Soldier Vote and Mustering-Out Pay

Somewhere In Italy
January 29, 1944

Dear Mr. Stricklin:

There are a couple of things that have been bothering some of my friends and I, and since I know you had the soldiers' interests at heart and would let the home folks know how we feel on certain political matters; I felt that I should write to you.

In the first place, we have the matter of the soldier-vote bill that has been going back and forth from Senate to the House of Representatives, and nothing much being done about it.

It doesn't matter to the soldier overseas whether the various states handle the balloting or whether the Federal government takes care of the entire thing, although most of us feel that the Federal Government can do it better with more promptness and less waste of valuable mail space. The main thing is—we want to vote—regardless of who runs the ballot boxes. We who are fighting this war feel that we have a right to help choose capable leaders.

And this brings us to another item that is causing lively discussion over here. That is the question of mustering out pay. Now, to begin with, most of us don't care whether we get any money when we get out of this man's Army or not—all we want is to get back to the "mainland" and receive a little slip of paper with honorable discharge written on it—that is the sentiment of all combat soldiers. But—since we are sacrificing a "little" more than the soldier who stays in "the States"—we hate to be discriminated against. The present bill before Congress calls for payment of \$300 to anyone who has been in the service for a period of 660 days or more. That doesn't seem quite fair to pay the same amount to raw recruits and combat soldiers. We feel that there should be a distinction between the soldier who is fighting FOR the U. S. A. and the soldier who is fighting to get IN the U. S. O. A sliding scale of pay depending on length of service and amount of time spent overseas seems much more fair.

Thanking you very much for everything you have done in the soldiers' behalf—I remain,
Sincerely Yours,
Earl Burnett.

Four of Five Sons In Service Visit Mother Here

S 1/c Lionel Miller has returned to his duties aboard ship after a few days visit with relatives here.

Lionel is the son of Mrs. I. H. Miller, Route 1. He has been to many remote and famous places since entering the Navy June 7, 1942, having enlisted at Lubbock the along with other Pearl Harbor Avengers. He received his basic training at Great Lakes, Ill., Naval Base. Mrs. Miller has enjoyed a visit from four of her five sons in the service within the past month. One son, Edsel, a marine, is somewhere in the Pacific, and has been overseas more than two years, having seen action in the Guadalcanal and Tawara battles.

The three other sons are at present stationed at different camps in the States.

Durwood Moorhead, of the Provost Marshall's office at Punta Gorda, Fla., with his wife, a teacher from Estelline, and Leslie F. Moorhead, in civilian employ from Stratmore, Calif., were here this week visiting Dr. Moorhead and other relatives.

Legislative Offices Begging Candidates

It was announced in Lubbock early this week that our state representative, Hop Halsey, who is now with the U. S. marines, will not be a candidate for reelection. Too much unfinished business over yonder. While it was rumored that State Marshall Fornsby, who is in overseas military service, might submit for reelection, no definite announcement from him has been had at this time. Alvin Allison, former judge at Levelland, who was defeated by Fornsby four years ago, is being mentioned for the senate, and he is considering running. It is a four-year term. But little interest is shown in all other state and district offices. Perhaps the heat of elections, like most everything else, will be regimented at Washington, where the temperature is already rising.

Thurman Gets Promotion

Fifteenth Army Air Force — James E. Thurman, Route 5, Brownfield, Texas, recently was promoted to the rank of Sergeant. Sgt. Thurman is the son of Mr. and Mrs. J. E. Thurman, Route 5, Brownfield, Texas. He is a graduate of Brownfield High School and before entering the Army worked for the Farmers Co-Operative Gin at Brownfield. Sgt. Thurman is an armorer in the "Hat In The Ring" Squadron of AAF P-38 Lightnings and has been overseas twenty months.

Tokio Boy Finishes Technical Training

Names of nine Texans who have just completed their period of instruction at the naval air technical training center at Norman, Okla., were announced today by the eighth naval district. The graduates will be transferred either to a ship or another shore station for further instruction and work.

The class included Seaman First Class Ivan Eugene Locke.

Lewis Now Sergeant

A graduate of Brownfield High School, class of 1939, now serving with the VIII Air Force Service Command in England, Corporal Carl R. Lewis has been promoted to the grade of Sergeant. He is the son of Mrs. Ruth McCain of Brownfield and his wife, Mrs. Vyrnell Lewis, is residing at Shawnee, Okla.

Sergeant Lewis, who entered the service in September, 1942, was formerly employed as bookkeeper for the Higginbotham-Bartlett Lumber Company of Brownfield. He is supply sergeant of his squadron.

Three Sons In Service

N. H. Brown was in last week to have the Herald sent to his son, Sgt. Dale Brown, who is now on maneuvers in Louisiana. He spent a year at Camp Hulen.

Mr. and Mrs. Brown have given a boy to the service each February for three years, except the past one. The reason was this February the remaining son was not of age. They have one son, Sgt. Guy Brown, in Africa, hospitalized and recovering from injuries received November 28th. He has been across about a year. Then there is S 1/c T. P. Brown, who has been in the Navy two years.

Mr. and Mrs. W. R. Stephens have received a telegram from their son, Pfc. Lyman Stephens, stating he had arrived safely at Long Beach, California, after being across 18 months. Lyman has been hospitalized in New Caledonia, and New Zealand, and is now in the hospital at Long Beach, recovering from wounds received in the south Pacific.

South American Missionary to Speak At Tokio

Peru, without question, is one of the most needy mission fields in all the world," declares the Rev. C. H. Wiman, Bethany Oklahoma, for the past nine years a missionary in Chiclayo, Peru, South America, who is speaking at the Tokio Church of the Nazarene, Friday night, March 10th, it was announced today by the Rev. C. F. Sanders, pastor.

Rev. Wiman, who served for several years as superintendent of

C. H. WIMAN

the Peruvian District, Church of the Nazarene, has adopted every conceivable mode of transportation in promoting his church work. Often he has pitched camp high in the Andes mountains, surrounded by some of the most savage Indian tribes; and other assignments took him by plane into the heart of the capital city of Lima for conferences with world leaders of church and state.

On the burro's back, the missionary has made his way into the Aguaruna lands to preach to a people who won their livelihood by amputating human heads, reducing them to the size of a baseball, and trading them for necessities of life with border tribes and travelers.

The Rev. Mr. Wiman is expected to tell some of the hazards of the missionary life, as well as to stress the needs for the gospel in Peru during the rally there.

The public is cordially invited to hear him.

South Plains Army Air Field, Lubbock, Texas, March 3.—Seventeen-year-old youths of the area now have an opportunity to choose service with the army air forces, get their wings and prepare themselves for post-war jobs. All eligible young men of the area are urged to take advantage of his opportunity now.

Corporal Dave McNutt is visiting H. C. Barton and Mr. and Mrs. Tobe Howze. He is stationed at Gardner Field in California.

Pvt. Richard B. Marchbanks has been stationed at Fort McClellan, Alabama, and will be there for 17 weeks. Pvt. Stuff Moorhead and Pvt. "Red" Doss are also stationed at Fort McClellan.

State Guard Ranks High

Captain E. G. Akers of Co. D, 34th Bn, local unit of the Texas State Guard, has just received a commendatory letter from the Adjutant General's office, approving and commenting on a recent Federal inspection report, which places this Company among the best. It especially commends them on their drilling and manner of keeping material. Its only remarks are about the lack of uniformity of uniforms, which isn't the fault of the local company, but assures them of better equipment soon.

This Company was organized before Pearl Harbor, and included many young men. Since then the draft, and enlistments have taken some 50 members, seven of whom have become officers and several others non-commissioned officers. The training received in this Guard, being the same as the Army (is quite an advantage to those entering U. S. service.

It is estimated the Guard has paid its way, in saving of cost in training, according to estimates of Federal Authorities. Because of the draft drainage, they could use a few more members, of middle age for replacements.

County to Refund Courthouse Bonds

Following a recent case before the supreme court, which held that counties could take up outstanding bonds, long before maturity, the Southwestern Life Insurance company, which holds \$52,000 of our courthouse bonds, advises Judge Lincoln this week they will exchange them for new certificates, bearing three and a half percent interest, instead of the current six percent, which the old ones carried, and reducing their maturity from 1964 to 1954. The commissioners are taking proper steps to accomplish this. The judge estimates this will ultimately save some \$26,000, including some other bonds outstanding.

Pfc. David Hanks, son of Rev. and Mrs. W. H. Hanks of Clarendon, came in Monday to visit with friends. Pfc. Hanks has returned to the states after a year in the Pacific Area. He will return to Camp Elliott in California after a 30 day furlough.

Lt. Gerald Herron, who has been in Puerto Rico, came in Sunday morning to spend a 21 day furlough with his father, Mr. W. A. Herron.

Mrs. Gus Poard called in this week to have the paper started to her son, Sgt. Victor Pollard, whose mail address is in care of the postmaster at New York. He has been in training more than two years and overseas one year.

George E. Beck of the U. S. N., in San Diego, Calif., wrote home that he would start to school for four months, to be an instructor in fire fighting.

Buddy Newberry Breaks Arm

While cranking a tractor on the A. H. Herring farm Wednesday afternoon about 2 o'clock, Buddy Newberry had the misfortune to break his right arm just above the wrist.

Buddy was brought to the Treadaway-Daniell hospital where the member was set and then taken to the home of his parents, Mr. and Mrs. H. C. Newberry.

Farmer Draft Deferrals Reduced

Raymond Simms, Secretary of the local Draft Board, advises that they have received instructions from Washington, that all farmers heretofore placed in 3-c, shall be put in 2-c for six months only. The Boards are now compiling data on all deferments, and expect to complete this arrangement by the end of April.

School Census to Be Taken by Children

E. E. Hancock, superintendent of the Brownfield Schools, announced early this week, that because of lack of transportation for a census taker, they will endeavor to take 1944 scholastic census by sending out blank forms and return. It was pointed out that this census is basis for the State apportionment funds, and entitles the child enumerated to free schooling.

All children becoming 6 years of age by Sept. 1st, and those not over 18 at that time, are eligible. Blank forms were being sent out this week. Patrons are being warned to look for them, and if anyone fails to receive census forms, this or next week, notify the Superintendent.

Farm House Burns Near Union

The dwelling house and all contents on the J. C. Johnson farm in the Union Community, was destroyed by fire early Monday morning. The fire was said to have started by the gas not being entirely turned off, earlier in the night. The occupants, M. A. Freeman and family were at the death bed of his brother, three miles, north of town at the time of the fire, losing all their household goods. The owner, J. C. Johnson, who resided there for many years, had recently moved to Plains, where he is head of the AAA for Yoakum county.

Rationing Books Three and Four

"Remaining green and brown stamps in War Ration Book III will be used as at present until they expire after March 20, 1944. They will be accepted only at their denominational values of 8, 5, 2, or 1 point," according to J. Doyle Settle, District Ration Executive for the Lubbock District of the Office of Price Administration. This statement was to clarify any erroneous idea that ration tokens would be given as change for these stamps.

"Red and blue ration tokens will be used only for those stamps in Ration Book IV which becomes valid February 27 or after," Mr. Settle explained.

LEAP YEAR BABY

Mr. and Mrs. Lee Brownfield are to be congratulated on being the parents of the only leap year baby of 1944 that has been recorded in Brownfield. She is a girl, Linda Lee, born early the morning of the 29th. Linda Lee weighed 6 lbs. and 3 oz.

Wharton Sheriff Deplores Paroling Dangerous Convicts

Wharton, Texas
The Terry County Herald
Brownfield, Texas
Gentlemen:

I notice by the papers of the terrible atrocity committed in your portion of the State by a recently paroled convict.

On the 23rd of January I started a one man campaign by mailing every Senator in the State a complete list of the escaped convicts during 1943. I begged them in a personal letter to pay particular attention to the very bad situation confronting all the good people of the State.

The list was complete, giving names, farms, dates of capture, if captured, and names of those killed or in other institutions and those still at large robbing, stealing and murdering.

One Hundred and Fifty One escaped, one hundred and ten captured, seven accounted for by being dead or in other institutions, and 34 are still some place among us and they ain't working. The percentage of escapes for the first six months was 11.3 and the last six months was 13.8.

This business of paroling and escaping of these bad men is getting out of hand and I believe the Press can correct the situation in short order.

I may ask why do convicted murderers with 99 and 100 years on them get out on paroles, re-prives or some other sort of rot within just a few years, I am sure that your people would be interested in knowing what constitutes the eligibility for one of these releases.

I am also wondering why these bad boys are placed out on farms where they have all the opportunity in the world to get away—I mean convicted murderers with 99 or more years on them.

From the response I got to my letters to our Senators, I feel sure they want to do something about this business. All they want is backing from the people, and the only way the people will ever know the truth is through you people of the Press.

I have a wife and three little boys, ages, two, seven and nine, and I love and worship them, and I don't want them subjected to being murdered, robbed or abused by a bunch of convicted criminals running around over the State, and I believe all other men feel the same way as I do.

I am familiar with a portion of the situation and intend learning more about it, and if you want some dope from me, just ask for it and I will get it for you or bust trying.

Yours very truly,
Buck Lane, Sheriff.

American Legion To Aid POW

At a meeting of the local American Legion at their hall last week, a committee, headed by C. D. "Toots" Thomas, was appointed to procure names of all prisoners of war from the National Red Cross on all fronts, with a view of aiding them in all lawful means. The Legion also received 16 new members of War No. 2, making a total of about 35 members of the second war.

Among our many readers this week is B. F. Finley of Meadow, who called to subscribe for himself and son, S/Sgt Thamos Finley at Moody Field, Valdosta, Ga. Thomas is in the base postoffice and has been there most of two years. Mr. Finley has one other son in the navy.

Mrs. Will Moore called in this week and stated that her son, Weldon, had recently been promoted to S/Sgt. He is located at the army air base at Dalhart. Weldon finishes his training the 16th, and is supposed to be in combat duty soon.

HARMONY H D CLUB

The Harmony H. D. Club met Feb. 17 in the home of Mrs. Jewel Bell. Fourteen members answered the roll call by telling the number of hens they raised the past year. We were very happy to have the seven visitors present, and we would like to have more visitors present at our next meeting Thursday, March 2nd, in the home of Mrs. Ellis. Mrs. Oden Miller has charge of the meeting and will make hand lotions. We will make a quilt for the Red Cross. Also, we would like to have each member present.

A number of the club members have been coming each Tuesday and making bandages for the Red Cross. The president asks that each member keep account of bandages made so this number can be turned in at council.

The motion was made that we frame our badge that was won at the county fair some years past, and hand it to each club president to keep as long as she is president.

The club will sponsor a tackety party Friday night, Feb. 25th in the home of Mrs. John Gracey. There will be a nice prize given to the family who is dressed the tackiest and having the largest number present. There will be a small fee charged if you do not come dressed tacky. War Stamps will be among the prizes.

Most of the members are taking the Texas Agriculture paper. Mrs. Jewel Bell was elected as possible delegate to the district meeting.

The club accepted the resignation of our council delegate, Mrs. Shook, and Mrs. Green was elected to take her place.

Signs of Spring

THE days are still short; half the nation shivers under a blanket of snow—but there are signs of spring everywhere if you know where to look for them.

They are little things—such as new seed catalogs, ads clipped from magazines, reminders, scribbled on backs of envelopes, of things to be done.

Thousands of men, all over the country, are making such notes, looking ahead—farmers, manufacturers, storekeepers, bankers. They represent what is called "management," and they know that to make the most of any season requires pretty careful figuring.

There's a skill in this management. It's a skill that men who run things have in common—that men who run things successfully have got to have. Management's problems are a good deal alike, no matter what the business—getting help, meeting payrolls and tax payments, making ends meet and having a little left over for new projects, planning for the future without letting the planning interfere with the job in hand.

And when you talk with these men, you find they have the same objectives, too. Right now they want to get the war on at the lowest possible cost in lives and suffering. After that's done, the "I'll be back on their never-ending job of turning out the material things needed to make a better peacetime world. General Electric Co., Schenectady, N. Y.

Wellman School and Community News

One of the best basketball tournaments ever staged in Terry county was brought to a close in the Wellman gym last Saturday night, resulting in Wellman winning second place in both boys and girls divisions. This second place winning seems to be a habit, since this is the second tournament of the season in which they won the second place trophies, and the girls have their third trophy for the season in winning second place in the county.

Most all teams were evenly matched and scores in the games show that quite a bit of defensive ball was exhibited. Only two games were one-sided were witnessed; all other games were hair-splitting games that kept the fans on their feet most of the time. Several games went into the final seconds before a winner was decided. The Loop-Klondike game was decided only after two extra periods were required to settle the issue. The Wellman boys had equally as much trouble winning from the Loop boys as they had in winning from Klondike. In the final game for boys, Sparenberg won from Wellman only by seconds since Wellman held a small margin until the last minute of play.

This week brings the Wellman basketball season to a close as our girls enter the district basketball state tournament in the Sunday gym on Thursday evening at six o'clock. The first opponent is to be Whiteface; then the winner will play Bula in the second round on Friday night. Finals will be played Saturday night after semi-finals are played Saturday morning.

Wellman can well boast of her success in the Fourth War Loan drive, which was a great success. The county is to be congratulated in exceeding our quota, and each of the school districts did well in selling the many Series E bonds as were sold individuals. In the contest staged in school, all classes performed well with the second, seventh, and senior classes winning the contests and each is to be given a half-day picnic. Superintendent Jones expresses sincere appreciation to each person buying a bond and compliments them in the forethought of "putting away for a rainy day" and on having a financial investment in this great struggle—World War

I. I declare: "We are a part of Terry county, a part of the United States, and an ally that is determined to win this war and promote the peace!" Thanks to our patrons and all Terry county. Our outstanding task ahead of us is the completion of our annual. We are striving to honor the "Boys In Service" by inserting the latest pictures of the former students here who are in any branch of the service. Will parents or friends get a picture to our editor of the annual, Ada Sue Dean, not later than March 1? Give the branch of service, the length of service, and address and other interesting information on each boy. If we cannot get a picture, then we want this other information on each soldier, or member of our armed forces.

Last year several of our annuals were sent to the boys who were in service. This year the same thing is to be done. Of course our number of annuals are to be limited, and before one can be had, a deposit must be made on the annual. If you want one, please send \$2 to pay for same to Lloyd Chenault, Route 3, Brownfield, or directly to Supt. Jones of the Wellman schools. Your deposit is guaranteed and delivery is to be prompt. Remember that 200 is the limit, and March 1 is the last day that your deposit can be accepted.

THE OLD JUDGE SAYS...

"Somethin' special catch your eye in the paper, Judge?"

"Sure did, Chet...an article here telling about prohibition in India being written off by the Madras government as a dismal failure after a three-year trial. They found out that enforcement was ineffective and that there was a steady increase in bootlegging and other violations of the law which increased penalties failed to check.

"It all goes to prove what I've said time and time again, Chet...prohibition does not prohibit. It's been tried in this country 47 times in the last 33 years and discarded everywhere except in three states. Was found to be a failure and abandoned in Canada, Norway, Sweden, Finland and Russia, too.

"Same thing happens every time...as soon as legal liquor is voted out, bootleg liquor with its crime and corruption moves right in."

LUBBOCK, Texas, Army Air Field—Cpl. Alexander Miller of the 498th Twin-Engine Flying Training Squadron at Lubbock Army Air Field, Lubbock, Texas, has exchanged membership in the clans for citizenship in the United States but he retains his broad Scottish accent. He also retains his native shrewdness about money. After spending eighteen months in a Highland Light Infantry regiment during the last war and eighteen months in the U. S. Army Air Forces so far in World War II he was made a Corporal just last week. His first remark upon receiving his promotion was, "Neow that Ahm a Corporal I'll take out a Warr Bond a mon-th." Up to now he has been salting away \$6.50 every pay day. Corporal Miller's father and mother still lives at 50 Budhill Ave., Shettleston, Glasgow, Scotland, where his father is a sheet metal worker. Corp. Alex also took up the sheet metal trade when he first came to this country after the last war but at the time he enlisted for service in his second World War he was head houseman for the Biltmore Hotel in Province and his principal duty was arranging for parties and banquets. He still likes a good game "o gaw!" but he admits that his duties at this advanced twin-engine flying school of the Army Air Forces Training Command give him little time for his native sport.

A brother, in the RAF, fought over Malta, was wounded and is now in a hospital in England.

YOU can SAVE a LIFE

Do you know all that the RED CROSS does, for America's loved ones in every phase and branch of the war? For one thing—it provides life-giving blood plasma on the very spot where a man lies wounded. Field directors help to settle family problems. Red Cross directs its efforts to rehabilitating the wounded; getting food and mail to the prisoners of war. Through its offices are recruited Army and Navy nurses. It operates clubmobiles for men at isolated posts; supplies emergency foreign war relief; teaches first aid; trains nurses' aides — and performs many more services that make wartime suffering less horrible—more bearable. When you give to the Red Cross War Fund you make certain that YOUR RED CROSS is at his side!

ALEXANDER'S

IN MEMORIAM

Divine love always has met and always will meet every human need. Living in this spirit, Mr. W. H. Harris passed thru death into life eternal on February 21st, 1944.

In the planning of the All-Wise Architect there comes a time of sorrow and heartache into every life, when our loved one's barques have silently sailed away across the shadowy unknown sea. We have no charts of their lonely voyage, we know but this, they will come no more. We will watch and wait a little while, till the Harbor Master sets us free, and then with our freight of hope and faith, we, too, shall sail o'er the unknown sea.

Mr. Harris was true to his convictions of right and duty and he lived the Golden Rule. His home was a veritable refuge for the worn and weary wayfarer. Friend and stranger alike were welcome at all times. Strong drink and tobacco held no charms for him and he was never known to speak a harsh or profane word. We may well emulate his example. On Sunday mornings, attending Sunday School and church was the established custom.

Beautiful life is that whose span is spent in duty to God and man; Beautiful calm when the course is run, Beautiful twilight at the set of sun; Beautiful death with a life well done. Somewhere on the hill top Of that City that hath no pain He will wait in a beautiful doorway To bid us welcome again.

Mrs. F. M. Ellington.

Mr. and Mrs. Chester Sutton of Covis, N. M., are visiting Mrs. Sutton's parents, Mr. and Mrs. Tobie Helms.

Mr. and Mrs. J. O. Gillham, Delores and Elinor and Mr. W. A. Philpott of Dallas left Monday morning for Houston and Temple.

Mrs. Frank Ballard and Miss Sue Jones visited Mrs. Ballard's sister, Mrs. Arthur Sammons in a Lubbock hospital Sunday.

TO THE VOTERS OF THE CITY OF BROWNFIELD

I wish to take this means of announcing my candidacy for the office of City Marshal, subject to the action of the Democratic voters in the city election Saturday, April 1.

I have served as Night Marshal during the past 18 months and in that capacity have endeavored at all times to serve you to the best of my ability. I have cooperated at all times with county and other law enforcement officers in their efforts to maintain the laws of our city, state and nation.

I shall try to see everyone individually before the time of election, and in the meantime I solicit your vote and influence.

Thanking you for the favors you have rendered me during the period I have served as Night Marshal and thanking you in advance for your influence in my race for City Marshal, I am, Respectfully, R. F. (Frank) Denton.

Miss Nettie Jean Newsom, daughter of Mr. and Mrs. S. V. Newsom of Brownfield, route one, is now employed at the station hospital at Lubbock Army Air Field. Miss Newsom, a graduate of Meadow High School, is a former nurse at the Treadaway-Daniell Hospital here.

Sgt. and Mrs. Pete Marchbanks of Camp Barkley, Abilene, visited Mrs. N. R. Marchbanks.

TO THE CITIZENS OF THE CITY OF BROWNFIELD

I am announcing my candidacy for the office of city marshal for a second elective term. I shall, if elected, continue to look after the safety of your children in the future, as in the past. I have been on the job at all hours of the night in the interest of the property of the city and expect to continue the same service. I appreciate the co-operation of the people who live outside the city and assure them of my courtesy in the enforcement of the city ordinances. I have served you to the best of my ability and if these services have been satisfactory, I assure you of my continued co-operation with the peace officers of the county and city. I will appreciate your vote and influence in the April city election.

(Signed) Roy Moreman.

I elect me to this office, I will continue to serve you to the best of my ability.

I assure you any consideration shown me will be greatly appreciated.

Respectfully, J. F. Malcolm.
