## Light Plant Engine Expected In October

### New Hope Baptists To Hold Revival

Ruby Hamilton, one of the leading members and a long time subscriber to the Herald, called to have us announce a meeting for the New Hope Baptist church, which meets in the colored section of the northern part of the city. Our friend, Ruby, confided that it was a job to get any of the other members to help her advertise the meeting, and she called on the Herald to help.

Not being a Baptist, this was a bit difficult for the writer, but we informed Ruby we'd do the best we could, and she was kind enough to state she knew we would, and told us how much she appreciated it. The pastor, Rev. Cicero Anderson will hold the meeting which began Wednesday, and will continue over Sunday at least.

And by the way, as we understand it, this will sorter be a combination revival and association meeting. Ruby stated that her pastor was very desirous that the pastors of all the white congregations of the city attend as many services as possible, and they will receive a hearty welcome.

### Some Diphtheria Cases Reported Locally

Diphtheria cases reported to the South Plains Health Unit last week, with the total of two cases reported within the last six weeks, which is unusual for this season of the year, which disease is more frequent during the cold months.

The infection is due to contact with a person with active disease, or with a carrier of the germ, may be transmitted through milk, or indirectly with infected objects such as handkerchiefs, towels, cups, pencils and toys. The germ may remain alive for weeks.

Diphtheria protection of the baby through mother expires at the age of six months, the disease is most frequent at the ages of two to five years, children with chronic tonsils and adenoids are more susceptible to the disease.

Like some other childhood diseases diphtheria is prevented by immunization, starting at the age of six months.

### Board of Development Changes Name

At a meeting of the Terry County Board of Development officials last week, it was decided to change the name back to Brownfield Chamber of Commerce.

This was done principally because of the length of the name and too, it is most commonly known and used. Most outside inquiries are directed to the Chamber of Commerce. They retain same officials and directors.

## Denver City Golfers Again Smear Locals In Return Match

### Tobin Marks Certain Congressmen For Slaughter

Well, in the last issue of International Teamster, Uncle Daniel Tobin, teamster boss, marks up all congressmen and senators who voted for the Taft-Hartley bill veto over-ride for slaughter. In the Texas list is 15 of the 21 congressmen and the two senators. Among the congressmen is our own George Malton.

Perhaps Uncle Dan will have some luck back in the thickly populated section of the northeast, where many of the voters cannot speak understandable English, and have been over from the boss ridden European countries only a few years.

But out in the huge farm and ranch sections of the middle west, southwest, south and northwest, we imagine Dan will miss his mark so far that his votes won't be worth counting.

Here in the 19th, for instance, we seriously doubt that he and his cohorts can find a man of any ability of prominence that would even run on the Tobin ticket.

Yes, this is still a country of free speech and the right to vote as one pleases, but the wide open space people think they know who shall represent them in congress.

However, International Teamster advocates many good things for the nation with which the Herald heartily agrees, such for instance, as flood control on our rivers and rural electrification.

### American Defense, Victory Medals For Navy Vets

All honorably discharged Navy veterans who served between September, 1939 and December 7, 1941 are entitled to the American Defense Medal. Those who served during the war rate the Victory Medal.

These medals are now available according to Chief Machinist's Mate Verlin J. Hurst, U. S. Navy Recruiter. Chief Hurst will be in Brownfield every Tuesday from 9:00 A. M. until 3:00 p. m. at the post office building. Eligible navy veterans who present their original discharge papers and notice of separation (form 553) to him at this time will be issued these medals.

The navy now has in effect a new wrating bill available to former navy personnel. This is a good deal to ex-navy men interested in going back. For complete details, see Chief Hurst when he is in Brownfield.

The Denver City sharpshooters gave Brownfield golfers lesson Number Two Sunday on the Denver City course, winning 20 of the 28 matches played. Two of the matches were tied and Brownfield won six.

Results are as follows: Gibson, DC over Mv'roy Bfld, 2-1; Keith DC over Huckabee Bfld, 2-1; E. Cisco DC over Bish Bfld, 3-2; Adair DC over Smith Bfld, 1-up; Marlow DC over Walke: Bfld, 1-up; Ambrose DC over J. Bost Bfld, 5-4; Lowrimore, Bfld, over Streety DC 1-up; Callaway DC-Patterson Bfld, tie; Baldwin Bfld, over Leclair DC, 4-2; Covington DC over Bowman Bfld, 1-up; Allredge DC over Griffith Bfld 7-5; Hale DC over Bilby, Bfld 1-up;

Allredge DC over Bowen Bfld 5-3; Graham Bfld over Oneal DC 3-2; Wodo DC over Cousineau Bfld tie; Bond DC over Taylor Bfld 2-1; Pate DC over Jones Bfld 1 up; Rachel DC over Pritt Bfld 5-4; Dempsey DC over Kirschner Bfld 5-4; Middlebrook DC over Fulfer Bfld 2-1; Moore DC over Stricklin Bfld 7-6; Clark DC over Dean Bfld 1 up; Inabinet DC over Crawford Bfld 4-3; McKinney Bfld over C. Cisco DC 4 up; Ward DC over Risinger Bfld 2-up; Gillham Bfld over Bickley DC 6-4; Roberson Bfld over Newman DC 1-up.

### Hicks Loses Home In Fire; Badly Burned

Money Price being the kind of news-hound he is, never reported a rather serious fire that occurred on his farm two weeks ago, come Saturday, in which a rent house on his place, with contents, were destroyed by fire. The house was occupied by Oliver Hicks, wife and one child.

It seems Mr. Hicks was filling a lamp from a gallon glass jar, the contents being gasoline instead of kerosene, when the lamp exploded. Mr. Hicks was so badly burned that he was carried to the veterans hospital at Amarillo, where he is reported to be doing as well as could be expected, but will not be out for another month or two.

So, losing their farm hand, it became necessary for Bill Byron Price to guide the tractor down the row and that boy says he has 100 acres more to go—but he has a shade on the tractor to break the hot sun.

### LIONS TO SPONSOR COUNTY FAIR

Lions Club has appointed committees to arrange a county fair for Terry county to be held here in October.

Arrangements of details and list of premiums to be announced later.

### Lyntegar Co-Ops To Give Many Prizes

Next Tuesday the Lyntegar Electric Co-Operatives are to have a great day at Tahoka, beginning at 2 p. m. This is the annual meeting of the membership, and the program of this REA includes reports of officers and committees; election of officers; rural telephones by Mills Roberts, of Southwestern Associated Telephone Co.; open discussion by members; advantages of home freezers, by Lynn county HD agent, and presentation of prizes.

The program will be held at Tahoka high school auditorium. A list of 40 prizes, with a monetary value of \$750.00 will be given away. Five of these prizes were given by Brownfield merchants as follows:

Outdoor lantern, Akers Appliance; telechron clock by Farm & Home Appliance; Hot Plate by J. B. Knight, Hdwe and Furn.; Bun Warmer by McWilliams Furn. and heat pad by Daniel & Hamilton Electric.

A representative of the Herald has a pressing invitation to be on hand.

### Seagraves Plans Roping Contest

Plans were being completed this week for the matched roping contest between Buddy Fort and Doyle Riley to be staged in Seagraves, Sunday August 10.

Fort, of Lovington, N. M. and Riley, who hails from Ballinger, will rope 10 brahma calves each in a match that has the experts guessing. Both are leading money contenders in roping events in the area this year.

Other features of the program to be held at the new Seagraves roping arena Sunday include a jacket roping and horse racing on a track adjoining the arena. The new covered grand stand and bleachers at the Seagraves Amusement corporation's arena will accommodate nearly 2,000 spectators.

Twenty-two brahma calves were purchased recently from the Bob Haley ranch at Seymour and are ready for the event. The calves have never been roped.

A motor caravan will leave Seagraves Thursday morning to promote the event, visiting Brownfield, Levelland, Morton, Plains, Tatum, Lovington, Hobbs and Seminole.

A committee composed of Johnny Sartin, Joe Hudson, Jimmy Dudley, Curley Robertson and Fred Buchanan is handling details of the event.

### Workman Injured At Chemical Plant

O. C. Wills an employee at the chemical plant east of town sustained severe lacerations and bruises Monday when he fell from a 30 foot ladder there.

He was rushed to the local hospital by a Farley ambulance, where x-ray disclosed no broken bones. He resides at the Turner apartments on Lubbock Road.

Read Polio Preventatives now appearing in the Herald In Interest of Public Health

### B. J. Fallan Named Principal Of Local School System

The Brownfield school board this week named Mr. B. J. Fallan of Big Spring as high school principal. Mr. Fallan will begin his duties here August 20, but his wife and daughter will not move to Brownfield until Sept. 1.

Fallan received his BA degree from Daniel Baker college at Brownwood, and is to receive his MA degree from Tech this month. At present he is dean of men at Tech college, and is said to be one of the most outstanding men ever to enroll at Tech college.

Other teachers recently elected were, Aubrey Culp, a graduate of East Texas Teachers at Commerce. Home is Tioga and formerly taught at Meadow. He will teach commercial subjects.

Miss Mary Nell Noble comes from Snyder, and is a Tech graduate, and will teach science in high school.

Miss Lorita Goss is from Lubbock and a Tech graduate. She will teach world history in high school.

Mrs. Lee McElroy, wife of the County Agent, is a Tech graduate, and will teach high school English.

Dr. P. C. McCord, pastor of the Christian church, will teach high school English part time.

Mrs. Jeane Freeser, graduate of Kansas State college, will teach plane geometry. Her husband is connected with an oil company here.

Mrs. Christine Rhodes, graduate of ETST college at Commerce, will teach physical education. She has been teaching at Midland.

West Ward School Mrs. L. D. Spradling, graduate ETSTC will teach 6-7th grade English.

Mrs. Elizabeth King, graduate of U. of T., will teach 5th grade.

Mrs. C. C. Weigle, graduate South Carolina Teachers college, will teach 5th grade. Has been substitute teacher.

Jessie G. Randal—Miss Creola Moore, Tech graduate, will teach 1st grade. She taught here year before last.

Gomez Ward—Mrs. Perry Mashley, graduate Southwestern College, Weatherford, Okla., will teach 5th grade.

Miss Anna Pearl Puett, graduate Tech college, will teach 3rd grade.

Mrs. Ruth Lair, graduate Tech, will teach 1st grade.

Vacancies to fill are, band teacher for high school, public music in West Ward and 2nd grade at Gomez Ward. Applications are in for all vacancies, and they will be filled soon.

### Jerrell Price To Play With Cubs This Year

While rambling around last week with the wife and Mrs. Hartwell Davis, sister of Mrs. Stricklin, visiting here from California, our journey took us to Lovington, N. M. We ran into ex-Sheriff Joe Price of Terry county and his son, Jerrell, and chewed the fat quite some bit.

We learned the good news that Jerrell will return to Brownfield to finish school, and of course will play on the Cub football team. As usual, Jerrell has a job with Piggly Wiggly here. His sister, Joanne will enter school at Lovington to finish her education.

Joe stated that he was getting a nice little sheep ranch started six miles west of Lovington and invited us to visit them at the ranch sometime. As if that was not enough work, Joe is on the police force during part of the day.

### Supt. Cowan Makes Announcement This Week On Schools

Supt. S. P. Cowan of the Brownfield school stated this week that Sept. 1st had been tentatively set as school opening date. This will depend on whether or not the remodeling and redecorating of the West Ward school building is finished. If not, the date will be set forward.

By the way, Supt. Cowan and Secretary Elmer Brownlee have not been idle by any means, but have been putting in some good ticks for Brownfield Consolidated district. First off, Supt. Cowan went to Austin and succeeded in having the district placed for rural aid, and as a consequence the district will receive from \$30,000 to \$40,000 from the State, which will be used to help pay teachers salaries, saving the taxpayers probably 25c on the \$100 valuation tax raise.

Then Mr. Brownlee used his persuasiveness on the War Assets Administration for surplus tools, free, and the promise of the purchase of more at a very low cost. These tools are to be used in the industrial art shop and vocational agriculture class.

Work is being rushed as fast as possible on the industrial art work shop, with a possibility that the brick work will be finished this week.

### Farm Cash Income Highest On Record

Big news to Texas farmers was the record high farm cash income during June. Earnings doubled the May figure, according to estimates by the University of Texas Bureau of Business Research, to push total June income up to \$187,527,000.

June income was 90 per cent higher than in June 1946, and when compared with the 1935-39 period was up 404 per cent.

Harvest brought jubilation in all sections of the State, but wheat sectors saw unprecedented farm cash income figures. Wheat accounted for \$96,936,000 or more than 52 per cent of the total farm income.

For the Northern High Plains wheat accounted for 86 per cent of farm income, in the Southern High Plains district 46 per cent, in the Red Bed Plains 83 per cent, in the Western Cross Timbers 56 per cent, in the Black and Grand Prairies 62 per cent and in the Southern Texas prairies 31 per cent.

June farm income was the largest June figure since the Bureau index was started in 1927. The effects of this large wheat crop on business are obvious. Banks all over the State are already reporting expanding bank deposits as a result of the tremendous harvest.

Just how much of the income gain was a result of the rise in prices is difficult to estimate. The prices of Texas farm products were in most cases above June 1946 prices, but there were declines in the May-to-June comparison of prices received by farmers.

### PROMINENT SEAGRAVES MERCHANT PASSES

O. H. Hearne, 66, prominent Seagraves merchant for the past 25 years died at a Seagraves hospital, Tuesday. Mr. Hearne had friends all over west Texas. One son, is present mayor of that city.

He leaves four sons, three at Seagraves and one at Lubbock, and three daughters, two of them married, in addition to his wife.

It appears to the Herald that we are really running in circles. It would not be an unsound policy, what with the ever increasing cost of living, for labor to get a corresponding raise in pay. At the same time, if there is no increase in production, where does it get us? It goes right back to the farmer and consumer, who also have to have an increase in their products, professional fees or white collar salary to offset their higher living costs. Thus the vicious circle continues to go around and around, and comes out exactly nowhere. But as a result, each round sees the dollar value cheapened, and the danger of inflation increased.

It took centuries and the lives of countless thousands as a sacrifice on the altar to secure religious liberty for the human race, first in America, beginning with the end of the Revolutionary war, as we know it in America, and now a few other spots of this old world. For that reason, it appears to the Herald that the churches, Protestants, Catholics and even Jewish organizations should lead the fight against anything that has the semblance of making the state superior to the actions and liberty of the people. One of the latest encroachments is the proposal of some of the paternalistic goody goodies up at Washington to fasten socialized medicine on the people. The American people are the healthiest in the world, and our medical profession also lead the world in ferreting out cures for disease. This they have done on their own initiative. Why hamstring the medical profession with laws that will stop all desire to take initial steps to cure or help the ailing, if Uncle Sam is to take over the overall cure of his subjects?

Merry Old England snapped back reasonably quick after World War I with private enterprise in harness. But this time they chose socialism, and production of the mines and work shops have shown a slowing instead of an increase.

## PILES

Pain and Distress Go Fast This Easy Way

## Polluted Waters May Harbor Virus of Polio

A third precaution among six simple health rules that should be observed during the polio epidemic season is to avoid swimming in polluted waters, the National Foundation for Infantile Paralysis cautions, through its local chapter.

White proof of direct infection by this means is lacking, the National Foundation points out that research financed by March of Dimes funds indicates that the virus causing polio is often found in sewage. Consequently, wherever sewage may find its way into waters used for swimming, such waters should be avoided. To be sure, consult your local Health Department.

Take no chances and don't swim in waters known to be polluted.

As a result, they are getting in worse and worse in spite of all the dollars we send them. It looks to us like any person half rational in these United States, who want the government to take over could see the point. But they don't or won't.

Editor Homer Steen of the Floydada Hesperian arises to remark that for the last few years a lot of mid-northerners, particularly from Iowa, Nebraska and Kansas have come into this section of Texas, and soon make fine adopted Texans. Perhaps that is even more noticeable here with large oil fields in almost all directions, that people not only from the states mentioned but from Illinois, Ohio and Pennsylvania and other older oil producing states, have come here to work in crude oil production, and so well do they mix with west Texans, you'd never guess where they came from. But, Homer says there is one thing they brought or sent ahead of them that he does not like in the least, the Russian thistle, and now the bunchweed. Back in the older south, they have what they call Japanese clover, which the natives remark is the only good thing Grant, Sherman, et al, and their yankee army left them. This wild clover was scattered by feeding operations of the invaders. Stock will graze Japanese clover, and wade all over Alabama, Mississippi and other tame clovers getting to it. In fact both cattle and horses prefer it to any clover or grass, and it grows abundantly most anywhere. But,

USSR thistles and the weed mentioned above, are not very welcome newcomers.

Down at Memphis, Texas, in old Hall county, they are preparing one of the biggest blowouts in the history of the section in early October. This affair is going to be a combination carnival, mardi gras, all in one. But the official name of the celebration has a more high sounding one, "A Cotton, Chermurgic and Ceramics (you tell us what the last two mean) exhibition with all glamor and queen glamor on the side. By the way, three more Memphises have been heard from and all are to have representatives and exhibitions, maybe bathing beauties. They are the Tennessee, Missouri and Arkansas Memphises. So far they have not heard from Memphis, Egypt, another cotton growing Memphis.

Well, the youthful United Nations can now arise from its perch in the henroost, stretch its little neck and emit the first cock-a-doodle-do. By its order, the fighting ceased between the Indonesians and Dutch and an investigation is promised forthwith to see who is the aggressor. Well, who got there first? That's the \$64 question, and our vote is in favor of the natives. Perhaps this little show of authority can now be extended in some sections of the globe where people seem

rather to fight and starve than try to make an honest living.

People are having a big laugh at the sheriff's expense this week. He thinks he is going to find a jury in Crosby county who has intestinal fortitude enough to send two negro bootleggers to jail! It seems that the sheriff should have found out after seven months of heading a posse that people hereabouts are in favor of negroes peddling wild-moose milk at \$12 a fifth. Experience should prove that there haven't been but two bootleggers convicted by a jury here in the past few years. This colossal blunder was rectified by the astute Court of Criminal Appeals, who remitted the sentences of the ill-favored 'leggers. Furthermore, he should recall that these bootleggers are providing a public service. How else can a guy get a drink of cheap busthead these days? They're too proud to make it, and too busy for a trip to Amarillo! A man who sits on a jury that convicts such a public servant knows that he is a social outcast from that moment on. The sheriff ought to let these guys alone. Somebody should get up a petition to keep the officer away from our flats. It might be necessary to vote him out of office next election unless he quits playing Dick Tracy with our citizens and sticks to his business of directing traffic on the streets of Calgary. Anyway, if there are any sports in the country, one will get you five that Messrs. Holland and Flowers stay out of jail longer than we do. — Ralls Banner.

The ink had hardly gotten dry on last week's Ralls Banner with the above stinging sarcasm aimed at the "good citizens and jurors" of Crosby county for their happy-go-lucky negligence in convicting bootleggers, than their sheriff, J. J. Pierce lay dead with an assassin's bullets through him in the negro flats of Ralls. And one of the negroes, Holland, named in the above article, is said to be the killer. This happened Saturday night, after the above article appeared Friday. There is no use making it hard on perhaps some

law abiding negroes around Ralls or in Crosby county. The blame is squarely up to the citizens and jurors of Crosby county. So our advice would be, clean your own laundry, then clean up the community in a lawful way.

### Temporary Marine Recruiting Office Opens In Lubbock

Sgt. W. R. Gross, Marine Corps Recruiting Sergeant from the District headquarters at Dallas has opened a temporary recruiting office in room 206 of the P. O. Building in Lubbock.

It is pointed out by Sgt. Gross that men who have reached their eighteenth birthday no longer are required to have the consent of parents to enlist in the "Leather-necks." Former Marines who have been separated from the Marine Corps less than ninety days and who were in the second, third, fourth, fifth or sixth pay grades will be reappointed to their former rank upon re-enlistment. Men who enlist in this area are sent to the Marine Corps Base at San Diego, Calif., where they are given twelve weeks of training, upon completion of this training, all men are given a ten day furlough.

During July, August and September, the meat in pecans is developing, which means that the trees need regular watering at intervals of 12 to 14 days.

Strawberry plants can be carried through the summer by irrigating every five to seven days, and providing shade, which can be made with old sacks tacked onto a frame.

There are 13 artificial dairy breeding associations operating in Texas now.

**Union News**

Thirty-eight were present for Sunday school, Sunday morning. A good crowd of young people attended Training Union and singing Sunday night. Regular singing nights are the first and third Sunday nights and regular church days are the second and fourth Sundays. Everyone is given a special invitation to attend the church services and singing at the church.

The revival is to begin Friday night and will continue for ten days. Everyone is cordially invited to hear Rev. Draper, who will do the preaching.

The County sing-song will meet at Union church next Sunday afternoon at 3:00 o'clock. If you like to sing don't fail to come.

It has been reported that Norman Andress, the five year old son of Mr. and Mrs. Earle Andress has been quite ill.

Mr. and Mrs. Earle Cornett and children visited his mother at Ranger last week.

Mr. and Mrs. Dee Hancock and family visited his parents at Wingate over the week end.

Mr. and Mrs. Milton Boone recently of Hale Center, Texas, have moved into the house vacated by L. A. Brown. Mr. Boone is the new bus foreman for the school.

Mr. and Mrs. L. A. Brown and family have moved to Wellman. Jo is back at the store after a two weeks vacation. She is a clerk for Union store.

It has been reported that Mr. and Mrs. Hack Mills have resigned their positions in the school. Mrs. Mills was homemaking teacher during the past school term.

Mr. and Mrs. Earl Moses and Mr. and Mrs. Conde Harrel of Ralls visited the Hancock's last Tuesday.

Mr. and Mrs. H. M. Stewart of Big Spring visited the J. D. Stewart's Saturday.

Miss Mae Gene Bevers, who is attending summer school at Tech was visiting in this community Sunday afternoon. Miss Bevers taught the second and third grades during the past term.

Mrs. Lanious and children visited friends at Meadow Saturday.

C. D. Hester, of Brownwood, visited his sister, Mrs. G. M. Thomason and Mr. Thomason, recently.

**Diabetic Treatment Should Start Early**

Despite the fact that modern medicine can do much to help the diabetic live out a normal life span, nevertheless diabetes took a toll of several hundred lives in Texas during the past year, according to Dr. George W. Cox, State Health officer.

"While deaths from the communicable diseases such as typhoid fever, malaria, diptheria, and small pox are annually decreasing in this country, diabetes is still taking a tragic number of human lives each year, especially in the middle aged group," Dr. Cox said.

"Until recent years diabetes was not noted as a major health problem, but it became accepted as such in direct ratio to the development of medical laboratory procedures, which made the disease more easily diagnosed."

Dr. Cox said that diabetes is generally recognized as a class disease. It seems to attack the white collar class of indoor men and women much more frequently than it does the outdoor person whose work is more vigorous and calls for more exercise. What ever the actual cause of the disease may be, vocational and economic conditions apparently are factors, since it seems a fact that those persons whose occupations call for manual labor and simple living are not frequently affected.

Dr. Cox stated that simple wholesome diets, sufficient exercise and sleep are factors in the prevention of diabetes, and an annual physical examination, especially in middle aged persons, is important so that if the disease is present, competent treatment can be instituted while the disease is in its early stage.

Supplies of glass jars, jar rubbers and closures are bigger than in recent years. The homemaker will also find better supplies of pressure canners, home freezers and more freezer locker space.

Texas' climate varies from tropical in the Rio Grande Valley to very cold in the Northwest corner around Dalhart and Amarillo. Annual snowfall in Texas averages .2 at Houston to 20.8 at Amarillo.

**Tokio H D Club Holds Meeting**

The Tokio Home Demonstration Club met July 30th, with Mrs. I. W. Bailey. The secretary was absent, as her mother was ill, so no minutes were read.

Miss Dunlap brought samples of Christmas cards to be sold by club members. Members can see samples and give orders to our president, Mrs. Bailey.

Miss Dunlap gave information on the building of walks and drives around our homes.

The Club voted to have our social meeting on the night of Aug. 8th to be held in the Community Building in Tokio. Club members are urged to be present and bring ice cream or cake and bring a prospective member as a guest.

The next business meeting will be held September 3 and we will meet with Mrs. Dave Ramseur.

Mrs. Stricklin Sr., and Mrs. Hartwell Davis of Redlands, Cal., visited their sister, Mrs. Joe Roberts, sr., and Mr. Roberts and other relatives at Coahoma, this week.

**Rules Stressed In Problem of Meat Doneness**

How many family arguments might be avoided, if all the members of the family liked their roast beef rare and their lamb chops well done! This apparently small detail — the exact degree of doneness to which the meat should be cooked, to please everyone — is very often the cause of inconvenience, if not argument, according to Reba Staggs, home economist.

Of course, individuals have a right to their personal tastes. There are, however, a few general rules that will help the inexperienced homemaker in this matter of cooking meat "just right." There is also a small piece of equipment, the meat thermometer, which is an invaluable aid when cooking a roast.

The rules for doneness depend on the kind of meat being cooked, says Miss Staggs. Beef may be cooked rare, medium, or well-done, according to preference.

**Hilyards Moving To Houston Area**

Mrs. Bell Hilyard, daughter of Mr. and Mrs. J. M. Williamson and her two children were up last week visiting and called at the Herald office Monday before any of the Stricklins returned from the noon meal and we missed her. Belle worked for the Herald some ten years altogether, from 1924 to up in the thirties.

Since losing her husband, the late, Ben Hilyard, Mrs. H. has

Lamb may be cooked either medium or well-done. Pork and veal, however, should always be cooked well-done, regardless of the cut or the cooking method used. Any meat becomes less palatable if it is overcooked.

Judging the doneness of a roast is especially difficult for most home cooks; but it becomes an easy matter when a meat thermometer is used. This handy implement is inserted into the roast and registers the internal temperature of the meat. In this way the homemaker can tell at a glance when the roast is done exactly to her liking.

**WILLOW WELLS H D CLUB MEETS WITH STURDIVANT**

The Home Demonstration club met in the home of Mrs. Sturdivant July 28th at 3 p. m.

The County Health Nurse, Mrs. Griffith met with the club and worked for a San Antonio and a Kerrville paper. But she is moving to a town, the name of which the employee who talked to her did not get, but is near the gulf coast.

She has an ailing child and believes that salt water baths frequently will help him. We are sorry we missed seeing Belle and children.

discussed undulant fever, rheumatic fever and other serious diseases.

After the discussion refreshments were served to Mrs. Griffith, Mrs. Faulkenberry, Mrs. Balcum, Mrs. Smith, Mrs. Lamm, Mrs. Clift Vanness, Mrs. Hamilton, who was a member of the club before moving to Seagraves and the hostess, Mrs. Sturdivant.

Plans were made for a social and picnic on the evening of the 15th of August in the Brownfield park.

The next meeting will be in the home of Mrs. Vanness on Sept. 3 at 3 o'clock.

**BROWNFIELD STATE BANK**  
OVER 40 YEARS CONTINUOUS SERVICE

Mr. and Mrs. Foy Cogburn and son are on a ten day vacation trip. Mr. Cogburn is bookkeeper for Knight's Hardware.

Britain has purchased 5.6 million pounds of dried eggs from the United States since the first of the year.

With a final payment to the U. S. Treasury recently from the St. Paul Land Bank, all of the 12 land banks in the U. S. became completely owned by the farmer and ranchmen patrons.

Rot on late peaches, plums, apricots and related fruits can be controlled with a spray consisting of three to five pounds of wettable sulphur in 50 gallons of water.

Harvesting cotton in a *once-over operation* is the short cut to bigger profits. Get this advantage by stripping and delivering cotton, two rows at a time, with a labor-saving John Deere No. 15 Cotton Harvester.

Designed to work with the John Deere "A" and "B" Tractors, the No. 15 is a simple, sturdy, long-lived machine that does a fast, efficient job of saving bolls after the cotton plants have been killed by frost. Many gin operators state that cotton stripped by the John Deere is cleaner than that pulled by the average hand puller.

This year, to make short work of your cotton harvest—use a John Deere Cotton Harvester. See us for complete information the next time you're in town.

**Veterans' News**

Military personnel being separated from the armed forces may use their terminal leave orders as a basis for obtaining a temporary six-month certificate of eligibility for education or training under the G I Bill, the Veterans Administration has announced.

Under the new plan, if the applicant's orders reflect at least eight days of terminal leave, it will not be necessary for VA to check his service records to determine eligibility before authorizing matriculation in an educational institution or training establishment. However, these applicants are not eligible for subsistence allowance until they have been discharged formally, VA said.

The temporary certificates of eligibility will be replaced by the regular forms after the veteran's exact period of entitlement has been determined.

About two out of every three of the 1,825,000 veterans recently enrolled in educational institutions under the G I Bill are taking courses leading to definite job objectives, VA reports.

Russia so far has refused to agree to anything that America has proposed, either respecting Germany, The Balkan countries, Greece, Turkey and the Near East or the Orient. She wants to have her way in Germany; she wants to gobble up all the little nations around her or to make them mere puppets, as Hitler sought to do; she wants to control the Mediterranean and so she is striving to spread her communistic system over Greece and eventually Turkey for that would make it easy for her to annex such additional territory as Iran and Iraq, where oil is said to be abundant; and the next step would be to control the great expanse of India. Already she has shown that she is eager to bring China under her sway, and she has given evidences of a desire to interfere with our operations in Japan and the islands of the Pacific that have come under our wing. As master of Europe and Asia, it would be easy for her to close in on America and thus become master of the world. And that is the

**Fried Chicken For Next Winter**

Fried chicken can be a year round food for the family table if some of them are saved for the freezer locker, Gwendolyn Jones, food preservation specialist for the A and M Extension Service, suggests.

She says the young birds are best for fried chicken and getting them ready for freezing is the same as for eating. But, it is easy to pick the chicken if it's dipped into a semi-scalding water for half a minute. This means the water should be about 128 degrees.

Suggestions on freezing include cutting up the chicken into pieces exactly as you would cut them for frying. The next step is to cool the pieces and pack into moisture-vapor-proof containers or wrapping paper. Put the amount needed for each meal into a package. Make the package as air-tight as possible.

Freeze quickly, and store at zero degrees or lower. If the home freezer is used, the chicken may be killed in the afternoon and frozen that night. If a commercial freezer locker is used, the chicken may be killed in the morning, and taken to the locker early in the afternoon.

**DDT, Flies Don't Mix**

Potter County 4-H boys, ranchmen and dairymen are getting excellent control of horn flies on bee and dairy animals this year by spraying with wettable DDT powder.

County Agricultural Agent Art Bralley, Amarillo, reports that the mixture being used in the county is four pounds of 50 per cent wettable DDT powder. When we say Russia, we mean the Russian dictatorship, for a few strong men in Russia control the Communist party and the Communist party controls the Russian masses. It is a conflict between Christianity and Democracy on the one side and Communism, Atheism, and Autocracy on the other. God help us to remain a Christian people and a thoroughly democratic nation—Lynn County News.

**Needmore Farmers Work Out Sick Neighbor's Crop**

Early last Friday morning, after Lee Bartlett, Jewell Bell and Norvel Hulse, had passed the word around, 25 tractors in the Needmore community plowed out the 250 acre crop of cotton and maize of Doc Settles. It was almost a before-breakfast job, taking only three hours.

Settles, a young farmer of that community, has been in failing health sometime, suffered a nervous breakdown a week before and was in a hospital. His crop is in good condition.

The following neighbors responded:

Lee Bartlett, D. C. Flowers and son Noel D., Eldon Cornelius, Vol Garner, J. W. Smith, Frank Garcia (with Bartlett), G. I. Kempton and son, Norris, Slim King, Bud McDonald, Glenn Maynard, Tarzon Crossland, Aubrey Bryant, Norvel Hulse, Cook Pruitt, Nick Durbin, Jerry McGeehee, Perry Bryant, Lloyd McCallister, Lancel Hulse, Bob Beasley with employee Chita, John Shinn, Aubrey Castleberry, Forney Franklin, Willie Jones, Sam Gossett, W. G. McDonald, Bud Gossett, Jewell Bell, Curtis Hulse, A. R. Franklin, and Henry Bates.

Mr. and Mrs. James Harley Dallas and daughter, Carol, were in Dallas over the week end on business.

cent wettable DDT powder in 100 gallons of water. The mixture is the most foolproof, says Bralley, and will not injure cattle in any way. Regular sprayings by the club boys and ranchers is putting pounds of beef on Herefords and giving dairymen extra pounds of milk.

One Potter County dairyman, who recently sprayed his herd with DDT for the first time, told Bralley, "I thought at first that the spray made the cows sick, since they stood so quietly and didn't even switch their tails. But I soon found out that there were just no flies to bother them."

The county agent says that regular DDT spraying is becoming a wide spread practice in his area.

**Tip from the Smart Sex**

Who is it that's first to spot—and quickest to go for—a really fresh new fashion idea when it comes along?

The ladies, of course! And who is it that, according to careful surveys, put Buick far ahead of its price class and up among the lowest-priced three when they name the car of their innermost choice?

The fair sex—but naturally!

And who is it, when you come right down to it, that gets the most practical use from enough stirring Fireball power to handle the day's travel-jobs without strain and struggle?

Who relishes most the restful ease of wide, cushiony seats, and the blissful gentleness of all-coil springs that make rough roads well-mannered and good roads glass-smooth?

Who goes for a car big enough to be company-minded—yet light

and easy enough in handling to park without a tussle, and flit shadow-light through market-hour traffic?

Who, good friends, has the family's smartest eye-for-a-buy—the shrewdest size-up of what's really good?

No one but the Lady of the Household!

So we toss out this thought to you men-folks:

Chances are that you've been hankering for the kind of thrill that lurks in this great-hearted, great-powered beauty.

You'd sort of like to get your hands on a car as big and mighty as this—if you thought the better half could be sold on it.

Take our tip—she's already sold. Favored as it is by red-blooded males, no Buick we've ever offered has won the smart sex quite like this one.

So why not pull a pleasant surprise some evening soon? Just come home and say, "Well, I placed an order for a Buick today. They're taking 'em with or without a car to trade."

Then watch her fall all over your neck!

### Soil Conservation District News

Fall seeding of various grasses, grass mixtures and legumes has proven more successful here in the South Plains if seeded in from August 15 to September 30, provided land has been thoroughly prepared and seed already secured. All the above depends on sufficient moisture available for this period (Aug. 15 to Sept. 30). For some species of grass seeding ground cover is necessary. Make your plans now for pasture improvement. If you need any assistance with this kind of planning, contact your District Soil Conservation office in the Post Office Building.

Don't burn or permit to be burned off any wheat stubble. It is a good protective land cover against wind erosion.

W. W. Watson completed mowing 24 acres of shinnery oak pasture last week. Other farmers have requested similar work to be done on their farms.

V. E. Cook, route 1, Meadow, requested conservation planning on his farm through the District Program. Mr. Cook will probably work out a contour system and a small acreage of Sand lovegrass for permanent pasture.

D. L. Bandy, 3 miles south and 1 mile west of Meadow, requested the CYT District to plan his farm for better conservation farming for 1948.

B. Y. Howze, who farms Judge Starnes' land east of the Union Gin community, started operating his new sprinkler system. He expects to irrigate the first time approximately 200 acres of land. Most of this acreage will be developed for grass mixtures and alfalfa pasture. Mr. Howze has enough pipe and tile to add another 120 acres for irrigation.

A large number of Terry County irrigation farmers visited the Judge Starnes farm this past week to see B. Y. Howze irrigate with a sprinkler system.

Group action by communities will help solve your conservation problems much sooner. Organize a group now.

A county-wide inspection of Terry and Yoakum counties reveal that a large number of wheat growers have stubble mulched their stubble land. This prevents weed growth and allows moisture to go down to sub-soil, and also leaves straw on top of the ground, preventing sand from blowing.

Current reports from a number of seed dealers show a large number of farmers are securing Balboa Rye for late August seeding of barren fields for winter pasture and protective ground cover against sand blowing.

### The Low Down From Hickory Grove

Today I will maybe step on some toes, but my heart is in the right place, and no offense is meant. But anybody taking my remarks to heart, maybe after all it will be good for him. There is nothing up my sleeve—I am just trying to stir up the natives. I am not running for any kind of job, like "uplift director" or "playground supervisor" or any other nice or easy or soft but not very necessary kind of payroll attachment. Stop beatin' around the bush, says Henry. Okay, I says, the lecture then, will be on, "Suckers, and why not to be same."

Some of our biggest suckers are amongst our best people. Take folks who thought they would have everything they would need, and for evermore, or life, if they could have just "4 freedoms"—their toes are maybe being stepped on. But who is happy—and free from fretfulness. Henry, I says, name me a couple—or even one, I says. He couldn't.

And now comes flood control— but hidden in its skirts is a powerhouse full of nice Govt. jobs. To run an electric generator, you gotta have high pressure from a dam chuck full of water, but if the dam is full and turning out kilowatts, and you have a nice rain up-stream, nothing is going to stop the excess water. Plain, everyday horse-sense—no PhD needed to figure it.

Being a sucker with your vote makes a nice paying job—but for the other guy.

Yours with the low down,  
JO SERRA.

### CARD OF THANKS

The family of Mrs. Effie Lou Davis take this means to express heartfelt thanks to all who remembered so kindly during the last illness and death of our mother. To you, our neighbors and friends, we express our deepest gratitude for every expression of your sympathy and for every service rendered throughout the time of our bereavement and sorrow. May God's best blessings abide with you all along life's journey.

The Family: Jack Davis, Elmo Davis, Frank Davis, Will Davis, Jim Davis, Mrs. Pearl Williams, Mrs. Blanche Osborne, Mrs. T. E. Johnston.

Department of Agriculture agronomists are saying that the record wheat crop in Texas and the U. S. this year is due in part to new varieties of wheat which were planted. In the past ten years, 30 improved varieties of wheat have been distributed to American farmers.

### G. I. Question And Answer Department

Q. I am an honorably discharged World War II veteran and would like to know where I can secure specific information concerning readjustment allowances while I am unemployed?

A. You should inquire at the public employment office or at the office of the unemployment compensation agency in the state or territory in which you reside.

Q. Are there any penalties in case the veteran accept readjustment allowance to which he is not entitled?

A. Any veteran who knowingly accepts an allowance to which he is not entitled shall be ineligible to receive further readjustment allowances. Furthermore, any one who receives money, check or allowance under the readjustment allowance provisions of the law, to which he is not entitled and with intent to defraud the U. S., shall be punished by fine of not more than \$1,000 or one year in prison or both.

Q. What interest rates are lenders permitted to charge on G I business loans?

A. In most cases, 4 per cent is the maximum. However, the interest rate may be slightly higher for certain types of insured business loans.

Q. In order to bet a business loan under the G I Bill, will I have to operate the business myself?

A. Yes, the veteran must devote his personal labor or supervision to the enterprise, or to the practice of a profession, on a full or part time basis.

**We Take All Cussings In Our Stride**

With this day of scarcity of print paper, like the Herald is made from, and not too much trained help, we have gotten to the point where a cussing from some one who thought we ought to have "produced" just slides off our old 66 year old back like water from a mallard's tail feathers. And we get one almost every week.

We are sometimes quizzed personally or someone writes in to ask why such and such an article did not appear last week. We have to conserve our paper supply or wake up some fine Monday morning and find we do not have enough print paper to issue the Herald that week.

And right here is a good time to confess that we have had too large quota of ads to the amount of reading matter of late. This is regrettable and we dislike it too, but until there is some improvement in the newsprint market, we have to do the best we can.

Almost every issue we have to leave out some ads—a whole batch of them the last issue in July. This idea of leaving out good paying ads almost breaks a newspaper man's heart.

Folks, we are doing the very best we can under the limited paper conditions, and promise to do better as soon as this situation eases. In the meantime, don't forget it's impossible for us to carry delinquent subscribers. So, if you want the Herald to make your mail box regularly, keep your

**MRS. STRICKLIN HOSTESS TO CLUB**

Mrs. Jack Stricklin, jr., entertained Las Amigas club members and guests with three tables of bridge Thursday evening of last week. Tables were set up on the back lawn and in the games of bridge Mrs. Burton Hackney scored high and Ike Bailey second high. Mmes. Spencer Kendrick and Frank Ballard won in the games of bingo.

A salad plate was served to Mme. Al Muldrow, Clovis Kendrick, Jerry Kirschner, Wilson Collins, Orb Stice, Lal Copeland, Chad Tarpley, Bailey, Hackney, Ballard, Kendrick and Miss Sue Jones.

paper up to date or in advance.

**Behind the Scenes in American Business**

By Reynolds Knight

Last week the world seemed to be not only one word, but a small one at that. In London the price of British bonds fell as the City grew ever more concerned with the Labor government's problems. Then the London stock market had a jolt. The ripples crossed the Atlantic, and in New York, the stock market sustained two days of falling prices. The bad break came just when everyone was beginning to feel optimistic again. But this was not all. At Chicago wheat and corn had some of the tops clipped off their high prices, while cotton broke as much as \$3.35 a bale. The ripples spread. The Cleveland transit system was trying to borrow money in the markets on the day of the bad break, but no one showed up at the competitive bidding. Thus the troubles of the English government produced—temporarily at least—lower prices for the American farmer and maybe higher interest costs to the trolley-rider in Cleveland.

NEW TRAINS coming up—The American railroads, despite higher operating costs and fixed rates that kept their 1946 earnings to only 2 3-4 per cent in their net investment, are leaving no stone unturned in carrying out a post-war rehabilitation program destined to provide luxury, speed and safety for their customers in new streamline equipment.

ACCENT ON EFFICIENCY—Two developments of the past fortnight emphasize that the U S mass production expert is still a common-sense realist. Production engineers are quietly concentrating on more efficient machinery and methods that will enable industry to stand up between the demands of labor on one hand and the insistence of customers on the other. Wierton Steel Co. announces that it is installing oxygen equipment to obtain more and better steel from its blast-furnace and open hearth operations. At the same time, one of the nation's most important steel fabricators, announces substantially increased production of precision ball and roller bearings as a move to enable machine tool builders to make and use larger quantities of spectacular new carbide cutting tools. Brought to a high degree of perfection during the war, these tools step up the speed of cutting steel and other metals by as much as 200 to 500 per cent, and now promise to open the door to a new industrial era by paring production time and boosting output in many important lines of industry.

W. F. Doenges of San Antonio, sales representative of the branch Mosler Safe & Vaults, of that city has been here the past week. He informed us Wednesday that he was going to town here, as he had sold eight safes up to that time. He stated they were now making prompt deliveries.

Mrs. C. F. Hamilton and Mrs. B. L. McPherson left Tuesday to visit Mrs. Hamilton's daughter in Lawton, Okla., after which they will spend some time in Colorado.

**Out Foraging Sunday 'Twas Successful**

The Old He and wife and two California visitors were just out looking at crops, mostly, Sunday, yet at the same time, keeping our eye skint out for something to eat. The wife remembered that one of the Blackstocks advertised some peaches not too long ago. We found the Paul Blackstock place finally, and Mrs. B. came out and finally Paul and the little daughter.

Mrs. Blackstock is the daughter of Mr. and Mrs. Fred Malcolm, and Mrs. B., like her husband grew up in old Terry. No, they had no peaches there, but they did have some on another place, and no one lived there. Just go there and help yourself. We did, about a peck's worth, and were they juicy and well flavored! They were of the clear seed variety, and good to the last drop. We have been having peaches and cream since, thanks to these big hearted old Terryites.

The Gomez-Johnson section has some mighty fine crops. Some are still rather weedy, and if there was any great insect damage, we did not hear of it. While the good people we happened to talk to out there were not mouthing about the matter, a good rain right now would be a most welcome visitor.

This is one of the best farming sections of Terry county, and it was out in that area that some of the pioneers of 40 years ago and more put in the first farms. These farms of the Leaches, Johnsons, Hudsons, Shepards, Winns and others are still going strong when we have seasons.

But it is as hard as old Rip for us to keep up with the newer generation. We have to guess at their names outright by their favor of some of the older ones or ask their names. This is rather embarrassing at times, as we should know the kids of the oldsters, but we are poor at such. In fact, we have told ourself on numerous occasions we would have made a poor politician.

But these kids of the older generation do not take this to heart, and think we just do not want to know them. They just smile and tell us that they are the son or daughter of such and such old timers. A fine bunch of offsprings of some of the finest people in the world.

**NOTICE — BIDS WANTED**

Notice is hereby given that the City Council of the City of Brownfield, Texas will receive bids for the construction of foundation for Worthington Gas Supercharged Dual Fuel engine up to 2:00 o'clock P. M. on Friday the 15th day of August A. D. 1947 at the City Hall in said City of Brownfield, Texas.

Plans and specifications for the said foundation are on file in the City Hall at the office of E. D. Jones, Superintendent and may be obtained by any person, firm or corporation desiring to bid on the same.

All bids must be accompanied by cashiers check payable to the City of Brownfield, Texas for at least 10% of the bid conditioned that the successful bidder will enter into a binding contract for the construction of said foundation and give bond for the successful completion of the same.

The City of Brownfield reserves the right to reject any and all bids received.

FRANK JORDAN, Mayor, City of Brownfield  
 Attest: THOMAS D. ZORNS, City Secretary.

Mr. and Mrs. A. W. Turner attended a family reunion of Mr. Turner's family at Sulphur Springs Sunday. Ten brothers and sisters of the eleven living were present with their families. Forty nine were present for the occasion.

Social Events of the Week

Mrs. Ralph Ferguson, Editor

Phone 321-W

MRS. BILL GARRETT

Mrs. Bill Garrett is the former Mickey Lovelace, daughter of Mr. and Mrs. N. H. Lovelace, who lived in Brownfield until about a year ago. Mrs. Garrett graduated from Brownfield High School with the class of '45 and attended Wayland College at Plainview, Texas.

Mr. and Mrs. Garrett were married on July 3 and returned to their home in Morton on July 15 after a wedding trip to New Mexico and Grand Canyon, Arizona.

Mrs. Garrett is employed in the First State Bank of Morton and Mr. Garrett is mechanical superintendent for the Morton Tribune.

HANNA-DALTON VOWS READ IN BORGER

Miss Mary Hanna, daughter of Mr. and Mrs. Harry Hanna of Stinnett and Harold Dalton, son of Mr. and Mrs. S. L. Dalton of Brownfield exchanged vows Sunday at 2 p. m. in the Methodist church in Borger.

Rev. R. N. Huckabee read the double ring service before an altar banked with pink and white gladioli and carnations.

The bride, given in marriage by her father, wore white brocaded satin with the full skirt terminating in a long train. Her shoulder length veil fell from a halo of orange blossoms and she carried a white Bible topped with white flowers.

Martha Hanna, twin sister of the bride, was maid of honor and Shirley King was flower girl.

Billy Henson of Brownfield was best man. Ushers were John Earl Dalton, brother of the groom and Harry Hanna, jr., brother of the bride.

After a short wedding trip to New Mexico the couple will be at home in Canyon where both are students at WTSTC.

MRS. GERMANY SHOWER HONOREE

Mrs. George Germany was named honoree Friday morning at a shower given by Mrs. C. W. Hafer and Mrs. Kenneth Hill in the home of the latter. Pink and blue gifts were presented the honoree.

Mr. Hafer served coffee from a refreshment table centered with an arrangement of kewpie dolls, pink and blue sweetpeas and white candles.

Guests were Meses. L. M. McIlroy, Logan Redford, Terry Redford, Cotton Neely, W. O. Schellinger, Tom Harris, Ted Hardy, Mike Barrett, John Portwood, Krizek, Sawyer Graham, Sam Teague, James Hankins, Jerry Kirschner and Lewis.

Couple Celebrate 57th Wedding Anniversary

Mr. and Mrs. F. E. Walters celebrated their 57th wedding anniversary with a dinner at their home Sunday Aug. 3. The table was laid with the same linen cloth which belonged to Mrs. Walters' mother, that was used for their first wedding dinner fifty seven years ago.

Among the lovely gifts the couple received was a wrist watch presented Mrs. Walters by her children, this being the first time they have all been together since the couple's golden anniversary.

Present were Chester Walters, Houston; Mr. and Mrs. Earl Walters and daughter, Cleburne; Mr. and Mrs. Lorn Walters and family, Mr. and Mrs. C. L. Dickson, Mr. and Mrs. Wilson Dickson and Mrs. R. C. Loyd and daughters, Lubbock; Mr. and Mrs. H. B. Howell and son and Mr. and Mrs. Oran Short, Tahoka; Mrs. W. J. Smith, Hereford; Mrs. F. R. Kyle, Ft. Sumner, N. M.; Mr. and Mrs. G. B. Snodgrass and family, Odessa and Mr. and Mrs. C. E. Brown and family, Socorro, N. M.

LUNCHEON GIVEN HONORING NORMA CARY

A luncheon was given Friday by Eleanor Miller in the home of her parents, Mr. and Mrs. J. D. Miller, honoring Norma Cary, who left this week with her family to make their home in Lubbock. Gifts were presented the honoree as a farewell gesture.

Red dahlias and place cards in the shape of a hand waving farewell made the luncheon table attractive. Places were laid for Naomi Thompson, Hazel Vernon, Mary Wanda Whitney, Jean Garnet, Flo and Wanda Stafford, Jane Weir, Patsy Murry, Norma Jo Boyd, Dolores Gillham, Jacki Allen, Mary Tankersley, Scharlyn Daniell, Jacki DuBose, Chloe Marian Schmidt, Billie Beryl Black, Judy Griffin, Jean Craig, the honoree and hostess.

SHOWER GIVEN FOR PADENS

Thursday afternoon of last week a shower was given in the home of Mrs. Ross Black honoring Mr. and Mrs. Cline Paden. Assistant hostesses were Meses. Jim Nelson, Walter Tomlinson, Pate Collier, John Dick Moorhead, Joe Chisholm, R. L. Bowers and Tommy Hicks.

In the receiving line were Mrs. Black, Mr. and Mrs. Paden, his mother and sister, Patsy of Lubbock. Mrs. Hicks registered the guests.

Summer flowers were used for decoration throughout the reception rooms. Shaded pink and white asters formed the centerpiece for the refreshment table. Patsy Black and Judy Barrow presided at the punch bowl. Eighty guests registered.

Mr. and Mrs. N. R. Butcher and daughters and Mr. and Mrs. Fred Baldwin and children returned Sunday from a weeks vacation at Crede, Colo.

SING-SONG TO BE HELD

The county sing-song will meet at the Union church next Sunday at 3:00 p. m. Everybody is invited to attend.

Midland Lady Here Visiting With Brother

Mrs. A. S. Hawkins, Midland, is here this week, visiting her brother, Will Alf Bell, who has been ailing of late, being confined to his room most of the time. Mrs. Hawkins has been visiting Brownfield occasionally for the past 35 years.

Her husband, the late A. S. Hawkins of Midland, was a prominent west Texas citizen and attorney, and made a mighty good race for the office of lieutenant governor some 35 years ago.

Mrs. Hawkins informed the Herald that she still enjoyed life very much, spending the summers with her garden and flowers, and winters painting.

APPROACHING MARRIAGE ANNOUNCED

Mr. and Mrs. Dewey Seay of Tulia announce the engagement and approaching marriage of their daughter, Betty Jewell, to Mr. Bill Byron Price, son of Mr. and Mrs. William Money Price of Brownfield.

The wedding will be at the First Baptist church in Tulia Octob. 5 at six p. m. with Rev. Sewe officiating.

The announcement was revealed Tuesday morning at a breakfast given by the bride-elect's mother.

BECHTOL SHOWS ARCTIC PICTURES TO LIONS

L. L. Bechtol who has hunted and travelled extensively in the great northwest, showed to the Lions Wednesday at their luncheon, moving pictures of the Alaskan highway and other arctic scenes.

The ice and snow scenes on such a hot day were very interesting.

It's a Whirlwind!

THIS head-hugging beret has caused a whirlwind among the fashion-wise. Named for a breeze—the crisp Mistral winds that blow in the sunny south of France, this snug little Stetson beret is both wind-proof (it never blows off your head) and weather-proof (try wearing it in the rain!) Made of um-m soft fur felt, in eleven different colors, it's perfect for back-to-school, back-to-town, back to anywhere!

FORMAL DANCE GIVEN IN BUTLER HOME

Girl Scout Troop 3 entertained with a formal dance in the home of their leader, Mrs. John Butler, Thursday evening of last week. Mrs. Butler was assisted by Mrs. E. C. Gerstenberger in serving refreshments.

Attending were Bernadine Chapman, Doris Walls, Roxanne Miller, Iva Mae Blair, Carlon Brady, Donnie Boyd, Robert Ferguson, Mike McCord, Tommy Hord and Crawford Burrows.

Ralph Ferguson and Fred Rh-

Mrs. L. V. Lund of Denver, Colo., arrived by plane in Lubbock Thursday where she was met by her parents, Mr. and Mrs. J. C. Hunter, with whom she will visit for the next three weeks. Mrs. Lund will be remembered here as Maxie Hurter.

Dr. and Mrs. W. A. Roberson and Mr. and Mrs. J. T. Bowman were in Hobbs Wednesday evening to attend the formal opening and style show of Paulins Style Shop.

gean of Odessa visited a friend in the Littlefield hospital Sunday.

MERRITT-AUBURG VOWS READ FRIDAY

Miss Josephine Merritt, daughter of Mr. and Mrs. J. W. Merritt and Paul Auburg exchanged vows Friday, Aug. 1 at 11:00 A. M. in the West Side Baptist church. Auburg is the son of Mr. and Mrs. J. T. Auburg.

Rev. Sam Brian read the single ring ceremony. Mrs. Jewel Merritt, of Las Cruces, N. M., sister-in-law of the bride, was matron of honor and Dean Auburg was best man.

The bride wore a dress of white crepe with white accessories. Her corsage was red rosebuds.

Misses Wanell and Gwendolyn Sue Thomason, returned to their home in Queen City, Texas, after an extended visit with their grand parents, Mr. and Mrs. G. M. Thomason.

Mrs. Homer Johnson and children of Kansas City, Kans., are visiting her parents, Mr. and Mrs. G. M. Thomason.

Mr. and Mrs. Jack Walker and son visited friends in Seagraves Sunday.

The couple will be at home at 710 East Hill. Mr. Auburg is employed by the Big Chief Oil Co., of Midland.

## Building Permits Rise Despite Costs

Accelerated building activity earmarked June in Texas despite the existing high level of con-

struction costs, reported The University of Texas Bureau of Business Research.

In many sections of the State, building materials were becoming increasingly available, and rural areas were looking forward to early fall building after the crops are in. Increased costs, especially for plumbing, plastering and bricklaying do tend to put the damper on new building projects, but prospects for the future seem to include an easing up in prices for homes and lots.

June permits reached a total of \$26,417,307 to register a 30 per cent gain over May permits, compared to a May-to-June hike of only 7 per cent in 1946. A 48 per cent increase was racked up over June 1946 permits, as cities mapped definite building programs to take care of the backlog, especially in rental construction. In most sections the accent seems to be on building family units.

Compared with June 1946, 19 Texas cities felt building permits slump, but all other towns recorded gains, with many seeing permits more than double during the 12 months.

Seventy-two per cent of the nation's 1947 corn acreage is seed-

## Heart Disease Again Top Cause of Death In 1946

Heart disease was the leading cause of death among life insurance policyholders in 1946, accounting for one-third of all deaths in the year, the Institute of Life Insurance reports. More than 400,000 life insurance policies were paid as claims for heart disease deaths last year. This was more than twice the number paid as claims for deaths resulting from cancer, the second largest cause of death during the year among policyholders.

Notwithstanding an increase in the death toll of these two diseases, the 1946 death rate among ordinary policyholders showed a decline to 689.3 per 100,000 compared with 714.5 in 1941. The death rate among owners of industrial life insurance policies, the weekly payment, small unit type usually issued without medical examination, was much higher than among ordinary life policyholders. The 1946 rate for industrial policyholders was 768.5 per 100,000, a decline from 787.5 in 1941.

ed with hybrid corn.

## Put The "B" On Bang's Disease

All Texas cattle that are tested for Bang's disease and found infected must be branded on the left jaw with the letter "B" and reported to the Texas Livestock Sanitary Commission, to conform with House Bill 525, recently made law by the State Legislature.

Dr. E. A. Grist, veterinarian of the Texas A and M College Extension Service, explains that it is now the duty of the veterinarians who do Bang's testing to place the brand on cows that react positively to the disease. A penalty will be fixed up on any person who refuses to allow the branding, or who sells or disposes of cattle for milk purposes when he knows them to be infected.

The branding of Bang's-infected cow will enable better control of the disease, says Doctor Grist, since control measure must be planned on the basis of individual herd problems.

In the fiscal year, September 1944 to August 1945, 133,891 head of cattle were tested for Bang's disease in Texas, with 9,435 showing up infected. Many of

## Explains What The Taft-Hartley Bill Provides

Commenting on the Taft-Hartley labor bill, Representative R. W. Gwinn said: "The framers of this bill of rights for labor believe that when union men take back their own unions and manage them for themselves without fear of management or labor bosses, industrial peace will come. That is the hope in the return of freedom under this bill."

That is a sound statement—and a sound definition of the purposes of the bill. It precisely stipulates that union members have the right to know how much money their union has and what it is used for. They have the right to choose their union officers by secret ballot in free elections. They have the right to select as their bargaining agent the union they want—not a union that is forced on them. They have the right to a fair hearing, before an impartial board, whenever they may believe that either the employer or the union is discriminating against them.

The bill does not deprive labor of any right which is consistent with American principles and the public welfare. It does, on the other hand, reaffirm that the individual worker has basic and vitally important rights of which he cannot be deprived by either unions or industry. It is aimed straight at the union racketeer boss—and at the exploiting employer as well.

The measure is in the interest of the rank and file—the millions of men and women who make up America's working force. It may not be perfect. It may need early revision in some parti-

## Our Soil Waste Means Starvation

Unless the destruction of our soil is stopped within the next 20 years or so, we'll all be doomed to slow starvation, according to P. Schuyler Miller of the Adult Education Department of the Schenectady Public Schools. He spoke at the General Electric Science Forum.

The six-inch topsoil margin between plenty and starvation is shrinking fast here in the United States, as it is in most parts of the world, Mr. Miller pointed out in the broadcast.

## Farmers Co-Op Gin Expects Big Run

Our roving reporter pulled (another) boner last week when he failed to include the two Farmers Co-op gins in the list, though data in hand.

The Co-ops own and operate the first two gins, just west of the railroad, one of them being the only one that ran last year, turning out 370 bales. They are doing general overhaul jobs, placing many new parts in the machinery. Also anticipating a seasonal flood of cotton.

They are building considerable more cotton storage. Johnny Criswell is general manager with Nathan Evans, bookkeeper.

Mr. and Mrs. Ross McDonald of Altus, Okla., were recent guests of their daughter and her husband Mr. and Mrs. Tom Harris. Mr. and Mrs. W. L. Harris, also of Altus were week end guests in the Harris home and Mr. and Mrs. Guy Walker.

Eleven and one half million people were working on farms in the United States on July 1. Farm wage rates average \$114 per month, without-board.

But it is based upon the sound principle that free labor must be safely guarded—and that the intolerable abuses of power of some labor leaders, no less than some employers, must be stopped.

## Mahon Named On Committee To Visit Europe

The Associated Press reported last Wednesday that Rep. George Mahon has been appointed on a committee of 19 congressmen to make an extensive tour of Europe this Summer. Mahon was the only Texan to be selected on the committee.

Selection of the West Texan was probably made because of the important role he has played as a member of the House Appropriations committee.

Mahon was quoted as saying that he expects to visit his home district before departing on the trip Aug. 27. He will also spend some time in Texas after his return from Europe.

Chief purpose of the inspection trip will be to make a study of European conditions and to determine the amount of US aid the European countries will need in the future.

The committee will make progress reports during the trip and will compile an over-all report when they return. These reports will be used in devising a United States policy on foreign relief for the future.

## Czechs Change Cigarette Type

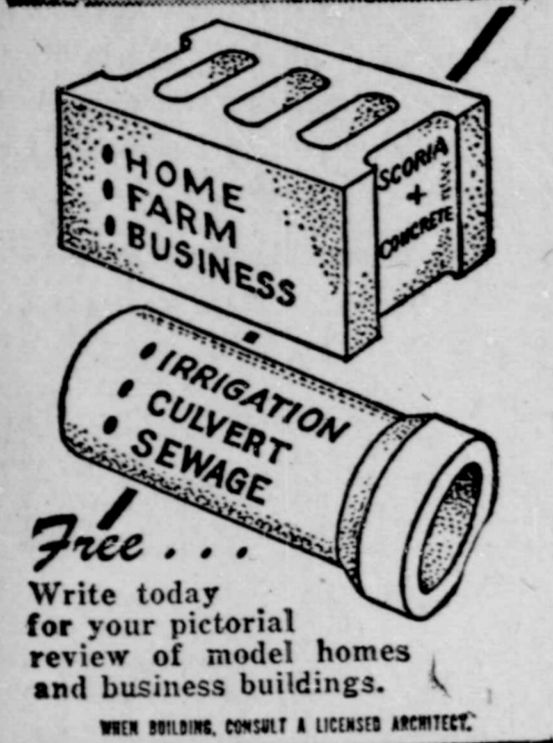

PRAGUE — Czechoslovakia has come out with a new brand of cigarette—the Star—but someone decided on last minute changes in its star spangled banner design.

In introductory sale the Czech tobacco monopoly, a nationalized industry, put out the Star in a fancy pack proclaiming it an American type cigarette. There was a blue-outline star like that on the American planes and tanks. Underneath were red and white stripes.

Now the pack is plain white. Gone is the "American type tobacco" line. And gone are the blue star and the red and white stripes.

## 3 HARVEST SEASONS every year Spring—Summer—Fall

### with the ALL-CROP HARVESTER "SUCCESSOR TO THE BINDER"

Risking your whole year's work and investment in a single crop is no longer necessary.

The All-Crop Harvester handles a wide variety of crops that mature at intervals from spring till snow flies. You have money coming in during three seasons instead of one.

Early clovers and grasses open the harvest season in late spring and early summer... followed by summer-ripening grains... then fall seed crops, sorghums and soybeans.

This one home-owned machine harvests them all.

The All-Crop Harvester's wide, rubber-faced bar cylinder with its finger-tip speed control gives you a choice of over 100 crops. Crops that not only diversify your income but improve the fertility and productivity of your entire farm.

Many legume and grass seeds qualify for the 1947 conservation payments of \$3.50 per acre. Market prices per bushel are also excellent for most seeds.

**GOMEZ NEWS**

Mrs. W. H. Allen of Richmond, Calif., is here visiting in the home of her sister, Mrs. W. B. Paschal. Mr. and Mrs. M. T. Turner and daughter of Eunice, N. M., spent the week end visiting with her sister, Mrs. Alfred Little and family.

Mr. and Mrs. J. E. Lindley of Springville, Ariz., spent the week end with their niece, Mrs. Tyler Martin and family.

Mr. and Mrs. R. W. Hale of Brownfield spent Sunday in the home of her parents, Mr. and Mrs. Wes Key.

Miss Danaune Guest who has been visiting her grandmother, Mrs. J. A. Guest left Thursday to visit her grandfather in Dallas. From there she will go to Memphis, Tenn., to visit her great grandmother.

Miss Maxine King, daughter of Mr. and Mrs. E. L. King was married Sunday in Plainview.

Mr. and Mrs. A. E. Fletcher and children visited Sunday with her parents, Mr. and Mrs. John Timmons of New Home.

Mr. and Mrs. Raymond Barrier and daughter of Dallas are here visiting Mrs. Barrier's mother, Mrs. M. B. Sawyer. Their daughter, Rhoda Ann left Tuesday with the Tillman Stitts to visit in their home in Miami Springs, Fla.

Mr. and Mrs. Virgil Sparkman of Denver City visited Sunday in the home of his uncle, Rev. and Mrs. W. T. Sparkman.

Miss Geraldine Lindsey of Brownfield visited Sunday in the home of Mr. and Mrs. E. H. Farrow.

Jack Key, son of Mr. and Mrs. Doc Key suffered severely mangled finger on his left hand Tuesday afternoon when he caught his hand in the chain of a motor bike. Several stitches were taken at the local hospital. It is feared the finger may have to be removed.

Good crowds are attending the revival at Gomez Baptist church only a few more services as the meeting will close Sunday night.

Goal of 133 in Sunday school has been set for next Sunday. Everyone has a cordial invitation to attend.

**Elder Liff Sanders Makes Short Call**

Elder Liff Sanders, one of the first Church of Christ ministers to come to the south Plains way back in the early nineties, was a caller at the Herald office, Monday, as well as with other old timers here. Elder Liff first came to Lockney and later to Lubbock when that infant city was laid out.

He had been to Seminole to pinch hit there until they get another minister, he stated. He held the first meeting for the church here when it was meeting in the district court room of the old court house, but the revival was held under the trees in the courtyard on make-shift benches. But people went to preaching those days, even if they had to sit on the ground.

Later, what is now known as the Broadway congregation at Lubbock supported him in monthly visits with the infant and struggling congregation here, with what

**PLAINS NEWS**

Mr. and Mrs. A. D. Shores and children of Wilson spent Saturday night and Sunday here with her sister Mr. and Mrs. Kit Morris.

Mr. and Mrs. S. A. Bowers were in Morton and Lubbock visiting Sunday.

Mrs. Noama Anderson and daughter of Lovington visited her aunt, Mrs. Till W. Read a few days last week.

Mrs. J. W. Riddle and children and Mrs. Lonnie Johnston were shopping in Brownfield Monday.

Mrs. Sallie Forrest and Harold visited their daughter and sister in Odessa last Tuesday.

Mr. and Mrs. S. S. Jobs are in El Paso this week where Mr. Jobs is attending a football convention.

little they could do themselves. It was he that preached the first sermon in the present building at Main and Third, and we think it would be a distinct and deserving honor for the church to invite this pioneer minister to deliver the first sermon in the splendid Crescent Heights plant.

**AUGUST SPOTLIGHT VALUES!**

**OUR STORE IS FULL OF Furniture You Like To Buy For Your Home!**

Ordinarily, when a store is in the act of doing some remodeling, as we are at the present time, there is little incentive to advertise your wares, but we can't resist the temptation to advertise this week because we have so much in our store that you should see—and buy if need be. In all departments of our furniture lines which includes bedroom, dining room and living room furniture, we have so much for you to see that we hope you will heed our call and drop in for a look around our store. It is furniture that has been arriving for the past few weeks and incorporates modern—ultra modern—period and colonial design. Every department is bountifully supplied with furniture. So why not drop in and consult us about plans for furnishing your new house—a spare room perhaps—or just an extra piece for one of the rooms. We will be glad to wait upon you.
