

PROBABLE OIL POOL OPENER IN SOUTH PART OF TERRY COUNTY FORECAST

What appears now to be a new oil pool opener is being drilled by Amerada Petroleum Corp., approximately 15 miles south of Brownfield on the Sam Adair tract, section 4, block C-37. The well, which has had two drill stem tests has now reached a depth of 4930 without encountering natural water, except that used at drilling fluid.

First indications were at a depth of 4814. Of course the logging language used by oil field drillers is just that much Greek to us, but according to news reaching us from private sources, and men who have talked with the drillers, the company believes they have a real well when finished.

Anyway, the operations are being watched by local people, especially those who have acreage or land down in that area. And we have been informed some of the big boys of the Amerada are on hand and closely watching operations.

Some of the geologists and drillers believe the pool will spread some six miles north, south toward Cedar Lake pool, 8 miles south and toward the Newmore gin.

Orbie Calvin Moore Died Wednesday

Rev. Sam Brian, assistant pastor. Burial in Terry County Memorial cemetery was under direction of Farley Funeral home.

Moore had been ill about three months. He had lived in this area for the past eleven years and in Brownfield for the past eight years. He was a carpenter.

He is survived by his wife; six brothers, Shirley of Brownfield; Cecil of Marysville, La.; Bert of Lorenzo; Richard of Floydada and Joe and Elzie of Ralls; and two sisters, Mrs. E. F. Cheel of Ralls and Mrs. Johnny Myers of Baylorsboro, Texas.

Loan of \$100,000 For REA Extensions

The Herald received a wire from Congressman Geo. Mahon Wednesday morning stating that REA had given final approval of a \$100,000 loan for Lyntegar.

LAST RITES HELD SATURDAY FOR CAPTAIN EUGENE ELLIS, AAF PILOT

Captain Eugene Ellis, 28, a graduate of the Brownfield high school in 1938, after winning high honors as a fighter pilot over Germany, and spending 26 months in a war prison there, recently re-enlisting in the Army Air Corp., came back in death to his

old home town last Saturday.

While transporting planes from his base in Long Beach, California to Memphis, Tennessee, he stopped at Lubbock Tuesday of last week, dropped down here, taking dinner with his mother, Mrs. Stella Harkins of Gomez, who with Mrs. Grady Goodpasture an aunt took him back to the Airfield Thursday to resume his flight. They witnessed the take off, a circle around back over the field, a sudden turn and the crash, which ended his life and career. The shock of the scene sent Mrs. Harkins to a hospital.

Funeral services were conducted last Saturday at 2 o'clock p. m. at the First Baptist church here with Rev. A. A. Brian officiating, interment made in the Terry County Memorial Cemetery, under direction of the Brownfield funeral home. Pall bearers were Johnny Bost, Elmer Brownlee, former teachers, Kenneth Moore, Richard and Johnny Kendrick and Burdette Auburg. A guard of honor from the local American Legion Post attended.

He is survived by his wife, an Idaho girl and five months old child, who are here now; also

Stella Harkins, a sister, Miss Bunn Ellis and young brother, Don Allen Harkins, all of this county, two other sisters, Mrs. Frankie Lou McAllister of Lyford, Texas and Mrs. Othena Taylor, Odessa; two aunts, Mrs. Grady Goodpasture of Brownfield and Mrs. Oscar Duncan of Weatherford, Oklahoma and an uncle, Herbert Singletary, here and his maternal grandmother, Mrs. Singletary of this city. His father, E. W. Ellis, who resides in California could not be reached in time for the funeral.

After graduating from the high school here he attended the state normal at Alpine and went into the Army Air Corps early in the war. After a few heroic flights over Germany, he was reported missing.

He was awarded the Purple Heart and other medals for his heroic service and the Air Medal was presented his mother by Army officials in a special ceremony at the Lubbock Army Air field, during the time he was a prisoner.

Honorary pall bearers were: Emmett Smith, Amarillo; Johnny Robertson, Temple; Alan Frazier, Alpine; Raymond Holstein, and Parks, San Marcos; B. C. Graves, San Antonio; Lt. David Knight, Long Beach; Leon Brownlee, Austin; Kenneth Futch, Grand Prairie; Howard Dunham, Kalamazoo, Mich.; Capt. Martin Al-lain, Shreveport, La.; Aubra Nooncaster, Midland; Norwood Browder, Hobbs; and Kenneth Hill, Jack Sheppard, Rudolph Gracey, Claude Gore, R. C. Morton Tom Rowden, C. R. Warren, Ralph Murray, Calvin McElroy, Lee Brownfield and Rudy Wright, all of Brownfield.

Out of town relatives attending the funeral were Mr. and Mrs. Homer Stacy and Mr. and Mrs. Ira Owens, of Anton, Mrs. Iwa Hicks, Mrs. J. O. Lewis and Mr. Bill Harkins, all of Seminole.

Legion Convention At Snyder Sunday

SNYDER, April 25 — Election of a new District Commander will head the business agenda of the annual Spring Convention of the 19th district of The American Legion to be held Sunday, April 27, in Snyder.

A. L. Jackson, Lubbock, 19th District Commander, will preside with the Will Layne Post No. 181

at Snyder as host. Post Commander of the Snyder Post is Elmer Taylor. George S. Berry, Lubbock, 5th Division Commander, will speak.

Registration of delegates will begin Saturday afternoon and Sunday morning. The Convention proper is scheduled to convene at 9:30 A. M. Sunday.

In addition to electing a new District Commander, delegates will name a new Vice Commander and select delegates to attend the National Legion Convention in late August in New York City. There are forty-two Legion posts in the 19th District eligible to participate in the Convention.

Adjournment will be Sunday afternoon.

JAYCEES OFF TO CONVENTION

Tommy Zorns, Buddy Gillham, Frank Szydoski, Ted Hardy, with their wives and J. B. Huckabee and Tess Fulfer are attending the State Convention of the Jaycees in Fort Worth today and tomorrow.

All Must Keep Their Paper Paid Up

On account of the high cost of print paper, as well as the scarcity, and with no possible chance of getting a larger allotment at this time, it is imperative that all readers of the Herald keep their papers paid up, or we will be forced to discontinue them, much as we regret to do so. So keep track of your dating, and renew before it is due. And if we have to send you a statement, attend to it at once.

Not only has print paper such as the Herald is printed on, advanced 100 per cent in cost since 1940, but it is as hard as heck to get. Sometimes we are forced to print a smaller paper than we have ads and news for. Occasionally we have to leave out an ad or two on certain weeks, and most people know that ads are the principal revenue of a newspaper.

We always try to notify all who have not renewed during the month their subscription expires. We wait for two to three weeks for renewals and if they are not at hand after that time, we remove them from the list. This is nothing but a business matter, for how are we to know that you want the paper longer unless you renew. We have seen people actually insulted by a paper persistently sending copies after their time expires.

We sent out notices this week to all expiring in April, and by doing so, we do not carry free riders to cut our paper supply to those who really want the paper. We never have anyone on our list over three weeks in arrears. Herald advertisers get the cream of the crop.

Chevron Company Changes Hands

Joe Stanley and Ed Boyd, both of Lubbock, this week announced the purchase of the Chevron Gasoline Co., wholesale and retail from Boyce Holder. There are two retail stations, one on west main and the other on Lubbock road.

The purchase was made from Boyce Holder, who we understand goes to Odessa in the employment of Stanolind. The new owners took charge the first of this month.

Pedro Zant Buys Interest of Brother

Everett Zant announced this week that he had sold the business at 617 West Main to his brother, Pedro, who will have full charge of the repair and second hand business there.

Everett stated that he was putting in a small shop at his residence at 402 Tahoka Road, where he will do nothing but sign painting. He can be contacted there for any kind of sign work.

Littlefield To Stage Roping Contest

Littlefield, April 25—Rodeo fans from a large part of West Texas and Eastern New Mexico are expected to pack the Jaycee rodeo arena here Sunday afternoon at 2 o'clock, April 27, to witness a matched roping duel between Troy Fort of Lovington, N. M., and Red Whitley of Crosbyton, two of the Southwest's top roping artists.

The match bringing together Fort and Whitley in the same arena is an event that fans of this region has been looking forward to for a long time.

Fort, who only recently won over the famed Toots Mansfield at Levelland, and Whitley will each rope 10 calves. Although Fort has a national reputation, Whitley is also one of the best known ropers in this part of the country.

The roping class is being sponsored by the Littlefield Roping Club.

Other events on the western program will include exhibition bronc riding, wild cow milking and open jackpot roping. The latter is attracting a large number of entries.

Fort recently won honors at the 1947 Championship rodeo at El Paso, and was awarded second place in calf roping at the Southwestern Exposition and Fat Stock show at Fort Worth.

Chemical Plant To Be Enlarged

Mr. T. I. Wood, manager of the Arizona Chemical Plant, east of town which makes sulphate from a mineral some 50 feet under the ground, was recently in the north, where he went to consult with owners of the company.

We understand that the plant is to be greatly enlarged, some stating that it will be doubled in capacity. However, we have never been able to contact Mr. Woods about the matter.

It is generally agreed, however, that operations are to start in the near future to enlarge the plant.

Culver Family Attend Trial Here

Mrs. Culver, with her two daughters, Mrs. Wyatt Hanks of Levelland, with whom she is staying and Mrs. Howard C. Wilson of Lubbock and R. T. Culver of Pittsburg, Texas, and Rev. G. D. Culver of Marshall, Texas, brothers of the deceased, attended the trial here this week of Harold R. Dove charged with the slaying of W. H. Culver, near here last December.

Texas Rangers Frank Probst of Austin and Redwine of Lubbock, Sheriffs Floyd of Lynn and Birdwell of Gaines, also attended.

Mrs. J. W. Sinclair, of Detroit, Mich., was a week end visitor in the Prentice Walker home.

List of Prize Winners At Calf-Pig Show

The Herald is very sorry that it will be unable this week to run the names of winners in the Calf-Pig show last Saturday. There are two reasons, both vital. In the first place, we have been having a world of linotype trouble this week, which most every paper is now having on account of scarcity of parts and machinists to work the machines over. We have a machinist coming from Altus, Okla., soon.

In the second place, the data on the winners, etc., was not handed us till Wednesday of this week. If we had received it early in the week, it is quite likely that we would have been able to handle it, either in our own shop, or some neighboring paper.

But, we have it on hand, and rest assured it will appear in next week's paper, as we are quite interested in having it printed as are the prize winners. Also the buyers.

We have been told that quite a few of the calves did not sell, and that some brought less than cost to produce. We figure this is priced from the extremely high price of cattle and hogs at present, and that buyers are reluctant to load too much.

Notice of Change In Mail Schedule

A new schedule going into effect on May 1 will necessitate a change in the time that mail must be in the office in order to make the evening dispatch. First class mail must be in the office by 5:30 p. m. and air mail by 6:00 p. m.

Mailers are urged to get their outgoing mail in the office earlier than the times shown if at all possible. This new schedule is necessary in order that the air mail connections in Lubbock will not be missed.

Bruce Zorns Elected To Office in SPBA

At the South Plains Bankers' Association meeting in Big Spring Sunday and Monday, Mr. Bruce Zorns, cashier in the Brownfield State Bank, was elected secretary of the association.

Those attending from Brownfield were Messrs. and Mesdames Leo Holmes, Sawyer Graham, J. O. Gillham, R. N. McClain, Buddy Gillham, Stuff Moorhead, John J. Kendrick and Bruce Zorns.

BECHTOL ENTERTAINS LIONS

L. L. Bechtol, resident superintendent of a large oil company, showed pictures of his big game hunting trip in the great northwest, to the Lions weekly luncheon Wednesday at their new meeting place, the Legion hall. Mr. Bechtol also has quite a lot of big game trophies.

First Year Students To Be Examined

The following is the schedule for pre-school round up:

Jessie G. Randal, Monday May 5, 9:00 a. m. for children whose last name begin with A through L.

Jessie G. Randal, Tuesday May 6, 9:00 a. m., for children whose last name begins with M through Z.

Union, Wednesday, May 7th, 9 a. m.

Wellman, Thursday May 8th 9 a. m.

There will be notices or invitations sent out, but in case you do not get one you may bring your child to the school at the time designated. All children are to be accompanied by a parent or a guardian. This means children 6 years or older starting to school for the first time next September.

Interest in round-up increase each year and a number of minor defects are discovered and referred to a physician for correction, some that if not corrected could grow into a very serious handicap.

The school examination is not meant to interfere with the regular physical check-up by the family physician, but to supplement that will round out a program whereby any child with deviations from normal in health standards may have attention and procedures started to remedy them.

This service is given by the Health Department in cooperation with the school authorities and PTA.

Mayfield Represents Amicable Life

Ed Mayfield, well known citizen here for the past several years has recently moved back to Brownfield from Roswell, N. M., and taken over the agency of the Amicable Life Insurance Co., of Waco, Texas.

The Amicable is an old line legal reserve company, and is now in its 37th year of successful business in the southwest. Mr. Mayfield will appreciate any business given him, or will appreciate a call if you are a prospective customer.

He will write most any kind of policy you wish up to your 68 year.

"Duel In The Sun" To Open May 1 At Rio For Five Days

Local theatre goers are to be given a treat by being among a great number of Texans to see the new picture, "Duel in the Sun," which opens for a five day run here at the Rio, May 1. The picture is said to have a Texas background, and that is the reason the premieres are to be shown in Texas first.

Brownfield will be among the big Texas towns like Dallas, Ft. Worth, Houston and San Antonio and a number of others to see the picture first. One car load of films were sent to Texas, for the opening night in well spotted sections of the state. After the Texas runs the films will be released to other states.

Highlights In Tuesday Culver Murder Trial Reviewed

With the Courtroom packed to capacity with an orderly crowd, the trial of Harold Romero Dove, charged with the murder of W. H. Culver on Dec. 30, 1946, got under way Monday morning. Out of the first 51 jurors called after excusing some fifteen others for various reasons, the following jurors were empaneled late Monday evening, Earl J. Brown, J. D. Akers, C. C. Bingham, W. C. Chenault, W. M. Nelson, Otto Butler, G. E. Ashburn, J. T. Fulford, James J. Martin, R. D. Jones, Odell Fulton, and C. A. Winn.

Testimony of a large number of witnesses began Tuesday morning lead by Mrs. Culver, widow of the victim, who testified as to his being missing and death. Undertaker Singleton of Seagraves

and Sheriff Murry as to condition of body on its finding; also the engineer of the Santa Fe who first found the body.

The defendant, cleanly groomed occasionally whispering to his attorney, R. L. Graves, sat silent through the proceedings. When his confession was offered by the State, he took the stand to declare same was procured by force and threats of officers, which was denied. He is allowed to testify to such, without being subject to cross examination on the merits of the case. The judge admitted the confession, which was read to the jury Tuesday.

It recited that he and a companion called "Bob" left Brownfield on or about noon, of the fatal day, hitchhiked to Odessa, there accidentally met Culver, whom he did not know, but seen

him with a large roll of money and Culver, a friendly man invited them to ride with him. That after passing Seagraves, on the way back, he and Culver got into an argument, and defendant stopped the car, though Culver was driving and asked him to fight it out. On his refusal, they fought in the car, and then on the ground after knocking out the victim, he took his billfold, dragged the body over behind a ridge of sand so that it couldn't be seen from the highway, took the car and sped on north, through Brownfield, about dark. He asked a filling station man at Meadow if this was the Amarillo road, and also the same at Ropes, and then the same night on past Tulia where they found a car abandoned on the highway, took some suitcases and boxes out of it which con-

tained mostly baby clothes, abandoned the car on the main street of Amarillo. His partner, in dividing the money from the victims purse, gave him \$150.00. They returned by bus to Brownfield, on Thursday and remained here with local acquaintances for a day or two. He then went to Borger, got a job and seeing in an Amarillo paper, he was wanted in this case, called for his time and went to Enid, Okla., where he took a dairy van truck loaded with produce and while speeding about 40 miles south, failed to take a curve, turned the truck over, with only slight injuries. Two men in a car came along and helped to extricate him and offered a ride back to Enid to a hospital. He refused, staying with the truck. One of these men happened to be Sheriff

Pennington of Enid, on a return trip from Oklahoma City, who next morning learned the dairy truck was stolen took him into custody and later delivered him to Sheriff Murry of Terry county, late in January.

Harrel Ables, a trucker of Lubbock testified as to passing and seeing two men in a green Ford car and two on the ground, one lifting the other's limp form from the ground, at the place where the body was found. He made no identifications. Witnesses Norman and Gregg of Meadow and Mrs. J. H. Flowers, of Ropes, the latter identifying the defendant, substantiated their stopping at their stations. Two policemen from Amarillo, testified about finding the car and returning it to Sheriff Murry.

The Borger employer, and

Sheriff Pennington, with his companion, all testified in person as to the facts stated. Detective Davidson of Lubbock police department testified to taking his finger prints last winter and was informed by defendant he often went under alias of "Brant."

Durwood Noller, a young chemist with the Department of Public Safety laboratory at Austin, testified to analyzing blood stains found on the deceased clothing and found them the same type "O", as found on a pair of trousers local officers found discarded a few miles from the scene, a few days after the body was found. The clothes bore a laundry mark, "Brant" and which according to the confession, defendant has discarded.

The State rested and on open-

ing court Wednesday morning. The defendant put on several young people local residents, whose testimony tended to show he was here at a time in variance to his purported confession. His girl friend and her mother, stated he was at their home at the hour the slaying occurred. Both sides closed at 11 a. m.

The case was submitted to the Jury at 3:45 p. m. and two hours later they returned a verdict of guilty with malice, assessing a sentence of fifty years in the penitentiary.

Judge Louis B. Reed presided, the State was represented by Cal-loway Huffaker, district attorney and Virgil Crawford, Terry county attorney, the defendant by R. L. Graves, appointed by the court.

talitarian country at the point of a bayonet.

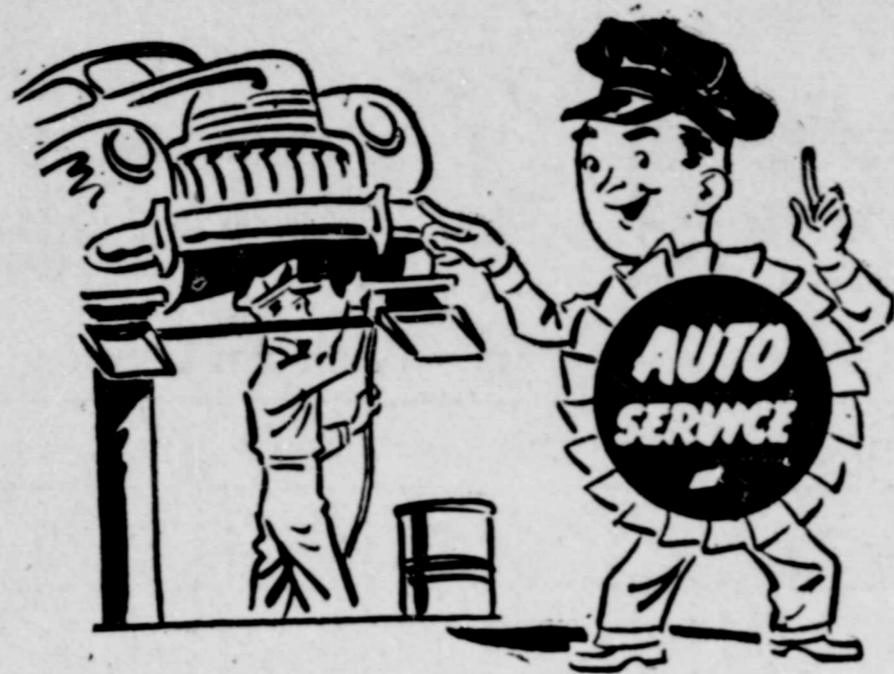

Scientists tell us that after our underground supply of oil and gas is gone, gasoline can be made from only a part of our huge reserve of coal to last the nation 3,000 years. Of course it will be much higher than now, perhaps, but by the time we have to use such fuel in our cars, combustion engines will have been improved to such an extent that we will get from 60 to 100 miles per gallon on it, perhaps. And, as far as that is concerned, we may be using fuel in our cars that comes from raw material right on our farms.

According to the Lynn County News, Tahoka, Lynn county is now in process of many school consolidations, which we feel sure our neighbor to the east will find is a solution to many of their school problems. Some ten years ago, Terry county had many small one to three teacher schools with poor equipment. Now Terry county has only four schools, Brownfield, Meadow, Wellman and Union, with scholastics in the order named, and so far as we know no one would want to go back to the old order. With consolidation, scholars get much better attention, and the best of equipment is provided.

Under stress of calamity, most of us are liable to act peculiar and sometimes say things that under normal conditions, we'd pass up and just forget. So, the outburst of Texas City Mayor against Red Cross was perhaps the result of such a condition, and maybe in a few weeks, or even sooner, the mayor may regret his words. But the worst part of it was that the mayor invited the press to hear him tell the Red Cross leader off. No doubt some parties had informed the mayor that they had been mistreated by the Red Cross, and such real or fancied wrongs at a time like the present at Texas City, gets on the nerves.

Of late we have been hearing quite a bit about the parity of prices on farm products being responsible for high cost of some foods. The president just cited two to show the utter folly of such a statement. He said that the parity price on wheat was around \$1.80 per bushel, and it was bringing around \$2.50; the parity price on pork was a bit over \$14, and hogs were selling for \$25 on the market. Then he went on to state that the United States was the only country in the world with more food than its people can use, and that the rest of the hungry world is a prospective buyer. So, as Mr. Truman concluded, it boils down to the age old condition of supply and demand.

"Health Insurance" in reality is a misnomer, as proposed by some of the socialistic minded congressmen. It just sounds good. There is no known way as yet to anticipate and eliminate the ills that befall humanity in advance. But so-called health insurance is just a deposit people put up against the possibility of hospitalization or an operation or both. And there is no need for a government sponsored hospital insurance policy. There are any number of them to be purchased the regular was from your agent of old line insurance companies, that have to be good or they cannot do business in Texas. And one person or a whole family may take out these policies at no great cost.

EARLY DAY TAHOKA DRUGGIST PASSES

We regret to hear of the passing of Clifford Thomas of Tahoka last week. The writer considered him a very good friend but circumstances has kept us from seeing much of Clifford for a good many years.

In the early days, beginning around 1912, and before we had a railroad in Brownfield, we used to make a trip to Lubbock and Tahoka once a month to get advertising for the Herald, as that was our nearest rail point then. The Thomas Brothers drug store on the northwest corner was a favorite hang out place then to chew the fat.

In those good old days, we even had a charge account with this drug store if we wanted it, just the same as we were in Brownfield. Rest in peace, old friend!

Editor Watson Piroots Around P P Meet

By David L. Watson of Denver City Press

"Last week we attended the Panhandle Press Association meeting and came away with the impression the newspapers up that way should be edited by the wives of the editors. They had the program Friday afternoon and it was GOOD.

Instead of hemming and hawing and drooling and drawing, as their husbands do when they get up to speak, the gals presented five speakers who really scintillated. They spoke as if accustomed to it and their stuff was bright and intelligent.

"That particular press association is properly named. When they say Panhandle Press Association they mean Panhandle, and if you live south of Plainview with the possible exception of Hockley county, and more than 75 miles from Amarillo, brother, you're just a visitor.

"We wondered by the lack of interest among our neighboring publishers for the association. Not another publisher was present from Brownfield, Post, Tahoka, Slaton, Lamesa or any of the other larger towns south of Lubbock. Guess they found out sometime back what we only found out this last convention.

"O, well, why not a South Plains Press Association?

"In spite of the feeling of being among strangers, we had a delightful time and enjoyed the meeting very much. We met Al Smith and Babe Hallmark and a lot of other old salesman friends."

Well, maybe us South Plainsers are considered "foreigners" or

Lincoln Born 100 Years Too Soon

Had Abraham Lincoln been living today the Rotary Club would supply him with a good set of books, the Lions club with a good reading lamp, and the Kiwanis club with a wooden floor for his cabin. He would have the protection of the child labor law and government old age insurance. A philanthropist would send him to college with a scholarship.

Incidentally, a case worker would see to it that his father received a check from the government. The OPA would reduce his rent 50 per cent. He would receive a subsidy for rail splitting, another for raising a crop he was going to raise anyway, and still another for not raising a crop he had no intention of raising. In addition, a government agent would advise him what breed of hogs it paid best to raise.

Result: There would have been no Abraham Lincoln.—Lorenzo Tribune.

MRS. PENDERGRASS HOST TO HD CLUB

The Meadow HD Club met in the home of Mrs. Herman Pendergrass April 15. Eight members were present. Mrs. Will Bell gave a report from Council.

May 28 was set as the day to test canners at the school lunch room. Remember bring only the gauge on your canners to be tested. This is not only for HD club members but for all the women of the community.

A very enjoyable hour was spent in working on rugs.

Next meeting will be with Mrs. Turnbough May 6th. Everyone is urged to be present. New members and visitors are welcome.

outlanders. Then maybe we are just not aggressive or we show no oratorical or political talent. But as suggested, we can have a nice time with the supply salesmen, and they are free and easy on the draw, and appear to like to stand the treats.

As to the South Plains Association, if they show no interest in a regional meet, or even the State Press Association, how would we sell them on a new regional association? But if anything like that should happen, we'd favor the meetings being passed around like the West Texas, South Texas, North and Northeast Texas, and the State Press. Not just decide there was one and only one town in the region capable of entertaining the editors.

A Trip Down To See A Future Admiral

The Seniors and Juniors of the Herald bunch all went to Big Spring, Sunday to see Lt. Jesse Collins, USN, and wife and small son who are being transferred from the west to the east Coast.

He will be located at Norfolk, Va. He was allowed a visit with his mother, Mrs. Ida Collins, at Big Spring, and a short-time with his wife's people in New York City. Lt. Collins being a grand nephew of Mrs. Stricklin Sr., we were invited down, and found a lot of other relatives in the Collins home, and what a grand noon meal all of us enjoyed.

You will note that we stated in the heading of this article that we went to see a future admiral, although just a lieutenant at present. We were merely quoting Congressman George Mahon when he appointed Jesse to Annapolis in 1940. Up to that time Jesse had made the highest I Q ever made at Tech college and George Mahon believed that there was a future to Jesse Collins. And why not? Did our own Admiral Nimitz have that Jesse does not have? Any more brains or ability?

So, along with Mr. Mahon, we shall watch the progress of this boy, whose father died when he was a small lad, and was raised by a widowed mother. A few years ago, while located in the vicinity of New York, he met and married the girl of his choice. Mrs. Collins is of Polish extraction and some of her expressions are a bit peculiar to us Texans, but no foreign accent. She is a sweet lady and as friendly as you make 'em. And they have a fine little son some 2 years of age that is all boy, but as keen as a razor blade.

We hope our hosts enjoyed the day half as much as we. Roy, the youngest son, was down from Tech, where he is attending school being an ex-GI. Their sister, wife of an Air Force Lt., is with her husband on the west coast, and could not be present, as they have only been out there a month or so, since his return from Japan.

Texas Construction Reaches High Level In February

AUSTIN, April 25 — Texas construction employment in February skyrocketed 35 per cent above the total in February 1946, while the nation as a whole turned in a gain of only 5 per cent for the same period, according to report just released by The University of Texas Bureau of Business Research and the United States Bureau of Labor statistics.

Total employment of construction contractors in the State reached 81,000 in mid-February, a gain of 3,000 since mid-January and 1,000 above employment in mid-December.

Employment in the construction industry rose steadily from December 1945 to a post war peak in September 1946 and has continued at a rapid pace during the winter months in comparison with a sharp drop recorded elsewhere in the nation.

Shirley, Prentice Walker and Sam Privitt were guests of Mr. and Mrs. Jerry Kirschner Sunday evening for a chop suey supper.

Mr. and Mrs. H. C. Bevers of Wellman had as their dinner guests Sunday, Mr. and Mrs. Dock Boyer and family of Wellman and Mr. Ira Seaton of the Harmony community.

Mr. W. C. Walding spent Wednesday in Lamesa on business.

Veterans' News

A vast majority of the 15,000,000 servicemen and women who took out National Service Life Insurance during World War II will eventually receive dividends on their policies, the Veterans Administration reports.

VA is now calculating dividends on the millions of policies issued. This is a tremendous task and it is impossible at this time to estimate how long it will take to accomplish it.

The amount of the dividends has not been determined. The payments to individual veterans will vary as they are based on

the amount of insurance carried, the length of time held, and the veteran's age at the time he took it out.

The chief reason that these dividends are not being paid now is that the highest obligation of VA is to give service to veterans who are keeping the insurance in force. When the workload permits, VA will make every effort to pay the dividends.

NSLI is mutual insurance, VA explained, and when the insurance fund shows a surplus from gains and savings, that surplus belongs to the policyholders, including policies of those who have allowed their insurance to lapse.

Since all excess costs resulting from death or total disability traceable to the extra hazard of the military or naval service are borne by the Government and paid from separate appropriations,

war casualties have no bearing on dividends.

The number of veterans awaiting hospitalization in Veterans Administration hospitals in Texas, Louisiana and Mississippi declined 57 per cent in the last eight months, VA reported today.

The reduction was ascribed to acquisition of "surplus" military hospitals, and increase in beds available for veterans, and a more rapid turnover of patients through improved medical care.

On July 1, 1946 there were 4,204 veterans on VA hospital waiting lists in the Dallas Branch Area; whereas on March 1, 1947, the figure had fallen to 1,799.

There were no veterans with service-connected disabilities on the March waiting list. All emergency cases of nonservice-connection also has been admitted.

CHISHOLM'S ENJOY FAMILY DINNER SUNDAY

Mr. and Mrs. G. W. Chisholm were hosts Sunday noon with a dinner for their family honoring Mr. and Mrs. John Chisholm, of Oroville, Calif., who have been visiting here.

Present were Mr. and Mrs. Harold Boston and daughters, of Lubbock, Mr. and Mrs. Joe Chisholm and children and the John Chisholms.

A Diagnosis Advanced For Flower Gardeners

Here's a diagnosis for flower gardeners.

When the tips of flowers leaves wither, curl up and die, and buds fail to open normally, it's a good bet that the trouble is being caused by thrips, which are small, slender bodied insects which feed on many varieties of flowers, according to entomologists of the Texas A. and M. College Extension service.

Thrips vary in color from yellowish to dark brown and often almost black, and are less than one-tenth of an inch in length.

Control measures consist of dusting with a five per cent DDT dust. It is also wise, say the entomologists, to keep old buds or blossoms removed from plants, to keep thrips from developing.

Mr. and Mrs. G. W. Chisholm left Monday with Mr. and Mrs. John Chisholm for a visit with them in Oroville, Calif.

JOHN CHISHOLM AND WIFE HERE OVER THE WEEKEND

John Chisholm and wife came in last week from Oroville, Calif., after his mother and dad, who will, they hope, be able to keep out there this summer when John and family will put back toward old Terry for the annual visit.

John and wife spent some time with the Old He and wife, Saturday evening, during which time we whipped the devil around the

chens and even bulldozers. Nurses, doctors, Chaplains, medical technicians, military policemen and cooks were dispatched to help in the devastated area.

stump to a fare-you-well, and if some of the old timers here didn't feel a tickling sensation around the region of their proboscis, we're disappointed. Anyway, when we got through with 'em, someone happened to look at the clock and it was 25 minutes till midnight.

But it had been moons since we had gotten together, and over coffee and cake the tongue noise fairly oozed. John runs a grocery in northern California, and he really likes that country. They say the people are much friendlier than in the Los Angeles section, and more like Texas people, although from everywhere.

Mrs. Durward Moorhead took the girls in her Home Economics classes to the open house held in the Home Ec Dept. of Texas Tech Saturday morning. The girls enjoyed a picnic lunch in Mackenzie Park and spent the afternoon shopping, returning home about six p. m.

And John and the Mrs. both say that is a very pretty section and both used their full persuasive powers to entice the Old He and wife to include a visit with them the next time we come to Cally.

GOOD NEIGHBOR CLUB MEETS APRIL 17

The Good Neighbor Club met with Mrs. Ford Fowler on Thursday April 17. The afternoon was spent quilting and one quilt was completed.

Refreshments were served to Mrs. W. H. Wagner, Mrs. L. V. Wagner, Mrs. Jack Wagner, Mrs. Dalton Warren, Mrs. Ruth Holleman, Miss Mary Belle Warren, Mrs. Houston Stephens, Mrs. W. W. Watson, Mrs. Lester Etter, Mrs. Jake Cunningham, Mrs. W. V. Fenter and the hostess.

Mrs. Jake Cunningham was welcomed as a new member.

The next regular meeting will be with Mrs. W. V. Fenter on Thursday May 1.

Everybody come and bring your thimble. We plan to quilt.

Visitors and new members are always welcome.

WELLMAN HD CLUB MEETS

The Wellman Home Demonstration Club met at their usual time in the school cafeteria Friday afternoon April 18.

In the earlier part of the meeting, testing pressure cookers was the demonstration. Miss Dunlap was unable to meet with the club at this time. She had demonstrated this work to the president and other members.

There were eight cookers tested. The club hopes this work was done as it should have been.

A short business session was held. A report of the last council meeting was given. Mrs. Sewell Dean resigned as Council delegate and Mrs. Horace Fox was elected to take her place.

A new member was added to our club.

The members take new courage when we have new ones added all along.

Two visitors were in our meeting. We welcome you back. Remember the next regular meeting, the first Friday afternoon.

The demonstration will be on curtains.

WHAT NO "STILLS" IN HARRISON?

Texas Liquor Control Board Inspectors in March reported the seizure of 3 illicit stills.

Detraction of the till, which had a cubic capacity of 160 gallon, prevented the potential evasion of \$3,526.40 in State taxes.

With the stills, Inspectors captured 350 gallons of mash and made 4 arrests. 14 gallons of moon shine liquor were destroyed.

One still was taken in each of the Counties of Morris, Freestone and Henderson.

CHISHOLM HATCHERY

We love 'em in December as we do in May

REMEMBER the day you first romped away in that Buick of yours? How those eight Fireball cylinders fairly floated you over the hills—how those road-steady two tons of lively car answered sweetly every light touch of your hand on the wheel—how you glided along with foursquare BuiCoil springing smoothing every wrinkle in the road?

That's what your Buick was built to do. Years and years of that kind of driving are in it—especially when it gets the interested, informed car care this fine an automobile should have.

That doesn't mean just periodic

lubrication, a body wash, battery check or bolt-tighten. It means thorough attention by competent Buick men—attention that keeps a Buick always a Buick.

Buicks are our babies. Even the smallest details are handled the way they should be for a Buick. We have Buick tools that do jobs better and quicker. We have men who know Buicks best. We have Buick-engineered parts that are precisely right for your car.

Put that all together and it's Buick car care.

Pretty clear, isn't it, that here is where your Buick will receive the best attention? After all, we love 'em heart and soul.

"TOP" SECRET

One of the things that play a part in Fireball snap is Buick's wafer-thin steel cylinder gasket. Just 15 thousandths of an inch thick, it's a "must" for the high compression this powerful straight-eight is designed for. Other kinds that are thicker cut down the compression and the car's liveliness.

In carbon and valve jobs, or any other where this gasket must be replaced, only this Buick gasket will assure the fit Buick engineers intended. No wise Buick owner would have any other in his engine.

Just another example of how you get more for your money—in major adjustments, tune-ups, lubrication or anything your car needs—when you make sure it gets Buick car care.
