

Wounded Terry County Soldier Praises Red Cross

Somewhere in England, Aug. 8, 1944—Dear Mom and all: This is to let you know that I am back in England again. I didn't get into my foxhole in time, so the Nazis hit me in the left knee with shrapnel. It isn't bad, though. Still all in one piece.

I didn't get a chance to really see much of French people, but what I did see seem to be OK. We sure have some swell nurses taking care of us. Most of them are just girls, but are plenty capable of doing their job and doing it well.

The Red Cross is 100 percent as far as we soldiers are concerned. If it wasn't for them we would be out of cigarettes most of the time. With love,

Your adopted son,
Ollie.

The above letter was received by Mrs. J. B. Dunn, Box 202, Meadow, Texas, from Ollie F. Chapman, August 20th. So, let's all back the Red Cross and keep the things our boys enjoy, going their way. And make a date to write your man in the service, no matter where he is.

The one thing they enjoy most is a letter from home and their loved ones. So, come on everybody; write till the boys come marching home.—Mrs. Jean B. Dunn.

We See Some Good Terry County Crops

Well, we messed around a bit first we drove out to the Lay again last Sunday afternoon. farm, about three miles southwest of town. Mrs. Lay is a niece of Mrs. Stricklin. But the Lays were neither "laying or sitting," they seem to have "stolen off their nest." Anyway there was neither hide nor hair of them about the place.

The crops between here and there are doing fine. John Back who usually has a fine crop, was blown out many times this year, but now has a fine crop of young feed coming on. At the Lay farm we took the lane north, coming out on highway 380. Some fine crops along that two mile stretch, but one or two, feed, seemed to be too thick, and a bit too many weeds that had sapped the ground badly, and the feed had fired at the bottom.

Returning to town, after a coke at a drug store, decided to visit the Terrill Isbells on Lubbock highway, north part of town. Not at home either, so guessed they were out at the Weldon Ridgeway farm, and so on out there. Mrs. Isbell and lad were there, but Terrill had told her he had to go down to Jacksboro to make some money — and she evidently believed him. Anyway, that is his old home, and there are lots of war widows these days.

Took a look at the Ridgeway crop and found a good one. He had already said it was planted to blown out in spots and either this and that. Some cotton had blown out in spots and either corn or sorghum grains was planted in its place. But all crops in that area are doing nicely. Even Arnett Bynum has a good crop growing on the old Bynum place. The old Uncle Joe Hamilton place was divided among the heirs, all getting a fifth section, clear through the mile long acreage. Jesse, Chock, Ann, Addie and Allie. The later is Weldon Ridgeway's wife. Allie is Terrill Isbell's wife.

Before we came in, our car was loaded with some fine old Terry county "roasenyars" and a few big, bouncing melons, as fine as you ever rubbed your old gums against. Weldon and family now have a nice country home, and they know how to entertain visitors.

Rufus D. Teague Jap Prisoner In Philippine Islands

Mr. and Mrs. J. F. Teague, who have lived in Terry county for the past two years, recently had a card from their son, Sgt. Rufus D. Teague, a Japanese prisoner of war, at Camp No. 1, in the Philippine Islands. He was there when the small American force had to surrender when they ran out of food, drugs and ammunition.

He evidently thinks his parents live at Kirkland, Texas, where they lived when he went away. He has never heard from home folks. The short message follows: "My prayer and hope is all is well at home. I think often of you. Give my regards to all the kids, family and friends. Say hello to Jeff for me. God willing we will all be together again. My prayer and love for all of you." The message was typewritten.

The Teague family have three other boys in the service of their country, one in France, one in New Guinea, and one training in Oklahoma.

BROWNFIELD SCHOOL DISTRICT SELLS BUILDINGS

The Brownfield Consolidated School District after advertising for bids, have sold the old Happpy brick school house to Odell Fulton and B. M. Tuttle, and the frame school house at Harris, to the Johnson Baptist church. They rejected the bids for the Gomez buildings, where they have two teacherages yet for sale.

Captain Walter W. Bond of the medical corps, and wife were visiting with his mother, Mrs. J. C. Bond, the past weekend. Walter is being transferred to Camp Barkley, at Abilene, for assignment elsewhere.

Mounting Interest In First Baptist Revival

The revival meeting now in progress in the First Baptist church continues to grow in interest and power into the second and final week. Large and growing crowds have thronged the services from day to day and the revival has attracted interest and attendance beyond the bounds of local membership. Other people of the city have attended in considerable number and many have come from other communities. The pastor, Rev. A. A. Brian, has done the preaching in the evening services, and H. Paul Briggs, assistant pastor of the First Baptist church in Pampa, has brought the morning messages in addition to directing the song services. Mrs. Ervin Hancock, Miss Glynn Ross and Mrs. Ruth Huckabee have presided at the piano.

Quite a number of additions by letter and for baptism, along with many dedications and reconsecrations of life have resulted. Many more are expected to align their lives with Christ and His church on through the closing services of the revival. 511 people registered in time for Sunday school last Sunday, and 179 for training union. The goal for Sunday's attendance is 650 in Sunday school and 250 in training union.

Members and friends of the First Baptist church have been especially delighted with the splendid congregational song services as directed by Paul Briggs and also with the unusually fine special songs he has brought from time to time.

A cordial invitation is extended to the general public to worship with the First Baptist congregation through the remaining services, and if not enlisted in other worship services Sunday, a warm invitation is extended to worship with us in all services for the day.

Farmers Implement Moves to Larger Quarters

Davis and formerly occupied by the Brownfield Implement Co., and who will now move into the building vacated by the Farmers Implement Co. The new location has been completely done over and painted and they will have quite a bit more room.

The new location is a half block north of the intersection of the Lubbock-Tahoka highways. They handle both Farmalls and McCormick-Deering farm machinery.

Number of Draftees Left Tuesday

For the first time in several weeks, a large number of draftees were entrained here for Fort Bliss. The local Board no longer knows which goes to the Army and which to the Navy. Secretary Simms says he anticipates heavy calls for more soon.

The following were those who left:

Ole C. Woodard, Forest L. Earnest, Olin Henry Moore, Jack Thompson, Dewey C. Squires, Alton Romie Green, George S. Blount, Elvas F. F. Whittenburg, William L. Shields, Arthur P. Buchanan, Edgar E. Crawford, Thomas A. Chrestman, Vernon L. Snipes, Jesse W. Lasiter, Ofred Dale Edwards, Earl R. Boomer, William V. Benton, Cleatis E. Laney, Wood E. Johnson Jr.

The sheriff's department reported having a full house, Saturday night, as the results of an epidemic of drunks, augmented by a raid on a colored crap game.

Final Message to Terry Co. Voters

To begin with, let me take this method of thanking the voters of Terry county who supported me by vote, influence or both in the July primary. Also those who have supported me in past elections, or given me their moral support while in office.

Again, I am asking that my friends go to the polls again this coming Saturday and cast their vote. I was just allowed one week off military duty to make the rounds in this election, and seeing all in that short time is next to impossible. If elected I promise the same good service that I have tried to give you in the past.

But let me impress upon you this is a personal message from me, and I wish to state that I have made an endeavor to see all I possibly could.

If nominated in this primary, I feel that I shall be free to take office next January, as the greater part of the war will likely be over by that time. Again thanking you, I remain,

Yours very truly,
Joe B. Price.

Error In Date Of Church of Christ Revival

Just a matter of what a newspaperman and a merchant understand about what is meant by "next Friday" got us balled up on the date the meeting the Church of Christ was to begin.

Joe Chisholm, who assisted us in the lay-out of the ad, said the meeting was to begin "next Friday night." To a newspaper publisher "next Friday night" means the one after his next paper is out.

Everything is centered on press day (Friday) from Monday morning on the date that week, until papers are in the mails. Then next Friday begins, and lasts until Monday when it is "this Friday." The meeting started last Friday; we had it to begin this week, Friday the 25th.

Short Ballot In Run-off Primary

Only four races to be voted on in tomorrow's run off primary. Richard Critz, incumbent, is opposed by Gordon Simpson for associate justice of the supreme court. Grover Sellers, incumbent, by appointment, will debate it out for attorney general. All have waged active radio campaigns. Jack Douglas, and Preston Smith, are running off for representative, while only one county race is on the ticket—Joe B. Price and Sam H. Gossett for sheriff.

Harold Denton and H. W. Nelson of Brownfield, purchased the Roland Hardware from Floyd Roland, August 10.

The new owners stated that the entire hardware and furniture stock will be enlarged and much stock will arrive within the next few days.

Harold Denton is in charge of the store. He is well experienced in this business, having been connected with the J. B. Knight Hardware and Furniture store in Brownfield before moving to Morton. Denton stated that he will move his family to Morton as soon as housing facilities can be found.—Cochran County News.

Accompanied Mr. and Mrs. Lewis H. Bates to Lubbock last Friday, where he had business. Spent most of our time with friend Bill Lyle, who still declares that most of the traffic out north of Lubbock on the Plainview highway, is primarily to see his farm at Monroe. Anyway, Bill has 70 acres in irrigated cotton this year that he figures to get a bale to the acre off.

WAR TIME SAVINGS IS PART OF POST WAR PLANNING

One thing you will never be criticized for hoarding during War Times, is your purchasing power. Every dollar you save now — by investing in War Bonds or by depositing it in a Savings Account — can do double duty toward making possible the better world for which we are all fighting, after Victory is achieved. First, the dollars you save now will enable you to buy many things you have denied yourself, once our factories turn from war production to production for peace. But second and more important, the dollars you save now to spend after the war, are going to help make jobs for the returning soldier.

In Terry County Tuberculosis Work

It will be remembered in November, 1943, under the directions of Dr. Paul G. Capps, director of our county health unit, and Virgil Crawford, county attorney, a meeting was called for the purpose of organizing a county tuberculosis association. Only a few persons were present, but the association was started. Since that time we have been trying to do what we can to care for tuberculosis found in this county and we feel that our efforts have not been altogether in vain.

Through the efforts of the health unit, especially Mrs. Griffith, our county health nurse, something like 1100 tuberculosis patch tests have been given, a large number of these have been school children. The records show that youth is more susceptible to the germ. Some 80 X-rays have been given out to this 1100 patch

tests. From these there has been found a few positives. We have been instrumental in placing four patients in the state hospital and have four more taking home rest.

Miss Pansy Nichols, state supervisor, paid us a visit in March and she was very pleased with our efforts.

Past records show that in war times tuberculosis spreads rapidly. So our aim in this, our states, is to work to keep down and even eradicate this dreaded disease. We want to thank all who have shown interest in this work, but what we need is more workers.

I am sure that many of you in the past have received through the mail from the state tuberculosis seals, which is the means of raising funds for carrying on this work. This year our association will send the seals out and will retain 80 percent of the sales and 20 per cent will go to the state. Our total collections last year was something around \$100, which has helped us to get started. Thanks to each of you for your donation and we hope that

this year many more of you will buy the seals as they will be sent direct from this association and the fund will be used to help our people here at home.

We believe you are going to cooperate with us in this work.

Thanking you very much,
Sincerely,
Mrs. O. L. Jones,
Chairman.

Dendy-McLeroy Vows Read On June the Fourth In South Carolina

Miss Wanetah Clydell McLeroy, daughter of Mr. and Mrs. C. J. McLeroy of the Gomez community, and Corporal Louie Burton Dendy, son of Mr. and Mrs. R. H. Dendy of Plainview, Texas, were married on Sunday evening June 4, at the 347 Infantry Chapel of Fort Jackson, South Carolina, with Chaplin Ben C. Erickson, Oakland, Calif., reading the double ring ceremony.

Palms, baskets of white gladioli, white carnations, ferns, bridal wreath and candles decorated the altar and chapel.

Pvt. Bob Perkins, New York, organist, played as the prelude "Indian Love Call." Pvt. May sang, "I Love You Truly" and "Because" followed by the traditional wedding march.

The bride was given in marriage by Chaplain A. W. Whitker, of Memphis, Tenn. She wore navy shoulder length veil, a corsage of white gladioli, and a hat of white flowers. For something old she wore a necklace studded with rubies which was given her mother by her father before their marriage. For something borrowed she carried a white Bible with three white streamers and a carnation which belonged to the groom's mother. For a "good luck" piece, she wore in her slipper a half dime made in 1832 and given to her for the occasion by her college roommate's father, Mr. R. R. Vernor of Camp Wood, Texas.

Mrs. W. W. Wilson of Somerville, Tenn., matron of honor, wore an aqua dress with white accessories and a carnation and baby breath corsage.

Cpl. Dendy was attended by Sgt. Elmer Butterworth of Baxter Springs, Kan., as best man.

Mrs. Dendy, mother of the groom, wore a two piece black suit with white accessories and a corsage of white carnations.

Following the ceremony and congratulations the recessional was under an arch of crossed rifles and fixed bayonets provided by twelve honor guards from the groom's former organization.

KNOW YOUR INSURANCE BEFORE YOU BUY

Austin, Texas, Aug. 24.—Commissioner O. P. Lockhart, Chairman of the Board of Insurance Commissioners, today issued a warning that the people of Texas should be sure they know what they are buying before they pay money to out-of-state insurance companies not licensed in Texas on insurance policies that have been advertised by radio or by direct mail.

"Complaints reaching the Board of Insurance Commissioners from dissatisfied policy-holders indicate that a number of companies whose home offices are outside of the State of Texas are using the mails and radio advertising to sell policies in the State of Texas even though such companies have not obtained a certificate of authority to do business in this State," Lockhart said.

"Such companies can not be regulated by the laws of this State and are outside the jurisdiction of both the Texas Insurance Department and the Texas courts, with the result that Texans must go to the home state of the company to bring suit against it when dispute arise," he explained. "The policies issued by many of such companies are policies that would not be approved for the companies licensed to operate in this state. Because they are couched in misleading terms and seem to provide more benefits than can be collected."

The Commissioners suggested that any person considering buying an insurance policy solicited through the mails or by radio should, for his own protection, find out whether or not the company holds a certificate of authority to do business in the State of Texas. The Board of Insurance Commissioners, State Office Building, Austin, 14, Texas, will gladly answer inquiries in this respect in regard to any company.

Renewal of "A" and "D" Gasoline Books

District OPA Director Howard R. Gholson announced today that application forms for the renewal of "A" and "D" gasoline books are now available at most filling stations and at local war price and rationing boards. Motorists are urged to get them as soon as possible.

"OPA points with pride to the simplicity of handling of renewals this time," Director Gholson said. "There necessarily will be a heavy workload on boards, but cooperation on the part of the motoring public will help eliminate unnecessary hardship on members and clerks." He pointed to these rules which should be followed to speed the renewal job:

1. Applicants must attach the back cover of their present "A" book, properly endorsed on spaces provided for this purpose, to their application forms. (If applicants have lost their "A" book back covers, they must attach their state automobile license receipts to the application in lieu of the cover, which receipts will be returned to applicants by mail with their new books.)

2. Applicants should read carefully the instruction on the form and fill it out exactly as required.

3. Applicants should mail their applications to their local boards and not take them there in person because board workers will be extremely busy.

The district director said applicants would not be required this time to attach their tire inspection records to their applications.

New gas coupons in the book will become valid September 22.

All books will be in the hands of motorists before that time, the official reported.

THE OLD JUDGE SAYS...

"Judge, would you mind tellin' Charlie here what you told me the other night walkin' home from lodge. I can't word it just the way you did."

"Sure thing, Tim. Here's what I told him, Charlie. There's no such thing as votin' a nation, a state, a county, or even a community dry. We had proof enough of that

during our 13 years of prohibition. What you really vote for is whether liquor is going to be sold legally or illegally...whether the community is going to get needed taxes for schools, hospitals, and the like, or whether this money is going to go to gangsters and bootleggers. That's the answer, boys... simple as A-B-C."

The Texans Share In the War

"I will surrender when every one of our bullets has been fired and every one of our bayonets is sticking in a German belly."

Those words of a Texas fighting man will go down in history along with "Remember the Alamo!" and "Remember Goliad!" They were spoken by Capt. R. A. Kerley of Houston, in answer to a German demand that he surrender, after his battalion had been cut off and surrounded in France.

The invitation to surrender was made by a natty Nazi who advanced under a flag of truce, after the embattled Texas unit had fought for five and one half days against Germans who had completely surrounded their position. Just to make sure that he was understood, Captian Kerley answered "Go to Hell!" when the German officer pointed out that odds against the Americans were hopeless. A few hours later other Al-

Mrs. F. B. Lewis and daughter, Frances, together with the Misses Lynna Dean Yates and Margaret Glandon, returned the first of last week from a two weeks visit in Dallas and Marlin.

lied columns broke through and rescued the beleaguered Texan's battalion.

From France, where Texans are making new reputations as scrappers, several Lone Star soldiers will speak soon to their home-folks. Definite arrangements have now been made for a program of interviews with Texas service men to be broadcast direct from the fighting fronts. The feature, planned by the United War Chest of Texas, will be carried by all three radio chains from 9:30 to 10 p.m., Monday, Aug. 28. It will consist almost entirely of "reports to Texas" by Texas men.

THE WONDER DRUG BEING GROWN RAPIDLY

Favored to rank as one of the greatest scientific achievements of the century is Sir Walter Howard Florey's exhaustive work at Oxford University in proving that penicillin belongs to that rare and invaluable class of antibacterial drugs which conquer deadly infections but are themselves harmless to the human body. Already, as a result of American industry's ability to grow on a large scale the mold which thus far is the only known medium of producing the wonder-working drug, spectacularly increased quantities of penicillin are being made available for use by the doctors at war.

Speaking on a nationwide broadcast, Dr. Florey himself paid tribute to American accomplishment, observing that through "the cooperation of scientist and firms in this country, the problems of large scale manufacture of penicillin are being overcome." Twenty-one American firms now are makers of penicillin, and civilian allocations of the drug in key hospitals, although necessarily limited, have been progressively increased while its cost has been reduced drastically.

**What Is A Bale
Of Cotton?**

The ACCO Press, official publication of Anderson Clayton Co., Houston, the world's largest cotton firm, gives us a fine illustration of just what a 1400 pounds of lint cotton will do in this war times. On the other hand, it will illustrate the meaning of what the loss of near one-half million bales of cotton this year, compared to the yield of 11,428,151 last year.

The farmer goes to the gin, say, with 1400 pounds of cotton on his wagon or truck, as the case may be. Of this approximately 900 pounds will be seed, and 500 pounds of lint or fibre. From the lint we get:

Fabrics for the land and air forces; industrial fabrics for war plants; fabrics for the allies via lease-lend; bags, work clothes, hospital goods and civilian fabrics.

From the 900 pounds of seed, we get; Oil for food; meal for feed; hulls for feed and linters for ammunition and chemical products.

But, despite its worth, both seed and lint, Mr. Edd Lipscomb, cotton man of Memphis, Tenn., told the south Plains ginners at Lubbock, recently just what the cotton farmer of the South is up against after this war is over. Not a few from Terry county heard the speaker.

He says the cotton farmer is caught from top to bottom between lower priced rayon, made of wood pulp, and perhaps a flood of foreign grown cotton. He stated that the average price of Brazilian cotton now is 15c per pound, compared to 22c for American cotton.

Mr. and Mrs. W. H. Whitley are here from Gorman, Texas, visiting his brother, J. J. and family. Mr. Whitley has visited here a number of times.

14 MONTH OLD CHILD DROWNS AT WELLMAN

Tragedy struck in the home of Mr. and Mrs. Ernest Blackwell, of Wellman, last Saturday evening, when their fourteen months old baby girl, Anna Sue, drowned in a tank at their home.

It seems, several families of relatives had gathered at the Blackwell home for a water-melon feast. The children had all waded in the tank from time to time during the afternoon, and Anna Sue had been taken out of tank twice before, for fear she might drown.

The parents of the children decided to go into the nearby fields to inspect the crops and left the children at the house to play. The older children were instructed to watch the younger ones, but being children, they forgot their responsibility, and were fixing to ride horseback, when Anna Sue's body was found in the tank.

Funeral services were held in the local North Side Baptist Church, Sunday afternoon.

The child's grandparents, Mr. and Mrs. J. R. Blackwell, reside north of Camp Western, in this city.
