

Marine McCrary Injured In Siapan

Linuel McCrary, a Marine, son of Mr. and Mrs. L. E. McCrary of this city, was injured during the hard fighting at Siapan. His main injury was concussion, caused by a close explosion, and a cut leg. He was also listed as a

MARINE LENUEL McCRARY battle fatigue, and knocked out some five hours. His buddy, Lee Roy Thomp, son of Mr. and Mrs. Thomas, of the Thomas furniture store, helped pull Lenuel into a landing barge.

He was in the hospital in Hawaii about two weeks, but rejoined his unit, which was one of the first to land on Siapan. He has been across some nine months.

SGT. MELVIN O. WEBB IS SAFE

Word has been received by Mrs. Florene Webb that her husband, S/Sgt. Melvin O. Webb, has been reported safe and uninjured after being reported missing since August 20.

Sgt. Webb is the son of Mr. and Mrs. J. O. Webb of San Antonio and formerly of Meadow. His wife is the former Miss Florene Williamson, who is making her home here with her parents, Mr. and Mrs. J. D. Williamson.

Elvis L. Roberts M 2C Home on Leave

Elvis L. Roberts, Boatswain Mate 2/C, arrived in Fort Worth October 14, where his parents, Mr. and Mrs. E. L. Roberts, of West Point gin, met him.

Elvis has been overseas 29

Elvis L. Roberts months and has been in the armed guard, but upon arrival in New York the 5th of November, he will be transferred to another division.

He has participated in two major battles, one in the sea battle of the Arctic Ocean and in the invasion of Sicily. The gun crew of seven men, of which Roberts is captain, received a citation that they had fired more shells with greater accuracy. His gun shot down a Folkwolf 200.

Coming home from the Mediterranean, his ship came through the hurricane off the Florida coast and was lost 24 hours from the convoy.

Roberts finished high school here in 1941 and volunteered for the Navy.

Seaman H. J. Hough, radioman and radar operator, also aerial gunner on a dive bomber, from the Miami navy air corp, is here this week on leave with his parents, Mr. and Mrs. Claude Hough of Seagraves, and his sister, Miss Madeline, deputy county clerk here.

PLAINS FAMILY HAVE THREE SONS IN THE ARMED FORCES

PFC. AARON A. MORRIS

Cpl. James (Buck) Morris graduated from Plains rural high school in 1936. He was working in Alamosa, Colorado, when he volunteered for the army in 1941. He was stationed at Fort Sam Houston and went from there to Fort Knox, Kentucky, where he graduated as an instructor in the tank division. He has been overseas 15 months. He married Edna

CPL. KIT C. MORRIS

Marsh of Alamosa, Colorado, in 1942. She is now living in Alamosa.

Pfc. Aaron A. Morris attended Plains rural high school. He was working on a ranch when he joined the army at Seattle, Washington, and Camp Cook, California, as a cook in the infantry. He is now stationed at Camp Crook, Nebraska, in the parachute corp.

CPL. JAMES (BUCK) MORRIS

Cpl. Kit C. Morris volunteered in the army air corp in 1942. He has been stationed at Lubbock army air field and Bryan Field, Texas, for the past two years. He is now at the port of embarkation, the address unknown.

He married Kathryn Chilton of Bridgeport, Texas, in 1937. She is now teaching in Plains rural high school.

15th AAF Soldiers Give Blood In Italy

15TH AAF IN ITALY:—Even soldiers overseas give blood for their buddies. Shown in a photo accompanying the article, is one of many contributors at a 15th AAF base in Italy, M/Sgt. John B. Kempson, 26, son of Mr. and Mrs. G. I. Kempson of Route 5, Brownfield, Texas. This blood will be rushed to the Italian front for use of 5th and 8th army soldiers.

The Brownfield man is a crew chief in a B-24 Liberator heavy bomb squadron. He is a member of a group that has been awarded Distinguished Unit Citation for shooting down 40 enemy planes while devastating the rail yards at Bucharest, Rumania.

Entering the USAAF in September, 1942, he trained at Willow Run, Detroit, and at Amarillo, Texas. He has been in Italy since last December.

Montgomery Qualifies As Flight Officer

ELLINGTON FIELD, Texas, October 24—Another class of pilots, trained in special ground and air courses which will broaden their usefulness in the army's worldwide transportation system, has been graduated here by the air transport command training school.

The graduates received appointments as flight officers and ratings as service pilots.

Members of the class included: Flight Officer Horace S. Montgomery, 32, Brownfield, son of Mrs. Ida Mae Holmes Montgomery, 508 Dallas, Artesia, N. M. His wife, the former Earline McGuire, and son, Robert Earl, reside in Brownfield. In 1943, Mr. Montgomery was a glider tow pilot at Wilson glider school at Lamesa, Texas. He was associated later with Breedlove Aerial Service, Lubbock.

Sailor Benson Gets Ankle Fractured

Mrs. J. P. Benson and daughter, who live three miles east of Brownfield, were in Saturday, and informed us that their son and brother, Raymond H. Benson, S 1/C, was now at Fort Emery, California, in the San Diego area. He recently accidentally got an ankle fractured, and paid no attention to it for several days, when it began to hurt. A naval surgeon put it in cast, but Raymond thought the cast could be taken off soon.

NOTICE

Elder W. L. Jackson will preach at the Primitive Baptist church this fifth Sunday at 11 o'clock.

Bill Anderson, who has been at Wichita Falls the past two years, has moved back and opened a car repair shop near the Gulf service tion.

Pvt. Lucky Pace Finishes Radio School Course

Fort Knox, Ky.—Another class of qualified radio operators had been graduated today by the Communications Department of the Armored School.

Graduates included Pvt. Luck M. Pace, husband of Mrs. Helen Pace, this city.

Their arduous 12 week's labor behind them, the graduates have returned to their units in armored divisions and separate tank battalions throughout the United States. There they will play an important part in signal communication system which controls units on maneuvers and in combat.

Each soldier in the course learns the International Morse Code, the "dit-dah" alphabet, and progresses through radio procedure and a study of radio sets. Final phase is field operation, in which radio sets are operated from scout cars under simulated battle conditions.

The Communication Department is one of eight in the mammoth Armored School, "university" of the armorers. The school rolls off its human assembly lines each year many times more trained technicians than the average civilian university or college.

Brig. Gen. P. M. Robinett is commandant of the Armored School.

School Out Part Time For Boll Pulling

The Brownfield schools began Tuesday taking up an hour earlier and dismissing at noon so students may help harvest cotton in the afternoons. Farmers come in after them, and many go in their own conveyances.

This arrangement is only for week to week, and may be revoked at any time. It was learned with the past several days of fair weather, the cotton is ahead of the harvest hands, there not being sufficient itinerant labor.

Chief Petty Officer Allen Dykes of the Seabees and Mrs. Dykes, of Alice, Texas, visited in the Lee O. Allen home this week. CPO. Dykes has served two and one-half years overseas, on Canton, Tarawa, Baker and Howland Islands. He is with the Diesel engines. Before going into service, he was owner and manager of the Arnett gin.

Visits Home Folks

Ralph W. Howell, S 3/C, has recently visited his parents, Mr. and Mrs. J. H. Howell, of this. He had about a week here, as he was headed for the New York area, where he was to be assigned a place in the navy.

Ralph joined the navy last December, and took his training as a range finder, which he still is studying.

Jaycees Lay Plans For 1945 Projects

The Jaycees held their regular meeting last Monday night and voted to sponsor a girl scout troop in addition to one for the boys, and they are to make an annual affair out of the 4-H ad FFA boys club calf feeding project.

There is already 39 boys in Terry county feeding 88 head of calves. They carry a co-operative insurance against loss by death of calves, so far in four years none have been lost. If no loss, premium is refunded.

The following boys of the county are feeding this winter:

4-H Club Boys

W. H. Holleman, two steers; H. A. Dean, three steers and four heifers; Jack Key, two steers; Lester Decker, two steers (will add two heifers); Lester Nelson, three steers; Victor Ray Herring, four steers; Booth Dean Slaughter, four heifers; Lee Chancellor, one steer; Melvin Chancellor, one steer; Cordell Green, two steers; Elwood Fox, two steers; Ray Chaffin, one steer and one heifer; Roland Treadaway, one steer.

FFA Boys

Douglas King, three steers (to get one more); Orville Patton, one steer and one heifer; Carroll Brigrance, one steer; Willard Brigrance, one steer; Nelson Brock, three steers; Bill Benson, two steers; Bill Green, two steers; George Alexander, two steers; Douglas Gibson, three steers; Alfred Bond, two steers; D. A. Key, two steers and two heifers; L. G. Chambliss, two steers; La-voide Wright, two steers; John Smith, two steers; Kenneth Burk, two steers; Chas. Wade, one steer; Chas. Stewart, one steer; Joe Bartlett, one heifer; Earnest Stevens, two steers; David Brown, one heifer; and George Henson, two steers.

There are four more boys at Meadow, but their names were not available just now.

9000 Bales Ginned in Terry to Thursday

According to A. L. Hartzog, County Agent, 9,000 bales of the 1944 cotton crop had been ginned in Terry county up to Thursday afternoon.

Mr. Hartzog also stated that local ginners are of the opinion that the crop is one-fourth harvested, indicating a crop of from 35,000 to 40,000 bales.

Jack Bynum arrived Sunday from Southwestern Institute in Lafayette, La., to visit 10 days with his parents, Mr. and Mrs. Virgil Bynum, but received word Monday to return. Mr. and Mrs. Bynum and his sister, Mrs. L. E. Robinson, jr., took him to Lubbock Monday night. Mr. and Mrs. Bynum, Mrs. L. E. Robinson, Christine McDuffie, Jean Knight, Lee Hughes and young Bynum all had dinner together Sunday at Morris' cafe.

Navy Day Sees Mightiest Fleet In History

Dallas, Oct. 22.—A million dollars an hour, 24 hours a day, seven days a week for the rest of this year, is being spent to provide ships to carry on war chiefly in the Pacific, according to Navy Department figures.

This rapid expansion in shipbuilding, reflected in the fact that by the end of the fiscal year 1945 the Navy plans to spend 27 billion dollars for ships, comes into sharp focus as millions of Americans prepare to celebrate Navy Day, on Friday, October 27.

The Navy Department is increasing the personnel on active duty to 3,000,000 by the end of this year in order to man the great number of vessels of all types. The Navy is also carrying out plans to have a total of personnel strength of 3,389,000 by next June 30, if needed. The previously authorized Navy strength of 3,000,000 was reached three months ago.

In many respects the Navy shipbuilding program is now in its most critical stage according to Navy authorities. This year the United States is scheduled to complete the construction of more than 41,000 vessels representing a total of approximately three and a half million tons.

Rear Admiral Edward L. Cochran, USN, emphasized in New Orleans recently a significant phase of the shipbuilding program. He said:

"When one stops to think that just four short years ago there were only 1100 units in the entire United States Fleet ranging from the mightiest battleship to the smallest 'spitkit.' The concept at that time of 10,000 boats being delivered over the ensuing four-year period by any single activity would have staggered the imagination."

Herman Porter, field assistant for migratory labor, is here for the season to aid in procuring labor for cotton gathering. He will office with the county agent.

1500 4-H's To Get \$48,750 In War Bonds

More than 1,500 U. S. War Savings bonds, valued at \$48,750, will be awarded to rural boys and girls with top-ranking records in helping to produce and conserve more for Victory in 1944, through participation in national 4-H club activities.

The activities at War Savings bond awards to state winning individual or blue award groups are: Kraft Dairy Production, \$25 bonds to eight, and Dairy Foods Demonstration, \$50 bonds to three; Sears-Roebuck Victory Garden \$25 bonds to eight (also \$100 bonus to 8 national champions); International Harvester Food for Victory, \$25 bond to six; Firestone Soil Conservation, \$50 bonds to eight; Mennen Farm Safety, \$25 bonds to four, and American Viscose Dress Revue, \$25 bonds to 424 state winners participating in the National 4-H Club Congress presentation, Chicago, next December.

These activities are arranged through the national committee on boys and girls club work, and conducted by the extension service of the State Agricultural colleges and U. S. Department of Agriculture, co-operating.

Fourteen Draftees Accepted For Duty

The following list are the names of draftees, who went to Fort Bliss last week and were accepted for induction into the armed forces:

Lee Roy Green, Harold James Stockton, Louie Robert Bishop, Gordon Archie Corbett, James Sylvester Chancellor, Richard Davis Green, Clarence Wilburn Day.

Henry Carl Hogue, Troy Douglas Martin, B. A. Scott, jr., R. E. Smith, jr., William Lee Thomas, Weldon Barb O'Brian, John William Poindexter and Harold J. Dorsett.

Terry County Over The Top In The War Chest Drive

The information was given the readers last week, but since the drive is to be extended to November 11th, we might state that those who happened to be away from home at the time, or were otherwise missed, will have an opportunity to contribute. Remember a goodly portion of the funds raised remains right here in Terry county.

Old Terry didn't fool around about raising its quota. After the organization was perfected, the committees got right down to toe-nails and brass tacks, and got the job done in a hurry. The drive had some good newspaper advertising in advance, and people in general knew it was coming off, and about how much they intended to give to the USO.

On our far-flung battle lines, Terry and other South Plains county boys will soon know when they receive letters from home or their home newspapers, that the good people at home are backing them up 100 percent. That the home folks are making all provisions they can that the boys in camps at home, or on battle lines are to be remembered, even to those behind barbed wire as prisoners of war, as seven and a half percent of it goes to them.

Not only that, but the hungry and the sick in the freed nations that the Huns and Japs have overrun, robbed and killed, are to have some food and medicine. So will our allies in the conflict. It (the USO), is not a selfish organization. It caters to the help and entertainment of all classes, creeds and color alike. There are just a few here at home that take no interest in the USO, but the vast majority do, for they know that somewhere, sometime, one of these USO centers will likely entertain their boys, husbands, or fathers. There was no let down of the boys from Terry county.

And that reminds us that the officials at Washington are becoming fearful that the people here at home, hearing and reading of our present victories, will let up on the Sixth War Loan, coming up next month. Here in Terry county, we don't believe there will be the least let up until every Nazi end every Jap rat is disarmed and stockaded.

THOMAS FURNITURE HAS JAP MUSEUM

L. T. Thomas has on display in window of his furniture store on Main street, quite a collection of Jap trophies, captured by his son, Pfc. Lee Roy Thomas, with the Marines, recently in Saipan. They include a Jap parachute, flag, bayonette, many Jap kokaks, and a long handle razor—about three times the size of our barber razors, and many other interesting relics.

THOMPSON CAFE RE-OPENS SUNDAY

The Thompson Cafe will open Sunday after being closed a week for redecorating and remodeling.

ODT TADVISES OPERATORS TO SURRENDER EXCESS OR EXPIRED RATIONS TO OPA

Effective October 16, 1944, the surrender of excess or expired coupons covering gasoline rations of commercial motor vehicles was transferred from the ODT to the OPA Local War Price and Rationing Boards, states Nettles F. Nelson, ODT District Manager.

If a commercial motor vehicle operator calls at ODT district or field office for the purpose of surrendering excess or expired rations, or surrenders the coupons through the mails, the rations will be accepted and the operator will be given a receipt for the rations surrendered, but he will be requested to surrender all future excess or expired rations to his Local War Price and Rationing Board.

Office of Defense Transportation.

Have you baked your cake for U. S. O. Saturday?

The Old Folks At Home

GWN

What of the youngens' not away to war fronts or plants, are too busy to talk, so we surveyed among the old folks at home, think life begins at eighty. So far we find Mrs. Mary E. Lewis of east Hill street, to head the list at 93 years. Having no rushing business down town, she potters around her quite home. Born in Alabama, then many years in Missouri, and to Texas late the past century, to Comanche county where we first met them. Came to Terry some thirty years ago. Mother of Mesdames Jim Huckabee, George Warren, Ulyss Sawyer, Eldora A. White, District Clerk, and Dalt, Clyde and Clarence local townsmen. Her husband and eldest son Jim Lewis, once sheriff here, passed away several years ago.

Then to Mrs. J. O. (Grandma) Brown's on west Broadway, 91 years old, who is not feeling well lately. Born in Illinois, but to Texas many years, here about thirty years. Her husband J. O. Brown, died in 1923, lost her baby son Bernie, in War 1, and of whom she has a life sized portrait. Also a hobby for gift cards, filling an entire room, walls and ceiling. A museum of relics, some 200 years old. Her eldest daughter, Daisy Moses, of Houston, came in a few weeks ago to remain with her. Has three other sons and daughter. Her mother lived to 103.

We called on sister Vinson on east Broadway, who vows she isn't but 78, but she looks so much older, we put her in this list. Because of physical ailments, is shut in most of the time, but has knitted over 100 pair of gloves, and some two dozen jackets and sweaters, for the boys over yonder during this war. Her husband J. B. Vinson, passed away several years ago. Going to the home of old lady Johnson, er—Mrs. Mattie Johnson (I'll get a licking for that) on north second street, aged 87, a grandma galore, found her galling down in town with little Mrs. Hughes, with whom she enjoys jaywalking across the streets. Mrs. Johnson, up until two years ago made annual trip to Mississippi, to visit her mother, till her death at 97. She has a large family well known on the south plains.

So as to not make it women only, we went to see J. W. (Daddy) Spear on north 6th street, but he too, had run away from home and gone to town, as he does every day. So far he has not been arrested for violating the speed laws. He has passed the 80 yard line, 7 year ago. He has enjoyed more surgical operations than average man. He is the father of the following (too numerous to mention).

Braky, Brit and Marshall refused to be interviewed, but we will get 'em soon.

Will appreciate acquaintance of others for next issue.

2 Children Adopted By Littlefield Couple

Through the efforts of the Salvation Army, Mr. and Mrs. J. H. Standfield of Littlefield, through procedure in district court here Wednesday, adopted Ima Dean Skains, a four-year-old girl, and her brother, Grover, aged 7, whose mother died a few months ago, and father, Tommie Skains, residing here for several years, was recently adjudged non compon mentis. The court changed their names to Janet Jean and Jimmie Lee Standfield.

Sgt. Loran Davidson Killed in Action

Word was received Tuesday by Mr. and Mrs. W. F. Davidson of Needmore that their son, Sgt. Loran Davidson, was killed in action October 6, in Holland.

Sgt. Davidson was a member of a tank destroyer battalion. He is survived by his wife, Cleta Garner Davidson, who is employed at the First National bank here, one brother and three sisters.

The dairy husbandry department at Tech College, is now teaching about all there is to know about dairying and its by-products. They are teaching the students how to make cheese, butter, cottage cheese and condensed milk, as well as ice cream.

It has been decided to await the return of the 38th Division from war to decide where their war memorial will be built. Pretty good idea. The Veterans might decide on something more lasting and beneficial to their children and other children, than cold marble. They might decide, for instance, on a memorial park.

A righteous plea is going up from state and national safety organizations to get the entire country to standardize traffic lights as well as traffic signaling. There is hardly two states where these safety measures are parallel, and even the towns in the same state have different positions for traffic lights, different timing, different turning privileges, etc. Lots of times this makes a driver an unintentional law breaker. Traffic rules should be as closely harmonized throughout the nation as possible, and that before the close of the war, and advent of new, fast cars.

Lest we forget, Texas has its own Warm Springs Foundation at Gonzales, Texas, where 200,000 gallons of warm mineral water pours from the earth daily. Already crippled children are being treated there, and as fast as they are able to walk, others take their places. This is just the beginning, and it is the ambition of Texans, headed by our great governor, to make this a million dollar resort to treat children afflicted with the result of infantile paralysis, and other causes, and make them useful citizens, instead of wards of the state. This week has been set aside as Gonzales Warm Springs Foundation Week, and in many sections of the state school children are putting on programs for its benefit. A donation can be sent to this foundation treasurer, at Gonzales, Texas, or Texas Elks State Association.

Mrs. Louise Oden and Mrs. Dixie McClellan, were in Dallas, last week.

Mr. and Mrs. G. W. Cleveland of Oklahoma, were here last week visiting his parents, Mr. and Mrs. George Cleveland.

Roy Elliott and Stanley Bevers attended the Masonic Convention in El Paso, last week.

Mrs. Kit Morris visited her parents in Bridgeport, during the weekend.

Seaman James Duff and wife of Missouri, has been here visiting his parents, Mrs. Rachel Duff and family.

Warner Hayhurst went to Austin the first of the week on business.

Ed Turner, Tech student, spent the weekend here.

Mrs. W. H. Hague and Mrs. Mollie Smith, were in Lubbock, last week.

Mrs. S. F. Pride visited her daughter in Lubbock, a few days last week.

POOL

Rev. Ross Harmonson of Brownfield filled the regular appointment of Rev. P. C. Goza, Sunday morning. Rev. Goza was unable to be here.

Cpl. Victor R. Trussell of Fort Smith, Ark., is spending a 15 day furlough with his parents, Mr. and Mrs. J. M. Trussell, and also with relatives in Lubbock.

Those visiting in the Trussell home Sunday, were, Mr. and Mrs. G. B. Sterling and Thelma, and Leola Trussell of Lubbock, and Mrs. Maude Zorns and family of Meadow.

Mrs. Glennas Rowe, who has been working in National City, Calif., and visiting Mrs. R. H. Huddleston, has returned home.

Mr. and Mrs. L. M. Waters Sr., have returned from a trip to east Texas.

Those visiting in the J. J. Gunter home Sunday, were Mr. and Mrs. Ray Barrier and family, and Mr. and Mrs. Sam Chambliss, of Brownfield.

Mrs. Sylvia Waters of Los Angeles, is visiting with Mr. and Mrs. L. M. Waters, Sr.

Mrs. H. P. Lewis and family, are visiting relatives at Cross Plains, Texas.

FARM LABOR LAST MONTH

Lets take a brief look at the farm labor situation. During September as harvest got into full swing in most of Texas, farmers ordered more than one hundred twenty-six thousand workers. Despite the current war scarcity of labor, county agricultural agents were able to make about a hundred thousand placements, according to the farm labor office of the A. and M. College Extension Service.

Of that number the majority were adults, but over 20,000 were boys and girls. Nearly four thousand and prisoners of war were used on farms last month, plus about 800 men from our own armed services. Among placements were more than fifty veterans of World War II.

The D. D. Goodpasture family is moving to Bremerton, Wash.

Borer Control
Time For Peach Tree

The best time to control peach tree borers in North Texas is the first twenty days in October, says C. R. Heaton, horticulturist for the A. and M. College extension Service. The most suitable time for such control work in South Texas is between October twenty and November fifteen. The point is that the control treatment should be applied before the temperature drops below 65 degrees and remains there for several days. Heaton says that if as the later part of April is the treatment cannot be applied in the fall in central and east Texas the later part of April is the second best period to do so.

PDB . . . Which is short for the tongue-twisting name, para-dichloro-benzene crystals . . . is the material most commonly used for control. The quantities are one ounce for each mature tree; one and one-half ounces for extremely large trees; and one-half to three-fourths of an ounce for mature trees. Before applying, however, the crystals should be crushed to about the size of sugar grains.

Before PDB is used all grass and weeds should be removed to a distance of three or four inches from the tree trunk. If the borers are visible above the ground, the soil line should be built up above where they are working. Apply the crystals in a one-inch band, one to one and one-half inches from the trunk and cover them with a few shovelfuls of dirt which should be well packed. The soil, however, should be fairly dry. The mound and crystals may be removed from the tree in about four weeks.

Treatment for the lesser peach tree borer, which works in the upper part of the trunk and the scaffold branches, may be given at the same time. Dissolve one pound of PDB crystals in one-half gallon of crude cottonseed or linseed oil and paint the infected parts with a small brush after removing the exuding gum and frass.

SCUDDAY HD CLUB

The Scudday HD club met Oct. 18th in the home of Mrs. Dot Herring, with the president Mrs. McIntyre presiding. Five members and four visitors were present.

The time was spent in canning pork and beans and after this was finished refreshments were served to Mesbames McIntyre, A. J. Felts, Sargent, Glen Brown, Jack Benthall, Roy Sparkman, Olen Herring, Arlie Faught, V. B. Herring and Mrs. Dot Herring. Next meeting will be with Mrs. V. B. Herring, Nov. 1st, 1944.

Each one sent a gift to Mrs. Roy McNeill, who has been ill for some four months. We all hope she will soon be able to meet with the club.

All members are urged to come to the next meeting at the home of Mrs. Herring.

Mrs. Lillian Burnett of Abilene, and Dora Buce and G. H. Neil and families, of Levelland, spent Sunday here with their parents, the Geo. W. Neill's and to visit their brother, Jim Neill, here on furlough.

Dr. A. F. Schofield, local dentist, is undergoing treatment at the Veterans Hospital, in Amarillo, this week.

Daily Paper Bargain Rates Now In Force

The Abilene Reporter-News and the Star-Telegram have announced Bargain Rates for this fall. The Reporter will accept new subscriptions until further check on newsprint quota. The Star-Telegram will accept only renewal subscriptions, and if your subscription expires it may not be renewed.

Rates now in effect are:
Reporter-News, 1 year \$6.95
Telegram, daily and Sun. \$8.95
Telegram, daily only, \$7.75

We suggest that you let the Herald have your order for your daily at once, even though your time does not expire until Jan. 1, or later. There is no assurance that you can get the Star-Telegram if your paper lapses. The label must be sent on Star-Telegram subscriptions.

Mail or hand us your Star-Telegram label and we will see that your subscription does not expire.

Reporter subscriptions should also be renewed ahead of expiration date, for, while new subscriptions are being taken now, new subscriptions and renewals may not be taken later.

PREPARE—
YOUR MEDICINE CABINET
NOW FOR THE WINTER
MONTHS AHEAD!

● Don't put off getting the things you need to combat colds and other winter ailments. If treated in time, most cases can be checked; if illness persists, after steps have been taken to check it, call your physician immediately—it may be something really serious.

● When your physician writes you a prescription, see us. You can always depend on us for accuracy in filling prescriptions. We use only fresh drugs.

Alexander's

The US Treasury department has advised the Herald to say that when the Treasury made it legal for holders of War Bonds to cash them at their local banks, they were in no wise advising anyone to sell their bonds. Hold them until maturity if you possibly can, is the advice of the treasury. Cash them ONLY, when there is a real emergency in your family, and you must have cash.

Joe Stalin is a realist and does not indulge in compliments unless he thinks they will pay off so far as Russia is concerned. Stalin and Churchill were not friendly at their last meeting. Roosevelt had to stand between them in order to keep them out of each others hair. Churchill was excused as being a very sick man at the time. The two are meeting again in Moscow. This time the President is at home looking for political fences. Little has come out of Russia as to the progress which is being made. All released reports are naturally very favorable. However, Stalin likes to put on big banquets where there is lots of eating and much drinking, with plenty of toasts. At such a banquet the other day Stalin took occasion to pay very high tribute to America and what we had furnished Russia in the campaign to crush Germany. Had it not been for this material, Russia could never have succeeded, according to Stalin. Maybe Stalin was playing politics more than expressing an opinion. He knows that Churchill is in there fighting to preserve the British Empire. He knows that Churchill was glad to see Hitler overrun Russia at a time when the Huns could have jumped the English Channel and taken England; he knows that Churchill is using his troops in the Balkans to further the British Empire, rather than help the United Nations on the West; he knows that Churchill was opposed to opening the Second Front, but insisted on the Italian campaign in order to strengthen the British supply line; he knows that the United States is not after any of the Russian territory, or seeking to dominate in Russian affairs. No wonder Stalin has thawed out and is willing to admit that we gave Russia the munitions with which to crush Hitler and send the Huns chasing home. Perhaps this praise did not suit Churchill, since it was an open bid for future pleasant relations with America, but there was nothing Churchill could do about it. —Canyon News.

Mr. and Mrs. J. L. Cruce met Mrs. John L. Cruce in Amarillo Tuesday, who was visiting returning from Baltimore, Maryland, where she had been visiting her husband.

Raymond Barrier of Dallas is here this week looking after his extensive farming and business interest, in the county.

This purple and white checkered Mexican cotton jacket is worn by vivacious Signe Hasso, MGM player currently appearing in "The Signe Cross." Designed to be worn with a matching skirt, it is effective as Miss Hasso wears it—with slacks of purple cotton gabardine.

CITATION BY PUBLICATION
THE STATE OF TEXAS TO:
BERT E. PRICE, Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock, A. M. of the first Monday after the expiration of 42 days from the date of issuance of this citation, the same being Monday, the 27th day of November, A. D., 1944, at or before 10 o'clock, A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Terry County, Texas. Said Plaintiff's petition was filed on the 13th day of October, 1944.

The names of the parties in said suit are: Lena Irene Price, as plaintiff, and Bert E. Price, as defendant.

The nature of said suit being substantially as follows, to-wit: Suit for divorce, plaintiff alleging she has resided in the State of Texas 12 months prior to filing of said suit and six months in the County of Terry, seeks custody of her minor child. General and special relief.

Issued this 13th day of October, 1944.

Given under my hand and seal of said court, at office in Brownfield, Texas, this 13th day of October, A. D., 1944.

Health Is A Personal Matter

Before the war, medical authorities predicted that in a comparatively few years tuberculosis would be virtually eradicated. A major tragedy of the present conflict has been the defeat of this prediction. The incidence of tuberculosis has gone up sharply. It has always been so in time of great stress, and in spite of the best efforts of enlightened medical men, the present emergency has been no exception. However, worse than the increase of tuberculosis is the reluctance of the infected individuals to take proper action.

James G. Stone, of the National Tuberculosis Association, declares: "More cases of tuberculosis is being found today than ever before and fewer patients are in tuberculosis hospitals. The temptation of high wages in war industries is causing many to stay out of hospitals and accept jobs."

He emphasized that the proper program for control of tuberculosis consists of three parts: finding the cases, hospitalization, and education of the patient and public to the seriousness of the disease.

It may surprise some to learn that persuading the public to use readily available facilities, even where the question of financial ability is not involved, is one of the most difficult problems of the medical profession.

MEADOW 4-H CLUB ELECTS OFFICERS

The Broncho 4-H Club of Meadow, reorganized for another year of work and fun. We met Friday morning Oct. 20 in the grade school auditorium. The 6th, 7th and 8th grades were present. The following officers were elected: President, Patsy Locke; Vice-President, Lucile White; Sec.-Treasurer, Betty M. Schwartz; Reporter, Virginia Still; Sergeant at Arms, Miss G. M. Trussell; Sponsors, Mrs. J. T. Locke, Miss C. M. Trussell; Song Leaders, Joyce Hinson, Mattie Sue Bell, Alma Jean Belew, Mary K. Williams; Pianists, Betty M. Schwartz and Teddie Jo Lucas.

We named our club the Bronchos, and we are going to do our best to make our club a success. We will meet Nov. 13th, in the grade school auditorium with Mrs. Locke.

—Virginia Still, Reporter

TEXAS' COTTON CROP

The U. S. Department of Agriculture has forecast a yield of two and one-half million bales for Texas' 1944 cotton crop. The indicated production which is based upon conditions on October 1, represents an increase of 50,000 bales over the crop in prospect on September 1. According to information to the A. and M. College Extension Service from the Office of Agricultural Statistician, USDA, Austin, this is about 323,000 bales less than the 1943 production. The indicated yield of 163 pounds per acre compares with 174 pounds in 1943 and 182 pounds in 1942.

HYMAN-NEWBERRY
GULF SERVICE WEST MAIN

C. D. Caswell was down from the Meadow section Saturday and called in to renew. Talked as if the farmers were very busy people in their section.

Mrs. A. E. Grahma was in recently to renew the Herald going to the Amos, who now resides in Orange, Texas. Mrs. Amo is Mr. and Mrs. Graham's daughter.

War Ace Speaks To Servie Clubs

Col. Robert Johnson, 24 year old aviator from Lawton, Oklahoma, entertained the members and a large number of guests at a joint meeting of our several civic clubs, Wednesday evening, at the American Legion hall, with graphic descriptions of his over 100 missions in Europe, this past year, in which he is accredited with shooting down 27 enemy planes, placing him among the few who have exceeded War 1 record of Rickenbacher.

J. O. Gillham presented Lt. Burton G. Hackney, former attorney here, and who procured Col. Johnson's appearance, who after explaining much of the Colonel's military career, introduced him to the audience. He proved a very interesting speaker. He is at present located at Camp Barkley, Abilene.

Sgt. French Wants Some Garden Seed

Mrs. H. P. French of Tokio was in Tuesday to renew for the Herald, and stated that their son, Sgt. Harold P. French, had written them from New Guinea to please send some garden seed, as he wanted to plant a vegetable garden beside his tent.

The planting season is just beginning "down under" where he is located. He has been in the army since 1940, and is a teacher of administrative work in the office. He trained at Fort Bliss, Texas.

SINGING CONVENTION AT LUBBOCK FOUR SQUARE CHURCH

We are requested to announce that the Sacred Harp Singing Convention will meet at the Lubbock Four Square Church, Sat., and Sunday Nov. 4-5th, at 8th and Ave Q, that city.

TIPS OFF MARINES

"Tokio Rose," the Japanese radio propagandist with the unconscious gift of making our troops laugh when she intends to demoralize them, unwittingly came to the aid of Leathernecks on Gaum, reports Sgt. Dick Gordon, a Marine Corps combat correspondent.

Hinting that Japs might stage a comeback for Gaum she warned Marines to keep their rifles oiled and clean. They followed her instructions religiously. A weapons inspection was due the following day.

Herald \$1. Per Yr., Terry County

Completes 100 Missions Over Enemy Territory

An Eighth Air Force Liberator Station, England—S/Sgt James L. Bearden of Brownfield, Texas, is a waist gunner in the B-24 Liberator group commanded by Col. Albert J. Shower of Madison, Wis., which recently completed 100 bombing missions against the enemy targets in the exceptionally brief time of 140 days.

During this time Col. Shower and his group "showered" over 10,000,000 pounds of high explosives onto enemy targets in Germany and the occupied countries.

This group is a part of a combat wing which was cited by Lt.-General Doolittle, commanding general of the Eighth Air Force, for extraordinary heroism and outstanding performance of duty in smashing a bridge of vital importance to the enemy by descending to the extremely low and dangerous altitude of 6,500 feet. Col. Shower led the wing on this occasion.

The group also has the distinction of having the first allied heavy bomber to land in France, on June 14.

THE OLD JUDGE SAYS...

"That's really a great editorial you just read to us, Judge. Where did you say it appeared?"
 "In 'The Stars and Stripes'...the newspaper of the U.S. Armed Forces in Europe. Kind of gives us folks back home something to think about, doesn't it, Bill?"
 "It certainly does, Judge. Particularly the last paragraph. Would you mind reading that again?"
 "Glad to, Bill. It says, 'We can remember

the days of prohibition, when moonshine whiskey made quick fortunes for bootleggers, crooked politicians and dishonest police officials. As a result, we claim we know what we want in the way of liquor legislation and feel those at home should wait until we return before initiating further legislation on liquor control."
 "Out of fairness to our boys over there fighting, Judge, how could we disobey such a wish?"

Cookery QUERY CORNER

HOW ARE STUFFED BEEF PATTIES MADE?

Fill with Stuffing
 Combine 1 pound ground beef, 1 teaspoon salt, 1/2 teaspoon pepper and 1/4 cup milk. Make into thin patties. Place 1 teaspoon bread dressing between two patties.

Press Together
 Press edges together securely. Brown on all sides in 2 tablespoons lard or drippings. Add 1 can tomato soup and 1/4 cup water.

Cook Slowly
 Cover closely and simmer 1 hour. Serve hot tomato sauce over patties. Mashed potatoes and whole kernel corn are good accompaniments.

Carolynn Harris, Francis Rambo, and Billy Lackey, visited Roommates from Tech, who visited in their homes also were: Patsy Pasley, Sharon McIver, and Mary Troy, all of Honey Grove.

Supreme in Circulation

A BAD MIXTURE

"There is far more danger in public monopoly than there is in private monopoly, for when the government goes into business it can always shift its losses to the taxpayer. If it goes into the power business it can pretend to sell cheap power and then cover up its losses. The government never really goes into business, for it never makes ends meet, and that is the first requisite of business. It just mixes a little business ever gets a chance to find out with a lot of politics and no one is actually going on." Thomas A. Edison.

Mr. and Mrs. Walter Hord and boys spent the weekend in Slaton, with Mrs. T. P. Hord and T/Sgt. J. L. Hord of Camp Campbell, Ky.

Mr. and Mrs. Curtis Hamilton and Mr. George Philbrick, of Lubbock, visited in the Walter Hord home Friday night, before and after the Hobbs-Brownfield football game.

Mrs. S. J. Upton came in Friday night from Trinidad, Colo., to spend the winter with her daughter, Mrs. J. O. Gillham.

Rev. J. O. Quattlebaum visited several days this week with his daughter, Patti, who is a student at Southern Methodist University in Dallas. Mr. Quattlebaum is visiting another daughter in Oklahoma City.

Mr. and Mrs. George Murray of Rogers, New Mexico, and Mrs. W. H. Beasley of Odessa, and son Cadet Norris Beasley of LAAF, Lubbock, all visited in the A. Black home last weekend. The ladies are sisters.

Mrs. Dale Nix and Billy Dale, left Tuesday to visit in Canadian about six weeks.

FARMING ISN'T FUN

If a farmer wishes to buy material to enlarge his barn, construct a silo, or for any one of a hundred measures to step-up production, he must go through the ring-around of getting priorities, permits, and the okay of various "authorities," from the county agent to the ration board. The same is true of machinery parts, tractor fuel, even wire for fences. He is treated as if he were operating a non-essential toy instead of a highly scientific factory, on a man-killing schedule, to turn out the most essential product in the nation—food.

This is one of the reasons why millions of good Americans are praying for the day when they will be released from the domination of bureaucratic rulers in Washington.—Exchange.

Mr. and Mrs. Jim Nelson left last week for California, for a few weeks rest and vacation.

Mr. and Mrs. Roy Herod spent the weekend in Snyder, on business.

MEADOW HD CLUB

The Meadow HD club met with Mrs. L. A. Armstrong, October 17th. Nine members including one new member, were present. Our demonstrator, Miss Reast, was also present.

Roll call was answered by each member telling "the type of dress I like best."

An election of officers were held and they are to serve during 1945. Mrs. O. L. Lowe, Pres., Mr. W. T. Bell, Vice-Pres; Mrs. H. P. Pendergrass, Sec; and Mrs. T. J. Locke, was elected Council Delegate. A reporter will be elected at a later date.

Our demonstration, "Types of Clothes for Different Occasions" was especially enjoyed by all. Each member identified pictures of dresses as to what occasion they should be worn.

The Club held a rummage sale Saturday, October 21, in Brownfield.

Miss Elinor Gillham will arrive today from SMU, Dallas, where she is a student, to visit her parents, Mr. and Mrs. J. O. Gillham, until Wednesday.

There's a Shortage of Copies of The Dallas Morning News—But NOT of Our Desire to Serve!

The crucial shortage of newsprint paper has forced a curtailment of the supply of copies of The Dallas Morning News to our dealers in this county. Only a small part of regular shipments is possible until we are permitted by Government Authority to increase our consumption of newsprint.

Distribution for the present will be made from drug stores and newsstands, unless your agent can arrange otherwise.

We realize, with deep regret, that some of our old-time readers are not able to get copies of The News. We trust they will understand and bear with us while we're making every effort to restore service.

In the meantime, although many patrons will not have The News delivered to them temporarily, their names are still on The Dallas News' Big Book and we look forward to serving them again.

Thank you.

U. S. EMPLOYMENT SERVICE

1207 13TH STREET, LUBBOCK, TEXAS

Today Is Navy Day

Honor the men and ships who are dishing it out so heavily to the enemy! We must dish out our dollars for War Bonds and Stamps so they can keep it up. The hardest fights are yet to come. Be sure our men have the ships, the guns, the tanks, and enough of everything else it takes to see them through to Victory!

BROWNFIELD STATE BANK

THEY NEED FOOD FATS

European refugees who fled before Hitler's war machine are awaiting liberation—and food. Millions of pounds of fats and oils are needed to meet their minimum needs. To help them we must conserve all fats here, using them first for food, then turning back to the meat dealer what is left, so used kitchen fats may serve the needs of war and industry. In no other way will our overall fats and oils supply stretch to meet the needs of our fighting men, our allies, and the home front.

Mexican-Americans Stage Dance Saturday Night

The Mexican-Americans, or the Americans of Mexican origin are having dances on Saturday nights near the compress, where they have built a small dance pavilion or salon, as they term it. Melquyades G. and Martyn C. Ortys have charge of the dance.

Many of these people are coming into this section each year to help harvest the crops, and most of them are nice, clean and very friendly folk, much superior to those a few years ago. More and more of them are remaining here, some of them farming on their own hook, and are making us good citizens and farmers.

Those who are members of the Baptist church now have their own building on the Levelland road, and which has been paid jointly by them and the English Baptist church. We understand that quite a lot of the new comers are Catholic in practice and belief. The Ortys have charge of a cafe, grocery store, and barber shop in the north part of the city near the compress.

The Herald has been called upon of late to print their circulars about their business, which the chamber of commerce assisted in getting them started, as well as dance circulars. While our old Mergenthaler was only made to "chew up English," and we mean chew up, when it repeats our writings, it nevertheless does a fair job on Spanish.

About all we could make of the last one was the heading: "Dance" and "Brownfield, Texas," and the date of the circular. The rest was "Greek" to us, but Senior Ortys grinned and said they were ok.

Mr. and Mrs. Loyd Alexander and Mr. and Mrs. George Sullivan, accompanied Mr. and Mrs. L. M. Lang to Hereford, Monday, on business.

Mr. and Mrs. Melvin Gregg and children of Plainview, visited in the home of Mr. and Mrs. L. M. Lang, Sunday.

La Rue Ross of Plains, and Glyanna Faye Ross, of Lubbock, visited in the home of their parents, Mr. and Mrs. C. E. Ross, Sunday.

PRESBYTERIAN GUILD MEET

The Presbyterian Guild met on Monday afternoon at 3 o'clock at the church to make plans for the Pot Luck Supper at the church Tuesday evening.

Mrs. M. B. Brown led the devotional in the form of prayer retreat. Others attending were Mmes. James and John King, McIver, Bechtel, Pickett, Jordan, Murphy and Wier.

Beating Japan At Her Own Game

When Japan decided to make war, when no one else was prepared, she began a series of island hopping south and southeast, and it looked for a time as if there was no stopping the rats, even in Australia. But the brains of the American are quicker, and out of the trials and tribulations came the Amphibs operators who have received little recognition, but they have so far progressed by now that Gen. McArthur has let some news of their activities out of the bag, and with it a whale of a lot of praise.

It is such an aggregation that Carl Lewis, son of Mrs. J. C. Lewis, belongs, as well as other boys from Terry county. They not only see to it that the fighters land from the barges, but that guns, amunitions and supplies follow them and quickly. Beginning at Gaudakanal and working north and west, they have done their part in wresting

a huge lot of territory from the Rats, that are coming in handy for our airmen and fleets, as well as marines and army men to blast them. It would take columns of space to tell the number of miles they have moved and landed men and supplies.

And there is hardly a medal or an award for valor that these men have not won in whole bundles, but there is a long list of each of them. It is said that the amphibian duck and the latest addition to their ensemble, the fuffalo, an amphibian tank that can carry 50 men over coral reefs, sand, hell and high water, and both are doing excellent work.

Mr. and Mrs. Wayne Brown, Mrs. Jack Benton and Mr. and Mrs. J. W. Hogue, were Lubbock visitors, Monday.

Mrs. M. B. Sawyer came home Sunday after visiting in Dallas. Her son, Oscar Sawyer, accompanied her home and visited several days with relatives and friends.

PELLAGRA KILLS MANY PEOPLE

Austin, Texas, Oct. 25.—Pellagra, even though not a communicable disease, is of concern to public health officials in Texas since many people die of pellagra in this state every year. The disease is caused by the lack of certain essential foods and since it comes on slowly and may not be recognized until the victim begins to have the more serious symptoms such as sore mouth, stomach trouble, and reddening and scaling of the skin.

"When these symptoms appear, the disease has been present for some time," says Dr. Geo. W. Cox, State Health Officer. "The longer a person has pellagra the harder it is to cure. Consequently it is well to watch for the early symptoms such as nervousness, indigestion and the burning of the hands and feet. In its advanced stages pellagra may become so severe as to seriously affect the mind."

Pellagra is not contagious, Dr. Cox pointed out, and he empha-

sized that it can be prevented entirely by including the right kinds of foods in the daily diet. These essential foods include milk, fresh meat, whole wheat products, brewer's yeast, salmon, tomatoes, and other fresh fruits and vegetables. By including these foods in the daily diet, any individual can rest assured that pellagra will not constitute a menace to his health.

Tom May, Troy Noel, Fletcher Lewis, Joe McGowan, Tom Cadenhead, Glen Akers, K. Martin Kirschner, and T. C. Lucas and John Cadenhead of Meadow, all attended the Schriener Convention in El Paso, thisweek.

Miss Terry Lou Moorhead, of Texas Tech, spent the week end with her parents, Mr. and Mrs. R. M. Moorhead.

Mrs. Tom May, Mrs. Bruce Zorns and son, Deenie Ballard, Mrs. Cye Tankersley, and Cynthia were Lubbock visitors, Saturday.

Labor's Lever

America's 39 million non-farm employees last year drew about 90 billion dollars in their pay envelopes—three-fifths of our national income. These people have power to make their country prosperous or plunge it into chaos. They hold the lever and the best thing they can ever do for this nation is to act for their own best interests, seriously.

Making Jobs Pay

Last week in this column I showed how employment might be put at a safe, economic level after the war. Briefly the achievement will cost industry about \$6,000 per job plus some good, sound planning. But this will be only a start. The jobs themselves must pay good wages and interest on investment. Otherwise they will be temporary jobs, not worth providing, not worth accepting. Only secure jobs are good jobs.

Indirect Competition

Aliens may never under-bid American citizens for work on U. S. soil again; their competition will be indirect. The hazard is that European and Asiatic manufacturers will use their cheap help to imitate American goods and then sell the rubbish in America and elsewhere. Such a degrading of world markets will mean less business for American plants and fewer jobs for American workers.

Wages Follow Volume

What a workman earns in a year is in proportion to what he produces. An employer's investment in tools increases volume, and the worker's earnings accordingly. High wages and high living standards for workers depend, therefore, on two things: (1) The employer's investment in equipment, previously discussed, and (2) workmen who can and will make that equipment do its best while in use.

The American workman's answer to such a challenge is easy: Less costly merchandise. This does not mean lower wages. It means higher wages. It means maximum yield—more and better products turned out faster and at less cost. It does not mean long hours. It means more workers on the job fewer hours with American efficiency, more yield per hour per worker. Whoever cuts production bleeds labor.

If management buys tools to make things people want and thus creates jobs, if workers help crash the gates of world markets with prices lower than the drivers of slave labor can quote, doing so with good American things made faster to sell for less, then nothing can stop our prosperity but government itself. Next week, "Moral Courage," which is government's part in post-war prosperity.

You mean, it's that easy?

This Sceptical Gentleman represents many hundreds of thousands of automobile owners... intelligent, patriotic drivers who are determined to give their cars the best of care, who understand the nation's need for keeping every possible car running for the duration.

They require no long-winded arguments to convince them that quality oil is the best policy. They ask only: How can I select a quality lubricant, when I am neither an engineer nor a chemist? Isn't there some simple, easy way to make sure of getting a motor oil of quality?

There is! Phillips, with an outstanding reputation in the field, makes a frank and clear statement to relieve all doubt when choosing between the various oils marketed under this good name. Phillips says, if you want our best oil, remember we frankly tell you that Phillips 66 Motor Oil is our finest quality... the highest grade and the greatest value... among all the oils we offer to average motorists.

Oil wears thin in summer use. It also accumulates dust, metal particles, and oxidation products. So it's wise, say experts, to drain every two months, under today's reduced driving conditions. Especially when you make the seasonal change, ask for the correct winter grade of Phillips 66 Motor Oil.

It's Phillips Finest Quality

PROVED IN 50 BILLION MILES OF SERVICE

Mr. and Mrs. H. J. Caldwell and son James and daughter, Mrs. J. D. Burk and son John D. of San Angelo, visited in the C. E. Ross home, last weekend.

Mrs. Gay Price dropped in this week to renew for their family Herald.

Mrs. Carl Muller of Texhoma, Okla., is visiting her mother, Mrs. L. C. Wines. H.W. Fowler of Enid, Okla., was also a weekend guest in the Wines home.

Directs Drive For Democratic Funds

Col. Myron G. Blalock.

An appeal to the Democrats of Texas not only to aid in winning in overwhelming victory for the Roosevelt-Truman ticket in Texas, but to help in the election of a Democratic Congress was made today by Col. Myron G. Blalock of Marshall, Democratic National Committeeman for Texas. Colonel Blalock heads the State campaign, 11th headquarters in the Hotel Adolphus, Dallas.

"We are seeking a million votes for the Democratic nominees and \$50 to raise \$150,000 for the Democratic Party in Texas," Col. Blalock says. "If Sam Rayburn is to remain Speaker of the House and other Texas Congressmen are to lead important committees, we must help elect a Democratic Congress. Funds raised in Texas, after the Texas campaign has been financed, will be sent to the Democratic National Executive Committee to be used in support of Democratic candidates for Congress in other parts of the country. The Democratic National Executive Committee is appealing to every loyal Texas Democrat to help this campaign for fun."

Mrs. Mabel Treadaway renewed this week, and also had the Herald sent to her brother at Bandera, Texas.

HATS OFF TO THE SCHOOL KIDS. THE SCHOOL TRUSTEES —and— THE FARMERS!

A serious problem faced Terry county this year. Our million dollar industry—Cotton—was being threatened by shortage of help.

When cotton is ready to be harvested and has to lay in the field, unpicked, it loses much of its value. It has to have hands, plenty of them, to gather it in to be ginned.

But our problem is being solved by the school kids who go out each afternoon and gather the cotton, by the school trustees, who make it possible for the kids to go, by closing school each day at noon, and by farmers who provide the transportation to and from the fields, and who pay enough to make it interesting and worthwhile.

Again we say "Hats Off" to you. You're all three good soldiers on the home front—you're helping to provide much needed material for clothing, ammunition and food stuff to our fighting forces and our allies. You're helping win the war!

Mrs. Walter Hord, Editor, the Woman's Page -:- Ph. 363-J

Attends Wedding Of Soldier Son

Mr. and Mrs. Lewis H. Bates were called to Littlefield to attend the wedding of their only son, Lt. Crawford H. Bates, held there at 9 o'clock Wednesday morning of this week.

Lt. Bates had just returned on a 30-day furlough last Saturday morning from the Southwest Pacific war theatre, where he had spent some 30 months. For some time now, he has been a member of General McArthur's staff, as an intelligence officer, but in the early stages of the war in the islands, was on combat duty with the field artillery. His uniform carries indications of three major engagements and two presidential citations. His headquarters are now in the Philippines.

His bride, the former Miss Louise Whitaker, is the daughter of Mr. and Mrs. L. K. Whitaker of Littlefield. Mr. Whitaker has been manager of the Cicero-Smith lumber yard there for many years.

Lieutenant and Mrs. Bates are now in Santa Fe, New Mexico, leaving for that place just following the wedding.

CHURCH OF CHRIST BIBLE STUDY

Mrs. Roy Collier taught the Bible lesson, the first and second chapters of Timothy, in the absence of the pastor, when 15 ladies met at the Church of Christ Tuesday afternoon at 3 o'clock.

Special work day will be the second Friday in November with Mrs. Asa Oliver.

BIRTHDAY DINNER HONORS MRS. I. H. MILLER

Mr. and Mrs. Nathan Evans were host with a dinner last Sunday in honor of Mrs. I. H. Miller, mother of Mrs. Evans, to celebrate her birthday.

Guests were Mr. and Mrs. Elco Evans, Mrs. Miller and sons, Glen and Sgt. Edsel Miller, Mr.

M. PRICES HOST WITH DINNER

Mr. and Mrs. Money Price were hosts with a dinner Tuesday evening honoring their son, Buell Price, Phm. 1/C, who left Wednesday for Spokane, Washington, to visit before reporting for reassignment in San Diego, Cal.

Guests at the dinner were Dr. and Mrs. E. C. Davis, Mr. and Mrs. Roy Wingerd, Mr. and Mrs. Kyle Graves, Mr. and Mrs. Gay Price and Mrs. Joe Price.

DELEGATES TO ATTEND MUSIC CONVENTION

Mrs. J. M. Teague, jr., secretary of the 7th District Music Federation of music clubs and president of the local music club, will attend the annual convention in Lubbock November 1. Others to attend from here are Mesdames E. E. Hancock, H. B. Huber, A. A. Brian, D. P. Carter, and Mrs. W. H. Dallas, member of the district and state boards, and past-president of the state federation. Mrs. Dallas will present the junior music club from here.

JAY DENTON HONORED ON BIRTHDAY

Mrs. T. H. McIlroy and daughter, Ina Ruth, entertained with a birthday dinner and theatre party Sunday afternoon for Jay Denton on the occasion of his 17th birthday anniversary.

Those present were Howard Wayne McIlroy, Alfred Bond, Wayne Brown, Ruth Wendhausen, Frances Lewis, Glenna Winston, Morgan Copeland, Gloria Hughes, and Jay and Daina.

Mrs. Clyde McLaughlin and Cherry visited their aunt, Mrs. Joe Harper in Childress last week.

ROY HERODS HOST WITH RANCH STYLE DINNER

Mr. and Mrs. Roy Herod were hosts last Thursday with a ranch style supper served buffet style in their home in the Herod addition.

Those enjoying the dinner and visiting were Messrs and Mesdames Roy Wingerd, Mon Telford, Kyle Graves, Troy Noel, John O'dell, Tobe Gillham, Lee O. Allen, and Mmes Sharleen Schillinger, Virginia Zorns and Sue Christopher.

LOS AMEGAS MEETS WITH MRS. McDUFFIE

Mrs. Dick McDuffie was hostess to the Los Amegas club last Thursday evening with games of bridge at her home.

High score was awarded to Mrs. Glen Akers and second to Mrs. Ike Bailey.

Chicken salad, lemon chiffon pie and cokes, were served to Mesdames Slick Collins, Spencer Kendrick, Ike Bailey, Lal Copeland, Orb Stice, Earl Anthony, Tommy Zorns, Evert Latham, Akers, Truett Flache, Arthur Sawyer and James Kincaid, and Mrs. Evans and family.

DANCE HONORS BUELL PRICE, PHM. 1/C

Buell Price, Phm. 1/C, who has returned to the states after 21 months of foreign service, was named honoree at a dance given Monday evening at the American Legion hall with Messrs. and Mesdames E. C. Davis, Roy Wingerd, Roy Crosby, and Jot Akers as hostess.

LA FEISTA MEETS IN SEAGRAVES

Mrs. D. Joplin of Seagraves was hostess to the La Feista club Tuesday evening with games of gin rummy.

A cheese plate, snacks and cold drinks were served to Mesdames Cotton Neely, Ralph Ferguson, Gene Gunn, Ray Haley, and Terry Redford.

DELTA HAND BRIDGE CLUB MEETS WITH MRS. BROWN

Mrs. Wayne Brown was hostess to the Delta Hand bridge club last Thursday evening, with games of bridge.

A sandwich plate and coffee were served to Mmes. Ed Mayfield, C. L. Aven, Crawford Burrow, B. Hahn, Alfred Mangum, Mike Blair, Jack Benton and Brown.

JUNIOR MUSIC CLUB ORGANIZED OCT. 16

The Treble Clef Music club, composed of young high school girls, was organized October 18 in the home of Mrs. W. H. Dallas and federated, becoming a vital part of the 7th District Federation of music clubs.

The officers of the club were elected as follows: Jean Garnet, president; Charlotte Bennett, first vice-president; Cheezy McSpadden second vice-president; Etta Lou Miller, secretary and reporter; Norma Cary, treasurer; Delores Gillham, critic; Mary Edna Tankersley and Joan Watts on the program committee. Mrs. Flem McSpadden is sponsor and Mrs. W. H. Dallas, counselor.

Lubbock will be hostess at a convention of the federated music clubs of this district, which comprises 49 counties of West Texas.

The club girls will sing November 1 in Lubbock where musicians will convene at the Lubbock hotel ballroom. Ms. Joseph M. Perkins, state president at Eastland, Texas, and Mrs. C. N. Holt, district president, will present plans for the clubs.

Membership of the Treble Clef are Jean Garnett Bennett, Jean Craig, Delma Green, Etta Lou Miller, Norma Cary, Judy Griffin, Mary Tankersley, Joan Watts, Delores Gillham, Cheezy McSpadden, and Norma Newman.

PLEASURE CLUB MEETS WITH MRS. BOWMAN

Mrs. J. T. Bowman entertained the Pleasure club with games of bridge Wednesday evening at her home, 104 East Main.

Those present were Mesdames Joe Shelton, Mike Barrett, C. C. Primm, Lee Brownfield, Gene Freeman, E. L. Sturgess, Lal Copeland, J. L. Cruce, Jake Gore, Jack McLaughlin, Ruth and Miss Gertrude Jones.

Mrs. Cranford, Stanley Bow and Mrs. Pritchett, are new readers.

ALPHA OMEGAS MEET WITH MRS. CATES

Mrs. P. R. Cates was hostess to the Alpha Omega Study club Tuesday afternoon in her home on West Tate street.

Mrs. V. L. Patterson reviewed the book, "The Curtain Rises," and Mrs. Ruth Huckabee reviewed the life of the author, Quenton Reynolds.

Congeeled salad, tuna fish sandwiches, potato chips and hot coffee were served to Mesdames Lee Brownfield, Virgil Burnett, Finis Carter, Jake Gore, Jack Hamilton, Roy Herod, Walter Hord, Ruth Huckabee, N. L. Mason, J. L. O'dell, V. L. Patterson, David Pinkston, C. S. Tarpley, Sam Teague, Jack Ellis, Martin Kirchner, and three guests: Mrs. T. E. McCollum, Truett Flache, and Bill Webb.

SUB DEBS MEET WITH SPONSOR

Mrs. Aggie Thornton was hostess to the Sub Deb social club Tuesday afternoon at 5:30 o'clock in her home on East Tate street.

A regular business meeting was held and cokes and cheesettes were served to Glenola Murphy, Gloria Hughes, Frances Lewis, Ruth Windhausen, Charlie Mae Harold, Nita Chaffin, Margaret Glandon, Tressie Stockton, Chloe Marion Schmidt, Patsy Ferguson and the other club sponsor, Miss Evelyn White.

Thomas Webber, barber in the U. S. navy, is spending his leave with his mother, Mrs. C. C. Webber, and his sister, Mrs. E. W. Weldon. Webber has been in foreign service for 21 months and has seen quite a bit of action. His sister, Mrs. J. W. Martindale, and sister-in-law, Mrs. A. J. Webber, of Denver, Colorado, are expected to visit here while he is here.

Lt. Thomas T. Kizer wrote his wife, Mary, that he was still in Italy and that he participated with breaking through the Gothic line. Lt. Kizer is in the field artillery battalion of the 85th infantry division. He wrote that he had been invited out to dinner with an Italian family and had plenty of vino.

Mrs. M. E. Brewer is leaving today to visit her husband, Sgt. Brewer, in Albuquerque, N. M.

Cpl. Leldon Miller Receives Awards

The following was relayed to us by the Meadow Postmaster, from the War Dept. Public Relations Office.

Fifteenth AAF in Italy—Cpl. Leldon P. Miller, 27, of Meadow, Texas, truck driver in the 15th Air Force Flying Fortress Group, now is the proud possessor of the blue ribbon, signifying that his unit, the oldest heavy bombardment group in the European Theatre, has been cited for "heroic performance of duty against the enemy."

The action for which his unit was cited, occurred on Feb. 24, of this year, when they led the heavy bombers of the 15th Air Force against the aircraft factory and installations at Steyr, Austria.

Corporal Miller is a graduate of Roosevelt high school, and was employed as a farmers before entering the Air Forces. He entered the army in February of last year and has been serving overseas for the past four months. He has been awarded the Good Conduct Medal and the European - African - Middle East Theatre Ribbon.

Mr. and Mrs. Jim Bob Beck and two sons, of El Paso, came in Wednesday to visit part of a 15-day furlough with his parents, Mr. and Mrs. J. M. Beck. Beck has been transferred in the medical corps in Fort Bliss after being a military police for about three and one-half years.

Mrs. Wm. Curry (Betty Longbrake) dropped in this week to get the Herald started to her husband, Cpl. Curry. "Red," as most here knew him, was a former employee of the Herald, and is now back in the Southwest Pacific, for the second time.

Gene Gunn has been awarded a trip to Akron, Ohio, to attend a Goodyear Tire and Rubber Co. meeting. He will leave in the morning.

Lt. Jim Neill Visits The Home Folks

Lt. Jim Neill, with the Air Corps Base at Kingman, Ariz., with his wife, the former Miss Van Clark, of Lamesa, came in early this week to furlough with his parents here, the Geo. W. Neills.

Jim was born and raised in Brownfield, and graduated from the local high school, and at the Texas Tech at Lubbock, and was a star player on both football teams. He is well known to fans all over west Texas. He coached at the Lamesa high school for 2 years before entering the service over two years ago.

He is an engineering instructor, specializing in hydraulics in bomber planes, at the Kingman base.

Robert Thompson met his brother, Lt. Vernon Thompson, USNAC, in Amarillo Sunday. Lt. Thompson and his wife of Hollywood, California, visited in the Thompson home Tuesday. He will return to the headquarters office of the occupied countries. Also visiting in the Thompson home Tuesday were Mr. and Mrs. Steven Thompson and child of Big Springs.

James Larry Miller, son of Mr. and Mrs. Jim Miller, has received a New York APO address, so he is probably across by now.

Army Troop Movem't Through Town

Though our little city is one of the most progressive in the state, but being off the military path, witnessed an interesting sight on Monday when a large convoy of army trucks and troops sped on through town.

It was a well-equipped army in transit, with kitchens in operation, as they moved.

Rudolph Gracey is here this week visiting his parents, the John Gracays. He has just finished cadet training in naval aviation at St. Mary's college, Berkeley, Cal., and will return there for post-graduate work.

Watch for date of "Breakfast at Sardy's" to be here in Brownfield soon.

FLOWERS

Life is not completely happy now, for the mother whose boy is away in service. But you can add one cheerful note . . . SHE always loves getting flowers!

NATIONAL APPLE WEEK

OCT. 28-NOV. 4

Since 1905, Hallowe'en has been celebrated as National Apple Day, and in 1920 Apple Week was inaugurated. With the return of peace it will again become International Apple Week . . . a week in which to pay tribute to the virtues of the Apple-King of Fruits!

Jonathan - the Hallowe'en apple - tart and crisp, with a special flavor all its own, makes a perfect sauce or pie, and is a wonderful lunch box, salad or eating apple.

Again we celebrate a bountiful harvest, and again good quality apples are available. For the sheer joy of having abundant supplies, in contrast to the shortages of last season, it's nice to say, "Eat an Apple every day!"

SOCIAL FOR CHRISTIAN ENDEAVOR

Young people met at the Manse after evening services for Fellowship Sunday evening. Those present were: Cheezy McSpadden, Ida May, Lois June Brown, Gertrude and Christova Akers, Nancy and Francis Weir, Jack and Bill Hamilton, Frank Gorton, Mrs. Flem McSpadden and Rev. and Mrs. Joe P. Murphy.

BAPTIST W. M. U. HAVE MEETING

All circles of the First Baptist business meeting. All circles of the First Baptist Church met at the church Monday afternoon for the monthly business meeting. The business meeting was then had by the twenty members present.

Mrs. Margaret Barton has moved to Stephenville, Texas.

Eli Perkins To Be On Herald Staff

Many readers of the Herald will remember Eli Perkins, who worked for the Herald back in the early thirties for some three years. Well, he and family are to be here some time this week to take the load off a badly over-worked crew of the Herald, as linotype operator and what have you, for "Perk" as he was called here, knows it from A to Z, and really learned to be an operator right here in the Herald office.

From a substitute on the Lubbock Avalanche-Journal, he got a full time take on the Amarillo Daily Times, when it was established about 1935 or 1936. He worked on this paper some three or four years, and transferred to the Amarillo News-Globe, which position he held some two years before going into war work in California. But he wanted to come back to Texas, and Brownfield in particular.

The Herald is also glad to announce that Mr. Lewis H. Bates, who has been keeping our head above water for the past several months, when hands could not be had, has consented to remain with us through the fall and holiday season, at least, most of the time. With these two fine printers on the job, the Herald can go back to taking job work, much of which we have had to regretfully turn down of late.

HARMONY HD CLUB

The Harmony Home Demonstration club met in the home of Mrs. W. A. Smith October 19. Miss Reese, our county agent, gave a very interesting talk on "How people should dress on different occasions."

We had 15 members present and each one promised to make one dozen sandwiches to send to the USO at Lubbock when they entertain our soldier boys. Please carry these to 106 East Broadway at the home of Mrs. Jack Stricklin, sr., on October 28th, very early in the morning.

We also cut patterns for a purse. Our next meeting will be at the home of Mrs. R. E. Townzen, Nov. 2, and we are urging each member to come and bring some one with you, as we are to discuss our Christmas party and dinner that will be held at the home of Mrs. Bartley.

Don't forget that Tuesday of each week is our day to roll bandages at the Red Cross. Who knows, it may be your boy, or mine, that we will be working for, so let's not neglect doing our part.

Refreshments of cake, coffee and hot chocolate were served and members present were: Miss Reast, our agent, Mesdames Paul Gracy, Jewel Bell, Gill, Ellis, Murray, Kissinger, Bartley, Hogue, Brigance, John Gracey, Miller, Townzen and the hostess.—Reporter.

Carrier J. H. Carpenter of Rt. 1, dropped in his 1944-45 dollar in the till, this week.

DO "PLATE-SORES" BOTHER YOU?

Two Little Known Proposals

When Texas voters go to the polls on Nov. 7, they will be confronted with one ballot of whose subject matter most of them will be serenely foggy if not blissfully ignorant—unless a good deal of educating is done in the next three weeks.

That ballot will present two proposed constitutional amendments. Neither of them have much general interest, but both are important. In fact, all alterations of the State's organic law are important. Therefore it is the voter's solemn duty to understand them in order that he may pass intelligently upon them.

One of these amendments would empower the commissioners court of each county (subject to property taxpayers' approval by vote) to reallocate county tax levies in such ways as will enable the county to make better use of its tax funds.

Away back in 1906 a constitutional provision was adopted, authorizing property taxes not to exceed 80 cents on the \$100 valuation, and limiting the levies as follows: 25 cents on each \$100 valuation for general county purposes, 15 cents for roads and bridges, 15 cents to pay jurors, and 25 cents for permanent improvements.

Conditions have so changed during the past 38 years that these allocation restrictions do not fit present needs. And the proposed amendment merely permits the commissioners court to reallocate and change various rates for the specific purposes—without changing the over-all tax limit of 80 cents for all purposes. And before a commissioners court might change the allocations, the qualified property taxpayers would have to give their approval by majority vote at a special or general election. Under the proposed amendment such changes, if thus approved by the taxpaying voters and made by the commissioners court, would remain in force and effect for only six years, unless again approved by the taxpaying voters.

This proposal was submitted by unanimous vote of both houses of the Legislature. Its desirability is so obvious to anyone who understands it that there should not be a single vote against it.—Houston Post.

Marion Bowers will fly to Amarillo, Sunday, where his parents, Mr. and Mrs. Bob Bowers, will meet him to return here to spend several days visiting. He is in the Navy V-12 Unit, in the University of Illinois.

POT LUCK DINNER AT PRESBYTERIAN CHURCH

Members of the Presbyterian church met last Tuesday evening at 7:30 o'clock for a pot luck dinner and a congregational meeting. The business of the meeting was to officially call the pastor. Rev. Murray of Lamesa, was moderator of the service.

The Senior Christian Endeavor decorated the hall, and enjoyed a social after the meeting.

LOOKING AHEAD

BY GEORGE S. BENSON
President, Harding College
Searcy, Arkansas

To Stop Waste

Ordinarily people think about taxes as having one purpose: namely, raising money to meet government expenses. But the day has come when getting revenue is only one of the purposes of taxation, not necessarily the main one. A chief reason for collecting taxes these days is to defeat inflation. Inflation is a sharp rise in prices resulting from spending power that people have over and above the available supply of things to buy.

If America's only aim in taxation were paying for the war, we would have to admit failure, for Uncle Sam is borrowing 60 per cent of the war's cost each year, raising only 40 per cent in taxes. All serious students of government money matters admit that current taxation is, in large part, to cut down Mr. Consumer's big, war time spending power so he won't be bringing greater inflation upon himself by paying outrageous prices for the few things left to buy.

Control Spending

Any time the majority of a nation's people serenely bid higher and higher prices to satisfy their wants just because they have more money than they are used to, that's when inflation is out of control. Such trends have to be stopped before they gain momentum, and there are two ways to do it: (1) persuade people to save and (2) tax their spending money away from them. The plan our government has been using is a combination of both, and it's not all that might be desired.

The savings idea has worked better, taking the form of war-bond sales. Bonds have been sold but entirely too many have been bought by banks; too few by private investors. The taxation feature of America's fight on inflation has been hardly more than half effective. Office holders with elections in mind are usually very slow to put taxes where they belong.

Double Dealing

Probably you have heard it said that the only good place for a car-puncle is on somebody else. The same rule seems to apply to taxes in the United States. No office seeker ever boosts a tax bill that hits a majority directly. He tries to make every tax look like it's on somebody else. Of course taxes finally settle in the majority every time, but the principal ones are disguised so the voter is not aware that they are axes.

The orthodox method of setting up revenue plans in the United States has been to fasten as much direct tax as possible on minority groups and hit the heavy voting elements as lightly as possible. By this system a great many taxes have been levied that help not one bit in the fight against inflation. Taxes levied against corporation incomes provide in example. Such taxes raise money (truly) but they don't touch inflation.

And Here Is Why:

Not since Pearl Harbor have corporations been allowed to compete with each other in buying goods. They are controlled by priorities, which amount to 100 per cent rationing. Thus controlled, corporations can do exactly nothing to create runaway prices. All they can do with net profit, if any, is pay it out in dividends to stockholders or save it against that post-war "rainy day" by buying war bonds.

One of America's financial problems is to slow down the circulation of over-active money; money that's being wasted because it is not being nearly what it's worth. Saving, especially by buying war bonds, will do the trick because saving retards circulation, but not enough people really want to save. A sales tax would stop much foolish spending and make people save, but it would be a departure from our traditional hidden methods of taxation.

Fats For Manila

Col. Carlos Romulo of the Philippine Army, former aide to General MacArthur, and last man off Bataan, recently appointed Philippine Resident Commissioner, here examining a 30 caliber carbine rifle, urges American women to save used household fats to help replace fats and oils formerly imported from his native land. Used fats are needed to make munitions and medicines he points out.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

HELPS MAKE EXPLOSIVES

Postwar Farm Science to Advance

SCHENECTADY, Oct. 25—Because "during the war years there has been more research in agriculture than ever," Dr. William Pearson Tolley of Syracuse, N. Y., chancellor of Syracuse university, said in a General Electric Farm Forum address here that "in the postwar period the geneticist and plant breeders promise even greater advance."

"Colchicine promises to be as revolutionary in plant science as penicillin and sulfa drugs are in the practice of medicine," he pointed out. "It double packs inherited factors into plants, develops hybrids of exceptional vigor, hardiness and disease re-

sistance, and greatly increases growth."

"Dr. Tolley also mentioned that "our farmers know that after the war we shall have abundant supplies of cheap nitrogen. Thus our crop rotation and systems of farming may need restudy."

"The new world of plastics may also relate agriculture more closely to industry as the source of raw materials," he continued. "Wood lots or tree farms will be of increasing importance and more and more agricultural products will find pharmaceutical and industrial use."

Mrs. J. F. Brock returned to her home in Duncan, Oklahoma, this week, after spending three months here with her sister, Mrs. W. L. Cousineau.

Cheese and Ice Cream Show Huge Gain

AUSTIN, Texas, October 25—Production of two Texas dairy products—American cheese and ice cream—continued to show a substantial gain in August, 1944, as compared with August, 1943, the University of Texas bureau of business research reports. Creamery butter output continued less than that of a year ago.

Gain in cheese production for that period was 22.9 per cent, and gain in ice cream production was 3.4 percent, while the loss in creamery butter production was 22.1 per cent, the figures show.

Cheese production totaled 1,621,000 pounds in August, an estimated 2,792,000 pounds of creamery butter was produced in

Airplane Stamp 3 Good For Shoes

Airplane stamp No. 3 in War Ration Book three may be used for buying one pair of shoes, beginning November 1, 1944, the Office of Price Administration has announced.

The new stamp, like Airplane Stamps 1 and 2 now in use, will be valid indefinitely.

Announcement was made September 28 that another shoe ration stamp would become valid on November 1 continue the rationing rate established a year ago, when Airplane Stamp 1 came into use. Since November 1, 1943 shoe stamps have been validated at six-month intervals.

S2/C Utah Eicke called his parents Mr. and Mrs. E. N. Eicke, Friday night that he had landed back in the states and would be stationed in San Francisco, Calif., probably for the duration. Since he was home on leave last summer, he has been on the Hawaiian Islands.

Armageddon In High Gear

The remark that Hitler, in inventing mechanized warfare, "came right down our alley," is a rank understatement. The Yankee genius for mechanization has amazed the most imaginative production experts. Even yet, Wonderment is expressed as to how it has been possible to maintain supply lines to the far-flung allied armies on the European continent.

Warren G. Platt, editor of the National Petroleum News, after a visit to the combat areas of France, gives at least a partial answer: "I have just returned from a two day trip—For most of the 500 miles covered in those two days we had to fight our way along side truck convoys moving at speeds of 40 to 45 miles per hour and sometimes even 50 miles per hour. These were not just the lighter trucks, but the regular 2½-ton and heavier trailer type trucks and even trucks with extra full trailers hooked on behind. . . . All handled just three classes of freight, ammunition, gasoline and food. . . . These convoys filled the roads miles on end.

"The trains with the aid of additional cars and engines from England, are being used to their maximum. Engineers are rebuilding bridges on railroads and highways as fast as the railroads and trucks can bring the pipe and pumps.

"To this mighty drive of the greatest fighting power in all history, the oil industry is contributing more than 2,000,000 gallons of aviation and motor fuel every day."

How that fuel is produced is another story. Yankee ingenuity has truly put Armageddon in high gear.

Your Vote Does Count

If someone with a lot of enterprise and energy were to take a poll of all persons who did not vote in the last national election and ask them why they did not vote, the answer would probably be something like this: "I just didn't think my vote would make much difference in one way or the other in such a big election."

Even in a democracy where one man's vote counts as much as another, and where national elections have been decided several times in the past by a mere handful of voters, this type of thinking still prevails among many persons. Nothing could be further from the truth. Let us examine a few close elections in our country's history for proof.

In 1884, in New York state, which then had an electoral vote of only 36 as compared to its 47, was the deciding state in the contest between Grover Cleveland, the Democratic candidate and James G. Blaine, the Republican candidate. Cleveland polled 563,154 votes to Blaine's plurality of 1,149.

If a majority of these 1,149 voters—or 575—had voted for Blaine instead of Cleveland, the Republican candidate would have had a plurality of one vote over his opponent and New York would have gone Republican. It is easy to see from these figures that a few votes make a lot of difference in some elections.

In 1916, with the United States closer and closer to the war raging in Europe, the November election was the closest in many years. Woodrow Wilson running for a second term against Charles Evans Hughes, the Republican candidate, went to bed late election night apparently a defeated man. The electoral vote stood thus: Republicans, 254, Democrats 264. The report was, however, that California, where the outcome was in doubt, would go Republican. That meant that California's 13 electoral votes would be added to the Republican total of 254, making 267, or enough to carry the election.

Not until the next day did the election count in the western state show that the Democrats won by 466,200 to 462,394—a plurality of only 3,806. A switch of 1,904 Democratic voters in California to the Republican side in this election would have meant that Charles Evans Hughes would have been the war president instead of Mr. Wilson.

Hardly a day goes by that the newspapers do not report an election in some community so close that a shift of only a few votes would change the results. The balance of power in an important issue therefore often is invested in one or two persons.

It is not likely that as a voter you will be the deciding factor in this or any other election. But the fact remains that individual votes do make up the total and the total decides the election. And your vote counts as much as anyone else's. It is not only your privilege, but your duty to vote Tuesday, November 7. As a good citizen you should do nothing less.

Classy Cotton

Merle Oberon, currently appearing in Columbia's "A Song to Remember," is shown wearing a gold cotton velveteen hostess gown with wide skirt. The gown has self lapels and collar, and the bell sleeves are edged with wide sable cuffs.

Tech Homecoming Day November 25

Lubbock, Oct. 25.—Annual Homecoming day at Texas Technological College has been set for Saturday, November 25. That afternoon the Tech Red Raiders will play a football game with Southern Methodist University Mustangs in the Tech stadium. Original date set for the event was Nov. 18.

The Tech Alumni and Ex-students association has planned a noon buffet luncheon for all alumni and ex-students at the Hotel Lubbock from 11:30 to 1. This event is sponsored by the Texas, New Mexico and Oklahoma coaches and the Lubbock Bus company.

Probably one thousand exes are expected to attend the luncheon.

An all-college Homecoming dance in the Tech gymnasium will be given from 9 to 12 that night. This dance will be sponsored by La Ventana, college year book. One of the features of the evening will be announcement and presentation of the eight young ladies who have been chosen as college beauties for the year.

Pfc. Earl Denton, Hospital Cook at Camp Lee, Virginia, is home on furlough. Pfc. Denton was employed at Knight Hardware before induction into the army last spring.

ARMY SERGEANT SAYS GI'S WANT ROOSEVELT

"This is no time to swap horses," says Sergeant Max Powell of Sullivan, Ind., for months with the American forces in Italy. "I understand," says Sgt. Powell "that the Republicans are going to try hard to put Dewey across, from what we hear from over here on this side of the pond."

"Well, I sure hope the boys over here get to vote, for if they do, you can sure count on F. D. R. still meeting with Uncle Joe, Churchill and the rest. The biggest percentage of the boys want Franklin D. Roosevelt right back in there.

"The soldiers feel that this is no time to put in some untried person to mess up the works. We are now heading toward victory and we certainly don't want to rock the boat. That's the way the boys feel."—The Hoosier Sentinel.

NAVY DAY
October 27th

TODAY WE HONOR OUR GREAT NAVY!
Through its powerful skill we have been able to keep the fight away from our mainland. Its cooperation with our army, air corps and marines have dealt the enemy many hard blows. We should give thanks, not only this day, but every day, for the strength of our navy, and to the men who are giving their lives that our's may be spared. But our thanks is not enough—we must give our dollars, too. **KEEP THEM AFLOAT. BUY WAR BONDS AND STAMPS!**

I GIVE YOU TEXAS

You pick up a lot of interesting, if not usable information from an encyclopedia.

For instance the castor oil plant is a native of India, and a lot of little boys wish, no doubt, that its products had all been kept in India.

The Emperor Montezuma of Mexico drank hot chocolate over 300 years ago.

And cochineal is a dye material of bright crimson and consists of the dried bodies of female insects that feed on cacti in the tropics, and it takes 70,000 of them to make a pound of dye. Count 'em yourself, if you doubt it.

Abe Martin—now there is a writer for you! All he had to do was write two short sentences a day for his humorous feature which appeared in so many newspapers. One of his best ones was written after Harding was elected President and the country was having a depression. Abe wrote, "Farmer Jones was in town Saturday and bought a pair of pants with \$3 he had left over from the Woodrow Wilson administration."

Which calls to mind an incident during Hoover's administration when there was a depression on, toads you perhaps recall. At that time, I was an editor of a paper in West Texas and one day this letter was received from a farmer:

"Dear Editor: "I read in your paper about a year ago that Andrew Mellon, Secretary of the Treasury, was going to call in all the big paper money and substitute small paper money for it.

"Did he ever do it?" And that reminds me of the story about President Hoover who, it seems, was walking down the street with Secretary Mellon and said, "Andy, let me have a nickel. I want to call up one of my friends." Mellon replied, "Here's two nickels; call up both of them."

You Don't Get A Full Ration Book when You Lose Yours

War Ration Books III and IV, when issued to replace lost or destroyed books, will not necessarily contain the same number of stamps that were in the books at the time of their loss or destruction. Miss Opal L. Wood, Food Rationing Officer of the District OPA has announced.

Heretofore, since all stamps are valid indefinitely and since it is difficult to prove the actual number of stamps contained in a book at the time of loss or destruction, replacement books were issued with little or no tailoring. As a result of this, some people were receiving books containing more stamps than were in the books at the time of loss.

Effective October 20, 1944, local War Price and Rationing Boards will, before issuing a new ration book, remove all expired stamps and all currently valid stamps that were valid on the date of application, except the last stamp or series of stamps that became valid on or before the date of application for the new book.

In this way, even though the applicant may receive fewer stamps than were in his lost book, he will still receive a sufficient number of stamps to enable him to buy enough rationed foods and shoes for his needs.

1/C Petty Officer and Mrs. Tohe Gillham left last Friday to visit his sister, Mrs. Tracy Cary in Pampa, before going to his new post in Florida.

Pvt. Wayland Draper of Little Rock, Ark., is visiting his parents Mr. and Mrs. J. B. Draper of Rt. 2, and other friends and relatives.

Pfc. and Mrs. Haskell Harris visited in the homes of David Pinkston and Bo Moorhead, here last week.

Behind The Speeches

After listening to a few of the "debates" between major party leaders in the pre-election campaign the natural reaction is awe, the natural reaction is awe. How does it happen we are winning the war if the charges of the political incompetence on both sides are anywhere near true? As a matter of fact, we would not be winning the war if our fate had been left to the foresight and initiative of any political party. We are preparing for the war in ways the politicians never dreamed of, long before Pearl Harbor. The array of armaments and supplies that American factories were able to turn out after our peril was generally recognized, was not due to any previous planning by either party.

For example, very few persons considered the problem of fueling, which the sudden appearance of American air armada presented to the oil industry. If the industry had been unprepared when this armada became a fact, not a plane would of left the ground for years. However, as the annual report of one oil company points out, the development of high test gasoline for the planes that are today wrecking Germany, began in the laboratories of the oil companies many years ago. It says: "Two days after Pearl Harbor, the Office of Petroleum Coordinator called aviation fuels to Washington. Each producer was asked what his company could do in the emergency." This company, like others, revealed that it was producing a high octane ingredient suitable for 100 octane aviation fuel. The production was immediately available to the government.

Barbara Luddy, feminine head in "Road of Life," has been called "Queen" by thousands and thousands of her admirers. She is 38, single, and is just plain Barbara. She is in any man's language. The attractive Barbara stands on a specially constructed box in order to reach the studio microphones.

Yanks In Field To Get Thanksgiving Feast

Paris, Oct. 14.—Yankee soldiers in the field will put aside K-rations for Thanksgiving and dig into a real menu.

The Army today announced this gastronomic treat for the GIs.

Breakfast: Grapefruit sections, cereal, milk, grilled pressed meat, fried and scrambled eggs with buttered toast and coffee.

Dinner: Roast turkey with giblet gravy and sage dressing, mashed potatoes, glazed sweet potatoes, peas, carrots, cranberry jelly, pumpkin pie, hot buttered rolls, coffee, candy, apples and oranges.

Supper: Cold sliced lamb, vienna sausage, lyonnaise potatoes, cole slaw, spinach, peaches, cookies, bread and butter and cocoa.

Mr. and Mrs. Harvey Gage and Mr. and Mrs. Roy Jenkins visited Sunday in the home of Mrs. Gages mother, Mrs. S. J. Billings, in Whitharrel, and Miss Christine Chandler visited in the home of Mrs. Guy Chastain, also in Whitharrel.

Mrs. Paul Farrar returned to her home in Abilene Sunday, after visiting her sister, Mrs. Dennis Lilly.

LIFE'S Little TROUBLES

-CAN'T SLEEP-
No need to lie in bed—toss—worry and fret because CONSTIPATION or GAS PRES-SURE won't let you sleep. Be sensible—get up—take a dash of ADLER-I-KA

to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adlerika assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun. Caution, use only as directed. Get Adlerika from your druggist today.

The Woman Listener

By Sally Welles

Frank Martin, announcer for CBS' "LOVE A MYSTERY" amazes his friends these days with a growing collection of conversation stoppers. Here's one: "How much is a billion dollars really in, Sally? It's a lot of business in the rear one with a billion dollars in the bank and you're a very rich businessman and you're a very rich businessman and you're a very rich businessman."

It seems to us that the old adage "mother knows best" may well be true. Fathers are apt to make mistakes.

Claudia Morgan, who plays "Tara" in the "Life Can Be Beautiful" program, has found his ability to speak English with ten different accents a handy talent on awkward social occasions. "Trying to get some much-needed rest on a recent weekend he found himself constantly interrupted by well-meaning vacationers. The first lady who began a conversation was answered with a thick French accent; the second was given a sampling of a heavy Russian dialect. A third, hopeful, was thrown into utter confusion as Ralph tried out his Chinese. Locke, who has been an actor for forty years, picked up his knowledge of dialects by imitating waiters in foreign hotels.

Programs come and programs go but "The Goldbergs" seem destined to go on forever. Now in their fifteenth year of broadcast, link author-director and star, Mrs. Gertrude Berg says the show owes its success to a simple formula. Realism. Visitors to the studio are often startled to see saucers, a portable stove, dishes, eggs or a piece of fish being carried through the corridors. But if the script calls for fish or eggs to be fried, fried they are and in the studio.

Mr. and Mrs. J. H. Fisher, long time stock and farm people of Terry county, left last week to make their home in California, at least for the duration. They left the latch string on their door, as they might want to use it themselves.

Mrs. Jake Gore and Miss Gabelle Newman attended the area Home Economics meeting in the Lubbock High School building, Saturday.

NEW PLASMA TECHNIQUE FOR WOUNDED

Schenectady, Oct. 25.—A new technique has been developed in combat areas whereby blood plasma is administered in four places in a man's body simultaneously, in order to get it into him quickly, enough to save his life, it was reported in a General Electric Science Forum address here by Lieut. Allan Fisher, U. S. Navy surgeon assigned to the Schenectady Red Cross donor center.

"One bottle of plasma is fed into each arm and one bottle is fed to the patient in each leg," said Lieut. Fisher. "That should give us some idea of the importance of speed in administering plasma."

"I know of many traumatic shock cases where if plasma is administered within 35 minutes a life is saved, an hour would be too late," he pointed out. Lieut. Fisher has seen extensive combat service in Mediterranean theatre and received his combat citation for saving the life of one man, according to Lieut. Fisher.

Cases of shock, loss and other conditions are not at all uncommon," he explained. "As a matter of fact, because of this, our packages are now being made up with full quarts of plasma rather than quarts because a quart is so seldom enough to do the job."

As many as 10 pints have been required to save the life of one man, according to Lieut. Fisher.

Plasma is a liquid that is found in the blood. It is the fluid part of the blood and it is what carries the red blood cells and the white blood cells. It is also what carries the oxygen and the nutrients to the cells of the body.

Isbell to Locate Surveying Crew

Terrill I. Isbell, local engineer, has announced that he is bringing a surveying crew to Brownfield, to be permanently located, and as we understand it, will cater to both private and company work.

Heretofore, this section has always been obliged "to send off to Searsmonkeyback" for a bit of surveying or engineering work. Now that we have an engineer located, let's use him so that we will always have one handy if needed.

Former Local Man Killed in Car Wreck

R. W. Rutherford, 55, manager of Cobb Department Store at Littlefield, was instantly killed near Crosbyton, last Friday, when the car he was driving skidded on a truck. His nephew, Hubert Rutherford, manager of the same company's store at Muleshoe, was injured.

Rutherford and family lived in Brownfield for several years when he was manager of Bird & Dean, one of the earlier larger stores here, and with other dry goods concerns. He was held in high esteem by all who knew him.

He is survived by his widow, one son, Randolph, in the navy at Seattle, and one daughter, Mrs. Douglas Howell, of Arizona.

Brownfield FFA Elects Officers

The Brownfield FFA Chapter, with 65 members, has elected the following officers for the year:

President, Dale George; V-P., Alfred Bond; Secretary, Wayland Sanders; Treasurer, L. G. Chambliss; Representative, Gene Walker; Sentinel, Curtis Chambliss; Parliamentarian, Kenneth Burke; Historian, Carol Brignace. The chapter also has the honor of having the area Vice-President, Willard Brock, and the District Treasurer, Billy Winn. Both of these boys received the Lone Star Farmer degree last year.

The members will have a large, well balanced project program this year. Many of the boys are harvesting their cotton and feed crops for a nice profit. They have on feed 40 pure Hereford calves, which they are looking forward to showing at the Junior Chamber of Commerce Calf Show next April.

The members now own ten registered gills and are going to buy many more. Several boys have baby chicks, hens, dairy heifers and feeder pigs for their projects. All the boys try to add to their project program and the above projects will be greatly increased before the year is finished.

Have you baked your cake for U. S. O. Saturday?

Brownfield Cubs Win Over Hobbs

The Brownfield Cub Hi School football team, unbeaten and tied once by Lamesa in their first game of the season, defeated the Hobbs, N. M., team here last Friday night, 12 to 7.

Calvin Franks, J. A. Chambliss, Sammy Jones and Fred Clark were outstanding players for Brownfield, while Ray Monte, Wiggins, Flemming and Yoder, were stars for the visitors.

Brownfield won 16 first downs to Hobbs 10, but the later by their aerial attacks, led in over-head yardage.

The Cubs play at home again tonight, in the opening 1-AA race with the Pampa Harvesters, the defending champions of the district.

The locals remain one of the 9 unbeaten AA teams in Texas, but two of them, including the Cubs, have been tied.

Lion District Gov. Visits City

Lee Johnson of Wink, district governor of the Lions of West Texas, attended the luncheon of the local club here Wednesday and spoke to them on Lionism.

Also Sgt. Edsel Miller gave a very interesting talk, describing islands of Guadalcanal, Tarawa, Saipan, and Tinian. He was in the battles taking them.

DETAILS OF COTTON PURCHASE PROGRAM AVAILABLE SOON

Full parity price to farmers for their 1944 crop of upland cotton is assured under the new Commodity Credit Corporation purchase program regardless of whether or not it is under a government loan, Mr. Warren, Chairman of the Terry County AAA Committee, said today.

The CCC will purchase all upland cotton for which a loan rate schedule has been announced, offered to it up to June 30, 1945. The cotton will be purchased at the following prices: (1944 crop Middingling 15/16 inch, basis gross weight flat cotton at Memphis, Tenn.) October, 21.90 cents per pound; November 21.95; December, 22.00; January, 22.05; February, 22.10; March, 22.15; April, 22.20; May, 22.25; and June, 22.25.

The five-point increase per month has been added to the price as allowance to the farmer for storage and the carrying charges.

Other highlights of the purchase program are:

1. Premiums and discounts are the same as those of 1944 loan program, based on Middling 15/16 purchase rates, gross weight.

2. Location differentials for warehouse points will be based on freight rates to the group B mill area of the Carolinas except in eastern Mississippi, eastern Tennessee, Virginia, North Carolina, South Carolina, Georgia, Florida, and Alabama, where zone system will be in effect as under the loan program.

3. Purchasing agents, mostly local banks and warehouse men, will be approved by CCC.

4. Purchasing agents will buy at CCC prices if warehouse receipts and sales agreements are turned over to them within 10 days, after issuance. Agent's fee of 50 cents per bale will be paid by CCC.

5. Purchases will be made only from farmers who produced cotton in 1944. Cotton must be stored in CCC-approved warehouses.

6. Farmers with cotton in loan may sell it to CCC by repaying their loan.

The CCC is making these purchases to carry out provisions of legislation enacted by Congress directing the president to take "all lawful action" to assure producers parity prices for their cotton.

LABOR TRANSPORTERS ARE ENTITLED MORE GAS RATIONS

According to A. L. Hartzog, County Agent, those persons who are transporting labor to nearby cotton fields regularly may apply at the office of the County Agent for additional gasoline rations for their automobiles if it is necessary to do so in order to carry on their work. This emergency arrangement is made for the purpose of effectively aiding all those who wish to work in the harvest to get to and from their work.

Ensign James H. Dallas called his wife Marie, last week to wish her a happy birthday. Ensign Dallas is Fleet Postmaster in Puerto Rico, has been stationed there nearly a year. He is the son of Mr. and Mrs. W. H. Dallas.

Pvt. Paul E. Bagley Wounded Oct. 8th

Mrs. Cora B. Bagley stated to the Herald this week that on October 23 she received a poem from her son, Pvt. Paul E., dedicated to his mother. The next morning she received a telegram from the war department stating her son was wounded in action on October 8th in Luxembourg.

No further word has at this time been received. Paul was born in Brownfield, and joined the army December 23, 1942, and went overseas June 21, this year.

District Court Proceedings

Judge J. E. Garland, held a short session of district court here Wednesday. The petit jury was dismissed following continuance of a jury case. A number of divorces were granted.

The grand jury investigated several cases, and returned three bills—two for theft of over \$50 and one against a colored man for burglary of a store in the north part of town.

Monthly War Bond Purchases Lagging

Chairman Virgil Burnett of the war bond drives, reports that the monthly quota of \$38,800 for Terry county, is about half sold. It is thought, however, as this being an annual crop country, all will be made up in the next few months as crops are sold.

He requests that we not forget the expenses of war is continual, and is still continuing.

FOR SALE OR TRADE

FOR SALE, M & M Jr 8-foot combine, motor on it. Reasonably priced. C. T. Pace, Rt. 4, Levelland. 1p
