

National Safety Council Issues Appeal To Holiday Motorists

CHICAGO, June 27—The biggest traffic jam in the nation's history will occur during the Fourth of July week end holiday this year, the National Safety Council predicted today.

To meet the threat of a record breaking traffic toll, the Council appealed to motorists and pedestrians to "Be Alive on the Fifth" as they keynote of a nationwide campaign against accidents during the holiday.

Close to 30,000,000 vehicles are expected to pack the highways over the Fourth of July, the Council said, and their speedometers are expected to clock nearly four billion miles during the three-day holiday. This estimate is based on gasoline consumption, which shows mileage this year exceeding even the previous record level of pre-war 1941.

One hundred and thirty other national organizations have joined with the Council in a united effort to prevent a jamboree of carelessness over the Fourth.

The campaign is designed to help public officials, traffic of-

ficers and safety leaders in their efforts to curb the holiday death toll.

In asking for public support of the campaign, Ned H. Dearborn, president of the Council, pointed out that a similar coordinated effort last year helped to reduce the July traffic toll 23 per cent below the previous high in 1941.

"Nevertheless," he said, "8,300 persons died from accidents of all kinds in July last year, and as usual the Fourth of July celebration contributed substantially to that figure."

"This year we have many dangerous factors—a three day holiday, increased mileage, relative prosperity. It adds up to a big celebration—and a big pile-up of dead and injured—unless we all make it our business to do something about it."

"We can do something about it, because these tragedies result from things we can control—haste, selfishness, thoughtlessness, the desire to show off."

"Take it easy on the Fourth. Be alive on the Fifth!"

Million Dollar Wheat Crop Harvesting Going Strong

A stranger hitting the old burg for the first time might conclude that wheat raising was an old farm custom in Terry. As a matter of fact this is the first crop in the history of the county that amounts to more than a mole hill.

The reason was given recently in an article in this paper. In various sections of Terry county last summer there was insufficient rain to get anything up on land and it looked like thousands of acres would grow up in a few weeds and johnson grass. But the last few days of last August, 1946 a five inch rain fell, and farmers secured wheat seed and planted, hoping to at least have a fall and winter pasture.

But the plagued stuff came up and grew, to most everyone's surprise. There was more than the usual amount of snow through the winter and it, the wheat, furnished pasture for the livestock on many farms. So, as spring emerged from winter, the stock was removed and the grain allowed to head. Thus by pure accident, Terry county is harvesting her

first wheat crop, yields ranging up to as much as 48 bushels per acre, but perhaps as low as ten. The average will be around 20 bushels per acre.

The yield for the county will be in the neighborhood of 600,000 bushels, the more conservative estimate, and many cars are going out every day, and elevators are doing a land office business. This wheat crop will probably bring Terry county farmers in excess of a million dollars at a time of year they have never had a money crop outside of poultry and dairy products, or a few livestock.

Now, if we can just get some still weather for awhile, what cotton is left, and that is considerable, and a big maize crop will come on in the fall to greatly augment the finances of the old farmers who have not had a decent income from their farms in two long years.

And there is plenty of time for several varieties of maize, and most of the county received an abundant season the past week end.

Farmers Wish For Dry Days; High Winds Damaging

Since the big rain last Thursday night, which packed the top soil, together with hard winds from the southwest the past week has caused sand to roll, and many of the sandier fields have been leveled again. While it is too late for cotton, maize will still make easily as well blackeyed peas. Both these crops will bring good money this fall.

The hard and mixed land, or land that was weedy seemed to have escaped the brunt of the wind. At least the weather is getting warmer, and plant life shows a much more rapid day to day growth. A month ago, we were having so much cool weather, that plants made little progress.

The writer has not seen too much of the county, but got a view of the south side Sunday during our trip to Big Spring and found that portion of the county about as stated above. Some of the harder soils around Union still had good crops, while some of the shinnery sand fields were leveled again. But they have good moisture and can be replanted.

And we saw some grasshopper infestation, but that was mostly between Lamesa and Big Spring. They were of the old jumbo variety. They have some mighty fine looking crops started in that area, and it will be a shame to let this pest eat them if poison can be had.

DALLAS' RETURN FROM NORTHERN TRIP

Judge and Mrs. W. H. Dallas and Mr. and Mrs. James Harley Dallas, returned last Saturday from two weeks vacation among friends and relatives in Missouri and Iowa. They saw the disastrous floods at their height in those two states.

James Harley went as far as Ottumwa Ia., the hardest hit of the larger towns.

Terry County Oil Field Spreading

Latest reports from the new oil field, 14 miles south of Brownfield in Terry county, is that five well have been finished and all producers with varying outputs.

Three more are in the process of drilling and two new locations made. All are within an area of one square mile. Leases and royalty is reported active in that vicinity.

VFW Delegates Attend State Meet in Abilene

Cecil Hill, Commander of local Hand Brothers Post of the Veterans of Foreign Wars, C. L. Lincoln and Hub King, delegates to the State convention held in Abilene returned Wednesday. The VFW post in Abilene was host.

Captain Matthews, one of the prosecutors at the Nuremberg trial addressed the meeting, denouncing Senator Taft's remarks about the trial. They also passed a resolution regretting Henry Wallace's speeches. Endorsed universal military training. Requested Congress to pass a bonus bill, not exceeding \$3,000.00 each for all state service and not over \$4,000 for overseas service. Requested revision of income tax, and to extend Rent Control till 1948 and for State aid to veterans for their claims and formulated a plan to cash in terminal leave bonds. Also asked the National VFW to establish a home in Texas for overseas veterans dependents, as they have in Michigan. Also asking the Government to establish National cemeteries in each State.

Roger Q. Evans of Denison was elected State Commander. The next State meeting will be held in Corpus Christi.

Boy Scouts To Number Houses

The Junior Chamber of Commerce have ordered a large number of aluminum house numbers and have given them to the Boy Scouts, who will place them an every residence, free of charge. Of course the boys will greatly appreciate any tip the house owner feels like giving them.

The boys are surveying the town this week with maps showing streets etc., furnished by the city officials. They expect to have the numbers here and ready for distribution during the week of July 7th.

The city maps, ordinances and new city directory, has all been recently revised so as to give uniformity to house numbering, making it easy to locate residences or businesses.

Levelland Boosters Visit in Brownfield

A large caravan from Levelland, boosting their famous rodeo to be held there July 3, 4 and 5, stopped over in Brownfield Thursday morning and entertained with music and dancing. They were on a tour of south plains and eastern New Mexico towns.

Levelland has been giving some excellent rodeos for the past two years and have a large arena and grandstand.

Street Improvements Begin Next Week

City officials have just been advised that the Contractor will begin July 1 to repair all defective paving in town.

Many of the streets are being worn thin and holes appearing. While not dangerous at present, it is though a stitch in time applies to paving, too.

Ted Winter Pushing Circulation Up

With nothing else to do during the summer months, Ted Winter, son of the advertising manager of the Herald, has been making a house to house canvass and is really bringing in new readers.

Ted now has a motor bike and aims to make other small towns of the area, as well as some of the farm sections in the interest of the Herald.

Any courtesy shown this enterprising young man will be appreciated by the Herald.

Uncle Jack Blenkinship of this city and P. M. (Bigboy) Williams of Yoakum County, attended the Lynn County Pioneer barbecue at Tahoka, Tuesday. Both are former Lynn countians.

Lynn County Pioneers Met Tuesday

While never a full blown Lynn countian or Tahokaite, we used to spend quite some time in this fine little south Plains city, after they got a railroad, and it was our nearest point to one. Also we had several good regular and part time advertisers at the Lynn capitol and about once a month we called on them to collect and get new ads.

Bob Noble and his dad and mother are pioneers of Lynn county having established their ranch just over in Lynn from Terry, and their place used to be a favorite stopping place for the wagon freighters, or those caught out in a storm. None were ever turned away. So, Bob wanted to get there in time for the fine barbecue lunch, and asked us to go along. His dad is ill, and his mother could not go.

They have a regular organization over there, and anyone having been in Lynn county as long as 30 years is eligible. Well we could not feel too off-brand among such names and their descendants as the Roberts, Forresters, Mc Daniels, Ketners, Larkins, Wells, Cries, Leedys, Hearne, (deputy man) Hall Robinson, Happy Smith, Kings, the Doaks, Otto and the late Cliff Thomas and others we cannot think of just now.

Anyway we felt perfectly at home and were made to feel that way, and such a fine barbecue and all the trimmings. Speech-making, recitations and songs were the main diversion, and they had a fine program, and were preparing to go into election for new officers when we left.

Visited the Lynn County News office briefly, and found them up to their eyes in work, as one hand was on vacation, Frank Hill was in charge, and his dad Eee Eye Hill, the Old He of the News down at Lamesa rustling some newsprint as they were fresh out and none to be had from their wholesaler. Charley Curry of Lamesa was also in there chewing the fat with Frank.

So, back to Brownfield and some work.

Father of Local Man Dies Here

W. P. Hough, 67, died last Sunday evening at the home of his son Ray, here, following short illness. Funeral services were conducted at 3 p. m. at the Nazarene church in Ropesville by Rev. B. W. Taylor pastor. Burial followed in the Ropesville cemetery.

The deceased and family had resided at Ropes for several years.

Surviving are his wife and five sons, VOLLIE and NOLLIE of Ropesville, Claude of Seagraves, Chas. L. of Lubbock and Ray of Brownfield. One daughter, Mrs. Tommy Price of Ropesville and 13 grandchildren and one great grand child.

Lions Club Honors Outstanding Farmer

At their Wednesday luncheon, the local Lions heard Capt. Steffins, army chaplain, lecture on their service. Riley Carlton of the local Soil Conservation service presented Homer Barron, wife and child of the Meadow community, as the outstanding farmer of Terry county. Barron was presented with a medal by the Lions Club for his achievement.

The Lions are to install their new officers, M. T. House as president and Herbert Cheshir as secretary at their next meeting.

MAN INJURED ON CITY WORKS

G. E. Jones, an employee of the City, sustained injuries Wednesday afternoon from a cave in of a twelve foot ditch in which he was working in the southeast part of the city.

He was rushed to the local hospital where his injuries were not thought to be serious.

National Soaring Meet At Wichita Falls

WICHITA FALLS June 27 — From 25,000 to 30,000 persons will attend the opening of the 14 annual National Soaring Meet here on July 4, Charles King and Francis L. Harvey, co-directors, predicted today.

Ceremonies and entertainment on the Fourth of July will launch 17 days of contests which will determine the U. S. champion glider pilot and which may see the establishment of new world records in the sport.

Lt. Gen. Hoyt S. Vandenberg, deputy commander of the Army Air Forces, will fly here from Washington to participate in the opening day events. He will be accompanied by one or more members of his staff and by Congressman Ed Gossett of Wichita Falls. General Vandenberg will speak.

Advertising Pays; Sheriff Is Busy

It pays to advertise. Last week we quipped about Sheriff Ocie Murry having an empty jail and threatening to go to the harvest unless business picked up. The issue hardly got in the mail when two young men from Carlsbad, with two cases of liquor came under his observation, and have occupied his jail, till released Wednesday on payment of fines. He and deputy are kept fairly busy however investigating minor offenses.

Mr. and Mrs. Kenneth Purcell and sons were in Abilene last week visiting Mrs. Purcell's mother.

Boy Scout Troop 74 To Present Inter-Tribal Ceremonies To Night

Amendment To Help Tech College

Enrollment at Texas Technological College has increased almost six hundred per cent during the 22 years since the college opened, a check of comparative enrollment discloses.

The college now feels a serious need for additional permanent buildings, officials state, because legislative appropriations for buildings have not kept pace with enrollment increases.

Creation of a special building fund for state colleges and universities by passage of a proposed amendment to the Texas constitution is hailed by Tech leaders as the only sure means of obtaining the needed buildings.

Texas Tech would receive an estimated \$7,425,000 during the next 30 years if the amendment passes, more than three times the amount appropriated by the legislature for buildings there since the college opened. Creation of the fund would not increase taxes now authorized by law. The amendment provides reduction of the maximum property tax that may be levied for state general fund support from 35 to 30 cents per \$100, and reduction of the authorized tax for the Confederate pension fund from seven to two cents per \$100 valuation. It would then authorize a five cent per \$100 valuation tax for the building fund.

A special election on the question is scheduled August 23. The amendment is endorsed by Gov. Beauford Jester, the Texas State Teachers Association, the Texas League of Women Voters and a number of other organizations, in addition to being supported by the administration of the schools concerned.

June Proclaimed As Dairy Month

Dr. Geo. W. Cox, State Health Officer, endorsing the observance of June as National Dairy Month today released a statement congratulating Texas dairymen on the remarkable progress they have made in the past few years.

"It is gratifying to note that where 20 years ago there were no evaporated milk, powdered milk, or cheese plants in Texas, now this State produces all 6 of the major dairy products: butter-milk, ice cream, butter, evaporated milk, and powdered milk."

Dr. Cox pointed out that last year Texas made 25,396,000 pounds of butter, 13,599,000 pounds of cheddar cheese, and over 30,000,000 gallons of ice cream.

"Milk is our most nearly perfect food," Dr. Cox said. "It is rich in proteins, Vitamins A and C, and the minerals, calcium and phosphate."

"The State Health Department is indeed glad to join with the Texas dairymen in celebrating June as Dairy Month," Dr. Cox said, "and to urge that from a health protection angle, at least a pint of milk be included in the daily diet of all adults and an even larger amount provided for children."

Oil Mill Strike Ends Thursday

O. L. Peterman, manager of the West Texas Cottonoil Co., here, stated to the Herald Thursday morning that the AFL Oil Mill Workers Union had accepted a working contract submitted by the company, and that the strikers would go back on the job on the afternoon shift.

The union men have been on strike some two weeks, but the mill has been in fairly continuous operation by officials of the company and some non-union workers. The plant on the Lubbock road has been picketed.

At this time the mill is processing copra, or what most of us west Texans would call dried coconuts shipped in from the south sea islands.

Negro Fined In Shooting Affray

A local colored man was fined \$50 and 60 days in jail here Tuesday by Judge Winston on a charge of aggravated assault alleged to have been inflicted by a shot from a 22 rifle on a colored soldier last Monday night.

The soldier, a member of a convoy of colored troops enroute to Ft. Bliss had stopped in the north part of town for the night. The victim was paying some attention to a colored belle, which her steady resented and who procured the rifle and fired. The bullet overtook the soldier and penetrated a large notebook in his hip pocket and inflicting a painful wound. He was carried on to the military hospital at Ft. Bliss.

Primm's Win Over Plainview Tuesday

In a game last Tuesday night at Cub field Primm Drug of Brownfield scored 10 runs to beat Plainview who scored only 7. A game between Primm Drug and Tahoka was on docket for last Friday night but Tahoka failed to appear.

Primm's play Blue Bonnet Laundry of Lubbock who holds second place in the league at Lubbock tonight and again in a tournament there Saturday night.

Local Jaycees lost to a Lubbock team in Lubbock Wednesday night.

Frank Jordan Kept Busy With Club Work

While Frank Jordan, District Governor of the Lions huge west Texas district, retires from that office July 1, he is kept busy to the last. He installs new officers of the club at Pecos last Thursday, goes to Borger for the same purpose Sunday evening, to Clarendon Tuesday and Amarillo Tuesday night.

The district was recently divided, Brownfield going with the north or Panhandle district with a new governor, from Hereford. The southern end takes in El Paso.

NEW MUSIC SHOP OPENS SATURDAY

Saturday is the date for the formal opening of the Melody Music Mart which is owned and operated by Mrs. Les Short. She has converted a part of the Short Motor Co., building into an up to date and very attractive music shop.

All types of records are available now and she plans to keep her stock up to date with later additions.

The Herald extends best wishes to Mrs. Short on her new business enterprise.

New School Supt. Moves In

S. P. Cowan, recently chosen as superintendent of the Brownfield schools for ensuing term, with his family, moved in last week and has taken up the duties of that position. While school is not in session yet there is continuous work for the Superintendent through the summer.

The eyes of all oil men are on Texas, especially the Permian Basin section of west Texas, stated William J. Murray, new member of Texas railroad commission at the opening performance of a rodeo at Midland recently. "The attention of the nation's oil industry is centered on West Texas, the only area in the nation which effectively can produce more oil than it is now producing. The Permian basin of West Texas with its huge reserve, and with its many new discoveries, assumes national significance in meeting the increased oil demands of the nation."

Editor Richard of the Aspermont Star and Editor Morris of the Ropes Plainsman are having a long winded debate pro and con labor unions, and have reached a stage of name calling. Go slow boys. When you get as old as the writer, you may look back on things you have said with regret. If Mr. Richard likes unions and Mr. Morris don't like all of them, neither will be able to convince the other, and so—far in to the night. Frankly speaking, however, we believe the dailies that use union lobar exclusively have more to say about the short comings of union labor than anyone else. Boiled down to toenails, we wonder if anyone really opposes all unions, or just some of them that let racketeers run them?

Well, sir, The Yoakum County Review, Plains, with Editor W. J. Hale's name at the masthead looks quite familiar. Some may come and some may go, but W. J. seems to go on forever. And it will take no force of argument to convince us that the Review needed a change. Some people may be OK, but are just not printers or editors.

It has been some time since we "tetched" on bond buying. So here goes, and what we have to say does not apply to those who are just barely making both ends meet, but to those who, during these good times are making a surplus above actual expenses. Us older guys remember distinctly the deflunk that happened after the other world war, when a dollar looked as big as a wagon wheel, and we wondered what we did with our summer wages—if any. When the going gets bad, and it probably will these bonds will come in mighty handy. A 400 pound porker will now almost pay for a \$75 bond investment that will be worth \$100 in ten years. Remember when it would have taken four such pigs to pay for one in 1940?

It is said that there is quite a definite road plan on foot in Texas, to build Farm to Market roads, amounting to some \$100,000 for each county. In the meantime Terry county has a rather ambitious road plan all its own, which together with what the State proposes to do in the way of road building, amounting to some 100 miles in the next few years. Some of these roads have already been prepared for surfacing, and others will be perhaps before summer passes. In the years to come most counties will be a network of all-weather roads, and those that do not fancy anything better than that pioneer trails of dust when dry or mud holes when it is wet, do not deserve to make progress and their towns deserve to have

NOTICE TO BIDDERS

Sealed proposals will be received by the City Council of the City of Brownfield, Texas, at the office of the City Secretary, City Hall, Brownfield, Texas, until 8:00 o'clock P. M., July 11, 1947, for THE CONSTRUCTION OF A 25' x 60' EXTENSION TO THE PRESENT CITY HALL BUILDING AND REMODELING OF EXISTING CITY HALL STRUCTURE, on plans and specifications prepared by BUTLER-BRASHER CO., Architects, 406 Avenue "M", Lubbock, Texas, and at which time and place the proposals will be publicly opened and read aloud.

The proposals must be accompanied by a bidder's bond or Certified or Cashier's Check in the amount of ten (10%) percentum of the total bid price, payable without recourse to the City of Brownfield, Texas, as a guarantee that the bidder will enter into a contract and execute a performance bond in the forms provided within ten (10) days after notice of award of contract to him.

The successful bidder will be required to furnish a performance Bond of 100% of his total bid, written by a responsible surety Company satisfactory to the City

Wayland Baptist college at Plainview is to be congratulated on the fact that it will start out this fall as a full senior college. It has always seemed to us that the Baptist brethren sorter looked on Wayland as a step-child or orphan, and left to its own resources, which came from the area around Plainview. We may have been mistaken, but it appeared that way. But Wayland persisted, and it grew in spite of all seeming neglect. Now that the Texas Baptist convention has taken Wayland under its wings, we look for the institution to really go places. Despite its handicap, Wayland has at least started many fine men and women on the road to higher education.

It is an easy matter to help cheer up strangers within our midst or make them feel like casting themselves into the bottomless pit. We are glad that the vast majority of people here in Brownfield are the glad hand sort, and add weight to the glad hand by doing something more substantial. A case in point came to us from a family that recently moved here from the middle north. Said he, we got in late; our furniture had been unloaded by a van and was piled about. We had no gas connections to cook. It was almost dark when we heard a tap at the door, and a kindly lady said, "I know you are tired and worn out, hungry and perhaps lonesome. I have a pot of coffee on and some sandwiches in the making." Me added: "gloom was at once dispelled, and we felt we were meeting old friends."

Yes, we had a wonderful trip, folks, and we should be well rested, as that and sleep was two of the main points of our trip. No, eating should by all means be included. We thought when we got home that we could go right down the line for a month or so, but already we feel lazy streaks chasing up and down our spine. We have just about reached the point where we agree with a local banker friend, who stated a few years ago that a guy needs a week rest after returning from his vacation. Nevertheless, we'll try to put in a few weeks of honest labor, enough to pay for our salt, anyway.

Henry Wallace's name will be entered as a candidate for president on the Democratic ticket in a dozen or so states. This will be in the nature of a trial balloon. If the balloon busts in his face, then old Henry will have to decide about the proposed third term. We have the word of such authorities as Harold L. Ickes and

Council of the City of Brownfield, Texas. The City reserves the right to reject any and/or all bids and to waive formalities.

Bidders are expected to inspect the site of this work and to inform themselves regarding local conditions.

Plans, specifications, and other proposed contract documents are on file at the office of the City Secretary, City Hall, Brownfield, Texas, and at the offices of Butler-Brasher Co., Architects, 406 Avenue "M", Lubbock, Texas.

Frank Jordan, Mayor
City of Brownfield 48c

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: DOLLIE HUDSON

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 28th day of July, A. D., 1947, at or before 10 o'clock A. M., before the Honorable District Court of Terry County, at the Court House in Brownfield, Texas.

Said plaintiff's petition was filed on the 23rd day of September, 1946. The names of the parties in said suit are: V. L. Hudson as Plaintiff, and Dollie Hudson as defendant.

The nature of said suit be substantially as follows, to-wit: suit for divorce on the grounds of abandonment of more than three years and for title to and possession of the South 2/3rds of the West 3/4th of Section 20, Block DD John H. Gibson Survey in Terry County, Texas which plaintiff alleges to be his separate property; for the title to and possession of tractor and other farming equipment which plaintiff took as his part and share of the community estate at the time of the separation of plaintiff and defendant, for cost of suit and such other and further relief as plaintiff may be entitled to.

Issued this the 10th day of June, 1947.

Given under my hand and seal of said Court, at office in Brownfield, Texas, this the 10th day of June, A. D., 1947.

ELDORA A. WHITE, Clerk,
District Court, Terry County, Texas.

Upton Close that Wallace is considered a joke by the real Democratic leaders, but that he is scaring a lot of the small fry in the party by his constant meddling with the national and international program of President Truman. They point out the fact that Wallace might split the party and cause the defeat of Truman by a Republican candidate, but where would he get a party to carry out his bidding, should he unfortunately be elected? There is no outstanding man in the nation who would care to be sacrificed as a candidate for vice-president along with Wallace. He would have no state or local support. He could not hope to get a rubber stamp Congress. Therefore, should the jumbled mass of unknowns and of all political faiths succeed in electing Henry, he would have a Congress definitely opposed to his theory of giving America and American resources to the Russians. The question will be very clear to every voter by the time election rolls around in 1948. They will have their choice of Wallace, under Russian domination; or a free American directed by a man who stands for continued American freedom. We have a very distinct and positive notion that Americans are unwilling to be dominated by Russia.—Canyon News.

We were told the other day that we should start a radio station in Canyon. The Lord forbid! We have troubles enough as it is. The radio game reminds us of the early day when four or five newspapers were crowded into a territory which would support only one newspaper decently. It looks to us that the same thing is here in the radio field. It is a new racket. The radio makes wonderful claims as to what it can do and is doing. Stations are being put in operation in small

towns all over the nation, and the cost of these stations is not bird seed. Three to six stations are installed in the major cities of the nation. These are served by about three major networks, which have the top flight programs during the radio season. During the summer season their programs are a bunch of hokey. Which leads us to wonder just how many people will listen to the small stations which have no connection with the outside world and which rely on local institutions for support. Will the people listen to a canned program all day, 365 days of the year, for the sake of loyalty to the local station? Just how many ears will we have to grow in order to listen to all of the stations which are now fighting for our attention?—Canyon News.

The Low Down From Hickory Grove

I just been reading about Canada, and you know, that old Maple Leaf land, as they like to call it, is getting up and dusting. Nice folks they are too, these Canadians. A tall glass of soda, with some Scotch—it fits them exactly—they don't guzzle—they sip. But also they know their onions. The new tall buildings going up there, kinda show us up here in our USA.

In Toronto a 25 story bank building is going up, and diagonal across the street is a 16 story one—and in Montreal the new 22 story 1200 room Laurention Hotel is headin' skyward. And the moral to this story, it can be pasted in some hats. Whose, says Henry. Well, I says, for one example, take our USA plasterers—they choose to work mostly on Saturdays and Sundays—overtime, you know. But if it is just this year in which the plasterers are interested, and they figure they

can retire at the end of same, I reckon they maybe are on the right tracks, by upsetting all the old arguments that what labor wants is time to relax over week ends.

And looking deeper and beyond plasterers, you see the Govt. Heavy Thinkers and do-gooders rushing here and there and putting a no-can-do on one thing after another. Restrictions, that's the Bureau password. That makes jobs—for bureaus. But, also, I see no 25 story cloud-scrapers going up on any corner lot here in our town—like they are in Canada.

Showdown Fight On Johnson Grass

COLLEGE STATION June 27—Farmers and other local folks in Lynn county are ganging up this summer to fight Johnson grass, which is threatening to do a lot of damage to crops this year.

Civic clubs, the commissioners court and everybody in the county who is interested in bettering local agriculture are joining the farmers in a drive to kill out the grass pest. A Johnson grass committee has been formed in the county to spark the movement.

Yours with the low down,
JO SERRA.

Lynn County Agricultural Agent William B. Griffin reports that when the groups are ready to go into action, they plan to set aside several days to concentrate on killing grass, and spurring local interest in getting rid of the pest.

The county agent says that the local commissioners have purchased a power sprayer for each precinct and 200 drums of poison to use in the Johnson grass eradication drive.

Mr. and Mrs. Terry Redford spent the week end in Ruidoso.

Social Events of the Week

Mrs. Ralph Ferguson, Editor

Phone 321-W

Lubbock Bride Named Honoree At Social Affairs In City

Social affairs naming Mrs. Richard Fatterson, of Lubbock, honoree included a tea and miscellaneous shower in the home of Mrs. Spencer Kendrick, June 14th and a linen shower and "mother-daughter" tea in the Tom May home Wednesday of last week. Mrs. Patterson, before her recent marriage, was Miss Christine McDuffie and a former resident of Brownfield.

Co-hostesses with Mrs. Kendrick were Meses. Lee O. Allen, Orb Stice, Mon Telford, Clyde Coleman, A. W. Truner, A. A. Sawyer, Everett Latham, J. B. Knight, Dan Davis, Wilson Collins and Clovis Kendrick.

Guests were met at the door by Mrs. Collins. In the receiving line were Mrs. Kendrick; the honoree, who wore a corsage of peach gladioli; Mrs. W. R. McDuffie, mother of the bride; and Mrs. R. E. Patterson, of Lockney, mother of the groom. Their corsages were of white carnations as were those of members of the houseparty. Mrs. Fred Youree, of Lubbock, aunt of the bride registered the guests.

An arrangement of white gladioli flanked with pastel yellow tapers made a lovely centerpiece

for the tea table. A white satin heart, engraved in gold with Christine and Richard flanked with white candles surrounded with shasta daisies formed the decor for the buffet. Peach gladioli and candles were used on the mantel in the reception room.

Mmes. J. C. Powell, jr., J. E. Smith, Latham and Clovis Kendrick presided in the dining room. Mrs. Jack Shirley and Scharlyn Daniell played piano selections during the calling hours from five to seven o'clock.

Hostesses for the "mother-daughter" tea were Mrs. Tom May and daughter, Mrs. Bruce Zorns; Mrs. E. A. Graham and daughter Twilla Graham and Mrs. A. A. Sawyer and her daughter, Mrs. Truett Flache.

A green and white color scheme was used in decorating the reception rooms with shasta daisies as the predominating flowers.

Mrs. R. M. Kendrick presided at the tea table and Mrs. Bobby Jones registered the guests.

The Federated Missionary Society will meet Monday afternoon at 3 P. M. in the Methodist church.

Mr. and Mrs. Phil Gaasch announce the birth of a son, June 24th. The baby weighed 8 lbs., 1 ozs at birth and is named Ronald Thomas.

Approaching Marriage Of Miss Tarpley Announced

The approaching marriage of Grace Tarpley to Milton H. Hughes of Abilene was announced Saturday afternoon, June 21, at a tea given by her mother, Mrs. M. G. Tarpley, 616 East Broadway. She was assisted by daughter, Mrs. Jack Bailey, Ruth Huckabee, Mrs. W. E. Gore and her daughter-in-law, Mrs. Chad Tarpley.

In the receiving line were Mrs. Bailey, Mrs. Tarpley; the bride-elect, Mrs. H. H. Hughes, the prospective bridegroom's mother, Mrs. Bobby Jones, who is to be Miss Tarpley's matron of honor and Mrs. Walter Haynes of Plainview.

Mrs. Richard Kendrick and Mrs. W. E. Fore presided at the tea table which was laid with a blue linen cloth. A boat arrangement full of blue and white daisies flying a white satin sail lettered in gold, "Grace and Milton, July 18," centered the table.

Others in the houseparty were Meses. Clarence Lewis, Mon Telford, Clyde Lewis, Fred Jones and Burl Hahn.

Mrs. O. L. Jones and daughters spent the week end in Slaton visiting Kenneth Jones.

Needmore H D Club Meets June 12

The Needmore Home Demonstration club held their regular meeting, Thursday June 12, in the home of Mrs. Nick Durbin.

The house was chafed to order by the president and roll call and reading of the minutes followed by the secretary.

The president gave a demonstration on frozen foods and the judging of canned foods.

Refreshments of punch and cake were served to eight members and several children.

The next meeting will be June 26 in the home of Mrs. Norval House.

WANDA STAFFORD GIVES MEXICAN SUPPER

Miss Wanda Lois Stafford entertained with a Mexican supper Monday evening complimenting Miss Nancy Jean Marchant of Oklahoma City, who is here visiting in the Stafford home.

As the guests arrived they were given names of Mexican songs and later found their places at the table from place cards with the printed song and illustrations. The Mexican theme was carried out in all the table appointments and the centerpiece was a gaily colored wooden bowl filled with ivy.

Places were laid for Marion Wingerd, Eleanor Miller, Hazel Vernon, Susan Sauer, Flo Dean Stafford, the honoree and hostess.

Mr. and Mrs. A. M. Muldrow were in Roswell Saturday visiting friends.

Wellman H D Holds Regular Meeting

Members of the Wellman Home Demonstration Club met in regular 3rd Friday afternoon meeting at 2 o'clock June 20.

House was called to order by the President, roll called and minutes of last meeting read and approved. Motion was made and carried that we pay the expenses for Marjorie Scales, who won 3rd place in the Dress Revue, to go to A and M. Zona Lea Chessir is also to go, she being winner of 2nd place. The county council pays one girls expenses from each club.

Discussion was made on what the Club wants to put in the year book for the main working project.

The 1st Tuesday afternoon in July at 2:00 o'clock, the 4-H club will have a demonstration on Yeast Bread Baking, every mother is invited to be there.

The next meeting of the H D club will be Thursday afternoon July 3rd at 2:00 o'clock instead of Friday July 4th.

The club looked over the beautiful pictures of flowers which Miss Dunlap has taken, it will be a great pleasure when we see them on the screen.

The demonstration given by Miss Dunlap on walls, floors and wook work was very interesting and helpful, beautiful samples of wall paper were shown

Mr. and Mrs. Doc Pate and son Claud, Mr. and Mrs. Jim Quinton and Mrs. Ray Hailey picnicked at Silver Falls Sunday.

Methodist Circuit Name Officers

The women of the Brownfield Circuit of the Methodist church met at the Parsonage on Saturday June 21 for the purpose of organizing a Woman's Society of Christian Service. The devotional was brought by Mrs. Warren D. Smith of O'Donnel, Promotion Secretary of the Lubbock District, who assisted in electing the following officers:

President, Mrs. Sam Park; Vice President, Mrs. Harmon Scales; Recording and Promotion Secretary, Mrs. Elmer Edwards; Treasurer, Mrs. J. N. Reid.

Secretaries of— Spiritual Life, Mrs. J. A. Bass; Missionary Education, Mrs. G. M. Thomason; Christian Social Relations, Mrs. Willard DuBose; Student Work, Mrs. W. C. Jones; Youth Work, Mrs. A. R. Baldwin; Children's Work, Mrs. W. R. Tilson; Supply, Mrs. J. W. Trussel; Literature and Publications, Mrs. Lynward Harrison; Status of Women, Mrs. J. N. Hester.

The regular meetings will be at 3:00 o'clock on Wednesday afternoons at the parsonage.

Mrs. J. H. Milner and daughter, Landra returned Friday from a weeks vacation in Frederick, Okla. They visited Mrs. Milner's mother and sisters.

BIRTHDAY CLUB HONORS McILROY AND SCHELLINGER

Mrs. T. H. McIlroy and Mrs. W. O. Schellinger were named honorees of the Birthday Club when they met with Mr. and Mrs. Marshall Loyd Thursday evening for four tables of bridge. Mrs. Schellinger received a waffle iron and Mrs. McIlroy a Presto cooker.

Openface sandwiches, birthday cake, ice cream and punch were served to Messrs. and Mesdames Kyle Graves, Ted Hardy, Buck Address, Frank Szydoski, Johnny Haynes, W. O. Schellinger, Dr. and Mrs. T. H. McIlroy and Dr. and Mrs. E. C. Davis.

PETERMANS HOSTS TO BRIDGE CLUB

Mr. and Mrs. O. L. Peterman were hosts to the Night Bridge Club Thursday evening of last week. Mr. Joe McGowan and Mrs. R. N. McClain scored high in games of bridge.

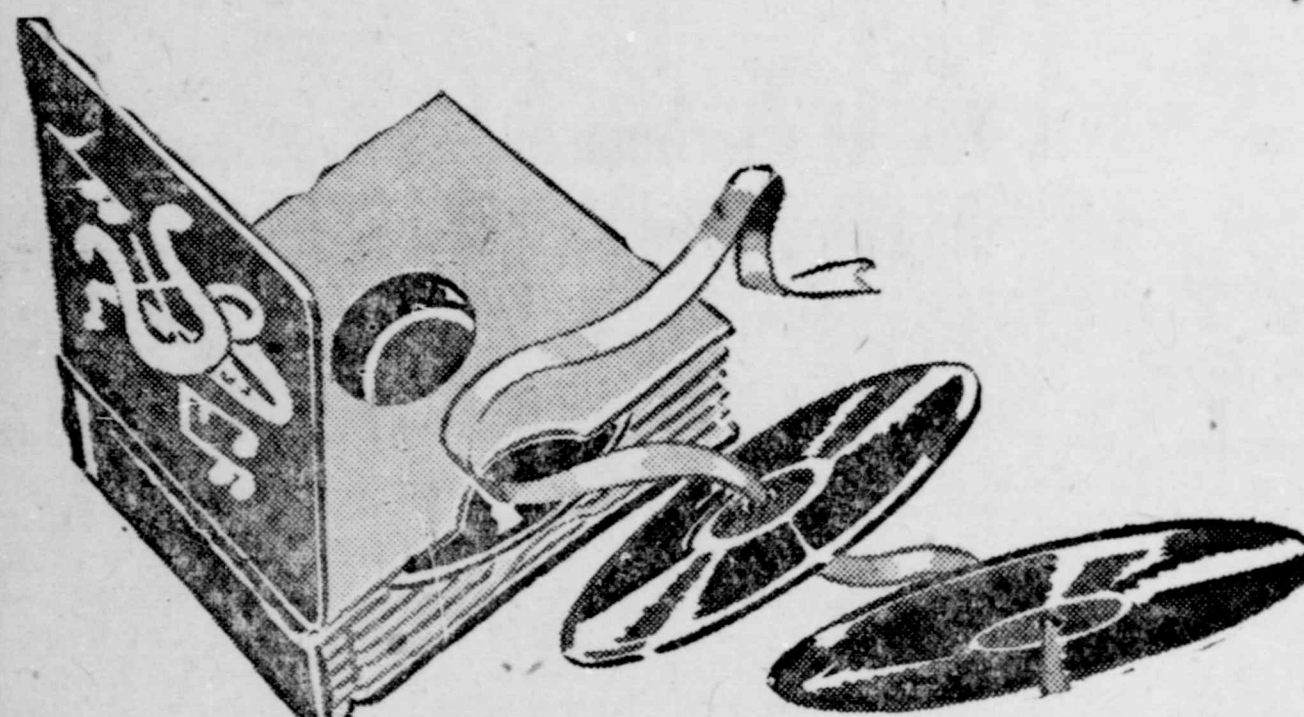

Guests were Messrs. and Mesdames R. L. Bowers, McGowan, Reagan Peeler, McClain, Jerry Kirschner, Al Muldrow and Messrs Ben Barbee and Jim Brauner, of Abilene.

Mr. and Mrs. Harv Harris, of Bronco were recent overnight guests of Mrs. E. L. Davis and Mr. and Mrs. Henry Williams of Plains.

ANNOUNCING

THE GRAND OPENING MELODY MUSIC MART

Saturday June 28th.

BROWNFIELD'S NEW AND EXCLUSIVE MUSIC HOUSE

The opening of the MELODY MUSIC MART marks an important date in the business life of Brownfield as well as the advancement of its music facilities too. This store will devote its full time and energies to the satisfaction of music lovers in this area by handling all the latest records obtainable in western, classical and semi-classical music. There will be other musical lines added later but for the present, records and certain record supplies will be stocked. You are invited to make the Melody Music Mart your music headquarters and to feel free to play records when you come in. If what you want is not in stock, it will be ordered for you. You are especially invited to attend its "Grand Opening" this Saturday June 28th. We want you to see what a very nice, up-to-date and modern music shop we have.

**FULL ASSORTMENT OF THE LATEST RECORDS

COLLINS

Ready - To - Wear Dept. ----- Brownfield

The biggest Texas wheat crop in history, estimated to be more than 112,000,000 bushels by the Bureau of Agricultural Economics, is now being harvested.

Back From Tennessee With A Country Ham

The Old He and wife, accompanied by the niece, Miss Joan Lay arrived back in these dignities last Thursday on Juneteenth Day, after a very delightful trip to old Tennessee. Accompanying us on the trip was the daughter, Mrs. Herman Trigg of Brownwood, who never thought she had as many kinfolks in the world as she found on this, her first trip to her dad's old state.

Both Miss Lay and Sallie T. were delighted with their trips, but we have a faint idea that she was tickled pink when we reached Brownwood with its Herman and Buddie Tuesday afternoon, the 17th.

Returning with us for a vacation in Texas, was our niece, Miss Elizabeth Jacobs, and her girl friend Miss Jerrie Kevil—change the "K" to a "D" and see what you have—but she's a nice, quite Miss. Both these girls hold jobs with Memphis firms, and both made the all Mid-South basketball team last season, although they played for different firms. Both were high school stars. Our niece visited us last summer and liked our cool nights so well—well she said last summer that she would be back again.

All of us had a great time.

While our farmer kin folks had a late spring with a lot of rain, the weather for killing that tedious pest, crab grass, was ideal while we were back there, and those farmers were going after the stuff early and late. Others had jobs with the Tennessee Gas Co., which has a large booster plant and general headquarters near Middleton, and still others with saw mills, etc., and they too had to get up early to get on their jobs. And we didn't hear any of them say anything about portal to portal pay. However, we have one grand nephew that was out on strike. He is a bus driver, headquartering in Jackson, Tenn. By the way he was out part of the time while we were there last year.

Also, had a short visit with grand-niece, who has a little girl,

a boy and a boy baby, great grand nieces and nephews. Gosh, that made us feel old, but we enjoyed their continuous clatter, just like we enjoyed that of their grandmother 40 odd years ago. The fact that all able bodied men were busy, hindered us not a bit about having a great time, as the ladies told us what had happened or about to happen around the old home county, and we devoted many hours through the day time hours to sleep, and all of you know that we did not neglect the table a single time. In other words, we, we slept, and we rested.

The nephew and wife who donated a ham last year very sadly announced that most of their hogs were pigs last winter. But the morning we left, niece Bettie Jacobs announced she had a ham for us; they have several hams left. But, she stated, I don't see where we are going to put it with all those girls and their luggage in the car. If you give us a ham, we allowed, we'll get it to Texas somehow, and did. And it must have come off a 300 or 400 pound porker.

We came back a new route part of the way at least. The nearest way is via Memphis, Little Rock, Texarkana, etc., but that road between Little Rock and Memphis is a mess, but it will be a dandy when and if they ever get finished what apparently they intend to do. So, we took off down through Mississippi to Jackson, thence west across the Father of Waters at Vicksburg, through

GI Question And Answer Department

Q. I am a World War II veteran and plan to go to school under the G. I. Bill for the first time next fall. When should I arrange for my entrance into school?

A. You should arrange for your entrance into college or other institution of learning at the earliest possible moment.

Q. What benefits, other than subsistence allowance, is a veteran entitled to while pursuing a course of instruction under the G. I. Bill or under the Vocational Rehabilitation Act?

A. Veterans Administration will pay for his tuition, books, supplies, fees, and other authorized expenses within certain limitations. A disabled veteran may receive a pension or compensation and subsistence allowance concurrently.

Q. In getting a guaranteed loan under the G. I. Bill, must my loan be secured by a lien?

A. Not invariably. Under most circumstances a lien will be required as security for a loan, but there are a few conditions under which a loan may be unsecured.

Q. Do the veteran's rights to a loan guaranty extend indefinitely?

A. No. A guaranty may be had if applied for within 10 years from the determination of World War II which has not been declared yet.

Texans Will Hate John Gunther

John Gunther has just published his newest book, Inside U. S. A., for which patriotic Texans will hate him. Gunther is a good reporter who writes only what he sees. What he saw in Texas isn't as apple pie as it would have been had he been born, raised, and propagandized here. Houston will simply die at his naming it the noisiest town in America. "A residential section mostly ugly and barren, a city without a good restaurant, and hotels with cockroaches." And before Amarilloans laugh out loud, Gunther describes that town as "raw, violent, and the most open town in the country except possibly Las Vegas in Nevada." What will bring wreaths of smiles to Texans is Gunther's repetition of the bragging stories about Texas that are known the world over.

The state wears the biggest hats in the world and it has more pretty girls per square inch than any known segment of the earth's surface. It has produced more top-rank movie stars than any other state except possibly California, and Texas A&M is by far the greatest military school in the nation. The assessed value of its public school system is five billion dollars and it has sixty radio stations. The third biggest bookstore in the United States is in Dallas; the state capitol is the eighth biggest building in the world; and the deepest hole in the world (an oil well reaching 15,279 feet) is in Pecos county." Gunther continues to list the natural resources of Texas as the greatest in the world. This is the state, wallowing in natural wealth that cannot find enough money to operate its schools, pay its teachers, its civil employees; the state that pays its legislators five bucks a day to run the biggest business in the United States! Yessir. We Texans are dying laughing.—Ralls Banner.

(To Be Continued)

State Takes Over Vet Administration

Veterans administration regional office at Lubbock announced today that the State of Texas has assumed complete responsibility for inspection and approval of all facilities for on-the-job training of World War II veterans under Public Law 346 (GI Bill).

In addition, the State has taken over the supervision of 6,043 West Texas firms, establishments and shops presently conducting on-the-job training for veterans.

VA advised that all future requests for inspection and approval of concerns to train veterans on the job under the GI Bill should be addressed to—State Approving Agency for Veterans Education, Land Office Building, Austin, Texas.

northern Louisiana, spending the first night out at Ruston, La., the old home of Dr. John R. Turner. Young John Turner, who still makes his home there visited us at Lincoln Courts that night, and old times gone over, as he used to visit here some. Leaving La. between Shreveport and Marshall, Texas, we came on to Longview on 80, where we took 22 to Tyler, where we had lunch, on to Athens, Corsicana, and Waco, where we took 84 to Brownwood. The beds and breezes were so good out at Lake Brownwood, that we spent a couple of nights before coming on

MODERN LIVING CLAIMS VICTIMS

Soft, refined foods and lack of exercise are responsible for increasing thousands of constipation victims. Intestinal muscles become sluggish, waste matter accumulates and gas is formed. Often there is a tired, restless, listless feeling. It's cases like this that the new improved ADLERKA is designed to help. This scientifically compounded Tone-Up laxative is quickly absorbed by the gastro-intestinal system... gas pressure is relieved and waste matter is moved gently through the digestive canal. When you eat well and digest your food well, you'll find a new joy in living. Order a bottle of ADLERKA today.

Caution: use only as directed.

Cure for Crop Aches

...The ALL-CROP HARVESTER

An All-Crop Harvester owner reports that his machine saved 44.7 bushels of wheat per acre from a neighbor's field which was hopelessly lodged and written off as a total loss. The All-Crop handled straw six feet long, tangled and flat on the ground.

Unusual features explain the All-Crop Harvester's ability to cope with extreme conditions. Its close-cutting header literally shaves the ground. The full-width cylinder takes heavy straw and green growth in full stride... the oversize straw rack handles big straw volume.

A Quick Speed-Change crank controls cylinder speed instantly for over 100 different grains, beans and seeds. Weed seeds and dockage are screened out by a ScourKleen attachment.

Harvest worries disappear when you change to the All-Crop Harvester... Successor to the Binder.

 TIRES	 LIGHTS

FOR YOUR SAFETY

Every known facility for safe operation and control of an automobile is built into it. These safety features have been given gruelling tests, they have been proved and perfected by years of the finest engineering experience. But their maintenance and handling are up to you. Safe driving depends upon the efficient operation of these factors.

Watch your steering gear for excessive play—keep your brakes in trim, inspect tires for weaknesses that may result in blowouts. Be sure all lights are working, "one-eyed" cars are dangerous. Check your mirror for clear rear-vision. Be sure your horn works—but don't abuse its use. Do your windshield wipers wipe?

Remember, no matter how good the safety features of your car—they are only as good as your ability to control them. If you are overtired from driving strain—stop, rest, drink a cup of coffee. If you are mentally or nervously upset, let someone else drive. If you've been drinking, stay off the road.

Keep your car—and yourself—always in condition for safe motoring.

This advertisement is presented in the public interest by the President's Highway Safety Conference and the daily and weekly newspapers of the nation through their Press and Publisher Associations.

Veterans News

Disabled veterans eligible for free automobiles must submit their applications to the Veterans Administration sufficiently prior to June 30 to permit processing them before the deadline, VA warned this week.

While the veteran has up to two years after that date in which to effect delivery of the vehicle, VA is not permitted to enter any obligation against the appropriation after midnight, June 3, under present legislation.

Nearly 23,000 disabled veterans of World War II have filed applications for vehicles through May 31 under the law which provides a \$1,600 conveyance for those who in service lost, or lost the use, of one or both legs at or above the ankle.

Of this number, 16,052 applications were approved and nearly 13,000 sales agreements were certified for payment as of the same date.

The number of veterans claiming readjustment allowances for unemployment dropped over 35 per cent in the past three months, effecting a savings of nearly \$8,000,000 a week over the rate of expenditure for February of this year, VA announced today.

The 728,000 claims filed during the last full week in May represent the smallest number received in any week since January 1946, when, in the wake of widespread demobilization of the armed forces, the number began to climb toward the all-time peak

Stamford Rodeo Bill Includes Dog Act

The Texas Cowboy Reunion, to be held at Stamford on July 2, 3, and 4, has billed a specialty act which is expected to attract wide attention this year.

A sheep dog act, of trained Border collies under the direction of Dewey Jontz of Des Moines, Ia., will be shown in the south for the first time. The act resembles the field trials of the bird dog fraternity and is a favorite sport in Scotland. The shepherd, working with trained border collies and two groups of sheep, puts the dogs through several gaps, hurdles, and chutes. As a concluding feature either ducks or bantam roosters are substituted for the sheep and are herded by the trained dogs.

Jontz is superintendent of the Sheep Division of the Iowa State Fair each year. He will be accompanied to Stamford by his wife and nine year old son.

Mechanized farming has enabled United States farmers to produce a third more with 10 per cent less total labor than during World War I.

Texas bought \$97 million dollars worth of U. S. Savings Bonds in the first five months of 1947.

Texas' poultry industry is one of the state's largest—worth \$200 million dollars.

Soil Conservation District News

J. T. Fulford, who farms East of Meadow on Dr. English's farm started construction this week on ridge terraces on 75 acres of Class IV land, which is to be retired to a grass pasture. After terraces are completed Mr. Fulford will plant a cover crop of broadcast sudan, then late this fall if moisture conditions permit will drill into the ground cover his grass mixtures together with a legume.

Wheat harvest in Terry County his past week was under way very actively. Combines were operating in almost any direction you cared to go in the county. Yields were very encouraging—some yields being as high as 46 bushels per acre to as low as 8 bushels. From county-wide reports, apparently the average will be around 20 bushels. Wheat alba Rye and some Barley afforded excellent cover of land against sand blowing, and in a number of instances, aside from wind protection, much good grazing was secured. An observation of wheat after it has been combined is that much desirable stubble can be worked into the soil, thus adding much needed organic matter.

Summer fallow seems to be the practice most wheat farmers are following now after combining of wheat. Several farmers have said this will let the land rest, keep down weeds, and late in August, if moisture conditions are right, they expect to thoroughly prepare a seed bed and drill back to rye or wheat.

Myles Kelly, Work Engineer from Dimmitt, Texas, was here in an official capacity on June 17 checking over several types of work under the CYT District program.

James T. Little, Conservation Aid working with the CYT District program made a trip to Temple, Texas to bring back a new pickup. With this new pickup the SCS survey crew will be greatly aided for more field work this fall and winter.

Farmers are steadily requesting now to have contours and terraces planned on their farms. By making applications now, they will avoid the fall and winter rush. Plans, maps, and necessary engineering data can be accumulated this summer, and the laying out of contour guide lines and terrace lines will be ready to go after fall harvest. You are urged to make application now and

avoid the early fall rush. See personnel in the District SCS office in the basement of the Post Office Building during July and August for this free assistance or information.

There is a growing sentiment among leading Terry County farmers that community action should be had to do something definite to control or devise better methods about sand blowing. Several have contacted this District office to discuss the matter. Some say that if a whole community would meet and plan a voluntary program for an area of 10 to 20 sections of cultivated land, work out a plan of action, and try to follow it for a period of 3 to 5 years, much might be accomplished in better crop yields and improvement of soil fertility. Group of community action through cooperative efforts will do more towards getting the job done. Your Soil Conservation District Program was organized by landowners, and this office stands ready anytime to cooperate. Now, which community will take the lead to get 10 or 30 farmers together for such planning?

Start conservation practices now on farms to help reduce drought hazards in years to come. In the July number of The Progressive Farmer on page 14, in regard to "Preparing Land for Grass," the following suggestions seem practical and adaptable for Terry county farmers. It states:

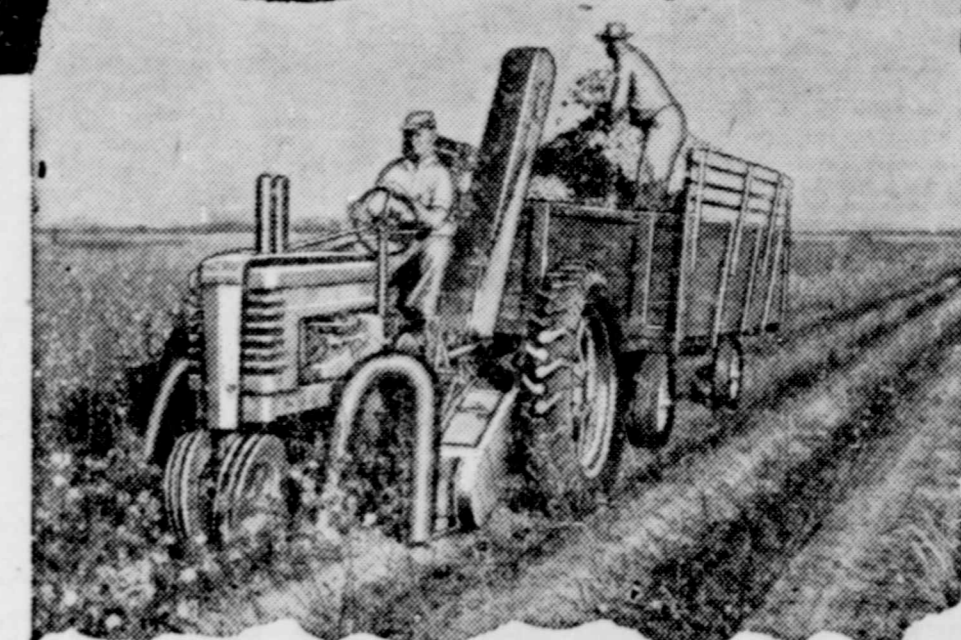

"Grow a close-drilled sorghum crop the first year. Plant it late enough—in late June or July—so that it will not mature seed. Graze off part of the standing crop in the fall in order to pack the soil. But be sure to remove live stock in time to leave sufficient stubble cover on the land to control wind and water erosion, prevent crusting and reduce surface evaporation. The crop residue should be evenly distributed over the land and sufficient to prevent exposure of not more than 25 per cent of the ground surface. Drill grasses in the stubble, cover seed bed the following spring without any tillage preparation. Use heavy press wheels on the drill to further pack the soil. A firm seed bed is important."

Tom Thompson of Orlando, Fla., came in Monday to pay a visit with his brother and family, Ed Thompson of the Harmony community. The Tom Thompsons lived here some ten years ago. Needless to say Tom was greatly surprised that so much wheat was growing in Terry county.

While we were away, the Piggly Wiggly store took undue advantage of our absence and put up French blinds at their store, without consulting us. Needless to say it adds greatly to the looks of their store.

Harvesting cotton in a once-over operation is the short cut to bigger profits. Get this advantage by stripping and delivering cotton, two rows at a time, with a labor-saving John Deere No. 15 Cotton Harvester.

Designed to work with the John Deere "A" and "B" Tractors, the No. 15 is a simple, sturdy, long-lived machine that does a fast, efficient job of saving bolls after the cotton plants have been killed by frost. Many gin operators state that cotton stripped by the John Deere is cleaner than that pulled by the average hand puller.

This year, to make short work of your cotton harvest—use a John Deere Cotton Harvester. See us for complete information the next time you're in town.

NOTE — John Deere Harvester also works with the model "G" Tractor.

Germans Used Same Tactics In '18 and '41

The senior editor and wife and the junior editor made a trip Sunday to Big Spring, as our brother-in-law, Joe Roberts, Sr., was very ill in a Big Spring hospital. Attendants and doctors thought perhaps he is a bit better. But age and the fact that he has been ailing several years is against him.

While down there some of the folks were replacing the backing in an old mirror, when they ran across a Fort Worth Record bearing the date of May 28, 1918. That was when the going against the Germans in the first world war was hardest.

In that issue Winston Churchill had made a statement that in the final analysis the outcome of the war would depend largely on soon getting soldiers from the United States. How strangely like this war, when we had to start from scratch.

And in another boxed article the Huns in one city near the French border was complaining about English and French airplanes dropping bomb on their town. And like this war, when the Heinies were doing all the dropping of bomb on London, it was very funny, but when the worm

Herald Has All GI Back Shop

Gene Walker, who worked for the Herald a few months before entering the service, joined the Herald Monday as an on-the-job GI trainee. Gene is one of the best workers we ever had about us. You never have to show him but once what to do. He finds work.

The Herald is proud of its little back shop force, too. All young, ambitious boys, who are going to know their job and do it without a gripe. If they have any gripes, they keep it to themselves. Two of them were in Uncle Sam's navy, one in the army air corps, and the other in the army.

Gene saw occupation service in Japan before returning home and getting his discharge a few months ago, and there is no use to ask him if he had rather be in the good old USA.

Mrs. Clovis Kendrick and son and Mrs. Wilson Collins and children left Saturday for Ruidoso to spend several days.

Mr. and Mrs. John Perkins and daughter, Diane of Midland and Misses Betty and Louisa Montgomery of Woodriver, Ill., were Sunday guests in the home of Mr. and Mrs. Al Muldrow.

turned, it was a very different story.

Excerpts From A Brownies Diary

Dear Diary—
Before I go to sleep tonight I must put down what I did at the Brownie Scout Day Camp in Coleman Park on June 9 through June 12th. I had so much fun I want to remember my experiences always.

The days started at nine o'clock with active group games and singing and on the first we divided into units and selected sites which we made into camp homes. We named ours Paradise Park and the other unit named theirs Circle B.

We had toadstool lunches and doughboys, which were made over an open fire. After lunch we made paper hats while Jo Jo told us stories. Time to go home came too soon.

On the second day after playing games and singing we made collectors bags and went on a nature hike. It was a lot of fun but Sue and Jane got stung by red ants.

Wednesday morning Jo Jo taught us some new songs and games and we made stick horses.

For lunch we had a one pot meal, cooked over an open fire, a walking salad, and bottle drinks. We were divided into kaper group just like Girl Scouts and I got to be a cook and helped prepare the salad.

The afternoon was spent in planning and presenting stunts.

On the last day of camp we had a rodeo with our stick horses we made the day before. My horse, which I named, Hi Ho, won in the races.

After a nosebag lunch we made plans for the Brownie Fly Up ceremony for that night at eight o'clock. It was given in the park and ten girls with their leader, Mrs. Jack Griggs flew up to Girl Scouts. Mayor Jordan and Mrs. T. E. McCollum gave talks and after the ceremony fudge sickles were served to approximately 100.

Mrs. Herman Chesshir was camp director and her assistants were Mmes. Jack Griggs, Vera Cornelius, J. L. Newsom, Moore, Marie Bailey, Blackley, J. W. Nelson, Alton Webb, Graham Smith and Miss Betty Jo Chrisler, of Lubbock.

Retail Prices

A large grocery chain recently made a simple and sensible statement on food prices at retail. It observed that substantial reductions are impossible until costs to the retailer are cut. And it pointed out that if its system were to operate without any profit whatsoever this "would amount to a saving of less than four cents a day on the entire food bill of the average American family."

What is true of food is true of almost all other commodities. In general, retail profits and operating expense are as low as conditions permit. Competition, the most inexorable of all forces, is taking care of the operator whose profits are excessive. That is why such schemes as the Newburyport ten-per-cent-across-the-board cut died suddenly. Once stocks were sold, stores were unable to replenish them at prices which would make continuance of the cuts possible. They had to return to retail prices which would allow some profit.

The cure for inflation is not easy. It has many phases—increased worker productivity, better and cheaper methods of production on farm and in factory; an honest effort by all workers and producers to do the best and most efficient job possible; and finally, sound and conservative government fiscal policy is essential to control of inflation. All of us, from the President of the country down to the day laborer, will have to do his part if prices

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending June 21, 1947, were 29,454 compared with 28,800 for same week in 1946. Cars received from connections totaled 10,330 compared with 10,259 for same week in 1946. Total cars moved were 39,784 compared with 39,059 for same week in 1946. Santa Fe handled a total of 37-164 cars in preceding week of this year.

Mr. and Mrs. W. A. Bell have as their guests this week their daughters, Miss Margaret Bell of Lubbock and Mrs. R. F. Quinlan and two sons of Robstown.

WELLMAN NEIGHBORHOOD IMPROVEMENT REPORT

Not a great deal has been done recently about the community improvement contest. The Home Demonstration club and the 4-H clubs have not stopped working and are making splendid progress.

Several farm families are making valuable farm and home improvements. The people of Wellman, together with the school and churches, have started work on their buildings and grounds, begun a paving project and farm families may have to work hard to keep up with their town neighbors.

We hope soon to see REA and telephone lines under construction and also to see good crops to provide the money to pay for these improvements.

Once a union suit was regarded as long-handled underwear. In these days it is a squabble involving John L. Lewis. — Old Apostle in Clarendon Leader.

those not hurt by the hail are averaging a good yield, it has been reported.

Church and Sunday School were well attended Sunday morning. B T U was also well attended Sunday night. Everyone in the community is invited to attend services at the church each Sunday and Sunday night.

Mr. Jones, the father of Mrs. O. D. Smith, is reported to be much better.

Misses Geneva Stewart and Loretta Cornebie and Mrs. Floy Tankersley, who are attending West Texas State at Canyon, visited home folks over the week end.

Pvt. Wilton Stewart has returned to Hamilton Field after spending seven days leave with his parents, Mr. and Mrs. J. D. Stewart.

Mr. and Mrs. A. B. Cornett and family and Mrs. Cornett's sister, Miss Brewer of Lubbock visited relatives here Sunday.

Mr. and Mrs. Royce Hartman and Peggy Jean from Wellman and Miss Billie Gary from Brownfield, visited in the L. A. Brown home Sunday.

Correction—Results of Union winners in the County Dress Review, published June 6th, were incomplete. Ordith Herring won in the 10-11 year group. Yvonne Herring placed first in the 12-13 year group and Laveta Herring won third place in this group. Ellen Hill carried off first honors in the 14 year and over groups.

Johnson News

Mr. and Mrs. Howard Parker and family of Pacific Grove, Calif., are visiting the Red Foshee's. The ladies are sisters.

Mr. and Mrs. Hansel James and daughter of Los Angeles are visiting their parents, Mr. and Mrs. John Prant and other relatives of Terry county.

Buddy Rambo of Brownfield visited Billie Winn Sunday.

Mr. and Mrs. A. W. Fore were guests of the L. V. Alexander's Sunday.

Vanita Gayle of Wilson spent the week with her brother and wife, Rev. and Mrs. E. D. Gayle.

Mr. and Mrs. M. L. Waldrop of Lubbock came down Sunday to get their son, Martin, who had spent the week with his grandparents, Mr. and Mrs. W. M. Duse.

Mr. and Mrs. J. J. Jones and Glenda spent Sunday, visiting their brother, Lewis Jones and family of Morton.

Rev. E. D. Gayle and Carol Johnson have gone to Palo Duro canyon for the boys encampment which ends Wednesday.

Rev. Harrison and family were guests of Mr. and Mrs. Sam Park Sunday.

Mr. Wood E. Johnson has gone to Gordon to be with her mother who is ill.

Mr. and Mrs. Parker and children of Tacoma, Wash., are visiting the ladies parents, Mr. and Mrs. J. A. McCrow and family.

Dane Graves of Compton, Calif., is visiting Mrs. Leo Graves and other relatives.

Those visiting in the John Plant home Sunday were: Homer McCasland of Levelland, Mr. and Mrs. John McCasland of Lamesa. The men are Mrs. Plants brothers.

PLAINS NEWS

Mrs. Kit Morris and Mrs. John Camp were shopping in Brownfield Wednesday.

Mrs. S. F. Pride and granddaughter, Alice Hinkle are visiting her daughter in Childress this week.

Mrs. W. H. Hogue, Mrs. Mollie Ferguson, Louise Oden, Faye Lusk and Mrs. Oma McCargo were in Lubbock last Wednesday.

Mr. and Mrs. O. H. Oden and children spent the week end with his brother and family in Odessa.

Miss Lois Forrest visited her sister in Odessa a few days last week.

Mr. and Mrs. V. W. Crump and family of Lamesa were guests of the Red Foshees Sunday.

Mr. B. M. Tuttle's tractor burned Monday afternoon.

Those visiting in the E. D. Gayle home Sunday were his parents of Wilson, Mr. and Mrs. John Gayle and daughter, Vanita.

Mrs. Hardin Joyce honored Mrs. E. D. Gayle Friday with a pink and blue shower, twenty three were present.

Mrs. Leo Graves and Davis and Mrs. George Lasiter visited Mrs. Willie Winn Monday. Mrs. Winn is slowly improving.

Wellman 4-H Clubs Meet With Sponsor

The 4-H clubs of Wellman met in the home of Mrs. Clyde Heafner, the club sponsor, Tuesday afternoon June 17. The meeting place was changed because Mrs. Heafner, who has not missed a meeting for many years, was ill and unable to go to the Wellman Cafeteria where the meeting is usually held. Therefore the meeting was brought to her.

The meeting was called to order by Zona Lea Chesshir, president of the WWW club. Roll call and the reading of the minutes was by Patsy Scales. The attendance was rather low, with only eight club members, two sponsors, and two visitors present.

The recreation was a game led by Betty Zo Dean and a song, The Eyes of Texas, lead by Patsy Scales.

The demonstration, given by

Roy Elliott made a business trip to Austin this week.

Mr. and Mrs. Wallace Randolph and children visited their parents in Lubbock over the week end.

Mr. and Mrs. Boots Elliott were called to San Angelo on the death of his father who passed away with a heart ailment.

S. S. Jobs and Sam were in Lubbock Saturday.

W. C. Matthis, a pioneer settler in Terry county, now of San Angelo was here early this week visiting his sisters in law, Mesdames Longbrake and Lester McPherson. He was on his way to visit his son at Hobbs.

Zona Lea Chesshir, was on netting.

Comes Close To No Dress At All

COLLEGE STATION, June 27—The ideal work dress would be so comfortable that the wearer would not know whether she had on a dress at all.

Clarice Scott, USDA clothing specialist, has designed four summer work dresses which come pretty close to this ideal.

The Texas A and M College Extension Service clothing specialist, Mrs. Dora R. Barnes, says Miss Scott's designs offer complete freedom of movement with no pulling or binding anywhere. "They are made for an easy fit, which is quite different from oversize," she points out.

The designs are based on studies on safety and comfort in dresses for such jobs as gardening, canning and washing. The four dresses were scientifically planned for convenience and durability; they flatter the wearer, too.

Since the dresses are for summer use, they have no collar and no sleeves. Wings used in place of sleeves are double-layered to hold shape and crispness. Pockets are at hand level, with the openings slanted for convenient use. Ties, belts and sashes are made to fit closely and to fasten out of the way at the back.

Skirts are about calf length and just wide enough for the normal stride—long or full skirts drop about the feet when the bearer stoops and may be caught on shoe heels or stepped on.

Each dress is easy to put on and take off, and easy to wash and iron.

Paper patterns for the four new dresses are now being put out by commercial firms, according to Mrs. Barnes. They may be identi-

The Old Timer Writes On Man Eating Dogs

We believe that most all have heard discussed what might be the best, and safest method of approaching, or perhaps passing a bad, potential man-eating dog. It is not generally known that Utility companies give special training to their meter readers in order that they may avoid being bitten by dangerous dogs.

What we consider a dog tale deluxe comes from a city mail carrier in Lubbock. He says that he had long listened to stories wherein folks had been able to get by bad dogs by getting down on all fours and passing as "another bad dog," thus bluffing their wouldbe attack. This carrier reports that a very vicious dog was tethered by a strong chain at the side of one of his patrons and that the dynamo on four feet was a holy terror (apparently). Choosing a time when no one was apparently in sight, he dropped to "a dog's position" and proceeded toward the ferocious brute. Instantly, the big dog slackened his chain, then another instant or two, he was at chain's length, standing on his hind feet and straining at the leash in an effort to get into the house.

Now herein lies the great mystery in the mind of the carrier, for from behind a screen of vines, a voice issued thus: "O, he won't hurt you." The representative of Uncle Sam has been trying to figure out whether the voice, that of a woman, was trying to console the man or console the dog—O'Donnell Index.

Raising food for the two billion people of the world is a big job, and already millions of those people are going hungry because the soil was not cared for properly.

ified at pattern counters by the credit line: "Designed by the Bureau of Home Economics, U. S. Department of Agriculture."

DDT To Be Used On Cotton Pests

COLLEGE STATION, June 27—Latest recommendations for the use of DDT to kill cotton insects have been released by the entomologists of the Texas A and M College Extension Service.

To control flea hoppers, the entomologists recommend a mixture of five per cent DDT and sulphur, with at least 75 per cent of the mixture consisting of sulphur. Applied at the rate of 12 to 15 pounds per acre, one application is usually enough to get the hoppers.

The bollworm takes a 10 per cent DDT and sulphur mixture, consisting also of 75 per cent sulphur. Ten to 15 pounds of this mixture per acre at five day intervals is the recommended rate of treatment. Stink bugs and plant bugs can be controlled, the entomologists say, with the same poison mixture recommended for bollworms.

Thrips, another cotton pest, are controlled with a five per cent DDT and sulphur dust, applied at 10 pounds an acre.

LUMBER PRODUCTION IN SOUTHERN PINE MILLS

AUSTIN, June 27—Lumber production in Southern pine mills recovered April losses in May to show a 2 per cent monthly increase, according to Southern Pine Association figures reported to The University of Texas Bureau of Business Research.

Average weekly production per unit rose to 226,206 board feet to stand 23 per cent above production in May 1946.

HELPS ESTABLISH PENICILLIN INDUSTRY IN JAPAN

AUSTIN, June 27 Dr. Jackson W. Foster, University of Texas bacteriologist and authority on penicillin, has been appointed expert consultant to the United States surgeon general. He will serve in an advisory capacity on technical matters relating principally to microbiology.

ON BEING HAPPIER

The old professor I went to hear that night in Paris began his talk by commanding, "Laugh! Everybody in the audience laugh! Laugh out loud. That's it. Now louder! Louder!" One after another began to laugh, and soon the whole place was convulsed with uproarious laughter.

I hadn't felt much like laughing when I went in. When someone you love is suffering and you can do nothing to help, it's hard to show mirth. I had almost forgotten how to smile. But I laughed with the rest—I couldn't help it—and went away feeling definitely happier.

Next day I saw in a magazine the picture of a Sweepstakes winner. She was laughing all over. I pinned her to my wall and every time I looked I smiled. Every time I felt better.

Then I began to cut out every laughing picture I could find, in newspapers, magazines, advertisements. I finally filled a book with them. Not a mere photographic smiles or smirks, but genuine, ha-ha laughter.

I showed my scrapbook to a nurse. She roared. In the hospital she gave it to a patient; he smiled for the first time in months.

From bed to bed the book was passed, and in one ward after another the doctors testified that this laugh cure almost always produced a marked improvement. Laughter is a real medicine. It has optimistic vitamins in it. It revives like oxygen. It restores failing morale. I have proved for myself the "cleaning power of laughter."—Gellett Burgess in This Week.

Mrs. Irene Black is in Carlsbad this week.

Dr. Foster returned this spring from a six months' leave of absence during which time he helped occupation forces under General Douglas MacArthur set up a penicillin industry in Japan. He joined the University staff in 1945.

Wayland College To Be Senior College

Wayland College at Plainview received the go-ahead signal this week for accreditation as a four-year college.

Unanimous vote by the executive board of the Baptist General Convention of Texas at a meeting in Dallas Tuesday approved the Wayland board's application to make the school a full-fledged senior college, according to word received from Dr. J. W. (Bill) Marshall, president-elect. This makes Wayland one of three full colleges on the plains.

The board's decision will make it possible for Wayland students to attend two more years and receive standard college degrees. Terry County students who completed junior college work last year and will be eligible to return this fall are Ruben Beardon of Tokio, and William Ross Harmonson of Meadow.

A heavy rain fell between Brownfield and Tahoka Monday afternoon, the heaviest part around the county line area, where it developed into a gully washer and chip mover.

Boy Tarpley informed us this week that Tarpley Insurance had paid for considerable hail damage from the hail last Thursday night.

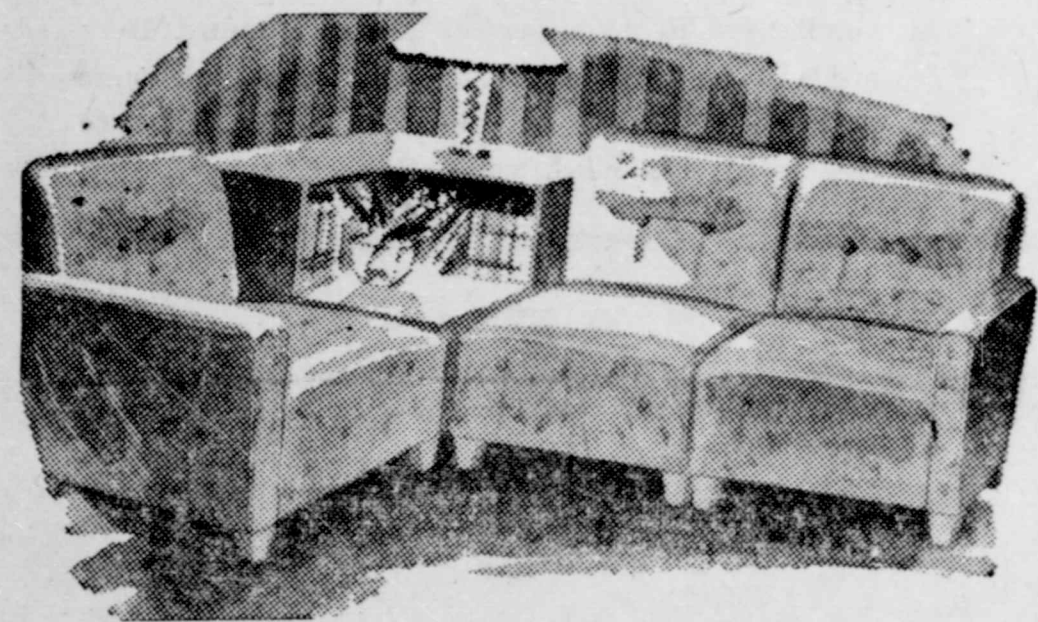

VAN ZANDT TOPS IN ILLICIT STILLS

Texas Liquor Control Board Inspectors in May reported the seizure of 4 illicit stills.

Destruction of the stills, which had a cubic capacity of 195 gallons, prevented the potential evasion of \$4,298.24 in State taxes.

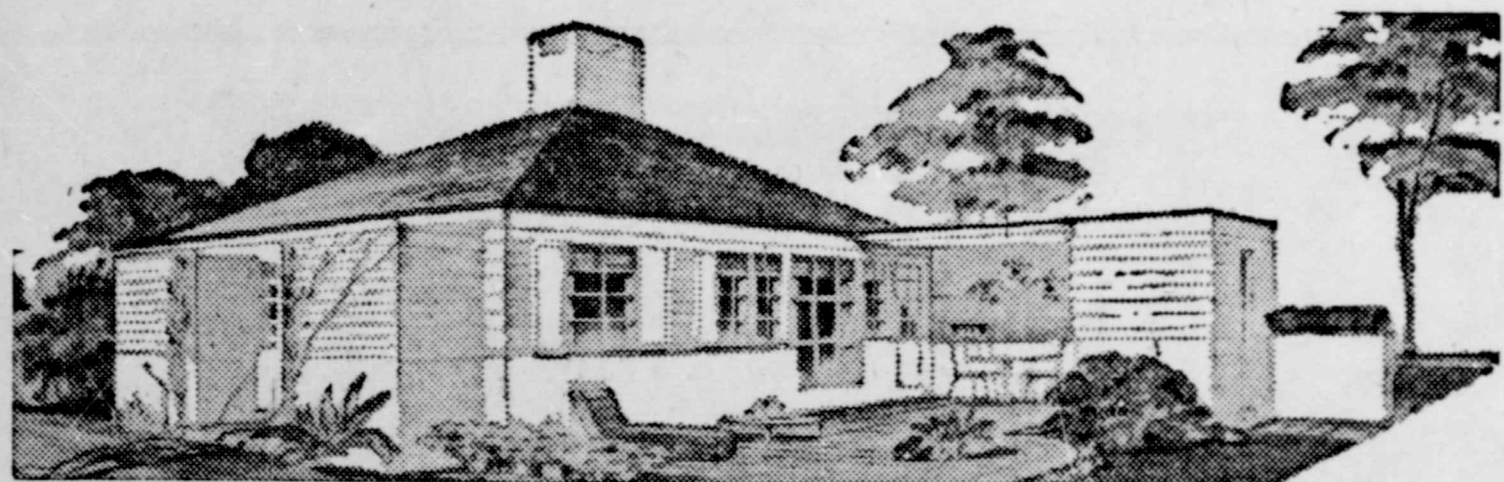

With the stills, Inspectors captured 775 gallons of mash and made 11 arrests. 30.75 gallons of moonshine liquor were destroyed.

Two stills were taken in Van Zandt County and 1 still was taken in each of the Counties of Lamar and Smith.

Public Safety Dept. Looking For Men

AUSTIN, June 27 The Texas Department of Public Safety is undertaking a "mass manhunt," Director Homer Garrison said today.

Objects of the search are 30 young Texas men who, come September 1, will be recruited as Driver License Examiners. Ten will fill existing vacancies and 20 will be additional personnel authorized by the recent Legislature.

"These are career service jobs," Garrison said, emphasizing that both recruitment and promotion in the Department of Public Safety are based strictly on merit.

Salaries range from \$100 a month with room and board during the 4-week training period in Austin to \$208.72 after training and probation have been completed. Examiners work a 6 day week, receive two weeks annual vacation with pay, and are entitled to benefits under the new State retirement act.

Applicants must have at least a high school education or its equivalent, be not less than 21 nor more than 35 years old, be not less than five feet eight inches in height, weigh not less than two nor more than three pounds for each inch of height, be in excellent physical condition, and have a reputation for character and uprightness of conduct that will stand the intensive investigation that is made of those who are tentatively accepted on the basis of written tests.

Competitive examinations to fill these positions will be held at various points in Texas "sometime in July," Garrison said. He urged those interested and qualified to write him, at Post Office Box 1164 in Austin, requesting application forms.

Mr. and Mrs. R. L. Chapman and Mr. and Mrs. Buck Hopson returned Sunday from a three day fishing trip to Possum Kingdom Dam near Breckenridge. They report fishing was OK but most of their time was spent in riding on the lake in a motor boat and picnicking. Too much sun was absorbed and they got blistered. They report that although they brought home quite a few chiggers they feel sure there are still some down there for the next person.

Mrs. Travis Jenkins and children of Levelland visited in the home of her parents, Mr. and Mrs. J. H. Webber, Sunday. Mrs. Montgomery and children of Blackwell, Texas are here visiting. Mrs. Montgomery is also

MEADOW NEWS

H. V. West's father and mother are visiting with him and family. Miss Kathryn Verner is working at Lubbock for the summer. Mrs. Virgie Luman of Brownfield is visiting Mrs. B. F. Clemmer, while Mrs. Clemmer is ill. Mr. and Mrs. Carl Stephenson and girls visited at Meadow Sunday.

Herman Horschler is back at work after an operation for appendicitis. He seems to be as good as ever.

The Methodist Vacation Bible School began Monday of this week. They meet each afternoon.

Mrs. Tom Brown and children Dan, Tommy and Ronald, have returned from a vacation in the mountains of Colorado.

W. J. Hinson was ill Sunday. Mr. and Mrs. Homer Barron had relatives visiting them last Sunday.

Mrs. H. R. Hinson and children have moved to Eunice, N. M. where Mr. Hinson has been working for some time.

Mr. and Mrs. H. P. Sims and family have moved to Eunice, N. M., where Mr. Sims has accepted employment at the public school as a janitor.

Mrs. Doyle Grogan and baby son of Tulsa, Okla., are guests in the home of her sister, Mrs. Phil Gaasch. Mr. Grogan was a week and guest.

KOLONIAL KARD KLUB MET WITH MRS. WINGERD

The Kolonial Kard Klub met Friday afternoon with Mrs. Roy Wingerd for two tables of bridge. Mrs. Jerry Kirschner scored high and Mrs. R. M. Sauer, second high.

Refreshments were served to Mmes. Mon Telford, Buell Price, Mike Barrett, C. T. Edwards, Money Price, Walter Hord, Kirschner and Sauer, of Spokane, Washington.

HARMONY H D CLUB NEWS

The Harmony Home Demonstration Club met June 19 with Mrs. Reed, with 10 members present.

Miss Dunlap gave a very interesting demonstration on wall paper.

The next meeting will be with Mrs. Bartley July 3.

A quilt was quilted on for the hostess.

Mr. and Mrs. R. D. Copeland and daughter, Mildred returned last week from Greenwood, Miss., where they spent a week visiting their daughter and her husband, Mr. and Mrs. Foy Mackey.

Mrs. H. M. Brock returned home Tuesday from Olustee, Oklahoma where she has been for about two weeks at the bed side of her mother, Mrs. L. M. Cummings.
