Citizens Warned Against Polio Outbreak

The recent heavy rains and poor sanitation and fly control and with the occurrence of polio within the area at this time, it is necessary that a strenuous campaign of clean up and fly control be put into effect at once.

A recent survey has shown that insanitary privies, open cess pools, cow lots, hog pens and garbage not in covered containers exist with populus areas which make a favorable condition for fly breeding and exposure of human waste material where the spread of polio, the dysenteries and other fifth borne diseases may strike out citizens.

The director of the South Plains Health Unit urges all officials and individuals within the area, to use every means at their disposal to eliminate this condition by means of forcing the destruction of insanitary privies and clean up all cow and hog lots and the spraying of these areas with DDT as an added precaution. All residents of the area, all food establishments and business houses are urged to spray all buildings inside and out with DDT for the control of flies.

A five per cent solution of DDT applied at the rate of one pint to 125 square feet has been found adequate for control of flies when repeated at intervals of two weeks or after heavy rains.

Odessa To Play Here Saturday, Sunday

A special feature in soft ball is scheduled here for next Saturday and Sunday, when the Odessa team is to play doubleheaders with the Brownfield Team, sponsored by Primm Drug.

Last Tuesday night Primm's eased over Baldrige Bakery of Lubbock, three to two; Wednesday night over Tahoka, 16 to 7.

Next Tuesday, Plainview is to play Primm's here and next Friday Primm's are to tackle Blue Bonnet Laundry of Lubbock to whom they lost last week.

DON'T SEEM TO WANT SOFT BALL LEAGUE

C. C. Primm stated Tuesday morning that just two men other than himself took enough interest to meet at the courthouse Monday night to try to form a city league. The Lions club took the matter up last year and there were several fine teams. But the Lions are busy with other matters this year. And C. C. is busy with his berth in the South Plains League.

But someone must take the lead in the matter, and make personal contacts. The Herald feels sure that enough business men, employing a number of men could be interested, and we know the general public would enjoy attending the games.

And what about the ladies? Last year they had some of the best lady teams on the south Plains. Why can't some of the ladies of the Ladies Athletic club dig up a few teams?

The National Board of Fire underwriters are to make a close study of the explosive qualities of ammonium nitrate following the Texas City disaster, and make their recommendation concerning the labeling and transportation of this fertilizer.

Shows Pictures Of Panhandle Disaster

Miss Kathleen Hardin, R. N., and aunt, Mrs. A. R. Smith, were in this week to show us some actual photographs taken after the rip-roaring cyclone hit Higgins, Texas, and Woodward, Oklahoma.

Scenes of absolute destruction of both homes and furniture was plainly depicted and left one to wonder how anyone escaped. We want to mention just here a couple of freaks that cyclones always play when they hit a community.

One home and furniture was absolutely destroyed, but left the bottles filled with milk on the concrete porch, not even turned over.

Another showed a home wrecked, and even the furniture unsalvageable, in a farm home. But there stood a butane refrigerator still doing business when the rescue crew arrived.

Kathleen was sent up there by the local Red Cross directly after the disaster to help nurse and care for the wounded.

New Grid Team Defeat Ex's

The Brownfield High School football team for next season poured it over the last two years ex's, 12 to 6 at the local field last Tuesday night in an exhibition game. J. B. Huckabee, Prentiss Walker and Clyde Bond Jr., were referees. The many fans expressed pride in the new team and predict a successful season.

The State athletic association recently discarded the spring training season and there will not be any more games until the regular season opens.

County Road Work Progressing

Twenty-seven carloads of hot topping material was ordered early this week, to finish the new road from west county line, via Wellman, to Forrester gin, thence south to Gaines county line. It is expected to be finished by August.

Work has begun on the grading of the road from Meadow to Needmore, where it connects with the Sundown intersection on the Levelland highway.

TERRY SECOND ON GRAIN SORGHUM PRODUCTION

LUBBOCK, MAY 16—Nine of the ten top ranking grain sorghum producing counties in Texas for 1945 were on the South Plains, according to figures recently released by the United States Census Bureau.

No. 1 county in the state was Lamb which grew 5,614,123 bushels of grain sorghum. The only county off the South Plains to break into the first ten was Nueces which raised 2,493,000 bushels and ranked ninth.

Other South Plains counties and their rankings were Terry, second, 5,149,216 bushels; Lynn, third, 4,685,052 bushels; Lubbock, fourth, 4,462,011 bushels; Bailey, fifth, 4,071,344 bushels; Hockley, sixth, 3,827,482 bushels; Dawson, seventh, 3,125,906 bushels; Parmer, eighth, 2,919,001 bushels; and Castro, tenth, 2,464,483 bushels.

The South Plains produced 57.5 per cent of the state total of 94,389,395 bushels of grain sorghum during 1945.

Terry's Wheat Crop Valued at Half Million

Until this year, Terry county has never had a sizable wheat crop. Some dozen years ago, the Pray boys up near the Hockley county line north of the city, on the old Levelland road, raised some wheat, which proved that it could be done if the job was really tried.

But this year is different. Drive any direction you wish from Brownfield and a swath of green can be seen among the larger areas of brown. Judge Homer Winston keeps pretty well up with farm operations, so we asked him Tuesday for his estimate of the wheat acreage in Terry county. "About 25,000 he stated and I figure a yield of around 10 bushels per acre on the average."

So, that would give up some 250,000 bushels of wheat and at \$2.00 per bushel, will figure a half million dollar crop of wheat. We believe that most will agree with Homer on the acreage, and that his estimate of yield and price is conservative.

Best of all, we will have a fair money crop coming in at a time of year we have never had before.

Army Store Has Lots Of Good Stuff

Paid the Army Store on west Main, belonging to E. W. McBee and Joe Stutts a visit this week and found much good merchandise therein, with attractive prices.

They have a full and complete line of army-navy clothing, mostly pants and shirts, but are stocking with many other lines as they find surplus stuff for sale. They have a fair assortment of shoes, a lot of blankets, pillows and towels. These goods had to pass inspection of the army-navy buyers.

They have a nice assortment of odds and ends, such as picks, spades, knives, etc., used by GI's in trench warfare, flashlights and what have you. They love to make sales, but use no high pressure methods.

Over 3/4 Million To Polio Fund

The people of the United States contributed \$787,755.43 to the Sister Elizabeth Kenny Foundation and its state chapters in the fiscal year which ended April 30, 1947, Donald C. Dayton, President of the Foundation, announced yesterday.

Kenny Foundation funds are used for the operation of the Elizabeth Kenny Institute, treatment of polio patients, training of doctors and Kenny technicians, clinical research, and the educational and administrative functions of the Foundation.

Funds retained by the state chapters provide subsistence scholarships for technicians' trainees, reserves for the establishment of local Kenny treatment facilities as trained personnel becomes available, and money to meet hospital and medical expenses of polio victims.

SING SONG AT FORRESTER SUNDAY AFTERNOON

Mack Thomason was in this week to get us to tell all song lovers that the monthly Sing Song will be staged at the Methodist church, Forrester, next Sunday afternoon, May 18, at 2:30 p. m.

You are urged to be there on time with your throat well cleared.

No. GI Allowance For Vacation or Play

G. I. readjustment allowances are not intended as summer vacation pay, Herbert L. (Hub) King, manager of the Texas Unemployment Compensation Commission advised student veterans today. The TUCC cooperates with the Veterans Administration in readjustment allowance part of the G. I. Bill of Rights.

Even if he is otherwise qualified, a veteran is not eligible for readjustment allowances for unemployment if he is receiving subsistence allowances for education or training under the G. I. Bill or if he is not available for suitable work, Mr. King said.

"This means," he explained, "that in between school terms and during vacation periods veterans should make sure that their Federal government school subsistence allowance payments have been discontinued before claiming readjustment allowances."

"Further, the veteran who is planning merely to rest and play between school terms is not eligible for readjustment allowances. Among other things he must be available for employment and seeking a suitable job during each period for which he claims readjustment allowance."

The law provides that further rights to readjustment allowances shall be forfeited by a veteran who knowingly accepts an allowance to which he is not entitled. In addition, misrepresentation and fraud are punishable by Federal fines and prison sentences. In Texas many of the investigations have been handled by the FBI, he added.

It's A Boy, So Bill Passes The Cigars

No one had to ask any questions about the matter. Action spoke louder than words, Wednesday when Billie Moore hustled in with a box of YB's and handed one to whomsoever smoked 'em.

Yes, of course it is a boy, born at the local hospital, and weighed 7 pounds and 13 ounces, but had not been named up to that time.

Mrs. Moore and son doing well at that time.

Slight Injuries In Two Automobile Accidents

Mrs. B. B. Brown, sustained some injuries when the car in which she was riding with her husband of Denver City was in collision with a truck loaded with a tractor, driven by Mr. Kirkpatrick of near Meadow, last Saturday. Brown claimed his steering gear locked causing the collision. The truck turned over. Although both vehicles were damaged other occupants escaped injury.

Monday night a car driven by a young man from east Texas was in head-on collision with one driven by a soldier from El Paso one a curve near Wellman. Both drivers miraculously escaped death, with but minor bruises. Both cars were badly damaged. Charges of driving on the wrong side of the road were filed against one. Highway patrolmen here investigated each case.

The Chevrolet Motor Co., is looking for the truck in the USA that has been in use longest, and still in use. They propose to deliver the owner a brand new Chevrolet for his ancient model, if he cares to trade.

Read and Heed the "Dead Wrong" Cartoons now appearing in The Herald.

Following the Baccalaureate sermon by Rev. Preston Murphy, pastor of the First Presbyterian church, at the Baptist church on Sunday, May 18th, the Brownfield Independent School will have their commencement on Friday May 23 at the high school auditorium.

Dr. R. N. Richardson, president of Hardin-Simmons University of Abilene, will deliver the principal address.

Hazel Vernon is the valedictorian and Joyce Meeks, salutatorian. The following named students are scheduled to receive diplomas:

The West Ward school will have over 100 promotions to the junior high for next season.

City Installing Stop Signs

The city's street crew began early this week installing 50 "stop" signs, at various intersections leading on to Hill, Main, Broadway, Tate and Cardwell streets, and onto the Lubbock-Seagraves highway. One or two on the west side of town. They are round, yellow background, on the drivers right at intersections.

Many of these are at crossings, with increased traffic, heretofore with no sign.

Chesshir Attends State Convention

Herbert Chesshir and wife attended the State Convention of Tax Assessors and Collectors at Galveston last week and talked shop with the state officers and tax accountants. They also visited the wreckage of Texas City near by and stated the various reports we have heard about it were not exaggerated.

Mr. Chesshir reports but a very small percentage of delinquent taxes in this years county tax payments.

Nelson Jewelry Installs Watch Master

Lynn Nelson, of Nelson Jewelry announced this week that he has installed a new electric machine, which he hoped to have in operation by June 1, called the Watch Master.

This watch rate recorder is so accurate that it will register gain or loss of each second of time, or will indicate any error in the watch mechanism, thus spotting the trouble before the watch is torn into.

Lynn invites you to drop by after the first of the month for a real check up on your watch.

NEW BUS LINE TO START NEXT TUESDAY

According to an announcement made last week, the Texas, New Mexico and Oklahoma bus line will begin operation of a daily bus line from Lamesa through Brownfield, Levelland, Littlefield, Dimmitt to Hereford, next Tuesday the 20th. The smaller towns Welch, Whittharrel and Spring Lake will also get this bus service.

The morning bus from Lamesa will leave Brownfield north at 11:40, and on the return trip south, will leave here for Lamesa at 7 p. m., bus station agent C. C. Primm announced, Tuesday. We understand good new buses will be used.

Close connections will all east-west buses will be made at both Littlefield and Brownfield, and north-south buses at Lamesa.

One of the most ambitious plans for long range dairy improvement in Terry county, was announced this week by the Terry County Board of Development, according to Secretary Virgil Burnett. Recently County Agent McElroy and Tom Neely, vocational agriculture teacher of the Brownfield schools, were sent to the

Million Dollar Rain Visits Old Terry

Beginning Friday morning before most of us were awake and ending with some showers Sunday, the local rain gauge gave a measure of nearly 2 inches, 1.95 to be exact. Coming as it did right at the time planting should be pushed, the farmers are wearing a smile not seen on their faces in the past two years, and the business men are smiling in sympathy.

The outlook for a crop is the best in many years. The county was blessed with seasonable rains the last four months of 1946, giving a winter season like we had not had for two years. And for the first four months of this year, we are some three inches ahead of the rainfall at the same time last year, counting several fine snows in January.

February gave us a goose egg this year, with just a trace of rain, but March gave us an average for that month, .88; April shed off with just 3-4 inch, but the first ten days of May delivered two inches.

Right now the farm element of old Terry is settling on the world, and the goose is hanging high. We are expecting great things this fall, and one of the greatest pleasures will be to see these gin boys have to go to work after two years of rest.

With some showers along from now on, Terry will come in with an old time average crop—perhaps a bumper.

Local People Attend Firemen's Convention

The following officials and persons connected with the city fire department, attended the Panhandle Firemen's Association at Levelland, last Tuesday. Mayor Frank Jordan and Fire Chief E. D. Jones, A. V. Black, Frank Ballard, Lee Orvel Lewis, Archie Chapman, Earl Livingston and wife, Herman Chesshir, Marion Linville.

The city being in the Permian Basin Association, were invited guests of their neighbor district.

Carbon Plant Surplus Property To Be Sold

Notice was given this week that the Columbian Carbon Black plant west of Seagraves, would be sold as surplus property by the government. This plant was built during the war with government money and cost \$35,000.

The other plant northeast of Seagraves, and just over in Terry county, is privately owned, and is not involved in the deal.

Knight Furniture Adds 40 Feet To Present Structure

The old tin storage part of the J. B. Knight Furniture on west Main is being wrecked this week, to make room for a fireproof tile addition to the present 50x100 feet building giving them an additional 40x50 and with the same amount of additional balcony space. The exterior will be stuccoed and interior plastered.

The old concrete wall in the rear of the original building will be torn out, and the new addition will have walls the same height all the way back. Thus giving the firm a huge balcony of 50x80 feet. Material is now on the ground for the erection of the addition.

When complete the main floor, 50x140 will contain 7,000 square feet of floor space and the balcony 4,000 feet, making it one of the largest exclusive furniture stores in this section.

Diamond C ranch in Erath county, Oren Ferguson, owner, where they purchased 16 pure bred registered Jersey heifers, which will be delivered this month. In addition they purchased a young herd bull to be delivered later, also registered. The heifers are from 7 to 18 months old.

The following progressive firms of Brownfield each purchased one animal for distribution to 4-H and FFA boys of Terry county:

First National Bank, West Texas Cotton Oil Mill, J. B. Knight Furniture & Hardware, C. D. Gore & Son Grain Co., Grady Goodpasture, Copeland Hardware, Red Tudor, Portwood Motor Co., Farmers Implement, Ross Motor Co., Collins Dry Goods, Coy Maroney, Latham Dry Goods, Teague-Bailey Chev. Co., Brownfield State Bank, and Cobbs Department Store.

And the following are the 16 lucky boys chosen by the County Agent and Mr. Neely as possessors of the initial purchase:

Meadow—Weldon Mason, Wendel Mason, Herbert Hicks and Robert White.

Brownfield — Dale Newsom, Graham Swain, Billy Bond, Kenneth Tuttle, Kenneth Wright, Byron Wise, James W. Watson, Van Perry, Ray Latham, Ronald Max Miller, Robert Earl Faught, Larry Leon Lindsey.

Now, as we understood Virgil, the first heifer calf born to his animal is to be given back to the donor of his animal. This firm in turn will give this calf to some other boy in the trade area. We understand that no calf must be given or sold to anyone outside Brownfield trade territory.

Directly after the railroad came to Brownfield, the same plan was tried out on hogs, purchased from one of the most famous swine farms in the state, and soon Terry county was known far and near as a great pork producing area, and this condition held good until the war and many regulations as well as two years of drouth came on. But, Terry county is getting back in the hog business.

Of course hogs breed much faster than cattle, and a comeback in the swine business is quicker. Just a very few years ago hogs were shipped out of here twice weekly by the carload, most of them going to the west coast.

We Get Out To See Some Planting

After quitting time Tuesday we drove out a short distance in the country as we wanted to see if it was dry enough to start planting. A few on the higher places and sandy soil had the planters going. One was harrowing his land. Saw some cotton up and coming that was planted before the rain. This in the vicinity of the R. L. Cornelius farm.

For the most part, fields that we saw are in good shape for planting. Some weeds, but planting operation will get them. Farmers generally are afraid of too close weeding before sandstrom time is over. Reason: might start land to blowing.

Eldon Cornelius announced he would start planters Wednesday; also Mack Chambers and a number of other farmers we talked to.

Rev. Ed Tharp said he believed he was going to get a stand of cotton on his farms planted before the rain.

S S MANAGER TO BE HERE

Elliott W. Adams, manager of the Lubbock office of the Social Security Administration, will be at the United States Post Office in Brownfield beginning at 9:00 a. m. on May 22, 1947 to take applications for benefits under the Federal old-age and survivors insurance program and conduct other business connected with the Federal family insurance program. Mr. Adams announced today.

The Herald

TEXAS  PRESS ASSOCIATION

 WHOLE PRESS ASSOCIATION

Last Tuesday the 6th storm got rather reckless with its wind and rained and some areas of the south Plains. Both Morton and Levelland and areas report considerable damage, running from \$10,000 to \$30,000. The wind did not particular damage here that we learned, although it was quite fierce, carrying a lot of dirt before the sprinkle came.

Here's hoping that Tech college finally gets possession of the pile of disintegrating bones of a king sized elephant recently found in the ground at Oklahoma Flats community in Hockley county. The private finders only wished to exhibit them for the money involved, peep show fashion. Tech will preserve them in their museum for future generations to see. However, in passing, if Tech must have some bones, they are welcome to the huge consignment of various and sundry bones the neighboring pups drag on our lawn nightly.

Two new radio stations are to open this week, according to announcements, one at Lamesa and the third one for Lubbock, to add further to air cluttering. But long may they wave. All of them are comparatively wea kisters, and advertising and canned music will likely be their fort, although the Lubbock station will, it is said, carry Mutual Broadcasting programs. What the South Plains really needs is a good 15,000 to 25,000 watt station with a clear channel. But there are even new newspapers being born in this area, with newsprint scarce as hen's teeth. Even those with a quota don't know from one month to the next whether they will have enough newsprint to run them. Just where the new papers are getting their supply is a mystery to us. But this is supposed to be a free country—free press and radio.

And speaking of Texas Technological college, and its much work and experimentations for the benefit of Plains farmers in particular and Texas farmers in general, the most recent venture is the grouping of cattle on various irrigated pasture grasses, to find the leading varieties for the purpose of determining which will have the greatest growth and weight to animals in the shortest possible time. Such clovers and grasses as alfalfa, or a mixture of wild rye, bromo grass, etc., will be tried. This experiment will be watched with interest by Terry county farmers.

Just as we expected, some 180 legislators met in Austin in January, many of them freshmen, with one idea in view. Spend just as much money as possible, and tax the people for it for every penny they can stand. Oh, yes, of course the boys tell us that the tax will be put on our natural resources, and the BIG boys will pay it. But anyone with other than gravel in his head know the big boys will turn right around and add the tax to the cost of the product, and in the long run Mr. John Q. Public will pay the tax—but not like it. And these boys who are so free with the other fellow's money, are all heated up at Governor Jester because he threatens to veto a lot of these tax raises, asserting that he ran on a platform of no new

taxes. Any citizen that read a paper or listened at the radio last year know that Governor Jester said just that on every platform. Yet, these play boys are trying to convince themselves and others that the governor was not elected on a no tax platform. If we believed that we could really get some good men to go to the legislature at Austin by paying a good year round salary, we would not mind doing so. But as long as we continue to send mugwumps to Austin to represent us, who have never been able to make a decent living at home, on their own, we say let's keep the ten per day on their salary, and even at that we are squandering money.

The Ralls Banner suggests that the present legislature represents just about everyone except the people of Texas. For instance, the so-called fair trades act, at the behest of manufacturers of the north and east has been given favorable consideration. Some millions of Texans that really understand the bill don't want it. Also favorable consideration has been given the basic science bill, promulgated by the Texas medical fraternity, about one out of every 250 people. On the other hand, the legislature has refused to redistrict the state, which is demanded by every citizen in west and south Texas, and most all except politicians in east Texas. Not only that, but our constitution says the state must be redistricted after each census. These hillbilly legislators take an oath to uphold the state constitution. Do they do it? The legislature has been meeting every two years since 1920. No effort was made to redistrict the state after the 1930 census, and seven years have gone by since the Federal census of 1940, and no redistricting.

We would like to shoot the bird—with our pop gun—who started this daylight saving mess. Here we have in the nation two standards of time, with the people in 12 of the 48 states trying to fool themselves by this daylight saving meddling. As a result a few concerns which operate throughout the nation have to observe the time of New York, regardless of local time or local conditions. Railroads, airlines and many other companies of national scope are observing standard time, even in these places which have tampered with the clocks. We hope that the guy who invented this annual headache misses his transportation—if he has brains enough to get away from home. Just why anyone who wants to go to work an hour earlier does not have gumption enough to go to work an hour earlier without fooling himself by running forward the clock is beyond us. When we are elected president we and not going to stand for any such foolishness.—Canyon News. You are our candidate Editor Warwick.

Senator Sterling Parrish writes in to the Herald stating that he opposed the so-called fair trades act, but that it passed the Senate anyway, but he figured the

Radical Changes Made In Interscholastic League

The Herald has been advised by Roy Bedichek, director of the University of Texas Interscholastic League, that some rather radical changes came up at the recent meeting, and some of these changes were made. Hereafter, there will be no spring practice in either AA, A or B football teams, but after this year, the football squads may begin practice August 15 instead of Sept. 1.

The contention was that spring practice of football interferes with track and baseball. The small school voted heavily against spring practice. The vote was as follows, AA schools, 46 to 36. A schools, 143 to 80, B schools 261 to 104.

Other changes is that a boy can only play eight semesters, and should be become 18 during the season, he cannot play the rest of the games, and there are not to be any post-season games. Also, all schools are forbidden to pay coaches extra out of the athletic funds of the teams.

Mr. and Mrs. T. E. McCollum and daughter spent Sunday in Estelline visiting his parents, Mr. and Mrs. J. L. McCollum.

House would kill the measure for this session at least.

Most Texas cities and towns hold their election in April, but the Alamo city waits till May and generally puts on a hot one. This time an ex-mayor and ex-congressman, Maury Maverick from the San Antonio district was a candidate for mayor, but he appears to have gone down in defeat. But there is a runoff.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO:

Pat Harris
GREETING:
You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 23rd. day of June, A. D., 1947, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 6th day of May, 1947. The file number of said suit being No. 3342

The names of the parties in said suit are:
Lois Harris as Plaintiff, and Pat Harris as Defendant.

The nature of said suit being substantially as follows, to-wit: Plaintiff sues for divorce and substantially as follows, to-wit: custody of minor children; alleging cruel treatment on part of defendant and that through no cause of provocation on part of plaintiff, defendant has abandoned her for a period of more than five years.
If this Citation is not served within 90 days after the date of

its issuance, it shall be returned unserved.
Issued this the 6th. day of May A. D., 1947.

Given under my hand and seal of said Court, at office in Brownfield Texas, this the 6th. day of May A. D., 1947.

George McLeroy Gets Special Recognition

LUBBOCK, May 16 —Some 276 students of Texas Technological College will be honored in special recognition services at the college May 13. The event is scheduled to coincide with Parent's Day. Students ranking scholastically in the upper five per cent of the student body last semester will be honored, as well as those holding certain scholarships and awards, and a number who are being credited for outstanding service to the student body and the college.

Among the group to be honored are the following from Brownfield: George McLeroy, son of Mr. and Mrs. C. J. McLeroy, route 2.

SCOUT ACTIVITIES

White Rose Girl Scout Troop No. 1 met May 9th in the Presbyterian church with Mrs. John Butler and her troop of scouts meeting with them. Miss Betty Jo Chrysler and Mrs. Gene Gunn had charge of the program and taught the girls how to make their bed rolls to take to camp. At the next meeting Mrs. Forbus and her troop will meet with us at the Presbyterian church.

Troop members present were Patsy Gorman, Norma Rogers, Bennie Gross, Wanda Baldwin, Glenda Blevins, Jo Ann Hutson, Jackie Little, LaNell Morgan, Glydola Stockton and Mrs. Joe Hardin and Mrs. Lewis Simmonds, leaders.—Reporter

BROWNIE TROOP HAS WEINER ROAST

Fifteen Brownies of Troop 6 met in the back yard of Carolyn McCollum's Wednesday of last week. The hour was spent in roasting weiners and marshmallows. Before going home their troop leader, Mrs. Herman Chess-hir took pictures of the group.

All Brownies are eagerly looking forward to the day camp which will be held this summer from June 9 through the 12.

THE JUNIOR EDITOR ENJOYS RACE REGATTA

As stated last week, the Junior Editor and family spent the week end at Brownwood with his sister and her husband, Mr. and Mrs. Herman Trigg. While the trip was primarily a visit long delayed, they nevertheless enjoyed the many races of inboard, outboard and hydroplanes.

A. J. Jr., stated that he and Herman really had box seats too, as they were in his boat. The top prize of \$1400 was split between Charles Mayhew of Dallas and Henry Taubert of San Antonio, who tied. Jr. says the littleuns have to look out for the biguns and the devil take the hindmost. They get reckless.

They did very little fishing, but a few were caught, as Master Jack Taylor is always ready to wet a hook.

T. E. Hobbs writes in from Hollis, Okla., enclosing currency of the realm, to keep 'er comin'.

Former Barber Here, Found Dead

Fred D. Blair, aged 51, a former barber and resident of Brownfield, who has been living in Lubbock for the past six years, was found dead last Sunday morning in a Lubbock hotel room. Death apparently resulted from a disconnected gas jet.

Funeral services were conducted by Elder Joe Chisholm at the Church of Christ, here, fol-

Mr. and Mrs. Douglas Jones

were hosts with a dinner Sunday with Mr. and Mrs. J. L. Williams, Mr. and Mrs. Holland Williams, Mrs. Mary Williams, of Roswell and Mrs. S. W. Jones as guests.

Charles Ray Darlin was born

at 10:20 May 1. He is the son of Mr. and Mrs. W. D. Darlin and was born at the local hospital. Mr. Darlin is employed by Chisholm hatchery.

Mr. and Mrs. Ned Self attended the shoe market in Dallas this week.
Mr. and Mrs. R. M. Moorhead were dinner guests of Mr. and Mrs. Durward Moorhead Sunday.
Mr. and Mrs. Frank Bozeman, of Lamb county were here visiting relatives Sunday.

BROWN COUNTY REUNION AT LUBBOCK

We are requested to announce that a reunion will be held at Mackenzie State Park, Lubbock, Sunday the 18th, on the north side of the park.

A basket lunch will be spread at the noon hour, and all are requested to bring a basket of food. Miss Ora Ellis, secretary of former Brown Countians, stated.

EDISON EXPERIMENTED WITH URANIUM

Thomas A. Edison, whose genius gave the world the electric light, apparently was experimenting with uranium, source of ore of the atom bomb, before his death 16 years ago. Among the effects found in a desk in Edison's home, locked since his death in 1931, was a test-tube containing uranium nitrate. Just what Edison was doing with uranium still was not known.

Mr. and Mrs. Raymond Reynolds spent Sunday in Hawley visiting his mother, Mrs. E. R. Reynolds.

Mrs. H. H. Carrell of Tatum, spent the first of the week visiting in the home of Mr. and Mrs. J. J. Youngblood.

ONE LAXATIVE IS ENOUGH

★

SOME FOLKS keep many kinds of laxatives on hand. They include weak, mild, strong and harsh types for different members of the family. Actually, all you need is a single bottle of new, improved ADLERIKA, the FAMILY LAXATIVE. It's a scientifically compounded Tone-Up laxative originated by a doctor... works quickly, but gently, to move waste through the digestive tract. Stimulates sluggish intestinal muscles equally well for youngsters or older people. Try it and you will learn why over 20,000,000 bottles have been sold. *Caution: use only as directed.*

ADLERIKA • THE TONE-UP LAXATIVE

FOR COMPLETE Hospitalization and SURGICAL POLICIES see McKinney's Insurance Agency

Soil Conservation District News

UP to 8:00 A M Friday, May 9th a good rain in the amount of .85 had fallen over Terry County, and the expectation that more would fall, thus greatly helping the wheat crop in this section.

Several farmers throughout Terry County are seriously planning for the wheat harvest, and after that just how and what method to follow. Some say they will follow the land, some say if moisture conditions are right the wheat land will be followed with peas or early maturing maize, yet others say they are going to flat break deep, working the stubble into a mulch and let the land lay idle until early whenever cover crops will be planted for fall and winter grazing, thus a big question has arisen among many new wheat farmers here. Good land use should and probably will be the deciding factor.

Walter Fulton, Route 2, seeded 40 acres of weeping lovegrass this past week, which will be used in the future for seed production and pasturage. This grass was planted in 42 inch rows and irrigation will be used in promoting quick growth and early maturity of seed. To date this is the largest acreage started toward improving pastures in Terry County. Several other farmers have started smaller areas of mixed grasses for pasture.

C. H. Johnson, Route 1, Meadow, secured assistance this past week from the District office in planning 20 acres of grass mixtures to be seeded this fall or class IV land.

John M. Hill, one of the progressive cooperators of the CYT District, will plant this season a nice acreage of wax kafir, which is a new variety in this section of the Plains.

Kirk Williams, a District co-operator west of Meadow, is to make a trial planting of Perennial Dwarf Sudan this spring. If his variety proves profitable, other farmers will probably be planting larger acreages in the spring of 1948. What makes this sudan attractive is that the farmers drill it in rows only one time. Year after year this sudan will come up and afford pasture before ordinary sudan is planted for temporary pastures.

Casey Day, Route 2, Slaton made inquiry for assistance to revegetate several sections of native pasture land this past week. After a complete inspection of the area, plans will be developed later whereby density increase may be obtained.

If you are considering contours or terraces next fall, then apply early for advance execution. Apply through the District for assistance and avoid the heavy rush next fall. The District survey crew can be working up all necessary information this summer and then each farmer can start terracing sooner next fall after the crop harvest. Technical assistance is for the asking and no charge for this valuable service is required through the CYT District program. Any land owner is entitled to this help whenever he applies through the Soil Conservation Service office. Save time later by planning now.

Successful farming today means (a) sound land use, (b) the right combination of conservation practices, (c) the maintenance and

Veterans News

Veterans claiming readjustment allowances for unemployment during the week ended April 26 fell below the 900,000 mark for the first time since last November, VA announced.

Claims have fallen off slowly but steadily from 1,200,000 in mid-January to a new low of 872,000.

Veterans drawing unemployment compensation in V A's Branch No. 10 Area at the end of this period included 48,142 in Texas; 27,429 in Louisiana and 7,095 in Mississippi.

Most of the reduction was attributed by VA to improve seasonal employment opportunities, but contributing to reduction was the fact that, during March, 40,000 veterans claiming benefits under the unemployment phase of the program had exhausted all allowances.

This brought to 227,000 the total number who have left the unemployment rolls by exhausting their entitlement.

The number of veterans claiming allowances while self-employed and making less than \$100 per month increased substantially during the winter months from 157,000 last November to 242,000 in March, last month reported.

About 85 per cent of these claimants are engaged in agriculture. VA said the increase may be traced to the low income derived from farm operations in winter, and to new veterans entering agriculture in late winter and early spring. Nearly 100,000 self-employed veterans have exhausted their eligibility.

HOG STOMACHS HEAL HUMAN STOMACHS

A hormone derived from the stomach of hogs is reported to be highly effective in treating human peptic ulcers. It helps to reduce stomach acid, prevents injury to the stomach wall, and promotes healing of the ulcers already present.

Mr. and Mrs. Walter S. Morris and baby daughter, Donna Sue, of Clovis spent the week end in the home of his parents, Mr. and Mrs. B. S. Morris.

Mr. and Mrs. S. W. Price, of Seminole and Mr. and Mrs. Calvin Helms, of Rotan were week end guests of Mrs. J. E. Rivers and Mrs. W. W. Price.

Mr. and Mrs. Joe Hornak, of Carlsbad visited in the home of her parents, Mr. and Mrs. A. T. Stafford Sunday.

Mr. Ross Rentiro, of Amarillo visited his daughter, Mrs. Cecil Smith, Saturday.

Mr. and Mrs. W. D. Munger and son, Don, of Seagraves spent Sunday visiting Mr. and Mrs. O. V. Newton.

Mr. and Mrs. J. W. Bingham, of the Needmore community had as their guests Sunday their daughters and their husbands, Mr. and Mrs. Alton West of Lubbock, and Mr. and Mrs. Charles Dunn of the Needmore community.

improving of soil fertility, and (d) the economically sound conservation farming.

Help save productive soil for generations yet to come.

Irrigation for Plains Good Supplement

What does agriculture on the High Plains of Texas need in order to stay permanently on an even keel?

Many Hockley County farmers think the answer is irrigation, says Hockley County Agricultural Agent A. B. Forehand. They believe that irrigated pastures, hay crops, cotton and grain sorghums will keep Plains agriculture on its feet, and tend to prevent the livestock industry from molding up in the future.

Since equipment and labor have become more plentiful, Hockley County farmers are becoming irrigation conscious. County Agent Forehand says that by the time the year is out thousands of acres of dry cropland in the county will be fed by irrigation wells.

Some of the problems to be worked out in putting a farm under irrigation are: separating types of soil on one farm into different plots or fields, so the use of water will be most efficient; laying out rows which will have the proper slope and still be spaced so they may be worked with four-row equipment; building elevated ditches and sub-ditches to carry the water; and locating well sites. The county agent says all these points must be considered if a farmer puts in a proper irrigation system.

Miss Kathleen Hardin has returned from Shattuck, Okla., where she was sent by the American Red Cross to help with the wounded caused from the recent tornado. After resting up a short while Miss Hardin intends to go on to Texas City, to help care for the wounded from their recent disaster.

Mrs. T. E. Munger spent last week visiting her son, A. A. Munger in Lubbock.

All the knowledge and experience gained by successful cotton growers have been combined in the Seven Step Cotton Program, sponsored by the Texas A and M College Extension service in cooperation with other interested agencies and groups.

Wallace's Double Talk Don't Go Over

Hinski Wallovich took his Russian song and dance act to London and got boos instead of bravos.

The English didn't think much of Benedict Arnold, either, and after all he did for them—or tried to do.

First, Hank got on his soap-box and tells America that Britain's leading her to slaughter. Now he goes over there and slips out the same slander, only we're leading Britain into war. Hank's act calls for hoop skirts, a folding fan, cork screw curls, and rice powder make up. You can't make his kind of back fence gossip go over when you're wearing he-man togs.

Hank's terribly afraid of war, for a guy who's never been there. Maybe, it's just because blood makes him sick when he thinks about the Coast to Coast pig program that won him fame as a depression buster. —Kingsville Record.

Typhus, Serious Health Menace

In recent years typhus fever has developed into a serious health menace in Texas, according to Dr. Geo. W. Cox, State Health Officer, who today issued an appeal for every Texan to cooperate in rodent control measures which will prevent the spread of this disease.

"Last year, 1147 cases of typhus were reported in Texas, and in the first 18 weeks of this year, the State Health Department has been notified of 185 cases," Dr. Cox stated. "With the peak of this disease usually occurring in August, if the present trend is continued, we may expect this total to be greatly increased by the end of summer."

The type of typhus fever occurring in Texas is known as endemic or Brill's disease, and is transmitted to human beings from infected rats, by means of the rat flea. The eradication of rats is the only way to reduce this health hazard, and a consistent program will materially aid in the control of typhus in Texas.

Dr. Cox stressed the fact that it is the duty of every individual to cooperate in strict rodent con-

MRS. W. E. FISHER PASSES

Mrs. W. E. Fisher, 75, died at the home of her daughter, Mrs. J. R. Young, at 305 N. 11th, Sunday afternoon. She is survived by her daughter and one son, Bennie Fisher, of Cooper, Texas. Other survivors were, four sisters, Mrs. Geo. D. Schneider, Dallas; Mrs. Bud Duke and Mrs. Tom Tatum, Leonard and Mrs. Ike Morris, Cooper.

Services were held Tuesday at the first Methodist church with Rev. R. N. Huckabee, pastor officiating, assisted by Rev. Sam Brian. Enternent in the Brownfield cemetery with Farley Funeral Home in charge of arrangements.

Mr. and Mrs. Sam Kirschner visited Mr. and Mrs. Dewey Koslosky in Lamesa Sunday. Mr. Koslosky is a brother of Mrs. Kirschner.

Mr. and Mrs. Luther Cruce came in Saturday from Possum Kingdom Dam, where they are building a cabin.

Control measures since the eradication of rats is the only possible way typhus fever can be controlled.

Bentley Gives Reason For Ancient Map

Some few weeks ago this great religious weekly took the West Texas Chamber of Commerce publication, West Texas Today, to task for using an obsolete map of West Texas on their front cover. Course it looked good, but it showed no highway from Lamesa to Brownfield, Levelland, Littlefield, etc. So, we "writ a piece" about the matter.

A recent letter from Max Bentley, newspaperman as well as activity director of the WTCC, replied and how. Now Jed Rix was also mixed in the matter, but just as the map was to be selected and OK'd, Jed ups and gets sick and has to go to the Methodist hospital in Fort Worth. So, the artist and engraver got hold of the first map of West Texas that came handy.

Not only was our fine highway left off, Max states, but the fine towns of Breckenridge and Albany as well as several others were out of the picture, as well as another new highway now complete from Marfa to Presidio, No. 67.

Mr. and Mrs. Earl Smith and children of Ralls, spent the week end visiting Mrs. Lula Smith.

Texas 2nd In Truck Transportation

DETROIT, May 15—Texas agricultural, commercial and industrial groups are heavy users of motor trucks according to a survey recently completed by the Automobile Manufacturers Association for the latest edition of "Motor Truck Facts," biennial statistical compilation of truck and bus use. The state is second only to California in use of truck transportation.

Texas truck is stable. A step-up of 306 truck registrations in 1946 over pre-war totals was noted. There were 369,103 trucks in use in 1941, compared to 369,409 last year. Of the total 9,089 buses registered in Texas, 5000 are for school use.

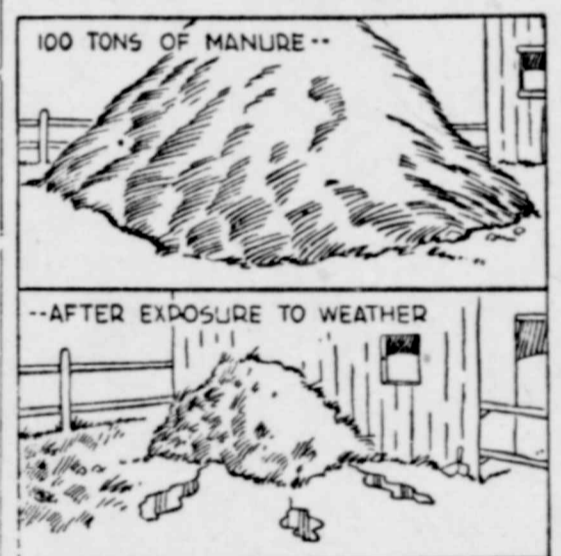

Perry Parsons and Wayne Hunley, of Post visited Jayne Jobe and Allene Jones in Brownfield Saturday evening.

May 19-24 has been proclaimed National Cotton Week.

Mr. and Mrs. Ray Hailey spent the week end in Seymour visiting relatives. Mr. Hailey's father returned home with them for a short visit here.

Mr. and Mrs. Tom Kizer of Route 3 had as their guests over the week end, Mr. and Mrs. Clovis Kizer and children, Mr. and Mrs. Hollis Kizer and Pete Kizer, all of Roswell, Miss Irene Moore, of Lubbock and Mrs. J. B. Riggs of Levelland.

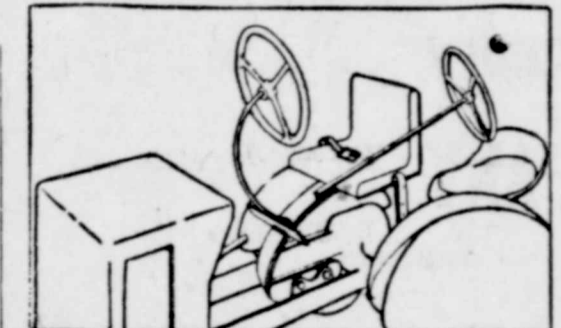

BUILD FERTILITY

Careless handling of manure causes serious losses of fertilizer and organic matter needed to help increase crop yields and rebuild soil structure.

One hundred tons of manure contains 25 tons of organic matter, 1,000 pounds of nitrogen, 200 pounds of phosphorus and 800 pounds of potash, one-half of it in the liquid part. Piled outside and exposed to rain and weather for several months, this 100 tons may shrink to 50 tons and lose half its fertility and organic matter. Losses may be reduced by using enough bedding to soak up all liquid manure, cleaning stalls frequently and hauling manure directly to fields, or storing carefully.

Baby Rides Tractor

Those who have youngsters who like to ride the tractor will be interested in this improvised baby seat designed by A. J. Matys for the Lincoln foundation contest.

The seat consists of two auto leaf springs, pieces of one-inch round iron 24 inches long for stationary steering column and an obsolete steering wheel. The main leaves were bent in the forge and holes were punched to conform to the cultivator fittings and to give shock absorbing effect. The footrest was welded to the spring leaves. All work was done with 1/2-inch mild steel electric-arc.

SULFA DANGERS TOLD

Livestock health workers issued a fresh warning to farmers this week that "sulfa" drugs can do more harm than good for animals if used without proper knowledge of their action.

The warning stated that experimental work is still being done with sulfonamide drugs and that much remains to be learned about the tolerance of animals for various sulfa products now available. "There is justifiable cause for alarm over the growing indiscriminate use of sulfonamides," the warning added, "especially in view of the fact that improper dosages of these drugs can slow down weight gains and produce toxic effects."

Herald Want Ads Get Results

Mrs. W. V. Hart of the Tokio community was in Monday shopping and called around to the Herald office. She reports plenty of rain and that the windstorm Tuesday of last week blew their big barn away. She was accompanied by Mrs. W. V. Hart, Jr.

Mr. Jerome Kirschner attended

GOMEZ NEWS

Mr. and Mrs. A. B. Barnett of Peacock, Texas, spent the week end in the home of Mr. and Mrs. Thad Swink.

Mr. and Mrs. Walter Morris of Clovis, N. M., visited her parents, Mr. and Mrs. Kenneth Furr, Sunday.

Mrs. Willie Winn is still very ill. Mrs. W. G. Swain is improving, and is hoped she will be able to be brought home soon.

Miss Maxine King, Wayland student, Plainview, spent the weekend with her parents, Mr. and Mrs. Leonard King.

Miss Annie Ruth Paschall entertained a group of girl friends last Friday night with a Mexican supper and slumber party. Guests were: Misses Juanita Corley, Marie Strickland, Dorothy Harris, and Mozelle Stokes.

Mrs. B. R. Lay and little granddaughter, Margaret Ann Ming, spent the weekend visiting in Big Spring and Coahoma.

Mrs. Ray Martin, graduate nurse of Scott and White hospital, Temple, visited her Uncle and Aunt, Rev. and Mrs. W. T. Sparkman, Saturday.

Mr. and Mrs. Weldon Robb and baby daughter and Mrs. R. R. Robb of Gainesville, Texas, spent Saturday and Sunday here visiting relatives and friends in Terry county. They formerly lived in the Gomez community before moving to Gainesville a number of years ago.

Visitors in the C. J. McLeroy home Sunday were Mr. and Mrs. Frank Bozeman and children of Springlake, Mr. Woodie Allen of Lubbock, Mr. and Mrs. Odell Sears and Mrs. A. P. Daugherty, of Brownfield.

Mr. and Mrs. K. M. Marshall, of Woodlake, Calif., are here visiting her mother, Mrs. F. D. Auburg.

Mr. and Mrs. Curtis Green and Mr. and Mrs. Elton Eltalavorde, of Ralls visited Mrs. A. L. Spinks and other relatives Sunday.

Union News

Misses Mae Gene Bevers and Gloria Purselley and Mrs. Jaunita Lanious, sponsored a picnic for the first four grades, last Thursday. They enjoyed playing and eating at Coleman Park. Those, besides the sixty school children and the sponsors were: Mesdames Frank Sargent, Bonnie Kay, W. C. Gruben, Clay Bevers, John C. Herring, Miss Laura Martin and Miss Kay's mother.

Due to the heavy rain in this district Thursday night, the Baccalarete were postponed Sunday night but they have been set for Thursday night May 15; and will be at the high school auditorium.

Dawson school came over Monday afternoon and played baseball with the local team. Union won with a score of 20. The Union boys have not been beaten this season.

The Dawson girls played volleyball with Union Monday afternoon. Union was victorious again.

Mrs. Cornitta Moore sponsored a style show in assembly Tuesday afternoon. Members of the Homemaking classes modeled some exclusive wear that they have just finished in class. There were four groups of dresses shown and a group of lounge wear. The girls are to be commended, as well as Mrs. Mills, for the dresses they have made and also for the way in which they were modeled.

The Freshman class and their sponsor, Mrs. Victor Herring, entertained twenty-eight high school students and teachers at the gym Thursday night.

The Juniors and Seniors are leaving on their trip to Abilene Lake, Saturday morning. Supt. Hancock are taking the students. They have reservations at The Park Courts, at Abilene, which is run by a sister of Mr. Hancock.

The Grammar School graduation exercises will be Friday night at the Auditorium. Farrell Herring is Valedictorian and Genelle Wood is the Salutatorian of the class. The First Grade will have a miniature exercise with the eighth grade.

Johnson News

The WMU ladies met with Mrs. E. D. Gayle Monday afternoon. Their lesson was from 1st Samuel and Ruth. Five ladies were present.

R. D. and Jerry Jones, Raymond DuEose made a business trip to Morton Monday.

The Camper girls are on the sick list.

The rain was perfect and the farmers are sure putting the seed in the ground.

Mrs. J. S. Hodges and children are visiting the Claude Merritts.

Mr. and Mrs. Dean Robertson of Lamesa visited her parents, Mr. and Mrs. Sam Park Sunday.

Mr. and Mrs. Carol Jones and children of Plainview visited his parents, Mr. and Mrs. J. J. Jones and family over the week end.

Winston Jones and family of Ropesville visited the J. J. and R. D. Jones Sunday.

MUSIC RECITAL TO BE GIVEN MAY 20

Mrs. W. H. Dallas is announcing a "three in one" recital, presented in groups at the First Baptist church, May 20. Group 1, grade pupils, 7 o'clock; group 2 Junior high, 8 o'clock and group 3, High 9 o'clock.

Parents and friends of these young musicians are especially welcome and seats are reserved for the parents.

Ushers will be Charles Mayfield, Don Bevers, Preston Figley, Lannie Webb and Lyle Shelton.

BIRTHDAY DINNER HONORS MRS. KENDRICK

Mr. and Mrs. John J. Kendrick were hosts with a dinner Wednesday evening of last week honoring Mr. Kendrick's mother, Mrs. J. J. Kendrick of Lubbock.

Guests were Mr. and Mrs. Aubrey Sims and Mr. and Mrs. Basil Reynolds and children, all of Lubbock and Mike Smith. Meses. Sims and Reynolds are sisters of Mrs. Kendrick.

Dance Recital Given Monday Night

The stage of the high school auditorium was transformed with roses, palms, and glittering blue and silver stars and moon as a background for the dance numbers given by the pupils of Mrs. Woody Walker in a recital Monday evening. Costumes and dances were designed and arranged by Mrs. Walker and Mrs. N. L. Mason accompanist.

Tiny Cuties, a ballet dance, Military Tap and a soldier dance were given by Rita Lou Goodpasture, Yvonne Parker, Martha Chapman and Linda Bost. A ballet and Dancing Iris were given by Patsy Teague, Mary Jane Brownfield, Freda Ann Anthony, Carlon Brady, Jackie Roberts and Patsy Stice.

Joe Don Walker gave the Miniature Gentleman as a solo top number. Rustic Dance, Cowboy Strut and Rhythmical Tap were given by Betty Holmes as solo numbers. Ann Copeland, Betty McCann, Shelia Primm, Rosaleene Barrett, Janet Hefflin and Judy Teague gave the Wee Ballet, Ballet Capers and Nursery Taps.

French Ballet, Down Mexico Way, tap; A Timely Melody and Frisky Feet were solo numbers given by Von Forbus. Patsy Teague and Mary Jane Brownfield gave a soft shoe dance and a gay nineties tap dance and an eccentric dance and a comic shuffle were given by Freda Anthony, Carlon Brady, Jackie Roberts and Patsy Stice. Magic Taps by Jackie Roberts, School Days by Patsy Teague, Winter Dream, by Freda Anthony, Sailor Hop by Patsy Stice, Hubba Hubba, by Carlon Brady and a Waltz routine by Barbara Beard were given as solo numbers.

Rag Time was given by Ernestine Walker and a Waltz Clog by Betty Holmes, Von Forbus and Ernestine Walker. The program closed with a grand finale, Aero Antics by the ensemble.

Mmes. Travis Lovelady and Pete Lovelady of Seagraves visited with Mrs. J. J. Address Monday.

Mr. and Mrs. O. V. Newton and Mr. and Mrs. C. D. Moore were recent business visitors in Okla. City.

Bits

From The Band Box

Dear Emmy—
I had fun getting ready for and opening your new gift shop and only wish you could have been here. Tuesday I removed all of the old stock—well, most of it—and unpacked your new stock. The heat was unbearable and I almost regretted my promise to open the shop Friday but don't worry about the heat for when the new cooling system is installed this week, the shop will be as cool as the tinkle of ice in our new handpainted glasses. These glasses are adorable and we have three distinctive patterns from which to choose.

Remember the old Chinese proverb about selling one of your two loaves of bread to buy white hyacinths for the soul. My white hyacinths this week were Talisman roses which Vivian Parks brought and arranged in a copper bowl between two turquoise Marida Pottery figurines. The effect is out of this world.

We must tell June brides, prospective and past, about our new hand hammered copper. We have services for 8, service salad, bread and butter plates and coasters. It is absolutely perfect for use in rumpus rooms, dens, and for serving back yard barbecue suppers. We know a secret about preserving its rich warm luster which the artist who designs and makes it told us and which we shall share for there is a long lifetime of use in these handsome pieces if they are properly cared for.

Next week when you take over and I go home you must write to me each week all about the merchandise which should be arriving from now on.

LOVE

Mary

P. S. We have those long wanted gin rummy score pads.

MRS. TREADAWAY FETED WITH SHOWER

Mrs. T. L. Treadaway was named honoree at a tea and shower Tuesday afternoon from 5 to 7 p. m. in the home of Mrs. A. H. Daniell. Assisting Mrs. Daniell as hostesses were Mmes. Money Price, Leo Holmes, E. C. Davis, J. S. Smith, J. D. Akers, Alton Webb, Lee Fulton and Clarence Lewis.

Receiving the guests with the honoree were Mmes. Price, Daniell, Joe Hopper, sister of Mrs. Treadaway and Smith. Mrs. Elsie Treadaway and Mrs. W. A. Bynum were in charge of the guest book. Mrs. Akers assisted in the reception room.

A floor length net cloth over white satin was used on the table with a large arrangement of pink roses tied with pink satin streamers and flanked with pink tapers. Cathedral tapers decorated with gardenias and greenery was used on the buffet and an arrangement of iris and roses flanked with white tapers decorated the mantel.

Lime float, ribbon sandwiches, and mints were served by Mmes. W. A. Adams and Will Fitzgerald assisted by Mmes. N. R. Marchbanks, Holmes, Lewis and Miss Cathrine Marchbanks.

Gifts were displayed by Mmes. Fulton, Webb and Davis. A musical background was furnished by Mrs. J. E. Smith and Scharlyn Daniell with their many piano selections. One hundred guests registered.

JERRY DON PURTEL HONORED ON BIRTHDAY

Mrs. R. J. Purtel honored her son, Jerry Done with a party on his fourth birthday Monday. The afternoon was spent in playing games and taking snapshots.

Birthday cake and ice cream with balloons as favors were served to Michael Black, Jill Walker, Pat Hamilton, Jack Purtel and the honoree.

Mrs. Gertrude Johnson, Mr. and Mrs. Ted White, III and little daughter, of El Paso and H. G. Lees, Jr., of Kermit, mother, sister and brother of Dicky Lees will arrive May 22nd to attend the graduation of Dicky, May 23. They will be guests of Mrs. Johnson's parents, Mr. and Mrs. W. H. Dallas.

MISS GILLHAM HOST TO SORORITY

Miss Elva Gillham was hostess Tuesday evening at 8 o'clock to members of the Beta Theta chapter of Epsilon Sigma Alpha. She also had charge of the meeting in absence of the president, Mrs. Gloria Kendrick.

A review of the book, "Your Personality and God" by Wilson, was given by Miss Gillham and a discussion of "Appearance" by Mrs. Ruth Huckabee. Plans were made for a picnic to be held tonight in Coleman park for club members, their husbands and friends.

Refreshments of cold drinks were served to: Mesdames Minnie Hazel Bowman, Huckabee, Dorothy Gore, Misses Ruth Griffin, Mary Ballard, Bernadine Grabber, Bobby Newsom, Margaret Goza, Kanna Stephens and Gillham.

ALTHEAN SS CLASS HAS LUNCHEON

The Althean Sunday Class of the Baptist church met in the home of Mrs. R. L. Davis Wednesday last week for a covered dish luncheon and business meeting. The Class presented their teacher, Mrs. T. E. McCollum with a gift of Fostoria crystal.

Present were Mmes. Betty Smith, Irene Moore of Lubbock, Glynn Faye Franks, Louise Sears, Juanda Ruth Smith, Oleta Wisdom, Charles Auburg, J. E. Snider, Billie Ruth Shewmake, F. W. Corbell, Billie Moore, Mola Moorhead, D. C. Murphy, Lawrence Dean, Ouita Bell, Dennis Wood and McCollum.

MULDROWS HOSTS TO CLUB

Mr. and Mrs. Al Muldrow were hosts to the Night Bridge Club Thursday evening of last week. Mr. O. L. Peterman and Mrs. Joe McGowan scored high.

Refreshments were served to Messrs. and Mesdames R. L. Bowlers, Hiram Parks, Peterman, McGowan, Mr. Reagan Peeler and Mrs. Spencer Kendrick.

Dr. and Mrs. R. B. Parrish and children of Hobbs and Mr. and Mrs. Mitchell Flache and son of Lubbock visited Mrs. Ame Flache Sunday.

Dr. P. C. McCord left Monday to conduct a two weeks revival in Chattanooga, Tenn.

MRS. TREADAWAY HONOREE AT COFFEE

Mrs. Elsie L. Treadaway and her daughters, Mrs. W. M. Adams, Mrs. W. A. Bynum and Mrs. W. J. Fitzgerald entertained with a coffee Saturday morning in the Adams home to introduce Mrs. T. L. Treadaway. The houseparty included Mmes. Money Price, Leo Holmes, Lee Fulton, E. C. Davis, Clarence Lewis and Jot Akers.

Mrs. Joe Hopper of Lubbock and Miss Cathrine Marchbanks, sisters of Mrs. Treadaway were in the receiving line with Mrs. Price, Mrs. Adams, the honoree and Mrs. Elsie Treadaway. Mrs. Holmes was in charge of the guest book in which one hundred and thirty registered.

A beautiful arrangement of purple iris and yellow daisies decorated the refreshment table which was laid with a pale green cloth. Mrs. Davis presided at the silver coffee service and was assisted in serving by Mmes. W. L. Auvenshine, W. F. McCracken and Bill Marchbanks.

Music was furnished during the calling hours by Mrs. Roy Herod and Bobby Helen Brian.

PHIL ADDISON OBSERVES BIRTHDAY

Phil Addison celebrated his tenth birthday Friday with a party given by his mother, Mrs. Milton Addison. After games were played birthday cake and punch were served to:

Charles Gunn, L. G. Willis, Max Miller, Bob Dumas, Dixon and Ray Latham, Charles Cabbiness, Freddie Gandy, Pee Wee and Howard Cherry, Sammy Dean Smith, Ray Cargle, Betty Cabbiness, James Watson and Chris and Keith Addison.

WMS MEETS FOR MISSION STUDY MONDAY

The Women's Missionary Society met Monday for lessons taken from their mission book, To Whom Much is Given. The book is on stewardship.

The Bagby Circle met in the home of Mrs. Arthur Cobb with Mrs. Ame Flache teaching the lesson. Present were Mmes. L. C. Heath, Flache, John Jenkins, Nicholson and Donne Hue.

The Lucille Reagan circle met with Mrs. Emma Leach and Mrs. A. A. Brian taught the lesson. Four members were present.

Mrs. C. E. Ross entertained the Lottie Moon circle and Mrs. E. C. Davis conducted the lesson. Mmes. C. P. Henderson, K. W. Howell, R. M. Moorhead and Davis were present.

PHIL ADDISON OBSERVES BIRTHDAY

Phil Addison celebrated his tenth birthday Friday with a party given by his mother, Mrs. Milton Addison. After games were played birthday cake and punch were served to:

Charles Gunn, L. G. Willis, Max Miller, Bob Dumas, Dixon and Ray Latham, Charles Cabbiness, Freddie Gandy, Pee Wee and Howard Cherry, Sammy Dean Smith, Ray Cargle, Betty Cabbiness, James Watson and Chris and Keith Addison.

Good Attendance At Grading School

Approximately 150 persons from West Texas and Eastern New Mexico, including grain dealers, farmers, county agents and agricultural teachers, attended the grain grading school at Texas Technological College, May 14.

Dr. A. W. Young, head of the college plant industry department was program chairman. Speakers included Ray Anthis, Lubbock, grain inspector; Fred T. Dines, Amarillo; E. A. Miller, Texas Extension service agronomist of College Station; R. E. Karper, agronomist in charge of sorghum investigations, Texas Agricultural Experiment station; H. N. Holmes,

NEW HIGHER PAY
And good steady work, excellent training, the opportunity to travel, the savings you make by having your food, quarters, clothing, medical and dental care provided you, a retirement plan second-to-none,—all of these make the new Regular Army one of the most attractive careers you can choose today. Get the facts at your U. S. Army Recruiting Station. *Times Apt. Across from P. O.*

Federal supervisor grain inspector, Fort Worth; and C. M. Goodnight, grain inspector of Amarillo.

Mr. and Mrs. Charlie Beaver announce the birth of a son, May 13 in the local hospital. The baby weighed 7 pounds and 4 1-2 ozs. at birth.

Cpl. Samuel D. Hobdy, who is stationed at McChord Field, Tacoma, Wash., is here on a two weeks furlough visiting his parents, Mr. and Mrs. Drew Hobdy.
