

## SELLMAN P. COWAN ELECTED NEW SUPERINTENDENT OF LOCAL SCHOOLS

Taking the place of Supt. McCollum, who has been here two years, the board of trustees of the Brownfield schools selected Sellman P. Cowan, presently at Ingleside, near Corpus Christi. Mr. Cowan was selected from a group of several who had made application, and comes to the Brownfield schools with a long list of recommendations by prominent educators and business men over Texas, according to information given us by Board President, A. M. Muldrow.

Supt. Cowan, who together with his wife and two sons, will move here in June, at which time selection of teachers for the 1947-48 term will likely get underway. He is a comparatively young man, and takes great interest in civic organization, having served as president of one, and as district commissioner of his district.

Lampasas is the old home town of Mr. Cowan, where he graduated in 1928. He then entered John

Tarleton at Stephenville, where he did two years of work. He then went to Southern Methodist on a scholarship he won. He obtained his B. S., degree from Daniel Baker at Brownwood and his M. A. from the University of Texas in 1940.

He was employed as principal at Mt. Pleasant and Lampasas and went to Burnet as coach. He entered military service in 1942 in a teaching capacity, with a rank of lieutenant and was discharged as a major. He instructed at Knox College, Galesburg, Ill., and was then transferred to the University of Alabama, as dean. He was later director of personnel over several hundred civilian employees of the government.

He is presently employed as superintendent of school at Ingleside, and comes to Brownfield with some rich and helpful experience. Mr. Cowan is a bit shy about the use of his cut (picture) in the papers, but promised to have one for us soon.

## BROWNFIELD COUNTRY CLUB SHOWS MUCH PROGRESS IN TWO YEARS

Yep, some said it couldn't be done; that the organizers and members of the Brownfield Country Club could not even pay for the half section (320 acres) of land, much less build a club house lay out golf links, provide a skeet shooting range, build a caretaker's home, drill a well to water the greens, etc.

Well Mister, they are a long way toward all that goal at this early stage of the game. Of course the funds of the enterprise consist of the membership fee, \$150, and monthly dues of \$4.80, including federal tax, and with that fact in mind, they have to go slow, but as stated above they have gone a long way in the past 15 months.

Then there is the salary of the caretaker, Jimmie Bowen, and it appears to us that Jimmie is doing a great job out there. He is getting the fairways in usable shape, and now has things ready to start the greens. The writer knows no more of the game of golf than a hog does a side saddle, so pardon if we misname something.

A modest cottage has been built for the caretaker not painted as yet, but that will come later. In the meantime, several buildings have been moved in from the Hobbs, N. M., army air field that became surplus property and work going on making needed partitions, and ceiling it with rock board, also procured from surplus property administration.

The main building is 40x120 feet with two ells at the east end 20x30 each which will be used for showers, etc. The kitchen and dining room will be on the west end of the long building, leaving a hall some 40x90 for recreation, games, etc. The outside does not look so good now, but they expect to be able to stucco the exterior by the summer of 1948. A skeet range is already in use.

Their well will pump something like 1000 gallons per minute, which with their overhead reservoir, will give adequate water for all buildings, piped to all greens, and will keep a small lake for the present. Excavations are now underway for a sizable swimming pool near the club house.

Yes, there is still a lot to do, but those boys have done a giant sized job in the past two years on limited capital.

## Some Rain Visits Section of Terry

While a part of Terry was getting from a shower to a fair rain Tuesday night, the rest of the county was getting a duster off the threatening looking cloud in the northwest and north. There was a sprinkle amounting to .03 at Brownfield.

However, we understand the Lockett and Needmore section got a good rain, while Harmony, Challas, Meadow and Pleasant Valley were getting from a half to three-quarter inches.

Mr. Weatherman did not act stingy with his wind and lightning in any portion of the county. Better luck for the rest of us next time.

## Southern Terry Discovery Rates 708 Barrels Daily

Potential of 708 barrels of 33.1 gravity oil daily Friday was reported for Amerada Petroleum Corporation No. 1 Sam Adair, section 4, block C-37, psl survey, San Andres lime discovery in southern Terry County. It is eight miles north of the Cedar Lake pool in northeastern Gaines County.

Drilled to 4,945 feet, the 5 1-2-inch casing was cemented on bottom in the test, and perforated from 4,850 to 4,925 feet. It then was treated with 3,000 gallons of acid.

On 22-hour swabbing test, the well yielded 444 barrels of oil, 2.65 per cent acid water. Recovery during the one six-hour period was 152 barrels of oil to rate the daily potential of 708 barrels.

Cellar and pits were being dug for Amerada No. 1 C. H. Elkins, section 5, block C-37, psl survey, west offset to the discovery.—Star Telegram.

## New Mexico Lady Buys Gift Shop

Mrs. Emilu Betty of Jal, N. M., has purchased the gift shop formerly known as Pegs, and renamed it "The Band Box." Opening of the shop is set for today. The location is just north and across Hill street from the post office.

Mrs. Betty's sister, Mrs. C. C. Caldwell, of Lubbock, is here this week helping her get the shop ready for opening. Mrs. Betty will make her home with the Hiram Parks until she can get an apartment.

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 42

BROWNFIELD, TERRY COUNTY, TEXAS.

FRIDAY, MAY 9, 1947

NUMBER 41

## Soft Ball Meeting Is Scheduled Monday

### Man Killed In Auto Mishap

The county's first automobile fatality for the year 1947, occurred about 8:30 p. m. Thursday of last week, when Louis C. Hayes, about 36 of Lockney was instantly killed about six miles north of Brownfield on the Lubbock highway when struck by another car, driven by Edward A. Hall, an employee of a local automobile dealer of this city.

Local Highway Patrolmen Cole and Eagin who immediately investigated the accident reported that Hayes driving south, stopped and got under his light automobile to fix the light wiring which had ceased to work and was evidently getting out from under, when the other car coming the same direction, swerved around, striking the victim. Both cars were only slightly damaged.

Mr. and Mrs. Luther Baxter and their three children, were in Hayes car. Mrs. Hall was accompanying Hall. No others were injured. A Brownfield funeral home ambulance rushed the injured man to the local hospital.

Funeral services were conducted Saturday afternoon at the First Baptist church here, Rev. A. A. Brian officiating. Burial effected later the same day at the Abernathy cemetery.

He is survived by his wife, Mrs. Nina Hayes, a daughter, Sammie of Lockney. Four brothers, L. L. Hayes of Brownfield; Lee, Albert and Willis, all of Lockney. Hall was exonerated of any blame, officers said.

### Several Hurt In Auto Collision Wednesday

Two light passenger automobiles, owned by B. W. Thomas and C. O. Bagwell and operated by members of their families, accompanied by Ike Roberson and wife, all of Levelland, side-swiped, going in same direction, four miles north of town on the Levelland highway, early Wednesday afternoon.

### Many Brownfield Men Attend Khiva Ceremonial

BILL MCKINNEY

Brownfield was well represented at the Khiva Temple Spring Ceremonial in Amarillo Sunday and Monday, in numbers and honors. Mr. Bill McKinney, one of the three ring candidates won the diamond ring, which was presented in a ceremony Monday afternoon.

Others from Brownfield were Messrs. and Mesdames J. M. Teague, Glen Akers, Lee O. Allen, Douglas Jones, Troy Noel, C. L. Aven, Bill Heflin, Lee Brownfield, John Portwood, Bill McKinney, George Steele, Dr. and Mrs. Gordon Richardson and Messrs. J. B. Knight, Tom May, Fletcher Lewis and Dan Davis. Messrs. Heflin, McKinney and Dr. Richardson took their Shrine Degree while there.

### LOCAL NAZARENES HOLD MEETING THRU MONDAY

Rev. J. E. Perryman, pastor of the local Nazarene church announced today that Rev. J. E. Ray is holding a meeting here and will continue to preach through Monday. Rev. Perryman said that the crowds were good and lots of interest is being shown.

He also invites everyone to their special Mother's Day services.

### Weldon N. McBrayer Resigns Position

Weldon N. McBrayer, for 12 years one of the most popular teachers in the Brownfield school system has resigned, effective at the convenience of the school board. With the exception of the time spent in the army, he has been active in building up a first class commercial department.

During the time "Uncle Mac" has been here, he has built the typing department from eight machines, and an enrollment of 11 pupils to a modern typing lab with 24 machines and an enrollment of 96 pupils in typing alone. In 1939 he applied for and received affiliation in Shorthand. Not only has he built a typing lab from eight rickety tables, and eight orange crates for chairs into a first class department. He has equipped a bookkeeping room with 29 modern desks and chairs, a teachers desk and filing cabinet at no cost to the school. He has helped sponsor eight senior classes, including this year's graduating class. Under his sponsorship, the class of '39, with help from the city, presented the school with a hard surfaced double tennis court; the classes of '40, '41 and '42 presented the school with a two-way communication system for the high school building. He has not been satisfied with mediocrity, but has striven for perfection in everything he has undertaken.

Luck to you, "Uncle Mac" wherever you may go, or whatever you may do. We shall remember your statements of many times that you have been fortunate in enjoying the friendship of hundreds of "kids," and want you to know that hundreds of "kids" have enjoyed your friendship, too.—The School Kids.

### Local Furr Food Store Wins Campaign

During the month of April all the Furr Food stores in the West Texas and New Mexico area participated in a clean up campaign, being checked once a week during the contest. A prize of \$150 was awarded to the winning store to be divided among the employees. The purpose of the contest was to promote an interest in the appearance of the store on the part of all employees.

Mr. Alonzo Miller received a telegram Tuesday from Lubbock saying the Brownfield store was the winner and the prize money will be divided equally between George Murphy Pennington, assistant manager, J. C. Todd, head of the creamery dept., Gene Patterson, stock boy and Mrs. Lora Mae Burney, head checker.

### Trustees Let Contract For Shop

Tuesday night the Trustees of the Brownfield Independent school district let a contract to Roy Wingerd, local builder for construction of a machine shop in connection with the vocational courses in school.

The building endorsed by a recent bond issue, is to be on the present school grounds. Contract for remodeling the West Ward building has not yet been let.

Read and Heed the "Dead Wrong" Cartoons now appearing in The Herald.

### Mayor Jordan Heads Cancer Society In Terry County

HOUSTON, May 9 — Appointment of Mayor Frank Jordan of Brownfield as chairman of the Terry county unit of the American Cancer society was announced today by Frank C. Smith, Houston, president of the Texas Division of the Society.

Pointing out the importance of the Terry county unit, Mr. J. L. Neff, executive director of the Texas Division, announced today that, according to official statistics of the State Board of Health, 20 persons died of cancer in Terry county during the past two years. Cancer is on the increase throughout the nation. Last year 6,343 deaths from the disease were recorded in Texas, as compared to 5,948 during 1945.

The Terry county unit, under Mayor Jordan, will organize a year-round program to combat the nation's second largest death-dealing disease—cancer.

### Several Local Lions Attend El Paso Convention

A large number of members of the local Lions Club, one of the most active in the state, attended the District 2-T convention in El Paso the first of the week.

The Brownfield Club conducted a necrology ceremony Tuesday morning with Rev. R. N. Huckabee in charge. Messrs. Dennis Lilly and Jeff Farley assisted with arrangements and Mmes. Huckabee, Lilly and Frank Jordan were in charge of decorating. Among the 18 Lions, for whom the service was given were Mr. C. W. Furr, of Lubbock, Mr. Fred Lowe of Brownfield and Mr. Earl Robertson, of Lorenzo, brother of Mrs. Lee Allen. Dr. W. A. Roberson and a quartet from Pampa furnished the music.

Mr. John McClean, of Hereford, was elected district governor to succeed Frank Jordan. He will take office in August. Mr. Jordan and Boy Tarpley were presented gifts for their outstanding work during their terms of office. Mr. Jordan received a piece of Halliburton luggage and Mr. Tarpley a leather brief case.

Attending from Brownfield were Messrs. and Mesdames Frank Jordan, Dennis Lilly, Jack Griggs, Les Harvey, Joe Cook, Tom Crawford, Frank Szydoski, Rev. and Mrs. R. N. Huckabee, Messrs. Hugh Holmes, Jeff Farley, Arlie Lowrimore, Eunice Jones, Charles Didway, Burton Hackney, Tom Chitwood, Boy Tarpley, Virgil Crawford, Ed Hardin, Dr. W. A. Roberson, and Miss Lorene Hargrove, Club Sweetheart.

### Local Woman Indicted For Perjury

The Grand Jury, in special session here last Monday returned a bill of indictment, charging a local woman with perjury, alleged to have been committed in her testimony in the recent trial of Harold R. Dove, for the murder of Wm. H. Culver. The alleged false testimony being that the defendant was at her home, the hour the crime was committed. Her trial is set for next term and she was released on bond.

### Slight Damage By Fire To School Building

A fire, thought to have originated in a waste paper basket, about 11 p. m. Saturday at the Junior high school building, destroyed a teachers desk and scorched the floor, otherwise did minor damage. A nearby resident, discovering it broke a window and brought flames under control with an extinguisher.

Senior girls of the Class of 1947 of Brownfield, Meadow, Wellman, Union and Denver City high schools were recently presented miniature Lane cedar chests by the Knight Furniture Company. The Brownfield high senior girls pictured above are:

Elizabeth Jo Anthony, Edwina Sue Baggett, Mildred L. Blevins, Peggy Earlene Bradley, Nellie Margaret Carter, Margie Lee Caus-

ey, Mary Francis Chambless, Virginia Ray Chambliss, Juanita Doris Corley, Helen Caroline Donathan, Mildred Inez DuBose, Betty E. Edwards, Billie Faye Finney, Billie Jean Garnett, Mary Louise Gray, Dorothy June Harris, Aquilla Hendricks, Beryl Dean Henson.

Betty Jean Holmes, Gloria Jones, Margaret Louise Kapple, Ruby Lee Killion, Dennie Fran-

cis Lee, Norma Vondell Linville, Joyce Bell Locke, Arnita Inez Lucas, Janie Irene Mason, Joyce Ellen McClintock, Annie Bess McCraw, Joyce Laverne Meeks, Dorothy, Norris, Quoya Maryline Powell, Annie Ruth Paschal, Mary Ellen Patton, Melba Francis Starnes.

Mozelle Stokes, Noama Lee Thompson, Hazel Doris Vernon,

Verna Maureen Wagner, Bonnie Ware, Nadine Weldon, Shirley Emelia Wilgus, Loretta Anne Reeves, Frances Wier, Virginia Phillips, Joan Lay.

Mrs. Durward R. Moorhead, Brownfield Senior Class Sponsor, is at extreme left and Tracy Cary of the Knight Furniture Company is at far right.

## Dead Wrong

ballot more secret. Why? That one has not been answered, and we can see no reason on earth for such opposition. To say the least, Texas elections are no more secret than witch burning was in Boston in 1670. When they hand you a ballot at the polls, they call out your name to a clerk and give your number. Anyone having a stand-in with the proper parties can take those numbers, and later find out just how you voted. And don't say it could, but isn't being done. Since the writer has lived here in Brownfield, we have had persons tell us just how we voted and what person we voted for. Is that secret?

Brother, there just is not any freedom except in politically and religiously freedom states. Only a few short years ago, as time goes, there emerged one Mussolini with his fascism, to be followed closely by Hitler with his Nazism, both claiming to be for the liberation of their people, the Italians and Germans. Both countries soon found that they were enslaved by police in a super-state. Russia with her communism is following the same line, except under a new name, Sovietism. The real statesman is, either thrown out or imprisoned and his place filled by a willing dupe. Writers who have been able to get behind the iron curtain estimate that there are now 15 to 20 million Russians doing slave labor many miles from their old homes. Penalized for non-cooperation. These same writers, and they are not enemies of the Russians for any reason, also state that with a possible voting power of 50 million, only about 5 million actually vote and they vote the ticket straight that is placed before them or else. If any hair brained American can even imagine any political freedom in that condition, they have us tested.

For the second year in a row, our own Junior Chamber of Commerce has gone to town at the State convention, both years winning first prize for cities under 10,000. Their project, as all should know, is the annual calf and pig show, something of a real worth while nature to the entire county. Of course their path is not always strewn with roses, nor is there a band to greet them, or money at the end of the rainbow. They have had their share of criticism, most of which, of course was uncalled for. But the boys have paid little attention to such, going on cheerfully with their work of helping to make old Terry the best diversified agricultural county in the state. More power to the Brownfield Jaycees.

Behind closed doors, and with the sergeant-at-arms bringing in members to form a quorum, the state medical bill was passed in the Texas legislature which practically forbids all practice except licensed M. D.'s. Perhaps this suits the people of Texas, perhaps not, but by their silence, it is liable to become a law, as the Senate has some similar bill, and of course providing Gov. Jester does not veto the bill, which is unlikely, if there is no howl from the people. And the "Fair Trades Act" will go over the same way, giving the northern and eastern manufacturers a little OPA in Texas, by permitting them to set a minimum price at which their products can be sold. The one store retailer has been told that it will help him fight the chains, but there is nothing on earth to keep the chains from manufacturing a similar product under their own brand name. Take for instance popular absorbent, one chain drug company made an exact duplicate to sell at half the price of the original.

We always thought the National Broadcasting company was a pretty good outfit—until last week they committed popularity hari-kari by cutting comedians Jack Benny, Bob Hope and Red Skelton off the air. You see, you dwellers in the land of free expression and good humor, these people dared to poke fun at the stuffed shirts who call themselves NBC vice presidents. For once, the newspapers came to the aid of their party and let the world know what a pack of assorted lice the stuffed vice presidents are. Remember, NBC is one of our rugged individual pluggers, and hail free speech on all occasions—in the conduct of their public responsibilities, they only Heil. Anyways, the heads of the vps have been shrunk, and the boys are going to town ribbing them. Which emphasizes a point: wouldn't it be easy for these free enterprize howlers to censor and control public information—if only the newspapers would play ball with them?—Ralls Banner.

Wm. Coy Tucker and Nig Moore, of Seagraves were in town shopping Monday.

Mr. and Mrs. Chas. O. Sears visited Mr. and Mrs. Harold Stice in Lubbock Sunday.

Mr. C. L. Hafer was a business visitor in Lubbock Monday.

Mrs. Fred Friel, of Longbeach, Calif. was here for a short visit in the Al Muldrow home last week. Mr. Muldrow took her to Pauls Valley, Okla., the latter part of last week.

Miss Betty Jo Chrisler, of Lubbock, who is Girl Scout Area Director, is here this week conducting an area training course in day camping. The courses are being given in Coleman Park.

R. H. Tudor as Plaintiff, and M. G. Gordon, the Heirs and Unknown Heirs of M. G. Gordon, and Frank E. Givan, Guardian of M. G. Gordon, a non compos mentis as Defendant.

The nature of said suit being substantially as follows, to-wit: Suit in Trespass to try title to the following described property, to-wit: 4 acres out of the extreme southwest corner of Section No. 46, in Block 4X, E L & R R Ry Co Survey, in Terry County, Texas. Also plead the five and ten year statute of Limitation. Plaintiff alleging he is the owner of said land and entitled to possession. Prayer for title and possession and general and special relief.

Issued this the 1st day of May, 1947.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this 1st day of May, A. D., 1947.

Mrs. Mike Blair and Mrs. Ed Mayfield spent last week in Houston visiting their sisters. They took C-S Willard Blair, and his buddy, S. W. Lynn, of Flint, Mich., as far as Houston. The boys had been here on a two weeks furlough visiting Willard's parents. They sailed from New Orleans.

Mr. and Mrs. Homer Newman attended funeral services for Mr. Newman's sister in Dublin the first of the week.

Mrs. C. J. Johnson of Fort Worth is here visiting in the home of her daughter, Mrs. M. G. Tarpley.

### A Pound of Prevention Equals Ton of Beef

COLLEGE STATION, May 9—A pound of DDT is worth 2000 pounds of beef to the Texas stockmen during fly season this year.

A tall statement? Entomologist Charles A. King, Jr., of the Texas A and M College Extension Service, says "figure it up yourself." One pound of wettable DDT powder mixed in 25 gallons of water, will spray about 25 head of cattle. Stockmen who have used DDT spray the past two years will testify that beef animals will put on an average of 80 pounds of flesh as a result of thorough spraying throughout the fly season. When 25 head gain 80 pounds, that's 2000 pounds of beef from one pound of DDT.

King says that the fly season is getting underway now and experienced stockmen are checking up on spraying equipment and DDT supplies. Four pounds of wettable DDT powder at a strength of .2 of one per cent, mixed in 100 gallons of water, is the spray to use. When to spray? King says "let the flies tell you." If the pests are thick, the spray is needed. A lot of factors enter into the "when to spray" picture. Often the treatment holds flies in check for months, but a heavy rain can mean the job needs redoing after a ten day period.

Dairymen also have an opportunity to cash in on DDT, King says. After spraying barns and cows, dairy farmers have reported a 5 to 15 per cent boost in milk production.

Mrs. R. W. Feagan left Friday for a two weeks visit with relatives in Mexia and Dallas.

The editor of a country newspaper retired with a fortune. When asked the secret of his success he replied: "I attribute my ability to retire with \$100,000 savings, after 30 years in newspaper work, to diligent application to work, pursuing a policy of strict honesty, always practicing rigorous rules of economy and to the death of my uncle who left me \$110,000.00—John Quill.

### CHINESE PYRAMID, WORLD'S LARGEST

There is a giant pyramid, probably twice as high (1,000 ft.) and three times as broad (1,500 ft.) as those the Pharaohs left, at the foot of the Tsingling mountains in Shensi province, China.

So reported Col. Maurice Sheahan, Trans-World Airways' Far Eastern director and ex-supply chief for the famed Flying Tigers. No down-country Chinese could tell him anything about the pyramid he had found. But Dr.

Joseph Wong, Oriental scholar at the library of Congress, found it without much trouble—in a Japanese archaeology book. The pyramid, a huge mud burial mound was built in the third century B. C. for a Ch'in dynasty monarch. Originally it encased a tomb and funeral trappings crusted with gold and pearls. However, said Dr. Wong, it was thoroughly looted several centuries ago. And no one in Western China has paid much attention to it since.

### Union News

The Baccalaureate and Commencement exercises for the High School will be combined this year. They will be conducted at the church Sunday night May 11 at 8 p. m. Rev. Emmett Brooks will be the speaker. The graduating seniors this year are: Marilee Shepherd and Patsy Garner.

The graduation exercise for the eighth grade will be at the HS auditorium Friday night, May 16. The first grade will also have a miniature exercise in connection with the eighth grade. Rev. Sparkman will be the speaker.

The local faculty honored the trustees and their wives and County Supt. and wife with an ice cream supper at the home ec cottage last Friday night. Games of 42 and dominoes were also enjoyed.

Fifty-five were present for Sunday school Sunday morning. Next Sunday is regular church day. Because of the Baccalaureate and Commencement exercises there will be no BTU or church services Sunday night.

The second and third grades honored their teacher, Miss Mac Gene Bevers, with a miscellaneous shower on Thursday of last week. She received many nice and useful gifts.

Mrs. Frank Sargent sponsored a weiner roast and marshmallow toast for the grade school 4-H club last Thursday afternoon. Misses Geneva Stewart, Avis McBrook, Mesdames Bonnie Kay Juanita Lanious, fifty-two young people and the hostess enjoyed the affair.

The high school classes and their sponsors enjoyed a hayride and picnic last Wednesday night. The HD club met last Thursday in the home of Mrs. Carol Shults. The topic studied was "Curtains and Drapes." The hostesses served a delicious refreshment plate to seven ladies. The next meeting will be Thursday May 15, and will meet with Mrs. Ethel

### Winter Wheat Crop May Hit New Record

General condition of winter wheat throughout the southwest was never better at this time of the year than it is right now, and hopes are high for a record crop.

Wheat came through the winter with scarcely any damage from wind or weather, and the present situation is such that little trouble is expected from green bugs, Hessian fly or other insects.

Some leaf rust here and there, but backed by an abundance of soil moisture, stands and development are good, and the outlook is extremely promising.

Despite late threats from sagging temperatures, no frost damage has been reported.—Santa Fe Crop Report.

Mrs. P. R. Cates who underwent a serious operation last week, is reported to be doing as well as could be expected.

Joe Shelton and family visited his parents, Mr. and Mrs. J. E. Shelton at Cisco over the week end. Joe said his dad was asking about the Old He.

Mrs. Ola Walls left Sunday to spend several weeks in Hot Springs, N. M.

Miss Alene Jones spent this week in Post visiting her parents.

—Try A Herald Want Ad—

Rhodes. Miss Avels McBroom sponsored a program in assembly last Friday. Members of the fifth and sixth grade rendered the program which consisted of two plays, a song, reading and two piano solos. We might add that if you are in doubt as to just how to propose marriage, just ask Don. The plays were of a humorous nature and the program was very entertaining.

FLOWERS BRING YOU MUCH NEARER.

# Veterans News

Ex-GI Joe thus far has proved to be a good loan risk, according to latest Veterans Administration figures on defaults for loans guaranteed by the Government under the Servicemen's Readjustment Act (GI Bill).

As of March 25, VA had approved for guaranty more than 643,000 home loans with a face value of \$3,642,000,000 and carrying guaranty commitments of \$1,707,000,000.

As of the same date, claims had been made against the guaranty by lenders in only 212 home loan cases, and 42 of these subsequently were withdrawn by the claim-

Our representative will call at your invitation.

South Plains Monument Co. 2909 Ave. H Lubbock

ants. Of the remainder, 135 claims in the net amount of \$235,400 have been paid—and this amount will be reduced by further recovery through liquidation of security for the loans.

VA said the small number of current defaults could not be expected to reflect the long-term trend. The loans are made repayable up to 25 years. The contracts have been negotiated since September, 1944, when the program went into effect.

Casualties among veterans who went into business with the aid of GI loans are considerably higher. Of 59,450 such loans totalling \$187,000,000, some 960 have resulted in claims. VA has paid 732 for \$680,000, also subject to further recovery through liquidation of assets.

VA said business loans are made repayable in much shorter periods of time than real estate loans, therefore a higher rate of defaults during the 2 1-2 years of operation of the GI Bill is to be expected.

Only 26,700 farm loans, had been approved by VA through March 25. Claims had been filed against 68, of which 42 had been paid in the amount of \$31,700. Farm loans may be amortized over periods up to 40 years.

On the other side of the ledger, VA said that 12,590 loans of all types had been repaid in full by March 25. These included 7,698 home loans, 3,920 for business and 972 for farms. Their aggregate face value was \$42,470,000.

## Did You Get A Thrill At The Calf-Pig Show

**Editor's Note:** For various reasons, mostly lack of space, and trying to preserve our uncertain supply of newsprint as much as possible, this article has been set back for the past three weeks. But as it expresses our admiration for both club boys and Jaycees in their effort to further meat production in Terry county, we are printing it even if it is ancient stuff.

We just can't comprehend what kind of a makeup a guy would have to have not to have had a great thrill at the Calf-Pig Show last Saturday at the Jaycee show barns in the county park, and put on by the 4-H and FFA boys of Terry county. He certainly would have to have a strange and twisted outlook on life.

Out there you saw scores of boys, some not yet in their teens, scrubbing and currying their animals before the judge reached them, in order to have his pig or his calf in prime condition, to undergo the rigid inspection of the eagle eyes of the judge. And in most cases both the calves and the pigs took all this primping in their stride. In fact, a good meal had been finished; it was pretty warm, and so a siesta was in order, especially among the pork-ines. They were just too lazy in most cases to resist the perking up their young masters were giving them.

Most of us mature men can remember back some 50 years ago when the older men of that time would frankly state than any calf or pig would make plenty progress "of you throw the feed to them." We saw that refuted in Tennessee the spring of 1903 to our entire satisfaction. An old uncle stated that feed did the trick. His son said feed plus good stock was the secret of feeding. The Old He worked on the Casey farm that spring; the son bought a blooded Poland-China; Uncle Dan had plenty razor back pigs. So, the thoroughbred and a razor back were penned together and fed just alike; they were practically the same age. When we left for Texas that summer, the son's pig weighed just about as much again as his dad's scrub.

For that reason, many of the breeders of calves and pigs always attend the shows. They want to see the results of balanced feeding to blooded animals, and these breeders seem to take almost as much pride in the show as do the young feeders. And in passing down the walk ways separating the many pens, one frequently bumps into a grown man, who with a lot of pride in his voice will tell you that he raised this pig or that yearling, and sold it to the club boy to feed out.

### Kenneth L. Jones Training At WTSC

Kenneth L. Jones, elongated athlete from Brownfield, is among the many aspiring gridsters receiving spring football training at West Texas State under the Buff's new coaches, Frank Kimbrough and Clark Jarnigan.

Jones, son of Mrs. O. L. Jones of Brownfield, is a Freshman majoring in Industrial Arts. Following graduation he wants to enter the lumber business.

## The Business Situation In Texas

AUSTIN, May 9—In spite of the existing high level of production and prosperity, Texas business slacked off in March from February's peacetime high, and fell back to its November 1946 level, according to the index of Texas business activity prepared by The University of Texas Bureau of Business Research.

Business in Texas now stands 88 per cent greater than in the pre-war years 1935-39 and remains 12 per cent above the level recorded in March 1946.

Commodities moving in large quantities through the State's transportation arteries and the excellent position of Texas agriculture along with production figures, continue to be mainstays in the business picture. Finance, both public and private, and labor indicators showed little change. Trade and prices presented the wobbliest situations.

The steady rise in production from its reconversion low in October 1946 continued during March paced by substantial increases in the important indexes of crude petroleum production, building permits and dairy products manufactured.

Texas farmers looked back over a prosperous March as farm cash income took a 43 per cent February-to-March hike and rose 36 per cent above income in

March 1946. Shipments of livestock, poultry and eggs showed impressive gains.

Greatest weakness in Texas business continued to be in the field of trade, as retail sales of independent stores failed to mark up the usual seasonal advance of 19 per cent during March.

Mr. and Mrs. Alonzo Miller visited his parents, Mr. and Mrs. L. P. Miller in Meadow Sunday.

Gwynet Doss spent several days this week in Plainview visiting her sister.

The number of frozen food locker plants in the country has grown from around 1,300 in 1938 to more than 8,000 in 1946.

### Fungicides Tested By Vegetable Mice

Scales of Easter lily bulbs are very subject to attack by a fungus causing scale rot, which accounts for their adoption by Drs. W. D. McClellan and N. W. Stuart, U.S.D.A. agricultural research division, in determining the effectiveness of various fungicides at the Beltsville station.

One fact that makes these "vegetable mice" particularly useful in testing work is that all the scales from one bulb are genetically the

The Easter lily with from 40 to 60 scales of almost china-like smoothness is well adapted to its "mouse" role in testing of fungicides.

same, and for that reason the vulnerability to attack of the rot is uniform.

Some other advantages of this new method are that the scales can be used at any time of the year if properly handled, the effect of the disease attack on the scales can be read with ease because they are smooth and almost white, the chemical to be tested can be applied as dust and in a suspension or solution, the equipment is simple and takes little space.

Sheriff Murry said Wednesday he has a new bicycle, found late Tuesday purposely hidden in a shrubbery of the Court yard, awaiting the owner.

### Parasite Dodder May Be Killed by 2, 4-D

**Selection of Clean  
Seed Also Essential**

By W. J. DRYDEN

Field dodder is an annual parasitic vine, growing on lespedeza, alfalfa, clover and various members of the dandelion family. It attaches itself to other plants and sends small growth into their tissue to absorb the sap.

As preventive is easier than the cure, it is essential that only seed free from dodder be planted. Spots in fields should be eliminated. This

Circle shows how dodder wraps itself around alfalfa to absorb the sap.

is possible by the use of 2,4-D weed killer. While the 2,4-D also will kill lespedeza and other plants in the sprayed areas, the loss usually will prove negligible as the dodder usually will be confined to small scattered areas.

The labor involved in cutting out dodder is excessive and it is almost impossible to remove all of the parasite by this method. Infested fields may be planted to grain or corn for several years. These crops are not attacked, but care should be taken that the dodder does not continue growing on weeds in the field.

### Treat Egg Right to Keep in Cold Storage

Treating an egg right means storing it clean, covered and cold, say University of Nebraska specialists. Eggs when clean should be stored in a covered bowl or pan, away from strong-smelling foods. Without a cover, eggs lose moisture and are likely to absorb odors. When kept in a cold place, even for part of a day, they stay good longer. Stored at room temperatures, eggs may lose much quality in three days.

### CARD OF THANKS

We take this means of thanking our many friends and good neighbors for their manifold deeds of kindness and words of sympathy during our trying hour, when we suddenly lost our loved one. Also for the many floral offerings. May God richly reward each of you in our sincere prayer.  
(signed)  
Family of Capt. Eugene B. Ellis

MISS ZELMA LEE BOND

Miss Zelma Lee Bond, Houston, has accepted the position of registrar at Mary Hardin-Baylor college. Miss Bond, who succeeded Miss Ailese Parten who resigned to enter business in Amarillo.

### Chick Glands Bigger When Fed Thiouracil

Studies at Purdue experiment station have shown that a new drug, thiouracil, when fed to chickens at a level of 0.2 per cent, resulted in marked changes in the thyroid gland and increased the rate of fattening. When the drug was fed to breeding hens, the thyroids of newly-hatched chicks were greatly enlarged. The hatchability of the eggs showed no change and the chicks appeared to be of normal vigor.

### Neighbors, Tahoka And Post To Stage Celebrations

An autocade from Tahoka was here Wednesday advertising their three-decked celebration for today and tomorrow, 9-10. This will be a combined program of the Lynn County Flying Farmers with an air show, a barbecue and a big dance.

Then on the following week end, Sunday, May 18, Post will stage their fine annual rodeo in their new arena. Some of the top ropers and riders of Texas, and New Mexico will participate in the contests.

### MRS. FENTER HOSTESS TO GOOD NEIGHBORS CLUB

The Good Neighbor club met with Mrs. Weldon Fenter on Thursday May 1. We spent the afternoon quilting. We also made some records on a home recorder.

We all had lots of fun, and a lot of work was accomplished.

Refreshments were served by Mesdames Walter Watson, Jake Cunningham, Milton Wagner, W. H. Wagner, L. V. Wagner, Rut Holleman, Dalton Warren, Ford Cowle, Huston Stephens, Pa. Garey, Henry Jetties, D. H. McMillian, Lester Etter, Miss Mary Belle Warren, Miss Peggy Etter, the hostess and several children.

The next regular meeting will be with Mrs. Lester Etter on Thursday May 15.

## SIDELIGHTS From Washington

By George Mahon

The chorus of one of the favorite popular songs begins like this: "It's a good day for singing a song."

It's a good day for moving along.

Well the Republican-dominated 80th Congress is not moving along very fast. The Republican program is to cut government expenses, reduce taxes, and pass a few pieces of legislation otherwise. Government expenses are being cut. That comes as a necessary consequence of the conclusion of war spending. However, cuts being made are not as deep as had been promised. The House passed a tax reduction bill which will no doubt pass the Senate in a modified form.

Last week the Republicans, after much difficulty, passed through the House a bill continuing rent control. Some of them who had promised the people freedom from all government wartime regulations hesitated to vote for the bill but did so under strong pressure from party leaders.

Also during the week an appropriation bill providing overdue G I Bill payments to veterans in college cleared both Houses and went to the President for his signature. Democrats chided the Republicans over the three months delay in getting action. This bill also carried funds to pay over-due cotton crop insurance claims.

Both political parties are reluctantly supporting the request for necessary funds to combat starvation overseas. These costs are very great to the American taxpayer. The principal relief item is wheat and grain prices have risen as the demands have increased.

The House finally passed a bill designed to prevent abuses by labor and management but as this is being written the Senate is still debating the question. Congress is further behind with its regular work than at any time in recent years, but Speaker Joe Martin is seeking to speed up the program with the hope of Congressional adjournment by July 15.

The Washington highlight of last week was the enthusiastic demonstration of welcome which greeted President Aleman of Mexico upon his arrival from Mexico City. Though he addressed the joint session of Congress in Spanish which few people could understand, he got as much applause as Winston Churchill upon such an occasion several years ago. Everybody seemed to want to give a big hand in the name of the good neighbor policy.

The handsome Mexican President was apparently very happy over the reception given him. His young son, Miguel, did not seem so impressed. Observing the absence of skyscrapers in Washington—the tallest building being only 15 stories—he told his Washington Boy Scout friends that he was anxious to go on to New York and see the sights!

### GOMEZ NEWS

Mr. Preston Ballard and sons of Croslyton and Mrs. Lee Howell and sons of Lakeview visited Miss Colleen Howell over the week end.

Mr. and Mrs. Cliff McKee visited Sunday with her brother, M. W. Brasher and family at Loop.

Skeet Whitley is home from the hospital.

Mr. and Mrs. Lester George of Brownfield visited her brother C. Wade and family Sunday.

Mr. and Mrs. Gordon Carter and children spent the week end in Roswell, N. M., visiting their daughter, Mrs. Jonnie Berryhill and family.

Mrs. Willie Winn and Mrs. W. G. Swain are still on the sick list. Mrs. Swain is in the local hospital.

Visitors Sunday in the R. A. Whitley home were Mr. and Mrs. B. H. Bartlett, Mr. and Mrs. J. J. Whitley and Mr. and Mrs. Charles Aubrey of Brownfield.

Mr. L. L. Rutherford of Sweetwater, Okla., is here visiting for several weeks with her daughter, Mrs. W. G. Swain.

Mrs. Hattie Welch of Meadow, Mr. and Mrs. C. C. Goodwin and family and Mr. and Mrs. Wayne Rutherford and children all of Earth, Texas visited Sunday in the W. G. Swain home.

### Babson Looks Ahead Five Years

**BY ROGER W. BABSON**  
Eureka, Kansas.—I hope I am wrong; but the following is a brief summary of my vision for the next five or more years whatever Russia may do. This, moreover, is based upon forty years of forecasting experience and the expenditure of millions of dollars on business research.

(1) I am reasonably sure of at least two more years of fair business. If the US adopts the right international policy, this can be extended to five years or more.

Certainly, the agricultural sections out here are happy and see no reason for any business depression.

(2) My manufacturing friends are very much upset by labor's demands and believe that "sooner or later" we will witness a Great Depression with millions of unemployed. Commodity, real estate and stock prices will be very much lower than at present, they claim.

(3) When visiting Washington, I find a belief that unless Russia collapses in the meantime there will then be a communistic uprising in the U. S. If our Federal Government is not taken

over by the Communists, through democratic procedure, certain state and city governments certainly will be. Yes, Washington is very jittery, and President Truman is scared blue.

(4) If these Congressmen are right, a panic of tremendous proportions could take place with people leaving the big cities and seeking refuge in the self-sustaining sections of the Central West. I refer to areas with their own food, fuel and housing supplies and which are not dependent on railroad transportation.

(5) If that time comes, or when the danger is fully evident, it will be too late to prepare for it. You cannot take out fire insurance on your house when it is burning! Yet, today there are several ways to prepare yourself and family both against communistic uprisings from within and Russian bombs from without.

Both of these factors would dangerously affect industry in and around many large cities. The first "hedge" would be to migrate with your families to some small interior city in the Central Area of the United States. If you don't care to take so definite a step now you can at least now make a start by re-arranging your investments. In the light of this situation there are three classifications of investments to be considered. These are Safest Investments, Bomb Targets and Semi-Protected Investments.

Safest Investments should include those companies whose assets or sources of materials are decentralized, or underground or indestructible. Among these are certain Land, Chemical and Mining companies most whose assets are well scattered, well buried or obtained from the sea. Also, companies processing or packing food products whose assets are in or near agricultural areas. Some lumber and sea food companies should be included in this group.

Bomb targets should include most heavy industries such as Steels, locomotives, automobiles and machinery. Other companies whose principal income is derived from food distribution in large cities would be vulnerable. Utilities, including transportation, gas and electricity, electrical equipment manufacturers, large department stores, drug companies and restaurant chains would all be open to attack.

Semi-protected investments are those based upon somewhat scattered assets with at least the greater portion in "safe" areas. I have in mind such industries as the container companies, certain meat packing companies, oil companies, chain store systems, communication companies and finally publishing companies whose good will and reputation are in the same category as trademarks and cannot be "bombed" out.

### Some Terry Farm In Pitiable Condition

Of late we have driven over considerable of old Terry, and had a chance to examine this and that farm. To say the least, many of them are in terrible condition, and it is going to take some real old sweaty work to get them back to producing condition.

There is no mystery to the fact that you will find one farm a level, sandy, desert looking, yea even desolate looking piece of ground that the least wind will shift about like chaff. And right next to it is another farm, same identical land that is in fair to good condition.

It just goes to show that one man worked to have a cover crop on his land, even if it did not make much the past two dry years, while his neighbor, maybe north, east, west or south of him let their land simply "go to the dogs."

We are not suggesting anything; it is none of our business, but some of these blowing farms are injuring their neighbors by blowing over on them, and starting perhaps a shifting sand condition on their land.

And to be perfectly frank about the matter, we shall not be surprised if this condition is not remedied, there are liable to be some damage suit filed in our courts. We hope the matter is remedied.

Apples may be kept several months in their natural state if they are in good condition when stored.

Mrs. W. O. Schellinger and Mrs. Kyle Graves are visiting relatives in Stephenville this week.

Mr. and Mrs. Bill Anderson and Mr. and Mrs. Cotton Neely spent the week end in Odessa.

A pound of DDT sprayed on cattle during fly season is worth 2,000 pounds of beef to the Texas stockman.

I become bearish. Well, however, I am out here at the very center of the US viewing our great virgin areas of grain, forests, minerals and happy people, I am neither bearish nor bullish. I, however, do advise my readers now to get and keep out of debt. Hope for the best, but prepare for the worst.

### Soil Conservation District News

L. R. Atkinson, Route 5, contacted the CYT District office to secure assistance on a long time program for planning permanent grass pasture on cultivated land.

J. T. Fulford, Route 1, Meadow, who operated Dr. English's farm on the east side of Terry county, had the district to work out a plan to retire 75 acres of class IV land to mixed grass planting. He will first establish a ground cover and seed grass early in August or the spring of 1948, depending on favorable moisture conditions.

Myles Kelly, Work Group Engineer from Dimmitt, Texas, spent April 29-30 in Brownfield assisting the District Engineering crew start moisture penetration test on an irrigated field owned by Malcolm Seales.

Jesse B. Thompson, Work Group Soil Surveyor, with headquarters in Muleshoe, Texas, is making soil surveys on several farms that are under District agreement.

Now is the time, under the District program, to have your farms planned for terraces and contours for this fall. All preliminary engineering could be done this summer and farmers could get started early. Come in now and make application for conservation planning so you can get this work done. Under the District program, there is no cost to the landowner.

Several irrigation farmers are applying water now in order to have ample moisture for seeding of crops within the next few weeks.

Interest in developing new irrigation wells seems to be on the increase lately. The District Engineering Crew is available for planning of ditches, row directions and the locating of a well site. Apply for this service at District headquarters in the basement of the Post office building.

Several farmers in Terry county are planning to establish ground cover to seed grasses. Cover can be had by a broadcast of sudan, broom corn, or cane. Do not allow these crops to go to seed, but almost at maturity time

now these down to form a protective ground cover. Drill grass mixtures into mat early in August if moisture permits; if not, seed in spring of 1948.

The most popular grasses being seeded this spring are Weeping Lovegrass, Sand Lovegrass, Smooth Brome and Perennial Italian Rye. The most popular legume being used is Alfalfa (dryland) and Madrid Sweet Clover. From all reports most farmers now, who are planning fall and winter grazing, are considering Balboa Rye. It seems to stand wind erosion better and affords better ground cover, too.

"Help Save Productive Soil, America's Basic Asset," is the title of a fine bulletin for free distribution. Ask for a copy at the District office. Quoting further one paragraph from this excellent bulletin, it states: "Top soil is the farmer's principal asset, and it is upon the productivity of this top soil that all business ultimately depends."

Troop 45 of the Boy Scouts, under the leadership of Jim Wright, spent Friday and Saturday at the County Park on a camping trip.

Mrs. Ralph Ferguson, Editor

Phone 321-W

**Mrs. Toone Feted While Visiting**

Mrs. W. B. Toone, who is here visiting her niece, Mrs. W. A. Bell, was named honoree at several affairs last week. A coffee was given for her Wednesday morning of last week in the home of Mrs. Lal Copeland with Mmes. Wingerd and Ike Bailey as co-hostess. The honoree and Mrs. Bell were presented corsages of white gardenias.

Spring flowers decorated the reception rooms and the refreshment table was centered with an arrangement of mixed flowers. Fruit juice, coffee and sweet rolls were served to fifty guests.

Mrs. J. J. Christian of Lubbock was an out of town guest.

Sunday afternoon from 3:30 to 5:30 in the home of Mrs. W. B. Downing Mrs. Toone was honored guest at a tea. Assisting Mrs. Downing as hostess were Mmes. John King, W. H. Dallas and Jessie G. Randal.

Miss Margaret Bell, of Lubbock, great niece of the honoree presided at the guest book and Mmes. Dallas and Randal were at the tea table, assisted in serving by Mmes. W. L. Auvenshine, Lal Copeland and N. L. Mason.

A color scheme of yellow and white was carried out on the refreshment table in the flower arrangement and table appointments. Roses, Dutch iris and phlox decorated the reception rooms. The honoree and Mrs. Bell wore corsages of yellow and white iris.

**MRS. AKERS HOSTESS TO MAIDS AND MATRONS**

The Maids and Matrons Club met in the home of Mrs. Jot Akers Tuesday afternoon at four o'clock. Mrs. L. M. Wingerd talked on the Influence of Reinhardt on the American stage. Mrs. Looie Miller discussed the influence of Gordon Craig and Mrs. Lee Fulton that of Norman-Bel-Geddes. Mrs. Ralph Ferguson was program chairman.

Cake and punch were served to Mmes. W. M. Adams, A. M. Muldrow, Ferguson, Fulton, Wingerd, Miller, J. R. Wright, O. L. Peterman, Money Price, E. C. Davis, Leo Holmes and J. M. Teague.

The next meeting will be the president's luncheon at the home of Mrs. O. L. Peterman at one o'clock.

Oscar Sawyer, former resident of this city, now of near Lubbock, was here Wednesday visiting relatives.

**JUNIOR-SENIOR BANQUET HELD FRIDAY NIGHT**

The Junior Class of 1947 entertained the Senior class with a formal banquet and prom Friday evening at the Legion hall. Clever decorating on the part of the Juniors transformed the hall into a night club setting. Champagne bottles and glasses with pastel colored bubbles pouring from them were used on the stage curtain.

A delicious menu of tomato juice cocktail, baked ham, green beans, corn, potato salad, rolls, apple pie ala mode and iced tea was prepared by mothers of the Junior students and served by Sophomore girls.

Jack Tankersley, junior president, began the program with an address of welcome, answered by Robert Bowers, president of the senior class. The class prophecy was read by Homer Nelson and the last will and testament was given by Dickie Lees. Jane Weis sang, "The Man I Love" as a solo.

After the banquet the students enjoyed dancing to the music of Clifford Horn's orchestra.

After the banquet the students enjoyed dancing to the music of Clifford Horn's orchestra.

**ROBERT FERGUSON IS PARTY HOST**

Robert Ferguson was host to a group of friends with a backyard party Monday evening to celebrate his thirteenth birthday. Out door games and table tennis furnished diversion throughout the evening.

Birthday cake and punch was served to Jimmy King, Donnie Boyd, Carlon Dale Brady, Jackie Roberts, Norma Ruth Rogers, Eugene Hinkle, Carrie Hudson, Billie Colbert, Jack Taylor Stricklin and the honoree.

**MARY RITA CORDELL CELEBRATES 4th BIRTHDAY**

Mrs. F. W. Cordell named her daughter, Mary Rita, honoree at a party Monday afternoon from 4 to 6 o'clock to celebrate her fourth birthday. Parilee Nelson and Shirley Holder directed games and while the small guests were playing the honoree's father made movies of them.

Balloons, stick candy and suckers were given as favors. Ice cream and cake were served to Shirley Trumble, Martha and Pat Nelson, Shirley and Jerry Holder, Roy Joe Davis, Bob Moorhead, Sue Stevens, Parilee Nelson, Connie and Patsy McMillian of Lubbock, Mrs. Stuffie Moorhead, Mrs. G. L. Nelson and Mr. and Mrs. C. W. McMillian of Lubbock.

**MES. GAASCH AND FIGLEY ENTERTAIN WITH BRIDGE**

Mmes. Phil Gaasch and P. N. Figley entertained with four tables of bridge Thursday afternoon of last week in the home of Mrs. Gaasch.

Mrs. Harold Crites received a hydrangea plant for high score and a set of frosted glasses for bingo. Mrs. Kendrick received second high which was a pottery tea pot and Mrs. O. L. Peterman won travelling, a box of note paper.

Pineapple icebox cake and coffee were served to Mmes. Roy Herod, Peterman, Joe Miller, A. J. Stricklin, sr., Sam Sayres, Reagan Peeler, Jerry Kirschner, Gordon Richardson, Ted Hardy, Spencer Kendrick, Fred Jones, E. C. Davis, R. N. McClain, Crites, Joe McGowan and Wilson Collins. Mrs. J. Preston Murphy was a tea guest.

**WMS MEETS FOR BIBLE STUDY**

The Women's Missionary Society of the First Baptist church met in circles Monday for their Bible study. The Bagby circle met in the home of Mrs. D. P. Carter with Mrs. E. D. Yeatts teaching the lesson which was on types of prayers given in the Bible.

Those present were Mmes. Arthur Cobb, Ame Flache, L. C. Heath, John Jenkins, A. R. Tyler and Yeatts.

The Lottie Moon Circle met with Mrs. W. M. Adams with Mrs. Drew Hobdy conducting the lesson. Those present were Mmes. W. E. Pool, C. E. Ross, R. M. Moorhead, W. L. Bandy, W. H. Collins, S. H. Shepherd, B. L. McPherson, K. W. Howell, C. P. Henderson and Mobydy.

**MISS ELWANA HICKS WED TO ERNEST HUDSON**

Miss Elwana Hicks, daughter of Mr. and Mrs. W. L. Hicks, of the Turner community in Yoakum county became the bride of Ernest Glen Hudson May 1 at 2:00 P. M. in the First Baptist parsonage with Rev. A. A. Brian reading the marriage service. Mr. Hudson is the son of Mr. and Mrs. P. G. Hudson, also of the Turner community.

The couple, both graduates of the Plains high school will make their home on their farm in the Turner community.

Wedding guests were Mr. and Mrs. Hudson and Miss Vera Hudson, parents and sister of the groom, and Mrs. W. L. Hicks, mother of the bride.

**Maids And Matrons Hold Open House In Library**

Open house was held in the library with the Maids and Matrons Club as hosts Wednesday afternoon of last week. During the calling hours Mmes. Leo Holmes, T. E. McCollum, Looie Miller, W. M. Adams and Jot Akers showed the guests through the library and gave information in regard to the various classes of books available to the readers. They also displayed oil paintings by Mrs. L. C. Smith, who used pictures from the library magazines as her models.

Guests were greeted by Mrs. E. C. Davis, outgoing club president and Mrs. M. G. Tarpley, incoming president. Miss Olga Fitzgerald, librarian, presided at the guest book and presented each one registering with a book mark as a gift from the club.

The library was a profusion of flowers which were given by the Alpha Omega Club, Mmes. Clarence Lewis, T. E. McCollum and J. M. Teague. They were later taken to the hospital and distributed among friends who are ill.

Punch and cookies were served from a refreshment table decorated with an arrangement of books and yellow spirea. Mrs. W. A. Bell presided at the punch bowl and was assisted in serving by Mmes. Money Price, Jessie G. Randal and Lee Fulton.

Mrs. J. M. Teague received the gifts of books and silver which are greatly appreciated by the club members.

Fifty guests were registered.

**NEW OFFICERS INSTALLED IN JESSIE RANDAL PTA**

The new officers of the Jessie G. Randal PTA were installed at the regular monthly meeting Thursday at 3:00 p. m. Mrs. A. M. Muldrow was installed as president; Mrs. V. L. Patterson, 1st. vice president, treasurer and Mrs. Tess Fulfer, secretary. Mrs. Walter Ford conducted the installation.

An educational film was shown which was followed by a social hour.

**BENNETT-McDERMOTT MARRIED AT CISCO APR. 30**

Mrs. Alice Bennett and Paul McDermott were quietly married at the home of her brother, a Justice of Peace at Cisco, April 30th. They are here visiting her daughter, Mrs. Glen Akers, for a few days before returning to Abilene, which city will probably be their future home.

Their wedding was no little surprise to their many friends in Brownfield, both being well known here to old timers. Mrs. Bennett had resided in California for about 20 years, but lost her husband, Rich Bennett, about a year ago and returned to Texas. Mr. McDermott lost his wife some two years ago, here.

Both contracting parties being old friends of the writer, we hereby wish them a long and pleasant married life.

**Howard-Kizer Vows Read In Missouri**

The marriage of Miss Mary Margaret Kizer, daughter of Mrs. Josephine Kizer, of Warren township to Kermit R. Howard, of Brownfield was performed April 15 in the home of Mr. and Mrs. Howard F. Kizer in Mexico, Mo.

Following the ceremony a reception was held in the Kizer home. After a short wedding trip to St. Louis the couple will be in Brownfield.

Mrs. Howard was a former teacher in the Marion county school before going to Washington, D. C., to enter civil service work in 1942. From there she was transferred to Amarillo as an instructor in the army air forces and later sent to Biloxi, Miss.

Mr. Howard enlisted in the U. S. armed forces in January, 1941 and served in the army air forces until he was honorably discharged in July 1945. At the time of his discharge he held the rating of Master Sgt. During his service in the ETO he earned the air medal, the bronze star and a Presidential citation and seven combat stars. After being discharged he became an instructor in the Technical army air school at Amarillo, and was later transferred to Keesler Field, Biloxi, Miss.

**SUB DEB CLUB**

The Sub Deb Club met in the home of Barbara Harrel Tuesday May 7 at 5 o'clock. A business meeting was held and refreshments were served to club members.

**COME AS YOU ARE BREAKFAST HELD SATURDAY**

The women of Brownfield can relax now and again put on their worn mules and faded housecoats as the come as you are breakfast is a thing of the past. The affair was given by the Cen-Tex Harmony Club Saturday morning in the home of Mrs. J. M. Teague from 6:30 to 10:00 A. M.

Misses Delia Wall and Edith Creighton served coffee and doughnuts from a table centered with an arrangements of spirea. One hundred guests were served. Twenty five dollars was collected in fines.

**WELLMAN H D HOLDS INTERESTING MEETING**

Another helpful meeting of the Home Demonstration club of Wellman was held Friday afternoon May 2nd in the cafeteria.

House was called to order in the usual way.

Recreation was a song and the telling of a exciting event. Minutes of the last meeting attended by the Secretary were read and approved.

Some interesting things which the clubs saw at the open house of Home Economics day held at Lubbock were told but the club knows they just had time to tell the beginning as it was very interesting.

The demonstration was on curtains. Helpful ideas were given, samples and pictures were shown.

Let the members try out some of these ideas—see if they will be alright.

Mrs. Lewis from Forrester community met with the club. Everyone is welcome to our club. When school is out don't quit coming to the meetings. Let every one who can meet each time. Let us try to make our club one of the best. Meetings dates are the 1st and 3rd Friday afternoon at 2 o'clock.

Mrs. Gordon Alexander, is taking the place of Mrs. Sam Privett who is on extended vacation, as assistant to Dr. W. A. Roberson.

D. E. Harris has begun construction of two large dwellings of tile material in the 600 block on East Main.

At 2:30 p. m. the house was called to order by the President, Mrs. Bell, and she gave a talk on Window Fancies for Spring Decorating.

Roll Call, by the Secretary, Mrs. Bartley.

Our recreation leader, Mrs. Oden Miller gave several musical numbers on the piano.

After meeting was over, the ladies worked on a bedspread for

### Poison Ivy Ever Present Danger

With the advent of summer and the ensuing exodus from city to country resorts and picnic spots the annual problem of ivy poisoning is once more making its appearance.

In order that city dwellers may guard against this poisonous plant by instant recognition of it, Dr. Geo. W. Cox, State Health Officer, has issued the following statement. "Poison ivy may be recognized by its leaves and its fruit.

Each leaf is divided into three leaflets, the margins of which vary from smooth to more or less notched outlines. The small greenish flowers appear in May or June and the fruits which are the size of a small pea are pale green and poisonous when immature."

The symptoms of ivy poisoning range from slight redness and itching to exaggerated swelling and blisters, accompanied by severe burning sensations. There are all gradations between these extremes. In mild cases the skin is covered by numerous small blisters containing a colorless serum which is not poisonous. The poison cannot spread from broken blisters but pustules may form and infections may result as secondary consequence. Recovery usually occurs in from 10 days to 3 weeks. Occasionally a persistent skin inflammation follows.

Dr. Cox advised persons planning picnics and out door excursions to learn to recognize poison ivy and thus be able to avoid it. Prevention is much easier to accomplish, than relief from ivy poisoning.

Mr. W. F. Green, of Route 2 and his sister, Mrs. Perry Irvin, of Route 1, were in Aspermont on business over the week end.

The social will be with Mr. and Mrs. Gill Friday night, May 9.

Our next meeting will be with Mrs. Walter Hogue May 15. Bring your covered dish and come early.

### The Low Down From Hickory Grove

You know, I kinda like to gas about "free enterprise." I like to see reasons and causes for my faith in the future of this USA. Also I like to boost and review Aesops—and thereby keep refreshed and alerted on how not to be a sucker. Of all the mortal things I choose not to be called—or be—it is a sucker.

Just since V-J day there has been added around 300,000 to Sambo's payroll. That is not less—that is 300,000 more, than before V-J day. It is no compliment to us citizens—these added 300 thousand "looker-afterers." We must be slipping. At this clip, "free enterprise" is being elbowed out fast.

Over in Virginia this Honorable Soreback there, Mr. Byrd, is delving into dark corners and is unearthing plenty of termites at work, on our foundation. The Senator needs help. The USA is still big and strong—but so was the old Roman Empire, until it grew careless.

Yours with the low down,  
JO SERRA.

Mrs. A. T. Stafford spent Thursday and Friday of last week in Carlsbad visiting her daughter and son-in-law, Mr. and Mrs. Joe Hornek.

Mr. and Mrs. G. M. Thomason, Mr. and Mrs. A. J. Felts, sr., and Mrs. O. G. Lewis attended the annual five county singing convention in Lubbock Sunday.

Mrs. W. B. Pringle and Miss True Routh of Denver City were Brownfield shoppers Monday.

Mrs. Tom Harris and son left Monday to visit her parents, Mr. and Mrs. McDonald in Altus, Oklahoma.

A variation of apple butter can be made by substituting 1-2 pts. of pure grape juice for the pint of water ordinarily used in making butter from a gallon of apples.

### Lack Of Material Holds Up Buick Production

Buick produced 24,496 cars last month, bringing total 1947 model output for domestic and export users to 82,070 units, Harlow H. Curtice, Buick general manager and vice president of General Motors, announced today.

Although Buick achieved its largest post-war monthly volume during April, Curtice said the inadequate flow of raw materials, especially sheet and strip steel, is holding production "at a level far below our schedules and facilities."

### Sgt. Gene Walker Returns From Korea

About two years ago, Gene Walker, son of Mrs. Lee Walker of this city, left the Herald office to don the uniform of Uncle Sam's army, and that was the last we saw of him till late last week, when he paid us a hurried call. He expects to be discharged about the last part of May but has not made up his mind what he will do as a civilian.

After about a year of training, and after the shooting war was over, he was sent overseas to Korea with the occupation forces. Gene is a fine boy and dependable and evidently his officers soon found that out, for promotion after promotion has elevated him to Master Sergeant.

Whatever Gene decides to do, he will do it well, for that boy does not mind work in the least. He was one of the few we have undertaken to train that did not have to be shown work. He finds it and does it.

Mr. and Mrs. Sid Machen and Mr. and Mrs. Earl Machen and daughter of Seymour spent the week end here visiting Mr. and Mrs. Jim Quinton, Mr. and Mrs. J. B. Worsham and Mr. and Mrs. Ray Hailey.

Mr. and Mrs. W. A. Holt had as their guests Sunday Mr. and Mrs. Olan Blair and children, of O'Donnell and Mr. and Mrs. Tommy Roberts and children, of Wellman.

### CARD OF THANKS

We take this means of thanking our many friends and neighbors for their kind words of sympathy in the death of our husband and father and for the beautiful flowers. May God bless each of you.

Mrs. J. Edwin Bryant and family.

# Every Line is a look at Tomorrow

White sidewall tires, as illustrated, will be supplied at extra cost as soon as available.

YOU spot it on the highway every time a Buick comes along:

Here you meet the future face-to-face.

Here you see the clean, rich, uncluttered design that marks the swing away from what was to what is going to be.

Here's the sweep and flow of fender line that's called for by a streamlined age — here's the solid, steady look that spells roadability — the broad beam that means room — the massive bonnet that tells of Fireball power aplenty.

Here's grace, here's ability, here's sturdy dependability — all wrapped up in one handsome package that's not merely up-to-the-times but ahead of it.

Here are the good looks that bespeak good works; you hardly have to be told of precisions carried to ten-thousandths of an inch, of materials searched out from the finest to be found.

Any wonder that such a creation is America's most wanted automobile? Any wonder people pass up cars that may be easier to get to wait for a car that's going to stay fresh and new and modern-looking?

Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays

The simple fact is that you're buying in the future when you buy any good car today.

Why not settle on the one that most obviously foretells what the future will be — that has the most in it of what is to come?

Buick dealers' showrooms are kept pretty bare of display models by the eagerness of Buick buyers to "take over" the first minute they can.

But you'll be greeted in every one of them with courtesy and sincere interest in getting your Buick at the first minute possible.

Drop in — talk it over — and insure yourself a happy future by placing your order now. We'll take it, with or without a car to trade.

### ONLY BUICK HAS ALL THESE STAR FEATURES

### Some Damphool Laws Found Over USA

If you sing at a bar in Wisconsin, drive a red automobile in Minneapolis, eavesdrop in Oklahoma, marry your mother-in-law in the District of Columbia, or arrest a dead man for a debt in New York, you are violating the law.

If you are a citizen of Barre, Vermont, you are required to take a bath every Saturday night; every male in Brainerd Minnesota, must grow a beard; the female population of Providence, Rhode Island can not wear transparent apparel, even silk or nylon hose.

A southern Carolina negro was accused of killing a plain clothesman. The negro contended that since the other man was not in uniform he did not know his identity, mistaking him for a burglar. The negro's lawyer could not explain why his client carried a gun. After searching the Carolina archives he found a law dating back to Indian times that

made it unlawful to attend church on Sunday without carrying a gun.

In Winnetka, Ill., a theatre manager can bounce any person from the theatre with odoriferous feet. You can not set fire to a mule in Maine, or feed razor blades to an Illinois hog. It is unlawful to ride a jackass more than six miles per hour in Ohio.

You are not allowed to use an elephant to plow a cotton field in North Carolina, or to kill a snake in Pennsylvania unless it bites you.

In Oklahoma you will be arrested if you catch a whale in inland waters, while in California you may be convicted of a misdemeanor if caught shooting at any kind of a game except a whale from a moving automobile or airplane.

In Worcester, Mass., the town fathers ruled that a girl can not be seen dancing on a tight rope except in church. It is a penitentiary offense to carry wire pliers in Texas. In Oregon a girl can not legally enter an automobile with a young man unless

chaperoned by a chaperone. In Utah, day light must be seen between a dancing couple. In Lew- is, Delaware, a man can not wear trousers that are form fitting around the hips, while in Reading, Pa., a woman can not hang under wear on a clothes line unless a screen is present.

A man was fined \$15 for kissing his wife in a Chicago park. Kissing is also taboo in Georgia. In Mass., 10 kisses are equivalent to a marriage proposal. A hug and a kiss in the presence of a girl's parents combined with several gifts to candy are enough to announce your intentions of marriage in Minn.

In Maryland if you make as many as six visits to a girl's home you may be as good as married and once married you can direct profanity at your wife if you live in Delaware, while in Michigan the law says a husband owns all his wife's clothing and can take possession of all her wardrobe if she leaves him.

A San Francisco ordinance prohibits the spraying of laundry clothes by water emitted by the mouth. Omaha bans the use of the finger bowl by more than one person. In Waterville Maine, it is violation to blow your nose in public. In Indiana a man can not wear a mustache if he habitually kisses human beings.

There is a law in Charleston, S. C., that compels a prisoner to pay the police a dollar for the privilege of riding to jail in the patrol wagon. Kansas makes it unlawful for a candidate for public office to give away cigars on election day. Florida prohibits hiring away another woman's cook while it is illegal to speak English in Illinois, and it is against the law for a New York father to diaper his baby.

If you live in Boston, you could not own a dog over 10 inches in height and in Kentucky burglary may be committed only at night.

In Iowa a one armed pianist may be seen, but not if admission is charged to view his performance. In Tacoma, Wash., it is mandatory for a motorist with criminal intention to stop at the city limits and telephone the chief of police that he is entering the town.

If you are in New Jersey, you must refrain from making any noise while sipping your soup, and in Chicago you must not feed your dog whiskey and if you are in Gary, Ind., you must not attempt to board a street car within four hours after eating garlic. And we PAY lawmakers.

Mrs. Dora Holden, of Seagraves is here visiting her sister-in-law, Mrs. Ame Flache.

Mmes. Ed Garnett and D. W. Allmon were Lubbock visitors Tuesday afternoon.

Mr. and Mrs. R. R. Barnes, of Ft. Worth are here visiting in the home of Mrs. Barnes' sister, Mrs. B. L. Thompson.

### The Circus Came And Went

There used to be an old saying that when you saw one circus you'd seen all of them. That saying doesn't quite hold true today. In the old days from the big ones like Ringling Brothers or Adams, Forepaugh and Sells Brothers on down to that fine little wagon traveling affair of Texas' own Molly Bailey, there was some thrilling trapeze performances, good bareback riding and many, many funny clowns. All of which pleased the small fry.

While we did not attend the one here Saturday, thousands did, and while the young fellows seemed to have gotten some kind of a kick, the growtups we interviewed were anything but pleased. In fact some of them hinted that the performers could have done well by sending their clothes to a laundry, themselves to a bath tub, and their mouths to a good old soap rinsing.

Which brings to mind some advice Billy Rose gave the Ringling Circus recently. Billy says they take up most of the time parading half clothed girls around the ring. Now Billy knows his girls if anyone in the United States does, and can pick 'em. But, he thinks the circus is for the little fellows, and we are all little fellows again when we attend a circus.

So, he advises that the circus people return to their old lines and keep to their knitting. More real acting, and more clowns and trained animals and less leg shows, which does not appeal to the small citizens.

But circuses of whatever nature are infrequent visitors here, and poor, indifferent or good, the little folks should be allowed to see all the decent part of them, if any.

TRY A HERALD WANT AD

Mrs. Joe McGowan spent several days in Quannah visiting her father and a brother who is there from California.

Mr. and Mrs. L. E. Dix of Fort Worth spent several days this week visiting their daughter and her husband, Rev. and Mrs. J. Preston Murphy.

Then there was another subscriber flagged us down way up Broadway Monday afternoon. He was A. Brannan, son of one of the pioneer settlers, as was his mother, who was a daughter of the late A. P. Moore. Great people were the Brannan's Moore's.

Mr. and Mrs. Roy Herod and son Billy Mack and Roscoe Treadaway spent the weekend in Ruidoso.

Johnny Bingham of the Needmore community came in grinning last week and said he guessed he had better hand in another two bucks to keep 'er comin.' Unlike Dagwood's dealer who returned his money—but didn't do it cheerfully—Johnny grinned about paying up.

Mrs. H. H. Allmon is visiting her parents, Mr. and Mrs. James Greenwood in Tahoka this week while Mr. Allmon is in Fort Worth on business.

Mr. and Mrs. A. W. Endersen came up this week, from Fort Worth to be at the bedside of Mrs. Endersen's sister, Mrs. P. R. Cates, who underwent an operation at the local hospital. A. W. travels for a hardware jobber and goes as far north as Kansas, all over Texas and into Arkansas and Louisiana.

Mowing pastures now will control weeds and keep grass from becoming too tough for cattle to eat.

## Over 50,000 Universal Jeeps' Now at Work on Farms and Ranches!

### THE 'JEEP' DOES MORE JOBS—

- Pulls plows, discs, harrows, and other farm implements.
- Hauls loads to 1200 lbs. on or off the road.
- Tows loads to 2½ tons at highway speeds.
- Power take-off delivers to 30 hp on the belt.
- Powers mowers, sprayers—other shaft-driven equipment.
- Works the year 'round!

The Universal "Jeep" has proved its value in the best test of all—round-the-year use on thousands of farms and ranches.

The "Jeep" is the all-around vehicle farmers needed—always ready for hauling, towing, field work and powering equipment. With 2- and 4-wheel drive (6 speeds forward, 2 reverse) and power take-off, the "Jeep" has power and versatility to handle almost any farm job. It is a paying investment. Come in now and inspect it.

THE UNIVERSAL

**SUPERIOR LETTUCE**

Slobolt lettuce, developed by the USDA, is available for the first time to the gardener. Non-heading, long standing Slobolt produces wrinkled, frilled, light green leaves. Plants are of moderate size.

If the plants are set 10 to 12 inches apart and only basal leaves used, Slobolt lettuce may be harvested over a period of several weeks. Slobolt makes a good fall crop from midsummer plantings. It produces usable leaves three weeks longer than many well-known commercial leaf lettuce varieties. It receives its name because it is slow to "bolt" seed stems in warm weather.

**Babson Discusses President Truman**

Independence, Mo., May 9 — This is a typical small western city. Its life depends largely on the farmers living about. They are industrious and honest people in Independence and, as the name suggests, they are both democratic and independent.

**Their Idea of Truman**

The townspeople had known Harry Truman as an unsuccessful store keeper who was more interested in politics than in business. In those days this required faithfulness to the Pendergast Machine. Hence, his Independence friends were not surprised when he was rewarded with petty political jobs. When however, he was made U. S. Senator by the Pendergast Gang, their respect both for the U. S. Senate and the Pendergast Machine fell pretty far and low.

As time went on, the townspeople came to believe that "Truman is as good as the rest of that bunch down in Washington and perhaps a little better." However when their fellow townsman was nominated and elected Vice President, they again were shocked and again became skeptical of the whole U. S. Government. These

Independence people are still asking today: "Tell us—Mr. Babson—why did President Roosevelt want him as a running mate? He must have known that he himself would not live to finish off his Term."

**Truman's First Two Years**

The way President Truman acted in the early part of his term confirmed the pessimistic fears of his townspeople. His appointments, his public statements and his private acts appeared to be those of a small town politician who simply did not know what it was all about. His apparent desire to please everyone, brought him enemies both amongst the New Dealers and the Conservatives. Truman's stock tumbled thick and fast, even though he started out with a friendly press.

Everyone out here agrees that Harry Truman is honest and wants to do what is right. He is modest and doesn't think he has the answers to all the questions. He is willing and anxious to take advice from those whom he trusts. All this means that Truman's future and the country's future, for that matter, depends upon these friends to whom Truman turns for advice. If these men are honest and wise, Truman will make a good president. Today his followers appear to be such.

**Will Truman Be Re-Elected?**

If the Presidential election had been a year ago, Truman would have been terribly defeated. If the election were today, Truman would have a good chance for re-election. Probably the answer lies with how he handles the veto power during the next year—and who is to be his running mate. Owing to the recent deaths in office of President Harding and President Roosevelt, voters are beginning to consider the Vice Presidential candidate of both tickets. Hence, it is especially important that President Truman have a strong running mate. This brings me to the chief item of news which I got in Independence, Missouri.

The people of Truman's city believe that Secretary of State Geo. C. Marshall will be the running mate. "Didn't he promise that he would not run for the Presidency?" I asked. To this question the reply was, "Yes, but that applied only to the Presidency. Marshall never promised he would not accept the Vice Presidential nomination." These people here believe that Mr. Marshall will

stick to his trade and that Mr. Truman and his backers so believe. Hence, they are free to build up Mr. Marshall anticipating his nomination for Vice President.

**Stock Market Discounts**  
When in Kansas City and St. Louis I asked friends: "What's the matter with the Stock Market?" They replied: "The Stock Market today is now discounting Tru-

**JAYCEES TO MEET MONDAY**

Officials of the local Jaycees announce a very important meeting is to be held Monday noon at the Thompson Cafe. All members are urged to attend.

We are glad to number Clifton Jones and wife again as permanent fixtures. Loyd's Shoe Shop made space for Clifton in their shop so he can make boots here in Brownfield. So, if you want a real hand made pair of boots, see Clifton, at that location.
