Car Transfers Must Be Filed At Once

Tax Collector Herbert Chesshir, called attention again to the new law that requires all transfers of title to new and used cars to be filed in his office within ten days after sale. While the law is in effect now because of so much misunderstanding, the State Department has set Nov. 1st, as a dead line after which the law automatically assesses a penalty.

All persons buying cars are urged to confer with the Tax-Collector about his title. This applies to all cars purchased after June 12, 1947.

The Low Down From Hickory Grove

What this country could use more of is some number one table pounders to offset the brassy and obnoxious gents who have wormed their way to the top floor in the Labor Temple. We don't seem to have quite enough folks in the Govt. who savvy that these labor gents who talk loud and threatening, seldom, if ever, represent a majority of the workers, or control their votes.

We been electing folks who talk pretty good, sensible, but when they once put their foot on the soil of the Big-town-by-the-river, they develop chills as the Big Noises in labor stride in and bang the table. These new congressmen, they don't bang the table right back. They should.

I am not against congressmen—we gotta have same. That is how our Govt. is set up. It is okay. Al-

Facts About The Meadow School

This is the last of a series of articles giving information about the Meadow school.

The custodian of the building is Mr. L. A. Leeth. His assistant is Mr. Billy Kennedy.

The Bus drivers are W. E. Reisdorph, Mrs. Inez White, Billy Kennedy, L. A. Leeth and Mrs. Burl Smith.

Mr. and Mrs. Philip Thompson are in Fort Worth this week. Mr. Thompson is attending a refrigerator school and she is visiting friends.

so, I am trying to help. So any congressman perusing this essay, if he chooses to run again sometime, I give him this hint—to-wit, read what happened over there recent-like in the Old Keystone state where a young fellow got h'mself elected to the U. S. Congress, on his record of backing up a state labor law that is fair for both sides. Even-stephen for the boss and for the worker—that is what the voters said they wanted. Simple, isn't it—and it clicked—the young feller is now a Congressman.

Yours with the low down,
JO SERRA.

PROUDEST BOY IN TEXAS this week is Stuart Henderson of Hyman, Mitchell County, shown here with his Hereford steer which was judged Grand Champion of the Junior Livestock Show at the State Fair of Texas. More than 40,000 4-H Club boys and girls, Future Farmers and Future Homemakers were on hand for opening day events, biggest gathering of its kind ever held in the Southwest.

"LOON" EXPERIMENT

The above photo shows the Navy experimenting with the "Loon," a radiocontrolled, jet-powered guided missile copied from the original German designs. Killing Off Big Game For Fun Of It

Maybe it's because I am getting old, but every time I see headlines from that Lubbock hunting expedition in Africa it slightly nauseates me.

The object is evidently to get publicity for a big shot contractor up there who wouldn't have what it takes to get notoriety any other way.

If shooting and killing giant elephants, zebras and other lumbering unmissable targets is sport when I'm wrong about what I always thought the word butchery meant.—Pirouetting in the Seminole Sentinel.

Well said, Editor Watson, and if that kind of stuff is sportsmanship, then just wink us out. By the way, speaking of contractors, we see where a lot of he "cost plus ten per cent" boys are going to be called up for investigation, and the Lubbock Huntsman may get back just in time for the quiz.

Mrs. Joe Howton and Miss Lois McKinney of Wellman, were Brownfield visitors Monday.

Baker Comes Thru With Roasting Ears

The Herald has been pestering our good friend, A. L. Baker of the Wellman community all year about some roasting ears. Well, he came wagging them in last week, way up in October. We had given out getting any roasting ears from that source, months ago.

Reason: Heretofore, A. L. has always been the early bird with his roasting ears, instead of the "last bird of summer." Along early in the spring in the good old days before it quit knowing how to rain in this section of grand old Texas, A. L. would have roasting ears along about May, generally.

Well sir, old friend, we want to assure you that you corn tastes just as good in October as in May

Mrs. Sallie Limer of Long Beach, Calif., who is here visiting her sister, Mrs. A. J. Stricklin, spent a few days this week visiting the U. D. Sawyers in Crossroads and the Jack Tiermans in Lovington, N. M.

A SMALL BUT DELIGHTFUL ALL-GAS KITCHEN

IN KEEPING WITH THE TREND toward smaller, more compact homes, we present above one of the nicest kitchen designs we have seen. Though small, it's a delightfully efficient and beautiful room.

Some of its features are: a charming breakfast corner, a panel of block glass behind the marvelous automatic Gas range, a deep double sink, a cutlery rack, and plenty of storage space including a crisp cabinet above the big economical Gas refrigerator. In cabinet above range is a concealed blower which whisks away to the outside all greasy vapors and cooking odors. A big automatic Gas water heater furnishes an abundance of hot water for all kitchen and other home needs.

If you are planning to build or remodel, you'll want to figure a modern All-Gas Kitchen right into your plans! For new Gas appliances, please see your dealer.

Hydraulic Lift Implements

OPERATE AT A FINGER'S TOUCH

At the touch of a lever, oil pressure in the hydraulic system instantly lifts or lowers either bottom of the two-way plow pictured above. All furrows are turned in the same direction — uphill — forming miniature terraces to catch and hold moisture, reduce leaching and erosion. Dead furrows and back furrows are eliminated. . . . This is an example of how Allis-Chalmers tractor-mounted mold-board or disc plows and new field cultivators—all with hydraulic control — can give a life-saving lift to your land this fall

Girl Scout Troop Organized In Wellman

A very interesting round table meeting and discussion was held at the Wellman library Tuesday evening at which time a definite

plan was made to organize Girl Scout troops at Wellman. The meeting was attended by Mr. and Mrs. R. C. Meyers and Mr. and Mrs. Jack Griggs, of Brownfield. Miss Melvina Jarratt, of Lubbock had charge of the meeting, explaining different phases of Scout work and problems of troop leaders and officers.

Mrs. Meyers also helped explain Scout work and her exper-

iences in Scouting. She has been active in the organization for 20 years and proudly displayed her twenty-year pin, a lovely lapel model of yellow gold.

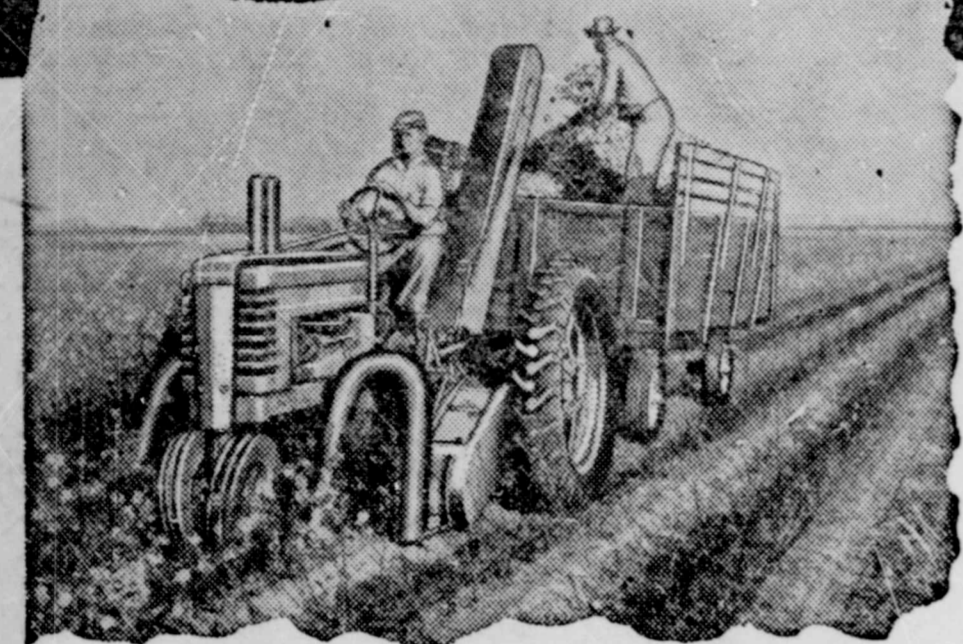

The following troop leaders were chosen for intermediate Scouts; Mrs. Harmon Scales, Mrs. Horace Fox and Mrs. A. L. Christopher. For the Brownies; Mrs. J. O. Phillips, Mrs. J. R. Thomas and Mrs. Miller Rich.

The first meeting will be held Friday morning at 10:00 o'clock at the Wellman school. On Tuesday night, Oct. 21, a movie showing activities of Girl Scouts and their work will be shown in the high school auditorium. At this time more leaders will be selected.

A program featuring the Night Riders, a musical group will also be given at that time. All parents of the Wellman community are urged to be present and help in this worthy program of Scout work.

Also on Halloween night a car-

nival is scheduled to raise funds for the Girl Scouts of Wellman. This program is sponsored by the leaders and mothers of the Scouts. The carnival will be given at the high school auditorium and is to be jointly sponsored by the school faculty of which Mr. J. T. Jones is superintendent.

Harvesting cotton in a *once-over operation* is the short cut to bigger profits. Get this advantage by stripping and delivering cotton, two rows at a time, with a labor-saving John Deere No. 15 Cotton Harvester.

Designed to work with the John Deere "A" and "B" Tractors, the No. 15 is a simple, sturdy, long-lived machine that does a fast, efficient job of saving bolls after the cotton plants have been killed by frost. Many gin operators state that cotton stripped by the John Deere is cleaner than that pulled by the average hand puller.

This year, to make short work of your cotton harvest—use a John Deere Cotton Harvester. See us for complete information the next time you're in town.

BIG GUNS SPEAK FOR RESERVISTS

With hundreds of Naval Reservists aboard for a two-week cruise, the USS Wisconsin, Pacific veteran of World War II, demonstrates the might of her rifles as she plows over a peacetime Atlantic in the Navy's ceaseless program of personnel training. A participant in all the Pacific operations of 1945, the "Wiskey" has been one of the principal units employed for the schooling of Reservists since the end of the war. (Official U. S. Group To El Paso For Masonic Meeting

In El Paso last week to attend the fall reunion of the Scottish Rite order of the Masonic lodge and to take the 32nd degree were Tom Crawford, H. B. Willingham, C. L. Aven, Dr. Gordon E. Richardson, Clovis Kendrick, city and Cecil Bickley of Denver City. Kendrick and Richardson returned Monday night and the others came in Thursday.

Mr. and Mrs. Jack Tiernan of Lovington spent Sunday visiting her parents, Mr. and Mrs. W. T. Briscoe of the Lahey community and his mother, Mrs. George Tiernan.

Mr. and Mrs. M. G. Tarpley and Jerry Don Huckabee spent the week end in Abilene with their daughter and her husband, Mr. and Mrs. Milton Hughes.

LABOR CAMP RUSHED TO COMPLETION

The two-acre labor camp located on the Levelland highway is being rushed to completion this week. The camp was established by the City and County for use of the much needed farm laborers.

The camp consists of two large army barracks divided into 13 apartments, each large enough to accommodate several persons, a cafe and barber shop equipped with hot water, electricity and butane makes the camp a fine temporary home for the laborers.

Water is obtained from a well on the acreage equipped with an automatic pump. Spacious parking grounds surround the project. There are several families already moved in.

LOUIS HAVRAN AGAIN OPERATING OWN SHOP

Completely remodeled and re-decorated, the Havran Cleaners is once more operated by Louis Havran, who took over from the lessee recently.

He is ably assisted by Mrs. Havran and has installed new spotting boards, new tumblers and a new cleaning machine. In fact all of the equipment is either new or has been completely overhauled and reconditioned, making this one of the most modern plants in the county.

BROTHER MANAGERS WORK FOR KNIGHT CO.

Earl Denton began work with the J. B. Knight hardware here way back before our unpleasant relations with Japan and Germany started. Earl was called out for a hitch with Uncle Sam but returned and was again made manager of the store here.

Some two years ago, the J. B. Knight firm put in a hardware and furniture store in Seminole, and Earl was sent to take over the management of this fine store, and we understand is doing a fine business.

Harold Denton has some hardware training before the war, and after his rap with the USA forces he returned, and when his brother was sent to Seminole, Mr. Knight made him manager of the hardware store here.

And Harold is making good too, but he has a fine personnel in that store who are really co-operating with him.

BEVERS BUYS FORMER BAILEY STATION

H. D. Bevers, who formerly ran a super service station in Kingsville, announced to this paper Monday that he had purchased the Conoco Station at Main and Lubbock Road from L. D. Bailey.

Mr. Bevers, who was recently connected with the Parker Drilling Co., said that he intended keeping the same staff, headed by "Que" Rose. The station will continue with Conoco products.

Mr. and Mrs. Burdette Auburg and daughters, of Levelland spent Sunday with his parents, Mr. and Mrs. J. T. Auburg. Burdette is now employed at the Latham, House Dry Goods store.

Storm Proof Cotton Proves Its Worth

Superiority of storm proof cotton varieties were graphically demonstrated on the Texas Technological College farm during a recent severe thunderstorm, according to Dr. A. W. Young, head of the college plant industry department.

Driving rain over a brief period caused heavy damage to open cotton of the ordinary varieties, but bolls grown from improved storm proof seed, developed recently by the agricultural experiment station at Lubbock, showed

virtually no damage. Dr. Young stated. Principal advantage of planting storm proof cotton is that farmers will be able to wait until all bolls in the field are open and then harvest with machines, thus saving themselves money as well as labor problems, he said. The Lubbock station distributed small amounts of the new improved seed last year for production of seed blocks, Dr. Young said, and interested parties can find out where to obtain seed of these varieties by contacting the experiment station.

Union News

The Union school took up again Monday after a few days recess. They are now turning out early each day to allow the pupils to help with harvesting crops.

The new pastor of the local church, Rev. B. H. Baldwin, filled the pulpit Sunday and Sunday night. Church days now are the first and third Sundays.

The following young people of this community enjoyed a skating party at Lubbock on Thursday night of last week: Misses Thelma Bearden, Marilee and Gladys Ruth Shepherd and their escorts, Alton Garner, Bill Shults and Lester Decker.

The H D Club met Thursday with Mrs. Cornett. The county fair was discussed and delicious refreshments were served to eleven ladies. The next meeting is to be an all day affair and will begin in the home of the living room demonstrator, Ethel Montgomery. This is to be achievement day and will be Thursday November 6.

Mrs. A. B. Cornett honored Mrs. Lon Howard with a pink and blue shower Thursday. Mrs. Howard received many nice and useful gifts.

Lester Decker was honored with a birthday dinner on his 19th birthday in the home of Mr. and Mrs. James Shepherd of Brownfield. Those present to enjoy the affair were: Mr. and Mrs. Woodie Inman, Brownfield; Misses Thelma Bearden, Marilee Shepherd, Gladys Shepherd and Mr. Alton Garner, Mr. Bill Shults and the honoree, all of this community. The host and hostess' little son, Jimmy was also present.

The second and fourth Sunday nights are regular singing nights. Everyone is invited to come out next Sunday night and help sing. Friends and neighbors dropped in at the Decker home Monday night to help devour a chicken supper and Mrs. Decker's birthday cake.

The singing convention which met at the Foster church was well attended and some good singing was enjoyed. The next convention will be the third Sunday in January. At this time an all day singing will convene at Wellman.

Dene Brown, student at Tech, visited in the home of Mr. and Mrs. J. P. Miller Sunday.

ROCKET LAUNCHING MARKS NEW ERA IN NAVAL WEAPONS

Marking "the beginning of a new era in Naval weapons," the United States Navy fired a captured German V-2 rocket from the flight deck of the 45,000 ton aircraft carrier USS Midway on September 6, 1947. This was the first time in history such a bombardment rocket has been launched from ships or a moving platform. The primary purpose of the experiment, held at sea several hundred miles off the East Coast of the United States, was to ascertain if large bombardment rockets could be fired off modern aircraft carriers without modifications affecting flight operations. The rocket traveled six miles and exploded. (Official U. S. Navy Photograph)

Mr. and Mrs. Jack Browder and daughter, Phola Jean and Kenneth Threet were in Tatum on business Sunday.

Tom Adams, student at Hardin Simmons in Abilene, spent the week end here with his parents, Mr. and Mrs. Will Adams.

Mrs. D. W. Lang visited her mother, Mrs. J. H. Forsythe and her sister, Mrs. B. Walker in Big Spring over the week end.

Just Nosing Around

Again we repeat, the Herald is not responsible for the eyewash contained in this column. All opinions belong to the author. Editors' Note.

Though sure I'd get fired over last week's column, but here I am again, grinding out the old pillar. Good thing competent help is hard to get.

Pushed my schnozzle around Lubbock all Saturday P. M. and outside of having more of it, they don't have a thing that Brownfield hasn't. Went up for some art supplies and couldn't find a good camel or sable brush in town. Help, Help!

That bunch of Jaycees selling tickets are sure on their toes. Really had me trapped, too. They set up business over by J. B. Knight Hardware, just to catch me as I went to and from the office. Got blisters on my feet from walking way around the square to avoid 'em. Finally got wise and gave the boys a buck for permission to use that side of the street. No fooling, tho, those fellows have been working hard, so when you get to the fair, get that dollar out and plunk it down.

From all reports everyone had a jug-full of fun while watching Brownfield trip Big Spring last

Friday.

You know—Simon Legree (the boss) is a pretty good fellow at that. Was just thinking, he's been putting up with everything around here with guys like ye author for over 38 years and he still has grand sense of humor and believes that America has a future. I just wonder if you-all (goin' Western now) really appreciate him the way you should.

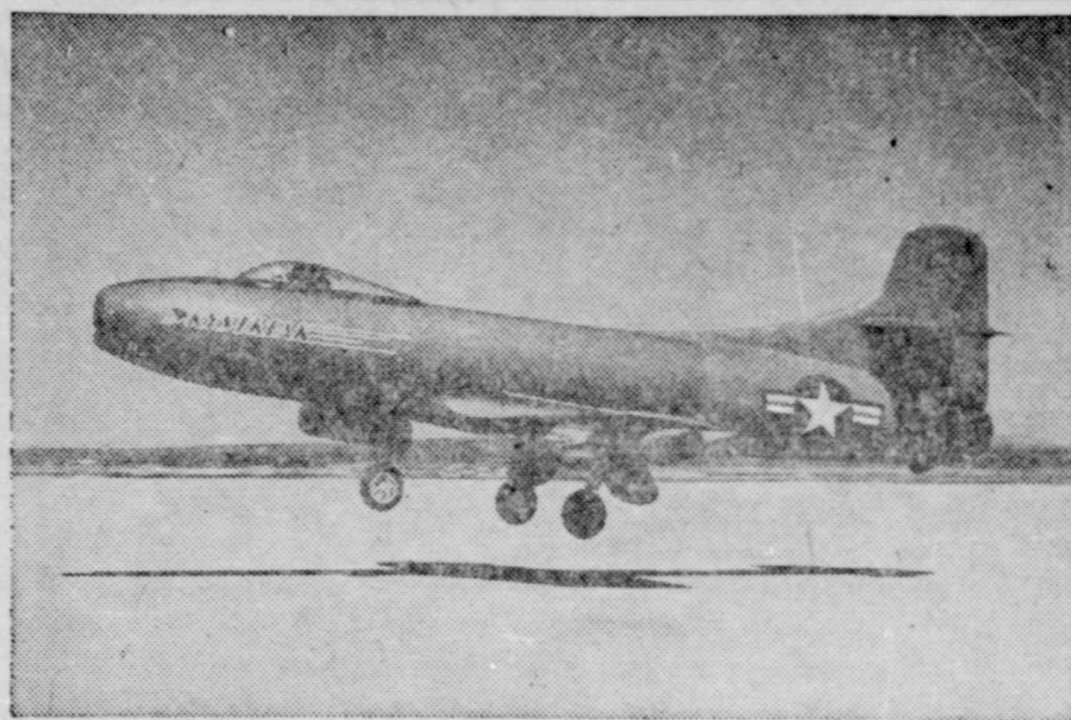

Oh! My aching back! Saw a cotton picker's check that ran well over a C-note for five and one-half days work.—Mucho dinero, Amigos.

That Shelton Shop is really on-the-ball. Best selection of Ladies Wear I've seen in many a moon. Up to the minute styles that would put many a Dallas shop to shame. And—this isn't a plug just because I got a nice ad last week either. Mrs. Shelton knows her merchandise.

You know that service station up on Main and Lubbock Road—the one that used to belong to Bailey? Well, it changed hands last week. A likable young fellow by the name of H. D. Bevers bought it. He's a friendly sort, so why not drop in and say "Hello."

Wonder if all the chefs in town went to the same school? They all make cream gravy—cream gravy on fried chicken—cream gravy on steaks, on chops, on sausage—they even dump it all over my salad. Guess it's pretty handy stuff to have around, but

SKYSTREAKS TO RECORD

The Navy captured the world's speed record in August, 1947, and five days later, broke it with the jet-propelled "Skystreak," shown above. Piloted by Comdr. Turner E. Caldwell, Jr., USN, the plane flew 640.7 miles per hour in the first test at Muroc Field, Calif. Within a week Maj. Marion Carl, USMC, set a new mark of 650.6 miles per hour in the same plane.

Mrs. Jack Neil and her niece Susanne Hoefs, of Oklahoma City are visiting Mrs. Neil's mother, Mrs. Claude Patrick.

Mmes. Jack Bailey, Harold Crites and R. N. McClain visited Mrs. Crites' sister, Mrs. Robert Murray in Dallas.

Mr. and Mrs. Bill Heflin and her parents, Mr. and Mrs. Thrasher, of Longview were in El Paso the first of the week.

Mr. and Mrs. Charles Donley and son were among the fans at the Tech-Baylor game in Lubbock Saturday.

Mr. and Mrs. Elmer Brownlee and Mrs. Frank Weir and daughter, Nancy were in Denton visiting their daughters over the week end. Mr. and Mrs. Brownlee also visited in Fort Worth and attended the State Fair in Dallas. Mrs. Weir and Nancy returned Wednesday with the Lathams. While there she took her daughter, Jane to Fort Worth to go through the Weir clinic.

Mr. and Mrs. Jess Harris of Comanche were here over the week end visiting Mrs. Harris daughters and their families, Mrs. Roy Collier, Mrs. Vern Ellis and Mrs. L. O. Lewis.

I should think they could get more for it if they sold it to paper-hangers for sticking down wallpaper.

Have you noticed the new series of cartoon ads that Portwood Motor Co., is now running in the Herald? Watch for "Speedy" every week.

Apologies to the Karr boys and Bill Powers. We had to leave out last week's announcement of your opening the Steak House, for lack of space. Had a steak there Saturday and it was swell.

Brownfield will have a new florist in about six weeks. Can't tell you the name now, but the building is already started in a good location.

Want a treat? Well, the J&J Cafe just reopened. Run by a nice couple—Mr. and Mrs. O. E. Cline, and believe me, their Mexican food is tops.

Christmas is going to sneak up on us before we realize it this year. What with fairs, carnivals, circus, Harvest Holiday and all, we haven't had much time to think about the big holiday—but, it still falls on December 25th and there's lots to be done before then.

That slogan "Elect a Farmer's Daughter" must be paying off. Notice that farmer's daughter, Arnita Lucas made the biggest gain in the Harvest Queen contest last week. Met her charming mother and can well understand why Arnita has garnered the votes.

Brownfield has most of the things a city should have—except sidewalks. Why, unless they ride do its citizens have to wade around in dust up to their ankles?

Sign of normal times. Thad Rinsinger and Ward Pierce, co-owners of the Brownfield Laundry told me that the laundry had resumed free pick-up and delivery. That's worth phoning for, gals. The number is still 104.

While on the subject of business service—the Brownfield State Bank has a loan plan that's a lulu. Many merchants and dealers will soon be featuring it as their time payment plan.

Brownfield has a real booster in Jeff Farley. See him all over town, working for the Lions, or the Jaycees on whatever needs doing. Always has a smile and good word. The sort of citizen every town needs more of.

Mr. and Mrs. Lee Disher and Mr. and Mrs. Clayton Leonard and son Danny, of Clemmans, N. C., returned to their homes Wednesday after a weeks visit here with the Earl and R. A. Bradleys. Mr. Leonard and R. A. Bradley were buddies while in the service. While the visitors were here Mr. Bradley and his wife escorted them on a trip to Carizozo, where they visited another Buddy, Ward Hobbs, Juarez, El Paso and Carlsbad Caverns.

Mrs. M. V. Brownfield and her sister, Mrs. Gertrude Hubby of Lubbock visited Mr. and Mrs. J. J. Youngblood Thursday of last week. They have been spending the summer in Ruidoso but will soon return to Lubbock for the winter months.

Mr. and Mrs. Charlie Doyle, Mr. and Mrs. Herman Kulman, of Frederick, Okla. Charles Bish and Richard Hutchins, of Hobart, Oklahoma, were week end guests of Mr. and Mrs. C. P. Bish.

Mrs. Joe Shelton was in Fort Worth and Dallas the first part of the week attending market. Mr. Shelton and the children took her as far as Cisco where they spent the week end with Mr. Shelton's parents.

Mr. and Mrs. Carol Collier and end here with his parents, Mr. son, of Abilene spent the week and Mrs. Roy Collier.

Food Handlers Exams Every Six Months

Physical examinations for drink and food handlers is required every six months, a spokesman for the South Plains Health Unit said today.

Each physician in the SPHU area is supplied with physical forms that is required for the examination, after individual receives their physical examination the person delivers this form to the Local Health Office, signs his name on certificate card.

The Director of Health Unit will check physical examination form and a certificate will be issued if person passes the physical

Mrs. Harve Harris Undergoes Operation

Had a letter this week from our old friend, H. H. (Harve) Harris of the Bronco section, stating that he and wife took plane about October 1, and after a weeks examination at Mayo Bros. clinic, Mrs. Harris was operated on Oct. 8th. and is doing nicely.

Mr. Harris also had a check up of himself while up there, and found he was OK. He states they sure have the medical staff and equipment up there at Mayo clinic to do the work, and that it is a far cry from pioneer days.

Harve says they have a fine climate and a pretty country around Rochester, Minn., and as soon as Mrs. Harris is able to travel, they will return home by plane.

Local Youth Cheer Leader At WTSC

The following was taken from a recent issue of official publication of the West Texas State Teachers college at Canyon, Texas:

"One of the best coordinated pieces of work we have seen at West Texas, in several years, is the energetic performance of the school's six new cheer leaders. They look good together, and what is more important, they have that rare combination of rhythm and timing that makes their yell directing outstanding, especially for so short a time as they have had to plan routine."

"We are looking for quite a bit of help from these six, and don't think we'll be disappointed. They have already begun to collect funds for new uniforms, which they will wear this year, and on down to succeeding generations of cheer leaders."

"We believe that W. T. made no mistake in choosing Bates, Coker, Hagemier, Dalton, Hall and Landrum to direct the school's cheering section."

Claude McClung Here Last Week

It had been several years since the writer had seen Claude McClung, Evangelist, of Fort Worth, until one day last week. Claude held two very successful meetings here for the Church of Christ back in the twenties, twenty odd additions in one and forty odd in the other. He has always made his home in Fort Worth or Arlington.

His visit was to see his Uncle, W. G. Hardin, who with Mrs. Hardin and daughter, Kathleen, are visiting in Port Arthur. So he just made a short visit at the Herald office and with Joe Hardin at Knight Hardware.

He and Mrs. McClung are visiting their son-in-law and daughter, Mr. and Mrs. Carl Spain, of Lubbock. Carl heads the new Bible Chair at Tech college sponsored by the Broadway church in Lubbock. We had some old time laughs with Claude.

SHORT STORY
Mrs. Halligan Expects
By
M. J. COLLINS

A NASTY spring blizzard whipped over the county from the east, then swung around into the west and came charging back with a cold viciousness. Every road in the county was smothered in white oblivion. We were gathered around the huge box stove in Jed's general store. A bunch of old coots were there, swapping tall tales and reminiscing about other storms.

"She's a gosh almighty blow." Old Enoch Silton took his pipe out of his mouth. "Sure raising hob with everything. Hate to be livin' on a back road and get sick."

"I'll say," Frank Hayes agreed. "You'd be hard put to get a doctor in now. This'd be about the time Mrs. Halligan would have another baby. Seems to me she always has them at just about the worst time of the year."

"The Halligans got too many kids." Old Enoch growled as if it were a personal affront. "They're running around like rabbits."

"Say, listen!" Frank Hayes exclaimed. "I hear sleigh bells." Sure enough we heard them above the storm.

"That's Curt Evans from up Halligan's way," I said as the man hollered "Whoa!" to the heaving, sweating team. We noticed a large bundle of blankets and covers in the back of the sleigh.

"Here's a list of groceries," Curt handed a slip of paper to Jed. He pulled up a chair and sat down, rolling himself a fat cigarette.

"Mrs. Halligan expectin'?" Frank opened the conversation cautiously. Curt is a big fellow, sort of saturnine. He lives all alone and you can never quite tell how he's going to take your questions.

Curt finally nodded. "Old man Halligan's sort of put out about it too. Says something always goes wrong with their figgerin'. He was hoping to have a spell of nice weather and now he's laid up with the flu."

"How many kids they got now?" Old Enoch growled. "Ten or eleven?"

Curt started counting them off on his fingers. "Edith, Judy, Ray—," and so on, "I don't know," he finally admitted.

The Halligan farm is next to Curt's so if anyone should know how many little Halligans there are, Curt's the man.

WE FIGURED he had come down to meet the train, it generally got to the village about twenty. Old Doc Horner would be aboard and Curt would drive him out to the Halligan's place swathed in the blankets we'd noticed in the sleigh.

Jed phoned across to the station and was told the train would be half an hour late.

Curt relaxed again. He had been getting ready to go and harness the

You can never quite tell how Curt is going to take your questions.

horses in order to have them all set when the train arrived.

The talk went right back to babies. You would have been surprised to hear we knew so much about the subject.

"Think you'll have any trouble getting back over the road?" Frank asked Curt.

"I hope not. I want to get back as fast as possible."

The shrill whistle of the train sounded faintly.

"Well," Curt said, rising and reaching for his coat. "Guess it's time to harness up. Got them groceries, Jed?"

I went back to the stable with him to help. By the time the train got in he had the team ready and the groceries stowed away safely. We drove over to the station and loaded several perforated cardboard boxes full of peep-peeping yellow chicks onto the sleigh. Curt covered them carefully with the numerous blankets and covers we thought had been to wrap around Doc Horner. Then he indicated the store with his thumb.

"You can tell the boys that what Mrs. Halligan expected has arrived—all four hundred of them." He grinned at me as he drove away.
