**SOCIAL SECURITY CARDS
SHOULD BE GUARDED WITH
UTMOST CARE**

A social security account number shows that the worker has an insurance account with the U. S. Government Federal Old-Age and Survivors Insurance.

Insurance policies must be protected and that is why they are kept in safe places. The social security account card is evidence of a worker's insurance policy with the government. Give it the same care as any insurance policy, advises Erton F Tate, manager of the Social Security Board's office, located at 1311 Texas Avenue,

Lubbock, Texas.

For every account number it gives out, the Social Security Board sets up a separate account. The number on the card is the same as the number on the account. With the worker's name it identifies the account.

Old-age is not the only risk the account insures against. The purpose of this insurance is to pay not only a regular monthly income when workers are 65—and stop work, but to pay benefits to the family if the worker dies.

These monthly insurance payments are based on wages in the jobs that come under the old-age and survivors insurance system. Every day's pay on such a job helps to build up this family insurance protection. Be sure that these records are kept under one account number.

Families need this protection. When a worker or his family makes an insurance claim, his account should contain a complete record of ALL his pay in work that comes under the social security system. Even if he works only part time in such jobs, his wages should be recorded under his account. For further information inquire at the Social Security Board office at Lubbock, Texas.

**ENOUGH TEXANS FOR
INVASION FORCE**

DALLAS, May—Enough Texans to man a good-sized invasion fleet—144,284 officers and enlisted personnel from the Lone Star State—were serving in the United States Navy, Marine Corps and Coast Guard as of Jan. 31, 1944, the Navy Department has announced.

Members of the Navy Nurse Corps are not included in the tabulation, which is based on the states men and women in Naval service listed as their place of residence.

New York has the most persons in Naval service—272,373. Other ranking states are: California, 237,292, Pennsylvania, 218,968, Illinois, 181,863, and Ohio, 156,047.

Mrs. J. H. Harris and two sons, Edward and Randall of Nashville, Tenn., came in Sunday night to visit her sister, Mrs. Gene Gunn, for about three weeks.

Mrs. Roger W. Clapp, the former Ruby Nell Smith of Lubbock, came in Tuesday to be with her parents, Mr. and Mrs. Jess Smith.

Betty Cherry and Panzy Butler of Lubbock spent last weekend with Mr. and Mrs. P. R. Cates.

"This is the big show. This is the pay-off. This is the one that counts.

"Sure, we're going to take 'em. But it's going to cost us plenty.... thousands and thousands of lives.... billions and billions of dollars.

"That's the price we must pay for a decent world—a world in which we and all children can live in peace. We G. I.'s will furnish the bodies. Will you furnish the dough?"

BATTLE CRY!

CHINESE SOLDIERS have a battle cry: "Gung-Ho!" Literally translated, means "Working together!"

In Americanese, it means *Teamwork*.

And Teamwork is a word every American understands—in peacetime as in war. In this war, it means perfect understanding among our Government, our service men, our home front.

It means our confidence in our fighters' ability. It means their faith

in us to provide the material to do the job.

It means buying War Bonds. And a very good buy they are, too.

For every three dollars we invest in War Bonds, Uncle Sam promises four back in ten years. There's no more honorable promise in the world!

Remember?

Remember how the Republican Party took care of the servicemen after World War 1? After the soldiers tired of selling apples on street corners and marched on Washington, they were driven out at the point of bayonets. It was Herbert Hoover, the same gentleman who is now silently directing the campaign of Gov. Thomas E. Dewey, who issued those orders for Republican relief to the servicemen.—The Hoosier Sentinel (Dem.)

FARM FIRES VERY Destructive

Farm fires in the United States claim approximately 3,500 lives and destroy an estimated \$100,000,000 worth of property annually.

According to the Gypsum Association, Chicago, a new consciousness of the extreme hazards of costly blazes is appearing because, right now, fires are constant threats to full production of food for war. They have become the concern of authorities alive to the problem of conserving the nation's agricultural wealth.

Currently, attention is being given to the greater use of fireproof building materials for repairs and allowable building on farms. The postwar construction period in rural areas is expected to reveal fire protection as one of the prime considerations for new farm homes and utility buildings.

The association disclosed that though farm fires have numerous origins, eight causes are responsible for 85 per cent of the total losses on farms. These include defective chimneys and flues; sparks on combustibe roofs; lightning; spontaneous combustion; careless use of matches; smoking; careless use of gasoline and kerosene; defective and improperly installed stoves and furnaces; faulty wiring and misuse of electrical appliances.

Care and correction, the association cites, can help cut down materially the number of destructive farm fires. More general use of fireproof building materials will offer added safeguards.

THE VICTORY...

VOLUNTEERS ARE ON THEIR WAY!

Open your door and your heart to them

WHO is the Victory Volunteer? He (or she) is someone in your locality who has volunteered to work for the 5th War Loan Drive.

One of these volunteers may call at your home or place of work soon—on the most important mission of the hour!

In this 5th War Loan Drive, you're asked to go all-out with every dollar you can scrape up—for war expenditures are greater now than any time since Pearl Harbor. Double your extra War Bond investments. Whatever you do, buy at least one extra Bond now. Invest \$100-\$200—\$300-\$400—more if you can.

Yes, it's that important. The men who fought and bled and died for you haven't hesitated. Only by answering "yes" to the Victory Volunteer—only by investing to the limit—can you come at all close to matching their spirit. For their sake—and for your own future—open your door and your heart!

THE OLD JUDGE SAYS...

"I can't think of anything else you'll need for your Victory garden, Judge... you've got pretty nearly everything."
 "I think so, too, John. Ever get your asparagus patch going?"
 "I gave that up last year, Judge. Tried it six years in a row with no luck. Just haven't got the right soil, I guess?"
 "Well, I think you're wise, John... no use keeping on trying things you know won't work. Just like prohibition. State-wide prohibition has been tried in this country

seventy-two times in the last ninety years. It has been adopted forty-seven times in the past thirty-three years and discarded everywhere except in three states. Same thing was tried in eight provinces in Canada and in Norway, Sweden, Finland and Russia but it was an admitted failure and universally abandoned.
 "The reason is prohibition does not prohibit. All you get is bootleg liquor instead of legal liquor, plus no end of crime and corruption."

BAPTIST CHURCH NEWS
The vacation Bible school will close on Friday of this week, the same day you receive this paper, and if you would know what a profitable session this has been, attend their exercises Friday evening at eight o'clock when they will review their work publicly demonstrating what can be learned in a two week session. The church and citizens congratulate the faculty of 35 people who have conducted this school and in this time of juvenile delinquency it is well to take every advantage of such opportunities for the young. The faculty will appreciate your attendance Friday evening.

New quarters for the Young Peoples' department of the Sunday school is being considered and will without doubt be constructed upstairs in our building there being room for a complete department thus relieving the present crowded condition in the basement. This improvement will consist of four classrooms and an assembly room to care for nearly a hundred young people. The construction is estimated to cost \$6,000 and the furnishing will cost an additional \$2,000, but it will not be too good for the young people of our congregation which we greatly appreciate.

Pastor Brian is a hard worker and the people appreciate his effort and are giving him fine cooperation.

Progressive Missionary Baptists coming our way are invited to come along with us for the advancement of the work of the church.

I GIVE YOU TEXAS
by **BOYCE HOUSE**

If the State of Texas going to keep faith with the instructors who entered the armed forces to fight for us that when the fighting was over, whoever had their job would give it up and these veterans would get their places back?

The board of regents of the Texas State Teachers colleges recently adopted a three-sectioned resolution.

One section provided that the instructors now wearing the uniform will be re-employed if their position in the college is still under legislative appropriation. (Of course, if the legislature has meanwhile abolished the place, it would be possible to give it back.)

Another section stipulates that the veteran will be taken back provided that nothing has occurred during his absence which would reduce his usefulness to the institution. Presumably, that means that the instructor shall not have sustained serious impairment. (If he is disabled, a grateful nation should and will make proper provision for him, insofar as lies within human power.)

But the other section of the resolution that the instructor who comes back from the battlefield shall get his old place back provided:

"The college has been able to preserve the position and"—note this last provision—"and is able to make it available without impairing the general usefulness of the institution."

What does this mean? Is it a loophole to enable someone in authority to deny a hero his rightful due and to keep in his place someone whose very life and liberty were preserved by the man who marched away?

State officials have made stirring speeches calling on private industry to give their employees their old places back, when they come home, after wearing the uniform—and private industry has gladly made this pledge as the very least we can do in appreciation of their service.

Shall the State of Texas urge for industry and business a higher standard of gratitude than it is willing to abide by itself?

The board of regents of the State Teachers colleges should amplify and clarify the resolution. The instructor who gives up his place to go to war and who comes back as well qualified as when he left is entitled to have his old place back—or a better one! The people of Texas are going to insist on that—and they want no loopholes, "buts," "ifs" and "maybes"—and they don't mean maybe!

Lillie E. Jeter has filed an application in the county court of Terry county on the 11th day of May, 1944, for the final partition of the funds of said estate, among the heirs at law of the said N. W. Jeter, deceased, and for final closing of said estate, which application will be heard by said court, on the third Monday in June, A.D., 1944, the same being the 19th day of June, A. D., 1944, at the court house thereof, in Brownfield, Texas, at which time all persons interested in said estate may appear and contest said application, should they desire to do so.

HEREIN FAIL NOT, but have you this writ before the court at the time aforesaid, with your return thereon, showing how you have executed the same.

H. M. PYEATT, clerk, County Court, Terry County, Texas.

County Poultrymen Praised As Larger Use Of Eggs Urged

Terry county poultrymen are asked by the government to produce approximately 1,289,187 dozen eggs this year as their part in the Food for Victory program, the National Poultry Defense committee announced today.

The county goal can best be reached if housewives take full advantage of the present egg surplus and plan more meals calling for greater use of eggs, thus encouraging farmers to maintain high production, declared Leon Todd, committee secretary.

In urging poultrymen to meet the 1944 quota, Todd pointed out the current abundance may be followed by a serious shortage as farmers liquidate some of their laying flocks because of inability to dispose of eggs at profitable prices now.

An aid to producers is the concerted effort of distributors to keep the supply of eggs flowing steadily into consumer channels as a nutrition wartime food, Todd said, adding that aggressive merchandising has thus proved an important factor in increasing egg consumption. "For instance," he asserted, "records of A & P Food stores, one of the larger purchasers of Texas eggs, show this company paid producers \$916,462 for eggs purchased in the state last year."

Even greater cooperation by distributors and consumers is needed now, the poultry official said, to assure farmers a profitable market for their surplus production during the next few weeks and thus insure that a feast will not be followed by a famine. "Each of us can help," he concluded, "by eating more eggs during this period. Remember they are a 'whole' food, complete with proteins, essential vitamins, fats and minerals."

Pineapple Moves Into State

Shipments of Mexico-grown pineapples, bought cooperatively by Texas home demonstration club women, are finding a welcome reception.

One of the early reports reaching the Texas A. and M. College venture made by the marketing committee of the Lipscomb County Home Demonstration Council. Within four days after preliminary arrangements had been made with the importer, the order for 400 dozen pineapples was complete. In all, 315 families places orders, Wanda Kimbrell, Lipscomb County home demonstration agent, has advised the Extension home industries specialist. Myrtle Murray.

The pineapple arrived three days later. To replace those which were smashed or spoiled, the importer shipped an additional eight dozen, but only 23 were damaged in transit. One member of the marketing committee utilized the bruised fruit that same day.

Many of the pineapple weighed five to six pounds, and none weighed under three. The purchasers also were well pleased with their pineapple, which were of the sugarload variety. So successful was the deal, that a later canvass indicated an additional 300 dozen might be ordered to meet the needs of families who did not order on the first shipment.

JOE'S PAY CHECK: Say, you're blushing. What happened?
SUE'S PAY CHECK: I just got a peek at Harry's pay check—it's smaller than I am! He's putting over 15% of his salary into War Bonds!
JOE'S PAY CHECK: Smart idea. But part of you goes into War Bonds, doesn't it?
SUE'S PAY CHECK: W-e-l-l... I hate to admit it, but I'm only a 7-percenter.
JOE'S PAY CHECK: That's terrible! Don't you know that you're missing the greatest chance in the world to make some money?
Think of 10 years from now!
SUE'S PAY CHECK: Don't rub it in. If I had more to say about it, I'd give myself a big Bond raise. Because how do I know I won't be just a blank piece of paper after the war—remembering the boom days of '44?
JOE'S PAY CHECK: You don't know—and neither do a lot of people who are getting pay checks like you. The wise ones are paring down their checks, getting ready for the future. And the next time I see you, I hope you're thinned down plenty—with all that extra weight on the War Bond side!

DRIVE IT HOME!

"That's the way I like to see them," said Gen. MacArthur when he saw the rows of dead Japs in the Admiralty Islands. In this war—the costliest, cruelest war of all time—our boys must fight with savage fury. Kill or be killed! And on how well each plays his part depends the lives of many of his buddies.
Here on the home front, too, just cheering the attack on isn't enough.
That's why there's a Fifth War Bond drive on now, a drive in which you're needed to support the men on the fighting fronts who are facing the most treacherous forces Americans have ever met in combat. We on the home front can't let them down—and we won't. So resolve now to at least double your bond buying in the 5th War Loan drive. This is the time to do better than your best.

Now that the chips are down . . . now that our men are writing decisive history with their blood . . .

There can be no halfway measures for us.

The greatest battle in the history of the world *must* be matched by the greatest war loan in the history of the world.

That's what Uncle Sam says . . . the same Uncle Sam for whom your brothers and sweethearts

They, in the front lines, are throwing in everything they have.

We, behind the lines, must do the same.

THOSE WAR BONDS you're buying today—what a beautiful nest egg they're making for your future!

In ten years, you'll get back four dollars for every three dollars you invest now.

That is—*unless you redeem them before they mature.*

You see, in one respect, War Bonds are like eggs—you've got to let 'em hatch to get the most profit from them.

So let 'em hatch, Brother, let 'em hatch!

Sure, there may be times when you need money. But before you cash in your War Bonds, take a minute to think of the future—and then stick those precious Bonds back in their hiding place!

Here's something else to remember. Whenever a War Bond is redeemed before maturity, it means not only less profit for the person who cashes it in—it also takes those dollars out of the fight.

So be smart. Buy all the War Bonds you can. Put them where they'll be safe—and let 'em hatch!

CARD OF THANKS

I wish to thank my friends and our fine fire department, for the service rendered me last Sunday while I was at church. I feel like had it been a real fire, instead of just a burned roast. The boys would have saved my home, as they were so prompt in answering the call.—Mrs. E. D. Yeatts.

Lloyd Sears, from Camp Roberts, California, is furloughing here this week with parents, the C. Sears'.

Mr. and Mrs. P. R. Cates and Don left this morning for College Station where Don will enroll at A. and M. college.

Scott Allen has been confined to his bed since Sunday, due to a serious throat infection.

Mr. and Mrs. Mon Telford, Mon, Jr., and Mrs. Annie Spivey left this morning to take Mrs. Spivey to visit her sister on the old ranch place near Llano, and to enroll Mon, Jr., in A. and M. college at Colege Station.

Cal Franks, Odell Quante, and Mon Telford, Jr., accompanied Rufus Franks and J. B. Clark to Amarillo Tuesday where the boys will leave from to go to Great Lakes navel training school.

Miss Mary Nell Adams, a teacher in the schools at Grants, N. Mexico, came in last week to spend the summer with her parents, Mr. and Mrs. W. M. Adams. Irene came in Sunday from Odessa, where she teaches to spend the summer too.
