ist. He is a propeller specialist and it is his duty to see that the propellers of the plane are operating correctly.

He was back in the states a few days ago on leave, but due to shortness of his leave and the long distance to travel back to his base, he did not get to come to Brownfield. His brother, J. O. Gillham, met him at Canyon for a short visit.

Sgt. Loyd L. Boulter Returns to Mainland

Miami Beach, Fla., July 28—Sgt. Loyd L. Boulter, age 26, of Denver City, Texas, returned from service outside the continental United States, now is being processed through the Army Air Forces Redistribution Station N, 2, in Miami Beach, where his next assignment will be determined.

This is one of the Redistribution Stations within the AAF Personnel Distribution Command. At an AAF Redistribution Station AAF returnees from theatres of operations are examined by specially selected medical classification officers whose joint findings are used in recommending new assignments. Theme of the AAF Redistribution program is designation of each man to duty for which he is best fitted. Returnees live at a Redistribution Station under conditions that encourage natural response to processing, the greater part of their two weeks stay being devoted to rest and recreation.

AAF personnel, enlisted men and officers alike, are assigned to a Redistribution Station upon their return to the United States but do not report to the station until completing a furlough or leave of three weeks.

Sgt. Boulter, son of C. J. Boulter of Denver City, won a Presidential Unit Citation. During nearly two years in the European theatre he served as a B-24 technical supply clerk.

Pfc. Billy Simms Heard From

Dear Sir: Will drop you a line just to tell you that I am now overseas. There is only one thing wrong, that is, I am a very long way from home. I would like very much to see my folks, Mr. and Mrs. J. L. Simms, also my frits that are still there in the states. I get lonesome for them, that is why I am writing you. You can print my letter and address and maybe so and so on and so on and so on two.

I wish you would change the address on my paper too. Send it to: Sig. Hq. Co. A. W. S. VIII F C., A. P. O. 958, cr Postmaster San Francisco, Calif. I can keep in touch with my home town that way. Tell everyone hello.

As ever
Billy J. Simms

Brooks Now in the Admiralty Islands

Among the boys from Terry county who have seen service in the Admiralty Islands, is Jesse J. Brooks, son of Mr. and Mrs. T. J. Brooks of Meadow. After making three ratings in

Dallas, he was sent to San Bruno, Calif., where he stayed a month before being shipped to one of the Admiralty Islands in the Pacific.

Young Brooks has two brothers and two sisters.

Old He Gets Word From Sailor Son

Monday, July 24, 1944. Dear Dad—Received your letter today and it really gave me a lift to hear from you again. Glad to hear you are again up and about and hope you will soon be your old self again.

Went in to Honolulu yesterday. It's an interesting place, but not very elaborate. I possibly missed the best part of the business section, but I don't think so, and what I saw would not compare favorably with towns around home a fifth of the size of this place. Mostly small shops and stores, and enough catch-penny devices to reach from here to the mainland if placed end to end. I hope to get to see more of the island before I leave.

The thing that surprises me most is the fact that more fruits and vegetables are not grown here, since most of the truck gardens I have seen are very pretty. Corn does not seem to do much good, but I have seen cotor (a decorative shrub here) with squares, blooms, green bolls and grown bolls on the same plant and the plant itself as large as your red bud bush in the back yard. My impression is that the farmers (or planters as they call themselves here) are wrapped up in the growing of pineapples and sugar cane over here, just as they are crazy over cotton in other sections of the mainland. I am fairly sure that almost anything will grow here that will grow in a temperate or tropical climate, but pineapple and sugar cane seem to be the main dish here.

The place I am now stationed at is not so bad. The food is average or better than most of the places I have been. Movies are good and fairly recent. Cigarettes are 50 cents per carton. Plenty of candy for those who like it.

Well, guess I'll close and get back to class. Today was my first day in school. My first impression is that it will be an interesting course and I hope I can do the work.

Your son,
Jack.

A. J. Stricklin, Jr., S/2C.

Pfc. J. P. Jones of San Antonio, Texas, is visiting his parents, Mr. and Mrs. Dick Jones, and his sister, Mrs. J. E. Mathews, while on a 15 day furlough.

The local post of the American Legion report they did quite well, financially, in sponsoring the carnival held last week on the football grounds. Though somewhat out-of-season for such entertainments, it was well patronized.

Lt. James T. Stricklin of Liberal, Kansas, spent the weekend here with his sister, Mrs. N. T. House and family.

Capt. (Dub) Walker Receive War Dept Award

In impressive ceremonies Saturday afternoon at the Abilene (Texas) Army Air Base, Capt. Willie G. Walker, of Brownfield,

CAPT. WALKER

Texas, now on duty at this Second Air Force installation, received War Department awards for his outstanding achievements in overseas aerial combat. Colonel Harry Weddington, of San Antonio, Tex., Base Commander, decorated the flyer with the Air Medal and three Oak Leaf Clusters.

Capt. Walker, son of Mrs. Lee Walker of the Gomez community, is an instructor in bombing operations at the Abilene Army Air Field, received a number of citations while overseas. Among them being, Air Medal and three Oak Leaf Clusters. He served in North Africa and the Near Eastern and European theatres.

Hill Receives Infantry Combat Decoration

Lt. Kenneth T. Hill, son of Mrs. Ben J. Hill, of this city was among those from Texas who received the infantry combat badge for operations in Normandy. Lt. Hill's 9th Infantry division was among the first to hit the beaches of Normandy.

The awards were made by Major General Manton T. Eddy, division commander. As all know, this division displays proudly the famous red, white and blue rosette, and was originally organized in 1918. This shoulder flash was just as proudly worn by the 90th division in World War I. The 90th also fought through the Sicilian campaign.

Kenneth is a brother of Lt. Wade K. Hill, reported killed in a plane crash in Italy, recently.

Wellman Church of Christ Start Meeting

Messrs J. B. Dean son, Sewell, and J. J. Woodard, Elders of the Church of Christ at Wellman, were up recently to arrange a series of advertisements for their Gospel meeting to start this coming Sunday, Aug. 6th. This week, they stated that they had secured

servants of an excellent singer, John I. Parkman of Wilson.

Mr. Parkman, now in the insurance business at Lubbock, was well recommended as both a singer and a bible instructor by the Elders of the church at New Home, who also stated that he was a christian gentleman, as well.

As stated in these columns last week, Evangelist A. A. Bryn, minister of the church at eagaves, will do the preaching. He comes very highly recommended by his home congregation, as well as other. All who can are cordially invited to attend this meeting.

Two bucks was received in the mail recently from W. H. Hare Jr., of Bisbee, Ariz., to keep 'er comin'.

Army Trucks Pick Up Waste Paper

Five Army trucks from the Air Base at Lubbock, came down Wednesday and picked up two tons of paper that Geo. W. Neill had assembled through the kindness of the people here at his home, and about two tons gathered over town by the liberal response of housewives. This added to the five tons heretofore shipped out ecettotoeaa...ey - ohn ped out by Mr. Neill, makes about a half car load, turned in since January.

One truck went on to Plains for a heavy load. It is requested of those, whom the trucks may have missed, or did not have it ready, if possible bring it to the Neill residence, where the Judge will continue to receive and care for it, and those who have no way of delivery, inform him, and efforts will be made to come and get it. Those who have cars, are urged to bring paper and magazines to his home, at their convenience.

It was not learned when another such drive may be made, but keep saving your papers and take them to the same place until the trucks call again.

LUCKY PACE ATTENDING ARMORED COMMUNICATION SCHOOL

Ft. Knox, Ky., July 31.—Intent upon mastering the mysteries of operating a radio set from rumbolling, rolling tanks and half tracks, a new class of enlisted men had reported today to the Armored School Communication Department.

Among the soldier students were Pvt. Luck M. Pace, husband of Mrs. Helen Pace, 310 West Buckley, Brownfield, Texas.

The school trains annually thousands of officers and enlisted technicians for the nations mobile powerful armored divisions and separate tank battalions. Commandant of the school is Brig. Gen. P. M. Robinett. The Communication Department is one of eight in the school.

Terry County Is Proud of Its Waves

On the second anniversary of the inauguration of WAVES, women's auxiliary corp of the navy, we find that Terry county has six young ladies in the service—five from Brownfield and one of Meadow. To say Terry is proud to claim these girls, is putting it mildly.

Those already in the service are the Misses Shirley Ellen Bond, Inez Chandler, Ona Murine Malcolm, Patricia Mae Steen and Lavon Maugret Travis of Brownfield, and Miss Fern Toombs of Meadow.

HEALTH CLINICS CHANGED TO ONCE A MONTH

Well baby and Pre-school clinic are still being held twice a month at the Court house clinic.

Those dates are 2nd Wednesday's, 3 to 5 o'clock for whites, 1st and 3rd Wednesday's 3 to 5 o'clock p. m. for the mexicans, beginning Aug., 9th for whites and Aug. 16th for Mexicans.

We will take in all babies, pre-school children and expectant mothers who come in. We stress the importance of regular attendance to derive most benefit. The smaller babies may be brought in and weighed between dates of regular.

Mrs. Jack Stricklin Jr. and son Jack Taylor, and Miss Pat Crowe, of Seagraves, have returned to their homes after a week spent in Denison, where they visited Mr. and Mrs. S. R. Taylor, parents of Mrs. Stricklin and other relatives. Mrs. Ruth Brown of Sherman, their cousin, accompanied them home and will be here some time.

Pfc. John H. (Buster) Jenkins, son of Mr. and Mrs. J. H. Jenkins, is home on a 15-day leave, due to the illness of his sister, Mrs. C. T. Griggs. He has been stationed in Yuma, Ariz., for about a week.

Herald \$1 yr, In Terry County

School to Open Monday, Sept. 4th

The Brownfield Consolidated Independent schools will open the 1944-45 term on Monday, September 4. In case the school officials and board think it wise to change this date, notices will be put in the local papers. Information as to enrolling students will be in the papers at a later date.

We are glad to announce that we have secured teachers for most of the vacancies in the schools, but there are still some five or six places we have not been able to fill. Most of these are in the West Ward building.

We have received several applications, but because of our salary schedule, most of the applicants were not interested. Many of our teachers would not be teaching here were it not for the fact that they are staying at home or have property here. Due to this condition, it was absolutely necessary to pay a little more than was paid last year. Even with the \$10 a month increase in salary, our teachers will be receiving several hundred dollars less than many teachers in schools near us, although living conditions here are as high as in any of these towns. We have lost many teachers to such towns as Sundown, Seagraves, and Monohans. These towns start teachers out at all the way from \$1750 to \$2160.

After the small raise we have promised our teachers for another year has been added to their salaries, our high paid classroom teachers will lack a little of receiving \$1200.

In order to be able to give this raise, it will be necessary to increase the valuation the following amounts: All land outside the city limits will be raised \$2 per acre and within the Brownfield Consolidated School district. In addition to this a 25 per cent raise in valuation on all city property and all land outside the city limits, and all personal property that is within the Brownfield Consolidated Independent School district.

Air Transportation Subject of Discussion

A. B. Davis, manager of the Lubbock Chamber of Commerce, and BCD, is sending out invitations to the air-minded people to be at a banquet and program at the Hilton hotel, courtesy of the Lubbock chamber of commerce next Monday. Things to be discussed are: "What chance has your town for air transportation after the war is won?" and "What kind of an airport must you have, to secure air transportation?"

Starting at 10 a.m., and ending at 3:30 p.m., the program is to be spiced with talks from many nationally known airways officials from Dallas, Fort Worth, and Wichita, Kansas. It is announced that the meeting will start promptly on time.

One Distrit, 1 County Runoff in Terry

Only two offices to be filled in the second primary election to be held on Aug., 26. Only one county office, that of sheriff, with Sam Gossett, the runner-up, to contest Joe Price, the leading contestant in July primary.

Another is the race for state representative. There is two or three eligibles runoff for state offices, but not learned yet whether they will enter.

MEADOW CHURCH OF CHRIST MEETING STARTS

We are requested to announce that the summer meeting of the Church of Christ at Meadow will start tonight, Friday Aug. 4th, with Evangelist Elton Sanders of Quanah doing the preaching.

Elton is the son of Elder and Mrs. Liff Sanders of Lubbock, pioneer preacher of this faith in this section. Meadow singers will lead the song services. You are invited to attend.

Mr. and Mrs. Hugh Holmes have moved to Brownfield from Compton, Calif.

To the Citizens of Terry County—Your Honor Roll

All of the names of the service men and women turned in by you, as well as the names furnished by the County Selective Service Board have been placed on the Roll of Honor. It is complete with the exception of some minor decorations to be made. This is your Roll of Honor, and in order that you may know its content and how the money was received to build it, the following is submitted:

RECEIPTS	
City of Brownfield	\$350.00
Terry County	\$349.49
Individual Donations	\$383.76
Total	\$1083.25
Deficit	\$1.43
Total	\$1086.68
Disbursements	
Material	\$349.49
Carpenter Labor	\$115.00
Painting	\$85.00
Sign on Board	\$35.00
Flags, U. S. and Texas	\$10.29
Lettering and Painting Names on Slats	491.90
Total	\$1086.68

This Roll of Honor is yours, and if you want to make any changes in the name of your service man or woman, as it now appears on the board, you are at liberty to do so at your expense. But please keep in mind that this Roll of Honor belongs to about ten thousand other citizens of this county, as well as yourself, so in making the change please keep to the present style and size of lettering that is now on the board. By doing this, the board will look neat and uniform and will continue to be a Roll of Honor that you and your neighbor and your service man will be proud of.

Thorneberry Wanted For Many Crimes

The Federal Bureau of Investigation has notified the Herald that they, as well as other law enforcement officers, are wanting Randal Odell Thorneberry for various crimes including robbery with firearms and murder.

MEADOW BAPTIST REVIVAL BEGINS SUNDAY

The revival meeting at the Meadow Baptist church begins next Sunday Aug., 6.

Rev. A. C. Hardin, former pastor of the First Baptist Church of Tahoka, Texas, will do the preaching. He is now one of the approved State Evangelists of the Baptist Convention of Texas, and is considered one of our leading evangelists in West Texas. His home is in Colorado City, Tex.

The meeting will continue one week, August 6 to 13.

The public is invited to attend these services at 10:30 a. m. and 9:15 p. m. each day.

Mr. Whatley Henson will lead the song services.

TO THE CITIZENS OF TERRY COUNTY

I wish to take this opportunity to express my thanks and sincere appreciation for your support in the past primary. I am grateful that you selected me to serve you again as County Attorney.

I look forward to returning home and assuming duties of such office as soon as my services are no longer needed by the U. S. Navy, and I pledge you my best in service and law enforcement.

COUNTY COURT CONVENES MONDAY

A regular term of the county court will convene Monday with Judge C. L. Lincoln presiding. Quite a few cases will be set for trial later on in the term.

Democrats Send Five Delegates

Because of its harmony, many doubted it was a Democratic Convention held last Saturday evening at the court house. Chairman Homer R. Winston presided, with E. G. Akers secretary. A resolution passed endorsing the State administration of Gov. Coke Stevenson, and endorsed the action and policies announced at the State Convention held in Austin, last May. Delegates were instructed to vote as a unit. There were no Pro and Anti discussions.

The following were unanimously elected delegates to the State Convention, to be held in Dallas, on Sept., 12th, mainly to declare results of the primary on State candidates.

Delegates: O. L. Peterman, R. M. Kendrick, J. O. Gillham, H. R. Winston, Lee O. Allen. Alternates: Mon Telford, John Cadenhead, Glenn Akers, W. B. Tudor and Tom May. J. O. Gillham was declared elected by the voters, County Chairman for the ensuing two years.

District Court In Session Lat Week

District Court with Judge J. E. Garland presiding, held a session here Thursday of last week. Wade Coleman colored under a 99 years sentence for slaying another colored man here last winter, was granted a new trial, and released on his own bond.

Frank Cox, charged with assault with intent to murder Ed Winkle, alleged to have occurred at Winkles home in Brownfield a few weeks ago, went on trial before a jury Thursday afternoon. W. W. Price, local attorney was appointed by the Court to defend Cox. Jury returned verdict not guilty, because of insanity.

While most sections of West, Central and South Texas are dry and burning, there is plenty of moisture in this section for the being and farmers are getting the weeds, while crops are growing nicely. We had 3.88 inches of rain here Thursday night and Friday, July 20-21.

While the Herald is 40 years of age this week, the editor, who has more or less guided its destinies for 35 of those 40 years, don't believe the Herald has reached the "dangerous age." In fact, for the most part, the old girl is rather calm and collected unless disturbed by some wild-eyed radical and his notions. Indeed we have been working together so long that we thoroughly understand each other's weaknesses, failures or ever strong points, if any.

The Democratic platform, like that of the Republican party, seeks the coercion of the South to accept racial equality, and repeal or segregation laws. But even with the pretty strong language used by the framers, the negro leaders (ABCR) are not satisfied. They say they got a splinter instead of a plank. All the platform makers expected to do was to quiet their ranting until this election is over and the votes in the bag in pivotal states. In the South, the true old Southern negro is asking for nothing except status quo, and his white neighbor agrees. We'll see what we see.

Many of us thought American railroads had about reached their capacities last year, when with aging rolling stock and locomotives, not to mention shortage and aging men (the young ones were called to the colors) we just knew they had passed their peak of moving freight. Well sir, then; the Santa Fe was moving around the low thirty thousand carloadings per week, but this year they are moving carloadings in the low forty thousands per week. Seaking of breakdowns in railroads under private ownership, a bunch of us old gray heads remember that the government "took over" during the other war, charged the highest freight rate we ever experienced before or since, and so shot the rolling stock to pieces that the congress had to appropriate two billion dollars to put the roads back in the same shape they were before the government took them over. This nation was built on the efficiency of private enterprise. Let's let it so remain.

Editor Watson of the Denver City Press was a visitor here last Thursday, and we wondered what a country editor was doing away from the plant on press day. But he had worked real hard that week, and already had his paper out.

Mrs. C. O. V. Wood was in from Lakeside this week, and informed us that her husband was still in cast. A cow ran over him several weeks ago, and he has been laid up since, with a broken thigh and a knocked out knee.

WELLMAN CHURCH OF CHRIST

We, of the Church of Christ at Wellman, Texas, are interested in the salvation of the soul of every person in our community, and in the whole world. In keeping with the commands of our Savior, we are preaching the gospel, realizing that it is the power of God unto salvation. Will you read and study the Scriptures that we offer below? In these we read of the Lord's way of dealing with sinners while he was on earth, and of his way of dealing with sinners since his death and resurrection. Let us study and rightly divide the truth.

The following Scriptures show Jesus' way while he was with men:

Matt. 9:2—Jesus said unto the sick man: Son, be of good cheer: thy sins be forgiven thee.

Luke 5:20—And when he saw their faith, he said unto him: man thy sins are forgiven thee.

Luke 7:47—To the sinful woman, Jesus said: "Thy sins are forgiven."

Luke 23:43—To the thief, Jesus said: "Today shalt thou be with me in Paradise."

We ask that you notice that Jesus did not ask for faith in every case on the part of the person forgiven, but he forgave because of the faith of others. Neither did he ask for repentance or baptism. These are individual cases brought to the attention of our Lord.

Mark 1:4; Luke 3:3—John the Baptist preached the baptism of repentance for the remission of sins.

Jesus Also Taught and Baptized
We see from this that the Lord did not deal with all cases in the same manner while he was on the earth.

John 3:5—Jesus said unto Nicodemus: "Except a man be born of water and the Spirit, he cannot enter into the kingdom of God."

After his resurrection, Jesus

said to his apostles: "All power is given unto me in heaven and in earth.

Matt. 28:18-19—Go ye therefore, and teach all nations, baptizing them in the name of the Father, and the Son, and of the Holy Ghost."

Mark 16:15, 16—"And he said unto them, Go ye into all the world, and preach the gospel to every creature. He that believeth and is baptized shall be saved; but he that believeth not shall be damned."

We will notice the difference in the remission that Jesus gives his apostles, and in his manner of dealing with sinners before his death. In his commission he tells his apostles what they shall teach, and the things necessary for salvation. Did the apostles obey the commands of the Lord?

Acts 2:14—The apostles began to preach, and at verse 7 the sinners "said unto Peter and the rest of the apostles, men and brethren, what shall we do? Then Peter said unto them, Repent, and be baptized every one of you in the name of Jesus Christ for the remission of sins and ye shall receive the gift of the Holy Ghost."

Verse 41—"Then they that gladly received his word were baptized."

Verse 47—"And the Lord added to the church daily such as should be saved."

Without a doubt the apostles did carry out the will of the Lord. They taught as the Lord commanded them. Sinners that heard and obeyed were saved. Verse 47.

Can you see the difference? When the Lord was here he saved in some cases, those that had no faith. Nothing was required of the sinner; but now, he tells the apostles to preach faith, repentance and baptism, for the remission of sins. This baptism was to be in water. John 3:5; Acts 10:47; Acts 8:36-38.

Acts 22:16—"And now why tarriest thou? arise and be baptized, and wash away thy sins, calling on the name of the Lord." These are the words of Annanias to Paul. Paul refers to himself as the chief of sinners. Paul was baptized (in water) in order to have his sins washed away. In the sight of God, Paul was a murderer, and a persecutor of the church.

1 Peter 3:21—"The like figure whereunto even baptism doth also now save us (not the putting away of the filth of the flesh, but the answer of a good conscience toward God), by the resurrection of Jesus Christ." Sinners become children of God after baptism.

Gal. 3:26, 27—"For ye are all children of God by faith in Christ Jesus. For as many of you as have been baptized into Christ have put on Christ."

Hebrews 5:9—"And being made perfect, he (Christ) became the author of eternal salvation unto all them that obey him." Jesus tells us that "He that believeth and is baptized shall be saved." "Except a man be born of water and of the spirit, he cannot enter into the kingdom of God." This, then, is the gospel, that Jesus had his apostles preach unto sinners. To those that obeyed this gospel, the kingdom is promised.

Hebrews 9:16, 17—"The apostles tells the Hebrews that this will, this testament, is of force after the death of Christ. While the Christ was living in this world, he pardoned men of their sins, on these special occasions, as he saw fit. But after his death, his testament is in force, and is to be enforced. If we are to be saved it will be because of our obedience to his gospel.

You are commanded to appear and answer the plaintiff's Petition at or before 10 o'clock a. m. on the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 18th day of September, 1944, at or before 10 o'clock a. m., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Plaintiff's Petition was filed on the 2nd day of August, 1944. The File Number of which said suit is No. 2951.

The names of the parties in said suit are: C. E. Bartley is Plaintiff and the above named parties whom you are required to serve this Citation on, are the Defendants.

The nature of said suit being substantially as follows, to-wit:

To reform mineral reservations contained in two deeds of conveyance, one from Edward J. Daehler and David Riesman, Jr., Executors of the Estate of Leona Labold, deceased, conveying to Plaintiff an undivided one-half interest in all of the south half of survey No. 73, in Block 4-x, Cert., No. 571 E. L. & R. R. Co. Original Grantee that lies west of the State Highway right-of-way, Terry county, Texas, and one from the other defendants conveying to the plaintiff the other one-half interest in said land; said mineral reservations in each of said deeds being ambiguous, uncertain, indefinite and not in the language necessary to carry out the contract of sale between plaintiff and defendants; that said mineral reservations in each of said deeds was an error in the party drawing said deeds; plaintiff sues to reform said deeds so that the mineral reservation in each of said deeds shall be 1/8 of the usual and customary 1/8 royalty in the whole tract, giving the plaintiff 3/4 of the usual customary 1/8 royalty and the right to lease said land for oil, gas and minerals and to receive and retain the bonus consideration and delayed rentals. Issued this the 2nd day of August, 1944.

Given under my hand and seal of said Court, at Brownfield, Texas, this the 2nd day of August, 1944.

Eldora A. White
Clerk of the District Court of Terry County Texas.

BABY ROWLAND BURIED HERE

Charles R. Rowland, jr., aged 4, who died July 20th at Richmond, California, was buried here Tuesday afternoon in the Brownfield Memorial cemetery, after services were conducted by Rev. A. A. Brian at the First Baptist church. The child was the son of Mr. and Mrs. Chas. Rowland, former residents here, the mother being the former Ozella Vest, daughter of Mr. and Mrs. Chas. Vest of this city. The body was brought from train at Lubbock Monday by the Brownfield Funeral Home.

Had a letter and remittance recently from L. C. Green, jr., enclosing the "dough" for another year of the Herald. He is located at Waxahachie, and works for Dunn & Bradstreet. Likes his work fine.

THE OLD JUDGE SAYS...

"I can't think of anything else you'll need for your Victory garden, Judge... you've got pretty nearly everything."
 "I think so, too, John. Ever get your asparagus patch going?"
 "I gave that up last year, Judge. Tried it six years in a row with no luck. Just haven't got the right soil, I guess?"
 "Well, I think you're wise, John... no use keeping on trying things you know won't work. Just like prohibition. State-wide prohibition has been tried in this country

seventy-two times in the last ninety years. It has been adopted forty-seven times in the past thirty-three years and discarded everywhere except in three states. Same thing was tried in eight provinces in Canada and in Norway, Sweden, Finland and Russia but it was an admitted failure and universally abandoned.
 "The reason is prohibition does not prohibit. All you get is bootleg liquor instead of legal liquor, plus no end of crime and corruption."

BUTTER CAN BE CANNED

College Station, Aug., 3r.—Canning of butter is possible, but it is practical under certain conditions.

This opinion comes from Mrs. Winifred J. Leverenz, specialist in food preservation for the A. and M. College Extension Service, who says she has received numerous inquiries on the subject from homemakers throughout the state.

Unlike "Army Spread" which is said to withstand melting at high temperatures, canned butter is not mixed with defatted vegetable oils. On the contrary, Mrs. Leverenz says the most important step is to begin with a pure, good quality butter made from sweet or slightly sour cream. Pasteurized sweet cream can be made into a butter which will keep longer.

The specialist says it is important to wash the milk out of the butter, but it should not be "worked" too much. Addition of three-fourths tablespoon of salt to each pound helps both the flavor and keeping quality. Enameled-lined tin cans are best, but jars can be used if they can be stored in a dark place, or wrapped in paper to keep out the light.

Canned butter is not heated. Mrs. Leverenz says the cans should be filled with butter, and only a small amount should be placed in the cans at one time. Tight packing is one of the secrets of successful preservation. There should be no space between the lid and the butter. After the can is sealed it is not processed but stored in as cool a place as possible, preferably in a freezer locker or in a place where the temperature remains below 70 degrees F., such as a cellar. The lower the temperature, the longer canned butter will keep.

Families who have difficulty in keeping a year 'round supply of butter may find it practical to can some while milk production is seasonably high, the specialist says. She adds that it is also possible to preserve butter in brine.

Sears Still Proud of His Farm Record

Our tried and true friend, C. Sears, erstwhile farmer, but now a city dweller, along with his wife, was in to see us this week and show us a lot of fine pictures taken about his farm two miles northwest of the city, up to this year. Yes, sir, for 49 years he was proud to be called a farmer, and he was a good one.

But his health broke, and with his boys in the service, he and Mrs. Sears just moved their house to town, bought lots and are making it home.

Among the pictures were scenes on the farm; cotton pickers going after the fleecy staple, as white as a snowbank. Those fine horses hitched to a binder or tractor, and the herd of fine pure bred cattle drinking at the fine concrete tank.

But in conversation with him you can always detect a trace of regret that ill health and advancing age has deprived him the pleasures of the farm home.

He also showed us some newspapers from Calif., that his son sent him of the great Port Chicago explosion disaster. They were the Richmond Independent of the 18th, and the San Francisco Examiner of the 19th of July.

Evelynn White is visiting her sister, Mrs. Harold Watson and family, in Colorado City, Texas.

LOW DOWN FROM HICKORY GROVE

I was glimpsing through a book by a gent from up in Saint Louis, and you know, that old "Show me" boy was brought up where the air was clear and clean. His thinkin' is keen. Says the 4 freedoms is okay far as it goes but its limits freedom versus what we been told. Like telling your off-shoot, he says, that he can play with his skooter and football and skates and horse-shoes--you are slapping a 4 point limit on his play. That means that his bicycle and baseball are taboo.

We didn't grow up and build the U. S. A. nation on a 4 point foundation. Anybody is free from want, and fear, and can talk to his hearts content, and worship as he chooses, even if locked in a jailhouse--they don't starve you there, or scare you, or keep you quiet.

We would be a hot outfit if we ever got the idea that limited freedom was good enough.

How about what we do on Saturday night, or freedom to fish when we want to fish or 1000 other freedoms we now have, including wearing a nightshirt versus pajamas or what?

Four freedoms is a skimpy kind of dish.

Yours with the low down
Jo Serra

PLEASANT VALLEY HD CLUB MET WITH MRS. MORRISON

The Pleasant Valley Home Demonstration club met in the home of Mrs. D. L. Morrison. Due to the rain, Mrs. Watson, who lives nearby, was the only member who had the privilege of coming before noon.

Miss Reast, with the help of the club, tied the springs and put the upholstery back on an over-stuffed chair, but for the lack of time, just got the slip cover partly pinned and fitted. The cover was made of blue denim with white duck cording for trimming. This makes a very attractive and serviceable slip cover.

As we had 12 members absent there was no business except roll call and the usual gossip about the members who are absent. Those whose ears burned should have been present.

The next meeting will be with Mrs. Cornet, August 4. The club will tie the springs and upholster a divan for the hostess.

Refreshments were served to seven members.

Frances Weir and Mr. and Mrs. Henry Bates left last Thursday for Fort Worth. The Bates' attended to business and Francis visited Dr. and Mrs. E. M. Weir and family. From Fort Worth she will go to Itasca to visit her grandmother, Mrs. R. R. Weir, and to Waxahachie to visit her grandmother, Mrs. J. M. Jordan.

Mrs. Repps Marable and daughter, Betty Lou, of Palmyra, Tenn., left last Saturday to visit in Amarillo and Pampa after visiting a week in the home of her brother, Gene Gunn and family.

Mrs. Flem McSpadden and Cheezy, Mrs. J. O. Gillham, Delores and Eleanor were Lubbock business visitors, Tuesday.

Mayor Hall of Littlefield died Tuesday, July 18. The Halls were well and favorably known in our city, as the family resided here several years ago.

START CHILD TO SCHOOL WELL IMMUNIZED

Austin, Tex.—Dr. Geo. W. Cox, State Health Officer, urges the parents of all children who will respond to the school bell for the first time in September to be sure the child is physically ready for school duties.

"First and foremost is the need for vaccination against smallpox. Parents and physicians should see that children are vaccinated before they are one year of age; however if not done previously, at school age vaccination becomes absolutely necessary," Dr. Cox said. "If your child has not been vaccinated, have it done immediately so that the scar will be completely healed before school opens."

Immunization against diphtheria is also highly desirable, Dr. Cox believes. This disease, which causes serious illness and death among young children can be prevented with toxoid. The child who has never been protected should be given this safeguard against a dreaded disease. Even though he may have been immunized as a baby, doctors and health officers usually recommend an additional dose of toxoid to strengthen immunity before entrance into school.

"In addition, before you send your child to school you are urged to take him to your family physician and dentist for a thorough examination. You will want to know that he is in good physical condition and can compete with the other children on equal terms", Dr. Cox adds. If the check up reveals any weakness or defect there will be time to build up his general health and correct dental defects before school opens.

Don't let your child start his school life with any avoidable handicap.

That the baby zebra, a few hours after birth, can run as fast as its moter or dad—and that's fast traveling?

That the owl isn't as wise as some folks think? It's so dumb that when attacking its prey, it always lets out a cry of joy too soon, warning the prey and often allowing it to escape.

WHAT FREE ENTERPRISE REALLY IS

It's a lot of little things—and some mighty big things, too.

But in a nutshell, it's our right to live our own lives, run our farms and businesses in our own way—without needless interference.

It's our right to criticize the government, bawl out the umpire, belong to the Gange, or make a speech on the public square. It's our right to travel when and where we choose—to work or not, as we please.

It offers opportunity to anyone who really wants it. It rewards thrift, hard work and ingenuity. It thrives on competition and raises our standard of living. It encourages invention, stimulates research and promotes progress.

It offers us a chance to save and invest and build and grow.

Sure, we're willing to put up with a lot of irritating things right now—in order to win the war—but I don't believe we'll stand for being pushed around much after it's over.

It propels itself backward at a bewildering speed.

County Still Short On Series "E" Bonds

J. V. Burnett, county chairman of the recent war bond drive, is in receipt of a telegram from Nathan Adams, state chairman, announcing that over all bond sales in Terry county, which had cleared through the federal reserve bank, was \$829,334, but \$70,732 under our quota for Series "E". Those who contemplate buying more bonds are urged to do so this week, so the issuing agents can remit them in by the first of the month.

LUMBER NEEDED

More than 15,000,000,000 board feet, nearly half of the country's estimated lumber production in 1944, will be needed for boxes and crating, for military and civilian needs.

Frankly, I don't like the name Free Enterprise for the system under which this country has grown great. I'd rather call it American Enterprise, because it's the most American thing we have. It really is America. Let's keep it. —Gilcaster.

Panhandle-Plains Wheat Farmers "In the Swim"

Austin, Texas, July 28—Wheat farmers of Texas can expect more than twice as high returns from their crop this year as last, a University of Texas agricultural statisticians predicts.

"The latest government estimate is more than 60 million bushels, almost twice that of a year ago," Dr. F. A. Buech, statistical analyst for the university's bureau of business research, points out, and current farm prices are approximately \$1.40 per bushel, or well above the price at this time last year.

The North Panhandle—which the bureau lists as district 1-N, centering around Amarillo—can expect receipts of approximately \$60,000,000, or an average of nearly \$5,500 per farm from wheat alone, he said. Three-fourths of the state's wheat production comes from that district.

The state as a whole has al-

TWISTERS:

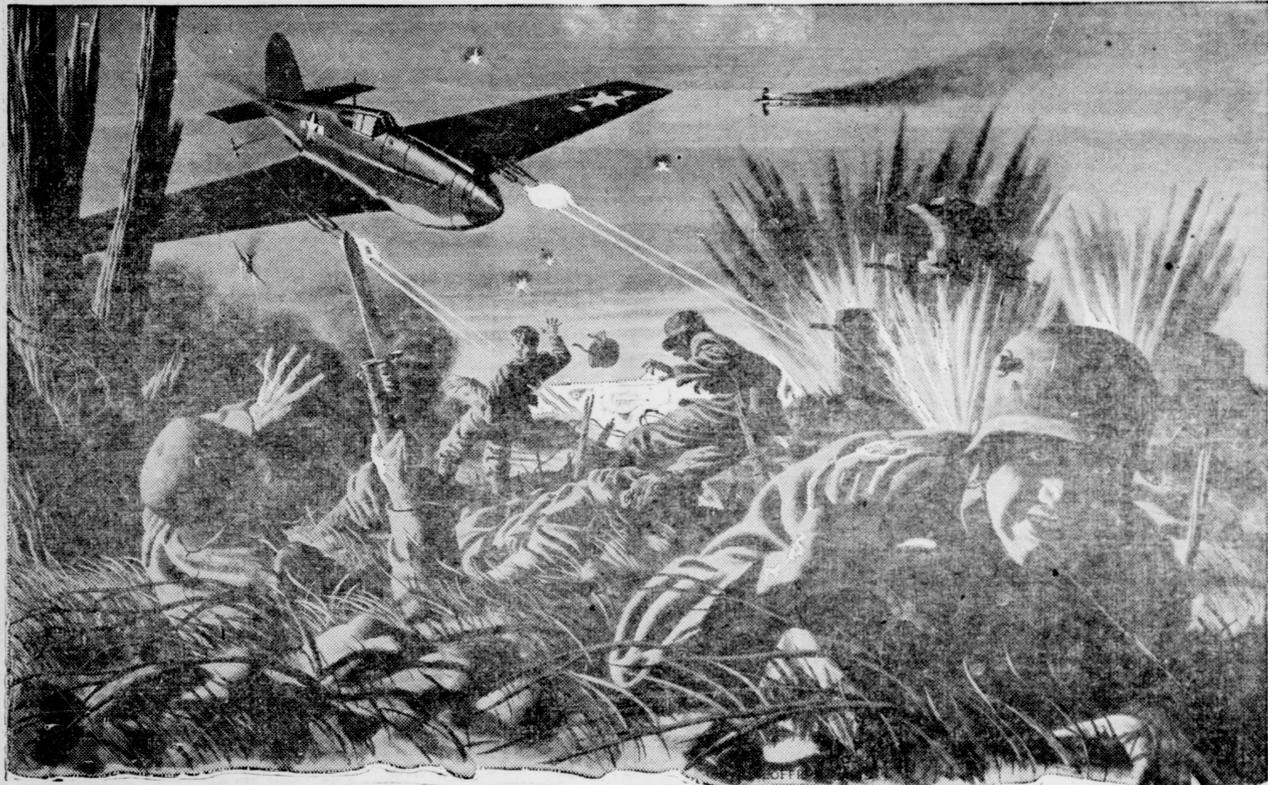

New telephone operators, of whom there are many thousands working to carry present traffic loads in war areas, sometimes have difficulty with names of unfamiliar places. Pensacola becomes Pepsi-Cola, Cedar Rapids turns into Peter Rabbit, Tucson easily changes to Too Soon. And what Easterner would be expected to know that San Jose is pronounced Sanazay, or that La Jolla is Lehoya. They provide fun—and some difficulties—for the accounting girls who make out the bills.

ready earned \$328,000,000 in farm cash income this year, during the first five months of 1944, compared to \$319,000,000 during the like period for 1943.

During May, cash receipts for farm products totaled \$83,000,000 an increase of 14 per cent over May 1943, Dr. Bueche said. The University bureau showed a statistical index during May that 175. per cent higher than the May average for the five year period 128-32, Dr. Buech, said.

**HELL DIVING'S HIS JOB
..LENDING IS YOURS!**

WITH guns blazing and a prayer in his stout heart, this American fighter is hell-bent on destruction of our enemies. HE is not thinking of how little or how much he's doing to help win the war. For him, the chips are down; but his fighting spirit is as high as the heavens from which his plane is diving.

In cramped foxholes and disease-infested jungles, on sun-scorched beachheads—under and over the seven seas—other Americans are matching his courage. And their name is legion. They KNOW that

war is a bloody business; that their lives, as well as yours, are at stake.

Is it asking too much of you to back these men up by buying more, and still more, War Bonds? There can be but one answer. You'll find it in your own heart.

And remember, too, as you dig deeper than ever before into your pocketbook or cash surplus, that the Fifth War Loan MUST raise 16 billion dollars. It is the greatest financing drive the world has ever known... to back up the greatest invasion drive the world has ever known.

And Here Are 5 MORE Reasons for Buying EXTRA Bonds in the 5th!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the war.
5. War Bonds mean education for your children, security for you, funds for retirement.

CITATION BY PUBLICATION

THE STATE OF TEXAS; TO AGNES PICKETT, GREETING

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a.m., of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday the 4th day of September, A. D., 1944, at or before 10 o'clock a.m., before the honorable district court of Terry county, at the courthouse in Brownfield, Texas.

Said plaintiff's petition was filed on the 21st day of July, 1944. The file number of said suit being No. 2947.

The names of the parties in said suit are: Lloyd Pickett as plaintiff, and Agnes Pickett as defendant.

The nature of said suit being substantially as follows, to-wit: That plaintiff has been a bona fide inhabitant of the State of Texas for more than a year and resided in Terry county for more than six months preceeding the filing of the suit. That plaintiff and defendant married July 1942, and separated about a month before filing suit. That the defendant is guilty of adultery and is now living in adultery with a man in the State of California, and their further living together as man and wife is insupportable. Prayer for divorce and general and special relief.

Issued this 24th day of July, 1944. Given under my hand and seal of said court, at office in Brownfield, Texas, the 24th day of July, A. D., 1944.

Eldora A. White, Clerk, District Court, Terry County, Texas.

Flies Among Worst Disease Spreaders

Dr. George W. Cox, state health officer, is our authority for the statement that the common house fly is the most promiscuous spreader of disease. He even rates the mosquito for the reason that there are so many more flies than there are mosquitoes in most sections.

Typhoid, summer complaint and other intestinal diseases are the most frequently spread by the fly. He advises all to rid their premises of breeding places of this filthy disease carrier.

While Terry county had a disappointingly low vote in the primary, less than 2600 out of approximately 3200 qualified, our vote was the highest in the 106th judicial district. Dawson and Lynn both are supposed to have more voters than Terry.

UP TO ALL OF US

(Swiped)

A truly remarkable letter, under the heading: "Yanks Want Assurance This Will Be Last War," leads the Readers' Forum, elsewhere on this page.

Take a look at this letter. It was written by an officer in the U. S. army air forces and reveals intimate knowledge of the views of a highly trained, intelligent group of fighting men on the big post-war issue—winning the peace.

These young men, who are risking their lives in the nation's cause, are "absolutely confident" we shall win the war.

Yet they wholly lack confidence in the promises of politicians—statesmen, if you prefer—that victory for the United States will bring enduring peace. They fear, as this writer says, that "it won't settle a thing so far as the future is concerned."

They know the League of Nations Covenant, sponsored by President Wilson, was rejected by our Senate; a rejection which had apparent indorsement by the American people.

The United States, abandoning a position of leadership among the nations, took refuge in devices for keeping out of the "next war." These were merely an elaboration of a traditional policy which had failed before.

It failed again. Today millions of our young men are risking their lives in battle, while our resources are poured out in endless flood.

At the close of this war, the United States will hold an even more imposing position than before. We shall have the world's largest navy and air force, as well as close to the largest army—backed by unrivaled production capacity.

We can lead the way toward a really effective setup to preserve peace.

Or we can withdraw from that leadership and let the world drift again toward international anarchy, with war at the end of the road—a war in which we surely shall again be involved.

This writer submits a program, or rather series of reflections on the situation as it strikes men who are bearing the burden and risk of combat.

The real merit in his presentation is that it discards entirely the idea of reliance upon any superman, upon any group of our great statesmen who will evolve an effective peace plan and set it going smoothly.

He sees clearly that what counts most is the will of the people of the United States.

If they resolve to stop this recurring devastation of war, much can and will be done to achieve that great end.

If they are indifferent, the forces of tradition, inaction and international anarchy will prevail.

This is not merely the job of the president, the senate, or any small group.

It is up to every one of us, in the sense so splendidly phrased by our own Constitution, which begins: "We, the people of the United States . . ."

New officers for the Auxilliary were: Mrs. Jim Miller, President; Mrs. A. J. Stricklin, Sec-Treas; Mrs. F. E. Walters, Chaplin; Mrs. Chris Quante, Sgt. at Arms; Mmes. Mon Telford and Bit Copeland, Color Bearers.

New officers elected for the Howard-Henson Post are: Troy Noel, Commander; Willy Z. Florence, 1st Vice Commander, J. B. Huckabee, 2nd Vice Commander; Ralph Murray, 3rd Vice Commander; Sam Brian, Finance Officer; Building Committee, C. D. Thomas, J. M. Telford and Monroe Rowden.

Publishers Competing With Themselves

In a recent survey made by the Publishers Advertising service, they ran upon many hindrances that keep publishers of weekly and small daily papers from getting national advertising. In contacting the national advertiser, and the advertising agencies, the beans were spilled.

The PAS in contacting both the national advertiser as well as the agencies handling their contracts, were informed that many nationally advertised articles were handled by a well-known ready-print syndicate at five cents per inch per paper, a rate that no all-homeprint paper could think of meeting. Papers carrying this ready-print of cheap rate advertising are paying for the privilege of competing with themselves, and are knocking their own as well as all other newspapers out of getting this advertising.

The same is true of papers that carry a so-called monthly magazine section, printed in Ft. Worth. They not only pay for the privilege of carrying this magazine section with around \$150 worth of advertising in it, but pay freight on the paper and postage to their readers.

Until publishers in general learn to be business men, there is little chance of getting this advertising now going to the big dailies, magazines and the radio.

Homer Newman and wife, who have been visiting relatives here for several days, left last week for Memphis, Tenn., to visit other friends and relatives there, accompanied by Mr. Newman's father, and then back to Oklahoma City, where Homer is employed in the Douglas aircraft factory.

Arabian Pipeline Might Be A Jonah

People who have taken time to study the proposed administration pipeline through Arabia to the Mediterranean, and this includes oil people as well as disinterested people, are inclined to fear that it is a job that will not help the American people in the least, and may eventually involve us in disputes if not war in the middle east.

Here is about how the matter has been summed up: The United States government will have no say so whatever in control or management of production operations. Will have title to the pipeline, with the added privilege of financing the same. No say in control, management, construction, or operation.

To our notion, the same amount of money spent with home search for oil right here on the south Plains, would pay more dividends with the possibility of hostilities with foreigners eliminated. The Herald is for developing our own back yards first.

With the exception of Australia, Europe is the smallest of the continents, it's area occupying only about one-seventh of the total land surface of the globe.

Cookery QUERY CORNER

HOW ARE BAKED STUFFED FRANKFURTERS MADE?

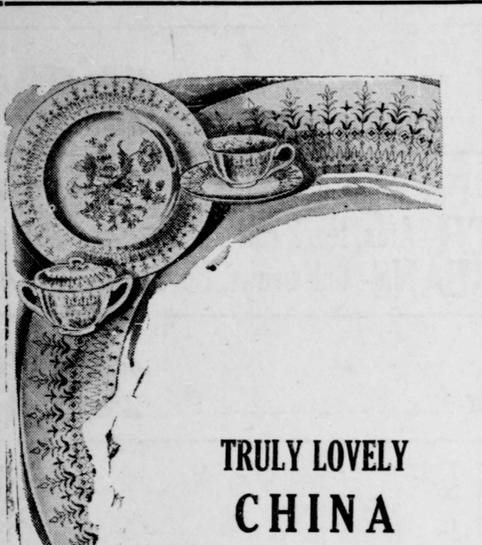

The Ingredients
Seasoned mashed potatoes, strips of cheese, pickle relish and bread stuffings are equally delicious when cooked in frankfurters.

Preparing the Frankfurters
Cut the frankfurters partially through lengthwise. Fill each opening with the stuffing desired. Wrap each stuffed frankfurter with a strip of bacon.

The Finished Dish
Fasten with a wooden pick. Bake on a rack in a shallow pan about 30 minutes, or until bacon is done.

U.S. SYNTHETIC TIRES
Are Good Tires

THE NEW U.S. ROYAL DeLuxe

From all over the country, reports are pouring in from car owners that the new U.S. Royal DeLuxe synthetics are turning in performance records far beyond expectations. The word is getting around... the new U.S. Royal DeLuxe synthetic tires are good tires!

IT'S VENTILATED! The open-spaced tread design and deep-cut shoulders allow cooling air to circulate freely drawing heat away from the body of the tire.

IT'S SAFETY BONDED! Every cord is bathed in a specially compounded solution that locks the cords firmly into layers of synthetic rubber cushion. Safety Bonding means extra miles of safe service.

IT'S MILEAGE-TESTED! In the laboratory and on the road, U.S. Royal DeLuxe synthetic tires are mileage-tested, proving over and over again that "U.S." synthetic tires are good tires!

Farmers to Get Free Cotton Clasing

Farmers are reminded to file their application for free classification of cotton and market news for '44 by August 15th. Nearest office at which to file is 1701 Avenue H, Lubbock. Nearly all the gins in the county have signed up for their part of the work. The news service provides the farmers and ginners with grade and staple of each bale and is expected to save them 25 cents per bale.

No Commercial Failures In Texas This Year

Austin, Texas, July 31.—June was another booming month for Texas business, as workers in the State pocketed \$6 for every \$5 they made a year ago and the state rounded out six months of financial success without a single commercial failure, University of Texas researchers report.

Sales and incomes in all fields surveyed by the University's Bureau of Business Research were well above figures of a year ago, although independent retailers and department stores experienced a usual seasonal decline from May levels.

An indication of a steady boom in Texas business affairs was found too in the report that during the first six months of 1944 a total of 310 new corporations have obtained charters to operate in Texas, compared to only 169 in the first half of 1943.

Construction activity in the state was also up nearly 50 per cent over the first half of 1943, the bureau reports, with permits for \$15,730,159 in building projects authorized in 36 major Texas cities.

Pvt. and Mrs. Bill Marchbanks came in Saturday from California to be at the bedside of his mother, Mrs. N. R. Marchbanks. Pvt. Marchbanks is a marine and stationed at Oceanside, Calif. He is on a fifteen day leave.

Aviation student F. Boyd Moore and Mrs. Moore are the proud parents of a baby girl born July 15th, in the Salinas Valley Hospital. The little lady was named Jean Ann, and weighed 6 lbs and 16 oz. A/S Moore has been spending a fifteen day furlough with his wife and baby, who plan to join him soon at Randolph Field, Texas. Mrs. Ruth Moore is the baby's paternal grandmother and has been on a weeks vacation from Consolidated Aircraft at San Diego, to visit with her son and family.

SOME JULY TIRE CERTIFICATES INVALID

All outstanding tire ration certificates dated July 15, or earlier for truck and bus tires size 8.25 and larger were cancelled July 30, because of the critical shortage of these tires, District Office of Price Administration has announced. Truck and bus operators who hold tire ration certificates dated earlier must re-apply to their Ration Board in the same manner as before.

Invalidation of the older certificates was ordered to make sure that present low stocks are drawn on only to fill the needs of applicants at the top of the essentiality list, officials explained. Approximately 100,000 certificates are affected by this action.

Ely Fonville, District Rationing Executive, pointed out that all certificates dated prior to July 15 are invalid, whether in the hands of consumers, dealers or manufacturers. Dealers may not deliver tires to consumers in exchange for the certificates and manufacturers may not deliver to dealers. Certificates for smaller size truck tires and for passenger tires remain valid, as well as certificates issued on and after July 16, for the large size truck tires.

Mrs. Rowden was in Monday to have the Herald started to her son, Sgt. Wayne M., who is in training at Ft. Benning, Ga.

Mrs. Eldora White and Ted left Monday for Dallas, where Ted was to take his last physical and to be sworn into the navy.

Pfc. and Mrs. Jake Gore visited family and friends on a short leave from Garden City, Kans., last week. Grace Lenore Tarpley returned to Garden City Sunday with them to visit her sister, Mrs. Bill Gore and Sgt. Gore.

Robert B. Spear, RTI, has been visiting his wife for about a week while enroute to a new assignment.

T. A. Wartes and son Billy, transacted business in Amarillo, Monday and Tuesday.

Mrs. O. W. Proctor went to San Angelo, Tuesday night due to the illness of her mother.
