Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 42

BROWNFIELD, TERRY COUNTY, TEXAS.

FRIDAY, JULY 18, 1947

NUMBER 51

### Henry Chisholm Elected Alderman

#### An Early Day Terry Pioneer Passes On

Many saddened hearts there were among old timers in Brownfield late Saturday when it became known that a very dear lady, Mrs. W. R. Spencer, of Lubbock, had passed on at a Lubbock hospital at 10:15 p. m.

Mrs. Spencer was the wife of the late Judge W. R. Spencer, who lived here in 1912, when Gov. O. B. Colquitt appointed him as the first Judge of the newly created judicial district, still known as the 72nd. This office he held by reelection until his death many years ago.

Mrs. Spencer was very active in the church and social progress of the little village of Brownfield as long as she remained here, and always had a good word for Brownfield and its people as long as she lived. However, with advancing age, her trips down here to see old friends became less frequent. She leaves quite a few relatives, mostly in central Texas. One that was best known was the late Percy Spencer, nephew of the judge, who came out from Mississippi in the early days to study law with his uncle. His wife Mrs. Gaster Randal Spencer, daughter of the late J. L. Randal and Mrs. Randal, who survive him. Percy and wife have three children, Mrs. Martha Lingle and Mrs. Caroline Nichols of Austin, and John William Spencer of Lubbock.

The Judge and wife only had one child, Wade, who died in childhood, so they always referred to Percy as their boy, and she was mother to Percy and wife, and grandmother to their children. Truly a great woman has left us. Some things among the many she helped to promote in our little town in the early days was the organization of the Maids and Matrons club, she being a charter member and we believe its first president. She was also instrumental in the organization of the first Eastern Star chapter here, which was named for her deceased son. She was a Presbyterian, and in the early days she paid most of the salary of ministers who visited Brownfield, of that faith. Any social affair of the little town was incomplete without the smiling help and encouragement of this fine lady.

Mrs. Spencer was not given to boasting, we never heard her mention the fact, but we have been told that she came from some of the best families of South Carolina and Mississippi, the famous Gov. Pickens of the former state, being a direct ancestor. Pickens was her maiden name. Her home was always open to her friends. The writer has taken many meals with the family when they lived here, and by invitation when in Lubbock in the early days, spent many nights with this fine gentleman and lady.

Funeral was held Monday at 4 p. m. at the Presbyterian church in Lubbock, with the Pastor, Rev. Jack M. Lewis, officiating. The body was laid tenderly to rest beside her loving life mate in the Lubbock cemetery.

The Spencers migrated from Mississippi to Ballinger, Texas and came on to Terry county about the time this county was organized.

Mr. and Mrs. Jim Jackson returned last week from Dayton, Ohio where they visited their daughter and son-in-law, Mr. and Mrs. Bob Fulton.

#### Louis Bromfield To Speak On Soil Conservation

LUBBOCK July 18—Louis Bromfield, nationally known author and lecturer, will speak on soil conservation at a meeting in the Senior High School auditorium in Lubbock, Nov. 13. The Lubbock rally will be one of six to be sponsored over the state by the Burlington Lines and by the Second National Bank of Houston.

Owner of a model farm, Bromfield has written a number of books with soil conservation as the central theme.

In addition to his talk in Lubbock, Bromfield will speak at rallies in Corsicana, Nov. 10; Fort Worth, Nov. 11; Amarillo, Nov. 12; Wichita Falls, Nov. 14; and Abilene, Nov. 15. He will be one of about 100 executives and industrial leaders of the nation who will travel over the state on a special Burlington train.

Local committees are being organized among women's garden club groups and kindred organizations and in the several conservation districts throughout the Texas territory included in the tour, to work out detailed plans for afternoon and evening meetings in each of the six cities named.

Burlington and the Houston bank sponsored a similar tour last January. Because of gratifying results, a much broader soil conservation and agricultural development program was decided upon.

#### Yoakum Pioneer Lady Dies Here Wednesday

Mrs. Effie Lou Davis, 78, among the first settlers in Yoakum county and well known to many Brownfield people, died at a local hospital at 6:30 p. m. Wednesday, following an illness of several months.

Funeral arrangements had not been completed late Thursday, but Farley Funeral home will direct burial.

Survivors are five sons, Jack and Elmo living in Mississippi; Frank of Las Vegas, N. M.; and Jim and Bill in California. Three daughters, Mrs. T. E. Johnson, Kiowa, Okla., Mrs. Blanche Osborn, Clovis, N. M. and Mrs. Pearl Williams of Plains, where Mrs. Davis has been making her home for sometime. Her husband T. D. Davis, died several years ago.

The family lived at Gomez in 1908-09, but settled a stock farm in Yoakum county about that time. He carried the mail from Gomez to the Harris post office, six miles north from Tokio. Most of the time afoot, for lack of roads, and the mail being very few pounds. Mrs. Davis, though small in stature, was noted for her energy and business activity.

She was a frequent visitor in this city.

#### Courthouse Being Air Conditioned

Jot Akers of the Akers Appliance Store here, began Monday installing various individual air conditioners in the various offices at the Court House.

The extreme heat of the past two weeks has created quite a demand for this modern relief. The several stores here that handle conditioners report many sales.

### Move On To Organize YMCA And YWCA In Brownfield

#### Old Timers Return In Droves

By George W. Neill

Last week end looked like an old timers reunion, when Houston Shepherd, a 1902 Gomez boy came in from Alhambra, Calif., to visit his sisters, Mesdames P. R. Cates and A. W. Enderson and step-mother, Mrs. Shepherd on north 6th street. Also the former Miss Ruby Black now Mrs. Pridoux, daughter of J. H. Black of Gomez, thirty years ago, but now of Archer City, visited old acquaintances here.

Monday Ed Chisholm, one of a large family residing on the draw south of Tokio, during the 'teens, was hunting for the few remaining old neighbors. He now lives at Austin. He, wife and sister visited with the B. L. Thompsons, finding her just released from hospital. Also Monday Mrs. Ed Moore formerly Gay Brouhnton, daughter of D. L. Broughton, among first settlers of the county and former County Clerk, now of Eugene, Oregon, and herself a former teacher in the county spent the week here with friends and her Aunt Mrs. Rogers at Lubbock.

Roy B. Ragsdale, who with his parents lived several years near Lehay a few years back, now of California, brought his wife and child back for visit with friends and relatives. Of course neither knew of the other coming. There doubtless are many others we failed to meet, visiting here, that can't resist that urge to return again to old Terry, even for a short visit, and taste again the hospitality of the old west, and they don't fail to be met with it.

#### S S Representative To Be Here July 24

Elliott W. Adams, Social Security Representative, will be in Brownfield at the U. S. Post Office at 9:00 on Thursday, July 24, for the purpose of answering any questions you may have on Social Security, discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for Social Security account number cards.

A woman who has married since she secured her Social Security account number should call at the Social Security Administration field office and have the name on the card changed to correspond with her married name.

This is regarded as important because wages will be posted to the number on the card bearing the maiden name of the woman unless it is changed. Confusion may be avoided when the time comes for paying benefits to the particular individual if the change is made.

#### FREDDIE OLIVER ENTERS SCOTTISH RITE HOSPITAL

Young Freddie Oliver, 8 year old son of Mr. and Mrs. T. P. Oliver of this city, was admitted to Texas Scottish Rite hospital for Crippled Children in Dallas for treatment on Wednesday, July 9.

There is a movement being started to get the YMCA and YWCA organized in the city of Brownfield. There has long been a need here for such an organization was pointed out and enthusiasm for the undertaking was kindled when Mr. Chartier of Odessa talked to the Lions Club and told how Odessa succeeded in organizing a YMCA.

"The program of the Y's include many things," Mr. Lynn Nelson said in an interview. "It provides recreational opportunities for children, teen-age youth and young adults in a variety of indoor and outdoor activities. It helps young people to maintain health and physical fitness, gain skill in personal relationships and develops qualities of leadership. It seeks to help them understand themselves and the world in which they live and to make the right personal choices in life."

Mr. Nelson further pointed out that it aids youth to take responsibility for planning and conducting their own activities through Youth councils, committees, club groups and to join with others in civic events. As a Christian organization, it helps young people to understand the Christian heritage and to achieve a sustaining and courageous religious faith. It works cooperatively with other agencies of the community to achieve the aims that all character-building organizations have in common—service to youth.

Anyone seeking further information on the project is invited to contact Mr. Nelson. He is seeking the cooperation of all civic organizations, individuals and churches. He will gladly explain the details to anyone interested.

#### Dr. W. A. Roberson New Lion President

Exceeding Harry Truman in speed from vice-president to president and a close second to Thompson, who as lieutenant governor of Georgia became governor on the death of Talmadge who died before inauguration, Dr. W. A. Roberson became president of the local Lions Club.

Roberson, a prominent dentist was elevated to this position on resignation of the president, M. T. House, who moved to Levelland just one week after being installed.

#### 47-48 Texas Almanac Goes On Sale

A limited number of copies of the 1947-48 edition of the Texas Almanac and state industrial guide, published by The Dallas Morning News, has been received here.

The Almanac, a vast storehouse of information, is a one-volume encyclopedia of Texas, covering natural resources, population, agriculture, livestock, industries, commerce, geography, history, civil government and hundreds of other subjects.

The book contains 600 pages, with charts, maps and illustrations.

The Almanac sells for only 85 cents a copy. Get your copy today.

Rev. J. Preston Murphy spent Monday and Tuesday in Abilene attending a meeting of Presbytery.

Read Polio Preventatives now appearing in the Herald In Interest of Public Health

### American Legion And Veterans Of Foreign Wars Taking Action Against Local Chislers; Claim They Are Violating Terminal Leave Pay Provisions By Charging Interest

#### Negro Convicted On Assault Charge

Henry Wyatt, negro, was convicted Thursday on a charge of aggravated assault on two negro women. The court assessed a fine of \$100 and costs and a jail term of six months.

The negro was found guilty of cutting one girl with a knife and holding a knife on the back of another forcing her to listen. He was arrested by City Policemen Cliff Fitzgerald and Aaron Zeigler. Tom J. Cornett, chief of police swore out the complaint.

#### Local Schools To Get Extra \$12,000

Comptroller George Sheppard reported to the State Board of Education this week, that there still remained the sum of \$9,441,535.48 in the school fund, and although all public schools are now closed till Sept., they decided to apportion this amount to all schools before Aug. 31, when the 1946-47 term closes.

This will give the Brownfield schools with some 2,000 scholars, around \$12,000 extra, and the three other schools of Terry county, Meadow, Wellman and Union a like amount of some \$6 per capita. This will bring the 1946-47 per capita apportionment to \$41.

The apportionment for the 1947-48 term will be \$55, of which the Brownfield schools will receive around \$110,000, supplemented of course by local taxes. Teachers are to receive a minimum of \$2,000 for the coming term, and much more for experience, etc.

#### Mid-Summer Sales All The Rage

If you have been looking with longing eyes and hungry hearts for some real old fashioned bargains in dry goods, much of which is good quality post-war stuff, then come on to Brownfield. The shelves of the dry goods firms are loaded and awaiting you. But you must hurry.

In the parade of bargain offerings last week were Sheltons, Collins and the Go're Fashion Shop. They are being joined this week by Cobb's Dept. Store and some of the above have followup ads this week.

And remember in shopping in Brownfield, you have the advantage of several excellent grocery, hardware, drug and other firms that always have what you want at a price you can afford to pay.

There was a tremendous crowd here last Saturday. Let's make the coming Saturday shopping day a banner day.

#### Calves For Club Boys Purchased

Club calves have been purchased by Mr. Buford and Mr. McElroy to be distributed among the club boys, July 24. There will be approximately 30 head of calves and 70 head of yearlings costing twenty-one cents. All boys receiving calves will draw for their calves which will be weighed individually and they will pay for exactly what they receive.

Any of these calves purchased may be financed and any club boy either Vocational Agriculture or 4-H Club in Terry county contact the Vocational Agriculture teacher or County Agent for further information.

#### PRIMM DRUG DEFEATS SOFTBALL CHAMPS

Before a large and enthusiastic crowd of home folks, Primm Drug defeated the Blue Bonnet Laundry team of Lubbock 6 to 3. The Blue Bonnet Laundry has been leading the league all season.

The game was played Tuesday night on the local diamond.

At recent called sessions of Howard-Henson Post No. 269 of the American Legion and Hand Brothers Post No. 6974 of the Veterans of Foreign Wars, these veterans organizations have passed very strong resolutions against what they term, "chislers," and to quote, "that it has come to our attention that certain unscrupulous and unpatriotic gyps residing in our city are unlawfully and without regard for the well being of our members, purchasing and taking assignments of (terminal leave) bonds at a discount of from 20 to 50 per cent."

The organizations then go on to cite the fact that the government will very likely pay for these bonds in cash at no great future date without their having to resort to selling them to the persons mentioned above, at any discount.

They further cite the law makes it clear that these bonds are not assignable, and also are exempt from claims of creditors, are not subject to attachment, levy or seizure.

For violation of this act, violators lay themselves subject to a fine of not exceeding \$500 and imprisonment of not exceeding six months or both.

These veterans state that if such violations are not stopped, they are determined to turn the matter over to the Federal Bureau of Investigation for investigation and prosecution, and that the posts are appropriating funds for investigation and prosecution of the guilty.

The resolutions were signed by H. M. Pyeat, Adjutant of the American Legion Post, and Hubert L. King for Bill Dugger, Adjutant of Veterans of Foreign Wars Post.

#### Four Injured In Car Wreck Sunday Morn

Four Lubbock residents received emergency treatment at the local hospital Sunday morning after the station wagon in which they were riding turned over several times.

The two men and two women, Dorothy Block, Myrtle Bell, Max Habinson and Richard Lemon were about 14 miles south of Brownfield on the Lamesa highway, when the driver apparently went to sleep. The new Plymouth station wagon was completely demolished.

Jeff Farley ambulance brought them to the local hospital and later carried the four on to a Lubbock hospital in his two ambulances.

#### Progress Being Made On West Ward

Rapid progress is being made on remodeling the West Ward school building—or is there. From the street it looks like the old saying "tear the house down and throw it out of the windows."

But a lot of the old interior is supposed to be taken out, as we understand it, and partitions made of tile, replacing wooden ones, to make the building as fireproof as possible.

A race with time is being made by the workmen to have the building ready for the opening of school about the first Monday in September.

#### Several Complaining Of Flea Hoppers

Not a few times of late we have heard that flea hoppers were doing considerable damage to young cotton. One farmer was heard to state he had cotton knee high with nothing on it.

Kenneth Purtell had his plane and poison all rigged out Sunday morning to give his several hundred acres of cotton a dusting.

Mr. and Mrs. A. D. McDonald of Texico, N. M. spent the week end here with Mrs. J. D. McDonald.

MEMBER 1946  
TEXAS PRESS ASSOCIATION

MINIHOLE PRESS ASSOCIATION

We advise someone on the staff of the Avalanche-Journal to read up a bit on Texas history. That writer in a news item about the death of Mrs. W. R. Spencer stated that the late Judge Spencer was appointed to the Judicial bench by Gov. Hogg. Hogg was governor of Texas from 1891-95. There followed the administrations of Chas. A. Culberson, Joseph D. Sayers, W. S. T. Lanham and Tom Campbell before reaching O. B. Colquitt, 1911-15, who was really the governor that appointed Judge Spencer. It does not hurt any of us to brush up on history now and then.

The things we say in the following is just our private opinion and they are not written to hurt anyone or their friends, but just to give you an idea how we feel about the matter of electing men to public office, on and on and on, when we know good and well they are not physically able to fill the duties of the office. It has happened again right here in Texas. Last year some capable young men ran against old Congressman Mansfield, but he was re-elected despite the fact that more than half the people in his district knew that the old gentleman had one foot in the grave and the other half in. He has been in a hospital nearly all this session of congress. We kept electing Senator Culberson when practically every one knew he was unable to get out of bed, and the last few campaigns, his friends kept him hid

away in Washington, while they came to Texas and campaigned for their old boss. And we are drifting right in the same rut with some other federal office holders we could mention. No better men or statesmen than Culberson or Mansfield have served Texas, perhaps. They just served too long.

Note to Mr. Clapp of Lubbock, who represents Anderson-Clayton Co., cotton factors: You may revise your 200,000 acres in cotton for Terry and Yoakum counties by at least 60 per cent; maybe more, some think. In other words after the big rain and hail of June 19, followed by three days sandstorm, 80,000 acres for the two counties will be more in reason.

And old sorehead Russia must be the pitcher or the ball game can't go on. That old hermit nation puts us in mind of a big overgrown burr headed, bully among a lot of decent kids that want to play the game as it should be played. But this spoiled brat that has suddenly learned its power with the help of the United States, know only one word of English—an impolite NO! To our notion the sooner we quit trying to appease Russia, the better for all mankind. That was tried too long on Hitler and old Muss. Usually a bad boy will become decent when other boys quit him cold.

The American Cancer Society has taken time out from their work of trying to eradicate humanity's worst enemy, to thank the American Press for its 1 1/4 million lines of advertising which the press devoted to helping raise funds to battle this dread disease. This paper is of the opinion that every dollar of these funds are being used to learn the best means of treating and preventing the spread of cancer that yearly robs the nation of thousands of men and women, millions in loss of time and money, not to mention morale of the victims.

So far as we know the Veterans of Foreign Wars is the only organization that has come out against the constitutional amendment to be voted on August 23. Most other organizations, especially school officials and teachers are strong for it, as well as towns in which are located state supported educational institutions. The VFW objects to the re-allocation of the 5c of the 7c of the Confederate Pension funds to build and equip buildings for the state institutions of higher learning in the next 20 years. They point out the fact that right now many veterans of the Spanish-American war, not to mention World I and II are in hard shape and need

## Wash Hands Before Eating Urged as Polio Precaution

Parents should see that children wash hands thoroughly before eating as one precaution against polio, particularly during the summer epidemic season, according to the National Foundation for Infantile Paralysis.

The National Foundation through its local chapter is issuing a series of six simple health rules that should be observed during the summer to help combat the disease.

Scientific studies, financed by March of Dimes funds, indicate that the hands may be a means of spreading the virus infection through contamination of food, drinks or objects carried to the mouth.

For this reason, a high standard of personal cleanliness should be maintained especially during the polio danger months—late June through September, the National Foundation cautions, adding that fresh fruit and vegetables should be washed well before eating.

## Careful With Irons; Can Cause Fires

Among the items that help start household fires as the housewife goes about her daily tasks, the electric iron ranks up among the worst of them.

Ordinarily the blame can't be put on the iron, but on the person who goes off for a few minutes and forgets to turn it off.

Home management specialists of the Texas A. and M. College Extension Service say that if a housewife is really safety-minded she will not only turn off her iron when she leaves it, but disconnect it as well, even if she leaves only for a few minutes.

"Octopus connections"—several electrical connections from one outlet—are another serious household fire hazard, the specialists say. A safe rule is to make only one or two connections from an outlet and avoid the use of extension cords except as temporary wiring.

Other electrical "dons" around the house are: don't hang extension cords over nails, or run them through doors or underneath rugs; don't use worn cords on lamps and appliances; don't let clothing, draperies, or other inflammable materials come too close to light bulbs.

Gladys Swain is on a weeks vacation from Latham's store.

Miss Nelda Brown was a houseguest of Mary Ann Marlin in Quarah this week. Mr. and Mrs. V. R. Marlin and Mary Ann were former Brownfield residents.

assistance, and that the Confederate Pension fund should be kept in tact. The VFW goes on to say they will not oppose an outright bond issue for the purpose of helping the higher educational institutions.

## Forty-Two Is Not A Dead Game Yet

The Old He, is so situated that just a bit of spying into our neighbors back yards, even though they are supposed to be peek-proof with dense hedges, reveals the fact that some of them are still prolonging that old game of Forty-Two, and they seem to get all the kick the game delivered to players a generation ago.

Among those who gather for the weekly session and we notice to alight from their cars or on foot if close are, Mr. and Mrs. R. M. Kendrick, Mr. and Mrs. Sam White, Mr. and Mrs. Wade Colline, Mr. and Mrs. L. J. Dunn and Mr. and Mrs. Hayden Griffin.

And we note that a neighbor just a bit further up the street Claude Henderson, has a croquet

Martha Lee Tankersley, of Roswell, N. M., returned to her home Wednesday after a weeks visit here with her uncle and aunt, Mr. and Mrs. Ned Self.

set at his place, and there is no dearth of players for that old favorite game.

When people can find innocent diversion that suits them, it is a pretty good sign they are doing nothing to harm themselves, their neighbors or community.

Too fine grinding of feed wastes both feed and power. Coarsely ground grain and chopped roughage is more palatable.

Bride-elect Honored With Gift Tea

Saturday the J. B. Knight home was the scene of a formal gift tea given for Miss Grace Tarpley, bride-elect of Milton Hughes, of Abilene. Mrs. Leo Holmes greeted the guests at the door and introduced them to Mrs. Knight, Miss Tarpley and her mother, Mrs. M. G. Tarpley. Mrs. Richard Kendrick was in charge of the bride's book.

Assisting Mrs. Knight as hostesses were Meses. Clarence Lewis, Mon Telford, Fred Jones, Clyde Lewis, Holmes and Kendrick. Others in the houseparty were Meses. Jack Bailey, Bobby Jones, Burl Hahn, Bill Gore and Miss Wanda Hahn.

The bride-elects chosen color scheme and green and white was carried out in the reception rooms and on the tea table with woven baskets tied with green satin bows and filled with white daisies. A floor length cloth of white net trimmed with green ribbon ruffles laid over white satin covered the table. The flower arrangement was flanked with green candles. Table appointments were crystal.

Miss Tarpley, attractively gowned in white net and blue taffeta wore a corsage of peach gladioli. Members of the houseparty wore corsages of white carnations.

Sixty guests called between the hours of five and seven o'clock.

DALLAS MAN JOINS WAYLAND FACULTY

Dr. C. Eugene Colton has recently arrived at Plainview to head the Bible department at Wayland College. Dr. J. W. Bill Marshall, president elect of the school, announced.

An outstanding teacher and leader, Colton has been pastor for the past eight years of the North Temple Baptist Church in Dallas, a church which he organized and which has experienced phenomenal growth under his ministry. During his pastorate there 1,262 new members were added, of which 375 were by baptism.

Mr. and Mrs. Burdette Auburg and children of Post, were week end visitors in the home of his parents, Mr. and Mrs. J. T. Auburg.

NABORS ENTERTAIN WITH BRIDGE

Mr. and Mrs. Fred Nabors entertained with four tables of bridge Friday evening. Miss Twilla Graham scored high and Mrs. Larry Wisley, low. After the games of bridge iced watermelon was served to:

Messrs. and Mesdames J. D. Christner, Kurt Kunkle, John Feeser, Larry Wisley, Wayne Bright, Misses Twilla Graham Bernice Douglas, Jack'e Coleman and Messrs. Alvin Poss, Freddie Foell and Tom Durrow.

DELEGATES OFF TO LIONS INTERNATIONAL MEET

Frank Szydoski and wife are leaving early next week, as a delegate to Lions International Convention to be held in San Francisco, July 26th-28th. They will do some visiting and sight-seeing in the great northwest on the way.

Mr. and Mrs. Dennis Lilly and Mr. and Mrs. Frank Jordan and Dr. Roberson are due to leave for the same place last of next week.

HOSPITAL RELEASES PATIENTS

E. A. Bowman, local automobile dealer, Mrs. B. C. Farris of East Hill street, Mrs. B. L. Thompson of East Cardwell st., all of whom underwent major operations at the hospital were released to their homes early this week.

Mr. Hedaway, who lost an arm by amputation resulting from being crushed by a falling safe at a local bank, was released last week.

MARY LENA WINSTON UNDERGOES OPERATION

Judge and Mrs. H. R. Winston were called last Saturday to Denton, where their daughter, Mary Lena underwent appendectomy.

She is attending the state college there. Judge returned Monday and reported she was doing nicely.

BAGBY AND LOTTIE MOON CIRCLES MEET WITH GREEN

The Bagby and Lottie Moon Circles of the Baptist Women's Missionary Society met in the home of Mrs. Mary Green Monday afternoon for a lesson on Stewardship taught by Mrs. D. L. Patton.

Present were Meses. L. C. Heath, C. D. Green, D. L. Patton, Claude Henderson, R. M. Moorhead, Drew Hobby, C. E. Ross, W. E. Pool, B. L. McPherson and Ame Flache.

FAMILY REUNION HELD IN LYON HOME

Attending a family reunion in the home of Mr. and Mrs. J. L. Lyon this week are:

Mr. and Mrs. C. E. Motley, Monahans; Mr. and Mrs. E. M. Goins and son, Doyle, McAlester, Okla.; Mr. and Mrs. P. C. Goza and family, Plains; Mr. and Mrs. C. E. Hodges, Durant, Okla.; and Mr. W. B. Goza, Calera, Okla. All are brothers and sisters of Mrs. Lyon.

Old Timers Hold Melon Feast

At the instance of Mesdames Lillie McPherson and Nealie Moore a good number of old timers were to meet at Coleman Park last night, each bringing a watermelon and enjoy a get-together feast. It had been suggested that an old timer is one who has resided here forty years.

The ladies said they were encountering difficulty in finding any who would admit they were that old, much less having lived here that long. We go to press too early for a report on the meeting.

PARTIES GIVEN FOR MISS TARPLEY

As a courtesy to Miss Grace Tarpley, bride-elect of Milton Hughes, a shower was given Friday in the home of Mrs. B. W. Hahn with her daughter, Wanda assisting. Gifts of linen were presented the honoree.

Guests were Meses. Crawford Taylor, Bill Gore, M. G. Tarpley, Jack Bailey, Ruth Huckabee, Jake Geron, Bobby Jones, Richard Kendrick, J. E. Smith, J. B. Knight, Bud Patterson, Kelton Miller and Miss Mary Ballard.

The round of social activities was continued Saturday evening when Mrs. Fred Jones entertained with an informal dinner at her home. Places were laid for Messrs. and Mesdames Jack Bailey, Bill Gore, Chad Tarpley, Richard Kendrick, Mrs. Ruth Huckabee, Boy Tarpley, Miss Helene Huff, of Pampa, Larry Tarpley and the honorees, Miss Grace Tarpley and Milton Hughes.

WCS MET MONDAY IN METHODIST CHURCH

Mrs. Ed Tharp led the prayer service preceding the WCS meeting Monday in the Methodist church. Her devotional was taken from St. John chapter 17 and was followed by individual prayers.

Mrs. A. E. Proctor was program chairman and the subject was, "Building the Church of Tomorrow," a home mission program. She was assisted by Meses. Carpenter, Loyd, Walker and Johnson.

Mrs. Tobe Power sang, "A Charge to Keep" accompanied by Mrs. Thurston at the piano.

During the business session Mrs. Ruth Acker was elected treasurer to fill the unexpired term of Mrs. N. T. House.

Present were Meses. J. H. Carpenter, A. E. Proctor, W. B. Downing, Tobe Power, A. J. Loyd, Joe Johnson, Ed Tharp, Herschel Thurston and Lee Walker.

MRS. MCGOWAN HOSTESS TO BRIDGE CLUB

Mrs. Bill McGowan entertained her bridge club Friday afternoon. Mrs. Logan Redford scored high and won in the game of bingo and Mrs. Hattie Loonan won travelling.

Banana splits, angel food cake and cokes were served to Meses. Sam Teague, C. L. Truly, Coleman Williams, W. A. Roberson, Logan Redford, Tommy Hicks, Bob Lambert and Hattie Loonan of Borger.

McELROY'S ENTERTAIN WITH BRIDGE

Mr. and Mrs. L. H. McElroy entertained a group of friends with bridge Friday evening. Mr. Clyde Truly and Mrs. Tom Harris scored high.

Guests were Messrs. and Meses. Sam Teague, C. L. Truly, S. P. Cowan, Tom Harris and T. C. Williams.

Mrs. Joe Miller and son are visiting her sister in Ft. Worth this week while Mr. Miller is in Monahans on business.

Mrs. Hattie Loonan of Borger was a guest last week in the home of her daughter, Mrs. T. C. Williams and Mr. Williams.

Meadow News

Misses Wanda and Evelyn Williams of Mississippi visited in the home of Mr. and Mrs. R. M. Hinson the past week. Mr. Hinson is their uncle.

Mrs. W. T. Arnett visited her son, Jones Arnett and family at Loop last Sunday. Her grandson, Cow Arnett returned home with her for a week's visit.

John Cadenhead has returned from a visit with his son, Wayne at an army camp in Virginia. Wayne has just returned to the United States. He has been in the Army of Occupation in Germany since the close of the war.

Mr. and Mrs. H. V. West and children had a family reunion at the State Park at Lubbock last Sunday.

Mr. and Mrs. John A. Roberts and boys attended a reunion for the Roberts family at Lubbock last Sunday.

Mrs. F. H. Sharp of Vernon is visiting her father and mother, Mr. and Mrs. R. L. McNutt, this week.

Miss Jenelle Hulse, daughter of Mr. and Mrs. Norval Hulse had a birthday party Tuesday afternoon of this week. She was eight years old. The following guests attended: Martha Ann Bartlett, Lee Bartlett, jr., Billy Settle, Kay Settle, Josephine Grissom, Patsy Hulse, Dixie Jenkins, Betty Mason, Ta Junia Hulse, Betty Hulse, Lavada Shannon and Rev. and Mrs. Shannon. Mrs. H. B. Settle and Mrs. Lee Bartlett helped serve cake and drinks to the group.

Mr. and Mrs. Homer Barron had relatives visiting them last Sunday.

Miss Carol Ann Hester had a birthday last Tuesday. She was eight years old.

The funeral for Mrs. D. W. Smith, mother of Mrs. E. L. Tilger, was held at the Meadow Baptist church last Thursday with Rev. Jeff D. Welch, pastor of the Central Baptist Church at Lubbock in charge and Rev. R. L. Shannon of Meadow assisting. Burial was in the Meadow cemetery with a funeral home of Lubbock in charge. Mrs. Smith formerly lived in the Meadow Community and had many friends here.

Mr. and Mrs. L. A. Leeth and family returned from Alvord, Texas last Sunday, where they visited relatives of both Mr. and Mrs. Leeth.

Mr. and Mrs. Leldon Miller of Lubbock were visiting at Meadow on Tuesday of this week.

Miss Billie Jean Donohue is spending her vacation with her mother at Meadow. Billie Jean works in Lubbock.

Mrs. R. W. Holder and daughters, Jean and Defie have returned home from a two weeks visit with relatives in California. Jean works in Lubbock and was on her vacation.

Mrs. Leon Pinion of Jacksboro, Texas is visiting her mother, Mrs. George, this week.

Mrs. Carol Garner and little daughter are visiting Mr. and Mrs. A. E. Vestal. The Garners plan to move to Beeville, where Mr. Garner works for Montgomery Ward.

Mr. and Mrs. Jack Hamilton and children and Mr. and Mrs. C. R. Lackey are on a fishing trip in Crede, Colo.

Rev. A. A. Brian returned Sunday from Abernathy where he has been holding a ten day revival.

Johnson News

Guests in the W. M. DuBose home Sunday were, Mrs. Ara Kerrick and son, Mr. and Mrs. J. N. Reid, Pat Harrison of Brownfield, Harley Starnes, Mr. and Mrs. Grady Patton and Mildred DuBose.

Mr. and Mrs. A. V. Marsden of Mineral Wells were week end guests of Mr. and Mrs. Sam Park.

Rev. and Mrs. E. D. Gayle were dinner guests of Mr. and Mrs. E. V. Gillentine Sunday.

Mr. and Mrs. Lee Fulton have moved back to Johnson to operate the gin this fall. Welcome back neighbors.

Mr. and Mrs. Dean Robertson of Lamesa visited her parents Sunday, Mr. and Mrs. Sam Park.

Mr. and Mrs. Aubrey Fore of Wellman visited the Red Foshees Monday.

Mrs. Loyd Wilson is very ill at this time and is expected to be operated any day.

Miss Jo Ann Dixon and Miss Swain of Gomez were guests of Allie Belle Alexander Sunday.

Jerry Jones was a week end visitor in Artesia, N. M.

All the farmers are busy trying to find hoe hands. Herman Wheatley and George Lassiter made a trip to Corsicana for hands over the week end.

Mrs. Leo Graves and family have gone to Oak Ridge, Tenn., for a visit.

D'Aun Park and Pat Harrison were co-hosts Friday night in the Park home for the Johnson young people. Cake and ice cream were served to about 45 people. After the party there was a pounding for Bro. Harrison and family of Brownfield. Bro. Harrison preaches each second and fourth Sundays at the Methodist church.

Guests in the C. D. Parker home Saturday evening were: Mr. and Mrs. Roy Collier and family of Brownfield, Mr. and Mrs. I. B. Green and family of Harmony, Mr. and Mrs. J. Logan Green and family of Loop, Mr. and Mrs. Newt Green and family of Ropesville.

Mr. and Mrs. Arlie Lowrmore Mr. and Mrs. Roy Moore and Mr. and Mrs. W. H. Thomas were guests of the Lee Fultons Sunday afternoon.

Mr. B. M. Tuttle was a business visitor in Lamesa Monday.

Mr. and Mrs. O. A. Pippin and sons of Mountair, N. M., are moving to Johnson. Mr. Pippin is employed at the gin.

Junior Hinson of Tokio was a visitor in the Yowell home Sunday.

Mrs. Mabel Murphy and Delma Down of Brownfield were guests of Mr. and Mrs. T. F. Winn and family over the week end.

PLAINS NEWS

Mr. and Mrs. Hobbs of Que-mado, Texas were here last week visiting their daughter, Mrs. Ed Dumas, Jr.

Mr. and Mrs. W. L. McClellan have returned home after a two weeks visit in Dallas, Fort Worth Tyler and other points.

We are sorry to report Mr. Walter Moreman and Mrs. E. L. Davis are back in the hospital in Brownfield.

Johnnie McKee visited her aunt in Hobbs last week.

Mrs. G. W. Cleveland is visiting her parents in Pauls Valley, Okla.

Mrs. Addie Frazier and Grandmother Lynn of Guthrie is here visiting Mrs. Lydia Lynn this week.

Mrs. Robertson of Throckmorton is here visiting her daughter Mrs. H. B. Horn.

Francel Gainer of Tatum spent last week with her aunt, Mrs. Till W. Read.

Mr. and Mrs. Jack Griggs and children were in Plainview Sunday for Mr. Griggs to attend a Girl Scout Area finance committee meeting.

Mrs. Loraine Curry and children spent the week end in Leveland with her parents.

HOW TO BE SURE

### Behind the Scenes in American Business

BY Reynolds Knight

There is plenty of evidence that the nation's retailers have weathered that post-Easter slump described by some economic prophets as the beginning of a marked recession. By aggressive merchandising and heavily advertised price reductions, retailers have cleared their shelves of a huge volume of slow-moving merchandise to clear the way for new post war goods. Physical volume of sales is now climbing while average retail price levels are declining.

The drastic measures taken to reduce inventories have not been without their headaches. Most retail establishments report a slump in this year's profits. But clearance of inventories has set in motion an upswing in buying to end the sluggish period which for a time slowed down manufacturing operations in the textile and other industries.

New Creation in box cars makes debut—a new type of railroad box car that is so revolutionary in production techniques that the railroads ordered almost 10,000 while it was still in the blueprint stage has just been brought forth by Pullman-Standard Car Manufacturing Company. Known as the Model P-S-1, it is expected to go far in easing the box car shortage. While the first experimental car was only completed and put on display during the past fortnight, commercial production is already under way. Engineered for continuous production, the car will mean worthwhile savings to buying railroads. Its economy feature hinges on the fact that most of the component parts will be engineered and manufactured in Pullman-Standard's own plants. Thus, by building the car as a unit, its producers can for the first time offer "a car in a package." One of the big improvements in the car's structural make-up is the use of welding instead of riveting where ever economically advantageous. To insure that all part of new design are structurally sound, they were subjected to rigorous tests by independent research agencies. Institutions conducting such in-

### Rat Control Means Disease Control

AUSTIN July 11 — Because of the economic losses they cause to industry and commerce and the annoyance they create in homes, rats have been considered a serious menace to mankind since long before their role as vectors of disease was understood. Today at least six diseases which are transmitted to man from the rat are known to medical science, according to Dr. Geo. W. Cox, State Health Officer. These diseases include the dread plague, typhus, trichinosis, a form of jaundice, tapeworm, and food poisoning. The whole history of the role rats play in the transmission of disease remains as yet unknown. "It is necessary to public health," Dr. Cox said, "that a continuous rat control program be maintained in every urban and rural area throughout Texas. This is of especial importance on farms where rats may flourish by feeding on grain and other farm products."

The doctor pointed out that rats, like other living things, require food and shelter if they are to propagate and increase in number. Destroying their shelter and breeding places requires the rat-proofing of buildings and providing for periodic inspection of buildings to insure permanent safety. This program will force the rat out into the open where its destruction may be accomplished.

Of equal importance as a control measure is the elimination of all food supplies. This consists of storing all foods in ratproof build-

vestigations include Purdue and Northwestern universities and the Armour Research Foundation of Illinois Institute of Technology.

### Good Seed Means A Good Wheat Crop

COLLEGE STATION July 11— Maybe there is a lot of luck connected with growing the kind of wheat crop being harvested in West Texas now, but Castro County farmers believe good seed is important too.

Castro County Agricultural Agent Raymond L. King, reports that 14 farmers in that county have made application to the State Department of Agriculture to certify 1,726 acres of wheat. The Castro County Certified Seed

ings or in rat proof containers, the proper storage and disposal of garbage, and careful feeding of stock to prevent waste feed from being picked up by the rats.

By observing these control measures, the community will benefit not only in the eradication of a nuisance and economic menace, but in improved health conditions and the prevention of rat-borne diseases.

Growers Association is sponsoring the movement.

Cecil Curry, Castro wheat grower and association member, testifies that certified seed pays off. A section of wheat he has this year is planted to three different pure varieties, along with some grain that is "noly elevator run wheat."

"The three pure varieties are all uniform, the same height, and they all headed out at the same time. The elevator run wheat has some short, some tall plants and did not head out uniformly," says Curry.

Come in and see the cab that "breathes"

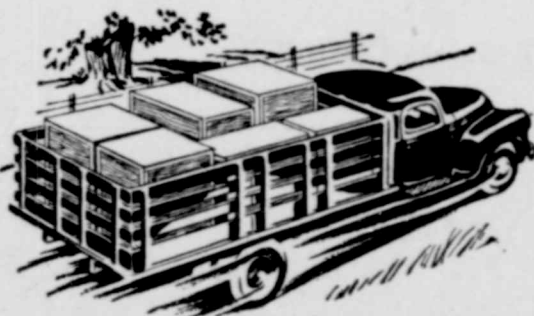

The cab is FLEXI-MOUNTED—cushioned on rubber against road shocks, torsion and vibration!... Driver's compartment is wider, with more leg room. Wider, deeper windshield and windows increase visibility by 22%!

Panels and pick-ups have INCREASED LOAD SPACE... New, stronger, sturdier FRAMES are designed to carry greater loads greater distances for a longer time!

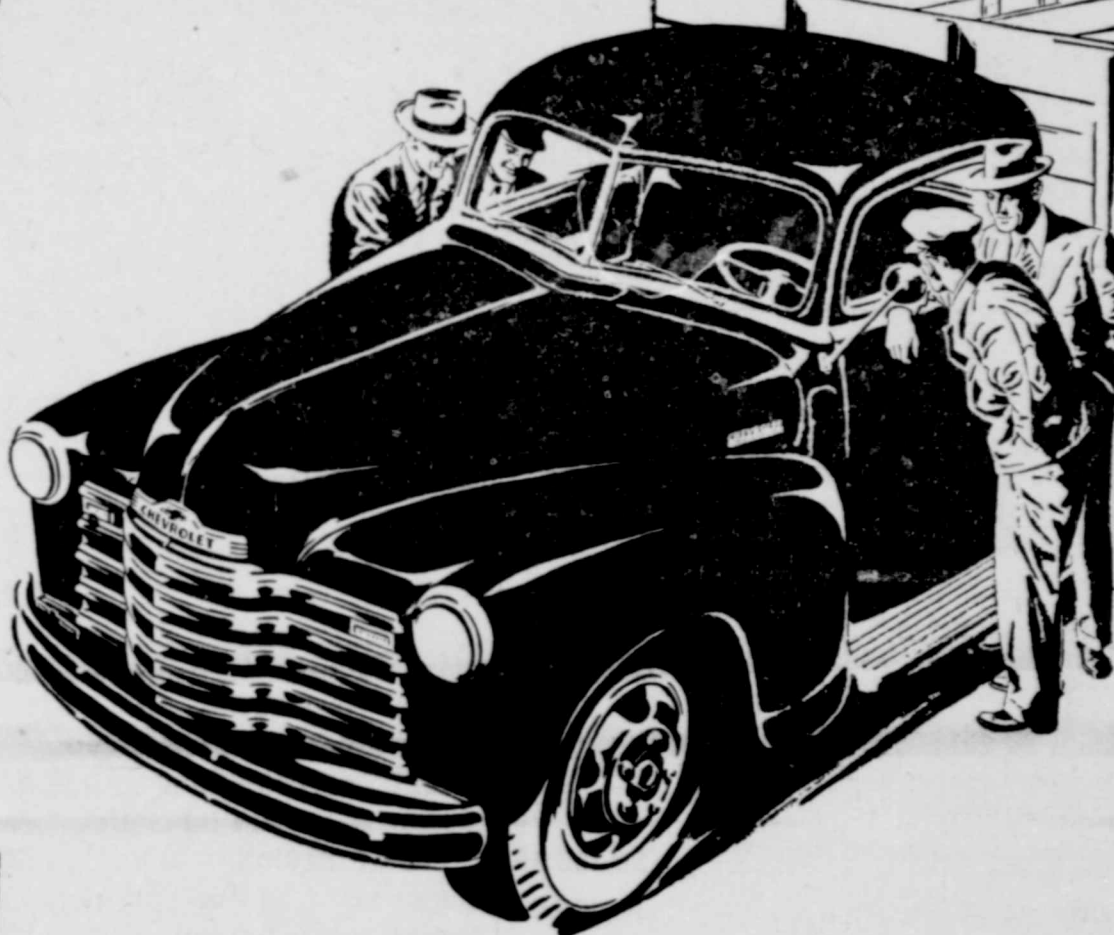

The Cab that "Breathes"  
Fresh air is drawn in from the outside—heated in cold weather—and used air is forced out!

Longer wheelbases give you better load distribution... Chevrolet's famous FULL-FLOATING HYPOID REAR AXLES are geared for the load!

Chevrolet VALVE-IN-HEAD TRUCK ENGINES are world's most economical for their size... HYDRAULIC TRUCK BRAKES are exclusively designed for greater brake-lining contact.

### America's First Advance-Design Trucks

... acclaimed from coast to coast!

Everywhere... wherever you go... truck users are praising the sensational new line of Advance-Design Chevrolet trucks. Reason? They're really new, really different, introducing the unique cab that "breathes"—that almost literally "inhales" fresh air and "exhales" used air, plus scores of other new features and innovations long-awaited—long-wanted! Built to be first, and built to last, they're big-looking, big-loading, powerful yet economical trucks to do a more profitable job for you. See them now.

\*Fresh-air heating and ventilating system optional at extra cost.

Mmes. Vivian Parks and Emilu Betty spent the week end in Lubbock with Mrs. Betty's sister, Mrs. Caldwell.

## The Woman Listener

By Sally Welles

**THE RETURN** of "The Guiding Light" to the air via CBS brings with it Hugh Studebaker in the starring role of Dr. Charles Matthews, Minister of The Church of The Good Samaritan. Dr. Matthews is the modern day symbol of understanding, tolerance and a m a r i t a brotherhood. Star Hugh Studebaker made his stage debut in a family quartet that entertained in camps and hospitals during the first World War. He made his radio debut as a pipe organist, and wound up with a reputation as one of radio's outstanding character actors. His prize treasure is a letter of thanks from a veterans' hospital for his portrayal of the Unknown Soldier in a dramatic program.

Roberta, 6-year-old daughter of Barbara Weeks, was deeply impressed the other day by her mother's acting in the CBS "Young Dr. Malone" drama. Roberta's nurse found her at the radio, listening and crying. When the nurse asked why, Roberta sobbed: "Dr. Malone just had an accident and he's in the hospital, and my mommie is crying."

Gene Leonard of "Big Sister", heard on CBS, is one of the few radio actors not to have auditioned for his first show. Back in 1930 Gene devised a fifteen minute commercial show called "The Music Master". He not only played the part of the old master himself, but also enacted the roles of all eight pupils.

First Audition for Irene Hubbard, who plays Doris Mintern on NBC's "Right To Happiness", was a lesson in what not to do. The part called for a sudden burst of anger and Doris gave loudly. The engineer wildly waved to her to stop. But Doris thought he was showing enthusiastic approval, and raged along to the end of her lines.

"Welcome Travelers", a novel audience participation program originating in the College Inn at Chicago's Hotel Sherman, will

debut on ABC Monday, June 30th, and will be heard five days a week throughout the Summer. Show will have as guests and participants persons who are stopping in Chicago between trains, planes or buses. Tommy Bartlett will be emcee and quizmaster.

To Lowell Thomas, veteran CBS newscaster, there's a close and a gun! At 18, when he was editor of his small-town daily, Lowell specialized in flaming editorials denouncing civic conditions. One day he went too far—or at least the Mayor thought so. That high official started to look for him with a gun. Lowell got out of the predicament, but he still gets a queasy feeling when he recalls it.

Terry Rice, Alice Randall on "Road Of Life", claims to have captured one of the oddest fan mail gifts on record. While Terry was "Miss Television" at the World's Fair, she received a string of clay beads from a visiting African woman. With the beads came a note complimenting Terry on her work, and explaining that the beads of the necklace were used as money during the African slave trade days.

Buddy Cole, organist for NBC's "Truth or Consequences", enjoys telling the story of his musical debut at the age of ten, when he was hired to play the piano accompaniment for Lon Chaney's silent movie, "Hunchback of Notre Dame". In all innocence, he played "At Sun-down" and "Baby Feet Go Pitter Patter Cross My Floor", the only tunes he knew, while violence and mayhem flashed across the screen. To make matters worse, from the indignant manager's viewpoint, the pianist stopped every few minutes to watch the picture unfold!

The Man With The Longest Beard in the State of Pennsylvania has \$100 waiting for him! ABC's "Breakfast In Hollywood" show will feature a contest to find him when it moves East, the week of July 7th, to Waynesboro, Pa., home-town of Tom Breneman, m. c. of the show.

## True Stories Of West Texans

### "SAVED BY A RATTLESNAKE"

All afternoon the two cattlemen, crouched in the cane brakes of the Pecos, had kept the Indians at bay. But the redskins' numbers had been increased to over a hundred now, and the men knew themselves to be completely surrounded.

They had left the Goodnight-Loving-Wilson herds two days ago in order to hurry on to Fort Sumner and bid on the government's beef contracts. But they had run into a big hunting party returning from south of the river and were having to fight it out.

And then it was that Oliver, guarding their approach from the river itself, was shot. The bullet through his left arm and into his side. He felt that it was fatal and so made his way quickly as possible over the forty intervening yards to his companion.

"Here, Lill," he panted, throwing him his guns and ammunition, "I am killed; you do the best you can for yourself."

For the next thirty minutes Bill was so busy doing just that until he could do more than notice his friend. But with Oliver's loaded guns handy, he was able to repulse the charge, and the Indians withdrew to a more respectful distance.

Bill took advantage of this and maneuvered the wounded Oliver down to the river, concealing him in a sandy depression where the smart weeds grew about two feet high, and lay down beside him. The Indians knew they were down there somewhere and used all sort of ruses to find their exact location. They would shoot their arrows up, and some came down near striking them.

Finally the Indians decided to flush them out. One big brave with a long lance came crawling their way, parting the weeds with the lance as he came. Bill was in a dilemma. He knew that if he pressed that trigger all doubts of

## BOOST PAY FOR STUDENT NURSES

The West Texas Hospital school of Nursing and the Lubbock Memorial Hospital school of Nursing in Lubbock, Texas, have recently decided to pay all student nurses a monthly stipend which will total \$735.00 for the three years. This is equal to the sum paid over three years period by the Cadet Corps.

A well prepared student body is an asset not only to the hospital, but to the community which it serves. Since costs of nursing education have risen along with the general cost of living it was felt that the student and her family should not be expected to bear the total expense.

These two hospitals will admit a class on September 1, 1947.

Mr. and Mrs. Darrell Landrum and son and Mr. Fred Rogahn, of Odessa visited Mr. and Mrs. Ralph Ferguson Sunday.

their whereabouts would be gone. But there seemed no alternative. His trigger finger began to slowly move, but paused suddenly.

A big rattlesnake, scared up by the Indian, came out rattling, looking back at the redskin. He coiled up near the two men but facing his back trail. The Indian, still not having seen his quarry, decided not to force the issue with this new enemy and turned back.

That night at Oliver's insistence Bill drifted down the river and away from his foe; Oliver was able later to do likewise.

Bill (W. J.) Wilson, who was taking his first herd to market had fallen in with Charles Goodnight and Oliver Loving on their New Mexico trail, made his way barefoot back to the approaching herds, three days away. The wounded Oliver Loving, who had been one of the first men to trail cattle from Texas, finally hailed some Mexicans and had them take him on into Fort Sumner.

NOTE: Loving died from his infected arm while at Fort Sumner.— W. H. Kincaid, Abilene.

In High-diving or Gasoline . . .

**IT'S Control THAT COUNTS!**

Phillips 66 is CONTROLLED\* For Uniform, All-Season Performance!

Executing a perfect swan-dive like this from a 15-foot board takes some control! And it takes plenty of control to give you a gasoline as well-suited to all-season driving as Phillips 66!

Phillips does it by the careful selective blending of high-quality gasoline components. The result is a gasoline designed to give smooth performance every season of the year.

Try "controlled" gasoline in your car. Get it at your Phillips 66 Dealer! See the difference for yourself.

**The Low Down From Hickory Grove**

You know, it is time to get the USA back on the beam—time to talk turkey—time to cut out being a prodigal spendthrift. Our cost of Govt. away up there to nearly 30 thousand million, is too much. Folks have gotta alert themself. We been sittin' by and not paying enough attention as the Govt. splurges with a 100 million or 300 million dam on a river some place. Nothing good is going to happen to us as long as we stay mum.

Day by day she looks more and more as if Sambo needs a guardian, like the Italian gentleman said. He had just complete a lighthouse for Uncle Sam. Here is Uncle Sam, says Tony, he builds a nica, big lighthouse and when she is finished they toot the horn and ringa the bell, what happens. Well, he says, the fog she come in just the same.

Yours with the low down,  
JO SERRA.

Master Scotty Moorhead and Miss Terre Sue Redford were guests at Mike Moorhead's birthday party in Sundown Wednesday of last week.

WHEN YOUR DOCTOR GIVES YOU A PRESCRIPTION

THE NEXT TWO STEPS ARE UP TO YOU AND YOUR DRUGGIST

Never a more truthful statement was made—and we repeat the statement—"When your Doctor gives you a Prescription, the next two steps are up to YOU AND YOUR DRUGGIST." You bring the prescription to the druggist who can be relied upon to compound it exactly as the Doctor prescribes it. Your selection therefore, of the Drug Store is important.

The PRIMM DRUG STORE can be relied upon to fill your prescription accurately—making no substitutes whatsoever. If we don't have one or two ingredients—we try to get it, or we do not fill the prescription. We pride ourselves in filling every prescription according to the Doctors written prescription and on carrying a complete line of fresh drugs.

116 S. 6th (West Side of Square)

Mmes. N. L. Mason and Mike Barrett were in Lubbock Friday visiting Mmes. Gaines Huffman of Dallas, Jim Harris of Tulia and Ted Carrol of Lubbock, all classmates while students at Tech. Mrs. Carrol entertained the group with a luncheon.

Mrs. N. S. Figley, of Oklahoma City has been visiting in the home of Mr. and Mrs. P. N. Figley.

Mr. and Mrs. Paul Bish and children and his mother, Mrs. E. P. Bish, of Hobart, Okla., spent the Fourth in Carlsbad.

### We Run Down To Old Howard County

Being sorter up with the work, the Old He and wife and Miss Jo Ann Lay ran down to old Howard county last week end, principally to see how our brother-in-law and grandad of Jo Ann was coming along. Still pretty weak yet, but seems to be gaining some strength, the relative, Joe Roberts, sr., is getting a lot of petting from his wife, daughters and

sons, and that ought to help. They had a big rain down there Thursday afternoon of last week, which helped crops greatly, but washed badly in places. While we were being skirted by the cloud here in Brownfield, a few miles south they had a lovely rain, which lasted to a few miles south of Ackerly, then a dry spot, but crops holding fairly well, and beginning just north of Big Spring, fair to good rains.

The deep sand farmers of spots in south Terry and north Dawson are having a time holding the several plantings already gone, but in others, where the land is tighter, notably the Union community in Terry and from Pumpkin Center in Dawson to Ackerly, the crop are as pretty as we have ever seen them. Some reported cotton blooms near Coahoma in Howard county.

Farmers are taking different steps with their wheat stubble land. In some areas, they have drilled a feed crop in the middle but some are letting the land lay as is, perhaps with the intention of reseeding to wheat this fall if there are fall rains.

Everything taken into consid-

Mrs. A. L. Waters had as their guests Sunday her mother, Mrs. Jessie Akins; her three sisters and their families; Mr. and Mrs. O. B. Wright and daughters, Mr. and Mrs. Macon James and son, all of Lubbock and Mr. and Mrs. Orben Anderson and sons, of Levelland.

Mr. and Mrs. Prentice Walker and children, Mr. and Mrs. Sam Privitt, Miss Dot Applewhite of Tahoka and Lt. Pat Cain, of Ft. Sill spent the Fourth in Cloudcroft. Mrs. Walker and children left Wednesday morning to spend the remainder of the summer there.

#### Herald Want Ads Get Results!

eration, there appears to be prospects of the best crop here on the south Plains for three long years. Most of the sandier soils have a feed crop coming up and they are doing their best to hold it. We noted some beans and quite a lot of peas planted along the highway, and we feel sure a lot more of them where we did not see them.

Folks, it looks like we are going to go in high this fall.

### New Officers Installed In Rebecah Lodge

In an installation service Monday night at 8 o'clock in the IOOF Hall the Rebecah Lodge installed the following officers, Noble Grand, Ruth Acker; Vice Grand, Fern Parks; Past Grand, Sue Seaton; Warden, Lura Brown; Conductress, Flossie Farley; Chaplain, Suzie Zinn; Left Supporter, to Noble Grand, Lena Mae Bryant; Right supporter to vice Grand, Zora Lee McCracken; Left supporter to vice Grand, Lola Bruce; Inside Guardian, Zula Didway; Outside guardian, Jeff Farley; Musician, Eva Mae Breedlove; Altar bearers, Julia Graves and Viola Burrows. Several officers were absent and will be installed at a later date.

Installing officers were Mary Ellen Brown, district deputy president, Ida Bruton, Cornelia Moore, Era Seaton, Gertrude Short, Janelle Dean and Nora Oates.

Following the service a social hour was enjoyed with Mmes. Ida Bruton, Cornelia Moore, Lola Bruce and Irene Wheat serving punch and cake squares to thirty five.

Mr. and Mrs. C. G. Griffith and daughters left Sunday for a two weeks vacation in Omaha, Neb.

in-law, Mr. and Mrs. Howard Cross, of Chickasha, Okla., were visitors in the Jack Browder home last week.

## ANNOUNCING THE GRAND OPENING OF THE BURROW MOTOR IN THEIR NEW BUILDING

NEW ADDRESS — 112 SOUTH 4th

This is a proud moment in the history of the Burrow Motor. We have moved into our new building and now announce our "Grand Opening" for Saturday July 19th this week. We want to show off our new building and all its fine accommodations to all of you. You are invited to attend this opening and bring your friends. You will see one of the most modern and up-to-the minute automobile repair shops, equipped with new machinery which will be manned by factory experienced personnel; a completely stocked parts department for Hudson cars; a beautiful show room where Hudson cars will be on display; and a host of friendly employees to explain and show you around the entire building. Nothing in Brownfield will be finer than our entire outlay for the servicing of your car regardless of make and the sales, service and parts department for Hudson cars. Come in and get acquainted with our force and see our new building. We will be looking for you and glad to welcome you on this, the greatest day of our business life in Brownfield.

THE DATE IS  
**SATURDAY**  
**JULY 19TH**  
EVERYBODY  
WELCOME

### SEE THE NEW HUDSON CAR

You will be thrilled to see the array of Hudson Cars on display for our "Grand Opening" tomorrow, Saturday July 19th. You are invited to view these cars at this time. Don't miss these beauties.

### New Machinery... New Equipment... Additional Personnel... MEANS A COMPLETE REPAIR DEPARTMENT

What could be nicer than to know that your Hudson car or whatever make you drive, that it will be serviced by new equipment, tools, parts and factory trained mechanics. That's the case when you bring your car to THE BURROW MOTOR COMPANY.

### 3 HARVEST SEASONS every year

Spring—Summer—Fall

with the **ALL-CROP HARVESTER**  
"SUCCESSOR TO THE BINDER"

Risking your whole year's work and investment in a single crop is no longer necessary.

The All-Crop Harvester handles a wide variety of crops that mature at intervals from spring till snow flies. You have money coming in during three seasons instead of one.

Early clovers and grasses open the harvest season in late spring and early summer... followed by summer-ripening grains... then fall seed crops, sorghums and soybeans.

This one home-owned machine invests them all.

The All-Crop Harvester's wide, rubber-faced bar cylinder with its finger-tip speed control gives you a choice of over 100 crops. Crops that not only diversify your income but improve the fertility and productivity of your entire farm.

Many legume and grass seeds qualify for the 1947 conservation payments of \$3.50 per acre. Market prices per bushel are also excellent for most seeds.

### Do Certain Places Remind You Of People You Know?

We sometimes wonder if places through which you pass remind you of certain people you know who have formerly lived in those places? They do us, and we almost want to get out and look for barefoot tracks around the little burghs that were probably made by Mr.

and Mrs. Whosit when they were gay young lads and lasses. And we get a great kick out of figuring just where they played as youths.  
For instance, on our recent trip to Tennessee and return, we thought of people we know who formerly lived at certain places. For instance: We never pass through Seymour and Whitesboro that the Thompson family does not come to mind, Ed, of the Harmony community being one of the runt members. And when we

pass through Holiday, our mind goes back to the early dwelling place of some good old Terry county pioneers, the George E. Tiernan family, an early day sheriff here.  
While we have known few personally at Henrietta, our mind always goes back to the 70's, when an Indian chief and some of his tribe were tried in the courts at that place for murder and theft. Our understanding is that the Indians were hung or shot. And at Nocona, we think of the famous cowboy boot factory started by the Justins, and grew to nationwide fame. And they are still doing business and have a good payroll.

At Bells, the Drs. Lemons come to mind. They were brave enough to start an early day hospital here. They were from Bells. At Honey Grove, that town is always associated with David Crockett, a fellow Tennessean, who on his way to the Alamo and death, stopped there and found so much honey in a grove, that the name stuck, and thus Honey Grove. At Avery and DeKalk, we look for the barefoot tracks of the Cruces and Telfords. At Maude, we think of the White family, Eldora's mother-in-law, whom she loves like a real mother.

Entering Arkansas, and approaching the fine little town of

Prescott, we begin to look for the low, level limb on which Homer and Lynn Nelson used to "skin cats." At Brinkley, we have a sadder feeling, as our youngest sister, five years our elder, however, lies buried in the Odd Fellows cemetery, and it is also almost the half way mark from Little Rock to Memphis.

Returning through Mississippi, at Tiplersville, we think of the birth place of Dad Tudor. At Pontotoc, we think of the old stomping ground of the late T. J. Price and his pioneer family here. At Blue Mountain where so many friends have been educated, and more each year to this good day. Ackerman, near which P. F. Bruce first saw the light of day. Ethel, the old home of the Dillard Gramms, many who lived here 12 or 15 years ago will remember, and last but not least is Grenada, the old home town of the late C. S. Cardwell, who headed another pioneer family to old Terry.

Entering the oil fields of east Texas, makes us thank our stars that the railroad commission did something about too close spacing of wells before our fields came in. As a consequence, we will have good, producing fields long after their's have been exhausted.

Speaking of oil fields, we can

### Jake and Blue Tie Into Pole Pussy

We have just learned that a Methodist aint the only kind of animal that likes to devour a chicken. Fact is, a few nights ago, old Blue, our faithful watchdog located a powerful animal in our chicken roost.

I took my flash light and my two barrel shot gun and went to see what it was and there was the prettiest little critter I have ever seen. It had a stripe down its back and was so round, so firm, so quick and easy on the "draw," I took aim, pulled the trigger, but missed. At that time old Blue, who has been feeling some what important ever since so much was said about the Roosevelt dog and his A1 priority for an air plane ride over a service boy. Well, as I was a sayin', old Blue grabbed that thar animal and phew! what a smell!

There was such a foul odor that we wondered if some professional

never pass through Corsicana but we are reminded that the capitol of Navarro county was the site of Texas' original oil field, the first well being brought in about 1892. Early in this century old Spindletop near Beaumont spouted over the derricks, and the race was on to make Texas the greatest oil producing state in the world, and with perhaps 75 per cent of the now known reserves in the USA.

When the Burk Burnett, Ranger and east Texas fields, not to mention Hobbs, McCamey, Wasson, Denver City, Bennett and Sundown fields of this area came in, there was a wide scramble for holdings. Now a new field can come in in Texas and scarcely cause a ruffle of excitement.

### Good Neighbor Club Meets July 10

The Good Neighbor Club met July 10 in the home of Mrs. W. H. Wagner. The afternoon was spent in quilting a quilt for the hostess.  
Tea and cakes were served to Mmes Dalton Warren, W. V. Fenter, J. C. Cunningham, Milton Wagner and Misses Ruth Holleman and Mary Belle Warren and six children. Several members were absent and we missed them.  
The next meeting will be with Ruth Holleman and Mary Belle Warren, July 24. Everyone be sure and come as we want to help Ruth finish her butterfly quilt.

politician—maybe one of the Gold Dust Twins—had started out on a political campaign in a vain effort to defeat Pappy for the Senate. I tell you, that animal was personally obnoxious to me and he weren't no weak sister either. He sprayed perfume on my store bought shirt—bran new shirt—cost 79c. It weren't no lend lease garment like the Old He wears and of course GWN would not believe it, but the perfume from that animal striking you in the face was wuss than a flying saucer, or a flying rollin' pin striking you on the nose.

Old Blue was soon rollin' in the dirt, while I slowly retreated, wondering all the time where we would be permitted to spend the balance of the night.

Old Blue and I may have to sleep at the barn for the remainder of the summer. Anyway, I guess it will be a long, long time before either of us will be granted an A1 priority for an airplane ride. If "us" common citizens had a man in the Senate who had been sprayed with this kind of perfume, he would not be ignored. — JAKE.

### Salting Big Question In Meat Cooking

To a new homemaker who is cooking a roast for practically the first time in her life, small details become momentous questions. For example, just when should the roast be salted?

This question is one on which recipes often do not agree. To quote Reba Staggs, home economist, it actually makes little difference whether a roast is salted before it is put in the oven or during the cooking, because in any case, the salt only penetrates to a depth of about half an inch.

Miss Staggs goes on to say, however, in the case of meats which are broiled or panbroiled, it does make a difference when the salt is added. When cooking meats by either of these methods, the salt should be added after the meat is browned. The reason is that pieces of meat usually cooked by these methods have a greater proportion of cut surface; and salt tends to draw the juices to the surface of the meat and retard browning.

### 'Arbuckle' for Coffee Greek to Youngsters

The new waitresses at our coffeeing places get kinder bumfuzzled when we go in and yell "Arbuckle." If they don't ask us to repeat, they turn appealingly to some older waitresses. But those of us as old as the Old He can remember when there was little coffee on the market except Arbuckle. Let us state too, that we called it "coughfee" and not "kaffee" as per the new sound-off.

We can remember when Arbuckle Brothers cornered the coffee market back in the 1890's, and you drank their package brand or none. At one time there was a package brand known as Lions Head, which also had a signature cutout, but it never did have a big run in the south at least. Most all the early day coffee companies have gone the way of all flesh, or have like Maxwell House, been taken over by General Foods.

We "gay ninety" kids had a great time cutting out these signatures which we sent to the company and in return received some cheap but shiny jewelry or some other prize. Getting a letter was generally rather rare with most folks back then, and to receive a package was something to celebrate.

### Future Farmers Meet In Aggie Room

The Monthly meeting of the Brownfield Future Farmers was held July 7 in the agriculture room with a large number of members attending.

Following the opening ceremony plans for the summer encampment, the purchase of feeder calves and attending the Lone Star Farmer banquet in Lubbock were discussed. Wyndall Miller, chapter treasurer, gave a financial report.

After the meeting refreshments were served and a motion picture was shown by Mr. Buford, the chapter advisor.

Seeking first hand information on the history, arts, language and literature of Hispanic culture, the group will make their headquarters in the capital city and will take excursions to Amecameca and the volcanoes, Teotihuacan and the pyramids, Cholula, Puebla, Cuernavaca and Taxco. They will return August 29.

Herald Want Ads Get Results!

**Some Say They Have Seen Some Saucers**

Will C. Brown, over at Uncle Sam's post office is not generally regarded as he who sees sign and dreams dream—day or night variety—yet some say William says he saw some saucers minus the tea cups up in the air recently. But he just keeps on putting up mail over there as if the world would wag on.

Then there is Groceryman Herron, who approached us with a story last week that he actually saw one of these discs "close-up" in Lubbock, recently. Now Lubbock's bars are all soft ones, and we are inclined to think Mr. Herron saw what he says he saw.

He says that while up there one of them fell in a yard, and he and countless others went up to see it. He described it as two discs OK, with the obverse side put together with scotch tape, filled with air, and that the thing bore some advertising of a California outfit.

Now won't Florida be hot under the collar?

Mr. and Mrs. Ed Aryain, former merchants of this city, but for several years at Seminole, were up this week visiting old friends and called at the Herald office for a brief visit. They stated that their business was good in the Gaines county capitol. One of their sons has won a scholarship in Oklahoma University, on his athletic prowess.

J. B. Huckabees have just returned from a visit with their daughter, Mrs. Chris Quante and Mr. Quante at Silver City, N. M. They report an enjoyable time.

Not Neutral—Not On The Fence—A Paper With An Opinion And A Purpose

VOLUME 42

BROWNFIELD, TERRY COUNTY, TEXAS.

FRIDAY, JULY 18, 1947

NUMBER 51

## City Ordinance Number 1212

City of Brownfield July 11, 1947

An ordinance to provide for the protection of the public health by controlling or preventing the spread of rat-borne diseases and infections by the elimination of insanitary conditions associated with such diseases, by extermination of rats, and by ratproofing of structures and maintenance thereof in a ratproofed condition.

BE IT ORDAINED BY City Council OF THE CITY OF Brownfield, Texas:

Section (1). That for the purposes of this ordinance the following definitions shall apply:

(A) The term "business buildings" shall mean any structure, whether public or private, that is adapted for occupancy for transaction of business, for rendering of professional service, for amusement, for the display, sale or storage of goods, wares, or merchandise, or for the performance of work or labor, including hotels, apartment buildings, tenement houses, rooming houses, office buildings, public buildings, stores, theatres, markets, restaurants, grain elevators, abattoirs, warehouses, workshops, factories, and all out houses, sheds, barns

and other structures on premises used for business purposes.

(B) The term "ratproofing" as used herein applies to a form of construction to prevent the ingress of rats into business buildings from the exterior or from one business building or establishment to another. It consists essentially of treatment with material, impervious to rat gnawing, all actual or potential openings in exterior walls, ground or first floors, basements, roof and foundations, that may be reached by rats from the ground by climbing or by burrowing.

(C) The term "rat harborage" shall mean any condition which provides shelter or protection for rats, thus favoring their multiplication and continued existence in, under, or outside of any structure.

(D) The term "rat eradication" means the elimination or extermination of rats within buildings by any or all of the accepted measures, such as: poisoning, fumigation, trapping, clubbing, etc.

(E) The term "Health Officer" as used herein means the Superintendent, Commissioner or Di-

rector of Health or any duly authorized representative.

(F) The term "owner" shall mean the actual owner, agent, or custodian of the business building, whether individual, partnership, or corporation. The lessee shall be construed as the "owner" for the purpose of this ordinance when business buildings agreements hold the lessee responsible for maintenance and repairs.

(G) The term "occupant" as used herein shall mean the individual, partnership, or corporation that uses or occupies any business building or part or frac-

tion thereof, whether the actual owner or tenant. In the case of vacant business buildings or vacant portions thereof, the owner, agent, or custodian shall have the responsibility as occupant.

Section (2) That it is hereby ordained and required that all business buildings in the City of Brownfield, Texas shall be ratproofed, freed of rats, and maintained in a ratproof and ratfree condition to the satisfaction of the Health Officer.

Section (3). That upon receipt of written notice and/or order from the Health Officer the owner of any business building specified therein shall take immediate measures for ratproofing the building, and that unless said work and improvements have been completed by the owner in the time specified in the written notice, in no event to be less than fifteen (15) days, or within the time to which a written extension may have been granted by the Health Officer, then the owner shall be deemed guilty of an offense under the provisions of this ordinance.

Section (4). That when ever the Health Officer notifies the occupant or occupants of a business building in writing that there is evidence of rat infestation of the building, said occupant or occupants shall immediately institute rat eradication measures and shall continuously maintain such measures in a satisfactory manner until the premise is declared by the Health Officer to be free of rat infestation. Unless said measures are undertaken within five (5) days after receipt of notice, it shall be construed as a violation of the provisions of this ordinance and occupant shall be held responsible therefor.

Section (5). That the owners of all ratproofed business buildings are required to maintain the premises in a ratproofed condition and to repair all breaks or leaks that may occur in the ratproofing without a specific order of the Health Officer.

Section (6). That from and after passage of this ordinance the Health Officer is empowered to make unannounced inspections of the interior and exterior of business buildings to determine full compliance with this ordinance, and the Health Officer shall make periodic inspections at intervals of not more than forty-five (45) days of all ratproofed buildings to determine evidence of rat infestation and the existence of new breaks or leaks in their ratproofing and, when any evidence is found indicating the presence of rats or openings through which rats may again enter business buildings, the Health Officer shall serve the owners or occupants with notice and/or orders to abate the conditions found.

Section (7). That whenever conditions inside or under occupied business buildings provide extensive harborage for rats (in the opinion of the Health Officer) said Health Officer is empowered after due notification in accordance with Section (3), to close such business buildings until such time as the conditions are abated by ratproofing and harborage removal including, if necessary, the installation of suitable concrete floors in basements or replacement of wooden first or ground floors with concrete or other major repairs necessary to facilitate rat eradication.

Section (8). That whenever conditions inside or under unoccupied business buildings provide extensive harborage for rats (in the opinion of the Health Officer) said Health Officer is empowered to require compliance with the provisions of Section (3), above and, in the event that said conditions are not corrected in a period of sixty (60) days, or within the time to which a written extension may have been granted by the Health Officer, the Health Officer is empowered to institute condemnation and destruction proceedings.

Section (9). That it shall be unlawful under the provisions of this ordinance for the occupant, owner, contractor, public utility company, plumber, or any other person to remove and fail to restore in like condition the ratproofing from any business building for any purpose. Further, it shall be unlawful for any person or agent to make any new openings that are not closed or sealed against the entrance of rats.

Section (10). It shall be unlawful for any person, firm or cor-

poration hereafter to construct, repair or remodel any building, dwelling, stable or market, or other structure whatsoever, unless such construction, repair, remodeling or installation shall render the building or other structure ratproof in accordance with the regulations prescribed herein and hereunder. The provisions of this Section apply only to such construction, repairs, remodeling or installation as affect the ratproof condition of any building or other structure.

Section (11). It shall be unlawful for any person, firm or corporation hereafter to occupy any new or existing business buildings wherein foodstuffs are to be stored, kept, handled, sold, held or offered for sale without complying with Section (10) of this ordinance; unless the provisions of this Section are complied with no city license or permit to conduct or carry on such business as defined above will be issued.

Section (12). That all food and feed within the City of Brownfield, Texas, for feeding chickens, cow, pigs, horses, and other animals shall be stored in rat-free and ratproof containers, compartments, or rooms unless stored in a ratproof building.

Section (13). That within the corporate limits of the City of Brownfield, Texas all garbage or refuse consisting of waste animal or vegetable matter upon which rats may feed, and all small dead animals, shall be placed and stored until collected in covered metal containers of a type prescribed by the Health Officer. It is further declared unlawful for any person, firm, or corporation to dump or place on any premise, land or waterway, any dead animals, or waste vegetable or animal matter of any kind.

Section (14). That it shall be unlawful for any person to place, leave, dump, or permit to accumulate any garbage, rubbish or trash in any building or on any premise, improved, or vacant, or on any open lot or alley in the City of Brownfield, Texas so that same shall or may afford food or harborage for rats.

Section (15). That it shall be unlawful for any person to permit to accumulate on any premise, improved or vacant, or on any open lot or alley in the City of Brownfield, Texas any lumber, boxes, barrels, bottles, cans, containers or similar materials that may be permitted to remain thereon unless same shall be placed on open racks that are elevated not less than eighteen (18) inches above the ground, and evenly piled or stacked.

Section (16). **Penalty:** Any person, firm or corporation who shall violate any provision or provisions of this ordinance shall be deemed guilty of misdemeanor and upon conviction shall be punished by a fine or not more than One Hundred Dollars (\$100.00). Each day's violation shall constitute a separate offense.

Section (17). **Repeal Clause:** All ordinances or parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict only.

Section (18) **Savings Clause:** If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, void, or invalid, the validity of the remaining portions of this ordinance shall not be affected thereby.

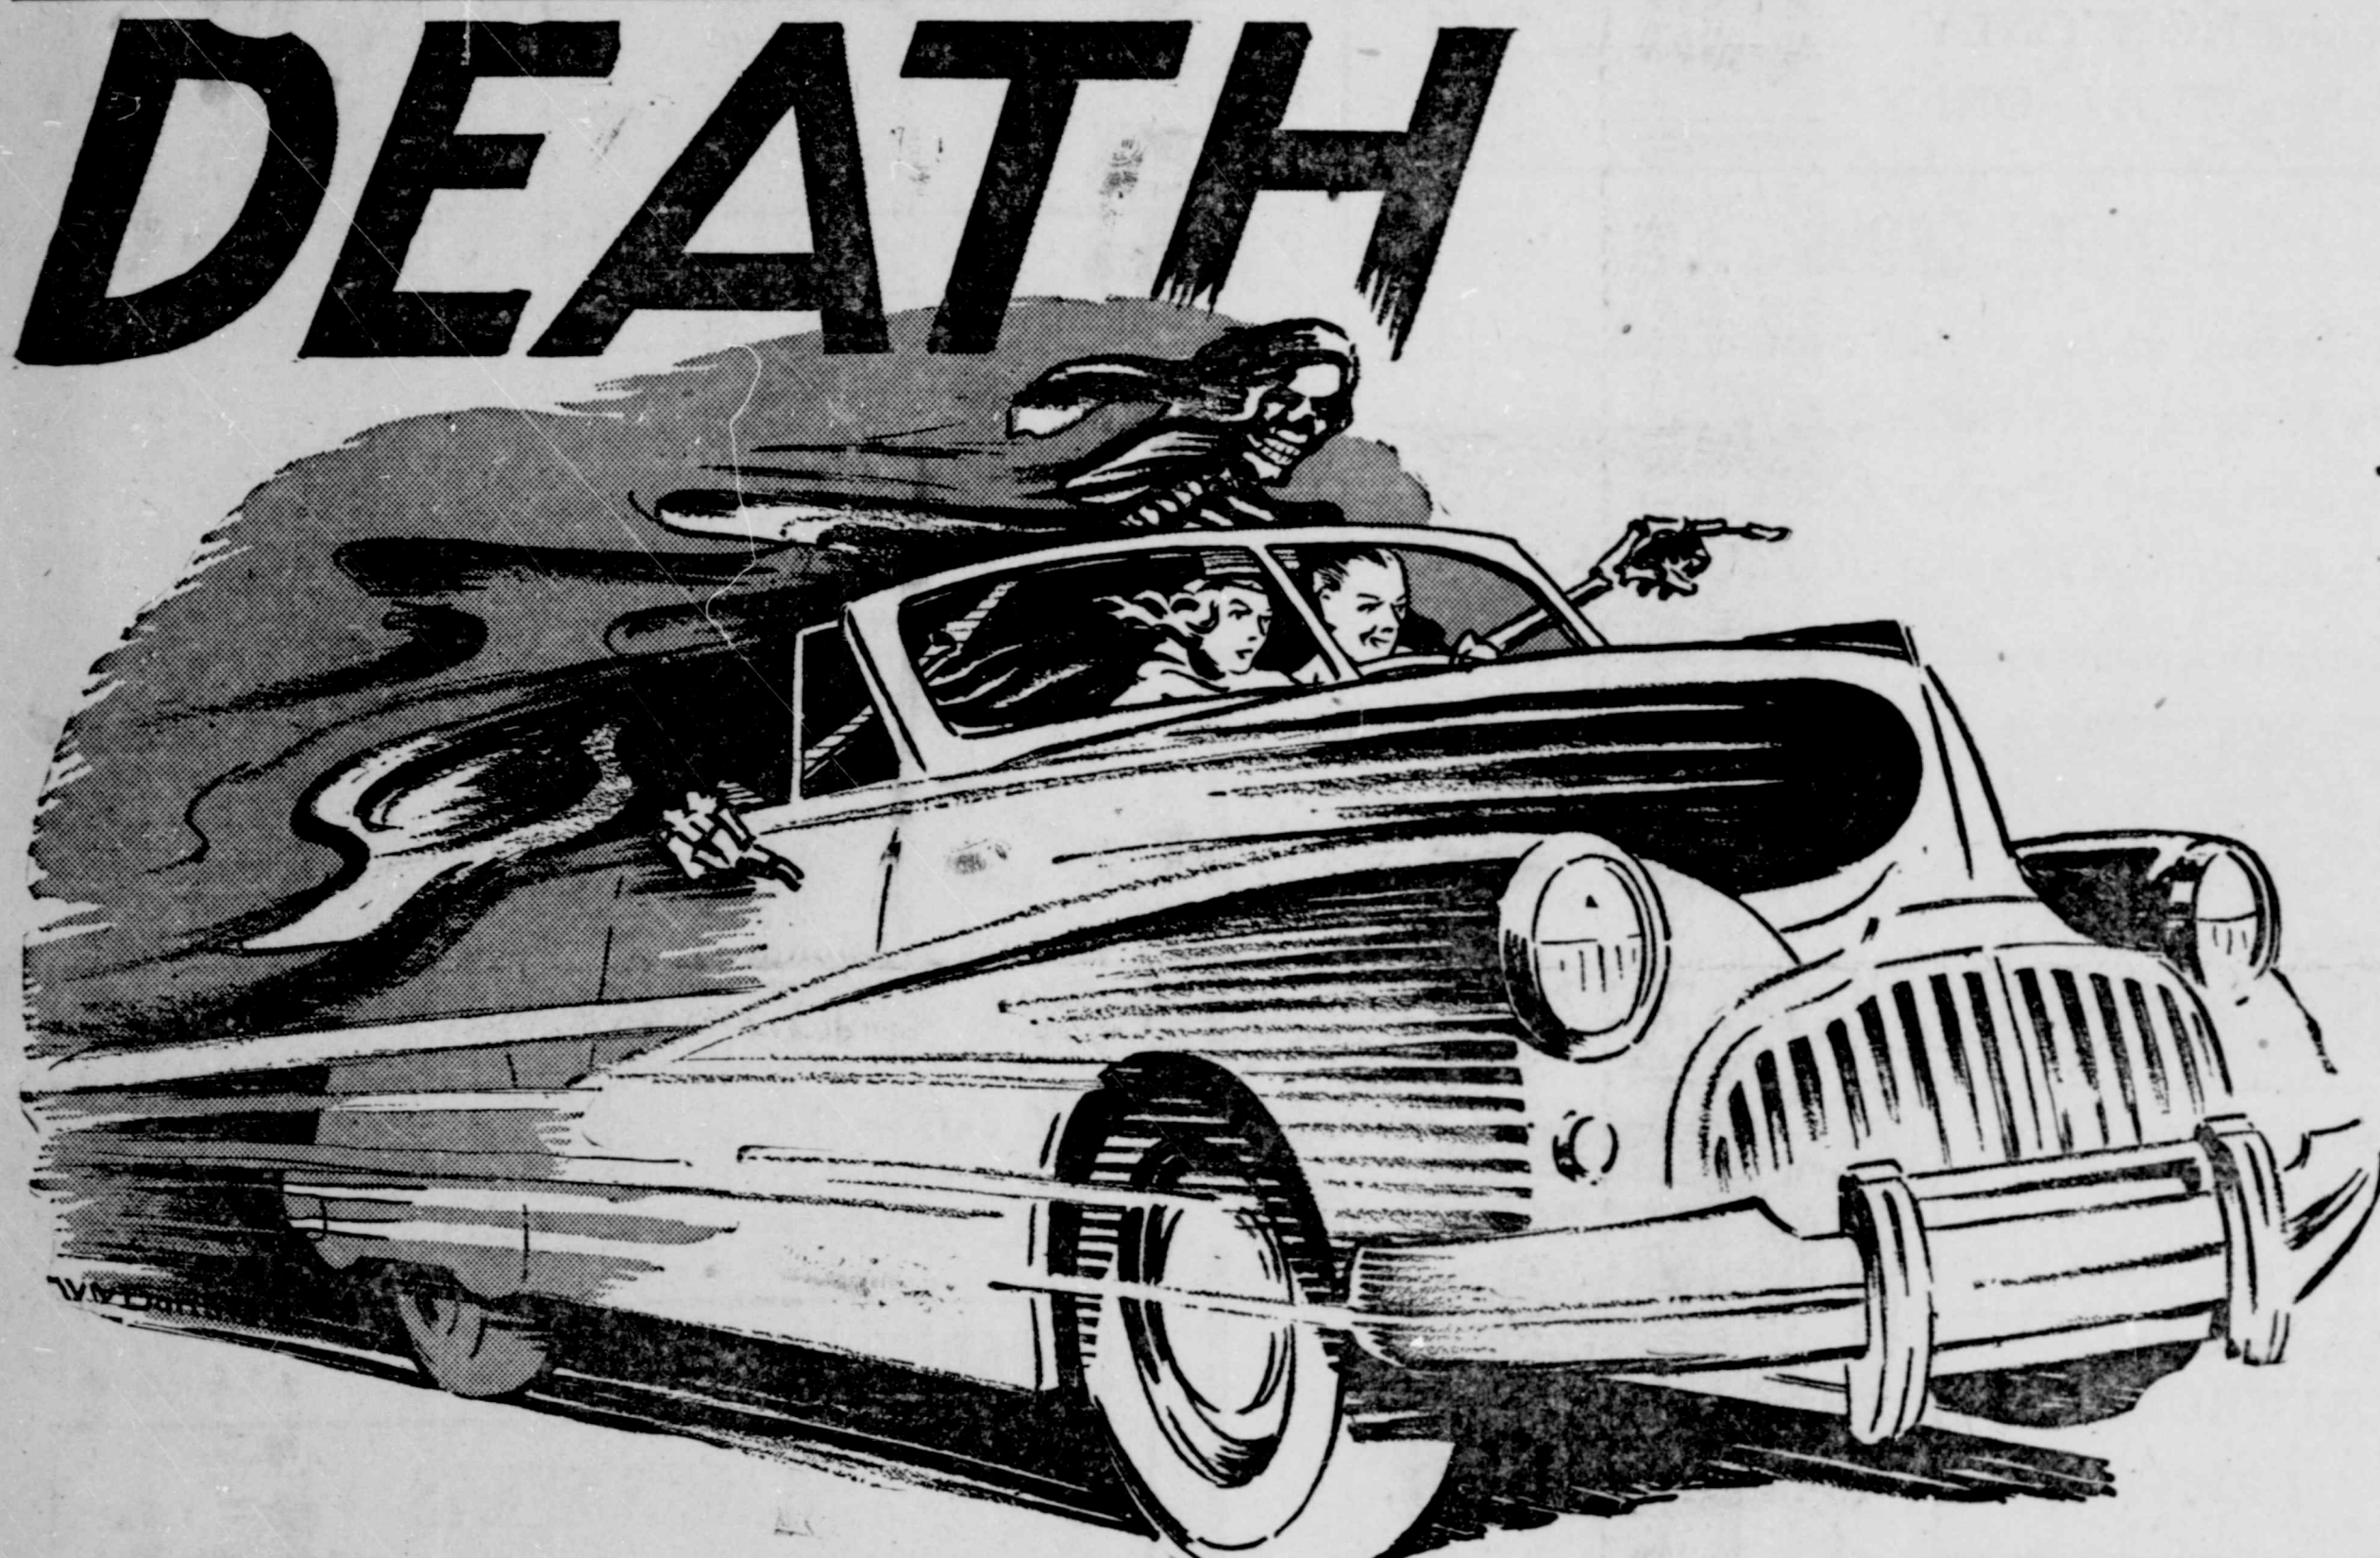

Section (19) This ordinance shall take effect immediately upon its passage, the matter being one of urgency and necessity and the public welfare requiring it. Passed and approved this 11th day of July, 1947 A. D.

City of Brownfield  
By: Frank Jordan, mayor  
Attest:  
Thomas D. Zorns,  
City Secretary. 51c

**CARD OF THANKS**  
We wish to take this means to thank our many friends and neighbors for their expressions of sympathy, kind deeds and the beautiful floral offering upon the death of Mrs. Lena Redding.  
Mrs. Edna Hamilton,  
Mr. and Mrs. R. D. Coulter,  
Mr. and Mrs. L. T. Redding,  
P. T. Redding,  
Holland Redding.

Mrs. G. B. Spivey is visiting her grandson and his wife, Mr. and Mrs. Mon Telford, jr., in College Station.

Very few men have been able to learn a business from the top down.

### RIDES WITH THE RECKLESS

One-fourth of all fatal accidents on the highways of our country and in the streets of our cities and towns are caused by speed. Reckless drivers—disregarding all the laws of traffic safety and common sense, urging onward automobiles catapulted by the power of a hundred horses—these were the prime killers in 1946.

Last year 33,500 persons—drivers, riders and pedestrians—died in automobile accidents. That's about one death every fifteen minutes. More than a million were injured, many of them maimed or crippled for life. This year the toll will be even greater, approaching an all-time high of 40,000 deaths—unless you, Mr. and Mrs. Driver, call off this daily rendezvous with Death.

You can do your part to help stop this highway slaughter by personally striving for an accident-free record. Drive carefully at all times. Be considerate of other drivers and pedestrians. Gauge your speed to highway conditions and traffic requirements.

Don't let Death hang over your shoulder and point the way to the morgue. Drive safely—and live!

This advertisement is presented in the public interest by the President's Highway Safety Conference and the daily and weekly newspapers of the nation through their Press and Publisher Associations.

GASOLINE AND OILS

R. J. PURTELL, Pres.

Brownfield, Texas

R. O. BLACK, Sec. Treas.

**Union News**

There were 59 present for Sunday school and church Sunday. Rev. Welch filled his regular appointment at the church Sunday morning and Sunday night. He was a dinner guest of the Bear-den family and visited several families in the afternoon.

Mr. and Mrs. Winifred McKee and the young people's Training Union are to be complimented for the good program that was rendered Sunday evening. The program topic was "The Sower and the Reaper." A musical reading and a special song were the high-lights of the program. The Bible Quiz was also well prepared as well as the individual topics. If you missed this program you really missed something worthwhile.

In last week's news we reported Mr. and Mrs. R. H. Decker and family as visiting relatives at Hamlin the past week end. It was really the Decker reunion that they attended. The reunion was held at the Park at Hamlin and they report that 109 registered. Hamlin is the old home of both Mr. and Mrs. Decker.

Eighteen people from this community attended the Sing-Song at the Church of God at Brownfield Sunday afternoon. The next Sing-Song will meet at the Union church on the afternoon of the second Sunday in August.

The 4-H Girls Clubs met in the home of Mrs. Frank Sargent on Wednesday afternoon. The meeting was moved to Mrs. Sargent's after it was learned that the cook stove in the home department was being repaired. Miss Dunlap demonstrated the baking of quickbreads to the six girls and four mothers present. She baked a prune loaf, nut loaf, whole wheat muffins and oat meal hurry-ups. They were delicious when served with ice tea by the hostess.

The next meeting will be on the third Wednesday afternoon and the subject will be "stenciling."

Because of the fact that everyone is so busy the H-D club will not meet until the fourth Thursday afternoon. The club meets July 24 in the home of Mrs. Claude Montgomery. The subject will be health. Everyone be sure to attend this meeting as they may have some thing special for you. They plan to make final arrangements for the "Fun Night" program which will be held at the auditorium July 25.

Don't forget "Fun Night" at the school auditorium Friday night July 25th. The proceeds will go to start the lunch room for the school. Come and have a good time and at the same time help a worthy cause. Every family is requested to bring something to sell. If you cannot bring a freezer of ice cream you may bring cakes, drinks, or just anything suitable to sell.

The lunch room committee, consisting of Mrs. Frank Sargent, Mrs. Lloyd Shepherd and Mrs. Willie Jones, wish to remind you that either of them will take any donations that anyone wishes to contribute to the lunch room.

Miss Jean Sargeant is home after spending a 10-day stay with a friend at O'Donnell.

The Boy Scouts meet each Mon-

**GOMEZ NEWS**

Miss Wanda McLaury of Aspermont is visiting in the Thad Swink home. She is a niece of Mr. Swink.

Miss Danaune Guest of Des Moines, N. M., is visiting with her grandmother, Mrs. J. A. Guest.

Mr. and Mrs. Otis H. McKee of Forrester Community visited Sunday in the home of his sister, Mrs. J. Evans and family.

Mrs. Ida Collins of Big Spring and Mr. and Mrs. Archie Thompson of Coahoma visited several days last week in the B. R. Lay home.

Lewis Sparkman and family of Eunice, N. M. and Virgil Sparkman and wife of Denver City visited Sunday in Rev. W. T. Sparkman home.

Mr. and Mrs. Wiggins visited in Seagraves Sunday.

Mr. and Mrs. Jack Mason and Mrs. Grace Mason visited Sunday with Mr. and Mrs. Ernest Ray Burnett in Seminole.

Mrs. Kenneth Hodges and son Charles are visiting in Quanah this week with her parents.

Miss Frances Bartlett of Coahoma is visiting this week with Miss Joan Lay.

Miss Estilla Swain visited with friends in Lubbock Sunday afternoon.

Mr. and Mrs. Henry Williams, Mr. and Mrs. R. A. Whitley and Mr. and Mrs. Kenneth Wood were visitors Sunday in the M. C. Wade home.

C. M. Sparkman of Eunice, N. M. spent last week with his cousin Travis Sparkman.

Mrs. Tyler Martin's mother and brother of Lubbock visited in her home over the week end.

Mr. and Mrs. Bill Ballard of Spur and Mr. and Mrs. Preston Ballard from Crosbyton visited in the home of Mrs. Lee Howell Sunday.

Mrs. Wes Key suffered a laceration of her right hand Friday. It required six stitches to close the wound.

L. L. Cope of Pilot Point, Texas died of a heart attack July 4th.

The deceased suffered the attack while on a picnic and died before the arrival of an ambulance. The Cope family lived near Gomez for 10 years before moving to Cook county several years ago.

Ninety one were reported in attendance at Sunday school in the Gomez Baptist church Sunday.

August 3rd is the date set for revival to begin at the Gomez Baptist church. Rev. Stue Miller of Humble, Texas will do the preaching.

**KNOX COUNTY REUNION**

The old pioneer settlers of Knox County will meet on August 10, 1947 in the McKenzie State Park at Lubbock, Texas, to celebrate their annual reunion. All are invited to attend and bring a basket lunch.

Band music, speaking and singing will be on the program.

Lightning kills about 400 in the United States every year.

day night at 8 o'clock at the school auditorium. The Scouts should all be at the next meeting.

**COLLINS' JULY CLEARANCE**

**Ends Saturday Night -- Hurry For These BARGAINS!**

All good things must come to an end sometime. As much as we regret to, we must bring our July Clearance Sale to an end this Saturday night at closing time. However, let us urge you to be sure and visit our store before this great sale ends. You will make big savings and get first quality merchandise. Don't miss it! These are drastic reductions that you still have the privilege of enjoying

# 1947 Texas Facts And Figures

BY GARLAND ADAIR  
State Historian, Texas Memorial Museum, Austin, Texas

Texas is the largest state in the union, and has lived under six flags; Spain (1519-1685); France (1685-1690); Spain (1690-1821); Mexico (1821-1836); Republic of Texas (1836-1845); United States (1845-1861); The Confederacy (1861-1865); United States (1865-).

Texas is 893 highway miles wide from Orange, on the Louisiana line to Latuna near El Paso on the New Mexico border; and 918 highway miles from Texline in the Northwest corner of the Panhandle section of Texas to Brownsville in the tip end of Southeast Texas on the Gulf of Mexico, bordering Old Mexico. Airline distances are 801 by 773. The coastline of Texas is 370 miles. Texas has 254 counties.

Texas' altitudes vary from 4 feet above sea level on the Gulf Coast to 8,500 at Guadalupe Peak in Culberson County. There are 50 peaks in Texas over 5,000 feet high.

Texas has a canyon—Santa Elena—in Brewster County with a 1600 foot vertical wall.

Texas has five State Forests; 76 State Parks; 500 Roadside Parks maintained by the State Highway Department for the traveling public. Recently, Texas deeded to the U. S. Government 1,000,000 acres in the Big Bend Country of Southwest, Texas for a National park. Mexico on the other side of the Rio Grande

river will co-operate by making that part a Mexican National Park.

Texas has the largest producing oil field in the world—in East Texas, (Rusk, Gregg, Smith and Upshur Counties).

Texas has the only helium plant in the nation, located near Amarillo in Potter County.

Texas has the largest Sulphur deposit in the world in Wharton County, and Texas produces most of the sulphur supply of the U. S. and a large percentage of the world's supply.

Texas has over 17,000 miles of main railroad lines and 30,000 miles of bus and truck lines; 180,000 miles of roads and 30 steamship lines which enter and leave six important ports. There are 350 airports in Texas (not including army and navy training fields.)

Texas has the biggest military garrison in the U. S. at San Antonio — Randolphs Field — The "West Point of the Air."

Texas has the second largest Observatory in the U. S., in the Davis Mountains of West Texas, operated by the Universities of Texas and Chicago.

Texas A. & M. College near Bryan is the largest military school in the world; has the largest mess hall; operated the only State-owned hotel in the U. S.—"Aggieland Hotel" at College Station. Texas A&M has given more officers and men than any other school to World War II—including West Point.

Texas has the third largest cave in the world—"Longhorn Cavern" in Burnet County.

Texas has the tallest monu-

ment in the world—The San Jacinto Monument and Museum at San Jacinto Battlegrounds 18 miles from Houston, where Texas' independence from Mexico was won. It is 564 feet above finished grade line. Cost \$1,000,000.

Texas has an Indian Reservation in Polk County, near Livingston the Alabama and Coushatti Indian Reservation.

Texas produces about 80 per

cent of the Mohair in the U. S. Texas has a monument erected to "Pop Eye" at Crystal City, the Spinach Capital in the Winter Garden section of Texas.

Texas has many huge dams, the largest being Buchanan Dam near Burnet. These furnish power production and flood control.

It takes a mighty good rule to work even one way.

**BITS OF BUSINESS**

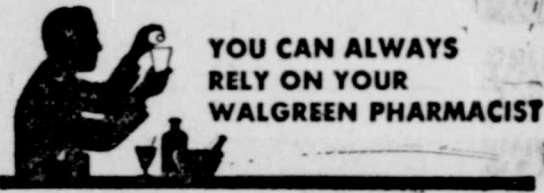

Nation-wide consumption of electrical power, expected this year to be 15 per cent above peak wartime levels in 1944 may bring power shortages during December and January . . . New styles and better qualities are expected to sharpen consumer demand in the apparel lines after Labor Day, judging by wholesale orders now being placed, reports C. F. Hugh-

es, business editor of the New York Times . . . Hardware men anticipate a banner year, surpassing even all-time sales records hung up in 1946. Optimism is based on an unprecedented order backlog . . . The House Banking Committee has launched a drive for legislation designed to abolish all federal controls over installment buying.

Amos Smith of the Tokio community was a business visitor this week. He reports on a recent visit to see his father and that the crops in the Olney section as a rule no further advanced than his, he says he has farm crops from knee high to just coming up. Amos says his crop has some weeds but they will have them cleaned out soon. His two small sons are doing the hoeing.
