Death Bullet Stopped By Bible

Aaron Hudson, grandson of I. H. Hudson, handed us a clipping from the Baptist and Reflector that was sent them by a marine, Lawrence Price, but the original seemed to have been written by a lieutenant. The original being rather lengthy, we give the substance only.

It seems that the writer and a buddy were sent out to the front line to get information, but found soon they were faced with a lot of the enemy. He was knocked down by a bullet, and his buddy, thinking him dead, stood over him and exchanged shots until his buddy also went down. The writer was only stunned, and came to, to find a small Bible had stopped the bullet, passing through Genesis, and stopping at the 91st Psalm, and to where it reads: "A thousand shall fall at thy side, and a thousand at thy right hand . . . but it shall not come nigh to thee, etc."

He finally got his buddy back to the post, and both were converted and had at that time converted 25 others in their unit. The final message was for all of us to get off our high horses, and that includes what he terms "dignified preachers," and pray, pray, and pray for the service men at the front as well as our nation.

That, he believes, will be the only way to stop this awful carnage.

Private First Class Tommie Moorhead left Tuesday for New York, after a furlough spent here with his parents, Mr. and Mrs. Rudolph Moorhead, and his wife's parents, Mr. and Mrs. Ed Evans, of Union.

First Sergeant Harry Cornelius and Mrs. Cornelius are now located at Indianola, Neb. He is doing office work in the German concentration camp at that place. He was formerly at Carthage, Mo.

The Sandage family had also received a letter from their other son, Byron, over somewhere in North Africa, under date of Oct. 29th. Byron writes that he hopes to see old Terry county by 1946. So, the boys over there don't think this is going to be any short war.

Cpl. Ira E. Seaton writes his parents, Mr. and Mrs. G. U. Seaton, under date of Oct. 30, that he is somewhere in the southwest Pacific. Ira took his training at Camp Barkley, Ft. Lewis, Wash., and New Orleans. He is a cook.

Mrs. Minnix Shows Us Many Souvenirs

Recently Mr. and Mrs. O. M. Minnix, who live west of Meadow, received a whole raft of stuff, scarcely ever seen in the states, from their son, Kelly Marion Minnix, seaman first class, who is now somewhere in the North African area. Included was just about all the coins in use by Canada, England and France in Africa, as well as bills from those countries, including a pound note on the Bank of England, worth now \$4.06 in United States money.

About the most interesting part, however, was slippers, purses and drawn work from Casablanca, that he has collected and sent to his folks. These articles are real works of art, and it would be hard to calculate how much time was spent in their making, which was perhaps all hand finished work. It will be remembered that Kelly M. was on the Lexington, which was sunk in the Pacific. For that reason he has a citation, duly engraved and in colors with Neptune and all, which makes him a member of the exclusive and ancient order of "Sailors Shipwrecked in the South Seas."

The little destroyer he is now on (we can't name it) is quite a call down, sailors think, from the big flattop, but Kelly says he is really beginning to like it, as the little booster has meant the graveyard of a number of German subs, five for certain, and probably others, and a copy of the citation from the navy department vouched for these adventures.

He is doing fine, he writes, but like all boys from Texas, he thinks there is no country like the USA, nor no state that equals Texas.

Veterans Service Official Coming

According to Judge C. L. Lincoln, assistant service officer for Terry county, J. H. Mitchell, a field worker, will be at the county judge's office Wednesday, Nov. 24, for the purpose of aiding all men who have been discharged from the army because of disability, in their compensation and insurance. They are requested to bring with them all letters from the Veterans Administration, discharge papers and documents.

It was pointed out that all those discharged should record their certificates with the county clerk and also notify their draft boards. Even though discharged, many have a settlement pending with the government.

Judge Lincoln states that there are more than 20 men in the county holding the DDC, whom these officials may aid, free of charge, through the auspices of the American Legion, and of course more accruing all the time.

War Chest Drive Progressing Nicely

Attorney H. B. V. Crawford, chairman of the county War Chest Drive, reports the drive progressing nicely with \$2700, raised so far. Some committees have not reported and he urges those who have not made donations, to see some of the committee and do so at once as the drive is nearing the closing date, and you are sure to want a part in this drive.

Your money will be placed for any one or more of the seventeen agencies listed to be cared for in the group. You may have solicitors away from home when solicitors called, so call at Mr. Crawford's office or any of the service clubs with your donation.

HERALD: \$1 yr. in Terry county!

Help Supply Our Boys With Kit Bags

Saturday, November 27th has been set aside as Tag Day in Terry county, to buy supplies for Filled Kit Bags for our soldiers and sailors, according to Mrs. Eldora A. White, Chairman of Production, American Red Cross.

Mrs. White is in receipt of a letter from the War Department saying, "one of the most needed items in Red Cross Production at present, is the Filled Kit Bag, which is given at the port of embarkation when the boys leave for foreign service." They advise they are in urgent need of these in large amounts and the local chapter is asked to furnish 288 or in multiples of 144, at the earliest possible date.

The various civic and social clubs of the town and county will be asked to assist in this drive, if you donate, you will be given a white tag to wear. One dollar is needed to fit each bag and the local chapter will be furnished twill and tape to make the bags but you will have to donate the money to buy the things that go in them, and Red Cross Headquarters will sell or tell us where to get the supplies. The items will consist of scissors, buttons, needle, thread, soap, razor blades, thumbtacks and many other items.

A Red Cross worker recently returned from the war fronts says: "Too much emphasis cannot be placed on the part these kit bags are playing in the lives of the men in service and in building morale."

Ladies, watch papers for date sewing arrives.

Be ready to donate November 27th.

SERVICE MEN ON LEAVE TO GET RATION BOOKS

To make it possible for service men on leave to get temporary food rations without the forms usually furnished by the armed services, J. Doyle Settle, rationing officer for the Lubbock district office of price administration, today announced that application for ration points may, in an emergency, be made on forms available at the local ration boards.

As a rule service men on leave are expected to apply for his temporary food rations on a form supplied by the armed services, and signed by an authorized officer. He should get this form at the service post when he applies for his leave papers.

However, where service men do not have this signed form when they apply to local ration boards for points, and cannot get it conveniently, the boards now will permit them to use an OPA form instead.

Collins Celebrates 20th Anniversary Here

The past Sunday, November 14th, marked the 20th anniversary of the opening of the first Collins store in Brownfield, Mr. and Mrs. W. H. Collins and small son, Bill, having moved here from Durant, Okla. And that was a long time ago, so was their small stock of that time compared to the large and well selected nationally advertised stock they now have.

The opening took place in a small 25x80 building on west Main, but Mr. Collins persuaded Dr. Webber to build the present commodious 40x100 building on the west side of the square. Thus the enlargement and increased personnel was begun. The Lamesa store was opened a few years later.

Some of the personnel has been with the store most of the time. In fact, Ned Self came here with Mr. Collins, and has been the buyer for years. Ned married after coming here, and has a son Edgar, Jr., 18 years of age. Congratulations are in order. A fifth of a century is a long time, and they have the honor of being the oldest mercantile firm in Brownfield.

The search for truth is a field that is not overcrowded.

To Organize T. B. Control Chapter

The writer along with perhaps hundreds of others in Terry county has sent from two to five dollars or more annually to the Anti-Tuberculosis Society at Austin for too many years to try to remember. Non of us regret this. It has been used for a good purpose—the control of that deadly disease.

But now we have a chance to cash in on eighty per cent of the amount we send to Austin annually, to be spent on cases right here in our midst on those, who may show evidence of the incipency of the disease, but not clearly developed. A few months ago, Dr. John R. Turner, representing the Rotary club, and H. B. Virgil Crawford, representing the Lions, in conjunction with Dr. Capps, of the Five County Health Unit, investigated the matter with the results that the State organization will refund 80 percent of the donations from Terry county, providing:

That we organize a County Tuberculosis Control Chapter. Therefore, Mr. Crawford called a mass meeting for Saturday afternoon the 20th, at four o'clock to organize such a chapter, elect officers, etc.

If you are interested in the control of this disease among our own people, you'll be in the district court room at the appointed time, when you will be instructed in some of the aims of the chapter. Come one, come all.

Mexican Child Burned

Faustina, one-month-old daughter of Apollino Serena and wife, was burned to death, Tuesday afternoon, when their small house in north edge of town was totally burned. Meagre facts were the mother had left the house only a few minutes before, and on return the inside of the house was aflame. Neighbors prevented her from entering, else she, too, would have succumbed. Cause of the fire was not learned.

Asked to Take Soldiers Christmas Dinner

The army bases at Lubbock, are asking the people of Brownfield to take two or more soldiers for Christmas dinner. In view of the fact that a large number of the airmen live in the far north, east or west, it will not be possible for them to go home Christmas.

Mrs. W. W. Price, chairman of the Home Service Chapter of the American Red Cross, has been asked to handle this matter. If you can entertain soldiers in your home Christmas, and make these lonely boys feel at home, phone Mrs. Price at 106-R, or Judge Price's office, No. 244.

Watch this paper next week about further details.

District FFA Meeting Held Here

O. T. Ryan, FFA Area Supervisor was in charge of the district F.F.A. meeting held in Brownfield this year. A program of work for the year was set up, for the Brownfield district, and officers were elected. From the Brownfield F.F.A., Earl Sears was elected merchant, and Billy Joe Snodgrass was elected area reporter.

The agricultural teacher and two delegates from each of the following schools were present: Plains, Loop, Seagraves, Tahoka, Ropes, New Home, Wilson, Union, and Brownfield. Also present were J. B. Rutland, state supervisor, L. Leach, assistant area supervisor, and W. A. King, O.S.Y. supervisor.

Horace Johnson of the anti-aircraft force, Ft. Jackson, S. C., came in Thursday on a furlough, visiting his parents, the L. R. Johnsons.

Mrs. Onie Rambo and mother, Mrs. Winn, spent the week end at Hobbs, N. M., with relatives.

PTA Deserves Support and Cooperation

Despite the fact that most of us are busier this year than ever before, we believe that the work of the Parent Teacher Association is of such importance that it warrants your support and cooperation.

These are dark days the whole world over, and it is to the future that we must all now look, because that future — beyond the days of war, will be exactly what we make it. We can make this world what we want it. We can make this world what we want it to be by proper training and guidance of our children. That is where a parent-teacher organization is doubly important now.

For those who doubt that the destiny of the world lies in its children, we need only point to Nazi Germany. German soldiers who only a few short years ago were being inculcated with Nazism are today dying for what can fortunately only be a lost cause. How much more important it is that we as parents of children who soon will be the bone and sinew of our democracy, instill into them the dreams, hopes and ambitions for a better world—free from oppression, tyranny and want.

In view of the above a High School and Junior High School Parent Teacher Organization is being formed. We want you to feel that it is for your children and we want your help in working out some form of supervised recreation for them.

Dues are fifty cents per person per year. To save you time and inconvenience you may send this amount, by your child, to his or her teacher.

We hope you all realize that this is an investment in the future; in the future of your child, yourself, and your country, and that your support will be unanimous—not only in a financial manner, but also by your attendance at all meetings, the first of which will be held November 22 at 8:30 o'clock in the High School Auditorium.

Yours truly,
E. E. Hancock.

Only Solution Is To Mail Right Now

Acting Postmaster, L.A. Greenfield is calling on the press again this week to help him notify people of the folly of procrastination in mailing Christmas cards and packages. And that does not mean over 30th, he says.

All facilities of rail lines must be used to move war materials and soldiers, if need be. Christmas packages, etc., must take their chance. Already the PO department is feeling the weight of mailings in the larger cities, and it will spread to rural sections like this.

Mail your packages or cards at the earliest possible moment.

District Court Holds Session Here Monday

Acting District Judge J. E. Garland of Lamesa, and District Attorney Roland McCord of Tahoka, held a session of District Court here Monday. Elmer G. Maynard pleaded guilty to theft of T. B. Montgomery's automobile, some time ago, and was given five years in the pen. Several minor cases and a divorce case were heard.

Attorneys in attendance were Elton M. Hyder, Fort Worth; Charlie Crenshaw, Lubbock; Homer L. Pharr, Lubbock; and Attorney Creighton, of Mineral Wells.

The Boles Orphan's Home truck was here Monday afternoon and picked up donations of food supplies left at the Henry Chisholm grocery and the Church of Christ.

Sgt. Loyd Walker of Glendale, California, is visiting this week with his wife. Mrs. Walker is a teacher in the public school system here.

Cubs Ready for Amarillo Sandies

Unsubdued by two recent defeats, the Fighting Cubs are coming up Friday evening on their own grid, to meet the Amarillo Sandies, in what is expected to be their toughest game of the season. Amarillo, almost a perennial finalist in the State race, last week defeated Lubbock overwhelmingly, and comes down with the gusto of their famous northerners, but our boys, full of vim, vigor and Vitamin A, will meet them with it all. They have been vaccinated against the Gremlins, and while many fans doubt us winning, yet, who knows? Upsets are not outlawed. The pep squads and high school band will be on hand with all they've got. One of the largest crowds of the season is expected to witness this hotly contested David and Goliath team.

OLD CLOTHING WANTED FOR WAR RELIEF

Announcing the appointment of Mrs. D. I. Lilly at Brownfield as chairman of the war relief drive for discarded clothing, A. L. Hartzog, salvage drive chairman for Terry county, said that heads of every church, business and civic organization in the county were being contacted for help in the drive for discarded and old clothing, which will get under way November 22, through Dec. 4.

The drive is part of a nationwide campaign to collect old clothing for use in the battle-torn areas, conquered by the allied invading armies; also for use in relief work at home in other allied nations.

You may contribute these items through your preferred organization, or bring them to the downtown receiving stations, which are to be set up. DO NOT contribute anything that you can use. Woolen items will be cleaned and processed by the government receiving agency and sent on to its destination.

We need your help. Our armies are moving in! Let's give them our support.

County HD Council Holds Regular Meet

The Terry County Home Demonstration Council held its regular meeting Saturday, November 13 at 2:30 P. M. in the District Court Room, with Mrs. W. B. Martin, chairman presiding.

Fourteen members and four visitors were present representing the seven home demonstration clubs of the county. Each club answered roll call with a short summary of the work accomplished in 1943. Mrs. L. M. Lang of the Harmony club was elected to serve as secretary of the council next year. Mrs. Jewel Bell, also of the Harmony Club, was elected to serve as council reporter.

Mrs. Sam Griffith, County Health nurse, gave a short lecture on Well-Child Conferences, stressing the importance of keeping children well in these war-times.

After the council meeting was adjourned the club reporters met for the purpose of organizing themselves into a reporter's committee. Mrs. R. D. Jones will serve the group as chairman until January 1, when Mrs. Jewel Bell, the new council reporter, will take over. By holding regular meetings the reporters hope to better publicize Home Demonstration work in Terry County.

The Santa Fe System is greeting all its old employees in the service, now numbering some 8,000 with a Christmas greeting card and a check. We don't know how much the checks are for, but will probably give the boys that formerly worked for the Santa Fe considerable folding money to load down old Santa Claus.

All governmental agencies as well as private employers are being asked by the Government not to give leave for travel from December 17th, through January 10th. This in order to leave all available traveling space to service men who may be able to visit home folks at the Christmas holiday. Put your trip off and let the boys and girls in the service have your space on the brains and busses.

Yes, the West Texas Gas Co. has gas to sell and wishes to sell it but they are cautioning customers to go sparingly with that very fine fuel during this war emergency and save more gas for the war effort. Here is a few don'ts found in their circular let-

ter of recent date: Shut off rooms not in use. Keep temperature as low as possible and don't use cook stove ovens to heat room. Have your home weatherstripped or caulked. Cook whole meal in oven. Don't fill bath tub with water. If leaving over weekend or for several days, turn off all gas in the house. Don't overheat rooms.

Did you note the difference in the manner and language of the recent speeches of Joe Stalin of Russia and Adolph Hitler of Germany? Did you note the calm confidence of ultimate victory displayed in the Stalin address, minus the wind and roar? And the screaming, denouncing bombast from old Hitler, who has already seen the end of a perfect day? That old whelp threatened and cajoled his own people more than anyone else. He is afraid of being plugged in the back by his own people, and the sooner some of them do just that, the better for the world as well as Germany.

Your merchants shopped ear-

ly. What about you? He bought many things in his store as long ago as April and May. The post-office department is urging you to mail early or your friend or loved one may not get their presents until way after Christmas. In fact December 10 has been set as the last day to mail presents and have any hopes of their delivery before Christmas day. So, take a tip from your merchant and shop early. Don't run the clerks ragged the last minute and then not be able to find what you want. Further, we would advise the town people to shop for their presents through the slack week days, leaving Saturdays for the farm and ranch people to select their gifts.

CROOKED THINKING

It has been said countless times that the strikes in war industries of this nation were the result of labor leadership and did not represent the will of the individual workman. The coal miners have proved that theory doesn't hold water. And the railroad workers threaten to follow suit.

It gives one a sick feeling to read the headlines, "60 U. S. Bombers and 600 Fliers Lost in Record Attack," "Miners' Strike Spreads," "Strike Paralyzes Shipyard," "Walkout Closes Steel Furnace."

There is something wrong with the thinking of any man on the home front who enjoys all the blessings of personal liberty, and then strikes in wartime instead of staying on his job and backing the men on the war front who risk their lives to preserve the liberty he enjoys.—Industrial News Review.

Maybe you won't be glad to see him home after all!

ONE DAY, your man will come home. Home—after having done his duty and played his part in the bitterest, cruellest fight of all time. And you? Will you be able to welcome him back with nothing but sheer joy and thankfulness in your heart? Or will the sight of him remind you, for the rest of your life, that even

though your job was unutterably easier than his, you still didn't do it—you didn't quite measure up? That would be a miserable thing to have happen to you. It would be a miserable feeling to carry through the years. So don't take any chances. Don't just buy your share of War Bonds. Do that—and then do more. And do it today.

KEEP ON BACKING THE ATTACK!

The Low Down From Hickory Grove

I been hankering to reel off an essay on Grocery Stores, but it seems like I can't stop preaching Esop, and "how not to be a sucker," long enough to do so.

I have a skookum time every Tuesday and Friday when Susie and I go into town. Moseying up and down the store aisles, like at a county fair, and nobody rushing me into buying, Brother, these serve-yourself-outfits are my dish. Why we call them Chain Stores, is beyond me. "Courtesy" Food Emporiums, I calls 'em.

Down at the 2 places where we trade, the managers sure know how to make you feel 100 per cent welcome to browse around. And the more you sniff at something like maybe a cantaloupe or a smoked mackerel or even the coffee grinder, the more you will

buy. The boys running stores like that, know the value of browse and sniff. In today's vernac, they know their onions. They savvy how to sell groceries.

Yours with the low down,
Jo Serra

Sit down strikes the past two months are said to have cost this nation enough to build a battleship. I used to work a three-horse team to a cassidy sulky plow, but never did have either of the animals want to back up and sit on the seat.—Cyarendon Leader.

I GIVE YOU TEXAS by BOYCE HOUSE

Worthy to rank with Travis' message from the Alamo in its sublime patriotism is this letter which was written by another Texas hero — Flight Officer Joe Edward Boswell of DeLeon, the day before he took off on the perilous flight to bomb the Ploesti oil field in Rumania:

"My Darling Mother and family: "To start with I want to say that I hope you never have this letter mailed to you because if it is, it'll mean I have gone before you. Yes, I am writing this as a last letter just in case anything goes wrong tomorrow.

"We are going on a mission tomorrow that will have more to do with bringing this war to a close than anything else so far, if it is a success, and it will be a success. You just can't stop us Americans once we make up our minds to do a thing.

"I won't say where we are going for several reasons but you can read the papers and find out where we bombed on August 1, 1943. The headlines should be full.

"I just wanted all of you to know how very proud of you I am and I consider it an honor of being a brother to such a wonderful family and a son to such a dear mother. You have always been the best to me in everything and I appreciate it from the bottom of my heart. I am not afraid of the job that is ahead of me nor have I any fear if the worst is to happen. You can't fight a war without someone getting hurt, and I am no better than my buddies that fly next to me. If it takes my life to make this a free world, then I am ready—because there is nothing so dear as freedom. Remember that what boys all over the world are dying for every day.

"I did have a lot thought up to say but I just can't seem to write this afternoon for some reason or another.

"I have read the 91st Psalm and it helps no end.

"Try not to grieve over me as that isn't the way I want it. I have had a good life and a lot of fun, so don't have any regrets. Always remember me in your prayers, and, if its the Lord's will, I'll be waiting for you in the Heavenly City.

"Be sweet, and never let up in this fight for freedom until there

More Than Half Fail To Get Drivers' License

AUSTIN — The fact that over half of the Texas drivers who made application for state drivers' license failed their first test is proof of the vital need for strict enforcement of the Drivers' License Law. R. B. Rooper, president of the Texas Safety Association, declared today in commenting on figures released by the Department of Public Safety.

According to the drivers' license division of the Department, 364,478 applicants for licenses were examined in the fiscal year ending September 1, and of these 200,518 failed the initial test, either because of their own shortcomings or because of the unsafe condition of their vehicles. A large percentage of the people have been driving for years, yet 59 per cent of them failed the standard examination of the National Safety Council, Rooper pointed out.

"Since the Texas Safety Association sponsored the present law, we are pleased that the Texas Department of Public Safety is maintaining rigid standards of its examinations, despite the shortage of examiners," he said.

Drivers who failed the first examination were told where the fault was, given a handbook and asked to come back. In the majority of cases they were issued licenses after their second or third examination.

An ex-cowhand says he can remember back in the days when horses in western movies carried cowboys instead of tenors.

This is a WARTIME...

Many scenes have been written into American history since the first Thanksgiving was observed! Styles have changed. Laws have been changed. Science, industry and mechanization have made fast strides in every phase of business and life.

Much has changed. But people remain the same—and today as generations ago, we still are thankful for the land we live in. For the religious freedom that was made our heritage by the first Americans — emigrants all, from lands of persecution.

History has seen many changes. But to us in America, there is still much to be thankful for.

WE WISH TO EXPRESS OUR THANKS FOR THE BUSINESS AND ASSOCIATION WITH OUR FRIENDS AND CUSOMERS . . . THIS MAKES 26 YEARS GINNING IN BROWNFIELD. WE HOPE TO SERVE YOU IN THE FUTURE AS WE HAVE IN THE PAST.

CUPID WOUNDS FALCO, COLUMNIST WEDS NURSE

Columnist Anthony J. Falco was on a train going to Richmond, California. He was on vacation, as of Thursday, September 16.

Hellon Douthit, a passenger who happened to be sitting beside him, was also going to Richmond. She had come from Brownfield, Texas, to take a nursing job at the Richmond hospital, as Tony discovered upon striking up conversation.

Upon a little further reflection, Tony decided he needed a nurse, and that Hellon would make a better nurse for him than she would for the Richmond hospital. So he then and there decided to persuade her to marry him.

Tony's powers of persuasion are mighty. After three weeks of a whirlwind courtship, they were being married in Reno. The wedding day was October 12—Columbus Day.

METHODISTS HAVE NEW PASTOR

The northwest Texas Methodist conference at Lubbock last week made quite a lot of changes in pastorates. H. W. Hanks, who has been pastor here for the past several years, goes to Clarendon, and J. O. Quattlebaum of that city comes here. They complete their moving today, and hold their first services in new locations Sunday.

Rev. W. M. Culwell comes to Meadow. Rev. Allen Forbiss to Plains, and Rev. L. B. Smallwood to Seagraves. The Rev. Ed Sharp goes to Seminole from Seagraves.

Mrs. Charles Barrett and Juana Jay of Happy community were shopping here Tuesday.

Mrs. Floyd Copeland of Meadow was down this week.

Thanksgiving finds U.S. truly Blessed

There'll be a cheery group around the Thanksgiving table — even though "your own boys" are far from home, in uniform — and Ellen and the children couldn't travel to join you. There'll be a cheery group of family, friends, neighbors — and other boys and girls in uniform to whom you may extend your hospitality. And if the feast isn't as elaborate as in peacetime Thanksgivings, there'll be plenty of good things for all to enjoy!

Ours is a bountiful, beautiful land—but its produce is now feeding our armed forces, and helping sustain our allies around the world! Enjoy your Thanksgiving dinner in this free nation and all the more—by remembering not to waste a crumb or a drop! Then there'll be more to spare, because we at home Share and Play Square!

BAPTIST CHURCH NEWS

Baptist have always been loyal citizens to their country in peace and war and while some cultist refuse to salute our flag we should support the state as taught by the Master, himself.

The following by Mr. M. E. Dodd bears out the above statement as quoted from the Baptist Standard, quote: "Applications of our pastors for chaplaincies exceed any other denomination. Our loyalty is revealed most in the matter of conscientious objectors. Southern Baptists have one conscientious objector for each 308,000 members. All other denominations come in between."

The Texas Baptist convention meeting in Dallas last week was the first meeting of that body in 50 years showing all debts paid, and some false prophets only a few years ago predicted these debts would be defaulted, but for 10 years no debts have been made and the convention operates solely on a cash basis and can now promote the work of the body unhampered by debt. Our own church put approximately \$1,800, or \$150 per month into the work of the convention which goes to every work of missions fostered by the convention, while the great First Baptist church of Dallas, put \$664,000 into this work and the total for the convention year being \$1,576,000, the greatest ever received in a single year.

Nearly three thousand churches co-operating together on a voluntary basis are able to show more missionary work done by this convention in Texas only than all Baptists of the United States outside our regular organized work. If you bear the name of Mission-

Cotton Storage Situation

At present the compress is not taking any more cotton for storage, but we have been advised that Commodity Credit has ordered eight thousand bales from this compress and this cotton will be moved as soon as cars are available. In the meantime the gins are storing this cotton on the gin yards and we are informed that they are carrying insurance to cover the cotton and charging the producer 1c a pey per bale for this insurance. As soon as the cotton has been moved from the compress and more storage, is available the cotton will be moved to the compress and the farmers will then be able to secure loan on the cotton which is eligible.

We have been advised by the bankers and other lending agencies that farmers will be able to secure money to pay for picking until this cotton can be moved without having to sell this cotton at a loss. There is also a farm storage loan available and those farmers who have adequate farm storage should call at the AAA office if interested.

FARMERS SLEDDING COTTON

Because of the shortage of cotton pickers at first, and the price for picking, many farmers are sledding their cotton. Some claim the waste by such method would not be as great expense as the prices charged by the pickers, when the cotton market is not on the rise.

An unusually good season has prevailed for cotton gathering. Ginners and many farmers are of the opinion that 70 percent of the cotton crop in the county has been gathered.

FIRE DESTROYS FEED MILL

The feed crusher at the Farmers' Co-Op. gin was almost totally destroyed by fire late Saturday evening. Prompt response of the fire department prevented spread of the blaze to nearby buildings. Loss was almost total, and will have to be rebuilt. Some insurance was carried.

C. J. Bonham was up from Willow Wells, Monday. He stated they were making rapid progress in that area gathering the crops.

any Baptist we invite you to join our church and the forces co-operating to bring in Christ's kingdom on the earth. Your church needs your loyal attendance and support now in anticipation of calling a pastor who shall serve us during and after the war period.

DESTROYER-ESCORT BUILT IN 25 DAYS

NEW WORLD'S RECORD IN SHIP CONSTRUCTION

*Beats World War I Destroyer Time of
45½ Days — Bethlehem Set Both Marks*

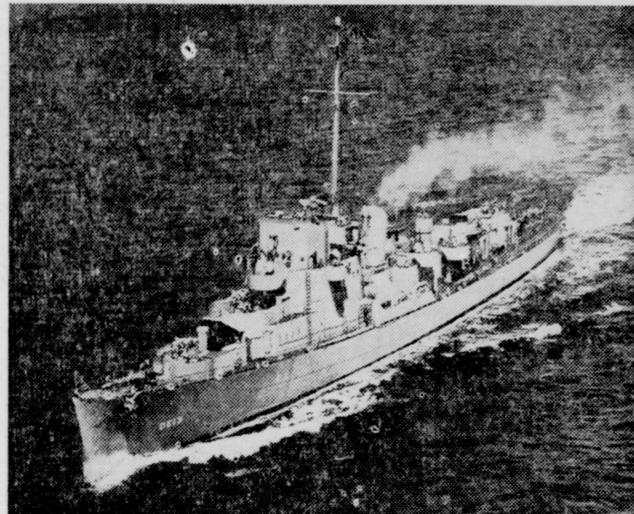

**Has Large Gun-Power for Both Offensive
and Defensive Service; Equipped
for Surface, Depth Bomb and
Anti-Aircraft Combat**

Beating all prior records, the destroyer-escort *Reynolds* was completed and delivered November 3 to the U. S. Navy, by the Bethlehem-Hingham Shipyard just 25 days after keel laying.

The *Reynolds* is a hard-hitting, fighting unit with great fire-power and speed, a bigger, more powerful ship than the destroyer *Reid*, which held the previous production record of being built in 45½ days, during World War I. Bethlehem built both ships.

The *Reynolds* has terrific battle armament for surface, depth bomb, or anti-aircraft combat. Her main battery has guns mounted in three turrets which can revolve in a complete circle to follow a target, and can be fired by a trained crew with amazing accuracy and rapidity. Aft is a 40-mm. Bofors gun, each barrel capable of firing 120 rounds of 2-pound projectiles per minute. She has numerous 20-mm. Oerlikon machine guns with a potential fire-power of nearly 400 shells every 60 seconds. Also, along port and starboard rails aft of amidships are a flock of K-guns which can toss out the famous 300-pound "ash cans" which make it unhealthy for any submarine within hundreds of yards.

The *Reynolds* is, in fact, one of those powerful, swift, sea-panthers designed by the Navy to drive the Nazi subs from the Atlantic and

protect American convoys. She can deliver a terrific curtain of fire effective at 2500 yards against air or surface targets. Like some of her sister ships, she is one of Uncle Sam's contributions to the British fleet.

The first group of ships in the destroyer-escort class were built in 302 days.

The next group in this class were built in 206 days.

Now the *Reynolds* has set the mark of 25 days.

And she is but one of hundreds of warships steaming out of the shipyards of America to speed the day of Victory.

**INFORMATION ABOUT THE
TURKEY CEILING PRICES**

Lubbock, Texas, Nov. 18—Maximum prices to be paid by consumers for live young turkeys were listed by J. B. Mooney, district price executive of the office of price administration. These listings were made by the executive to clear up any confusion which might have been created by previous listings of the ceiling prices which were wholesale prices.

A maximum retail price of .4447 cents per pound may be paid for live young turkeys, Grade A, weighing 18 pounds or less when sold by producers to the consumers, Mooney pointed out. If sold by Group 1 or 2 stores, the maximum price is .4514 cents per lb. and if sold by Group 3 or 4 stores, the price is .4477 cents per pound.

The maximum retail price for drawn (oven dressed), Grade A, young turkeys, drawn weight under 13 pounds, is set at .62667 cents per pound when sold to the ultimate consumers by producers. If sold by retail stores in Group 1, 2 or 3, the price is .6325

cents per pound, and by Group 4 stores, the price is .6217 cents per pound, Mooney explained. He stated that old turkeys and all grades lower than Grade A are priced lower.

The above prices apply to sales in 24 counties, including Terry.

**FIRE DESTROYS COTTON
STORED HERE**

One hundred and forty-four bales of cotton, stored by the West Texas Gin company in their yard near the home of Herman Ches-shir, manager, in the southeast edge of town, was destroyed by fire of unknown origin Monday afternoon. Several hundred other bales were saved by the timely efforts of a member of the fire department, which had been called to the scene.

Most of the cotton belonged to various owners, but was all fully insured. Investigation by officers and yard operators failed to find the cause of the fire, but it is thought to have been of an accidental, or careless act.
