their buildings, and we figure the doctors and attendants use the river to take their daily "shower."

Will also state that Mrs. Daniell has received some colored movies of that section, and her friends are invited to call at night and see them. But be sure to notify her in advance, as she might have made other arrangements to be away from home.

The Herald bunch wants to see them, and we suggest that we leave the arrangement as to time, and as many as convenient go the same night. That would save the good lady lots of time and trouble.

Mr. and Mrs. Perry Bryant and family visited last week end in Amarillo with Mrs. W. W. Hagg and family.

Lewis Havran is in Marlin taking treatments. He expects to be gone about three weeks.

Mrs. May Williams and son, Holland, of Roswell, N. M., spent the week end visiting her mother, Mrs. S. W. Jones.

Men and women students of the University of Texas divided the available part-time jobs pretty evenly last year, with men securing 1,077 jobs through the student employment service, and the girls finding 1,041 jobs.

The lark is among the early-rising birds, but early rising is no lark.

Dailies To Take Renewals Only

Some time ago, the Star-Telegram notified the Herald to take no more new subscriptions to that paper. Two readers of the Herald and Star-Telegram, who usually renew for the latter through the Herald have called to renew, presenting certificates that allow old readers to renew, but at that time we had not become lined up as to prices during Bargain Days.

We are glad to announce that we have now received the Bargain Day price list, as follows. The daily and Sunday Star-Telegram is \$8.95; clubbed with the Herald, both \$9.20. Daily only, Star-Telegram, \$7.75, with the Herald, both \$8.20. Don't forget to bring in your certificate that allows you to renew. It must be sent in with the order, the Herald rendering you a receipt for your money.

The clubbing prices with the Lubbock Morning Avalanche, and Sunday Avalanche Journal is \$6.65; for the daily only, both papers, \$5.80. Remember, too, that the Avalanche is also "frozen" so far as new subscribers go, and neither paper promises any change, unless by possible chance that some drop out and others are allowed to take their places.

But don't depend on this, as people who are now subscribers and with no chance of subscribing for any other paper, are not likely to let their paper go delinquent. And while we are on the subject, there is no assurance whatever that weekly papers will not, in the near future have to freeze their circulation.

There is lots of timber to make paper. The shortage is in man power to cut the trees and mill the logs when they reach the factory.

Mrs. Roy Brashear and son, Glynn, were at Coleman the first of the week to attend funeral services for Jolene Kolb, 21-month-old daughter of Mr. and Mrs. A. E. Kolb.

Mr. and Mrs. Johnny Berryhill of Shallowater, and Mr. and Mrs. Coy Brooker of Springdale, Ark., were visitors in the W. B. Mullins home last week. Mrs. Mullins and her guests spent the week end at Carlsbad, N. M., and made a trip through the Caverns.
